NOTES:

1. Ministry of Corporate Affairs ("MCA") has, vide its General Circular No. 2/2022 dated May 5, 2022 read together with circular dated 05 May 2020, 13 January 2021 (collectively referred to as "MCA Circulars") and Securities Exchange Board of India ("SEBI") vide its Circular No. SEBI/HO/CFD/CMD2/CIR/P/2022/62 dated 13 May 2022 and other applicable notifications in this regard have permitted convening the Annual General Meeting ("AGM"/"Meeting") through Video Conferencing ("VC") or Other Audio Visual Means ("OAVM"), without physical presence of the members at a common venue till 31 December 2022. In accordance with the MCA Circulars, provisions of the Companies Act, 2013 (the "Act") and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"), the AGM of the Company is being held through VC / OAVM and the members can attend and participate in this AGM through VC/OAVM.
2. Generally, a member entitled to attend and vote at the meeting is entitled to appoint a proxy to attend and vote on a poll instead of himself and the proxy need not be a member of the Company. Since this AGM is being held through VC / OAVM pursuant to the MCA Circulars, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence, the Proxy Form and Attendance Slip are not annexed hereto.
3. In terms of the provisions of Section 112 and 113 of the Act read with the aforesaid MCA Circulars Institutional / Corporate Shareholders (i.e. other than individuals, HUF, NRI etc.) are entitled to appoint their authorized representatives to attend the AGM through VC/ OAVM on their behalf and participate thereat, including cast votes by electronic means (details of which are provided separately in this notice). Such Corporate Members are requested to refer 'General Guidelines for Shareholders' provided in the notice, for more information.
4. The Register of Members of the Company and the Share Transfer Books shall remain closed from **23rd September, 2022 to 29th September, 2022** (both days inclusive) for the purpose of Annual General Meeting.
5. To prevent fraudulent transactions, members are advised to exercise due diligence and notify the Company of any change in address or demise of any member as soon as possible. Members are also advised not to leave their De-mat account(s) dormant for long. Periodic statement of holdings should be obtained from the concerned Depository Participant and holdings should be verified carefully.
6. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit the PAN to their Depository Participants with whom they are maintaining their De-mat accounts. Members holding shares in physical form can submit their PAN details to the Company.
7. The attendance of the Members at the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.
8. The members, seeking any information with regard to the accounts or any matter to be placed at the AGM or having any questions in connection with the matter placed at AGM, are requested to send email to the Company on or before September 23, 2022, to cs_cfhl@jindalgroup.com. The same will be replied suitably.
9. Pursuant to Regulation 36(3) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard – 2 on General Meetings, brief profile and other details of Directors seeking appointment/re-appointment are **provided in the "Annexure I" to this Notice**.
10. Members who have not registered their email addresses and in consequence the Annual Report including Notice of AGM and e-voting instructions not being serviced, may get their email address and mobile number registered with the Company's Registrar and Share Transfer Agent, Link Intime India Private Limited, members may send an e-mail request at the email delhi@linkintime.co.in or cs_cfhl@jindalgroup.com along with scanned copy of the signed copy of the request letter providing the email address, mobile number, self-attested PAN copy and Client Master copy in case of electronic folio and copy of share certificate in case of physical folio for obtaining the Annual Report, Notice of AGM and the e-voting instructions.
11. In case of joint holders attending the Meeting. Only such joint holder who is higher in the order of names will be entitled to vote.

