NOTES:

1. The Ministry of Corporate Affairs vide its circulars dated April 8, 2020, April 13, 2020, May 5, 2020 along with

subsequent circulars issued in this regard and the latest dated September 19, 2024 (collectively referred to as "MCA Circulars") permitted the holding of Annual General Meeting ("AGM") through Video Conferencing ("VC") facility/ Other Audio Visuals Means ("OAVM") without the physical presence of the Members at a common venue. Further the Securities and Exchange Board of India ("SEBI") vide its Circular dated October 3, 2024 ("SEBI Circular") and other applicable circulars issued in this regard have provided certain relaxations from compliance with certain provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"). In compliance with the applicable provisions of the Companies Act, 2013 ("the ACT") the SEBI Listing Regulations and MCA Circulars, the 36th AGM of the Company is being held through VC/OAVM on Thursday 21st August 2025 at 11.30 A.M. (IST). The deemed venue of the 36th AGM shall be the Registered Office of the Company situated at Door No. 8-2-120/113, B Block, First Floor, Sanali Info Park, Road No.2, Banjara Hills, Hyderabad-500034, Telangana, India.

2. Pursuant to the provisions of the Act, a member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a member of the company. Since the AGM is being held pursuant to MCA circulars through VC/OAVM, physical attendance of the members has been dispensed with. Accordingly, the facility for appointment of proxies by the members will not be available for this AGM and hence the proxy form, attendance slip, and route map of AGM are not annexed to this notice.

3. The information required to be provided under the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") and the Secretarial Standard-2 on General Meetings, regarding the Directors who are proposed to be appointed/ re-appointed and the related additional disclosures, in respect of Item No. 2 of the Notice are annexed hereto.

4. The Explanatory Statement pursuant to Section 102 of the Act setting out material facts concerning the business under Item No. 3 of the Notice is annexed hereto.

5. The Company has appointed M/s S Panigrahi & Associates, Practicing Company Secretaries, (Membership No. F 4522, COP No. 27507), who are not in employment of the Company to act as the Scrutinizer for conducting the voting and remote e-voting process in a fair and transparent manner.

The scrutinizer will submit his report to the Chairman after completion of the scrutiny. The result of the voting on the resolutions at the meeting shall be announced by the Chairman or any other person authorized by him immediately after the results are declared.

Based on the report received from the Scrutinizer, the Company will submit within 2 working days to the stock exchanges details of the voting results as required under Regulation 44(3) of the Listing Regulations.

The results declared along with the Scrutinizer's report, will be hosted on the website of the Company www.ilfsengg.com and on the website of NSDL at <https://evoting.nsdl.com> and will be displayed on the Notice Board of the Company at its Registered Office as well as Corporate Office immediately after the declaration of the result by the Chairman or any person authorised by him in writing and communicated to the Stock Exchanges.

6. Institutional/Corporate Shareholders (i.e., other than Individuals/HUF, NRI, etc.) are required to send a scanned copy (PDF/JPG Format) of its Board or governing body Resolution/Authorization etc., authorizing its representative to attend the AGM through VC/OAVM on its behalf and to vote through remote e-voting. The said Resolution/Authorization shall be sent to the Scrutiniser by email through its registered email address to cssabypan@gmail.com with a copy marked to evoting@nsdl.co.in
7. The Company has fixed **Wednesday, August 13, 2025** as the '**Cut-off Date**' for determining entitlement of Members to e-voting at the 36th AGM of the Company.
8. Book Closure for the purpose of 36th AGM will be from Thursday, August 14, 2025 to Thursday, August 21, 2025 (both days inclusive).
9. The remote e-voting period commences on **Monday, August 18, 2025 (9:00 A.M. IST)** and ends on **Wednesday, August 20, 2025 (5:00 P.M. IST)**.
10. "EVEN" of the Company is 134194 and Batch No. 1007966.
11. Members may please note that SEBI vide its Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/8 dated January 25, 2022 has mandated listed companies to issue securities in dematerialized form only while processing service requests viz. Issue of duplicate securities certificate; claim from unclaimed suspense account; renewal/ exchange of securities certificate; endorsement; sub-division/splitting of securities certificate; consolidation of securities certificates/folios; transmission and transposition. Accordingly, Members are requested to make service requests by submitting a duly filled and signed Form ISR – 4, the format of which is available on the Company's website at www.ilfsengg.com and on the website of the KFinTech at <https://investor.kfintech.com/investor-information-resources>. It may be noted that any service request can be processed only after the folio is KYC compliant.
12. As per Regulation 40 of SEBI Listing Regulations as amended securities of listed Company can be transferred only in dematerialized form. In view of this and to eliminate all risks associated with physical shares and for ease of portfolio management, Members holding shares in physical form are requested to consider converting their holdings to dematerialized form. Members can contact Company or Company's Share Transfer Agents, KFin Technologies Limited ('KFinTech') for assistance in this regard.
13. To support the 'Green Initiative', Members who have not yet registered their email addresses are requested to register the same with their DPs in case the shares are held by them in electronic form and with KFinTech in case the shares are held by them in physical form.

We continue to encourage all shareholders to receive

electronic copies of the Annual Report and Financial Statements as part of our commitment to reduce our environmental footprint. If you have not already opted to receive an electronic copy of the Annual Report and Financial Statements, please visit www.ilfsengg.com/AnnouncementandNotifications.

14. 15. Members may note that as per SEBI Master Circular No. SEBI/HO/MIRSD/POD-1/P/CIR/2024/37 dated May 7, 2024, it is mandatory for all holders of physical securities in listed entities to update their KYC and choice of Nomination with the Registrar and Share Transfer Agent ('RTA'), in case they have not updated the same. As per the SEBI Circular, effective from April 1, 2024, RTA i.e. KFinTech will attend to all service requests of the shareholders with respect to transmission, dividend, etc., only after updating the above details in the records.

As per the aforesaid SEBI Circular, members holding securities in physical form may note that any future dividend payable against their shareholding would be withheld if their KYC and choice of Nomination are not updated with the RTA.

For the purpose of updation of KYC and choice of Nomination, members are requested to send the necessary forms (ISR-1, ISR-2 and SH-13) along with the necessary attachments mentioned in the said Forms to KFinTech. Alternatively, members may send the documents by email to KFinTech at einward.ris@kfintech.com or upload on their webportal <https://kfintech.com>, provided in both cases the documents furnished shall have digital signature of the holders

16. Members holding shares in physical form, in identical order of names, in more than one folio are requested to send to the Company or KFinTech, the details of such folios together with the share certificates for consolidating their holdings in one folio. A consolidated share certificate will be issued to such Members after making requisite changes.
17. In case of joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote at the AGM.
18. Members seeking any information with regard to the accounts or any matter to be placed at the AGM are requested to write to the Company on or before Friday, August 08, 2025 through email at cs@ilfsengg.com. The same will be replied by the Company suitably.
19. Standalone Financial Statements: (Para from Auditors Report)

- (i) Material uncertainty related to going concern: Attention is invited to Note 30 regarding continued losses, erosion of net-worth as at the year end, and significant reduction in the Company's income from operations and other matters detailed in the said note. These events and conditions indicate a material uncertainty which cast a significant doubt on the Company's ability to continue as a going concern, and therefore it may not be able to realise its assets and discharge its liabilities including potential liabilities in the normal course of business. The ability of the Company to continue as a going concern is solely dependent on the finalisation and approval of the resolution process, which is not wholly within the control of the Company.
- (ii) Note 31(a)(v) regarding ongoing investigations by Serious Fraud Investigation Office of Ministry of Company Affairs (SFIO), Enforcement Directorate (ED) and other regulators / agencies against Infrastructure Leasing & Financial Services Limited ('IL&FS') and some of its subsidiaries (including the Company). The standalone financial statements of the Company for the year ended on March 31, 2025 do not include adjustments, if any, that may arise on account of the ongoing investigations by the investigating and other agencies and Regulatory Authorities.
- (iii) Note 51 regarding non-receipt of confirmation of balances as at March 31, 2025 from some customers and vendors. In the absence of confirmations, the adjustments, if any, on account of unsettled transactions, to the carrying values of assets and liabilities cannot be ascertained.
- (iv) Note 52 relating to non-recognition of interest expense on borrowings availed by the Company, pursuant to the Interim Order and the Judgement passed by NCLAT specifying October 15, 2018 as cut-off date for initiation of resolution process, of Rs.451.86 Crores (excluding penal/other interest and charges) for the year ended March 31, 2025. Aggregate amount of interest expense not so recognized as at March 31, 2025 is Rs.2619.89 Crores approximately.

Consolidated Financial Statements :

- (i) We draw attention to note 3(a)(vii) and 32(b)(i) to the consolidated financial statements regarding non-consolidation of financial statements and other financial information of an overseas subsidiary "Maytas Infra Saudi Arabia Company" for the reasons stated in said notes. We are unable to comment on impact on the consolidated financial statements for the year, carrying values of assets / liabilities and retained earnings of the Group, had the subsidiary's financial statements and other financial information been consolidated.
- (ii) Material uncertainty related to going concern: Attention is invited to Note 30 regarding continued losses, erosion of net-worth as at the year end and significant reduction in the Holding Company's income from operations and other

matters detailed in the said paragraph. Further, all subsidiaries considered for consolidation have not commenced their operations for a substantial period and their respective financial statements have been prepared not as a going concern. These events and conditions indicate a material uncertainty which cast a significant doubt on the Group's ability to continue as a going concern, and therefore it may not be able to realise its assets and discharge its liabilities including potential liabilities in the normal course of business. The ability of the Holding Company to continue as a going concern is solely dependent on the finalisation and approval of the resolution process, which is not wholly within the control of the Group.

- (iii) Note 31(a)(v) regarding ongoing investigations by Serious Fraud Investigation Office of Ministry of Company Affairs (SFIO), Enforcement Directorate (ED) and other regulators / agencies against Infrastructure Leasing & Financial Services Limited ('IL&FS') and some of its subsidiaries (including the Company). The consolidated financial statements of the Holding Company for the year ended on March 31, 2025 do not include adjustments, if any, that may arise on account of the ongoing investigations by the investigating and other agencies and Regulatory Authorities.
- (iv) Note 50 regarding non-receipt of confirmation of balances as at March 31, 2025 from some customers and vendors. In the absence of confirmations, the adjustments, if any, on account of unsettled transactions, to the carrying values of assets and liabilities cannot be ascertained.
- (v) Note 51 relating to non-recognition of interest expense on borrowings availed by the Company, pursuant to the Interim Order and the Judgement passed by NCLAT specifying October 15, 2018 as cut-off date for initiation of resolution process, of Rs.451.86 Crores (excluding penal/other interest and charges) for the year ended March 31, 2025. Aggregate amount of interest expense not so recognized as at March 31, 2025 is Rs.2619.89 Crores approximately.

Explanation to the Qualifications

Your Board has noted the modified opinion on consolidated financial statements including other observations reported by the Statutory Auditors in FY' 2024-25 as the continued/repetitive ones. These observations are continued/repetitive in nature. The modified opinion pertains to the non-consolidation of the financial statements of the overseas subsidiary, Maytas Infra Saudi Arabia Company, in the consolidated financial results. The investment in this subsidiary has been fully provided for, and there have been no operations in the entity for over three years. Accordingly, the management believes that the exclusion of its financial information does not have any material impact on the consolidated financial results of the Company.

Internal Financial Controls :

The Company has institutionalized internal control in the form of standard operating procedures with an objective of orderly and efficient conduct of its business, safeguarding the Company's assets, prevention and detection of frauds, accuracy and completeness of accounting records, and compliance with applicable statutory requirements. The Company is having Oracle e-Business Suite as Enterprise Resource Planning (ERP) System for recording transactions in an integrated way with a complete audit trail.

The Company has also engaged a firm of Chartered Accountants for Internal Audit purposes. The draft internal audit findings of the Internal Auditor covering various business areas, processes, and functions and Action Taken Reports are first reviewed by the management with the Internal Auditor and Auditees. Post, the Internal Auditor presents their report to Audit Committee. The Committee reviews and deliberates on the audit points and issues necessary directions to the management, recommend and submit to the Board of Directors for appropriate directions, basis the categorisation of risks. Besides CEOs and CFOs, other senior executives representing Auditee are invited to join, as and when required in the meetings of Audit Committee for answering to the queries, and clarifications, if any of Members of the Committee.

(b) Secretarial Audit Report and Appointment of Secretarial Auditors :

In terms of the provisions of Section 204 of the Companies Act, 2013, the Board of Directors had appointed M/s. RPR & Associates, Company Secretaries, Hyderabad to conduct the Secretarial Audit for FY 2024-25. The Secretarial Audit Report for the Financial Year Ended March 31, 2025, is enclosed as **Annexure 2** to this report. The observations made by the Secretarial Auditors and the corresponding explanations provided by the management are as under:

MANAGEMENT DISCUSSION AND ANALYSIS

Company Overview:

The Company boasts over thirty years of expertise in the engineering and construction sector, offering comprehensive Engineering, Procurement, and Construction (EPC) solutions. Leveraging its proficiency across various infrastructure domains and a skilled workforce, the Company has been predominantly engaged in executing infrastructure projects throughout India. The company has a proven track record of delivering projects across diverse sectors including Power, Oil and Gas, Roads, Railways and Metros, Water and Irrigation, Ports, and Buildings & Structures sectors.

Indian Infrastructure Industry:

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

India's economy is projected to grow by 6.6% in 2025, driven by robust consumption, investment, and strong export growth in services and goods. While global challenges persist, India's focus on infrastructure and export growth fuels optimism.

Additionally, capital expenditure on infrastructure development is expected to have strong multiplier effects on growth in the coming years. Investment growth has remained particularly strong in East Asia and South Asia, partly driven by domestic and foreign investments in new supply chains, particularly in India, Indonesia, and Vietnam.

In India, the public sector continues to play a pivotal role in funding large-scale infrastructure projects, physical and digital connectivity, and social infrastructure, including improvements in sanitation and water supply. Strong investment growth is expected to continue through 2025.

In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers. The contact-based services sector has demonstrated promise to boost growth by unleashing the pent-up demand.

The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

Outlook:

Under the Union Budget 2025-26, the centre has re-emphasised its strategic focus on Viksit Bharat 2047 and infrastructure development, a key catalyst in this journey. Other prominent themes include agriculture, MSME, investment, and exports.

In order to foster private sector engagement, the infrastructure-related ministries will now come up with a three-year pipeline of projects in the PPP mode. The Union Government will also set up an Urban Challenge Fund of Rs 1 trillion to implement the proposals for 'Cities as Growth Hubs', 'Creative Redevelopment of Cities' and 'Water and Sanitation'. Additionally, building on the success of capital recycling efforts, the centre will also launch the second asset monetisation programme for 2025-30, aiming to mobilise funds up to Rs 10 trillion to fund new projects.

Development of infrastructure has a multiplier effect on demand and efficiency of transport and increases commercial and entrepreneurship opportunities.

The India Infrastructure Sector Market size is estimated at USD 223.59 billion in 2025, and is expected to reach USD 353.11

billion by 2030, at a CAGR of 9.57% during the forecast period (2025-2030).

The government demonstrates its commitment to infrastructure with an allocation of INR11.21 lakh crore, building on the previous year's INR11.11 lakh crore. A new Asset Monetization Plan is set to unlock value from public assets, while a three-year pipeline for PPP projects will encourage private sector engagement.

