The deemed venue of the 29th AGM shall be deemed to be the Registered Office of the Company.
3. In terms of the MCA Circulars and SEBI Circulars, since the physical attendance of Members has been dispensed with, there is no requirement of appointment of proxies. Accordingly, the facility of appointment of proxies by Members under Section 105 of the Act will not be available for the 29th AGM and hence the Proxy form and attendance slip are not annexed to the Notice. However, in pursuance of Section 112 and Section 113 of the Act, representatives of the Members may be appointed for the purpose of voting through remote e-voting, for participation in the 29th AGM through VC/OAVM facility and e-voting during the 29th AGM. Scanned copy (PDF/JPG Format) of its Board or governing body Resolution/Authorization etc., authorizing its representative to attend the 29th AGM on its behalf and to vote through e-voting or during the 29th AGM should be sent electronically through their registered email address to the Scrutinizer at pramod@bnpandco.com with a copy to evoting@kfintech.com and investorrelations@subex.com.
4. Pursuant to the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended), Secretarial Standards on General Meetings (SS-2) issued by the Institute of Company Secretaries of India ("ICSI") and Regulation 44 of the Securities and Exchange Board of India ("SEBI") (Listing Obligations and Disclosure Requirements) Regulations, 2015, read with the MCA Circulars and the SEBI Circulars, the Company is providing remote e-voting facility to its Members in respect of the business to be transacted at the 29th AGM and a facility for those Members participating in the 29th AGM, to cast vote through e-voting system during the 29th AGM ("Insta Poll"). The voting rights of members shall be in proportion to their shares in the paid-up equity share capital of the Company as on the cut-off date of September 22, 2023.
5. KFin Technologies Limited ("KFinTech"), the Registrar & Transfer Agents (RTA) of the Company, will be providing the facility for participation in the 29th AGM through VC/OAVM and e-voting during the 29th AGM. The procedure and instructions for participating in the 29th AGM through VC/OAVM and remote e-voting at the 29th AGM are provided as part of this Notice.
6. In line with the MCA Circulars and SEBI Circulars, the Notice of the 29th AGM will be available on the website of the Company at www.subex.com, on the websites of BSE Limited at www.bseindia.com, the National Stock Exchange of India Limited at www.nseindia.com and also on the website of KFinTech at <https://evoting.kfintech.com>.
7. Since the 29th AGM will be held through VC/OAVM, the Route Map is not annexed in this Notice.
8. Attendance of the Members participating in the 29th AGM through VC/OVAM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
9. In case of joint holders attending the 29th AGM, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote.
10. At the 26th Annual General Meeting of the Company held on September 25, 2020, the Members approved appointment of M/s. S. R. Batliboi & Associates LLP, Chartered Accountants, Bengaluru (ICAI Firm Registration Number 101049W/ E300004) as the Statutory Auditors of the Company to hold office from the conclusion of the said Meeting till the conclusion of the 31st Annual General Meeting. The requirement to place the matter relating to appointment of auditors for ratification by Members at every Annual General Meeting has been done away by the Companies (Amendment) Act, 2017 with effect from May 07, 2018. Accordingly, no resolution is being proposed for ratification of appointment of statutory auditors.
11. The Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of Companies Act, 2013 and Register of Contracts or arrangements in which directors are interested maintained under Section 189 of the Companies Act, 2013, will be available electronically for inspection by the Members from the date of the Notice up to the date of the 29th AGM i.e. September 29, 2023. EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

The following Explanatory Statement sets out all material facts relating to the special businesses set out in the accompanying Notice of the 29th AGM of the Members of Subex Limited.

Item No. 3: Appointment of Mr. Vinod Kumar Padmanabhan (DIN: 06563872) as a Non-Executive, Non-Independent Director of the Company

The Board of Directors of the Company, on the recommendation of Nomination and Remuneration Committee on June 29, 2023, have appointed Mr. Vinod Kumar Padmanabhan (DIN: 06563872) as an Additional Director (Category: Non-Executive, Non-Independent) of the Company with effect from July 15, 2023, in accordance with the provisions of Section 161(1) of the Companies Act, 2013 and the Articles of Association of the Company. In terms of the aforesaid provision, he holds office up to the date of the ensuing Annual General Meeting (AGM) of the Company.

Mr. Vinod Kumar Padmanabhan is not disqualified from being appointed as a Director in terms of Section 164 of the Companies Act, 2013 ("the Act"), and has given his consent to act as a Director. The Company has also received requisite declarations from him as per the provisions of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"). Further, he is not debarred from holding the office of Director pursuant to any Order issued by the Securities and Exchange Board of India (SEBI) or any other authority.

The Company has received a notice in writing pursuant to Section 160 of the Companies Act, 2013, from a Member signifying his intention to propose the candidature of Mr. Vinod Kumar Padmanabhan as a Non-Executive, Non-Independent Director of the Company.

Considering his experience and expertise, the Board considers that the appointment of Mr. Vinod Kumar Padmanabhan as Director is desirable and would be beneficial to the Company, and hence, it recommends appointment of Mr. Vinod Kumar Padmanabhan as a Non-Executive, Non-Independent Director of the Company, liable to retire by rotation.

Accordingly, the Board recommends the resolution as set out in Item No. 3 of this Notice for approval of the members of the Company as an Ordinary Resolution.

Pursuant to Regulation 36(3) of SEBI Listing Regulations and Para 1.2.5 of Secretarial Standard – 2 on General Meetings issued by the Institute of Company Secretaries of India (ICSI), requisite particulars for Mr. Vinod Kumar Padmanabhan including his profile and specific areas of expertise are given in this AGM Notice. Except Mr. Vinod Kumar Padmanabhan and his relatives, no other director(s) and Key Managerial Personnel(s) or their relatives, are in any way, concerned or interested, financially or otherwise, in this resolution.

Item No. 4: To appoint Mr. Rupinder Goel (DIN: 02693178) as an Independent Director of the Company.

Based on the recommendation of the Nomination and Remuneration Committee, the Board of Directors of the Company at its Board Meeting held on August 8, 2023, appointed Mr. Rupinder Goel (DIN:

02693178) as an Additional Director (Category: Non-Executive, Independent) of the Company with effect from August 8, 2023.

Pursuant to the provisions of Section 161(1) of the Companies Act, 2013 ("the Act"), Mr. Rupinder Goel holds office as an Additional Director till the date of the ensuing 29th Annual General Meeting (AGM) scheduled on September 29th, 2023.

Further, pursuant to the provisions of Regulation 17(1C) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), the Company is required to obtain approval of shareholders for the appointment of an Independent Director at the next general meeting or within a period of 3 (three) months from the date of appointment, whichever is earlier.

The Company has received a notice in writing pursuant to Section 160 of the Act from a Member signifying the intention to propose the candidature of Mr. Rupinder Goel as an Independent Director of the Company.

Accordingly, based on the recommendation of the Nomination and Remuneration Committee, the Board of Directors of the Company at its Board Meeting held on August 8, 2023, appointed Mr. Rupinder Goel (DIN: 02693178) as an Independent Director on the Board of the Company, not liable to retire by rotation, for a period of 3 (three) years with effect from August 8, 2023.

Mr. Rupinder Goel is not disqualified from being appointed as a Director in terms of Section 164 of the Act. The Company has received the consent and requisite declarations from Mr. Rupinder Goel as per the provisions of the Act and SEBI Listing Regulations including the declaration that he meets the criteria of independence as provided under Section 149(6) of the Act and Regulation 16 of the SEBI Listing Regulations. Further, in terms of Regulation 25(8) of SEBI Listing Regulations, he has also confirmed that he is not aware of any circumstance or situation which exists or may be reasonably anticipated that could impair or impact his ability to discharge his duties. Further, he is not debarred from holding the office of Director pursuant to any Order issued by the Securities and Exchange Board of India (SEBI) or any other authority.

In the opinion of the Board, Mr. Rupinder Goel fulfils the conditions for his appointment as an Independent Director, as specified in the Companies Act, 2013 and SEBI Listing Regulations and is independent of the management.

Mr. Rupinder Goel possesses the required skills, knowledge, and experience as identified by the Board in the fields of Information Technology and Business Strategy and his induction on Subex Board will immensely benefit the Company.

Further, Mr. Rupinder Goel possesses the integrity, expertise, experience and proficiency for appointment as an Independent Director and is a person of high integrity and repute.

Considering his expertise and knowledge, the Board considers that the appointment of Mr. Rupinder Goel as an Independent Director of the Company will be in the interest of the Company, and hence, it recommends appointment of Mr. Rupinder Goel as an Independent Director of the Company, not liable to retire by rotation, for a period of 3 (three) years with effect from August 8, 2023.

The Board of Directors proposes the Special Resolution as set out in Item No. 4 of the accompanying Notice for the approval of the Members.

The copy of the draft letter of appointment of Mr. Rupinder Goel setting out the terms and conditions of his appointment is available electronically for inspection by the Members. The same is also available for inspection at the registered office of the Company during office hours on all working days from the date of dispatch of the Notice till the date of 29th AGM.

Pursuant to Regulation 36(3) of SEBI Listing Regulations and Para 1.2.5 of Secretarial Standard – 2 on General Meetings issued by the Institute of Company Secretaries of India (ICSI), requisite particulars of Mr. Rupinder Goel including his profile and specific areas of expertise are given in this AGM Notice as "Annexure A".

Except Mr. Rupinder Goel and his relatives, no other Director(s) and Key Managerial Personnel(s) or their relatives, are in any way concerned or interested, financially or otherwise, in this resolution.

CREATING CONNECTED EXPERIENCES

The Future is Unreal

The telecommunications landscape is undergoing a profound metamorphosis, ushering in an era of unprecedented digital transformation and connectivity.

- 30% of all outbound messages will be synthetically generated by 2025
- 10% of all data produced will be from generative AI by 2025
- 35% is the increase in the online share of working hours due to AI-generated productivity
- 65% of the global population will have digital wallets by 2030

The world is poised to become increasingly connected, virtual, and digital, and it is within this transformational landscape that telcos can forge a path to create unparalleled value.

A Glimpse into Tomorrow: The Future Customer and Telco Evolution

In the future, our customers will be augmented by AI agents, self-generating content in virtual worlds. Phones will be replaced by robotic agents, and communication will shift from personalization to self-generation. The move from graphical to conversational user interfaces will transform interactions into digital beings conversing in augmented reality. In this metaverse, AI agents will connect, making traditional call detail records obsolete. Connectivity will remain the bedrock of diverse experiences, and we are committed to providing seamless solutions for this revolutionary landscape. We aim to embrace the transformative potential of the future customer, where the lines between reality and virtuality blur, and lead the way in shaping a connected metaverse. Together, we can unlock the boundless opportunities that await in this new world.

Empowering Transformation for AI-Augmented Customers

As visionary leaders, we must ensure that our capabilities align with the future customer. Flexibility, on-demand adaptability, and a focus on learning systems are paramount. Automated but static workflows of today will soon give way to agents autonomously discovering and conducting workflows. Static networks will become shape-shifting realities, driven by the strides of 6G and beyond.

The advent of generative AI, such as ChatGPT, marks a pivotal moment. Our future lies in orchestrating large language models (LLMs) to seamlessly manage user interfaces, workflows, and interconnected components. It's no longer just about software; it's about cultivating LLMs that can lead us to innovation.

One such innovation will be in the realm of support. Once confined to call centers, leveraging the LLM, support will evolve into agile co-pilots. These co-pilots will provide real-time assistance using an internal knowledge base and trusted domains to efficiently handle customer issues. The convergence of AI, Cloud, and network as a service (NaaS) concepts will drive unmatched customer experiences.

Navigating the Winds of Change: Embracing Telco Disruptions

To realize this future value, the telco industry is undergoing massive transformations. This transformative landscape is characterized by four key disruptions –

- Firstly, the disruption of experience across content, commerce, and cash demands answers to critical questions:
- A. How can telcos remain relevant to the future customer?
 - B. What innovative approaches can be

taken to monetize services effectively?

- B. What new revenue use cases can be explored to stay ahead of the curve?
- C. Should the focus be on retail or enterprise customers for optimal growth?

Secondly, delivery disruption is already underway, impacting network architecture decisions – standalone (SA) vs. non-standalone (NSA). The challenge for telcos lies in sharing networks while optimizing assets amid capex pressures and the complexities of fixed mobile convergence.

Thirdly, ecosystem disruption, fueled by the advent of 5G and 6G, alongside content, commerce, and cash disruptions, has brought numerous partners into play to deliver enhanced experiences. This shift necessitates managing an array of complex relationships, emphasizing APIs over traditional contracts, and navigating a plethora of evolving business models.

Lastly, technology disruption is driven by the continuous evolution of 5G, 6G, AI, cloud, private networks, fixed wireless access, and satellite internet providers. Telcos have to carefully assess relevancy, roadmap, and technology readiness to embrace these innovations seamlessly and integrate them into their existing systems.

As we take a step back to comprehend the magnitude of these changes, it becomes evident that a new chapter is being written for all telcos. The question that arises is whether they have the capabilities to manage the change on their own.

To minimize the challenges associated with building capabilities while strengthening the core, we have come up with the concept of co-authoring for this pivotal chapter. Together, we can foster a spirit of collaboration,

innovation, and visionary leadership, ensuring that the transformational journey into the future is one of unparalleled success.

Co-authoring Connected Experiences

At Subex, we have curated a comprehensive array of offerings to pave the way for connected experiences. Our mission is to empower telcos with personalized, seamless, secure, and intelligent solutions, as we co-author the future together.

1. Make it Personal:

Through our AI Customer Experience (CX) Studio and Digital Onboarding solutions, we aim to ensure a smooth and personalized journey for every individual.

2. Consistently Connected:

For every connected experience, we are committed to guaranteeing unwavering connectivity. Our Network Analytics and Asset Management solutions will work in harmony to ensure uninterrupted access and optimized performance.

3. Intelligence at your Service:

Intelligence is at the heart of our offerings. With our Business Assurance product line and AI Use Case Studio, we empower the enterprise with data-driven insights and a plethora of use cases to choose from, elevating enterprise operational experiences to new heights.

4. Smart Connections for Smart Businesses:

It's not just about retail; we envision smart connections for smart businesses. Our Enterprise Billing and Partner Ecosystem Management solutions will be the enterprise's steadfast allies as we together co-author this transformative journey.

5. Connect with Confidence:

At Subex, confidence is key to every connection. Our dedicated teams will

manage fraud, implement robust cybersecurity measures, and ensure seamless digital identity management to safeguard connected experiences.

6. Cashless Convenience:

As commerce increasingly becomes cashless, our AI Fintech Studio will play a pivotal role in monitoring transactions, preventing fraud, and unlocking a multitude of secure and convenient cashless use cases.

With these offerings, Subex is poised to co-author the enterprise's connected experiences with passion, dedication, and innovative solutions.

End to End Co-author of Next-Gen Use Cases

The idea is to become the end-to-end co-author for the enterprise's next-generation use cases. Take the example of advance credit. Advance Credit has become a crucial use case in consumer transactions, offering customers instant credit access at the point of sale, bill payment, and during roaming. This innovation enhances purchasing power and convenience while meeting evolving customer expectations. For telcos, it presents an opportunity to boost revenue and foster loyalty through seamless credit integration.

Subex is equipped to support telcos with comprehensive advance credit capabilities. We:

- Personalize the process, ensuring digital onboarding, live verification, and AI chatbots for optimal credit choices
- Guarantee seamless, cashless, and fraud-free transactions using predictive ticketing
- Ensure secure online transactions supported by transaction monitoring, fraud tracking, and anomaly detection capabilities
- Maintain consistent connectivity for seamless transactional experiences.
- Conduct extensive digital identity,

- e-KYC, and anti-money laundering checks for robust cybersecurity
- Provide intelligence on credit scoring, revenue assurance, and product profitability analysis through conversational UI

We offer end-to-end co-authoring for holistic use cases and go beyond mere point-based solutions. We accomplish it by collaborating with various technology partners.

Subex...pivoting to a Next Gen Stack

To meet future demands, we are pivoting to a next-gen stack, ready to co-author use cases with our telco customers. Our Hypersense platform is cloud and marketplace ready, and we have powered it with AI and generative AI capabilities. Integrating LLMs ensures exceptional customer experiences. Leveraging the platform, enterprises can manage their fintech, fraud, security, network, and enterprise use cases seamlessly. Our stack accelerates revenue drivers across content, commerce, and cash, ensuring your success.

Future Delivered, Today

The rapid adoption of our next-gen stack is becoming evident as more than 200 global customers and over 300 installations spanning nearly 100 countries embrace its transformative potential. Our platform is already co-authoring the future with numerous players in the telco industry. This widespread acceptance and successful implementation validate its ability to revolutionize telco operations, ushering in an era of enhanced efficiency, superior customer experiences, and unparalleled revenue growth. As we continue to expand our network of partners, we are confident that this platform will remain at the forefront of reshaping the telco landscape, driving innovation, and propelling the industry towards unprecedented heights.

MESSAGE FROM THE CHAIRMAN

Dear Shareholders,

As we navigate the expansive seas of the telecom industry, our steadfast commitment to innovation and adaptation remains unwavering. Today, I am privileged to share significant developments within our organization and a refined strategic blueprint designed to solidify Subex's leadership in this dynamic sector.

We are embarking on a new chapter with the appointment of Ms. Nisha Dutt as the Chief Executive Officer, succeeding Mr. Vinod Kumar Padmanabhan. With more than two decades of substantial experience across diverse domains, including consulting, advisory roles, investment banking, and technology entrepreneurship, Ms. Dutt brings a wealth of knowledge and expertise to Subex, making her an ideal torchbearer for the next phase of our evolution.

This leadership transition represents a significant shift for our organization, signaling a transformative stage that infuses fresh perspectives and renewed dynamism into our strategic endeavours. We are confident that under Ms. Dutt's adept stewardship, Subex's commitment to delivering unparalleled innovation, excellence, and customer satisfaction will reach new heights.

Central to our strategic recalibration is an intensified focus on cutting-edge technologies, notably Artificial Intelligence (AI) and 5G. Subex is primed to exploit the boundless possibilities of Generative AI, private 5G networks and plethora of technologies which serve as formidable tools in reshaping our response to the complex challenges confronting the telecom sector. These tools will enable us to address previously unattended issues with a level of sophistication and effectiveness unparalleled in our industry.

Simultaneously, we envisage a strategic expansion into related spheres by leveraging our core competencies. This strategic broadening aims to address larger, more systemic challenges within the telecom industry, further consolidating our standing as a comprehensive solution provider in the eyes of our esteemed clientele.

