Chairman's Communique

Dear Shareowners,

I am honored to communicate with you for the very first time, after taking over the position of Chairman of your Company in October 2024, and to broadly share my perspective on the market scenario in this Annual Report for the financial year 2024/25.

A large proportion of the world's paper production is manufactured on Voith paper machines. As the leading full-line supplier, Voith provides customer-centric solutions from one source for an efficient and sustainable papermaking process. It is our responsibility as a full-line supplier to secure the lowest resource consumption. That is why we have globally launched our sustainability program "Papermaking for Life". We develop innovations that help minimize carbon footprint and reduce water and fiber consumption in the papermaking process. Also, we support paper manufacturers in reducing their total cost of ownership, coupled with customized, results-oriented service packages – treating the path towards the most efficient paper production plant.

With our leading automation and digitalization solutions from the Papermaking 4.0 portfolio, paper production process is made more efficient, stable and predictable. This is how we are creating the future of automation that considers all important aspects of paper production, with focus on improved efficiency and increased ease of maintenance. Strategy at Voith for its FRS division is driven by value creation with focus on quality & innovation.

To strengthen competitiveness, specific measures and certain planned adjustments will be required to be taken if we are to sustain ourselves in the long term despite the changed market conditions. With a clear focus on efficiency, we are making your company fit for the future. The coming times will require a great deal of flexibility, commitment and team spirit. We are confident that together we will successfully overcome any challenges and reap the results of our endeavours.

Also, Your Company is devoted in being a socially responsible citizen by fulfilling its responsibility for the welfare of people and society through Corporate Social Responsibility (CSR). During the year, Your Company has contributed to promoting healthcare and sanitation, generating livelihood, and empowering women to become self-reliant.

As we embrace technological advancements, we recognize that our company's digital transformation is about more than just implementing new tools; it's also about fostering a culture of continuous learning and innovation. Embracing digitalization empowers our employees to enhance their skills, adapt quickly to market changes, and contribute creatively to our growth. We are committed to investing in comprehensive training programs and development initiatives that nurture talent and encourage collaboration across all levels. By cultivating an agile, forward-thinking workforce, we aim to drive sustainable progress and maintain our competitive edge in a rapidly changing industry.

I would like to place on record my appreciation for all the employees of Your Company, for their hard work and efforts, and look forward to engaging with you at the ensuing Annual General Meeting.

Warm regards,

Martin Bassmann
Chairman

Managing Director's Communique

Dear Shareowners,

It is with deep gratitude that I present to you the performance of your company for another successful financial year. Your company has delivered consistent performance, strengthened its fundamentals, and deepened the engagement with customers and stakeholders.

I am delighted to share with you that for the year ended on 31st March, 2025, your Company has achieved total revenue of INR 1,902.27 million, marking a growth of about 6% over previous year, and profit before tax at INR 537.26 million recording a growth of about 10% over previous year. I would like to thank everyone connected with the company for its continued growth.

The global paper manufacturing market is segmented into different regions of the world, and among all of them, Asia is the leading market, including India. Unlike the conditions prevailing in other parts of the world, Paper industry in India is currently experiencing a significant transformation fueled by a mix of economic, demographic, and technological factors. While challenges like rising imports and raw material cost inflation have strained margins in financial year 2024-25, the sector is poised for recovery. Stabilization of costs and strong demand drivers will support margin improvement in coming years. We are hopeful for the growth of Indian Paper Industry and to harness the opportunities that will come our way to further strengthen our market position, with the active enablement by Voith Group.

As communicated earlier also, we have opportunities available in other markets - like North America, South America, Europe, China and South East Asia, which are the regions covered by our other Voith Group Companies. In these regions our products are being merchandised through the local Group Companies, leading to increased turnover and profit for your Company, by accessing a wider customer base in foreign markets. As such arrangements are construed as 'Related Party Transaction' requiring your approval in certain cases under the prevailing provisions of law, your approval would enable us to utilize the full potential in a cost-effective manner.

In the present era of global uncertainty and evolving market dynamics, our financial performance reaffirms the strength of our fundamentals and agility of our team members. India is projected to be the world's fastest growing economy, and this growth is attributed to a revitalized manufacturing sector, strong service sector and government policy initiatives.

As we look ahead, our focus remains on disciplined growth, governance, and long-term value creation for all the stakeholders. We are ready to take significant strides in advancing our capabilities, enhancing productivity, and investing in future-ready innovations. Our team members frequently interact with the customers to help them successfully meet their goals.

People play a very significant role in achievement of the objectives of the Company. At Voith, we strongly believe that our employees are the foundation of our success. We actively build a sense of belongingness among our employees by various engagements and training activities to effectively work as a team and be successful in the market.

I would like to thank all the stakeholders for their continuous trust and support and appreciate all the employees who have put in their hard work in the growth of the Company.

I look forward to your active participation at the Fifty-fifth Annual General Meeting which is being convened in virtual mode.

Warm regards,

R. Krishna Kumar
Managing Director

BOARD’S REPORT

ANNEXURE - II

Information required under Section 134 of the Companies Act, 2013 read with the Companies (Accounts) Rules, 2014:

A. CONSERVATION OF ENERGY

The Company remains in constant pursuit to carry out its operations in an environment friendly manner as well as to reduce the consumption of energy. This is monitored regularly at various stages of production processes and suitable actions are implemented wherever needed & feasible.

During the year under review, a solar photovoltaic power plant has been installed in the premises, which is projected to generate approximately 3,334 MWh of energy annually. This initiative is expected to yield cost savings of around ₹ 2.83 crore each year. Based on our current energy consumption, this renewable energy source will account for approximately 54% of our total load. Furthermore, this advancement in green energy supports our commitment to environmental stewardship by significantly reducing our carbon footprint by an estimated 2,734 tons of CO₂ emissions per year. Additionally, the installation of solar streetlights, which not only support the use of renewable energy but also contribute to improved safety in the premises. These innovative lights operate independently of electric wiring, automatically activating at night and adjusting their brightness in response to detected movement.

Capital Investment made on procuring Energy Conservation Equipment: INR 100.63 million.

B. TECHNOLOGY ABSORPTION

The company gets need based technical know-how from Voith Group and develops its technology and products from time to time. However, no new specific technology has been imported by the Company during last three years.

REPORT ON CORPORATE GOVERNANCE

CORPORATE GOVERNANCE PHILOSOPHY

Corporate Governance is the application of best management practices, compliance of law in true letter and spirit and adherence to ethical standards for effective management and distribution of wealth and discharge of social responsibility for sustainable development of all stakeholders.

Effective corporate governance practices lay down the foundation on which successful enterprises are built. The Company endeavors to ensure transparency, integrity and accountability in its functioning which are vital to the growth of the organization as well as of the stakeholders. For effective implementation of standards of governance practices, the company has well defined code of conduct and policies and procedures and effective internal control system at place.

Corporate Governance by Voith is manifestation of its culture and internal policies which founded its way back in 1927, long before this concept was reckoned by the Indian Corporate World. Firm commitment to our values is vital to gain and retain trust of our stakeholders. We believe that corporate governance is more than just a system of procedures to be followed; conversely it shows the culture of the company and make its officials accountable and reliable.

At Voith, we are committed to the highest level of governance and also foster a culture of ethics, sustainability, integrity and respect for all. We believe that governance is crucial aspect and plays an important role in the functioning of business. Good Corporate Governance is an ongoing exercise and the Company is committed to pursue the same. We consider it as our inherent responsibility to comply with the standards of governance and protect the rights of shareholders and also disclose timely, adequate and accurate information regarding the business.

PERFORMANCE EVALUATION CRITERIA OF DIRECTORS

The NRC evaluates the performance of every Director on the basis of defined parameters as spelt out in the Remuneration Policy, and forwards its report along with recommendation, to the Board on annual basis. The criteria for appointment, removal and remuneration are as per the remuneration policy of the company.

Following process is adopted for evaluation of performance of Directors, Committees and the Board:

The relevant Evaluation Forms are circulated and received from all Directors evaluating the performance of other Directors, Committees and Board as a whole.

The evaluation is made on the basis of duties & responsibilities, devotion of sufficient time and attention to their professional obligations, constructive participation in the Meetings of the Committees and the Board, etc.

Thereafter, the NRC submits its recommendation & suggestions for improvement, if any, in respect of any Director, Committee and the Board; as well as the results of evaluation are placed and discussed at the Board Meeting. Individual Directors are also provided necessary feedback by the Board, at least once in a year.

