Important notices

This presentation includes forward-looking information and statements including statements concerning the outlook for our businesses. These statements are based on current expectations, estimates and projections about the factors that may affect our future performance, including global economic conditions, and the economic conditions of the regions and industries that are major markets for ABB Ltd. These expectations, estimates and projections are generally identifiable by statements containing words such as "expects," "believes," "estimates," "targets," "plans," "outlook" or similar expressions.

There are numerous risks and uncertainties, many of which are beyond our control, that could cause our actual results to differ materially from the forward-looking information and statements made in this presentation and which could affect our ability to achieve any or all of our stated targets.

The important factors that could cause such differences include, among others:

- business risks associated with the volatile global economic environment and political conditions
- costs associated with compliance activities
- market acceptance of new products and services
- changes in governmental regulations and currency exchange rates, and
- such other factors as may be discussed from time to time in ABB India Limited's filings with the Securities and Exchange Board of India (SEBI), including its Annual Report.

Although ABB Ltd believes that its expectations reflected in any such forward-looking statement are based upon reasonable assumptions, it can give no assurance that those expectations will be achieved.

ABB in India at a glance

ABB Group

ABB is a technology leader in electrification and automation, enabling a more sustainable and resource-efficient future. By connecting its engineering and digitalization expertise, ABB helps industries run at high performance, while becoming more efficient, productive and sustainable so they outperform. At ABB, we call this 'Engineered to Outrun'. The company has over 140 years of history and around 110,000 employees worldwide. ABB's shares are listed on the SIX Swiss Exchange (ABBN) and Nasdaq Stockholm (ABB).

ABB in India

ABB is present in India for over a century and manufacturing for more than 75 years. The manufacturing unit is a listed entity. It operates with the entire eco-system of ABB R&D, Engineering, and Services.

Pharma and Healthcare: a deep-dive

Segment Insights

- Globally, India ranks 3rd for pharmaceutical production by volume; Exports contribute ~50%
- Pharma industry to reach ~\$130B by 2030, a CAGR of ~12% from 2024 (EY Report)

- India's hospital market is to grow at a CAGR of ~8% from FY23 to FY32, reaching ~\$194B
- Biotechnology market is to grow from \$137B in 2022 to \$300B by 2030, a CAGR of ~10%

Key Drivers & Trends

Government Initiatives

- 2025-26 budget of ~\$11.50B for the healthcare sector; up ~10% YoY
- Pharma Vision 2047 become a global powerhouse in pharma through self-reliance, innovation, and global expansion
- PLI scheme with a total outlay of \$2.04B from 2020-21 to 2028-29
- Pradhan Mantri Bhartiya Janaushadhi Pariyojana for affordable generic medicines. Healthcare coverage through Ayushman Bharat

Key Trends / Capabilities

- Adoption of advanced technologies by pharma companies for improved efficiency, risk monitoring, addressing ESG challenges, etc.
- India has the largest number of USFDA-compliant pharmaceutical plants outside the US and over 2,000 WHO-GMP approved facilities
- Emerging Medical Tourism Hub, providing cost-effective treatments with the latest technologies

ABB offerings include ABB Ability™ Manufacturing Operations Management, ABB Ability™ APM Suite, Distributed Control Systems, Automation Solutions, LV Motors, Variable Speed Drives, UPS, MV switchgear and others

Sustainability in Practice

On track for achieving our green goals for 2025

Scope 1&2 GHG Emissions*

Target (2025): 87%
Achieved (till Q2):
87.5%

Zero waste to landfill units (No.)

Target (2025): 4
Achieved (till Q2): 3

Water Positive Units (No.)

Target (2025): 4
Achieved (till Q2): 3

Water Recyclability (%)

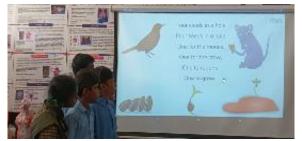

Target (2025): 50% Achieved (till Q2): **41%**

Performance with Purpose

Focus on local development, education, diversity& inclusion and healthcare for communities

Education & Skilling

Phase 2 of Digitization of classrooms – across Govt schools in Peenya and Nelamangala

New community IT Skill Center in Ballabhgarh, Faridabad

Diversity & Inclusion and Communities and Environment

Health awareness and special health camps for communities across locations

Waste management – a Material Recovery Facility in Kasol, Himachal became operational

Science / STEM education program across Govt schools in Peenya and Nelamangala for 2025-26

Electrification programs for the new batches in Faridabad Smart Center for 2025-26

Project – Strengthening Circular Economy through Women in e-waste entrepreneurship in Bangalore