The advent of 5G has ushered the telecom industry into a transformative phase teeming with both opportunities and challenges. Subex, with its robust legacy and a skilled, dedicated team, is uniquely poised to capitalize on these emerging prospects. We perceive this transformation not merely as a wave to ride, but as a promising new epoch that we are prepared to lead.

As we embark on this exhilarating journey of transformation, I wish to underscore that our unwavering dedication to you, our esteemed shareholders, remains unequivocal. Your continued faith in our vision propels us forward as we strive to reinforce Subex's position as a global vanguard in the telecom industry.

We express our heartfelt gratitude for your enduring trust and support. We eagerly anticipate progressing together on this remarkable journey, exploring new horizons, and pioneering the future contours of the telecom industry.

*Anil Singhvi,
Chairman, Non-Executive & Non-Independent Director*

Spearheading the Transition with Strategic Vision and Customer Focus

A conversation with

Nisha Dutt,
Chief Executive Officer

What is your vision for Subex, and how does it compare with the company's past strategic direction?

I see AI and 5G as the driving forces behind a transformative future, where data-driven insights and low-latency connectivity will enhance decision-making and user experiences. My vision for Subex is to leverage this convergence to enable autonomous systems, revolutionizing the telecom industry with unprecedented efficiency and safety.

In the past few years, we have been continuously expanding our capabilities in our Hypersense line of offerings including Fraud Management, Business Assurance, Network Asset Management, and Capacity Management. Our mission to "always evolve and never stagnate" is proving to be our biggest advantage. Deploying AI technologies has become our biggest learning opportunity enabling us to make significant advances in creating connected experiences for customers.

With trust as our core tenet of connected experiences, we remain committed to progressively broadening our playbook which now aims to create personalized, intelligent connected experiences which also presents us with a larger total addressable market (TAM). Embracing this bold vision, we are driven to push the boundaries of innovation and set new benchmarks, striving for excellence in everything we do.

Could you elaborate on how your prior experience on the board of Subex has equipped you for your new role as CEO?

My prior experience on the board of Subex has provided me with invaluable insights into the company's operations, strategic vision, and governance. This knowledge equips me to step into the role of CEO with a comprehensive understanding of Subex's business model, the industry landscape, and our vital stakeholder relationships. With a strategic and growth mindset, I am confident in my ability to foster teamwork and build consensus among our teams.

I believe my experiences put me in an excellent position to drive Subex's success in my new role and guide the company through its transformative journey. I have a clear perspective on the levers that can unlock growth opportunities and the agility to act swiftly on them. Moreover, my familiarity with leadership and understanding of board-level issues add to my capabilities as a leader.

I am grateful for the opportunity to lead Subex and remain committed to steering the company towards continued success, leveraging my expertise and the dedication of our talented teams.

How will Subex balance its focus on achieving profitability and investing in future technology, particularly AI?

At Subex, our guiding principle is our long-term vision, which serves as the bedrock for all our financial decisions. Striking the right balance between short-term profitability and long-term growth is paramount. We will prioritize our investments, strategically, considering initiatives that promise both immediate returns and sustainable expansion.

To achieve this, strategic resource allocation will be central to maintaining a balance between current profitability and future technological investments. Our approach will be data-driven, with each investment, including AI, undergoing rigorous ROI analysis. This ensures that our choices are well-informed and contribute positively to our profitability.

Collaboration is a powerful tool, and we will seek strategic partnerships, like the one we have with Google Cloud Platform (GCP), to share the costs of research and development in AI. Such collaborations bring complementary expertise, accelerate our initiatives, and manage costs efficiently.

Diversifying our revenue streams will be key to transformation, and we will forge strong partnerships to share R&D risks. Our commitment to an ROI culture will be unwavering, with a robust institutionalized build versus buy framework to guide our decisions. Embracing innovation, we will adopt a milestone-based approach to new investments, encouraging a "fail fast, fail cheap" mindset that fosters adaptability and learning.

Diligently managing risks, especially in the realm of technology, is fundamental to our journey. An overarching risk management framework will ensure that we effectively assess and mitigate potential pitfalls.

What is your approach towards the long-term sustainability of Subex, and how do you see the AI offerings playing a part in that?

I have a four-pronged approach toward the long-term sustainability of Subex. Firstly, customer centricity is a key priority and the anchor of our solutions. We focus on customer-driven use cases, allowing us to be agnostic to underlying tech changes.

Secondly, domain knowledge is a critical asset, and here's where AI plays a major role. We encapsulate our team's domain knowledge in AI models to minimize talent risks and differentiate our products.

Thirdly, continuous innovation at scale is vital. To achieve this, we have institutionalized a high-vitality innovation engine. Additionally, accomplishing competitive benchmarks in revenue and cash at scale enables us to fund more such initiatives.

Lastly, operational efficiency is the core of our strategy. For this, our focus is on retaining top talent and providing them with the right resources to do things faster and better, with a razor-sharp focus on cost-effectiveness.

The AI industry is highly competitive. How does Subex plan to distinguish itself from other companies in this space?

The AI industry is indeed highly competitive. In this competitive environment, Subex sets itself apart by leveraging its extensive domain expertise and decades of experience in

working with telecom datasets. This nuanced understanding allows us to make AI solutions more meaningful and impactful. Our proprietary models are tailored to address the unique challenges of the telecom sector, providing valuable insights that optimize operations, enhance revenue assurance, improve customer experiences, and effectively mitigate fraud.

We protect our uniqueness by utilizing our unique datasets and embedding AI in our products, ensuring they cannot be easily replaced. Trust is indispensable, and we double down on building strong customer relationships through exceptional experiences and superior service, capitalizing on our decades of domain knowledge.

We also employ AI to create a learning engine, making our products more interactive and capable of learning from user experiences. This innovative approach, enabled by generative AI, allows us to become the repository of connected customer experiences, setting us apart from the competition. In essence, Subex's commitment to innovation, domain expertise, customer-centricity, and cutting-edge AI technologies makes us a trusted partner for delivering tangible results in the telecommunications domain, keeping us ahead in this fiercely competitive landscape.

Can you discuss any key initiatives or projects that Subex will be launching in the near future to demonstrate our strengthened commitment to AI?

It would not be prudent to reveal the projects before they are launched. However, there are a few upcoming launches that I am excited about. For example, we are in the process of broadening our Hypersense AI offerings with Generative AI capabilities. I'm witnessing tremendous opportunities in unbundled and standalone AI studio functionalities.

We are also looking at offering pre-wired AI pipelines across multiple telco use cases. This is a promising opportunity for telcos that are looking to expand their "data world" intelligence capabilities. You must not miss our recently launched Connected Experiences stack pivot. It's getting rave reviews for its ability to empower telcos with personalized, reliable, trustworthy, and intelligent solutions.

As the company undergoes this transition, how will you ensure that our core values are upheld and that our corporate culture remains strong?

Maintaining and preserving our corporate culture is essential during this transition. As we embrace our new strategic direction, I am deeply committed to upholding the values that make Subex an exceptional place to work, with a strong emphasis on fostering a culture of innovation and excellence.

Innovation has been the cornerstone of Subex's success, and I believe that it will continue to drive us forward in this new era. We will encourage and support our teams to think creatively, explore new possibilities, and challenge the status quo. Our focus will be on building truly world-class products that meet the evolving needs of our customers and the industry.

To achieve this, we will foster an environment that encourages collaboration, open communication, and knowledge sharing. Our employees will have the freedom to experiment and take calculated risks, knowing that their efforts are valued and supported. We will nurture a culture where ideas are welcomed, and individuals are empowered to contribute to the development of ground-breaking solutions. We understand the importance of speed and agility in the current competitive landscape.

While maintaining our commitment to quality, we will emphasize faster development cycles and rapid iterations to deliver products that stay ahead of the

market demands with a focus on customer-centricity. We will also invest in the right resources and technologies to accelerate product development without compromising on excellence.

As you take the helm of Subex, how will you ensure continuous and open communication with shareholders, customers, and employees?

As I step into the leadership role at Subex, I want to emphasize the utmost importance of fostering open and continuous communication with our shareholders, customers, and employees. Transparent and proactive communication is the foundation of strong relationships and is essential for achieving our shared goals.

To our shareholders, I assure you that we will provide regular updates on our financial performance, strategic initiatives, and any developments that impact the company's trajectory. I will benchmark peer companies and their playbooks to enhance our shareholder value creation approach. Your trust and confidence are crucial to our success, and we will be diligent in sharing information and addressing your concerns.

To our valued customers, we are committed to listening to your feedback and understanding your evolving needs. We will create various channels for communication, ensuring that your voices are heard, and your experiences are considered in every decision we make. To demonstrate our commitment, we will spend significant time with our customers and co-create solutions.

For our dedicated employees, I recognize that open and transparent communication is the cornerstone of a thriving work culture. I will prioritize regular town hall meetings, where you can openly express your thoughts, ideas, and concerns. Your passion and dedication drive our success, and your input is instrumental in shaping Subex's future.

Furthermore, when making strategic decisions, we will provide clarity on our thought processes and the factors influencing our choices. We believe in a collaborative approach and will actively seek input from all stakeholders to ensure well-informed and thoughtful decision-making.

Through consistent updates on our website, social media channels, and newsletters, we will keep all stakeholders informed about our progress, milestones, and industry insights. We will maintain an open-door policy, encouraging direct communication and accessibility.

Finally, what would your message be to our shareholders, customers, and employees as we enter this exciting new phase for Subex?

As we embark on this exciting new phase for Subex, I want to express my deep appreciation for your continued support and trust in our vision. We are entering an era of immense potential and opportunity, and our commitment to innovation and growth remains unwavering. With an AI-first and 5G ready approach, we aim to create substantial value for our shareholders by delivering cutting-edge solutions that address the evolving needs of the telecom industry. Your investment in Subex is a testament to our collective belief in a brighter, technology-driven future, and we are dedicated to maximizing returns and long-term success.

As we take on this transformative path and move toward delivering connected experiences to our customers, I am filled with confidence and excitement for what lies ahead. Subex is well-positioned to embrace the opportunities that AI brings and emerge as a leader in the telecom industry. Our core values will guide us, and our commitment to delivering exceptional value to our stakeholders will remain steadfast. Together, we will shape a future that is marked by innovation, collaboration, and success. Thank you for being part of this remarkable journey with us.

OUR BUSINESS AT GLANCE

As the world gradually adapted to the new normal following the unprecedented events of the past couple of years, the telecommunications industry found itself at the forefront of the global transformation. With consumers and businesses heavily relying on connectivity solutions, the demand for telecom services experienced a significant resurgence. In this landscape, Subex, a leading player in the industry, emerged as a key enabler of this revival, thanks to its innovative offerings and strategic initiatives.

A crucial turning point for Subex during this period was the appointment of a new CEO, who brought in a fresh perspective and vision for the company. This new leadership was committed to steering Subex towards sustainable growth and profitability, prioritizing customer-centric solutions. The CEO's strategic direction resonated well with clients worldwide, earning positive responses and fostering stronger partnerships.

One of the pivotal decisions that the new leadership made was to invest heavily in AI initiatives. Recognizing the potential of artificial intelligence in transforming the telecom sector, Subex integrated AI into its solutions. Customers were quick to embrace these AI-led projects, experiencing enhanced efficiency and gaining valuable insights. The success of these deployments led to an upswing in new project collaborations for Subex, solidifying

its position as an industry leader in AI-driven telecom solutions.

Buoyed by the momentum from successful AI implementations, Subex is now poised for the next phase of growth under its dynamic leadership. The company is meticulously fine-tuning its strategic approach to maintain a competitive edge in the fast-evolving telecom market. Innovation remains at the core of Subex's strategy, as it continues to pioneer cutting-edge solutions to address the evolving needs of its customers.

Customer satisfaction continues to be a top priority for Subex. The company's unwavering commitment to providing tailor-made solutions that cater to specific client requirements has been instrumental in nurturing long-lasting partnerships. Through proactive engagement and personalized support, Subex has managed to earn the trust and loyalty of its global clientele.

The company's innovative portfolio encompasses a wide range of solutions that cater to diverse industry needs. From telecom analytics and fraud management to revenue assurance and network management, Subex's comprehensive suite of products has been widely acclaimed for its effectiveness and efficiency.

Moreover, Subex has also expanded its focus beyond traditional telecom services. Recognizing the growing significance of the Internet of Things (IoT) and 5G, the company has ventured into providing IoT security

and managing the complexities of 5G networks. These strategic forays have allowed Subex to tap into new revenue streams and diversify its offerings, making it a more resilient and future-ready organization.

Looking ahead, Subex envisions a future where it continues to be a key enabler of digital transformation across industries. The company remains committed to staying ahead of the curve by anticipating market trends and harnessing the power of emerging technologies. By fostering a culture of innovation and continuous improvement, Subex aims to remain the go-to partner for businesses seeking transformative telecom solutions.

In conclusion, Subex's journey towards sustained success in the telecom industry has been marked by resilience, innovation, and customer-centricity. With a new leadership vision, a strategic focus on AI, and a commitment to ethical practices, the company has solidified its position as a global leader in the telecom space. As the world continues to evolve, Subex is well-prepared to embrace new challenges and opportunities, ensuring a promising future for itself and its customers in the years to come.

SUBEX CHARITABLE TRUST

Subex through its charitable wing, Subex Charitable Trust (SCT) is committed to making a positive impact in the community through its philanthropic initiatives. Through partnerships with local non-profits and employee volunteering programs, SCT actively supports causes such as education, social welfare, and environmental conservation, striving to create a better future for all.

Last year, SCT directed its efforts towards establishing the foundational infrastructure of the school in alignment with our 5-year plan. This involved:

1. Strengthening the structural integrity of all existing classrooms.
2. Renovating the entirety of the school's flooring.
3. Introducing teaching faculty members who contribute to the comprehensive growth of the students.
4. Establishing an enduring Menstrual Hygiene Management (MHM) program for all female students in the school.

This saw tremendous uptake within the student, teaching and the parent communities and we recorded an increase in the new student admission by 80% in the last academic year.

These are encouraging signs for SCT to run the 2nd year plan in full swing and are focused to make GHPS Doddabahalalli into a top class school in the coming years which emphasises on holistic development of the children.

The vision of SCT for GHPS Doddabahalalli is to bring it on par with any private funded schools. SCT will focus on holistic development of the children and has joined forces with the school management and a non-profit namely Reaching Hand, to ensure all the fundamental amenities are being provided to the children and further modernize the school.

Below are the developmental initiatives by SCT for year 2:

- Aiding retention of teaching faculty
- Infrastructure addition with 3 new classrooms
- Establishing extra-curricular initiatives
- Student mental health camp
- Menstrual health management
- Physical health camp

Our aim is to transform GHPS Doddabahalalli into the best government educational institute in Bangalore which will focus on the students' holistic growth.

2. STATE OF AFFAIRS

As the world gradually adapted to the new normal, the industry experienced a resurgence in demand for telecom services, with consumers and businesses relying heavily on connectivity solutions. Subex played a pivotal role in supporting this revival through its innovative offerings and strategic initiatives.

The company underwent a crucial management change during the first quarter of the FY 24, with the appointment of a new CEO. The fresh leadership brought in a renewed vision and focus, guiding Subex towards sustainable growth and profitability. The new CEO's strategic direction and emphasis on customer-centric solutions garnered positive responses from clients worldwide, paving the way for stronger partnerships.

Subex's investment in AI initiatives proved to be a game-changer for the company. Customers responded favorably to the integration of artificial intelligence in their solutions, appreciating the enhanced efficiency and insights gained from AI-led projects. As a result, the company witnessed an upswing in new project collaborations across the globe.

With the momentum gained from successful AI deployments, Subex now looks forward to the next phase of growth under its new leadership. The company is diligently fine-tuning its strategic approach to stay ahead in the dynamic telecom market. As they continue to pioneer innovative solutions and prioritize customer needs, Subex is poised for a promising future, ensuring their sustained success in the years to come.

22. BUSINESS RESPONSIBILITY AND SUSTAINABILITY REPORT

The Securities and Exchange Board of India ('SEBI'), in May 2021 introduced new sustainability related reporting requirements to be reported in the specific format which is a notable departure from the existing Business Responsibility Report and a significant step towards giving platform to the companies to report the initiatives taken by them in areas of environment, social and governance. Further, SEBI has mandated the top 1000 listed companies, based on market capitalization, to transition to Business Responsibility and Sustainability Reporting from FY 2022-23 onwards. In line with the above, the Business Responsibility and Sustainability Report forms part of this report and is also available on the Company's website at <https://www.subex.com/>.

23. CONSERVATION OF ENERGY

Your Company is committed to the continual development of its products in a sustained environment, helping its customers to operate their businesses more efficiently and enabling them to reduce their use of sparse resources and minimize waste.

As a software product Company, the impact that the Company has on the environment from its own operations is relatively low when compared to companies in other industries. However, the Company recognizes that it still has a role to play in reducing the impact that global business has on the environment. Subex is committed to following the best practices to reduce utilization of power, natural resources like water and limited E-Waste disposal, executed through government recognized agencies. Though Subex does not fall under the category of manufacturing products and services impacting the environment, we implement few of the best practices with minimal investments through a five-year plan - agreement with an industry stalwart having expertise in energy conservation. This investment thereby results in monetary benefits / savings month on month, helping us recover the invested amount in a few months, ensuring continued savings through this initiative.

The Company has reduced its energy consumption and has added to its efforts of being eco-friendly. Suppliers delivering the products to Subex like lighting, diesel generators etc., abide by the guidelines laid out by the government.

Subex aims to reduce its impact on the environment by:

- Monitoring the level of water and energy used along with the waste produced.
- Targeting a reduction in the use of plastics, electricity and water, along with an increase in amount of waste that is recycled/ reused etc.
- Increasing the awareness on environment safety and engagement of employees in such measures.
- Adopting sustainable practices designed to ensure the health and safety of Subex's employees, stakeholders, and the environment.
- Operating its business in compliance with applicable environmental laws and regulations.

24. TECHNOLOGY ABSORPTION, ADOPTION, INNOVATION AND PRODUCT DEVELOPMENT

Subex is one of the first Product companies from India and is the first Product company from India in the Telecom domain.