12. As per Regulation 40 of SEBI Listing Regulations, as amended securities of listed companies can be transferred only in de-materialised form w.e.f. April 1, 2019. Members holding shares in physical form are requested to consider converting their holdings in de-materialised form at the earliest.
13. Members may please note that SEBI vide its Circular No. SEBI/ HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/8 dated January 25, 2022 has mandated the Listed Companies to issue securities in demat form only while processing service requests viz. Issue of duplicate securities certificate; claim from Unclaimed Suspense Account; Renewal/Exchange of securities certificate; Endorsement; Sub-division/Splitting of securities certificate; Consolidation of securities certificates/folios; Transmission and Transposition. It may be noted that any service request can be processed only after the folio is KYC compliant. SEBI vide its notification dated January 24, 2022 has mandated that all requests for transfer of securities including transmission and transposition requests shall be processed only in dematerialized form. In view of the same and to eliminate all risks associated with physical shares and avail various benefits of dematerialisation, Members are advised to dematerialise the shares held by them in physical form. Members can contact the Company or RTA, for assistance in this regard.
14. The Securities and Exchange Board of India (SEBI) has vide its circular no. SEBI Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2021/655 dated November 3, 2021 has introduced common and simplified norms for processing investor's service request by the RTA of the Company and mandatory norms for furnishing PAN, KYC and nomination details by holders of physical securities. The Form ISR-1 is also available on the website of the Company at <http://www.consofinvest.com/investors.html/> Furnishing KYC by holders of physical securities. Attention of the Members holding shares of the Company in physical form is invited to go through and submit the said Form ISR-1 with RTA of the Company. Further, in absence of the above information on or after 1 April, 2023, folios shall be frozen by the RTA in compliance with SEBI Circular. Any request on the said folio will be undertaken only after submission of the aforementioned information
15. Members holding shares under different Folio Nos. in the same names are requested to apply for consolidation of folios and send relevant original share certificates to the Company's RTA for doing the needful.
16. In compliance with the MCA Circulars and SEBI Circulars, Notice of the AGM along with the Annual Report 2021-22 is being sent only through electronic mode to those members whose E-mail address is registered with the Company/ Depository Participants ("DPs"). Members may note that the Notice and Annual Report 2021-22 will also be available on the Company's website www.consofinvest.com, website of National Stock Exchange of India Limited at www.nseindia.com, Company's Registrar & Transfer Agent, Linkintime India Private Limited at www.linkintime.co.in. No physical copy of the Notice and the Annual Report has been sent to members who have not registered their E-mail addresses with the Company/DPs/LinkIntime.

Members of the Company holding shares either in physical form or in Dematerialized forms as on Benpos date i.e. Friday, September 2, 2022 will be sent Annual Report for the financial year 2021-22 through electronic mode.
17. Since the AGM will be held through VC /OAVM, the Route Map is not annexed in this Notice. The deemed venue for the AGM will be the Registered Office of the Company.
18. Members who have not registered their e-mail addresses so far are required to register their e-mail addresses for receiving all communications including Annual Report, Notices, Circular, etc. from the Company in electronic mode.
19. Members who wish to inspect statutory registers required to be made available/kept open for inspection at AGM and relevant documents referred to in this notice of AGM can send an email to cs_cfh@jindalgroup.com.
20. In compliance with the provisions of Section 108 of the Companies Act, 2013, read with Rule 20 of the Companies (Management and Administration) Rules, 2014 as amended by the Companies (Management and Administration) Amendment Rules, 2015 and Regulation 44 of the SEBI (LODR) Regulations, 2015, the Company has provided members the facility to exercise their right to vote on resolutions proposed to be considered at the ensuing Annual General Meeting (AGM) by electronic means and the business may be transacted through e-Voting Services. REPORT ON CORPORATE GOVERNANCE

I. Company's Philosophy on Corporate Governance

The Company has always focused on good corporate practices, which are key drivers of sustainable growth and long-term value creation for its shareholders. The Company believes that corporate governance is not limited to merely creating checks and balances. It is more about creating organizational excellence leading to increase in employee and customer satisfaction and long term shareholders' value without compromising on ethical standards.

II. BOARD OF DIRECTORS

The composition of the Board of Directors is governed by the Companies Act, 2013, the SEBI (LODR) Regulations, 2015 ("Listing Regulations") and the Articles of Association of the Company. As on March 31, 2022, Board of Directors comprises of a Managing Director, three independent Directors and two non-executive Directors. The composition of Board of Directors is diverse optimum and balanced in terms of specialisation in one or more areas. The Board of Directors takes into account the interest of all stakeholders while discharging its responsibilities and provides leadership and guidance to the Company's management. Moreover, the Board of Directors while discharging its fiduciary responsibilities very well ensures that the management adheres to the high standards of ethics, transparency and disclosures.

The Non-Executive Directors bring objective and independent perspective in Board deliberations and decisions as they have a wider view of external factors affecting the Company and its business. These Directors make a constructive contribution to the Company by ensuring fairness and transparency while considering the business plans devised by the management team.

Memberships or Chairmanships of the stipulated Board Committees held by all Directors are within the limit specified under Regulation 26 (1) of the Listing Regulations. Further, none of the Directors hold Directorships in more than 20 Companies including

10 Public Companies pursuant to the provisions of Section 165 of the Companies Act, 2013. Further, the other directorships held by all Directors including Independent Directors are within the limit.

