This presentation and its contents are confidential and are not for release, publication or distribution, in whole or in part, directly or indirectly, in or into or from the United States of America, Canada, Australia, Japan or any jurisdiction where such distribution is unlawful.

This presentation has been prepared by **Shalby Limited (the "Company")**. These materials are not for publication or distribution, directly or indirectly, in or into the United States (including its territories and possessions, any state of the United States and the District of Columbia). These materials are not an offer of securities for sale into the United States, Canada or Japan or any other jurisdiction. Any securities of the Company have not been and will not be registered under the U.S. Securities Act of 1933, as amended, and may not be offered or sold in the United States, except pursuant to an applicable exemption from registration. No public offering of any securities of the Company is being made in the United States.

The information contained in this presentation is for information purposes only and does not constitute or form part of an offer or invitation for sale or subscription of or solicitation or invitation of any offer to buy or subscribe for any securities, nor shall it or any part of it form the basis of or be relied on in connection with any contract, commitment or investment decision in relation thereto in India, the United States or any other jurisdiction.

No person accepts any liability whatsoever for any loss howsoever arising from the use of this document or of its contents or otherwise arising in connection therewith. The information set out herein may be subject to updating, completion, revision, verification and amendment without notice and such information may change materially. Financial information contained in this presentation has been derived from the restated consolidated and standalone financial statements of the Company and have been rounded off to the next integer, except percentages which have been rounded off to one decimal point.

This presentation contains certain "forward looking statements". Forward-looking statements are based on certain assumptions and expectations of future events. Actual future performance, outcomes and results may differ materially from those expressed in forward-looking statements as a result of a number of risks, uncertainties and assumptions. Although the Company believes that such forward-looking statements are based on reasonable assumptions, it can give no assurance that such expectations will be met. Neither the Company nor any of its advisors or representatives assumes any responsibility to update forward-looking statements or to adapt them to future events or developments.

This presentation includes certain industry data and projections that have been obtained from industry publications and surveys. Industry publications and surveys and forecasts generally state that the information contained therein has been obtained from sources believed to be reliable, but there is no assurance that the information is accurate or complete. Neither the Company nor any of its advisors or representatives have independently verified any of the data from third-party sources or ascertained the underlying economic assumptions relied upon therein. No representation or claim is made that the results or projections contained in this presentation will actually be achieved. All industry data and projections contained in this presentation are based on data obtained from the sources cited and involve significant elements of subjective judgment and analysis, which may or may not be correct. For the reasons mentioned above, you should not rely in any way on any of the projections contained in this presentation for any purpose. No responsibility or liability whatsoever is undertaken for the contents hereof.

This presentation is based on information regarding the Company and the economic, regulatory, market and other conditions as in effect on the date hereof. It should be understood that subsequent developments may affect the information contained in this presentation, which neither the Company nor its advisors or representatives are under an obligation to update, revise or affirm.

Healthcare Conglomerate

Synergistic Sustainable Business Model

Multi-Specialty

11 Hospitals across western, northern and central India

- Headroom to grow further with existing bed capacity without major capex
- Ongoing diversification of Arthroplasty with Cardiac, Onco & Neuro-Science, Critical Care, General Medicine and Transplants
- Continue to maintain leadership in Joint Replacement by volume
- Homecare and International business further accelerate growth
- Adopting and Leveraging Technology to bring better medical outcomes and patient reach

Franchise

4 Hospital network

- An Asset light franchise model will leverage Shalby expertise
- Shalby to monitor and control the quality of the services through FOSO and FOSM business model
- These centers to be equipped with the latest high-definition arthroscopic systems and establish state-of-the-art joint replacements facility.

Implant

USA based Knee & Hip Manufacturing facility

- Manufacturing US FDA approved implants to sell across the US and international markets
- Highly experienced management team appointed to lead implant business
- Enables Shalby to procure high quality implants for its own consumption in India
- Plans to become USD 100 mn business

Diversification in Revenue Mix

Dr Vikram I Shah,
Founder & Chairman

Dr Vikram I. Shah, the Founder of Shalby Ltd, is a world-renowned Joint Replacement Surgeon who innovated “**Zero Technique**” that revolutionized Joint Replacement Surgery.

