3. TRANSFER TO RESERVE

The Board of Directors of your company, have decided to transfer an amount of Rs. 12.50 Crores to the Reserves for the year under review.

4. MANAGEMENT DISCUSSION AND ANALYSIS:

INDUSTRY AND BUSINESS OVERVIEW OPERATIONAL AND FINANCIAL PERFORMANCE:

Our Company sold 2518.17 mln pieces of Carbon Rod, as against 2510.16 mln pieces which is 100.32% Sales of last year.

The Domestic Sales Quantity and Value were 958.97 mln pieces and Rs.14.57 crores respectively which works out to 100.03% of the Sales by quantity and 106.69% by value of last year.

The Export Sales Quantity and value were 1559.20 Mln. Pcs. and Rs.29.33 Crores (FOB basis) respectively in the year under review as compared to last year's quantity of 1551.49 Mln. Pcs. and value of Rs.30.24 Crores which works out to 100.50% by quantity and 97.01% by value. Your Company could stabilize the exports to Panasonic Group Battery Factories in Poland, Peru, Thailand, Indonesia, Brazil, Costa Rica, China and other African customers on regular basis. In view of the outbreak of COVID-19 Pandemic, we could not get the orders from outside the Country in the end of March, 2020.

Your Company reduced the impact of the cost increases through Energy and fuel usage reduction and improving overall yield and productivity. By implementing various cost reduction measures, the impact of reduction of price in material and fuel, the profitability compared to previous year increased substantially by Rs. 510.80 lakhs.

OUTLOOK ON OPPORTUNITIES AND THREATS, RISKS AND CONCERNS:

The Company has developed skills to In-house design and fabricate special purpose machines/equipment required for Carbon rod manufacturing. Introducing low cost automations to lift and transfer the materials to reduce operator fatigue, to improve working conditions and to improve productivity.

Your Company is also hopeful of improving its Domestic and Export sales by improving its competitive power compared to Chinese and Indonesia manufacturers by continually putting efforts in developing cost effective new grade carbon rods. Further by manufacturing consistent quality and timely

supply, your Company is confident of at least maintaining the domestic and export sales at the current year's level in the coming years.

The Directors assure that all steps are being taken by the Company to achieve greater growth in the coming years, in proportion to the growth of the Dry Battery Industry by giving due consideration to the adverse conditions, if any, in the Dry Battery Industry. There are no materially significant threats, risks or concerns to the Company.

5. SEGMENT-WISE PERFORMANCE:

The Company operates in only one Segment (i.e.) Carbon Rod as a component of Dry Cell Batteries. By value, while domestic sales contributed 33% and export sales constituted the remaining 67% out of the total sales.

6. FINANCIAL ARRANGEMENTS AND DEPOSITS:

Your Company continues to be free from debts – both on Long Term and on Working Capital requirements. The surplus funds available with the Company are being invested with Banks in fixed deposits at regular intervals in line with the policy of the Company. This is reflected in increased deposits. Your Company had not accepted any Public Deposits under Chapter V of the Companies Act, 2013 (Act).

Members who have not so far encashed their dividend warrant(s) are requested to seek revalidation of dividend warrants in writing to the Company Secretary, M/s. Panasonic Carbon India Co. Ltd immediately. Members are requested to note that no claims shall lie against the Company in respect of any amounts which were unclaimed and unpaid for a period of seven years from the dates that they first became due for payment and no payment shall be made in respect of any such claims.

Members are also advised to update their correspondence address in their demat accounts in case of their holdings in electronic form or inform their latest correspondence address to the Registrars, M/s. Cameo Corporate Services Limited in case of holdings in physical form mentioning the Folio Number.

Pursuant to Sections 124 and 125 of the Act read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("IEPF Rules"), dividend, if not claimed for a consecutive period of 7 years from the date of transfer to Unpaid Dividend Account of the Company, are liable to be transferred to the Investor Education and Protection Fund ("IEPF").

Further, all the shares in respect of which dividend has remained unclaimed for seven consecutive years or more from the date of transfer to unpaid dividend account shall also be transferred to IEPF Authority. The said requirement does not apply to shares in respect of which there is a specific order of Court, Tribunal or Statutory Authority, restraining any transfer of the shares.

