8. In terms of the guidelines provided vide the MCA Circulars, the Company is sending this Notice in electronic form only. Accordingly, the communication of the assent or dissent of the Members would take place through the process of remote e-voting only.
9. This AGM Notice is being sent to all the Members, whose names appear in the Register of Members / Statements of Beneficial Ownership maintained by the Depositories as on the close of business hours on Friday, July 18, 2025.
10. The Company has appointed M/s Cameo Corporate Services Limited, Chennai as its Registrar & Share Transfer Agent and depository interface of the Company with CDSL and NSDL. Shareholders intending to hold their shares in electronic form may approach their depository participants for dematerialization of shares. Shareholders may send their shares for effecting transmission/transposition to M/s. Cameo Corporate Services Limited.
11. Dividend as recommended by the Board, if approved at this meeting, will be paid within 30 days from the date of AGM, to those members whose names appear in the Register of Members on that date.
12. Members are requested to notify immediately any change in their address to the company's Share Transfer Agent, M/s. Cameo Corporate Services Limited, Subramanian Building, No. 1, Club House Road, Chennai- 600 002 in the case of physical holdings and to their respective Depository Participants in case of dematerialized shares.
13. Members are requested to lodge their e-mail ID's along with their Name and Folio No. to Company's Registrar and Share Transfer Agent, M/s. Cameo Corporate Services Limited, 'Subramanian Building', No.1, Club House Road, Chennai - 600 002, Email: - investor@cameoindia.com to enable the Company to send all future communications including Annual Reports through electronic mode.
14. According to the Finance Act, 2020, dividend income will be taxable in the hands of the Shareholders w.e.f. April 1, 2020, and the Company is required to deduct tax at source (TDS) from the dividend paid to the Members at prescribed rates in the Income Tax Act, 1961. This has created a requirement for the investors to submit Form 15G/15H in case if they would like to be exempted from deduction of tax from their dividend. Form 15 G/ 15 H can be downloaded from the web link <https://investors.cameoindia.com> to avail the benefit and email to investors.cameoindia.com, immediately. There is also a provision to upload Form 15G/15H in the web link viz. <https://investors.cameoindia.com> provided by the Company's Registrar and Share Transfer Agent M/s. Cameo Corporate Services Limited.
15. Members are requested to notify the Company's Registrar and Share Transfer Agent immediately of their bank account number and name of the bank and branch in the case of physical holdings, and to their respective Depository Participants in case of dematerialized shares, so that the payment of dividend when made through National Electronic Clearing Service (NECS), National Electronic Fund Transfer (NEFT), Direct Credit, Dividend Warrants etc., can be made without delay.
16. Shareholders who have multiple folios in identical names or in joint names in the same order, are requested to intimate to the Company those folios, to enable the Company to consolidate all such shareholdings into one folio.
17. Shareholders of the Company may avail the nomination facility by executing the prescribed nomination form, which can be obtained from the Registered Office of the Company or from the company's Registrar and Share Transfer Agent.

19. Pursuant to provisions of Section 124 of the Companies Act, 2013, the Company has transferred the unpaid or unclaimed Dividend for the Financial Year 2016-2017 to the Investor Education & Protection Fund (IEPF) constituted by the Central Government during the financial year. Dividend for the Financial Year

2017-2018 remaining unpaid/unclaimed over a period of 7 years is liable to be transferred to the above Fund during the Financial Year 2025-2026 and no claim shall lie against the Company, once it is transferred. Members are advised to claim the unpaid dividend, if any, immediately.

20. Pursuant to Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Amendment Rules, 2017 ("Rules") notified by the Ministry of Corporate Affairs on 28th February, 2017, the Company is required to transfer all shares in respect of which dividend has not been paid or claimed for seven consecutive years to the IEPF. The shareholders are requested to claim the unpaid dividend amount(s) immediately, failing which their shares shall be transferred to the demat account of the IEPF Authority as per Section 124 of the Act, read with applicable IEPF rules.
21. Members are requested to note that trading of Company's shares through Stock Exchange is permitted only in dematerialized form. Further, the Securities and Exchange Board of India (SEBI) mandated that all the transfers of the shares in the physical form shall not be allowed after 31st March 2019. Accordingly, members who have not yet converted their holdings into electronic dematerialized form may do so immediately for their own interest.
22. To prevent fraudulent transactions, members are advised to exercise due diligence and notify the Company of any change in address or demise of any member as soon as possible. Members are also advised not to leave their demat account(s) dormant for long. Periodic statement of holdings should be obtained from the concerned Depository Participant and holdings should be verified.
23. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit the PAN to their Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN details to the Registrar and Share Transfer Agent or to the Company.
24. Pursuant to Regulation 40 of the SEBI (Listing) Obligations and Disclosure Requirements) Regulations, 2015 and SEBI Circular dated 25th January 2022, any request for effecting transfer, transmission or transposition of shares will be processed/effected only in demat form. Therefore, the Company advises you to take steps for dematerializing your shareholding in the Company.
25. Members may also note that the Notice of the 82nd Annual General Meeting and the Annual Report for 2024-2025 will also be available on the Company's website: www.neelamalaiagro.com for downloading. The

physical copies of the aforesaid documents will also be available at the Company's Registered Office for inspection during normal business hours on working days. For any communication, the shareholders may also send requests to the Company's Registrar and share transfer agent email ID: investor@cameoindia.com

26. In terms of Section 101 of the Companies Act 2013 read with rule 18 of the Companies (Management and Administration) Rules, 2014 and section 136 of the Companies Act 2013 read with Rule 11 of Companies (Accounts) Rules, 2014, electronic copy of the notice of 82nd Annual General Meeting of the Company inter alia, indicating the process and manner of e-voting is being sent to all the members whose e-mail id's are registered with the Company / depository participant(s) for communication purpose.
27. Members attending the AGM through VC/OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
28. Members whose names appear on the Register of Members / List of Beneficial Owners as on Cut-off date i.e. August 11, 2025 will be considered for the purpose of availing Remote e-voting or Vote in the Annual General Meeting. A person who is not a member as on the cut-off date should treat this Notice for information purposes only.

29. Voting facilities

In compliance with provisions of Section 108 of the Companies Act, 2013 and Rule 20 of the Companies (Management and Administration) Rules, 2014 and Regulation 44 of the SEBI (Listing obligations and Disclosure Requirements) Regulations 2015, the Company is pleased to provide members facility to exercise their right to vote at the 82nd Annual General Meeting (AGM) by electronic means and the business may be transacted through e-Voting Services provided by Central Depository Services (India) Limited (CDSL). The facility for voting either through electronic voting system shall be made available at the meeting and members attending the meeting who have not already cast their vote by remote e-voting shall be able to exercise their right at the meeting.

THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2 : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins on Friday, August 15, 2025 and ends on Sunday, August 17, 2025. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) Monday, August 11, 2025 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote during the meeting.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to abovesaid SEBI Circular, Login method for e-Voting and joining virtual meetings for Individual shareholders holding securities in Demat mode CDSL/NSDL is given below:

Financial Risk	The company has a conservative debt policy. The debt component is very marginal
Credit risk on exports	The credit is insured through Export Credit and Guarantee Corporation Limited (ECGC)

7) INTERNAL CONTROL SYSTEM AND ITS ADEQUACY

The Company has appropriate and adequate internal controls and also has appointed a leading firm of Chartered Accountants as Internal Auditors to cover Internal Audit of the Company. The Internal Audit coverage is adequate to ensure that the assets of the company are safeguarded and protected and there is regular review by Management on policies, internal controls and procedures and also internal audit reports

8) FINANCIAL PERFORMANCE ANALYSIS

During the year under review, total revenue of the Company was Rs. 3161.45 Lakhs as against Rs. 3521.06 Lakhs during the previous year. Tea production including Bought Leaf during the year was 13.99 Lakhs kgs as against 18.69 Lakhs kgs. during the previous year. Other receipts have recorded an income of Rs. 837.78 Lakhs during the year.

9) INFORMATION TECHNOLOGY

The company has upgraded all its information systems resources and review of the same is done on a periodic basis.

10) HUMAN RESOURCES

The company attaches significant importance to continuous upgradation of Human Resources for improving the productivity of employees at all levels leading to improvement in quality of the produce, which will ensure a better customer satisfaction and a higher growth. As a part of HR strategy, training programmes are organised for employees at all levels. As on 31st March 2025, the company has an employee strength of 876 nos.

11) CAUTIONARY STATEMENT

The analysis given above may contain certain statements which are futuristic in nature. Such statements represent the intention of the Management and the efforts put in by them to realise certain goals. The success in realising these goals depends on various factors, both internal and external. Therefore, the investors are requested to make their own independent judgements by taking into account all relevant factors before taking any investment decision.

INDEPENDENT AUDITORS' REPORT

To the members of Neelamalai Agro Industries Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Neelamalai Agro Industries Limited ("the Company"), which comprise the standalone balance sheet as at 31 March 2025, and the standalone statement of Profit and Loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2025, its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the *standalone* financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key audit matters	How our audit addressed the key audit matter
1.	Revenue recognition: Revenue from sale of goods is recognized when the control of the goods has transferred to the customer and when there are no longer any unfulfilled obligations to the customer. The accounting policies provide additional information on how company accounts for its revenue in compliance with Ind AS 115.	Our audit procedures included the following: - Considering the appropriateness of the accounting policies regarding revenue recognition, by comparing with applicable accounting standards. - Testing the design, implementation and operating effectiveness of the general controls in systems which govern recording of revenue in the general ledger. - Performing substantive testing (including year-end cut-off testing) by selecting samples of revenue transactions recorded during the year (also before and after the financial year end) by verifying the underlying documents, which include sales invoices/contracts and shipping documents. - Test check of revenue transactions and contracts with customers to verify that sales accounting is in accordance with the contract conditions. - Traced disclosure information to accounting records and other supporting documentation.
2.	Unobservable or interpolated inputs used for the valuation of certain level 3 investments Given the ongoing market volatility and macroeconomic uncertainty, investment valuation is an area of inherent risk. The risk is not uniform for all investment types and is greatest for unquoted investments where the investments are hard to value because quoted prices are not readily available. The Company's accounting policies in respect of financial assets are included in the Company's accounting policies while the disclosures are included in Note No. 38 to the standalone financial statements.	Principal audit procedures: - We assessed both the methodology and assumptions used by management in the calculation of the year end values of the investments as well as testing the governance controls that the Directors have in place to monitor these processes. - The testing included performing, amongst others, the following procedures: - Evaluating the methodology and assumptions in the valuation models; - Comparing the assumptions used against appropriate benchmarks and enquiring into significant differences; - Wherever available, recent transactions in the unquoted investments are appropriately considered.

