Catalyzing Connectivity,  
Channeling Capital

At IRFC, we believe that capital is more than just a tool. We view capital as the conduit for national progress. As the dedicated financial arm of the Indian Railways, we have long served as the crucial catalyst of the nation's connectivity ambitions. Over the years, we have consistently mobilised funds from diverse capital markets to fuel the development of the nation's railway transport landscape.

We are now evolving our business from serving only the Indian Railways to a wider ecosystem of rail-linked entities. This deliberate transition widens our influence and affords us the ability to play a greater part in the fulfilment of the nation's aspirations. By connecting capital with purpose, we are moulding the future of mobility and national progress.

We step into the future with clarity and conviction. With the Union Budget conveying a heightened focus on Public Private Partnerships (PPPs), we remain enthusiastic about capitalising on upcoming opportunities. As India's infrastructure and connectivity requirements witness augmentation, we will continue to channel capital with prudence to areas where it catalyses the greatest impact.

## Profile of Board of Directors

### Shri. Manoj Kumar Dubey

Chairman and Managing Director & CEO  
DIN: 07518387

Shri Manoj Kumar Dubey has done graduation and post-graduation from the Hindu College of the University of Delhi. He has done MBA from Indian School of Mines, Dhanbad and was conferred the overall Silver Medal for the batch 2011-13 from the then President of India for topping the batch.

Before clearing the Civil Services Examination on his very first attempt and joining the Indian Railway Accounts Service (IRAS) in the 1993 batch, he made significant strides in the financial sector with UTI, where he played a pivotal role in integrating rural masses into various profitable mutual fund schemes, a testament to his vision and commitment to inclusive financial growth.

During his exemplary career with Indian Railways, he was instrumental in implementing key initiatives such as the near-universal payment of salaries through banks, the introduction of e-tendering and e-auction systems, and the digitalization of bill processing, pension settlements, and provident fund management. His visionary leadership and innovative approaches earned him the National Award for Outstanding Service at the Minister of Railways level in 2011.

His expertise is not limited to finance alone. He has played a crucial role in the Public-Private Partnership (PPP) Directorate and Finance Commercial Directorate of the Railway Board, where he was associated with numerous prestigious projects, including the establishment of locomotive factories through PPP/FDI at Madhepura and Mahrora,

with General Electricals, USA, and ALSTOM, France. His pivotal contributions to the High-Speed Rail and Dedicated Freight Corridor Projects in PPP Directorate of Railway Board, Ministry of Railways, propelled the Projects. His acumen in tariff structuring, infra and rolling stock requirements of Indian Railways, and his experience in international competitive bidding for mega projects have made him a respected figure in the industry.

He was in the Board of Directors of a Joint Venture Company of General Electricals of USA and IR, Alstom of France and IR, and a Joint Venture Company of NMDC, SAIL and Indian Railways. He took over as Director (Finance) & CFO, CONCOR w.e.f. 31.10.2018.

As the Director (Finance) & CFO of CONCOR, he has been a catalyst for corporate reorganization and the execution of large capital expenditure proposals. Under his stewardship, the company resolved numerous legacy issues with Indian Railways concerning leased land, tariff structure etc.; and shareholder confidence soared, evidenced by a meteoric rise in shareholder numbers from approximately 55,000 to around 300,000.

Beyond his professional prowess, he is a passionate advocate for sports, Indian classical dance and music. He has actively contributed to the promotion and administration of these arenas, serving as a Manager and Government Observer in several global tournaments.

### Shri. Randhir Sahay

# Chairperson's Message

**Shri. Manoj Kumar Dubey**

Chairman and Managing Director & CEO  
DIN: 07518387

**I am thrilled to share that we have achieved our highest-ever revenue of ₹27,152.14 Crore in 2024-25 with an annual profit of ₹6,502.00 Crore. We have maintained a strong CRAR of 672.85% along with zero NPAs, underscoring our financial resilience.**

## Dear Shareholders,

It is with immense pride and optimism that I present to you the 38<sup>th</sup> Annual Report of Indian Railway Finance Corporation Limited (IRFC)—the cornerstone enabling India's transformation into a global economic powerhouse. This year's message is more than a routine review; where IRFC not only consolidated its position as the veritable financial backbone of the Indian Railways but also embarked decisively on a journey of strategic diversification and sustainable value creation.

I am thrilled to share that we have achieved our highest-ever revenue of ₹27,152.14 Crore in 2024-25 with an annual profit of ₹6,502.00 Crore. We have maintained a strong CRAR of 672.85% along with zero NPAs, underscoring our financial resilience. Our prudent financial stewardship enabled us once again to deliver robust returns to all stakeholders, evidenced by a record total dividend payout exceeding ₹3,000 Crore, while maintaining one of the lowest borrowing costs among leading CPSEs.

A defining landmark of the year was the conferment of the illustrious “Navratna” status upon IRFC by the Government of India—joining the elite cadre of only 26 Central Public Sector Enterprises to receive this honour. This recognition is a testament to IRFC’s consistent track record of financial stability, operational excellence, and strategic foresight, which has firmly positioned the Company as a trusted financing arm of Railway Eco-system.

IRFC is not just another NBFC—we are the exclusive financial partner to the one of the world’s largest public transport network. As India sets its sights on Viksit Bharat 2047, IRFC stands as the nation’s growth multiplier, ensuring that every rupee invested propels the vision of a connected, sustainable, and digital India. With the sovereign’s full trust and the honor of Navratna CPSE status, our strategic autonomy and agility have never been stronger.

I invite you to journey further through this report, confident that our collective achievements this year are a harbinger of even greater successes to come. Together, we are not just enabling trains to run—we are building the financial rails upon which India’s future progress will speed ahead.

### Economic Overview

Amidst a volatile global economic landscape, the Indian economy demonstrated relatively strong performance. In FY 2025, it retained its position as one of the world’s fastest-growing economies, recording a GDP growth rate of 6.5%. This growth was driven by robust sectoral performance such as financial services, strong private consumption, and proactive government policies. Timely interventions by the Indian Government played a pivotal role in improving the overall business environment.

During the reported year, 26 Navratna Central Public Sector Enterprises (CPSEs) were operational, reflecting a supportive environment for key public enterprises. Additionally, ₹11,11,111 Crore was allocated for capital expenditure in the Union Budget 2024–25, underscoring the Government’s continued focus on infrastructure development. This included a provision of ₹1.5 lakh Crore in long-term, interest-free loans to promote infrastructure

investment by state governments. Major initiatives encompassed the expansion of highways and expressways, along with railway electrification projects.

Aiming to become a \$30 trillion economy by 2047, the Indian Government is actively transforming the country’s logistics ecosystem through a reimagined infrastructure strategy, focused on creating a smart and interconnected logistics network.

Looking ahead, India is expected to continue its strong growth trajectory. By 2025, India has already become the fourth-largest economy globally, with the potential to rise to third place—surpassing Germany—by 2028. This forecasted growth is likely to be supported by rising consumption, driven by declining inflation and tax incentives introduced in the Union Budget 2025–26.

### Indian Railways Sector

Indian Railways (IR), one of the world’s largest rail networks, is the lifeline of the nation, connecting its vast and diverse landscapes. It plays a crucial role in the nation’s economy by facilitating the movement of passengers and freight across the country.

Indian Railways achieved a record freight loading of 1617.4 MT in FY 2024-25 with a revenue of 2.64 lakh Crore. With a strong focus on providing world class travel experience, boosting freight efficiency, the Indian Railways has solidified its position as a vital engine for national progress. The key focus areas for 2025-26 budget are safety, capacity augmentation, customer amenities and rolling stock upgradation. The best ever capex utilization of 2.62 lakh Crore was achieved in FY 2024-25 which is leading to development of modern stations, state-of-the-art trains and innovative safety systems showcasing the technological prowess and uplifting the passenger experience.

Indian Railways has taken a paradigm shift with introduction of Vande Bharat trains with over 136 services currently running, newly launched Namo Bharat, Amrit Bharat and soon to be launched Vande Sleeper variant. Complementing this technological leap, the PM Gati Shakti Master Plan propels integrated multimodal connectivity and infrastructure synergy, reinforcing

the momentum towards a modern, efficient rail network.

Aligned with the Government of India’s flagship programs—including the PM Gati Shakti Master Plan, Dedicated Freight Corridors, the Amrit Bharat Station Scheme, next-generation trains like Vande Bharat and Namo Bharat, and large-scale network expansions, IRFC stands as a trusted financial partner, steadfastly enabling the modernization and expansion of Indian Railways. Our continued support ensures seamless execution of these transformative projects—driving connectivity, facilitating economic growth, and advancing the national vision of a Viksit Bharat by 2047.

### A thrust towards Green Energy

The Indian Government has set an ambitious target for Indian Railways to become a fully “Green Railway”—achieving net zero carbon emissions by 2030—through complete route electrification, adoption of renewable energy, and energy-efficient practices. Sustainability and green energy remained at the core of Indian Railways’ modernization strategy.

In this transformative journey, IRFC has rapidly diversified into renewable energy financing, supporting solar, wind, and hybrid projects to propel both the Indian Railways and the nation toward its clean energy goal of 500 GW by 2030. Notably, IRFC has entered into an agreement to finance ₹5000 Crore to NTPC Renewable Energy Limited, which holds a Power Purchase Agreement (PPA) with the Ministry of Railways for green power supply, exemplifying its commitment to green energy partnerships.

Acting as a key financial catalyst, IRFC’s expanded mandate and innovative green funding mechanisms ensure that the vision for carbon neutrality, sustainable infrastructure, and modern, interconnected rail transport becomes a reality—fortifying IRFC’s role as a pillar of India’s progress in building a green, future-ready economy.

### MoU & Rating

The Company enters Memorandum of Understanding (MoU) with Ministry of Railways (MoR) every year wherein Company is evaluated on various financial

and non-financial parameters. Based on its performance, the Company has been rated 'Excellent' by the Department of Public Enterprises (DPE) for the year 2023-24.

### Operational Highlights

We have consistently demonstrated robust financial performance, anchored in our mastery of procuring funds at astutely competitive rates. This strategic acumen has enabled us to sustain an exceptionally low cost of borrowing. Moreover, our enduring and collaborative partnership with the Ministry of Railways continually fortifies a low-risk profile, thereby profoundly amplifying our financial stability. FY 2024-25 was yet another year marked by strong financial results.

Let me present some of the key performance highlights of your company during the year 2024-25:

- Revenue from operations has increased by ₹503.51 Crore to ₹27,152.14 Crore in 2024-25 from ₹26,648.63 Crore in 2023-24 (^ 1.89% YoY).
- Profit before Tax (PBT) stands at ₹6,502.00 Crore vs ₹6,412.11 Crore for the previous year (^ 1.40% YoY).
- Profit After Tax has risen to ₹6,502.00 Crore as compared to ₹6,412.11 Crore (^ 1.40% YoY).
- Earnings Per Share (EPS) reached to ₹4.98 (face value of ₹10/-) as against ₹4.91 in the previous financial year.
- Net worth of the Company as on March 31, 2025 stands at ₹52,667.77 Crore vs ₹49,178.57 Crore (^ 7.09% YoY).
- A total dividend of ₹3,005 Crore was paid during the FY 2024-25.
- Disbursements amounting to ₹731.27 Crore were made to entities other than MoR.
- The average cost of incremental medium & long-term borrowing during the year was 7.07% p.a. payable semi-annually.
- Nil income tax payment showcasing optimized tax position.
- Nil NPA status maintained throughout with pristine asset quality.
- Capital Adequacy Ratio at 672.85% against minimum requirement of 15%.

### Lending & Borrowing Portfolio:

During FY 2024-25, no disbursement was made to the Ministry of Railways (MoR) due to a 'NIL' target allocation for the year. However, disbursements amounting to ₹731.27 Crore were made to entities other than MoR. This included ₹31.27 Crore to NTPC under a finance lease for BOBR rakes under the General-Purpose Wagon Investment Scheme (GPWIS) of MoR - The company's first project under its business diversification initiative beyond MoR. Additionally, ₹700 Crore was disbursed to NTPC Renewable Energy Limited, which has a Power Purchase Agreement (PPA) with MoR for the supply of green energy.

For leasing of Project Assets, there is an initial Moratorium period of 5 years and MoR is not required to pay the lease rent in moratorium period. Further, during the moratorium period company recognises on annual basis the finance cost as disbursement which gets added to the AUM of the company.

Borrowings during the year include Taxable Bonds worth ₹27,240 Crore (Previous year ₹22,940 Crore), Rupee Term Loans of ₹3,500.00 Crore (previous year ₹5,980 Crore) and 54EC bonds of ₹1,877.30 Crore (previous year ₹2,064.34 Crore). The company had also prepaid high cost long term loan of ₹29,200.00 Crore from lower rate borrowings.

### 'NIL' Income Tax:

Company had elected to exercise the option permitted under section 115 BAA of the Indian Income Tax Act, 1961, due to which the taxable income under normal assessment is NIL. Also, the Company is outside the scope and applicability of Minimum Alternate Tax (MAT) provision under section 115 JB of Income Tax Act. Accordingly, no provision has been made in the accounts for the FY 2021-22, FY 2022-23, FY 2023-24 and 2024-25 as well.

### Dividend:

During FY 2024-25, the Board of Directors declared the first and second interim dividends at the rate of 8% each (i.e., ₹0.80 per share) on 13,06,85,06,000 fully paid-up equity shares of ₹10/- each. The dividends were paid to shareholders on 27<sup>th</sup> November 2024 and 27<sup>th</sup> March 2025, respectively.

The total dividend paid during the FY 2024-25 amounts to ₹3,005 Crore (Final Dividend FY 23-24, 1<sup>st</sup> Interim Dividend and 2<sup>nd</sup> Interim Dividend FY 24-25)

### Corporate Governance

Company considers good corporate governance practices a sine qua non for sustainable business that aims at generating long term value for its shareholders and all other stakeholders. The Company believes that transparency, integrity, and accountability are integral to building stakeholder trust and ensuring enduring success. In line with this philosophy, IRFC places strong emphasis on the continuous enhancement of governance practices, particularly among Central Public Sector Enterprises (CPSEs). In pursuance of this philosophy, your Company continues to comply with the 'Guidelines on Corporate Governance for Central Public Sector Enterprises' issued by Government of India, Department of Public Enterprises (DPE).

Further, company looks upon Corporate Governance as an enterprise-wide endeavour targeted at value creation in the form of striking optimum balance between the profit it earns for its Shareholders and the spread it charges from Ministry of Railways on the cost of funds transferred to them. This is sought to be achieved by conducting the business in a professional manner, using a combination of delegation and accountability; focused attention and transparency in operations of the Company; skill upgrades through need based training, etc.; and high level of investor / lender satisfaction through timely debt servicing and grievance settlement.

Further, IRFC ensures compliance with the provisions of the Companies Act, 2013, the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, and the Secretarial Standards issued by the Institute of Company Secretaries of India (ICSI), to the extent applicable. The Company's equity shares, and non-convertible debt securities are listed on the stock exchanges, and it maintains all disclosure and governance obligations as prescribed. As part of its compliance framework, IRFC regularly submits quarterly corporate governance reports to the DPE within the stipulated timelines.

## Corporate Social Responsibility

During the financial year 2024-25, the Company in accordance with the provisions of section 135 of the Companies Act, 2013 & rules made thereunder was required to spend ₹125.58 Crore, being 2% of its average net profits for the last three financial years.

The Company has approved a total of 52 projects with a total outlay of ₹125.58 Crore. Whereas the amount allocated towards ongoing projects amounting to ₹124.47 Crore would be disbursed on receipt of bills/claims from the implementing agencies in future and the same amount has been transferred to the 'CSR Unspent Account' maintained with Scheduled Bank in terms of section 135(6) of the Companies Act, 2013.

The Company is committed to promoting Health and Nutrition as the theme for focused intervention, as mandated by the Department of Public Enterprises. In line with this, IRFC contributed approximately 61.10% of the total CSR expenditure towards 'Health & Nutrition' during FY 2024-25.

CSR activities proposed for the FY 2025-26: For the financial year 2025-26, the Company would be required to spend approx. ₹128 Crore. The details of all the projects/ activities will be provided in the next Annual Report.

## Risk Management

Risk management is crucial for IRFC's operations, ensuring financial health and growth. The frameworks for identifying, assessing, and mitigating risks have been strengthened. The updated Credit Appraisal Policy supports a strong lending process. IRFC has undertaken a process of diversification across sectors and borrowers, thereby minimising credit concentration risk and enhancing portfolio stability. We are following a risk-based pricing strategy which aligns credit products with inherent risks, protecting shareholder value.

To strengthen the compliance and risk mitigation plans, the company has established dedicated Compliance Verticals under Head of Internal Audit, Chief Risk Officer and Chief Compliance Officer. We are strongly committed to ensuring

high regulatory compliance, maintaining transparency and a strong reputation within the financial and railway sectors.

## Business Diversification

Company has taken several strategic steps to diversify its lending portfolio. IRFC began funding initiatives beyond MoR during FY 2024-25, under its mandate of financing for activities with forward and backward linkages to the railways. The company made significant progress this year, including the sanction of a ₹700 Crore finance lease for NTPC's BOBR rakes and a ₹5,000 Crore term loan to NTPC Renewable Energy Limited, reinforcing our presence in the renewable energy sector. We also signed an MoU with REMC to support Indian Railways' green energy initiatives. Furthermore, IRFC emerged as the lowest bidder for ₹3,167 Crore financing of the Banhardih Coal Block for PVUNL, with the sanction currently in process.

In alignment with the Government of India's vision of a future-ready, inclusive, and modern railway network, IRFC is actively broadening its financing footprint. Beyond its core role in railway asset financing, IRFC is expanding into sectors having forward and backward linkages to railways, such as power generation and transmission, mining, fuel, coal, warehousing, telecom, hospitality etc. The Company is taking several strategic steps to diversify its lending portfolio and started funding for projects other than MoR under its mandate of financing adopting "whole of Govt. of approach keeping Railways at its centre."