Building on the theme of inclusive and economic development and better connectivity across India, the UDAN –Regional Connectivity Scheme aims to revolutionize air travel by adding 120 new destinations and targeting 4 crore passengers over the next decade.

On the backbone of strong infrastructure, developing 50 top new tourist destinations sites along with world class facilities will further create employment led growth and boost domestic spend. Towards growth and improving quality of life in rural areas, extension of the Jal Jeevan Mission to achieve 100 percent coverage until 2028 is in line with the theme of 'Sabka Vikas'.

Balancing urban development through setting up of Urban Challenge Fund of INR 1 lakh crore will transform cities into growth hubs.

The fourth engine of growth i.e. Exports will require a strong supply chain system and availability of dedicated transportation vessels. Building a strong maritime ecosystem is the need of the hour. Setting up of Maritime Development Fund with INR 25,000 crore to foster private sector participation and expand maritime infrastructure is a step towards building Atmanirbhar Bharat.

Plan for asset monetisation for 2025-30 to be launched to plough back capital of INR10 lakh crore in new project.

The forthcoming opportunities in the business sectors of IECCL are as follows:

Roads:

The government has set ambitious goals, aiming to construct a 2 lakh-km national highway network by 2025, expand airports to 220, operationalize 23 waterways by 2030, and establish 35 Multi-Modal Logistics Parks (MMLPs).

At the start of the 2024-25 financial year, the Ministry had approximately 20,000 km of National Highways (NHs) planned construction. Additionally, there is a collection of projects in the DPR and tendering stages to enhance construction progress in the current and upcoming fiscal years.

Union Minister of Road Transport & Highways Mr. Nitin Gadkari has unveiled over 200 projects totalling Rs 1.25 lakh crore (US\$ 14.97 billion) earmarked for the next five years under the National Ropeways Development Programme known as "Parvatmala Pariyojana".

The government has allocated Rs. 2,87,333.3 crore (US\$ 33.07 billion) to the Ministry of Road Transport and Highways, reflecting a modest increase of 2.41% compared to the FY'25.

The Bharatmala Pariyojana, with its Phase I, is actively working toward the development of 34,800 km of National Highways. This ambitious project, slated for completion by 2027-2028, spans across 31 States/UTs and over 550 districts. Notably, the government has also set its sights on constructing 22 new Greenfield expressways, underscoring a major stride in India's transportation infrastructure.

Further network of 35 Multimodal Logistics Parks is planned

to be developed as part of Bharatmala Pariyojana, with a total investment of about Rs. 46,000 crore, which once operational, shall be able to handle around 700 million metric tonnes of cargo.

Railways:

The Union Government has allocated Rs 2,652 billion for Indian Railways under the Union Budget 2025-26,

The Urban Rail has allocated funds worth Rs 312.39 billion (budget estimate) for various metro rail and mass rapid transit system (MRTS) projects under Union Budget FY 2025-26.

The sector has also rolled out 35 Vande Bharat Express trains, all designed in-house, and plans to introduce six more soon. These trains connect a vast network, reaching as many as 247 districts across the nation. In a bid to combat climate change, Indian government has laid an ambitious target to allocate US\$ 1.4 trillion between 2019 and 2023, including investment to the tune of US\$ 750 billion on the railway infrastructure by 2030.

Indian Railways is developing and creating technology in areas such as signalling and telecommunication with 15,000 kms being converted into automatic signalling and 37,000 kms to be fitted with 'KAVACH', the domestically developed Train Collision Avoidance System.

Water & Irrigation:

The Ministry of Housing and Urban Affairs has received an allocation of Rs 967.77 billion.

Jal Jeevan Mission extended till 2028 focusing on quality infrastructure and rural piped water supply schemes

Water and Sanitation' as announced in the Interim Budget, Allocation of INR 10,000 crore proposed for 2025-26.

Maritime Development Fund with a corpus of INR 25,000 crore to be set up with contribution by the Government, ports and private sector.

Oil & Gas:

The Union Government has allocated funds worth Rs 193.27 billion to the Ministry of Petroleum and Natural Gas under the Union Budget FY 2025-26.

India aims to commercialize 50% of its SPR (Strategic Petroleum Reserves) to raise funds and build additional storage tanks to offset high oil prices

Indian refiners would add 56 million tonnes per annum (MTPA) by 2028 to increase domestic capacity to 310 MTPA

Indian refining capacity has increased from 215.1 Million Metric Tonne Per Annum (MMTPA) to 256.8 MMTPA in last 10 years

The Government has allowed 100% Foreign Direct Investment (FDI) in upstream and private sector refining projects.

Ports:

The Ministry of Ports, Shipping and Waterways (MoPSW) has received an allocation of Rs 34.71 billion

India plans to establish a new shipping company to expand its fleet by at least 1,000 ships in the next decade, aiming to reduce freight costs and capture more revenue from increasing trade, with joint ownership by state-run oil, gas, and fertilizer companies, along with the state-run Shipping Corporation of India and foreign companies, targeting a reduction of at least one-third in foreign freight outgoings by 2047

Union Cabinet approved the development of the National Maritime Heritage Complex (NMHC) at Lothal, Gujarat, showcasing India's 4,500-year-old maritime heritage. This

project is expected to enhance employment, tourism, and cultural preservation.

Airports:

In March 2024, the Minister of Civil Aviation and Steel announced inaugurating 15 airport projects worth US\$ 12.1 billion by 2028. In December 2022, AAI and other Airport Developers have targeted a capital outlay of approximately Rs. 98,000 crore (US\$ 11.8 billion) in the airport sector in the next five years for expansion and modification of existing terminals, new terminals and strengthening of runways, among other activities.

Civil Aviation Ministry's "Vision 2040" report states that there will be 190-200 functioning airports in India by 2040. Delhi and Mumbai will have three international airports each, while the top 31 Indian cities will have two operational airports each.

Power and Renewal Energy:

Power:

According to a report by Reputed Agency, the Indian power sector presents an investment opportunity worth Rs. 40,00,000 crore (US\$ 461.95 billion) over the next decade, driven by rising demand, infrastructure upgrades, and the transition to clean energy.

In order to meet India's 500 GW renewable energy target and tackle the annual issue of coal demand supply mismatch, the Ministry of Power has identified 81 thermal units which will replace coal with renewable energy generation by 2026.

Renewal Energy:

The net budgetary allocation for the Ministry of Power has been pegged at Rs 218.47 billion for 2025-26, The net budgetary allocation for the Ministry of New and Renewable Energy.

Indian conglomerates plan to invest Rs. 67,42,400 crore (US\$ 800 billion) in green hydrogen, clean energy, semiconductors, and EVs.

India's installed renewable energy capacity is expected to increase to about 170 GW by March 2025 from the level of 136.57 GW as of December 2023, according to research agency ICRA.

Government plans to invest Rs. 9,12,000 crore (US\$ 107.89 billion) in power transmission infrastructure by 2032 to boost capacity and support growing electricity demand.

Overall, the Indian infrastructure sector is set for substantial growth, driven by strategic investments and policy initiatives aimed at enhancing the country's economic and social infrastructure. Addressing infrastructure projects challenges will require coordinated efforts from the government, private sector, and other stakeholders to ensure sustainable and efficient infrastructure development.

Developments at IL&FS and its adverse impact on the Company/IECCL:

As part of its initiatives for Resolution of IL&FS Group, the Reconstituted Board of Directors of IL&FS in their reports to Hon'ble NCLT categorised the Company under the Group "Red" implying that the Company is unable to meet its contractual, statutory and debt obligations. The Hon'ble NCLAT vide its Order dated 15th October 2018 ("Interim Order") in the Company Appeal No. 346 of 2018 after taking into consideration the nature of case, stayed certain coercive and precipitate actions against IL&FS and its group companies including the Company. The NCLAT vide its Judgement dated March 12, 2020, accepted the resolution process and revised resolution framework, including October 15, 2018, as date of initiation of resolution process of IL&FS Group entities, (including the Company) and crystallization of claims as of that date i.e. cut-off date with no interest, additional interest, penal charges or other similar charges to accrue after the said cut-off date. Accordingly, the Company is currently not settling liabilities existing prior to October 15, 2018, being the cutoff date to its Financial Creditors and the Operational Creditors. Adverse developments in promoter group entities have impacted the operations of the Company and resulted in cancellation/termination/suspension/foreclosure of certain contracts with customers. The Reconstituted Board and the management of the Company have taken various steps to continue the operations at present level during the period as per the resolution process framework accepted by the Hon'ble NCLAT.

Further, the Reconstituted Board is in the process of finalizing a comprehensive approach to manage the current situation including sale of existing equity share holding by IL & FS Group. In this process, the Reconstituted Board, as part of resolution process for the Company, has invited expression of interest for acquiring the equity stake in the Company. In January 2022, a bid had been received from an unincorporated Consortium which was subjected to challenge through counter bid under a Swiss Challenge method. The successful bid has been approved by the Committee of Creditors and the process of securing the approval by Justice D.K. Jain (Retd.), followed by approval of Hon'ble NCLT is in progress.

Discussion on Financial Performance:

Your Company's Resolution process is still underway thereby leading to a significant impact on its business plans. Despite adverse situations, all out efforts have been made for running the organization on sustainable basis. All efforts are directed towards completing the order book in hand, liaise with the clients for financial closure of completed and projects where amicable foreclosures have been signed. The negotiations followed by execution of requisite documentations are being held for settlement in the lawful financial interests with minimal damage to the organization for the projects, terminated on account of IL&FS crisis.

The Results of these efforts led to increase in operation of the Company when compared to previous year, in FY 25 turnover of the Company stand at Rs. 321 Crore when compared to Rs. 258 Crore in FY 24. This increase in on account of operational performance and successful project execution. Most of our projects are nearing completion, and despite facing severe challenges, the Company has been able to successfully execute projects in hand.

Highlights of the financial year 2024-25 :

- Although the Company is experiencing challenging times, the Company is making all out efforts in responding to these challenges.
- Further, the Company has incurred accumulated loss of Rs. 3600.37 Crore as at March 31, 2025 (As at March 31, 2024 Rs. 3595.44 Crore). The Company has incurred loss of Rs. 5.04 Crore for the year ended March 31, 2025 (Loss for the year ended March 31, 2024, is Rs. 77.47 Crore). The Company's net worth is fully eroded, existing projects being executed by the Company

are nearing completion or approaching their end of term, which resulted in significant reduction in Company's operations over the past three years. The Company has continued to default in payment of various loans to the lenders of the Company, including borrowings from promoter group entities.

Risks and Concerns:

While the Indian infrastructure and construction sectors present significant opportunities, as detailed in the "Indian Infrastructure Industry" section, the Company is currently navigating a period of substantial challenges. Despite recognizing promising prospects across key sectors including Power, Oil & Gas, Railways & Metros, Roads, and Buildings & Structures, the Company's negative net worth and prevailing financial constraints, particularly concerning bank guarantee requirements, have currently rendered it unable to pursue new projects. Furthermore, the adverse developments within the IL&FS Group have significantly impacted the Company's revenue growth strategies.

The newly constituted Board is actively addressing these challenges through the development of a comprehensive resolution plan. The successful implementation of this plan is anticipated to enable the Company to resume bidding activities, secure new projects, and recommence its business operations. However, the ongoing business realignment is expected to span several months, during which the Company will face considerable uncertainties. The Company remains optimistic about its ability to successfully navigate this transitional phase.

Risk Management:

The Company has established an integrated Enterprise Risk Management (ERM) framework to systematically identify, assess, mitigate, and report potential risks. The Management is periodically reviewing critical business risks and the corresponding mitigation strategies. The key enterprise-level risks confronting the Company and the measures being implemented to address them are detailed below:

Liquidity Risk:

Pursuant to the IL&FS crisis, NCLAT has put a moratorium on the payment against all liabilities existing as on the cut off date i.e 15th October 2018. Thus your company is not servicing its liabilities to the lenders and has not paid dues to operational creditors for dues pertaining to pre-cut off date period. As per the IL&FS resolution framework, your company has been categorized as a "Red Entity" which signifies that it cannot service its debt and operational liabilities. The resolution of your company is underway and when it is successfully implemented, it shall lead to comfortable liquidity in the company.

Order Book Risk:

The Company has faced a prolonged period of limited new contract acquisitions over the past six years, except for two subcontracting arrangements with a contractor, for the Gujarat Metro Rail Corporation related to the Surat Metro Rail Works and Delhi Metro Rail Corporation Limited related to the Bhubaneswar Metro Rail Works. The current inability to pursue new projects is primarily attributable to the Company's negative net worth and the consequent lack of necessary financial support from banks.

Reputation and Brand Risk:

The debt crisis within the IL&FS Group and associated concerns regarding corporate governance have negatively impacted the reputation of affiliated entities, including the Company. This adverse perception presents challenges in securing new EPC projects, obtaining favorable borrowing terms, and accessing credit facilities from vendors. Despite these headwinds, the Company's established track record of delivering high-quality EPC projects and consistently meeting its contractual obligations provides a strong foundation for rebuilding trust with clients and vendors.

Operational Risks:

The Company encounters various challenges in the execution of its project operations, which can lead to both cost and time overruns. To mitigate these operational risks, the Company places significant emphasis on meticulous planning across all stages, including design, subcontractor selection, supplier management, recruitment, resource allocation, and insurance coverage. Standard Operating Procedures (SOPs) have been rigorously documented and implemented across all critical operational areas. These are further supported by a robust business monitoring mechanism and proactive strategies for risk identification and mitigation.

Political Risk:

Operating across multiple states in India exposes the Company to diverse political environments and their associated risks. To mitigate this, the Company has adopted comprehensive strategies, including the diversification of its operations across different infrastructure sectors and geographic regions to reduce concentration risk.

Contractual Risks:

The Company faces contractual risks in its interactions with clients, subcontractors, suppliers, and lenders in its day-to-day operations. To manage these risks effectively, the Company has a dedicated Contracts Department responsible for overseeing contract documentation, managing significant claims, and handling arbitration processes in collaboration with the Legal team.

Subcontractors Risk and Joint Venture Risks:

The Company's reliance on subcontractors and joint venture partners for project execution introduces inherent risks to revenue and profitability due to potential non-performance. To mitigate these risks, the Company employs stringent selection criteria and conducts regular performance monitoring to ensure adherence to contractual obligations.

Material Risk:

Materials located at completed, foreclosed, or terminated projects pose a potential risk given the Company's current inability to secure new projects. To address this, efforts are underway to facilitate the sale of surplus materials, subject to the approval of relevant authorities, with the aim of minimizing potential losses from deterioration or theft.

Internal Control Framework and its sufficiency :

The Company maintains a robust internal financial control framework that is appropriately designed for its operational scale and the complexity of its business, aligning with the requirements of the Companies Act, 2013. To ensure the effectiveness and adequacy of these controls, M/s. TRC Corporate Consulting & T R Chadha & Co LLP, an independent audit firm, conducts regular internal audits based on an Audit Plan approved by the Audit Committee. The findings of these audits are reported to the Audit Committee on a quarterly basis, providing valuable insights into compliance and operational integrity. Furthermore, an internal Risk & Control function actively evaluates organizational risks and designs and implements necessary control mechanisms for effective risk mitigation.

