Investor Presentation

Q1 FY2026

From the CEO's Desk

We are pleased to announce results for the period ending 30th June 2025. Despite a short period of interruption due to geopolitical issues, we continue to see good growth across our portfolio. This sets a strong base for future. Total revenue growth was ~13.0% with a consol. EBITDA growth of 18.6% over same period last year despite a moderate growth during the month of May. With strong growth in EBITDA and reduction in finance cost, we witnessed ~4.5x growth in PAT for the quarter.

Post the recently concluded transaction with GIC, we have strengthened our balance sheet to allow us focusing on growth. With a strong pipeline of assets under rebranding and/or completion, we are excited about overall prospects of our company. We also estimate a strong investible surplus available that will allow us to seek value accretive M&A and continued expansion through highly capital efficient variable leases.

We have also entered into an agreement to sell Caspia Hotel, New Delhi. This follows our stated strategy of capital recycling for improving returns for our shareholders. Since 2023 we have concluded over ₹2.1bn of asset sale at average EV/EBITDA multiple of ~20x & incremental ~₹7.5bn of minority dilution in favor of GIC. At the same time, we have invested/ committed to invest ₹10.0bn+ in new assets and rebranding which will be at a material premium in terms of returns.

As we grow SAMHI into being a market leader, we want to set clear protocol for transparency and clarity in our communications with all stakeholders. From this quarter, we have made a few key enhancements to our investor materials:

- We are now uploading a **detailed Excel file** containing all supporting data for your convenience on our website <https://samhi.co.in/investor-relations/>
- To avoid any ambiguity, we have streamlined our EBITDA representations by reporting only **Consolidated EBITDA**.
- All operating performance metrics are presented on a same-store basis¹ (and highlighted in the color: **orange**), allowing for a more accurate reflection of business performance and comparability.

We remain committed to disciplined growth, operational excellence, clear communication and excited about the prospects for SAMHI.

Thank you for your continued support.

Ashish Jakhanwala

Unlocks Free Cash Flow

Significant boost to future cashflows due to reduction in debt and part funding of Westin / Tribute Portfolio Bengaluru Whitefield capital expenditure by GIC

Network Effect & Governance

GIC brings unparalleled institutional capabilities and corporate governance standards for us to benefit from

External Growth

Mid-scale Assets

Continued focus on larger business districts

Target large scale assets with 200-400 room inventory to accelerate future revenue base and improve operating margins

Expansion through capital efficient lease model

Secure long-term leases with built-to-suit projects, modular large-scale hotels

Enhanced operating leverage through scale

Growth of the Fairfield by Marriott and Holiday Inn portfolios to allow for increased economies of scale through their respective cluster management leading to margin expansion