A visionary entrepreneur, he transformed Shalby from a 6 bedded hospital in 1994 to an integrated healthcare group with 15 hospitals network and 2300+ beds across 12 cities in India with an implant manufacturing facility in California, USA and distribution facility in India and South-East Asian countries.

Shalby is today the Biggest Corporate Hospital Group in Western and Central India focusing on all major disciplines in medicine with credentials of being the Largest Joint Replacement Centre of the World, having done over 1,75,000+ successful joint replacement surgeries till date.

Shalby Limited is listed on both the premier stock exchanges in India and has the aspiration of growing multifold while preserving the core values of “Passion, Compassion and Innovation”.

Notes:

1. Q1'FY26 numbers includes PK Healthcare performance 2. EBITDA includes other income..

- ❖ Shalby Multi-Specialty Hospitals made history by performing the **world's first fully autonomous robotic joint replacement surgery**. This historic procedure utilized a saw-based robotic arm with 7-axis movement, delivering unmatched precision in bone cutting and implant alignment.

Excellent Clinical outcome in rare and high end surgeries :-

- At **Shalby Hospital**, a 54-year-old woman initially diagnosed with an appendicular mass was found during laparoscopic surgery to have widespread peritoneal deposits from an advanced intra-abdominal malignancy. The case was escalated to **oncology team**, which performed complex **cytoreductive surgery** followed by **Hyperthermic Intraperitoneal Chemotherapy (HIPEC)** to eradicate visible and microscopic cancer cells. The patient recovered well and was discharged on the seventh day, with adjuvant chemotherapy planned. This rare case underscores the value of multidisciplinary expertise, rapid intraoperative decision-making, and the role of HIPEC in treating advanced abdominal cancers, positioning Shalby Hospital as a leader in cutting-edge oncology care.
- A **75-year-old** retired surgeon from Patiala with a history of T2DM and hypertension presented with 3 months of weight loss, poor appetite, and recent painless jaundice with itching. Imaging revealed a mass in the head of the pancreas with a double duct sign and preserved fat planes with major vessels, suggestive of resectable pancreatic malignancy. After staging with PET-CT, he underwent **diagnostic laparoscopy** followed by **pancreaticoduodenectomy**.
- Difficult Implant Removal done by **Dr. Pradeep Aggarwal**. A 46 year male presented with pain thigh and hip .He had femur nailing done outside 20 yrs back with a broken drill bit inside screw hole of nail. Nobody was touching him due to anticipated difficulty in removal due to new bone formation and possible fracture. Took challenge and was able to remove nail successfully. Implant Removal especially in old case is a difficult proposition but team operated it well. – **SHALBY MOHALI**
- ❖ **25 Transplants** (8 Kidney, 14 Liver, 3 Bone Marrow) during Q1 FY26 and with this we have performed **465+** Transplants so far at our SG, Indore & Sanar units.
- ❖ Total Clinical Research Trial at Shalby Group is **83 in Q1'FY26** (31 Ongoing, 41 Upcoming, 11 Closed)

Key Focus Areas For Future In Hospital business

Global Leader in Joint Replacement with diversification in other specialties

- Continue to maintain global leadership in joint replacements
- Ongoing diversification with Cardiac Science, Oncology, Neuro-science, Critical Care, General Medicine and Transplants

Prudent Capital Allocation

- Sustainable Capex business model whereby becoming a preferred O&M partner on revenue sharing mode
- Focus to doubling ROCE in coming year due to operational leverage

Growth in Occupancy Rate

- Additional 40% of the total bed capacity is available to support organic growth trajectory with limited capex

Training and Development

- Investment in high impact training programs will establish a dedicated professional medical base

Expansion Plan

- Nashik and Mumbai hospitals within development budget and provide access to important local markets

Leveraging Technology

- Adoption and leveraging technology to provide better medical outcomes, patient reach and satisfaction

24x7 Homecare Services

- Provide Quality Services Through High-end digital systems
- Growing no of services and markets outside home locations