The portfolio of products has contributed to success in this domain and has also built a strong foundation to add value to our customers, independent of the economic and market conditions. The last few years have seen a rapid change in technologies being leveraged and this has been further influenced by the Digital Transformation of services and portfolio within our customer base. Subex has a dedicated team to explore these new technologies which then contribute to innovations on the existing Portfolio as well as creation of new Product Intellectual Property. The Products developed and released by this team influence our ability to compete and win, while also delivering value to our customers. Please refer the Management Discussion & Analysis for further details on our products.

REPORT ON CORPORATE GOVERNANCE

I. COMPANY'S PHILOSOPHY ON CODE OF CORPORATE GOVERNANCE

The Ideology of Corporate Governance is based on fairness, openness, professionalism, accountability and focuses on the sustainable success of the Company and building confidence of its various stakeholders, thereby paving a way for long term growth. The Company believes that good Corporate Governance emerges from the application of the best and sound management practices and compliance with the laws coupled with adherence to the highest standards of transparency and business ethics. Therefore, the situation, performance, ownership, and governance of the Company are equally important with respect to the structure, activities and policies of the organization. Subex Limited's ('Subex / the Company') compliance with the Corporate Governance guidelines as stipulated by the Stock Exchanges and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ['SEBI (LODR), Regulations, 2015'] is described in this section.

For the success of the organization, we believe it requires highest standards of corporate behavior towards everyone we work with, the communities we touch and the environment on which we have an impact. This is our road to consistent, competitive, profitable and responsible growth and creating long-term value for our stakeholders, our people and our business partners. These principles have been the guiding force for our operations which we will endeavor in years to come.

The Company's Corporate Governance philosophy is based on the following principles:

- Satisfy the spirit of the law and not just the letter of the law
- Be transparent and maintain high degree of disclosure levels
- Communicate externally, in a truthful manner, about how the Company is run internally
- Comply with the laws in all the countries in which the Company operates

Subex is committed to good Corporate Governance practices. Consistent with this commitment, Subex seeks to achieve a high level of responsibility and accountability in its internal systems and policies. Subex respects the inalienable rights of the shareholders to information on the performance of the Company and has always ensured transparency to stakeholders. The Company ensures, among others, the accountability of the Board of Directors and the importance of its decisions to all its participants viz., customers, employees, investors, regulatory bodies etc.

All details mentioned in this Report are as on March 31, 2023, unless otherwise stated. Material changes and events between the end of the financial year and date of the report are provided wherever required.

II. BOARD OF DIRECTORS

The Board of the Company is formed with an optimum combination of Executive and Non-Executive Directors, which not only meet the legal obligation but also make a diversified Board with a mixed blend of experiences, expertise, and professionals. F. Term of Board Membership and Selection process:

The Board, on recommendations of the Nomination & Remuneration Committee of the Board ["NRC"], considers the appointment and reappointment of Directors. Section 149(10) of the Companies Act, 2013, provides that an Independent Director shall hold office up to five consecutive years on the Board of a Company, not liable to retire by rotation, and shall be eligible for re-appointment for a further term at a maximum of five years on passing of a special resolution by the Shareholders. Section 152 of the Companies Act, 2013, states that one-third of the Board members other than Independent Directors who are subject to retire by rotation, shall retire every year and are eligible for re-appointment, if approved by the Shareholders. The Non-Executive Non-Independent Director, Managing Director & Chief Executive Officer and the Whole-time Director of the Company are liable to retire by rotation and eligible for re-appointment, if approved by the Shareholders.

Recommending any new member on the Board is the responsibility of the NRC which consists of a majority of Independent Directors. Given the existing composition of the Board, the tenure as well as the years left of the existing members to serve on the Board, and the need for new domain expertise is reviewed by the NRC for the appointment of new member on the Board. When such a need becomes apparent, the NRC reviews potential candidates in terms of their expertise, attributes, personal and professional backgrounds, and their ability to attend meetings in India. It then places the details of shortlisted candidates to the Board for its consideration. If the Board approves, the person is appointed as an Additional Director of the Company and subject to the approval of Shareholders at the next general meeting they are appointed as Independent Director / Non-Executive Non-Independent Director / Executive Director, as the case may be.

G. Familiarization Programme for Independent Directors

XII. MEANS OF COMMUNICATION

A. Annual/Half Yearly and Quarterly Results

The annual audited /half yearly & quarterly un-audited results are generally published in all editions of Financial Express/ Business Standard (English) and Vishwavani (Kannada). The complete financial statements are posted on the Company's website <https://www.subex.com/> (click on investors/announcement-filing/statutory-advertisement). Subex also regularly provides information to the Stock Exchanges as per the requirements of the SEBI (LODR) Regulations, 2015 and updates the website periodically to include information on new developments, press release and business opportunities and the same is displayed on the website of the Company under <https://subex.com/newsroom/>.

Being a Company with strong focus on green initiatives, Subex proposes to send all the shareholder communications such as the notice of General Meetings, Audited Financial Statements, Board's Report, Auditors' Report, etc., as done in the past, to its shareholders in electronic form by sending the said reports to the email addresses provided by them and made available to us by the Depositories. The Company during the said financial year 2022-23, had scheduled the Investor calls to discuss on the Earnings of the Company for relevant quarters which were

scheduled on May 31, 2022, August 10, 2022 and November 16, 2022 respectively.

The Company did not have any Institutional investors during the financial year and hence there were no presentations made to the institutional investors. The Management of the Company has interacted with Analysts and the details of the same are available on the website under the link <https://www.subex.com/investors/announcement-filing/#investor-analyst-call>.

The transcripts pertaining to the Earning's call held during the year are uploaded on the Company's website under the link <https://www.subex.com/investors/announcement-filing/#investor-analyst-call> (click on investors/announcement-filing/investor-analyst-call). Pursuant to General Circular No's.14/2020, 17/2020, 20/2020, 02/2021, 19/2021, 21/2021, 02/2022 and 10/2022 dated April 08, 2020, April 13, 2020, May 05, 2020, January 13, 2021, December 08, 2021, December 14, 2021, May 05, 2022 and December 28, 2022 respectively, issued by the Ministry of Corporate Affairs ("collectively MCA Circulars") and Circular Nos. SEBI/HO/CFD/CMD1/CIR/P/2020/79, SEBI/HO/CFD/CMD2/CIR/P/2021/11, SEBI/HO/CFD/CMD2/CIR/P/2022/62 and SEBI/HO/CFD/PoD-2/P/CIR/2023/4 dated May 12, 2020, January 15, 2021, May 13, 2022 and January 5, 2023, respectively, issued by the Securities & Exchange Board of India ("SEBI Circulars"), companies have been allowed to hold AGM through Video Conferencing or Other Audio Visual Means ("VC/OAVM"). The said MCA Circulars and SEBI Circulars have dispensed with the requirement of printing and dispatch of annual reports to shareholders. Relaxation has been provided up to September 30, 2023 from Regulation 36(1)(b) of SEBI (LODR) Regulations, 2015, which requires sending hard copy of annual report containing

salient features of all the documents prescribed in Section 136 of the Companies Act, 2013 to the shareholders who have not registered their email addresses. However, in terms Regulation 36(1)(c) of SEBI (LODR) Regulations, 2015, the Company shall send hard copy of full annual report to those shareholders who request for the same.

To support the "Green Initiative in Corporate Governance", an initiative taken by the MCA, the Company has decided to send soft copies of Annual Report 2022-23 (including AGM Notice) to those shareholders whose email addresses are registered with the Depository Participants and / or with the Company's Registrars & Transfer Agents.

In terms of the MCA Circulars and SEBI Circulars, the Company has taken measures to allow Members to vote through the mechanism of e-voting or other electronic modes in accordance with the provisions of the Companies Act, 2013 and rules made thereunder, without holding an AGM that requires physical presence of Members at a common venue.

With respect to detailed procedure for Remote e-voting or voting through electronic mode and attending the AGM through VC/OAVM, please refer the Notes and Instructions annexed to Notice of the 29th AGM.

TELECOMS IN THE GLOBAL MACRO CONTEXT

As of the end of 2022, the global number of mobile service subscribers exceeded 5.4 billion, with approximately 4.4 billion individuals also using mobile internet services. Over the past five years, there has been a significant reduction in the gap between mobile internet users and overall mobile subscribers, declining from 50% in 2017 to 41% in 2022 on average. Nevertheless, despite this progress, the remaining disparity requires immediate attention from all stakeholders.

The mobile industry has become a crucial contributor to the global economy, generating 5% of the global GDP in 2022. This amounted to \$5.2 trillion of added economic value and supported approximately 28 million jobs across the broader mobile ecosystem. Looking ahead, the adoption of 5G technology will play a pivotal role in driving future mobile innovation and services. With ongoing deployments and increased adoption, 5G is projected to reach a 17% adoption rate in the current year and is anticipated to rise to 54% by 2030, equivalent to approximately 5.3 billion connections.

By 2030, 5G technology is expected to contribute nearly \$1 trillion to the global economy, benefitting various industries. The impact of this technology will be widespread, bringing advantages and advancements to multiple sectors. It is crucial to acknowledge the potential transformative effects of 5G and the opportunities it presents for economic growth and development.

Key trends shaping the mobile ecosystem

5G consumer monetisation comes into focus

In the year 2023, approximately 30 new markets are set to introduce 5G services. It is particularly noteworthy that many of these markets will be in developing regions across Africa and Asia, indicating that the adoption of 5G is becoming a global trend. As the scale of 5G adoption expands, there will be an increasing emphasis on monetization strategies. Mobile operators will concentrate their marketing efforts on highlighting the connection between mobile devices, 5G technology, and new digital services. Additionally, these operators will extend their 5G fixed wireless access (FWA) offerings to reach new areas.

In markets where the predominant fixed broadband technology is DSL (Digital Subscriber Line), there is likely to be a greater growth in 5G FWA penetration. Moreover, markets characterized by low fixed broadband penetration, but rising incomes will also experience faster-than-average growth in terms of 5G adoption.

Private 5G builds momentum

The resurgence of private wireless solutions can be attributed to the advanced capabilities of 5G technology, which have expanded deployment possibilities beyond niche applications. Multiple industries find private wireless networks particularly well-suited for their operations. Additionally, the transport and logistics sector is projected to witness significant growth in private network adoption due to 5G's enhancements in capacity, latency, and reliability.

enabling the facilitation of new use cases within a private wireless environment.

To achieve widespread adoption and scalability of private networks, it is crucial for solutions to become more affordable and easier to install and operate. This demand for cost-effective implementation has led to a rising interest in pre-integrated solutions that come with the necessary supporting infrastructure. By offering streamlined and comprehensive solutions, organizations aim to simplify the deployment process and reduce complexities associated with private wireless networks, ultimately driving their broader adoption.

Mobile industry shifts towards circularity

Sustainability has evolved from being solely a matter of corporate social responsibility to becoming a fundamental strategic priority across the telecoms ecosystem. Industry stakeholders are now embracing a model that emphasizes the sharing, leasing, reusing, repairing, refurbishing, and recycling of existing materials and products as a central aspect of production, service offerings, and consumption. This circular approach is crucial for enabling networks to operate in a more sustainable and energy-efficient manner, while also driving the industry towards achieving its climate objectives. By prioritizing sustainability and adopting circular practices, the telecoms industry can make significant progress towards reducing its environmental impact and achieving its climate-related goals.

The metaverse continues to gain traction

The momentum surrounding the metaverse is steadily increasing, supported by advancements in enabling technologies such as 5G, AI, and wearables. Key stakeholders and players in the ecosystem are displaying a growing interest, resulting in the development of essential foundations for the progression of the metaverse. These building blocks include content and applications, standards, and devices, which will be central to the activities taking place in 2023.

Beyond providing connectivity, the metaverse presents operators with opportunities for new revenue streams. This highlights the importance of innovation and partnerships in identifying use cases and network requirements that align with the metaverse concept. Operators must actively seek out novel approaches and collaborate with various stakeholders to fully harness the potential of the metaverse and capitalize on its emerging possibilities.

Fintech presents opportunities for mobile industry players

Fintech has revolutionized the delivery of financial services to both consumers and businesses, fundamentally transforming the industry. While investor sentiments experienced a significant decline in 2022 following a year of record funding, the underlying drivers of growth, such as robust demand, digitally-centered lifestyles, and supportive regulations, remain strong. The fintech market remains fragmented, but its positive long-term growth prospects increase the likelihood of consolidation and attract interest from established financial institutions and companies in diverse sectors, including mobile ecosystem players. These entities are keen to capitalize on the opportunities presented by fintech through strategic investments, collaborations, and partnerships, recognizing the potential for synergy and mutual benefit.

OUR PORTFOLIO

Roaming Settlements

Subex Roaming solution offers a 360-degree view of the roaming services and revenue management to improve profitability. It reduces the possibility of fraud by removing the likelihood of paying high cost traffic or lose inbound roaming revenue by supporting NRTDR (Near Real-Time Roaming Data Exchange) and HUR (High Usage Report).

Sectrio

The Sectrio suite of IoT-OT-IT and 5G cybersecurity solutions include:

- IoT-OT-IT Converged Security Suite: a comprehensive cybersecurity offering designed to secure converged environments from cross-stream threats. This includes technology-specific and technology - agnostic threats that can operate across environments to target devices, IT systems, and SCADA and ICS.
- Threat Intelligence: It offers specific threat intelligence that is relevant, actionable, and contextual to various businesses. This leads to reduced false positives, improved SecOps efficiency and improved threat hunting.
- 5G Security: It offers comprehensive protection for 5G linked infrastructure and installations

In addition to the above, there are also modules for vulnerability management, threat management and micro segmentation.

IDcentral (Identity Analytics)

Today, each individual has multiple digital interactions which give rise to something known as a digital footprint. This digital footprint is a combination of various attributes like phone number, email ID, device info, social network data etc. that when put together form the digital identity of that individual. IDcentral specializes in bringing together these different attributes to create verifiable digital identities leveraging alternate sources of data. IDcentral is the next-generation digital identity analytics platform, that helps businesses across various domains to increase their profitability and reduce risk. It is one of the largest repositories of data in the world with access to 200 plus data points of 700 million individuals. IDcentral's wide range of solutions include:

- Onboarding solutions: Enables document-less, presence-less, and secure online customer onboarding for enterprises. This includes solutions like locality verification using telecom CDR data, name/age/gender verification with government and telecom data, low touch verification, and risk prediction of MSISDN and email IDs using telecom and consortium data, AML + PEP + Sanctions lists.
- Credit solutions: Enables credit processing for underserved population and provide early default warning. This includes solutions like income range prediction with telecom data, locality

verification with telecom data, alternate data credit scores, and early default vectors using telecom and consortium data.

- **Fraud solutions:** Enables E-com, M-wallet, Fintechs in preventing various kinds of identity and transactional frauds by using advanced analytics on usage, device, behavioral, network, and telecom data. This includes addressing linked account abuse/frauds, ATO frauds, CNP frauds, Card present frauds.

It acts as a one-stop shop for identity analytics solutions by harvesting data from multiple sources and adding layers of intelligence to enable the creation of a real-time frictionless digital identity.

Consulting & Advisory Services

Subex with its more than 25 years of experience in telecom domain, end-to-end encounter in defining strategy to execution and use of relevant tools that are compliant with global forums such as TM Forum and CFCA; is the right partner of choice in consulting and assessment services for global telcos.

Subex offers consulting and assessment services in the following domains:

Maturity Assessment & Improvement: Benchmarking of their Business Assurance (including Revenue Assurance, Fraud Management and other assurance areas) processes concerning global standards, and providing recommendations across strategies, people skills, processes, technologies, measurement and management reporting practices.

Functional Assessments: Gap analysis of existing RAFM functional processes, technology and provide the roadmap to close these gaps using "analyse, evaluate, assess and recommend" framework.

Risk Advisory & Management: Identify the risks in the revenue chain and plug leakages promptly, through regular assessment of the existing business and revenue streams. Subex's custom framework is based on a thorough understanding of risks, creating a Risk Control Matrix utilizing relevant industry standards and developing comprehensive standard operating procedures.

Business process re-engineering: Review of the existing business processes, design and implementation of new business processes based on industry leading practices.

Transformation & Migration Assurance: Creation of assurance framework across the transformation or migration journey of OSS/BSS systems. Subex can assist operators in providing the necessary support during the end-to-end migration process to avoid revenue/cost leakages, negative customer experience, project delays and budget overruns.

Product and Service Margin Assurance: Assessment of the target market, holistic margin and profitability for the entire service and product catalogue.

Accounting Assurance: Formalization of secondary control universe which would be executed by Business Assurance teams to provide the assurance to CFO on the current revenue reporting across all revenue segments. This will also include an independent revenue computation to identify the gaps (if any).

Managed Services

Our Managed Services offerings are designed to drive outcome and protect revenues by enhancing customer experience. Pillared on four main aspects, i.e., Cost, Quality, Time-to-market and Capability, the engagement is aimed to provide rapid ROI, increase efficiency, and in-turn deliver maximum value. Driven by robust technology-led capabilities, Subex Managed Services offers a variety of engagement models providing complete flexibility to operators based on their business needs.

Subex Managed Services program is designed to add both strategic and tactical value to service providers' operations and enable better customer experience while also enhancing their operational efficiency, service agility and profitability. With Subex at the helm of its operations, service providers can redirect critical resources at core business functions generating more revenue and saving costs.

Subex understands that no two service provider requirements are alike and hence offers the flexibility to pick and choose services based on:

- **Scope of Operations:** Ranging from standard operations to large scale transformational programs
- **BSS / OSS Domains:** Drawing from Subex's established expertise on various BSS / OSS domains
- **On-Site Support:** High caliber, experienced resources to ensure functional continuity and high resource efficiency.

Creating a resilient telecom landscape by tracking threats and unlocking opportunity

Key Announcements in FY23

HyperSense named in 2022 Gartner® Market Guide for Multipersona Data Science and Machine Learning Platforms

Subex has been named in 2022 Gartner® Market Guide for Multipersona Data Science and Machine Learning Platforms (DSML). According to this Market Guide for Multipersona Data Science and Machine Learning Platforms, "Data science and machine learning are evolving rapidly with key trends such as augmentation and democratization. To support the needs of an increasingly diverse group of technical and nontechnical roles, data and analytics leaders should apply multipersona DSML platforms.

Ethio Telecom selects HyperSense Fraud Management

Subex announced that it has been selected by Ethio Telecom to deploy its Fraud Management solution. The solution, which is built on Subex's AI orchestration platform, HyperSense, will replace Ethio Telecom's existing legacy fraud management system, thereby enabling them to move from a traditional rules-based approach to an AI-first approach. This approach will, in-turn, enable them to detect new and unknown threats in real-time.

