Dear Shareholders,

It is with immense gratitude that I address you with my thoughts in this annual report. The year was marked by unwavering momentum and continuous evolution. As a trusted growth partner, we have remained dedicated to providing future-ready solutions that empower our clients and stakeholders. With our theme for the year, 'Future Forward' we are poised to stride while maintaining a steadfast focus on innovation, actionable business intelligence, and leveraging the power of technology to drive customer delight and growth.

The world we inhabit is being reshaped by the rapid advancements in technology. This transformative force enables companies to scale and adapt swiftly, fuel innovation, foster business agility, drive digital transformation, optimize costs, and streamline operations. Ramco recognizes the power of transformative technologies as a driving force and stands ready to lead the charge in ushering in a digital revolution.

Reflecting on FY 2022-23, it was a year of reassurance for the Company. With the global economy experiencing significant momentum despite the pandemic and economic crises, we stepped into the year with an encouraging movement in the pipeline. Our thrust on building an in-depth offering embedded with future-ready technology helped us garner a prominent position in the market. This in turn motivated us to continue focus on our core operations and improve our key parameters. Throughout the year, our emphasis on next-gen technology, together with the right investments in products, people, partnerships, and platforms, has yielded results. We witnessed good momentum across geographies on the back of customer wins across Aviation, Banking, Healthcare, and Technology, reposing faith in our ability to build sustainable solutions that deliver differentiated value.

Our investments in the automation of implementation and deployment processes, on the other hand, have also started showing results in reliable and faster project deployments and are thereby improving our ability to provide enhanced customer experience.

Throughout the year, our primary objective has been to develop sustainable solutions that leverage technology to create a positive impact on communities while enhancing operational efficiency for businesses. With the progress we have achieved, and the growth we have witnessed

in order bookings, we are confident in entering the next financial year with a healthy revenue visibility, maintaining our momentum and efficiently expanding our business development pipeline.

Furthermore, we remain steadfast in our ESG commitments and are collectively working towards an inclusive and sustainable future. The subsequent pages provide a comprehensive breakdown of our vertical-wise business performance and noteworthy accomplishments.

We believe that our initiatives will help position ourselves well in the market and enable us to be ready to embrace the next phase of growth. As we look ahead, we see brighter opportunities and continue to invest in emerging technologies. Our entrepreneurial abilities combined with our constant pursuit to be future-ready is in line with our theme "Future Forward". The future is going to be all about creating value for our customers and we will enable our clientele to navigate a changing world and transform their organizations to thrive digitally.

I would like to extend my heartfelt appreciation to our esteemed stakeholders for their unwavering support, our dedicated employees for their tireless efforts and commitment, and our valued customers and partners for their trust and collaborative spirit. Together, we have established a strong foundation. I am sincerely grateful to our investors, bankers, and all other stakeholders for their unwavering belief in our vision. As we embark on the next phase of our journey, I am filled with optimism. Our relentless dedication to excellence, integrity, and innovation will continue to propel us forward.

Warm Regards,

P R Venketrama Raja

MESSAGE FROM COO

Dear Shareholders,

I extend my warm greetings to each one of you as we present this annual report, which highlights our achievements, progress, and future outlook. We have navigated through turbulent times by staying focused on our goals and adapting swiftly to changing circumstances. Our dedication to innovation, resilience, and collaboration has enabled us to overcome obstacles and seize opportunities for growth.

In the face of the challenges brought about by the Covid-19 pandemic, our dedication to investment has remained resolute. Throughout the past year, we have witnessed growth in our addressable markets, successfully expanded our customer base, enhanced our product lines, and elevated our customer service standards. We have executed our projects with exceptional quality, further solidifying our position in the industry. The increased investments we have made in these vital areas have yielded positive outcomes, resulting in a significant bolstering of our orderbook and pipeline. As we continue to engage in negotiations and advanced discussions for new projects, we anticipate that our performance across all business units and geographies will be further enhanced, paving the way for continued growth and success.

I am pleased to announce that over the course of the year, we successfully raised Rs.130 cr. through a preferential

issue of shares. These funds allocated towards various strategic initiatives, including the repayment of existing loans, fortifying our product portfolio, and enhancing our sales and marketing efforts. This infusion of capital will enable us to further strengthen our position in the market, expand our reach, and propel our growth trajectory.

Our constant efforts are driven by innovation and people. It enables us to deliver forward-thinking solutions, leveraging automation-driven technologies across all our strategic business units. We are committed to developing next-generation solutions that support our clients' transformative journeys. As we move ahead, our values, principles, and sense of purpose continue to inspire us to contribute to a better world through digitization and sustainable practices.

Key Developments of FY 2022-23

Client Additions

Key Product Innovations

Enabling Paperless Operations

Our advanced digital tech records revolutionize maintenance operations by providing clients with a paperless experience. The integration of our enhanced ePublications module with our comprehensive and native mobile 'Anywhere' apps enables clients to access and manage maintenance information anytime, anywhere. We have further enhanced our ePubs module to support multiple OEM document types, ensuring compliance with iSpec 2200 and S1000D specifications. This expansion allows our clients to leverage a broader range of industry-standard document formats for their maintenance processes. Ramco's Digital Task Cards is yet another feature that helps the mechanics access task cards, perform tasks and sign-off digitally, without navigating through the application, just by using the Mechanic Anywhere mobile app.

Managing Complex Assembly Maintenance

As part of our ongoing efforts to deliver comprehensive enhancements, we have successfully implemented improvements in work planning, execution, and closure functions, particularly in complex assembly maintenance processes. With these advancements, we have introduced robust modelling capabilities for complex assembly configurations and engineering evolutions, encompassing piece parts and repair schemes. This enables us to provide a more comprehensive and effective solution for managing complex assembly maintenance operations.

Driving Efficiency through Enhanced Usability

We continuously aim to enhance the user experience for our end-users by implementing enhanced system design. Ramco's Customer Portal is one such key differentiator in this functional area. Ramco's robust customer portal is a gateway connecting MROs and operators for a smooth billing process, thereby offering a seamless mode of communication throughout their journey. By automating standard processes through configurable rules, we minimize the need for manual intervention, providing user with seamless and efficient experience.

Improved MRO Contracts and Billing

We have made significant enhancements to our Integrated MRO Contract & Billing framework, incorporating additional configuration modelers to effectively manage unique variants in scope of work, pricing, and contractual terms beyond the standard agreement. These enhancements enable flexible modeling of complex contractual terms across MRO various business. This ensures that our system can accommodate diverse contract requirements and support seamless contract management across different aspects of MRO operations.

Deeper Penetration of Mobile Apps

The invention of Ramco's mobile apps Ramco Anywhere Apps is designed specifically for key roles with an intent to improve productivity and reduce turnaround time. We have further been driving efficiency by deepening and expanding our Anywhere Apps across most of the functional areas and organizational roles.

We implemented Ramco TMS as a solution which facilitated integration of existing ERP, finance systems, WMS, and POD systems, coupled with real-time tracking and monitoring capabilities provide end-to-end visibility, helping customer to optimize its operations, reduce costs, and improve customer satisfaction.

Digital Transformation

Visy, a leading privately owned packaging and resource recovery Company with more than 120 sites across Australasia, felt the need of warehouse automation post-Covid-19 to de-risk against multiple supply chain disruptions.

Implemented warehouse management solution for their ultra-modern, completely automated AGV (Automated Guided Vehicle) warehouse in Epping, Melbourne.

Platform Customization for Better Operational Efficiency

Indonesia's largest logistics service provider sought a single integrated system that could cater to multiple functions and upgrade their existing IT infrastructure.

Ramco provided an integrated offering with Transport Management System (TSM), Warehouse Management System (WMS), Fleet Management, Rating and Billing, and Finance under a single integrated solution.

Harmonized Payroll for a Global Leader in Digital Customer Experience

A technology-enabled global provider of business services needed a payroll solution to handle complex statutory requirements and process the payroll within the defined time, with 100% accuracy.

Ramco provided a solution whereby payroll processing time for over 61,000 employees was reduced to 8 hours, reduced overtime leakage by 100% and enabled a seamless experience for employees.

Automated Processes for a Leading International Fire, HVAC Company

A leading international fire, HVAC (heat, ventilation, air conditioning) and security equipment company, was facing issues with regard to lack of automation, need for manual extraction of data and repetitive employee queries, among others.

Ramco implemented a new system with multiple features like consolidation of company's payroll landscape, direct interface with workday HRMS for seamless integration, standardized payroll processes and 'Self-Explaining Payslip' (SEP) to eliminate repetition of tasks.

Integrated Solution Platform for Iraqi Airways

Headquartered in Baghdad, Iraqi Airways was in need of a software to manage their end-to-end solution in terms of maintenance and supply chain management.

Ramco provided a complete integrated platform to manage CAMO, work execution, stores and procurement, coupled with digitalization of task cards, quality, safety and compliance management.

Ensured Efficiency and Sustainability for Air Asia

One of the most reputed third-party MRO service providers in APAC region, Air Asia, wanted to make a shift from paper-based contract management, manual estimations and planning, and conventional work education.

Ramco offered an integrated solution covering MRO contacts, maintenance and mobility solutions and automated business processes by elimination of data entry by third-party interface.

End-to-End Digitization for Panasonic

Panasonic was looking for an integrated aviation solution for managing global line maintenance and repair station operations along with integrating the existing corporate IT ecosystem.

Ramco delivered robust processes including full mobility suite, ERP integrations and detailed dashboards and proven systems for reduced TAT.

Modernized Payroll and Digitized Operations

New Zealand's largest telecommunications and digital services was in need of accurate and compliant payroll technology, elimination of manual efforts and replacing a 15-year old legacy payroll application.

Ramco helped the telecom giant through solutions that were caused by the legacy systems which provided inaccurate data. It completely digitized the payroll operations through automation of transactions and reducing payroll preparation time.

We at Ramco, believe that a sustainable future is not only essential for the well-being of our planet but also plays a crucial role in shaping a thriving economic future. As an organization, we are committed to working towards building a sustainable society by operating in an ethical and responsible way, creating value for our customers, employees, partners and wider community as we imbibe social conscience in all business decisions.

Our ESG (Environmental, Social and Governance) strategy is another step towards building sustainable practices and ensuring that we continue working towards those long-term sustainability ambitions as we grow. Our approach is aligned with United Nation's Sustainable Development Goals (SDGs) and we have consciously integrated the principles and objectives outlined in the SDGs into our ESG strategy and initiatives. To fully realize our sustainability and ESG initiative, we are actively engaged in developing an ESG Framework

that revolves around the following fundamental principles:

- **Building Roadmap for Greener Future:** Focus on minimizing environmental impact and promoting sustainable resource management
- **Social Sustainability:** Promoting diversity, equity, and inclusion within the organization, respecting human rights, ensuring fair labor practices, supporting local communities
- **Promoting strong Corporate Governance:** Maintaining strong corporate governance practices that promote transparency, accountability, and ethical conduct at all levels
- **Stakeholder Engagement:** Active involvement and collaboration with stakeholders, including employees, customers, investors and wider community
- **Continuous improvement in ESG:** Commitment to measuring, monitoring, and actively improving key ESG metrics and initiatives

Through a comprehensive material analysis, considering both internal and external perspectives we have identified the ESG factors that are most relevant and important to focus on.

Environment

Ramco strives to be a responsible corporate citizen and is committed to protect and conserve the natural environment in its operations and while providing services. As a means to this end, we try to adopt the best waste management practices and reducing the carbon footprint.

Some of Our Initiatives include:

- **Energy Efficiency:** As an energy-conscious organization we emphasize on the efficient use of energy in our facilities, processes, and equipment. We have also initiated a complete shift from conventional lighting systems to LED lights. Additionally, we have initiated programs to upgrade old electrical equipment and replace them with latest, energy efficient ones. We further promoted energy efficiency through a method whereby power is drawn through TNEB supply that supplies part of energy as renewable energy.
- **Responsible Waste Management:** We have implemented a waste segregation system at our organization, ensuring that food waste, plastic waste, and paper waste are separated at the source. Each day, we diligently collect and sort these different types of waste into designated bins or containers. We then responsibly hand over the waste to a government authority responsible for proper disposal in accordance with local regulations.
- **Awareness Sessions:** We conducted awareness sessions (Greenpeace) with our employees to educate and raise awareness about the importance of climate change and environmental protection. During the session, we shared valuable information and insights about the impacts

of climate change, the importance of preserving the environment, and the role individuals can play in mitigating climate change.

- **Promoting Paper Conservation:** Adopted measures to move towards a paperless system by ensuring that digital systems are used for various purposes.

Ramco, as a part of its environment conservation measure to maintain the ecological balance, Ramco spent Rs. 6 Mln. during the year towards Conservation of the Tropical Dry Evergreen Forest of South India (TDEF) as a part of Corporate Social Responsibility (CSR) contribution. TDEF consists of 1,200 species in the ecosystem, comprising 400 woody or bulbous species and 800 allied species.

Please refer to the Annexure to the Board's Report on pages 59 to 61 for more details on CSR.

In the future, we intend to take action to promote water conservation within the office environment. The plan involves installing water-saving taps in the office restrooms. By implementing these measures, we aim to contribute to sustainable water management practices that promote environmental responsibility.

Social

Ramco lays emphasis on promoting diversity and inclusion, ensuring fair labor practices, respecting human rights, supporting community engagement and development, and fostering positive relationships with stakeholders. By prioritizing social responsibility, we strive to create a positive social impact, contribute to the well-being of our employees and communities, and build trust and strong relationships with stakeholders. This commitment is integral to creating sustainable and long-term value for both our organization and society as a whole.

Some notable aspects towards this direction include:

Customer-Centric Solutions

Our customer-centric approach involves prioritizing customer satisfaction, ensuring transparency and accountability, protecting customer privacy, and actively having meaningful engagement with our customers.

Flexible Work Arrangements

We place a strong emphasis on providing our employees with a high level of flexibility. We understand the importance of achieving a healthy work-life balance, and as such, we offer various flexible work arrangements to our employees. This includes options such as flexible schedules and the ability to work remotely. By offering these arrangements, we aim to empower our employees to effectively manage their work responsibilities while also attending to their personal life commitments.

Professional Development Opportunities

At Ramco, we prioritize skills enhancement for all employees by offering tailored training programs through our initiative called 'Ramco Corp University'. We believe in the importance of continuous learning and provide opportunities for employees to develop their skills at every level and role. In addition to training programs, we offer mentorship programs and benefits such as certification reimbursement to support employees in advancing their careers. Throughout the year, we conduct multiple training sessions to ensure employees have access to valuable learning opportunities and can stay up-to-date with industry trends and developments.

Recognition and Rewards

At Ramco, we have an ongoing employee recognition program called the 'Pat on the Back Awards.' This program acknowledges and celebrates employee accomplishments through special incentives, bonuses, promotions, and internal recognition methods.

Promoting Inclusive Culture

We have implemented listening tools such as pulse surveys and employee engagement surveys to encourage our employees to provide feedback and actively participate in policy formulation and decision-making processes. This inclusive approach values employee input and involvement, making them feel valued and empowered to shape the organization's direction.

Wellness Programs

At Ramco, we prioritize the physical and mental wellness of all our employees. We actively engage them in a range of wellness programs that promote overall well-being. These programs encompass workshops on stress management, nutrition, mental and physical health, as well as counseling services. Our commitment to employee wellness ensures that their holistic health is of prime importance to us.

Diversity and Inclusion

At Ramco, we strongly advocate for diversity and equal opportunity, which is reflected in our fair hiring practices. Our offices are located in 35+ countries, and our diversified workforce is made up of 19 nationalities and we are proud of the fact that 35% of our workforce are women.

Flexibility for Female Employees

In addition to promoting family-friendly policies such as health insurance coverage, parental leave, and flexible work arrangements, we actively campaign for the 'return to Ramco' initiative, particularly targeting our ex-employees, especially women who have taken career breaks and are eager to rejoin the workforce. Our hiring practices are thoughtfully designed to consider all types of career breaks, and our human resources team ensures that candidates are selected based on their skills and merit. We believe in providing equal opportunities for all and value the talent and experience that individuals bring, irrespective of their career paths.

Employee Stock Option Scheme

The Company has instituted various Employee Stock Option Scheme (ESOS) for the benefit of employees for their unwavering commitment to the Company's growth and their contribution to the Company.

The objective of ESOS is to encourage employees to continue contributing to the success and growth of the organization, create a sense of ownership within the organization, reward employees with ownership in proportion to their contribution etc. It covers the Non-Independent Directors, eligible employees of the Company/ its subsidiaries. Please refer to the Annexure to the Board's Report on pages 46 to 53 for more details on the ESOS.

Governance

At Ramco, responsible governance, integrity and ethical conduct are embedded into our business practices. We firmly believe in structuring our governance practices to promote ethical conduct across the entire organization. We recognize that sustainable success can only be achieved in the long-term by maintaining strong governance principles and fostering an ethical culture.

Please refer to the Corporate Governance Report on pages 66 to 82 for more details on the Governance aspects.

Board Composition

The composition of the Board is in accordance with the applicable provisions of the Companies Act, 2013 (the Act) and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (SEBI LODR). The Board comprises professionals from different backgrounds who bring with them diverse knowledge and experiences that plays a key role in assuming responsibilities within the Company. This is ensured by transparency and accountability through Corporate Governance policies and at the same time implementing feedback and suggestions on the Board improvement plan.

Please refer to the Corporate Governance Report on pages 66 to 67 for more details on the Board Composition.

Board Diversity

We acknowledge the importance of maintaining a diverse Board of Directors. Diversity, in our view, encompasses various factors such as professional experiences, business perspectives, skills, knowledge, gender, age, cultural and educational background, ethnicity, and length of service. We firmly believe that a diverse Board enhances decision-making capabilities and is more effective in navigating organizational changes while providing valuable guidance and knowledge.

Please refer to the Corporate Governance Report on page no.67 for more details.

Code of Conduct

Ethical business conduct is a vital priority for the Company. The Company's Code of Conduct is applicable to all the

Board Members and the Senior Management Personnel/ employees of Ramco. All our Board Members and Senior Management Personnels are made aware of the Code of Conduct (CoC) of the Company and abide by it at all times and provide declaration on an annual basis.

Board's Report

Dear Members,

Your Directors are pleased to present the Twenty Sixth Report of the Board of Directors ("Board") on the business and operations of the Company ("Ramco Systems" or "Ramco" or "RSL" or "Company"), together with the audited standalone and consolidated financial statements for the year ended March 31, 2023.

SUMMARY OF PERFORMANCE

In the financial year (FY) 2022-23, your Company saw a decline in the growth momentum, with a consolidated turnover of Rs.4,922.23 Mln., as against previous year's turnover of Rs. 5,311.02 Mln. The consolidated Profit/(Loss) after tax for the FY 2022-23 was Rs.(2,068.40) Mln. as against Rs. (733.59) Mln. for the previous year. Consequently, the consolidated earnings

per share reduced to Rs.(65.60) for the year, as against Rs. (23.87) for the previous year.

The standalone turnover stood at Rs.2,478.15 Mln. in the FY 2022-23, as against previous year's turnover of Rs. 2,795.92 Mln. The standalone Profit/(Loss) after tax for the FY 2022-23 was at Rs.(1,130.05) Mln. as against Rs. (499.71) Mln. for the previous year. Consequently, the standalone earnings per share reduced to Rs.(35.84) for the year, as against Rs. (16.26) for the previous year.

The global order booking during the year has improved and witnessed an increase of 39% over the previous year. However, the drop in revenue by 14% was attributable mainly to product revenue being lower by about 11% and services revenue being lower by about 17%, owing to lower order booking in the previous year.

Your Company recognizes the importance of a diverse Board for its success and believes that a diverse Board will leverage inter alia differences in thought, skills and industry experience, which in the long run will enhance shareholder value.

Board Evaluation

In accordance with the provisions of the Act and SEBI LODR, Board has carried out a separate exercise to evaluate the performance of the Board as a whole, its Committees and

Board's Report (Contd.)

individual Directors by taking into account the criteria laid down in this regard by the NRC like attendance, expertise, contribution etc., brought in by the Directors at the Board and Committee Meetings and found it satisfactory, which shall be taken into account at the time of reappointment of Independent Director.

A structured questionnaire was prepared covering various aspects including the following but not limited to adequacy of the composition of the Board and its Committees, flow of information, Board culture/Diversity, execution and performance of specific duties, obligations and governance.

In accordance with Regulation 25(4) of the SEBI LODR, Independent Directors have evaluated the performance of Chairman, Non-Independent Directors and Board as a whole and assessed the quality, quantity and timeliness of the flow of information between the Management and the Board and other required matters.

In accordance with Regulation 17(10) of SEBI LODR, the Board of Directors has evaluated the performance of Independent Directors and observed the same to be satisfactory and their deliberations are beneficial in Board / Committee Meetings.

In accordance with Regulation 4(2) of SEBI LODR, the Board of Directors have reviewed and observed that the evaluation framework of the Board of Directors was adequate and effective.

The Board's observations on the evaluations for the year under review carried on May 17, 2023 were similar to their observations of the previous years. No specific actions have been warranted based on current year observations. The Company would continue to familiarize its Directors on the industry, information security, technological and statutory developments, which have a bearing on the Company and the industry, so that Directors would be effective in discharging their expected duties.