Remuneration Policy - Executive Directors including Managing Director (MD) and Whole Time Director (WTD) shall be paid remuneration comprising several components (including fixed as well as variable), as the case may be, decided and approved by the Board from time to time, on the recommendation of the NRC and also approved by the shareholders and the Central Government, if so required. Such remuneration will be determined according to the industry standards, experience, laws and regulations, prevailing market conditions and scale of Company's business relating to the position. The policy also contains the scope and criteria for evaluation of Independent Directors and the Board as a whole.

Key Managerial Personnel (KMPs) and Senior Management Personnel (SMPs) shall be paid such remuneration as recommended by the NRC and approved by the Board from time to time. However, for all KMPs (except for the MD/WTD) and/or SMPs or other employees, the NRC/Board may also authorize the person in-charge of day-to-day affairs of the company to decide their remuneration based on their qualification, experience, expertise and their performance.

MANAGEMENT DISCUSSION & ANALYSIS REPORT

INDUSTRY STRUCTURE & DEVELOPMENTS

India's paper industry is poised for growth owing to demand in both domestic and global markets, driven by increasing restrictions and prohibition of single-use plastics. Also, as the per capita consumption of paper in India is way behind the global consumption level, there appear to be good potential for growth of paper Industry here. India is one of the fastest growing market for paper and it is expected that Paper consumption will increase with the anticipated economic growth of India.

Measures like coming into effect of the New Education Policy; gradual rise in education spend by government; increased thrust on education etc., are expected to support demand for cream wove and maplitho paper. Rise in urbanization, emphasis on hygiene through increased government initiatives like 'Swachh Bharat', and steady rise in healthcare and hospitality sectors are likely to lead to rise in demand for tissue paper consumption.

In India, only 15% of total paper and paperboard production is made from recycled materials, compared to a global rate of 30% to 85%. As a result, there is a lot of potential for recycling in the paper industry. According to various studies, the consumption of paper and board in India is expected to grow to over 35 million tons by 2035 from approximately 22 million tons currently.

There is growing demand from sectors such as FMCG and retail for innovative packaging solutions as they reduce dependency on plastics. Paper stocks can also benefit from the rising e-commerce shopping as well as ready-to-eat and packaged foods.

OUR STRENGTHS

The Company continues to be the preferred partner of customers as it is the only full-line supplier of Paper Machine Clothing in India. The Company also offers effective after-sale service support to the customers in an efficient manner meeting their specific requirements. With digitization at core and an experienced team providing the after-sale support, we are able to identify the potential problem that may arise in operating a paper machine and take appropriate remedial action in advance, thus avoiding critical downtime and creating value for the customers.

The support of Voith Group's research and development department helps us to introduce technologically better products for the customers and helps them in achieving economies of scale. The Company continue to enjoy good standing in the market due to constant enhancement in quality of its products that encourages the customer to place repeat orders with us.

OUR WEAKNESSES

As the products manufactured by company are primarily for use in paper mills, the prospects of company are largely dependent on the progress of Paper Industry in India. Hence, we continue to operate under uncertain conditions. The Indian paper industry faces some challenges and problems as well, which causes difficulties in future growth and expansion. A significant hurdle is the rise in raw material prices. Due to the increase in the cost of materials, producers are prompt to increase the prices of their final products. While this adjustment is essential for sustaining profitability, it also represents a bottleneck in terms of market acceptance.

THE OPPORTUNITIES

India's future for packaging paper and board grades looks promising, driven by increasing urbanization, e-commerce growth, and a rising demand for sustainable packaging solutions. With government initiatives promoting eco-friendly practices, domestic production is expected to grow.

Advancements in technology and automation will enhance efficiency and quality in manufacturing. India's décor paper market is poised for robust growth over the next decade, driven by increasing demand for furniture, interior design, and construction sectors. The market is expected to grow 6-8%, supported by rising disposable incomes and urbanization.

A more structured and organized waste paper collection system, similar to those in Europe and USA, holds significant potential for India. Reducing dependency on imported waste paper and OCC can enhance the sustainability and cost efficiency of the industry.

The future of India's paper industry is bright, with numerous opportunities for growth and innovation. From expanding product lines to adopting advanced technologies, producers have several avenues to explore. Focusing on sustainability, efficiency and quality will be key to unlocking these opportunities and driving the industry forward.

THE THREATS

The Indian paper industry faces numerous challenges, including high raw material costs, low capacity utilization, and environmental concerns. Additionally, outdated technology, a fragmented industry structure, and low waste-paper collection rates contributes to these difficulties. The paper industry is known for its environmental impact, including energy and water consumption, and the release of pollutants and greenhouse gases.

The rise of digital content is impacting demand for traditional paper products, particularly in the printing and education sectors. Growing demand for recycled and sustainable paper products presents both challenges and opportunities for the industry. The lack of scale and efficiencies hinders the industry's ability to compete effectively in the global market.

SEGMENT WISE REPORTING

As per Ind AS 108, the operating segment of the Company is identified to be as "manufacturing and selling of paper machine clothing", as the 'Chief Operating Decision Maker' ("CODM") reviews business performance at an overall Company level as one segment. Hence, there is no separate reportable segment.

OUTLOOK

The Paper industry affects the growth of the country's economy by generating revenue and earnings. The Indian paper industry is expected to grow due to factors like rise of literacy, increased demand for packaging, and the expanding print media sector. The e-commerce boom and the need for better packaging for various products, including FMCG, textiles, and pharmaceuticals, are fueling demand for packaging paper and paperboard.

The growing emphasis on sustainability is prompting the industry to innovate with greener solutions and embrace recycling initiatives. The use of Automation, Artificial Intelligence (AI), and digital integration are increasing in paper manufacturing. By 2047, the paper industry is expected to be deeply integrated into paper recycling, innovative use of alternate fibers and stringent sustainability standards across the supply chain. Companies will likely invest heavily in technologies that minimize water and energy usage, reduce emissions and enhance overall environmental stewardship.

The government initiatives, including ban on single use plastics and infrastructure development projects are expected to boost manufacturing activities and streamline supply chains. In regard to these developments, it is expected that Indian paper industry will expand and grow in the coming future. The future of paper industry will be categorized by sustainability, technological innovation, market diversification and adaptation to changing consumer preferences and regulatory frameworks.

RISKS & CONCERNS

Risks are inherent to businesses and the paper industry is no exception. The paper industry faces various risks, including safety hazards due to flammable materials, environmental risks like deforestation and pollution, and economic challenges like digitalization and fluctuating energy and chemical costs.

The Company has a Management Team that periodically assesses the potential risks to the Company and the ways to mitigate or minimize the same.

INTERNAL CONTROL SYSTEMS & ADEQUACY

The Company has adequate internal control systems commensurate with the nature and size of its operations. All operating parameters are monitored and controlled periodically. The Audit Committee of its Board of Directors, comprising of Independent Directors, also reviews the systems at regular intervals. Moreover, the Company has appointed M/s Lodha & Co., Chartered Accountants, as its Internal Auditors and they periodically test the efficacy of the internal control systems.

Also, the Statutory Auditors, M/s B S R & Co. LLP, Chartered Accountants, have evaluated and given their opinion on the Internal Financial Control, as per the provisions of the Companies Act, 2013.

FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

During the year under review, the Company had been able to enhance its sales & profits due to its operational efficiency brought about through better utilisation of available resources and proper execution of business strategies. The Company continued the implementation of 'Operational Excellence (OPEX) Programme' which also contributes to the bottom line.

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES/INDUSTRIAL RELATIONS FRONT

Your Company views its human capital as a key source of competitive advantage. A blend of youth and well experienced mentors has helped to form a multi-talented team having potential to seize any opportunity that may come its way. The industrial relations in the Company continue to remain healthy, cordial and harmonious.

There were 137 permanent employees on the rolls of the Company as on 31st March, 2025.

SIGNIFICANT CHANGES (25% OR MORE) IN KEY FINANCIAL RATIOS AND CHANGE IN RETURN ON NET WORTH

In all specified key financial ratios, the change over previous year is less than 25% and not significant.

Further, as compared to previous year (10.42%), the change in 'Return on Net Worth' in the current year (10.37%) amounts to 0.48% decrease. This is primarily due to increase in the net-worth for the year under review.

CERTIFICATIONS

The Company is conscious of protecting the environment and has initiated various eco-friendly practices including rainwater-harvesting system and installation of solar photovoltaic power plant. It is our continuous effort to keep the premises and surroundings clean and green. The Company is continuing with the ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018 certifications by TUV having validity until 2027.