Water Conservation – Borewell Recharge solutions in villages in Nelamangala

Outlook

Resilient market environment, despite geopolitical and trade uncertainties

Megatrends

Electrification

Q2 2025 vs Q2 2024

Other income: 99.7 Cr (86.8 Cr)
Comprises interest on fixed deposits

Material cost: 61.8% (57.2%)

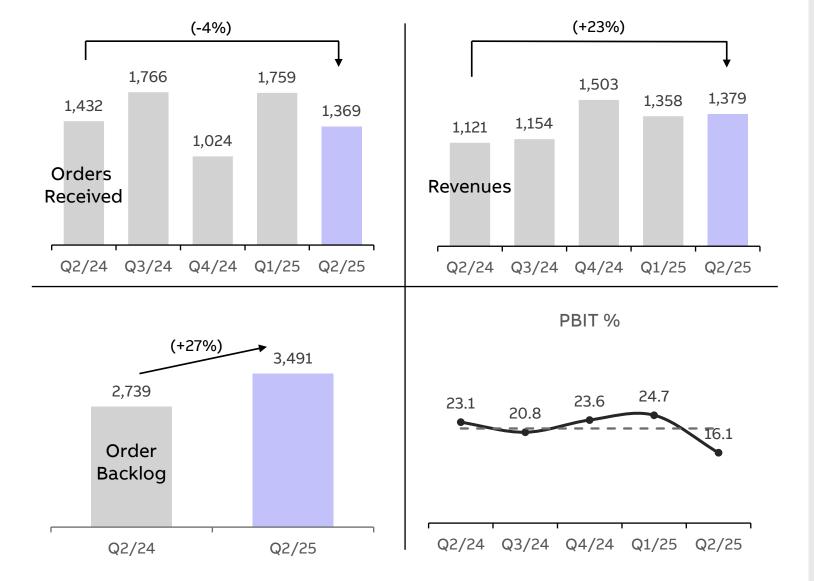

Material cost impacted by revenue mix, higher import content and forex

Personnel expenses: 216 Cr (203 Cr)
Salary revision and head count increase

Other expenses: 528 Cr (477 Cr) Increase in revenue linked costs

Electrification

Orders Received

- Demand for solutions across business segments
- Large order in Q2/24

Revenues

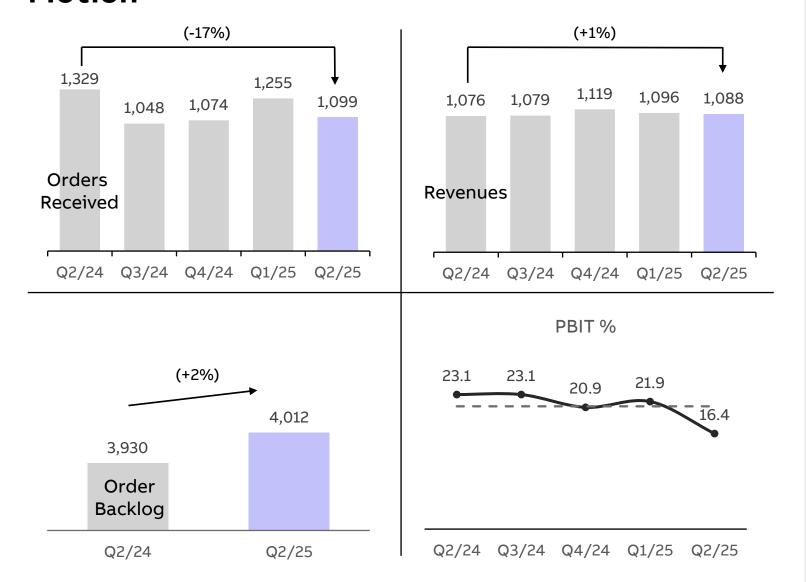

- Growth across business segments with strong backlog execution
- Higher export revenues

PBIT

 Higher import content, forex volatility, revenue mix and one-offs

Motion

Orders Received

- Control systems for railways
- Demand for system drive products
- Large orders in Q2/24

