B. MATERIAL ACCOUNTING POLICIES

Statement of Compliance

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended). The financial statements have also been prepared in accordance with the relevant presentation requirements of the Companies Act, 2013.

Basis of Preparation

The financial statements are prepared in accordance with the historical cost convention, except for certain items that are measured at amortised cost or fair value, as explained in the accounting policies below. The financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency.

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

The preparation of financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of the accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period; they are recognised in the period of the revision and future periods if the revision affects both current and future periods.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1 – Presentation of Financial Statements based on the nature of business and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

Property, Plant & Equipment

Property, plant & equipment (PP&E) are stated at cost of acquisition or construction less accumulated depreciation and impairment, if any. For this purpose, cost includes deemed cost which represents the carrying value of PP&E recognised as at 1st April, 2015 measured as per the previous Generally Accepted Accounting Principles (GAAP).

NOTES TO THE FINANCIAL STATEMENTS

Cost is inclusive of inward freight, duties and taxes and incidental expenses related to acquisition. In respect of major projects involving construction, related pre-operational expenses form part of the value of assets capitalised. Expenses capitalised also include applicable borrowing costs for qualifying assets, if any. Subsequent costs are included in the asset's carrying amount only when it meets the recognition criteria are met as per component accounting. The carrying amount of a replaced part is derecognized. All other repairs and maintenance are charged to the Statement of Profit & Loss.

An item of PP&E is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of asset. Any gain or loss arising on the disposal or retirement of an item of PP&E is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in Statement of Profit & Loss.

Depreciation of these assets commences when the assets are ready for their intended use which is generally on commissioning. Items of PP&E are depreciated in a manner that depreciates the cost of the assets after commissioning (or other amount substituted for cost), less its residual value, over their useful lives as specified in Schedule II of the Companies Act, 2013 on a straight-line basis.

PP&E's residual values and useful lives are reviewed at each balance sheet date and changes, if any, are treated as changes in accounting estimate.

Useful lives of different class of PP&E are as follows:

Particulars	Useful Life as per Schedule II
Building	60 Years
Plant and Equipment	15 Years
Furniture's and fixtures	8 years
Office equipment	5 Years

Impairment of Assets

Impairment loss is provided, if any, to the extent, the carrying amount of assets or cash generating units exceed their recoverable amount.

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

Recoverable amount is higher of an asset's fair value less costs of disposal and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset or cash generating unit and from its disposal at the end of its useful life.

Impairment losses recognised in prior years are reversed when there is an indication that the impairment losses recognised no longer exist or have decreased. Such reversals are recognised as an increase in carrying amounts of assets to the extent that it does not exceed the carrying amounts that would have been determined (net of amortisation or depreciation) had no impairment loss been recognised in previous years.

Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates.

Financial instruments, Financial Assets and Financial Liabilities

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the relevant instrument and are initially measured at fair value except for trade receivables that do not contain a significant financing component, which are measured at transaction price. Transaction cost that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities measured at fair value through profit or loss) are added to or deducted from the fair value on initial recognition of financial assets and financial liabilities. Purchase or sale of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place

NOTES TO THE FINANCIAL STATEMENTS

(regular way trades) are recognized on the trade date, i.e., the date when the Company commits to purchase or sell the asset.

Financial Assets:

Recognition: Financial assets includes Investments, Trade receivable, Advances, Security Deposits, Cash and cash equivalents. Such Assets are initially recognized at fair value or transaction price, as applicable, when the company becomes party to contractual obligations. The transaction price includes transaction cost unless the assets is being fair valued through the Statement of Profit and Loss.

Classification: Management determines the classification of an asset at initial recognition depending on the purpose for which the assets were acquired. The subsequent measurement of financial assets depends on such classification.

Financial assets are classified as those measured at:

- (a) Amortised cost, where the financial assets are held solely for collection of cash flows arising from payments of principal and /or interest.
- (b) Fair value through other comprehensive income (FVTOCI), where the financial assets are held not only for collection of cash flows arising from payments of principal and interest but also from the sale of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in other comprehensive income.
- (c) Fair value through profit or loss (FVTPL), where the assets are managed in accordance with an approved investment strategy that triggers purchase and sale decision based on fair value of such assets. Such assets are subsequently measured at fair value. Unrealized gain and losses arising from changes in the fair value, interest income and dividend income (if any), are recognised under 'other income' in the Statement of Profit and Loss in the period in which they arise.

