Management Comment:

Commenting on the result, **Mr Sachit Jain, Vice Chairman & Managing Director, Vardhman Special Steels Ltd.** said,

“In Q1 FY26, our revenue increased by 4.93% on a year-on-year basis on account of higher volumes despite pressure on realizations. The volumes increased by 10.49%. Total revenue stood at Rs. 441.20 crore, with EBITDA at Rs. 39.33 crore and PAT at Rs. 19.90 crore. EBITDA per ton for the quarter stood at Rs. 7,077.

In the first week of July, we fully repaid our long-term as well as short term borrowings, leading to a reduction in finance cost in the subsequent quarters.

During the quarter under review, the Kocks Block has been successfully commissioned. The trial runs on Kocks Block are almost over and now we are waiting for approval from some of the OEs before the commercial production to begin through Kocks Block. The Capex for the reheating furnace is proceeding as per plan and we are hopeful to commission it in the second half of the financial year.

I am happy to share that Aichi Steel Corporation (ASC) has increased its stake in the Company to 24.9% by investing Rs. 384.91 crore. This reflects their strong trust in our partnership and confidence in the Company. It also highlights the shared long-term strategic vision of Vardhman Special Steels and Aichi Steel Corporation, which is reflected in the recently announced Greenfield expansion. Further, we have started discussions with ASC on setting up a forging facility.”