INDEPENDENT AUDITORS' REPORT

To the members of Neelamalai Agro Industries Limited

Information Other than the Standalone Financial Statements and Auditors' Report Thereon

The Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Directors report and Management Discussion and Analysis Report but does not include the standalone financial statements and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management and Board of Director's for Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to the standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

INDEPENDENT AUDITORS' REPORT

To the members of Neelamalai Agro Industries Limited

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matter stated in the paragraph (h (vi)) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
 - (c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including other comprehensive income), the Standalone Statement of Changes in Equity and the Standalone statement of cash flows dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards (Ind AS) specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on 31 March 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2025 from being appointed as a director in terms of Section 164 (2) of the Act.

- (f) The observation relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph (b) above on reporting under Section 143(3)(b) and paragraph (h (vi)) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
- (g) With respect to the adequacy of the internal financial controls with reference to the standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- (h) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations as at 31 March 2025 on its financial position in its standalone financial statements – Refer Note 36 to the standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended 31 March 2025; and
 - iv. (a) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 45(iv), no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
 - (b) The management has represented, that, to the best of its knowledge and belief, as disclosed in the Note 45(iv), no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries

- (c) Based on such audit procedures that we have considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
- v. As stated in Note 47 to the standalone financial statements,
 - a. The final dividend paid by the Company during the year in respect of the same declared for the previous year is in accordance with section 123 of the Companies Act 2013 to the extent it applies to payment of dividend.
 - b. The Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.
- vi. Based on our examination which included test checks performed by us, the Company has used accounting software for maintaining their books of account for the financial year ended March 31, 2025, in which the feature of recording audit

trail (edit log) facility has been enabled both at application and for direct database changes as detailed in Note 44 to the standalone financial statements. These audit trails were not tampered during this period and the logs are also preserved. However, for legacy system which was used upto 31st January 2024, as there was no audit trail enabled, question of preservation does not arise.

- 3. With respect to the matter to be included in the Auditors' Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 read with Schedule V of the Act. The Ministry of Corporate Affairs has not prescribed other details under section 197(16) of the Act which are required to be reported upon by us.

ANNEXURE A TO INDEPENDENT AUDITORS' REPORT

To the members of Neelamalai Agro Industries Limited

Referred to in paragraph 1 on 'Report on Other Legal and Regulatory Requirements' of our report of even date to the members of Neelamalai Agro Industries Limited ("the Company") on the standalone financial statements as of and for the year ended 31 March 2025.

(i) (a)

- (A) The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment.
- (B) The Company does not have any intangible assets in the books and hence this sub clause is not applicable.
- (b) The Company has a regular programme of physical verification of its Property, Plant and Equipment by which all Property, Plant and Equipment are verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, certain Property, Plant and Equipment were physically verified by the management during the year. In our opinion, and

according to the information and explanations given to us, no material discrepancies were noticed on such verification.

- (c) According to the information and explanations given to us, the records examined by us and based on the examination of the conveyance deeds provided to us, we report that, the title deeds, comprising all the immovable properties disclosed in the financial statements are held in the name of the Company as at Balance Sheet date.
- (d) The Company has not revalued its Property, Plant and Equipment during the year and hence this clause is not applicable to the Company.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibitions) Act, 1988 (45 of 1988) and rules made thereunder.
- (ii) a) The inventory, except stocks lying with third parties, has been physically verified by the management at reasonable intervals during the year. In our opinion, the frequency of such

ANNEXURE A TO INDEPENDENT AUDITORS' REPORT

To the members of Neelamalai Agro Industries Limited

verification is reasonable. For stocks lying with third parties at the year-end, written confirmations have been obtained from the parties. In our opinion, the coverage and procedure of such verification by the management is appropriate. The discrepancies noticed on verification between the physical stocks and the book records are not 10% or more in the aggregate for each class of inventory.

- b) Based on our audit procedures & according to the information and explanation given to us, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. Hence the question of whether differences between quarterly returns or statements filed by the company with such banks or financial institutions and unaudited / audited books of account of the Company for respective quarters does not arise.
- (iii) Based on our audit procedures and according to the information and explanation given to us, the Company has made investments into companies and mutual funds as part of its investment portfolio. The company has not provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties. Accordingly,
 - a. In the absence of any loans, guarantee, security given during the year, this sub-clause is not applicable;
 - b. Based on our audit procedures & according to the information and explanation given to us, the investments made are not prejudicial to the Company's interests;
 - c. In the absence of any loans and advances in the nature of loans given during the year, the question of whether the schedule of repayment of principal and payment of interest has been stipulated and repayments / receipts are regular does not arise and accordingly this sub-clause is not applicable;
 - d. In the absence of any loans or advances in the nature of loans outstanding as at the year end, the question of whether there are amounts overdue for more than ninety days as at the balance sheet date and reasonable steps have been taken by the Company for recovery of the principal and interest does not arise and accordingly this sub-clause is not applicable;
 - e. In the absence of any loans or advances in the nature of loans fallen due during the year and hence the question of whether the loan has been renewed or extended or fresh loans granted to settle the overdue of existing loan given to the same parties does not arise and accordingly this sub-clause is not applicable;

f. In the absence of any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment, the question of aggregate amount, percentage thereof to the total loans granted, aggregate amount of loans granted to Promoters, related parties as defined in clause 76 of section 2 of the Companies Act, 2013 does not arise and accordingly, this sub-clause is not applicable.

- (iv) Based on our audit procedures and according to the information and explanation given to us, the Company has not given any loan, guarantees and security during the year. The investments made during the year are in compliance with the requirements of section 185 and 186 of the Act.
- (v) Based on our audit procedures & according to the information and explanation given to us, the Company has not accepted any deposits or amounts which are deemed to be deposits within the meaning of the Act and the directives issued by the Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. No order has been passed by Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other tribunal. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.
- (vi) The Central Government has specified maintenance of cost records under Sub-Section (1) of Section 148 of the Act in respect of the products of the Company. We have broadly reviewed the books of account maintained by the Company as specified under sub section (1) of section 148 of the Act, for maintenance of cost records in respect of the products manufactured by the Company, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not, made a detailed examination of cost records with a view to determine whether they are accurate or complete.
- (vii) (a) According to the information and explanations given to us and the records of the Company examined by us, the Company has been regular in depositing undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees' State Insurance, Income-tax, Duty of Customs, Cess and any other material statutory dues as applicable with the appropriate authorities.

According to the information and explanation given to us and the records of the Company examined by us, no undisputed amounts payable in respect of statutory dues were in arrears, as at 31 March 2025 for a period of more than six months from the date they became payable.

- (b) According to the information and explanations given to us and based on our examination of the records of the Company, there are no statutory dues referred to in sub-clause (a) as at 31 March 2025, which have not been deposited with the appropriate authorities on account of any dispute, except as stated below;

Name of the Statute	Name of dues	Amount demanded (Rs. in Lakhs)	Amount paid under protest (Rs. in Lakhs)	Period to which the amount relates	Forum where dispute is pending
Income Tax Act	Income Tax demands	4.43	Nil	AY 2012-13 and 2013-14	CIT (Appeals)

- (viii) As per the information and explanations given by the management and on the basis of our examination of the records of the Company, no amount has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961. Accordingly, paragraph 3(viii) of the order is not applicable to the Company.
- (ix) (a) Based on our audit procedures and as per the information and explanations given by the management, the Company has not defaulted in repayment of loans or other borrowings or in payment of interest thereon to any lender.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared willful defaulter by any bank or financial institution or government or government authority.
- (c) According to the information and explanations given to us and the records of the Company examined by us, there were no term loans taken by the Company and hence the question of the amount of loan so diverted and the purpose for which it is used does not arise. Accordingly, paragraph 3(ix)(c) of the Order is not applicable to the Company.
- (d) According to the information and explanations given to us and the records of the Company examined by us, no funds raised on short term basis have been utilized for long term purposes.
- (e) According to the information and explanations given to us and the records of the Company examined by us, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its joint venture or associate companies. Accordingly, paragraph 3(ix)(e) of the Order is not applicable to the Company.
- (f) According to the information and explanations given to us and the records of the Company examined by us, the Company has not raised any loans during the year on pledge of securities held in

its joint venture or associate companies. Accordingly, paragraph 3(ix)(f) of the Order is not applicable to the Company.

- (x) (a) The Company has not raised any money during the year by way of initial public offer/further public offer (including debt instruments) hence, the requirement to report on clause 3(x)(a) of the Order is not applicable to the Company.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.
- (xi) (a) To the best of our knowledge and belief and according to the information and explanations given to us, we report that no material fraud by the Company or on the Company has been noticed or reported during the year.
- (b) According to the information and explanations given to us including the representation made to us by the management of the Company, no report under sub-section 12 of Section 143 of the Act has been filed by secretarial auditor or by us in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014, with the Central Government of India for the period covered by our audit.
- (c) To the best of our knowledge and belief and according to the information and explanations given to us, we report that no whistle blower complaints were received during the year by the Company.
- (xii) The Company is not a Nidhi company in accordance with Nidhi Rules 2014. Accordingly, paragraph 3(xii)(a) to (c) of the Order is not applicable.
- (xiii) In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Section 177 and 188 of the Act, where applicable, and the details of the related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- (xiv) (a) To the best of our knowledge and belief and according to the information and explanations given to us, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered the reports of the Internal Auditors of the Company issued till date for the period under audit.
- (xv) On the basis of the information and explanations given to us, in our opinion, during the year the Company has not entered into any non-cash transactions with its

ANNEXURE A TO INDEPENDENT AUDITORS' REPORT

To the members of Neelamalai Agro Industries Limited

directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

- (xvi) (a) Based on our audit procedures and according to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of Reserve Bank of India Act, 1934 (2 of 1934).
- (b) Based on our audit procedures and according to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities without a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934. Accordingly, paragraph 3(xvi)(b) of the Order is not applicable to the Company.
- (c) Based on our audit procedures and according to the information and explanations given to us, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India and hence the questions of fulfilling criteria of a CIC, and in case the Company is an exempted or unregistered CIC, whether it continues to fulfill such criteria, do not arise. Accordingly, paragraph 3(xvi)(c) of the Order is not applicable to the Company.
- (d) Based on our audit procedures and according to the information and explanations given to us, none of the group companies are Core Investment Company (CIC) and hence the question of number of CICs which are part of the Group does not arise. Accordingly, paragraph 3(xvi)(d) of the Order is not applicable to the Company.
- (xvii) Based on our audit procedures and according to the information and explanations given to us, the Company has not incurred cash losses in the financial year and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year and accordingly this clause is not applicable.

- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.
- (xx) Based on our audit procedures and according to the information and explanations given to us, the company is not required to spend the amount for corporate social responsibilities and Accordingly, paragraph 3(xx)(a) and 3(xx)(b) of the Order is not applicable to the Company.

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT

To the members of Neelamalai Agro Industries Limited

Referred to in paragraph 2(g) on 'Report on Other Legal and Regulatory Requirements' of our report of even date

Report on the Internal Financial Controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

We have audited the internal financial controls with reference to standalone financial statements of Neelamalai Agro Industries Limited ("the Company") as of 31 March 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to standalone financial statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2025, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

For the year ended 31st March 2025

NOTES

1. GENERAL INFORMATION

Neelamalai Agro Industries Limited was incorporated on 21st April 1943 under the Indian Companies Act 1913. The Company is in Tea Plantation Business of cultivating Tea, its manufacturing and sale, both domestic and export. Its Registered Office is at 60, Rukmani Lakshmipathi Salai, Egmore, Chennai, Tamil Nadu 600 008.

The Company is listed on the Bombay Stock Exchange.

The standalone financial statements for the year ended March 31, 2025 were approved by the Board of Directors and authorised for issue on May 30, 2025.

2. BASIS OF PREPARATION

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards ("Ind AS") issued under Section 133 of the Companies Act, 2013 and notified by the Ministry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and guidelines issued by the Securities and Exchange Board of India (SEBI), under the historical cost convention on the accrual basis except for certain items which are measured at fair values.

The accounting policies as set out below have been applied consistently except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

All assets and liabilities have been classified as current or non-current as per the company's normal operating cycle and other criteria set out in Division II of the Schedule III to the Companies Act 2013. Based on the nature of products and services and the time between the acquisition of assets for processing and their realization in cash and cash equivalent, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

2.1 STATEMENT OF COMPLIANCE WITH IND AS

The Financial Statements comprising Balance Sheet, Statement of Profit and Loss, Statement of Changes in Equity, Statement of Cash Flow together with notes for the year ended March 31, 2025, have been prepared in accordance with Ind AS as notified above.

(i) New and amended standards adopted by the Company:

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. MCA has notified Ind AS - 117 Insurance Contracts & consequential amendments to the other standards and amendments to Ind AS 116 - Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f. April 1, 2024. The Company has reviewed this new pronouncement and based on its evaluation has determined that it does not have any significant impact in its financial statements.

(ii) New Standards/Amendments notified but not yet effective:

On May 7th, 2025, MCA has notified amendment to Ind AS 21 on determining when a currency is non-exchangeable and require estimation of the spot exchange rate using observable market-based inputs applicable from May 7th 2025.

The Company is in the process of evaluating the impact of the above amendment which is not expected to have any material impact on the financial statements of the Company.

2.2 CRITICAL JUDGEMENTS & ESTIMATES IN APPLYING ACCOUNTING POLICIES

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, the disclosures of contingent assets and contingent liabilities at the date of financial statements, income and expenses during the period. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in future periods which are affected.

Application of accounting policies that require critical accounting estimates and assumptions having the most significant effect on the amounts recognized in financial statements are as follows:

• Taxation:

Significant judgement is involved in determining the tax liability for the company which includes interpretation of tax legislation, developments in case law and the potential outcomes of tax audits and appeals which may be subject to significant uncertainty. Also, there are many transactions and calculation during the ordinary course of business for which the ultimate tax determination is uncertain. Therefore, the actual results may vary from expectations resulting in adjustments to provisions, the valuation of deferred tax assets, cash tax settlements and therefore the tax charge in the statement of profit or loss. Further judgement is involved in determining the deferred tax position on the balance sheet date.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

For the year ended 31st March 2025

NOTES (contd.)

- **Defined benefit plans:**

The cost of the defined benefit plans and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each Balance Sheet date.

- **Fair Value of financial instruments and biological assets:**

The fair value of financial instruments that are unlisted and not traded in active market and biological assets (including agricultural produce) is determined at value assessed based on recent transaction entered into with third party or based on the valuation done by the external appraisers. Where it is not possible to determine a reliable estimate of fair value, the carrying value is determined based on acquisition cost.

2.3 Functional and Presentation Currency

Items included in financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ("the functional currency"). Indian rupee is the functional currency of the Company.

The Financial Statements are presented in Indian Rupees which is company's presentation currency. All financial information presented in Indian Rupees has been rounded to the nearest Lakhs with two decimals except where otherwise indicated.

3 Summary of material accounting policies

3.1 PROPERTY, PLANT AND EQUIPMENT:

a. Recognition and Measurement

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment loss based on cost model. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. Cost also includes taxes and duties for which credit is not available, freight and other direct or allocated expenses during construction period, net of any income earned.

Bearer Plants are recognised under property, plant & equipment on the fulfilment of the following conditions

- It is used in the production or supply of the agricultural produce.
- Is expected to bear produce for more than one period; and has a remote likelihood of being sold as agricultural produce, except for incidental scrap sales.

Bearer plants are recognised at historical costs less depreciation. Cost of tea bushes includes expenditure incurred for planting and maintenance of the tea bushes, till the tea bushes reach commercial tea leaves bearing ability and the cost of the tea bushes/ seeds replanted. Based on the recommendation of the experts the non-bearing period of the tea bushes has been determined at 5 – 7 years from the year of planation of the tea bushes.

Replanted tea bushes are considered ready for their intended use from the beginning of the fifth - seventh financial year following the financial year in which the planting was undertaken. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use. Costs of rejuvenation pruning are recognised in the statement of profit and loss in the period in which the costs are incurred.

Subsequent costs

Subsequent expenditure related to an item of property, plant and equipment is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in statement of profit or loss as incurred.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset.

Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as capital advances under other non-current assets and the cost of assets not ready to use before such date are disclosed under 'Capital work-in-progress'. The cost and related accumulated depreciation are eliminated from the financial statements upon sale / retirement or designation as assets held for sale, of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

For the year ended 31st March 2025

NOTES (contd.)

b. Depreciation:

Tangible property, plant & equipment are depreciated on written down method adopting the useful life & residual value as specified in Schedule II of the Companies Act 2013, except in respect of Tea Bushes and Farm Field Equipment for which useful life has been determined based on technical evaluation by the management. In respect of additions to /deletions from the property, plant and equipment, depreciation is provided on pro-rata basis with reference to the month of addition/deletion of the Assets.

Useful life adopted based on technical evaluation are as under:

Class of property, plant and equipment	Useful life
Tea Bushes	50 years
Farm Field Equipments	5 years

Depreciation methods, useful lives and residual values are reviewed periodically, including at each financial year end.

3.2 INTANGIBLE ASSET

Intangible assets that are acquired by the company, which have finite useful lives are measured at cost less accumulated amortization and accumulated impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the intangible asset.

Research costs are expensed as incurred. Development expenditures on an individual project are recognised as an intangible asset when the Company can demonstrate.

- The technical feasibility of completing the intangible asset so that the asset will be available for use or sale.
- Its intention to complete and its ability and intention to use or sell the asset.
- How the asset will generate future economic benefits
- The availability of resources to complete the asset
- The ability to measure reliably the expenditure during development

Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, are recognized in the statement of profit and loss.

Amortization of intangible asset with finite useful lives

Amortization is recognized in the statement of profit and loss on a straight line basis over the estimated useful lives of intangible assets from the date that they are available to use based on the estimates made by the management w.r.t the useful life and residual value.

Estimated useful life:

- a) Software is amortised over 8 years

Amortization methods, useful lives and residual values are reviewed at each reporting date and adjusted prospectively, if appropriate.

3.3 INVENTORIES

Inventories are valued as under:

a. Raw materials, Packing materials, Stores & Spares:

Valued at lower of cost or net realizable value and for this purpose cost is determined on weighted average basis .The aforesaid items are valued below cost if the finished products in which they are to be incorporated are expected to be sold at a loss.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

For the year ended 31st March 2025

NOTES (contd.)

b. Finished Goods

Valued at lower of cost or net realizable value and for this purpose cost is determined on weighted average basis.

Cost includes direct material cost, direct labour cost, taxes and duties for which credit is not available, freight, other direct expenses and an appropriate proportion of variable and fixed overhead expenditure.

Finished goods comprising agricultural produce that the Company has harvested from its biological assets are measured on initial recognition at their fair value less costs to sell at the point of harvest.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Cost of the purchased inventory are determined after deducting rebates and discounts. Provision is made for obsolete, non-moving & defective stocks, wherever necessary.

3.4 Employee benefits - Retirement benefit costs and termination benefits

i. Defined Contribution Plans

Payment to defined contribution retirement benefit plans i.e. Provident Fund & Superannuation Schemes are recognised as an expense in the statement of profit and loss when employees have rendered service entitling them to the contributions. The Superannuation scheme are funded with an insurance Company in the form of a qualifying insurance policy.

ii. Defined Benefit Plans

The Company has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on post-employment at 15 days salary (last drawn salary) for each completed year of service as per the rules of the Company. The aforesaid liability is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of the financial year. The scheme is funded with an insurance Company in the form of a qualifying insurance policy.

