Office of the Company and register their KYC if not registered earlier, in order to enable the Company to proceed with their requests in case the Dividend Warrants remain unencashed.

Specific Attention of Shareholders

Sub: Furnishing of e-mail ID

Members are requested to provide their e-mail IDs so as to enable the Company to send documents like notice calling general meetings, audited financial statements, Directors Report, Auditors' Report etc., by way of e-mail.

Shareholders in

Physical Mode: E-mail ID be furnished to the RTA i.e., M/s XL Softech Systems Ltd.

Demat Mode: E-mail ID be furnished to the DP with whom demat account has been opened and not to the Company / RTA. The Company / RTA cannot act on e-mail IDs received directly from the members holding Shares in Demat Mode for registration of e-mail IDs.

Transfer of Shares:

As per the Regulation 40 of the SEBI Listing Regulations, as amended, securities of listed companies can be transferred only in dematerialized form with effect from 1st April, 2019. Subsequently, SEBI vide its Circular dated 2nd December, 2020 had fixed 31st March, 2021 as the cut-off date for re-lodgement of transfer deeds and the Shares that are re-lodged for transfer shall be issued only in demat mode.

Further, SEBI has, effective 24th January, 2022, mandated to issue Shares in demat form only after processing the requests in prescribed Form ISR-4 received for issue of Duplicate Share Certificate, Transmission, Transposition, Renewal / Exchange of Share Certificate, Endorsement, Sub-division / Splitting of Certificate, Consolidation of Certificates, etc. The RTA will after processing such requests issue a Letter of Confirmation to the concerned Shareholders for submission to their DP within 120 days from the date of issue of the Letter of Confirmation for dematerialisation of the Shares. In case Shareholder fails to submit the demat request within the aforesaid period, the RTA shall credit the Shares to Suspense Escrow Demat Account of the Company.

In view of this and in order to eliminate the risks associated with physical Shares and for ease of portfolio management, Members holding Shares in physical form are requested to consider converting their holdings into dematerialized form. Members can contact the Company by sending an email at investors@theandhrapetrochemicals.com or to the Company's Registrars & Transfer Agent, M/s XL Softech Systems Ltd., (xlfield@gmail.com) for any assistance in this regard.

Members holding Shares in physical form, in identical order of names, in more than one Folio, are requested to send to the Company or RTA, the details of such Folios together with the Share Certificates for consolidating their holdings in one Folio. A consolidated Letter of Confirmation will be issued to such Members after making requisite changes for submission to DP for dematerialising the same. This would also result in savings as demat charges are payable per Certificate.

SEBI Notification for Alternative Dispute Resolution:

SEBI vide its Circulars Nos. SEBI/HO/CFD/SSEP/CIR/P/202 dated April 8, 2022 and SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/76 dated May 30, 2022, prescribed Standard Operating Procedure (SOP) for dispute resolution under the Stock Exchange Arbitration Mechanism for disputes between a listed company and / or RTAs and its Shareholder(s)/Investor(s).

Dematerialisation of Shares

Shareholders presently holding Shares in physical form are requested to convert their physical holding into demat holding.

Nomination facility

Shareholders should register their Nominations in Form SH-13 in case of physical Shares with the Company's RTA M/s XL Softech Systems Ltd. In case of dematerialized Shares, Nomination should be registered by the Shareholders with their DP. For change / cancellation of Nomination, Form SH-14 shall be filed with the RTA in case of physical Shares and with DP in case of Shares held in demat form. The said Forms can be downloaded from the website of the Company www.theandhrapetrochemicals.com.

Common and Simplified Norms for updation of PAN and KYC details

SEBI has, vide Circular dated 3rd November, 2021 and 16th March, 2023, introduced Common and Simplified Norms for furnishing PAN, KYC details and Nomination by the Shareholders, according to which all Shareholders holding Shares in physical form are mandatorily required to furnish PAN (compulsorily linked with Aadhar), Nomination, Contact details, Bank Account details and Specimen Signature to RTA. Shareholders holding Shares in physical form are therefore requested to provide following Forms for updation of their Signatures, PAN, Nomination as the case may be. The said Forms can be downloaded from the website of the Company www.theandhrapetrochemicals.com:

ANNEXURE TO NOTICE

EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013:

ITEM NO.5:

The Board at its Meeting held on 24th May, 2025, having regard to the recommendation of Audit Committee, has approved the appointment of M/s Narasimha Murthy & Co., Cost Accountants, to conduct Audit of Cost Accounting Records of the Company on a remuneration of Rs.2,00,000/- (Rupees Two lakhs only) plus taxes as applicable and reimbursement of actual travel and out-of-pocket expenses for the Financial Year 2025-26.

In accordance with the provisions of Section 148 of the Companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors is required to be ratified by the Members of the Company.

Accordingly, consent of the Members is sought by way of an Ordinary Resolution as set out in Item No.5 of the Notice for the 41st AGM for ratification of the remuneration payable to the Cost Auditors for the Financial Year 2025-26. Your Board recommends necessary Resolution for your approval.

None of the Directors, Key Managerial Personnel and their relatives is or are deemed to be interested or concerned, financially or otherwise, in the said Resolution.

ITEM NO.6:

Sri G.S.V. Prasad (DIN 08797795) (Date of Birth: 10.6.1959) is a Bachelor of Engineering (Mechanical) Graduate. He joined Hindustan Petroleum Corporation Ltd (HPCL) in the year 1984 as Sales Officer. During his career spanning over three and a half decades in HPCL, he worked across various locations of HPCL including Solapur, Mumbai, Kolkata, Vizag, Hyderabad, Nagpur, Pune, Rajkot, and Madurai. He retired as Executive Director (Retail) of HPCL. He was the brain behind many new initiatives of Retail Strategic Business Unit (SBU) like launching of Power-99 (India's Highest

Octane rated petrol), Talk to Us (an Artificial Retail SBU). He was responsible for making SBU as the most prominent business unit of HPCL accounting for 66% of the Company's turnover. Also, he was the only employee of HPCL in its history to head its vigilance twice – first as Deputy Chief Vigilance Officer (Chief Manager) and later as Deputy Chief Vigilance Officer (DGM). He was selected as India's Inspirational Business Leaders for the year 2018-19 conducted by World Consulting and Research Corporation (WCRC).