Unitel selects Subex for protection against telecom fraud

Subex announced that it has been selected by Asian telecommunications and internet major Unitel LLC to help the operator in its fight against fraud and digital crimes. As part of the agreement, Subex's Signaling Security solution will help Unitel leverage signaling data for the early detection and mitigation of all types of fraud, thereby ensuring the prevention of any loss of information or revenue.

Subex announced the showcase of its AI solutions at MWC. Subex showcased its award-winning platform, HyperSense AI, and its capabilities to cover many AI-related use cases. Towards this, Subex demonstrated its HyperSense AI-led solutions to drive growth, protect revenues, enhance profitability, optimize Capex and expand digital service offerings.

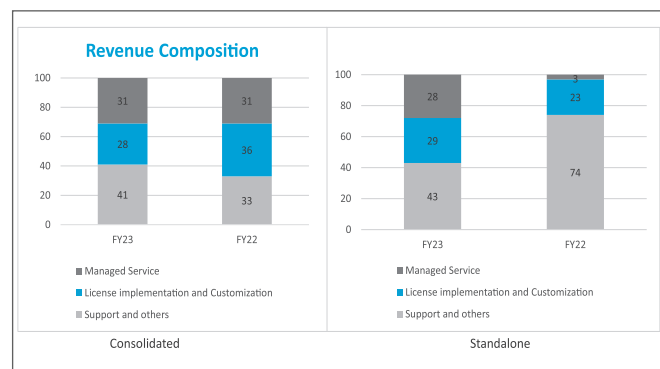

REVENUE MODEL

Our revenue generally comes from four streams: (1) licensing; (2) professional services related to installations and configuration activity; (3) annual support contracts; and (4) managed services.

We generally license our software products on per subscriber or per transaction basis. This means that when our customers experience growth, we can also expect to benefit from that growth. Typically, there are significant professional services revenues associated with each new software installation as well as with upgrades.

Our annual support contracts are generally priced as a function of the total license fees paid by the customer. Thus, our annual support contracts would also tend to experience growth when our customers experience growth. Importantly, annual support contract revenue tends to be recurring revenue.

Finally, we have been experiencing increased success with managed service revenue. Like annual support contracts, managed services provides a relatively predictable recurring revenue stream. At the same time, our managed service offering provides us with an opportunity to maintain a continuous touch point with the customer so we can better understand their needs and we have opportunity to educate them on our offerings and skills.

RISKS AND CONCERNS

As our valued investor, we are certain you understand our business environment, prevailing economic conditions, geo-political circumstances, and other specific risks that may affect our future business decisions and financial performance. It is not possible to detail out every risk since we operate in a very competitive and rapidly changing global environment. New risk factors emerge from time to time, the year 2020 was one of our most challenging years in recent times, just as it was for any other business since the global COVID-19 pandemic led to uncertainty and ambiguity across the globe. Similarly, in 2022, the impact of the Ukraine-Russia conflict on businesses has been significant, with decreased economic activity, disrupted supply chains, and increased risk and uncertainty. There could still be dramatic changes in the business. However, due to lack

of precedents, we are unable to provide specific details on how this could impact Subex's business. We are providing some information on several risks which we are aware of and they are stated herein: (a) reduction in consumer and business purchasing; (b) consolidation of our customer base; (c) dependence on communications, service providers as our major customers; (d) security; (e) improper disclosure of personal data could result in liability and harm to our reputation; (f) technology changes and obsolescence may impact our business; (g) recruiting and retention of personnel is challenging; (h) adequately protecting our intellectual property may not be possible; (i) allegations of infringement of third-party intellectual property poses risks; (j) variability of our quarterly operating results makes comparisons difficult; (k) non-compliance with statutory obligations may result in fines and penalties; (l) non-compliance with environmental regulations may lead to fines and penalties; (m) foreign exchange fluctuations may lead to variability in our revenue; (n) SEZ related taxation benefits may be uncertain; (o) failure to fulfill contractual obligation may lead to claims; and (p) debt obligations. Below, we will discuss each of these risks in some more detail. There are, of course, additional risks faced by us, which are not specified here.

Reduction in Consumer and Business Purchasing

We depend on our customers – primarily large communications service providers ("CSPs"). If our primary customers face reduced revenue, we will also face reduced revenue. CSPs primary customers are consumers and businesses. Of course, reductions in spending by consumers or businesses will reduce revenue of CSPs and this will result in decreased spending by the CSPs which means reduced revenue for us.

Additionally, the ongoing Ukraine-Russia conflicts has had a significant impact on businesses around the world. The conflict has resulted in a slowdown of global economic activity and has disrupted trade flows and made it difficult for businesses to operate in the affected regions. This geo-political conflict is ongoing and may lead to decreased revenue and profitability.

Consolidation in our customer base

CSPs have gone through considerable consolidation. The consolidation, or merger, of one CSP with another can have several impacts on us. First, it will simply reduce the overall size of the market; each consolidation effectively reduces the number of potential customers for our products. Secondly, it can and does happen that one of our existing customers can undergo a consolidation. In that event, the other party to the consolidation may already have competing products and the combined company may choose to continue with the use of the competing product rather than use our products/services. Of course, it can also happen that the two companies, when combined, choose to use our products which may have a positive impact on our revenue. Another possibility is that two existing customers merge. The consolidation of two customers will have an adverse effect on our revenue as the combined company attempts to reduce their consolidated spending. Finally, larger customers simply have more negotiating power leading to reduced prices for our products. The Company strives to have a deep penetration within the accounts that it serves so as to provide an edge over competitors and be a preferred choice during such consolidations.

Dependence on the Communications Service Providers as our major customers

We mentioned above our customers are primarily CSPs. We are fully dependent on CSPs as our major customer base. As a result, we are fully susceptible to any downturns or negative changes in the CSP industry.

Security

You must be well aware that security threats are prevalent everywhere today. This is, perhaps, especially true in the technology industry where we participate. The security vulnerabilities take many forms. Hackers may attempt to compromise computer systems and networks. Fraudsters may attempt to steal the identity of our personnel to gain access to our computer systems, networks and even banking systems. Terror activity could have an adverse impact on our business. We may fail to adequately design our products leaving our customers exposed to hacking and other network vulnerabilities. Perhaps this concern – of failure to adequately design our products leading to exposure of our customer's information is one of the largest concerns. If one of our customers faced a security breach allegedly as a result of use of our products, it would cause significant reputational risk to us and may lead to claims against us.

We devote significant resources to mitigate security threats including threats to our internal IT systems, with respect to our products and with respect to physical security of our buildings. But there cannot be any guarantee that these efforts will avoid security breaches.

Improper disclosure of personal data could result in liability and harm our reputation

You are probably aware of the global trend towards more sensitivity regarding improper disclosure of personal data. This global trend has a number of impact on us. There are additional laws and regulations in many jurisdictions. This not only leads to increased administrative costs of compliance and increased difficulties in doing business but violations of these laws and regulations involve higher and higher fines and penalties. At the same time, we are storing and processing increasingly large amounts of personal data which leads to increased potential exposure.

We take what we consider to be appropriate steps to provide for the security and protection of all data including personal data. But, despite these efforts, it is possible our practices may not prevent the improper disclosure of personal data. Improper disclosure of this information could harm our reputation, lead to legal exposure, lead to claims against us by customers including claims for indemnification or subject us to liability under laws that protect personal data, resulting in increased costs or loss of revenue.

It is important to note that our potential liability for customer financial damages associated with losses of personal data is generally not limited by limitation of liability provisions in customer contracts.

In addition to risks related to improper disclosure of personal data, new laws and regulations are being implemented. One significant new regulation is the European General Data Protection Regulation ("GDPR") which went into full effect in May 2018. Compliance efforts related to these laws and regulations is significant and could be a distraction from other activities. Further, even without any actual improper disclosure of personal data, non-compliance could result in

large fines. Still further, customer focus on these laws and regulations could delay or jeopardize sales and installations of Subex products.

Technology changes and obsolescence may impact our business

We experience rapid technological changes which could make our technology and services obsolete, less marketable or less competitive. These changes result in our need to continually improve the features, functionality, reliability and capability of our products which poses development challenges and expenses. We may not be able to adapt to these changes successfully or in a cost-effective way which may adversely affect our ability to compete and retain customers or market share.

While the rapid technological changes require us to change our products, launching new products is also a key element of our growth. An inability to bring new products with high demand to the market in a timely manner will reduce our growth and profitability.

We make strong efforts to put in place processes and methodologies to address these issues and to turn it into a strategic advantage by being in the forefront of technological evolution. For example, regular skill upgradation programs and training sessions that include attending global conferences and employing specialized consultants etc. are undertaken.

Recruiting and Retention of Personnel is challenging

Subex's talent acquisition strategy is to hire candidates with the right competencies required by the business at the right time, a judicious mix of lateral hires and fresh graduates. We are an equal opportunity employer and focus on meritocracy at all stages of hiring, strictly based on role-mapping career architecture.

We have a robust process to source and select the best talent, both for entry-level roles as well as lateral hires, leveraging multiple social media platforms and events, channel partners, referral campaigns, campus placements, and internal job postings. We were successfully able to hire close to 330 Subexians under 100% TAT for vanilla, niche and strategic positions.

Our recruiters had been efficient in the hiring process and have been able to close on the requirements with minimal external/vendor support and quickly adapted to the hybrid workplace environment and executed virtual and in-person hiring processes while facilitating quick closure. The steps have been taken below to improve the quality of hire:

- Training & upskilling the recruitment team
- Streamline recruitment process
- POFU (Post offer follow up)
- Focused strategy on campus hiring's adding premier institute like NIT, IIT, IIIT in the list.

Adequately protecting our Intellectual Property may not be possible

We operate in a global environment; protecting our proprietary technology in the many different jurisdictions we operate in, which is challenging. We depend on a combination of technical innovations, as well as copyrights and trade secrets for protection of our technology. We also maintain patent and trademark protection, as and where applicable and required. However, some jurisdictions have limited

laws protecting technologies and other jurisdictions, even if they have laws protecting technology related innovations, are curtailed by limited or difficult enforcement systems. Even in jurisdictions which are equipped with adequate laws and enforcement systems, detection of infringement of our rights may be difficult and even if detected, engaging in litigation to enforce our rights would be expensive.

Departure of our personnel, especially to a competitor, is a particular risk to our technology and intellectual property rights. We generally require all employees and advisors to sign agreements which require that our information be maintained as confidential during and after their employment/engagement. These agreements also assign or otherwise vest rights in the intellectual property developed by these employees and advisors to the company. Even so, these agreements may not effectively prevent disclosure of our information or effectively assign rights to us. Further, detection of violation of these agreements may be difficult and it may be difficult to enforce these agreements even when such violations are detected. Any exposure of our information by former employees or any failure to adequately have rights assigned to us, may have a material adverse effect on our business, financial condition, the results of our operations and our reputation.

Allegations of Infringement of Third- Party Intellectual Property poses Risks

We may face claims by third parties that our products infringe their intellectual property rights. Whether or not we ultimately prevail in any intellectual property dispute, defending the dispute may be expensive, it may distract our management and other key personnel and its outcome is uncertain. Further, if any of our products are found to infringe the intellectual property rights of others, or if we settle a claim in an adverse manner, it may restrict or prohibit further development, manufacture, and sale of our products. A loss or adverse settlement may require us to pay substantial sums of money in terms of damages. We may also be forced to seek licenses to continue to use the product that contains the specific intellectual property. These licenses may not be available on commercially acceptable terms or may not be available at all.

Furthermore, we are required to indemnify our customers against third-party claims of infringement of intellectual property arising out of our customers' use of our products and services. Typically, our liability for such indemnification is not limited by limitation of liability provisions in our customer contracts.

Further, we are often in possession of proprietary information of our customers. This information may be wrongly used or disclosed or may be misappropriated by employees of the Company or others. This would result in a breach of our contractual obligations to our customers any such breach may subject us to a significant claim (s) from the customer for damages and may also significantly damage our reputation.

We have a consistent protocol of requiring NDAs before disclosure of our trade secrets/confidential information to third parties. Employees sign confidentiality terms as a part of their employment agreement.

Historically, we have not received any allegation of infringement of third-party intellectual property against our products nor our services.

However, especially since we invest in and introduce new product lines, allegations of infringement of third-party intellectual property rights, against us or our customers with respect to our products or services, or any allegation of breach of our confidentiality obligations to our customers could arise and this could have a materially adverse impact on our business, financial condition the results of our operations and our reputation.

Variability of our Quarterly Operating Results makes comparisons difficult.

Our quarterly operating results have varied in the past due to reasons like seasonal pattern of hardware and software capital spending by customers, information technology, investment trends, achievement of milestones in the execution of projects, hiring of additional staff and timing and integration of acquired businesses. Hence, the past operating results and period to period comparisons may not indicate future performance. Our management is attempting to mitigate this risk through expansion of our client base geographically, increasing annuity revenue such as through managed services and also looking to grow revenues from Horizon 2 areas of IOT Security, ROC Insights etc.

Non-compliance with statutory obligations may result in fines and penalties

We face certain statutory obligations. Some of these obligations arise from the fact that we have registered with Special Economic Zone for software development activities and have availed Customs Duties and Goods and Service Tax exemptions. The non-fulfillment of export obligations or other non-compliance with statutory obligations may result in penalties as stipulated by the Government and this may have an impact on future profitability. The Company has team of in-house attorneys and engages outside counsel/consultants on a need basis. An ongoing monitoring mechanism has been established with respect to applicable laws.

Certifications and compliance

Subex is certified for both Information Security and Quality Management System Periodic reviews and internal audits are carried out based on a defined program. These audits cover the Delivery and Corporate functions based on the scope of certification for management systems which is currently defined as per the requirements of ISO 27001:2013, GDPR and ISO 9001:2015. A system is in place to identify and manage process changes methodically. There is people involvement across organization in the activities of process development, implementation and reviews, there by achieving continual improvement. A centralized repository is in place to cover all policies, processes and controls, which is easily accessible to all employees to ensure strict process adherence.

Non-compliance with Environmental Regulations may lead to fines and penalties

Software development, being generally a pollution free industry, means we are not subject to significant environmental regulations. Nonetheless, non-compliance with applicable environment regulations may lead to significant fines and penalties. We do adhere to the guidelines for disposing of E-wastes as stipulated by the E-Waste (Management and Handling) Rules. Asset related to IT i.e Laptop, servers etc. are disposed to Authorized E-waste Vendor only

Foreign Exchange Fluctuations may lead to variability in our revenue.

We have substantial exposure to foreign exchange related risks on account of revenue from export of software and outstanding liabilities. There is a natural hedge to the extent of expense incurred in same currency. Despite this, particularly given the volatility in the foreign exchange market, there could be significant variations. Our management is attempting to mitigate this risk through hedging by obtaining forward contracts against its revenue and receivables.

Failure to fulfill Contractual Obligation may lead to claims

We enter into contracts with our customers in the ordinary course of business, under which we are obligated to perform and act according to the contractual terms enumerated under them. Any failure to fulfill these contractual obligations may expose us to financial, reputational and other risks.

We are confident we have taken sufficient measures to assure it meets the contractual obligations under the customer contract. Nonetheless, there cannot be any assurance that a customer will not allege a breach by us of our obligations.

Debt Obligation

The Company did not have any debt obligation as on March 31, 2023.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

In accordance with the provision of Section 134(5)(e) of the Companies Act, 2013, and as per the provisions of the SEBI (LODR), Regulations, 2015, the Company has an Internal Control System, commensurate with the size, scale and complexity of its operations. Such Internal Financial Controls were found to be adequate for a Company of this size. The controls are largely operating effectively since there has not been identification of any material weakness in the Company. The Directors have in the Directors Responsibility Statement under paragraph (e) confirmed the same to this effect. The Company has policies and procedures in place for ensuring proper and efficient conduct of its business, the safeguarding of its assets,

the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and timely preparations, reliable financial information. The Company has adopted accounting policies which are in line with Indian Accounting Standards ("Ind AS").

Pursuant to the provisions of the Section 134(5)(f) of the Act, the Company during the year devised proper systems and continued to ensure compliance with the provisions of all applicable laws. Any matter that required attention was immediately dealt with. The compliance system was largely found to be adequate and operating effectively. The Directors have in the Directors Responsibility Statement under paragraph (f) confirmed the same to this effect.

The Internal Auditors monitor and evaluate the effectiveness and adequacy of internal control system in the Company, its compliance with operating systems, accounting procedures and policies at all locations of the Company and its subsidiaries. Based on the report of Internal Auditors, process owners undertake corrective action in their respective areas and thereby strengthen the controls. Significant audit observations and corrective actions thereon are presented to the Audit Committee of the Board.

Subex is certified for ISO 9001:2015 (Quality Management System) and ISO 27001:2013 (Information Security Management System). Internal audits are conducted periodically for projects and support functions to adhere to these international standards. These audits are conducted across Bengaluru, UK and US locations to ensure processes are followed to provide a better customer experience. Summary of the audits are shared across organization to help understand strengths and weaknesses in the system. People involvement in organization process initiatives is one that approaches towards achieving better compliance, standardizing activities to consistently achieve better customer satisfaction.

Subex conducts security awareness programs and improve the existing business continuity controls. Additionally, we continued to identify and involve relevant stakeholders to review and align the processes to Subex's Business objectives.

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES/INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED

Subexians

FY23 turned out to be a year of stabilisation as the overall corporate environment was impacted since the pandemic. We adopted to a hybrid way of working to enable all Subexians to work as effectively and productively as possible through this year.

Our endeavour was to enhance the Subexian experience throughout their lifecycle spanning recruitment, onboarding, performance, learning & growth and offboarding. As an organization, we take pride in ensuring the experience of each Subexian is positive and meaningful.

Our employees are spread across the globe and the larger centres are our offices located in Bengaluru, London, Denver, Dubai and Singapore. As of March 31, 2023, we had around 900+ full time Subexians on our rolls globally.

Human Resources at Subex is centralized at our corporate headquarters in Bengaluru, with regional HR teams providing local support aligned to the global HR strategy. The function is a key enabler in the Company's growth path by driving focused initiatives for talent development.

Our existing HR policies continue. Work from Home, Loan, Sabbatical, Certification, Team Outing are examples of a few policies which are employee focused. We recognized that remote working is a reality and the new way of working.

The Subex Handbook

As we grow, it is imperative that we document the vast amount of information about Subex as an organization, and the work we do. We needed a central repository about Subex and its functions for the easy access and consumption of any Subexian, new or old. Addressing this need, we have put together a Subex Handbook, a ready reckoner for everything one needs to know about Subex, and this continues to be updated.