Revenues

 Higher revenues from drives products, traction business, services

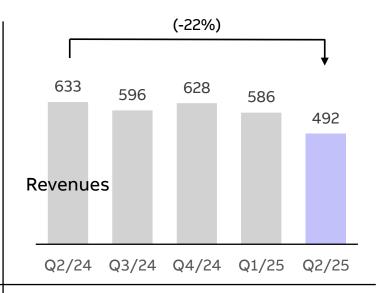

PBIT

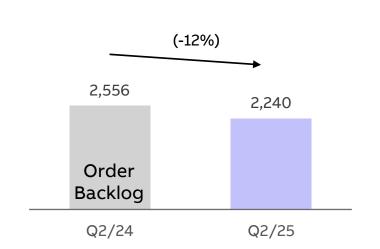

- Higher import content; forex loss
- Competitive pricing

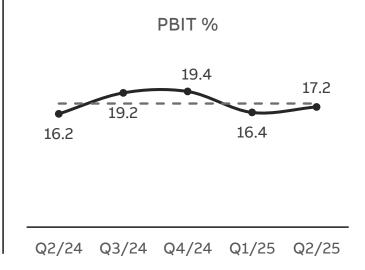

Process Automation

Orders Received

- Demand from mining and paper segments
- Delay in customer decision making

Revenues

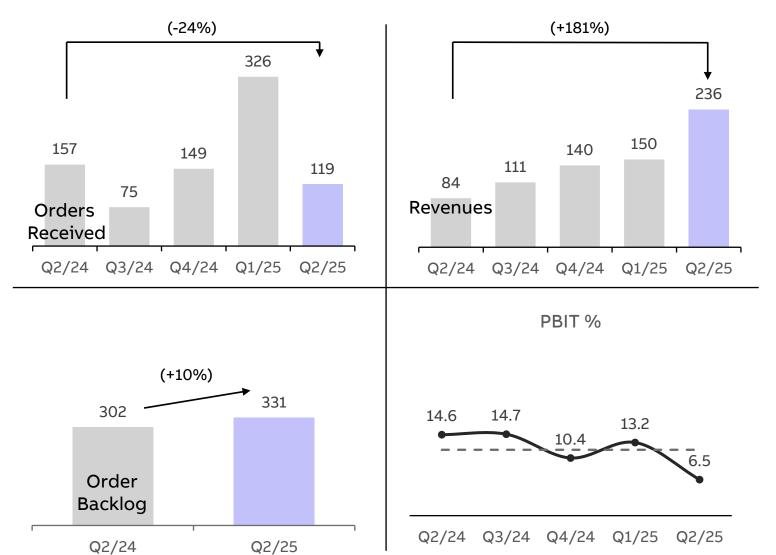

- Q2/24 had large order revenue
- Change in delivery schedule of customers

PBIT

- Revenue mix, higher service business, and operational improvements
- Project closure and actualisation of margins
- Above positives had a more than offset due to forex

Robotics and Discrete Automation

INR crores

Orders Received

- Orders from electronics and automotive
- Service orders yet to pick-up

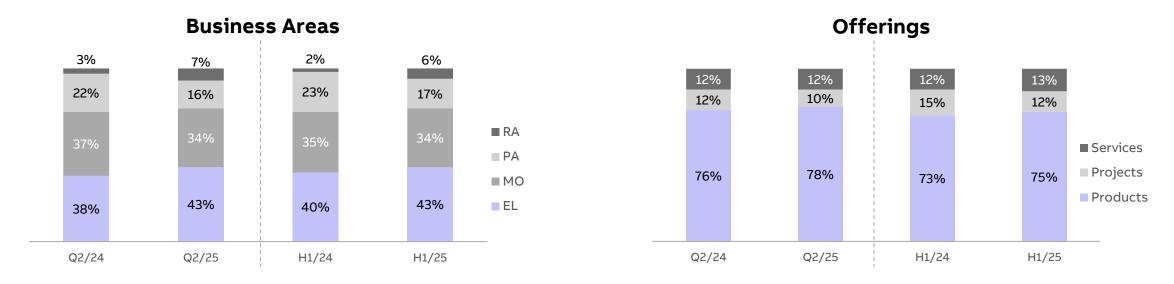

Revenues

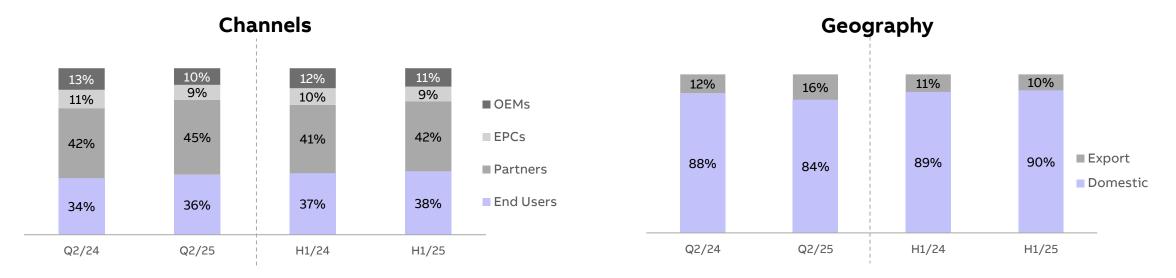

Seamless execution of orders in emerging segments

PBIT

- Revenue mix
- Forex loss

Resilient and diversified business model (by revenues)