He was appointed as Independent Director on the Board of the Company by the Members at the 36th Annual General Meeting held on 28.9.2020 for a period of 5 consecutive years. His office of directorship is valid upto the conclusion of the 41st AGM. The Board considered it advisable to continue to avail the benefit of his vast experience and expertise in the fields of Science & Technology and Marketing & Administration, Project Finance, Planning and Vigilance and as such recommends his appointment as Independent Director for a further period of 5 consecutive years from the conclusion of 41st AGM.

He fulfills the criteria stipulated in the Companies Act, 2013 with regard to the appointment of Independent Directors. He is independent of the Management. He holds 894 Nos. of shares in the Company. His holding of Office of Directorship is in line with any order of SEBI or any such authority.

CDSL e-Voting System – For Remote e-voting

THE INSTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING:

- Step 1** : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.
- Step 2** : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.
- (i) The voting period begins on **17.9.2025 from 9.00 a.m. and ends on 19.9.2025 at 5.00 p.m.** During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of <Record Date> may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- Step 1** : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.
- (iv) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Reserves:

The total Reserves position as on 31.3.2025 stood at Rs.435.77 crores as against Rs. 470.72 crores for the Previous Year.

General Reserve:

During the Year under review, no amount has been transferred to the General Reserve.

MANAGEMENT DISCUSSION AND ANALYSIS:

INDUSTRY STRUCTURE AND DEVELOPMENTS:

The Company's main business is manufacture and sale of Oxo-Alcohols. Your Company's installed capacity is 80,000 MT Per Annum. The expected growth rate for Oxo-Alcohols is around 8% to 10% per annum.

The Oxo-Alcohols market is experiencing significant growth given by increasing demand from various industries like, plasticizers, solvents and lubricants. However, challenges like fluctuations in raw material prices and stringent environmental regulations could impact the Company's operations.

At present, the demand supply gap is fulfilling by our Company, Bharat Petroleum Corporation Ltd (BPCL), Indian Oil Corporation Ltd., (IOCL), Imports and with substitute product of INA.

OPPORTUNITIES AND THREATS:

Your Company is having tie up with M/s Hindustan Petroleum Corporation Ltd., (HPCL) for supply of propylene.

Your Company is having Anti-Dumping Duties facility on imports from certain countries and hence, expecting the improvement of sales realisation. The Oxo-Alcohols market has robust demand in applications like plasticizers and lubricants. Oxo alcohols are a key ingredient in the production of plasticizers, which are essential for making plastics flexible and durable, especially in the automotive and construction industries. Oxo-Alcohols are used as intermediaries in the production of various chemicals and are crucial for manufacturing process in industries like paints, coatings and lubricants. Oxo-Alcohols like Iso Butanol are also used in the pharmaceutical and pesticide industries. Your Company presently is facing competition with M/s Bharat Petroleum Corporation Ltd, M/s Indian Oil Corporation Ltd., in addition to imports & substitute product of INA.

The prices of raw materials like Propylene, Naphtha and other derivatives which are used in the production of Oxo-Alcohols can fluctuate significantly impacting profitability. Stringent environmental regulations related to the production and use of oxo alcohols can also pose challenges to market expansion. The market is characterized by both large Multi National Companies and regional players with the potential for price competitive and innovative of applications.

In addition to the above, your Company's results may affect in view of the ongoing Russia-Ukraine war, Israel – Hamas War, US tariff conflicts with various countries in general and in particular with China coupled with geopolitical tensions.

INTERNAL FINANCIAL CONTROL SYSTEMS AND THEIR ADEQUACY:

As required by the provisions of Companies Act, 2013 Internal Control Systems Report has been appended to Independent Auditor's Report given by Statutory Auditors regarding Financial Year 2024-25. The Company has internal control systems commensurate with the size of the business operations. A Chartered Accountants firm is engaged to carry out internal audit covering the entire operations. The audit firm submits internal audit report periodically with their suggestions and/or corrections. Audit Committee critically deliberates and reviews such internal audit reports and ensures effectiveness of the control systems through necessary recommendations.

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS:

In the area of Human Resources, the employees are being trained to meet the Plant requirements from time to time by motivating them in a positive way and the Industrial Relations continued to be cordial throughout the Year.

The total number of employees employed as on 31.3.2025 is 317.

FUTURE OUTLOOK:

Your Company's performance is expected to be reasonably good in view of the forecast of reasonably better GDP growth for India. However, the disrupted business environment due to Russia -Ukraine War, Israel – Hamas War and US trade tariff conflicts etc., & geopolitical tensions may impact the performance to some extent.

Though Company signed Natural Gas (NG) term sheet agreement with GAIL, in the year 2019, the progress in the GAIL/APGDCL Natural gas pipe laying work got held up & finally the project has been cancelled. New tenders have been called for laying Natural gas pipeline from Kakinada to Visakhapatnam / Srikakulam.

The Company's performance to a large extent is dependent on international supply and demand for the Oxo-Alcohols products and their prices are influenced by crude oil prices, exchange rate fluctuations and dumping from the countries which are not covered under Anti-Dumping Duty.