CAUTIONARY STATEMENT

Statements in the foregoing paragraphs of this report describing the current industry structure, outlook, opportunities etc. reflect the estimation and opinion of the Company. The same are based on certain assumptions and expectations of future events. The actual results may substantially diverge from the same as they depend upon the global political, economic and social situation. Further, change in Government regulations, environmental laws, tax structure, cyclical demand, demand & supply conditions, cost of raw materials & their availability and other related factors such as litigation, Industrial relations and other unforeseen events can also have a bearing on the above statements. The Company assumes no responsibility in respect of forward looking statement made herein which may undergo changes in future on the basis of subsequent developments, information or events.

INDEPENDENT AUDITOR'S REPORT

To the Members of Voith Paper Fabrics India Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Voith Paper Fabrics India Limited (the "Company") which comprise the balance sheet as at 31 March 2025, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2025, and its profit and other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Revenue Recognition

See Note 2(j) and 23 to financial statements

The key audit matter	How the matter was addressed in our audit
<p>The Company recognises revenue from the sales of products when control over goods is transferred to the customer and is measured net of discounts and returns.</p> <p>We have identified recognition of revenue as a key audit matter as:</p> <ul style="list-style-type: none"> revenue is a key performance indicator; and there is a presumed fraud risk of revenue being overstated through manipulation of the timing of transfer of control due to pressures to achieve performance targets as well as meeting external expectations 	<p>Our audit procedures includes the following -</p> <ul style="list-style-type: none"> Assessed the appropriateness of the revenue recognition accounting policies as per the requirements of Ind AS- 115 i.e. Revenue from contracts with customers; Tested the design and operating effectiveness of key internal controls over revenue recognition; Performed substantive procedures including testing of recognition of revenue in the appropriate period by selecting samples of revenue transactions recorded during and at the end of the financial year. Examined the underlying documents such as sales invoices/ contracts and dispatch/ shipping documents (as applicable) for the selected transactions. Tested manual journals posted in revenue ledger to identify any unusual items. We have verified on a test check basis (selected based on specific risk based criteria), specific revenue transactions recorded before and after the financial year end date to determine whether the revenue has been recognised in the appropriate financial period. Assessed the adequacy of disclosure made in the financial statements

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and auditor's report(s) thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (B) The Company does not have any intangible assets. Accordingly, clause 3(i)(a)(B) of the Order is not applicable to the Company.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified once in two years. In accordance with this programme, all property, plant and equipment were verified during the current year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company, except for the following which are not held in the name of the Company:

Description of property	Gross carrying value as at 31 March 2025 (Rs. in Millions)	Held in the name of	Whether promoter, director or their relative or employee	Period held- indicate range, where appropriate	Reason for not being held in the name of the Company. Also indicate if in dispute
Freehold Land, Faridabad	1.81	Porritts & Spencer (Asia) Limited	Not Applicable	Since March 1970	Name of the Company changed from "Porritts & Spencer (Asia) Limited" to "Voith Paper Fabrics India Limited" There are no disputes

- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

- (ii) (a) The inventory, except goods-in-transit and stocks lying with third parties, has been physically verified by the management during the year. For stocks lying with third parties at the year-end, written confirmations have been obtained and for goods-in-transit subsequent evidence of receipts has been linked with inventory records. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits in excess of five crore rupees in aggregate from banks and financial institutions on the basis of security of current assets at any point of time of the current year. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.
- (iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the current year. Accordingly, provisions of clauses 3(iii)(a) to 3(iii)(f) of the Order are not applicable to the Company.
- (iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.
- (v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.
- (vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the products manufactured by it or services provided by it. Accordingly, clause 3(vi) of the Order is not applicable.
- (vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the current year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion, the undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs, Cess and other statutory dues have generally been regularly deposited by the Company with the appropriate authorities except slight delays in a few cases related to payment of Goods and Service Tax and Income-Tax.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs, Cess or other statutory dues were in arrears as at 31 March 2025 for a period of more than six months from the date they became payable.

- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs, Cess or other statutory dues which have not been deposited on account of any dispute are as follows:

Name of the statute	Nature of the dues	Amount (Rs. in million)*	Paid under protest (Rs. in million)	Period to which the amount relates	Forum where dispute is pending
Income Tax Act, 1961	Income Tax	19.81	-	AY 2021-22	Income Tax Appellate Tribunal

* Excluding interest and penalty from the date of order

- (viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the current year.
- (ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any loans or borrowings from any lender during the current year. Accordingly, clause 3(ix)(a) of the Order is not applicable to the Company.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.
- (c) In our opinion and according to the information and explanations given to us by the management, the Company has not obtained any term loans. Accordingly, clause 3(ix)(c) of the Order is not applicable.

- (d) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.
- (e) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the current year ended 31 March 2025. Accordingly, clause 3(ix)(e) is not applicable.
- (f) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the current year ended 31 March 2025. Accordingly, clause 3(ix)(f) is not applicable.
- (x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the current year. Accordingly, clause 3(x)(b) of the Order is not applicable.
- (xi) (a) During the course of our examination of the books and records of the Company and according to the information and explanations given to us, considering the principles of materiality outlined in Standards on Auditing, we report that no fraud by the Company or on the Company has been noticed or reported during the year.
- (b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) We have taken into consideration the whistle blower complaints received by the Company during the current year while determining the nature, timing and extent of our audit procedures.
- (xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.
- (xiii) In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Section 177 and 188 of the Act, where applicable, and the details of the related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- (xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered the internal audit reports of the Company issued till date for the period under audit.
- (xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

- (b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.
- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.
- (d) The Company is not part of any group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016 as amended). Accordingly, the requirements of clause 3(xvi)(d) are not applicable.
- (xvii) The Company has not incurred cash losses in the current and in the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the current year. Accordingly, clause 3(xviii) of the Order is not applicable.
- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) (a) In our opinion and according to the information and explanation given to us, there is no unspent amount under sub-section (5) of Section 135 of the Act pursuant to any project other than ongoing projects for financial year 2024-25. However, for the financial

year 2021-22, the Company did not transfer to a Fund specified in schedule VII to the Act within a period of six months of the expiry of the said financial year in compliance with second proviso to sub-section (5) of Section 135 of the Act which is mentioned below:

Financial Year	Amount unspent on corporate social responsibility activities "other than ongoing projects" (Rs. In millions)	Amount transferred to Fund specified in Schedule VII within 6 months from the end of the Financial Year	Amount transferred after the due date (specify the date of deposit)
(a)	(b)	(c)	(d)
2021-22	2.11*	-	-

*During the year ended 31 March 2022, the Company had contributed Rs. 6.89 million towards CSR to various parties. Out of this Rs. 2.11 million remain unutilized as at 31 March 2022 by other parties and was subsequently utilized during the year ended 31 March 2023.

- (b) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Act pursuant to any ongoing project. Accordingly, clause 3(xx)(b) of the Order is not applicable.

Annexure B to the Independent Auditor's Report on the financial statements of Voith Paper Fabrics India Limited for the year ended 31 March 2025

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Voith Paper Fabrics India Limited ("the Company") as of 31 March 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2025, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes to the Financial Statements for the year ended 31 March 2025

(All amounts are in Rs. Million, unless otherwise stated)

1. Corporate information

Voith Paper Fabrics India Limited ('the Company') is a public limited company domiciled in India with its registered office at Plot No. 113/114 - A, Sector - 24, Faridabad - 121005, Haryana, India incorporated under the provisions of Indian Companies Act, 1956 and its equity shares are listed on Bombay Stock Exchange in India. The Company is a subsidiary of VP Auslandsbeteiligungen GmbH. The Company is primarily involved in the business of manufacturing and trading of paper machine clothing for pulp, paper and board industry.

2. Material accounting policies

This note provides a list of the material accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation

(i) Statement of compliance

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions as amended from time to time.

(ii) Functional and presentation currency

Items included in these Financial Statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The Ind AS financial statements are presented in Indian rupee (INR), which is also the Company's functional currency. All amounts have been rounded-off to the nearest millions, upto two places of decimal, unless otherwise indicated.

(iii) Historical cost convention

The financial statements have been prepared under the historical cost convention on going concern basis except for the following:

- certain financial asset and liabilities at fair value (Derivatives)
- defined benefit obligation (net of plan assets) are measured at fair value

(b) Current versus non-current classification

The Company presents assets and liabilities in the Balance Sheet based on current/ non-current classification. An asset is treated as current when:

- i) It is expected to be realised or intended to be sold or consumed in normal operation cycle;
- ii) It is held primarily for the purpose of trading;
- iii) It is expected to be realised within twelve months after the reporting period; or
- iv) It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

The Company classifies all other assets as non-current.