All the Independent Directors have requisite knowledge of business, in addition to the expertise in their area of specialization. They fulfil criteria of independence pursuant to Section 149(7) of the Companies Act, 2013 and Regulation 25 (8) of Listing Regulations. The Company has received declaration from each of the Independent Directors confirming that he meets the criteria of Independence as defined under Section 149(7) of the Companies Act, 2013 and Regulation 16(1)(b) of the (Listing Regulations). The Company has issued letters of appointment to the Independent Directors and the terms and conditions of their appointment have been uploaded on the website of the Company.

The brief resume and other requisite details of the Director proposed to be re-appointed is given in the notice convening the ensuing AGM.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

ABOUT CONSOLIDATED FINVEST & HOLDINGS LIMITED

Consolidated Finvest & Holdings Limited (“CFHL” or “Company”), registered with the Reserve Bank of India (“RBI”) as a Systemically Important Non-Deposit taking Non-Banking Financial Company (“NBFC”) is mainly engaged in lending and Investment in group Companies.

INDUSTRY AND ECONOMIC SCENARIO

India’s real GDP growth for FY 2021-22 was 8.7%, which is amongst the highest in leading economies, as the Indian economy bounced back during the year exhibiting resilience during the pandemic. As the year progressed, most of the economic indicators such as GST collection, IIP, Exports and UPI transactions saw an uptick, indicating a steady recovery from the lows of the first quarter of FY 2021-22. This was also reflected in the credit growth for both Banks and NBFCs where the larger, well-funded ones witnessed a swifter recovery on the back of ebbing third wave of COVID-19 and easing of restrictions.

While India's growth outlook for the year ahead remains bright, driven by private consumption and elevated public spending, but risks remain, the biggest of which is inflation. Higher inflation can curtail the discretionary consumption and unfavourably affect the recovering domestic demand. The ongoing geopolitical crisis has caused supply chain disruptions which has led to higher commodity prices; if this gets prolonged, it can further fuel the inflation. The depreciating Rupee can become another issue as India is one of the biggest importers of crude oil leading to likely rise in trade deficit in FY 2022-23. As Rupee depreciates and import prices go up, taming inflation can become an uphill task for the central bank. A slower than expected global growth recovery may affect the demand for exports.

India’s retail inflation soared to an 18-month high of 7.5% in April 2022 driven by inflationary pressures, post which the RBI announced a 40 bps repo rate hike in May 2022 in an off-cycle monetary policy to combat the said rise in inflation. While RBI’s stance remains accommodative in order to support growth, ensuring that inflation remains within the target going forward shall be key for a sustainable growth environment. However, a downside to this is any further increase in the rates may force Banks and NBFCs to further increase their lending rates, and thus affecting consumption and capital expenditure.

OUTLOOK

According to CRISIL – the domestic rating agency, India’s real GDP will grow by 7.3% in FY23, with risks tilted to the

downside. At the end of FY22, risks to India’s economic growth have shifted from Covid pandemic to geopolitics, elevated crude oil prices and interest rate hikes by the US Federal Reserve. CRISIL research has projected Brent crude oil prices at \$ 94-99 per barrel for FY23. If oil price stays higher than that in FY23 then it will create risks to India’s growth, inflation and current account position. Global think-tanks and rating agencies too are projecting around 7-7.5% growth for India during FY23, with downside risks. Domestic growth in FY23 will primarily be supported by a continued vaccination drive and supportive favourable fiscal and monetary policies.

Nevertheless, the opportunities for growth remain intact driven by strong economic fundamentals, favourable economic policies (such as PLI scheme, Aatmanirbhar Bharat Abhiyan and Startup India initiative), digital push, demographic dividend and growing global preference for India as an investment destination. Further, as the Company enters into FY 2022-23, the thrust on capital expenditure in Union Budget 2022 is a welcome move and expected to push demand through multiplier effect on the economy. Given the proactive efforts by the regulator and the push from the government to support growth, the Company expects the inflationary environment to soften and a large vaccinated population is likely to contain the impact of subsequent COVID-19 waves, which will give way to robust growth going forward. This in turn shall spur credit demand across retail, SME and corporate segments, and reflect in performance of financial sector as a whole.