The Company has institutionalized key internal controls, including a well-defined Delegation of Authority (DoA) and comprehensive Standard Operating Procedures (SOPs). These established mechanisms promote orderly and efficient business conduct, safeguard assets, aid in the prevention and detection of fraud, ensure accurate and reliable financial record-keeping, and facilitate adherence to all applicable statutory requirements.

Enhancing the strength of its internal control environment, the Company utilizes the Oracle e-Business Suite as its Enterprise Resource Planning (ERP) system. This integrated platform ensures seamless and accurate recording of all transactions, providing a comprehensive audit trail that significantly enhances transparency and accountability across all operational processes.

Human Resources & Industrial Relations:

HR department is fostering a productive, engaged and legally compliant workforce aligned with the Organisation's goals. The HR Department regularly assesses its policies, aligning them with industry best practices to maintain a competitive edge. Updated policies are communicated to all employees through email notifications and training sessions.

The Company maintains constructive and harmonious relationships with its workforce across all project sites and offices in India. As of March 31, 2025, the company had 248 employees on its payroll.

Cautionary Statement:

Statements in this Annual Report, describing the Company's outlook, projections, estimates, expectations, or predictions may be "Forward Looking Statements" within the meaning of applicable laws or regulations. Actual results could differ materially from those expressed or implied. Several other factors could make significant difference Company's operations which includes economic conditions affecting demand and supply, Government Regulations, taxation, natural calamities and so on, over which the Company does not have any control.

INDEPENDENT AUDITOR'S REPORT

To the Members of
IL&FS Engineering and Construction Company Limited

Report on the Audit of the Standalone Financial Statements

Opinion:

We have audited the accompanying standalone financial statements of IL&FS Engineering and Construction Company Limited ("the Company"), which comprise the Standalone Balance Sheet as at March 31, 2025, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), Standalone Statement of Changes in Equity and Standalone Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of the material accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its loss and total comprehensive loss, its changes in equity and its cash flows for the year then ended.

Basis for opinion :

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the "Auditor's Responsibilities for the Audit of the standalone financial statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material uncertainty related to going Concern:

Attention is invited to Note 30 regarding continued losses, erosion of net-worth as at the year end, and significant reduction in the Company's income from operations and other matters detailed in the said note. These events and conditions indicate a material uncertainty which cast a significant doubt on the Company's ability to continue as a going concern, and therefore it may not be able to realise its assets and discharge its liabilities including potential liabilities in the normal course of business. The ability of the Company to continue as a going concern is solely dependent on the finalisation and approval of the resolution process, which is not wholly within the control of the Company.

The Management of the Company has prepared these standalone financial statements on a going concern basis considering status of resolution process and steps taken by the Reconstituted Board.

Our opinion is not modified in respect of this matter.

Emphasis of Matter:

We draw attention to the following notes to the standalone financial statements:

- a. Note 31(a)(v) regarding ongoing investigations by Serious Fraud Investigation Office of Ministry of Company Affairs (SFIO), Enforcement Directorate (ED) and other regulators / agencies against Infrastructure Leasing & Financial Services Limited ('IL&FS') and some of its subsidiaries (including the Company). The standalone financial statements of the Company for the year ended on March 31, 2025 do not include adjustments, if any, that may arise on account of the ongoing investigations by the investigating and other agencies and Regulatory Authorities.
- b. Note 51 regarding non-receipt of confirmation of balances as at March 31, 2025 from some customers and vendors. In the absence of confirmations, the adjustments, if any, on account of unsettled transactions, to the carrying values of assets and liabilities cannot be ascertained.
- c. Note 52 relating to non-recognition of interest expense on borrowings availed by the Company, pursuant to the Interim Order and the Judgement passed by NCLAT specifying October 15, 2018 as cut-off date for initiation of resolution process, of Rs.451.86 Crores (excluding penal/other interest and charges) for the year ended March 31, 2025. Aggregate amount of interest expense not so recognized as at March 31, 2025 is Rs.2619.89 Crores approximately.

The adjustments, if any, arising out of the above matters to the carrying value of assets or to the amounts disclosed in standalone financial statements, are not determinable at this juncture for the reasons stated in respective notes.

Our opinion is not modified in respect of the aforementioned matters.

Key Audit Matters:

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current year. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the 'Basis for Opinion' and 'Material Uncertainty Related to Going Concern' section, we have determined the matters described below to be the key audit matters to be communicated in our report. For each matter below, our description of how our audit addressed the matter is provided in that context.

Description of Key Audit Matter:

Key audit matter	Auditor's Response
Estimated Cost to complete the Project:	
Refer note 3 (a) to the Standalone Financial Statements	
<p>The Company recognises revenue under percentage of completion method as specified under Indian Accounting Standard (Ind AS) 115 - Revenue from contract with customers. Recognition of revenue requires estimation of total contract cost which comprises of the actual cost incurred till date and estimated cost further to be incurred to complete the projects. Estimation of the cost to complete involves exercise of significant judgement by management including assessment of technical data and hence identified as Key Audit Matter.</p>	<p>Principal Audit Procedures Performed include combination of test of compliance of Company's internal controls and substantive procedures :</p> <ul style="list-style-type: none"> Tested the design, implementation and operating effectiveness of the controls surrounding determination and approval of estimated cost. Verified the contracts with customers on test check basis and the actual costs incurred and terms and condition related to the variation of the costs. Obtained and relied on the internal assessments supporting the accuracy of the estimate of the total cost of the project for selected contracts on test check basis.
Trade receivables and Contract Assets	
Refer note 7 and 12 to the Standalone Financial Statements	
<p>Trade receivables, retention money and contract assets (project work in progress) amounting to Rs.115.59 Crores, Rs.259.64 Crores and Rs.494.56 Crores respectively, represents approximately 51% of the total assets of the Company as at March 31, 2025.</p> <p>In assessing the recoverability of the aforesaid balances, management's judgement involves consideration of aging status, Company's right to recover from clients or related receivables / advances, evaluation of litigations and the likelihood of collection based on the terms of the contract.</p> <p>Management estimation is required in the measurement of work completed during the period for recognition of unbilled revenue.</p> <p>We considered this as key audit matter due to the materiality of the amounts and significant estimates and judgements as stated above.</p>	<p>Principal Audit Procedures Performed included the following:</p> <ul style="list-style-type: none"> We understood and tested on a sample basis the design and operating effectiveness of management control over the recognition of the trade receivables, retention money and contract assets. We performed test of details and tested relevant contracts, for the provisions made by the management towards doubtful and credit loss. We tested the aging of trade receivables at year end. We performed test of details and tested relevant contracts and documents with specific focus on measurement of work completed during the period for material unbilled revenue balances included in contract asset. We performed additional procedures, in respect of material over-due trade receivables and long outstanding contract assets, i.e. tested historical payment records. We assessed the allowance for impairment made by management..
Provisions and Contingent Liabilities:	
Refer note 3 (p) to the Standalone Financial Statements	
<p>The Company is involved in various taxes and other disputes for which final outcomes cannot be predicted and which could potentially result in significant liabilities.</p> <p>The assessment of the risks associated with the litigations is based on complex assumptions, which require the use of judgements and such judgements relates, primarily, to the assessment of the uncertainties connected to the prediction of the outcome of the proceedings and to the adequacy of the disclosures in the financial statements.</p> <p>Because of the judgement required, the materiality of such litigations and the complexity of the assessment process, the area is a key matter for our audit.</p>	<p>Principal Audit Procedures Performed include combination of test of compliance of Company's internal controls and substantive procedures:</p> <ul style="list-style-type: none"> Assessing the appropriateness of the design and implementation of the Company's controls over the assessment of litigations and completeness of disclosures. Examining the supporting documentation for the positions taken by the management, correspondence from in-house legal counsel and/or legal team and reviewing the minutes of Board and subcommittee, to confirm the operating effectiveness of these controls. Review of assumptions used in the evaluation of potential risk and tax risks performed by the legal and tax department of the Company considering the legal precedence and other rulings in similar cases. Consideration of recent judgements passed by the appropriate authorities in order to challenge the basis used for the accounting treatment and resulting disclosures.

Information Other than the standalone financial statements and Auditors' Report Thereon:

The Company's management and Board of Directors are responsible for the preparation of other information. The other information comprises the information included in the Director's Report, Management Discussion and Analysis and Corporate Governance Report but does not include the standalone financial statements and our Auditor's Reports there on.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we perform, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive loss), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Rules issued thereunder. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements:

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SA's, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and

whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and regulatory requirements:

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 2A. As required by Section 143(3) of the Act, we report that:
 - a. we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph 2B(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014;
 - c. the standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with by this report are in agreement with the books of account;
 - d. in our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under section 133 of the Act, read with relevant rules made thereunder;
 - e. the matter relating to going concern described under Material Uncertainty Related to Going Concern paragraph above, and the matters stated under (a), (b) and (c) under Emphasis of Matter paragraph above, in our opinion, may have an adverse effect on the functioning of the Company;
 - f. on the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act; and
 - g. with respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
- 2B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. the Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements (Refer Note - 31 to the standalone financial statements);
 - ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. there are no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2025;
 - iv. (a) the management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (b) the management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - (c) based on audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material mis-statement.
- v. The Company has not declared or paid any dividend during the year; and
 - vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account, which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that the feature of recording audit trail (edit log) facility was not enabled at the database level to log any direct data changes in the accounting software used for maintaining the books of account. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.
- 2C. With respect to the matter to be included in the Auditors' Report under section 197 (16), according to the information and explanations given to us, the Company has not paid any remuneration to its directors during the current year except sitting fees paid to the non- executive / independent directors, which is in accordance with the applicable provisions of the Companies Act, 2013.

“Annexure A” to the Independent Auditors’ report on the standalone financial statements

(Referred to in paragraph (1) under “Report on Other Legal and Regulatory Requirements” of our Report of even date to the members of IL&FS Engineering and Construction Company Limited on the standalone financial statements for the year ended March 31, 2025).

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and relevant details of right-of-use assets.
(B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The property, plant and equipment have been physically verified during the year by the Management in accordance with a programme of verification, which, in our opinion, provides for physical verification of all the property, plant and equipment at reasonable intervals having regard to the size of the Company and the nature of their assets. No material discrepancies were noticed on such verification.
- (c) The title deeds of immovable properties included under the head Property, Plant and Equipment in the financial statements have been lodged with the lenders for working capital facility as security, we have not been provided with confirmation by the lenders in respect of holding of these title deeds as at the year end.
- (d) The Company has not revalued its property, plant and equipment or intangible assets during the year and accordingly, paragraph 3(i)(d) of the Order is not applicable.
- (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2025 for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) and rules made there under.
- (ii) (a) The management has conducted physical verification of inventories at reasonable intervals during the year. In our opinion, the coverage and procedures of such verification are appropriate and reasonable considering the size of the Company and nature of its business and no material discrepancies of 10% or more in the aggregate for each class of inventory were noticed on physical verification between physical stock and book records.
- (b) The lenders have recalled the limits sanctioned in excess of Rs.5 Crores in earlier years and treated the accounts as non-performing assets. As informed to us, the Company is not submitting the quarterly statements to the working capital lenders on a regular basis. Accordingly, paragraph 3(ii)(b) of the Order is not applicable, at present. Refer note 53 (ix) of standalone financial statements.
- (iii) According to the information and explanations given to us, the Company has not provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured to companies, firms, limited liability partnership or any other parties during the year. The Company has made investments in other parties during the year (Refer note 6.D of standalone financial statements). The Company has not made any investments in companies, firms or limited liability partnership.
- (a) The Company has not granted loans or advances in the nature of loans, secured or unsecured, to companies, during the year. However, the Company has advanced amounts to the Companies in earlier years.
 - (A) The aggregate amount outstanding as at the balance sheet date with respect to loans to subsidiaries and joint ventures is fully provided for.
 - (B) The aggregate amount outstanding as at the balance sheet date with respect to loans other than subsidiaries and joint ventures (net of provision) is Rs.9.63 Crores.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

- (c) The Company has not taken any term loan during the year. Accordingly, paragraph 3 (ix) (c) of the Order is not applicable, at present.
- (d) On an overall examination of the financial statements of the Company, funds raised on short term basis have not been used for long-term purposes by the Company.
- (e) On an overall examination of the financial statements of the Company, the Company has not, during the year, taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries or joint ventures.
- (f) The Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies and hence reporting on clause 3(ix)(f) of the Order is not applicable.
- (x) (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, paragraph 3(x)(a) of the Order is not applicable.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible), and accordingly, paragraph 3(x)(b) of the Order is not applicable.
- (xi) (a) During the course of our examination of the books and other records of the Company carried out in accordance with the generally accepted auditing practices in India, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the year, nor have we been informed of such case by the management under report.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company. Accordingly, paragraph 3(xii) of the Order is not applicable.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with Sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- (xiv) (a) In our opinion, the Company has an adequate internal audit system commensurate with the size and nature of its business.

“Annexure B” to the Independent Auditor’s Report on the standalone financial statements (Referred to in paragraph 2A.(g) under “Report on Other Legal and Regulatory Requirements” of our Report of even date to the members of IL&FS Engineering and Construction Company Limited on the standalone financial statements for the year ended March 31, 2025)

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls with reference to standalone financial statements of IL&FS Engineering and Construction Company Limited ('the Company') as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls with reference to standalone financial statements based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A company’s internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to standalone financial statements includes those policies and procedures that:

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of Management and directors of the company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become

inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has maintained, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as of March 31, 2025, based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to standalone financial statements for the year ended March 31, 2025

(All amounts in Rs. Crore except for share data or as otherwise stated)

1. Corporate information:

IL&FS Engineering and Construction Company Limited ("IECCL" or "the Company") is a public company domiciled in India. The Company is primarily engaged in the business of erection / construction of roads, irrigation projects, buildings, oil & gas infrastructure, railway infrastructure, power plants, power transmission & distribution lines including rural electrification and development of ports. The equity shares of the Company are listed on National Stock Exchange of India Limited ("NSE") and BSE Limited ("BSE").

2. Basis for preparation of financial statements:

A. Statement of compliance & basis of preparation

The Standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of Companies Act, 2013 (the 'Act'), the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the Standalone Financial Statements.

The standalone financial statements were authorised for issue by the Company's Board of Directors at its meeting held on May 28, 2025.

Details of the Company's material accounting policies are included in Note 3.

B. Functional and presentation currency

These standalone financial statements are presented in Indian Rupees (Rs.), which is also the Company's functional currency. All amounts have been rounded-off to two decimal places to the nearest crores, unless otherwise indicated.

C. Basis of measurement

The standalone financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Certain financial assets and liabilities	Fair value
Net defined benefit (asset) / liability	Fair value of plan assets less present value of defined benefit obligations

D. Use of estimates and judgements

In preparing these standalone financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending March 31, 2025 is included in the following notes:

- Note 35 - measurement of defined benefit obligations: key actuarial assumptions;
- Notes 13, 20 and 31 - recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources;
- Note 4 - useful life and depreciation of property, plant and equipment
- Note 5 - useful life and amortisation of intangible assets.
- Note 6 to 9 - impairment of financial assets.
- Note 3(a), 22, 34, and 12 - Revenue recognition, cost to complete, profit margin
- Note 44 - Leases - Estimating the incremental borrowing rate"

Judgements

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the standalone financial statements is included in the following notes:

- Note 12 and 22 – The Company uses the percentage-of-completion method (POCM) in accounting for its long term construction contracts. Use of POCM requires the Company to estimate the contract revenue and total cost to complete a contract. Changes in the factors underlying the estimation of the contract revenue and total contract cost could affect the amount of revenue recognized.
- Note 13 – Deferred tax assets are recognized for unused unabsorbed depreciation to the extent it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgement is required to determine the amount of deferred tax asset that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.
- Note 44 - Determining the lease term of contracts with renewal, estimating incremental borrowing rate and termination options – Company as lessee
- Note 7, 8, 9 and 12 – Determining the amount of expected credit loss on financial assets (including trade receivables, loans and Contract assets).