In the interest of the shareholders, the Company sends periodical reminders to the shareholders to claim their dividends in order to avoid transfer of dividends/shares to IEPF Authority. Notices in this regard are also published in the newspapers and the details of unclaimed dividends and shareholders whose shares are liable to be transferred to the IEPF Authority, are uploaded on the Company's website www.panasoniccarbon.co.in.

In light of the aforesaid provisions, the Company has during the year under review, transferred to IEPF the unclaimed dividends, outstanding for 7 consecutive years, of the Company. Further, shares of the Company, in respect of which dividend has not been claimed for 7 consecutive years or more from the date of transfer to unpaid dividend account, have also been transferred to the demat account of IEPF Authority.

The members who have a claim on aforesaid dividends and shares may claim the same from IEPF Authority by submitting an online application in the prescribed Form No.IEPF-5 available on the website www.iepf.gov.in and sending a physical copy of the same, duly signed to the Company, along with requisite documents enumerated in the Form No.IEPF-5. No claims shall lie against the Company in respect of the dividend/shares so transferred. The Members/Claimants can file only one consolidated claim in a financial year as per the IEPF Rules.

25. Reconciliation of Share Capital Audit:

A quarterly audit was conducted by a practicing Company Secretary, reconciling the issued and listed capital of the Company with the aggregate of the number of Shares held by investors in physical form and in the depositories and the said certificates were submitted to the stock exchanges within the prescribed time limit. As on 31st March, 2020, there was

PANASONIC CARBON INDIA CO. LIMITED

no difference between the issued and listed capital and the aggregate of shares held by investors in both physical form and in electronic form with the depositories.

PANASONIC CARBON INDIA CO. LIMITED

Independent Auditor's report

To the Members of Panasonic Carbon India Co. Limited

Report on the Audit of the financial statements

Opinion

We have audited the accompanying financial statements of **Panasonic Carbon India Co. Limited** ("the Company"), which comprise the balance sheet as at 31 March 2020, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information. (hereinafter referred to as "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2020, and profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Revenue recognition and related party transactions

Refer to notes 3.8, 24 and 35 to the financial statements.

<i>Key audit matter</i>	<i>How the matter was addressed in our audit</i>
<p>The Company manufactures and sells carbon rods. Revenue is recognised as per the principles laid down under Ind AS 115 Revenue from contracts with customers.</p> <p>We identified revenue recognition as a key audit matter because the Company and its external stakeholders focus on revenue as a key performance indicator. This could create an incentive for revenue to be overstated or recognised before control has been transferred.</p> <p>Majority of revenues are derived from related parties.</p> <p>Related party transactions are regulated under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as well as Companies Act, 2013. In addition, the relevant accounting standards require specific disclosures of related parties and transactions with them to be made in the financial statements.</p>	<p>In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence:</p> <ul style="list-style-type: none">▪ We assessed the appropriateness of the revenue recognition accounting policies by comparing with applicable accounting standards.▪ We evaluated the design and operating effectiveness of the relevant key controls with respect to revenue recognition, segregation of duties and collection on selected transactions.▪ We tested underlying documents for revenue recorded during the year using statistical sampling, to test that the revenues and trade receivables are recorded appropriately taking into consideration the terms and conditions of the customer orders, including the shipping terms.▪ We obtained independent confirmation of balance from the Company's customers on a sample basis.▪ We tested, on a sample basis, specific revenue transactions recorded before and after the financial year end date to determine whether the revenue had been recognised in the appropriate financial period.

(Contd.,)

PANASONIC CARBON INDIA CO. LIMITED

	<i>How the matter was addressed in our audit</i>
	<ul style="list-style-type: none"> ▪ We made inquiries of management regarding the identity of the related parties including changes from the prior year and the nature of relationships and of the transactions with them. We also maintained alertness regarding related party information when examining records or documents regarding undisclosed related party relationships or transactions. ▪ We evaluated compliance of related party transactions with applicable laws and regulations. ▪ We tested whether the pricing of related party transactions are undertaken at arm's length. ▪ Assessed the adequacy and appropriateness of the disclosures made in accordance with the relevant accounting standards and applicable laws and regulations.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report but does not include the financial statements and our auditors' report thereon. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions as required under applicable laws and regulations.