RISKS AND CONCERNS:

Your Company is depending on supply of major raw material i.e., Propylene from a single source, HPCL Refinery, Visakhapatnam. However, the risk is built in the project evaluation. The Management of the Company has diluted the risk slightly by developing two alternative sources i.e., BPCL & GAIL for supplying Propylene in case of emergency need. However, sourcing Propylene from BPCL & GAIL is not economical due to high logistic costs. Crude oil prices, Exchange rate fluctuations and imports are a matter of concern.

CAUTIONARY STATEMENT:

The statements describing the Company's outlook, objectives, projections, expectations, estimations or predictions may be forward-looking statements based on certain assumptions of future events. Actual results may differ materially from those expressed or implied, since the Company's operations are influenced by external or internal factors. Your Company closely monitors all major developments likely to affect the Operations and will respond to meet the potential threats and to gain from any possible opportunities.

DEPOSITS:

During the Year under review, your Company did not accept any deposits within the meaning of provisions of the Companies Act, 2013 read with the Companies (Acceptance of Deposits) Rules, 2014.

SAFETY, HEALTH AND ENVIRONMENT:

Your Company has in place Safety, Health and Environment Policy.

- ❖ Company has completed: 20.11 million accident free Man hours in the last 16 years.
- ❖ Total 9120 man-hours during the last year have been used for conducting Safety talks, Safety induction training and refresher trainings for employees including Contract / Contractor workmen and truck drivers.
- ❖ Safety of Human and Plant assets are of top priority of the company. Continuous training of personnel at various levels on safety and strict compliance of regulations is ensured which resulted in another accident-free year.
- ❖ Company received National Safety Award – 2024 – CERTIFICATE OF APPRECIATION in Manufacturing Sector from National Safety Council of India (NSCI).

Health:

Health monitoring of all employees including contract labour & canteen workers is done on regular basis. The health & wellbeing of our employees became a top priority for the company.

Environment:

Online emission, Ambient air & effluent monitoring are in place. Data is being transmitted online to Central Pollution Control Board (CPCB) and Andhra Pradesh Pollution Control Board (APPCB) for monitoring.

Insurance:

All the insurable assets of the Company including Plant and Machinery, Buildings and Inventories are insured on reinstatement value basis.

Land taken on Lease from Visakhapatnam Port Trust

Your Company has taken on lease 75.00 Acres of land from Visakhapatnam Port Trust (VPT) on which the Oxo-Alcohol Plant has been established. The land is located adjacent to HPCL, Visakha Refinery which supplies major Raw Materials. In this connection, a Lease Agreement was entered into on 27.6.1989 with VPT for a period of 30 years which expired on 26.6.2019. During the Financial Year 2019-20, the Company (APL) has initiated the process of renewal of the Land Lease on which the Plant is located with VPT for a further period of 30 years with effect from 27.6.2019. Company has submitted its Technical & Financial Bid against the Tender floated by VPT. As Company was the sole bidder for the Tender, VPT accepted both Technical Bid & Financial Bid. Later on, VPT has cancelled the tender and issued re-tender. Aggrieved by the action of VPT, Company has filed a Writ Petition under Article 226 before the Hon'ble High Court of Andhra Pradesh.

The Hon'ble High Court of Andhra Pradesh has allowed the Writ Petition filed by the Company seeking the cancellation of the VPT's order dated 18.8.2020, cancelling the Tender Notification dated 7.8.2019 and fresh Tender Notification dated 24.8.2020 issued by VPT towards the Lease of the Land and directed VPT to execute the Lease Deed, vide its Order dated 25.2.2022. Further, on 19.3.2022, Company has written a letter to the Chief Engineer, VPT requesting him to kindly finalise the Land Lease Deed and fix-up the date for execution of the said Lease Deed. Visakhapatnam Port Trust has filed an Appeal (WA No. 688 of 2022) on 7.9.2022 before the Hon'ble High Court of Andhra Pradesh. Arguments were completed and reserved for Judgement.

Pending execution of Lease Deed, Company has considered provisionally its bid amount for accounting of "Leases" in accordance with Ind AS 116, till the Lease Deed is executed. However, the Company is making lease rental payments by way of depositing the cheques in Visakhapatnam Port Authorities' Bank Account (i.e., State Bank of India) as per Company's Tender.

Based on audit, our responsibility is to express an opinion on the compliance with the applicable laws and maintenance of records by the Company. We conducted our audit in accordance with the auditing standards CSAS 1 to CSAS 4 (“CSAS”) prescribed by the Institute of Company Secretaries of India (“ICSI”). These standards require that the auditor complies with statutory and regulatory requirements and plans and performs the audit to obtain reasonable assurance about compliance with applicable laws and maintenance of records.

Due to the inherent limitations of an audit including internal, financial and operating controls, there is an unavoidable risk that some misstatements or material non-compliances may not be detected, even though the audit is properly planned and performed in accordance with the CSAS. Our report of even date is to be read along with this letter.

1. Maintenance of secretarial record is the responsibility of the management of the company. Our responsibility is to express an opinion on these secretarial records based on our audit.
2. We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices, we followed provide a reasonable basis for our opinion.
3. We have not verified the correctness and appropriateness of financial records and Books of Accounts of the company and for which we relied on the report of statutory auditor.
4. Wherever required, we have obtained the Management representation about the compliance of laws, rules and regulations and happening of events etc.
5. The compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of management. Our examination was limited to the verification of procedures on test basis.
6. The Secretarial Audit report is neither an assurance as to the future viability of the company nor of the efficacy or effectiveness with which the management has conducted the affairs of the company.

15. Affirmations and Disclosures:

- i) Compliance with governance frame work:

The Company has complied with the applicable mandatory requirements specified in SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

- ii) Related Party Transactions:

All transactions entered into with the Related Parties as defined under the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 during the Financial Year were in the ordinary course of business and on arm's length basis and do not attract the provisions of Section 188 of the Companies Act, 2013. There were no materially significant transactions with the Related Parties during the Financial Year. Related Party Transactions have been disclosed under the Note No.2.40 of the Financial Statements in accordance with Accounting Standard-24. A Statement in summary form of transactions with Related Parties in the ordinary course of business and on arm's length basis, is periodically placed before the Audit Committee for review and recommendation to the Board for their approval.