E. Measurement of fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or

Notes to standalone financial statements for the year ended March 31, 2025

(All amounts in Rs. Crore except for share data or as otherwise stated)

- In the absence of a principal market, in most advantageous market for the asset or liability

The Principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financials statement are categories within the fair value hierarchy described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2: Valuation techniques for which the lowest level inputs that is significant to the fair value measurement is directly or indirectly observable.
- Level 3: Valuation techniques for which the lowest level inputs that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets, such as properties and significant liabilities, such as contingent consideration.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

3. Material accounting policies

(a) Revenue Recognition

Revenue from construction contracts

Contract Revenue is recognised under 'percentage-of-completion method'. Use of the 'percentage-of-completion method' requires the Company to measure the efforts or costs expended to date to the satisfaction of a performance obligation as a proportion of the total expected efforts or costs to be expended to the satisfaction of that performance obligation over the time. Efforts or costs expended have been used to

measure progress towards completion as there is a direct relationship between input and productivity. Costs incurred in the year in connection with future activity on a contract are excluded from contract costs in determining the stage of completion.

Further, the Company uses significant judgements while determining the transaction price allocated to performance obligation using the expected cost plus margin approach.

When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately. When the outcome of a construction contract cannot be estimated reliably, contract revenue is recognised only to the extent of contract costs incurred that are likely to be recoverable.

Variations in contract work, claims and incentive payments are included in contract revenue only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and are capable of being reliably measured.

Revenue from design and consultancy services

Revenue from the design and consultancy services is recognized as and when services are rendered in accordance with the terms of the agreement with the customers.

Revenue from hire charges

Revenue from hire charges is accounted for in accordance with the terms of agreement with the customers.

Interest

Interest income is accrued on a time basis, by reference to the principal amount using the effective interest rate applicable.

Dividend

Dividend income is recognised when the Company's right to receive dividend is established by the reporting date.

(b) Property, plant and equipment:

- (i) Property, plant and equipment and capital work in progress are carried at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, freight, duties, taxes and any attributable cost of bringing the asset to its working condition for its intended use.
- (ii) Borrowing costs relating to acquisition of property, plant and equipment which take substantial period of time to get ready for use are included to the extent they relate to the period till such assets are ready for intended use. Any trade discounts and rebates are deducted in arriving at the purchase price. Such cost includes the cost of replacing part of the plant and equipment.
- (iii) When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major

Notes to standalone financial statements for the year ended March 31, 2025

(All amounts in Rs. Crore except for share data or as otherwise stated)

inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

- (iv) Items of stores and spares that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Otherwise, such items are classified as inventories.
- (v) The Company identifies and determines cost of each component/ part of the asset separately, if the component/ part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset.
- (vi) Assets retired from active use and held for disposal are stated at their estimated net realizable values or net book values, whichever is lower.
- (vii) Assets acquired under finance lease are depreciated on a straight-line basis over the useful life of the asset or the useful life envisaged in Schedule II to the Companies Act, 2013, whichever is lower.
- (viii) Gains or losses arising from derecognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.
- (ix) Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.
- (x) Capital work in progress includes the cost of property, plant and equipments that are not ready for their intended use at the balance sheet date.

Depreciation on property, plant and equipment

- (i) Depreciation on property, plant and equipment other than those mentioned in S.no.(ii) below, is calculated on straight-line basis using the rates arrived at, based on useful lives estimated by the management which coincides with rates prescribed under Schedule II of the Companies Act, 2013.
- (ii) Depreciation on the following property, plant and equipment is provided on a straight-line basis, at rates that are based on useful lives as estimated by the management, which are different from the general rates prescribed under Schedule II of the Companies, Act 2013.

Category of asset	Estimated useful life
Plant and Machinery	
- construction equipment consisting of shuttering /scaffolding material and equipment given on hire	6 years
- shuttering / scaffolding material at project sites	6 years

Temporary erections – site offices	over the expected life of the respective project
Leasehold improvements	over the period of lease or useful life whichever is lower
Site infrastructure	6 years
Tools and implements	Fully in the year of purchase

- (iii) Assets costing five thousand rupees or less are fully depreciated in the year of purchase.
- (iv) The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(c) Intangible assets:

Software - Computer software license cost is expensed in the year of purchase as there is no expected future economic benefit, except for enterprise wide/project based software license cost which is amortized over the period of license or six years, whichever is lower.

(d) Investments:

Investments that are readily realizable and intended to be held for not more than one year from the date on which such investments are made are classified as current investments. All other investments are classified as non-current investments

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties. If an investment is acquired, or partly acquired, by the issue of shares or other securities, the acquisition cost is the fair value of the securities issued. If an investment is acquired in exchange for another asset, the acquisition cost is determined by reference to the fair value of the asset given up or by reference to the fair value of the investment acquired, whichever is more clearly evident.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

Investments in subsidiaries, associates and joint ventures:

The Company has elected to recognise its investments in subsidiary and associate companies at cost in accordance with the option available in Ind AS 27, Separate Financial Statements.

(e) Inventories:

Project materials at site are valued at the lower of cost and net realisable value. Cost is determined on weighted average basis. Net realisable value is the estimated

Notes to standalone financial statements for the year ended March 31, 2025

(All amounts in Rs. Crore except for share data or as otherwise stated)

selling price in the ordinary course of business, reduced by the estimated costs of completion and costs to effect the sale.

(f) Retirement and other employee benefits

Short-term employee benefits

All employee benefits falling due wholly within twelve months of rendering the services are classified as short-term employee benefits, which include benefits like salaries, wages, short-term compensated absences and performance incentives and are recognised as expenses in the period in which the employee renders the related service at the undiscounted amount of the benefits expected to be paid.

Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Company makes specified monthly contributions towards government administered provident fund scheme. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in profit or loss in the periods during which the related services are rendered by employees.

Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately

in profit or loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Compensated absences

Compensated absences is a long-term employee benefit, and accrued based on an actuarial valuation done as per projected unit credit method as at the balance sheet date, carried out by a qualified independent actuary. Actuarial gains and losses arising during the year are immediately recognised in the statement of profit and loss. Remeasurement of defined benefit plans in respect of post employment are charged to other comprehensive income.

(g) Income taxes:

Income tax comprises current and deferred tax. It is recognised in statement of profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

(i) Current tax:

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961. Deferred income tax reflect the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

(ii) Deferred tax:

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

(h) Foreign currency transactions and translations:

Transactions in foreign currencies are initially recorded by the Company at their functional currency spot rates at the date of the transaction. Monetary assets and

Notes to standalone financial statements for the year ended March 31, 2025

(All amounts in Rs. Crore except for share data or as otherwise stated)

liabilities denominated in foreign currency are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rates are recognised as income or expenses in the period in which they arise. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rates at the date of transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

(i) Leases:

Where the Company is a Lessor

Assets under operating leases are included in property, plant and equipment. Lease income is recognised in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation, are recognised as an expense in the statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the statement of profit and loss.

Where the Company is a Lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate. Lease payments included in the measurement of the lease liability comprise the following

- Fixed payments, including in-substance Fixed payment
- Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date
- Amounts expected to be payable under a residual value guarantee; and
- The exercise price under a purchase option that the company is reasonably certain to exercise,

lease payments in an optional renewal period if the company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the company is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is re-measured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value asset

The Company has elected not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of 12 months. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

(j) Borrowing Costs:

Borrowing costs directly attributable to the acquisition or construction of an qualifying asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are charged in the year they occur.

(k) Accounting for Joint Ventures:

Accounting for joint ventures undertaken by the Company has been done in accordance with the requirements of Ind AS – 28 "Investments in Associates and Joint Ventures" notified under section 133 of the Companies Act, 2013, and as follows:

Joint Operations:

In respect of joint venture contracts which are executed under work sharing arrangements, the Company's share of revenues, expenses, assets and liabilities are included in the separate financial statements as revenues, expenses, assets and liabilities respectively. In case of certain construction contracts in the irrigation sector, the share of work executed by the Company has been determined on the basis of certification by lead partner.

(l) Earnings per share:

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividends and taxes applicable) by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events of bonus issue that have changed the number of outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of

Notes to standalone financial statements for the year ended March 31, 2025

(All amounts in Rs. Crore except for share data or as otherwise stated)

shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares except where the results are anti-dilutive.

(m) Impairment:

(i) Financial assets

The Company recognises loss allowances for expected credit losses on financial assets measured at amortised cost. At each reporting date, the Company assesses whether financial assets carried at amortised cost is credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being significantly past due;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise; or
- it is probable that the borrower will enter bankruptcy or other financial reorganization.

The Company measures loss allowances at an amount equal to lifetime expected credit losses (ECL), except for bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition, which are measured as 12 month expected credit losses.

Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit losses. The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables or contract revenue receivables. Under the simplified approach, the Company is not required to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs together with appropriate management estimates for credit loss at each reporting date, right from its initial recognition.

The Company uses a provision matrix to determine impairment loss allowance on the group of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured

as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

Presentation of allowance for expected credit losses in the balance sheet.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

ii) Non-financial assets

The Company's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the statement of profit and loss. Impairment loss recognised in respect of a CGU is allocated to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

Assets (other than goodwill) for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal

Notes to standalone financial statements for the year ended March 31, 2025

(All amounts in Rs. Crore except for share data or as otherwise stated)

is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

(n) Financial instruments:

Recognition and initial measurement

Trade receivables are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss ('FVTPL'), transaction costs that are directly attributable to its acquisition or issue.

Financial assets - classification and subsequent measurement

On initial recognition, a financial asset is classified as measured at

- amortised cost;
- Fair Value Through Other Comprehensive Income (FVTOCI)
- Fair Value Through Profit & Loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Investment in debt instruments is measured at FVTOCI if it meets both of the following conditions and is not designated at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an investment in Equity Instrument that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVTOCI – equity investment). This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortised cost or FVTOCI as described above are

measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVTOCI or at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets. Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest.

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

"In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

Subsequent measurement and gains and losses for financial assets held by the Company.

(All amounts in Rs. Crore except for share data or as otherwise stated)

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in the statement of profit and loss.
Financial assets at FVTOCI	These assets are subsequently measured at fair value. Net gains and losses, including any interest are recognised in the OCI
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in the statement of profit and loss. Any gain or loss on derecognition is recognised in the statement of profit and loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss. Presently, all the financial liabilities are measured at amortised cost.

Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset. If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

Reclassification of financial assets and liabilities

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for

managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains or losses (including impairment gains or losses) or interest.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

(o) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM) of the Company. The CODM is responsible for allocating resources and assessing performance of the operating segments of the Company.

(p) Provisions and contingent liabilities:

i. General

A provision is recognised when the Company has a present legal or constructive obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

ii. Contingent liabilities

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

iii. Onerous contracts

Provision for onerous contracts. i.e. contracts where the expected unavoidable cost of meeting the obligations under the contract exceed the economic benefits expected to be received under

Notes to standalone financial statements for the year ended March 31, 2025

(All amounts in Rs. Crore except for share data or as otherwise stated)

it, are recognised when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event based on a reliable estimate of such obligation.

(q) Cash and cash equivalents:

Cash and cash equivalents comprise cash at bank and in hand and short term investments with original maturity of three months or less.

(r) Cash flow statement:

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

(s) Current and non-current classification:

The Schedule III to the Act requires assets and liabilities to be classified as either current or non-current.

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is current when it satisfies any of the following criteria:

- It is expected to be realised or intended to sold or consumed in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is expected to be realised within twelve months after the reporting year; or
- It is Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

A liability is current when it satisfies any of the following criteria:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting year; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

(t) Operating cycle:

Operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash

equivalents. Accordingly, the Company has ascertained its operating cycle as 12 months for the purpose of current – non-current classification of assets and liabilities.

(u) Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS – 117 Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f. April 1, 2024. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements.

30. Going Concern

The Company has accumulated loss of Rs.3,600.37 as at March 31, 2025 (as at March 31, 2024: Rs. 3,595.44). The Company has loss of Rs. 5.04 for year ended March 31, 2025 (Loss for the year ended March 31, 2024 Rs.77.47). The Company's net worth is fully eroded and the current liabilities exceed its current assets by Rs.3,804.62 as at the reporting date. Existing projects being executed by the Company are nearing completion / or approaching their end of term, which resulted in significant reduction in the Company's operations over the past three years. The Company has continued to default in payment of various loans to the lenders of the Company, including borrowings from promoter group entities.

As part of its initiatives for resolution of IL&FS Group, the Reconstituted Board of Directors of IL&FS in their reports to National Company Law Tribunal ("NCLT") categorized the Company under the Group "Red" implying that the Company is unable to meet its contractual, statutory and debt obligations. the National Company Law Appellate Tribunal ("NCLAT") by way of its order on October 15, 2018 ("Interim Order") in the Company Appeal (AT) 346 of 2018, after taking into consideration the nature of the case, stayed certain coercive and precipitate actions against IL&FS and its group companies including the Company. The NCLAT vide its Judgement dated March 12, 2020 accepted the resolution process and revised resolution framework, including October 15, 2018 as date of initiation of resolution process of IL&FS Group entities, (including the Company) and crystallization of claims as of that date i.e. cut-off date with no interest, additional interest, penal charges or other similar charges to accrue after the said cut-off date. Accordingly, the Company is currently not settling liabilities existing prior to October 15 2018, being the cutoff date to its Financial Creditors and the Operational Creditors.

Adverse developments in promoter group entities impacted the operations of the company and also resulted in cancellation/ termination/suspension/foreclosure of certain contracts with customers. The Reconstituted Board and the management of the Company have taken various steps to continue the operations at present level during the period as per the resolution process framework accepted by the Hon'ble NCLAT.

In line with the said framework, the Reconstituted Board is in the process of finalizing a comprehensive approach to manage the current situation including sale of existing equity share holding by IL & FS Group. In this process, the Reconstituted Board, as part of resolution process for the Company, has invited expression of interest for acquiring the equity stake in the Company. In January 2022, a bid had been received from an unincorporated Consortium which was subjected to challenge through counter bid under a Swiss Challenge method. The successful bid was submitted to the Committee of Creditors (CoC) for approval and has been duly approved by the CoC during the year. The bid will now be placed before Justice D.K. Jain (Retd.) for approval, followed by submission to the National Company Law Tribunal (NCLT)

The ability of the Company to continue as going concern is solely dependent on positive outcome of resolution process initiated by the Reconstituted Board which would restructure the debt and resume normal operations. Financial statements for the year have been prepared on a going concern basis considering the status of the resolution process and steps taken by the Reconstituted Board.