While economic growth in FY23 will be driven by expected normal monsoon, higher public investment and private capex in select pockets supported by the Government’s PLI scheme (Production Linked Incentive scheme), there will be headwinds from the global economic slowdown and higher commodity, especially oil prices.

INDUSTRY STRUCTURE AND DEVELOPMENTS

India’s financial services sector plays a critical role in driving the country’s economic growth by providing a wide spectrum of financial and allied services to a large consumer cross-section. The Sector comprises commercial banks, insurance companies, NBFCs, housing finance companies, co-operatives, pension funds, mutual funds and other smaller financial entities. In India, the market for financial services sector is still largely untapped. After the COVID-19 impact gradually tapers off, the financial services sector is poised to grow eventually on the back of strong fundamentals, adequate liquidity in the economy, significant government and regulatory support, and the

increasing pace of digital adoption. Digital technology, which has transformed the way business is conducted across the world, is projected to be one of the major drivers for the growth of this sector in India as well. Greater use of digital technology is helping the sector to lower transaction cost, generate higher productivity and reach unexplored markets in the financial ecosystem.

STRENGTH

Non-Banking Financial Companies (“NBFCs”) remain one of the most important pillars for ushering financial inclusion in India, reaching out to a hitherto under/unserved populace and in the process leading to “formalization” of the credit demand. NBFCs cater to the needs of both the retail as well as commercial sectors and, at times, have been able to develop strong niches with their specialized credit delivery models that even larger players including banks, have found hard to match. This has further provided a fillip to employment generation and wealth creation and in the process, bringing in the benefits of economic progress to the weaker sections of the society.

However, there’s room for optimism – receding pandemic impact along with large vaccinated population, rising private investments, higher consumption levels and thrust on capital expenditure in Union Budget 2022 shall in tandem lead to a higher growth trajectory for the economy. This shall also translate into a better performance vis-à-vis the year gone by for most of the leading financial services institutions including NBFCs.

WEEKNESS, RISKS, THREATS & OPPORTUNITIES

Company is a NBFC, having investment in group companies, which are strategic investments and exposed to risk associated with the performance of the group companies and also have investments in mutual funds. The Company will continue to focus on making long term strategic investments in various new ventures promoted by Group, besides consolidating the existing investments through further investments in the existing companies. The company is confident to improve its performance on the strength of its long experience and its strong emphasis on the fundamentals.

The Company is also exposed to interest risk and credit risk. However prudent business and risk management practices followed by a company over the years helps it to manage the normal industry risk factors, which inter-alia includes economic / business cycle, besides the interest rate volatility and credit risk.

The Company is confident of managing these risks by observing a conservative approach in lending and investments.

FUTURE PROSPECTS AND OUTLOOK

OUTLOOK OF THE SECTOR

India has a huge proportion of un-banked and underbanked consumers and businesses. Hence, there is a lot of potential for NBFCs, which can still be tapped for future growth. The NBFCs are being recognised as being vital for the growth of Indian economy. NBFCs are here to stay and play an important role in economic growth and financial inclusion. As India’s economy grows, the requirement for credit will rise more than proportionately. We need both banks and NBFCs to rise to the occasion and power the economy with free flowing credit lines. NBFCs with robust business models, strong liquidity mechanisms and governance & risk management standards are poised to reap the benefit of the market opportunity. NBFCs that are well prepared with their business continuity and contingency plans can quickly bounce back in the post COVID-19 era. With proper planning and strategic initiatives, NBFCs can limit and overcome the impact of this disruption.

OUTLOOK OF THE COMPANY

Outlook of the Company is coming years will better as the Company is having investments in group companies. Future outlook/ performance of the group companies is relatively better.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

The Company has an adequate and effective system of internal controls for its various business processes, with regard to operations, financial reporting, compliance with applicable laws and regulations, etc. Clearly defined roles and responsibility for all managerial positions gives strength to the internal control system of the organisation. Internal audits are done at regular intervals to ensure that responsibilities are executed effectively. Audit Committee of the Board of Directors on quarterly basis reviews the adequacy and effectiveness of internal control systems and suggests measures for improvement of the existing control system and strengthen the control in view of changing business needs and safe guarding the assets of the Company against significant misuse or Loss from time to time.

The company regularly conducts internal audits and checks to ensure that the responsibilities are executed effectively and that adequate systems are in place. The audit findings are reported on a quarterly basis to the Audit committee of the Board headed by a non-executive independent Director.

