Dear Sir/Madam,

Subject: Press Release and Investor Presentation

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we are sending herewith a copy of the Press Release and Investor Presentation relating to the Unaudited Financial Results for the quarter and half year ended September 30, 2025.

Thanking You,

Yours sincerely,
For L&T Technology Services Limited

Prasad Shanbhag
Company Secretary & Compliance Officer
(M. No. A 30254)

Encl: As above

Press Release**L&T Technology Services reports 16% YoY growth in Q2FY26**

*Record High Large Deal TCV of ~USD 300 Mn
Q2 Revenue of ₹2,980 crore, up 4.0% QoQ
Q2 Net profit of ₹329 crore, up 4.1% QoQ*

Mumbai, October 17, 2025: L&T Technology Services Limited (BSE: 540115, NSE: LTTS), India's leading pure-play engineering services company, announced its results for the second quarter ended September 30, 2025.

Highlights for Q2FY26 include:

- Revenue at ₹29,795 million; growth of 15.8% YoY and 4.0% QoQ
- USD Revenue at \$337 million; growth of 10.4% YoY and 1.3% QoQ in CC terms
- EBIT margin at 13.4%
- Net profit at ₹3,287 million, growth of 2.8% YoY and 4.1% QoQ
- Interim Dividend of ₹18 per share; record date October 27, 2025
- Patent filings have crossed 1,600 mark, 216 patents in AI/Gen AI

*"Our strong momentum of large deal wins continued as we touched a **record high TCV of near-USD 300 Mn in the quarter** which reflects the confidence our global clients have in our next-gen offerings.*

In the face of shifting market dynamics and geopolitical unpredictability, our 'Go Deeper to Scale' and multi-segment strategy is helping us grow with the Sustainability segment achieving double-digit annual growth for two consecutive quarters and the Tech segment remaining resilient.

*Building an AI-first delivery model, our investments in Gen AI, Agentic AI and Physical AI have helped consolidate our leadership position in engineering and industrial AI. With the launch of platforms and solutions like **Qguard.ai**, **FusionWorld.ai**, **PLxAI**, **AiNexus**, **GENIQ**, **TrackEi™**, we continue to see strong client engagement and early monetization. We are also deepening partnerships across the ecosystem, from SiMa.ai and NVIDIA to the MIT Media Lab, ensuring our technology backbone remains future-ready and scalable.*

*With an increased order book and a sharp focus on resilient and profitable growth, we maintain our medium-term outlook of USD 2 Bn revenue," said **Amit Chadha, CEO & Managing Director, L&T Technology Services Limited.***

Highlights and Recognitions:

- LTTS announced a multi-year membership agreement with the MIT Media Lab to collaborate on AI-led innovations in its Mobility, Sustainability and Tech segments
- LTTS has once again been certified during **Caterpillar's 2025 Supplier Excellence Recognition (SER)** event, following its certification in 2024
- Rated as **Leaders** by **ISG** in US:
 - **Medical Device Digital Services 2025** for *Digital Engineering and Product Development, Post-Market Digital Enablement and Regulatory Compliance, Strategy and Quality Assurance*
 - **Automotive and Mobility Services and Solutions** for *Autonomous Systems and Software-defined Vehicles, Electric Vehicles and Mobility Services and Automotive Engineering and Manufacturing Services*

Patents

At the end of Q2FY26, the patents portfolio of L&T Technology Services stood at **1601**, out of which **978** are co-authored with clients and the rest are filed by LTTS.

Human Resources

At the end of Q2FY26, LTTS' employee strength stood at 23,678.

About L&T Technology Services Ltd

L&T Technology Services (LTTS) is a global leader in engineering and technology services. A listed subsidiary of Larsen & Toubro (L&T), we offer design, development, testing, and sustenance services across products and processes.

Purposeful. Agile. Innovation. is how we drive growth across the Mobility, Sustainability and Tech segments. Our customer base includes 69 Fortune 500 companies and 57 top ER&D companies across industrial products, medical devices, transportation, telecom & hi-tech, and process industries. Headquartered in India, we have over 23,670 employees across 23 global design centers, 30 global sales offices, and 105 innovation labs, as of September 30, 2025.

PROFIT IN INR

- EBIT of **₹3,982 million** for the quarter; EBIT margin at 13.4%
- Net Income of **₹3,287 million** for the quarter, up 4.1% QoQ and up 2.8% YoY; Net Income margin at 11.0%

CAPITAL RETURN

- Interim Dividend of **₹18** per share; Record date 27 October 2025

MESSAGE FROM THE CEO & MANAGING DIRECTOR

LTTS' strong momentum of large deal wins continued with a **record high TCV of near-USD 300 Mn in the quarter** which reflects the confidence our global clients have in our next-gen offerings.

We delivered growth of 1.3% sequentially and 10.4% annually in CC terms with steady margins in the face of shifting market dynamics and geopolitical unpredictability.

Our 'Go Deeper to Scale' and multi-segment strategy is helping us grow with the Sustainability segment achieving double-digit annual growth for two consecutive quarters and the Tech segment remaining resilient. The Sustainability segment grew 3.0% sequentially and 12.6% annually and now has a USD 50 Mn account on an annual run-rate basis.

To further consolidate our leadership position in engineering and industrial AI, we launched an AI-first delivery model and continue to make targeted investments in Gen AI, Agentic AI and Physical AI while further expanding the AI portfolio with new platforms and solutions such as **Qguard.ai**, **FusionWorld.ai**, **PLxAI**, **AiNexus**, **GENIQ**, and **TrackEi™**. All of these are seeing healthy client engagement and early monetization results with 1% of our trailing 12-month revenue now coming from licenses.