The tax demands are mainly on account of classification of waiver of interest and principal amount of loan as revenue receipt which has been considered as capital receipt by the Company, disallowance of expenditure incurred towards extra works/Labour cost on projects, disallowance of expenditure on which TDS is not deducted or short deducted, etc. For AY 2019-20 this amount represent for Interest on TDS default for pre Oct, 2018 period, Appeal is pending before CIT Appeals.

Notes to standalone financial statements for the year ended March 31, 2025

(All amounts in Rs. Crore except for share data or as otherwise stated)

**The demands raised by the Sales Tax authorities and Central Excise and Service Tax authorities are mainly towards enhancement of taxable turnover due to certain disallowances, change in classification of services provided by the Company, interpretation of the provisions of the Acts etc.

#Excludes Rs. 6.52 (March 31, 2024: Rs. 6.52) where it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation. All these cases are under litigation and are pending with various authorities, and the expected timing of resulting outflow of economic benefits cannot be specified.

- (iv) As fully explained in Note 30 and 31(v), adverse developments within the promoter group entities have significantly impacted the Company's operations. As a result, certain contracts with customers have been cancelled, terminated, suspended, or are under discussions for foreclosure, leading to disputes and litigation. The management of the Company is actively engaged in discussions with the customers to seek settlements and reconciliations regarding these disputes. Diligent efforts are being made to achieve amicable resolutions and settlements with the involved parties. The adjustments, if any, arising from these terminated contracts is contingent upon the completion of settlements and reconciliations by the customers and cannot be determined at this stage.

(v) **Investigations etc by the Regulatory / Investigative Agencies:**

Consequent to adverse developments at Infrastructure Leasing and Financial Services Limited ("IL&FS") and IL&FS group level, the Central Government has reconstituted Board of directors as stated in earlier years. Various regulatory authorities and investigative agencies have initiated their proceedings and are seeking information from the Company as part of their investigations since 2018-19 onwards. The Company and the present management are cooperating with the respective authorities and submitting the information as sought from time to time.

Further, as per the directions of the Reconstituted Board of IL&FS, forensic audit by an independent firm was initiated for select entities including the Company. The forensic auditors submitted their final report relating to the Company in May 2021 detailing certain potential anomalies in the financial statements and operations of the Company. The report has been hosted on the Company's website and also submitted to the stock exchanges, Serious Fraud Investigation Office (SFIO), etc. Based on the said report, SFIO and Enforcement Directorate sought additional information from the Company which the Company has submitted from time to time. The adjustments, if any, arising out these investigations would be known upon completion of investigation process by respective authorities / agencies and hence, are not determinable at this stage.

32. Commitments:

(a) **Capital Commitments:**

Estimated amount of contracts (net of advances) remaining to be executed on capital account and not provided for Rs. Nil (March 31, 2024: Nil).

(b) **Other Commitments:**

- i. The Company has made a commitment to make additional investment of Rs. 49.64 (March 31, 2024: Rs. 49.64) in Maytas Infra Saudi Arabia Company Limited Liability Company. Based on the latest available management certified financial statements of the aforesaid subsidiary as on March 31, 2018, the net worth of the subsidiary is fully eroded and the Company may have potential obligation to share further liabilities of the said subsidiary, which is not determinable at this stage.

The Group has not consolidated one subsidiary "Maytas Infra Saudi Arabia Company" in current year and previous year as the said subsidiary has ceased its operations for a period in excess of three years. As at the year end the company is not in receipt of any communication from subsidiary to infuse the funds. In view of the adverse developments and cessation of operations in overseas subsidiary, the company has made an application to Reserve Bank of India (RBI) seeking approval for write off of investment in subsidiary in the earlier year. Upon approval by RBI, the company would initiate closure of subsidiaries operations in Saudi Arabia.

(All amounts in Rs. Crore except for share data or as otherwise stated)

33. Segment reporting :

The Company's operations fall into a single business segment "Construction and Infrastructure Development" and in accordance with Ind AS 108 - Operating Segments, segment information with respect to geographical segment has been given in the consolidated financial statements of the Company, therefore no separate disclosure on segment information is given in these financial statements.

34. Disclosure pursuant to Ind AS 115 "Revenue from Contracts with Customers"

(a) Disaggregation of revenue:

The Company recognises revenue from contracts with customers which includes Government and Non-Government customers, for construction / project activities over a period of time. During the year substantial part of the Company's business has been carried out in India.

(b) Contract balances

(i) Opening and closing balances of contract balances

S. No.	Particulars	As at March 31, 2025	As at March 31, 2024
(i)	Trade receivables	115.59	86.42
(ii)	Contract assets - Project Work in progress	494.56	484.66
(iii)	Contract assets - Retention money	259.64	259.19
(iv)	Provision for estimated future losses on projects and liquidated damages	77.05	78.28
(v)	Contract liabilities	398.47	418.24

The credit period towards trade receivables generally ranges between 30 to 180 days. Further the customer retains certain amounts as per the contractual terms which usually fall due on the completion of defect liability period (DLP) of contract. These retentions are made to protect the customer from the Company failing to adequately complete all or some of its obligations under the contract.

Contract assets are initially recognised for revenue earned from transfer of goods and services but not billed to customer because the work completed has to meet technical requirements as well as various milestones as set out in the contract with customers. Upon fulfilling the said requirements and acceptance by the customer, the amounts recognised as contract assets are reclassified to trade receivables.

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received advance payments from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the consideration received. Contract liabilities include advances received from customers towards mobilisation of resources, purchase of materials, etc. and advance billing.

Impairment losses recognised on contract assets and trade receivables have been disclosed in Note-7 & Note-12.

(ii) Revenue recognised during the year from opening balance of contract liabilities amounts to Rs. 38.16

(c) Reconciling the amount of revenue recognised in the statement of profit and loss with the contracted price

There is no difference in the contract price negotiated and the revenue recognised in the statement of profit and loss for the current year. There is no significant revenue recognised in the current year from performance obligations satisfied in previous periods.

(d) Performance obligation

The transaction price allocated to the remaining performance obligations is Rs. 635, which will be recognised as revenue over the respective project durations. Generally the project duration of contracts with customers is 2 to 5 years.

35. Retirement benefits

(a) Disclosures related to defined contribution plan:

The Company makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards Provident fund and Employees' State Insurance contribution (ESI), which are defined contribution plans. The contribution are charged to the Statement of profit and loss as they accrue.

(b) Disclosures related to defined benefit plan:

The Company has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days last drawn salary for each completed year of service. The scheme is funded with Life Insurance Corporation of India.

The present value of the defined benefit obligation and the related current service cost are measured using the projected unit credit method with actuarial valuation being carried out at the balance sheet date.

Since these are scope out of Ind AS 109 for the purposes of measurement, the same have not been disclosed in the tables above. Investments in unquoted equity shares of entities other than associates and joint ventures have been designated as FVTPL.

B. Measurement of fair values

(i) Valuation techniques and significant unobservable inputs

The carrying amounts of financial assets and liabilities other than those valued at Level 1 and Level 2 are considered to be the same as their fair values due to the current and short term nature of such balances and no material differences in the values.

(ii) Levels 1, 2 and 3

Level 1 : It includes Investment in equity shares that has a quoted price and which are actively traded on the stock exchanges. It is been valued using the closing price as at the reporting period on the stock exchanges.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

Financial risk management objective

Refer Note No. 30 and 31(v) which states the normal business operation of the company as they existed under the previous years have ceased and the reconstituted board is undertaking steps for revival and restoration of operation of company. Accordingly, the company is in process of setting up mechanism to address risk including market risk, credit risk, liquidity risk, interest rate risk.

Credit risk

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the company. The company is exposed to the credit risk from companies' receivables from customers, contract assets (Unbilled revenue) and loans and advances given.

Due to development outline in note no. 31(v) the receivable, contract asset and loans given by the company had been substantially impaired/written off in previous years.

Liquidity risk

Due to adverse developments involving promoter group entities, the National Company Law Appellate Tribunal (NCLAT) has imposed a moratorium on the payment of all liabilities that existed as of the cut-off date, i.e., October 15, 2018. Consequently, the company has ceased servicing its financial obligations to lenders and has not settled dues owed to operational creditors for the period prior to the cut-off date.

Under the IL&FS resolution framework, the company has been classified as a "Red Entity", indicating its inability to meet both debt and operational liabilities. The resolution process is currently in progress. Upon successful implementation, it is expected to significantly improve the company's liquidity position.

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of liquidity and other market changes.

Interest rate risk

The company is exposed to interest rate risk as it borrows funds at both fixed and floating interest rates. Due to the matters discussed in Note 52, the company has not accrued interest expense post October, 2018. Accordingly, interest rate sensitivity analysis is not disclosed.

The Company's exposure to interest rates on financial instruments is detailed below:

Particulars	As at March 31, 2025	As at March 31, 2024
Financial assets		
Cash and bank balances	99.18	62.12
Total interest rate dependent financial assets	99.18	62.12

The amounts included above for interest rate dependent financial assets are fixed interest bearing financial assets.

Notes to standalone financial statements for the year ended March 31, 2025

(All amounts in Rs. Crore except for share data or as otherwise stated)

- **Foreign currency risk**

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rate. The Company's presentation currency is the Indian Rupees. The Company's exposure to foreign currency arises in part when the Company holds financial assets and liabilities denominated in a currency different from the functional currency of the entity.

48. In respect of a road project, consequent to arbitration proceedings, the Company has been awarded a favorable Order by the Arbitration Tribunal for an amount of Rs. 703.31. The contractee has preferred an appeal against the said award in Hon'ble High Court of Delhi. The carrying values of assets and liabilities relating to the project was Rs.252.63 [net] which comprises of interest receivable, trade receivable, retention money, mobilization advance and interest payable on said advance. Considering the favorable Order as at the date of reporting, the said amount of Rs.252.63 is considered good for recovery.

49. **Inter-Corporate Deposits:**

Prior to April 1, 2009, the erstwhile promoters had given certain Inter Corporate Deposits (ICDs) to various companies aggregating to Rs. 343.78. Of the foregoing, documentary evidences had been established that, for an amount of Rs 323.78, the then Satyam Computer Services Limited (SCSL) was the ultimate beneficiary and for which a claim together with compensation receivable had been lodged by the Company. During the earlier years, SCSL was taken over by Tech Mahindra Limited(TML) and the name was changed to Mahindra Satyam Limited(MSL). MSL was later merged into TML pursuant to a Scheme of Arrangement u/s.391-394 of the Companies Act, 1956. As provided in the Scheme and as per the Judgment of Hon'ble High Court of Andhra Pradesh on the said Scheme, the aforesaid amount in books of SCSL was transferred to TML. The Company, through its subsidiaries, preferred an Appeal before the Division Bench of Hon'ble High Court of Andhra Pradesh against the single judge's Order approving the merger scheme of SCSL which is pending as on date. TML, in its Audited Financial Statement for the year ended March 31, 2023 continued to disclose as "Suspense Account (Net) Rs. 1,230.40" as disclosed by SCSL earlier. Management is of the opinion that the claim made by the Company on SCSL is included in the aforesaid amount disclosed by TML in its Audited Financial Statements. The Company is confident of recovering the said ICDs together with compensation due thereon from SCSL/TML. Further, based on internal evaluation and legal opinion, documentary evidences available with the Company and in view of the observations of the Special Court in its verdict dated April 9, 2015 on the criminal case filed by the Central Bureau of Investigation, confirming that an amount of Rs. 1,425 was transferred to SCSL through the intermediary companies, out of which an amount of Rs. 1,230.40 continues to subsist with SCSL. During the earlier year, the Company had recognised a impairment of Rs. 323.78 towards diminution in the value of these ICD considering the uncertainty in recovering the ICDs in future. The Company has filed a case against the Tech-Mahindra and Ors. for recovery of ICD amounts vide Commercial Suit No. 181/2022 before the Hon'ble High Court of Bombay. Matter is yet to listed for response from other sides. The matter is at the stage of framing of issues subject to TML's application for dismissal of Company's petition as a Commercial suit under Commercial Courts Act in the Hon'ble Mumbai High Court.

50. **Default in redemption of preference shares and dividend thereon:**

In the earlier years, the Company has issued 39,75,000, 6% optionally convertible cumulative redeemable preference shares (OCCRPS) of Rs 100 each, aggregating to Rs. 37.50 and 2,25,000, 6% cumulative redeemable preference shares (CRPS) of Rs.100 each aggregating to Rs. 2.25 were outstanding as on September 30, 2019. All these OCCRPS were purchased by ILFS Trust Company Limited (ITCL), now Vistra ITCL India Limited, being the trustee of Maytas Investment Trust. As per various agreements/extensions, all these OCCRPS were due for redemption as on September 30, 2019. The Company defaulted in the redemption of these OCCRPS. Further, the Company has also defaulted in payment of dividend payable Rs 15.79.

51. **Confirmation of Balances:**

As at March 31, 2025, fund-based borrowings outstanding aggregates to Rs 2,628.46. These include borrowings from group entities, aggregating to Rs 2,047.07. INDEPENDENT AUDITOR'S REPORT

To the Members of IL&FS Engineering and Construction Company Limited

Report on the Audit of the Consolidated Financial Statements

Qualified opinion

We have audited the accompanying consolidated financial statements of IL&FS Engineering and Construction Company Limited ("Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group") and joint ventures, which comprise the Consolidated Balance Sheet as at March 31, 2025, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), Consolidated Statement of Changes in Equity and Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including a summary of the material accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matters described in the 'Basis for Qualified Opinion' paragraph below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and their consolidated loss and their consolidated total comprehensive loss, their consolidated changes in equity and their consolidated cash flows for the year then ended.

Basis for Qualified Opinion

We draw attention to note 3(a)(vii) and 32(b)(i) to the consolidated financial statements regarding non-consolidation of financial statements and other financial information of an overseas subsidiary "Maytas Infra Saudi Arabia Company" for the reasons stated in said notes. We are unable to comment on impact on the consolidated financial statements for the year, carrying values of assets / liabilities and retained earnings of the Group, had the subsidiary's financial statements and other financial information been consolidated.

We conducted our audit of consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the consolidated financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI), together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Material uncertainty related to going Concern:

Attention is invited to Note 30 regarding continued losses,

erosion of net-worth as at the year end and significant reduction in the Holding Company's income from operations and other matters detailed in the said paragraph. Further, all subsidiaries considered for consolidation have not commenced their operations for a substantial period and their respective financial statements have been prepared not as a going concern. These events and conditions indicate a material uncertainty which cast a significant doubt on the Group's ability to continue as a going concern, and therefore it may not be able to realise its assets and discharge its liabilities including potential liabilities in the normal course of business. The ability of the Holding Company to continue as a going concern is solely dependent on the finalisation and approval of the resolution process, which is not wholly within the control of the Group.

The Management of the Group has prepared these consolidated financial statements on a going concern basis considering status of resolution process and steps taken by the Reconstituted Board.

Our opinion is not modified in respect of this matter.