As required under Regulation 23 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company formulated a Policy for dealing with Related Party Transactions. The Policy is available on the website of the Company (weblink: <http://www.theandhrapetrochemicals.com/wp-content/uploads/POLICY-ON-RELATED-PARTY-TRANSACTIONS.pdf>)

None of the transactions with Related Parties was in conflict with the interest of the Company. All transactions are in the normal course of business and on an arm's length basis or fair value.

- iii) Details of Non-compliance by the Company, penalties and strictures imposed on the Company by Stock Exchange or SEBI or any statutory authority on any matter related to capital markets during the last three years:

Company received a Notice from the Bombay Stock Exchange Ltd., (BSE) levying a fine of Rs.5000/- (plus GST @ 18% i.e., 900/- totaling to Rs.5900/-) for 1 day delay for submission of Related Party Transactions for the Half-year ended 31.3.2023.

The Company has submitted its clarification on 1.7.2023 and 4.7.2023 respectively, stating that the Internet connection was down and there were other technical glitches in the Company's computer systems. Further, the Board Meeting was held on Saturday, 20.5.2023 and the next day is Sunday, 21.5.2023. The immediate working day is Monday, 22.5.2023 and submitted the Related Party Transactions on Monday, 22.5.2023 at 11.03 a.m.

Further, as per SEBI Guidance Notes and Standard Operating Procedures dt.22.1.2020 the Point No.8 reads as follows:

“For submission and levy of fine, if the last day of submission and/or next day of submission for levying fine on the non-compliant Company is on a holiday (including Saturday) then the next working day shall be considered as the last day of submission and start of levying of fine. The same would be applicable at the time of review, day of transfer to Z group, issuing reminder to promoters before freezing, giving intimation for freezing of promoter holding and suspension date. (Non-working day benefit). ”

Therefore, as per the above clause, we have complied the LODR Regulations within the time stipulated and there is no delay of 1 day as stated by BSE and are awaiting the reply from the BSE in this regard.

In view of the above, Company has not paid the penalty and applied for Waiver of Penalty to BSE.

- iv) Whistle Blower Policy:

INDEPENDENT AUDITOR'S REPORT

**TO THE MEMBERS OF
THE ANDHRA PETROCHEMICALS LIMITED,
Tanuku**

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **THE ANDHRA PETROCHEMICALS LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the material accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the accompanying financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, the loss and total comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

SL. No.	Key Audit Matter	How our audit addressed the Key Audit Matter
1	Valuation of Investments in Unquoted Equity Shares of Andhra Pradesh Gas Power Corporation Ltd (APGPCL)	
	The valuation of the investments involves judgement and continues to be an area of inherent risk because quoted prices are not readily available. As per the MOU between the APGPCL and its shareholders, each shareholder is entitled to receive power generated in proportion to its shareholding at cost of generation plus 20% of its overheads which is substantially lower than the price charged by DISCOMs. In the absence of any transfer of shares of APGPCL during the year under audit the fair value of the shares has been determined by using "discounted cash flow" method in respect of savings in cost of power in future years. Refer Note 3.2 to the Financial Statements	We assessed the managements' approach to valuation for these investments by performing the following procedures: • We have verified data inputs used in the valuation models based on historical trends. • We evaluated the methodology and assumptions used by management, including reasonableness of the discounted cash flows, growth rate and discount rate applied by comparing it with the Indian Government Bond rate for a similar period. • We tested the calculation of the fair value based on the assumptions applied. • We found the disclosures in the financial statements to be appropriate Conclusion : Based on the work performed and the evidence obtained, we consider the methodology and assumptions used by management to be appropriate.
2	Estimation of decommissioning and restoration provisions	
	The determination and valuation of provision is highly judgmental by its nature, as they are calculated based on assumptions that are impacted by future activities and the legislative environment in which the company operates. Refer Note 2.38 to the Financial Statements	Our audit procedures to assess the decommissioning provision included the following: • We assessed the valuation methodology • We evaluated the reasonableness of key assumptions applied by the management to calculate the provisions. • We tested the calculation of the provisions. • We checked the accuracy and relevance of the input data used. • We found the disclosures in the financial statements to be appropriate. Conclusion: Based on the work performed, we found management's assessment to be reasonable based on available evidence.
3	Estimation of Lease liability	
	Measurement of lease liability for the land taken on lease from Visakhapatnam Port Trust (VPT) involves significant judgement, as they are calculated based on terms & conditions of the tender floated by VPT and the financial bid submitted against the tender, which was later on cancelled and issued for re-tender. Due to its vast nature, even small changes in the terms of the lease agreement can have a material impact on the estimated lease liability and right of use asset. Refer Note 2.42 to the Financial Statements	Our audit procedures, among others included the following: • We obtained an understanding of the terms and conditions of the VPT's Land renewal lease policy "e-Tender cum e-Auction" to evaluate the appropriateness of key assumptions applied. • We have gone through the order from Hon'ble High Court of Andhra Pradesh allowing the writ petition filed by the company against the cancellation of tender for land lease dated 16.08.2020 and supporting evidence of lease rental payments to evaluate the reasonableness of the managements' judgment that the lease will be allotted to the APL. • We assessed the methodology adopted and assumptions used by management, including reasonableness of the discounted cash flows and discount rate applied. • We found the disclosures in the financial statements to be appropriate. Conclusion: Based on the work performed, we found management's estimation to be reasonable based on available evidence.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this "other information", we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure- A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

2. As required by Section 143(3) of the Act, based on our audit we report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.

