Subject: Investor/analyst presentation on financial results for the quarter ended on June 30, 2025.

Dear Sir/Madam,

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, enclosed herewith is the investor/analyst presentation on performance highlights of the Company for the unaudited Financial Results (Standalone and Consolidated) of the Company for the quarter ended on June 30, 2025.

The same is also being made available on the Company's website www.premierenergies.com.

Thanking you,

Yours truly,
For **Premier Energies Limited**

Ravella Sreenivasa Rao
Company Secretary & Compliance officer

ABOUT US

30 years of solar manufacturing excellence

Leading Indian manufacturer of cells and modules

Amongst the largest integrated
cell-module manufacturers in India

One of the first
Indian companies to produce TOPCon cells

30 years
of successful manufacturing track record

Nearly 100% market share
in solar cell exports from India

Top Performer
in Kiwa Module Reliability Scorecard

ALMM, DCR and BIS compliant
meeting all major Indian and international
quality standards

Banked by top
IPPs and EPC contractors

Backward integration into wafers
in JV with Taiwan based Sino-American
Silicon Products Inc.

First USGBC-LEED gold rated
solar manufacturing facility in India

Note : ALMM - Approved List of Models and Manufacturers, DCR – Domestic Content Requirement, BIS – Bureau of Indian Standards

Mission 2028

To become India's leading provider of cleantech solutions with a portfolio of complementary products

Building competitive advantage

1

Scale

Expansion to 10 GW+ integrated solar manufacturing capacity maintaining leadership in the sector

3

Technology expertise

Moving to latest TOPCon solar PV technology, exploring next generation technologies for future

5

Management capability

Highly experienced team with proven financial and operational track record

2

Vertical integration

Full integration across ingots-wafers-cells-modules plus a portfolio of allied cleantech products

4

Financial strength

Strong balance sheet; funding tied up for ongoing expansion plans

INDUSTRY HIGHLIGHTS

Growing demand in India and worldwide

Solar PV installed capacity, GW

Power generation capacity addition in India from FY 2025-2032, GW

Source: IRENA, CEA

Strong policy tailwinds for solar sector

Demand-side support

Renewable Purchase Obligation

RPO target for DISCOMs and bulk users rising from 29.9% in FY 2025 to 43.3% in FY 2030

PM Surya Ghar Muft Bijli Yojana

10 million residential rooftop installations, aggregating to about 30 GW, in 3 years using DCR modules

PM Kusum Scheme

34.8 GW agri-solar capacity addition target by March 2026 using domestic modules

CPSU Scheme – Phase II

12 GW grid-connected solar power capacity target with DCR modules

Green Open Access Rules

Grid access for consumers with over 100 kW consumption

Supply-side support

Solar park scheme

37.7 GW land and transmission infrastructure for project developers by FY2026

Transmission and evacuation system upgrades

INR 2.4 trillion capital expenditure by FY 2030 focused mainly on renewable capacity addition

Standard competitive bidding framework

100% transparency in allocation of all projects

Liberalised investment regime

100% FDI in sector

Mandatory storage installation for solar projects

Minimum 10% storage capacity for 2 hours

Attractive growth prospects for solar manufacturing

Make in India incentives

Production Linked Incentives
INR 240 Bn incentives for 48.3 GW integrated capacity
Import Duties
BCD plus AIDC of 27.5% on cells and 40% on modules
ALMM
Enlisting requirement for cell and module manufacturing
Lower Corporate Tax Rate
15% tax for companies incorporated on or after October 2019
Domestic Content Requirement
For residential solar, agri-solar and PSU schemes
State Government Subsidies
Up to 30% subsidies on capital and/ or operating expenditure by multiple states, plus rebates on GST, water and electricity charges

Growing demand
Solar capacity addition in India, GW AC

Source: Bridge To India, Infolink Consulting | Note: AIDC - Agriculture Infrastructure and Development Cess

Strong demand visibility for DCR modules

Source: Internal research; estimates as of 31 March 2025 | Notes: For corporate projects, ALMM-cell is applicable only to grid-connected projects. KUSUM scheme validity is expected to be extended to at least FY 2027.