This Subex Handbook is a living repository and will undergo continuous updations.

Key hires for the year

Over the period of the last twelve months, we have hired senior executives from the industry to fuel our growth strategy and help take Subex to the next frontier of growth.

Recruitment

Recruitment team was adaptable to execute virtual and in-person interviews considering the hybrid work environment. To add to the rigor and efficacy of the recruitment process, we initiated steps that would enable us to show measurable impact on the growth and quality of the workforce.

The well-established processes like leveraging social media platforms, attending social events to keep up the pace with industry insights, Coffee with the Hiring Manager, Post-offer feedback and engagement, Subexian referral program, interviewer feedback, Buddy Programme etc.. the focus last year was also on hiring key global talent to fuel our growth objectives. Our campus hires and internship programmes were successfully conducted as we are cognizant of the need to bring on board fresh, young minds to infuse innovation within Subex.

Subexian Onboarding

Most of our onboarding last year was carried out remotely. Our onboarding process has always been well recognised and appreciated. Our robust and comprehensive onboarding process with a clear goal of creating a great day-one experience continued. All paperwork is typically done online before the joining date and this has helped save tremendous amount of time for new joiners when they join Subex. The process does not limit to only day one. Quantifiable processes to cover the new joiner's 30-60-90 training plan, regular polls and interventions take place to assess employee engagement. The new joiner training is then followed up with an on-the-job training to strengthen the knowledge and skills learnt during the training period.

Performance Management

This year the focus continued on encouraging and developing high performance with the aim of driving meritocracy. The HR team in consultation with business drove multiple high-performance programs in the form of rewarding high performers with enhanced roles and incentive benefits.

Learning & Growth

Learning & development analysis is a continuous process to align people skills with business goals. We have attempted to bring all learning at Subex together, under one roof, for Subexians to have a consistent and robust learning experience. In continuation with the programmes and initiatives of last year, like the skill / competency matrix, we have also brought in a streamlined focus on curated learning, with a mix of external and internal training focused at specific groups and sections of Subexians.

Rewards & Recognition

We understand the importance of what appreciating and rewarding good performance and talent is. We revamped our rewards and recognition programme and have further automated it with additional features to help Subexians promote and establish a sound recognition culture. Although a recognition program involves costs, the outcome is significant. Some of the advantages are –

- Increases the repetition of desired behaviours, thereby aligning people with the desired organizational goals.
- Better employee job satisfaction
- Enhances team spirit
- Improves retention: Employees who feel valued, appreciated, and recognized are more likely to stay with an organization.
- Lowers employee turnover by acting as a retention tool.
- Maintains a strong employer brand.
- Acts as an allied HR process for meeting learning goals

In addition to the specific initiatives we launched last year, like WoW, SPOT awards which continue, we also introduced Subexian profiling platforms through the Internal Communications channel that appreciate and communicate the work done by Subexians to the entire organization.

Compensation

One of the main cornerstones of an employee's willingness to stay with an organization is compensation, and we recognize that. Subex is committed to the growth and development of its employees and will continue to invest in mind, money and effort towards this. We look at compensation holistically at Subex, and provide a suitable combination of fixed salary, variable salary, benefits, health and disability insurance, etc.

We constantly keep abreast of industry trends and benchmarks and try to maintain a balanced approach to compensation. We also arrive at the salary bands of Subexians by conducting comprehensive job matching, data validation and quality audits.

STANDALONE FINANCIAL STATEMENTS

INDEPENDENT AUDITOR'S REPORT

To the Members of Subex Limited

Report on the Audit of the Standalone Ind AS Financial Statements

Opinion

We have audited the accompanying standalone Ind AS financial statements of Subex Limited ("the Company"), which comprise the Standalone Balance sheet as at March 31, 2023, the Standalone Statement of Profit and Loss, including the statement of Other Comprehensive income/(loss), the Standalone Cash Flow Statement and the Standalone Statement of Changes in Equity for the year then ended, and notes to the standalone Ind AS financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone Ind AS Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, its loss including other comprehensive income/(loss), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants

of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements for the financial year ended March 31, 2023. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone Ind AS financial statements.

Key audit matters	How our audit addressed the key audit matter
Impairment assessment of investments in subsidiaries (as described in note 5 of the standalone Ind AS financial statements)	
<p>As at March 31, 2023, the net carrying value of investment in wholly owned subsidiaries in the standalone Ind AS balance sheet amounts to ₹ 33,561 lakhs.</p> <p>To assess if there is an impairment of the carrying value of investment, management conducted impairment tests, annually or whenever changes in circumstances or events indicate that, the carrying amount of such investment may not be recoverable. An impairment loss is recognized if the recoverable amount is lower than the carrying value.</p> <p>The recoverable amount is estimated by calculating the value in use by discounting future cash flows based on future business plans which are reviewed and approved by the Board of Directors of the Company.</p> <p>This is a key audit matter as the testing of investment impairment is complex and involves significant judgement. The key assumptions involved in impairment tests are projected revenue growth, operating margins, discount rates and terminal growth rate.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> (i) We evaluated the Company's internal controls over its annual impairment assessment and key assumptions applied such as revenue growth, operating margins, discount rates and terminal growth rates; (ii) In respect of valuation assessment performed by the management, we have obtained and assessed the key assumptions used; (iii) We have evaluated the competences, capabilities and objectivity of the management's expert and obtained an understanding of the scope of work and the terms of engagement. (iv) We involved valuation specialists for evaluating and testing the key assumptions and methodologies used by the management's expert in their valuation reports; (v) We performed sensitivity analysis in respect of key assumption used; (vi) We tested the arithmetical accuracy of the impairment models used; (vii) We discussed potential changes in key drivers as compared to previous year / actual performance with management in order to evaluate whether the inputs and assumptions used in the cash flow forecasts were suitable; and (viii) We assessed the disclosures made in the standalone Ind AS financial statements.

Evaluation of key tax matters (as described in note 33 of the standalone Ind AS financial statements)

The Company operates in multiple jurisdictions and is subject to periodic challenges by local tax authorities on a range of tax matters during the normal course of business including transfer pricing and indirect tax matters. These involve significant judgment by the Company to determine the possible outcome of the uncertain tax positions, consequently having an impact on related accounting and disclosures in the standalone financial statements, which have been a matter of significance during the audit and hence considered as a key audit matter.

Our audit procedures included the following:

- (i) We obtained an understanding and tested the internal controls relating to the identification, recognition and measurement of provisions for disputes and disclosures of contingent liabilities in relation to tax;
- (ii) We obtained confirmation from management's expert on ongoing litigations along with risk assessment and assessed the independence, objectivity, and competence of the management expert;
- (iii) We obtained details of tax assessments, demands issued by tax authorities, orders/notices received with respect to other litigations from the management;
- (iv) We involved tax specialists to review the status of tax assessments and management's position in relation to on-going disputes regarding likelihood assessment of exposure carried out by the management; and
- (v) We assessed the adequacy of disclosures made in the standalone Ind AS financial statements.

Revenue recognition (as described in note 21 of the Standalone Ind AS financial statements)

The Company derives its revenue primarily from sale, implementation and customization of its proprietary license and related managed/support services.

Revenue from contracts with customers is recognized by the Company in accordance with the requirements of Ind AS 115, Revenue from Contracts with Customers ("Ind AS 115"), which involves certain key judgements relating to identification of distinct performance obligations, determination of the transaction price, allocation of transaction price to the identified performance obligations especially to license fees, the appropriateness of the basis used to measure revenue recognized over time or at a point in time. Accordingly, revenue recognition has been identified as a key audit matter.

Our audit procedures included the following:

- (i) We evaluated the design of internal controls and tested the operating effectiveness of the internal control over revenue recognition;
- (ii) We performed following procedures on a sample of revenue contracts, selected on a test check basis:
 - Read and identified the distinct performance obligations in these contracts and compared these performance obligations with those identified and recorded;
 - Read the terms of the contracts and tested the determination of the transaction price including any variable consideration. Also, tested management's evaluation of the stand-alone selling price for each performance obligation;
 - Tested the basis used by the management to measure revenue recognized over time or at a point in time as per the requirements of Ind AS 115;
- (iii) Performed cut-off procedures;
- (iv) In respect of fixed price contracts, we assessed the efforts incurred with estimated efforts to identify significant variations and reasons and to test whether those variations have been considered in estimating the remaining efforts to complete the contract; and
- (v) We assessed the disclosures in the Standalone Ind AS financial statements.

We have determined that there are no other key audit matters to communicate in our report.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's report including annexures, Business Responsibility Report and Report on Corporate Governance (hereinafter together referred to as "reports"), but does not include the standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information, in doing so, consider whether such other information is materially inconsistent with the Standalone Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

The Director's report is not made available to us at the date of this auditor's report. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and

fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the

Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate

in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements for the financial year ended March 31, 2023 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.

- (c) The Company has granted advance in the nature of loans during the year to other parties (i.e. employees) where the schedule of repayment of principal and payment of interest has been stipulated and the repayment or receipts are regular except in the following case where loans were granted in earlier years, there are no repayments of principal and interest.

Name of the Entity	Amount	Due date	Extent of delay	Remarks, if any
Subex Technologies Limited	₹ 1,706 Lakhs	Note 1	Note 1	The amount given to the wholly owned subsidiary is fully provided for, in the books of the Company.

Note 1: The Company had granted the above loans in earlier years which have been fully impaired in the books of the Company in earlier years. Further, no interest is accrued in respect of these loans.

- (d) There are no amounts of loans and advances in the nature of loans granted to companies, firms, limited liability partnerships or any other parties (i.e., employees) which are overdue for more than ninety days except for the loan given to Subex Technologies Limited which has been provided as detailed in note 1 of the previous paragraph.
- (e) There were no loans or advance in the nature of loan granted to other parties (i.e. employees) which have fallen

due during the year, that have been renewed or extended or fresh loans granted to settle the overdue of existing loans given to the same parties.

- (f) The Company has not granted any loans or advances in the nature of loans, either repayable on demand or without specifying any terms or period of repayment to companies, firms, limited liability partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(f) of the Order is not applicable to the Company.
- (iv) In our opinion and according to the information and explanations given by the management, there are no loans, investments, guarantees, and security in respect of which provisions of

sections 185 of the Companies Act, 2013 ("the Act") are applicable and hence not commented upon. Further, according to the information and explanations given to us, provisions of sections 186 of the Companies Act, 2013 in respect of loans, investments and, guarantees, and security have been complied with by the Company. However, in case of one subsidiary where the loan granted during previous years amounting to INR 1,706 lakhs has been provided for in previous years considering the financial position of the said subsidiary.

- (v) The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.
- (b) According to the records of the Company, there are no dues of goods and services tax, provident fund, employees' state insurance, income tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess, goods and service tax and other statutory dues which have not been deposited on account of any dispute, except the following

* Excluding penalty and interest from the date of Order to March 31, 2023.

The Company has received partial/complete favorable orders from Income Tax Appellate Tribunal ('ITAT')/Hon'ble High Court of Karnataka and is awaiting order giving effect from assessing officer.

- (viii) The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.
- (ix) (a) The Company did not have any outstanding loans or borrowings or interest thereon due to any lender during the year. Accordingly, the requirement to report on clause ix(a) of the Order is not applicable to the Company.
- (b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
- (vi) To the best of our knowledge and as explained, the Central Government has not specified the maintenance of cost records under section 148(1) of the Act, for the products/services of the Company.
- (vii) (a) The Company is regular in depositing with appropriate authorities undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, duty of customs, cess and other statutory dues applicable to it. According to the information and explanations given to us and based on audit procedures performed by us, no undisputed amounts payable in respect of these statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.
- (c) The Company did not have any term loans outstanding during the year hence, the requirement to report on clause (ix)(c) of the Order is not applicable to the Company.
- (d) The Company did not raise any funds during the year hence, the requirement to report on clause (ix)(d) of the Order is not applicable to the Company.
- (e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries. The Company does not have any associates or joint ventures.
- (f) On an overall examination of the financial statements, the Company has not raised loans during the year on the pledge of securities held in its subsidiaries. The Company does not have any associates or joint venture. Accordingly, the requirement to report on clause (ix)(f) of the Order is not applicable to the Company.
- (x) (a) According to the information and explanation given by the management, the Company has not raised any money

during the year by way of initial public offer / further public offer (including debt instruments) hence, the requirement to report on clause 3(x)(a) of the Order is not applicable to the Company.

- (b) The Company has not made any preferential allotment or private placement of shares/ fully or partially or optionally convertible debentures during the year under audit and hence, the requirement to report on clause 3(x)(b) of the Order is not applicable to the Company.
- (xi) (a) According to the information and explanation given by the management, no fraud by the Company or no fraud on the Company has been noticed or reported during the year.
- (b) During the year, no report under sub-section (12) of section 143 of the Act has been filed by secretarial audit or by us in Form ADT – 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.
- (xii) In our opinion, the Company is not a nidhi company as per the provisions of the Act. Therefore, the requirement to report on clause 3(xii)(a), (b) and (c) of the Order is not applicable to the Company.
- (xiii) According to the information and explanations given by the management, transactions with the related parties are in compliance with section 177 and 188 of the Act, where applicable and the details have been disclosed in the notes to the standalone Ind AS financial statements, as required by the applicable accounting standards.
- (xiv) (a) The Company has an internal audit system commensurate with the size and nature of its business.
- (b) The internal audit reports of the Company issued till the date of the audit report, for the period under audit have been considered by us.
- (xv) According to the information and explanations given by the management, the Company has not entered into any non-cash transactions with its directors or persons connected with its directors, as referred to in section 192 of the Act and hence requirement to report on clause 3(xv) of the Order is not applicable to the Company.
- (xvi) (a) According to the information and explanations given by the management, the provisions of section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, the requirement to report on clause (xvi)(a) of the Order is not applicable to the Company.
- (b) The Company is not engaged in any Non-Banking Financial or Housing Finance activities. Accordingly, the requirement to report on clause (xvi)(b) of the Order is not applicable to the Company.

(c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause 3(xvi) of the Order is not applicable to the Company.

(d) There is no Core Investment Company as a part of the Group, hence, the requirement to report on clause 3(xvi)(d) of the Order is not applicable to the Company.

(xvii) The Company has incurred cash losses in the current year amounting to Rs. 6,512 lakhs. In the immediately preceding financial year, the Company had incurred cash losses amounting to Rs. 284 lakhs.

(xviii) There has been no resignation of the statutory auditors during the year and accordingly requirement to report on clause 3(xviii) of the Order is not applicable to the Company.

(xix) On the basis of the financial ratios disclosed in note 40 to the standalone Ind-AS financial statements, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The Company does not have any obligation to incur expenses in relation to Corporate Social Responsibility as disclosed in note 39 to the standalone Ind-AS financial statements. Accordingly, the requirement to report on clause (xx)(a) and (b) of the Order is not applicable to the Company.

Annexure '2' to the Independent Auditor's Report of even date on the Standalone Ind AS Financial Statements of Subex Limited

Report on the Internal Financial Controls under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone Ind AS financial statement of Subex Limited ("the Company") as of March 31, 2023 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these standalone Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these standalone Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these standalone Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone Ind AS financial statements included obtaining an understanding of internal financial controls with reference to these standalone Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to these standalone Ind AS financial statements.

Meaning of Internal Financial Controls with Reference to these Standalone Ind AS Financial Statements

A Company's internal financial control with reference to standalone Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to standalone Ind AS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Standalone Ind AS Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone Ind AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone Ind AS financial statements to future periods are subject to the risk that the internal financial control with reference to standalone Ind AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone Ind AS financial statements and such internal financial controls with reference to standalone Ind AS financial statements were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended March 31, 2023

1. Corporate information

Subex Limited ("the Company" or "Subex") a public limited company incorporated in 1994, is a leading global provider of Operations and Business Support Systems ("OSS/BSS") to communication service providers ("CSPs") worldwide in the Telecom industry.

The Company pioneered the concept of a Revenue Operations Centre ("ROC") – a centralized approach that sustains profitable growth and financial health for the CSPs through coordinated operational control. Subex's product portfolio powers the ROC and its best-in-class solutions enable new service creation, operational transformation, subscriber-centric fulfilment, provisioning automation, data integrity management, revenue assurance, cost management, fraud management and interconnect/ inter-party settlement. Subex also offers a scalable Managed Services Program. The CSPs achieve competitive advantage through Business Optimization and Service Agility and improve their operational efficiency to deliver enhanced service experiences to their subscribers. The Company has its registered office in Bengaluru and operates through its wholly owned subsidiaries in India, USA, UK, Singapore, Canada, Bangladesh and UAE and branches in USA, UK, Canada, Australia, Italy, UAE and Saudi Arabia.

Effective November 1, 2017, the Company has restructured its business by way of transfer of its Revenue Maximisation Solutions and related businesses ("RMS business") and the Subex Secure and Analytics solutions and related businesses ("Digital business") to its subsidiaries, Subex Assurance LLP ("SA LLP") and Subex Digital LLP ("SD LLP") (together referred to as "LLPs"), respectively, hereinafter referred to as the "Restructuring" to achieve amongst other aspects, segregation of the Company's business into separate verticals to facilitate greater focus on each business vertical, higher operational efficiencies, and to enhance the Company's ability to enter into business specific partnerships and attract strategic investors at respective business levels, with an overall objective of enhancing shareholder value. Post such Restructuring, the Company continues to directly hold 99.99% share in the capital of, and in the profits and losses of, each of these LLPs and the entire economic interest as well as control and ownership of the RMS Business and Digital Business remains with the Company post such Restructuring.

Further, the Board of Directors of the Company in its meeting held on October 28, 2021 has approved the restructuring of the business, subject to all requisite approvals, wherein the business carried out by Subex Assurance LLP will be transferred to Subex Limited on a 'going concern' basis excluding Developed Technology and Investment in subsidiaries. The aforesaid restructuring is being carried out to achieve higher operational efficiencies upon integration and consolidation of business in the listed entity. On February 23, 2022, the shareholder of the Company approved the aforesaid restructuring through postal ballot.

These standalone financial statements for the year ended March 31, 2023 are approved by the Board of Directors on May 15, 2023.

2. Significant accounting policies

a. Basis of preparation

The standalone financial statements of the Company have been prepared and presented in accordance with accounting principles generally accepted in India including Indian Accounting Standards ("Ind AS") specified under section 133 of the Companies Act, 2013 ("the Act") read with Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time).