## Road Ahead

The Board of Directors had approved borrowing limit of ₹60,000 Crore for FY 2025-26 for meeting the funding requirement of Indian Railways, if any, new business activities, refinancing of existing loans and for other general corporate purposes. As we step into FY 2025-26, IRFC stands at a defining crossroads, bolstered by its recent elevation to Navratna CPSE status with a greater financial autonomy.

IRFC's transformative vision is now powered by a clear roadmap: ambitious business diversification beyond core railway financing, bold initiatives to foster India's sustainability agenda, and an unwavering

commitment to corporate governance of the highest global standards. We are primed to leverage our scale, credit strength, and deep sectoral expertise to fuel the nation's aspirations of a "Viksit Bharat" by 2047.

## Acknowledgement

It is with great pride and humility that I acknowledge the unwavering support and trust bestowed upon IRFC by our valued shareholders, debenture-holders, investors, and lending institutions, our customers and partners, especially Indian Railways, for their steadfast collaboration and longstanding association during the financial year 2024-25.

I extend my heartfelt gratitude to the Hon'ble Minister of Railways and Hon'ble Minister of Finance, along with all officials of their ministries, for their continued guidance and vision. Their insights and leadership have been instrumental in positioning IRFC as a key enabler of infrastructure transformation.

I also wish to thank the Department of Public Enterprises (DPE) and Department of Investment and Public Asset Management (DIPAM) for conferring the prestigious Navratna status upon IRFC—an acknowledgment of our operational excellence, financial strength, and strategic foresight. We are grateful to all stakeholders who contributed to this significant milestone.

I wish to place on record my appreciation for the Company's Board of Directors for their strategic oversight, our Auditors and the Comptroller & Auditor General of India (C&AG) for their enduring commitment to upholding the highest standards of transparency, and our employees whose professionalism, dedication, and allegiance have been critical in navigating challenges and delivering consistent performance.

We remain deeply committed to driving the nation's growth journey through strategic financial solutions and prudent governance.

Regards,

# About us

## IRFC at a Glance

**Indian Railway Finance Corporation (NBFC-NDSI-IFC by RBI) is a schedule-'A' Navratna CPSE under the administrative control of Ministry of Railways (MoR).**

Indian Railway Finance Corporation Limited (IRFC), is a Government of India Undertaking under the administrative control of the Ministry of Railways (MoR), was established in 1986 as the dedicated financing arm of Indian Railways. Since inception in 1986, our primary focus has been on sourcing funds, both locally and internationally, at competitive rates. These funds are integral in facilitating the infrastructural development of the Indian Railways. Over the years, we have consistently diversified our borrowing portfolio to meet the evolving needs of the Indian Railways.

IRFC mobilizes funds from domestic and international capital markets to finance the acquisition of rolling stock, project assets, and other capital expenditure needs of Indian Railways and entities under the Ministry of Railways. We lend funds to MoR, Railway Entities and other Entities having forward & backward linkages with Railways, to fuel their growth plan. We

have provided loans to Rail Vikas Nigam Limited (RVNL), NTPC Renewable Energy Limited, NTPC Limited etc.

In recognition of its consistent financial performance, strategic importance, and operational excellence, IRFC has been conferred "NAVRATNA" status by the Government of India in March 2025,

allowing IRFC enhanced operational autonomy and financial independence.

In alignment with its long-term vision and national infrastructure development goals, IRFC is now diversifying its lending portfolio by extending funding to various projects that have forward and backward linkages with the Railways.

# Our business

## Strategic Capital, Strengthened Growth

**At Indian Railway Finance Corporation (IRFC), a Government of India undertaking under the Ministry of Railways (MoR), we serve as the principal financing conduit for the Indian Railways.**

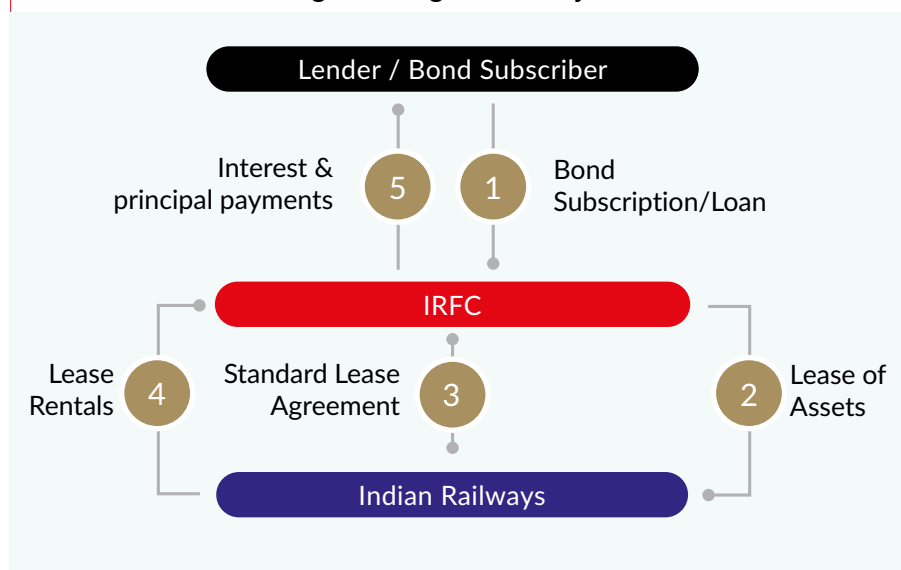

Our core business operations encompass the leasing of rolling stock and railway infrastructure assets, in addition to lending to entities having forward and backward linkages.

### Leasing Operations

At IRFC, we employ a leasing model to finance the acquisition of rolling stock and project assets for the Indian Railways. Typically, the lease duration spans 30 years, divided into a primary period and the secondary period. During the primary lease period, both the principal and interest components are recovered as part of the lease agreement. On completion of the secondary lease period, assets are handed over to the Ministry of Railways (MoR) for a nominal amount at the lease's conclusion. The agreement with MoR follows a cost-plus leasing structure, ensuring a consistent earnings and overall profitability. The company has secured funding for 20 BOBR rakes for NTPC, worth ₹700 Crore under financial leasing.

### Financing of Rolling Stock/ Project Assets

### Lending Operations

We have provided loans to various companies in Railway sector and entities having forward & backward linkages with Railways. Company is taking several strategic steps to diversify its lending portfolio and started funding for projects other than MoR under its mandate of financing i.e., NTPC Renewable Energy Limited, NTPC Limited etc.

### Borrowing Operations

We strive to meet our funding needs through diverse channels while seeking to secure the most competitive rates available in the market. To this end, we acquire funds through avenues such as issuing taxable and tax-exempt bonds, 54EC bonds obtaining term loans from banks and financial institutions, utilising commercial papers and accessing external commercial borrowings. The funding plan of IRFC is carried out with the prime objective to minimize its price of borrowings which in turn will benefit the Indian Railways as it works on a cost plus margin basis.

# Purpose-Driven Strategy

## Sharpening direction for sustained value creation

**IRFC is committed to maintain competitive cost of funding for sustainable operations. We will continue to play a pivotal role in the expansion of Indian Railways, by broadening our horizons and increasing funding capacity.**

### Diversifying lending portfolio

IRFC, in line with its mandate plans to expand its horizons and venture further into financing the railway eco-system. By diversifying its lending portfolio, IRFC aims to leverage its financial expertise, mitigate concentration risks and contribute significantly to the nation's infrastructure development. This strategic approach will not only strengthen IRFC's position as a leading financial institution but also pave the way for greater economic impact and increased investment opportunities in various sectors having forward and backward linkages with Railways.

### Diversifying borrowing portfolio

Since inception, we have focused on diversifying our borrowing portfolio by including different financial instruments at competitive rates and pioneering newer markets and investors. Different financial instruments such as green bonds / loans form a part of our borrowing portfolio. We are also eyeing on opportunities on getting funds from sovereign wealth funds and pension funds as well as multilateral agencies. Diverse source of funding and issuance of varied financial instrument enable us to raise and offer funds at lowest possible cost.

### **Maintaining competitive cost of borrowings**

At IRFC, we focus on raising borrowings at minimum cost which in turn enables us to provide funds to Indian Railways at competitive rate. We raise funds from various sources including term loans and bonds from domestic and international market. We have strong credit ratings and our strategic relationship with the MoR helps us in raising funds at low cost.

### **Prudent financial management**

Our robust business model and optimum funding mix enables us to maintain healthy balance sheet and ALM position. Additionally, our existing cost plus leasing business model enables us to register sustained growth in income year on year and maintain profitability.

### **Asset-liability management**

We have framed an asset-liability management framework that enable us to minimise the risks associated with liquidity and interest rate. We undertake periodic analysis of long-term liquidity profile of assets, liabilities, receipts and debt-service obligations. This enables us to take timely decision regarding the volume and maturity profile of borrowings and a creation of a mix of assets and liabilities in terms of tenure and interest rate (fixed or floating).

We also emphasis on maintaining a sharp focus on locating funding sources with long term repayment schedules and matching them with the lease terms of Rolling Stock Assets and Project Assets that we fund.

# Key Strengths

## Structural Advantage, Sustainable Value

**Our strategic significance as a financial institution for the Indian Railways remains unequivocal. The following attributes convey our resilience, reliability and relevance in the nation's infrastructure financing landscape:**

### Dedicated role in national infrastructure development

Functioning as the exclusive market borrowing arm of Indian Railways, we play an instrumental role in funding the acquisition of rolling stock, leasing of railway infrastructure assets and funding projects, having forward and backward linkages with railways.

### Stable, low-risk business model

IRFC operates within a cost-plus lease framework with the Ministry of Railways (MoR). This framework assures stable returns with minimal credit risk. This model gains additional strength from the provision in the Standard Lease Agreement, which obligates the MoR to fund any shortfall, thereby significantly de-risking our operations.

### Robust financial position

As on 31<sup>st</sup> March 2025, our Assets Under Management stood at ₹4,60,047.84 Crore. We continue to deliver healthy return metrics, with Return on Assets at 1.34% and Return on Equity at 12.77%. This performance is supported by low overheads and high operational efficiency.

### Access to diversified and cost-effective funding

Supported by strong credit ratings from leading agencies, such as CRISIL, ICRA and CARE, affords IRFC the access to a wide

base of funding sources spanning maturities and currencies. This advantageous standing enables us to raise capital at competitive rates while maintaining prudent cost control.

### Consistent financial performance

In FY 2024–25, we reported a profit of ₹6,502 Crore, with revenue from operations increasing by 1.90% over the previous fiscal. Our cost-plus structure, strong asset-liability alignment and disciplined cost management continue to drive our sustained profitability.

### Favourable regulatory treatment

We benefit from regulatory exemptions granted by the Reserve Bank of India with respect to asset classification norms, provisioning requirements and exposure limits for its direct exposure to the Ministry of Railways. Additionally, the exemption from the payment of Minimum Alternate Tax (MAT) under Section 115BAA of the Income Tax Act, enhances our fiscal efficiency.

# CSR

## Catalysing Impact Where it Matters the Most

Our commitment to uplift marginalised communities and make meaningful contributions to their well-being forms the bedrock of our Corporate Social Responsibility (CSR) efforts. We are dedicated to addressing systemic social challenges and delivering a measurable and lasting impact. By collaborating with government bodies, NGOs and community-based organisations, we strive to implement initiatives that improve lives, advance inclusion and promote equitable development across the nation.

11. In compliance with provisions of MCA Circulars and SEBI Circular referred above, Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014, Regulation 44 of SEBI (LODR) Regulations, 2015 and Secretarial Standards on General Meetings issued by ICSI, the Company is offering e-voting facility to the shareholders to enable them to cast their votes electronically on the items mentioned in the Notice. Those Shareholders who do not opt to cast their vote through remote e-voting, may cast their vote through electronic voting system during the AGM. The Chairman shall, at the AGM, at the end of discussion on the resolutions on which voting is to be held, allow voting for 15 minutes, by use of remote

e-Voting system for all those Members who are present during the AGM but have not cast their votes by availing the remote e-Voting facility.

Only those persons whose names appear in the Register of Members or in the Register of Beneficial Owners maintained by the depositories as on the cut-off date shall be entitled to avail the facility of remote e-voting or voting at the AGM.

NSDL will be providing a facility for remote e-voting, participation in the 38<sup>th</sup> AGM through VC/OAVM and voting during the 38<sup>th</sup> AGM through electronic voting system. The remote e-voting period begins on Wednesday, 27<sup>th</sup> August, 2025 at 9:00 AM (IST) and ends on Friday, 29<sup>th</sup> August, 2025 at 5:00 PM (IST). The remote e-voting module shall be disabled by NSDL for voting thereafter.

Members may join the 38<sup>th</sup> AGM through VC/OAVM, which shall be kept open for the Members on Saturday, 30<sup>th</sup> August, 2025 i.e., 15 minutes before the scheduled start time and the Company may close the window for joining the VC/OAVM facility 15 minutes after the scheduled start time on date of AGM.

Any person holding shares in physical form and non-individual shareholders who acquires shares of the Company and becomes a Member of the Company after sending of the Notice and is holding shares as on the cut-off date, may obtain the login ID and password by sending a request at [evoting@nsdl.com](mailto:evoting@nsdl.com). However, if he / she is already registered with NSDL for remote e-voting, then he / she can use his / her existing user ID and password for casting the vote. If you forget your password, you can reset your password by using "Forget User Details/Password" option available on [www.evoting.nsdl.com](http://www.evoting.nsdl.com). Any shareholder who disposes off his shareholding such that he/she is not a member as on the cut-off date should treat this Notice for information purposes only.

The voting rights of Members shall be in proportion to their shares in the paid-up equity share capital of the Company as on the cut-off date. Once the vote on a Resolution is cast by the Member, the Member shall not be allowed to change it subsequently or cast the vote again. Member may participate in the AGM even after exercising his right to vote through remote e-Voting but shall not be allowed to vote again.

Please refer to detailed instructions for remote e-voting, attending the 38<sup>th</sup> AGM through VC/OAVM and electronic voting during the AGM as mentioned in point No 24. of Notes. The facility of participation at AGM through VC/OAVM will be made available for 1000 members on first come first serve basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship

Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.

## 12. DIVIDEND RELATED INFORMATION:

- A. In pursuance of Article 114 of the Articles of Association of the Company, read with Section 123 of the Companies Act, 2013 and the Companies (Declaration and Payment of Dividend) Rules, 2014, as amended from time to time, the Board of Directors, in their meetings held on 04<sup>th</sup> November 2024 and 17<sup>th</sup> March 2025, declared the 1<sup>st</sup> and 2<sup>nd</sup> interim dividend at the rate of 8% (i.e., ₹0.80 per share) on 13,06,85,06,000 equity shares of ₹10/- each, fully paid-up, for the financial year 2024-25. These dividends were paid to shareholders on 27<sup>th</sup> November 2024 and 27<sup>th</sup> March 2025, respectively.
- B. Members who have not received or have not encashed their dividend warrants within the validity period may write to the Company at its Registered Office or to the Registrar and Transfer Agent (R&TA) of the Company for revalidation of the warrants or for payment in lieu thereof, in the form of a demand draft or direct bank credit, by furnishing the requisite documents to the R&TA at the email address: [irfcinvestors@beetalmail.com](mailto:irfcinvestors@beetalmail.com).
- C. Pursuant to Finance Act, 2020, dividend income is taxable in the hands of the shareholders w.e.f. April 1, 2020, and the Company will be required to deduct TDS from dividend paid to the Members at prescribed rates in the Income Tax Act, 1961 ("the IT Act"). In order to enable compliance with TDS requirements in respect of dividends declared by the Company in future, members are requested to submit Form 15G/15H on annual basis and update details about their Residential Status, PAN, Category as per the IT Act with their Depository Participants or in the case of shares held in physical form, with the Company / R&TA, so that tax at source, if any as per applicable rates and residential status, may be deducted in respect of dividend payments made by the Company in future. Shareholders are requested to note that if their PAN is not registered, the tax will be deducted at a higher rate of 20%.
- D. Non-resident shareholders [including Foreign Institutional Investors (FIIs) / Foreign Portfolio Investors (FPIs)] can avail beneficial rates under tax treaty between India and their country of tax residence, subject to providing necessary documents i.e., No Permanent Establishment and Beneficial Ownership Declaration, Tax Residency Certificate, Form 10F, any other document which may be required to avail the tax treaty benefits.

- E. Members are requested to note that, dividends if not encashed for a consecutive period of seven (7) years from the date of transfer to Unpaid Dividend Account of the Company, are liable to be transferred to the Investor Education and Protection Fund ("IEPF"). The shares in respect of such unclaimed dividends are also liable to be transferred to the demat account of the IEPF Authority. Members may please note that in the event of transfer of such shares and the unclaimed dividends to IEPF, members are entitled to claim the same from IEPF authorities by submitting an online application in the prescribed Form IEPF-5 available on the website [www.iepf.gov.in](http://www.iepf.gov.in) and sending a physical copy of the same duly signed to the Company along with the requisite documents enumerated in the Form IEPF- 5. Members who have not claimed the Unpaid Interim Dividend so far, are requested to make their claim to the Company's Registrar & Transfer Agents (R & T Agents).

The details of due date of transfer of unpaid/ unclaimed Dividend of the Company to IEPF is as follows:

Financial Year	Type of Dividend	Due date of Transfer to IEPF

	Final Dividend	27 <sup>th</sup> November 2029
2022-23	Interim Dividend	14 <sup>th</sup> January, 2030
	Final Dividend	26 <sup>th</sup> November, 2030
2023-24	Interim Dividend	6 <sup>th</sup> January, 2031
	Final Dividend	2 <sup>nd</sup> November, 2031
2024-25	1 <sup>st</sup> Interim Dividend	8 <sup>th</sup> January, 2032
	2 <sup>nd</sup> Interim Dividend	21 <sup>st</sup> May, 2032

Further, pursuant to the provisions of the Companies Act, 2013 and Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, the requisite details of unpaid and unclaimed amounts lying with the Company has been uploaded on Company's website (<https://irfc.co.in/>).