d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

e) On the basis of the written representations received from the directors as on March 31, 2025, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025, from being appointed as a director in terms of Section 164 (2) of the Act.

f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

The company has neither paid nor provided any remuneration to any of the Directors of the company. Accordingly, the question of reporting under the provisions of section 197(16) of the Act does not arise.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements. (Refer Note no. 2.36 to the Financial Statements)
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the company.
- iv. a. The Management has represented that, to the best of its knowledge and belief, as disclosed in the note 2.48(e) to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(i.e.), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
b. The Management has represented, that, to the best of its knowledge and belief, as disclosed in the note 2.48(e) to the accounts, no funds have been received by the Company from any person(s) or entity(i.e.), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
c. Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material misstatement.
- v. The final dividend paid by the Company during the year in respect of the same declared for the previous year is in accordance with section 123 of the Companies Act 2013 to the extent it applies to payment of dividend.
- vi. Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail has been preserved by the company as per the statutory requirements for record retention.

Annexure "B" to the Independent Auditors' Report

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **THE ANDHRA PETROCHEMICALS LIMITED** ("the Company") as of 31st March 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial controls

The Board of directors of the company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company.
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The Andhra Petrochemicals Limited, Tanuku

Notes to the Financial Statements

1. Company Overview and Material Accounting Policies

1.1 Company overview

The Andhra Petrochemicals Limited (APL) is a leading manufacturer of Oxo Alcohols employing the state-of-the-art technology "Selector-30" provided by M/s Davy Process Technology, London, United Kingdom. The Government of Andhra Pradesh with an investment through Andhra Pradesh Industrial Development Corporation Limited (APIDC) along with The Andhra Sugars Limited (ASL) promoted APL, under Joint Sector Project and at present is under Assisted Sector Project.

The Company is a public limited company incorporated and domiciled in India and has its registered office at Venkatarayapuram P.O., Tanuku Mandal, West Godavari District, Andhra Pradesh. The Company has its primary listings on the BSE Limited. The Company is having its manufacturing facilities at opposite to Naval Dockyard, Naval Base P.O., Visakhapatnam.

The financial statements for the year ended March 31, 2025 were approved by the Board of Directors and authorized for issue on May 24, 2025.

1.2 Basis of preparation of financial statements

1.2.1 Statement of Compliance with Ind AS

These financial statements prepared by the Company comply in all material aspects with the Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (Act) read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and subsequent amendments thereto.

1.2.2 Basis of Preparation

These financial statements are prepared under historical cost convention on accrual basis except for the following –

- Certain financial instruments which are measured at fair values,
- Assets held for sale measured at fair value less cost to be incurred to sell, and
- Defined benefit plans – plan assets measured at fair value.

Accounting policies have been consistently applied except where a newly issued Accounting Standard is initially adopted or a revision to an existing Accounting Standard requires a change in the accounting policy hitherto in use.

1.3 Use of Estimates:

The preparation of financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies, the reported amount of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amount of revenues and expenses during the reporting period. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed below. Accounting estimates could change from period to period. Actual results could differ from the estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year:

The company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the company. Such changes are reflected in the assumptions when they occur.

1.3.1 Property, Plant and Equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of company's assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

1.3.2 Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

1.3.3 Impairment of Financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The company uses judgement in making these assumptions and selecting the inputs to the impairment calculation based on the company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

1.3.4 Leases

The Company has taken the commercial properties under contractual agreements for its business operations. Its accounting involves significant management judgement for identification, classification and measurement of lease transactions at the time of lease commencement. The assessment of the lease liability and Right of Use asset under lease arrangements are based on the assumptions and estimates of the discount rate, lease term including judgement for exercise of options to extend or terminate the contract, dismantling and restoration costs, escalation in rentals etc. Further, these will be continuously monitored at each reporting period to reflect the changes in the agreements and management estimates.

1.3.5 Taxes

Deferred tax assets are recognized for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

1.3.6 Employee benefits (gratuity and compensated absences)

The cost of the defined benefit plans and the present value of the gratuity / compensated absences obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds. The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

1.3.7 Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

1.3.8 Provision for decommissioning

The company has recognized a provision for decommissioning obligations associated with the leased premises on which the plant is super structured. In determining the fair value of the provision, assumptions and estimates are made in relation to discount rates, the expected cost to dismantle and remove the plant from the site and the expected timing of those costs.

1.3.9 Contingencies

Management judgment is required for estimating the possible inflow / outflow of resources, if any, in respect of contingencies / claims / litigations against the Company / by the Company as it is not possible to predict the outcome of pending matters with accuracy.

1.4 Current versus Non-current classification

All assets and liabilities in the balance sheet are presented based on current / non-current classification.

An asset is treated as current when it is:

- expected to be realised or intended to be sold or consumed in normal operating cycle
- held primarily for the purpose of trading
- expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when it is:

- expected to be settled in normal operating cycle
- held primarily for the purpose of trading
- due to be settled within twelve months after the reporting period, or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The company has identified twelve months as its operating cycle.

Material Accounting Policies

1.5 Revenue recognition:

Revenue is recognised as and when the entity satisfies a performance obligation by transferring a promised goods or services (i. e an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset. Revenue is measured at the transaction price which is determined based on the terms of contract and entity's customary practice. Amounts disclosed as revenue are inclusive of excise and duties, but exclusive of Goods and Service tax (GST), which the company pays as principal and net of returns, trade allowances, rebates, and taxes collected on behalf of the government.

1.6 Property, Plant and Equipment:

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less accumulated depreciation and impairment loss, if any. Historical cost includes all costs directly attributable to bringing the asset to the location and condition necessary for its intended use and initial estimation of dismantling and site restoration costs. Subsequent costs relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced.

Expenditure during construction / erection period is included under Capital Work-in-Progress and allocated to the respective fixed assets on completion of construction / erection.