Remeasurement, comprising actuarial gains and losses and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit cost are categorised as follows:

- Service cost (including current service cost, as well as gains and losses on curtailments and settlement)
- Net interest expense or income
- Remeasurement

The company presents the first two components of defined benefit cost in profit or loss in the line item 'employee benefit expense'. Curtailment gains or losses are accounted for as past service cost.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

iii. Compensated Absences

The Company has a scheme for compensated absences for employees which is a long-term employee benefit, the liability for which is determined on the basis of an independent actuarial valuation using the projected unit credit method, carried out at the Balance Sheet date.

iv. Short term benefits

The costs of all short-term employee benefits (that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service) are recognised during the period in which the employee renders the related services. The accruals for employee entitlements of benefits such as salaries, bonuses and annual leave represent the amount which the Company has a present obligation to pay as a result of the employees' services and the obligation can be measured reliably. The accruals have been calculated at undiscounted amounts based on current salary levels at the Balance Sheet date.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

For the year ended 31st March 2025

NOTES (contd.)

3.5 Financial Instruments

I. Financial Assets

a) Initial Recognition and Measurement

All financial assets are initially recognized at fair value except trade receivables which do not contain a significant financing component are measured at transaction price according to Ind AS 115. Transaction costs that are directly attributable to the acquisition or issue of financial assets, which are at fair value are adjusted through profit or loss. Purchase and sale of financial assets are recognised using trade date accounting.

b) Subsequent Measurement

i) Financial assets carried at amortised cost (AC)

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii) Financial assets at fair value through other comprehensive income (FVTOCI)

For equity investments which are not held for trading purposes and where the company has exercised the option to classify the investment as FVTOCI, all fair value changes on the investment are recognized in OCI. The accumulated gains or losses on such investments are not recycled to the Statement of Profit and Loss even on sale of such investment.

iii) Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL.

iv) Investments in associates and joint venture

Investment in associate companies and joint venture is carried at cost in the separate financial statements.

c) Impairment of financial assets

The Company assesses at each balance sheet date whether there is objective evidence that a financial asset or a group of financial assets is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

In accordance with Ind-AS 109, the Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables which do not contain a significant financing component.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each Balance Sheet date, right from its initial recognition.

d) Derecognition of Financial Assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either:
 - (a) the Company has transferred substantially all the risks and rewards of the asset, or
 - (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

e) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognized and deducted directly in equity. No gain or loss is recognized in Statement of Profit and Loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

For the year ended 31st March 2025

NOTES (contd.)

3.6 Foreign currency

Initial Recognition

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Subsequent Recognition

As at the reporting date, non-monetary items which are carried at historical cost and denominated in a foreign currency are reported using the exchange rate at the date of the transaction. All non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were fair value measured.

Monetary items denominated in foreign currency and outstanding at the Balance Sheet date are converted at the year-end exchange rates and the resultant loss or gain, is recognised as income or expense in the statement of the profit and loss.

3.7 Fair value measurement

The Company measures financial instruments, such as, investments or derivatives at fair value at each balance sheet date on a portfolio basis.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the standalone financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summaries accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- Quantitative disclosures of fair value measurement hierarchy
- Financial instruments (including those carried at amortised cost)

3.8 Revenue recognition:

Revenue is recognised on their accrual and when no significant uncertainty on measurability or collectability exists. Expenditure is accounted for on their accrual.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

For the year ended 31st March 2025

NOTES (contd.)

Sale of Goods:

Revenue from the sale of goods is recognised when the performance obligations towards customers have been met at an amount that reflects the consideration to which the company believes it is entitled to in exchange for the transfer of goods to customers i.e. Transaction price, net of any sales returns and GST. Performance obligations are deemed to have been met when the control of goods has been transferred to the customer, depending on the individual terms of the contract of sale. Considering the general terms of sales of goods, there is no significant financing element included in the sales consideration.

3.9 Finance Income and expense

Finance income comprises of interest income on funds invested, dividend income and fair value gains on financial assets at fair value through profit or loss. Interest income is recognized using effective interest method. Dividend income is recognized in statement of profit and loss on date when the company's right to receive payment is established, which in the case of quoted securities is the ex-dividend date.

Finance expense comprises of interest expense on loans and borrowings recognised using effective interest method, unwinding of discount on provision and fair value losses on financial asset through FVTPL that are recognized in the statement of profit and loss.

3.10 Taxation

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

(i) Current tax:

Current Tax expenses are accounted in the same period to which the revenue and expenses relate. Provision for current income tax is made for the tax liability payable on taxable income after considering tax allowances, deductions and exemptions determined in accordance with the applicable tax rates and the prevailing tax laws.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

(ii) Deferred tax:

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements, except when the deferred Income tax arises from the initial recognition of goodwill, an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

Deferred tax liabilities are generally recognized for all taxable temporary differences.

The carrying amount of deferred tax assets is reviewed at each Balance Sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the Balance Sheet date.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis

Minimum Alternative Tax

Minimum Alternative Tax ("MAT") credit is recognized as an asset only when and to the extent there is reasonable certainty that the Company will pay normal income tax during the specified period in which such credit can be set off under the income tax law. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a reasonable certainty to the effect that the Company will pay normal income tax during the specified period.

3.11 Cash flow statement:

Cash flows are reported using the indirect method, whereby, profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows are segregated into operating, investing and financing activities.

3.12 Dividends:

Final Dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as liability on the date of declaration by the Company's Board of Directors.

3.13 Segment Reporting:

The Company identifies operating segments based on the internal reporting provided to the chief operating decision-maker.

The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors that makes strategic decisions.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. The Company operates in a single Business segment namely Cultivation, Manufacturing and Marketing of Tea. Accordingly, this is the only business segment to be reported and geographically segment is considered as India and rest of the world.

Nature and Purpose of other reserves

- Capital Redemption Reserves** - Capital Redemption Reserve was created for buy - back of shares and can be utilised for issuance of fully paid up bonus shares.
- General Reserve** - General Reserve is created out of profits earned by the company by way of transfer from surplus in the statement of profit and loss. The company can use the reserve for payment of dividend and issue of fully paid-up and not paid up bonus shares.
- Retained Earnings:** Retained earnings are the profits that the company has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders.
- Equity investments through other comprehensive income:** The fair value change of the equity instruments measured at fair value through other comprehensive income is recognised in Equity instruments through other comprehensive income. Upon derecognition, the cumulative fair value changes on the said instruments are not reclassified to statement of profit and loss.

Impact of decrease in 100 bps on DBO	(0.60)	(0.56)

The estimate of future salary increases, considered in actuarial valuation, takes into account inflation, seniority, promotions and other relevant factors.

Exposure to Risks:

These plans typically expose the Company to actuarial risks such as: interest rate risk, longevity risk and salary risk.

Interest risk: A decrease in the Government Securities (G-Sec Bonds) interest rate will increase the plan liability.

Longevity risk: The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants during their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Investments in quoted zero coupon debentures	A.2	-	-	-	-

There have been no transfers between Level 1 and Level 2 during the period.

A.2 Valuation inputs and relationship to fair value

The fair value of investment in listed shares is determined using the market rate per share at the balance sheet date.

The fair value of investment in mutual funds is determined using the Net Asset Value (NAV) per unit at the balance sheet date.

The fair value of investment in unlisted shares is determined using the quotes available in the informal market close to the balance sheet date / at costs which represents fair value.

B.1 Fair value of Financial Instruments measured through FVTOCI:

Financial assets and liabilities measured at fair value-recurring fair value measurements as at March 31, 2025:

NOTE 39

FAIR VALUE HIERARCHY (*Contd....*)

B.2 Valuation inputs and relationship to fair value

"The fair value is determined based on valuation reports / recent transactions including potential transactions within a reasonable period to the balance sheet date.

C. Fair value of Financial Instruments measured at amortised cost :

Due to the short-term nature of cash and cash equivalents and the short-term maturities of trade receivables, loans, other financial liabilities and assets the management considers that the carrying amount of assets and liabilities recognised at amortised cost in financial statements is approximate to their fair value.

The fair value of financial instruments as referred to in note (A) and (B) above have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities [Level 1 measurements] and lowest priority to unobservable inputs [Level 3 measurements].

NOTE 40

FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's principal financial liabilities, other than derivatives, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations. The Company's principal financial assets include loans, trade and other receivables, and cash and short-term deposits that derive directly from its operations. The Company also enters into derivative transactions.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed by the senior management in accordance with the Company's policies and risk objectives. All derivative activities for risk management purposes are carried out by professionals who have the appropriate skills, experience and supervision. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken.

(A) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, foreign currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings and derivative financial instruments.

The sensitivity analyses in the following sections relate to the position as at 31 March 2025 and 31 March 2024.

The sensitivity analyses have been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of the debt and derivatives and the proportion of financial instruments in foreign currencies are all constant and on the basis of hedge designations in place at 31 March 2025. The sensitivity analysis for equity price risk has been prepared on the basis of the fair value of the equity investments carried as FVTPL (under current investments) and basis change in equity price.

The analyses exclude the impact of movements in market variables on the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets.

The following assumptions have been made in calculating the sensitivity analyses:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31 March 2025 and 31 March 2024.

NOTE 40

FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Contd....)

(a) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's does not have any material exposure to changes in market interest rates.

(b) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue is denominated in a foreign currency).

(1) Foreign Currency Risk Exposure

The company exposure to foreign currency risk at the end of the year expressed in Rs. as follows:

Financial Assets	31st March 2025 (Rs. in Lakhs)	31st March 2024 (Rs. in Lakhs)
Trade Receivables - USD	133.11	22.35
Forward Cover Contracts - USD	-	-
Net unhedged Exposure - USD	133.11	22.35

(2) Foreign currency sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities including non-designated foreign currency derivatives. The impact on the Company's pre-tax equity is due to changes in the fair value of forward exchange contracts designated as cash flow hedges and net investment hedges. The Company's exposure to foreign currency changes for all other currencies is not material.

Sensitivity Analysis

		Effect on profit before tax in INR lakhs	
		31st March 2025	31st March 2024
USD Exposure in INR	1% -Strengthening	1.33	0.22
USD Exposure in INR	1% -Weakening	(1.33)	(0.22)

(c) Equity price risk

The company carries a significant amount of investments held as FVTPL (under current investments) which are affected by swings in the equity price and yield in bonds in the market. The risk of equity price changes are managed by the company by closely monitoring the market position and accordingly determining the entry and exit into the markets from time to time and also by having a diversified portfolio of investments.

