New Delhi, July 1, 2025

HERO MOTOCORP DISPATCHES 5.54 LAKH MOTORCYCLES AND SCOOTERS IN JUNE 2025

MAINTAINS RETAIL MOMENTUM WITH 3.94 LAKH VAHAN REGISTRATIONS DURING THE MONTH

Hero MotoCorp, the world's largest manufacturer of motorcycles and scooters, dispatched 553,963 motorcycles and scooters during June 2025. This translates into a 10% growth over June 2024.

The company recorded 3.94 lakh VAHAN* registrations, reflecting sustained demand across urban and rural markets. The onset of monsoon across most parts of the country and positive economic outlook are expected to accelerate demand in the lead-up to the festive season.

*Data from VAHAN except Telangana, as on July 1, 2025.

VIDA, powered by Hero, continued its growth momentum, dispatching 7,178 units and recording 7,665 VAHAN registrations that translates into a steady gain. The company continues to see positive growth across its entire scooter portfolio, including both EV and ICE models.

Strengthening its portfolio, VIDA has introduced the "EVOOTER" category with the launch of VX2 - *Badalte India ka Scooter*. The EVOOTER combines the sustainability, intelligence, and performance of an EV with the comfort and practicality of a scooter. VIDA's pioneering Battery-As-A-Service (BaaS) model offers "pay-per-km" subscriptions, eliminating high upfront costs, making EV ownership truly flexible and accessible.

Driven by a focused strategy to deepen its presence in key markets while expanding into new geographies, the company continued its strong performance in global business, recording significant growth in the month and steady growth for the quarter.

Hero MotoCorp and Harley-Davidson announced the 2025 model year line-up and pricing for Harley-Davidson motorcycles in India. The range introduced the new CVO™ Street Glide® and CVO™ Road Glide®—super-premium, limited-edition models showcasing top-tier performance, design, and technology. Prices for the available models start at ₹2.39 lakh for the H-D X440 and go up to ₹42.30 lakh for the Road Glide™.