Property, Plant and Equipment are componentized and are depreciated separately over their estimated useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013.

Depreciation on buildings and plant and machinery is charged under straight line method and on the remaining assets under the diminishing balance method. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. In case of low value assets of Rs. 10000/- or less, depreciation is charged at the rate of 100% in the year of purchase itself.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

1.7 Inventories:

Inventories are valued at the lower of the cost (net of eligible input tax credits) or net realisable value (except by-products, waste and scrap which are valued at estimated net realisable value).

Costs incurred in bringing each product to its present location and condition, are accounted for as follows:

- Raw materials: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on first in, first out basis.
- Finished goods and work in progress: Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs. Cost is determined on monthly weighted average basis.
- Stores and spares: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on moving weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

1.8 Non-Derivative Financial Instruments:

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument.

1.8.1 Initial Recognition-

All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are added / deducted to / from the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

1.8.2 Subsequent measurement-

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

(i) Debt instruments at amortised cost

A debt instrument is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The amortisation of EIR is included in finance income in the profit or loss. The impairment losses and gain/loss on derecognition are recognised in the profit or loss.

(ii) Debt instruments at fair value through other comprehensive income

A debt instrument is subsequently measured at fair value through other comprehensive income, if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Debt instruments under this category are measured at fair value at each reporting date. Fair value movements are recognized in the other comprehensive income (OCI). However, the company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the profit & loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

(iii) Debt instruments, derivatives and equity instruments at fair value through profit or loss

Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL (residual category).

In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The company has not designated any debt instrument as at FVTPL.

All equity instruments in scope of Ind AS 109 are measured at fair value by the Company. Equity investments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at FVTOCI or FVTPL. The classification is made on initial recognition and is irrecoverable.

Financial instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

(iv) Equity instruments measured at fair value through other comprehensive income

The Company has made an irrevocable election to present the subsequent fair value changes in 'other comprehensive income' for its investments in equity instruments that are not held for trading. Fair value changes on the instrument, impairment losses & reversals and foreign exchange gain or loss are recognized in the OCI. Dividends are recognised in the Profit & Loss. There is no recycling of the amounts from OCI to Profit & Loss, even on sale of investment. However, the company may transfer the cumulative gain or loss within equity.

Financial liabilities are classified in two measurement categories:

- Financial liability measured at amortised cost
- Financial liability measured at fair value through profit or loss

(i) Financial liabilities measured at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. The company has not designated any financial liability as at fair value through profit and loss.

(ii) Financial liability measured at amortised cost

All other financial liabilities are subsequently carried at amortized cost using effective interest rate (EIR) method, thereby resulting in amortisation of transaction costs and interest expenses through Profit & Loss over the life of the instrument. The EIR amortisation is included as finance costs in the statement of profit and loss.

1.8.3 Reclassification of financial assets-

The company reclassifies its financial assets only when there is a change in entity's business model for managing its financial assets.

1.8.4 Derecognition of financial instruments-

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind. AS 109. A financial liability (or a part of a financial liability) is derecognized when the obligation specified in the contract is discharged or cancelled or expires.

1.8.5 Impairment of financial assets-

The Company applies expected credit losses (ECL) model for measurement and recognition of loss allowance on the following:

- a. Trade receivables
- b. Financial assets measured at amortized cost (other than trade receivables)
- c. Financial assets measured at fair value through other comprehensive income.

In case of trade receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognized as loss allowance.

In case of other assets, the Company determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk of such assets has not increased significantly, an amount equal to 12-month ECL is measured and recognized as loss allowance.

However, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognized as loss allowance.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income / expense in the Statement of Profit and Loss under the head "Other expenses".

1.8.6 Offsetting of financial instruments-

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention either to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

1.8.7 Fair Value of Financial instruments-

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized. For trade and other receivables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

1.9 Employee Benefits include:

(i) Short term employee benefits-

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

The company recognises a liability and an expense for bonus only when it has a present legal or constructive obligation to make such payments as a result of past events and a reliable estimate of obligation can be made.

(ii) Long term employee benefits -

Liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured at the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post employment benefits-

The company operates the following post-employment schemes:

- (a) Defined benefit plans such as gratuity: and
- (b) Defined contribution plans such as provident and pension funds.

Defined Benefit Plans -The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income.

Defined Contribution Plans- The Company pays provident fund contributions to publicly administered provident funds as per local regulations. It has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

1.10 Leases

The company has applied Ind AS 116 using the modified retrospective approach and therefore the comparative information has not been restated and continues to be reported under Ind AS 17.

As a lessee

The company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, company's incremental borrowing rate. Generally, the company uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- Fixed payments, including in-substance fixed payments.
- Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date.
- Amounts expected to be payable under a residual value guarantee; and
- The exercise price under a purchase option that the company is reasonably certain to exercise, lease payments in an optional renewal period if the company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the company is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the company's estimate of the amount expected to be payable under a residual value guarantee, or if company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The company has elected not to recognise right-of-use assets and lease liabilities for short term leases of real estate properties that have a lease term of 12 months. The company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Under Ind AS 17

In the comparative period, leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases. Payments made under operating leases were recognised in profit or loss on a straight-line basis over the term of the lease unless the payments are structured to increase in line with the expected general inflation to compensate for the lessors expected inflationary cost increases.

1.11 Foreign Currency Transactions:

The functional currency of the company is the Indian rupee and the financial statements are presented in Indian rupee rounded off to the nearest lakhs except where otherwise indicated.

Transactions in foreign currency are initially accounted at the exchange rate prevailing on the date of the transaction, and adjusted appropriately, with the difference in the rate of exchange arising on actual receipt / payment during the year.