Sensitivity Analysis

		Effect on profit before tax in INR lakhs	
		31st March 2025	31st March 2024
Equity, debenture and mutual funds price exposure for current investments	1% -Strengthening	37.11	50.09
Equity, debenture and mutual funds price exposure for current investments	1% -Weakening	(37.11)	(50.09)

NOTE 40

FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Contd....)

(d) Commodity price risk

The prices of agricultural commodities are subject to fluctuations due to various factors. In the ordinary course of business, the company is exposed to commodity price risk to the extent its open sales are not balanced by inventory. The company has in place a risk management policy to manage such risk by having conscious limits on the sales committed for future periods for which production is yet to be completed and inventory is in place.

(B) Credit risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

(a) Trade receivables

Customer credit risk is managed as per the Company's established policy, procedures and control relating to customer credit risk management. Credit limits are set with approvals on the basis of the defined policies. Outstanding customer receivables are regularly monitored and exposures are kept within the credit limits fixed for each customer.

Excessive risk concentration

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

In order to avoid excessive concentrations of risk, the Company's policies and procedures include specific guidelines to focus on the maintenance of a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly.

Particulars	31 March 2025	31 March 2024
No of Customers to whom Sales made is more than 10% of the Turnover	1	2
Contribution of Customers in Sales more than 10% of Turnover	11.38%	29.08%

Particulars	31 March 2025	31 March 2024
No of Customers who owed more than 10% of the Total receivables	4	2
Contribution of Customers in owing more than 10% of Total receivables	72.84%	80.37%

An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The calculation is based on exchange losses historical data. The Company does not hold collateral as security. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

(b) Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty.

The Company's maximum exposure to credit risk for the components of the balance sheet at 31 March 2025 and 31 March 2024 is the carrying amounts as mentioned in Notes.

NOTE 40

FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Contd....)

(C) Liquidity risk

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts. The Company assessed the concentration of risk with respect to refinancing its debt and concluded it to be low. The Company has access to current investments which are highly liquid to meet any liquidity needs and also has adequate undrawn credit facility from its bankers.

The table below summarizes the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

CONSOLIDATED STATEMENTS

INDEPENDENT AUDITORS' REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

To the members of Neelamalai Agro Industries Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Neelamalai Agro Industries Limited ("the Holding Company"), its associates and joint venture, which comprise the consolidated balance sheet as at 31 March 2025, and the consolidated statement of Profit and Loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on financial statements and on the other financial information of the two associate companies, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Holding Company, its associates and joint venture as at 31 March 2025, and their consolidated profit and other comprehensive income, consolidated statement of changes in equity and their consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Holding Company, its associates and joint venture in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained and evidence obtained by other auditors in terms of their reports referred to in the 'Other Matters' paragraph below, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key audit matters	How our audit addressed the key audit matter
1.	Revenue recognition: Revenue from sale of goods is recognized when the control of the goods has transferred to the customer and when there are no longer any unfulfilled obligations to the customer. The accounting policies provide additional information on how the group companies account for its revenue in compliance with Ind AS 115.	Our audit procedures included the following: - Considering the appropriateness of the accounting policies regarding revenue recognition, by comparing with applicable accounting standards. - Testing the design, implementation and operating effectiveness of the general controls in systems which govern recording of revenue in the general ledger. - Performing substantive testing (including year- end cut-off testing) by selecting samples of revenue transactions recorded during the year (also before and after the financial year end) by verifying the underlying documents, which include sales invoices/contracts and shipping documents. - Test check of revenue transactions and contracts with customers to verify that sales accounting is in accordance with the contract conditions. - Traced disclosure information to accounting records and other supporting documentation.

INDEPENDENT AUDITORS' REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

To the members of Neelamalai Agro Industries Limited

Sr. No.	Key audit matters	How our audit addressed the key audit matter
2.	Unobservable or interpolated inputs used for the valuation of certain level 3 investments Given the ongoing market volatility and macroeconomic uncertainty, investment valuation is an area of inherent risk. The risk is not uniform for all investment types and is greatest for unquoted investments where the investments are hard to value because quoted prices are not readily available. The Company's accounting policies in respect of financial assets are included in the Company's accounting policies while the disclosures are included in Note No. 37 to the consolidated financial statements.	Principal audit procedures: • We assessed both the methodology and assumptions used by management in the calculation of the year end values of the investments as well as testing the governance controls that the Directors have in place to monitor these processes. • The testing included performing, amongst others, the following procedures: ○ Evaluating the methodology and assumptions in the valuation models; ○ Comparing the assumptions used against appropriate benchmarks and enquiring into significant differences; ○ Wherever available, recent transactions in the unquoted investments are appropriately considered

Information Other than the Consolidated Financial Statements and Auditors' Report Thereon

The Holding Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Directors report and Management Discussion and Analysis Report but does not include the consolidated financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management and Those Charged

The Holding Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements in terms of the requirement of the Act and that give a true and fair view of the consolidated state of affairs, consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance

with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error which have been used for the purpose of preparation of the consolidated financial statements by the Board of Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of Holding company, its associates and joint venture are responsible for assessing ability of the Holding Company, its associates and joint venture to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Holding Company, its associates and joint venture are also responsible for overseeing the financial reporting process of Holding Company, its associates and joint venture.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered

INDEPENDENT AUDITORS' REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

To the members of Neelamalai Agro Industries Limited

material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company, its one associate company and joint venture, which are companies incorporated in India have adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Holding Company, its associates and joint venture to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Holding Company, its associates and joint venture to cease to continue as a going concern; and
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Holding Company, its associates and joint venture to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit

of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For two entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audit carried out by them.

We believe that the audit evidence obtained by us along with the consideration of audit report of the other auditor referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The consolidated financial statements include the Holding Company's share of net profit (including other comprehensive income) of Rs. 1,967.23 Lakhs for the year ended 31 March 2025, as considered in the consolidated financial statements, in respect of two associates whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports has been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these associates, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to these associates is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of other auditors.

INDEPENDENT AUDITORS' REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

To the members of Neelamalai Agro Industries Limited

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

- b. The interim dividend declared and paid by one associate company incorporated in India during the year and until the date of this audit report is in accordance with section 123 of the Companies Act 2013.
- c. The Board of Directors of the Holding Company, one associate and joint venture incorporated in India have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.
- vi. Based on our examination which included test checks performed by us and as communicated by the respective auditors of two associates,
- a. In case of Holding company, Based on our examination which included test checks performed by us, the Company has used accounting software for maintaining their books of account for the financial year ended March 31, 2025, in which the feature of recording audit trail (edit log) facility has been enabled both at application and for direct database changes. These audit trails were not tampered during this period and the logs are also preserved. However, for legacy system which was used upto 31st January 2024, as there was no audit trail enabled, question of preservation does not arise.
- b. In case of one associate, as reported by that entity auditor
- (1) In case of accounting software, the company has used an software which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software, except that the feature of recording audit trail (edit log) facility was not enabled at the database level to log any direct data changes. Further, during the course of their audit entity auditor did not come across any instance of the audit trail feature being tampered with.
- (2) In case of payroll software, company has used a software which is operated by a third-party software service provider. In the absence of service organization controls auditors' report covering the audit trail requirement for the period, entity auditors are unable to comment whether audit trail feature of the said software was enabled and operated throughout the year for all relevant transactions recorded in the software or whether there were any instances of the audit trail feature been tampered with." Furthermore, the audit trail feature where enabled has been preserved by the Company as per the statutory requirements for record retention.

ANNEXURE A TO INDEPENDENT AUDITORS' REPORT

To the members of Neelamalai Agro Industries Limited

- c. In case of one JV, Based on our examination which included test checks performed by us, Company has implemented audit trail feature at the application level with effect from 15th January 2025. Accordingly, the Company has partially complied with the requirements of Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014, in respect of maintaining an audit trail for the period from 15th January 2025 to 31st March 2025. We did not come across any instance of audit trail feature being tampered with during the course of our audit.

Feature of audit trail (edit log) facility at database level has not been enabled.

As audit trail was not enabled in the previous year question of preservation does not arise.

- d. In case of another associate, as reported by that entity auditor

Based on entity auditor examination which included test checks, except for the instances mentioned below, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except for the below:

- The feature of recording audit trail (edit log) facility was not enabled at the Basis level to log any direct data changes done at the database for the accounting software used for maintaining the books of account.

Further, during the course of their audit entity auditor did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the company as per the statutory requirements for record retention, except for the audit trail at Basis Level.

The details w.r.t. Group are as mentioned in Note 45 of Consolidated financial statements

3. With respect to the matter to be included in the Auditors' Report under Section 197(16) of the Act:

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT

To the members of Neelamalai Agro Industries Limited

Referred to in paragraph 2(g) on 'Report on Other Legal and Regulatory Requirements' of our report of even date on the consolidated financial statements of Neelamalai Agro Industries Limited

Report on the Internal Financial Controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

In conjunction with our audit of the consolidated financial statements of Neelamalai Agro Industries Limited (hereinafter referred to as "the Holding Company") as of and for the year ended 31 March 2025, we have audited the internal financial controls with reference to financial reporting of the Holding Company and its one associate company and the joint venture company, which are companies incorporated in India and for which this requirement applies, as of that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Holding company, one associate and one joint venture, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial reporting and their operating effectiveness. Our audit of internal financial controls with reference to financial reporting included obtaining an understanding of internal financial controls with reference to financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor in terms of their reports referred to in the Other Matter paragraph, is sufficient and appropriate to provide a basis for our unmodified audit opinion on the internal financial controls system with reference to financial reporting of the Holding Company, one associate company and one joint venture, which are companies incorporated in India.

Meaning of Internal Financial Controls with reference to standalone financial statements

A company's internal financial control with reference to financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its one associate and joint venture have, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2025, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

AVT McCormick Ingredients Private Limited (Holding % - 14.58%)

The consolidated financial statements for the year ended March 31, 2025 were approved by the Board of Directors and authorised for issue on May 30, 2025.