13. The Securities and Exchange Board of India has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form who have not done so are requested to submit the PAN to their Depository Participant with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN details to RTA.
14. As directed by SEBI, Members are requested to:
- I. Intimate to the DP, changes if any, in their registered addresses and/or changes in their bank account details, if the shares are held in dematerialized form.

- II. Intimate to the Company's RTA, changes if any, in their registered addresses, in their bank account details, if the shares are held in physical form (share certificates).
  - III. Consolidate their holdings into one folio in case they hold Shares under multiple folios in the identical order of names.
15. As SEBI has made usage of electronic payment modes for making cash payments to the investors mandatory, therefore members are advised to submit their National Electronic Clearing System (NECS)/National Electronic Fund Transfer (NEFT)/ Direct Credit mandates or changes therein, to enable the Company to make payment of dividend by means of NECS/ NEFT/ Direct Credit/Warrants.

Members holding shares in physical form are requested to send the following details/ documents to the Company's R&TA at the address i.e., M/s. Beetal Financial & Computer Services (P) Ltd. Beetal House, 3<sup>rd</sup> Floor, 99 Madangir, Behind local Shopping Centre, Near Dada Harsukhdas Mandir, New Delhi- 110062 and to their email id:

- a) Form ISR-1 along with supporting documents. The said form is available on the website of the Company at <https://irfc.co.in/>.
- b) Cancelled cheque in original, bearing the name of the Member or first holder, in case shares are held jointly. In case name of the holder is not available on the cheque, kindly submit the following documents:
  - i. Cancelled cheque in original;
  - ii. Bank attested legible copy of the first page of the Bank Passbook/Bank Statement bearing the names of the account holders, address, same bank account number and type as on the cheque leaf and full address of the bank branch.
- c) Self-attested copy of the PAN Card of all the holders; and
- d) Self-attested copy of any document (such as Aadhaar Card, Driving License, Election Identity Card, Passport) in support of the address of the first holder as registered with the Company.

Members holding shares in electronic form may please note that their bank details as furnished by the respective DPs to the Company will be considered for remittance of dividend as per the applicable regulations of the DPs and the Company will not be able to accede to any direct request from such Members for change/addition/deletion in such bank details. Accordingly, ensure that their Electronic Bank Mandate is updated with their Respective DPs.

Those who have already furnished the NECS/NEFT/ Direct Credit Mandate Form to the Company / R&TA / DP with complete details need not send it again.

16. Pursuant to Section 143(5) of the Act, the Auditors of a Government Company shall be appointed or re-appointed by the Comptroller and Auditor General of India (C&AG) and in terms of Sub-section (1) of Section 142 of the Act, their remuneration has to be fixed by the Company in the meeting or in such manner as the Company in General Meeting may determine. The Members of your Company in its 33<sup>rd</sup> meeting held on 30<sup>th</sup> September 2020 had authorised the Board of Directors to fix remuneration of Statutory Auditors. Accordingly, the Board of Directors fix the remuneration of the Statutory Auditors every year.
17. SEBI encourages all shareholders to hold their shares in dematerialized form as this eliminates the possibility of damage/loss of physical share certificate(s) & cases of forgery and facilitates the ease and convenience of paperless trading of shares.

In terms of Regulation 40(1) of the Listing Regulations, as amended, securities of listed companies can be transferred only in dematerialised form with effect from April 1, 2019. Members may please note that SEBI, vide its Circular No. SEBI/HO/MIRSD/MIRSD\_RTAMB/P/CIR/2022/8 dated January 25, 2022, has mandated Listed Companies to issue securities in demat form only while processing service requests viz. Issue of duplicate securities certificate; claim from Unclaimed Suspense Account; Renewal/Exchange of securities certificate; Endorsement; Sub-division/Splitting of securities certificate; Consolidation of securities certificates/folios; Transmission and Transposition. Accordingly, Members are requested to make service requests by submitting a duly filled and signed Form ISR-4, the format of which is available on the Company's website under the weblink at <https://irfc.co.in>. It may be noted that any service request can be processed only after the folio is KYC compliant. SEBI, vide its notification dated January 24, 2022, has mandated that all requests for transmission and transposition shall be processed only in dematerialised form. In view of the same and to eliminate all risks associated with physical shares and avail various benefits of dematerialisation, Members are advised to dematerialise the shares held by them in physical form. Members can contact the Company or RTA, for assistance in this regard.

18. Members who hold shares in electronic mode are requested to send all correspondence concerning transmission, transposition, sub-division, consolidation of shares or any other related matter and/or change in address or bank account, to their respective Depository Participants.
19. In case of joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote.

20. Members desirous of making a nomination in respect of their shareholding in the Company, as permitted under Section 72 of the Companies Act, 2013, are requested to write to the R&TA of the Company at [irfcinvestors@beetalmail.com](mailto:irfcinvestors@beetalmail.com) in Form SH-13 as prescribed in the Companies (Share Capital and Debentures) Rules, 2014. If a member desires to opt-out or cancel the earlier nomination and record a fresh nomination, the Member may submit the same in form ISR-3 or form SH-14, as the case may be. The said forms can be downloaded from the Company's website. In case of shares held in dematerialized form, the nomination form has to be lodged directly with the respective DP.
21. The Register of Directors and Key Managerial Personnel (KMP) and their shareholding maintained under Section 170 of the Companies Act, 2013, Register of contracts and arrangements in which Directors are interested maintained under Section 189 of the Companies Act, 2013 and all other documents referred to in the Notice, will be available for inspection through electronic mode, without any fee, by the members from the date of circulation of this Notice, up to the date of AGM i.e. **Saturday, 30<sup>th</sup> August, 2025**. Members desiring for inspection of said documents are requested to send an e-mail to the Company at [investors@irfc.co.in](mailto:investors@irfc.co.in).
22. Members desirous of getting any information on any item(s) of business of this meeting are requested to send an e-mail mentioning their name, demat account number/folio number, email id, mobile number to [investors@irfc.co.in](mailto:investors@irfc.co.in) at least seven (7) days prior to the date of the AGM and the same will be replied by the Company suitably.
23. SEBI vide its Circulars issued during 2023, established a common Online Dispute Resolution Portal ('ODR Portal') for resolution of disputes arising in the Indian Securities Market. The regulatory norms regarding the same were consolidated vide SEBI Master Circular dated 11<sup>th</sup> August, 2023. Pursuant to the same, investors shall first take up a grievance with the Company directly, escalate the same through the SCORES Portal and if still not satisfied with the outcome after exhausting all available options, investors can initiate dispute resolution through the ODR Portal at [https://](https://smartodr.in/login)

[smartodr.in/login](https://smartodr.in/login). Link to the ODR Portal is also available on the homepage of Company's website at <https://irfc.co.in/investors/investor-grievances#>.

# Management Discussion and Analysis

## 1. Indian Economic Overview

Amidst a volatile global economic landscape, the Indian economy demonstrated relatively strong performance. In FY 2025, it retained its position as one of the world's fastest-growing economies, recording a GDP growth rate of 6.5%. This growth was driven by robust sectoral performance such as financial services, strong private consumption, and proactive government policies. Timely interventions by the Indian Government played a pivotal role in improving the overall business environment.

During the reported year, 26 Navratna Central Public Sector Enterprises (CPSEs) were operational, reflecting a supportive environment for key public enterprises. Additionally, ₹ 11,11,111 Crore was allocated for capital expenditure in the Union Budget 2024-25, underscoring the Government's continued focus on infrastructure development. This included a provision of ₹ 1.5 lakh Crore in long-term, interest-free loans to promote infrastructure investment by state governments. Major initiatives encompassed the expansion of highways and expressways, along with railway electrification projects.

Aiming to become a \$30 trillion economy by 2047, the Indian Government is actively transforming the country's logistics ecosystem through a reimagined infrastructure strategy, focused on creating a smart and interconnected logistics network.

Looking ahead, India is expected to continue its strong growth trajectory. By 2025, India has already become the fourth-largest economy globally, with the potential to rise to third place—surpassing Germany—by 2028. This forecasted growth is likely to be supported by rising consumption, driven by declining inflation and tax incentives introduced in the Union Budget 2025-26.

## 2. Outlook

India is expected to emerge as the third-largest economy by the end of this decade. The country's growth will be driven by its unprecedented infrastructure expansion, policies directed to emerge as the factory of the world, increasing incomes and growing aspirations. Also, a Viksit Bharat will have enhanced connectivity as is evidenced in the government's efforts towards building a road network and expanding rail and air networks at a record pace.

While the economic outlook for India remains broadly positive, there are certain challenges that need to be addressed. Inflationary pressures, driven by global supply chain disruptions and rising commodity prices, have been a cause for concern. However, the government's proactive

measures, such as maintaining a watchful eye on food prices and implementing targeted interventions, are expected to help mitigate these risks.

Additionally, the global economic uncertainties arising from geopolitical tensions and tightening monetary policies in major economies pose potential risks to India's export performance. However, a diversified export basket and a growing integration into global value chains, is expected to provide a cushion to the domestic economy against these external shocks.

Overall, the Indian economy is well-positioned to sustain its growth momentum in the coming years. The combination of robust domestic demand, a conducive policy environment, and the ongoing structural reforms is expected to drive economic growth, attract investments, and create employment opportunities. However, continued vigilance and proactive policy measures will be crucial in addressing emerging challenges and ensuring that the benefits of economic growth are shared equally across all sections of society.

## 3. Industry Scenario

Indian Railways (IR), one of the world's largest rail networks, is the lifeline of the nation, connecting its vast and diverse landscapes. It plays a crucial role in the nation's economy by facilitating the movement of passengers and freight across the country.

Indian Railways is committed to become a world class transportation provider, driving progress and contributing to India's all-round development.

IR is working hard to upgrade its infrastructure, introduce new technologies and further strengthen its role in the nation's growth story.

The FY 2024-25 stands as a significant milestone in Indian Railways' journey towards realizing the ambitious goals of Viksit Bharat 2047. The unwavering commitment to modernization, efficiency enhancement, technological adoption and sustainability has not only redefined the rail travel experience but has also strengthened the Railways' position as a vital engine for national progress. By seamlessly integrating tradition with cutting-edge innovation, IR is firmly on track to becoming a world-class transportation network, catering to the evolving needs of a dynamic nation and contributing significantly to its overall development.

Sustainability and green energy remained at the core of Indian Railways' modernization strategy. With rapid progress in electrification and the adoption of Head-on-Generation (HOG)

technology, Indian Railways is minimizing diesel consumption and reducing its carbon footprint. The development of the Eastern and Western Dedicated Freight Corridors, the integration of renewable energy sources, improved waste management practices, and the piloting of hydrogen-fuelled trains further highlight IR's firm commitment to eco-friendly transportation. These initiatives are key to realising Indian Railways' vision of becoming a net-zero carbon emitter.

The modernization of passenger coaches over Indian Railways' coaches involves upgrading both the technological prowess and uplifting the passenger experience. The improved design of trains with enhanced safety features, better ride index, passenger amenities like improved aesthetics, improved ambient lighting, CCTVs, passenger information systems provide a wholesome experience to the on-board passengers. Indian Railways has achieved significant milestones by introducing fully non-AC Amrit Bharat trains, Vande Bharat trains and Namo Bharat trains for catering to diverse passenger needs.

Indian Railways, as we all are aware, has the world's fourth largest route-km, the highest passenger km and carries the third largest tonne-km freight. But, it's not just about the numbers that portray Indian Railways as one of the core modes of transport, but it is also the prime mover of the logistics sector of India.

Indian Railways achieved a record freight loading of 1617.4 MT in FY 2024-25 with a revenue of 2.64 lakh Crore. The key focus areas for 2025-26 budget are safety, capacity augmentation, customer amenities and rolling stock upgradation. The key initiatives, such as the Amrit Bharat station scheme, modernization of locomotives and coaching stock and the implementation of advanced safety measures, are crucial steps towards achieving the world class standards.

Indian Railways has taken a paradigm shift with introduction of Vande Bharat trains with over 136 services currently running, newly launched Namo Bharat, Amrit Bharat and soon to be launched Vande Sleeper variant. The travel experience of passengers has tremendously improved with their ergonomic design, multiple passenger friendly features and enhancing safety as well as riding comfort. What is pertinent to mention is that Indian Railways has ensured that it remains committed towards transportation needs of every Indian in every level socio-economic strata. Almost two-third of all coaches are Sleeper and General coaches catering to demand for movement across the country. Several new Amrit Bharat trains are on the anvil in the FY 2025-26.

In the quest to Viksit Bharat 2047, Indian Railways continued its transformative journey in this financial year also, paving the way for a new era of modernization and progress. With a strong focus on providing world class travel experience, boosting freight efficiency and also adopting advanced

technologies, the Indian Railways has solidified its role as a catalyst for national growth with a record freight loading of 1,617.4 MT. The best ever capex utilization of 2.62 lakh Crore was achieved in FY 2024-25 which is leading to development of modern stations, state-of-the-art trains and innovative safety systems are reshaping the landscape of rail travel.

#### 4. Company Overview

Indian Railway Finance Corporation (IRFC) was set up on 12<sup>th</sup> December 1986 as the dedicated funding arm of the Indian Railways for mobilizing funds from domestic as well as overseas Capital Markets. IRFC is a Navratna and Schedule 'A' Public Sector Enterprise under the administrative control of the Ministry of Railways, Govt. of India. It is also registered as Systemically Important Non-Deposit taking Non-Banking Financial Company (NBFC - ND-SI) and Infrastructure Finance Company (NBFC- IFC) with Reserve Bank of India (RBI).

IRFC has played a significant role in its more than 38 years of existence in supporting the expansion of the Indian Railways and related entities by financing a significant proportion of its annual plan outlay.

The main objective of the company is to meet the predominant portion of 'Extra Budgetary Resources' (EBR) requirement of the Indian Railways through market borrowings at the most competitive rates and terms. The Company's principal business therefore is to borrow funds from the financial markets to finance the acquisition / creation of assets which are then leased out to the Indian Railways. IRFC's constant endeavour has been to diversify its borrowing portfolio in terms of instruments, markets and investors which has led to the Company meeting the targeted borrowings year after year, through issue of both taxable and tax- free bonds, term loan from banks/financial institutions besides offshore borrowings, at competitive market rate. Its aim is to be one of the leading Financial Service Companies in the country, for raising funds from the capital market at competitive cost for Railway infrastructure augmentation, duly ensuring that the Corporation makes optimum profits from its operations.

#### 5. Operational Highlights

The Board of Directors had approved borrowing limit of ₹ 50,000 Crores for FY 2024-25 for meeting the funding requirement of Indian Railways, if any, new business activities, refinancing of existing loans and for other general corporate purposes.

## 7. Risk Management

Effective risk management is central to ensuring sound financial health and operational resilience of the Company. In this regard, the Company has put in place a Board-approved Comprehensive Risk Management Policy that covers various types of risks including Liquidity Risk, Credit Risk, IT & Operational Risk, and Foreign Exchange Risk, in line with regulatory expectations and best industry practices.

In compliance with the Reserve Bank of India (RBI) guidelines, the Company has constituted a Risk Management Committee (RMC) comprising the Chairman & Managing Director, Director (Finance), and two Independent Directors. The Company has also appointed a Chief Risk Officer (CRO) to oversee the implementation and effectiveness of the risk management framework.

As per the approved policy, the Company has constituted the following sub-committees under the RMC for focused oversight and mitigation of specific risk areas:

### 1) Asset Liability Management Committee (ALCO):

Responsible for monitoring and managing liquidity and market risks. ALCO oversees mismatches in the asset-liability profile and ensures adequate liquidity for operations.

### 2) Forex Risk Management Committee:

Established to monitor and mitigate risks arising from foreign exchange fluctuations and interest rate variations associated with External Commercial Borrowings (ECBs).

### 3) IT & Operational Risk Management Committee:

Focuses on identifying and mitigating operational and IT-related risks in the functioning of the Corporation.

The minutes of the meetings of these sub-committees, along with action taken reports, are placed before the Risk Management Committee. The proceedings of the RMC meetings are further placed before the Board of Directors for their review and oversight.

Given the Company's core function of financing rolling stock and infrastructure assets for the Ministry of Railways (MoR) under a leasing model, the credit risk is minimal. Additionally, loans extended to entities such as Rail Vikas Nigam Limited (RVNL) and IRCON International Limited are either backed by assured cash flows from MoR or repayment guarantees, thereby adequately ringfencing these exposures.

As per the lease agreements with MoR, interest rate risk is largely passed through to the MoR, resulting in a low-interest rate risk exposure for the Company. Furthermore, the predictable nature of the Company's cash inflows offers significant insulation from liquidity risk.

Although the foreign exchange risk on overseas borrowings is also contractually passed through to the MoR, the Company continues to adopt prudent, efficient, and cost-effective risk mitigation strategies to manage such exposures effectively.

The Company is continuously striving to enhance its Risk Management Framework in line with evolving regulatory requirements and best industry practices. Efforts are underway to further strengthen data-driven risk assessment capabilities, integrate advanced risk analytics, and improve early warning systems. Emphasis is also being placed on enhancing cyber risk resilience, refining stress testing mechanisms, and aligning risk appetite frameworks with strategic objectives to ensure proactive and forward-looking risk management.

## 8. Internal control systems and their adequacy

The Company has in place adequate internal control systems commensurate with the nature and volume of its business to ensure statutory and regulatory compliances. The Company has in place Accounts Manual, Manual for Procurement of Goods, Services and Works and HR Manual. The Company has also implemented a policy for temporary placement of

surplus funds with the Banks in order to strengthen its cash management system.

In line with the RBI notification dated Feb 3, 2021, Risk Based Internal Audit (RBIA) policy has been formulated and approved by the Board of Directors. The scope of RBIA is well defined and is very exhaustive to take care of all functions and business of the Company depending upon the risk assessment and control environment. Based on RBIA report, efforts are made to further strengthen the existing systems and procedures. The significant observations are discussed in the Audit Committee Meetings regularly.