Emphasis of Matter:

We draw attention to the following notes to the consolidated financial statements:

- a. Note 31(a)(v) regarding ongoing investigations by Serious Fraud Investigation Office of Ministry of Company Affairs (SFIO), Enforcement Directorate (ED) and other regulators / agencies against Infrastructure Leasing & Financial Services Limited ('IL&FS') and some of its subsidiaries (including the Company). The consolidated financial statements of the Holding Company for the year ended on March 31, 2025 do not include adjustments, if any, that may arise on account of the ongoing investigations by the investigating and other agencies and Regulatory Authorities.
- b. Note 50 regarding non-receipt of confirmation of balances as at March 31, 2025 from some customers and vendors. In the absence of confirmations, the adjustments, if any, on account of unsettled transactions, to the carrying values of assets and liabilities cannot be ascertained
- c. Note 51 relating to non-recognition of interest expense on borrowings availed by the Company, pursuant to the Interim Order and the Judgement passed by NCLAT specifying October 15, 2018 as cut-off date for initiation of resolution process, of Rs.451.86 Crores (excluding penal/other interest and charges) for the year ended March 31, 2025. Aggregate amount of interest expense not so recognized as at March 31, 2025 is Rs.2619.89 Crores approximately.

The adjustments, if any, arising out of the above matters to the carrying value of assets or to the amounts disclosed in consolidated financial statements, are not determinable at this juncture for the reasons stated in respective notes.

Our opinion is not modified in respect of the aforementioned matters.

Key Audit Matters:

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the 'Basis for Qualified Opinion' and Material Uncertainty Related

to Going Concern section, we have determined the matters described below to be the key audit matters to be communicated in our report. For each matter below, our description of how our audit addressed the matter is provided in that context.

Description of Key Audit Matters:

Key audit matter	How the matter was addressed in our audit
Estimated Cost to complete the Project:	
Refer note 3 (c) to the consolidated financial statements	
<p>The Company recognises revenue under percentage of completion method as specified under Indian Accounting Standard (Ind AS) 115 – Revenue from contract with customers.</p> <p>Recognition of revenue requires estimation of total contract cost which comprises of the actual cost incurred till date and estimated cost further to be incurred to complete the projects.</p> <p>Estimation of the cost to complete involves exercise of significant judgement by management including assessment of technical data and hence identified as Key Audit Matter.</p>	<p>Principal Audit Procedures Performed include combination of test of compliance of Company's internal controls and substantive procedures:</p> <ul style="list-style-type: none"> Tested the design, implementation and operating effectiveness of the controls surrounding determination and approval of estimated cost. Verified the contracts with customers on test check basis and the actual cost incurred and terms and condition related to the variation of the cost. Obtained and relied on the internal assessments supporting the accuracy of the estimate of the total cost of the project for selected contracts on test check basis.
Trade receivables and Contract Assets	
Refer Note: 7 and 12 to the Consolidated Financial Statements	
<p>Trade receivables, retention money and contract assets (project work in progress) amounting to Rs.115.59 Crores, Rs.259.64 Crores and Rs. 494.56 Crores respectively, represents approximately 51% of the total assets of the Company as at March 31, 2025.</p> <p>In assessing the recoverability of the aforesaid balances, management's judgement involves consideration of aging status, Company's right to recover from clients or related receivables/advances, evaluation of litigations and the likelihood of collection based on the terms of the contract.</p> <p>Management estimation is required in the measurement of work completed during the period for recognition of unbilled revenue.</p> <p>We considered this as key audit matter due to the materiality of the amounts and significant estimates and judgements as stated above.</p>	<p>Principal Audit Procedures Performed included the following:</p> <ul style="list-style-type: none"> We understood and tested on a sample basis the design and operating effectiveness of management control over the recognition of the trade receivables, retention money and contract assets. We performed test of details and tested relevant contracts, for the provisions made by the management towards doubtful and credit loss. We tested the aging of trade receivables at year end. We performed test of details and tested relevant contracts and documents with specific focus on measurement of work completed during the period for material unbilled revenue balances included in contract asset. We performed additional procedures, in respect of material over-due trade receivables and long outstanding contract assets, i.e. tested historical payment records. We assessed the allowance for impairment made by management.
Provisions and Contingent Liabilities:	
Refer note 3 (p) to the consolidated financial statements	
<p>The Company is involved in various taxes and other disputes for which final outcomes cannot be predicted and which could potentially result in significant liabilities.</p> <p>The assessment of the risks associated with the litigations is based on complex assumptions, which require the use of judgements and such judgements relates, primarily, to the assessment of the uncertainties connected to the prediction of the outcome of the proceedings and to the adequacy of the disclosures in the financial statements.</p> <p>Because of the judgement required, the materiality of such litigations and the complexity of the assessment process, the area is a key matter for our audit.</p>	<p>Principal Audit Procedures Performed include combination of test of compliance of Company's internal controls and substantive procedures:</p> <ul style="list-style-type: none"> Assessing the appropriateness of the design and implementation of the Company's controls over the assessment of litigations and completeness of disclosures. Examining the supporting documentation for the positions taken by the management, correspondence from in-house legal counsel and/or legal team and reviewing the minutes of Board and subcommittee, to confirm the operating effectiveness of these controls. Review of assumptions used in the evaluation of potential risk and tax risks performed by the legal and tax department of the Company considering the legal precedence and other rulings in similar cases. Consideration of recent judgements passed by the appropriate authorities in order to challenge the basis used for the accounting treatment and resulting disclosures.

Information Other than the consolidated financial statements and Auditor's Report Thereon:

The Holding Company's management and Board of Directors are responsible for the preparation of other information. The other information comprises the information included in the Director's Report, Management Discussion and Analysis and Corporate Governance Report but does not include the consolidated financial statements and our Auditor's Reports there on.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of the audit, or otherwise appears to be materially misstated.

If, based on the work we perform, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements:

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 that give a true and fair view of the consolidated financial position, consolidated financial performance (including consolidated other comprehensive income), consolidated changes in equity and consolidated cash flows of the Group including its joint ventures in accordance with the accounting principles generally accepted in India, including the Ind AS specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its joint ventures are responsible for assessing the ability of the Group and of its joint ventures to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its joint ventures are responsible for overseeing the financial reporting process of the Group and of its joint ventures.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements :

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its joint ventures to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the consolidated financial statements of such entities included in the

Consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters:

- a. The consolidated financial statements include the Group's share of net profit of Rs. 0.04 Cr. for the year ended March 31, 2025 in respect of one joint venture, whose financial statements have not been audited by us, as considered in the consolidated financial statements whose financial information have been audited by their independent auditors. The independent auditor's report on the financial information of the joint venture have been furnished to us by the management and our opinion on the consolidated financial statements in so far as it relates to the amounts and disclosures included in respect of the aforesaid joint venture is based solely on the reports of such auditor and the procedures performed by us as stated in paragraph above.
- b. The consolidated financial statements include the Group's share of net profit of Rs. 0.01 Cr. for the year ended March 31, 2025, in respect of one joint venture, whose financial information has not been audited by their respective independent auditors. These unaudited financial information have been furnished to us by the Parent's management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the joint venture, is based solely on such unaudited financial information.

In our opinion and according to the information and explanations given to us by the Management, these financial statements and other financial information are not material to the Group.

Our opinion on the consolidated financial statements and our report on other legal and regulatory requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and reports of the other auditors and

the financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

- 1A. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of other auditors on the separate financial information on the joint ventures referred to in the Other Matters section above we report to the extent applicable that:
 - a. except for the matters stated in the "Basis for qualified opinion" paragraph hereinabove, we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b. except for the possible effects of the matters described in the Basis for Qualified Opinion paragraph above and for the matters stated in the paragraph 2(i)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014, in our opinion, proper books of account as required by law have been kept so far as it appears from our examination of those books;
 - c. the consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of consolidated financial statements;
 - d. except for the possible effect of the matters described in the Basis for Qualified Opinion paragraph above, in our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under section 133 of the Act, read with relevant rules made thereunder;
 - e. the matter relating to going concern described under Material Uncertainty Related to Going Concern paragraph above, and the matters stated under (a),(b) and (c) under Emphasis of Matter paragraph above, in our opinion, may have an adverse effect on the functioning of the Company;
 - f. on the basis of the written representations received from the directors of Holding Company as on March 31 2025 taken on record by the Board of Directors of the Holding Company, none of the directors of the Group Companies incorporated in India is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act;
 - g. the qualification relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Qualified Opinion paragraph above; and
 - h. with respect to the adequacy of the internal financial controls with reference to consolidated financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- 1B. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on

separate financial information of joint venture, as noted in the 'Other matters' paragraph:

- i. the Group has disclosed the impact of pending litigations on its financial position in its consolidated financial statements (Refer note - 31 to the consolidated financial statements);
 - ii. the Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. there are no amounts which were required to be transferred to the Investor Education and Protection Fund by the Group during the year ended March 31, 2025.;
 - iv. (a) the management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Group to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Group ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) the management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Group shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - (c) based on audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material mis-statement.
 - v. The Group has not declared or paid any dividend during the year.
 - vi. Based on our examination, which included test checks, the Holding Company and its subsidiary companies incorporated in India have used accounting software for maintaining its books of account, which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that, in the case of Holding Company and its subsidiary companies incorporated in India, recording audit trail (edit log) facility was not enabled at the database level to log any direct data changes in the accounting software used for maintaining the books of account. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.
- 1C. With respect to the matter to be included in the Auditors' Report under section 197 (16), according to the information and explanations given to us, the company has not paid any remuneration to its directors during the current year except sitting fee paid to the non- executive / independent directors. The same is in accordance with the applicable provisions of the Companies Act, 2013.
2. With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO" / "the Order") issued by the Central Government in terms of section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us and the auditors of respective companies included in the consolidated financial statements to which reporting under CARO is applicable, we report that in respect of those companies where audits have been completed under section 143 of the Act, there are no qualifications or adverse remarks by the respective auditors in the CARO reports of the said companies except for the following:

“Annexure A” to the Independent Auditors’ report

(Referred to in paragraph 1A.(h) under “Report on Other Legal and Regulatory Requirements” of our Report of even date to the members of IL&FS Engineering and Construction Company Limited on the consolidated financial statements for the year ended March 31, 2025)

Report on the Internal Financial Controls with reference to Consolidated Financial Statements under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (‘the Act’)

We have audited the internal financial controls with reference to consolidated financial statements of IL&FS Engineering and Construction Company Limited (‘the Company’) as of March 31, 2025 in conjunction with our audit of the consolidated financial statements of the Group for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Holding Company’s management is responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Group’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Group’s internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the ‘Guidance Note’) and the Standards on Auditing, issued by ICAI and Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient

and appropriate to provide a basis for our qualified audit opinion on the Company’s internal financial controls system with reference to consolidated financial statements.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A Company’s internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to consolidated financial statements includes those policies and procedures that:

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of Management and directors of the company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, and according to the information and explanation given to us, the Group has maintained, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to the consolidated financial statements were operating effectively as of March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India..

Notes to Consolidated Financial Statements for the year ended March 31, 2025

(All amounts in Rs Crore except for share data or as otherwise stated)

1. Corporate information:

IL&FS Engineering and Construction Company Limited ("IECCL" or "the Company") is a public company domiciled in India. The Company along with its subsidiaries (collectively termed as "the Group") and its associate and jointly controlled entities (collectively termed as "the Consolidated entities") is primarily engaged in the business of erection / construction of roads, irrigation projects, buildings, oil & gas infrastructure, railway infrastructure, power plants, power transmission & distribution lines including rural electrification and development of ports. The equity shares of the Company are listed on National Stock Exchange of India Limited ("NSE") and BSE Limited ("BSE").

2. Basis for preparation of Consolidated financial statements:

A. Statement of compliance and basis of preparation.

These consolidated financial statements have been prepared in accordance with Indian Accounting Standards ('Ind AS') notified under Section 133 of Companies Act, 2013 (the 'Act'), the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the Consolidated Financial Statements.

The consolidated financial statements were authorised for issue by the Company's Board of Directors at its meeting held on May 28, 2025.

Details of the Company's material accounting policies are included in Note 3.

B. Functional and presentation currency

These consolidated financial statements are presented in Indian Rupees (Rs.), which is also the Company's functional currency. All amounts have been rounded-off to two decimal places to the nearest crores, unless otherwise indicated.

C. Basis of measurement

The consolidated financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Certain financial assets and liabilities	Fair value
Net defined benefit (asset)/ liability	Fair value of plan assets less present value of defined benefit obligations

D. Use of estimates and judgements

In preparing these consolidated financial statements, management has made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates

Estimates and underlying assumptions are reviewed on

an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending March 31, 2025 is included in the following notes:

- Note 35 - measurement of defined benefit obligations: key actuarial assumptions;
- Notes 13, 20 and 31 - recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources;
- Note 4 - useful life and depreciation of property, plant and equipment;
- Note 5 - useful life and amortisation of intangible assets; and
- Note 6 to 9 - impairment of financial assets.
- Note 3(c), 22, 34, and 12 - Revenue recognition, cost to complete, profit margin
- Note 42 - Leases - Estimating the incremental borrowing rate

Judgements

Information about judgments made in applying accounting policies that have the most significant effects on the amounts recognised in the consolidated financial statements is included in the following notes:

- Note 12 and 22 – The Group uses the percentage-of-completion method (POCM) in accounting for its long term construction contracts. Use of POCM requires the Group to estimate the contract revenue and total cost to complete a contract. Changes in the factors underlying the estimation of the contract revenue and total contract cost could affect the amount of revenue recognized.
- Note 13 – Deferred tax assets are recognized for unused unabsorbed depreciation to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgement is required to determine the amount of deferred tax asset that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.
- Note 7, 8, 9 and 12 – Determining the amount of expected credit loss on financial assets (including trade receivables, loans and contract assets).
- Note 3(a) – Identification of whether the Group has significant control over Trust where the Trust is managed Independently by a third party.
- Note 42 - Determining the lease term of contracts with renewal, estimating incremental borrowing rate and termination options – Company as lessee.

E. Measurement of fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Notes to Consolidated Financial Statements for the year ended March 31, 2025

(All amounts in Rs Crore except for share data or as otherwise stated)

The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in most advantageous market for the asset or liability.

The Principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financials statement are categories within in the fair value hierarchy described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2: Valuation techniques for which the lowest level inputs that is significant to the fair value measurement is directly or indirectly observable
- Level 3: Valuation techniques for which the lowest level inputs that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External values are involved for valuation of significant assets, such as properties and significant liabilities, such as contingent consideration.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

3. Material accounting Policy Information

(a) Basis of consolidation:

i. Subsidiaries

Subsidiaries are entities over which the Company has control. The Company controls an entity when it is exposed to, or has rights to variable

returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Company. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the Group.

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset.

ii. Non - controlling interests (NCI)

NCI are measured at their proportionate share of the acquiree's net identifiable assets at the date of acquisition.

Changes in the Group's equity interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions..

iii Associates

Associates are entities over which the Group has significant influence but not control or jointly control over the financial and operating policies.