2. Basis of Preparation

The consolidated financial statements of the Holding Company, associates and joint venture have been prepared in accordance with Indian Accounting Standards (“Ind AS”) issued under Section 133 of the Companies Act, 2013 and notified by the Ministry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and guidelines issued by the Securities and Exchange Board of India (SEBI), under the historical cost convention on the accrual basis except for certain items which are measured at fair values.

The accounting policies as set out below have been applied consistently except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

All assets and liabilities have been classified as current or non-current as per the Holding Company, associates and joint ventures’ normal operating cycle and other criteria set out in Division II of the Schedule III to the Companies Act 2013. Based on the nature of products and services and the time between the acquisition of assets for processing and their realization in cash and cash equivalent, the Holding Company, associates and joint venture has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

2.1 Statement of Compliance with Ind AS

The Financial Statements comprising Balance Sheet, Statement of Profit and Loss, Statement of Changes in Equity, Statement of Cash Flow together with notes for the year ended March 31, 2025, have been prepared in accordance with Ind AS as notified above.

(i) New and amended standards adopted by the Company:

Ministry of Corporate Affairs (“MCA”) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. MCA has notified Ind AS - 117 Insurance Contracts & consequential amendments to the other standards and amendments to Ind AS 116 - Leases, relating to sale and leaseback transactions, applicable to the Group w.e.f. April 1, 2024.

The Holding Company, its associates and joint venture has reviewed this new pronouncement and based on its evaluation has determined that it does not have any significant impact in its financial statements.

(ii) New Standards/Amendments notified but not yet effective:

On May 7th, 2025, MCA has notified amendment to Ind AS 21 on determining when a currency is non-exchangeable and require estimation of the spot exchange rate using observable market-based inputs applicable from May 7th 2025.

The Holding Company, its associates and joint venture is in the process of evaluating the impact of the above amendment which is not expected to have any material impact on the financial statements of the Group.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31st March 2025

NOTES (contd.)

2.2 Critical judgements & Estimates in applying accounting policies

The preparation of consolidated financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, the disclosures of contingent assets and contingent liabilities at the date of financial statements, income and expenses during the period. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in future periods which are affected.

Application of accounting policies that require critical accounting estimates and assumptions having the most significant effect on the amounts recognized in consolidated financial statements are as follows:

- **Useful lives of property, plant and equipment and intangible assets:**

The Holding Company, associates and joint venture has estimated useful life of each class of assets based on the nature of assets, the estimated usage of the asset, the operating condition of the asset, past history of replacement, anticipated technological changes, etc. The Holding Company, associates and joint venture reviews the carrying amount of property, plant and equipment and Intangible assets at the Balance Sheet date. This reassessment may result in change in depreciation expense in future periods.

- **Taxation:**

Significant judgement is involved in determining the tax liability for the Holding Company, associates and joint venture which includes interpretation of tax legislation, developments in case law and the potential outcomes of tax audits and appeals which may be subject to significant uncertainty. Also, there are many transactions and calculation during the ordinary course of business for which the ultimate tax determination is uncertain. Therefore, the actual results may vary from expectations resulting in adjustments to provisions, the valuation of deferred tax assets, cash tax settlements and therefore the tax charge in the statement of profit or loss. Further judgement is involved in determining the deferred tax position on the balance sheet date.

- **Defined benefit plans:**

The cost of the defined benefit plans and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each Balance Sheet date.

- **Provisions & Contingencies:**

Provisions and contingencies are based on the Holding Company, associates and joint venture Management's best estimate of the liabilities based on the facts known at the balance sheet date.

From time to time, the Holding Company, associates and joint venture is subject to legal proceedings the ultimate outcome of each being always subject to many uncertainties inherent in litigation. A provision for litigation is made when it is considered probable that a payment will be made and the amount of the loss can be reasonably estimated. Significant judgment is made when evaluating, among other factors, the probability of unfavourable outcome and the ability to make a reasonable estimate of the amount of potential loss. Litigation provisions are reviewed at each accounting period and revisions made for the changes in facts and circumstances.

- **Fair Value of financial instruments and biological assets:**

The fair value of financial instruments that are unlisted and not traded in active market and biological assets (including agricultural produce) is determined at value assessed based on recent transaction entered into with third party or based on the valuation done by the external appraisers. Where it is not possible to determine a reliable estimate of fair value, the carrying value is determined based on acquisition cost.

2.3 Functional and Presentation Currency

Items included in consolidated financial statements of the Holding Company, associates and joint venture are measured using the currency of the primary economic environment in which the Holding Company, associates and joint venture operates ("the functional currency"). Indian rupee is the functional currency of the Holding Company, associates and joint venture.

The Financial Statements are presented in Indian Rupees which is Holding Company, associates and joint venture's presentation currency. All financial information presented in Indian Rupees has been rounded to the nearest Lakhs with two decimals except where otherwise indicated.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31st March 2025

NOTES (contd.)

2.4 Principles of equity accounting

AVT Natural Products Limited and Midland Corporate Advisory Services Private Limited are considered as Associates considering the fact that it holds significant shareholding / significant influence over these companies. Interest in joint ventures are accounted for using the equity method, after initially being recognised at cost in the consolidated balance sheet. In respect of investment in AVT McCormick Ingredients Private Limited, on transition to Ind AS, the investment has been evaluated to be a Joint Venture in view of the investment in this company being in terms of the joint venture agreement by companies under common control with McCormick group of the USA.

3 Summary of significant accounting policies

3.1 Property, plant and equipment:

a. Recognition and Measurement

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment loss based on cost model. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. Cost also includes taxes and duties for which credit is not available, freight and other direct or allocated expenses during construction period, net of any income earned.

Bearer Plants are recognised under property, plant & equipment on the fulfilment of the following conditions:

- It is used in the production or supply of the agricultural produce.
- Is expected to bear produce for more than one period; and has a remote likelihood of being sold as agricultural produce, except for incidental scrap sales.

Bearer plants are recognised at historical costs less depreciation. Cost of tea bushes includes expenditure incurred for planting and maintenance of the tea bushes, till the tea bushes reach commercial tea leaves bearing ability and the cost of the tea bushes/ seeds replanted. Based on the recommendation of the experts the non-bearing period of the tea bushes has been determined at 5 - 7 years from the year of planation of the tea bushes.

Replanted tea bushes are considered ready for their intended use from the beginning of the fifth – seventh financial year following the financial year in which the planting was undertaken. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use. Costs of rejuvenation pruning are recognised in the statement of profit and loss in the period in which the costs are incurred.

Subsequent costs

Subsequent expenditure related to an item of property, plant and equipment is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. When significant parts of plant and equipment are required to be replaced at intervals, the Holding Company, associates and joint venture depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in statement of profit or loss as incurred.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset.

Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as capital advances under other non-current assets and the cost of assets not ready to use before such date are disclosed under 'Capital work-in-progress'. The cost and related accumulated depreciation are eliminated from the financial statements upon sale / retirement or designation as assets held for sale, of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss.

b. Depreciation:

Tangible property, plant & equipment are depreciated on written down method adopting the useful life & residual value as specified in Schedule II of the Companies Act 2013, except in respect of Tea Bushes and Farm Field Equipments for which useful life has been determined based on technical evaluation by the management. In respect of additions to / deletions from the property, plant and equipment, depreciation is provided on pro-rata basis with reference to the month of addition/deletion of the Assets.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31st March 2025

NOTES (contd.)

Useful life adopted based on technical evaluation are as under:

Class of property, plant and equipment	Useful life
Tea Bushes	50 years
Farm Field Equipments	5 years

Depreciation methods, useful lives and residual values are reviewed periodically, including at each financial year end.

3.2 Intangible Assets

Intangible assets that are acquired by the Holding company, associates and joint venture which have finite useful lives are measured at cost less accumulated amortization and accumulated impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the intangible asset.

Research costs are expensed as incurred. Development expenditures on an individual project are recognised as an intangible asset when the Company can demonstrate.

- The technical feasibility of completing the intangible asset so that the asset will be available for use or sale.
- Its intention to complete and its ability and intention to use or sell the asset.
- How the asset will generate future economic benefits
- The availability of resources to complete the asset
- The ability to measure reliably the expenditure during development

Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, are recognized in the statement of profit and loss.

Amortization of intangible asset with finite useful lives

Amortization is recognized in the statement of profit and loss on a straight line basis over the estimated useful lives of intangible assets from the date that they are available to use based on the estimates made by the management w.r.t the useful life and residual value.

Amortization methods, useful lives and residual values are reviewed at each reporting date and adjusted prospectively, if appropriate.

3.3 Impairment of non-financial assets

At the end of each reporting period, the Holding Company, associates and joint venture reviews the carrying amounts of its non-financial asset to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

For the purposes of assessing impairment, assets are grouped at the lowest possible levels for which there are independent cash inflows (cash-generating units). Prior impairment of non-financial assets (other than goodwill) are reviewed for possible reversal at each reporting date.

Recoverable amount is the higher of fair value less cost to sell and value in use. In assessing value in use, the estimated future cash flow are discounted to their present value using a pre-tax discount rate that reflects current market assessment of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

An impairment loss is recognized if the carrying amount of an asset or cash generating unit exceeds its estimated recoverable amount. Impairment losses are recognized in the statement of profit and loss.

3.4 Inventories

Inventories are valued as under:

a. Raw materials, Packing materials, Stores & Spares:

Valued at lower of cost or net realizable value and for this purpose cost is determined on weighted average basis. The aforesaid items are valued below cost if the finished products in which they are to be incorporated are expected to be sold at a loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31st March 2025

NOTES (contd.)

b. Finished Goods

Valued at lower of cost or net realizable value and for this purpose cost is determined on weighted average basis.

Cost includes direct material cost, direct labour cost, taxes and duties for which credit is not available, freight, other direct expenses and an appropriate proportion of variable and fixed overhead expenditure.

Finished goods comprising agricultural produce that the Holding Company has harvested from its biological assets are measured on initial recognition at their fair value less costs to sell at the point of harvest.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Cost of the purchased inventory are determined after deducting rebates and discounts. Provision is made for obsolete, non-moving & defective stocks, wherever necessary.