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED.

The company is having sufficient industry professionals to carry out its operations and follows good management practices. These are basically its human resources assets and integral to the Company's ongoing success. They have played a significant role and enabled the Company to deliver superior performance year after year. Board of Directors of the Company is also actively involved in the day-to-day functions of the Company.

Independent Auditors' Report

To the Members of
Consolidated Finvest & Holdings Limited

Opinion

We have audited the accompanying standalone Ind AS financial statements of Consolidated Finvest & Holdings Limited ('the Company'), which comprise the Balance Sheet as at 31 March 2022, the Statement of Profit and Loss (including other comprehensive income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as 'standalone Ind AS financial statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone IND AS Financial Statements give the information required by the Companies Act 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ("Ind AS") specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (IND AS) and other accounting principles generally accepted in India, of the state of affairs (financial position) of the Company as at 31 March, 2022, and its profit (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SA's")

specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone Ind AS financial statements for the financial year ended 31st March, 2022. These matters were addressed in the context of our audit of the standalone financial statement as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's Responsibility for the Audit of the Standalone Ind AS Financial Statements.

Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of the material misstatement of the Standalone Ind AS Financial Statements. The results of our audit procedure provide the basis for our audit opinion on the accompanying Standalone Ind AS Financial Statements.

We have determined that there are no key audit matters to be communicated in our report.

Information Other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility report, Corporate Governance and shareholder's information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to materially misstate.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with relevant rules issued thereunder.

This responsibility also includes the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if,

individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We

consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with the governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosures about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

ANNEXURE B TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of Consolidated Finvest & Holdings Limited ('the Company') as of 31 March 2022 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') and the Standards on Auditing, issued by

ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

An audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted

accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of the management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal

financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has maintained, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as of March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial reporting issued by the Institute of Chartered Accountants of India.

NOTES TO ACCOUNTS

1 COMPANY INFORMATION

Consolidated Finvest & Holding Limited ('the Company') is a Systemically Important Non- Deposit taking Non-Banking Financial Company Registered with Reserve Bank Of India, Kanpur. The shares of the Company are listed at National Stock Exchange. The Company is engaged in the business of investments and to provide loans.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Statement of compliance and basis for preparation and presentation of financial statements

These standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules 2015 as amended and notified under Section 133 of the Companies Act, 2013 ("the Act"), in conformity with the accounting principles generally accepted in India and other relevant provisions of the Act. Any application guidance/ clarifications/ directions issued by RBI or other regulators are implemented as and when they are issued/ applicable.

2.2 Functional and presentation currency

These financial statements are presented in Indian Rupees ('INR' or 'Rs.')

 which is also the Company's functional currency. All amounts are rounded-off to the nearest lakhs, unless otherwise indicated.

2.3 Basis of measurement

The financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair values.

2.4 Measurement of fair values

A number of Company's accounting policies and disclosures require the measurement of fair values for assets and liabilities. The Company has established policies and procedures with respect to the measurement of fair values. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2.5 Use of estimates and judgements and Estimation uncertainty

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income, expenses and the disclosures of contingent assets and liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were issued. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022

Following are areas that involved a higher degree of estimate and judgement or complexity in determining the carrying amount of some assets and liabilities.

Effective Interest Rate (EIR) Method

The Company recognizes interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected life of the loans given / taken. This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well as expected changes to other fee income/expense that are integral parts of the instrument.

Impairment of Financial Assets

The measurement of impairment losses on loan assets and commitments, requires judgement, in estimating the amount and timing of future cash flows and recoverability of collateral values while determining the impairment losses and assessing a significant increase in credit risk.

The Company's Expected Credit Loss (ECL) calculation is the output of a complex model with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies.

Provisions and other contingent liabilities

The reliable measure of the estimates and judgements pertaining to litigations and the regulatory proceedings in the ordinary course of the Company's business are disclosed as contingent liabilities.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

2.6 Revenue recognition :

a Recognition of interest income on loans

Interest income is recognised in Statement of profit and loss using the effective interest method for all financial instruments measured at amortised cost, debt instruments measured at FVOCI and debt instruments designated at FVTPL. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument.

The calculation of the effective interest rate includes transaction costs and fees that are an integral part of the contract. Transaction costs include incremental costs that are directly attributable to the acquisition of financial asset.

The Company calculates interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets.