IRFC has developed Comprehensive Risk Management Policy, Credit Policy, Information Technology Policy and Information Security Policy.

The Statutory Auditors of the Company are appointed by Comptroller and Auditor General (C&AG) of India, and the appointment is rotated periodically. Besides, the accounts of the Company are subject to supplementary audit by the office of C&AG, as required under the Companies Act. The C&AG also conducts propriety audit of the Company.

Besides, as mandated under Companies Act, 2013, the Statutory Auditors have certified as part of their Audit Report, the effectiveness of Internal Financial Control over financial reporting.

## 9. Management Outlook

The outlook for IRFC in FY 2024-25 is centred around strengthening its robust business model and fostering a strong relationship with the Ministry of Railways (MoR). Assets Under Management stood ₹ 4.60 lakh Crores at the end of March 2025.

To strengthen the business model, IRFC is taking steps towards business diversification. The company is actively exploring for funding projects linked to Railways. IRFC's mandate allows it to provide financial assistance to entities and projects with forward and backward linkages with Railways.

In this regard, company is exploring opportunities for investments in railway infrastructure projects such as Dedicated freight lines, High-speed rail corridors, Multi-modal logistics parks, non-conventional energy sources for the railway network, etc.

Company is taking several strategic steps to diversify its lending portfolio. During the FY 2024-25, company started funding for projects other than MoR under its mandate of financing for activities with forward and backward linkages for the railways.

Also, during the year under review Company: -

- Has been Declared the lowest bidder to finance ₹ 3,167Crore loan for Patratu Vidyut Utpadan Nigam Limited (PVUNL), a subsidiary of NTPC to finance the development of the Banhardih Coal Block in Jharkhand for coal transportation through Indian Railways.
- Signed MoU with REMC Limited (JV of Indian Railways and RITES to procure economical conventional/ Renewable power for Railways) for collaborating to explore financing options for the Renewable Energy (RE) projects to be awarded by REMC Limited for supply of RE to Indian Railways as well as for collaborating for financing Thermal/Nuclear /Renewable power projects set up under captive model through a JV between IR and other entities.
- Entered into an agreement for financing of 20 Bogie Open Bottom Rapid (BOBR) rakes under General-Purpose Wagon Investment Scheme (GPWIS) of MoR to NTPC for an amount up to ₹700 Crore under Finance Lease
- Entered into a Rupee Term Loan of ₹5000 Crore agreement with NTPC Renewable Energy Limited (NTPC REL), a wholly owned subsidiary of NTPC Green Energy Limited (NTPC GEL) and disbursed INR 700 Crores during the FY.

In line with India's focus on infrastructure spending to reach its target GDP of USD 5 trillion by FY25 and to meet the goal of making India "Viksit Bharat by 2047", IRFC is committed to raising funds from the financial market at the most competitive rates and terms. The government's National Infrastructure Pipeline (NIP) and PM Gatishakti initiative lay the groundwork for comprehensive and integrated infrastructure development in the country. IRFC, as a premier financial institution with a track record of NIL NPA and capability to mobilize large funds from both domestic and offshore markets can play a significant role in supporting India's infrastructure sector, driving economic development and growth.

## ANNEXURE – II

# Report on Corporate Governance

This report is prepared in accordance with the provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Companies Act, 2013, Secretarial Standards issued by the Institute of Company Secretaries of India ("Secretarial Standards") and Guidelines on Corporate Governance issued by Department of Public Enterprises (DPE). The Report contains details of Corporate Governance systems and processes at Indian Railway Finance Corporation Limited (IRFC/Company).

Corporate Governance is the application of best management practices, compliance of laws & adherence of ethical standards to achieve the Company's objective of enhancing stakeholders' value and discharge of social responsibility.

IRFC is in compliance with relevant provisions/requirements of corporate governance contained in the Companies Act, 2013, SEBI (LODR) Regulations, 2015, Secretarial Standards issued by the Institute of Company Secretaries of India ("Secretarial Standards") and Guidelines on Corporate Governance for Central Public Sector Enterprises (hereinafter referred to as Government Guidelines), issued by Department of Public Enterprises. The Company is also complying with the Circular, to the extent applicable, dated 1<sup>st</sup> July, 2015 issued by Reserve Bank of India under their Master Circular – "Non-Banking Financial Companies – Corporate Governance (Reserve Bank) Directions, 2015". In this connection, relevant details are furnished below: -

## 1. Company's Philosophy on the Code of Governance

Corporate Governance is about maintaining valuable relationship and trust with all stakeholders with the commitment to maximize their value. Our commitment towards following good Corporate Governance practices is based upon transparency, fairness, conscience, teamwork, professionalism and accountability. This paves the way for following the best standards and building confidence among our stakeholders, which is necessary to achieve our objectives.

Company looks upon Corporate Governance as an enterprise-wide endeavour targeted at value creation in the form of striking optimum balance between the profit it earns for its Shareholders and the spread it charges from Ministry of Railways on the cost of funds transferred to them. This is sought to be achieved by conducting the business in a professional manner, using a combination of delegation and accountability amongst key executives in the Company;

focused attention and transparency in operations of the Company; skill upgrades through need-based training, etc.; and high level of investor / lender satisfaction through timely debt servicing and grievance settlement.

The Corporate Governance framework at IRFC is based on the following guiding principles:

- a. Compliance of law, rules and regulations in true letter and spirit;
- b. Appropriate systems and practices to protect, promote and safeguard the interests of all its stakeholders; and
- c. Establishing a climate of trust and confidence among various stakeholders by means of transparent and timely disclosure of all material information.

The above principles help in achieving the following objectives:

- a. To protect and enhance shareholder value;
- b. To protect the interest of all other stakeholders such as customers, employees and society at large;
- c. To ensure transparency and integrity in communication and to make available full, accurate and clear information to all concerned;
- d. To ensure accountability for performance and customer service and to achieve excellence at all levels; and
- e. To provide corporate leadership of the highest standard for others to emulate.

As a Non-Banking Financial Company (NBFC), the Company has established its own "Internal Guidelines on Corporate Governance" in accordance with the norms set by the Reserve Bank of India (RBI). These guidelines codify the Company's approach to corporate governance, outlining its philosophy, structure and framework. The Internal Guidelines on Corporate Governance can be accessed at <https://irfc.co.in/sites/default/files/inline-files/INTERNAL%20GUIDELINES%20ON%20CORPORATE%20GOVERNANCE.pdf>

To foster best Corporate Governance practices, the Company has formulated a "Code of Business Conduct and Ethics for its Board Members and Senior Management" which seeks to bring high level of ethics and transparency in managing its

business affairs. The same has also been hosted on the website of the Company at [https://irfc.co.in/sites/default/files/inline-files/CODE%20OF%20BUSINESS%20CONDUCT%20AND%20ETHICS%20FOR%20BOARD%20MEMBERS%20AND%20SENIOR%20MANAGEMENT%20OF%20THE%20COMPANY\\_0.pdf](https://irfc.co.in/sites/default/files/inline-files/CODE%20OF%20BUSINESS%20CONDUCT%20AND%20ETHICS%20FOR%20BOARD%20MEMBERS%20AND%20SENIOR%20MANAGEMENT%20OF%20THE%20COMPANY_0.pdf).

## 2. Board of Directors

The Board of Directors of IRFC comprises of eminent persons having requisite qualifications, experience and expertise, to manage the business of the Company in an efficient and effective manner. The Board oversees fulfilment of corporate objectives by providing leadership and guidance.

IRFC is a Government Company within the meaning of Section 2 (45) of the Companies Act, 2013 as the President of India acting through its administrative Ministry i.e., Ministry of Railway's (MoR) holds 86.36% of the total paid-up share capital of the Company as on March 31, 2025 and as per Articles of Association of the Company, the power to appoint Directors vests with the President of India. Further, in terms of Articles of Association of the Company, the number of Directors of the Company shall not be less than three and not more than fifteen.

Further, Pursuant to RBI's Master Directions and on the recommendation of NRC, the Board has also adopted a "Policy on 'fit & proper' criteria of Directors" As per Policy on 'fit & proper' criteria of Directors, Nomination & Remuneration Committee of the Company is required to obtain annually the information/ declaration and take note of Deed of Covenants from the Director(s) as per the format prescribed in the said policy. The same was noted by NRC Committee.

The policy is available on the website of the Company at <https://irfc.co.in/sites/default/files/inline-files/IRFC%20FIT%20PROPER%20CRITERIA%20POLICY.pdf>

### 2.1 Composition of the Board

SEBI (LODR) Regulations, 2015, stipulates that the Composition of Board of Directors of the company shall have an optimum combination of executive and non- executive directors with at least one-woman independent director and not less than fifty percent of the Board of Directors comprising of non-executive directors.

As at the end of financial year 31<sup>st</sup> March 2025, there were 4 (Four) Directors on the Board of the Company. Board as on 31<sup>st</sup> March 2025 comprises of Chairman and Managing Director & CEO, Director (Finance) and Two Government Nominee Director(s). As provided in the Articles of Association of IRFC, the appointment of Directors and payment of their remuneration are determined by the President of India.

None of the Directors of the Company is related to each other and are independent of the Management. The number of independent directors during the financial year 2024-25 were insufficient as compared to the number of independent directors required to be on the Board as per SEBI (LODR) Regulations, 2015, as the power to appoint Directors on the Board of IRFC vest with the President of India acting through Administrative Ministry i.e., Ministry of Railways (MoR). Thus, the Company from time to time has requested Ministry of Railways (MoR) to appoint requisite number of Independent Directors on the Board of the Company in order to comply with SEBI (LODR), Regulations, 2015 and DPE Guidelines.

At present Company is having 5 (Five) Directors on the Board of the Company comprising of Chairman and Managing Director & CEO, Director (Finance), Two Government Nominee Director(s) and one Non official Independent Directors.

## 26. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format:

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1.	Financing for green Initiative of Indian Railways - Shift from conventional to electrical locomotive, electrification of railway tracks	Opportunity	Towards achieving India's commitment of NET ZERO carbon by 2070.	-	IRFC shall experience Positive financial implication due to additional Revenue from such financing.
2.	Shifting to paperless environment to further the sustainability	Opportunity	Enhances operational efficiency, reduces costs, and supports environmental sustainability through digital communication, e-filing, and record management.	-	Positive: Cost savings, improved productivity, and operational agility.
3	Climate Risk Management	Risk and Opportunity	<p>Physical risks (floods, droughts, temperature extremes) and transitional risks (regulatory changes, stakeholder expectations), affects borrower performance and credit quality.</p> <p>Reputational risk may also emerge if IRFC fails to align with stakeholder expectations regarding climate-related disclosures and transparency.</p> <p>Despite these challenges, heightened awareness of climate change is also driving the transition to renewable energy. This creates a significant opportunity for IRFC to finance clean energy projects having forward and backward linkages with Railways and support the shift to a more sustainable future.</p>	IRFC has implemented an ESG policy with a focus on climate change strategy. It plans to integrate climate risk assessments into project evaluations and align disclosures with RBI's draft framework on climate-related financial risks.	<p>Negative: Risk of asset stranding caused by climate-related factors.</p> <p>Positive: Opportunity to access sustainable financing options.</p>
4	Diversity and Inclusion	Opportunity	A diverse and inclusive workforce fosters innovation, enhances decision-making, and improves employee morale and retention.		Positive: Enhanced brand reputation, reduced attrition, and improved organizational performance.
5	Data security and cyber risk management	Risk	Rising dependence on digital infrastructure exposes the business to cyber threats and data breaches.	Implementation of advanced cybersecurity infrastructure, regular training, and data governance policies.	Negative financial loss or penalties in case of data breaches or non-compliances.

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/ opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
6	Corporate Governance and Business Ethics	Risk	Strong governance and ethical practices are key to maintaining stakeholder trust, ensuring compliance, and avoiding legal or reputational risks. Unethical behavior can damage brand credibility. By promoting a culture of integrity and accountability, IRFC strengthens decision-making, supports sustainable growth, and enhances its reputation as a responsible corporate.		Negative: potential fines/ penalties in case of violations.
7	Economic Development	Opportunity	Financing projects having forward and backward linkages with Railways that contribute to national economic growth and social upliftment.		Positive: Revenue generation and alignment with national development goals.
8	Regulatory Compliance	Risk	Regulatory compliance is essential for IRFC to operate legally, avoid penalties, and maintain stakeholder trust. Non-compliance can lead to financial losses, legal issues, and reputational harm. Prioritizing compliance safeguards IRFC's credibility, supports long-term growth, and ensures continued business operations.	Continuous monitoring, internal audits, timely updates to policies and practices, and regular training for employees on applicable regulatory requirements."	Negative: potential fines/ penalties in case of violations.

## PRINCIPLE 2

Businesses should provide goods and services in a manner that is sustainable and safe

### Essential Indicators

1. Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.

Particulars	Current Financial Year	Previous Financial Year	Details of improvements in environmental and social impacts
R&D	-	-	-
Capex	-	-	IRFC does not own or operate any manufacturing facilities. Accordingly, there are no specific R&D or Capex investments related to technologies for environmental or social impact improvements.

2. a. Does the entity have procedures in place for sustainable sourcing? (Yes/No)

Considering the business activities of the Company, this question has limited applicability. Being NBFC, IRFC's resource use is mainly limited to electricity, office supplies and communication or IT equipment.

Being NBFC, IRFC is less resource-intensive in terms of material requirements. Despite the limited scope, IRFC ensures responsible sourcing of all its material requirements. The Company promotes GeM portal (Government e-Marketplace) in its procurements and promotes sourcing from MSME vendors. All procurement / sourcing of material and services is done as per the procedure defined in the Procurement Guidelines of the Company.

- b. If yes, what percentage of inputs were sourced sustainably?

In terms of material requirements, IRFC has made it mandatory to procure common use goods & services available on GeM (Government e-Marketplace) portal, with purchase preference to MII/MSMEs as per Government directives. During the financial year 2024-25, Percentage (%) of procurement from MSME (including MSME owned by SC/ST entrepreneurs) out of total procurement is 95.91%

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

Given the nature of business and operations, the Company does not have material plastic waste, e-waste and other waste. Further, the Company does not have any hazardous waste.

Disposal of old, unserviceable & obsolete IT equipment's, identified as e-waste, is done through registered Recyclers/Re-processors under Central Pollution Control Board, Government of India & State Pollution Control Committee Board.

The Company has significantly reduced the use of plastic and actively encourages the adoption of eco-friendly alternatives such as jute bags, cloth bags, ceramic cups, and steel bottles. Furthermore, mechanisms have been introduced to promote the use of products made from recycled plastic, reinforcing our commitment to sustainable practices.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

Not Applicable, since IRFC is a NBFC and is not involved in manufacturing of any kind of product.

## Leadership Indicators

### 1. Has the entity conducted Life Cycle Perspective / Assessments (LCA) for any of its products (for manufacturing industry) or for its services (for service industry)?

Being a NBFC categorized as IFC, the main products offered by IRFC include is to finance the acquisition of rolling stock assets, leasing of railway infrastructure assets, and lending to other entities under the MoR. We lend funds to MoR and other Railway Entities in order to fuel their growth plan. We have provided loans to Rail Vikas Nigam Limited (RVNL), NTPC REL, NTPC etc.

IRFC uses a leasing approach to fund Indian Railways' Rolling stock and project assets. The normal lease term is 30 years, with a primary component of 15 years and a secondary component of 15 years. During the primary lease period, the principal component and interest are recovered as part of the lease. Secondary lease period assets are normally transferred to the MoR for a nominal sum at the conclusion of the lease. We have a cost-plus leasing agreement with the Ministry of Railways, which ensures consistent growth in our income and profitability. MoR pays half-yearly lease rentals in advance, which include both principal repayment and interest. The details of leasing, lending and borrowing operations of the Company are available on the website of the Company at <https://irfc.co.in>.

### 2. If there are any significant social or environmental concerns and/or risks arising from production or disposal of your products / services, as identified in the Life Cycle Perspective / Assessments (LCA) or through any other means, briefly describe the same along-with action taken to mitigate the same.

Name of Product/ Service	Description of the risk/ concern	Action Taken
Other financial service activities- Financial Leasing	No significant social or environmental concern / risk is envisaged from the Company's business activities.	IRFC is not a manufacturing Company. Further, as per the credit policy of the Company, the evaluation of the project covers the Environmental Appraisal aspect also. The analysis of environmentally sensitive projects will address several issues like measurement of environmental impact, cost- benefit analysis, assessment of alternative strategy etc.

### 3. Percentage of recycled or reused input material to total material (by value) used in production (for manufacturing industry) or providing services (for service industry).

# Independent Assurance Practitioners' Statement

To,

**Indian Railway Finance Corporation Limited**

UG Floor, East Tower, NBCC Place, Bhisham Pitamah Marg, Pragati Vihar, Lodhi Road, New Delhi – 110003

JointValues ESG Services Pvt. Ltd. (hereinafter referred to as "JointValues") was appointed and engaged by the management of Indian Railway Finance Corporation Limited (hereinafter referred to as 'IRFC' or "the Company") for performing an independent assurance of the nine core attributes as mentioned in SEBI's BRSR Core<sup>1</sup> format<sup>2</sup> for information pertaining to environmental, social, and governance performance disclosed by the Indian Railway Finance Corporation Limited in the Business Responsibility and Sustainability Report (BRSR) for the 'reporting period' April 1, 2024 to March 31, 2025 considering related regulation<sup>3, 4, 5, 6</sup> for listed entities issued by the SEBI.

JointValues performed the engagement through a multidisciplinary team of experienced professionals and subject-matter specialists, on attributes pertaining to environmental, social, and governance performance of the IRFC reported through BRSR Core, to obtain sufficient evidences to support the professional judgement, and provide the basis for conducting reasonable assurance within the defined scope and boundary of the engagement.