LTTS is deepening partnerships across the AI ecosystem, with semiconductor innovators including Silicon Valley-based SiMa.ai, NVIDIA, hyperscalers as well as research institutions such as the MIT Media Lab, ensuring our technology backbone remains future-ready and scalable. Additionally, our leadership team has been strengthened across key segment and technology roles to drive the next phase of growth.

With an increased order book and a sharp focus on resilient and profitable growth, we expect both revenue and EBIT margins to see an improvement in H2 compared to H1 of FY26. We aspire for a double-digit growth in FY26 and reiterate our medium-term outlook of USD 2 Bn revenue.

I thank all our stakeholders for their constant encouragement, support and belief in us.

Amit Chadha
CEO & Managing Director
L&T Technology Services Limited

PERFORMANCE HIGHLIGHTS

KEY DEAL WINS

LTTS closed several multi-million dollar projects from global customers across segments. The major wins are listed below:

- LTTS signed a \$100 million multi-year agreement in its Sustainability segment with a U.S.-based industrial equipment manufacturer operating in the semiconductor value chain, to support initiatives across new product development, sustenance engineering, value engineering and platform automation.
- In the Tech segment, LTTS was awarded a ~\$60 million multi-year program, by a U.S. based provider of wireless telecommunications services to deliver advanced network software development and application engineering solutions.
- In the Mobility segment, LTTS signed a contract with a global leader in lifting and material-handling solutions to establish a dedicated Offshore Development Center (ODC) in India, driving faster execution and integrated collaboration across product lines.
- A global food and beverage company signed an agreement with LTTS to support a greenfield project encompassing plant design, process and utility engineering.
- LTTS has been awarded a multi-million-dollar contract by a global beverage major for end-to-end execution of their machine safety program, encompassing design and installation support across several global sites.
- A global leader in energy management has awarded LTTS a contract to establish an Offshore Development Center (ODC) for end-to-end product lifecycle management and CAD migration.
- A leading American oilfield services company awarded LTTS a multi-year program to provide intelligent well services for its deepwater pre-salt field in the South American market.
- LTTS has been selected by an O&G Major for critical transformation programs across its Global assets on Data Implementation and Maintenance Strategy Optimization for downstream business.
- LTTS will build a centralized Data Factory for a global pharmaceutical leader to transform their data management, integrate AI/ML and provide end-to-end DataOps for AI-driven business services.

INDUSTRY RECOGNITIONS

- LTTS has once again been certified during **Caterpillar's 2025 Supplier Excellence Recognition (SER)** event, following its certification in 2024
- Rated as **Leaders** by ISG in U.S.:
 - **Medical Device Digital Services 2025** for Digital Engineering and Product Development, Post-Market Digital Enablement and Regulatory Compliance, Strategy and Quality Assurance
 - **Automotive and Mobility Services and Solutions** for Autonomous Systems and Software-defined Vehicles, Electric Vehicles and Mobility Services and Automotive Engineering and Manufacturing Services

OTHER HIGHLIGHTS

Multiple ODC inaugurations in Vadodara, Mysore, and Pune to support global clients with advanced engineering solutions, catering to industries like FMCG, energy & automation, and automotive

LTTS Joins the MIT Media Lab to Collaborate on AI-led Innovations

Partnered with the MIT Media Lab to drive AI-led innovations in Mobility, Sustainability and Tech. This collaboration combines LTTS' engineering expertise with MIT Media Lab's cutting-edge research to explore transformative solutions like Agentic AI and sustainable systems, redefining industries globally.

LTTS, SiMa.ai Collaborate for Product Innovation in Mobility, Healthcare, Industrial Automation & Robotics

LTTS and SiMa.ai have joined forces to develop AI-driven solutions in mobility, healthcare and robotics. By integrating LTTS' engineering expertise with SiMa.ai's MLSoC™ platform, the partnership accelerates Physical AI adoption, delivering intelligent, power-efficient, and scalable innovations.

LTTS' OpenHack events held in Mysore and Bangalore saw 650+ participants in a 24-hour hackathon, showcasing the company's collaborative innovation approach. Teams developed prototypes using AI & ML, IoT, Robotics, Cloud, Vision Analytics, energy efficiency, vehicle communications and more to tackle real-world challenges.

PATENTS

At the end of **Q2FY26**, the patents portfolio of L&T Technology Services stood at **1,601**, out of which **978** are co-authored with its customers and the rest are filed by LTTS.

CORPORATE SOCIAL RESPONSIBILITY

As part of its Social Responsibility mandate, LTTS undertook several CSR initiatives throughout the year, with a focus on areas such as Health, Education, Skill Development, Water, Environment and Sports. The key CSR initiatives undertaken in **Q2FY26** include:

Supporting St. Jude's Mission in Texas (USA)

The LTTS team participated in the St. Jude Walk in Texas, USA, to support St. Jude Children's Hospitals childhood cancer research program. Held during Childhood Cancer Awareness Month (September), the walk was a meaningful opportunity to amplify St. Jude's mission and raise awareness for the cause.

Shaping Futures: Early Learning for Underserved Children

Inspired by NEP 2020, LTTS launched a foundational learning program in Vadodara District, Gujarat, to equip underserved children with essential skills in reading, arithmetic, logical thinking, and emotional development.