When a financial asset becomes credit-impaired, the Company calculates interest income by applying the effective interest rate to the net amortised cost of the financial asset. If the financial asset cures and is no longer credit impaired, the Company reverts to calculating interest income on a gross basis.

Additional interest and interest on trade advances, are recognised when they become measurable and when it is not unreasonable to expect their ultimate collection.

Income from bill discounting is recognised over the tenure of the instrument so as to provide a constant periodic rate of return.

b Rental Income

Income from operating leases is recognised in the Statement of profit and loss as per contractual rentals unless another systematic basis is more representative of the time pattern in which benefit derived from the leased asset is diminished.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022

c Fee and commission income :

Fee based income are recognised when they become measurable and when it is probable to expect their ultimate collection.

Commission and brokerage income earned for the services rendered are recognised as and when they are due.

d Dividend and interest income on investments:

- Dividends are recognised in Statement of profit and loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably.
- Interest income from investments is recognised when it is certain that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

2.7 Property, Plant and Equipments (PPE)

PPE are stated at cost of acquisition (including incidental expenses), less accumulated depreciation and accumulated impairment loss, if any. Assets held for sale or disposals are stated at the lower of their net book value and net realisable value.

Advances paid towards the acquisition of PPE outstanding at each balance sheet date are disclosed separately under other non-financial assets. Capital work in progress comprises the cost of PPE that are not ready for its intended use at the reporting date.

Depreciation on PPE is provided on straight-line basis in accordance with the useful lives specified in Schedule II to the Companies Act, 2013 on a pro-rata basis. In respect of leased out assets, the cost of the same is being amortized fully during the primary period of lease.

PPE is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the net carrying amount of the asset) is recognised in other income / netted off from any loss on disposal in the Statement of profit and loss in the year the asset is derecognised.

2.8 Intangible assets

Intangible assets are stated at cost less accumulated amortization and accumulated impairment loss, if any.

Intangible assets is amortized over the estimated useful life.

2.9 Investments in subsidiaries and associates :

Investments in subsidiaries and associate are measured at cost less accumulated impairment, if any.

2.10 Foreign exchange transactions and translations :

a) Initial recognition

Transactions in foreign currencies are recognised at the prevailing exchange rates between the reporting currency and a foreign currency on the transaction date

b) Conversion

Transactions in foreign currencies are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in Statement of profit and loss.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. Thus, translation differences on non-monetary assets and liabilities such as equity instruments held at fair value through profit or loss are recognised in profit or loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equity investments classified as FVOCI are recognised in other comprehensive income.

Non-monetary items that are measured at historical cost in foreign currency are not retranslated at reporting date.

2.11 Financial instruments :

a) Recognition and initial measurement -

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at FVTPL) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in Statement of profit and loss.

b) Classification and Subsequent measurement of financial assets

On initial recognition, a financial asset is classified as measured at

- Amortised cost;
- FVOCI
- FVTPL

Amortised cost -

The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios being the level at which they are managed. The financial asset is held with the objective to hold financial asset in order to collect contractual cash flows as per the contractual terms that give rise on specified dates to cash flows that are solely payment of principal and interest (SPPI) on the principal amount outstanding.

FVOCI

The Company measures instruments at FVOCI when the instrument is held within a business model, the objective of which is achieved by both collecting contractual cash flows and selling financial assets.

FVTPL

All financial assets not classified as measured at amortised cost or FVOCI are measured at FVTPL.

Subsequent measurement of financial assets

Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in Statement of profit and loss.

Any gain and loss on derecognition is recognised in Statement of profit and loss. Debt investment at FVOCI are subsequently measured at fair value. Interest income under effective interest method, foreign exchange gains and losses and impairment are recognised in Statement of profit and loss. Other net gains

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022

and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to Statement of profit and loss.

Financial liabilities and equity instruments: Classification as debt or equity -

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by Company are recognised at the proceeds received. Transaction costs of an equity transaction are recognised as a deduction from equity.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-fortrading or it is a derivative or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in Statement of profit and loss. Any gain or loss on derecognition is also recognised in Statement of profit and loss.

c) Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

Financial liabilities

A financial liability is derecognised when the obligation in respect of the liability is discharged, cancelled or expires. The difference between the carrying value of the financial liability and the consideration paid is recognised in statement of profit and loss.

d) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

e) Impairment of financial instruments

Equity instruments are not subject to impairment under Ind AS 109.