The Assurance team applied professional judgement, skills, and techniques with professional scepticism in a systematic engagement process to arrive at an independent opinion about the subject matters within the scope and boundary of the engagement.

## Methodology, Scope and Boundary of Assurance

JointValues conducted this reasonable assurance of the company in accordance with the International Standard on Assurance Engagements (ISAE) 3000 (Revised), *Assurance Engagements Other Than Audits or Reviews of Historical Financial Information* issued by the International Auditing and Assurance Standards Board (IAASB).

JointValues conducted the engagement process with adherence to ethical requirements, professional standards, and compliance with applicable legal and regulatory requirements, in line with the International Standards on Quality Management (ISQM), *Quality Management for Firms that Perform Audits or Reviews of Financial*

*Statements or Other Assurance or Related Services Engagement* issued by IAASB.

During the engagement, the assurance team complied with the JointValues's Code of Conduct, that defines independence and other ethical requirements and aligns with the best practices and the International Code of Ethics (ICE) for Professional Accountants (including International Independence Standards) issued by the International Ethics Standards Board for Accountants (IESBA).

The **scope** of this engagement, as agreed upon by JointValues and the company, was to provide Reasonable assurance on the non-financial sustainability disclosure covered under nine core attributes of the BRSR Core format, as provided by the company to JointValues in the BRSR format. The values related to the nine core attributes of BRSR Core as provided by the company are mentioned in Annexure-I to the assurance statement.

The reporting **boundary** of the company's BRSR is "standalone basis" as disclosed in Question 13 of Section A of the SEBI's BRSR format for the reporting period from April 1, 2024, to March 31, 2025.

## Limitations and Exclusions

- Reducing engagement risk to zero is rarely attainable; therefore, "reasonable assurance" is less than absolute assurance.
- Preparing the company's BRSR information requires management to set the criteria, decide what information is relevant to include, and make estimates and assumptions that impact the reported information.
- Calculating and measuring certain amounts and BRSR Core metrics, such as GHG emissions, water and energy footprint, involves assumptions/estimations and inherent measurement uncertainty. Even though we obtain sufficient appropriate evidence to support our opinion, it does not eliminate the uncertainty in these amounts and metrics.
- Evaluation, verification and assessment of any company's financial performance and data have been out of the scope of this engagement, except relying on the company's third-party audited financial reports as provided to us during the course

<sup>6</sup> Circular number SEBI/HO/CFD-PoD-1/CIR/2025/42 dated 28th March, 2025 (called 'Identified Sustainability Information' of Indian Railway Finance Corporation Limited (IRFC) for the period from 1st April 2024 to 31st March 2025)

of engagement, wherever materially required concerning the nine core attributes of the BRSR core. The assurance does not cover the Company's statements that express opinions, claims, beliefs, aspirations, expectations, aims, or future intentions. Additionally, assertions related to Intellectual Property Rights and other competitive issues are beyond the scope of this assurance.

- Aspects of the BRSR and the data and information (qualitative or quantitative) other than the Identified Sustainability Information.
- The assessment does not include a review of the Company's strategy or other related linkages expressed in the Report. These aspects are not within the scope of the assurance engagement.
- The assurance does not extend to mapping the BRSR with reporting frameworks other than those specifically mentioned. This engagement does not consider assessments or comparisons with frameworks beyond the specified ones.
- The absence of a significant body of established practice on which to draw to evaluate and measure non-financial information allows for different, but acceptable, measures and measurement techniques and can affect comparability between entities.

### Procedures Followed:

Given the circumstances of the engagement, in performing the procedures listed above, we have:

- Remotely interviewed relevant personnel of Company's management responsible for Sustainability, Environmental Social Governance (ESG) and their team for understanding the process of collecting, collating the subject matter as per SEBI Circular for BRSR Core.
- Assessed the appropriateness of various assumptions, estimations and materiality thresholds used by the Company for data analysis.
- Performed analytical procedures to analyse trends in the historical data and accordingly ascertain the reasonableness of the data reported in the current year.
- Performed substantive testing on a sample basis of the identified sustainability indicators, to verify that the data had been appropriately measured with the underlying documents recorded, collated and reported. This included assessing records and performing testing, including recalculation of sample data.

The selection of the assurance approach was based on our professional judgment, considering the nature, timing, data availability, evidence produced and the extent required to

assess the risks of the information for material misstatement or deliberate misrepresentation by the company. Our opinion on the continuing effectiveness of the company's internal controls is out of the scope of this assurance statement. Our responsibilities under those standards are further described in this statement's "Our responsibilities" section.

### Our Responsibilities

Planning and performing the engagement to obtain reasonable assurance that the disclosures about the BRSR Core are free from material misstatement.

Exercising professional scepticism, judgement, skills and techniques in systematic engagement process.

Forming an independent opinion about the underlying subject matter within the scope and boundary of the engagement based on the procedures performed and the evidence obtained.

### Other Information

Our reasonable assurance engagement was with respect to the information for the period April 1, 2024- March 31, 2025 only and not on any other elements included in the BRSR or any report linked to BRSR and, therefore, do not express any conclusion thereon.

### Independence, Quality Control and Competence

JointValues is independent of the company and has no financial interest other than the independent assurance of the non-financial sustainability information disclosed in the BRSR.

The independent assurance opinion statement has been prepared for the stakeholders of the company only for the purpose of verifying its non-financial sustainability information relating to Environment, Social and Governance disclosures as required in the SEBI's BRSR core format, particularly described in the scope above.

### Opinion

Based on the reviews and procedures followed, JointValues expresses its opinion that the nine core attributes as per the BRSR Core format, covered under the scope of this assurance, are disclosed by the Company in material respect through the BRSR format for the reporting boundary mentioned above.

### Responsibilities of Management at the Company

By publishing this assurance statement, the management of the Company acknowledges and understands that they are, inter-alia, responsible for the information provided in the BRSR for:

- Designing, implementing, and maintaining internal controls to ensure the information is free from material misstatement, including preventing deliberate misrepresentation.

- Selecting or establishing suitable criteria for preparing the information, considering applicable laws and regulations, identifying key aspects, engaging with stakeholders, and preparing and presenting the information according to the reporting criteria.
- Disclosing the applicable criteria used for preparation in the relevant report or statement.
- Preparing and calculating the information in accordance with the reporting criteria.
- Ensuring the reporting criteria are available to intended users with relevant explanations.
- Establishing targets, goals, and performance measures and implementing actions to achieve them.
- Providing details of the management personnel responsible for the disclosed information
- Ensuring compliance with laws, regulations, or applicable contracts and preventing fraud.
- Identifying and describing inherent limitations in measuring or evaluating information according to the reporting criteria.
- Selecting the content of the information, including identifying and engaging with intended users to understand their needs.

### Limitation of Liability and Legal Disclaimer

In no event, the assurance agency and assurance practitioners, for the opinion in this assurance statement, shall be liable to any party for any direct, indirect, incidental, compensatory, punitive, special, or consequential damages, costs, expenses, legal fees, or losses (including, without limitation, lost income or lost profits and opportunity costs or losses caused by negligence) in connection with any use of the content in this assurance statement. This assurance statement is not intended to be produced by any user in any court of law. The assurance practitioners and the agency absolve themselves from legal or other representation to any third party for any consequences arising from using this assurance statement.

### The intended use or purpose of this assurance statement

The information provided by the company related to BRSR Core in the BRSR and our reasonable assurance statement is intended only for users who have reasonable knowledge of the BRSR Core attributes and who have read the information with reasonable diligence and understand that the attributes are prepared and assured at appropriate levels of materiality.

Except for the publication along with the BRSR as part of the annual report by the Company, this assurance statement is not intended to be used by anyone for the publication of any selected paragraphs or excerpts elsewhere, nor should the design or content be altered for any purpose.

## Annexure-IV

## Annual Report on CSR activities for the year 2024-25

## 1. Brief outline on CSR Policy of the Company

IRFC is committed to being a responsible corporate entity and recognizes its obligations towards all stakeholders through its Corporate Social Responsibility and Sustainability Policy (CSR & Sustainability Policy). As part of this policy, IRFC aims to support sustainable development initiatives of the government, promote the preservation of the environment, and ensure a healthy future for generations to come. The company also seeks to contribute to inclusive growth and equitable development in society by empowering marginalized and underprivileged sections.

The development of IRFC's CSR & Sustainability Policy aligns with the provisions of the Companies Act 2013, including the rules and regulations established under the Act, as well as the guidelines issued by the Department of Public Enterprises (DPE). While selecting CSR activities under the company's schemes, IRFC adheres to its Board-approved policy and complies with the provisions of the Companies Act 2013 and CSR Rules. The policy also outlines the format for submitting CSR proposals to the company for consideration. To evaluate the received proposals in accordance with the CSR Policy and applicable laws, a General Manager Committee has been formed. Shortlisted proposals are then presented to the CSR Committee of the Board for approval and subsequent recommendation to the Board of Directors.

IRFC enters into Memorandums of Agreement (MoAs) with implementing agencies for the execution of CSR projects and finalizes the terms as approved by the Board. Implementing agencies are required to submit periodic reports, as well as a project completion report upon the completion of projects. If necessary, the implementing agencies may also be requested to provide an impact assessment report.

We have also examined compliance with the applicable clauses of the following:

- a. Secretarial Standards issued by the Institute of Company Secretaries of India.
- b. DPE guidelines on Corporate Governance for Central Public Sector Enterprises issued by the 'Department of Public Enterprises', Ministry of Heavy Industries and Public Enterprises, Government of India;

We have not examined the applicable financial laws, like direct and indirect tax laws, since the same have been subject to review by statutory financial audit and other designated professionals.

We report that during the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. as mentioned above except that the number of Independent Directors on the Board was less than half of the total strength of Board as required under regulation 17(1)

of SEBI (LODR) Regulations, 2015, Companies Act 2013 and the DPE guidelines. For the quarter ended on December 2024 and March 2025 Composition of the committees namely Audit committee, Nomination and Remuneration committee, Stakeholder Relationship committee and Risk Management committee are not in compliance of Companies Act 2013 and Regulation 18(1), 19, 20 and 21(2) of SEBI (LODR) Regulations, 2015. The Company has been requesting and following up with its administrative ministry i.e., Ministry of Railways (MOR) for the appointment of requisite number of Independent Directors on its Board.

#### **We further report that:**

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors. However, as mentioned above, the company did not have requisite number of Independent Director on its Board during the period under review. The changes, if any, in the composition of the Board that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all Directors to schedule the Board and Committee Meetings as per the statutory provisions, and agenda and detailed notes on agenda which were sent at shorter notice were taken up after obtaining the requisite permission as required under the Secretarial Standard -1 of ICSI. Further a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board and/or Committee meetings are carried as recorded in the minutes of the meetings of the Board of Directors or respective Committee of the Board, as the case may be.

There was no prosecution initiated during the year under review under the Companies Act 2013, SEBI Act, Depositories Act and Rules, Regulations and Guidelines framed under these Acts against / on the Company, its Directors and Officers. However during the year under review the NSE and BSE each have levied fine of ₹ 26,62,080 for non-compliance of Regulation 17(1), 17(2A), 18(1), 19, 20 and 21(2) of SEBI (LODR) Regulations, 2015 in respect of non-appointment of requisite numbers of Independent Directors, composition of the Board, quorum of Board meetings, constitution of committees namely Audit, Nomination and Remuneration, Stakeholder Relationship, and Risk Management. However, the Company has requested NSE and BSE to waive off the said fines imposed on the Company.

We further report that based on the information received and records maintained there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with other applicable laws, rules, regulations and guidelines.

We further report that during the period under review the Company has issued Domestic Bonds aggregating ₹ 27,240 Crores comprised of ten series of bonds.

We further report that during the audit period, there were no instances of:

- a) Public / Right / Preferential Issue of Shares / Sweat Equity;
- b) Buy-back of Securities;
- c) Merger / Amalgamation / Reconstruction etc. and
- d) Foreign Technical Collaboration

### Auditors' Certificate on Compliance of Conditions of Corporate Governance

To,  
The Members of  
**Indian Railway Finance Corporation Limited**

CIN: L65910DL1986GOI026363

Registered Office: UG - Floor, East Tower, NBCC Place,

Bhisham Pitamah Marg, Lodhi Road, Pragati Vihar,

New Delhi, Delhi 110003

We have examined the compliance of conditions of Corporate Governance by **Indian Railway Finance Corporation Limited** (IRFC/Company) for the year ended March 31, 2025, as stipulated in the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Guidelines on Corporate Governance for Central Public Sector Enterprises, 2010 issued by Department of Public Enterprise (DPE Guidelines).

The compliance of conditions of Corporate Governance is the responsibility of the management of the Company. Our examination has been limited to review of procedures and implementations thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance as stipulated in the said clause and guidelines. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the Securities and Exchange Board of India (Listing Obligations & Disclosure Requirements) Regulations, 2015 and in DPE Guidelines, except that the number of Independent Directors on the Board was less than half of the total strength of Board as required under regulation 17(1) of SEBI (LODR) Regulations, 2015, Companies Act 2013 and the DPE guidelines. For the quarter ended on December 2024 and March 2025 Composition of the committees namely Audit committee, Nomination and Remuneration committee, Stakeholder Relationship committee and Risk Management committee are not in compliance of Companies Act 2013 and Regulation 18(1), 19, 20 and 21(2) of SEBI (LODR) Regulations, 2015.

Company/IRFC has explained that IRFC being a Government Company, all the Directors are appointed by the President of India, acting through administrative ministry, i.e., Ministry of Railways (MoR) and as such this is beyond the control of the Company. The Company from time to time has requested MoR for appointment of requisite number of Independent Directors on its Board.

We further state that such compliance certificate is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

## 1. Background

**Indian Railway Finance Corporation Ltd.**, referred to as “the Company” or “IRFC” was incorporated by the Government of India, Ministry of Railways, as a financing arm of Indian Railways, for the purpose of raising the necessary resources for meeting the developmental needs of Indian Railways. The Company's principal business is to borrow funds from the financial markets to finance the acquisition / creation of assets which are then leased out to the Indian Railways as finance lease. IRFC is a Schedule 'A' Public Sector Enterprise under the administrative control of the Ministry of Railways, Govt. of India. It is also registered as Systemically Important Non-Deposit taking Non Banking Financial Company (NBFC – ND-SI) and Infrastructure Finance Company (NBFC- IFC) with Reserve Bank of India (RBI). The President of India along with his nominees holds 86.36% of the equity share capital.

The registered address and principal place of business of the Company is UG - Floor, East Tower, NBCC Place, Bhisham Pitamah Marg, Lodhi Rd, Pragati Vihar, New Delhi, Delhi 110003.

## 2. Material Accounting Policies

A summary of the material accounting policies adopted in the preparation of the financial statements are as given below. These accounting policies have been applied consistently to all periods presented in the financial statements.

### 2.1 Statement of Compliance

The financial statements have been prepared on going concern basis following accrual system of accounting in accordance with the Indian Accounting Standards ('Ind AS') notified under the Companies (Indian Accounting Standards) Rules 2015 and subsequent amendments thereto, read with Section 133 of the Companies Act, 2013 and other Accounting principles generally accepted in India.

These Standalone Financial Statements have been approved by Board of Directors (BOD) of the company on 28.04.2025.

### 2.2 Basis for preparation of financial statements

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Unless otherwise stated, all amounts are stated in Crore of Rupees.

Historical cost is the amount of cash or cash equivalents paid or the fair value of the consideration given to acquire assets at the time of their acquisition or the amount of proceeds received in exchange for the obligation, or at the amounts of cash or cash equivalents expected to be paid to satisfy the liability in the normal course of business.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. Fair value for measurement and/or disclosure purpose in these financial statements is determined on such basis except for, leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value.

In addition, for financial reporting purposes fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs for the fair value measurements are observable and the significance of the inputs to the fair value measurements in its entirety, which are described as follows:

- **Level 1** - Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- **Level 2** - Inputs are inputs, other than quoted prices included within level 1, that are observable for the asset or liability, either directly or indirectly; and
- **Level 3** - inputs are unobservable inputs for the asset or liability.

### 2.3 Use of estimates

The preparation of financial statements requires management to make judgments, estimates and assumptions that may impact the application of accounting policies and the reported value of assets, liabilities, income, expenses and related disclosures concerning the items involved as well as contingent assets and liabilities at the balance sheet date. The estimates and management's judgments are based on previous experience & other factors considered reasonable and prudent in the circumstances. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

# Notes to Financial Statements

as at and for year ended 31 March 2025

(Amounts in ₹ Crore, unless stated otherwise)

In order to enhance understanding of the financial statements, information about material areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most material effect on the amounts recognized in the financial statements is as under:

## a) Formulation of accounting policies

The accounting policies are formulated in a manner that results in financial statements containing relevant and reliable information about the transactions, other events and conditions to which they apply. Those policies need not be applied when the effect of applying them is immaterial.

## b) Post-employment benefit plans

Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, the rate of salary increases and the inflation rate. The Company considers that the assumptions used to measure its obligations are appropriate and documented. However, any changes in these assumptions may have a material impact on the resulting calculations.

## c) Provisions and contingencies

The assessments undertaken in recognizing provisions and contingencies have been made in accordance with Ind AS 37 'Provisions, contingent liabilities and contingent assets'. The evaluation of the likelihood of the contingent events has required best judgment by management regarding the probability of exposure to potential loss. Should circumstances change following unforeseeable developments, this likelihood could alter.

## d) Income taxes

Material estimates are involved in determining the provision for income taxes, including amount expected to be paid/ recovered for uncertain tax positions.

## 2.4 Revenue

Company's revenues arise from lease income, dividend income, interest on lease advance, loans, deposits and investments. Revenue from other income comprise miscellaneous income etc.

Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. Finance lease income in respect of finance leases is allocated to the accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease. (Also see accounting policy on leases at 2.14).

Interest income from financial assets is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Pre-commencement lease-interest income is determined based on the MOU entered with Ministry of Railways and when it is probable that the economic benefits will flow to the Company and the amount can be determined reliably.