Policy on Directors' Appointment and Policy on Remuneration

In accordance with Section 134 and 178 of the Act, the Policy on appointment of Board Members including criteria for determining qualifications, positive attributes, independence of a Director and the Policy on remuneration of Directors, KMP and other employees are outlined as part of Nomination and Remuneration Policy of the Company and salient features of the same are disclosed in this report.

NRC of your Board had fixed the criteria for nominating a person on the Board which inter alia include desired size and composition of the Board, age limit, qualification/experience, areas of expertise and independence of the individual.

Your Company's current policy is to have an appropriate mix of Independent and Non-Independent Directors to maintain

the independence of the Board and separate its functions of governance and management.

Remuneration Policy

In accordance with Section 178 of the Act, the NRC of your Board has formulated the Nomination and Remuneration Policy for the appointment and determination of remuneration of the Directors, Key Managerial Personnel and other employees of your Company. The Nomination and Remuneration Policy ensures that the level and composition of remuneration is reasonable, the relationship of remuneration to performance is clear and appropriate to the long-term goals of the Company.

The NRC has also developed the criteria for determining the qualifications, positive attributes and independence of Directors and for making payments to Executive and Independent Directors of the Company. It recommends to the Board the compensation payable to Directors. Director's compensation are within the limits prescribed under the Act, and approved by the Members of the Company where required.

Your Company follows a compensation mix of fixed pay, benefits and performance based variable pay for its employees, which is based on the performance of the business and the individual performance of the individuals is measured through annual appraisal process.

The Whole Time Director was paid a fixed monthly remuneration partly during the year in the form of Commission and for the rest of the period, in the form of fees for professional services. This is in addition to entitlement of sitting fee for attending the Meetings. Non-Executive Directors are paid remuneration by way of sitting fees based on their participation in the Meetings. Remuneration paid to Directors is within the scale approved by the Board and Members, subject to overall ceilings stipulated under Section 197 of the Act. Sitting fees are being paid to Directors for attending the Board Meeting, Audit Committee and Independent Directors Meetings.

In accordance with Section 178(4), the salient features of the Nomination and Remuneration Policy should be disclosed in the Board's Report. The objective of the Policy is to ensure that:

- The level and composition of remuneration is reasonable and sufficient to attract, retain and motivate Directors of the quality required to run the Company successfully;
- Relationship of remuneration to performance is clear and meets appropriate performance benchmarks;
- Remuneration to Directors, Key Managerial Personnel and Senior Management shall be appropriate to the working of the Company and its goals; and
- Any other functions as mandated by the Board from time to time and / or enforced by any statutory notification,

Board's Report (Contd.)

amendment or modification, as may be applicable, are carried out.

The said Policy and composition of the NRC are in compliance with the Act and SEBI LODR. The responsibilities of Compensation Committee as defined in SEBI (Share Based Employee Benefits and Sweat Equity) Regulations, 2021, have been assigned to NRC. During the year, there has been no change in the Nomination and Remuneration policy and the said policy is available at the Company's website, at the following weblink: <https://f.hubspotusercontent20.net/hubfs/494075/PDF%20Download%20URL/Material%20Subsidiary%20Policy/ramco-material-subsidiary-policy.pdf>.

(E) Employee Stock Option Scheme, 2014 (ESOS 2014) and

(F) Employee Stock Option Scheme, 2022 (ESOS 2022)

Details of the live schemes are given below:

A. Employee Stock Option Scheme, 2008 (ESOS 2008):

At the Extra-Ordinary General Meeting held on September 18, 2008, the Members had approved, an issue of 1,200,000 stock options convertible into equity shares of Rs.10 each. The Compensation Committee in accordance with the SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, (as amended from time to time) 1999, framed a detailed scheme in this regard. The options granted have a vesting period of 4 years and exercise period of 10 years from the date of the vesting of the final lot. The options other than those vested in the first lot shall vest on a Quarterly basis. The options under the first lot shall vest at the end of one year from the date of grant.

Initially, at the Meeting of the Compensation Committee held on April 11, 2009, 1,128,875 options were granted to the eligible employees at a price of Rs.53 per share, with a vesting period of 4 years and an exercise period of 10 years from the date of vesting of the final lot. Further grants of options were made to eligible employees by the Compensation Committee as follows with a vesting period of 4 years and an exercise period of 10 years from the date of vesting of the final lot:

Date of the Meeting	No. of options granted	Price per option (Rs.)
June 25, 2012	50,000	143 per share
August 23, 2012	25,000	138 per share
November 07, 2012	50,000	125 per share
July 29, 2013	95,000	87 per share
March 07, 2014	65,000	241 per share
March 27, 2014	20,000	204 per share

Consequent to the completion of Rights Issue 2013, the outstanding stock options on the record date for Rights Issue 2013 i.e., April 23, 2014 were increased by a factor of 0.049156 per option and the exercise price of the stock options was revised downwards by multiplying the same with the factor of 0.9531, thus:

Plan	Original Price (Rs.)	No. of options outstanding on April 23, 2014	Revised Price (Rs.)	Revised No. of options
ESOS 2008	53	291,023	51	305,306
	87	95,000	83	99,670
	125	50,000	119	52,458
	138	25,000	132	26,229
	143	50,000	136	52,458
	204	20,000	194	20,983
	241	65,000	230	68,195

Details of options vested, exercised, lapsed etc. for ESOS 2008 during the year are given in Table 1 – “Option movement during the FY 2022-23” at the end of this Annexure.

B. Employee Stock Option Scheme, 2009 – Plan A (ESOS 2009 – Plan A) and Employee Stock Option Scheme, 2009 – Plan B (ESOS 2009 – Plan B):

ESOS 2009 – Plan A:

The Members at the Twelfth AGM held on August 05, 2009, have approved, an issue of 500,000 options convertible into equity shares of Rs.10 each with the number of options that could be granted to the Non-Executive & Non-Independent Directors of the Company not exceeding 20,000 options per year and 100,000 options in aggregate. The Compensation Committee in accordance with the SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, (as amended from time to time) 1999, framed detailed schemes in this regard.

At the Meeting of the Compensation Committee held on October 27, 2009, 20,000 stock options were granted to Mr. A V Dharmakrishnan, Non-Executive & Non-Independent Director of the Company, at an exercise price of Rs.98 per share. Further 20,000 options were granted at the Meeting of the Compensation Committee held on December 22, 2011 at an exercise price of Rs.61 per share with a vesting period of 3 years and an exercise period of 10 years from the date of vesting of the final lot.

At the Meeting of the Compensation Committee held on March 02, 2010, 382,220 stock options were granted to the eligible employees, at an exercise price of Rs. 94 per option.

During the FY 2012-13, the Compensation Committee amended the key features of the ESOS 2009 - Plan A under the powers granted by the Members resolution passed on August 05, 2009. As per this, the Compensation Committee can fix the terms and conditions regarding vesting period and vesting pattern at the time of each grant under the Scheme.

Further to this, the Compensation Committee granted further 130,000 options to eligible employees of the Company on May 17, 2012. Out of the 130,000 options, 60,000 options were granted to Mr. Virender Aggarwal, the then CEO of the Company (ceased to be in the employment with effect from November 12, 2021), at an exercise price of Rs.115 per share, having a vesting period of 3 years and an exercise period of 10 years from the date of vesting of the final lot. The options other than those vested in the first lot shall vest on a quarterly basis. The options under the first lot shall vest at the end of one year from the date of grant. 20,000 options were granted to Mr. A V Dharmakrishnan, Non-Executive & Non-Independent Director of the Company, at an exercise price of Rs.10 per share, having a vesting period of 1 year and an exercise period of 10 years from the date of vesting. The remaining 50,000 options were granted to an eligible employee at an exercise price of Rs.10 per share, having a vesting period of 1 year and an exercise period of 10 years from the date of vesting.

During the FY 2013-14, the Compensation Committee granted 5,000 options on May 31, 2013 at an exercise price of Rs.10 per share to Mr. A V Dharmakrishnan, Non-Executive & Non-Independent Director of the Company with a vesting period of 1 year and an exercise period of 10 years from the date of vesting.

During the FY 2014-15, the Compensation Committee granted the following stock options on August 08, 2014 with a vesting period of 3 years and an exercise period of 10 years from the date of vesting of the final lot:

Category	Price (Rs.)	Number of options

Other employees	356	105,000

Consequent to the completion of Rights Issue 2013, the outstanding stock options on the record date for Rights Issue 2013 i.e., April 23, 2014 were increased by a factor of 0.049156 per option and the exercise price of the stock options was revised downwards by multiplying the same with the factor of 0.9531, thus:

Plan	Original price (Rs.)	No. of options outstanding on April 23, 2014	Revised price (Rs.)	Revised no. of options
ESOS 2009 – Plan A	10	25,000	10	25,000
	61	20,000	58	20,983
	94	191,431	90	200,878
	98	20,000	93	20,983
	115	60,000	110	62,949

Details of options vested, exercised, lapsed etc., for ESOS 2009 Plan - A during the year are given in Table 1 – “Option movement during the FY 2022-23”, at the end of this Annexure.

ESOS 2009 – Plan B:

The Members at the Twelfth AGM held on August 05, 2009, have approved, an issue of 750,000 options convertible into equity shares of Rs.10 each with the number of options that could be granted to the Non-Executive & Non-Independent Directors of the Company not exceeding 25,000 options per year and 150,000 options in aggregate. The Compensation Committee in accordance with the SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, (as amended from time to time) 1999, framed detailed schemes in this regard.

At the Meeting of the Compensation Committee held on March 02, 2010, 573,330, options were granted to the eligible employees, at an exercise price of Rs.94 per share. The options granted have a vesting period of 3 years and an exercise period of 10 years from the date of vesting of the final lot. The options other than those vested in the first lot shall vest on a quarterly basis. The options under the first lot shall vest at the end of one year from the date of grant.

During the FY 2012-13, the Compensation Committee amended the key features of the ESOS 2009 - Plan B under the powers granted by the Members resolution passed on August 05, 2009. As per this, the Compensation Committee can fix the terms and conditions regarding vesting period and vesting pattern at the time of each grant under the Scheme.

Further to this, the Compensation Committee granted further 85,000 options to eligible employees on May 17, 2012. Out of the 85,000 options, 25,000 options were granted to Mr. A V Dharmakrishnan, Non-Executive & Non-Independent Director of the Company, at an exercise price of Rs.10 per share, having a vesting period of 1 year and an exercise period of 10 years from the date of vesting. The balance 60,000 options were granted to Mr. Virender Aggarwal, the then CEO of the Company, at an exercise price of Rs.115 per share, having a vesting period of 3 years and an exercise period of 10 years from the date of vesting of the final lot.

During the FY 2014-15, the Compensation Committee granted the following stock options on August 08, 2014 with a vesting period of 3 years and an exercise period of 10 years from the date of vesting of the final lot:

Category	Price (Rs.)	Number of options

ANNEXURE VII

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

[In accordance with Section 134(3)(m) of the Companies Act, 2013 read with Rule 8(3) of Companies (Accounts) Rules, 2014, the following information is furnished for the year ended March 31, 2023]

(A) CONSERVATION OF ENERGY:

- (i) Steps taken or impact on conservation of energy:-
As a part of energy conservation activity: Desktop to Laptop Transition: We had replaced the desktops with the laptops for the employees, which resulted into savings of approx. 1.5 units per desktop per day.

Server consolidation into HCI: We have invested into current state of the art Hyper converge Servers which helps in performance and energy savings.

- (ii) Steps taken by the Company for utilizing the alternate sources of energy:- Nil
- (iii) Capital investment on energy conservation equipments:- Nil

(B) TECHNOLOGY ABSORPTION:

Today's evolving technology is offering modern enterprises a platform full of new opportunities and growth. Continuous innovations in enterprise applications have been playing a pivotal role in transforming business processes. FY 2022-23 witnessed the emergence of various product capabilities developed by Ramco, with an intent to define the future of enterprise applications.

Efforts made and benefits derived from technology absorption:

- Ramco VirtualWorks (RVW) with UDS Integration

In the quest to modernize VirtualWorks, during the FY 2022-23, the Company undertook a major initiative, through enhancements to RVW Platform, Desktop and Mobile UIs thereby extending seamless integration, execution of UDS APIs, existing WCF based VW Services.

(UDS is the new middle layer Server Application leveraging GraphQL, Redis for in-memory caching.)

- Ramco Domain Services

A new component has been included into the Ramco VirtualWorks platform to adopt CQRS architecture pattern. The architecture changes provide the ability for building scalable applications. Concept of domain services evolved using Domain Driven Design (DDD) principles. Another capability added is to support Platform As a Service (PAAS) by adopting microservice architecture and deployment support on Kubernetes.

- Strengthening mobility through 'Evolv'

The year also witnessed the launch of a new and modern Mobile App (iOS, Android) – 'Ramco Evolv' using React and UDS APIs.

- NEBULA – Support for co-existence

- At Ramco, the FY 2022-23 witnessed the further evolvement of NEBULA, Ramco's new technology platform for upgrading Ramco Enterprise Application suites on to ReactJS application driven by REST based APIs. Developed on a lean/ mean architecture, the platform enables responsive user interface for seamless rendering across forms, devices and browsers with backward compatibility.

- Robotic Process Automation

FY 2022-23 was the year of Robotic Process Automation and so was it for Ramco. We witnessed rise in the use of Robotic Process Automation tools across multiple Business Units viz., Global Payroll & HR, ERP, and Aviation. An in-house python-based RPA framework has been built supporting web, excel, winApp, pdf and database applications. RPA helps in automating repetitive manual business processes performed by the employees, benefitting them by reducing the manual effort spent on the task and increasing the accuracy of the output. High volume tasks with short deadlines are being executed within the delivery time using RPA. We have seen tremendous value by way of operational efficiency in Payroll Managed Services and in use within Ramco across other departments, such as Finance and HR as well.

- Track Customer Issue tracking and Self Help System

During the year, we deployed an enhanced version of our customer issue tracking system, rTrack at all our client sites in two versions, viz., rTrackPlus that is fully integrated with our Platform/ Solutions and rTrack Lite on Cloud. This eased up the process of raising tickets and served as a platform for self-help and learning, by enabling the clients to browse through a wide range of FAQs, and quickly resolving the most common problems/ queries faced by them. The solution is also packaged with an AI-based

recommendation engine, to suggest relevant FAQs and similar tickets, as users try to raise issues. We have also standardized our internal support process workflows and implemented industry best practices. Further, we enhanced support dashboard providing real-time insights into customer support performance metrics, SLAs and usage statistics. This initiative received very positive feedback from our clients, thereby helping us improve our Customer Delight.

Key Developments and Enhancements:

➤ Zero Touch Approvals

Strengthening our game on the Zero UI front, a host of new transactions were brought under the coverage of multi-level approval with mail and mobile based actions, along with a facility to view the WF History/ Traceability.

➤ API Libraries

Ramco ERP continued to add endpoints to the standard API library. API is looked at as a generic fabric to scale up the application thereby enabling multi-channel integration with the application be it on bots/ e-mail/ mobile.

➤ Collaborative Eco-System

A new Customer Portal is designed on for a richer experience aiming at showing contextual information and managing exceptions. The new portal with real estate flavor brings in add-on features and functions, via API calls. This acts as a collaborative platform between the organisation and its customers. Enables easy enquiries and efficient communication management via real time data, thereby reducing the friction in the funnel.

➤ Bryntum Gantts & Scheduling

The power of Bryntum Gantt is used for scheduling and updating Production Orders, as a part of Enterprise Resource Planning solution. The Calendar is leveraged to manage the Timelines for tasks, and resources.

➤ Digitization of OEM Tech data

Customers can realise true paperless maintenance operations with our enhanced ePublications module and its seamless integration with our full-function and native mobile "Anywhere" apps. Ramco has brought in significant efficiency improvements in automating task and task card set up from OEM documents,

authoring task cards, and making the content readily available in the hands of an engineer/mechanic for real-time consumption and execution actioning

➤ Micro-function management

A deep focus in managing micro-content has resulted in "Full/Complete digital onboarding" of all functions in an Enterprise value chain. Small, but deep technical functions and steps, as well as functions with a high degree of domain complexity that are traditionally treated as "exceptions" and kept out of mainstream enterprise system deployment, are now specifically addressed through targeted capability enhancements and extensive functionalities across the product.

➤ Driving Efficiency through Process Automation

With the data and process intensive nature of our industry and the constant trade-off between productive wrench time and avoidable system time, it is our constant endeavor to provide rich user experience for our end-users, through improved system design. Several new process automations have been introduced across configuration, workscoping, procurement, repair, material request, exchanges, work- execution, routing, and billing functions such that the standard processes can be automated through configurable rules, avoiding any human intervention. An improved version of Ramco Route Anywhere has been introduced to manage physical routing and track/trace functions.

➤ Complex Assembly Maintenance

Comprehensive improvements covering the work planning, execution, and closure functions, have been introduced in the Complex Assembly Maintenance processes. Organisations can now leverage functionality addressing robust modeling of the complex assembly configurations and engineering evolutions including Job Induction, Planning, Workscoping, Execution, Kitting and Billing.

➤ Customer Portal

As an initiative in the Digital Transformation journey, we relaunched a new Customer Portal for MRO functions with a refreshed and highly configurable modern user interface. The new portal aims at providing end-to-end digitization of all customer interactions and provides extensive support for Notifications and Doc Exchange.

➤ **Planning & Optimisation**

Ramco has addressed the need for functional and usability improvements in In-memory planning and optimisation functions, specifically in Material Requirement Planning (MRP) and Work Order Scheduling. These include refinements in MRP catering to unique demand, supply and allocation rule variations prevalent in this industry around ownership and condition rules, remaining life limits, certification checks etc. The graphical planning function for work order scheduling is enhanced for sharper visualization of constraints, exceptions, critical path etc., with improved decision making.

➤ **Unified Hubs**

Ramco has built a Payroll Services hub, which acts as a single unified platform to track payroll details for Payroll Customers, Ramco's Payroll Operations Team and the ICP's to view and update the status of the payroll operations holistically including managing tasks, tracking status and reports thereby reducing time and efforts spent in manual tracking. It gives a real-time detailed view including tracking of activities vis-à-vis timelines, alerts for upcoming timelines, view file uploads by various roles and provides a consolidated report view.

➤ **Self Service Reporting**

This 'make-your-own reports' tool enables users to create/share reports on the go. This allows users to create their own reports, report views, snapshots, dashboards - combining business data from different sources/modules beyond payroll.

Benefits derived:

The benefits arising of the R&D efforts can be categorised as below:

- Improved end user experience with reduced number of API calls

- Improved user experience resulted through improved UI styling, compact UIs allowing more content, less scroll with React based UIs, and Contextual Real-time Chat

Industry Trends and Developments

Digitization and technology solutions are helping change the way companies operate. Accordingly, there is a massive change in the operational ecosystem of organizations. Companies are increasing their spending to create an entirely new experience that integrates with the client's needs and helps them grow at an exponential rate.

Companies are now proactively identifying client demands and utilizing technologies that enable hyper-personalization through real-time insights and data analytics driven learning systems in order to create an integrated digital experience. Adoption of uniform data models, process integration, and cloud migration give opportunities to transform data into insight that supports growth and transformation.

Organizations are increasingly leveraging technologies like Artificial Intelligence (AI), Machine Learning (ML), cloud computing, and Internet-of-Things (IoT) among others for:

- Automating repetitive tasks
- Adapting to the new trends
- Mitigating challenges
- Reducing labour needs
- Greater flexibility

Driving Enterprise-Wide Business Transformation

- Empowering businesses with cost benefits
- Enhancing automation and accuracy in decision-making
- Intuitive user interactions

The importance of technology in our lives has become more significant after the Covid-19 pandemic. We observed a rising demand for digital technology solutions as digitalization played an instrumental role in keeping global societies functional in the time of lockdowns and quarantines. Organizations have realized the importance of digital readiness, which helps companies grow and adapt to the emerging trends.

Companies have revised their strategy and considered new methods of doing business. Their resilience coupled with agile digital solutions will provide them with the necessary competitive advantage. Digital infrastructure has replaced the physical workplace in a major way, enabling leaders

Through Innovation and Culture

- Zero UI
- AI and ML
- Frictionless Computing
- Event-driven notifications
- Universal personalization engine (UPE)

to build a more productive and balanced workforce. While economic headwinds seem to be gathering for business in general, there are many regulatory incentives that may spur innovation and growth in 2023 and in the years ahead.

AI is gradually becoming a key strategic differentiator for enterprises. A report from PWC states that 94% of organizations now believe that AI will help create more opportunities and enterprises are now more aware than earlier that AI has become a 'must-have' for most companies.

Industry Trends and Developments

Revenues by Geography

Our business team relentlessly built on the growth momentum to capitalize on the improvement in order booking and generating global revenue. 78% of revenues were driven by business in international markets.

Financial Performance

In accordance with SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company is required to give details of significant changes (change of 25% or more as compared to the previous financial year) in sector-specific key financial ratios, as well as any changes in return on net worth. The following have been identified by the Company as key financial ratios, which are tracked only at the consolidated level.