A liability is current when:

- i) It is expected to be settled in normal operating cycle;
- ii) It is held primarily for the purpose of trading;
- iii) It is due to be settled within twelve months after the reporting period; or
- iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle for the purpose of current non-current classification of assets and liabilities.

Notes to the Financial Statements for the year ended 31 March 2025

(All amounts are in Rs. Million, unless otherwise stated)

(c) Property, plant and equipment (PPE)

(i) Recognition and measurement

Freehold land is carried at cost. All other items of property, plant and equipment are stated at cost less accumulated depreciation and any accumulated impairment loss. Cost includes expenditure that is directly attributable to the acquisition of the items. The cost of an item of a PPE comprises its purchase price including import duty, and other non-refundable taxes or levied and any directly attributable cost of bringing the assets to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

(ii) Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated assets, is recognised in profit or loss as incurred.

Advances paid towards acquisition of property, plant and equipment outstanding at each Balance Sheet date, are shown under other non-current assets and cost of assets not ready for intended use before the year end, are shown as capital work-in-progress.

(iii) Depreciation methods, estimated useful lives and residual value

Depreciation is provided on straight line basis on the original cost/acquisition cost of assets or other amounts substituted for cost of fixed assets as per the useful live specified in Part 'C' of Schedule II of the Act, except for the specific category of plant and machinery which are depreciated based on the internal technical assessment of the management as under:

Category of assets	Management estimate of useful life	Useful life as per Schedule II
Pre-tackers	10 Years	10-15 years
Needle loom, weaving loom, forming/shuttle loom	12 Years	10-15 years
1 Texo Loom - Flat, Oil heated	13.48 years	10-15 years
Texo Loom	10 years	10-15 years

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. Depreciation and amortization on property, plant and equipment added/disposed off during the year has been provided on pro-rata basis with reference to the date of addition/disposal.

Depreciation and amortization methods, useful lives and residual values are reviewed at the end of each reporting period and adjusted if appropriate.

(iv) Derecognition

A property, plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use and disposal. Losses arising from retirement and gains or losses arising from disposal of a tangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss.

(d) Impairment of non-financial assets

The Company's non-financial assets other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is an indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs. The recoverable amount of a CGU is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a discount rate that reflects current market assessments of time value of money and the risks specific to the CGU. An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the statement of profit and loss. Impairment losses recognised in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amount of the other assets of the CGU on a pro rata basis.

An impairment loss in respect of assets for which impairment loss has been recognized in prior periods, the Company reviews at reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

Notes to the Financial Statements for the year ended 31 March 2025

(All amounts are in Rs. Million, unless otherwise stated)

(e) Measurement of fair values

The Company has an established control framework with respect to measurement of fair values. This includes the top management division which is responsible for overseeing all significant fair value measurements, including Level 3 fair values. The top management division regularly reviews significant unobservable inputs and valuation adjustments. If third party information, is used to measure fair values, then the top management division assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirement of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

Significant valuation issues, if any, are reported to the Company's board of directors.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs)

When measuring the fair value of an asset or liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the changes have occurred. Further information about the assumptions made in measuring fair values used in preparing these standalone financial statements is included in the note 35(a).

(f) Financial instruments

A Financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Trade receivables issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

Financial assets

Recognition and initial measurement

A financial asset (unless it is a trade receivable without a significant financing component which is initially measured at the transaction price.) recognised initially at fair value plus or minus transaction cost that are directly attributable to the acquisition or issue of financial assets (other than financial assets at fair value through profit and loss). Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss ('FVTPL') are recognised immediately in Statement of Profit and Loss.

Classification and Subsequent measurement

On initial recognition, a financial asset is classified as measured at

- amortised cost;
- FVOCI- equity instrument
- FVTPL

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

Financial assets at amortised cost

A 'financial asset' is measured at the amortised cost if it is not designated as at FVTPL and if both the following conditions are met:

- a) It is held within a business model whose objective is to hold assets to collect contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After such initial measurement, these assets are subsequently measured at amortised cost using the effective interest rate method ('EIR'). The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in Statement of Profit and Loss.

Notes to the Financial Statements for the year ended 31 March 2025

(All amounts are in Rs. Million, unless otherwise stated)

The Company holds derivative financial instruments to mitigate its foreign currency risk exposures. Derivatives are initially measured at fair value. Subsequent to initial recognition, derivatives are measured at fair value and changes therein are generally recognised in statement of profit and loss.

Financial assets at FVOCI

These assets are subsequently measured at fair value. Other net gains and losses are recognised in OCI and are not reclassified to profit or loss.

Financial asset at Fair value through profit and loss (FVTPL)

These assets are subsequently measured at fair value. Net gains and losses, including any interest income, are recognised in Statement of Profit and Loss.

Derecognition of financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expires, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognized on its Statement of Balance Sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

Financial liabilities

Recognition and initial measurement

All financial liabilities are recognised initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

(i) Financial liabilities at fair value through profit or loss

The Company has not designated any financial liabilities at FVTPL.

(ii) Financial liabilities at amortized cost

After initial recognition, borrowings, trade payables and other financial liabilities are subsequently measured at amortized cost using the EIR method. Interest expense is recognized in the Statement of Profit and Loss. Any gain or loss on derecognition is also recognized in the Statement of Profit and Loss.

Derecognition of financial liabilities

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount is presented in the Balance Sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

Termination rights in order to allow measurement at amortised cost (or, depending on the business model, at fair value through other comprehensive income) even in the case of negative compensation payments.

(g) Inventories

Inventories are valued at lower of cost or net realisable value.

The methods of determining cost of various categories of inventories are as follows:

Raw Material	Weighted average method
Stores and spares	First in first out (FIFO) method
Work-in-progress and finished goods (manufactured)	Weighted average method
Finished goods (traded)	Weighted average method

Notes to the Financial Statements for the year ended 31 March 2025

(All amounts are in Rs. Million, unless otherwise stated)

Cost includes expenditure incurred in acquiring inventories, production or conversion and other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

In determining the cost, weighted average cost method is used except stores and spares where FIFO is used. In the case of manufactured inventories and work in progress, fixed production overheads are allocated on reasonable basis.

The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products. Raw materials and other supplies held for use in the production of finished products are not written down below cost, except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realisable value.

The comparison of cost and net realisable value is made on an item-by-item basis.

Inventories in transit are valued at cost.

Appropriate adjustments are made to the carrying value of damaged, slow moving and obsolete inventories based on management's current best estimate.

(h) Cash and cash equivalents

Cash and cash equivalent comprise cash at banks and on hand (including imprest) and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk or change in value.

(i) Provisions

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the reporting date, taking into account the risks and uncertainties surrounding the obligation. When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset if it is virtually certain that the reimbursement will be received and the amount of receivable can be measured reliably.

Warranty costs are estimated on the basis of a technical evaluation and past experience. Provision is made for estimated liability in respect of warranty costs in the year of sale of goods and is included in the Statement of Profit and Loss. The estimates used for accounting for warranty costs are reviewed periodically and revisions are made, as and when required.

(j) Revenue recognition

Under Ind AS 115, the company recognized revenue when (or as) a performance obligation was satisfied, i.e. when 'control' of the goods underlying the particular performance obligation were transferred to the customer.

Further, revenue from sale of goods is recognized based on a 5-Step Methodology which is as follows:

Step 1: Identify the contract(s) with a customer

Step 2: Identify the performance obligation in contract

Step 3: Determine the transaction price

Step 4: Allocate the transaction price to the performance obligations in the contract

Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

Contract liability is recognised when there is billings in excess of revenues.

The specific recognition criteria described below must also be met before revenue is recognized.

1. Sale of products

Revenue from sale of products is recognized at the point in time when control of the goods is transferred to the customer at the time of shipment to or receipt of goods by the customers at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

The Company has concluded that it is the principal in its revenue arrangements as it typically controls the goods or services before transferring them to the customer.

Notes to the Financial Statements for the year ended 31 March 2025

(All amounts are in Rs. Million, unless otherwise stated)

If the consideration in a contract includes a variable amount, the Company estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognized will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

The goods and service tax (GST) is not received by the Company on its own account. Rather, it is tax collected on behalf of the government. Accordingly, it is excluded from revenue. Additionally amount disclosed as revenue are excluding taxes and net of return rebate, allowance etc.

The payment terms varies from customer to customer as per contract which includes advance payments and credit terms in upto 30 to 60 days, based on customary business practices.