Dividend income is recognized in profit or loss only when the right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

## 2.5 Foreign Currency Transaction

### Functional and presentation currency

Items included in the financial statements of entity are measured using currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is entity's functional and presentation currency.

### Transactions and Balances

Transactions in foreign currencies are initially recorded at their respective functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Differences arising on settlement or translation of monetary items are recognised in profit or loss.

# Notes to Financial Statements

as at and for year ended 31 March 2025

(Amounts in ₹ Crore, unless stated otherwise)

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item.

## 2.6 Employee Benefits

### Defined contribution plan

A Defined contribution plan is a post-employment benefit plan under which the company pays fixed contributions in respect of the employees into an independent fund administrated by the government/ pension fund manager and will have no legal or constructive obligation to pay further amounts after its payment of the fixed contribution. Obligations for contributions to defined contribution plans are recognized as an employee benefit expense in statement of profit and loss in the period during which services are rendered by employees.

The company has a defined contribution plan which includes pension scheme and provident fund scheme. Company's contribution towards provident fund and pension scheme for the year are recognised as an expense and charged to the statement of profit and loss.

### Defined benefit plan

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The company's liability towards gratuity and post-retirement benefits such as medical benefits are in the nature of defined benefits plans.

The company's net obligation in respect of defined benefit plans is determined using the projected unit credit method, with actuarial valuations being carried out at the end of reporting period. Actuarial gain/loss on re-measurement of gratuity and other post-employment defined plans are recognised in other comprehensive income (OCI). Past service cost is recognised in the statement of Profit and Loss account in the period of a plan amendment.

### Other long-term employee benefits

The company's obligation towards leave encashment and employee family benefit scheme are in the nature of other long

term employee benefits. Liability in respect of compensated absences becoming due or expected to be availed more than one year after the balance sheet date and employee family benefit scheme are estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are charged to statement of profit and loss in the period in which such gains or losses are determined.

### Short-term employee benefits

Short term employee benefits such as salaries and wages are recognised on undiscounted basis in the statement of Profit and Loss account, on the basis of the amount paid or payable for the period during which services are rendered by the employee.

## 2.7 Taxation

Tax expense comprises Current Tax and Deferred Tax.

### Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible.

The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Current tax is recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current tax is also recognised in other comprehensive income or directly in equity respectively.

The Company is exercising the irrevocable option as permitted by section 115BAA of the Income – tax Act, 1961 whereby by foregoing certain exemptions, deductions and allowances, the tax rate applicable to the Company is lower than the normal tax rate that would have been otherwise applicable to the Company. Henceforth, minimum alternate tax provisions of section 115JB of the Income – tax Act, 1961 are not applicable to the Company.

# Notes to Financial Statements

as at and for year ended 31 March 2025

(Amounts in ₹ Crore, unless stated otherwise)

## Deferred Tax

Deferred tax is recognized using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority.

A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

The Company does not recognize deferred tax asset or deferred tax liability because as per Gazette Notification no. S.O. 529(E) dated 5<sup>th</sup> February 2018 as amended by notification no. S.O. 1465 dated 2 April 2018 issued by Ministry of Corporate Affairs, Government of India, read with their communication no. Eoffice F.No.17/32/2017 – CL – V dated 20<sup>th</sup> March 2020, the provisions of Indian Accounting Standards 12 relating to Deferred Tax Assets (DTA) or Deferred Tax Liability (DTL) does not apply to the Company.

## 2.8 Property, Plant and Equipment (PPE)

An item of property, plant and equipment is recognized as an asset if and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Items of property, plant and equipment are initially recognized at cost. Subsequent measurement is done at cost less accumulated depreciation/amortization and accumulated impairment losses. Cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

When parts of an item of property, plant and equipment have different useful lives, they are recognized separately.

Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that

future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably.

## De-recognition

Property, plant and equipment is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and losses on de-recognition of an item of property, plant and equipment are determined by comparing the proceeds from disposal, if any, with the carrying amount of property, plant and equipment, and are recognized in the statement of profit and loss.

## Depreciation

Depreciation on property, plant and equipment has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

## 2.9 Intangible assets

An intangible asset is recognized if and only if it is probable that the expected future economic benefits that are attributable to the asset will flow to the Company and the cost of the asset can be measured reliably.

Intangible assets that are acquired by the Company, which have finite useful lives, are recognized at cost. Subsequent measurement is done at cost less accumulated amortization and accumulated impairment losses. Cost includes any directly attributable incidental expenses necessary to make the assets ready for its intended use.

Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably.

## De-recognition

An intangible asset is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains & losses on de-recognition of an item of intangible assets are determined by comparing the proceeds from disposal, if any, with the carrying amount of intangible assets and are recognized in the statement of profit and loss.

## Amortization

Software is amortized over 5 years on straight-line method.

# Notes to Financial Statements

as at and for year ended 31 March 2025

(Amounts in ₹ Crore, unless stated otherwise)

## 2.10 Borrowing costs

Borrowing costs consist of interest expense calculated using the effective interest method as described in Ind AS 109 'Financial Instruments' and exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs.

Borrowing costs that are directly attributable to the acquisition, construction/development or erection of qualifying assets are capitalized as part of cost of such asset until such time the assets are substantially ready for their intended use. Qualifying assets are assets which necessarily take substantial period of time to get ready for their intended use or sale.

When the Company borrows funds specifically for the purpose of obtaining a qualifying asset, the borrowing costs incurred are capitalized. When Company borrows funds generally and uses them for the purpose of obtaining a qualifying asset, the capitalization of the borrowing costs is computed based on the weighted average cost of all borrowing that are outstanding during the period and used for the acquisition, construction/exploration or erection of the qualifying asset.

Income earned on temporary investment of the borrowings pending their expenditure on the qualifying assets is deducted from the borrowing costs eligible for capitalization.

Capitalization of borrowing costs ceases when substantially all the activities necessary to prepare the qualifying assets for their intended uses are complete.

All other borrowing costs are recognized as an expense in the year in which they are incurred.

## 2.11 Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks, cash on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

## 2.12 Provisions, contingent liabilities and contingent assets

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of

the time value of money and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance costs.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Contingent liabilities are disclosed on the basis of judgment of the management/independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

Contingent assets are possible assets that arise from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are disclosed in the financial statements when inflow of economic benefits is probable on the basis of judgment of management. These are assessed continually to ensure that developments are appropriately reflected in the financial statements.

## 2.13 Impairment of non-financial assets

The carrying amounts of the Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment considering the provisions of Ind AS 36 'Impairment of Assets'. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset or cash-generating unit is the higher of its fair value less costs to disposal and its value

# Notes to Financial Statements

as at and for year ended 31 March 2025

(Amounts in ₹ Crore, unless stated otherwise)

in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit", or "CGU").

An impairment loss is recognized if the carrying amount of an asset or its CGU exceeds its estimated recoverable amount. Impairment losses are recognized in profit or loss. Impairment losses recognized in respect of CGUs are reduced from the carrying amounts of the assets of the CGU.

Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

## 2.14 Leases

At inception of a contract, the Company assesses whether the contract is, or contains a lease. A contract is, or contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

### Company as a lessor

The Company classifies each of its leases as either an operating lease or a finance lease.

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. The depreciation policy for depreciable underlying assets subject to operating leases is consistent with the Company's normal depreciation policy for similar assets.

Contingent rents are recognised as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

### Company as a lessee

At the contract commencement date, the Company recognizes right – of – use asset and a lease liability. A right – of – use asset is an asset that represents a lessee's right to use an underlying asset for the lease term. The Company has elected not to apply the aforesaid requirements to short term leases (leases which at the commencement date has a lease term of 12 months or less) and leases for which the underlying asset is of low value as described in paragraphs B3 – B9 of Ind AS 116.

A right of use asset is initially measured at cost and subsequently applies the cost mode ie less any accumulated depreciation and any accumulated impairment losses and adjusted for any remeasurement of lease liability. Ind AS 16, Property, Plant and Equipment is applied in depreciating the right – of – use asset.

A lease liability is initially measured at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, the Company's incremental borrowing rate is used. Subsequently, the carrying amount of the lease liability is increased to reflect interest on lease liability; reduced to reflect the lease payments; and remeasured to reflect any reassessment or lease modifications or to reflect revised in – substance fixed lease payments.

## 2.15 Securitisation of Finance Lease Receivable

Lease Receivables securitised out to Special Purpose Vehicle in a securitisation transactions are de-recognised in the balance sheet when they are transferred and consideration has been received by the Company.

The resultant gain/loss arising on securitization is recognised in the Statement of Profit & Loss in the year in which transaction takes place.

Lease Receivables assigned through direct assignment route are de-recognised in the balance sheet when they are transferred and consideration has been received by the

# Notes to Financial Statements

as at and for year ended 31 March 2025

(Amounts in ₹ Crore, unless stated otherwise)

Company. Profit or loss resulting from such assignment is accounted for in the year of transaction.

## 2.16 Leasing of Railway Infrastructure Assets

In terms of Indian Accounting Standard 116, the inception of lease takes place at the earlier of the date of the lease agreement and the date of a commitment by the parties to the principal provisions of the lease.

The commencement of the lease term is the date from which the lessee is entitled to exercise its right to use the leased asset. It is the date of initial recognition of the lease.

As such, in respect of Railway Infrastructure Assets, which are under construction and where the Memorandum of Understanding / terms containing the principal provisions of the lease are in effect with the Lessee, pending execution of the lease agreement, the transactions relating to the lease are:

- (a) presented as "Advance against Railway Infrastructure Assets to be leased"; and thereafter
- (b) transferred to "Project Infrastructure Assets under Finance Lease Arrangement" on receipt of utilization report from the lessee; and thereafter
- (c) transferred to lease receivable as per Ind AS 116 on execution of lease agreement.

## 2.17 Dividends

Dividends and interim dividends payable to the Company's shareholders are recognized as changes in equity in the period in which they are approved by the shareholders' meeting and the Board of Directors respectively.

## 2.18 Material Prior Period Errors

Material prior period errors are corrected retrospectively by restating the comparative amounts for the prior periods presented in which the error occurred. If the error occurred before the earliest period presented, the opening balances of assets, liabilities and equity for the earliest period presented, are restated.

## 2.19 Earnings per share

Basic earnings per equity share is computed by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the financial year.

Diluted earnings per equity share is computed by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

## 2.20 Statement of Cash Flows

Statement of cash flows is prepared in accordance with the indirect method prescribed in Ind AS 7 'Statement of cashflows'.

## 2.21 Operating Segments

The Managing Director (MD) of the Company has been identified as the Chief Operating Decision Maker (CODM) as defined by Ind AS 108, "Operating Segments".

The Company has identified 'Leasing and Finance' as its sole reporting segment.

## 2.22 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

### 2.22.1. Financial Assets

#### Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition or issue of the financial asset.

#### Subsequent measurement

##### *Debt instruments at amortized cost*

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- (a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- (b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

# Notes to Financial Statements

as at and for year ended 31 March 2025

(Amounts in ₹ Crore, unless stated otherwise)

After initial measurement, such financial assets are subsequently measured at amortized cost using the Effective Interest Rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognized in the profit or loss. This category generally applies to trade and other receivables.

Debt instrument at Fair value through Other Comprehensive Income (FVTOCI)

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- (a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- (b) The asset's contractual cash flows represent SPPI

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the OCI. However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the profit and loss. On derecognition of the asset, cumulative gain or loss previously recognized in OCI is reclassified from the equity to profit and loss.

## *Debt instrument at Fair value through profit or loss (FVTPL)*

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to classify a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

## *Equity investments*

All equity investments in entities other than subsidiaries and joint venture companies are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at FVTOCI or FVTPL. The Company makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable. The Company has decided to classify its investments into equity shares of IRCON International Limited through FVTOCI.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

## *De-recognition*

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognized (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all

# Notes to Financial Statements

as at and for year ended 31 March 2025

(Amounts in ₹ Crore, unless stated otherwise)

the risks and rewards of the asset, but has transferred control of the asset.

## *Impairment of financial assets*

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- (a) Financial assets that are debt instruments, and are measured at amortized cost e.g., loans, debt securities, deposits and bank balance.
- (b) Financial assets that are debt instruments and are measured as at FVTOCI.
- (c) Lease receivables under Ind AS 116.
- (d) Loan commitments which are not measured as at FVTPL.
- (e) Financial guarantee contracts which are not measured as at FVTPL.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a material increase in the credit risk since initial recognition. If credit risk has not increased materially, 12 month ECL is used to provide for impairment loss. However, if credit risk has increased materially, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a material increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12 month ECL.

## **2.22.2. Financial liabilities**

### **Initial recognition and measurement**

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs. The

Company's financial liabilities include trade and other payables, borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

### **Subsequent measurement**

The measurement of financial liabilities depends on their classification, as described below:

#### **Financial liabilities at amortized cost**

After initial measurement, such financial liabilities are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance costs in the profit or loss. This category generally applies to borrowings, trade payables and other contractual liabilities.

#### **Financial liabilities at fair value through profit or loss**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

**Gains or losses on liabilities held for trading are recognized in the statement of profit and loss.**

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/losses attributable to changes in own credit risks are recognized in OCI. These gains/losses are not subsequently transferred to profit and loss. However, the Company may transfer the cumulative

# Notes to Financial Statements

as at and for year ended 31 March 2025

(Amounts in ₹ Crore, unless stated otherwise)

gain or loss within equity. All other changes in fair value of such liability are recognized in the statement of profit and loss. The Company has not designated any financial liability as at fair value through profit and loss.

## De-recognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit and loss.

## Derivative financial instruments

### *Initial recognition and subsequent measurement*

The Company uses derivative financial instruments, such as forward currency contracts, cross currency swaps and interest rate swaps to hedge its foreign currency risks and interest rate risks of foreign currency loans. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken to statement of profit and loss. Where the derivative is designated as a hedging instrument, the accounting for subsequent changes in fair value depends on the nature of item being hedged and the type of hedge relationship designated. Where the difference is a pass through the lessee, the amount is received/ reimbursed to the lessee.

## 2.23 Standards issued but not yet effective:

### **Accounting Standards notified, either not yet effective or not applicable to the Company::**

## Note 33 : Leases

Receivables (Note No. 6) include lease receivables representing the present value of future Lease Rentals receivables on the finance lease transactions entered into by the Company.

The lease agreement in respect of these assets is executed at the year-end based on the lease rentals and Implicit rate of return (IRR) with reference to average cost of annual incremental borrowings plus margin decided at that time. Any variation in the lease rental rate or the implicit rate of return for the year is accordingly adjusted at the year end.

IRFC commenced project funding to MoR (Ministry of Railways) for creation & development of railway infrastructure projects in October 2015 under finance lease model with commencement of lease rentals after a gestation period of 5 years as per memorandum of understanding entered with MoR on 23<sup>th</sup> May, 2017. The amount advanced to MoR has been shown as 'Advance to MoR for Railway Infrastructure Projects'. From the said account, the company on receipt of confirmation/utilization reports from ministry of railways, transfers amount actually utilised to "project infrastructure asset under finance lease". Company has till date has executed the Lease Agreement(s) for EBR IF 2015-16, EBR IF 2016-17, EBR IF 2017-18, EBR IF 2018-19 and lease agreements for National Projects 2018-19 & 2019-20 with MoR with respect to aforesaid infrastructure assets. Also, the execution of Lease Agreement for EBR IF 2019-20 is under process and the lease receivables have been recognised with effect from 24<sup>th</sup> March 2025. The lease agreements for funding for EBR\_IF from FY 2020-21 to FY 2022-23 shall be executed on completion of moratorium period.

IRFC board has approved financing of 20 BOBR rakes under General Purpose Wagon Investment Scheme (GPWIS) of Indian Railways to NTPC for up to ₹ 700 crore on finance lease basis on 8<sup>th</sup> October 2024. Under the above-board sanction, IRFC has signed a lease agreement with NTPC Ltd for 8 BOBR rakes amounting to ₹ 250.12 crore in the first phase

Reconciliation of the lease receivable amount on the gross value of leased assets worth ₹ 4,40,657.35 crore (31 March 2024 : ₹ 3,95,606.17 crore) owned by the Company and leased to the Ministry of Railways(MoR) is as under:

## K) Sensitivity analysis of the defined benefit obligation

Below is the sensitivity analysis determined for significant actuarial assumptions for the determination of defined benefit obligations and based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period while holding all other assumptions constant.

Particulars	As at 31 <sup>st</sup> March 2025	As at 31 <sup>st</sup> March 2024
a) Impact of the change in discount rate		
- Impact due to increase of 0.50 %	2.10	1.44
- Impact due to decrease of 0.50 %	2.23	1.55
b) Impact of the change in salary increase		
- Impact due to increase of 0.50 %	2.18	1.51
- Impact due to decrease of 0.50 %	2.14	1.47

Sensitivities due to mortality and withdrawals are not material and hence impact of change not calculated.

Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement & life expectancy are not applicable being a lump sum benefit on retirement.

## L) The employer's best estimate of contribution expected to be paid during the next year:

Particulars	As at 31 <sup>st</sup> March 2025	As at 31 <sup>st</sup> March 2024
Expected contribution of the next year	0.17	0.14

## M) These plans typically expose the Company to Actuarial Risks such as Investment Risk, Liquidity Risk, Market Risk and Legislative Risk.

<b>Actuarial Risk</b>	<p>It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:</p> <p><b>Adverse Salary Growth Experience:</b> Salary hikes that are higher than the assumed salary escalation will result into an increase in Obligation at a rate that is higher than expected.</p> <p><b>Variability in mortality rates:</b> If actual mortality rates are higher than assumed mortality rate assumption than the Gratuity Benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cash flow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.</p> <p><b>Variability in withdrawal rates:</b> If actual withdrawal rates are higher than assumed withdrawal rate assumption than the Gratuity Benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.</p>
<b>Investment Risk</b>	For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.
<b>Liquidity Risk</b>	Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign/retire from the company there can be strain on the cash flows.

