Credit Cards – tighter control on new bookings resulting in delinquencies in line with industry.

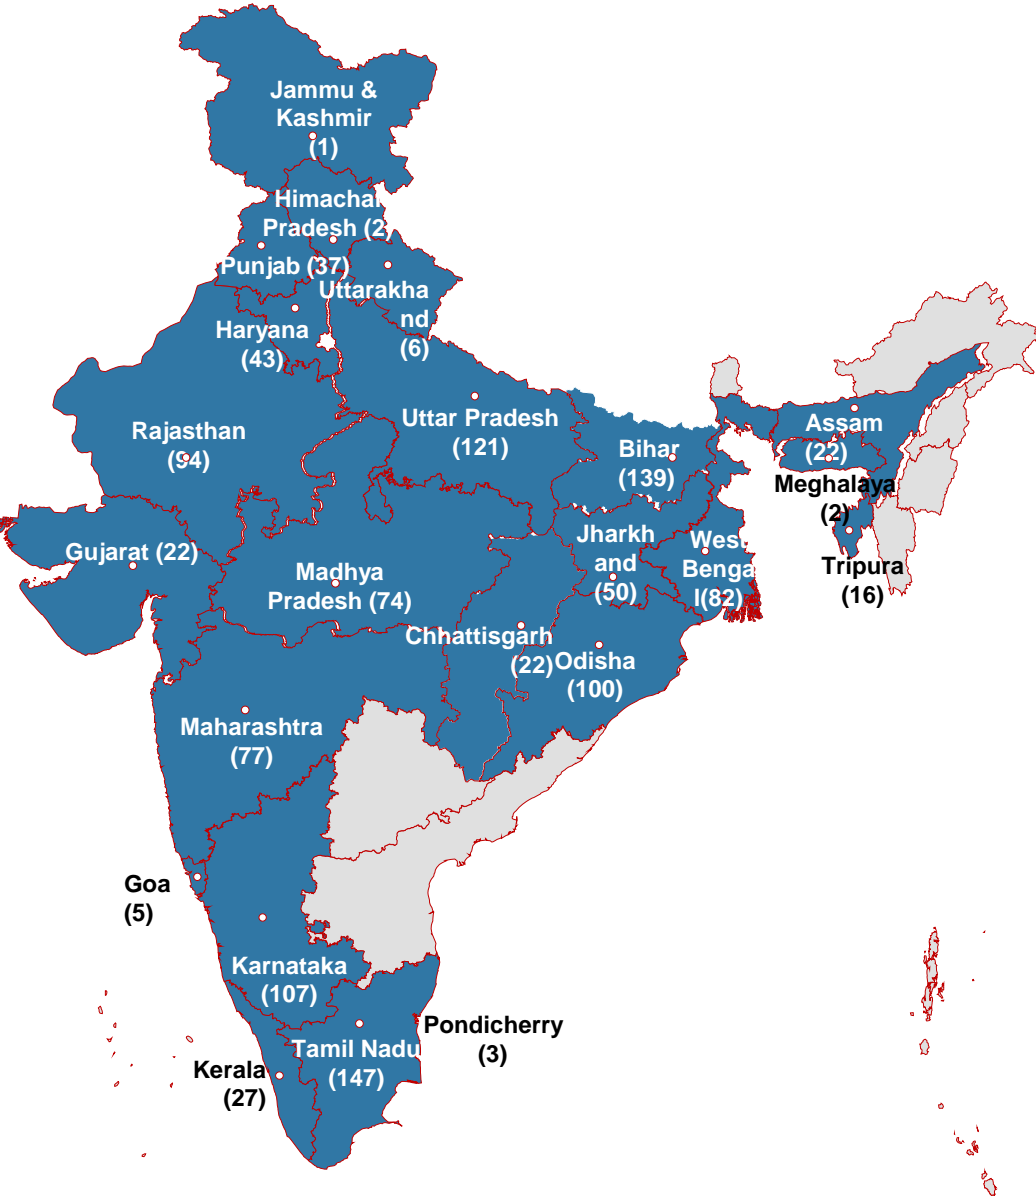

Note :

- In the bureau, higher uptick seen in industry delinquency rates in Dec'20-Feb'21 period on account of a likely data submission issue by a large card issuer. If we remove that, the industry and RBL numbers are in line with each other.
- Second instance of uptick seen in industry delinquency rates in Jul'21-Aug'21 period on account of delayed booking of Moratorium-driven delinquencies by a large card issuer