Trade receivables: A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

Contract liabilities: A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognized when the payment is made, or the payment is due (whichever is earlier). Contract liabilities are recognized as revenue when the Company performs under the contract.

(k) Retirement and other employee benefits

Short-term employee benefits

All employee benefits falling due within twelve months from the end of the period in which employees render the related services are classified as short-term employee benefits, which includes benefits like salaries, wages, performance linked reward etc. and are recognised as expenses in the period in which the employee renders the related service and measured accordingly.

Post-employment benefits

a) Gratuity

The Company has an obligation towards gratuity as per payment of Gratuity Act, 1972, a defined benefit retirement plan covering eligible employees. The plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount based on the respective employee's salary and the tenure of the employment. The liability in respect of gratuity is recognised in the books of accounts based on actuarial valuation by an independent actuary at each balance sheet date using projected unit credit method. The gratuity liability of the Company is funded with Life Insurance Corporation of India, which is managed by separate trust set up the Company. Actuarial losses/gains are recognised in the other comprehensive income and Loss in the year in which they arise.

b) Superannuation

Certain employees of the Company are also participants in the superannuation plan, a defined contribution plan. Contribution made by the Company to the plan during the year is charged to Statement of Profit and Loss.

c) Provident fund

The Company makes contribution to the recognised provident fund - VPFIL Employees Provident Fund Trust for its employees, which is a defined benefit plan to the extent that the Company has an obligation to make good the shortfall, if any, between the return from the investments of the trust and the notified interest rate. The Company's obligation in this regard is determined by an independent actuary and provided for if the circumstances indicate that the Trust may not be able to generate adequate returns to cover the interest rates notified by the Government. Company's contribution to the provident fund is charged to Statement of Profit and Loss.

d) Other long-term employee benefits

Compensated absences

As per the Company's policy, eligible leaves can be accumulated by the employees and carried forward to the future periods to either be utilised during the service, or encashed. Encashment can be made during service, or early retirement, on withdrawal of scheme, at resignation and upon death of employee. Accumulated compensated absences are treated as other long-term employee benefits. The Company's liability in respect of other long-term employee benefits is recognised in the books of accounts based on actuarial valuation using projected unit credit method as at Balance Sheet date by an independent actuary. Actuarial losses/gains are recognised in the Statement of Profit and Loss in the year in which they arise.

(l) Income tax

Income tax expense comprises current and deferred tax. It is recognised in Statement of Profit and Loss except to the extent that it relates to a business combination or to an item recognized directly in equity or in comprehensive income.

Notes to the Financial Statements for the year ended 31 March 2025

(All amounts are in Rs. Million, unless otherwise stated)

a) Current tax

Current tax comprises the expected tax payable or receivable on the taxable income for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received after considering uncertainty related to income taxes, if any. It is measured using tax rates enacted at the reporting date.

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

b) Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes.

Deferred tax assets are recognised on deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets - unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised. Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

Entity has recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events.

(m) Leases

Determining whether a contract contains lease

At inception of a contract, the Company determines whether the contract is, or contains, a lease. The contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset or assets for a period of time in exchange for consideration, even if that right is not explicitly specified in a contract. At inception or on reassessment of a contract that contains lease component and one or more additional lease or non-lease components, the Company separates payments and other consideration required by the contract into those for each lease component on the basis of their relative stand-alone price and those for non-lease components on the basis of their relative aggregate stand-alone price. If the Company concludes that it is impracticable to separate the payments reliably, then right-of-use asset and Lease liability are recognised at an amount equal to the present value of future lease payments; subsequently the liability is reduced as payments are made and an imputed finance cost on the liability is recognized using the Company's incremental borrowing rate.

Company as a lessee

At inception, the Company assesses whether a contract is or contains a lease. This assessment involves the exercise of judgement about whether it depends on an identified asset, whether the Company obtains substantially all the economic benefits from the use of that asset, and whether the Company has the right to direct the use of that asset.

The Company has elected to separate lease and non-lease components of contracts, wherever possible.

The Company recognizes a right-of-use (ROU) asset and a lease liability at the transition date/ lease commencement date. The right-of-use asset is initially measured based on the present value of future lease payments, plus initial direct costs, and cost to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, and lease payments made at or before the commencement date, less any incentives received. The right-of-use asset is depreciated over the shorter of the lease term or the useful life of the underlying asset. The right of-use asset is subject to testing for impairment if there is an indicator for impairment.

At the commencement date, Company measures the lease liability at the present value of the future lease payments that are not yet paid at that date discounted using interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company's uses its incremental borrowing rate as the discount rate. The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount

Notes to the Financial Statements for the year ended 31 March 2025

(All amounts are in Rs. Million, unless otherwise stated)

of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero. Contingent rents payments are recognised as an expense in the period in which they are incurred. Lease payments generally include fixed payments and variable payments that depend on an index (such as an inflation index). When the lease contains an extension or purchase option that the Company considers reasonably certain to be exercised, the cost of the option is included in the lease payments. The Company presents right-of-use assets that do not meet the definition of investment property and lease liabilities in separately from other assets/ liabilities in the balance sheet.

The Company has elected not to recognize right-of-use assets and liabilities for leases where the total lease term is less than or equal to 12 months, or for leases of low value assets. The payments for such leases are recognized in the Standalone Statement of Profit and Loss on a straight-line basis over the lease term.

Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an underlying assets are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease unless the payments are structured to increase in line with the general inflation to compensate for the lessor's expected inflationary cost increase. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned. Leases are classified as finance leases when substantially all of the risks and rewards incidental to ownership of underlying asset is transferred from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

(n) Segment reporting

The Company is mainly in the business of manufacturing and trading of paper machine clothing for pulp, paper and board industry. The Managing Director of the Company is identified as chief operating decision maker (CODM). The company has a single reportable segment which is reviewed by Chief Operating Decision Maker (CODM).

(o) Foreign currency translation

(i) Functional and presentation currency

The functional currency of the Company is the Indian Rupee. These financial statements are presented in Indian rupees.

(ii) Transactions and balances

Monetary assets and liabilities denominated in foreign currencies are translated into functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into functional currency at the exchange rate when fair value was determined. Non-monetary assets and liabilities that are measured based on a historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognised in profit and loss, except exchange differences arising from the translation of the following items which are recognised in OCI.

- equity investment at fair value through OCI (FVOCI)
- a financial liability designated as a hedge of the net investment in a foreign operation to the extent that hedge is effective; and
- qualifying cash flow hedges to the extent that the hedges are effective.

(p) Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing the profit attributable to the owners of the Company by the weighted average number of equity shares outstanding during the financial year.

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figure used in the determination of basic earnings per share to take into account:

- the after-income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(q) Critical estimates and judgements

The preparation of Financial Statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect of the amounts recognised in the financial statements is included in the following notes:-

(a) Defined benefit plans (refer note. 2 (l) and 35)

The costs of post-retirement benefit obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(b) Useful lives of property, plant and equipment and Intangible asset (refer note 2(c) and 3(a))

The Company reviews the estimated useful lives of property, plant and equipment at the end of each reporting period. At the end of the current reporting period, the management determined that the useful lives of property, plant and equipment at which they are currently being depreciated represent the correct estimate of the lives and need no change.

(c) Assessment of litigations

The Company is contesting litigations at various forums. These litigations are assessed by the Company to evaluate the likelihood for which provision is required in the books or disclosure as contingent liability in the financial statements.

(r) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized since it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in financial statements.

(s) Cash flow statement

Cash flows are reported using the indirect method, whereby profit for the year is adjusted for the effects of transactions of a non-cash nature, changes in working capital and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash to be cash equivalents.

(t) Investment property

Investment property is property held either to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes. Upon initial recognition, an investment property is measured at cost. Subsequent to initial recognition, investment property is measured at cost less accumulated depreciation and accumulated impairment losses, if any.

Based on technical evaluation, the management believes a period of 30 years as representing the best estimate of the period over which buildings are expected to be used. Accordingly, the Company depreciates investment property over a period of 30 years on a straight-line basis. The useful life estimate of 30 years is different from the indicative useful life of relevant type of buildings mentioned in Part C of Schedule II to the Act. Freehold land given as investment property is not depreciated.

(u) Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

During the year ended 31 March 2025, the Company completed the construction of a building for own use amounting to Rs.118.04 million. Since the company has no immediate use of this building, the company now intends to receive rental income from this construction by entering into a facility sharing lease agreement with one of its associate enterprises for an initial period of 5 years. In view of above, the company has considered the entire amount as investment property. The Company has also considered a portion of its building which is a part of an existing lease agreement as investment property since going forward it will be a part of the new lease arrangement mentioned above. Accordingly, the company has also reclassified an amount of Rs.13.54 million from Property, Plant and Equipment to Investment Property as at year end.