# Notes to Financial Statements

as at and for year ended 31 March 2025

(Amounts in ₹ Crore, unless stated otherwise)

<b>Market Risk</b>	Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate/government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.
<b>Legislative Risk</b>	Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation/regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

## 37.3 The Company operates a funded leave benefit plan.

## K) Sensitivity analysis of the defined benefit obligation

Below is the sensitivity analysis determined for significant actuarial assumptions for the determination of defined benefit obligations and based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period while holding all other assumptions constant.

Particulars	As at 31 <sup>st</sup> March 2025	As at 31 <sup>st</sup> March 2024
a) Impact of the change in discount rate		
- Impact due to increase of 0.50 %	2.64	1.71
- Impact due to decrease of 0.50 %	2.76	1.80
b) Impact of the change in salary increase		
- Impact due to increase of 0.50 %	2.76	1.80
- Impact due to decrease of 0.50 %	2.64	1.71

Sensitivities due to mortality and withdrawals are not material and hence impact of change not calculated.

Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement & life expectancy are not applicable being a lump sum benefit on retirement.

## L) These plans typically expose the Company to actuarial risks such as Investment Risk, Liquidity Risk and Market Risk.

<b>Actuarial Risk</b>	<p>It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:</p> <p><b>Adverse Salary Growth Experience:</b> Salary hikes that are higher than the assumed salary escalation will result into an increase in Obligation at a rate that is higher than expected. Variability in mortality rates: If actual mortality rates are higher than assumed mortality rate assumption then the leave benefit will be paid earlier than expected. The acceleration of cash flow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.</p> <p><b>Variability in withdrawal rates:</b> If actual withdrawal rates are higher than assumed withdrawal rate assumption then the leave benefit will be paid earlier than expected. The impact of this will depend on the relative values of the assumed salary growth and discount rate.</p> <p><b>Variability in Availment rates:</b> If actual Availment rates are higher than assumed Availment rate assumption then leave balances will be utilised earlier than expected. This will result in reduction in leave balances and Obligation.</p>
<b>Investment Risk</b>	For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.
<b>Liquidity Risk</b>	Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign/retire from the company there can be strain on the cash flows.
<b>Market Risk</b>	Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate/government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

## 38.2.2: Fair value measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions, regardless of whether that price is directly observable or estimated using a valuation technique.

In order to show how fair value have been derived, financial instruments are classified based on hierarchy of valuation techniques as explained below:

**Level 1:** Quoted prices (unadjusted) in active markets for identical assets or liabilities;

**Level 2:** Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices in markets that are not active) or indirectly (i.e. quoted prices for similar assets or liabilities);

**Level 3:** Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Set below is a comparison, by class, of the carrying amounts and fair value of the financial instruments. This table does not include the fair value of non-financial assets and non-financial liabilities.

The following table presents the comparison of carrying value of financial instruments vis-à-vis their carrying amount as at 31<sup>st</sup> March 2025

## Valuation technique used to determine fair value

For financial assets and financial liabilities that have a short term maturity (less than twelve months), the carrying amount which are net of impairment, are a reasonable approximation of their fair value. Such instruments include: cash and cash equivalents, balance other than cash and cash equivalents, trade payables, short term loans and borrowings.

The fair value of Investment in IRCON International Limited is measured as per the quoted on National Stock Exchange (Level 1 Input) as on 31 March 2025 & 31 March 2024

## Dividend received

Particulars	For the Year ended 31 March 2025	For the Year ended 31 March 2024
Dividend received (IRCON International Limited)	0.72	0.78

Fair value of financial assets and financial liabilities that are not measured at fair value (but fair value disclosures are required).

The directors consider that the carrying amounts of financial assets and financial liabilities recognised in the financial statements approximate their fair values.

## 38.3 Financial risk management

The Company's activities expose it to a variety of financial risks which includes market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Company's focus is to ensure liquidity which is sufficient to meet the Company's operational requirements. The Company monitors and manages key financial risks so as to minimise potential adverse effects on its financial Performance. The Company has a risk management policy which covers the risks associated with the financial assets and liabilities. The details for managing each of these risks are summarised ahead.

## 38.4: Market risk

Market risk is the risk that the expected cash flows or fair value of a financial instrument could change owing to changes in market prices. The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates.

Company use derivative instruments to manage market risk against the volatility in foreign exchange rates and interest rates in order to minimize their impact on its results and financial position. Company policy is not to utilize any derivative financial instruments for trading or speculative purposes.

## 38.5: Foreign currency risk management

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows.

Particulars	Liabilities		Assets	
	As at 31 March 2025	As at 31 March 2024	As at 31 March 2025	As at 31 March 2024
Secured foreign currency term loan	1,888.61	1,835.70	-	-
Unsecured bonds from overseas capital market	23,661.57	27,226.46	-	-
Unsecured foreign currency term loans	40,661.76	39,785.76	-	-
<b>Total</b>	<b>66,211.94</b>	<b>68,847.92</b>	<b>-</b>	<b>-</b>

## Foreign currency sensitivity analysis

The following table details the company's sensitivity to a 10% increase and decrease in the INR against the relevant outstanding foreign currency denominated monetary items. 10% sensitivity indicates management's assessment of the reasonable possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 10% change in foreign currency rates. A positive number below indicates an increase in profit or equity where Rupee appreciates 10% against the relevant currency. A negative number below indicates a decrease in profit or equity where the Rupee depreciates 10% against the relevant currency.

Particulars	As at 31 March 2025		As at 31 March 2024	
	INR strengthens by 10%	INR weakening by 10%	INR strengthens by 10%	INR weakening by 10%
Profit or (loss)	6,621.19	(6,621.19)	6,884.79	(6,884.79)

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year. Further the gain/(loss) on account of exchange rate variations on all foreign currency loans and foreign currency monetary items along with hedging cost is recoverable from MoR as per the lease agreements executed with them.

## 38.6: Interest rate risk management

The Company is exposed to interest rate risk because it borrows funds at both fixed and floating interest rates. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings. Company use financial instruments to manage its exposure to changing interest rates and to adjust its mix of fixed and floating interest rate debt on long-term debt.

The Company's exposures to interest rates on financial assets and financial liabilities are detailed in the liquidity risk management section of this note.

## Interest rate sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to interest rates for both derivatives and non-derivative instruments at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point increase or decrease represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 50 basis points higher/ lower and all other variables were held constant, the Company's:

- Profit for the year ended 31 March 2025 would decrease/increase by ₹ 1184.81 crore (31 March 2024: decrease/increase ₹ 1,102.97 crore). This is mainly attributable to the Company's exposure to interest rates on its rate debt securities;

# Notes to Financial Statements

as at and for year ended 31 March 2025

(Amounts in ₹ Crore, unless stated otherwise)

- ii) Profit for the year ended 31 March 2025 would decrease/increase by ₹ 875.59 crore (31 March 2024: decrease/increase ₹ 974.43 crore). This is mainly attributable to the Company's exposure to interest rates on its rate borrowings.

## Interest Rate Benchmark Reform:

Exposure directly affected by the interest rate benchmark reform as required by Ind-AS 107, para 24-I and 24-J

The total amount of exposure that is directly affected by Interest Rate Benchmark Reform (IBOR) i.e. after June 2023 is USD 3,300 million (Amount in ₹ 28,556.94 crore) as on 31.03.2025. Out of this, the amount of the derivative exposure linked with such liabilities and accounted for under hedge accounting is USD 225 million (Amount in ₹ 328.17crore)

Following is the detail of the foreign currency borrowings after interest rate benchmark transition during the year 2024-25.

## Managing the process of transition to alternative benchmark rates.

The Standard ISDA IBOR Fallback Protocol has been followed by the Company for transition from USD LIBOR to alternate reference rate/benchmark. For certain facilities, the Company has executed bilateral agreements with the lender to transition from USD LIBOR. For these bilaterally negotiated agreements, the Company has negotiated slight alterations in certain standard terms mentioned in the ISDA IBOR Fallback Protocol for operational purposes.

## Significant assumptions for exposure affected by the interest rate benchmark reform

The alternative reference rate/benchmarks for the LIBOR linked loans and their derivatives have been agreed with the lenders and the derivative bankers. As a result of such reform there has been no change in the relationship of the hedged items, hedged instruments and its corresponding hedge effectiveness.

# Notes to Financial Statements

(Amounts in ₹ Crore, unless stated otherwise)

The hedge accounting relationships that are affected by the adoption of the temporary exceptions are presented in the balance sheet in note 5, 'Derivatives Financial Instruments'.

## 38.7: Other price risks

The Company has a small amount of investment in equity instruments, price risk of which is not considered material.

## 38.8: Credit risk management

Credit risk arises from the possibility that the counterparty will default on its contractual obligations resulting in financial loss to the company. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, and analysis of historical bad debts and ageing of accounts receivable.

The Company consider the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is significant increase in credit risk, it considers reasonable and supportive forward looking information such as:

- (i) Actual or expected significant adverse change in business.
- (ii) Actual or expected significant changes in the operating results of the counterparty.
- (iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligation.
- (iv) Significant increase in credit risk and other financial instruments of the same counterparty.
- (v) Significant changes in the value of collateral supporting the obligation or in the quality of third party guarantees or credit enhancements.

RBI vide its circular dated 13 March 2020 "Implementation of Indian Accounting Standards by Non-Banking Financial Companies and assets Reconstruction Companies", required the Board of Directors to approve sound methodologies for computation of Expected Credit Losses (ECL). As such company has formed a ECL policy to manage its credit risk.

The Company's major exposure is from lease receivables from the Ministry of Railways, Government of India; lease receivables from NTPC Limited; and loans to Rail Vikas Nigam Limited, IRCON International Limited which are under the control of Ministry of Railways, and NTPC Renewable Energy Limited. There is no credit risk on lease receivables being due from sovereign. With respect to the lease receivables from NTPC Limited and loans given to Rail Vikas Nigam Limited, IRCON International Limited, and NTPC Renewable Energy Limited, the Company considers the Reserve Bank of India Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023 [DOR.FIN.REC.NO.45/03.10.119/2023-24 dated 19/10/2023] to be adequate compliance with the impairment norms as per Ind AS 109, Financial Instruments, as these entities are either under the Ministry of Railways or are public sector undertakings backed by the Government of India. The Company does not expect any concern regarding the repayment of the aforesaid loans.

## 38.9: Liquidity risk management

Liquidity risk is defined as the potential risk that the Company cannot meet the cash obligations as they become due.

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the company's short, medium, and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves and banking facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities. Besides, there is a provision in the lease agreements with the Ministry of Railways (MOR) whereby MOR undertakes to provide lease rentals in advance (to be adjusted from future payments) in case the Company doesn't have adequate liquidity to meet its debt service obligations.

## Liquidity and interest risk tables

The following tables detail the company's remaining contractual maturity for its financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the company can be required to pay. The tables include both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the company may be required to pay.

## 38.10: Derivative financial instruments

The Company holds derivative financial instruments such as foreign currency forward contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The objective of hedges is to minimize the volatility of INR cash flows of highly probable forecast transaction.

However, the gain/(loss) on account of exchange rate variations on all foreign currency loans and foreign currency monetary items along with hedging cost is recoverable from MoR as per the lease agreements executed with them.

Hedge effectiveness is determined at the inception of the hedge relationship, and through periodic prospective effectiveness assessments to ensure that an economic relationship exists between the hedged item and hedging instrument, including whether the hedging instrument is expected to offset changes in cash flows of hedged items.

As on 31 March 2025

## Note 41: Other Disclosures

- (a) Lease rental is charged on the assets leased from the first day of the month in which the Rolling Stock assets have been identified and placed on line as per the Standard Lease Agreements executed between the Company and MOR from year to year.
- (b) Ministry of Railways (MOR) charges interest on the value of the assets identified prior to the payments made by the Company, from the first day of the month in which the assets have been identified and placed on line to the first day of the month in which the money is paid to the MOR. However, no interest is charged from the MOR on the amount paid by the company prior to identification of Rolling stock by them.
- (c) (i) Interest rate variation on the floating rate linked rupee borrowings and interest rate and exchange rate variations on interest payments in the case of foreign currency borrowings are adjusted against the lease income/ pre-commencement lease income in terms of the variation clauses in the lease agreements for Rolling Stock/ memorandum of understanding (MoU) for funding of Infrastructure assets executed with the Ministry of Railways. During the year ended 31 March 2025, such differential has resulted in an amount of ₹ 3617.34 crore refundable to the Company ( 31 March 2024: ₹ 3,658.20 crore, refundable to the Company) which has been accounted for in the lease income/pre-commencement lease income.
- (ii) In respect of foreign currency borrowings, which have not been hedged, variation clause have been incorporated in the lease agreements specifying notional hedging cost adopted for working out the cost of funds on the leases executed with MOR. Hedging cost in respect of these foreign currency borrowings is compared with the amount recovered by the company on such account on notional cost basis and accordingly, the same is adjusted against the lease income. During the year ended 31 March 2025 in respect of these foreign currency borrowings, the Company has recovered a sum of ₹1,536.32 crore (31 March 2024: ₹ 1,583.54 crore) on this account from MOR against a sum of ₹ Nil crore (31 March 2024: ₹ Nil crore) incurred towards hedging cost and the balance amount of ₹1,536.32 crore (31 March 2024: ₹ 1,583.54 crore ) is refundable to MOR.
- (d) For computing the Lease Rental, in respect of the rolling stock assets acquired and leased to the Ministry of Railways amounting to ₹ Nil crore during the period ended 31<sup>st</sup> Mar 2025 (31<sup>st</sup> Mar 2024: ₹ Nil crore), the Lease Rental Rate and the Internal Rate of Return have been worked out with reference to the average cost of incremental borrowings made during the year plus the margin.
- (e) The Leases executed for Rolling Stock in the year 1994-95, 1993-94, 1992-93, 1991-92, 1990-91, 1989-90 and 1988-89 for ₹ 1050.10 crore, ₹ 900.38 crore, ₹ 961.82 crore, ₹ 1,500.49 crore, ₹ 1,170.04 crore, ₹ 1,072.56 crore & ₹ 860.73 crore have expired on 31 March 2025, 31 March 2024, 31 March 2023, 31 March 2022, 31 March 2021, 31 March 2020 & 31 March 2019 respectively. During the primary and secondary lease periods full value of assets (including interest) has been recovered from the lessee ( MOR). These assets have outlived their useful economic life.

## Note 42:

- (a) (i) The Reserve Bank of India has issued Master Direction – Non- Banking Financial Company- Scale Based Regulation) Directions, 2023 vide notification DoR.FIN.REC.No.45/03.10.119/2023-24 dated 19<sup>th</sup> October 2023 (updated as on November 10, 2023). The Reserve Bank of India has granted exemption to the Company in respect of classification of asset, provisioning norms and credit concentration norms to the extent of direct exposure to sovereign.
- (a) (ii) Till the financial year 2017-18, the Company, being a government NBFC, was exempt from creation and maintenance of Reserve Fund as specified u/s 45-IC of Reserve Bank of India Act, 1934. However, the said exemption has been withdrawn by the erstwhile Reserve Bank of India (RBI) vide Notification No. DNBR (PD) CC.NO.092/0310.001/2017-18 dated 31<sup>st</sup> May 2018. Accordingly, the Company is now creating the Reserve Fund as required u/s 45IC of RBI Act, 1934, wherein at least 20% of net profit every year will be transferred before the declaration of dividend. No appropriation is allowed to be made from the reserve fund except for the purpose as may be specified by the Bank from time to time and further, any such appropriation is also required to be reported to the Bank within 21 days from the date of such withdrawal.

The Company has a reserve of ₹1300.4 crore for the year ended 31<sup>st</sup> March 2025 (₹ 1,282.42 crore in 31 March 2024) u/s 45IC.

## Note 43:

- (a) (i) The Finance Act, 2001 provides for the levy of service tax on the finance and interest charges recovered through lease rental instalments on the Financial Leases entered on or after 16-07-2001. The Central Government vide Order No.1/1/2003-ST dated 30 April 2003 and subsequent clarification dated 15-12-2006 issued by the Ministry of Finance has exempted the Lease Agreements entered into between the Company and the Ministry of Railways from the levy of Service Tax thereon u/s 93(2) of the Finance Act, 1994.
- (ii) The GST Council in their meeting held on 19 May, 2017 has exempted the services of leasing of assets (rolling stock assets including wagons, coaches, locos) by Indian Railways Finance Corporation to Indian Railways from the levy of Goods & Service Tax (GST), Notification No. 12/2017 (Heading 9973) which has been made applicable with effect from 1 July, 2017. Vide notification no. 07/2021 dated 30.09.2021 issued by the Ministry of Finance, the said GST exemption on leasing of rolling stock by Indian Railways Finance Corporation to Indian Railways is withdrawn w.e.f. 01.10.2021
- (b) (i) The Company had deposited a sum of ₹1,466.45 crore towards GST under the reverse charge mechanism for funds transferred to MoR for making payments on behalf of the Company to contractors for the construction of projects for the period November 2017 to June 2018. As opined by the tax consultant, the above transaction did not involve any supply from MoR to the company, and accordingly, no GST under RCM was payable by the Company, and hence, refund applications were filed with the GST department for the refund of said deposit of ₹ 1,466.45 crore. However, vide orders dated 22-09-2020 and 30-09-2020, the said refund applications have been rejected by the additional commissioner (Department of Trade and Taxes), GNCT of Delhi. The Company has filed 6 appeals before the first appellate authority through its attorney, New Delhi, against the rejection of refund orders on 24 December 2020 and 29 December 2020. Hearing of the case is going on, and the last hearing was scheduled for 21<sup>st</sup> January 2025 but the same was adjourned and the next date of hearing is yet to be received by the Company.
- (ii) In the ultimate event of non-admissibility of refund claims by the GST department, the amount would be adjusted by the Company against the GST liability on lease rentals from infrastructure assets to be leased to MoR or other GST liability in future.