Particulars	March 31, 2023	March 31, 2022
Interest Coverage Ratio	(21.15)	(12.53)
Current Ratio	1.38	1.91
Debt Equity Ratio	0.07	Nil
Operating Profit Margin	(42.81)%	(12.80)%
Net Profit Margin	(42.02)%	(13.81)%
Product Revenue to Total Revenue	42.42%	40.81%
Return on Net Worth	(38.80)%	(12.63)%
R&D Spend to Revenue	22.28%	13.75%
Days Sales Outstanding (DSO in nos.)	83	95

Detailed explanation for significant changes in sector-specific key financial ratios and changes in Return on Net Worth:

Operating Profit Margin (OPM):

The OPM for the year worked out to (42.81)% as against (12.80)% due to decrease in EBIT compared to the previous year.

Net Profit Margin (NPM):

The NPM for the year worked out to (42.02)% as against (13.81)% due to decrease in PAT compared to the previous year.

The decrease in the EBIT/PAT is analyzed below:

Particulars	Rs. Mln.
Decrease in Revenue	(388.79)
Decrease in Other Income	(37.66)
Increase in Purchase of Stock in Trade	(4.32)
Increase in Employee Cost Benefit	(456.83)
Increase in Depreciation and Amortisation Expense	(55.06)
Increase in Provision for Doubtful Debts	(65.14)
Increase in Other Expenses	(419.58)
Decrease in EBIT	(1,427.38)
Increase in Finance Costs	(45.42)
Lower Taxes	134.39
Decrease in Share of Profit of an Associate	(0.88)
Decrease in Non-Controlling Interests	4.48
Decrease in PAT Attributable to Members of the Company	(1,334.81)

Interest Coverage Ratio:

The finance costs have gone up to Rs. 99.61 Mln. during the current year from Rs.54.19 Mln. during the previous year.

- (i) The interest on loans and finance charges have increased to Rs. 45.78 Mln. during the current year compared to Rs. 2.08 Mln. during the previous year, on account of increase in average borrowings.
- (ii) The interest on lease liabilities have marginally gone up to Rs. 53.83 Mln. during the current year compared to Rs. 52.11 Mln. during the previous year.

At the same time, the earnings before interest and tax has significantly decreased from Rs. (678.88) Mln. in the previous year to Rs. (2,107.14) Mln. during the current year. The above had resulted in the change in interest coverage ratio from (12.53) for the previous year to (21.15) for the current year.

Debt Equity Ratio:

Out of the proceeds of Preferential Issue 2022, Rs. 675.00 Mln. of net borrowings were repaid during the year, leaving Rs. 380.00 Mln. as the outstanding borrowing as at the end of the current year, whereas there was no borrowing as at the end of the previous year. Hence the increase in the debt equity ratio from Nil to 0.07.

Current Ratio:

The Current Ratio has decreased by 27.75%, i.e., from 1.91 as at the end of the previous year to 1.38 as at the end of the current year. Significant increase in current liabilities by 45.87% driven by increase in unearned revenue and borrowings has led to the decline, inspite of increase in current assets by 5.25%.

Rs. in Mln.

Particulars	As at the end of the current year	As at the end of the previous year
CURRENT ASSETS		
Trade receivables	1,522.32	1,666.61
Other financial assets	521.98	748.65
Other current assets	1,310.39	1,404.90
Others	944.11	264.28

CURRENT LIABILITIES		
Borrowings	380.00	-
Trade payables	691.92	692.47
Lease liabilities	134.43	112.99
Others	1,912.20	1,332.44
Total	3,118.55	2,137.90
CURRENT RATIO	1.38	1.91

Return on Net Worth:

The net loss has increased from Rs.733.59 Mln. to Rs.2,068.40 Mln. (refer PAT analysis given above) while equity attributable to equity holders of the parent has also decreased from Rs. 5,806.18 Mln. to Rs.5,331.42 Mln., resulting in decrease in return on net worth from (12.63) % during the previous year to (38.80) % for the current year.

Challenges

A major challenge for tech companies that may persist over the year is how to weather a potential economic slowdown by trimming costs, increasing efficiency, while striving to grow revenues. Additionally, many companies are looking for ways to remain innovative and build a strong competitive position for the future. With heightened global challenges, companies will now be required to mitigate risks and build more resilient systems.

Leaders across all organizations will have to think strategically about their choices of partners, where they're located, and how production takes place. Also, to sustain and grow, technology companies should focus their efforts to improving supply operations, modernizing infrastructure, and leveraging growth opportunities.

Outlook

With each passing day, we witnessed a continuous shift to the cloud and increased enterprise IT spending. Through our digital business initiatives, increased spending on enterprise applications, and infrastructure software, we managed to increase our order booking across all segments which favorably impacted other parameters, including revenue, margin, and employee motivation.

Our products are built using robust integrated technology platform and we constantly strive to bring in latest updates by incorporating the latest concepts and technologies. It allows us to completely modernize our offerings, while emphasizing on how technology can enhance end-user experience.

In our payroll division, we have been striving to ensure a simplified user experience through multiple features like Chatbots, Cognitive Process Automation and a robust deployment model available on Cloud, On-Premises, & as Managed Services. Our experienced team of professionals are in a constant endeavor to simplify HR strategy by automating traditional payroll transactions and driving business benefits across functions. With our payroll management software, we enable companies to focus on their people and not spend time navigating around systems. Accordingly, we have been redefining employee

experience through Ramco Global Cloud Payroll with Time & Attendance on ONE platform across the globe.

Through our Logistics ERP segment, we are able to digitalize third-party operations from Booking to Invoicing with an integrated logistics system designed for 3PLs. We provide a comprehensive digital platform that reduces the cost of operations, thereby improving efficiency, reducing revenue leakage, and enhancing visibility. Moreover,

investments in the segment are being made to optimize order booking and enhance performance.

At Ramco, we constantly look forward to bringing in new capabilities and perspectives to the team. We have onboarded visionary leaders in the Ramco family who come with years of regional and domain experience. Also, Oceania being a key growth market for us will get to witness a growth charter.

Risk Management

The Company's risk management system identifies and monitors the key risks and their impact on global operations. The Risk Management Committee reviews the risks, and their possible impacts, and the mitigation plan. Some of major risks, their impact and the mitigation plan include:

TYPE OF RISK	MITIGATION STRATEGY	
 <p>CYBER RISK</p>	<p>Owing to the nature of its offerings, there is a risk of disruption or damage to the Company from any incidence involving compromise of data resulting in financial loss, reputational damage or legal claims.</p>	<p>The Company has implemented several cyber security controls to detect, prevent and remediate data breach threats. These often include compute, encryption, tiered storage, analytics, identity and access management, data protection, usage of VPN, event log management, notification, data management, and security policy enforcement services. These controls are continuously monitored by an expert team for their effectiveness.</p>
 <p>Changing Buyer Behavior</p>	<p>Technology is changing at a fast pace and it is moving from proprietary to opensource platforms. Such disruptive changes impact the industry dynamics and provide room to new demands and expectations of availing exceptional services.</p>	<p>Through assessment of industry changes, the Company keeps a watch on existing customer preferences, customer responses, technological advancements and competitive products in the industry to drive the suitable changes to its business strategy.</p>
 <p>Manpower</p>	<p>It is pertinent to note that human talent is the most important asset of the Company. The changing industry dynamics and demand for experienced employees has put pressure on retention of employees. Attrition creates shortage of critical skills, constrains delivering capacity and increases retention and replacement costs.</p>	<p>The Company tries to maintain a cordial relation with all the employees and also endeavors to create a professionally rewarding and enriching work environment. Our performance management and training systems help employee development and engagement. We undertake various initiatives to retain talent while also promoting new talent. The Company also invests in various employee well-being initiatives to maintain a good work-life balance.</p>

TYPE OF RISK

MITIGATION STRATEGY

 <p>Currency Volatility</p>	<p>A major portion of the Company's revenue is generated in foreign currencies, while majority of the Company's expenses are incurred in Indian Rupees. As such, exchange rate fluctuations can significantly impact the Company's revenues, operating results, cash flows and total assets which are reported in Indian Rupees.</p>	<p>The Company hedges the trade receivables in major currencies (USD, EUR, SGD, GBP and AUD) with the objective to minimize the volatility impact in realized exchange gain or loss.</p>
 <p>Competition</p>	<p>The Company faces competition from established global, as well as regional and local IT products and service providers. The Company also faces competition from new-age players who offer niche solutions</p>	<p>The Company offers a comprehensive suite of offerings across all its segments and innovative technologies such as cloud, Artificial Intelligence (AI) and Machine Learning (ML) enable the Company to upgrade its product offering to make them more competitive under the digital space. The Company invests in upgrading its suite of products on a continual basis to address the changing and growing technological needs of the market.</p>
 <p>Economic and Political Conditions</p>	<p>The Company faces various economic and political challenges in the jurisdictions it operates in. These include changes in the political environment, GDP growth, inflation, and major changes in economic policies & taxation, mobility constraints, etc. All these can affect business growth and pose a risk to the Company.</p>	<p>The Company strives to proactively avoid situations with political or other risks. The Company carefully assesses the local situation to minimize impact of such risks on its growth strategies as well as safety of its employees. The Company has a global team of functional experts which focusses on monitoring the mobility Regulations in various countries.</p>
 <p>Multi-Cultural Workforce</p>	<p>The Company's customer base is spread over 35+ countries. It therefore becomes essential to manage a multi-cultural workforce and deal with business dynamics across these countries. Exposure to local conditions including maintenance of work environment and adhering to local laws are the key factors which may impact the performance of the Company in each of such jurisdictions.</p>	<p>The Company's geographic spread offers it a natural hedge against economic slowdown affecting a region. The Company, through its local offices along with expert support of global advisors, aims to ensure compliance with the Laws of the land.</p>
 <p>Regulatory Compliances</p>	<p>The Company is a listed entity in India and has business presence across various countries. It also employs talent on-site for various project requirements. The Company complies with all the local Laws Regulations where it operates. Ever-changing Laws and increasing exposure under various statutes, local labor, tax, and immigration Laws, among others, are some of the regulations that add complexity to operating.</p>	<p>Regular monitoring of the local applicable statutes, and advisory support from the local professional consultants are some of the measures that the Company undertakes to ensure that it remains compliant in all jurisdictions. The Company's compliance team rigorously studies Laws, Rules and Regulations to ensure thorough compliance.</p>

The Board has constituted a Risk Management Committee. A detailed note on the attendance, composition of the Committee along with other details are provided in the Corporate Governance Report Section of this Annual Report.

24. Overview of the entity's material responsible business conduct issues:

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format:

S. No.	Material issue identified	Risk/ Opportunity	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1.	Energy Management	Risk	Energy is often necessary to operate processing units, machinery, and other facilities that are not directly involved in manufacturing in the software and IT business. As a result, a firm's decisions about the energy intensity of its operations and the sources of its energy may change over time, impacting the organization's operating efficiency and risk profile.	Energy efficiency and switching to renewable energy sources, is a priority that reduces carbon emissions, can reduce our operating costs and is aligned with the agenda of moving towards carbon neutrality. Ramco takes focused initiatives to reduce Company's specific and absolute energy consumption.	Negative

S. No.	Material issue identified	Risk/ Opportunity	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
2.	Climate Change	Risk	Climate change events bring physical dangers such as sea level rise and increased cyclonic effect, as well as transitional concerns such as renewable energy mandates. Such occurrences have the potential to have an impact on the business. As a result, assessment and mitigation of such hazards is very vital.	Ramco is focusing on Net Zero and developing technology-enabled climate-centric solutions for our customers.	Negative
3.	Diversity, Equity and Inclusion	Opportunity	A Company's high diversity and inclusion rate reflects its employees' sense of belonging and justice. Furthermore, increasing diversity and inclusion helps businesses support vulnerable populations, resulting in the construction of community brand image.	-	Positive
4.	Human Rights	Risk	Companies that prioritise human rights highlight their dedication to developing long-term, mutually beneficial partnerships with individuals influenced or touched by their operations, such as consumers, communities, workers, and investors. This includes demonstrating concern for the people whose lives they interact with.	Ramco has a robust Human Capital Management (HCM) tool which helps Ramco optimize the various HR functions. It helps the Company in Competency planning and better staffing.	Negative
5.	Digital Talent Empowerment	Opportunity	Empowering digital talent in the workplace is critical because it provides employees with new skills and chances to engage more effectively and show their potential, as a result, increasing employee engagement and efficiency in performance.	-	Positive

S. No.	Material issue identified	Risk/ Opportunity	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
6.	Talent Acquisition, Development & Retention	Risk	Higher staff retention rates indicate that the Company's policies and practises are sound. A high attrition rate, on the other hand, signals low employee satisfaction to investors. Ensuring good worker wellbeing can increase employee morale while decreasing onboarding costs.	The primary focus is to create a motivated workforce that will contribute to higher levels of business performance. We rely on the right talent for servicing customer needs, business sustainability, and future growth.	Negative
7.	Education and Skill Development	Opportunity	Employee re-skilling enables businesses to stay up with the dynamic shift in demand for new technology while also sustaining the growing firm. It develops a workforce that is adaptable, nimble, and eager to learn, and that can take on new duties when the organisation requires assistance.	-	Positive
8.	Customer Relations	Risk	Customer satisfaction is a critical success indicator as it assesses how well firms deliver products and services that meet or exceed consumers' expectations, providing insight into an organization's overall success. A poor customer experience relationship can lead to customer loss or a drop in customer loyalty. Similarly, client loss and reputational damage can result in decreased sales and revenue.	Our trust-based relationships with customers enable us for success. Ramco engages with customers across the year in ways to reinforce trust and strengthen relationship. With dedicated customer support team and quality team we ensure utmost customer satisfaction	Negative
9.	Risk Management	Risk	Maintaining competitive superiority in this dynamic demand and supply side environment needs that the Company be resilient to shocks. This is controlled through a strong enterprise risk management approach that assesses and manages financial and non-financial threats.	Maintaining our position of competitive dominance in this dynamic demand and supply-side environment necessitates that our business is resilient to handle shocks. Management of this is enabled through a robust enterprise risk management process that evaluates and addresses both financial and non-financial risks.	Negative

S. No.	Material issue identified	Risk/ Opportunity	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
10.	Business Ethics and Compliance	Risk	The significant issue relevant to business ethics and the management of business ethics issues such as fraud, executive misbehaviour, unethical practises, money laundering, or anti-trust crimes. Ethics infractions can result in police investigations, expensive fines, settlement fees, and reputational damage.	We comply with the Laws of the countries and geographies in which we operate is a business imperative that protects the Company.	Negative
11.	Data Privacy and Security	Risk	Companies are graded based on the amount of personal data they gather, their exposure to changing or expanding privacy rules, their vulnerability to prospective data breaches, and their data protection mechanisms.	Ramco uses data protection practices to ensure that the customer's data is secure. We have a ISO 27001 certified process in place.	Negative
12.	Corporate Governance	Risk	Businesses are evaluated based on their performance in all important governance concerns, such as ownership and control, Board's compensation, accounting, corporate ethics, and tax transparency. Additionally, this topic investigates how corporate governance and business ethics practises affect a Company's Shareholders and other investors.	As being exposed to Reputation Risk and Legal Risk, Ramco Systems hold strong corporate governance for achieving long-term mission of aligning the Company's interests with stakeholders.	Negative
13.	Innovation	Opportunity	Businesses that innovate stay relevant and ahead of the competition. It enables them to contribute value to the industry while also meeting the needs of their customers along with tapping into a wider market presence.	-	Positive

For details on the mitigation please refer the section "A Sustainable Future"

7. Statement by Director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements (listed entity has flexibility regarding the placement of this disclosure)

Dear Stakeholders,

I am delighted to share with you Ramco Systems Limited’s commitment to embracing Environmental, Social, and Governance (ESG) practices and driving sustainable growth for a better future. Our dedication to addressing ESG-related challenges and delivering maximum value to our stakeholders is at the core of our business philosophy.

In an industry that faces various ESG-related challenges, such as data privacy and security, compliance and regulatory issues, and upholding ethical conduct and good governance, Ramco remains steadfast in addressing these challenges. We understand the importance of responsible business practices and their impact on our stakeholders and the world at large.

In line with this, we at Ramco have been implementing various sustainable business practices that promote social responsibility and environmental stewardship. We have been proactively procuring energy-efficient office equipment, encouraging sustainable modes of transportation among our employees, and responsibly managing waste through recycling of outdated electronic equipment. We believe that small actions can create a significant positive impact on our environment.

With our emphasis on an Employee-Centric culture, we take pride in fostering an inclusive and diverse work environment where employee growth, well-being, and diversity are paramount. We recognize that our diverse talent pool brings unique perspectives and contributes to our overall success. Ramco values and respects the diversity of its workforce and is committed to providing equal opportunities for all.

The Board and management of Ramco are dedicated to upholding responsible governance, integrity, and ethical conduct at all levels. We believe that strong governance practices are essential for ensuring optimal performance and building trust among our stakeholders.

Moving forward, Ramco will continue to generate a positive impact in ecological balance, societal development, and governance practices. We have successfully embarked on our ESG journey and continue to remain committed, thereby striving to create a sustainable future for generations to come.

Thank you for your continued support and trust in Ramco Systems Limited.

Trade Receivables, Unbilled License Revenue and Unbilled Service Revenue

Trade Receivables

Trade receivables are amounts billed but not yet received. As on 31 March 2023, amount outstanding on this account is Rs. 844.21 Mn (PY: 692.95 Mn). Of this Rs. 519.57 Mn is receivable from twelve subsidiaries.

Unbilled License Revenue

Revenue recognition in the case of Licenses is on delivery of the software and when the customer obtains a right to use such license. The revenue recognized over billing is classified as Unbilled License Revenue and grouped under Financial Assets (both Current and Non-Current). The amount outstanding as on 31 March 2023 is Rs. 266.61 Mn (PY: 316.86 Mn).

Unbilled Service Revenue

Revenue recognition in the case of services is based on percentage of completion method. The revenue recognized over billing is classified as Unbilled Service Revenue and grouped under Other Assets (both Current and Non-Current). The amount outstanding as on 31 March 2023 is Rs. 283.02 Mn (PY: 317.77 Mn).

Auditor's Response

We have audited the Revenue recognition to ensure that it follows the stated policy. The outstanding amount has certain element of risk.

- i. In the case of Trade Receivable, there could arise a credit risk on account of default of the payment obligation by the customer, resulting in a financial loss.
- ii. In the case of Unbilled License Revenue, the risk could arise on account of inability of the Company to raise invoices on the stated timelines.
- iii. In the case of Unbilled Service Revenue, the risk could arise on account of, (a) non- acceptance of the milestones delivered to the customer and, (b) the consequential inability of the company to invoice those milestones.
- iv. In respect of (ii) and (iii) above, once invoiced, there could arise credit risk as stated in (i) above.

The Company creates a provision for Trade Receivables and Unbilled License Revenue by using a 12-month ECL method along with ECL over lifetime of the assets by using a provision matrix which is based on the historical loss experience reflecting current conditions.

Independent Auditor's Report (Contd.)

In the case of Unbilled Service Revenue, the Company creates a provision using a 12-month ECL where credit risk has not increased significantly. In other cases, the impairment is measured based on probability of default over lifetime.

While arriving at our conclusion that the stated amounts are realizable, we have applied the following audit procedures:

1. We have reviewed the credit risk policy of the Company. The implementation of such policy has been audited through audit / review of accounts through compliance and substantive testing of selected samples. The substantive audit procedures include ascertaining the contractual obligation of the customers, execution status of the selected projects and consequent recoverability, historical evidence of the ability of the Company in reviving certain stagnant projects.
2. We assessed the ageing of Trade Receivables and Unbilled Revenue, the customer's historical billing and collection patterns along with the technical status of the projects and whether any payments post year-end have been received up to the date of this report. We have also ascertained the key judgments and assumptions used by the Management in the recoverability assessment of Trade Receivables, Unbilled License Revenue and Unbilled Service Revenue.
3. We have also evaluated the empirical data of the previous years, and we have ascertained that the current provisioning for the expected credit loss is in line with the historical evidence.

Investment in Subsidiaries

The Company has various overseas subsidiaries. The carrying cost of the investment in these subsidiaries under equity as on 31 March 2023 is Rs. 3,925.93 Mn (PY: 3,678.59 Mn). The investments in these subsidiaries are considered by the Company as long-term, strategic, and essential in nature in achieving the commercial objectives of the Company.

Auditor's Response

We have evaluated the carrying cost of the investments in subsidiaries. In the process of evaluation, we have considered the Company's view that these are long-term, strategic and essential in nature. While evaluating the statement by the Company, we have considered the inter-dependency between the Company and its subsidiaries, the manner in which the operations are carried out by the Company and its subsidiaries. We have taken note of the fact that these subsidiaries have been established by the Company to meet the requirement

of the customers to enter into contracts with the Company's local entities, and also the need to have local entities to comply with the work permit related requirements while deploying the Company's resources in such local entities.