3.5 Employee benefits - Retirement benefit costs and termination benefits

i Defined Contribution Plans

Payment to defined contribution retirement benefit plans i.e., Provident Fund & Superannuation Schemes are recognised as an expense in the statement of profit and loss when employees have rendered service entitling them to the contributions. The Superannuation scheme are funded with an insurance Company in the form of a qualifying insurance policy.

ii Defined Benefit Plans

The Holding Company, associates and joint venture have a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on post-employment at 15 days salary (last drawn salary) for each completed year of service as per the rules of the Holding Company, associates and joint venture. The aforesaid liability is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of the financial year. The scheme is funded with an insurance company, in the form of a qualifying insurance policy.

Remeasurement, comprising actuarial gains and losses and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit cost are categorised as follows:

- Service cost (including current service cost, as well as gains and losses on curtailments and settlement)
- Net interest expense or income
- Remeasurement

The Holding Company, associates and joint venture presents the first two components of defined benefit cost in profit or loss in the line item 'employee benefit expense'. Curtailment gains or losses are accounted for as past service cost.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Holding Company, associates and joint ventures' defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

iii Compensated Absences

The Holding Company, associates and joint venture has a scheme for compensated absences for employees, which is a long term employee benefit, the liability for which is determined on the basis of an independent actuarial valuation using the projected unit credit method, carried out at the Balance Sheet date.

iv Short term benefits

The costs of all short-term employee benefits (that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service) are recognised during the period in which the employee renders the related services. The accruals for employee entitlements of benefits such as salaries, bonuses and annual leave represent the amount which the Holding Company, associates and joint venture has a present obligation to pay as a result of the employees' services and the obligation can be measured reliably. The accruals have been calculated at undiscounted amounts based on current salary levels at the Balance Sheet date.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31st March 2025

NOTES (contd.)

3.6 Financial Instruments

I. Financial Assets

a) Initial Recognition and Measurement

All financial assets are initially recognized at fair value except trade receivables which do not contain a significant financing component are measured at transaction price according to Ind AS 115. Transaction costs that are directly attributable to the acquisition or issue of financial assets, which are at fair value are adjusted through profit or loss. Purchase and sale of financial assets are recognised using trade date accounting.

b) Subsequent Measurement

i) Financial assets carried at amortised cost (AC)

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii) Financial assets at fair value through other comprehensive income (FVTOCI)

For equity investments which are not held for trading purposes and where the Holding Company, associates and joint venture has exercised the option to classify the investment as FVTOCI, all fair value changes on the investment are recognized in OCI. The accumulated gains or losses on such investments are not recycled to the Statement of Profit and Loss even on sale of such investment.

iii) Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL.

c) Cash flow hedges

An Associate and a Joint Venture designates certain foreign exchange forward contracts as cash flow hedges to mitigate the risks of foreign exchanges exposure on highly probable forecast cash transactions.

When a derivative is designated as a cash flow hedge instrument, the effective portion of changes in the fair value of the derivative is recognized in other comprehensive income and accumulated in the cash flow hedge reserve. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the Statement of Profit and Loss. If the hedging instrument no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in cash flow hedge reserve till the period the hedge was effective remains in cash flow hedge reserve until the forecasted transaction occurs. The cumulative gain or loss previously recognized in the cash flow hedge reserve is transferred to the Statement of Profit and Loss upon the occurrence of the related forecasted transaction. If the forecasted transaction is no longer expected to occur, then the amount accumulated in cash flow hedge reserve is reclassified to the Statement of Profit and Loss.

d) Other Equity Investments

All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through Other Comprehensive Income.

e) Impairment of Financial Assets

The Holding Company, associates and joint venture assesses at each balance sheet date whether there is objective evidence that a financial asset or a group of financial assets is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

In accordance with Ind-AS 109, the Holding Company, associates and joint venture follows 'simplified approach' for recognition of impairment loss allowance on trade receivables which do not contain a significant financing component.

The application of simplified approach does not require the Holding Company, associates and joint venture to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each Balance Sheet date, right from its initial recognition.

NOTES (contd.)

f) Derecognition of Financial Assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Holding Company, associates and joint ventures' balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Holding Company, associates and joint venture have transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either:
 - (a) the Holding Company, associates and joint venture have transferred substantially all the risks and rewards of the asset, or
 - (b) the Holding Company, associates and joint venture have neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

II. Financial Liabilities

a) Recognition and Measurement

Financial liabilities are measured at amortised cost using effective interest method. For trade and other payable maturing within one year from the Balance Sheet date, the carrying value approximates fair value due to short maturity.

b) Subsequent Measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

c) Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are de-recognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

d) Derivative financial instruments and Hedge Accounting

Foreign exchange forward contracts are entered into by the Company to mitigate the risk of changes in foreign exchange rates associated with certain payables, receivables and forecasted transactions denominated in certain foreign currencies. These derivative contracts that do not qualify for hedge accounting under Ind AS 109, are initially recognized at fair value on the date the contract is entered into and subsequently measured through statement of profit and loss. Gains or loss arising from changes in the fair value of the derivative contracts are recognized in the statement of profit and loss.

e) Hedge accounting

The Holding Company has not designated any hedge instruments and hence requirements under Ind AS 109 in respect of hedge accounting does not arise.

f) Derecognition of Financial Liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

g) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet only if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31st March 2025

NOTES (contd.)

h) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

Repurchase of the Holding Company's own equity instruments is recognized and deducted directly in equity. No gain or loss is recognized in Statement of Profit and Loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

3.7 Foreign currency

Initial Recognition

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Subsequent Recognition

As at the reporting date, non-monetary items which are carried at historical cost and denominated in a foreign currency are reported using the exchange rate at the date of the transaction. All non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were fair value measured.

Monetary items denominated in foreign currency and outstanding at the Balance Sheet date are converted at the year-end exchange rates and the resultant loss or gain, is recognised as income or expense in the statement of the profit and loss.

3.8 Fair value measurement

The Holding Company, associates and joint venture measures financial instruments, such as, investments or derivatives at fair value at each balance sheet date on a portfolio basis.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Holding Company, associates and joint venture.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Holding Company, associates and joint venture uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the consolidated financial statements on a recurring basis, the Holding Company, associates and joint venture determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31st March 2025

NOTES (contd.)

For the purpose of fair value disclosures, the Holding Company, associates and joint venture has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summaries accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- Quantitative disclosures of fair value measurement hierarchy
- Financial instruments (including those carried at amortised cost)

3.9 Revenue recognition:

Revenue is recognised on their accrual and when no significant uncertainty on measurability or collectability exists. Expenditure is accounted for on their accrual.

Sale of Goods and services:

Revenue from the sale of goods and services is recognised when the performance obligations towards customers have been met at an amount that reflects the consideration to which the company believes it is entitled to in exchange for the transfer of goods and services to customers i.e. Transaction price, net of any sales returns and GST. Variable consideration in the form of trade discounts and volume rebates are netted off from revenue. Performance obligations are deemed to have been met when the control of goods has been transferred to the customer / benefit from the service is delivered to the customer, depending on the individual terms of the contract of sale. Considering the general terms of sales of goods and services, there is no significant financing element included in the sales consideration.

Subsidies and export incentives:

Subsidies for the holding company, associates and joint venture are recognised when there is a reasonable assurance that the conditions attaching to it would be complied and it will be received.

3.10 Finance Income and expense

Finance income comprises of interest income on funds invested, dividend income and fair value gains on financial assets at fair value through profit or loss. Interest income is recognized using effective interest method. Dividend income is recognized in statement of profit and loss on date when the Holding Company, associates and joint ventures' right to receive payment is established, which in the case of quoted securities is the ex-dividend date.

Finance expense comprises of interest expense on loans and borrowings, unwinding of discount on provision and fair value losses on financial asset through FVTPL that are recognized in the statement of profit and loss.

3.11 Leases :

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Holding Company, associates and joint venture as a lessee

The Holding Company, associates and joint venture lease asset classes primarily consist of leases for premises. The Holding Company, associates and joint venture assesses whether a contract contains a lease, at inception of a contract. To assess whether a contract conveys the right to control the use of an identified asset, the Holding Company, associates and joint venture assesses whether: (i) the contract involves the use of an identified asset (ii) the Holding Company, associates and joint venture has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Holding Company, associates and joint venture recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Holding Company, associates and joint venture recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31st March 2025

NOTES (contd.)

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Holding Company, associates and joint venture changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

3.12 Taxation

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

(i) Current tax:

Current Tax expenses are accounted in the same period to which the revenue and expenses relate. Provision for current income tax is made for the tax liability payable on taxable income after considering tax allowances, deductions and exemptions determined in accordance with the applicable tax rates and the prevailing tax laws.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

(ii) Deferred tax:

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements, except when the deferred Income tax arises from the initial recognition of goodwill, an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

Deferred tax liabilities are generally recognized for all taxable temporary differences.

The carrying amount of deferred tax assets is reviewed at each Balance Sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the Balance Sheet date.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Holding Company, associates and joint venture intends to settle its current tax assets and liabilities on a net basis.

Minimum Alternative Tax

Minimum Alternative Tax ("MAT") credit is recognized as an asset only when and to the extent there is reasonable certainty that the Holding Company will pay normal income tax during the specified period in which such credit can be set off under the income tax law. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a reasonable certainty to the effect that the Holding Company will pay normal income tax during the specified period.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31st March 2025

NOTES (contd.)

3.13 Provisions & contingent liability:

Provisions are recognized, when there is a present legal or constructive obligation as a result of a past event, it is probable that an outflow of resources will be required to settle the obligation, and when a reliable estimate of the amount of the obligation can be made. If the effect of the time value of money is material, the non – current provisions are discounted using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation and the unwinding of the discount is recognised as interest expense.

Contingent liabilities are recognized only when there is a possible obligation arising from past events, due to occurrence or non-occurrence of one or more uncertain future events, not wholly within the control of the Holding Company, associates and joint venture, or where any present obligation cannot be measured in terms of future outflow of resources, or where a reliable estimate of the obligation cannot be made. Obligations are assessed on an ongoing basis and only those having a largely probable outflow of resources are provided for. The Holding Company, associates and joint venture does not recognise contingent liability but discloses its existence in financial statements.