The building is now held to earn rentals and has been leased to an associated enterprise under a lease agreement with an initial term of five years effective April 1, 2025.

The investment property has been initially recognized in current year at cost which includes the cost of construction and any directly attributable expenditure incurred to bring the asset to its intended use not on the fair value.

The fair value of the property has not been disclosed because it is not reliably measurable due to absence of active and frequent market transactions for properties of a similar nature in the similar area as well as the location of the lease property. Consequently, there is insufficient information to determine market evidence for a fair value.

Further the Company has no restriction on the realisability of its investment property and no contractual obligation to purchase, construct or develop investment properties or for repairs, maintenance and enhancements.

(a) Fair valuation of financial assets and liabilities with short term maturities is considered as approximate to respective carrying amount due to the short term maturities of these instruments.

(b) The fair value is determined by using the valuation model/technique with observable/ non-observable inputs and assumptions.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds) is determined using valuation techniques which maximize the use of observable market data and rely possibly on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

There are no transfers between level 1 and level 2 during the years.

37. Financial risk management

(A) Financial risk management

Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company, through three layers of defence namely policies and procedures, review mechanism and assurance, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations. The audit committee of the board with top management oversees the formulation and implementation of the Risk Management Policies. The risks and mitigation plan are identified, deliberated and reviewed at appropriate forums.

The Company has exposure to the following risks arising from financial instruments:

- credit risk (see (i))
- liquidity risk (see (ii))
- market risk (see (iii))
- interest rate risk (see (iv))
- price risk (see (v))

Notes to the Financial Statements for the year ended 31 March 2025

(All amounts are in Rs. Million, unless otherwise stated)

i. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counter party to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

The carrying amount of financial assets represents the maximum credit risk exposure.

Trade receivable and other financial assets

The Company has established a credit policy under which each new customer is analysed individually for creditworthiness before the payment and delivery terms and conditions are offered. The Company's review includes external ratings, if they are available, financial statements and industry information etc.

In monitoring customer credit risk, customers are grouped according to their credit characteristics, including whether they are an individual or a legal entity, their geographic location, industry, trade history with the Company and existence of previous financial difficulties. The Company creates specific provision, if required, for credit impaired customers.

Expected credit loss for trade receivable:

The Company based on internal assessment which is driven by the historical experience / current facts available in relation to defaults and delays in collection thereof, the credit risk for trade receivable is considered low except for impaired customers. The Company estimates its allowance for trade receivable using lifetime expected credit loss. The balance (net of expected credit loss allowance), excluding receivable from group companies is Rs. 277.35 million (31 March 2024 : Rs. 208.47 million).

Movement in the expected credit loss allowance of trade receivables are as follows:

	For the year ended 31 March 2025	For the year ended 31 March 2024
Balance at the beginning of the year	0.90	1.28
Add : Provided during the year (net of reversal)	1.13	(0.38)
Balance at the end of the year	2.03	0.90

The Company has also created specific provision of Rs. 2.77 Millions (31 March 2024: Rs. 5.06 Millions) in respect of trade receivables where risk of inability to collect is high.

Expected credit loss on financial assets other than trade receivable:

With regards to all financial assets with contractual cash flows other than trade receivable, management believes these to be high quality assets with negligible credit risk. The management believes that the parties from whom these financial assets are recoverable, have strong capacity to meet the obligations and where the risk of default is negligible and accordingly no provision for expected credit loss has been provided on such financial assets. Break up of financial assets other than trade receivables have been disclosed on balance sheet.

ii. Liquidity risk

Liquidity risk is the risk that Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company's finance department is responsible for managing the short term and long term liquidity requirements. Short term liquidity situation is reviewed regularly by finance. Long term liquidity position is reviewed on a regular basis by the Board of Directors and appropriate decisions are taken according to the situation.

The company has sanctioned borrowing facilities, comprising, non-fund based limits from various bankers on unsecured basis.

Exposure to the liquidity risk

The following are remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted.

*The Company uses foreign exchange forward contracts to hedge its foreign currency exposure (Refer note 43).

iii. Market risk

Market risk is the risk that changes in market prices - such as foreign exchange rates - will affect the Company's income or the value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposure within acceptable parameters, while optimising the return. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity price fluctuations, liquidity and other market changes.

Currency risk

The Company is exposed to currency risk to the extent that there is a mismatch between currencies in which sales and purchases are denominated and the functional currency of the Company. The currencies which the Company is exposed to risk are EUR, USD, SEK, CNY, MYR, CAD, JPY and CHF.

The Company follows a policy to hedge its forex exposure by taking regular forward contracts to the extent possible. Any residual risk is evaluated, including but not limited to, entering into forward contract.

iv. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's fixed deposits.

Notes to the Financial Statements for the year ended 31 March 2025

(All amounts are in Rs. Million, unless otherwise stated)

Exposure to interest rate risk

The interest rate profile of the Company's interest-bearing financial instruments is as follows:

	For the year ended 31 March 2025	For the year ended 31 March 2024
Fixed-rate instruments		
Financial assets - Bank deposits (Refer note 10, 11 & 12)	2,041.48	1,982.21
	<u>2,041.48</u>	<u>1,982.21</u>

Fair value sensitivity analysis for fixed-rate instruments

The Company does not account for any fixed-rate financial assets or financial liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

Fair value sensitivity on bank deposits has not been disclosed as interest rate on such deposits is equivalent to market rate.

v. Price risk

Commodity price risks fluctuation in market affects directly or indirectly the price of raw material and components used by the Company. The Company sells its products mainly to paper industries, whereby there is a regular process of negotiation /adjustment of prices on the basis of changes in commodity prices.

38. Capital management

The Company's objectives when managing capital is to safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and maintain an optimal capital structure to reduce the cost of capital.

(D) Key terms and conditions of related party transactions:

Transactions with related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at year end are unsecured and interest free and settlement occurs in cash. This assessment is undertaken each financial year through examining the financial assumptions and the market in which the related parties operates.

40 A. Contingent liabilities to the extent not provided for:

(a) Labour case:

- (i) Fifteen ex-contractual employees filed a case before the Industrial Tribunal-cum-Labour Court II, Haryana, seeking reinstatement with continuity of service, back wages, and related benefits. The Labour Court ruled in their favor, and the Company challenged the decision through a writ petition before the Hon'ble Punjab & Haryana High Court. Subsequently, eight of these employees initiated execution proceedings. Although the Hon'ble High Court granted a stay in a related matter, the Civil Court, Faridabad, ruled that the stay did not apply to the execution of the Labour Court award.

The Civil Court proceedings are ongoing, with objections raised by both parties on the Commissioner's report regarding back wages. Meanwhile, the Company's writ petition was dismissed in August 2020, and Letter Patent Appeal is currently pending before the Double Bench of the Hon'ble High Court. In compliance with Section 17-B of the Industrial Disputes Act, 1947, the Company has disbursed Rs. 0.78 million to the workers. Based on view provided by legal counsel and internal management analysis, the Company believes that a favorable outcome is probable. However, the financial impact, if any, is currently unascertainable and will depend on future developments.

- (ii) The Company is also involved in other labour-related cases where the liability is not presently quantifiable at various forums. Based on view provided by legal counsel and internal management analysis, the Company believes that a favorable outcome is probable. However, the financial impact, if any, is currently unascertainable and will depend on future developments.

(b) Provident Fund:

In February 2019, Supreme Court of India in its judgement clarified the applicability of allowances that should be considered to measure obligations under Employees Provident Fund Act, 1952. The Company has been legally advised that there are interpretative challenges on the application of judgement retrospectively and as such does not consider there is any probable obligations for past periods. Accordingly, based on legal advice the Company has made a provision for provident fund contribution from the date of Supreme Court order.

40 B. Other Matters:

(a) Haryana Tax on Entry of Goods into Local Area Act, 2008

During the year, the Company received notices of assessment under the Haryana Tax on Entry of Goods into Local Area Act, 2008 ("Haryana Entry Tax Act") for the financial years 2015-16, 2016-17, and 2017-18, demanding entry tax amounting to Rs. 8.73 million. The Company has challenged the validity of these notices on the grounds of lack of jurisdiction. Additionally, the Company has relied on the provisions of Section 8(1) of the Haryana Entry Tax Act, which allows for the exclusion of the value of goods delivered outside the local area without use or consumption, and the value of goods on which sales tax has been paid or is payable to the State, from the calculation of turnover. Based on a legal assessment and the facts of the case, the Company believes that the likelihood of any cash outflow in respect of this matter is remote.