Intangible Assets

The Company's significant cash generating assets are Product Software and Technology Platform. Costs incurred in the development of the product, together with updates to the product functionality, development of new business components, upon completion of the development phase, have been classified as "Product Software". Similarly, costs incurred in the development of Technology Platform framework, together with updates to the technology platform functionality which would enable the Company to provide solutions in both standard and customized way, have been classified as "Technology Platform". These are disclosed under Intangible Assets.

The carrying value of Intangible Assets is subjected to evaluation based on its existing verticals and functionality and its ability to generate revenue in future for the foreseeable period. The carrying cost of Product Software and Technology Platform as on 31 March 2023 is Rs. 3,333.60 Mn (PY: 2,812.05 Mn).

Auditor's Response

We have reviewed and verified the process of capitalization of Product Software and Technology Platform. The Company amortizes the cost incurred in development of these intangible assets over its estimated useful life, which is determined as ten years.

Our procedures focused on validating the current carrying value by:

1. Ascertaining the functional structure of the product software and technology platform and their reasonableness; and
2. (a) Evaluating the appropriateness of the revenue forecasts and operating cash flows that could be generated based on the current functionality of the product software and technology platform, included in the business forecast for the foreseeable future.
 - (b) Reviewing the reasonableness of the key assumptions including those driving the cash flows underpinning the analysis, by:
 - i) Comparing historical budget forecasts against actual results.
 - ii) Comparing forecast growth to business plans approved by the Board.

INFORMATION OTHER THAN STANDALONE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility and Sustainability Report, Corporate Governance and Shareholder's Information, but does not include the Standalone Financial Statements, Consolidated Financial Statements and our audit report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

MANAGEMENT'S RESPONSIBILITIES FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation and presentation of the Standalone Financial Statements that give a true and fair view of the Financial Position, Financial Performance (including Other Comprehensive Income), Cash Flows and Changes in Equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate Internal Financial Controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair

view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management and Board of Directors, either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We, also:

- i. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ii. Obtain an understanding of Internal Financial Controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate Internal Financial Controls system in place and the operating effectiveness of such controls.
- iii. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Independent Auditor's Report (Contd.)

- iv. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our audit report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- v. Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in:

- i. Planning the scope of our audit work and in evaluating the results of our work; and
- ii. To evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our audit report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because

the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Sub-Section (11) of Section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and Statement of Changes in Equity dealt with by this report are in agreement with the books of account.
 - d. In our opinion, the aforesaid Standalone Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e. On the basis of the written representations received from the Directors as on 31 March 2023 and taken on record by the Board of Directors, none of the Directors is disqualified as on 31 March 2023 from being appointed as a Director in terms of Section 164 (2) of the Act.
 - f. We have enclosed our report in "Annexure B" with respect to the adequacy of the Internal Financial Controls over financial reporting of the Company and the operating effectiveness of such controls. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's Internal Financial Controls over financial reporting.
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of

Independent Auditor's Report (Contd.)

the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations / claims against the Company as at 31 March 2023 on its financial position in its Standalone Financial Statements – Refer Note No. 29 in the Standalone Financial Statements.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts that were required to be transferred by the Company to the Investor Education and Protection Fund.

iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kinds of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding whether recorded in writing or otherwise, that the Intermediary shall:

- Whether directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries"), or
- Provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person or entity including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:

- Whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries"), or

- Provide any guarantee, security, or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on the audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (iv)(a) and (iv)(b) contain any material misstatement.

v. There is no dividend declared or paid during the year by the Company and hence the requirement of compliance with Section 123 of the Act does not arise.

h. With respect to the matter to be included in the Audit Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its Directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any Director is not in excess of the limit laid down under Section 197 of the Act.

The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

i. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company with effect from April 1, 2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023.

Annexure B to the Independent Auditor's Report

(Referred in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("Act")

OPINION

We have audited the Internal Financial Controls over financial reporting of Ramco Systems Limited ("Company") as of 31 March 2023, in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on 31 March 2023.

In our opinion, and to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate Internal Financial Controls system over financial reporting and such Internal Financial Controls over financial reporting were operating effectively as at 31 March 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI").

MANAGEMENT'S RESPONSIBILITIES FOR INTERNAL FINANCIAL CONTROLS

The Company's Management and Board of Director's are responsible for establishing and maintaining Internal Financial Controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note ICAI. These responsibilities include the design, implementation and maintenance of adequate Internal Financial Controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITIES

Our responsibility is to express an opinion on the Company's Internal Financial Controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing ("SAs"), issued by ICAI and deemed to be prescribed under Section

143(10) of the Act, to the extent applicable to an audit of internal financial controls and, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal Financial Controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal Financial Controls system over financial reporting and their operating effectiveness. Our audit of Internal Financial Controls over financial reporting included obtaining an understanding of Internal Financial Controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's Internal Financial Controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company.
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of Management and Directors of the company; and

Notes to Separate (Standalone) Financial Statements

For the year ended March 31, 2023

1. CORPORATE INFORMATION

Ramco Systems Limited (the "Company") is a public limited company domiciled and headquartered in India and incorporated under the provisions of Companies Act, 1956. Its shares are listed in BSE Limited and National Stock Exchange of India Limited. The registered office of the Company is located at No. 47, P.S.K Nagar, Rajapalayam 626108 and corporate office and R&D center is located at 64, Sardar Patel Road, Taramani, Chennai 600113.

The Company develops Enterprise Resource Planning (ERP) Software solutions for various verticals in various domains like, Core ERP, Human Resource & Payroll, Aviation Maintenance Repair & Overhaul, Logistics, Service Resource Planning and provides these with related solutions and services, including managed services. The Software is either delivered on-premise or hosted on cloud.

The financial statements of the Company for the year were approved and adopted by Board of Directors of the Company in its meeting held on May 17, 2023.

2. BASIS OF PREPARATION OF SEPARATE FINANCIAL STATEMENTS

The financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) as prescribed under section 133 of the Companies Act, 2013 ('the Act') (to the extent notified), read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time and guidelines issued by the Securities and Exchange Board of India (SEBI).

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2.1 The financial statements have been prepared under the historical cost convention on accrual basis except certain instruments and defined benefit plan assets, share based payments that are measured at fair values or at amortized cost at the end of each reporting period.

2.2 Foreign currency transactions

The functional currency of the Company is Indian Rupee. Transactions denominated in foreign currency are recorded at the exchange rate prevailing on the date of transaction. The monetary items denominated in the foreign currency at the year-end

are translated at the exchange rates prevailing on the date of the balance sheet and the loss or gain arising out of such transactions is adjusted in the Statement of Profit and Loss. The date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income (or part of it) is the date on which the Company initially recognizes the non-monetary asset or non-monetary liability arising from the payment or receipt of advance consideration. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not reinstated at each balance sheet date.

2.3 Translation of financial statements of foreign branches

Functional currency of foreign branches is the respective local currency of domicile. All income and expenditure transactions during the year are reported at a monthly moving average exchange rate for the respective periods. All assets and liabilities are translated at the rate prevailing on the Balance Sheet date. Net gain / loss on foreign currency translation is recognized in Other Comprehensive Income.

2.4 An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle,
- Held primarily for the purpose of trading,
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

2.5 A liability is current when:

- It is expected to be settled in normal operating cycle,
- It is held primarily for the purpose of trading,
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

Notes to Standalone Financial Statements for the year ended March 31, 2023 (Contd.)

All other liabilities are classified as non-current.

- 2.6 Deferred tax assets and liabilities are classified as non-current assets and liabilities.
- 2.7 The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.
- 2.8 The financial statements are presented in Indian Rupees rounded to the nearest million ("Mln.") with two decimals. Figures less than ten thousands are shown as nil.

3. ACCOUNTING POLICIES

3.1 Significant accounting policies

a. Fair value measurement

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

b. Revenue recognition

The Company derives revenues from Software Solutions & Services. Revenues are derived from the following streams:

- (1) Revenue from Software Products, in the form of (a) Software Licensing (b) Subscription for Software as a Service (c) Product Support Services and (d) Application Maintenance Services;
- (2) Revenue from Software Services, in the form of (a) Implementation / Professional Services (b) Managed Services;
- (3) Revenue from Resale of Hardware & Software

Revenue is measured based on the transaction price, which is the consideration, adjusted for finance components and volume discounts, service level credits, performance bonus, price concessions and incentives, if any, as specified in the contract with the customers.

Revenue is recognized in the profit and loss account upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those services or products and excluding taxes or duties. To recognize revenues, the Company applies the following five step approach:

- (1) identify the contract with a customer, (2) identify the performance obligations in the contract, (3) determine the transaction price, (4) allocate the transaction price to the performance obligations in the contract, and (5) recognize revenues when a performance obligation is satisfied.

At contract inception, the Company assesses its promise to transfer products or services to a customer to identify separate performance obligations. The Company applies judgment to determine whether each product or service promised to a customer is capable of being distinct, and are distinct in the context of the contract, if not, the promised products or services are combined and accounted as a single performance obligation. The Company allocates the contract value to separately identifiable performance obligations based on their relative standalone selling price (mostly as reflected in the contracts) or residual method. Standalone selling prices are determined based on sale prices for the components when it is regularly sold separately. In cases where the

Notes to Standalone Financial Statements for the year ended March 31, 2023 (Contd.)

Company is unable to determine the standalone selling price, the Company uses expected cost- plus margin approach in estimating the standalone selling price.

For performance obligations where control is transferred over time, revenues are recognized by measuring progress towards completion of the performance obligation. The selection of the method to measure progress towards completion requires judgment and is based on the nature of the promised products or services to be provided.

The method for recognizing revenues depends on the nature of the products sold / services rendered:

(1) Revenue from Software Products

(a) Software Licensing

Software licensing revenues represent all fees earned from granting customers licenses to use the Company's software, through initial licensing and or through the purchase of additional modules or user rights. For software license arrangements that do not require significant modification or customization of the underlying software, revenue is recognized on delivery of the software and when the customer obtains a right to use such licenses.

(b) Subscription for Software as a Service

Subscription fees for offering the hosted software as a service are recognized as revenue ratably on straight line basis, over the term of the subscription arrangement.

(c) Product Support Services

Fees for product support services, covering inter alia improvement and upgradation of the basic Software, whether sold separately (e.g., renewal period AMC) or as an element of a multiple-element arrangement, are recognized as revenue ratably on straight line basis, over the term of the support arrangement.

(d) Application Maintenance Services

Fees for the application maintenance services, covering inter alia the support of the customized software, are recognized as revenue ratably on straight line basis, over the term of the support arrangement.

(e) Royalty income

Royalty income represents fees charged at arms-length basis on the revenue earned from external customers by the subsidiaries, by way of Software Licensing, Product Support Services, Subscription for Software as a Service and Application Maintenance Service, in respect of Company's Software Products. Such royalty income is recognized at the point of time at which the subsidiaries recognize the said revenue.

(2) Revenue from Software Services

(a) Implementation / Professional Services

Software Implementation / Professional Services contracts are either fixed price or time and material based.

Revenues from fixed price contracts, where the performance obligations are satisfied over time, are recognized using the "percentage of completion" method. Percentage of completion is determined based on project costs incurred to date as a percentage of total estimated project costs required to complete the project. The cost expended (or input) method has been used to measure progress towards completion as there is a direct relationship between input and productivity. The performance obligations are satisfied as and when the services are rendered since the customer generally obtains control of the work as it progresses.

Where the Software is required to be substantially customized as part of the implementation service, the entire fee for licensing and implementation services is considered to be a single performance obligation and the revenue is recognized using the percentage of completion method as the implementation services are performed.

Revenues from implementation services in respect of hosting contracts are to be recognized as revenue ratably over the longer of the contract term or the estimated expected life of the customer relationship.

Notes to Standalone Financial Statements for the year ended March 31, 2023 (Contd.)

However, considering the existence of partners being available for rendering such implementation services, these services are considered to be a separate element and recognized in accordance with percentage of completion method.

When total cost estimates exceed revenues in an arrangement, the estimated losses are recognized in the statement of profit and loss in the period in which such losses become probable based on the current contract estimates as a contract provision.

In the case of time and material contracts, revenue is recognized based on billable time spent in the project, priced at the contractual rate.

Any change in scope or price is considered as a contract modification. The Company accounts for modifications to existing contracts by assessing whether the services added are distinct and whether the pricing is at the standalone selling price. Services added that are not distinct are accounted for on a cumulative catch up basis, while those that are distinct are accounted for prospectively as a separate contract if the additional services are priced at the standalone selling price.

Non-refundable one-time upfront fees for enablement / application installation, consisting of standardization set-up, initiation or activation or user login creation services in the case of hosting contracts, are recognized in accordance with percentage of completion method once the customer obtains a right to access and use the Software.

(b) Managed Services

Fees for managed services, which include business processing services, are recognized as revenue as the related services are performed.

(3) Revenue from Resale of Hardware & Software

Revenue from sale of traded hardware / software is recognized on transfer of significant risks, rewards and control to the customer.

Contract assets, liabilities and financing arrangements

A contract asset is a right to consideration that is conditional upon factors other than the passage of time. Contract assets primarily relate to unbilled amounts on implementation / professional services contracts and are classified as non-financial asset as the contractual right to consideration is dependent on completion of contractual milestones (which we refer to as unbilled services revenue).

Unbilled revenues on software licensing are classified as a financial asset where the right to consideration is unconditional upon passage of time (which we refer to as unbilled licenses revenue). The unbilled royalty revenue is also grouped here.

A contract liability is an entity's obligation to transfer software products or software services to a customer for which the entity has received consideration (or the amount is due) from the customer (which we refer to as unearned revenue).

The Company assesses the timing of the transfer of software products or software services to the customer as compared to the timing of payments to determine whether a significant financing component exists. As a practical expedient, the Company does not assess the existence of a significant financing component when the difference between payment and transfer of deliverables is a year or less. If the difference in timing arises for reasons other than the provision of finance to either the customer or us, no financing component is deemed to exist.

c. Finance income

Interest on bank deposits is recognized on accrual basis.

The imputed interest attributable to arrangements having extended credit period is eliminated from the revenue from operations and accounted as interest over the credit period.

d. Income taxes

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates as per the provisions of the Income tax Act, 1961 and other applicable tax laws. Current income tax payable by overseas branches of the Company if any is computed in accordance with the tax laws applicable in the jurisdiction in which the respective branch operates. The taxes paid are generally available for

Notes to Standalone Financial Statements for the year ended March 31, 2023 (Contd.)

set off against the Indian income tax liability of the Company's worldwide income, and if not available, charged off in the profit and loss account.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future tax liability, is recognized as an asset viz. MAT Credit Entitlement, to the extent there is convincing evidence that the Company will pay normal Income tax and it is highly probable that future economic benefits associated with it will flow to the Company during the specified period. The Company reviews the "MAT Credit Entitlement" at each Balance Sheet date and writes down the carrying amount of the same to the extent there is no longer convincing evidence to the effect that the Company will pay normal Income tax during the specified period.

Current tax assets and liabilities are offset, when the Company has legally enforceable right to set off the recognized amounts and intends to settle the asset and the liability on a net basis.

Deferred tax is recognized using the balance sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting at the reporting date. The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that the sufficient taxable profit will be available to allow, all or part of the deferred income tax asset to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year where the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by same governing tax laws and the Company has legally enforceable right to set off current tax assets against current tax liabilities.

Both current tax and deferred tax relating to items recognized outside the Profit or Loss is recognized either in "Other Comprehensive Income" or directly in "Equity" as the case may be.

e. Property, plant and equipment

Property, plant and equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises of purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives.

When assets are acquired on Hire Purchase these are capitalized at the gross value and interest thereon charged to statement of profit and loss.

Depreciation in the books of the Company is charged on a pro-rata basis on the Straight Line Method as prescribed under Schedule II of the Companies Act, 2013 over the useful life of the assets.

The useful lives of various assets used by the Company are tabled below:

Asset type	Useful life in years
Building	60
Laptops and desktops	3
Servers and networks	6
Furniture and fixtures	10
Office equipments	5
Electrical items	10
Vehicles	8

An item of property, plant and equipment and any significant part initially recognized is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is de-recognized.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

f. Right-of-use assets

Leases

The Company has adopted Ind AS 116 "Leases" with the date of initial application being April 01, 2019.

Notes to Standalone Financial Statements for the year ended March 31, 2023 (Contd.)

Ind AS 116 replaces Ind AS 17 - Leases & related interpretation & guidance. The Company has applied Ind AS 116 using the modified retrospective approach effective April 01, 2019. The Company's lease asset classes primarily consist of leases for land, buildings and office equipments.

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (1) the contract involves the use of an identified asset, (2) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (3) the Company has the right to direct the use of the asset.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short term leases and leases of low-value assets. The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

a) Right-of-use ("ROU") assets

The Company recognizes right-of-use assets at the commencement date, except short term leases and low value leases. The Company's lease asset classes primarily consist of leases for Land, Buildings and Office equipments. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight line basis over the lease term. They are subsequently measured at cost less accumulated depreciation and impairment losses.

For the purpose of impairment testing, the recoverable amount (i.e., the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets.

b) Lease liabilities

The Company recognizes lease liability at the commencement date measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the initial application date i.e., April 01, 2019, because the interest rate implicit in the lease is not readily determinable. In respect of subsequent leases, the incremental borrowing rates are determined periodically, to calculate the present value of lease payments. After the lease commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

c) Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised. Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Notes to Standalone Financial Statements for the year ended March 31, 2023 (Contd.)

d) Short term leases and leases of low-value assets

The Company applies the short term lease recognition exemption to its short term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to such leases that are considered to be of low value. Lease payments on short term leases and leases of low-value assets are recognized as expense on a straight line basis over the lease term.

Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income. Contingent rents are recognized as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

g. Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Internally generated intangibles, excluding capitalized software development costs, are not capitalized and the related expenditure is reflected in the statement of profit and loss in the period in which the expenditure is incurred.

The useful lives of intangible assets of the Company are assessed as finite.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with

a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognized in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit or loss when the asset is de-recognized.

Software development costs

Research costs are expensed as incurred. Software development expenditures on product / platform are recognized as intangible assets when the Company can demonstrate:

- The technical feasibility of completing the intangible asset so that the asset will be available for use or sale,
- Its intention to complete and its ability and intention to use or sell the asset,
- How the asset will generate future economic benefits,
- The availability of resources to complete the asset,
- The ability to measure reliably the expenditure during development.

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortization and accumulated impairment losses, if any. Amortization of these assets begins from the year, following the year in which such development costs are incurred. It is amortized over the period of expected future benefit. Amortization expense is recognized in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Costs incurred in the development of the product, together with repository of new business components, upon completion of the development phase, have

Notes to Standalone Financial Statements for the year ended March 31, 2023 (Contd.)

been classified and grouped as “Product software” under intangible assets. Similarly, costs incurred in the development of technology platform framework, which would enable the Company to provide solutions - both standard and customized - in an efficient manner, have been classified and grouped as “Technology platform” under intangible assets.

During the period of development and thereafter, the asset is tested for impairment annually.

Patents

Company is filing patent applications and costs incurred for filing the patent application like consultancy and filing fees are capitalized upon grant of Patents.

The useful life of the above assets is estimated as under:

Asset type	Useful life in years
Self-generated R&D (Product software & Technology platform)	10
Computer software	Lower of license period and 6
Patents	10

h. Borrowing costs

Borrowing cost include interest computed using Effective Interest Rate method, amortization of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs that are directly attributable to the acquisition, construction, production of a qualifying asset are capitalized as part of the cost of that asset which takes substantial period of time to get ready for its intended use. The Company determines the amount of borrowing cost eligible for capitalization by applying capitalization rate to the expenditure incurred on such cost. The capitalization rate determined based on the weighted average rate of borrowing cost applicable to the borrowings of the Company which are outstanding during the period, other than borrowings made specifically towards purchase of the qualifying asset. The amount of borrowing cost that the Company capitalizes during the period does not exceed the amount of borrowing cost incurred during that period. All other borrowing costs are expensed in the period in which they occur.

i. Inventories

Inventories are valued at the lower of cost and net realizable value. Cost includes bringing the inventories to their present location and condition and is determined based on FIFO method. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

j. Impairment of non-financial assets

The carrying values of the non-financial assets are reviewed at each Balance Sheet date to determine whether there is any indication of impairment of the carrying amount of the Company’s assets. If any indication exists, an asset’s recoverable amount is estimated. An impairment loss is recognized whenever the carrying amount of the asset exceeds the recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognized for an asset in earlier accounting periods no longer exists or may have decreased such reversal of impairment loss is recognized in the statement of profit and loss.

k. Provisions, contingent liabilities and contingent assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Notes to Standalone Financial Statements for the year ended March 31, 2023 (Contd.)

Contingent liability is a possible obligation that may arise from past events and its existence will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the same are not recognized but disclosed in the financial statements.

Insurance claims are accounted on the basis of claims admitted or expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection. Any subsequent change in the recoverability is provided for. Contingent Assets are neither recognized nor disclosed.

I. Employee benefits expense

Short term employee benefits

Short term employee benefits viz., salaries, wages and other benefits are recognized as expenses at the undiscounted amount as per contractual terms in the statement of profit and loss for the year in which the related service is rendered.