The standalone financial statements have been prepared on a historical cost basis, except for certain financial instruments which are measured at fair value at the end of each reporting period, as explained further in the accounting policies below.

The standalone financial statements comprise the financial statements of the Company and its controlled employee benefit trust.

Subex Limited is the sponsoring entity of Employee Stock Option Plan ("ESOP") trust. Management of the Company can appoint and remove the trustees and provide funding to the trust for buying the shares. Basis assessment by the management, it believes that the ESOP trust is controlled by the Company and accordingly Subex Employee Welfare and ESOP Benefit Trust is consolidated [refer note 2(o) and note 34].

The standalone financial statements are presented in INR (₹) and all the values are rounded off to the nearest Lakhs (INR 00,000) except when otherwise indicated.

b. Use of estimates, assumptions and judgements

The preparation of the standalone financial statements in conformity with Ind AS requires the management to make estimates, judgements and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities on the date of the standalone financial statements and the reported amounts of revenues and expenses for the year reported. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimates are revised and future periods are affected.

Key source of estimation of uncertainty as at the date of standalone financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of the following:

Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit ("CGU") exceeds its recoverable amount, which

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended March 31, 2023

is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a discounted cash flow ("DCF") model. The cash flows are derived from the budget for future years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes. Also, refer note 2(h).

Impairment of financial assets

In accordance with Ind AS 109, the Company assesses impairment of financial assets ('Financial instruments') and recognises expected credit losses, which are measured through a loss allowance.

The Company provides for impairment of investment in subsidiaries. Impairment exists when there is a diminution in value of the investment and the recoverable value of such investment is lower than the carrying value of such investment.

The Company provides for impairment of trade receivables and unbilled revenue based on assumptions about risk of default and expected timing of collection. The Company uses judgement in making these assumptions and selecting inputs to the impairment calculation, based on the Company's past history, customer's creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period. Also, refer note 2(h).

Defined benefit plans

The cost of the defined benefit gratuity plan and other post-employment benefits and the present value of the gratuity obligation is determined using actuarial valuation. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date (refer note 35).

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables. These mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

Share-based payments

Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them. The assumptions and models used for estimating fair value for share-based payment transactions are disclosed in note 34.

Taxes

The Company's tax jurisdiction is India. Significant judgments are involved in determining the provision for income taxes and tax credits including the amount expected to be paid or refunded for uncertain tax positions. Also refer note 2(r) and note 20.

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Leases

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the Company has concluded that no changes are required to lease period relating to the existing lease contracts [Refer to note 2(j)].

c. Current/ non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended March 31, 2023

- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It holds the liability primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities, respectively.

Advance tax paid is classified as non-current assets.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

d. Revenue recognition

Revenue from support services to group entities/related parties- Support service income is recognized as services are rendered, on the basis of an agreed mark up on costs incurred, in accordance with the agreement entered into with group entities.

The Company derives its revenues from sale and implementation of its license and implementation of its proprietary software and managed/ support services.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expect to receive in exchange for those products or services.

The following specific recognition criteria must also be met before revenue is recognized:

Revenues from licensing arrangements is recognized at a point in time on transfer of the title in user licenses, except those contracts where transfer of title is dependent upon rendering of significant implementation and other services by the Company, in which case revenue is recognized over the implementation period in accordance with the specific terms of the contracts with clients.

Revenue from implementation and customisation services is recognised using the percentage of completion method. Percentage of completion is determined based on completed

efforts against the total estimated efforts, which represent the fair value of services rendered.

Revenue from managed/ support services comprise income from fixed price contracts, time-and-material contracts and annual maintenance contracts. Revenue from fixed price contracts is recognized over the period of the contracts using the percentage of completion method. Revenue from time and material contracts is recognized when the services are rendered in accordance with the terms of contracts. Revenue from annual maintenance contracts is recognised rateably over the period of the contracts.

Revenue from sale of hardware under reseller arrangements is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of goods to customers.

In case of multiple element arrangements for sale of software license, related implementation and maintenance services, the Company has applied the guidance in Ind AS 115, by applying the revenue recognition criteria for each distinct performance obligation. The arrangements generally meet the criteria for considering the sale of software license, related implementation and maintain services as distinct performance obligation. For allocating the consideration, the Company has measured the revenue in respect of each distinct performance obligation of a transaction at its standalone selling price, in accordance with principles given in Ind AS 115. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. In cases where the Company is unable to determine the standalone selling price, the Company has used a residual method to allocate the arrangement consideration. In these cases, the balance of the consideration, after allocating the standalone selling price of undelivered components of a transaction has been allocated to the delivered components for which specific standalone selling price do not exist.

The Company collects Goods and Services tax and other taxes as applicable in the respective tax jurisdictions where the Company operates, on behalf of the government and therefore it is not an economic benefit flowing to the Company. Hence it is excluded from revenue.

Provisions for estimated losses on contracts are recorded in the period in which such losses become probable based on the current contract estimates. 'Unbilled revenue' included in other financial assets represent revenues recognized in excess of amounts billed to clients as at the balance sheet date. 'Unearned revenue' included in other current liabilities represent billings in excess of revenues recognized as at the balance sheet date.

Performance obligations and remaining performance obligations

The remaining performance obligation disclosure provides the aggregate amount of the transaction price yet to be recognized

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended March 31, 2023

as at the end of the reporting period and an explanation as to when the Company expects to recognize these amounts in revenue.

Applying the practical expedient as given in Ind AS 115, the Company has not disclosed the remaining performance obligation related disclosures for contracts where the revenue recognized corresponds directly with the value to the customer of the entity's performance completed to date, typically those contracts where invoicing is on time and material basis.

Remaining performance obligation estimates are subject to change and are affected by several factors, including terminations, changes in the scope of contracts, periodic revalidations, adjustment for revenue that has not materialized and adjustments for currency.

Interest

Interest income is recognized as it accrues in the standalone statement of profit and loss using effective interest rate method.

e. Property, plant and equipment

Property, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalization criteria are met, directly attributable cost of bringing the plant and equipment to its working condition for the intended use and cost of replacing part of the plant and equipment. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the standalone statement of profit and loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Gains or losses arising from derecognition of the assets are measured as the difference between the net disposal proceeds and the carrying amounts of the assets and are recognized in the standalone statement of profit and loss when the assets are derecognized.

f. Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in the standalone statement of profit and loss in the period in which the expenditure is incurred.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the standalone statement of profit and loss when the asset is derecognised.

g. Depreciation and amortization

Depreciation of property, plant and equipment and amortization of intangible assets with finite useful lives is calculated on a straight-line basis over the useful lives of the assets estimated by the management, basis technical assessment:

The Company has used the following useful lives to provide depreciation on plant and equipment and amortization of intangible assets:

Assets	Useful life
Computer equipment	3 years
Furniture and fixtures	5 years
Vehicles	5 years
Office equipment	5 years
Leasehold improvements	5 years
Computer software	4 years
Intellectual property rights	10 years

The residual values, useful lives and methods of depreciation of property, plant and equipment and amortization of intangibles are reviewed at each financial year end and adjusted prospectively, if appropriate.

h. Impairment

Impairment of financial assets

The Company assesses at each date of balance sheet whether a financial asset or a Group of financial assets is impaired. Ind AS 109 ('Financial instruments') requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and/ or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended March 31, 2023

Impairment of non-financial assets

Non-financial assets including Property, plant and equipment, intangible assets and right-of-use asset with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the standalone statement of profit and loss.

For assets an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the standalone statement of profit and loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

i. Equity investments in subsidiaries

Investments in subsidiaries are classified as non-current investments. Impairment recognized, if any, is reduced from the carrying value.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the standalone statement of profit and loss.

Investment in Limited Liability Partnership ("LLP") firms is carried at cost in the separate financial statements. The share in profit/loss in LLPs is recognised as income/expense in the standalone statement of profit and loss and is recorded under other current financial asset/liabilities as the right to share the profit/loss is established as per the LLP's agreement. The Company has presented share of profit and share of loss from LLP on net basis as the management considers the net income/expense to be its return on investment in LLP.

j. Leases

The Company assesses at contract inception whether a contract is/ contains a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee:

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the lease term.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. Refer note 2(h) Impairment of non-financial assets.

ii) Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made.

iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leased assets (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leased assets that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

k. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and liabilities are recognised when the Company becomes a party to the contract that gives rise to financial assets and liabilities. Financial assets and liabilities are initially measured

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended March 31, 2023

at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortized cost

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are immediately recognised in standalone statement of profit and loss.

Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit or loss. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition of financial assets and liabilities

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies

for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized when the obligation specified in the contract is discharged or cancelled or expires. When an existing financial asset/ liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the standalone statement of profit and loss.

Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the standalone balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Fair value of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended March 31, 2023

the asset or liability, assuming that market participants act in their economic best interest.

In determining the fair value of its financial instruments, the Company uses following hierarchy and assumptions that are based on market conditions and risks existing at each reporting date.

Derivative financial instruments

Initial recognition and subsequent measurement

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. In determining the fair value of its financial instruments, the Company uses following hierarchy and assumptions that are based on market conditions and risks existing at each reporting date.

Fair value hierarchy

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the standalone financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

l. Borrowing cost

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

m. Standalone statement of cash flows

Cash flows are reported using the indirect method, whereby profit/ (loss) for the period is adjusted for the effects of transactions of a non-cash nature or any deferrals or accruals of

past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

n. Employee share based payments

The Company measures compensation cost relating to employee stock options plans using the fair valuation method in accordance with Ind AS 102, Share-Based Payment. Compensation expense is amortized over the vesting period of the option on a straight-line basis. The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model (Black-Scholes valuation model). That cost is recognised, together with a corresponding increase in employee stock options reserves in other equity, over the period in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

o. Treasury shares

The Company has formed Subex Employee Welfare and ESOP Benefit Trust ("ESOP Trust") for providing share-based payment to its employees. The Company treats ESOP Trust as its extension and shares held by ESOP Trust are treated as treasury shares.

Own equity instruments that are purchased (treasury shares) are recognised at cost and deducted from equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognised in reserve. Share options exercised during the reporting period are adjusted with treasury shares.

p. Employee benefits

Employee benefits include provident fund, gratuity and compensated absences.

Defined contribution plans

Contributions payable to recognized provident funds, which are defined contribution schemes, are charged to the standalone statement of profit and loss.

Defined benefit plans

Gratuity, which is a defined benefit plan, is accrued based on an independent actuarial valuation, which is done based on projected unit credit method as at the balance sheet date. The Company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Gains

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended March 31, 2023

and losses through re-measurements of the net defined benefit liability/ (asset) are recognized in other comprehensive income. In accordance with Ind AS, re-measurement gains and losses on defined benefit plans recognised in OCI are not to be subsequently reclassified to the standalone statement of profit and loss. As required under Ind AS compliant Schedule III, the Company transfers it immediately to 'Surplus/ (deficit) in the statement of profit and loss'.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds where remaining maturity of such bond correspond to expected term of defined benefit obligation.

Short-term employee benefits

Short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. Compensated absences, which are expected to be utilised within the next 12 months, are treated as short-term employee benefits. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employees render the related services are treated as long-term employee benefits for measurement purpose. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year end, less the fair value of the plan assets out of which the obligations are expected to be settled. Actuarial gains/ losses are immediately taken to the standalone statement of profit and loss and are not deferred.

The Company presents the entire compensated absences balance as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for twelve months after the reporting date.

q. Foreign currencies

Foreign currency transactions are initially recorded in the functional currency of the Company by applying exchange rates prevailing on the date of the transaction. For practical reasons, the Company uses an average rate if the average approximates the actual rate at the date of the transaction. Foreign currency denominated monetary assets and liabilities are restated into the functional currency using exchange rates prevailing on the balance sheet date.

Gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are included in the standalone statement of profit and loss.

The Company's standalone financial statements are presented in INR (₹). The Company determines the functional currency as INR on the basis of primary economic environment in which the entity operates.

r. Taxes on income

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in standalone statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in other equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in other equity, respectively.

Current income tax

Current income tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for that period. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the balance sheet date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Company shall reflect the effect of uncertainty for each uncertain tax treatment by using either most likely method or expected value method, depending on which method predicts better resolution of the treatment.

Deferred income tax

Deferred income tax is recognised using the balance sheet approach, deferred tax is recognized on temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognized for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred income tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred income taxes are not provided on the undistributed earnings of branches where it is expected that the earnings of the branch will not be distributed in the foreseeable future.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended March 31, 2023

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

Deferred tax assets include Minimum Alternative Tax ("MAT") paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognized as deferred tax asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realized. The company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent that it is no longer probable that it will pay normal tax during the specified period.

s. Provision and contingencies

A provision is recognized when an enterprise has a present obligation (legal or constructive) as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made of the amount of the obligation. If the effect of time value of money is material, provision is discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Provisions for onerous contracts, i.e. contracts where the expected unavoidable costs of meeting obligations under a contract exceed the economic benefits expected to be received, are recognized when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event, based on a reliable estimate of such obligation.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the standalone financial statements.

t. Cash dividend to the equity holders of the Company

The Company recognises a liability to make cash distributions to equity holders of the Company when the distribution is authorised, and the distribution is no longer at the discretion of the Company. Final dividends on shares is recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors

u. Earnings/ (loss) per share

Basic earnings/ (loss) per share is computed by dividing the profit/ (loss) after tax attributable to the equity holders of the Company by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit/ (loss) after tax as adjusted for dividend, interest (net of any attributable taxes) other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share or increase the net loss per share. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented.

v. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organization and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit/ loss amounts are evaluated regularly by the Executive Management in deciding how to allocate resources and in assessing performance. The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to the segments on the basis of their relationship to the operating activities of the segment.

Common allocable costs are allocated to each segment according to the relative contribution of each segment to the total common costs.

Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on a reasonable basis have been included under 'unallocated revenue/ expenses/ assets/ liabilities'

w. Recent accounting pronouncements:

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standard) Rules as issued from time to time.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended March 31, 2023

On March 31, 2023 MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1 – Presentation of Financial Statements - This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the standalone financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors - This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

Ind AS 12 - Income Taxes - This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

i. Income tax

The Company has received favourable orders from Hon'ble Karnataka High Court for FY 2010-11 and from ITAT for FY 2013-14 and FY 2014-15 therefore, contingent liability has been reduced to ₹ 369 lakhs. The Company is yet to receive the order giving effects (OGE) for the said assessment years. Further, the Company has filed an appeal before the Hon'ble Karnataka High Court for FY 2013-14 and the management, including its tax experts/advisors are confident that its position will likely be upheld on ultimate resolution and it will not have material adverse effect on the Company's financials position and results of operations. With respect to the aforesaid demands ₹ 1,776 Lakhs has been paid/refund adjusted under protest.

ii. Service tax

The Company has received demand order towards the service tax on import of certain services and equivalent amount of penalties under the provisions of the Finance Act, 1994 along with the consequential interest during the period April 2006 to July 2009. These demands are disputed by the management and the Company has filed appeals against these orders with various appellate authorities. The management is of the view that the service tax is not applicable on those import of services, and is confident that the demands raised by the Assessing Officers are not tenable under law.

iii. The Company has issued comfort letter to provide continued financial support to its subsidiaries viz., Subex Americas Inc, Subex Inc., Subex Middle East, Subex Bangladesh, Subex Digital LLP. (March 31, 2022: Subex Technologies Ltd., Subex Americas Inc. and Subex Digital LLP)

34. Employee stock options plans ('ESOPs')

During the year 2018-2019, the Board of Directors and the shareholders of the Company approved "Subex Employees Stock Option Scheme – 2018" (referred to as the "ESOP Scheme 2018" or "ESOP - V") to be administered through Subex Employee Welfare and ESOP Benefit Trust (referred to as the "ESOP Trust"). The ESOP Trust is authorised to acquire shares of the Company through secondary market for providing such share-based payments to its employees. The ESOP Trust is consolidated in the standalone financial results of the Company and the shares reacquired and held by ESOP Trust are treated as treasury shares recognised at cost and deducted from other equity. The ESOP trust held 1,11,10,800 and 12,533,720 treasury shares as at March 31, 2023 and March 31, 2022, respectively.

The Nomination & Remuneration Committee in their meeting held on January 31, 2022 granted 14,48,000 options under approved "Subex Employees Stock Option Scheme – 2018" to the eligible employees. The shares granted vest over a period of 1 to 3 years and can be exercised over a maximum period of 3 years from the date of vesting.

There is an extension of exercise period till June 30, 2023 for those vested options which were getting lapsed in February 2023.

*** Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

^ The fair value of these accounts was calculated based on cash flow discounted using a current lending/ borrowing rate, they are classified as level 3 fair value hierarchy due to inclusion of unobservable inputs including counterparty credit risk.

The carrying value of these accounts are considered to be the same as their fair value, due to their short term nature. Accordingly, these are classified as level 3 of fair value hierarchy.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended March 31, 2023

38. Financial risk management

The Company's activities expose it to the following risks:

- i. Credit risk
- ii. Interest rate risk
- iii. Liquidity risk
- iv. Market risk

i. Credit risk

Credit risk is the risk that counter party will not meet its obligations under a financial instruments or customer contract leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities including deposits with banks, investments, foreign exchange transactions and other financial instruments.

a. Trade receivables

Credit risk is managed by each business unit as per the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored.

The impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogeneous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company does not hold collateral as security.

b. Credit risk exposure

The Company's credit period generally ranges from 30 - 180 days. The credit risk exposure of the Company is as below:

(₹ in Lakhs)

Particulars	As at March 31, 2023	As at March 31, 2022*
Trade receivables	10,883	5,824
Unbilled revenue	935	31
Total	11,818	5,855

The movement in credit loss allowance on customer balance is as follows:

(₹ in Lakhs)

Particulars	As at March 31, 2023	As at March 31, 2022*
Opening balance	2,239	2,239
Add: Addition on account of asset and liability purchase (refer note 1(c))	233	-
Add/(Less): Provided/(reversal) during the year	2,326	-
Less: Bad-debts written-off	(131)	(9)
Add/(less): Translation difference	38	9
Closing balance	4,705	2,239

c. Other financial assets and deposits with banks

Credit risk is limited, as the Company generally invests in deposits with banks with high credit ratings assigned by international and domestic credit rating agencies. Counter-party credit limits are reviewed by the Company periodically and the limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

ii. Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate due to changes in market interest rates. The Company does not have any debt outstanding as at March 31, 2023 and as at March 31, 2022. Also, the Company's investments are primarily in fixed rate interest bearing investments. Hence, the Company is not significantly exposed to interest rate risk.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended March 31, 2023

iii. Liquidity risk

The Company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. The Company believes that the cash and cash equivalents is sufficient to meet its current requirements. Accordingly no liquidity risk is perceived.