Management's Responsibility for the financial statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of Financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance

PANASONIC CARBON INDIA CO. LIMITED

is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

PANASONIC CARBON INDIA CO. LIMITED

- c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under section 133 of the Act.
- e) On the basis of the written representations received from the directors as on 31 March 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2020 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
3. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- a) The Company has disclosed the impact of pending litigations as at 31 March 2020 on its financial position in its financial statements - Refer Note 34 to the financial statements;

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a program of verification to cover all the items of fixed assets in a phased manner over two years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain fixed assets were physically verified by the management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.
- (ii) The inventory has been physically verified by the management during the period. In our opinion, the frequency of such verification is reasonable. The discrepancies noticed on verification between the physical stocks and the book records were not material.
- (iii) The Company has not granted any loan, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register required under section 189 of the Companies Act, 2013. Accordingly, paragraph 3(iii) of the Order is not applicable.
- (iv) The Company has not granted any loans, or made any investments, or given any guarantee or provided any security as covered under section 185 and 186 of the Companies Act, 2013. Accordingly, paragraph 3(iv) of the Order is not applicable.
- (v) The Company has not accepted deposits from the public during the year. Accordingly, paragraph 3(v) of the Order is not applicable.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the records with a view to determine whether they are accurate or complete.
- (vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted /accrued in the books of account in respect of undisputed statutory dues including employees' state insurance, income-tax, duty of customs, goods and services tax and any other material statutory dues have generally been regularly deposited with the appropriate authorities, except in payments of provident fund where there has been a delay in a few cases. As explained to us, the Company did not have any dues on account of sales tax, service tax, value added tax, duty of excise and cess.

According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, duty of customs, goods and service tax, cess and any other material statutory dues were in arrears as at 31 March 2020 for a period of more than six months from the date they became payable, except for the items as set out below.

Name of the statute	Nature of dues	Amount (INR in thousands)	Period to which amount relates	Due Date	Date of payment
Employees' Provident Funds and Miscellaneous Provisions Act, 1952	Provident fund	909.28	April-September 2019	Various dates	Not yet paid

- (b) According to the information and explanations given to us, there are no dues of income tax, sales tax, service tax, duty of customs and goods and services tax which have not been deposited with the appropriate authorities on account of a dispute, except for items as set out below.

Name of the statute/ period to which it relates	Nature of dues	Amount (INR in thousands)	Period to which amount relates	Forum where the dispute is pending
Income Tax Act, 1961	Income Tax	1,739.64	2003-2004	Income Tax Appellate Tribunal (ITAT)
Income Tax Act, 1961	Income Tax	81.69	2009-2010	Assessing Officer
Finance Act, 1994	Service tax	6.76	For the period 2010-2013	Appellate Tribunal

- (viii) In our opinion and according to the information and explanations given to us, the Company did not have any outstanding loans or borrowings to any financial institution, bank, government or debenture holders during the year.

PANASONIC CARBON INDIA CO. LIMITED

- (ix) The Company did not raise any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year. Accordingly, paragraph 3(ix) of the Order is not applicable.
- (x) According to the information and explanations given to us, no fraud by or any material fraud on the Company by its officers or employees has been noticed or reported during the course of our audit.
- (xi) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has paid or provided for managerial remuneration during the year in accordance with the requisite approvals as per provisions of Section 197 read with Schedule V to the Act.
- (xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- (xiv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, paragraph 3(xiv) of the Order is not applicable.
- (xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934. Accordingly, paragraph 3(xvi) of the Order is not applicable.

Annexure B to the Independent Auditor's Report to the members of Panasonic Carbon India Co. Limited for the year ended 31 March 2020

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls over financial reporting of Panasonic Carbon India Co. Limited ("the Company") as of 31 March 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2020, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls with reference to financial statements

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

PANASONIC CARBON INDIA CO. LIMITED

Notes to the Financial Statements for the year ended 31 March 2020

(All amounts are in thousands of INR except share data, unless otherwise stated)

1 Reporting entity

Panasonic Carbon India Co. Ltd. ('the Company') is involved in manufacture of Carbon Rods. The Company is a public limited company incorporated and domiciled in India and has its registered office at Pottipati Plaza, 3rd floor, 77, Nungambakkam High Road, Nungambakkam, Chennai - 600034. The equity shares of the company are listed on the Bombay Stock Exchange (BSE).

2 Basis of preparation

2.1 Statement of compliance

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act. The accounting policies adopted are consistent with those of the previous financial year except for changes in leases.

The financial statements were authorised for issue by the Company's Board of Directors on 30 June 2020.