Defined contribution plans

Superannuation

The senior officers of the Company have been given an option to participate in Defined Contribution Plan ("The Superannuation Plan") maintained by the Life Insurance Corporation of India. For those who opt to participate, the Company makes contributions not exceeding Rupees one lakh fifty thousand per annum, based on specified percentage of basic salary of each covered employee. For those who do not opt to participate, an amount equivalent to the contribution determined at the time of exercise of option is paid along with salary. The Company has no further obligation beyond its contribution / payments.

National pension system

The employees of the Company have been given an option to participate in a defined contribution plan ("National Pension System"), maintained by the fund managers approved by the Pension Fund Regulatory and Development Authority. For those who opt to participate, the Company makes contributions equal to 10% of the covered employee's basic salary. For those who do not opt to participate, an amount equivalent to the contribution determined at the

time of exercise of option is paid along with salary. The Company has no further obligation beyond its contribution / payments.

Provident fund

In addition to the above benefits, all employees receive benefits from a provident fund, which is defined contribution plan. Both the employee and employer each make monthly contributions to the plan equal to 12% of the covered employee's basic salary. These contributions are made to the employees' provident fund maintained by the Government of India. The Company has no further obligations under the plan beyond its monthly contributions.

Defined benefit plans

Gratuity

In accordance with the Indian Law, the Company provides for gratuity, a defined benefit plan ("The Gratuity Plan"), covering all employees. The employees are covered under the Company Gratuity Scheme of the Life Insurance Corporation of India. The liability for Gratuity is ascertained as at the end of the financial year, based on the actuarial valuation by an independent external actuary as at the Balance Sheet date using the "projected unit credit method".

Remeasurement of net defined benefit asset / liability comprising of actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged / credited to other comprehensive income in the period in which they arise and immediately transferred to retained earnings. Other costs are accounted in the standalone statement of profit and loss.

Leave encashment

The Company has a policy of providing encashment of unavailed leave for its employees. The obligation for the leave encashment is recognized based on an independent external actuarial valuation at the Balance Sheet date. The expense is recognized in the statement of profit and loss at the present value of the amount payable determined based on actuarial valuation using "projected unit credit method".

m. Financial instruments

1. A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Notes to Standalone Financial Statements for the year ended March 31, 2023 (Contd.)

2. Financial assets and liabilities are offset and the net amount is presented in the Balance Sheet when and only when the Company has a legal right to offset the recognized amounts and intends either to settle on a net basis or to realize the assets and settle the liabilities simultaneously.
3. The Company initially determines the classification of financial assets and liabilities. After initial recognition, no re-classification is made for financial assets which are categorized as equity instruments at FVTOCI and financial assets / liabilities that are specifically designated as FVTPL. However, other financial assets are re-classifiable when there is a change in the business model of the Company. When the Company reclassifies the financial assets, such reclassifications are done prospectively from the first day of the immediately next reporting period. The Company does not restate any previously recognized gains, losses including impairment gains or losses or interest.

Financial assets

4. Financial assets comprise of investments in equity and mutual funds, trade receivables, cash and cash equivalents and other financial assets.
5. Depending on the business model (i.e.,) nature of transactions for managing those financial assets and its contractual cash flow characteristics, the financial assets are initially measured at fair value and subsequently measured and classified at:
 - a) Amortized cost; or
 - b) Fair value through other comprehensive income (FVTOCI); or
 - c) Fair value through profit or loss (FVTPL).

Amortized cost represents carrying amount on initial recognition at fair value plus or minus transaction cost.

6. The Company has evaluated the facts and circumstances on date of transition to Ind AS for the purpose of classification and measurement of financial assets. Accordingly, financial assets are measured at FVTPL except for

those financial assets whose contractual terms give rise to cash flows on specified dates that represents solely payments of principal and interest thereon, are measured as detailed below depending on the business model:

Classification	Business model
Amortized cost	The objective of the Company is to hold and collect the contractual cash flows till maturity. In other words, the Company do not intend to sell the instrument before its contractual maturity to realize its fair value changes.
FVTOCI	The objective of the Company is to collect its contractual cash flows and selling financial assets.

Investment in equity of subsidiaries are carried at cost. The Company has opted to use the previous GAAP carrying amount as cost, as at the date of transition to Ind AS. The Company has exercised an irrevocable option at time of initial recognition to measure the changes in fair value of other equity investments at FVTOCI. Accordingly, the Company classifies its financial assets for measurement as below:

Classification	Business model
Amortized cost	Trade receivables, loans and advances, deposits, interest receivable, unbilled revenue and other advances recoverable in cash or kind.
FVTOCI	Equity instrument in companies other than subsidiaries as an option exercise at the time of initial recognition.
FVTPL	Investment in mutual funds, forward exchange contracts.

7. Financial assets are de-recognized (i.e.,) removed from the financial statements, when its contractual rights to the cash flows expire or upon transfer of the said assets. The Company also de-recognizes when it has an obligation to adjust the cash flows arising from the financial asset with third party and either upon transfer of:
 - a) significant risk and rewards of the financial asset, or

Notes to Standalone Financial Statements for the year ended March 31, 2023 (Contd.)

- b) control of the financial asset.

However, the Company continue to recognize the transferred financial asset and its associated liability to the extent of its continuing involvement, which are measured on the basis of retainment of its rights and obligations of financial asset. The Company has applied the de-recognition requirements prospectively.

8. Upon de-recognition of its financial asset or part thereof, the difference between the carrying

amount measured at the date of recognition and the consideration received including any new asset obtained less any new liability assumed shall be recognized in the Statement of Profit and Loss.

9. For impairment purposes, significant financial assets are tested on individual basis at each reporting date. Other financial assets are assessed collectively in groups that share similar credit risk characteristics.

Accordingly, the impairment testing is done on the following basis:

Name of financial asset	Impairment testing methodology
Trade receivables and unbilled license revenue	Expected Credit Loss model (ECL) is applied using 12 month ECL method. The ECL over lifetime of the assets are estimated by using a provision matrix which is based on historical loss experience reflecting current conditions and forecasts of future economic conditions which are grouped on the basis of similar credit characteristics such as nature of industry, customer segment, past due status and other factors that are relevant to estimate the expected cash loss from these assets.
Other financial assets	When the credit risk has not increased significantly, 12 month ECL is used to provide for impairment loss. When there is significant change in credit risk since initial recognition, the impairment is measured based on probability of default over the lifetime. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12 month ECL.

Financial liabilities

10. Financial liabilities comprises of Borrowings, Trade payables, Derivative financial instruments, Financial guarantee obligation and Other financial liabilities.
11. The Company measures its financial liabilities as below:

Measurement basis	Names of financial liabilities
Amortized cost	Borrowings, Trade payables, Interest accrued, Security deposits and Other financial liabilities not for trading.
FVTPL	Foreign exchange forward contracts being derivative contracts do not qualify for hedge accounting under Ind AS 109 and other financial liabilities held for trading.

12. Financial liabilities are de-recognized when and only when it is extinguished (i.e.,) when the obligation specified in the contract is discharged or cancelled or expired.
13. Upon de-recognition of its financial liabilities or part thereof, the difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid including any non-cash assets transferred or liabilities assumed is recognized in the Statement of Profit and Loss.

n. Cash and cash equivalents

Cash and cash equivalents in the Balance Sheet comprises of cash at banks and on hand and short term deposits with an original maturity of three months or less, highly liquid investments that are readily convertible into cash.

Notes to Standalone Financial Statements for the year ended March 31, 2023 (Contd.)

o. Cash dividend

The Company recognizes a liability to make cash dividend, when the distribution is authorized and the distribution is no longer at the discretion of the Company. A corresponding amount is recognized directly in equity including applicable taxes.

p. Cash flow statement

Cash flows are presented using indirect method, whereby profit / loss before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short term deposits net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

q. Share based payments

Stock options granted to the option grantees in the Company / subsidiaries are measured at the fair value of the equity instruments granted. For each stock option, the measurement of fair value is performed on the grant date. The grant date is the date on which the options are granted. The fair value so determined is revised only if the stock option scheme is modified in a manner that is beneficial to the employees. The ex-modification fair value is recognized as an employee expense equally over the vesting period and the incremental fair value resulting from modification of the scheme, is recognized over the vesting period remaining after the modification date.

Graded vesting options

If the options vest in installments (i.e., the options vest pro rata over the vesting period), then each installment is treated as a separate share option grant because each installment has a different vesting period.

r. Earnings per share (EPS)

Net profit after tax is divided by the weighted average number of equity shares outstanding.

When an item of income or expense which is otherwise required to be recognized in the statement of profit and loss is debited or credited to Equity, the amount in respect thereof is suitably adjusted in Net Profit for the purpose of computing Earnings Per Share.

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the Company by the weighted average number of Equity Shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit attributable to equity holders of the Company by the weighted average number of Equity Shares outstanding during the year plus the weighted average number of Equity Shares that would be issued on conversion of all the dilutive potential Equity Shares into Equity Shares.

s. Operating segments

The Company's business operation comprises of single operating segment viz., Software and related solutions. Operating segment has been identified on the basis of nature of products and reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker.

t. Assets held for sale

Assets held for sale are measured at the lower of carrying amount or fair value less costs to sell.

3.2 Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies Ind AS Rules as issued from time to time. On March 31, 2023, MCA amended the Companies Ind AS Amendment Rules, 2023 as detailed below:

Ind AS 1 - Presentation of Financial Statements

This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies.

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors

This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates.

Ind AS 12 - Income Taxes

This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of these amendments is from April 01, 2023. The Company does not expect

Notes to Standalone Financial Statements for the year ended March 31, 2023 (Contd.)

that, these amendments will have any significant impact in its financial statements.

The Government of India had enacted The Code on Wages 2019, The Industrial Relations Code 2020, The Occupational Safety, Health & Working Conditions Code 2020 and The Social Security Code 2020, subsuming various existing labour and industrial laws, but the effective date is yet to be notified. The impact of the legislative changes if any will be assessed and recognized post notification of relevant provisions.

4. SIGNIFICANT ESTIMATES AND JUDGMENTS

The preparation of the financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Actual results could vary from these estimates. The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision or future periods, if the revision affects both current and future years.

The Company has considered the possible effects that may result from the continuance of pandemic relating to COVID-19 on the carrying amounts of receivables, inventories, other financial / other non-financial assets. In developing the assumptions relating to the possible future uncertainties in the economic conditions because of this pandemic, the Company, as at the date of approval of these financial statements, has used internal and external sources of information from market sources on the expected future performance of the Company. The impact of COVID-19 on the Company's financial statements may differ from that estimated as at the date of approval of these financial statements due to prevailing uncertainties.

The management has applied the following estimates / assumptions / judgment in preparation and presentation of financial statements:

Property, plant and equipment (PPE) and intangible assets

The residual values and estimated useful life of PPEs and Intangible assets are assessed by technical team duly reviewed by the management at each reporting date. Wherever the management believes that the assigned useful life and residual value are appropriate,

such recommendations are accepted and adopted for computation of depreciation / amortization / impairment.

Current taxes

Calculations of income taxes for the current period are done based on applicable tax laws and management's judgment by evaluating positions taken in tax returns and interpretations of relevant provisions of law.

Deferred tax asset (including MAT credit entitlement)

Significant management judgment is exercised by reviewing the deferred tax assets at each reporting date to determine the amount of deferred tax assets that can be retained / recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Contingent liabilities

Management judgment is exercised for estimating the possible outflow of resources, if any, in respect of contingencies / claims / litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

Impairment of financial assets

The impairment of financial assets are done based on assumptions about risk of default and expected loss rates. The assumptions, selection of inputs for calculation of impairment are based on management judgment considering the past history, market conditions and forward-looking estimates at the end of each reporting date.

Impairment of non-financial assets (PPE / Intangible assets)

The impairment of non-financial assets is determined based on estimation of recoverable amount of such assets. The assumptions used in computing the recoverable amount are based on management judgment considering the timing of future cash flows, discount rates and the risks specific to the asset.

Impairment of Investments in Subsidiaries / Associate

Significant management judgment is exercised in determining whether the investment in subsidiaries / associate are impaired or not, is on the basis of its nature of long term strategic investments and other business considerations.

Defined benefit plans and other long term benefits

The cost of the defined benefit plan and other long term benefits, and the present value of such obligation

Notes to Standalone Financial Statements for the year ended March 31, 2023 (Contd.)

are determined by the independent actuarial valuer. Management believes that the assumptions used by the actuary in determination of the discount rate, future salary increases, mortality rates and attrition rate are reasonable. Due to the complexities involved in the valuation and its long term nature, this obligation is highly sensitive to changes in these assumptions.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities could not be measured based on quoted prices in active markets, management uses valuation techniques including the Discounted Cash Flow (DCF) model, to determine its fair value. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is exercised in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility.

Share based payments

The Company initially measures the equity settled transactions with employees using fair value model. This requires determination of most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including volatility and dividend yield and making assumptions about them.

Revenue recognition

The Company exercises judgment in determining whether the performance obligation is satisfied at a point in time or over a period of time.

The Company applies the percentage of completion method using the input (cost expended) method to measure progress towards completion in respect of fixed price contracts, which are performed over a period of time. The Company exercises judgment to estimate the future cost-to-completion of the contracts which is used to determine the degree of completion of the performance obligation.

The Company's contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgment to determine the deliverables and the ability of the customer to benefit

independently from such deliverables. Judgment is also required to determine the transaction price for the contract.

The Company uses judgment to determine an appropriate standalone selling price for a performance obligation. The Company allocates the transaction price to each performance obligation on the basis of the relative standalone selling price of each distinct product or service promised in the contract. Where standalone selling price is not observable, the Company uses the expected cost- plus margin approach to allocate the transaction price to each distinct performance obligation. Provision for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting date.

Leases

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Company has several lease contracts that include extension and termination options. The Company applies judgment in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Company reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customization to the leased asset).

The Company cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The IBR is the rate of interest that the Company would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment or which requires estimation when no observable rates are available. The Company estimates the IBR using observable inputs (such as market interest rates) when available and is required to make certain entity-specific estimates.

27. Disclosure of Fair Value Measurements

The fair values of financial assets and liabilities are determined at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. Fair value of cash & cash equivalents, trade and other short term receivables, trade payables, borrowings and other financial instruments approximate their carrying amounts largely due to the short term maturities of these instruments.

27. Disclosure of Fair Value Measurements (Contd.)

Fair value hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1 - Quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The details of financial instruments that are measured at fair value on recurring basis as at March 31, 2023 are given below:

Particulars	Rs. Min.			
	Level 1	Level 2	Level 3	Total
Financial instruments at FVTOCI				
Investment in unlisted securities	-	-	-	-
Financial instruments at FVTPL				
Foreign currency forward contract	-	-	-	-
Investment in mutual funds	100.31	-	-	100.31

The details of financial instruments that are measured at fair value on recurring basis as at March 31, 2022 are given below:

Particulars	Rs. Min.			
	Level 1	Level 2	Level 3	Total
Financial instruments at FVTOCI				
Investment in unlisted securities	-	-	15.00	15.00
Financial instruments at FVTPL				
Foreign currency forward contract	-	(0.20)	-	(0.20)

The cost of unquoted investments included in Level 3 of fair value hierarchy approximate their fair value because there is a wide range of possible fair value measurements and the cost represents estimate of fair value within that range.

28. Capital Management

For the purpose of the Company's capital management, capital means the Total Equity as per the Balance Sheet. The primary objective of the Company's capital management is to maximize the Shareholder's wealth.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Company monitors capital using a gearing ratio, which is net debt divided by the total equity.

The Company has already developed and implemented a risk management policy. The risk management systems are reviewed periodically. The Internal Audit reviews the risk management controls & procedures and reports to the Audit Committee.

The Company's financial risks comprise of market risk, credit risk and liquidity risk.

A. Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of two types of risk: interest rate risk and foreign currency risk.

A.1 Interest rate risk

The Company has borrowed debt at variable rates to finance its operations including capital expenditure, which exposes it to interest rate risk. The Company's interest rate risk management planning includes achieving the lowest possible cost of debt financing, while managing volatility of interest rates, applying a prudent mix of fixed and floating debt, either directly or through the use of derivative financial instruments affecting a shift in interest rate exposures between fixed and floating.

Interest rate risk exposure on the average borrowing for the year

Particulars of average borrowing	Rs. Mln.	
	FY 2022-23	FY 2021-22
Fixed rate borrowing	378.71	25.31
Variable rate borrowing	214.89	5.10

1% change in interest rate on variable rate borrowing would impact the interest cost for FY 2022-23 by Rs.2.15 Mln. (FY 2021-22 by Rs.0.05 Mln.).

A.2 Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's transactions denominated in a foreign currency including trade receivables and unbilled revenues, loans given to overseas subsidiaries, trade payables and bank balances.

The Company's exposure to foreign currency risk with respect to material currencies as detailed below:

Foreign currency						Rs. Mln.
	Trade receivables	Unbilled revenues	Bank balances	Loans given	Trade payables	Total
USD Mln.						
As at March 31, 2023	2.86	1.04	-	0.69	(0.85)	3.74
As at March 31, 2022	1.58	2.16	-	1.19	(0.33)	4.60

Notes to Standalone Financial Statements for the year ended March 31, 2023 (Contd.)

30. Financial Risk Management Objectives and Policies (Contd.)

The Company follows the following strategy to mitigate the risk of changes in exchange rates on foreign currency exposures:

- Availment of packing credit in foreign currency (PCFC), including entering into cross currency forward contracts in equivalent USD where the exposures are in other currencies. The exposure is Nil for both March 31, 2023 and March 31, 2022.
- Entering into forward contracts which are not covered by PCFC, for such quantum as considered appropriate. The outstanding exposure in this regard is as follows:

Foreign currency	As at March 31, 2023		As at March 31, 2022	
	In Mln.	Rs. Mln.	In Mln.	Rs. Mln.
SGD	Nil	Nil	0.39	21.78
USD	Nil	Nil	0.43	23.79
AUD	Nil	Nil	0.26	19.58
EUR	Nil	Nil	0.09	5.38

The above outstanding forward contracts for FY 2021-22 amounting to Rs.70.53 Mln. have been converted at the closing rates as against the contracted value of Rs.72.46 Mln. The accounting treatment followed for foreign exchange forward contracts is Mark to Market based.

B. Credit risk

Credit risk is the risk of financial loss to the Company, if the customer or counter party to the financial instruments or supplier fail to meet its contractual obligations and arises principally from the Company's receivables and treasury operations.

Customer credit risk is managed by Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables and unbilled revenues are regularly monitored and the Company creates a provision based on expected credit loss model.

B.1 Trade receivables, unbilled revenues and advance to suppliers and service providers

Trade receivables

Trade receivables of the Company include a) dues from its overseas subsidiaries amounting to 61% as at March 31, 2023 (43% as at March 31, 2022), of total trade receivables which are risk free and b) dues from others which are exposed to credit risk. The number of external customers (excluding subsidiaries) and the percentage they owed exceeding Rs.5.00 Mln. individually, out of the outstanding as at March 31, 2023, were 20 and 79% respectively (16 and 77% as at March 31, 2022).

External customers who accounted for more than 10% of the trade receivable from them, is one both as at March 31, 2023 and as at March 31, 2022.

Unbilled revenues

Unbilled revenues (Unbilled licenses revenue grouped under financial asset and unbilled services revenue grouped under non-financial assets i.e., other assets) of the Company are also exposed to risk in the event of the inability to bill the customer. Unbilled royalty revenue is in respect of overseas subsidiaries, which are generally risk free.

Number of external customers constituting more than 10% of the unbilled revenues in respect of them, is two both as at March 31, 2023 and as at March 31, 2022.

Advance to suppliers and service providers

Advance to suppliers and service providers are also exposed to risk in the event of inability to adjust such advances from their billing or otherwise recover the same.

**Notes to Standalone Financial Statements for the year ended March 31, 2023 (Contd.)****30. Financial Risk Management Objectives and Policies (Contd.)****B.2 Credit risk exposure**

The movement in provision for doubtful debts and advances is as below:

Particulars	Rs. Mln.	
	As at March 31, 2023	As at March 31, 2022
Balance at the beginning	207.76	134.60
Provisions for the year	109.22	281.43
Translation differences	1.14	0.20

Trade receivables	844.21	692.95
Unbilled licenses revenue	266.61	316.86
Unbilled royalty revenue	106.43	143.81
Unbilled services revenue	283.02	317.77
Advance to suppliers and service providers	1.87	16.60

B.3 Financial instruments and cash deposits

Investments of surplus funds are made only with approved counterparties. The Company is exposed to counter party risk relating to deposits with banks and investments in mutual funds. The Company places its cash equivalents based on the creditworthiness of the financial institutions.

Fixed deposits of Rs. 467.39 Mln. have been placed with 2 Banks having high credit rating. Investment in mutual funds of Rs.100.31 Mln. have been placed in bond, ultra short duration and liquid funds with 3 mutual fund institutions.

