MD & CEO Commentary on Q2 FY26

Manoj Viswanathan

Chief Executive Officer

"At HomeFirst Finance, Q2 FY26 was another quarter of disciplined growth and steady execution; with the backdrop of a subdued macro environment marked by prolonged monsoons and tariff hikes. Our AUM reached INR 14,178 crore, up 26.3% y-o-y and 5.2% q-o-q. We continued to deepen our presence with a 163-branch network across 143 districts in 13 states - 5 additions since June. On the people front, we added a net of 14 employees, taking our base to 1,723.

On the liability side, proactive management helped us lower our cost of borrowings by 30 bps QoQ, supporting an ex-co-lending spread of 5.3%, up 20 bps. Profitability was robust: PAT came in at INR 132 crore, up 43.0% YoY and 10.9% QoQ, delivering a RoA of 3.8%. Reported ROE was 13.4% post our recent equity raise; on a pre-money adjusted basis, ROE stands at 16.7% - a better reflection of underlying earnings power.

Our asset quality remains healthy and within our comfort bands:

- 1+ DPD is at 5.5% (up by 10 bps on q-o-q).
- 30+ DPD at 3.7% (up by 20 bps on q-o-q).
- Gross Stage 3 (GNPA) is at 1.9% (up by 10 bps on q-o-q).
- Our credit cost is at ~40 bps (flat on q-o-q basis). We continue to maintain a credit cost guidance of 30 to 40 bps, ensuring disciplined risk management even as we scale.

Technology remains central to our strategy. Digital adoption continues to be strong and a key area of our focus as we grow. Account Aggregator penetration reached 83% of new approvals; digital fulfillment crossed 80% through e-agreements and e-NACH; and 96% of our customers are now app-registered, with 87% of service requests raised in-app.

We are equally committed to responsible growth. Under our Green Homes initiative, we certified 50 additional homes in the quarter, taking the cumulative count to 240 as of September. I am pleased to share that Morningstar Sustainalytics reaffirmed our 'Low ESG Risk' category with an improved score of 13.6 versus 16.2 last year. That is a reflection of our fundamentals, governance discipline, and the culture we are building.

As we enter H2, we remain optimistic about our business momentum on the back of improving macro environment, easing interest rate cycle, benign inflation trajectory and proactive government & regulatory measures.

To sum up, this quarter represented: consistent growth, expanding spreads, strong profitability, and stable asset quality.

Thank you to our customers for their trust, to our partners for their support, and to the HomeFirst team for executing with discipline. We look ahead to the second half with confidence."