Details of the Company's accounting policies are included in Note 3.

2.2 Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded-off to the nearest thousands, unless otherwise stated.

2.3 Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items:

<u>Items</u>	<u>Measurement basis</u>
Net defined benefit (asset)/ liability	Fair value of plan assets less present value of defined benefit obligations
Certain financial assets and liabilities	Fair value

2.4 Use of estimates and judgements

In preparing these financial statements, management has made estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment is included in the following notes:

Note 3.3 - estimated useful life of property, plant and equipment and intangible assets.

Note 3.7 and Note 34 – recognition and measurement of provisions and contingencies; key assumptions about the likelihood and magnitude of an outflow of resources.

Note 31D – recognition of deferred tax assets: availability of future taxable profit against which deferred tax assets will be recovered in future periods.

Notes 23, 32 – measurement of defined benefit obligations: key actuarial assumptions

2.5 Measurement of fair values

A few of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values. This includes a valuation team that has overall responsibility for overseeing all significant fair value measurements, including Level 1 fair values, and reports directly to the Chief Financial Officer.

The valuation team regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the valuation team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

Significant valuation issues are reported to the Company's audit committee.

PANASONIC CARBON INDIA CO. LIMITED

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:-

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.-

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).-

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in the following notes: • Note 33 – financial instruments

3 Significant accounting policies

3.1 Foreign currency

Foreign currency transactions

Transactions in foreign currencies are translated into the functional currency of company at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognised in Statement of profit or loss.

3.2 Financial instruments

i. Recognition and initial measurement

Trade receivables are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

ii. Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at

- amortised cost;
- FVTPL

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- a) the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All financial assets not classified as measured at amortised cost or FVOCI are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL

These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.

PANASONIC CARBON INDIA CO. LIMITED

Financial assets at amortised cost

These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

iii. Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit or loss.

iv. Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

3.3 Property, plant and equipment

i. Recognition and measurement

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labor, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

ii. Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

iii. Depreciation

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the written down value method, and is recognised in the statement of profit and loss. Freehold land is not depreciated.

The estimated useful lives of items of property, plant and equipment for the current and comparative periods are as follows:

PANASONIC CARBON INDIA CO. LIMITED

Asset category	Management estimate of useful life	Useful life as per Schedule II
Buildings	30- 60 years	30 years
Plant and equipment	8 years	8- 20 years
Solar power plant	25 years	8 years
Office equipment	5 years	5 years
Furnitures and fixtures	10 years	10 years
Motor vehicles	10 years	10 years

With respect to solar power plant the Company has, based on technical evaluation estimated the useful life as 25 years.

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready for use (disposed of).

3.4 Inventories

Inventories are valued at lower of cost and net realisable value.

The cost of inventories is based on the 'first-in-first-out' formula, and includes expenditure incurred in acquiring the inventory, or conversion costs and other costs incurred in bringing them to their present location and condition.

In case of manufactured inventories and work-in-progress, cost includes an appropriate share of fixed production overheads based on normal operating capacity.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and selling expenses. The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products.

Raw materials, components and other supplies held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realisable value.

The comparison of cost and net realisable value is made on an item-by-item basis.

3.5 Impairment

i. **Impairment of financial instruments**

The Company assesses, at each reporting date, whether a financial asset or a group of financial assets is impaired. Ind AS-109 on Financial Instruments, requires expected credit losses to be measured through a loss allowance. For trade receivables, the Company recognises expected lifetime losses using the simplified approach permitted by Ind AS-109, from initial recognition of the receivables. For other financial assets (not being equity instruments or debt instruments measured subsequently at FVTPL) the expected credit losses are measured at the 12 month expected credit losses or an amount equal to the lifetime expected credit losses if there has been a significant increase in credit risk since initial recognition.

The Company considers a financial asset to be in default when the borrower is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held).

Measurement of expected credit losses

Expected credit losses are a probability weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

ii. **Impairment of non-financial assets**

The Company's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting

date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

The Company's corporate assets (e.g., central office building for providing support to various CGUs) do not generate independent cash inflows. To determine impairment of a corporate asset, recoverable amount is determined for the CGUs to which the corporate asset belongs.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the statement of profit and loss.

In respect of assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

3.6 Employee Benefits

i. Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid e.g., under short-term cash bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

ii. Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Company makes specified monthly contributions towards Government administered provident fund scheme. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in profit or loss in the periods during which the related services are rendered by employees.

Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

iii. Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

PANASONIC CARBON INDIA CO. LIMITED

iv. Other long-term employee benefits

The Company's net obligation in respect of long-term employee benefits other than post-employment benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any related assets is deducted. The obligation is measured on the basis of an annual independent actuarial valuation using the projected unit credit method. Remeasurements gains or losses are recognised in profit or loss in the period in which they arise.

3.7 Provisions (other than for employee benefits)

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for.

A contract is considered to be onerous when the expected economic benefits to be derived by the Company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for onerous contract is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before such a provision is made, the Company recognises any impairment loss on the assets associated with that contract.

3.8 Revenue

Sale of goods

Revenue is recognised when a performance obligation in a customer contract has been satisfied by transferring control over the promised goods to the customer. Control over a promised good refers to the ability to direct the use of, and obtain substantially all of the remaining benefits from, those goods. Control is usually transferred upon shipment, delivery to, upon receipt of goods by the customer, in accordance with the individual delivery and acceptance terms agreed with the customers. The amount of revenue to be recognized (transaction price) is based on the consideration expected to be received in exchange for goods, excluding amounts collected on behalf of third parties such as applicable taxes directly linked to sales. If a contract contains more than one performance obligation, the transaction price is allocated to each performance obligation based on their relative stand-alone selling prices.

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the interest rate applicable.

3.9 Government grants

Export benefits in the nature of duty drawback are accounted as income in the year of exports based on eligibility/expected eligibility duly considering the entitlements as per the policy, industry specific developments, interpretations arising out of judicial/regulatory proceedings where applicable, management assessment etc. and when there is no uncertainty in receiving the same.

Export benefits in the nature of Merchandise Export from India Scheme (MEIS) are accrued when there is no uncertainty in receiving / utilising the same, taking into consideration the prevailing regulations. Adjustments, if any, to the amounts recognised in accordance with the accounting policy, based on final determination by the authorities, are dealt with appropriately in the year of final determination and acceptance.

3.10 Leases

The Company adopted Ind AS 116, Leases with effect from 1 April 2019. This standard replaces the earlier standard Ind AS 17. Ind AS 116 introduces a single on-balance sheet lease accounting model for lessees. A lessee recognises a right-of-use asset representing its right to the underlying asset and a lease liability representing its obligation to make lease payments. Lessor accounting remains similar to the earlier standard – i.e., lessors continue to classify leases as finance or operating leases.]

The Company has adopted Ind AS 116 and applied the Standard to its leases, retrospectively, with the cumulative effect of initially applying the Standard recognized at the date of initial application (1 April 2019). Accordingly, the information presented for the for the year ended 31 March 2019 has not been restated – i.e. it is presented, as previously reported, under Ind AS 17. The Company has elected to measure right-of-use asset for all leases at an amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the balance sheet immediately before the date of initial application. Further, the Company has elected not to apply the requirements of Ind AS 116 to short-term leases and leases for which the underlying asset is of low value.

The Company has used the following practical expedients permitted under Ind AS 116:

(a) The use of a single discount rate to a portfolio of leases with reasonably similar characteristics.

PANASONIC CARBON INDIA CO. LIMITED

(b) The accounting for operating leases with a remaining lease term of less than 12 months as at 1 April 2019 as short-term leases.

(c) Not to separate non-lease components from lease components where information is not clearly evident and instead account for each lease component and any associated non-lease components as a single lease component.

(d) Not to reassess whether a contract is, or contains a lease at the date of initial application. Instead, for contracts entered into before the transition date the Company relied on its assessment made applying Ind AS 17.

The effect of this adoption did not have a material impact on the statement of profit and loss for the year ended 31 March 2020.

The accounting policy followed in the previous year under Ind AS 17 is as follows:

i. Determining whether an arrangement contains a lease

At inception of an arrangement, it is determined whether the arrangement is or contains a lease.

At inception or on reassessment of the arrangement that contains a lease, the payments and other consideration required by such an arrangement are separated into those for the lease and those for other elements on the basis of their relative fair values. If it is concluded for a finance lease that it is impracticable to separate the payments reliably, then an asset and a liability are recognised at an amount equal to the fair value of the underlying asset. The liability is reduced as payments are made and an imputed finance cost on the liability is recognised using the incremental borrowing rate.

ii. Lease payments

Payments made under operating leases are generally recognised in profit or loss on a straight-line basis over the term of the lease unless such payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

Lease incentives received are recognised as an integral part of the total lease expense over the term of the lease.