Trade receivable, Advances, Security Deposits, Cash and Cash equivalents etc., are classified for measurement at amortised cost while Investment have been classified for measurement at Fair value through profit or loss (FVTPL).

Impairment: The Company assesses at each reporting date whether a financial asset (or group of financial assets) such as investment, trade receivable, advances and security deposit held at amortised cost are tested for impairment based on evidence or information that is available without undue cost or effort. Expected credit losses are assessed and loss allowances recognized if the credit quality of the financial asset has deteriorated significantly since initial recognition.

Reclassification: When and only when the business model is changed, the Company shall reclassify all affected financial assets prospectively from the reclassification date as subsequently measured at amortised cost, fair value through profit or loss without restating the previously recognized gains or losses and in terms of the reclassification principles laid down in the Ind AS relating to Financial Instruments.

De-recognition: Financial assets are derecognized when the rights to receive benefits have expired or been transferred, and the Company has transferred substantially all risks and rewards of ownership of such financial asset.

Financial Liabilities

Trade payables and other financial liabilities are initially recognized at fair value and are subsequently measured at amortised cost.

Financial liabilities are derecognized when the liability is extinguished, that is when the contractual obligation is discharged, cancelled or expires.

NOTES TO THE FINANCIAL STATEMENTS

Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is included in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

Revenue

1. Revenue is measured at the transaction price that the Company receives or expects to receive as consideration for services rendered, net of discounts to customers and excludes taxes such as Goods and Services Tax. Revenue from the sale of services is recognised when the Company performs its obligations to its customers and the amount of revenue can be measured reliably and recovery of the consideration is probable. Income from operating license fees is recognized on accrual basis in accordance with Operating License agreement. The timing of such revenue recognition is in the periods in which such services are rendered.
2. Interest Income is booked in the Statement of Profit and Loss using the effective interest method.
3. Dividend Income is recognised in the Statement of Profit and Loss when the right to receive dividend is established.

Employee Benefits

Short-term employee benefits are expensed in the period in which the employee renders the related service on an undiscounted basis. A liability is recognised for the amount expected to be paid within twelve months, if the Company has a present legal or constructive obligation to pay the same as a result of past service provided by the employee and the obligation can be reliably estimated.

The Company makes contributions to both defined benefit and defined contribution schemes.

Contributions to Provident Fund are in the nature of defined contribution scheme and such paid/payable amounts are recognised as expense. The contributions in respect of provident fund and family pension are statutorily deposited with the Government.

The Company also makes contribution to defined benefit gratuity plan. The cost of providing benefits under the defined benefit obligation is calculated by independent actuary using the projected unit credit method. The Company has taken a Policy with Life Insurance Corporation of India (LIC) to cover the gratuity liability with respect to the employees and the premium paid to LIC is charged to Statement of Profit & Loss. The difference between the actuarial valuation of the gratuity with respect to employees at the year-end and the contribution paid to LIC is further adjusted in the books of accounts.

Employees Benefit w.r.t. Leave Encashment is considered as Employees Long Term Benefit, for which the Company records the liability based on actuarial valuation computed under projected unit credit method. These benefits are unfunded.

All such Employee Benefit expenditure/provisions are reimbursed by the Licensee as per the Operating License Agreement.

Taxes on Income

Taxes on income comprises of current tax and deferred tax. Current tax in the Statement of Profit and Loss is provided as the amount of tax payable in respect of taxable income for the period using tax rates and tax laws enacted during the period, together with any adjustment to tax payable in respect of previous years.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities and the amounts used for taxation purposes (tax base), at the tax rates and tax laws enacted or substantively enacted by the end of the reporting period.

Deferred tax assets are recognized for the future tax consequences to the extent it is probable that future taxable profits will be available against which the deductible temporary differences can be utilized.

NOTES TO THE FINANCIAL STATEMENTS

Deferred tax assets and liabilities are offset when there is legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on net basis, or to realize the asset and settle the liability simultaneously

Dividend Distribution

Dividends paid (including income tax thereon) is recognised in the financial statements in the period in which the interim dividends are approved by the Board of Directors or, in respect of the Company's final dividend for the year, when the same are approved by shareholders of the Company.