(b) Income Tax Act, 1961

The Company received a transfer pricing order for A.Y. 2021-2022 in the current year. The Income tax authorities made an adjustment of INR 50.91 million to the taxable income concerning the Commission sales and trading segment and raised a demand of Rs. 19.81 million. The Company filed an appeal with the Income Tax Appellate Tribunal, Delhi and currently awaiting the final order. As of 31 March 2025, the management, in consultation with its tax expert, has reassessed the exposure and strongly believes that the likelihood of liability devolving upon the Company in this matter is remote.

44. The Company has established a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under sections 92-92F of the Income-tax Act, 1961. Since the law requires existence of such information and documentation to be contemporaneous in nature, the Company is in the process of updating the documentation for the specified domestic transactions entered into with the specified persons and the international transactions entered into with the associated enterprises during the current financial year and expects such records to be in existence before the due date of filing of income tax return. The management is of the opinion that its international transactions are at arm's length so that the aforesaid legislation will not have any impact on financial statements, particularly on the amount of tax expense and that of provision for taxation.

NOTES:

- In continuation to all previous circulars issued by the regulatory authorities, and pursuant to latest circular no. 09/2024 dated September 19, 2024 issued by Ministry of Corporate Affairs (hereinafter referred to as "MCA") in this regard, Companies have been permitted to hold their Annual General Meeting (AGM) through Video Conferencing (VC) or Other Audio Visual Means (OAVM), without the physical presence of members at a common venue. HENCE, THE 55th AGM OF THE COMPANY IS BEING HELD THROUGH VC/OAVM AND CONSEQUENTLY THE MAP TO REACH THE AGM VENUE IS NOT BEING SENT ALONG WITH THIS NOTICE.
- NORMALLY, A MEMBER ENTITLED TO ATTEND AND VOTE AT THE AGM IS ENTITLED / ELIGIBLE TO APPOINT A PROXY, TO ATTEND AND VOTE ON HIS/ HER BEHALF AT THE AGM, AND SUCH PROXY NEED NOT BE A MEMBER OF THE COMPANY (AS PER SECTION 105 OF COMPANIES ACT, 2013). SINCE THE AGM IS BEING HELD PURSUANT TO MCA CIRCULARS THROUGH VC/ OAVM, PHYSICAL ATTENDANCE OF MEMBERS HAS BEEN DISPENSED WITH. ACCORDINGLY, THE FACILITY FOR APPOINTMENT OF PROXIES BY THE MEMBERS WILL NOT BE AVAILABLE FOR THIS AGM AND HENCE THE ATTENDANCE SLIP AND PROXY FORM ARE NOT ANNEXED TO THIS NOTICE.
- As per Section 103 of the Companies Act, 2013, participation of members through VC/OAVM will be considered for ascertaining the quorum at the AGM.
- Corporate members are requested to send a duly certified copy of the Board Resolution / Authorization Letter to the Company or upload the same on VC Portal / e-voting portal, authorizing their Representatives to attend and vote at the AGM being convened through VC/OAVM.
- An explanatory statement pursuant to section 102 of Companies Act, 2013 relating to the special business items to be transacted at AGM is annexed.
- The necessary disclosures required to be made under the provisions of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, in respect of Directors who are proposed to be re/appointed at the forthcoming AGM of the Company, are appearing in the 'Board's Report' and 'Annexure to Item No(s). 3 and 6 of the Explanatory Statement'; and details of their shareholding are as follows:-

Name of the Director	Shares of the Company held in own name	Shares of the Company held by relatives	Shares of the Company held by/for any other person on a beneficial basis	Aggregate shareholding in the Company
Mr. Ravinder Nath	NIL	NIL	NIL	NIL
Dr. Deepti Gupta	NIL	NIL	NIL	NIL

7. The Register of Members and Share Transfer Books of the Company will remain closed from Saturday, 09th August, 2025 to Thursday, 21st August, 2025 (both days inclusive) in terms of the provisions of Section 91 of the Companies Act, 2013.
8. The Dividend as recommended by the Board of Directors, if approved by the members at AGM, would be paid electronically through various online transfer modes to those members who have updated their bank account details with the Company or its RTA and whose name would appear in the Register of Members as at Thursday, 21st August, 2025. In respect of shares held in dematerialized mode, dividend would be paid to the beneficial owners of shares as at the end of business hours on Friday, 08th August, 2025 as per details furnished by the depositories for this purpose.

For members whose bank details are not updated and/or to whom the electronic payment of dividend could not be made successfully, necessary dividend warrants / demand drafts / cheques would NOT be sent in pursuance of instructions/clarifications from SEBI in this regard. Hence, shareholders are advised to kindly update their NECS Mandates with the Company/RTA (for shares held in physical mode) or the Depository Participant (for shares held in demat mode) at the earliest.

Accordingly, the members are advised to always keep their bank account details updated with either their depository participant (where the shares are held in demat mode) or with the RTA (where shares are held in physical mode) of the Company - MCS Share Transfer Agent Limited, New Delhi, to receive the dividend directly in their designated bank account.

9. Members may also take note that dividend income is now taxable in the hands of shareholders and the Company is required to deduct tax at source (TDS) from the dividend paid to the members at relevant rates as provided in the applicable provisions of the Income Tax Act, 1961, as amended, in accordance with the conditions specified therein. However, no tax shall be deducted at source on dividend payable to a resident individual, if the total dividend to be received by them during the financial year 2025-26 does not exceed Rs.10,000/- and also where a member has provided the Form 15G / Form 15H (applicable to individuals aged 60 years or above), subject to conditions specified in the Income Tax Act, 1961, in this regard.
10. In pursuance of NSDL circular no. NSDL/CIR/II/03/2023 dated January 11, 2023, resident non-individual members such as Insurance companies, Mutual Funds, Alternative Investment Fund (AIF) and other domestic financial institutions established in India and non-resident non-individual members such as Foreign Portfolio Investors may submit the relevant form, declarations and documents through their respective custodians who are registered with NSDL for tax services, at the online platform provided by NSDL, in order to determine the applicability and rate of TDS in respect of dividend.
11. Members holding shares in physical form are requested to promptly notify the change in their respective address and/or their NECS/ bank details, including PAN, KYC and Nomination details etc. always updated with the RTA of the Company.
12. **Members holding shares in electronic / dematerialized mode are requested to notify the change, if any, in their respective address and/ or their NECS / bank details, to their respective Depository Participant (DP) and not to the company or RTA.**
13. To prevent fraudulent transactions, members are advised to exercise due diligence and notify the Company of any change in address or demise of any member as soon as possible. Members are also advised to not leave their demat account(s) dormant for long. Periodic statement of holdings should be obtained from the concerned Depository Participant and holdings should be verified from time to time.
14. Members may please note that SEBI vide its Circular No. SEBI/ HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/8 dated January 25, 2022 has mandated the Listed Companies to issue securities in demat form only while processing service requests viz. Issue of duplicate securities certificate; claim from Unclaimed Suspense Account; Renewal/ Exchange of securities certificate; Endorsement; Sub-division/ Splitting of securities certificate; Consolidation of securities certificates/ folios; Transmission and Transposition. Accordingly, Shareholders are requested to make service requests by submitting a duly filled and signed Form ISR – 4, the format of which is available on the Company's website at www.voithpaperfabricsindia.com. **It may be noted that any service request can only be processed after the folio is fully KYC compliant.** SEBI vide its notification dated January 24, 2022 has mandated that all requests for transfer of securities including transmission and transposition requests shall be processed only in dematerialized form. In view of the same and to eliminate all risks associated with physical shares and avail various benefits of dematerialization, Members are advised to dematerialize the shares held by them in physical form. Members can contact the Company or RTA, for assistance in this regard.
15. Members are requested to note that the equity shares of the company are compulsorily traded in dematerialized form. Members are therefore advised to immediately dematerialize their shareholding to avoid any inconvenience in future. Members may also kindly note that the SEBI vide amendment in the Regulation 40 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, has mandated that the transfer of securities would be carried out in dematerialized form only with effect from 1st April, 2019.
16. In order to render better and efficient service, we request you to consolidate the multiple folios existing in the same name and in identical order. Please note that consolidation of folios does not amount to transfer of shares and therefore, no stamp duty will be payable for the same. In case you wish to consolidate your folios, kindly forward your request along with the relevant share certificates to the company or its RTA, MCS Share Transfer Agent Limited, New Delhi.
17. Pursuant to section 124 of the Companies Act 2013, unpaid/unclaimed dividends up to the financial year 2016-17, stand transferred to the Investor Education and Protection Fund (IEPF) as at the end of year under review. Besides the dividend so transferred,

Company has also transferred relevant shares to the demat account of IEPF Authority, in accordance with the applicable provisions of Companies Act, 2013 and Rules made thereunder. It may be noted that once the unclaimed / unpaid dividend and/or shares are so transferred; the same can only be reclaimed from the IEPF Authority in accordance with the applicable provisions of the Companies Act, 2013 and relevant Rules made thereunder, by following the prescribed procedure in this regard, by making an online application to IEPF Authority in Form IEPF-5 available at www.iepf.gov.in and by submitting certified copy of all relevant documents to the Company.