Interests in associates are accounted for using the equity method. They are initially recognised at cost which includes transaction cost. Subsequent to initial recognition, the consolidated financial statements include the Group's share of profit or loss and other comprehensive income of equity accounted investees until the date on which significant influence ceases.

iv. Equity method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in profit and loss, and the Group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

v. Transactions eliminated on consolidation

Intra group balances and transactions, and any unrealised income and expenses arising from intra group transactions, are eliminated. Unrealised

gains arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Group's interest in the Investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

- vi. The financial statements of the entities used for the purpose of consolidation are drawn up to same reporting date as that of the Company, i.e., year ended March 31, 2025.
- vii. The consolidated financial statements for the year ended March 31, 2025 have been prepared on the basis of the financial statements of the following subsidiaries, associate and joint venture:

Note I:

During the year 2010-11, the Company had invested Rs. 0.10 in equity shares of Hill County Properties Limited (HCPL) constituting 40% of the post issue paid up share capital of HCPL pursuant to the Order passed by the Honorable Company Law Board on January 13, 2011 allowing IL&FS Group (consisting of Infrastructure Leasing and Financial Services Limited, IL&FS Financial Services Limited and the Company) to be the new promoters of HCPL. During the earlier year, the Company had sold Rs. 0.02 in equity shares (2,250 Equity Shares of Rs. 100 each) of HCPL constituting 9% of the paid up share capital of HCPL to Infrastructure Leasing and Financial Services Limited. HCPL was under the direct supervision of the Company Law Board (CLB), represented by a nominee director and hence was operating under severe long-term restrictions that significantly impair its ability to transfer funds to the investor. Hence, the investment in HCPL was accounted in accordance with Ind AS 27 "Separate Financial Statements" instead of applying equity method in accounting for investments. During the earlier year, the term of the CLB nominee director had expired and

HCPL ceased to operate under severe long-term restrictions. However, such acquisition of shares does not form part of a strategy to acquire and retain long term assets / investments. Hence the investment in HCPL is continued to be accounted in accordance with Ind AS 27 "Separate Financial Statements".

Further, there was a changes in the status of Hill County Properties Limited (HCPL) is made based on the changes to group structure by the Infrastructure Leasing & Financial Services Limited, HCPL is considered as subsidiary of Infrastructure Leasing & Financial Services Limited and accordingly classified as fellow subsidiary of IECCL in the year 2020 and the same status is continuing in the current year.

Note II:

These Consolidated financial statements do not include financial statements and other financial information of "Maytas Infra Saudi Arabia Company", an overseas subsidiary, in view of reasons described in note 32 (b) (i) below :

(b) Current and non-current classification:

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification:

An asset is current when it satisfies any of the following criteria:

- It is expected to be realised or intended to sold or consumed in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is expected to be realised within twelve months after the reporting year; or
- It is Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

A liability is current when it satisfies any of the following criteria:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting year; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating cycle:

Operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents. Accordingly, the Group has ascertained its operating cycle as 12 months for the purpose of current – non-current classification of assets and liabilities.

(c) Revenue recognition: -

Revenue from construction contracts

Contract Revenue is recognised under 'percentage-

Notes to Consolidated Financial Statements for the year ended March 31, 2025

(All amounts in Rs Crore except for share data or as otherwise stated)

of-completion method'. Use of the 'percentage-of-completion method' requires the Group to measure the efforts or costs expended to date to the satisfaction of a performance obligation as a proportion of the total expected efforts or costs to be expended to the satisfaction of that performance obligation over the time. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity. Costs incurred in the year in connection with future activity on a contract are excluded from contract costs in determining the stage of completion.

Further, the Group uses significant judgements while determining the transaction price allocated to performance obligation using the expected cost plus margin approach.

When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately. When the outcome of a construction contract cannot be estimated reliably, contract revenue is recognised only to the extent of contract costs incurred that are likely to be recoverable.

Variations in contract work, claims and incentive payments are included in contract revenue only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and are capable of being reliably measured.

Revenue from design and consultancy services

Revenue from the design and consultancy services is recognized as and when services are rendered in accordance with the terms of the agreement with the customers.

Revenue from hire charges -

Revenue from hire charges is accounted for in accordance with the terms of agreement with the customers.

Interest

Interest income is accrued on a time basis, by reference to the principal amount using the effective interest rate applicable.

Dividend

Dividend income is recognized when the Group's right to receive dividend is established by the reporting date.

(d) Property, plant and equipment:

- (i) Property, plant, and equipment and capital work in progress are carried at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, freight, duties, taxes and any attributable cost of bringing the asset to its working condition for its intended use.
- (ii) Borrowing costs relating to acquisition of property, plant and equipment which take substantial period of time to get ready for use are included to the extent they relate to the period till such assets are ready for intended use. Any trade discounts and

rebates are deducted in arriving at the purchase price. Such cost includes the cost of replacing part of the plant and equipment.

- (iii) When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.
- (iv) Items of stores and spares that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Otherwise, such items are classified as inventories.
- (v) The Group identifies and determines cost of each component/ part of the asset separately, if the component/ part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset.
- (vi) Assets retired from active use and held for disposal are stated at their estimated net realizable values or net book values, whichever is lower.
- (vii) Assets acquired under finance lease are depreciated on a straight-line basis over the useful life of the asset or the useful life envisaged in Schedule II to the Companies Act, 2013, whichever is lower.
- (viii) Gains or losses arising from derecognition of plant, property and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.
- (ix) Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.
- (x) Capital work in progress includes the cost of property, plant and equipments that are not ready for their intended use at the balance sheet date.

Depreciation on property, plant and equipment

- (i) (i) Depreciation on property, plant and equipment other than those mentioned in S.no.(ii) below, is calculated on straight-line basis using the rates arrived at, based on useful lives estimated by the management which coincides with rates prescribed under Schedule II of the Companies Act, 2013.
- (ii) Depreciation on the following property, plant and equipment is provided on a straight-line basis, at rates that are based on useful lives as estimated by the management, which are different from the general rates prescribed under Schedule II of the Companies, Act 2013:

Notes to Consolidated Financial Statements for the year ended March 31, 2025

(All amounts in Rs Crore except for share data or as otherwise stated)

Category of asset	Estimated useful life
Plant and Machinery	
- construction equipment consisting of shuttering / scaffolding material and equipment given on hire	6 years
- shuttering/scaffolding material at project sites	6 years
Temporary erections – site offices	over the expected life of the respective project
Leasehold improvements	over the period of lease or useful life whichever is lower
Site infrastructure	6 years
Tools and implements	Fully in the year of purchase

- (iii) Assets costing five thousand rupees or less are fully depreciated in the year of purchase.
- (iv) The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(e) Intangible assets:

Software - Computer software license cost is expensed in the year of purchase as there is no expected future economic benefit, except for enterprise wide/project based software license cost which is amortized over the period of license or six years, whichever is lower.

(f) Investments:

Investments that are readily realizable and intended to be held for not more than one year from the date on which such investments are made are classified as current investments. All other investments are classified as non current investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties. If an investment is acquired, or partly acquired, by the issue of shares or other securities, the acquisition cost is the fair value of the securities issued. If an investment is acquired in exchange for another asset, the acquisition is determined by reference to the fair value of the asset given up or by reference to the fair value of the investment acquired, whichever is more clearly evident.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

(g) Inventories:

Project materials at site are valued at the lower of cost and net realisable value. Cost is determined on a weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business, reduced by the estimated costs of completion and costs to effect the sale.

(h) Retirement and other employee benefits:

Short-term employee benefits -

All employee benefits falling due wholly within twelve months of rendering the services are classified as short-term employee benefits, which include benefits like salaries, wages, short-term compensated absences and performance incentives and are recognised as expenses in the period in which the employee renders the related service at the undiscounted amount of benefits expected to be paid.

Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Group makes specified monthly contributions towards government administered provident fund scheme. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in profit or loss in the periods during which the related services are rendered by employees.

Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Group net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Group, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI. The Group determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss. The Group recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Notes to Consolidated Financial Statements for the year ended March 31, 2025

(All amounts in Rs Crore except for share data or as otherwise stated)

Compensated absences

Compensated absences is a long-term employee benefit, and accrued based on an actuarial valuation done as per projected unit credit method as at the balance sheet date, carried out by a qualified independent actuary. Actuarial gains and losses arising during the year are immediately recognised in the statement of profit and loss. Remeasurements of defined benefit plans in respect of post employment are charged to other comprehensive income.

(i) Segment reporting:

Identification of segments

The Group operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the Group operate.

Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

Segment accounting policies

The Group prepare its segment information in conformity with the accounting policies adopted for preparing and presenting the consolidated financial statements.

(j) Income taxes:

Income tax comprises current and deferred tax. It is recognised in statement of profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

(i) Current tax:

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961. Deferred income tax reflect the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

(ii) Deferred tax:

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are

expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

(k) Foreign currency transactions and translations:

Transactions in foreign currencies are initially recorded by the Company at their functional currency spot rates at the date of the transaction. Monetary assets and liabilities denominated in foreign currency are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rates are recognised as income or expenses in the period in which they arise. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rates at the date of transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

(l) Leases:

Where the Group is a Lessor

Assets under operating leases are included in property, plant and equipment. Lease income is recognised in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation, are recognised as an expense in the statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the statement of profit and loss.

Where the Group is a Lessee

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily

Notes to Consolidated Financial Statements for the year ended March 31, 2025

(All amounts in Rs Crore except for share data or as otherwise stated)

determined, the incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate. Lease payments included in the measurement of the lease liability comprise the following

- Fixed payments, including in-substance Fixed payment
- Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date
- Amounts expected to be payable under a residual value guarantee; and
- The exercise price under a purchase option that the company is reasonably certain to exercise, lease payments in an optional renewal period if the company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the company is reasonably certain not to terminate early

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is re-measured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value asset

The Group has elected not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of 12 months. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

(m) Borrowing Costs:

Borrowing costs directly attributable to the acquisition, construction or production of an qualifying asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are charged in the year they occur.

(n) Earnings per share:

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividends and taxes applicable) by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events of bonus issue that have changed the number of outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares except where the results are anti dilutive.

(o) Impairment:

(i) Financial assets

The Group recognises loss allowances for expected credit losses on financial assets measured at amortised cost. At each reporting date, the Group assesses whether financial assets carried at amortised cost is credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being significantly past due;
- the restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise; or
- it is probable that the borrower will enter bankruptcy or other financial reorganization.

The Group measures loss allowances at an amount equal to lifetime expected credit losses, except for bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition, which are measured as 12 month expected credit losses.

Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit losses. The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables or contract revenue receivables. Under the simplified approach, the Group is not required to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs together with appropriate management estimates for credit loss at each reporting date, right from its initial recognition.

The Group uses a provision matrix to determine impairment loss allowance on the group of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive).

Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for financial assets measured at

Notes to Consolidated Financial Statements for the year ended March 31, 2025

(All amounts in Rs Crore except for share data or as otherwise stated)

amortised cost are deducted from the gross carrying amount of the assets.

Write off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group procedures for recovery of amounts due.

(ii) Non-financial assets -

The Group non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the statement of profit and loss. Impairment loss recognised in respect of a CGU is allocated to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

Assets (other than goodwill) for which impairment loss has been recognised in prior periods, the Group reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

(p) Financial instruments: -

Recognition and initial measurement

Trade receivables are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Group becomes a party

to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss ('FVTPL'), transaction costs that are directly attributable to its acquisition or issue.

Financial assets - classification and subsequent measurement

On initial recognition, a financial asset is classified as measured at

- amortised cost;
- Fair Value Through Other Comprehensive Income (FVTOCI)
- Fair Value Through Profit & Loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Group changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Group may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Group may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Group continuing recognition of the assets.

Notes to Consolidated Financial Statements for the year ended March 31, 2025

(All amounts in Rs Crore except for share data or as otherwise stated)

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Group considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Group considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Group's claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

Subsequent measurement and gains and losses for financial assets held by the Group

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in the statement of profit and loss.
Financial assets at FVTOCI	These assets are subsequently measured at fair value. Net gains and losses, including any interest are recognised in the OCI
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in the statement of profit and loss. Any gain or loss on derecognition is recognised in the statement profit and loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss. Presently, all the financial liabilities are measured at amortised cost.

Derecognition

Financial assets

The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset. If the Group enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Group derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

Reclassification of financial assets and liabilities

The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Group's senior management determines change in the business model as a result of external or internal changes which are significant to the Group's operations. Such changes are evident to external parties. A change in the business model occurs when the Group either begins or ceases to perform an activity that is significant to its operations. If the Group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Group does not restate any previously recognised gains or losses (including impairment gains or losses) or interest.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Group currently has a legally enforceable

(All amounts in Rs Crore except for share data or as otherwise stated)

right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

(q) Provisions and contingent liabilities:

i. General

"A provision is recognised when the Group has a present legal or constructive obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

ii. Contingent liabilities -

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

iii. Onerous contracts

Provision for onerous contracts. i.e. contracts where the expected unavoidable cost of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognised when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event based on a reliable estimate of such obligation.

(r) Cash Flow Statement: -

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Group are segregated based on the available information.

(s) Cash and cash equivalents: -

Cash and cash equivalents comprise cash at bank and in hand and short term investments with original maturity of three months or less.

(t) Accounting for Joint Ventures:

Accounting for joint ventures undertaken by the Company has been done in accordance with the requirements of Ind AS – 28 "Investments in Associates and Joint Ventures" notified under section 133 of the Companies Act, 2013, and as follows:

Joint Operations:

In respect of joint venture contracts which are executed under work sharing arrangements, the Company's share

of revenues, expenses, assets and liabilities are included in the separate financial statements as revenues, expenses, assets and liabilities respectively. In case of certain construction contracts in the irrigation sector, the share of work executed by the Company has been determined on the basis of certification by lead partner.

(u) Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS – 117 Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f. April 1, 2024. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements.

30. Going Concern

The Company has accumulated loss of Rs. 3,620.13 as at March 31, 2025 (as at March 31, 2024: Rs. 3,615.25). The Company has incurred loss of Rs.4.88 for year ended March 31, 2025 (Loss for the year ended March 31, 2024 Rs.77.45). The Company's net worth is fully eroded and the current liabilities exceed its current assets by Rs.3,811.41 as at the reporting date. Existing projects being executed by the Company are nearing completion / or approaching their end of term, which resulted in significant reduction in the Company's operations over the past three years. The Company has continued to default in payment of various loans to the lenders of the Company, including borrowings from promoter group entities.

Notes to Consolidated Financial Statements for the year ended March 31, 2025

(All amounts in Rs Crore except for share data or as otherwise stated)

As part of its initiatives for resolution of IL&FS Group, the Reconstituted Board of Directors of IL&FS in their reports to National Company Law Tribunal ("NCLT") categorized the Company under the Group "Red" implying that the Company is unable to meet its contractual, statutory and debt obligations. The National Company Law Appellate Tribunal ("NCLAT") by way of its order on October 15, 2018 ("Interim Order") in the Company Appeal (AT) 346 of 2018, after taking into consideration the nature of the case, stayed certain coercive and precipitate actions against IL&FS and its group companies including the Company. The NCLAT vide its Judgement dated March 12, 2020 accepted the resolution process and revised resolution framework, including October 15, 2018 as date of initiation of resolution process of IL&FS Group entities, (including the Company) and crystallization of claims as of that date i.e. cut-off date with no interest, additional interest, penal charges or other similar charges to accrue after the said cut-off date. Accordingly, the Company is currently not settling liabilities existing prior to October 15 2018, being the cutoff date to its Financial Creditors and the Operational Creditors.

Adverse developments in promoter group entities impacted the operations of the company and also resulted in cancellation/termination/suspension/foreclosure of certain contracts with customers. The Reconstituted Board and the management of the Company have taken various steps to continue the operations at present level during the period as per the resolution process framework accepted by the Hon'ble NCLAT.