Provisions and Contingent Liabilities

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources will be required to settle the obligation, and the amount can be reliably estimated. The amount so recognized is the best estimate of the consideration required to settle the obligation at the reporting date, taking in to account the risks and uncertainties surrounding the obligation. A disclosure for a contingent liability is made when there is possible obligation or a present obligation that may, but probably will not require an outflow of resources. Where there is possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Use of Estimates and Judgements

The key estimates and assumption used in the preparation of financial statements are set out below:

Actuarial Valuation:

The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognized in the Statement of Profit and Loss and in other comprehensive income. Such valuation depends upon assumptions determined after taking into account inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market. Information about such valuation is provided in notes to the financial statements.

D. Defined Benefit Plan:

The Company has taken a Policy with Life Insurance Corporation of India (LIC) to cover the gratuity liability with respect to the employees and the premium paid to LIC is charged to Statement of Profit & Loss. The difference between the actuarial valuation of the gratuity with respect to employees at the year-end and the contribution paid to LIC is further adjusted in the books of accounts.

The accounting charge for benefits under the defined benefit obligation is calculated by independent actuary using the projected unit credit method.

All such Employee Benefit expenditure/provisions are reimbursed by the Licensee as per the Operating License Agreement, hence no effect on Statement on Profit & Loss and Other Comprehensive Income.

Risk Management

The defined Benefit Plan expose the company to risk of actuarial deficit arising out of investment risk, interest rate risk and salary cost inflation risk.

Investment Risks: This may arise from volatility in asset values due to market fluctuations and impairment of assets due to credit losses. These Plans primarily invest in debt instruments such as Government securities and highly rated corporate bonds – the valuation of which is inversely proportional to the interest rate movements.

Interest Rate Risk: The present value of Defined Benefit Plans liability is determined using the discount rate based on the market yields prevailing at the end of reporting period on Government bonds. A decrease in yields will increase the fund liabilities and vice-versa.

Salary Cost Inflation Risk: The present value of the Defined Benefit Plan liability is calculated with reference to the future salaries of participants under the Plan. Increase in salary due to adverse inflationary pressures might lead to higher liabilities.

GUJARAT HOTELS LIMITED

NOTES TO THE FINANCIAL STATEMENTS

These Plans have a relatively balanced mix of investments in order to manage the above risks. The investment strategy is designed based on the interest rate scenario, liquidity needs of the Plans and pattern of investment as prescribed under various statutes.

VI Sensitivity Analysis

The below sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

III Financial risk management objectives

The Company has a system-based approach to risk management, anchored to policies and procedures and internal financial controls aimed at ensuring early identification, evaluation and management of key financial risks (such as market risk, credit risk and liquidity risk) that may arise as a consequence of its business operations as well as its investing activities. Accordingly, the Company's risk management framework has the objective of ensuring that such risks are managed within acceptable and approved risk parameters in a disciplined and consistent manner and in compliance with applicable regulation. It also seeks to drive accountability in this regard.

Liquidity Risk

The company has current assets aggregate to ₹ 5014.91 Lakhs (2024 - ₹ 4513.26 Lakhs) including Current Investments, Cash and cash equivalents and Other bank balances of ₹ 4794.42 Lakhs (2024- ₹ 4344.85 Lakhs) against an aggregate Current liability of ₹ 78.26 Lakhs (2024- ₹ 90.57 Lakhs) on the reporting date. Further, the Company's total equity stands at ₹ 4848.70 Lakhs (2024- ₹ 4413.52 Lakhs) and it has no borrowings. In such circumstances, liquidity risk or the risk that the company may not be able to settle or meet its obligations as they become due does not exist.

Market Risk

Interest Rate Risk - The company invests in mutual fund schemes of leading fund houses. Such investments are susceptible to market price risk that arise mainly from changes in interest rate which may impact the return and value of such investments.

Other Price Risk - Given the relatively short tenure of the underlying portfolio of the mutual fund schemes in which the company has invested, price risk is not significant.

Credit Risk

Company's deployment in financial instruments such as mutual funds and fixed deposit are made in high quality papers/counterparties.

The company has receivable balances with Lessee under the Operating Service Agreement, which are generally short term in nature. Accordingly, the Company has concluded that no provision for expected credit loss is required.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of these financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Information Other than the Financial Statements and Auditors' Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Management Discussion and Analysis, Corporate Governance Report and Shareholder's Information but does not include the financial statements and our auditors' report thereon. The above-referred information is expected to be made available to us after the date of this audit report.

Our opinion on the financial statements does not cover the

other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the information, which we will obtain after the date of auditors' report and if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate actions necessitated by the circumstances and the applicable

INDEPENDENT AUDITOR'S REPORT

laws and regulations.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are

appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matters or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