The Company did not have any finance leases.

3.11 Recognition of dividend income, interest income or expense

Dividend income is recognised in profit or loss on the date on which the Company's right to receive payment is established.

Interest income or expense is recognised using the effective interest method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

3.12 Income tax

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

i. Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

ii. Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;

PANASONIC CARBON INDIA CO. LIMITED

- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

3.13 Current / Non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and services and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

3.14 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards. There is no such notification which would have been applicable from 1 April 2020.

The company has a single class of equity shares. Accordingly, all equity shares rank equally with regard to dividends and share in the company's residual assets on winding up. The equity shareholders are entitled to receive dividend as declared from time to time. The voting rights of an equity shareholder on a poll (not on show of hands) are in proportion to his/its share of the paid-up equity share capital of the company. Voting rights cannot be exercised in respect of shares on which any call or other sums presently payable has not been paid. Failure to pay any amount called up on shares may lead to their forfeiture.

PANASONIC CARBON INDIA CO. LIMITED

Notes to the financial statements for the year ended 31 March 2020

(All amounts are in thousands of INR except share data, unless otherwise stated)

On winding up of the company, the holders of equity shares will be entitled to receive the residual assets of the company, remaining after distribution of all preferential amounts, in proportion to the number of equity shares held.

Current	477.12	466.18
Total employee benefit liabilities	5,537.45	3,025.47

For details about the related employee benefit expenses, see note 28.

The Company has also certain defined contribution plans. Contributions are made to provident fund in India for employees at the rate of 12% of wages as per regulations. The contributions are made to registered provident fund administered by Government. The obligation of the Company is limited to the amount contributed and it has no further contractual nor any constructive obligation. The expense recognised during the year towards defined contribution plan is INR. 7,983.17 (March 31, 2019: INR. 7,224.03).

The Company has a defined benefit gratuity plan in India, governed by the Payment of Gratuity Act, 1972. The plan entitles an employee, who has rendered at least five years of continuous service, to gratuity at the rate of fifteen days wages for every completed year of service or part thereof in excess of six months, based on the rate of wages last drawn by the employee concerned. The defined benefit plan for gratuity is administered by a single gratuity fund (Life Insurance Corporation of India) that is legally separate from the Company.

A. Funding

The Plan is fully funded by the Company. The funding requirements are based on the gratuity fund's actuarial measurement framework set out in the funding policies of the plan. The funding of the plan is based on a separate actuarial valuation for funding purposes for which the assumptions have been set out in (E). Employees do not contribute to the plan.

B. Reconciliation of the net defined benefit (asset)/liability

The following table shows a reconciliation from the opening balances to the closing balances for the net defined benefit (asset) liability and its components:

i) Reconciliation of present value of defined benefit obligation (Gratuity):

	Year ended 31 March 2020	Year ended 31 March 2019

E. Defined benefit obligation

i. Actuarial assumptions

	Year ended 31 March 2020	Year ended 31 March 2019
Gratuity		
Discount rate	6.63%	7.67%
Future salary growth	8.00%	8.00%
Attrition rate	1.0% to 3.0%	1.0% to 3.0%

Assumptions regarding future mortality are based on published statistics and mortality tables.

ii. Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	Year ended 31 March 2020		Year ended 31 March 2019	
	Increase	Decrease	Increase	Decrease
Gratuity				
Discount rate (1% movement)	(1,458.50)	1,589.48	(1,401.89)	1,518.97
Future salary growth (1% movement)	1,796.18	(1,681.25)	1,703.96	(1,599.91)
Attrition rate (1% movement)	(88.44)	96.53	(30.63)	32.59

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

PANASONIC CARBON INDIA CO. LIMITED

Notes to the financial statements for the year ended 31 March 2020

(All amounts are in thousands of INR except share data, unless otherwise stated)

Note: The Company has not disclosed fair values of financial instruments such as trade receivables, loans, cash and cash equivalents, Bank balances other than cash and cash equivalents, other financial assets, trade payables and other financial liabilities, since their carrying amounts are reasonable approximates of fair values.