The break-up of cash and cash equivalents and deposits is as below:

(₹ in Lakhs)

* Refer note 1(c)

iv. Market risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exchange risk arises from its foreign operations, foreign currency revenues and expenses. The Company has exposures to United States Dollars ('USD'), Singapore Dollars ('SGD'), and other currencies. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities and financing activities.

CONSOLIDATED FINANCIAL STATEMENTS

INDEPENDENT AUDITOR'S REPORT

To the Members of Subex Limited

Report on the Audit of the Consolidated Ind AS Financial Statements

Opinion

We have audited the accompanying Consolidated Ind AS financial statements of Subex Limited (hereinafter referred to as "the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") comprising of the consolidated Balance sheet as at March 31, 2023, the consolidated Statement of Profit and Loss, including other comprehensive income/(loss), the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated Ind AS financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, as at March 31, 2023, their consolidated loss including other comprehensive income/(loss), their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements' section

of our report. We are independent of the Group, in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated Ind AS financial statements for the financial year ended March 31, 2023. These matters were addressed in the context of our audit of the consolidated Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated Ind AS financial statements. The results of audit procedures performed by us, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated Ind AS financial statements.

Key audit matters	How our audit addressed the key audit matter
Revenue recognition (as described in note 23 of the consolidated Ind AS financial statements)	
<p>The Group derives its revenue primarily from sale, implementation and customization of its proprietary license and related managed/support services.</p> <p>Revenue from contracts with customers is recognized by the Group in accordance with the requirements of Ind AS 115, Revenue from Contracts with Customers ("Ind AS 115"), which involves certain key judgements relating to identification of distinct performance obligations, determination of the transaction price, allocation of transaction price to the identified performance obligations especially to license fees, the appropriateness of the basis used to measure revenue recognized over time or at a point in time. Accordingly, revenue recognition has been identified as a key audit matter</p>	<p>Our audit procedures included the following:</p> <ol style="list-style-type: none"> (i) We evaluated the design of internal controls and tested the operating effectiveness of the internal control over revenue recognition; (ii) We performed following procedures on a sample of revenue contracts, selected on a test check basis: <ul style="list-style-type: none"> • Read and identified the distinct performance obligations in these contracts and compared these performance obligations with those identified and recorded; • Read the terms of the contracts and tested the determination of the transaction price including any variable consideration. Also, tested management's evaluation of the stand- alone selling price for each performance obligation; • Tested the basis used by the management to measure revenue recognized over time or at a point in time as per the requirements of Ind AS 115;

	<ul style="list-style-type: none"> (iii) Performed cut-off procedures; (iv) In respect of fixed price contracts, we assessed the efforts incurred with estimated efforts to identify significant variations and reasons and to test whether those variations have been considered in estimating the remaining efforts to complete the contract; and (v) We assessed the disclosures in the consolidated Ind AS financial statements.
Impairment assessment of Goodwill (as described in note 5 of the consolidated Ind AS financial statements)	
<p>As at March 31, 2023, the Group's net goodwill balance amounts to ₹ 34,409 lakhs pertaining to two cash generating units ('CGUs') ie: Revenue Management Solutions ('RMS') and Data Integrity Management ('DIM').</p> <p>To assess if there is an impairment of the carrying value of goodwill, management conducts impairment tests at CGU level to which the goodwill is allocated, annually or whenever changes in circumstances or events indicate that, the carrying amount of such goodwill may not be recoverable. An impairment loss is recognized if the recoverable amount is lower than the carrying value.</p> <p>The recoverable amount of the CGU is estimated by calculating the value in use of the CGU to which goodwill is allocated by discounting future cash flows based on future business plans which are reviewed and approved by the Board of Directors of the Holding Company.</p> <p>This is a key audit matter as the testing of goodwill impairment is complex and involves significant judgement. The key assumptions involved in impairment tests are projected revenue growth, operating margins, discount rates and terminal growth.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> (i) We evaluated the Company's internal controls over its annual impairment assessment and key assumptions applied such as revenue growth, operating margins, discount rates and terminal growth rates; (ii) We have obtained the valuation assessment from the external valuation specialist engaged by the management for the Revenue Management Solution ('RMS') CGU and assessed the key assumptions used; (iii) We have evaluated the competences, capabilities and objectivity of the management's expert and obtained an understanding of the scope of work and the terms of engagement. (iv) We involved valuation specialists for evaluating and testing the key assumptions and methodologies used by the management's expert in their valuation reports; (v) We performed sensitivity analysis in respect of key assumption used; (vi) We tested the arithmetical accuracy of the impairment models used; (vii) We discussed potential changes in key drivers as compared to previous year / actual performance with management in order to evaluate whether the inputs and assumptions used in the cash flow forecasts were suitable; and (viii) We assessed the disclosures made in the Consolidated Ind AS financial statements.
Evaluation of key tax matters (as described in note 33 of the consolidated Ind AS financial statements)	
<p>The Group operates in multiple jurisdictions and is subject to periodic challenges by local tax authorities on a range of tax matters during the normal course of business including transfer pricing and indirect tax matters. These involve significant judgment by the Group to determine the possible outcome of the uncertain tax positions, consequently having an impact on related accounting and disclosures in the consolidated financial statements, which have been a matter of significance during the audit and hence considered as a key audit matter.</p>	<p>Our audit procedures include the following:</p> <ul style="list-style-type: none"> (i) We obtained an understanding and assessed the internal control environment relating to the identification, recognition and measurement of provisions for disputes and disclosures of contingent liabilities in relation to tax; (ii) We obtained confirmation from management's expert on ongoing litigations along with risk assessment and assessed the independence, objectivity and competence of the management expert; (iii) We obtained details of tax assessments, demands issued by tax authorities, orders/notices received with respect to other litigations from the management; (iv) We evaluated and challenged assumptions made by the Group in estimating the current and deferred tax balances; (v) We involved tax specialists to review the status of tax assessments and management's position in relation to on-going disputes regarding likelihood assessment of exposure carried out by the management; and (vi) We assessed the adequacy disclosures in the consolidated Ind AS financial statements.

Other Information

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's report including annexures, Business Responsibility report and report on Corporate Governance (herein after together referred to as "reports"), but does not include the consolidated Ind AS financial statements and our auditor's report thereon.

Our opinion on the consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the consolidated Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

The Director's report is not made available to us at the date of this auditor's report. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated Ind AS financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated Ind AS financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern

basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors, to express an opinion on the consolidated Ind AS financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated Ind AS financial statements of which we are the independent auditors.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated Ind AS financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated Ind AS financial statements for the financial year ended March 31, 2023 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, based on our audit of separate financial statements and the other financial information of the subsidiary companies, incorporated in India, we give in the "Annexure 1" a statement on the matters specified in paragraph 3(xxii) of the Order.

Annexure 2 to the Independent Auditor's Report of even date on the Consolidated Ind AS Financial Statements of Subex Limited

Report on the Internal Financial Controls under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of Subex Limited (hereinafter referred to as the "Holding Company") as of and for the year ended March 31, 2023, we have audited the internal financial controls with reference to consolidated Ind AS financial statements of the Holding Company and its Subsidiary Companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its Subsidiary Companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company and its Subsidiary Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to these consolidated Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both, issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these consolidated Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these consolidated Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated Ind AS financial statements included obtaining an

understanding of internal financial controls with reference to these consolidated Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to these consolidated Ind AS financial statements.

Meaning of Internal Financial Controls With Reference to these Consolidated Ind AS Financial Statements

A Company's internal financial control with reference to these consolidated Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to these consolidated Ind AS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Consolidated Ind AS Financial Statements

Because of the inherent limitations of internal financial controls with reference to these consolidated Ind AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to these consolidated Ind AS financial statements to future periods are subject to the risk that the internal financial controls with reference to these consolidated Ind AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its Subsidiary Companies, which are companies incorporated in India, have, maintained in all material respects, adequate internal financial controls with reference to these consolidated Ind AS financial statements and such internal financial controls with reference to these consolidated Ind AS financial statements were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Holding Company and its Subsidiary Companies considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2023

1. Corporate information

Subex Limited ("the Company" or "Subex" or "holding company" or "parent company") a public limited company incorporated in 1994, is a leading global provider of Operations and Business Support Systems ("OSS/BSS") to communication service providers ("CSPs") worldwide in the Telecom industry.

The Company pioneered the concept of a Revenue Operations Centre ("ROC") – a centralized approach that sustains profitable growth and financial health for the CSPs through coordinated operational control. Subex's product portfolio powers the ROC and its best-in-class solutions enable new service creation, operational transformation, subscriber-centric fulfilment, provisioning automation, data integrity management, revenue assurance, cost management, fraud management and interconnect/ inter-party settlement. Subex also offers a scalable Managed Services Program. The CSPs achieve competitive advantage through Business Optimization and Service Agility and improve their operational efficiency to deliver enhanced service experiences to their subscribers. The Company has its registered office in Bengaluru and operates through its subsidiaries in India, USA, UK, Singapore, Canada, Bangladesh and UAE and branches in USA, UK, Canada, Australia, Italy, UAE and Saudi Arabia.

Effective November 1, 2017, the Company has restructured its business by way of transfer of its Revenue Maximisation Solutions and related businesses ("RMS business") and the Subex Secure and Analytics solutions and related businesses ("Digital

business") to its subsidiaries, Subex Assurance LLP ("SA LLP") and Subex Digital LLP ("SD LLP") (together referred to as "LLPs"), respectively, hereinafter referred to as the "Restructuring" to achieve amongst other aspects, segregation of the Company's business into separate verticals to facilitate greater focus on each business vertical, higher operational efficiencies, and to enhance the Company's ability to enter into business specific partnerships and attract strategic investors at respective business levels, with an overall objective of enhancing shareholder value.

Further, the Board of Directors of the Company in its meeting held on October 28, 2021 has approved the restructuring of the business, subject to all requisite approvals, wherein the business carried out by Subex Assurance LLP will be transferred to Subex Limited on a 'going concern' basis excluding Developed Technology and Investment in subsidiaries. The aforesaid restructuring is being carried out to achieve higher operational efficiencies upon integration and consolidation of business in the listed entity. On February 23, 2022, the shareholder of the Company approved the aforesaid restructuring through postal ballot.

These consolidated financial statements for the year ended March 31, 2023 comprise financial statements of Subex Limited and its subsidiaries (collectively hereafter referred to as "the Group").

These consolidated financial statements for the year ended March 31, 2023 are approved by the Board of Directors on May 15, 2023.

Following subsidiaries have been considered in the preparation of the consolidated financial statements:

* Represents non-operating companies.

All the above subsidiaries are under the same management and are engaged in the same principle activities as the holding company.

Subex Limited is the sponsoring entity of Employee Stock Option Plan ("ESOP") trust. Management of the Company can appoint and remove the trustees and provide funding to the trust for buying the shares. Basis assessment by the management, it believes that the ESOP trust is controlled by the Company and accordingly Subex Employee Welfare and ESOP Benefit Trust is consolidated [refer note 2(p) and note 34].

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2023

2. Significant accounting policies

a. Basis of preparation

The consolidated financial statements of the Group have been prepared and presented in accordance with accounting principles generally accepted in India including Indian Accounting Standards (Ind AS) specified under section 133 of the Companies Act, 2013 ("the Act") read with Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time).

The consolidated financial statements have been prepared on a historical cost basis, except for certain financial instruments which are measured at fair value at the end of each reporting period, as explained further in the accounting policies below.

The consolidated financial statements are presented in INR (₹) and all the values are rounded off to the nearest Lakhs (INR 00,000) except when otherwise indicated.

b. Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as disclosed in Note 1. Control exists when the parent has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements in preparing the consolidated financial statements to ensure conformity with the group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on March 31, 2023.

Consolidation procedure:

- Combine like items of assets, liabilities, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. The excess of cost to the Company of its investments in the subsidiary companies over its share of equity of the subsidiary companies, at the date on which the investment in the subsidiaries were made, is recognised as 'Goodwill' being an intangible asset in the consolidated financial statements and is tested for an impairment on an annual basis. On the other hand, where the share of equity in the subsidiary companies as on the date of investment is in excess of cost of investments of the Company, it is recognised as 'Capital Reserve' and shown in 'Other Equity', in the consolidated financial statements. The 'Goodwill' is determined separately for each subsidiary company and such amounts are not set off between different entities.
- Eliminate in full intragroup assets and liabilities, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full).
- The ESOP Trust is consolidated in the standalone financial statements of the Company and the shares purchased and held by ESOP Trust are treated as treasury shares and recognised at cost and deducted from other equity. Refer note 2(p).

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent company.

c. Use of estimates, assumptions and judgements

The preparation of the consolidated financial statements in conformity with Ind AS requires the management to make estimates, judgements and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities on the date of the consolidated financial statements and the reported amounts of revenues and expenses for the year reported. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimates are revised and future periods are affected.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2023

Key source of estimation of uncertainty as at the date of consolidated financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of the following:

Revenue recognition

The Group uses the percentage of completion method in accounting for revenue from implementation and customisation projects. Use of the percentage of completion method requires the Group to estimate the completed efforts as a proportion of the total efforts. Efforts have been used to measure progress towards completion as there is a direct relationship between input and productivity. Provisions for estimated losses, if any, on uncompleted contracts are recorded in the year in which such losses become probable based on the expected contract estimates at the reporting date.

Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit ("CGU") exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a discounted cash flow ("DCF") model. The cash flows are derived from the budget for future years and do not include restructuring activities that the Group is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes. These estimates are most relevant to goodwill recognized by the Group. The key assumptions used to determine the recoverable amount for the different CGUs, are disclosed and further explained in note 5.

Impairment of financial assets

In accordance with Ind AS 109, the Group assesses impairment of financial assets ('Financial instruments') and recognises expected credit losses, which are measured through a loss allowance.

The Group provides for impairment of trade receivables and unbilled revenue based on assumptions about risk of default and expected timing of collection. The Group uses judgement in making these assumptions and selecting inputs to the impairment calculation, based on the Group's past history, customer's creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period. Also, refer note 2(j).

Defined benefit plans

The cost of the defined benefit gratuity plan and other post-employment benefits and the present value of the gratuity

obligation is determined using actuarial valuation. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date (refer note 35).

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables. These mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

Fair Value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the consolidated balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using internal valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. Also refer note 2(l).

Share-based payments

Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them. The assumptions and models used for estimating fair value for share-based payment transactions are disclosed in note 34.

Taxes

The Group's three major tax jurisdictions are India, the United Kingdom and Bangladesh though the Group also files tax returns in other foreign jurisdictions. Significant judgments are involved in determining the provision for income taxes and tax credits including the amount expected to be paid or refunded for uncertain tax positions.

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2023

and the level of future taxable profits together with future tax planning strategies. Also refer note 2(s) and note 13, note 21 & note 22.

Leases

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Group makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Group considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Group's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the Group has concluded that no changes are required to lease period relating to the existing lease contracts [Refer to note 2(k)].

d. Current/ non-current classification

The Group presents assets and liabilities in the consolidated balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It holds the liability primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities, respectively.

Advance tax paid is classified as non-current assets.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

e. Business combination and goodwill

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. After initial recognition, Goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

A cash generating unit to which goodwill has been allocated is tested for impairment annually as at March 31 or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in the consolidated statement of profit and loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

f. Revenue recognition

The Group derives its revenues primarily from sale and implementation of its license and implementation of its proprietary software and managed/ support services.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Group expect to receive in exchange for those products or services.

The following specific recognition criteria must also be met before revenue is recognised:

Revenues from licensing arrangements is recognized at a point in time on transfer of the title in user licenses, except those contracts where transfer of title is dependent upon rendering of significant implementation and other services by the Group, in which case revenue is recognized over the implementation period in accordance with the specific terms of the contracts with clients.

Revenue from implementation and customisation services is recognised using the percentage of completion method. Percentage of completion is determined based on completed efforts against the total estimated efforts, which represent the fair value of services rendered.

Revenue from managed/ support services comprise income from fixed price contracts, time-and-material contracts and

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2023

annual maintenance contracts. Revenue from fixed price contracts is recognized over the period of the contracts using the percentage of completion method. Revenue from time and material contracts is recognized when the services are rendered in accordance with the terms of contracts. Revenue from annual maintenance contracts is recognised rateably over the period of the contracts.

Revenue from sale of hardware under reseller arrangements is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of goods to customers.

In case of multiple element arrangements for sale of software license, related implementation and maintenance services, the Group has applied the guidance in Ind AS 115, by applying the revenue recognition criteria for each distinct performance obligation. The arrangements generally meet the criteria for considering the sale of software license, related implementation and maintain services as distinct performance obligation. For allocating the consideration, the Group has measured the revenue in respect of each distinct performance obligation of a transaction at its standalone selling price, in accordance with principles given in Ind AS 115. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. In cases where the Group is unable to determine the standalone selling price, the Group has used a residual method to allocate the arrangement consideration. In these cases the balance of the consideration, after allocating the standalone selling price of undelivered components of a transaction has been allocated to the delivered components for which specific standalone selling price do not exist.

The Group collects Goods and Services tax and other taxes as applicable in the respective tax jurisdictions where the Group operates, on behalf of the government and therefore it is not an economic benefit flowing to the Group. Hence it is excluded from revenue.

Provisions for estimated losses on contracts are recorded in the period in which such losses become probable based on the current contract estimates. 'Unbilled revenue' included in other financial assets represent revenues recognized in excess of amounts billed to clients as at the balance sheet date. 'Unearned revenue' included in other current liabilities represent billings in excess of revenues recognized as at the balance sheet date.

Performance obligations and remaining performance obligations

The remaining performance obligation disclosure provides the aggregate amount of the transaction price yet to be recognized as at the end of the reporting period and an explanation as to when the Group expects to recognize these amounts in revenue.

Applying the practical expedient as given in Ind AS 115, the Group has not disclosed the remaining performance obligation

related disclosures for contracts where the revenue recognized corresponds directly with the value to the customer of the entity's performance completed to date, typically those contracts where invoicing is on time and material basis.

Remaining performance obligation estimates are subject to change and are affected by several factors, including terminations, changes in the scope of contracts, periodic revalidations, adjustment for revenue that has not materialized and adjustments for currency. Also, refer note 23.