The Company recognises lifetime expected credit losses (ECL) when there has been a significant increase in credit risk since initial recognition and when the financial instrument is credit impaired.

f) Write offs

The gross carrying amount of a financial asset is written off when there is no realistic prospect of further recovery. This is generally the case when the Company determines that the debtor/ borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022

under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in Statement of profit and loss.

2.12 Employee benefits:

a) Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

b) Contribution to provident fund and ESIC

Company's contribution paid/payable during the year to provident fund and ESIC is recognised in the Statement of profit and loss.

c) Gratuity

The Company's liability, if any, towards gratuity scheme is determined by independent actuaries, using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. Past services are recognised at the earlier of the plan amendment / curtailment and recognition of related restructuring costs/ termination benefits.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of profit and loss.

Remeasurement gains/losses - Remeasurement of defined benefit plans, comprising of actuarial gains / losses, return on plan assets excluding interest income are recognised immediately in the balance sheet with corresponding debit or credit to Other Comprehensive Income (OCI). Remeasurements are not reclassified to Statement of profit and loss in the subsequent period.

d) Leave encashment / compensated absences / sick leave

The Company provides for the encashment / availment of leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits for future encashment / availment. The liability, if any, is provided based on the number of days of unutilized leave at each balance sheet date on the basis of an independent actuarial valuation.

2.13 Finance costs :

Finance costs include interest expense computed by applying the effective interest rate on respective financial instruments measured at Amortised cost. Financial instruments include bank term loans, non-convertible debentures, fixed deposits mobilised, commercial papers, subordinated debts and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Finance costs are charged to the Statement of profit and loss.

2.14 Taxation - Current and deferred tax:

Income tax expense comprises of current tax and deferred tax. It is recognised in Statement of profit and loss except to the extent that it relates to an item recognised directly in equity or in other comprehensive income.

a) Current tax :

Current tax comprises amount of tax payable in respect of the taxable income or loss for the year determined in accordance with Income Tax Act, 1961 and any adjustment to the tax payable or receivable

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022

in respect of previous years. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

b) Deferred tax :

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequence that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary difference could be utilized. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

2.15 Impairment of assets other than financial assets:

The Company reviews the carrying amounts of its tangible and intangible assets at the end of each reporting period, to determine whether there is any indication that those assets have impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Recoverable amount is determined for an individual asset, unless the asset does not generate cash flows that are largely independent of those from other assets or group of assets.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pretax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash -generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cashgenerating unit) is increased to the revised estimate of its recoverable amount such that the increased carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognised for the asset (or cash-generating unit) in prior years. The reversal of an impairment loss is recognised in Statement of profit and loss.

2.16 Provisions :

Provisions are recognised when there is a present obligation as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022

When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

2.17 Cash and cash equivalents:

Cash and cash equivalents in the balance sheet comprise cash on hand, cheques and drafts on hand, balance with banks in current accounts and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of change in value.

2.18 Earnings Per Share :

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period after deducting preference dividends and any attributable tax thereto for the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, sub-division of shares etc. that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders is divided by the weighted average number of equity shares outstanding during the period, considered for deriving basic earnings per share and weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

28.2 Fair Value Hierarchy

(a) This section explains the judgements and estimates made in determining the fair values of the financial instruments. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard.

Preference Shares and Equity Instruments		-	49,412.80	49,412.80
Total	3,023.46	-	49,412.80	52,436.26

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

(b) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

All of the resulting fair value estimates are included in level 2 or level 3, where the fair values have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.

(c) Fair value estimation

Estimated fair value disclosures of financial instruments are made in accordance with the requirements of Ind AS 107 "Financial Instruments: Disclosure". Fair value is defined as the amount at which the instrument could be exchanged in a current transaction between knowledgeable willing parties in an arm's length transaction, other than in forced or liquidation sale. As no readily available market exists for a large part of the Company's financial instruments, judgment is necessary in arriving at fair value, based on current economic conditions and specific risks attributable to the instrument. The estimates presented herein are not necessarily indicative of the amounts the Company could realize in a market exchange from the sale of its full holdings of a particular instrument.

The following summarizes the major methods and assumptions used in estimating the fair values of financial instruments.