At each Balance Sheet date

i. Foreign currency denominated monetary items are translated into the relevant functional currency at exchange rate at the balance sheet date. The gains and losses resulting from such translations are included in net profit in the statement of profit and loss.

ii. Foreign currency denominated non-monetary items are reported using the exchange rate at which they were initially recognized.

Transaction gains or losses realized upon settlement of foreign currency transactions are included in statement of profit and loss.

1.12 Provisions:

A provision is recognized if, as a result of a past event, the company has a present legal or constructive obligation that is reasonably estimable, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably.

When there is a possible obligation or a present obligation in respect of which, in the likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

1.13 Cash and cash equivalents:

Cash and cash equivalents include cash on hand and at bank, deposits held at call with banks, other short term highly liquid investments with original maturities of three months or less that are readily convertible to a known amount of cash which are subject to an insignificant risk of changes in value and are held for meeting short-term cash commitments. Equity investments and bank borrowings are excluded from cash equivalents. However, bank overdrafts which are repayable on demand are included as a component of cash and cash equivalents.

1.14 Impairment of assets:

The company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of its fair value less costs of disposal and value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

1.15 Income Taxes:

Income tax expense comprises current and deferred income tax. Income-tax expense is recognized in net profit in the statement of profit and loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income. Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Note:

1) Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The above Statement of Cash Flows has been prepared under the 'Indirect Method' as set out in Ind AS 7, 'Statement of Cash Flows' as noted under Companies Act, 2013.

2) Fixed deposits with original maturity of more than 3 months are grouped under 'other bank balances' and is not considered as part of cash and cash equivalents in the statement of cash flows.

3) Components of cash and cash equivalents:

Cash flows, cash and cash equivalents include cash on hand, deposits held at call with financial institutions/banks, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

*The management of APGPCL has declared "Layoff" with effect from 01.11.2022 due to cancellation of allocation of Natural Gas under Advance Price Mechanism to the Company with effect from 01.09.2022. Accordingly, there is no supply of power to the APL since October, 2022 and also there is no certainty of supply of power by APGPCL in future. Based on the available unobservable inputs i.e. zero supply of units of power resulting in nil savings in the power cost, the fair market value as on 31.03.2025 is considered as Nil.

Reasons for Investments designated to measure at FVTOCI:

The Company has elected an irrevocable option of classifying at fair value through Other Comprehensive Income as they are not held primarily for trading.

Defined Contributions Plans:

Contributions to Defined Contribution plans, recognized as expense for the year, are as under:

Particulars	₹ in lakhs	
	2024-25	2023-24
Employer's Contributions to Provident and Pension Funds	175.70	173.68

Defined Benefit Plans:

A. The company provides for gratuity to the employees as per Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity is payable on retirement/resignation. The gratuity plan is a funded plan and the company makes contributions to recognised funds in India. The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using "Projected Unit Credit Method" on the additional amount expected to be paid/availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognized in the period in which the absences occur.

B. The employees' gratuity fund scheme managed by a Trust is a defined benefit plan. The present value of obligation is determined based on actuarial valuation using the "Projected Unit Credit Method" which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation for compensated absences is recognized in the same manner as gratuity.

Note 2.36A

Pending the decision of Hon'ble High Court of AP on the writ petition filed by the company, challenging the decision of Visakhapatnam Port Authority (VPA) in considering the leased land as commercial land in fixing the annual rent, instead of Industrial land, as considered in the earlier lease agreement. The company is paying the annual lease rent to VPA computed considering the Land taken on lease as Industrial land. If Hon'ble High Court of AP decides against the company, the company will be liable to pay the lease rent applicable at commercial rates, instead of the rate applicable to industrial rate, amounted to Rs 1286.90 lakhs.

Note 2.36B

The Hon'ble Andhra Pradesh Electricity Regulatory Commission (APERC), Kurnool has issued orders for levying Fuel & Power Purchase Cost Adjustment (FPPCA) for the financial years 2022-2023 and 2023-2024. The estimated liabilities towards the aforesaid FPPCA charges amounted to Rs. 308.27 lakhs & Rs 332.18 lakhs respectively. The Company has challenged the aforesaid orders before Appellate Tribunal for Electricity (APTEL). The Company has decided to make a provision for FY 2023-24 of Rs.332.18 lakhs towards FPPCA charges and for the FY2022-23 of Rs.308.27 lakhs which has not been provided for in the books of account and same is considered as contingent liabilities.

Note 2.36C Contingent Asset: Fire Loss of Profit (FLOP) Insurance Arbitration Award

Oriental Insurance Co. Ltd has filed under section 34 of the Arbitration Act, 1996 "a challenge petition" before the Hon'ble Commercial Court (C.C.C.) against the arbitration award given in favour of the company on 09.10.2020. Since the arbitration award is under judicial review, income in respect of the same has not been recognised in the books of account.

Note:2.42 Leases

As Lessee

During the Financial Year 2019-20, the Company (APL) has initiated the process of renewal of the Land Lease on which the plant is located with Visakhapatnam Port Authority (VPA) for a further period of 30 years with effect from 27.06.2019. APL has submitted its Technical & Financial Bid against the tender floated by VPA. As APL was the sole bidder for the Tender, VPA accepted both Technical Bid & Financial Bid. Later-on, VPA has cancelled the tender and issued re-tender. Aggrieved by the action of VPA, APL has filed a writ petition under Article 226 before the Hon'ble High Court of Andhra Pradesh.

The Hon'ble High Court of Andhra Pradesh has allowed the writ Petition filed by the APL seeking the cancellation of the order dated 18.08.2020 cancelling the tender notification dated 07.08.2019 and fresh tender notification dated 24.08.2020 issued by VPA towards the lease of the land and directed VPA to execute the lease deed, vide its order dated 25th February 2022. Further, on 19th March 2022, APL has written a letter to the Chief Engineer, VPA requesting him to kindly finalise the land lease deed and fix-up the date for execution of the said lease deed. VPA has preferred an appeal against the Hon'ble High Court of Andhra Pradesh order dated 25.02.2022 before division bench of Hon'ble High Court of Andhra Pradesh and the same is pending.

