Management Commentary and Business Outlook

"Jai Balaji Industries Ltd. is a fully integrated steel company with focus on specialized products like Ductile Iron Pipes and Ferro Alloys. Company faced tough challenges in last 6-7years which are now resolved with the commitment, hard work, faith and resilience of the management, business associates and stakeholders. Jai Balaji 2.0 aims to transition into a high margin business, and we plan to achieve the same by lowest cost capex for capacity enhancement, economies of scale, operational efficiencies and focusing on specialized products.

Coming to Q3 & 9MFY24 performance, I'm thrilled to report a record high performance in Q3 & 9MFY24.marked by robust financial results, strategic expansions, and unwavering commitment to operational excellence. The adjusted EBITDA & PAT for the quarter grew by 96% and 7.4x times YoY respectively. We are steadily progressing towards our aim to become net debt free in the next 18 months. Going forward, we aim for margin expansion by increasing capacity and utilization of value added & specialized products, cost reduction and technological upgradation leading to sustainable growth and value creation.

Mr. Aditya Jajodia
Chairman and Managing Director

Cost Effective Logistics Infrastructure

1

JBIL is the one of the few companies with Railway Sidings and has 3 Railway Sidings which leads to increased flexibility in delivering finished goods & reduced turnaround time. 2

Have dedicated Railway Sidings at both loading in Odisha and unloading at our plant. 3

Approx 3 tons of raw material is required for every 1 ton of steel & Co. saves significant costs by using Railway Sidings instead of road transport.

- O4 Experienced and Disciplined Management
 - Subscription of share warrants
 - o Motivation, constant efforts, focused approach & faith in capacities
- **75** Focus on Value Added Products
 - Management's focus on products like Ductile Iron Pipes and Specialized Ferro Alloys lead to margin expansion & sustainable margins

What went Wrong

1

Mining ban of Iron Ore in Karnataka and Goa led to substantial increase in raw material prices of iron ore 2

Cancellation of coal blocks led to forced closure of setting up of 5Mn T Steel Plant Project in Purulia, West Bengal. Amount invested in that project went in vain.

3

Rising borrowing costs and Debt Trap

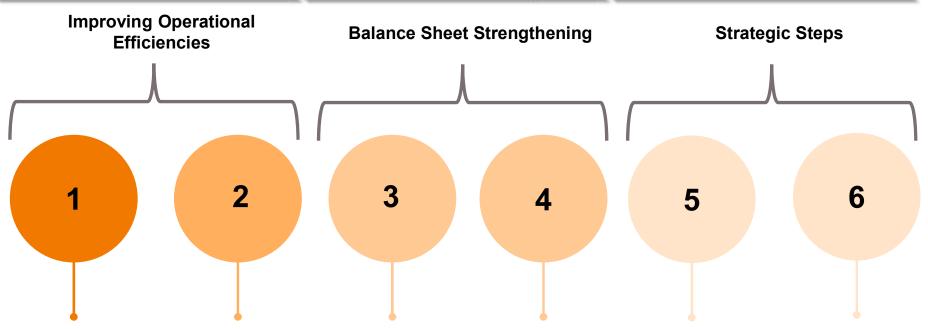

4

Global financial crisis, weak economic conditions, Covid & lockdowns

Resilient Promoters took the right steps to bounce back and corrected the things that went wrong!