Interest-bearing borrowings

Fair value is calculated based on discounted expected future principal and interest cash flows. The carrying amount of the Company's loans due after one year is also considered as reasonable estimate of their fair values as the nominal interest rates on the loans due after one year are variable and considered to be a reasonable approximation of the fair market rate with reference to loans with similar credit risk level and maturity period at the reporting date.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022

Trade and other receivables / payables

Receivables / payables typically have a remaining life of less than one year and receivables are adjusted for impairment losses. Therefore, the carrying amounts for these assets and liabilities are deemed to approximate their fair values, as the allowance for estimated irrecoverable amounts is considered a reasonable estimate of the discount required to reflect the impact of credit risk.

(d) Valuation process

The accounts & finance department of the Company includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. This team reports directly to the chief financial officer (CFO) and the audit committee (AC).

Discussions of valuation processes and results are held between the CFO, AC and the valuation team at least once every three months, in line with the Company's quarterly reporting periods.

The main level 3 inputs for unlisted equity securities, contingent considerations and indemnification asset used by the Company are derived and evaluated as follows:

- Discount rates are determined using a capital asset pricing model to calculate a pre-tax rate that reflects current market assessments of the time value of money and the risk specific to the asset.
- Risk adjustments specific to the counterparties (including assumptions about credit default rates) are derived from credit risk grading determined by the Company's internal credit risk management group.
- Earnings growth factor for unlisted equity securities are estimated based on market information for similar types of companies.

Changes in level 2 and 3 fair values are analysed at the end of each reporting period during the quarterly valuation discussion between the CFO, AC and the valuation team. As part of this discussion the team presents a report that explains the reason for the fair value movements.

29 FINANCIAL RISK MANAGEMENT

(a) Risk management framework

In the ordinary course of business, the Company is exposed to a different extent to a variety of financial risks: foreign currency risk, interest rate risk, liquidity risk, price risk and credit risk. In order to minimize any adverse effects on the financial performance of the Company, derivative financial instruments, such as foreign exchange forward contracts, foreign currency option contracts are entered to hedge certain foreign currency risk exposures. Derivatives are used exclusively for hedging purposes and not as trading or speculative instruments.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

(b) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investments in financial instruments.

The carrying amount of financial assets represents the maximum credit exposure. The Company monitor credit risk very closely both in domestic and export market. The Management impact analysis shows credit risk and impact assessment as low.

(c) Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are fallen due. The Company's liquidity position is carefully monitored and managed. The Company has in

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022

place a detailed budgeting and cash forecasting process to help ensure that it has adequate cash available to meet its payment obligations.

The following table provides details of the remaining contractual maturity of the Company's financial Liabilities. It has been drawn up based on the undiscounted cash flows and the earliest date on which the Company can be required to pay. The table includes only principal cash flows.

	Carrying Amounts 31 March 2022	Contractual cash flows		
		Total	0 to 1 years	1 to 2 years
Non-derivative financial liabilities				
Trade payables	0.46	0.46	0.46	-

Trade payables	2.64	2.64	2.64	-
Other financial liabilities	-	-	-	-
Total non-derivative liabilities	2.64	2.64	2.64	-

(d) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices mainly comprise three types of risk: currency rate risk, interest rate risk and other price risks. Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. This is based on the financial assets and financial liabilities held as at March 31, 2022 and March 31, 2021. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

Currency risk

Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the company's functional currency (Rupees). As the company does not possess such asset and does not have foreign commercial transactions the Company is not exposed to foreign exchange risk arising from foreign currency transactions.

Interest rate risk

The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. During 31 March 2022 and 31 March 2021, the Company's borrowings at variable rate were denominated in Rs. Currently the Company's borrowings are within acceptable risk levels, as determined by the management, hence the Company has not taken any swaps to hedge the interest rate risk.

30 In the opinion of the Board of Directors, current assets, loans & advances have value on realisation at least equal to the amount at which they are stated unless stated otherwise.

31 Contingent Liabilities: Rs. 1.01 lakh (Previous year 1.01 lakh) on account of Income Tax demand for assessment year 2013-14.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022

32 As per Indian Accounting Standard 19 (Ind AS 19) " Employee Benefits" , the disclosures of employee benefits as defined in the accounting standard are given below:-

a) Contribution to Defined Contribution Plan, recognised as expenses for the year is Rs.9,714/- towards employer's contribution to Provident fund.

b) Defined Benefit Plan

The present value of obligation for gratuity is determined based on actuarial valuation using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.