Pending execution of the lease deed, APL has considered provisionally its bid amount for accounting of "Leases" in accordance with Ind AS 116, till the lease deed is executed.

3.2 Fair Valuation Techniques

The fair values of the financial assets and liabilities are included at the amount that would be received on sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

A) The following methods and assumptions were used to estimate the fair values

The fair value of cash and cash equivalents, trade receivables and payables, financial liabilities and assets approximate their carrying amount largely due to the short-term maturities of these instruments. The management considers that the carrying amounts of financial assets and financial liabilities recognised at nominal cost/ amortised cost in the financial statements approximate their fair values. The fair value of unquoted equity investments designated and recognised through Other Comprehensive Income has been determined by using the Income approach through the present value techniques.

B) Fair value hierarchy

The fair value of financial instruments as referred to above note have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identified assets or liabilities [Level 1 measurements] and lowest priority to unobservable inputs [Level 3 measurements].

The categories used are as follows:

Level 1: Level 1 hierarchy includes inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2: Inputs that are observable either directly or indirectly for the asset or liability, other than quoted prices included within level 1.

Level 3: Inputs for the asset or liability which are not based on observable market data (unobservable inputs).

C) Statement showing the fair value hierarchy of the financial assets and liabilities measured at fair value on a recurring basis

Particulars	Fair Values as at		Fair Value Hierarchy
	31-March-2025	31-March-2024	
Financial Assets			
Trade receivables	28.60	60.51	Level 2
Other financial assets	25.76	24.55	Level 2
Investment in unquoted Equity Instruments	-	-	Level 3
Investment in Mutual Funds	6838.72	6446.14	Level 1

D) Management's approach and the key assumptions used to determine the fair value under Level 3 hierarchy:

Income approach is the valuation technique used for determination of the fair value of the unquoted equity instruments in APGPCL. It converts the future expected cashflows (savings in costs) to a single discounted amount by using the Present value techniques.

The management of APGPCL has declared "Layoff" with effect from 01.11.2022 due to cancellation of allocation of Natural Gas under Advance Price Mechanism to the Company with effect from 01.09.2022. Accordingly, there is no supply of power to the APL since October, 2022 and also there is no certainty of supply of power by APGPCL in future. Based on the available unobservable inputs i.e. zero supply of units of power resulting in nil savings in the power cost, the fair market value as on 31.03.2025 is determined as Nil.

E) Reconciliation of fair value measurement of unquoted equity shares classified as FVTOCI assets:

3.4 Financial risk management framework

A) The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors monitors the compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

The risk management framework aims at,

- Improve financial risk awareness and risk transparency
- Identify, control and monitor key risks
- Identify risk accumulations
- Provide management with reliable information on the Company's risk situation
- Improve financial returns

B) The company's activities expose it to market risk, liquidity risk and credit risk. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

Risk	Exposure arising	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables, financial assets measured at amortised cost	Aging analysis, credit ratings	Credit Limits and Letters of Credit
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities
Market risk - Interest rate	Long term borrowings at fixed rates for one year	Sensitivity analysis	Credit rating
Market risk - Commercial risk	Price variations	Sensitivity analysis	Product manufacturing planning

a) Credit risk:

i) Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables), from cash and cash equivalents, deposits with banks. The management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis.

ii) Financial assets that are neither past due nor impaired

Cash and cash equivalents, deposits with banks, security deposits, investments in securities & mutual funds are neither past due nor impaired. Cash and cash equivalents, deposits are held with banks which are reputed and credit worthy banking institutions. Hence the expected credit loss is negligible. Investments in securities & mutual funds are actively traded in the stock markets and there is no collateral held against these because the counterparties are entities with high credit ratings assigned by the various credit rating agencies. Hence the expected credit loss is negligible.

iii) Financial assets that are past due but not impaired

Credit risk arising from trade receivables is managed in accordance with the Company's established policy, procedures and control relating to customer credit risk management. The average credit period on sales of products is less than 45 days. All trade receivables are reviewed and assessed for default on a quarterly basis. For trade receivables, as a practical expedient, the Company computes credit loss allowance based on a provision matrix. The provision matrix is prepared based on historically observed default rates over the expected life of trade receivables and is adjusted for forward-looking estimates. The provision matrix at the end of the reporting period is as follows:

Ageing	Expected Credit Loss (%)
Within the Credit Period	0%
Up to 60 days past due	0.25%
60-90 days past due	0.50%
More than 90 days past due	1.00%

b) Liquidity risk:

i) Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. The Company's objective is to maintain optimum level of liquidity to meet its cash and collateral requirements at all times. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit line to meet obligations. Due to the dynamic nature of underlying business, company maintains flexibility in funding by maintaining availability under committed credit lines.

ii) Maturities of financial liabilities

The table below analyses the company's financial liabilities into relevant maturity groupings based on their contractual maturities for all non derivative financial liabilities:

As on March 31, 2025				
(₹ in lakhs)				
Current maturities of financial liabilities	Less than 6 months	6 months to 12 months	Greater than 12 months	Total
Non derivatives				
Borrowings	396.20	-	-	396.20

3.5 Capital management

The company's objectives when managing capital is to safeguard their ability to continue as a going concern, maintain a strong credit rating and healthy capital ratios in order to support its business and provide adequate return to shareholders through continuing growth and maximise the shareholders value. The company sets the amount of capital required on the basis of annual business and long term operating plans which include capital and other strategic investments. The funding requirements are met through a mixture of equity, internal fund generation and borrowed funds. The company tries to maintain an optimal capital structure to reduce cost of capital and monitors capital on the basis of debt-equity ratio.