Contingent assets are disclosed in the consolidated financial statements by way of notes to accounts when an inflow of economic benefits is probable.

3.14 Cash flow statement:

Cash flows are reported using the indirect method, whereby, profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows are segregated into operating, investing and financing activities.

3.15 Dividends:

Final Dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as liability on the date of declaration by the Holding Company, associates and joint venture's Board of Directors.

3.16 Segment Reporting:

The Holding Company, associates and joint venture identifies operating segments based on the internal reporting provided to the chief operating decision-maker.

The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors that makes strategic decisions.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Holding Company, associates and joint venture. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. The Holding Company operates in a single segment namely cultivation, manufacturing and marketing of tea and geographically segment is considered as India and rest of the world.

3.17 Research and Development:

Expenditure on research phase is recognised as an expense as and when it is incurred. Expenditure on development phase is recognized as intangible assets if it is identifiable, capable of being controlled and from which future economic benefits are expected to flow to the enterprise. Intangible assets are stated at cost net of tax / duty credits availed, if any, less accumulated amortisation and cumulative impairment.

The estimate of future salary increases, considered in actuarial valuation, takes into account inflation, seniority, promotions and other relevant factors.

Exposure to Risks:

These plans typically expose the Holding Company to actuarial risks such as: interest rate risk, longevity risk and salary risk.

Interest risk: A decrease in the Government Securities (G-Sec Bonds) interest rate will increase the plan liability.

Longevity risk: The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants during their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Investments in unquoted shares	A.2	-	-	-	-
Investments in quoted zero coupon debentures	A.2	-	-	-	-

There have been no transfers between Level 1 and Level 2 during the period.

A.2 Valuation inputs and relationship to fair value

The fair value of investment in listed shares is determined using the market rate per share at the balance sheet date.

The fair value of investment in mutual funds is determined using the Net Asset Value (NAV) per unit at the balance sheet date.

The fair value of investment in unlisted shares is determined using the quotes available in the informal market close to the balance sheet date / at costs which represents fair value.

B.1 Fair value of Financial Instruments measured through FVTOCI:

Financial assets and liabilities measured at fair value-recurring fair value measurements as at March 31, 2025:

FAIR VALUE HIERARCHY (*Contd....*)

Financial assets and liabilities measured at fair value-
recurring fair value measurements as at
March 31, 2024:

	Notes	Level 1	Level 2	Level 3	Total
Non-Current Investments	B.2	108.84	-	512.91	621.75

A one percentage point change in the unobservable inputs used in fair valuation of Level 3 assets does not have a significant impact in its value.

B.2 Valuation inputs and relationship to fair value

The fair value is determined based on valuation reports / recent transactions including potential transactions within a reasonable period to the balance sheet date.

C. Fair value of Financial Instruments measured at amortised cost :

Due to the short-term nature of cash and cash equivalents and the short-term maturities of trade receivables, loans, other financial liabilities and assets the management considers that the carrying amount of assets and liabilities recognised at amortised cost in financial statements is approximate to their fair value.

The fair value of financial instruments as referred to in note (A) and (B) above have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities [Level 1 measurements] and lowest priority to unobservable inputs [Level 3 measurements].

NOTE 39

FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Holding Company's principal financial liabilities, other than derivatives, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Holding Company's operations and to provide guarantees to support its operations. The Holding Company's principal financial assets include loans, trade and other receivables, and cash and short-term deposits that derive directly from its operations. The Holding Company also enters into derivative transactions.

The Holding Company is exposed to market risk, credit risk and liquidity risk. The Holding Company's senior management oversees the management of these risks. The financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed by the senior management in accordance with the Holding Company's policies and risk objectives. All derivative activities for risk management purposes are carried out by professionals who have the appropriate skills, experience and supervision. It is the Holding Company's policy that no trading in derivatives for speculative purposes may be undertaken.

(A) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, foreign currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings and derivative financial instruments.

The sensitivity analyses in the following sections relate to the position as at 31 March 2025 and 31 March 2024.

The sensitivity analyses have been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of the debt and derivatives and the proportion of financial instruments in foreign currencies are all constant and on the basis of hedge designations in place at 31 March 2025. The sensitivity analysis for equity price risk has been prepared on the basis of the fair value of the equity investments carried as FVTPL (under current investments) and basis change in equity price.

The analyses exclude the impact of movements in market variables on the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets.

The following assumptions have been made in calculating the sensitivity analyses:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31 March 2025 and 31 March 2024.

(a) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Holding Company's does not have any material exposure to changes in market interest rates.

(b) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Holding Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Holding Company's operating activities (when revenue is denominated in a foreign currency).

(1) Foreign Currency Risk Exposure

The Holding company exposure to foreign currency risk at the end of the year expressed in Rs. as follows:

Financial Assets	31st March 2025 (Rs. in Lakhs)	31st March 2024 (Rs. in Lakhs)
Trade Receivables - USD	133.11	22.35
Forward Cover Contracts - USD	-	-
Net unhedged Exposure - USD	133.11	22.35

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31st March 2025

All amounts are in INR Lakhs, unless otherwise stated

NOTE 39

FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Contd....)

(2) Foreign currency sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD exchange rates, with all other variables held constant. The impact on the Holding Company's profit before tax is due to changes in the fair value of monetary assets and liabilities including non-designated foreign currency derivatives. The impact on the Holding Company's pre-tax equity is due to changes in the fair value of forward exchange contracts designated as cash flow hedges and net investment hedges. The Holding Company's exposure to foreign currency changes for all other currencies is not material.

Sensitivity Analysis		Effect on profit before tax in INR lakhs	
		31st March 2025	31st March 2024
USD Exposure in INR	1% -Strengthening	1.33	0.22
USD Exposure in INR	1% -Weakening	(1.33)	(0.22)

(c) Equity price risk

The Holding company carries a significant amount of investments held as FVTPL (under current investments) which are affected by swings in the equity price and yield in bonds in the market. The risk of equity price changes are managed by the Holding company by closely monitoring the market position and accordingly determining the entry and exit into the markets from time to time and also by having a diversified portfolio of investments.

Sensitivity Analysis		Effect on profit before tax in INR lakhs	
		31st March 2025	31st March 2024
Equity, debenture and mutual funds price exposure for current investments	1% -Strengthening	37.11	50.09
Equity, debenture and mutual funds price exposure for current investments	1% -Weakening	(37.11)	(50.09)

(d) Commodity price risk

The prices of agricultural commodities are subject to fluctuations due to various factors. In the ordinary course of business, the Holding company is exposed to commodity price risk to the extent its open sales are not balanced by inventory. The Holding company has in place in a risk management policy to manage such risk by having conscious limits on the sales committed for future periods for which production is yet to be completed and inventory is in place.

NOTE 39

FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Contd....)

(B) Credit risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Holding Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

(a) Trade receivables

Customer credit risk is managed as per the Holding Company's established policy, procedures and control relating to customer credit risk management. Credit limits are set with approvals on the basis of the defined policies. Outstanding customer receivables are regularly monitored and exposures are kept within the credit limits fixed for each customer.

Excessive risk concentration

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

In order to avoid excessive concentrations of risk, the Holding Company's policies and procedures include specific guidelines to focus on the maintenance of a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly.

Particulars	31 March 2025	31 March 2024
No of Customers to whom Sales made is more than 10% of the Turnover	1	2
Contribution of Customers in Sales more than 10% of Turnover	11.38%	29.08%

Particulars	31 March 2025	31 March 2024
No of Customers who owed more than 10% of the Total receivables	4	2
Contribution of Customers in owing more than 10% of Total receivables	72.84%	80.37%

An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The calculation is based on exchange losses historical data. The Holding Company does not hold collateral as security. The Holding Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

(b) Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty.

The Holding Company's maximum exposure to credit risk for the components of the balance sheet at 31 March 2025 and 31 March 2024 is the carrying amounts as mentioned in Notes.

FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Contd....)

(C) Liquidity risk

The Holding Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts. The Company assessed the concentration of risk with respect to refinancing its debt and concluded it to be low. The Holding Company has access to current investments which are highly liquid to meet any liquidity needs and also has adequate undrawn credit facility from its bankers.

The table below summarizes the maturity profile of the Holding Company's financial liabilities based on contractual undiscounted payments.

NOTE 40

CAPITAL MANAGEMENT

For the purpose of the Holding Company's capital management, capital includes issued equity capital and all other equity reserves. The primary objective of the Holding Company's capital management is to maximize the shareholder value.

The Holding Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. NOTE 45

AUDIT TRAIL NOTE

- (a) The Holding Company has implemented the new ERP system from 1st February 2024. The audit trail (edit logs) feature at both application and database level are enabled and implemented since then. These audit trails were not tampered during this period and the logs are also preserved. However, for legacy system as there was no audit trail enabled, question of preservation does not arise.
- (b) In case of one associate,
- (1) •In case of accounting software, the company has used a software which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software, except that the feature of recording audit trail (edit log) facility was not enabled at the database level to log any direct data changes. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with.
 - (2) •In case of payroll software, company has used a software which is operated by a third-party software service provider. In the absence of service organization controls auditors' report covering the audit trail requirement for the period, we are unable to comment whether audit trail feature of the said software was enabled and operated throughout the year for all relevant transactions recorded in the software or whether there were any instances of the audit trail feature being tampered with."Furthermore, the audit trail feature where enabled has been preserved by the Company as per the statutory requirements for record retention.
- (c) In case of one JV, Based on our examination which included test checks performed by us, Company has implemented audit trail feature at the application level with effect from 15th January 2025. Accordingly, the Company has partially complied with the requirements of Rule 11 (g) of the Companies (Audit and Auditors) Rules, 2014, in respect of maintaining an audit trail for the period from 15th January 2025 to 31st March 2025. We did not come across any instance of audit trail feature being tampered with during the course of our audit. Feature of audit trail (edit log) facility at database level has not been enabled. As audit trail was not enabled in the previous year question of preservation does not arise.
- (d) In case of another associate, Based on our examination which included test checks, except for the instances mentioned below, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except for the below:
- The feature of recording audit trail (edit log) facility was not enabled at the Basis level to log any direct data changes done at the database for the accounting software used for maintaining the books of account.