B. Financial risk management

The Company has exposure to the following risks arising from financial instruments:-

- a. credit risk (see (B)(ii));
- b. liquidity risk (see (B)(iii))
- c. market risk (see (B)(iv)).

i. Risk management framework

The Company's Board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors have established the risk management committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the board of directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Company's audit committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

ii. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. The carrying amounts of financial assets represent the maximum credit risk exposure.

The maximum exposure to credit risk for trade and other receivables are as follows:

	Carrying amount	
	As at 31 March 2020	As at 31 March 2019
Trade receivables	32,982.09	32,274.39
Cash and bank balances		
Cash and cash equivalents	7,678.69	13,570.65
Bank balances other than cash and cash equivalent	845,016.37	871,221.96
Loans	4,770.49	4,740.09
Other financial assets	196,141.72	56,578.73

Trade receivables

The Company has developed guidelines for the management of credit risk from trade receivables. The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, country in which the customer operates, has an influence on credit risk assessment. Credit risks are managed by the Company through credit approvals, and continuously monitoring the credit worthiness of the customers to which the Company grants credit terms in the normal course of business.

PANASONIC CARBON INDIA CO. LIMITED

Notes to the financial statements for the year ended 31 March 2020

(All amounts are in thousands of INR except share data, unless otherwise stated)

Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine incurred and expected credit losses. Historical trends of impairment of trade receivables do not reflect any significant credit losses. Given that the macro economic indicators affecting customers of the Company have not undergone any substantial change, the Company expects the historical trend of nil credit losses to continue. Further, management believes that the unimpaired amounts that are past due by more than 30 days are still collectible in full, based on historical payment behavior and extensive analysis of customer credit risk. As at 31 March 2020, there are no dues collectible which are aged more than 90 days. Revenue from the top 4 customers of the Company is INR 301,907 (2018-19 - INR 308,113) which is 69% of the Company's total revenue.

The Company's exposure to credit risk for trade receivables by geographic region is as follows.

	Carrying amount	
	As at 31 March 2020	As at 31 March 2019
India	9,850.45	5,471.85
Rest of the world	23,131.65	26,802.54

The Company's exposure to credit risk for trade receivables by relationship with customers is as follows.

	Carrying amount	
	As at 31 March 2020	As at 31 March 2019
Third parties	5,460.00	3,427.09
Related parties	27,522.09	28,847.30

Cash and bank balances

The Company held cash and cash equivalents with credit worthy banks and financial institutions as at the reporting dates. The credit worthiness of such banks and financial institutions are evaluated by the management on an ongoing basis and is considered to be good with low credit risk.

Loans

This balance primarily constitute rental deposits given to lessors and electricity deposit given to Andhra Pradesh Electricity Board. The Company does not expect any losses from non-performance by these counter parties.

Other financial assets

Other financial assets comprises fixed deposits, interest accrued on fixed deposits and export incentives receivable. These fixed deposits are held with credit worthy banks and financial institutions. The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good with low credit risk. Export incentive receivable pertains to duty drawback and rebate income receivable from Customs authorities. The Company does not expect any losses from non-performance by these counter parties.

iii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

PANASONIC CARBON INDIA CO. LIMITED

iv. Market risk

Market risk is the risk of loss of future earnings or fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign exchange rates and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables. The Company is exposed to market risk primarily related to the risk of foreign exchange receivables.

Currency risk

Foreign currency risk arise in USD and JPY and other foreign currency denominated transactions mainly from monetary receivables gives rise to exchange rate fluctuation risk.

Exposure to currency risk

The summary quantitative data about the Company's exposure to currency risk (based on notional amounts) as reported to the management is as follows.

	As at 31 March 2020		As at 31 March 2019	
	USD	JPY	USD	JPY
Trade receivables	314.02	-	387.48	-
Trade payables	(1.89)	-	(2.00)	(23,259.96)
Net exposure in respect of recognised assets and liabilities	312.13	-	385.48	(23,259.96)

Sensitivity analysis

A reasonably possible strengthening (weakening) of the INR against USD and JPY at 31 March 2020 would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

Effects in INR	(Profit) or Loss	
	Strengthening	Weakening
As at 31 March 2020		
USD (1% movement)	235.30	(235.30)
JPY (1% movement)	-	-
As at 31 March 2019		
USD (1% movement)	266.64	(266.64)
JPY (1% movement)	(145.42)	145.42
