Q3FY24 Financial
Highlights
Page: 25

Highlights on the Past Quarter

- The revenue from operations for the third quarter of FY24 stood at INR 213 crore, marking a notable sequential growth of 4%. This positive trend can be attributed to robust festive demand and strong traction from both domestic and export markets.
- In the month of December, our Chikmagalur plant in Karnataka not only achieved its highest-ever sales volume but also demonstrated exceptional operational efficiency, surpassing 120% in capacity utilization.
- MDF Q3 sales volumes grew by 15% YoY with blended realizations at ~ INR 24,000 per CBM. We are increasing market presence for our products and enhancing penetration further in Tier 2, 3 cities.
- With an impressive EBITDA margins of more than 14% this quarter, our focus remains on boosting operational efficiencies, implementing cost reduction measures, and continuously improving margins. As previously guided, we are on track to maintain margins within the range of 15-17% for FY24.
- Exports accounted for 30% of total revenues, and we anticipate that the export segment will contribute an estimated INR 250 crores to our revenues by FY24. Looking ahead, our long-term ambition is to double the revenues for our exports in the next 3-4 years.
- Increased demand for our products is driven by rapid urbanization, infrastructure development, and rising consumer spending on home renovations. These factors not only boost demand but also reinforce our position as a key player in thriving markets.
- For the quarter, we executed impactful branding activities covering ~60,000+ sq.ft through Retail branding, significantly enhancing our market presence. Additionally, we successfully organized over 70 carpenter/contractor meets, fostering valuable connections and reinforcing our commitment to engagement and collaboration within the industry.

Chairman's Message

Mr. Krupeshbhai G. Thakkar

“The company's significant advancement on its growth path instills optimism for a strong performance in Q4FY24 as well.

As we propel towards our long-term vision, we chart a course of expansion, recognizing the pivotal role of prudent decision-making and avoid overleveraging. Embracing a forward-thinking approach, we shall explore new areas of business for sustained growth.

Looking ahead, our vision is not only to achieve market leadership but also to become a catalyst for positive industry change through innovation, sustainability, and customer satisfaction.”

Woodpanel - To Grow on the back of Rising Middle Income Household

Increasing share of middle-class households (Est 2030)

Favorable demographic
(India's population in age group 25-64 years reached >65%)

Rapid Urbanisation
(India's (36% in CY22; Expected to reach >50% by CY45)

Rising per capital Income
Expected to reach USD 3,300 by CY25)

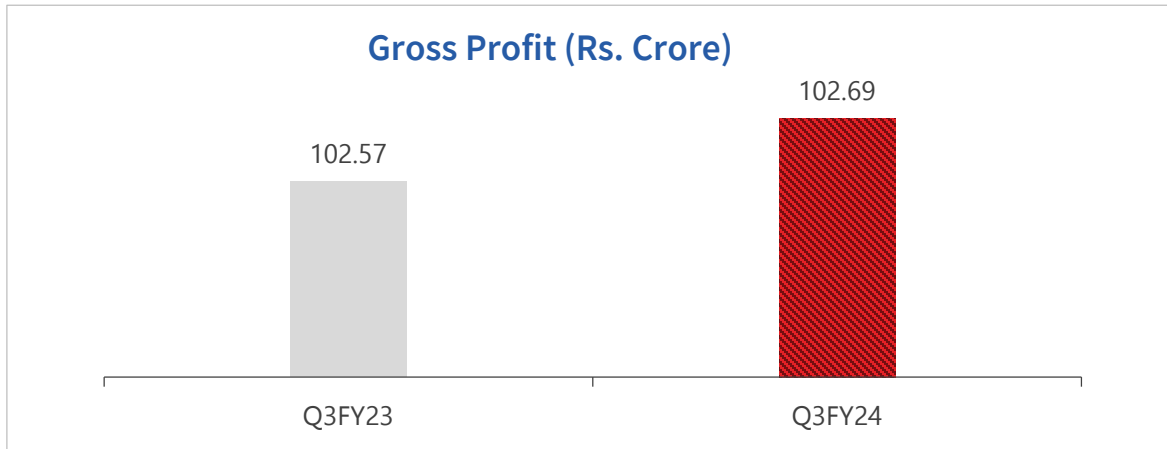

The surge in demand stems from both the residential and commercial real estate segments. Middle-class earnings have tripled from FY 13 to FY 22, growing from 4.4 lakhs to 13 lakhs.

Rising accessibility through deferred payment options is propelling the need for ready-to-assemble furniture, especially among young urban buyers

The ascent of e-commerce, or online retail, is propelling the share of online transactions in the Indian furniture sector from 3% to an estimated 5-6% by FY27.

Real estate sector expects ~20% CAGR over CY21-30E to reach USD1trn in market size.
