Customer's Problem Statement and Persona

P

An illustration

Rajiv, a 34-year-old businessman from Pune, runs a manufacturing unit since last 8 years from rented premise. He has an annual turnover of ₹ 3 crore, stays in his owned house and pays GST on time. He is tech savvy, uses internet banking, active on social media and uses WhatsApp extensively, for both personal as well as business purpose.

He has grown his business over the years by securing a cash credit facility by mortgaging his residential property with bank. Now, he wants to expand his business further in new product line for which he needs ₹ 23 lakh. He has ₹ 15 lakh from his own sources and for the shortfall amount of ₹ 8 lakh, he is thinking of taking a loan. His CIBIL score is 783 and his expectation is as follows:

- ✓ ₹8 lakh of loan amount in form of a term loan
- ✓ Collateral free, as he has no additional collateral available (house is already mortgaged to bank)
- ✓ Quick approval basis cash flow, willing to provide all documents in digital mode including PDF banking
- ✓ Convenience through a completely digital mode without visiting the branch
- ✓ Low interest rate along with zero prepayment and no hidden charges (most critical aspect for any borrower)

He explored multiple options and is amazed that no lender meets all his requirements until his friend Sanjeev, who recommended Poonawalla Fincorp, based on his own superior experience with Poonawalla Fincorp.