C. Liquidity risk

Liquidity risks are those risks that the Company will not be able to settle or meet its obligations on time or at reasonable price. In the management of liquidity risk, the Company monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the Company's operations and to mitigate the effects of fluctuations in cash flows. Due to the dynamic nature of the underlying business, the Company aims at maintaining flexibility in funding by keeping both committed and uncommitted credit lines available.

Financial arrangements

The Company has access to the following undrawn borrowing facilities:

Particulars	Rs. Mln.	
	As at March 31, 2023	As at March 31, 2022

31. Financial Ratios

Sl. no.	Particulars	Numerator	Denominator	FY 2022-23	FY 2021-22	Variance (in %)	Reason for variance
1	Current ratio	Current assets	Current liabilities	1.53	2.42	(36.78%)	Declined, mainly due to decrease in loan receivable from subsidiaries due to conversion to non-current investment / repayment comprised in current assets coupled with increase in borrowings and unearned revenue comprised in current liabilities.
2	Debt equity ratio	Total debt (including lease liabilities)	Shareholder's equity	0.11	0.06	83.33%	Increased, mainly due to increase in borrowings.
3	Debt service coverage ratio	Net profit after taxes, adjusted for non cash items	Sum of interest, lease payments, term loan / net working capital loan repayments during the year	0.01	4.16	(99.79%)	Declined, mainly due to reduction in earnings available for debt service for the year. Note: The repayments out of Preferential Issue proceeds not considered.
4	Return on equity ratio in %	Net profits after taxes	Average total equity	(13.00%)	(6.00%)	(7.00%)	
5	Inventory turnover ratio	Cost of goods sold	Average inventory	Nil	Nil	Nil	
6	Trade receivables turnover ratio	Total revenue	Average trade receivables	3.22	2.99	7.69%

33. Impact Of Covid-19

COVID-19 has impacted the business and the Company is recovering from the adverse business impact created by it. However, the Company's capital and financial resources are well protected, though there was an impact on the revenue and profitability during the year. The liquidity position of the Company is adequate and strengthened by Preferential Issue 2022. The Company has been servicing its interim debt obligations as per schedule on the due dates. The Company has sufficient liquidity / financial arrangements for the continuity of its business operations.

The Company is confident of its ability to serve its debt and other obligations in future as well. The Company is confident to raise funds that may be required in the future. The Company has got adequate internal financial controls commensurate with the size and nature of its operations and pertaining to financial reporting. There is no impact on the Company's supply chain. The Company does not have any material risk of non-fulfilment of obligations by any party arising out of existing contracts / agreements.

The Company has, based on information available, taken into account the possible impact of COVID-19, including on the carrying amounts of financial and non-financial assets and as per the current assessment of the Company, there is no material impact in respect of these in the preparation of the financial statements. However, the impact of COVID-19 on the Company's financial statements may differ from that estimated as at the date of approval of these financial statements and the Company will continue to monitor the uncertainties caused by COVID-19 to assess the impact on our future economic conditions.

Notes to Standalone Financial Statements for the year ended March 31, 2023 (Contd.)

Independent Auditor's Report

To the Members of **RAMCO SYSTEMS LIMITED**

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

OPINION

We have audited the accompanying Consolidated Financial Statements drawn in accordance with the Indian Accounting Standards ("Consolidated Financial Statements") of Ramco Systems Limited ("Holding Company") and its Subsidiaries (together referred to as the "Group") and the share of profit of its Associate. These Consolidated Financial Statements comprise the Consolidated Balance Sheet as at 31 March 2023, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year ended 31 March 2023 and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Indian Accounting Standards, of the State of Affairs ("Financial Position") of the Group as at 31 March 2023, its Consolidated Loss ("Financial Performance including Other Comprehensive Income"), Consolidated Cash Flows and Consolidated Changes in Equity for the year ended on 31 March 2023.

BASIS FOR OPINION

We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the

Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

1. Trade Receivables, Unbilled License Revenue and Unbilled Service Revenue

Trade Receivables

Trade receivables are amounts billed but not yet received. As on 31 March 2023, amount outstanding on this account is Rs. 1,524.67 Mn (PY: Rs. 1,716.89 Mn). Of this Rs. 6.08 Mn is due from an Associate.

Unbilled License Revenue

Revenue recognition in the case of Licenses is on delivery of the software and when the customer obtains a right to use such license. The revenue recognized over billing is classified as Unbilled License Revenue and grouped under Financial Assets (both Current and Non-current). The amount outstanding as on 31 March 2023 is Rs. 994.58 Mn (PY: Rs. 1,562.78 Mn).

Unbilled Service Revenue

Revenue recognition in the case of services is based on percentage of completion method. The excess revenue over billing is classified as Unbilled Service Revenue and grouped under Other Assets (both Current and Non-current). The amount outstanding as on 31 March 2023 is Rs. 1,000.11 Mn (PY: Rs. 1,145.67 Mn).

Auditor's Response

We have audited the Revenue recognition to ensure that it follows the stated policy. The outstanding amount has certain element of risk.

- i. In the case of Trade Receivable, there could arise a credit risk on account of default of the payment obligation by the customer, resulting in a financial loss.
- ii. In the case of Unbilled License Revenue, the risk could arise on account of inability of the Group to raise invoices on the stated timelines.
- iii. In the case of Unbilled Service Revenue, the risk could arise on account of, (a) non-acceptance of the milestones delivered to the customer and, (b) the consequential inability of the Group to invoice those milestones.
- iv. In respect of (ii) and (iii) above, once invoiced, there could arise credit risk as stated in (i) above.

Independent Auditor's Report (Contd.)

The Group creates a provision for Trade Receivables and Unbilled License Revenue by using a 12-month ECL method along with ECL over lifetime of the assets by using a provision matrix which is based on the historical loss experience reflecting current conditions. In the case of Unbilled Service Revenue, the Group creates a provision using a 12-month ECL where credit risk has not increased significantly. In other cases, the impairment is measured based on probability of default over lifetime.

While arriving at our conclusion that the stated amounts are realizable, we have applied the following audit procedures:

1. We have reviewed the credit risk policy of the Group. The implementation of such policy has been audited through audit / review of accounts through compliance and substantive testing of selected samples. The substantive audit procedures include ascertaining the contractual obligation of the customers, execution status of the selected projects and consequent recoverability, historical evidence of the ability of the Group in reviving certain stagnant projects.
2. We assessed the ageing of Trade Receivables and Unbilled Revenue, the customer's historical billing and collection patterns along with the technical status of the projects and whether any payments post year-end have been received up to the date of this report. We have also ascertained the key judgments and assumptions used by the Management in the recoverability assessment of Trade Receivables, Unbilled License Revenue and Unbilled Service Revenue.

We have also evaluated the empirical data of the previous years, and we have ascertained that the current provisioning for the expected credit loss is in line with the historical evidence.

2. Intangible Assets

The Holding Company's significant cash generating assets are Product Software and Technology Platform. Costs incurred in the development of the product, together with updates to the product functionality, development of new business components, upon completion of the development phase, have been classified as "Product Software".

Similarly, costs incurred in the development of Technology Platform framework, together with updates to the Technology Platform functionality which would enable the Holding Company to provide solutions in both standard

and customized way, have been classified as "Technology Platform". These are disclosed under Intangible Assets.

The carrying value of intangible assets is subjected to evaluation based on its existing verticals and functionality and its ability to generate revenue in future for the foreseeable period. The carrying cost of Product Software and Technology Platform as on 31 March 2023 is Rs. 3,333.60 Mn (PY: Rs. 2,812.05 Mn).

Auditor's Response

We have reviewed and verified the process of capitalization of Product Software and Technology Platform. The Holding Company amortizes the cost incurred in development of these intangible assets over its estimated useful life which is determined as ten years.

Our procedures focused on validating the current carrying value by:

1. Ascertaining the functional Structure of the product software and technology platform and their reasonableness; and
2. (a) Evaluating of the appropriateness of the revenue forecasts and operating cash flows that could be generated based on the current functionality of the product software and technology platform, included in the business forecast for the foreseeable future.
 - (b) Reviewing the reasonableness of the key assumptions including those driving the cash flows underpinning the analysis, by:
 - i) Comparing historical budget forecasts against actual results.
 - ii) Comparing forecast growth to business plans approved by the Board.

INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Holding Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility and Sustainability Report, Corporate Governance and Shareholder's Information, but does not include the Consolidated Financial Statements, Standalone Financial Statements and our audit report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Independent Auditor's Report (Contd.)

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

MANAGEMENT'S RESPONSIBILITIES FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's Management and Board of Directors are responsible for the preparation of these Consolidated Financial Statements in terms of the requirements of the Act that give a true and fair view of the Consolidated Financial Position, Consolidated Financial Performance (including other comprehensive income), Consolidated Cash Flows and Consolidated Statement of Changes in Equity of the Group including its Associate in accordance with the accounting principles generally accepted in India and including the Indian Accounting Standards specified under Section 133 of the Act, read with applicable rules there under.

The respective Management and Board of Directors of the companies included in the Group and its Associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the respective companies and its Associate and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate Internal Financial Controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Holding Company, as aforesaid.

In preparing the Consolidated Financial Statements, the respective Management and Board of Directors of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Management and Board of Directors

either intends to liquidate their respective entities or to cease operations, or have no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of its entity in the Group.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We, also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate Internal Financial Controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast

Independent Auditor's Report (Contd.)

significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our audit report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure, and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision, and performance of the audit of the financial statements of such entities included in the Consolidated Financial Statements. Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the Consolidated Financial Statements regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our audit report unless law or regulation precludes public disclosure about the matter

or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTERS

The Consolidated Financial Statements reflects the Group's share of total assets of Rs. 6,286.69 Mn as at 31 March 2023, total revenues of Rs. 3,421.43 Mn, total net loss after tax of Rs. 938.65 Mn for the year ended 31 March 2023 of the subsidiaries, which were not audited by us but were audited / reviewed by other independent auditors whose reports have been furnished to us by the Management. Our opinion in terms of sub-section (3) and (11) of section 143 of the Act, on the Consolidated Financial Statements in so far as it relates to the amount as mentioned above and disclosures included in respect of the subsidiaries, is solely based on the report of the other independent auditors.

The Consolidated Financial Statements include Group's share of assets of Rs. 16.54 Mn as at 28 February 2023 and profit after tax of the Associate amounting to Rs. 0.16 Mn for the year ended 28 February 2023, which was not audited. Our opinion in terms of sub-section (3) and (11) of section 143 of the Act, on the Consolidated Financial Statements in so far as it relates to the amount as mentioned above and disclosures included in respect of the Associate, is solely based on the certification of the unaudited financials by the Management.

Our opinion on the Consolidated Financial Statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

- A. Since none of the Subsidiaries whose financials are included in the Consolidated Financial Statements, have been incorporated in India, the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, is not applicable to them and hence the requirement of indicating the details as required under paragraph 3 and 4 of the Order, does not arise.
- B. As required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable, that:
 1. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements.

Independent Auditor's Report (Contd.)

2. In our opinion, proper books of accounts as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
3. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Financial Statements.
4. In our opinion, the aforesaid Consolidated Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
5. On the basis of the written representations received from the Directors of the Holding Company as on 31 March 2023 and taken on record by the Board of Directors of the Holding Company, none of the Directors of the Holding Company is disqualified as on 31 March 2023 from being appointed as a Director in terms of Section 164 (2) of the Act.
6. We have enclosed our separate report in "Annexure A" with respect to the adequacy of the Internal Financial Controls over financial reporting of the Holding Company and the operating effectiveness of such controls. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Internal Financial Controls over financial reporting.
7. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Consolidated Financial Statements disclose the impact of pending litigations / claims against the Group as at 31 March 2023 on the Consolidated Financial Position of the Group - Refer note no.27 to the Consolidated Financial Statements.
 - ii. The Group and Associate company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts required to be transferred by the Holding Company to the Investor Education and Protection Fund.
 - iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kinds of funds) by the Holding Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
 - Whether directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company ("Ultimate Beneficiaries"), or
 - Provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
 - (b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Holding Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company shall:
 - Whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries"), or
 - Provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries.
 - (c) Based on the audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (iv)(a) and (iv)(b) contain any material misstatement.
 - v. There is no dividend declared or paid during the year by the Holding Company and hence

Independent Auditor's Report (Contd.)

compliance under Section 123 of the Act does not arise.

- C. With respect to the matter to be included in the Audit report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Holding Company to its Directors during the year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any Director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

- D. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit

log) facility is applicable to the Company with effect from April 1, 2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023.

Annexure A to the Independent Auditor's Report of even date on the Consolidated Financial Statements drawn in accordance with the Indian Accounting Standards, of Ramco Systems Limited

Report on the Internal Financial Controls over the Financial Reporting under Clause (i) of Subsection 3 of Section 143 of the Companies Act, 2013 ("Act")

OPINION

We have audited the Internal Financial Controls over financial reporting of the Holding Company as of 31 March 2023 in conjunction with our audit of the Consolidated Financial Statements for the year ended 31 March 2023. Our reporting of the Internal Financial Controls in the case of Consolidated Financial Statements is applicable only to the Holding Company, which has been audited by us.

In our opinion, and to the best of our information and according to the explanations given to us, the Holding Company, in all material aspects, has an adequate Internal Financial Controls system over financial reporting and such Internal Financial Controls over financial reporting were operating effectively as at 31 March 2023, based on the internal controls over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI").

MANAGEMENT'S RESPONSIBILITIES FOR INTERNAL FINANCIAL CONTROLS

The Holding Company's Management and Board of Directors are responsible for establishing and maintaining Internal Financial Controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI. These responsibilities include the design, implementation and maintenance of adequate Internal Financial Controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Holding Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITORS' RESPONSIBILITIES

Our responsibility is to express an opinion on the Holding Company's Internal Financial Controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing ("SAs") issued by ICAI and deemed to be prescribed under

section 143(10) of the Act, to the extent applicable to an audit of Internal Financial Controls and both applicable to an audit of Internal Financial Controls and, both issued by ICAI. Those SAs and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal Financial Controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal Financial Controls system over financial reporting and their operating effectiveness. Our audit of Internal Financial Controls over financial reporting included obtaining an understanding of Internal Financial Controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's Internal Financial Controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company.
- Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

Annexure A to the Independent Auditor's Report (Contd.)

- Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

conditions, or that the degree of compliance with the policies or procedures may deteriorate.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of Internal Financial Controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the Internal Financial Controls over financial reporting to future periods are subject to the risk that internal Financial Control over financial reporting may become inadequate because of changes in

The consolidated financial statements for the year ended March 31, 2023 were approved and adopted by the Board of Directors of the Company in its meeting held on May 17, 2023.

2. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS

2.1 The consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act, 2013 (‘the Act’) (to the extent notified), read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time and guidelines issued by the Securities and Exchange Board of India (SEBI).

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2.2 Pursuant to General Circular No.39/2014 dated October 14, 2014 issued by the Ministry of Corporate Affairs that the disclosures made already under the separate financial statements are not repeated and thus the disclosures that are relevant arising out of consolidation have only been presented.

Notes to Consolidated Financial Statements for the year ended March 31, 2023 (Contd.)

2.3 The consolidated financial statements have been prepared on the historical cost convention on accrual basis except certain financial instruments and defined benefit plan assets, share based payments that are measured at fair values or at amortized cost at the end of each reporting period.

2.4 An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle,
- Held primarily for the purpose of trading,
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

2.5 A liability is current when:

- It is expected to be settled in normal operating cycle,
- It is held primarily for the purpose of trading,
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

2.6 Deferred tax assets and liabilities are classified as non-current assets and liabilities.

2.7 The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

2.8 The consolidated financial statements are presented in Indian Rupees (i.e., the functional currency of the Parent) as well as in United States Dollars (USD) and all values are rounded to the nearest millions, except when otherwise indicated. Figures less than ten thousands are shown as nil.

2.9 Basis of consolidation

The consolidated financial statements comprise of the financial statements of the Group and Affiliate. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect

those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee),
- Exposure or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed-off during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control.

The consolidated financial statements are prepared by adopting uniform accounting policies for like transactions or other events in similar circumstances and are presented to the extent possible, in the same manner as the Company's financial statements.

The financial statements of subsidiaries have been combined on a line by line basis by adding together the book values of like items of assets, liabilities, income and expenditure after eliminating intra-group balances and intra-group transactions resulting in unrealized profits or losses. The financial statements of the Affiliate have been consolidated using the Equity Method. The most recent available financial statements of the associate is used in applying the Equity Method.

Non-controlling interest in the net assets of consolidated subsidiaries consists of: a) the amount of equity attributable to the non-controlling interest at the dates on which investment in a subsidiary is made; and b) the share of movements in equity of non-controlling interest since the date the parent-subsidiary relationship came into existence.

Foreign currencies

The Group's consolidated financial statements are presented in Indian Rupees, which is also the

Notes to Consolidated Financial Statements for the year ended March 31, 2023 (Contd.)

Parent's functional currency, as well as in USD. For each entity, the Group determines the functional currency and items included in the financial statements of each entity are measured using that functional currency.

Transactions in foreign currencies are initially recorded at the spot rate on the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognized in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or profit or loss are also recognized in OCI or profit or loss, respectively). The date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income (or part of it) is the date on which the Group initially recognizes the non-monetary asset or non-monetary liability arising from the payment or receipt of advance consideration. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not reinstated at each balance sheet date.

Translation of financial statements of foreign branches

All transactions of the foreign branch are recorded in their respective functional currencies.

Income and expenditure transactions during the year are reported at a monthly moving average exchange rate for the respective periods. All assets and liabilities are translated at the rate prevailing on the Balance Sheet date. Net gain / loss on foreign currency translation is recognized in the OCI.

Group companies

On consolidation, the assets and liabilities of foreign operations are translated into Indian Rupees at the rate of exchange prevailing at the reporting date and their statements of profit or loss are translated at the monthly moving average exchange rates applicable for the year. The equity share capital is stated at the exchange rate at the date of the investment. The exchange differences arising on translation for consolidation are recognized in OCI. On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is recognized in consolidated statement of profit or loss.

3. ACCOUNTING POLICIES

3.1 Significant accounting policies

a. Investment in associate

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

The Group's investment in its associate are accounted for using the equity method. Under the equity method, the investment in an associate is initially recognized at cost. The carrying amount of the investment is adjusted to recognize changes in the Group's share of net assets of the associate since the acquisition date. Goodwill relating to the associate is included in the carrying amount of the investment and is not tested for impairment individually.

The consolidated statement of profit and loss reflects the Group's share of the results of operations of the associate. Any change in Other Comprehensive Income (OCI) of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognized directly in the equity of the associate, the Group recognizes its share of any changes, when applicable, in the statement of changes in equity. Unrealized gains and losses resulting from transactions between the Group and the associate are eliminated to the extent of the interest in the associate.

After application of the equity method, the Group determines whether it is necessary to recognize an impairment loss on its investment in its associate. At each reporting date, the Group determines whether

Notes to Consolidated Financial Statements for the year ended March 31, 2023 (Contd.)

there is objective evidence that the investment in the associate is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value and then recognizes the loss in the consolidated statement of profit or loss.

Upon loss of significant influence over the associate, the Group measures and recognizes any retained investment at its fair value. Any difference between the carrying amount of the associate upon loss of significant influence and the fair value of the retained investment and proceeds from disposal is recognized in consolidated statement of profit or loss.

b. Fair value measurement

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

c. Revenue recognition

The Group derives revenues from Software Solutions & Services. Revenues are derived from the following streams:

- (1) Revenue from Software Products, in the form of (a) Software Licensing (b) Subscription for Software as a Service (c) Product Support Services and (d) Application Maintenance Services;
- (2) Revenue from Software Services, in the form of (a) Implementation / Professional Services (b) Managed Services;
- (3) Revenue from Resale of Hardware & Software.

Revenue is measured based on the transaction price, which is the consideration, adjusted for financing components and volume discounts, service level credits, performance bonus, price concessions and incentives, if any, as specified in the contract with the customers.

Revenue is recognized in the profit and loss account upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Group expects to receive in exchange for those services or products and excluding taxes or duties. To recognize revenues, the Group applies the following five step approach: (1) identify the contract with a customer, (2) identify the performance obligations in the contract, (3) determine the transaction price, (4) allocate the transaction price to the performance obligations in the contract, and (5) recognize revenues when a performance obligation is satisfied.

At contract inception, the Group assesses its promise to transfer products or services to a customer to identify separate performance obligations. The Group applies judgment to determine whether each product or service promised to a customer is capable of being distinct, and are distinct in the context of the contract, if not, the promised products or services are combined and accounted as a single performance obligation. The Group allocates the contract value to separately identifiable performance obligations based on their relative standalone selling price (mostly as reflected in the contracts) or residual method. Standalone selling prices are determined based on sale prices for the components when it is regularly sold separately. In cases where the Group is unable to determine the standalone selling price, the Group uses expected cost-plus margin approach in estimating the standalone selling price.

Notes to Consolidated Financial Statements for the year ended March 31, 2023 (Contd.)