In line with the said framework, the Reconstituted Board is in the process of finalizing a comprehensive approach to manage the current situation including sale of existing equity share holding by IL & FS Group. In this process, the Reconstituted Board, as part of resolution process for the Company, has invited expression of interest for acquiring the equity stake in the Company. In January 2022, a bid had been received from an unincorporated Consortium which was subjected to challenge through counter bid under a Swiss Challenge method. The successful bid was submitted to the Committee of Creditors (CoC) for approval and has been duly approved by the CoC during the year. The bid will now be placed before Justice D.K. Jain (Retd.) for approval, followed by submission to the National Company Law Tribunal (NCLT).

The ability of the Company to continue as going concern is solely dependent on positive outcome of resolution process initiated by the Reconstituted Board which would restructure the debt and resume normal operations. Financial statements for the year have been prepared on a going concern basis considering the status of the resolution process and steps taken by the Reconstituted Board.

31. Contingent liability

(a) Contingent liabilities on account of pending litigations

**The demands raised by the Sales Tax authorities and Central Excise and Service Tax authorities are mainly towards enhancement of taxable turnover due to certain disallowances, change in classification of services provided by the Company, interpretation of the provisions of the Acts etc.

#Excludes Rs. 6.52 (March 31, 2024: Rs. 6.52) where it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation. All these cases are under litigation and are pending with various authorities, and the expected timing of resulting outflow of economic benefits cannot be specified.

- (iv) As fully explained in Note 30 and 31(v), adverse developments within the promoter group entities have significantly impacted the Company's operations. As a result, certain contracts with customers have been cancelled, terminated, suspended, or are under discussions for foreclosure, leading to disputes and litigation. The management of the Company is actively engaged in discussions with the customers to seek settlements and reconciliations regarding these disputes. Diligent efforts are being made to achieve amicable resolutions and settlements with the involved parties. The adjustments, if any, arising from these terminated contracts is contingent upon the completion of settlements and reconciliations by the customers and cannot be determined at this stage.

(v) Investigations etc by the Regulatory / Investigative Agencies:

Consequent to adverse developments at Infrastructure Leasing and Financial Services Limited ("IL&FS") and IL&FS group level, the Central Government has reconstituted Board of directors as stated in earlier years. Various regulatory authorities and investigative agencies have initiated their proceedings and are seeking information from the Company as part of their investigations since 2018-19 onwards. The Company and the present management are cooperating with the respective authorities and submitting the information as sought from time to time.

Notes to Consolidated Financial Statements for the year ended March 31, 2025

(All amounts in Rs Crore except for share data or as otherwise stated)

Further, as per the directions of the Reconstituted Board of IL&FS, forensic audit by an independent firm was initiated for select entities including the Company. The forensic auditors submitted their final report relating to the Company in May 2021 detailing certain potential anomalies in the financial statements and operations of the Company. The report has been hosted on the Company's website and also submitted to the stock exchanges, Serious Fraud Investigation Office (SFIO), etc. Based on the said report, SFIO and Enforcement Directorate sought additional information from the Company which the Company has submitted from time to time. The adjustments, if any, arising out these investigations would be known upon completion of investigation process by respective authorities / agencies and hence, are not determinable at this stage.

32. Commitments:

(a) Capital Commitments:

Estimated amount of contracts (net of advances) remaining to be executed on capital account and not provided for Rs. Nil (March 31, 2024: Nil).

(b) Other Commitments:

- The Company has made a commitment to make additional investment of Rs. 49.64 (March 31, 2024: Rs. 49.64) in Maytas Infra Saudi Arabia Company Limited Liability Company. Based on the latest available management certified financial statements of the aforesaid subsidiary as on March 31, 2018, the net worth of the subsidiary is fully eroded and the Company may have potential obligation to share further liabilities of the said subsidiary, which is presently under negotiation and hence undeterminable.

The Group has not consolidated one subsidiary ""Maytas Infra Saudi Arabia Company"" in current year and previous year as the said subsidiary has ceased its operations for a period in excess of three years. As at the year end the company is not in receipt of any communication from subsidiary to infuse the funds. In view of the adverse developments and cessation of operations in overseas subsidiary, the company has made an application to Reserve Bank of India (RBI) seeking approval for write off of investment in subsidiary in earlier years. Upon approval by RBI, the company would initiate closure of subsidiaries operations in Saudi Arabia.

33. Segment reporting :

The Consolidating entities operations fall into a single business segment "Construction and Infrastructure Development" and in accordance with Ind AS 108 - Operating Segments, segment information with respect to geographical segment has been given below, therefore no separate disclosure on segment information is given in these financial statements.

Geographical segments:

Although the Consolidated entities major operating divisions are managed on a worldwide basis, they operate in two principal geographical areas of the world, in India, its home country, and rest of the world.

Segment	Segment revenue		Segment non-current assets*

34. Disclosure pursuant to Ind AS 115 "Revenue from Contracts with Customers"

(a) Disaggregation of revenue:

The Group recognises revenue from contracts with customers which includes Government and Non-Government customers, for construction / project activities over a period of time. During the year substantial part of the Company's business has been carried out in India. Geographical disaggregation has been given in the consolidated financial statements of the Company.

Notes to Consolidated Financial Statements for the year ended March 31, 2025

(All amounts in Rs Crore except for share data or as otherwise stated)

(b) Contract balances

(i) Opening and closing balances of contract balances

S. No.	Particulars	As at March 31, 2025	As at March 31, 2024
(i)	Trade receivables	115.59	86.42
(ii)	Contract assets - Project Work in progress	494.56	484.66
(iii)	Contract assets - Retention money	259.64	259.19
(iv)	Provision for estimated future losses on projects and liquidated damages	77.05	78.28
(v)	Contract liabilities	398.47	418.24

The credit period towards trade receivables generally ranges between 30 to 180 days. Further the customer retains certain amounts as per the contractual terms which usually fall due on the completion of defect liability period (DLP) of contract. These retentions are made to protect the customer from the Company failing to adequately complete all or some of its obligations under the contract.

Contract assets are initially recognised for revenue earned from transfer of goods and services but not billed to customer because the work completed has to meet technical requirements as well as various milestones as set out in the contract with customers. Upon fulfilling the said requirements and acceptance by the customer, the amounts recognised as contract assets are reclassified to trade receivables.

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received advance payments from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the consideration received. Contract liabilities include advances received from customers towards mobilisation of resources, purchase of materials, etc. and advance billing.

Impairment losses recognised on contract assets and trade receivables have been disclosed in Note 7 & Note 12.

(ii) Revenue recognised during the year from opening balance of contract liabilities amounts to Rs. 38.16.

(c) Reconciling the amount of revenue recognised in the statement of profit and loss with the contracted price

There is no difference in the contract price negotiated and the revenue recognised in the statement of profit and loss for the current year. There is no significant revenue recognised in the current year from performance obligations satisfied in previous periods.

(d) Performance obligation

The transaction price allocated to the remaining performance obligations is Rs. 635, which will be recognised as revenue over the respective project durations. Generally the project duration of contracts with customers is 2 to 5 years.

35. Retirement benefits

(a) Disclosures related to defined contribution plan:

The Company makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards Provident fund and Employees' State Insurance contribution (ESI), which are defined contribution plans. The contribution are charged to the Statement of profit and loss as they accrue.

(b) Disclosures related to defined benefit plan:

The Company has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days last drawn salary for each completed year of service. The scheme is funded with Life Insurance Corporation of India.

The present value of the defined benefit obligation and the related current service cost are measured using the projected unit credit method with actuarial valuation being carried out at the balance sheet date.

36. Due to adverse developments within the IL&FS group during the financial year 2018-2019, the Company's operations have been significantly impacted since that time. Consequently, certain contracts with customers have been terminated or under discussions for an amicable foreclosure. The Company is actively engaged in regular and comprehensive review of all its assets and liabilities specially associated with the terminated and under foreclosure projects. These reviews are being conducted to assess the net exposure resulting from each terminated or under foreclosure contract. As a result, necessary provisions have been made in the books based on the net exposure in these contracts. As of March 31, 2025, the amount receivable and payables from such terminated or under foreclosure contracts are reflected in the Company's financial statements as follows: Trade receivable (Note 7), Contract assets (Note 12) and Contract liabilities (Note 19 and 21) include amounts of Rs. 43.04, Rs. 91.97 and Rs. 276.38 respectively.

Since these are scope out of Ind AS 109 for the purposes of measurement, the same have not been disclosed in the tables above. Investments in unquoted equity shares of entities other than associates and joint ventures have been designated as FVTPL.

B. Measurement of fair values

(i) Valuation techniques and significant unobservable inputs

The carrying amounts of financial assets and liabilities other than those valued at Level 1 and Level 2 are considered to be the same as their fair values due to the current and short term nature of such balances and no material differences in the values.

(ii) Levels 1, 2 and 3

Level 1 : It includes Investment in equity shares that has a quoted price and which are actively traded on the stock exchanges. It is been valued using the closing price as at the reporting period on the stock exchanges.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Notes to Consolidated Financial Statements for the year ended March 31, 2025

(All amounts in Rs Crore except for share data or as otherwise stated)

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3..

Financial risk management

Refer Note No. 30 and 31(v) which states the normal business operation of the company as they existed under the previous years have ceased and the reconstituted board is undertaking steps for revival and restoration of operation of company. Accordingly, the company is in process of setting up mechanism to address risk including market risk, credit risk, liquidity risk, interest rate risk.

Credit risk

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the company. The company is exposed to the credit risk from companies' receivables from customers, contract assets (Unbilled revenue) and loans and advances given. Due to development outline in note no. 31(v) the receivable, contract asset and loans given by the company have been substantially impaired/written off.

Liquidity risk

Due to adverse developments involving promoter group entities, the National Company Law Appellate Tribunal (NCLAT) has imposed a moratorium on the payment of all liabilities that existed as of the cut-off date, i.e., October 15, 2018. Consequently, the group has ceased servicing its financial obligations to lenders and has not settled dues owed to operational creditors for the period prior to the cut-off date.

Under the IL&FS resolution framework, the group has been classified as a "Red Entity", indicating its inability to meet both debt and operational liabilities. The resolution process is currently in progress. Upon successful implementation, it is expected to significantly improve the company's liquidity position.

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Group's exposure to market risk is primarily on account of liquidity and other market changes.

- Interest rate risk**

The company is exposed to interest rate risk as it borrows funds at both fixed and floating interest rates. Due to the matters discussed in note no. 51, the company has not accrued interest expense post October, 2018. Accordingly, interest rate sensitivity analysis is not disclosed.

The Group's exposure to interest rates on financial instruments is detailed below:

Particulars	As at March 31, 2025	As at March 31, 2024
Financial assets		
Cash and bank balances	99.20	42.15
Total interest rate dependent financial assets	99.20	42.15

47. In respect of a road project, consequent to arbitration proceedings, the Company has been awarded a favorable Order by the Arbitration Tribunal for an amount of Rs. 703.31. The contractee has preferred an appeal against the said award in Hon'ble High Court of Delhi. The carrying values of assets and liabilities relating to the project was Rs.252.63 [net] which comprises of interest receivable, trade receivable, retention money, mobilization advance and interest payable on said advance. Considering the favorable Order as at the date of reporting, the said amount of Rs.252.63 is considered good for recovery.

48. Inter-Corporate Deposits:

Prior to April 1, 2009, the erstwhile promoters had given certain Inter Corporate Deposits (ICDs) to various companies aggregating to Rs. 343.78. Of the foregoing, documentary evidences had been established that, for an amount of Rs 323.78, the then Satyam Computer Services Limited (SCSL) was the ultimate beneficiary and for which a claim together with compensation receivable had been lodged by the Company. During the earlier years, SCSL was taken over by Tech Mahindra Limited(TML) and the name was changed to Mahindra Satyam Limited(MSL). MSL was later merged into TML pursuant to a Scheme of Arrangement u/s.391-394 of the Companies Act, 1956. As provided in the Scheme and as per the Judgment of Hon'ble High Court of Andhra Pradesh on the said Scheme, the aforesaid amount in books of SCSL was transferred to TML. The Company, through its subsidiaries, preferred an Appeal before the Division Bench of Hon'ble High Court of Andhra Pradesh against the single judge's Order approving the merger scheme of SCSL which is pending as on date. TML, in its Audited Financial Statement for the year ended March 31, 2024 continued to disclose as "Suspense Account (Net) Rs. 1,230.40" as disclosed by SCSL earlier. Management is of the opinion that the claim made by the Company on SCSL is included in the aforesaid amount disclosed by TML in its Audited Financial Statements. The Company is confident of recovering the said ICDs together with compensation due thereon from SCSL/TML. Further, based on internal evaluation and legal opinion, documentary evidences available with the Company and in view of the observations of the Special Court in its verdict dated April 9, 2015 on the criminal case filed by the Central Bureau of Investigation, confirming that an amount of Rs. 1,425 was transferred to SCSL through the intermediary companies, out of which an amount of Rs. 1,230.40 continues to subsist with SCSL. During the earlier year, the

Company had recognised a impairment of Rs. 323.78 towards diminution in the value of these ICD considering the uncertainty in recovering the ICDs in future. The Company has filed a case against the Tech-Mahindra and Ors. for recovery of ICD amounts vide Commercial Suit No. 181/2022 before the Hon'ble High Court of Bombay. Matter is yet to listed for response from other sides. The matter is at the stage of framing of issues subject to TML's application for dismissal of Company's petition as a Commercial suit under Commercial Courts Act in the Hon'ble Mumbai High Court.

49. Default in redemption of preference shares and dividend thereon::

In the earlier years, the Company has issued 39,75,000, 6% optionally convertible cumulative redeemable preference shares (OCCRPS) of Rs 100 each, aggregating to Rs. 37.50 and 2,25,000, 6% cumulative redeemable preference shares (CRPS) of Rs.100 each aggregating to Rs. 2.25 were outstanding as on September 30, 2019. All these OCCRPS were purchased by ILFS Trust Company Limited (ITCL), now Vistra ITCL India Limited, being the trustee of Maytas Investment Trust. As per various agreements/extensions, all these OCCRPS were due for redemption as on September 30, 2019. The Company defaulted in the redemption of these OCCRPS. Further, the Company has also defaulted in payment of dividend payable Rs 15.79.

50. Confirmation of Balances:

As at March 31, 2025, fund-based borrowings outstanding aggregates to Rs 2628.46. These include borrowings from group entities, aggregating to Rs 2047.07. The Company neither serviced principal amounts and /or interest payments, wherever applicable. Adjustments to principal and interest, if any, will be recognized in the year of final settlement.

The Company has not received confirmation of balances for trade receivables from customers and from parties to whom advances have been made by the Company for supply of services/goods and trade payables. Further, these balances are subject to reconciliation with respective parties. The management is confident that the settlement of these balances will be made at the carrying amounts and no provision is required at present. Adjustments for variances, if any will be made in the year of settlement.

51. Interest Expense:

As detailed in note no 31(v), NCLT/NCLAT vide its Judgement dated March 12, 2020 accepted the revised resolution framework process including October 15, 2018 as date of initiation of resolution process of IL&FS Group entities (including the Company) and crystallization of claims as of that date i.e. cut-off date with no interest, additional interest, penal charges or other similar charges to accrue after the said cut-off date.

Pursuant to the above, the Company has not recognized interest expense, which would have otherwise been accrued and recognized in its financial results in accordance with the applicable Accounting Standards, aggregating to Rs. 451.86 approximately (excluding penal interest etc.) for the year ended March 31, 2025.