Interest

Interest income is recognized as it accrues in the consolidated statement of profit and loss using effective interest rate method.

g. Property, plant and equipment

Property, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalization criteria are met, directly attributable cost of bringing the plant and equipment to its working condition for the intended use and cost of replacing part of the plant and equipment. When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the consolidated statement of profit and loss, as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Gains or losses arising from derecognition of the assets are measured as the difference between the net disposal proceeds and the carrying amounts of the assets and are recognized in the consolidated statement of profit and loss when the assets are derecognized.

h. Intangible assets (excluding goodwill on consolidation)

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in the consolidated statement of profit and loss in the period in which the expenditure is incurred.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2023

life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the consolidated statement of profit and loss when the asset is derecognised.

i. Depreciation and amortization

Depreciation of property, plant and equipment and amortization of intangible assets with finite useful lives is calculated on a straight-line basis over the useful lives of the assets estimated by the management, basis technical assessment.

The Group has used the following useful lives to provide depreciation on plant and equipment and amortization of intangible assets:

Assets	Useful life
Computer equipment	3 years
Furniture and fixtures	5 years
Vehicles	5 years
Leasehold improvements	5 years
Office equipment	5 years
Computer software	4 years

The residual values, useful lives and methods of depreciation of property, plant and equipment and amortisation of intangible assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

j. Impairment

Impairment of Financial Assets

The Group assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 ('Financial instruments') requires expected credit losses to be measured through a loss allowance. The Group recognises lifetime expected losses for all contract assets and/ or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

Impairment of non-financial assets

Non-financial assets including Property, plant and equipment, intangible assets and right-of-use asset with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair

value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the consolidated statement of profit and loss.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the consolidated statement of profit and loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

k. Leases

The Group assesses at contract inception whether a contract is/ contains a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as a lessee:

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the lease term.

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2023

The right-of-use assets are also subject to impairment. Refer note 2(j) on impairment of non-financial assets.

ii) Lease Liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

iii) Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leased assets (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leased assets that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

I. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and liabilities are recognised when the Group becomes a party to the contract that gives rise to financial assets and liabilities. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Cash and cash equivalents

The Group considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortized cost

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose

objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are immediately recognised in the consolidated statement of profit and loss.

Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit or loss. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition of financial assets and liabilities

The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized when the obligation specified in the contract is discharged or cancelled or expires. When an existing financial asset/ liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Reclassification of financial assets

The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2023

The Group's senior management determines change in the business model as a result of external or internal changes which are significant to the Group's operations. Such changes are evident to external parties. A change in the business model occurs when the Group either begins or ceases to perform an activity that is significant to its operations. If the Group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Group does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Fair value of financial instruments

The Group measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

In determining the fair value of its financial instruments, the Group uses following hierarchy and assumptions that are based on market conditions and risks existing at each reporting date.

Derivative financial instruments

Initial recognition and subsequent measurement

The Group uses derivative financial instruments, such as forward currency contracts. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss.

Fair value hierarchy

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

m. Borrowing cost

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

n. Consolidated statement of cash flows

Cash flows are reported using the indirect method, whereby profit/ (loss) for the period is adjusted for the effects of transactions of a non-cash nature or any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

o. Employee share based payments

The Group measures compensation cost relating to employee stock options plans using the fair valuation method in accordance with Ind AS 102, Share-Based Payment. Compensation expense is amortized over the vesting period of the option on a straight line basis. The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model (Black-Scholes valuation model). That cost is recognised, together with a corresponding increase in employee stock options reserves in other equity, over the period in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2023

recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

p. Treasury shares

The parent Company has formed Subex Employee Welfare and ESOP Benefit Trust ("ESOP Trust") for providing share-based payment to its employees. The parent Company treats ESOP Trust as its extension and shares held by ESOP Trust are treated as treasury shares.

Own equity instruments that are purchased (treasury shares) are recognised at cost and deducted from equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the parent Company's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognised in reserve. Share options exercised during the reporting period are adjusted with treasury shares.

q. Employee benefits

Employee benefits include provident fund, pension fund, gratuity and compensated absences.

Defined contribution plans

Contributions payable to recognized provident funds and which are defined contribution schemes, are charged to the consolidated statement of profit and loss.

Defined benefit plans

Gratuity, which is a defined benefit plan, is accrued based on an independent actuarial valuation, which is done based on projected unit credit method as at the balance sheet date. The Group recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability/ (asset) are recognized in other comprehensive income. In accordance with Ind AS, re-measurement gains and losses on defined benefit plans recognised in OCI are not to be subsequently reclassified to the consolidated statement of profit and loss. As required under Ind AS compliant Schedule III, the Group transfers it immediately to 'Surplus/ (deficit) in the statement of profit loss'.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds where remaining maturity of such bond correspond to expected term of defined benefit obligation.

Short-term employee benefits

Short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. Compensated absences, which are expected to be utilised within the next 12 months, are treated as short-term employee benefits. The Group measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employees render the related services are treated as long-term employee benefits for measurement purpose. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year end, less the fair value of the plan assets out of which the obligations are expected to be settled. Actuarial gains/ losses are immediately taken to the consolidated statement of profit and loss and are not deferred.

The Group presents the entire compensated absences balance as a current liability in the consolidated balance sheet, since it does not have an unconditional right to defer its settlement for twelve months after the reporting date.

r. Foreign currencies

The Group's consolidated financial statements are presented in INR, which is also the parent company's functional currency. For each entity the Group determines the functional currency and items included in the financial statements of each entity are measured using that functional currency.

The functional currency of the Company and its Indian subsidiaries is Indian Rupee whereas the functional currency of foreign subsidiaries is the currency of their countries of domicile. Foreign currency transactions are initially recorded in the functional currency of the Company by applying exchange rates prevailing on the date of the transaction. For practical reasons, the Company uses an average rate if the average approximates the actual rate at the date of the transaction. Foreign currency denominated monetary assets and liabilities are restated into the functional currency using exchange rates prevailing on the balance sheet date.

Gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are included in the consolidated statement of profit and loss.

Assets and liabilities of entities with functional currency other than presentation currency have been translated to the presentation currency using exchange rates prevailing on the

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2023

balance sheet date. The statement of profit and loss have been translated using weighted average exchange rates. The exchange differences arising on translation for consolidation are recognised in OCI as 'Exchange reserve on consolidation'. On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is recognised in the consolidated statement of profit and loss.

s. Taxes on income

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in the consolidated statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in other equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in other equity, respectively.

Current income tax

Current income tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for that period. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the balance sheet date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Group shall reflect the effect of uncertainty for each uncertain tax treatment by using either most likely method or expected value method, depending on which method predicts better resolution of the treatment.

Deferred income tax

Deferred income tax is recognised using the balance sheet approach, deferred tax is recognized on temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognized for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred income tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred income taxes are not provided on the undistributed earnings of subsidiaries and branches where it is expected that the earnings of the subsidiary or branch will not be distributed in the foreseeable future.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

Deferred tax assets include Minimum Alternative Tax ("MAT") paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognized as deferred tax asset in the consolidated balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realized. The Group reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent that it is no longer probable that it will pay normal tax during the specified period.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

t. Provision and contingencies

A provision is recognized when an enterprise has a present obligation (legal or constructive) as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made of the amount of the obligation. If the effect of time value of money is material, provision is discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Provisions for onerous contracts, i.e. contracts where the expected unavoidable costs of meeting obligations under a contract exceed the economic benefits expected to be received, are recognized when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event, based on a reliable estimate of such obligation.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the consolidated financial statements.

u. Cash dividend to the equity holders of the Company

The Company recognises a liability to make cash distributions to equity holders of the Company when the distribution is authorised, and the distribution is no longer at the discretion of the Company. Final dividends on shares is recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

v. Earnings/ (loss) per share

Basic earnings/ (loss) per share is computed by dividing the profit/ (loss) after tax attributable to the equity holders of the Group by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit/ (loss) after tax as adjusted for dividend, interest (net of any attributable taxes) other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share or increase the net loss per share. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented.

w. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The Group identifies primary segments based on the dominant source, nature of risks and returns and the internal organization and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit/ loss amounts are evaluated regularly by the Executive Management in deciding how to allocate resources and in assessing performance. The analysis of geographical segments is based on the areas in which major operating divisions of the Group operate.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Group. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to the segments on the basis of their relationship to the operating activities of the segment.

Common allocable costs are allocated to each segment according to the relative contribution of each segment to the total common costs. Revenue, expenses, assets and liabilities which relate to the Group as a whole and are not allocable to segments on a reasonable basis have been included under 'unallocated revenue/ expenses/ assets/ liabilities'.

x. Recent accounting pronouncements:

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standard) Rules as issued from time to time. On March 31, 2023 MCA amendment the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1 – Presentation of Financial Statements - This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Group has evaluated the amendment and the impact of the amendment is insignificant in the Group's financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors - This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Group has evaluated the amendment and there is no impact on its consolidated financial statements.

Ind AS 12 - Income Taxes - This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Group has evaluated the amendment and there is no impact on its consolidated financial statements.

Goodwill impairment testing

During the year ended March 31, 2020, considering the challenges and significant investment requirements of telecom operators which has resulted in longer opportunity conversion cycle and lower spends towards IT solutions, the management had carried out the annual impairment exercise as at December 31, 2019 in respect of carrying value of goodwill. Based on the above assessment and valuation carried out by an external valuation expert, there has been impairment of goodwill amounting to ₹ 28,712 Lakhs in relation to RMS CGU and ₹ 2,761 Lakhs in relation to DIM CGU towards carrying value of goodwill as on March 31, 2020. As at March 31, 2023, the management has carried out the annual impairment exercise in respect of carrying value of goodwill and basis valuation carried out by an external expert and concluded that carrying value of investment in subsidiaries is appropriate considering future projections, various new initiatives, contracted backlog and current pipeline maturity.

The recoverable amount of a CGU is determined based on value-in-use calculations which require the use of assumptions. The calculations use cash flow projections based on financial budgets approved by the Board of Directors. An average of the range of each assumption used is mentioned below:

Operating margins	14% to 51%	9% to 18%
Discount rate	14.55% to 15.05%	13% to 16%

The above discount rate is based on the Weighted Average Cost of Capital (WACC) which represents the weighted average return attributable to all the assets of the CGU. These estimates are likely to differ from future actual results of operations and cash flows. Management believes that any reasonable possible changes in the key assumptions would not cause the carrying amount to exceed the recoverable amount of the cash generating unit.

I) Represents reversal/provision in respect of foreign withholding taxes deducted/ deductible by the overseas customers of the Group. Considering non utilisation of foreign withholding taxes due to tax losses incurred by the group in the current year, no credit has been availed for such taxes. Accordingly, provision of ₹ 1,559 Lakhs has been created during the year ended March 31, 2023. Also includes ₹ 101 Lakhs on account of taxes paid in Kuwait on completion of assessments for the period FY 2011 to FY 2017.

II) Consequent to restructuring mentioned in note 1(c), the management of Subex Limited recognised deferred tax asset of ₹ 702 Lakhs, being reasonably certain that sufficient future taxable profits would be available in Subex Limited. As at year end, Subex Limited has reassessed availability of future taxable profits and is confident of utilisation of aforesaid deferred tax asset. In respect of remaining unused tax losses, Subex Limited would reassess and recognise when it's probable that taxable profits would be available against which such tax losses can be recognised.

33. Contingent liabilities and commitments (contd.)

i. Income tax

- a) The Company has received favourable orders from Hon'ble Karnataka High Court for FY 2010-11 and from ITAT for FY 2013-14 and FY 2014-15 therefore, contingent liability has been reduced to ₹ 369 lakhs. The Company is yet to receive the order giving effects (OGE) for the said assessment years. Further, the Company has filed an appeal before the Hon'ble Karnataka High Court for FY 2013-14 and the management, including its tax experts/advisors are confident that its position will likely be upheld on ultimate resolution and it will not have material adverse effect on the Company's financials position and results of operations. With respect to the aforesaid demands ₹ 1,776 Lakhs has been paid/refund adjusted under protest.
- b) One of the subsidiary, Subex Technologies Limited, has received favourable order from Hon'ble Karnataka High Court with respect to appeal filed by the Income Tax Department for AY 2008-09 relating to matter under section 201(1) of Income Tax Act, 1961 quashing Notice of Demand dated 15.02.2016 and the Show Cause Notice dated 03.02.2015.
- Further Subex Technologies Limited, has also received favourable order from ITAT for AY 2008-09 relating to matter under section 143(3) of the Income Tax Act, 1961.

ii. Service tax

The Company has received demand order towards the service tax on import of certain services and equivalent amount of penalties under the provisions of the Finance Act, 1994 along with the consequential interest during the period April 2006 to July 2009. These demands are disputed by the management and the Group has filed appeals against these orders with various appellate authorities. The management is of the view that the service tax is not applicable on those import of services, and is confident that the demands raised by the Assessing Officers are not tenable under law.

34. Employee stock options plans ('ESOPs')

During the year 2018-2019, the Board of Directors and the shareholders of the Company approved "Subex Employees Stock Option Scheme – 2018" (referred to as the "ESOP Scheme 2018" or "ESOP - V") to be administered through Subex Employee Welfare and ESOP Benefit Trust (referred to as the "ESOP Trust"). The ESOP Trust is authorised to acquire shares of the Company through secondary market for administering ESOP for its employees. The ESOP Trust is consolidated in the standalone financial results of the Company and the shares reacquired and held by ESOP Trust are treated as treasury shares recognised at cost and deducted from other equity. The ESOP trust held 1,11,10,800 and 12,533,720 treasury shares as at March 31, 2023 and March 31, 2022, respectively.

The Nomination & Remuneration Committee in their meeting held on January 31, 2022 granted 14,48,000 options under approved "Subex Employees Stock Option Scheme – 2018" to the eligible employees. The shares granted vest over a period of 1 to 3 years and can be exercised over a maximum period of 3 years from the date of vesting.

There is an extension of exercise period till June 30, 2023 for those vested options which were getting lapsed in February 2023.

Fair value methodology

The key assumptions used in Black-Scholes model for calculating fair value of ESOP during the year is as below:

Particulars	March 31, 2023	March 31, 2022
Risk-free interest rate	5%-7%	5%-7%
Expected volatility of share	41%-72%	41%-72%
Expected life (years)	2-3	2-3
Dividend yield	0%-1.88%	0%-1.88%
Exercise Price (₹)	6.00-20.00	6.00-20.00
Weighted average fair value as on grant date (₹)	0.96-30.24	0.96-30.24

The expected life of stock options is based on historical data and current expectations and is not necessarily indicative of exercise patterns that may occur. The expected volatility reflects assumption that the historical volatility over a period similar to the life of the options is indicative of future trends, which may also not necessarily be the actual outcome.

35. Employee benefit plans

a) Provident fund

The Group makes contributions to Provident Fund, Pension Fund, Employee State Insurance scheme and other funds which are defined contribution plan for qualifying employees. 39. Financial risk management (contd.)

i. Credit risk

Credit Risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables and unbilled revenue) and from its financing activities including deposits with banks, foreign exchange transactions and other financial instruments.

a. Trade receivables

Credit risk is managed by each business unit as per the Group's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored.

The impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogeneous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Group does not hold collateral as security.

b. Credit risk exposure

The Group's credit period generally ranges from 30 - 180 days. The credit risk exposure of the Group is as below:

c. Other financial assets and deposits with banks

Credit risk is limited, as the Group generally invests in deposits with banks with high credit ratings assigned by international and domestic credit rating agencies. Counterparty credit limits are reviewed by the Group periodically and the limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

ii. Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate due to changes in market interest rates. The Group risk of changes in interest rates relates primarily to the Group's debt obligations with floating interest rates for the period the group was holding the debts.

The Group does not have any debt outstanding as at March 31, 2023. Also, the Group's investments are primarily in fixed rate interest bearing investments. Hence, the Group is not significantly exposed to interest rate risk as at March 31, 2023.

iii. Liquidity risk

The Group's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. The Group believes that the cash and cash equivalents is sufficient to meet its current requirements. Accordingly no liquidity risk is perceived.

iv. Market risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exchange risk arises from its foreign operations, foreign currency revenues and expenses. The Group has exposures to United States Dollars ('USD'), Great Britain Pound ('GBP'), Euro ('EUR') and other currencies. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities and financing activities.

Below is the summary of foreign currency exposure of Group's financial assets and liabilities.

The Company holds derivative financial instruments such as foreign currency forward contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counter party for these transactions are banks. These derivative financial instruments are valued based on quoted prices for similar assets and liabilities in active markets or inputs that are directly or indirectly observable in the market place.

Forward contracts outstanding are as below:

Currency	Foreign currency amount		Amount in ₹ lakhs	
	As at March 31, 2023	As at March 31, 2022	As at March 31, 2023	As at March 31, 2022

Sensitivity analysis

Every 1% appreciation or depreciation in the respective foreign currencies against functional currency of the each of the group entities would cause the profit before exceptional items in proportion to revenue to increase or decrease respectively by 0.34% (March 31, 2022: 0.30%).

40. As per section 135 of The Company's Act, 2013, a Corporate Social Responsibility ('CSR') committee has been formed by Subex Limited. The primary function of the Committee is to assist the Board of Directors in formulating the CSR policy and review the implementation and progress of the same from time to time. The CSR Policy focuses on creating opportunities for the disadvantaged with emphasis on persons with disabilities. During the year ended March 31, 2023, considering losses incurred in past years, the Company does not have the obligation to incur expenses in relation to CSR.
41. The Group Companies has entered into 'International transactions' with 'Associated Enterprises' which are subject to Transfer Pricing regulations in India, as well as in the other geographies. The Group is in the process of carrying out transfer pricing study for the year ended March 31, 2023 in this regard, to comply with the requirements of the Income Tax Act, 1961 and other applicable laws in other countries. The Management of the Group, is of the opinion that such transactions with Associated Enterprises are at arm's length and hence in compliance with the aforesaid legislation. Consequently, this will not have any impact on the consolidated financial statements, particularly on account of tax expense and that of provision for taxation.
42. The US Federal government in the wake of COVID 19 pandemic provided support to business through Paycheck Protection Program (PPP). Subex Inc. obtained a benefit under this scheme for ₹ 600 Lakhs during May 2020. During the year ended March 31, 2022, Subex Inc. obtained complete waiver of the loan amount from Small Business Administration, United States government agency and accordingly the loan and interest accrued thereon was recognised as other income.