For performance obligations where control is transferred over time, revenues are recognized by measuring progress towards completion of the performance obligation. The selection of the method to measure progress towards completion requires judgment and is based on the nature of the promised products or services to be provided. The method for recognizing revenues depends on the nature of the products sold / services rendered:

- (1) Revenue from Software Products
 - (a) Software Licensing

Software licensing revenues represent all fees earned from granting customers licenses to use the Company's software, through initial licensing and or through the purchase of additional modules or user rights. For software license arrangements that do not require significant modification or customization of the underlying software, revenue is recognized on delivery of the software and when the customer obtains a right to use such licenses.
 - (b) Subscription for Software as a Service

Subscription fees for offering the hosted software as a service are recognized as revenue ratably on straight line basis, over the term of the subscription arrangement.
 - (c) Product Support Services

Fees for product support services, covering inter alia improvement and upgradation of the basic Software, whether sold separately (e.g., renewal period AMC) or as an element of a multiple-element arrangement, are recognized as revenue ratably on straight line basis, over the term of the support arrangement.
 - (d) Application Maintenance Services

Fees for the application maintenance services, covering inter alia the support of the customized software, are recognized as revenue ratably on straight line basis, over the term of the support arrangement.
- (2) Revenue from Software Services
 - (a) Implementation / Professional Services

Software Implementation / Professional Services contracts are either fixed price or time and material based.

Revenues from fixed price contracts, where the performance obligations are satisfied over time, are recognized using the "percentage of completion" method. Percentage of completion is determined based on project costs incurred to date as a percentage of total estimated project costs required to complete the project. The cost expended (or input) method has been used to measure progress towards completion as there is a direct relationship between input and productivity. The performance obligations are satisfied as and when the services are rendered since the customer generally obtains control of the work as it progresses.

Where the Software is required to be substantially customized as part of the implementation service, the entire fee for licensing and implementation services is considered to be a single performance obligation and the revenue is recognized using the percentage of completion method as the implementation services are performed.

Revenues from implementation services in respect of hosting contracts are to be recognized as revenue ratably over the longer of the contract term or the estimated expected life of the customer relationship. However, considering the existence of partners being available for rendering such implementation services, these services are considered to be a separate element and recognized in accordance with percentage of completion method.

When total cost estimates exceed revenues in an arrangement, the estimated losses are recognized in the statement of profit and loss in the period in which such losses become probable based on the current contract estimates as a contract provision.

In the case of time and material contracts, revenue is recognized based on billable time spent in the project, priced at the contractual rate.

Any change in scope or price is considered as a contract modification. The Group

Notes to Consolidated Financial Statements for the year ended March 31, 2023 (Contd.)

accounts for modifications to existing contracts by assessing whether the services added are distinct and whether the pricing is at the standalone selling price. Services added that are not distinct are accounted for on a cumulative catch up basis, while those that are distinct are accounted for prospectively as a separate contract if the additional services are priced at the standalone selling price.

Non-refundable one-time upfront fees for enablement / application installation, consisting of standardization set-up, initiation or activation or user login creation services in the case of hosting contracts, are recognized in accordance with percentage of completion method once the customer obtains a right to access and use the Software.

(b) Managed Services

Fees for managed services, which include business processing services, are recognized as revenue as the related services are performed.

(3) Revenue from Resale of Hardware & Software

Revenue from sale of traded hardware / software is recognized on transfer of significant risks, rewards and control to the customer.

Contract assets, liabilities and financing arrangements

A contract asset is a right to consideration that is conditional upon factors other than the passage of time. Contract assets primarily relate to unbilled amounts on implementation / professional services contracts and are classified as non-financial asset as the contractual right to consideration is dependent on completion of contractual milestones (which we refer to as unbilled services revenue).

Unbilled revenues on software licensing are classified as a financial asset where the right to consideration is unconditional upon passage of time (which we refer to as unbilled licenses revenue).

A contract liability is an entity's obligation to transfer software products or software services to a customer for which the entity has received consideration (or the amount is due) from the customer (which we refer to as unearned revenue).

The Group assesses the timing of the transfer of software products or software services to the customer as compared to the timing of payments to determine whether a significant financing component exists. As a practical expedient, the Group does not assess the existence of a significant financing component when the difference between payment and transfer of deliverables is a year or less. If the difference in timing arises for reasons other than the provision of finance to either the customer or us, no financing component is deemed to exist.

d. Finance income

Interest on bank deposits is recognized on accrual basis.

The imputed interest attributable to arrangements having extended credit period is eliminated from the revenue from operations and accounted as interest over the credit period.

e. Government grants

Government grants are recognized where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. Grant related to income is recognized as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. Grant related to an asset is recognized as income in equal amounts over the expected useful life of the related asset.

f. Income taxes

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates as per the provisions of the Income tax Act, 1961 for the Company and other applicable tax laws in the countries where the Group operates and generate taxable income. Current income tax payable by overseas branches of the Company if any is computed in accordance with the tax laws applicable in the jurisdiction in which the respective branch operates. The taxes paid are generally available for set off against the Indian income tax liability of the Company's worldwide income, and if not available, charged off in the profit and loss account.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future tax liability, is recognized as an asset viz., MAT credit

Notes to Consolidated Financial Statements for the year ended March 31, 2023 (Contd.)

entitlement, to the extent there is convincing evidence that the Group will pay normal Income tax and it is highly probable that future economic benefits associated with it will flow to the Group during the specified period. The Group reviews the “MAT credit entitlement” at each Balance Sheet date and writes down the carrying amount of the same to the extent there is no longer convincing evidence to the effect that the Group will pay normal Income tax during the specified period.

Current tax assets and liabilities are offset, when the Group has legally enforceable right to set off the recognized amounts and intends to settle the asset and the liability on a net basis.

Deferred tax is recognized using the Balance Sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting at the reporting date. The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year where the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by same governing tax laws and the Group has legally enforceable right to set off current tax assets against current tax liabilities.

Both current tax and deferred tax relating to items recognized outside the Profit or Loss is recognized either in “Other Comprehensive Income” or directly in “Equity” as the case may be.

g. Property, plant and equipment

Property, plant and equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises of purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. When significant parts of plant and equipment are required to be replaced at intervals,

the Group depreciates them separately based on their specific useful lives.

When assets are acquired on Hire Purchase these are capitalized at the gross value and interest thereon charged to consolidated statement of profit and loss.

Depreciation in the books of the Company is charged on a pro-rata basis on the Straight line Method as prescribed under Schedule II of the Companies Act, 2013 over the useful life of the assets.

Depreciation in the books of subsidiaries is charged on a pro-rata basis on the Straight line Method over the useful life of the assets.

The useful lives of various assets used by the Group are tabled below:

Asset type	Useful life in years
Building	60
Laptops and desktops	3 to 5
Server and networks	6
Furniture and fixtures	5 to16
Office equipments	3 to 7
Electrical items	5 to 10
Vehicles	8

An item of property, plant and equipment and any significant part initially recognized is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the consolidated statement of profit and loss when the asset is de-recognized.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

h. Right-of-use assets

Leases

The Group has adopted Ind AS 116 “Leases” with the date of initial application being April 01, 2019. Ind AS 116 replaces Ind AS 17 - Leases & related interpretation & guidance. The Group has applied Ind AS 116 using the modified retrospective approach effective April 01, 2019. The Group’s lease asset classes primarily consist of leases for land, buildings and office equipments.

Notes to Consolidated Financial Statements for the year ended March 31, 2023 (Contd.)

Policy applicable from April 01, 2019

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (1) the contract involves the use of an identified asset (2) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (3) the Group has the right to direct the use of the asset.

Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short term leases and leases of low-value assets. The Group recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

a) Right-of-use ("ROU") assets

The Group recognizes right-of-use assets at the commencement date, except short term leases and low value leases. The Group's lease asset classes primarily consist of leases for Land, Buildings and Office equipments. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight line basis over the lease term. They are subsequently measured at cost less accumulated depreciation and impairment losses.

For the purpose of impairment testing, the recoverable amount (i.e., the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets.

b) Lease liabilities

The Group recognizes lease liability at the commencement date measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable,

variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the initial application date i.e., April 01, 2019, because the interest rate implicit in the lease is not readily determinable. In respect of subsequent leases, the incremental borrowing rates are determined periodically, to calculate the present value of lease payments. After the lease commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

c) Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised. Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

d) Short term leases and leases of low-value assets

The Group applies the short term lease recognition exemption to its short term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option).

Notes to Consolidated Financial Statements for the year ended March 31, 2023 (Contd.)

It also applies the lease of low-value assets recognition exemption to such leases that are considered to be of low value. Lease payments on short term leases and leases of low-value assets are recognized as expense on a straight line basis over the lease term.

Group as a lessor

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income. Contingent rents are recognized as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all the risks and rewards of ownership transfer from the Group to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

i. Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Internally generated intangibles, excluding capitalized software development costs, are not capitalized and the related expenditure is reflected in the consolidated statement of profit and loss in the period in which the expenditure is incurred.

The useful lives of intangible assets of the Group are assessed as finite.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate and are treated as changes in accounting estimates. The amortization expense

on intangible assets with finite lives is recognized in the consolidated statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the consolidated statement of profit or loss when the asset is de-recognized.

Software development costs

Research costs are expensed as incurred. Software development expenditures on product / platform are recognized as intangible asset when the Group can demonstrate:

- The technical feasibility of completing the intangible asset so that the asset will be available for use or sale,
- Its intention to complete and its ability and intention to use or sell the asset,
- How the asset will generate future economic benefits,
- The availability of resources to complete the asset,
- The ability to measure reliably the expenditure during development.

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortization and accumulated impairment losses, if any. Amortization of these assets begins from the year, following the year in which such development costs are incurred. It is amortized over the period of expected future benefit. Amortization expense is recognized in the consolidated statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Costs incurred in the development of the product, together with repository of new business components, upon completion of the development phase, have been classified and grouped as "Product Software" under intangible assets. Similarly, costs incurred in the development of technology platform framework, which would enable the Group to provide solutions - both standard and customized - in an efficient manner, have been classified and grouped as "Technology platform" under intangible assets.

**Notes to Consolidated Financial Statements for the year ended March 31, 2023 (Contd.)**

During the period of development and thereafter, the asset is tested for impairment annually.

Patents

Company is filing patent applications and costs incurred for filing the patent application like consultancy and filing fees are capitalized upon grant of Patents.

The useful life of the above assets is estimated as under:

Asset type	Useful life in years
Self-generated R&D (Product software & Technology platform)	10
Computer software	Lower of license period and 3 to 6
Patents	10

j. Borrowing costs

Borrowing cost include interest computed using Effective Interest Rate method, amortization of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs that are directly attributable to the acquisition, construction, production of a qualifying asset is capitalized as part of the cost of that asset which takes substantial period of time to get ready for its intended use. The Group determines the amount of borrowing cost eligible for capitalization by applying capitalization rate to the expenditure incurred on such cost. The capitalization rate determined based on the weighted average rate of borrowing cost applicable to the borrowings of the Group which are outstanding during the period, other than borrowings made specifically towards purchase of the qualifying asset. The amount of borrowing cost that the Group capitalizes during the period does not exceed the amount of borrowing cost incurred during that period. All other borrowing costs are expensed in the period in which they occur.

k. Inventories

Inventories are valued at the lower of cost and net realizable value.

Cost includes bringing the inventories to their present location and condition and is determined based on FIFO method. Net realizable value is the estimated

selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

l. Impairment of non-financial assets

The carrying values of the non-financial assets are reviewed at each Balance Sheet date to determine whether there is any indication of impairment of the carrying amount of the Group's assets. If any indication exists, an asset's recoverable amount is estimated. An impairment loss is recognized whenever the carrying amount of the asset exceeds the recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognized for an asset in earlier accounting periods no longer exists or may have decreased such reversal of impairment loss is recognized in the consolidated statement of profit and loss.

m. Provisions, contingent liabilities and contingent assets

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the consolidated statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liability is a possible obligation that may arise from past events and its existence will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or it is not probable that an outflow of resources embodying economic benefits

Notes to Consolidated Financial Statements for the year ended March 31, 2023 (Contd.)

will be required to settle the obligation and the same are not recognized but disclosed in the consolidated financial statements.

Insurance claims are accounted on the basis of claims admitted or expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection. Any subsequent change in the recoverability is provided for. Contingent assets are neither recognized nor disclosed.

n. Employee benefits expense

Short term employee benefits

Short term employee benefits viz., salaries, wages and other benefits are recognized as expenses at the undiscounted amount as per contractual terms in the consolidated statement of profit and loss for the year in which the related service is rendered.

Defined contribution plans of the Company Superannuation

The senior officers of the Company have been given an option to participate in defined contribution plan ("The superannuation plan") maintained by the Life Insurance Corporation of India. For those who opt to participate, the Company makes contributions not exceeding Rupees One Lakh Fifty Thousand per annum, based on specified percentage of basic salary of each covered employee. For those who do not opt to participate, an amount equivalent to the contribution determined at the time of exercise of option is paid along with salary. The Company has no further obligation beyond its contribution / payments.

National pension system

The employees of the Company have been given an option to participate in a defined contribution plan ("National Pension System"), maintained by the fund managers approved by the Pension Fund Regulatory and Development Authority. For those who opt to participate, the Company makes contributions equal to 10% of the covered employee's basic salary. For those who do not opt to participate, an amount equivalent to the contribution determined at the time of exercise of option is paid along with salary. The Company has no further obligation beyond its contributions / payments.

Provident fund

In addition to the above benefits, all employees receive benefits from a provident fund, which is defined

contribution plan. Both the employee and employer each make monthly contributions to the plan equal to 12% of the covered employee's basic salary. These contributions are made to the employees' provident fund maintained by the Government of India. The Company has no further obligations under the plan beyond its monthly contributions.

Defined benefit plans of the Company

Gratuity

In accordance with the Indian Law, the Company provides for gratuity, a defined benefit plan ("The Gratuity Plan"), covering all employees. The employees are covered under the Company Gratuity Scheme of the Life Insurance Corporation of India. The liability for gratuity is ascertained as at the end of the financial year, based on the actuarial valuation by an independent external actuary as at the Balance Sheet date using the "projected unit credit method".

Remeasurement of net defined benefit asset / liability comprising of actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged / credited to other comprehensive income in the period in which they arise and immediately transferred to retained earnings. Other costs are accounted in the consolidated statement of profit and loss.

Leave encashment

The Company has a policy of providing encashment of unavailed leave for its employees. The obligation for the leave encashment is recognized based on an independent external actuarial valuation at the Balance Sheet date. The expense is recognized in the consolidated statement of profit and loss at the present value of the amount payable determined based on actuarial valuation using "projected unit credit method".

In respect of subsidiaries, such benefits to the extent applicable have been provided for in the books as required.

o. Financial instruments

1. A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.
2. Financial assets and liabilities are offset and the net amount is presented in the Balance Sheet when and only when the Group has a legal right to offset the recognized amounts and intends

Notes to Consolidated Financial Statements for the year ended March 31, 2023 (Contd.)

either to settle on a net basis or to realize the assets and settle the liabilities simultaneously.

3. The Group initially determines the classification of financial assets and liabilities. After initial recognition, no re-classification is made for financial assets which are categorized as equity instruments at FVTOCI and financial assets / liabilities that are specifically designated as FVTPL. However, other financial assets are re-classifiable when there is a change in the business model of the Group. When the Group reclassifies the financial assets, such reclassifications are done prospectively from the first day of the immediately next reporting period. The Group does not restate any previously recognized gains, losses including impairment gains or losses or interest.

Financial assets

4. Financial assets comprise of investments in equity and mutual funds, trade receivables, cash and cash equivalents and other financial assets.
5. Depending on the business model (i.e.,) nature of transactions for managing those financial assets and its contractual cash flow characteristics, the financial assets are initially measured at fair value and subsequently measured and classified at:
 - a) Amortized cost; or
 - b) Fair value through other comprehensive income (FVTOCI); or
 - c) Fair value through profit or loss (FVTPL).

Amortized cost represents carrying amount on initial recognition at fair value plus or minus transaction cost.

6. The Group has evaluated the facts and circumstances on date of transition to Ind AS for the purpose of classification and measurement of financial assets. Accordingly, financial assets are measured at FVTPL except for those financial assets whose contractual terms give rise to cash flows on specified dates that represents solely payments of principal and interest thereon, are measured as detailed below depending on the business model:

Classification	Business model
Amortized cost	The objective of the Group is to hold and collect the contractual cash flows till maturity. In other words, the Group do not intend to sell the instrument before its contractual maturity to realize its fair value changes.
FVTOCI	The objective of the Group is to collect its contractual cash flows and selling financial assets.

Investment in equity of associate is carried at cost. The Group has opted to use the previous GAAP carrying amount as cost, as at the date of transition to Ind AS. The Group has exercised an irrevocable option at the time of initial recognition to measure the changes in fair value of other equity investments at FVTOCI. Accordingly, the Group classifies its financial assets for measurement as below:

Classification	Names of financial assets
Amortized cost	Trade receivables, loans and advances, deposits, grants, interest receivable, unbilled revenue and other advances recoverable in cash or kind.
FVTOCI	Equity instrument in companies other than associate as an option exercise at the time of initial recognition.
FVTPL	Investment in mutual funds, forward exchange contracts.

7. Financial assets are de-recognized (i.e.,) removed from the consolidated financial statements, when its contractual rights to the cash flows expire or upon transfer of the said assets. The Group also de-recognizes when it has an obligation to adjust the cash flows arising from the financial asset with third party and either upon transfer of:
 - a) Significant risk and rewards of the financial asset, or
 - b) Control of the financial asset.

However, the Group continue to recognize the transferred financial asset and its associated liability to the extent of its continuing involvement, which are measured on the basis of retainment of its rights and obligations of financial asset. The Group has applied the de-recognition requirements prospectively.

Notes to Consolidated Financial Statements for the year ended March 31, 2023 (Contd.)

8. Upon de-recognition of its financial asset or part thereof, the difference between the carrying amount measured at the date of recognition and the consideration received including any new asset obtained less any new liability assumed shall be recognized in the consolidated statement of profit and loss.
9. For impairment purposes, significant financial assets are tested on individual basis at each reporting date. Other financial assets are assessed collectively in groups that share similar credit risk characteristics. Accordingly, the impairment testing is done on the following basis:

Name of financial asset	Impairment testing methodology
Trade receivables and unbilled license revenue	Expected Credit Loss model (ECL) is applied using 12 month ECL method. The ECL over lifetime of the assets are estimated by using a provision matrix which is based on historical loss experience reflecting current conditions and forecasts of future economic conditions which are grouped on the basis of similar credit characteristics such as nature of industry, customer segment, past due status and other factors that are relevant to estimate the expected cash loss from these assets.
Other financial assets	When the credit risk has not increased significantly, 12 month ECL is used to provide for impairment loss. When there is significant change in credit risk since initial recognition, the impairment is measured based on probability of default over the lifetime. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12 month ECL.

Financial liabilities

10. Financial liabilities comprise of Borrowings, Trade payables, Derivative financial instruments, Financial guarantee obligation and Other financial liabilities.
11. The Group measures its financial liabilities as below:

Measurement basis	Names of financial liabilities
Amortized cost	Borrowings, Trade payables, Interest accrued, Security deposits and Other financial liabilities not for trading.
FVTPL	Foreign exchange forward contracts being derivative contracts do not qualify for hedge accounting under Ind AS 109 and other financial liabilities held for trading.

12. Financial liabilities are de-recognized when and only when it is extinguished (i.e.,) when the obligation specified in the contract is discharged or cancelled or expired.
13. Upon de-recognition of its financial liabilities or part thereof, the difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid including any non-cash assets transferred or liabilities assumed is recognized in the consolidated statement of profit and loss.

p. Cash and cash equivalents

Cash and cash equivalents in the Balance Sheet comprises of cash at banks and on hand and short term deposits with an original maturity of three months or less, highly liquid investments that are readily convertible into cash.

q. Cash dividend

The Group recognizes a liability to make cash dividend, when the distribution is authorized and the distribution is no longer at the discretion of the Group. A corresponding amount is recognized directly in equity including applicable taxes.

r. Cash flow statement

Cash flows are presented using indirect method, whereby profit / loss before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

Notes to Consolidated Financial Statements for the year ended March 31, 2023 (Contd.)

For the purpose of the consolidated statement of cash flows, cash and cash equivalents consist of cash and short term deposits, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

s. Share based payments

Stock options granted to the option grantees of the Group are measured at the fair value of the equity instruments granted. For each stock option, the measurement of fair value is performed on the grant date. The grant date is the date on which the options are granted. The fair value so determined is revised only if the stock option scheme is modified in a manner that is beneficial to the employees. The ex-modification fair value is recognized as an employee expense equally over the vesting period and the incremental fair value resulting from modification of the scheme, is recognized over the vesting period remaining after the modification date.