18. Vide the Master Circular (dated 17th May, 2023) for Registrars to an Issue and Share Transfer Agent, SEBI has simplified the procedure for updating of PAN, KYC details (i.e., Postal Address with Pin Code, email address, mobile number, etc.), Nomination details, Bank details and Specimen signature by all holders of securities in physical mode with the Company/RTA. **However, Members holding shares in electronic mode are requested to submit / update these details with the Depository Participants with whom they are maintaining their demat accounts.**

On or after 1st October, 2023, in case any of the above cited documents/ details are not available in respect of physical folio(s), no service requests or complaints received from a member, will be processed by RTA till the aforesaid details/ documents are provided to RTA. Relevant details and forms prescribed by SEBI in this regard are available on the website of Company at www.voithpaperfabricsindia.com.

19. Electronic copy of the Annual Report for the year ended 31st March, 2025 along with the Notice of the 55th Annual General Meeting of the Company is being sent to all the members whose email IDs are registered with RTA/Depository Participants. Please be informed that as per the circular / notification issued by MCA / SEBI in this regard, this year also the companies are not required to send physical copy of the Annual Report for the financial year 2024-25 to the shareholders, unless specifically asked.

Accordingly, a member desirous of obtaining hard copy of the Annual Report for the financial year 2024-25 together with the Notice of 55th Annual General Meeting of the Company, may send a request to the Company in this regard, mentioning their Folio No./DP ID and Client ID.

20. Members may further note that the Notice of 55th Annual General Meeting and the Annual Report for the year ended 31st March, 2025 will also be available on the Company's website www.voithpaperfabricsindia.com. These can also be accessed on the website of BSE Limited, www.bseindia.com and website of CDSL (agency for providing Remote e-voting facility and e-voting facility during the AGM), at www.evotingindia.com for their reference.

21. Members wishing to seek further information or clarification on the Financial Statements or operations of the Company at the Meeting are requested to send their queries, **at least 15 days before the date of the meeting**, addressed to the Company Secretary at the registered office of the company. Such questions by the members shall be taken up during the meeting.

22. **Members must always mention their Folio No. or DPID & Client ID Number in all correspondence with the Company or the RTA.**

23. **CDSL e-Voting System – For Remote E-voting; E-voting during AGM and joining Virtual Meeting**

- a. As you are aware, in view of the situation arising due to COVID-19 global pandemic, the general meetings of the companies shall be conducted as per the guidelines issued by the Ministry of Corporate Affairs (MCA) vide Circular No. 14/2020 dated April 8, 2020, Circular No. 17/2020 dated April 13, 2020, Circular No. 20/2020 dated May 05, 2020, Circular No. 02/2021 dated January 13, 2021, Circular No. 21/2021 dated December 14, 2021, Circular No. 02/2022 dated May 05, 2022, as well as Circular No. 10/2022 dated December 28, 2022, MCA Circular No. 09/2023 dated September 25, 2023 and MCA Circular No. 09/2024 dated September 19, 2024. THE INTRUCTIONS FOR SHAREHOLDERS FOR REMOTE E-VOTING & E-VOTING DURING AGM AND JOINING VIRTUAL MEETING THROUGH VC/OAVM ARE AS UNDER:

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2: Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- i. **The voting period begins on Monday, 18th August, 2025 at 09:00 a.m. and ends on Wednesday, 20th August, 2025 at 05:00 p.m.** During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of **Thursday, 14th August, 2025**, may cast their vote electronically. The remote E-voting module shall be disabled by CDSL for voting thereafter.
- ii. The shareholders who have already voted prior to the meeting date, would not be entitled to vote at the meeting.
- iii. Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015; listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders / retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts / websites of Depositories / Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- iv. In terms of **SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email ID in their demat accounts in order to access e-Voting facility.

Pursuant to above said SEBI Circular, Login method for e-Voting and joining virtual meetings for **Individual shareholders holding securities in Demat mode** is given below:

She fulfills the conditions to be re-appointed as an Independent Director of the Company and she has also consented to hold such position. Other relevant details are given in Annexure to the Explanatory Statement.

The Nomination & Remuneration Committee and also the Board of Directors, are of the opinion that her continued presence on Board would be beneficial in the interest of the company. Accordingly, the Board recommends the Special Resolution proposed at Item No.6 of the Notice, for the approval of shareholders.

Save and except Dr. Deepti Gupta, none of the Directors / Key Managerial Personnel of the Company and/or their relatives are, in any way, concerned or interested, financially or otherwise, in the Special Resolution set out at Item No.6.

Copy of the draft letter of re-appointment of Independent Director setting out the terms and conditions of appointment is available at the website of the Company.

ITEM NO.7:

Pursuant to the provisions of Section 188 of the Companies Act, 2013 ("the Act"), read with the Companies (Meetings of Board and its Powers) Rules, 2014 ('Rules'), the Company is required to obtain consent of the Board of Directors and approval of the members by way of a resolution, in case certain transactions with related parties exceeds such sum as is specified in the said Rules. The aforesaid provisions are not applicable in respect of transactions which are in the ordinary course of business and on arm's length basis.

However, pursuant to Regulation 23(4) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (Listing Regulations), approval of the members through a resolution is required for all material related party transactions, even if they are in the ordinary course of business and on arm's length basis.

With effect from April 1, 2022, Regulation 23 of SEBI Listing Regulations mandates prior approval of the Shareholders through ordinary resolution for all material Related Party Transactions. For this purpose, a Related Party Transaction will be considered material, if the transaction(s) to be entered into individually or taken together with previous transactions during a financial year exceed Rs.1000 crore or 10% of the annual consolidated turnover of the Company as per the last audited financial statements of the Company, whichever is lower.

In the financial year 2025-26, the Related Party Transactions as mentioned below, in aggregate, are expected to cross the applicable materiality thresholds as mentioned above. Accordingly, as per the SEBI Listing Regulations, prior approval of the shareholders is required for all such arrangements/ transactions to be undertaken by the Company.

The Company has in place a balanced and structured policy and process for approval of Related Party Transactions. The Policy provides the details required to be provided to the Audit Committee for the purpose of review of such transactions and grant their approval for the proposed transactions. A justification for all related party transaction is provided to the Audit Committee, enabling them to take an informed decision. Additionally, an update on the actual related party transactions entered during every quarter is also provided to the Audit Committee at its Meetings.

The majority of the Members of Audit Committee are Independent Directors, which assesses all transactions proposed for approval in an objective manner.

The Audit Committee and Board is periodically provided with all relevant information required under the law, including material terms & conditions etc. as prescribed under the Companies Act, 2013 and rules framed thereunder; and in terms of SEBI Listing Regulations; and the Company's Related Party Transaction Policy, concerning the contracts / arrangements / transactions with related parties. The Audit Committee, after reviewing all necessary information, grants its approval and forwards the same to the Board with its recommendations. These are routine business transactions, which were hitherto carried out in accordance with the prescribed procedure of applicable laws / regulations. It is anticipated that in coming years, value of transactions with the aforesaid related parties may exceed the limits prescribed under the Listing Regulations, hence prior approval of members of the Company is being sought for continuance of such transactions during the financial year 2025/26.

None of the Directors or Key Managerial Personnel (KMP) of the Company and/or their respective relatives are, in any way, concerned or interested, financially or otherwise, in the said Resolution proposed at Item No. 7 of the Notice.

The members may please note that in terms of the provisions of Listing Regulations, no related party (whether such related party is a party to the said transaction or not) shall vote to approve the resolution for such transactions. Accordingly, the holding company (VP Auslandsbeteiligungen GmbH) is not entitled to vote on the Ordinary Resolution set out at Item No. 7 of the Notice.

The Board recommends the Ordinary Resolution set out at Item No. 7 for approval by remaining shareholders.