## Note 44:

Increase/(Decrease) in liability due to exchange rate variation on foreign currency loans for purchase of leased assets/creation of Infrastructure assets amounting to ₹ 1913.60 crore (31 March 2024: ₹ 957.38 crore (payable)) has not been charged to the Statement of Profit and Loss as the same is recoverable from the Ministry of Railways (lessee) separately as per lease agreements in respect of rolling stock assets/memorandum of understanding (MoU) for funding of Infrastructure assets to be leased. The notional hedging cost on external commercial borrowings inbuilt into the Lease Rentals amounting to ₹ 232.33 crore (31 March 2024: ₹ 232.33 crore) is refundable to Ministry of Railways for the year ended 31 March 2025 (Ref of Note 41 C (iii)). Further, a sum of ₹ 700.57 (31 March 2024: ₹Nil crore) has been recovered towards crystallised exchange rate variation on foreign currency loans repaid during the year ended 31<sup>st</sup> March 2025. The amount recoverable from MoR on account of exchange rate variation net of notional hedging cost and crystallised exchange rate variation is ₹ 6730.61 crore (31 March 2024: ₹ 5794.75 crore).

Effective portion of (loss)/gain on account of decrease/increase in the fair value of the derivative assets (hedging instruments) amounting to ₹ 41.24 crore (31 March 2024: ₹ 92.30 crore) classified as cash flow hedges has not been recognised in the other comprehensive income as the same is recoverable/refundable to the MOR (Lessee) since the derivatives have been contracted to hedge the financial risk of MOR (Lessee).

## Note 45:

The Ministry of Railways (MOR) vide letter dated 23 July 2015 had authorized the Company to draw funds from Life Insurance Corporation of India (LIC) in consultation with MOR for funding of Railway Projects in line with finance leasing methodology adopted by Company for funding Railway Projects in past. In addition to funds raised from LIC, the Company has also funded MoR from other borrowings and internal accruals. Pending execution of the Lease Documents, the Company had entered into a Memorandum of Understanding with the Ministry of Railways on 23 May 2017 containing principal terms of the lease transactions. The Company has now entered a fresh Memorandum of Understanding with Ministry of Railways on 2 March 2021 superseding all earlier MoU/arrangement.

## Note 46:

- i Ministry of Railways, Government of India is the Parent of the Company. The Company leases various assets including rolling stock, locomotives, project infrastructure assets such as railway tracks, signaling system, railways stations, bridges etc to Ministry of Railways under finance lease model as per IndAS 116. The computation of lease income requires estimation of a number of financial metrics such as source of borrowings, weighted average cost of capital, approved margins, exchange and interest rate variations etc which is determined on a continuous basis in consultation with Ministry of Railways. The weighted average cost of capital and margin have been finalised for the disbursement made till FY 2022-23. No disbursement made to the MoR for the FY 2023-24 and FY 2024-25.
- ii The reconciliation with the Ministry of Railways uptill FY 2023-2024 has been completed. The reconciliation of balances with MoR as on 31<sup>st</sup> March 2025 will be carried out in due course based on audited accounts of FY 2024-25. The disbursement to MoR for project infrastructure assets for which Lease Agreements are yet to be executed stand at ₹1,32,876.98 crore as on 31<sup>st</sup> March 2025 against which utilisation statement has been received from MoR.

## Note 47:

- (a) The Company discharges its obligation towards payment of interest, redemption of bonds and payment of dividend, by depositing the respective amounts in the designated bank accounts. Reconciliation of such accounts is an ongoing process and has been completed upto 31 March 2025. The Company does not foresee any additional liability on this account. The total balance held in such specified bank accounts as on 31 March 2025 is ₹ 32.65 crore (31 March 2024 is ₹ 31.99 crore)
- (b) The Company is required to transfer any amount remaining unclaimed and unpaid in such interest and redemption accounts after completion of 7 years to Investor Education Protection Fund (IEPF) administered by the Ministry of Corporate Affairs, Government of India. During the year ended 31 March 2025, a sum of ₹ 0.47 crore (31 March 2024: ₹ 2.81 crore) was deposited in IEPF.

## Note 48: Corporate Social Responsibility

As required under section Section 135 of the Companies Act 2013, the Company has formed a Corporate Social Responsibility Committee. The Company has undertaken Corporate Social Responsibility activities during the year, which have been approved by the CSR Committee and are specified in Schedule VII of the Companies Act 2013.

In the year 2020-21, the Ministry of Corporate Affairs (MCA) issued the Companies (Corporate Social Responsibility Policy) Amendment Rules, 2021 (the "Amendment"), and the effective date of the amendments to Section 135 of the Companies Act, as made by the Companies Amendment Act, 2019 and Companies Amendment Act, 2020, was notified as 22.01.2021.

In accordance with the amendment under the said notifications, any unspent CSR amount, other than for any ongoing project, shall be transferred to a Fund specified in Schedule VII, within a period of six months of the expiry of the financial year. Any unspent amount pursuant to any ongoing project must be transferred to unspent CSR Account in any scheduled bank within a period of thirty days from the end of the financial year, to be utilised within a period of three financial years, failing which it shall transfer the same to a Fund specified in Schedule VII, within a period of thirty days from the date of completion of the third financial year. Further, if the company spends an amount in excess of the requirement under statute, the excess amount may be set off for three succeeding financial years against the amount to be spent.

As the notification became effective during the FY 2020-21, the Company is complying with the amended provisions of Section 135 of the Companies Act, 2013 from the financial year 2021-22 onwards. Consequently, the Company has set aside provisions for an unspent amount related to ongoing projects totaling ₹124.47 crore for the FY 2024-25 (₹ 80.94 crore in FY 2023-24).

- (i) For the financial year ended 31.03.2025, the Company paid a gross amount of ₹ 28.28 crore (₹ 27.18 crore relates to prior years), while for the year ended 31.03.2024, the Company paid a gross amount of ₹ 54.96 crore (₹ 23.63 crore relates to prior years) towards CSR projects. The gross amount required to be spent for the year ended 31.03.2025 was ₹ 125.58 crore, for which the Board approved an amount of ₹ 125.58 crore towards the CSR projects. For the year ended 31.03.2024, the gross amount required to be spent was ₹ 112.27 crore, for which the Board approved an amount of ₹112.27 crore, which includes ₹80.94 towards the CSR projects, ₹ 22.33 crore towards PM CARES, ₹ 4.5 crore each towards Swach Bharat Kosh and Clean Ganga Fund.

## c) Risk Exposure in Derivatives (currency and interest rate derivatives)

### Qualitative disclosure

The Company enters into derivatives for the purpose of hedging and not for trading/speculation purposes.

The Company has framed a risk management policy duly approved by the board in respect of its External Commercial Borrowings (ECBs). A risk management committee comprising the Managing Director and Director Finance has been formed to monitor, analyse and control the currency and interest rate risk in respect of ECBs.

The Company avails various derivative products like currency forwards, Cross Currency swap, Interest rate swap etc. for hedging the risks associated with its ECBs.

## d) Derivative Instruments

The Company judiciously contracts financial derivative instruments in order to hedge currency and / or interest rate risk. All derivative transactions contracted by the Company are in the nature of hedging instruments with a defined underlying liability. The Company does not deploy any financial derivative for speculative or trading purposes.

(a) The Company uses foreign currency forward contracts to hedge its risk associated with foreign currency fluctuations in respect its External Commercial Borrowings.

Outstanding foreign exchange forward contracts entered into by the Company which have been used for hedging the foreign currency risk on repayment of external commercial borrowings (principal portion):

As at 31 March 2025				As at 31 March 2024

- (d) Other than currency forward contracts, the Company also resorts to interest rate derivatives like Cross Currency Interest Rate Swap and Interest Rate Swap for hedging the interest rate risk associated with its external commercial borrowings.

The Company recognizes these derivatives in its Financial Statements at their Fair Values. Further, in view of the fact that these derivatives are Over the Counter (OTC) contracts customized to match the residual tenor and value of the underlying liability, the Company relies on the valuations done by the counter parties to the derivative transactions using the theoretical valuation models.

# Independent Auditor's Report

To  
the Members,  
**Indian Railway Finance Corporation Limited,**

## Report on the Audit of the Standalone Ind AS Financial Statements

### Opinion

We have audited the Standalone Ind AS Financial Statements of **Indian Railway Finance Corporation Limited** ("the Company"), which comprise the Balance Sheet as at 31<sup>st</sup> March, 2025 and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity, and the Statement of Cash Flows for the year then ended, and Notes to the Standalone Ind AS Financial Statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "Standalone Ind AS Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31<sup>st</sup> March, 2025 and the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

### Basis for Opinion

We conducted our Audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the

standalone Ind AS financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules there-under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Emphasis of Matter

We draw attention to Note- 33 of the standalone Ind AS financial statements where company has disclosed about recognition of lease receivable for Project EBR IF 2019-20 w.e.f. 24<sup>th</sup> March, 2025 and execution of lease agreement for same is under process on the reporting date.

Our opinion is not modified in respect of matter stated above.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	Auditor's Response
<b>Lease Income and Lease Receivables</b> <p>The primary business of company involves financial leasing of rolling stock assets, railway infrastructure assets and national projects. The company borrows funds from financial market and finances the acquisition/creation of railway assets and then lease out the same to Ministry of Railways (MoR) as finance lease. The lease period is typically for 30 years, comprising a primary period of 15 years followed by a secondary period of 15 years. As part of the lease, recovery of the principal component and interest is effected during the primary lease period and at the end of the lease period, assets are transferred to the MoR at a nominal price. The company adopts cost plus lease arrangement which ensures a net interest margin for company.</p>	<p>Principal audit procedures performed included the following:</p> <ul style="list-style-type: none"> <li>• We have obtained an understanding of the processes and controls for finalization of lease terms and conditions and formulation of lease agreement.</li> <li>• We have examined the lease agreement for determination of identifiable assets, lease term, internal rate of return, moratorium periods etc.</li> <li>• We have verified the measurement and recognition of lease rentals into lease income and lease receivables in the statement of profit and loss and Balance Sheet.</li> </ul>

Key Audit Matters	Auditor's Response
We have identified assessment of lease income as a key audit matter because income from leased asset contributes a significant portion to the total income of the company.	<ul style="list-style-type: none"> <li>We have reviewed the measurement and recognition of various other expenses related to borrowed funds recovered/paid from/to MoR and adjusted with the lease income.</li> <li>We have reviewed the adequacy of disclosures with respect to lease income and lease receivable assets in the financial statements.</li> </ul> <p>Our audit procedure did not identify any significant material exception.</p>

### Information Other than the Standalone Ind AS Financial Statements and Auditor's Report thereon

The Company's Board of Directors are responsible for the other information. The other information comprises the Directors' report, Corporate Governance report, Business responsibility report and Management Discussion and Analysis etc. in the Annual report but does not include the standalone Ind AS financial statements and our report thereon. Such other information is expected to be made available to us after the date of this Auditor's Report.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

### Responsibilities of Management and Those Charged with Governance for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian accounting standards (Ind AS) specified under section 133 of the Act read with relevant rules, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and

maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Ind AS Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's report to the related disclosures in the standalone Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatement in the standalone Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonable knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) Planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements of the current period and are therefore the key audit

matters. We describe these matters in our Auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Report on Other Legal and Regulatory Requirements:

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in "**Annexure - A**" a statement on the matters specified in paragraphs 3 and 4 of the said Order, to the extent applicable.
2. On the basis of information and explanations given to us by the company we are enclosing our report in "**Annexure - B**" on the directions/ sub-directions issued by Comptroller and Auditor General of India in terms of Section 143(5) of the Act.
3. As required by Section 143(3) of the Act, we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive income, the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account;
  - d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with relevant rules.
  - e) In terms of Notification no. G.S.R. 463 (E) dated 05<sup>th</sup> June, 2015 issued by the Ministry of Corporate Affairs, provisions of Section 164(2) of the Act regarding disqualifications of the Directors are not applicable, as it is a Government Company.
  - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report as referred in "**Annexure - C**" of Audit Report.
  - g) Pursuant to Notification no. G.S.R. 463 (E) dated 5<sup>th</sup> June, 2015 issued by the Ministry of Corporate

Affairs, provisions of section 197 of the Act regarding managerial remuneration are not applicable, as it is a Government Company.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Disclosure Note 34 to the standalone Ind AS financial statements;
  - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
  - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company-Refer Disclosure Note 47(b) to the standalone Ind AS financial statements;
  - iv. a) The Company has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
  - b) The Company has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether,

directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- c) Based on such audit procedures that we have considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material mis-statement.
- v. Regarding dividend declared or paid by the company during the year;
  - a) The final dividend proposed in the previous year, declared and paid by the Company during the year is compliance with Section 123 of the Act, as applicable.
  - b) The interim dividend declared and paid by the Company during the year is in compliance with Section 123 of the Act.
- vi. Based on our examination, which includes test checks, the company has used accounting software Tally ERP for maintaining its books of account for the financial year ended 31<sup>st</sup> March 2025 which has a feature of recording audit trail (edit log) facility. The audit trail facility has been operating throughout the year for all transactions recorded in the software. During the course of our audit we did not come across any instance of audit trail feature being tampered with. Further the same has been preserved as per the statutory requirements.

## Annexure “A” to the Independent Auditor's Report on the Financial Statements

(Referred to in Para 1 under the heading 'Report on other Legal and Regulatory Requirements' of our report of even date to The Members of Indian Railway Finance Corporation Limited on the standalone Ind AS financial Statements for the year ended 31<sup>st</sup> March, 2025).

- i) a) A. The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment;
- B. The company is maintaining proper records showing full particulars of Intangible Assets;
- b) The Company has a program of physical verification of Property, Plant and Equipment so as to cover all the assets once in three year (Last physical verification was done for the financial year 2023-24) which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. According to the information and explanations given to us, no material discrepancies were noticed on such verification. There is currently no system in place for the physical verification of assets that have been leased out or those that have been acquired for the purpose of leasing out.

## Annexure “C” to the Independent Auditor's Report

(Referred to in Para 3(f) under the heading 'Report on other Legal and Regulatory Requirements' of our report of even date to The Members of Indian Railway Finance Corporation Limited on the standalone Ind AS financial Statements for the year ended 31<sup>st</sup> March, 2025)

### Report on the Internal Financial Controls with reference to Standalone Ind AS Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Indian Railway Finance Corporation Limited (“the company”) as of 31<sup>st</sup> March, 2025 in conjunction with our audit of the Standalone Ind AS financial Statements of the Company for the year ended on that date

### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note, to the extent applicable to an Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements

and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedure selected depend on the Auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone Ind AS financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that:

- Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone Ind AS financial statements.

### Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

In our opinion, to the best of our information and according to explanation given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting

were operating effectively as at 31<sup>st</sup> March, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

## Management's Responsibility for the Standalone Ind AS Financial Statements

- 3) The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Ind AS Financial Statements to give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian accounting standards (Ind AS) specified under Section 133 of the Act read with relevant rules as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
- 4) The Management is also responsible for compliance with the Reserve Bank of India (hereinafter RBI or Bank) Act, 1934 and other relevant RBI circulars and guidelines applicable to Non-Banking Financial Companies, as amended from time to time, and for providing all the required information to RBI.

## Auditors' Responsibility

- 5) Pursuant to the requirements of Non-Banking Financial Companies Auditor's Report (Reserve Bank) directions, 2016 as consolidated in RBI master circular (the "Directions") it is our responsibility to examine the audited book and records of the Company for the year ended 31<sup>st</sup> March, 2025 and our report on the matter specified in the directions to the extent applicable to the Company.
- 6) We conducted our examination in accordance with the Guidance Note on Reports or Certificates for Special Purpose issued by the Institute of Chartered Accountants of India (ICAI) and the Standard on Auditing specified under section 143(10) of the Companies Act, 2013, in so far as applicable for the purpose of this certificate. This Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.
- 7) We have complied with the relevant applicable requirement of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

## Opinion

- 8) Based on our examination of the audited books and records of the Company for the year ended 31<sup>st</sup> March, 2025 as produced for our examination and the information and explanations given to us, we report that-
  - a) The Company is engaged in the business of non-banking financial institution, having valid Certificate of Registration as an Infrastructure Finance Company issued by Reserve Bank of India vide No is B-14.00013 dated 22.11.2010.

- b) The company is entitled to continue to hold such registration in terms of its asset/ income pattern as on 31<sup>st</sup> March 2025.
- c) The Company is meeting the requirement of net owned funds applicable to an Infrastructure Finance Company as contained in Master Direction- Reserve Bank of India (Non Banking Financial Company-Scale Based Regulation) Directions, 2023.
- d) The Board of Directors of the Company, in its meeting held on 20<sup>th</sup> May 2024 has passed resolution for non-acceptance of any public deposits for the Financial Year 2024-25.
- e) The Company has not accepted any public deposits during the financial year 2024-25.
- f) The Company has complied with the prudential norms relating to income recognition, Indian accounting standards, asset classification and provisioning for bad and doubtful debts as applicable to it in terms of Master Direction- Reserve Bank of India (Non Banking Financial Company-Scale Based Regulation) Directions, 2023. However, RBI had vide letter no DNRB (PD). CO.No.1271/03.10.001/2018-19 dated 21 December 2018 had exempted the Company from the income recognition and asset classification (IRAC) norms requirements to the extent of its direct exposure on the sovereign. Therefore, the company had not applied impairment requirements to its exposure with Ministry of Railways (MoR).
- g) In our opinion, the Capital Adequacy ratio as disclosed in the Return submitted to RBI in Form NBS-7 (DNBS03) has been correctly arrived on the basis of provisional financial statements and such ratio is in compliance with minimum CRAR prescribed by RBI.
- h) As per information and explanation given to us, the Statement of capital funds, risk assets/ exposure and risk asset ratio (DNBS03 return) has been filed by the company on quarterly basis during the year instead of monthly basis. DNBS03 return as on 31<sup>st</sup> March 2025 has been filed by company on 17<sup>th</sup> April 2025 on the basis of the provisional financial results.