Key sector developments

ISTS waiver extended for storage projects

BESS projects commissioned by June 2028 and pumped-storage projects awarded by June 2028 to get 100% ISTS waiver for 12 years and 25 years respectively; waiver to be phased out in 25% increments over subsequent three years

INR 54 Bn Viability Gap Funding (VGF) scheme

A new INR 54 Bn capital cost subsidy approved for 30 GWh BESS capacity – 25 GWh allocated to 15 states and 5 GWh to NTPC projects spread across the country

EU launches mission to boost cleantech manufacturing

A new Manufacturing Mission envisaged under the Clean Industrial Deal to strengthen local cleantech manufacturing with EUR 100 Bn support in public funding

US reconsidering IRA incentives for project developers

Draft US bill seeks to eliminate financial incentives for solar and wind projects commissioned after 2027-28; punitive measures proposed on use of Chinese supply chain in the sector

ISTS waiver for RE projects being phased out

100% ISTS waiver for 25 years for solar and wind projects lapsed on 30 June 2025; waiver to be phased out in 25% increments over next three years

BUSINESS UPDATES

Completion of new state-of-the-art cell and module plants

1.4 GW module plant at Hyderabad
Commissioned in May 2025

1.2 GW TOPCon cell plant at Hyderabad
Commissioned in June 2025

Progress on key projects

2.0 GW wafer manufacturing plant Naidupeta, Andhra Pradesh

- ✓ Land acquisition completed
- ✓ Site levelling and building foundations completed
- ✓ Machinery orders being placed
- ✓ JV agreement signed with Taiwan based Sino-American Silicon Products, Inc.
- ✓ Target completion date – June 2026

4.8 GW cell manufacturing plant Naidupeta, Andhra Pradesh

- ✓ Land acquisition completed
- ✓ Site levelling and building foundations completed
- ✓ Machinery orders being placed
- ✓ Debt financing tied up
- ✓ Target completion date – June 2026

5.6 GW module manufacturing plant Seetharampur, Telangana

- ✓ Land acquisition completed
- ✓ Site levelling and building foundations completed
- ✓ Machinery orders being placed
- ✓ Debt financing tied up
- ✓ Target completion date – March 2026

Progress on key projects

BESS cell-pack and container solutions

6 GWh by June 2026; another 6 GWh by March 2027

- Acute market need
- Techno-economic viability established
- Strong policy support – new VGF scheme for 30 GWh capacity; mandatory installation with storage projects
- Estimated annual demand of over 40 GWh as per CEA projections

- ✓ Hired an experienced team
- ✓ Location identified
- ✓ Process of identifying technology partners and vendors underway
- ✓ Financing through internal accruals

String inverter manufacturing line

1 million inverters (3 GW) annual capacity by March 2026

- Growing demand with improving market eco-system and INR 750 Bn government subsidies under PM-Surya Ghar Yojana
- Estimated annual market demand of over 10 GW
- Limited domestic manufacturing base at present; government keen to indigenise full value chain

- ✓ Location identified
- ✓ Selection of technology partners and vendors underway
- ✓ Product launched on white label basis with positive response from the industry
- ✓ Financing through internal accruals

SUSTAINABILITY AND ESG

Sustainability goals

Adoption of UN Sustainable Development Goals (7/17)

Sustainability goals

 **38%**
Female employees
on shop floor

 **25%**
Women on company
board

Zero Liquid Discharge
Recycle 75% of water
Reuse 80% of water
recycled

**Rainwater
harvesting facility**
35 million litres
capacity

Avoided emission of
13 MMTCO₂e in Q1 FY
2026 by supply of
modules & cells

**Enhanced plant
capacity**
potential carbon
emissions reduction
of 167 MMTCO₂e for
every year of
production

Certified **Great Place to
Work** for the fourth year
in a row

Total green jobs: 6,626

20,000+ hours of
employee training annually

ESOP scheme

Sustainability goals

India's first LEED gold rated solar manufacturing facility certification by US Green Building Council

Kiwa Top Performer – 2023, 2024, 2025

Technology automation

Zero waste to land fill

Traceable and audited sourcing

Adopted **9.74 acres** for greenbelt development

GHG emission accounting process implemented for scope 1 and 2 emissions

11.6 MW rooftop solar project reducing scope 2 emissions by 18,920 MTCO₂e

Empowering communities

In partnership with Rotary Club

100 smart classrooms to create technologically advanced learning across Telangana

Prenatal diagnosis for Thalassemia in carrier couple at TSCS Kamala Hospital in Hyderabad

Installation of clean drinking water facility for public use in Telangana

Installation of rooftop solar systems at 109 homes in Kondareddypalli village in Telangana

Thank you!