Graded vesting options

If the options vest in instalments (i.e., the options vest pro rata over the vesting period), then each instalment is treated as a separate share option grant because each installment has a different vesting period.

t. Earnings per share (EPS)

Net profit after tax is divided by the weighted average number of equity shares outstanding. When an item of income or expense which is otherwise required to be recognized in the consolidated statement of profit and loss is debited or credited to Equity, the amount in respect thereof is suitably adjusted in Net Profit for the purpose of computing EPS. Basic EPS amounts are calculated by dividing the consolidated profit for the year attributable to equity holders of the Parent by the weighted average number of Equity Shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the consolidated profit for the year attributable to equity holders of the Parent by the weighted average number of Equity Shares outstanding during the year plus the weighted average number of Equity Shares that would be issued on conversion of all the dilutive potential Equity Shares into Equity Shares.

u. Operating segments

The Group's business operation comprises of single operating segment viz., Software and related

solutions. Operating segment has been identified on the basis of nature of products and reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker.

v. Assets held for sale

Assets held for sale are measured at the lower of carrying amount or fair value less costs to sell.

3.2 Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies Ind AS Rules as issued from time to time. On March 31, 2023, MCA amended the Companies Ind AS Amendment Rules, 2023 as detailed below:

Ind AS 1 - Presentation of Financial Statements

This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies.

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors

This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates.

Ind AS 12 - Income Taxes

This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences.

The effective date for adoption of these amendments is from April 01, 2023. The Group does not expect that, these amendments will have any significant impact in its financial statements.

The Government of India had enacted The Code on Wages 2019, The Industrial Relations Code 2020, The Occupational Safety, Health & Working Conditions Code 2020 and The Social Security Code 2020, subsuming various existing labour and industrial laws, but the effective date is yet to be notified. The impact of the legislative changes if any, will be assessed and recognized post notification of relevant provisions.

4. SIGNIFICANT ESTIMATES AND JUDGMENTS

The preparation of the consolidated financial statements requires the Group's management ("management") to make judgments, estimates and assumptions that affect

Notes to Consolidated Financial Statements for the year ended March 31, 2023 (Contd.)

the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosures and the disclosure of contingent liabilities. Actual results could vary from these estimates. The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision effects only that period or in the period of the revision or future periods, if the revision affects both current and future years.

The Group has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of receivables, inventories, other financial / other non-financial assets. In developing the assumptions relating to the possible future uncertainties in the economic conditions because of this pandemic, the Group, as at the date of approval of these financial statements, has used internal and external sources of information from market sources on the expected future performance of the Group. The impact of COVID-19 on the Group's financial statements may differ from that estimated as at the date of approval of these financial statements due to prevailing uncertainties.

The management has applied the following estimates / assumptions / judgments in preparation and presentation of financial statements:

Property, plant and equipment (PPE) and intangible assets

The residual values and estimated useful life of PPEs and intangible assets are assessed by technical team duly reviewed by the management at each reporting date. Wherever the management believes that the assigned useful life and residual value are appropriate, such recommendations are accepted and adopted for computation of depreciation / amortization / impairment.

Current taxes

Calculations of income taxes for the current period are done based on applicable tax laws and management's judgment by evaluating positions taken in tax returns and interpretations of relevant provisions of law.

Deferred tax asset (including MAT credit entitlement)

Significant management judgment is exercised by reviewing the deferred tax assets at each reporting date to determine the amount of deferred tax assets that can be retained / recognized, based upon the likely timing and

the level of future taxable profits together with future tax planning strategies.

Contingent liabilities

Management judgment is exercised for estimating the possible outflow of resources, if any, in respect of contingencies / claims / litigations against the Group as it is not possible to predict the outcome of pending matters with accuracy.

Impairment of financial assets

The impairment of financial assets are done based on assumptions about risk of default and expected loss rates. The assumptions, selection of inputs for calculation of impairment are based on management judgment considering the past history, market conditions and forward-looking estimates at the end of each reporting date.

Impairment of non-financial assets (PPE / intangible assets)

The impairment of non-financial assets is determined based on estimation of recoverable amount of such assets. The assumptions used in computing the recoverable amount are based on management judgment considering the timing of future cash flows, discount rates and the risks specific to the asset.

Impairment of investments in associate

Significant management judgment is exercised in determining whether the investment in associate is impaired or not, is on the basis of its nature of long term strategic investments and other business considerations.

Defined benefit plans and other long term benefits

The cost of the defined benefit plan and other long term benefits, and the present value of such obligation are determined by the independent actuarial valuer. Management believes that the assumptions used by the actuary in determination of the discount rate, future salary increases, mortality rates and attrition rate are reasonable. Due to the complexities involved in the valuation and its long term nature, this obligation is highly sensitive to changes in these assumptions.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities could not be measured based on quoted prices in active markets, management uses valuation techniques

Notes to Consolidated Financial Statements for the year ended March 31, 2023 (Contd.)

including the Discounted Cash Flow (DCF) model, to determine its fair value. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is exercised in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility.

Share based payments

The Group initially measures the equity settled transactions with employees using fair value model. This requires determination of most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including volatility and dividend yield and making assumptions about them.

Revenue recognition

The Group exercises judgment in determining whether the performance obligation is satisfied at a point in time or over a period of time.

The Group applies the percentage of completion method using the input (cost expended) method to measure progress towards completion in respect of fixed price contracts, which are performed over a period of time. The Group exercises judgment to estimate the future cost-to-completion of the contracts which is used to determine the degree of completion of the performance obligation.

The Group's contracts with customers could include promises to transfer multiple products and services to a customer. The Group assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgment to determine the deliverables and the ability of the customer to benefit independently from such deliverables. Judgment is also required to determine the transaction price for the contract.

The Group uses judgment to determine an appropriate standalone selling price for a performance obligation. The Group allocates the transaction price to each performance obligation on the basis of the relative standalone selling

price of each distinct product or service promised in the contract. Where standalone selling price is not observable, the Group uses the expected cost-plus margin approach to allocate the transaction price to each distinct performance obligation.

Provision for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting date.

Leases

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Group has several lease contracts that include extension and termination options. The Group applies judgment in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customization to the leased asset).

The Group cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The IBR is the rate of interest that the Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment or which requires estimation when no observable rates are available. The Group estimates the IBR using observable inputs (such as market interest rates) when available and is required to make certain entity-specific estimates.

17.4 Ind AS 115 – Revenue from contract with customers

The Company derives revenue from Software Solutions & Services. The accounting policies are mentioned in note no.3.1.c.

Remaining performance obligations

The remaining performance obligation disclosure provides the aggregate amount of transaction price yet to be recognized as at the end of the reporting period and an explanation as to when the Group expects to recognize these amounts in revenue. Remaining performance obligation estimates are subject to change and are affected by various factors including termination, changes in scope of contracts, adjustments for revenue that are not materialized and adjustments for currency.

Applying the practical expedient as given in Ind AS 115, the Group has not disclosed the following:

- the remaining performance obligation for contracts where revenue recognized corresponds directly with the value to the customer of the entity's performance completed to date including time and material, support service and subscription contracts and
- the remaining performance obligation in respect of other contracts, since those performance obligations have an original expected duration of one year or less in most of the cases.

During the year ended March 31, 2023, the Group recognized revenue of Rs.713.33 Mln. USD 8.96 Mln. arising from opening unearned revenue of Rs.852.14 Mln. USD 11.31 Mln. as at April 01, 2022. 25. Disclosure Of Fair Value Measurements

The fair values of financial assets and liabilities are determined at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. Fair value of cash & cash equivalents, trade and other short term receivables, trade payables, borrowings and other financial instruments approximate their carrying amounts largely due to the short term maturities of these instruments.

25. Disclosure of fair value measurements (Contd.)

Fair value hierarchy

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1 - Quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The details of financial instruments that are measured at fair value on recurring basis as at March 31, 2023 are given below:

Particulars	Rs. Mln.				USD Mln.			
	Level 1	Level 2	Level 3	Total	Level 1	Level 2	Level 3	Total
Financial instruments at FVTOCI								
Investment in unlisted securities	-	-	-	-	-	-	-	-
Financial instruments at FVTPL								
Foreign currency forward contract	-	-	-	-	-	-	-	-
Investment in mutual funds	100.31	-	-	100.31	1.23	-	-	1.23

The details of financial instruments that are measured at fair value on recurring basis as at March 31, 2022 are given below:

Particulars	Rs. Mln.				USD Mln.			
	Level 1	Level 2	Level 3	Total	Level 1	Level 2	Level 3	Total
Financial instruments at FVTOCI								
Investment in unlisted securities	-	-	15.00	15.00	-	-	0.23	0.23
Financial instruments at FVTPL								
Foreign currency forward contract	-	(0.20)	-	(0.20)	-	-	-	-

The cost of unquoted investments included in Level 3 of fair value hierarchy approximate their fair value because there is a wide range of possible fair value measurements and the cost represents estimate of fair value within that range.

26. Capital Management

For the purpose of the Group's capital management, capital means the Total equity as per the Consolidated Balance Sheet. The primary objective of the Group's capital management is to maximize the shareholder's wealth.

The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Group monitors capital using a gearing ratio, which is Net debt divided by the Total equity.

Particulars	As at March 31, 2023		As at March 31, 2022	
	Rs. Mln.	USD Mln.	Rs. Mln.	USD Mln.

Notes to Consolidated Financial Statements for the year ended March 31, 2023 (Contd.)

28. Financial risk management objectives and policies (Contd.)

The Group's financial risks comprise of market risk, credit risk and liquidity risk.

A. Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of two types of risk: interest rate risk and foreign currency risk.

A.1 Interest rate risk

The Group has borrowed debt at variable rates to finance its operations including capital expenditure, which exposes it to interest rate risk. The Group's interest rate risk management planning includes achieving the lowest possible cost of debt financing, while managing volatility of interest rates, applying a prudent mix of fixed and floating debt, either directly or through the use of derivative financial instruments affecting a shift in interest rate exposures between fixed and floating.

Interest rate risk exposure on the average borrowing for the year:

Particulars of average borrowing	FY 2022-23		FY 2021-22	
	Rs. Mln.	USD Mln.	Rs. Mln.	USD Mln.
Fixed rate borrowing	378.71	4.63	25.31	0.34
Variable rate borrowing	226.42	2.77	5.11	0.07

1% change in interest rate on variable rate borrowing would impact the interest cost for FY 2022-23 by Rs.2.26 Mln. USD 0.03 Mln. (FY 2021-22 by Rs.0.05 Mln. USD Nil).

A.2 Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's transactions denominated in a foreign currency including trade receivables, unbilled revenues, trade payables and bank balances.

The Group's exposure to foreign currency risk with respect to material currencies as detailed below:

Foreign Currency	Trade receivables	Unbilled revenues	Trade payables	Bank balances	Total
USD Mln. *					
As at March 31, 2023	8.66	8.15	(0.68)	0.12	16.24

28. Financial risk management objectives and policies (Contd.)

Sensitivity analysis between Indian Rupee and the following foreign currencies specified above for an increase of / decrease by Re.1:

Foreign currency	As at March 31, 2023				As at March 31, 2022			
	Rs. Mln.		USD Mln.		Rs. Mln.		USD Mln.	
	Increase	Decrease	Increase	Decrease	Increase	Decrease	Increase	Decrease

PHP	120.37	(120.37)	1.47	(1.47)	128.88	(128.88)	1.71	(1.71)
EUR	1.79	(1.79)	0.02	(0.02)	1.64	(1.64)	0.02	(0.02)

The Company follows the following strategy to mitigate the risk of changes in exchange rates on foreign currency exposures :

- Availment of packing credit in foreign currency (PCFC), including entering into cross currency forward contracts in equivalent USD where the exposures are in other currencies. The exposure is Nil for both March 31, 2023 and March 31, 2022.
- Entering into forward contracts which are not covered by PCFC, for such quantum as considered appropriate. The outstanding exposure in this regard is as follows:

Foreign currency	As at March 31, 2023			As at March 31, 2022		
	In Mln.	Rs. Mln.	USD Mln.	In Mln.	Rs. Mln.	USD Mln.
AUD	Nil	Nil	Nil	0.39	21.78	0.29
SGD	Nil	Nil	Nil	0.43	23.79	0.32
USD	Nil	Nil	Nil	0.26	19.58	0.26
CAD	Nil	Nil	Nil	0.09	5.38	0.07

The above outstanding forward contracts for FY 2021-22 amounting to Rs. 70.53 Mln. USD 0.94 Mln. have been converted at the closing rates as against the contracted value of Rs. 72.46 Mln. USD 0.96 Mln. The accounting treatment followed for foreign exchange forward contracts is Mark to Market based.

B. Credit risk

Credit risk is the risk of financial loss to the Group, if the customer or counterparty to the financial instruments or the supplier fail to meet its contractual obligations and arises principally from the Group's receivables and treasury operations.

Customer credit risk is managed by Group's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables and unbilled revenues are regularly monitored and the Group creates a provision based on expected credit loss model.

B.1 Trade receivables, unbilled revenues, advance to suppliers and service providers

i) Trade receivables

Trade receivable of the Group represents the dues from its customers which are exposed to credit risk. The number of customers and percentage they owed exceeding USD 0.50 Mln. individually, out of the outstanding as at March 31, 2023, were 8 and 38% respectively (6 and 32% as at March 31, 2022).

Number of customers owing more than 10% of the accounts receivable is one as at March 31, 2023 and Nil as at March 31, 2022.

ii) Unbilled revenues

Unbilled Revenues (Unbilled licenses revenue grouped under financial asset and Unbilled services revenue grouped under non-financial assets i.e., other assets) of the Group are also exposed to risk in the event of the inability to bill the customer.

No single customer constituting more than 10% of the unbilled revenues both as at March 31, 2023 and as at March 31, 2022.

Notes to Consolidated Financial Statements for the year ended March 31, 2023 (Contd.)

28. Financial risk management objectives and policies (Contd.)

iii) The Group has receivables and unbilled revenue, due from few customers in Sudan constituting around 7% of the total, (significant portion of which is due from local Government agencies) which are exposed due to the internal unrest and management is hopeful of recovery once the situation in that country returns to normalcy.

iv) Advance to suppliers and service providers

Advance to suppliers and service providers are also exposed to risk in the event of inability to adjust such advances from their billing or otherwise recover the same.

B.2 Credit risk exposure

The movement in provision for doubtful debts & advances is as below:

Advance to suppliers and service providers	6.99	0.08	19.00	0.26

B.3 Financial instruments and cash deposits

Investments of surplus funds are made only with approved counterparties. The Group is exposed to counterparty risk relating to deposits with banks and investments in mutual funds. The Group places its cash equivalents based on the creditworthiness of the financial institutions.

Fixed deposits of Rs. 467.39 Mln. USD 5.72 Mln. have been placed with 2 Banks having high credit rating. Investment in mutual funds of Rs. 100.31 Mln. USD 1.23 Mln. have been placed in bond, ultra short duration and liquid funds with 3 mutual fund institutions.

C. Liquidity risk

Liquidity Risks are those risk that the Group will not be able to settle or meet its obligations on time or at reasonable price. In the management of liquidity risk, the Group monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the Group's operations and to mitigate the effects of fluctuations in cash flows. Due to the dynamic nature of the underlying business, the Group aims at maintaining flexibility in funding by keeping both committed and uncommitted credit lines available.

31. Impact Of Covid-19

COVID-19 has impacted the business and the Group is recovering from the adverse business impact created by it. However, the Group's capital and financial resources are well protected, though there was an impact on the revenue and profitability during the year. The liquidity position of the Group is adequate and strengthened by Preferential Issue 2022. The Group has been servicing its interim debt obligations as per schedule on the due dates. The Group has sufficient liquidity / financial arrangements for the continuity of its business operations.

The Group is confident of its ability to serve its debt and other obligations in future as well. The Group is confident to raise funds that may be required in the future. The Group has got adequate internal financial controls commensurate with the size and nature of its operations and pertaining to financial reporting. There is no impact on the Group's supply chain. The Group does not have any material risk of non-fulfilment of obligations by any party arising out of existing contracts / agreements.

The Group has, based on information available, taken into account the possible impact of COVID-19, including on the carrying amounts of financial and non-financial assets and as per the current assessment of the Group, there is no material impact in respect of these in the preparation of the financial statements. However, the impact of COVID-19 on the Group's financial statements may differ from that estimated as at the date of approval of these financial statements and the Group will continue to monitor the uncertainties caused by COVID-19 to assess the impact on our future economic conditions.

NOTES:

1. The Company has chosen to conduct this AGM through VC. The AGM would be conducted in compliance with the applicable provisions of the Companies Act, 2013 ("The Act") read with Ministry of Corporate affairs ("MCA") General Circular No. 10/2022 dated December 28, 2022 and Securities and Exchange Board of India ("SEBI") Circular No. SEBI/HO/CFD/PoD-2/P/CIR/2023/4 dated January 05, 2023 and such other instructions as may be issued by Statutory Authorities. Hence, Members can attend and participate in the ensuing AGM through VC.
2. Statement pursuant to Section 102 of the Act, setting out the material facts concerning item of special business are annexed hereto. Information in respect of the Director seeking re-election/re-appointment as required to be disclosed under Regulation 36(3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, ("SEBI LODR") and as required under Secretarial Standard - 2 on General Meetings (SS-2) issued by The Institute of Company Secretaries of India, are included in this Notice.
3. Electronic copy of the Notice for the AGM and the Annual Report for the financial year (FY) 2022-23 are being sent to all the Members whose e-mail ids are registered with the Company/Depository Participants ("DP"). Dispatching of physical copies of the Financial Statements (including Board's Report, Auditors' Report or other documents required to be attached therewith), has been dispensed with. Such Statements are being sent only by email to the Members and to all other persons so entitled. The Notice and the Annual Report will also be available for download on the Company's website – www.ramco.com and at the websites of Stock Exchanges Viz., BSE Limited ("BSE") and National Stock Exchange of India Limited ("NSE"), where the Company's shares are listed. The AGM Notice is also disseminated on the website of Central Depository Services (India) Limited ("CDSL") (the agency appointed by the Company for providing the Remote e-voting facility, e-voting system during the AGM & participate in the AGM through the VC facility) i.e. www.evotingindia.com.
4. As this AGM is being held through VC as per MCA/SEBI Circulars, the facility for appointment of proxies by the Members will not be available for this AGM and hence the proxy form and attendance slip including Route Map are not annexed to this Notice.
5. Under Rule 18 of Companies (Management and Administration) Rules, 2014, Members holding shares in electronic mode who have not got their e-mail addresses updated with the DP are requested to update their e-mail address and any changes therein. Members holding shares in physical mode are requested to update their e-mail address/mobile number, quoting their folio number, to our Registrar and Share Transfer Agent, viz., Cameo Corporate Services Limited, (Unit: Ramco Systems Limited), ("RTA") in the URL <https://investors.cameoindia.com/> by writing to them at 'Subramanian Building,' No.1, Club House Road, Chennai 600 002, or by e-mail to investor@cameoindia.com.
6. As per Regulation 40 of SEBI LODR, securities of listed Companies can be transferred only in dematerialized form with effect from, April 01, 2019, except in case of request received for transmission or transposition of securities. In view of this and to eliminate all risks associated with physical shares and for ease of portfolio management, Members holding shares in physical form are requested to consider converting their holdings to dematerialized form. Members can contact the Company or Company's RTA for any assistance in this regard.
7. Members are requested to intimate changes, if any, pertaining to their name, postal address, email address, telephone/ mobile numbers, Permanent Account Number (PAN), mandates, nominations, power of attorney, bank details such as, name of the bank and branch details, bank account number, MICR code, IFSC code, etc., to their DP's in case the shares are held by them in electronic form and to RTA/Company in case the shares are held by them in physical form. The said changes related to physical shares to be intimated in prescribed Form ISR -1 and other forms pursuant to SEBI circular SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2021/655 dated November 3, 2021, as per instructions mentioned in the form. The said forms can be downloaded from the Company's website <https://www.ramco.com/investor-relations/investor-information/common-and-simplified-norms/>.
8. Members holding shares in physical form, in identical order of names, in more than one folio are requested to send to the Company's RTA, the details of such folios together with the share certificates along with the requisite KYC documents for consolidating their holdings in one folio. Requests for consolidation of share certificates shall be processed in dematerialized form. Members may please note that SEBI vide its Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/8 dated January 25, 2022 has mandated the listed Companies to issue securities in dematerialized form only while processing service requests, viz., Issue of duplicate securities certificate;

claim from unclaimed suspense account; renewal/exchange of securities certificate; endorsement; subdivision/splitting of securities certificate; consolidation of securities certificates/folios; transmission and transposition. Accordingly, Members are requested to make service requests by submitting a duly filled and signed Form ISR-4. The said form can be downloaded from the Company's website <https://www.ramco.com/investor-relations/investor-information/common-and-simplified-norms/>. Members are requested to submit the said details to their DP in case the shares are held by them in electronic form and to RTA/Company in case the shares are held in physical form. It may be noted that any service request can be processed only after the folio is in KYC Compliant.

9. In accordance with Section 72 of the Act, the facility for making nomination is available for the Members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. If a Member desires to opt out or cancel the earlier nomination and record a fresh nomination, he/she may submit the same in ISR-3 or SH-14 as the case may be. The said forms can be downloaded from the Company's website.
10. The Company is also releasing a public notice by way of advertisement being published in English in Business Standard (all editions) and in vernacular language in Makkal Kural (all editions), containing the following information:
 - a. Convening of AGM through VC in compliance with applicable provisions of the Act.
