Promoter Group Legacy

- The Kothari family's 25-year legacy in the gold industry has cemented their position as industry pioneers, highlighted by the success of their flagship company, Augmont.
- Under the visionary leadership of Ketan Kothari, they achieved several groundbreaking milestones, including filing the world's first Gold ETF with SEBI and founding Augmont Gold For All—India's largest physical gold platform.
- Their innovations didn't stop there; they launched India's leading digital gold platform and introduced the world's largest investible gold jewelry product.
- With a tech-driven approach, they also created a comprehensive gold loan platform, building an ecosystem that supports over 37 million customers, spanning the entire gold lifecycle from refinery to retail.
- Building on over 100 man-years of experience, the Kothari family has expanded into financial services through Arvog, where they combine their deep industry expertise with cutting-edge fintech innovations.
- Arvog bridges the gap between traditional finance and modern technology, extending the family's legacy of trust and innovation into the realm of digital lending.

Promoter & Board of Directors

Ketan Kothari - Promoter – Director

- Holds an MBA from Nottingham University, UK and has over 20 years of experience in precious Metals and Finance.
- Also serves as a Joint National Secretary of the Indian Bullion & Jewelers Association (IBJA).

Priyank Kothari - Director

- Holds a Master's in Entrepreneurship, Innovation and Enterprise Development.
- Over 5 years as a credit and risk underwriter at Arvog.
- Played a key role in expanding and diversifying the company's product.

Nishant Ranka

- A CA with over 18 years of experience in Accountancy and Finance.
- As a Non-Executive Independent Director, he brings a wealth of expertise in financial management and compliance.

Himadri Bhattacharya

- A Portfolio and risk management expert with over three decades of experience
- He has worked as a central banker with the Reserve Bank of India and senior positions in the Tata Group.
- Currently external consultant to IMF and the African Development Bank.

Aastha Solanki

- CS and LLB graduate with around 5 years of experience in secretarial compliance and legal matters.
- Specializes in regulatory frameworks and corporate governance, providing expert support in these areas.

Raghu Cavale

- A technology professional with 40 years of experience across sectors like power, manufacturing, IT, and education.
- He holds degrees in engineering, management, and an honorary doctorate.

Advisory Board

Mr. CVR Rajendran

- With an incredible career spanning 44 years in the banking and financial sectors, Mr. Rajendran brings a wealth of knowledge and invaluable experience.
- His leadership journey includes serving as the CEO of CSB Bank, Chairman and Managing Director of Andhra Bank, and CEO of the Association of Mutual Funds of India (AMFI).
- He has also contributed significantly to organizations like NSE Clearing Corporation and Corp Bank Securities and played an instrumental role in various committees shaping the future of banking in India.

Dr. Anup Shah

- Distinguished Chartered Accountant and PhD holder with over 19 years of experience, specializing in tax advisory, business restructuring, and international tax.
- Senior partner at M/s. Pravin P Shah & Co. in Mumbai.
- Serves on the boards of Adani Wilmar Limited and JM Financial Services Limited, and is an author of several articles and books on finance and taxation.

Key Managerial Personnel

Amit Shroff, CEO:

- Financial expert with 14+ years of experience, specializes in business expansion, risk management, and fintech solutions.
- As co-founder of Sukarma Finance. He led strategic growth in MSME lending and pioneered credit innovations.
- Previously, he held key roles at NAFA, Cosmos Bank, and Darashaw & Co, driving capital strategy and digital transformation.
- Holds an MBA in Finance From Mumbai University.

Aakash Jain, CFO:

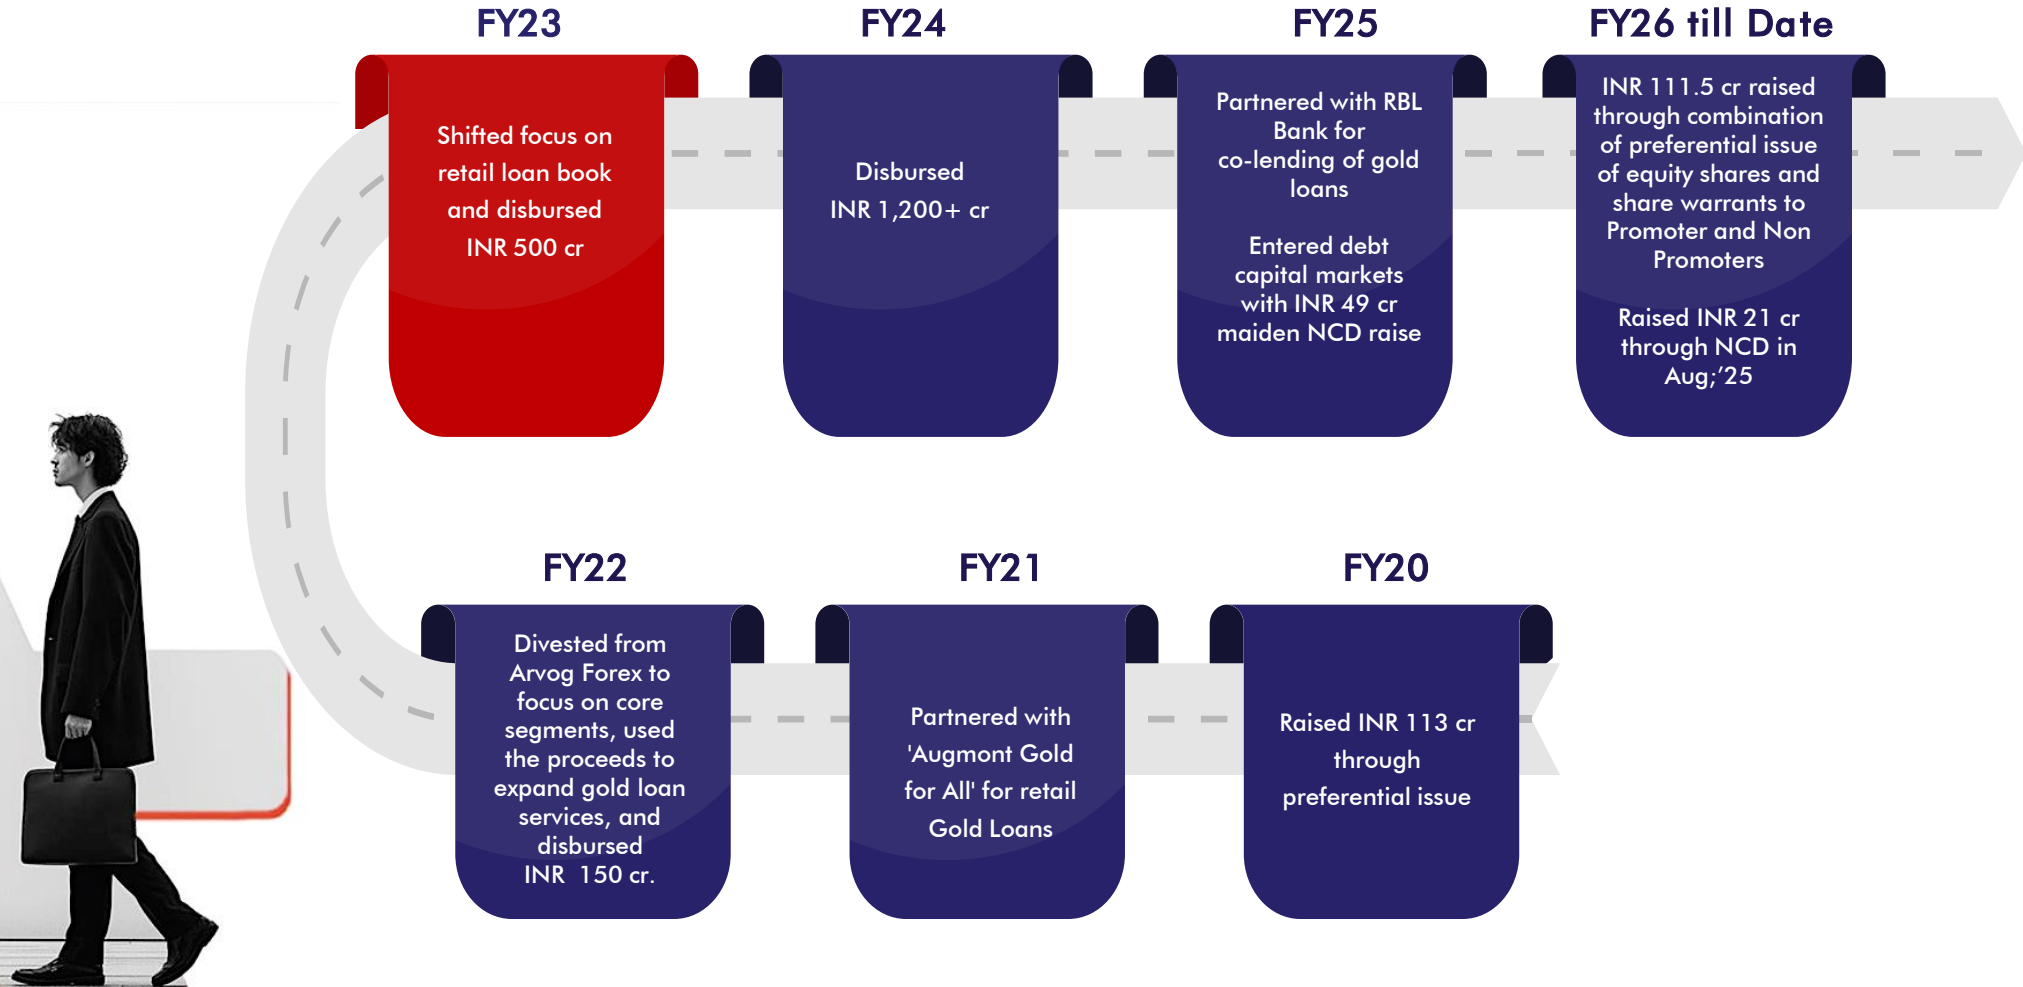

- Chartered Accountant since 2014, has 10+ years of experience in finance, investment banking, and corporate advisory.
- He spent seven years at PwC before joining a SEBI-registered merchant bank, managing portfolios, valuations, and fundraising transactions.
- A qualified Company Secretary with a Bachelor's degree, brings deep expertise in corporate finance and governance.

Kajal Parmar, CS:

- Company Secretary and Compliance Officer of the company
- A qualified CS from the Institute of Company Secretaries of India (ICSI)
- Brings around five years of experience in secretarial and regulatory compliance

Finkurve's Journey So Far

Value Propositions

Promoter Group Backing and Market Penetration:

- Backed by the Augmont Group, a trusted leader in the precious metals industry with over 4+ crore customers and of 5,000+ agents and jewelers
- Arvog leverages this extensive network to enhance its reach and credibility in the gold loan segment

Rapid loan disbursal:

- Stands apart from traditional gold loan providers with its fast and efficient loan disbursements, powered by automated systems centrally managed from their head office
- This allows Arvog to offer an impressive turnaround time (TAT) of just 25 minutes for gold loan disbursements

Gold Verification and Safekeeping Expertise:

- Leveraging deep industry expertise, Arvog ensures precise gold assessment and secure handling
- Gold is stored in SEBI-monitored IDBI vaults, using advanced assaying tools refined through years of hands-on experience.

Proactive Risk Management:

- Excels at early risk identification, from logistics to secure gold handling and auditing.
- A stringent maker/checker process ensures multiple layers of verification for gold assets, reinforcing security and minimizing the risk of fraud.

Technology Leadership and AI Integration:

- Leverages a scalable tech stack to automate key processes like loan origination and servicing, enhancing efficiency and customer experience
- Its active use of AI for faster, more precise gold testing further sets it apart in a traditionally slow-to-innovate industry

Proactive Regulatory Compliance:

- In-house compliance team closely monitors RBI regulations
- Minimizing risk and ensuring high compliance, positioning Arvog as a highly compliant and risk-averse NBFC in an industry where many face penalties for non-compliance.

Arvog's Strategy to Shift from Corporate Loans to Retail Loans

- Arvog has executed a deliberate shift in its lending strategy, transitioning from large corporate loans to a granular, secured retail lending model
- Supporting this shift is a clear transformation in company's product mix, with gold loans emerging as core growth driver, contributing significantly to disbursals and portfolio quality

This strategic repositioning towards secured, short-tenure, high-yield retail products – led by gold loans, not only strengthens Arvog's risk profile but also enhances capital velocity and long-term profitability

Key Offerings with Retail Focus

Gold Loans form the core of our retail portfolio, driven by a direct, branch-led model ensuring high control, faster disbursals, and superior asset quality.

Personal Loans are offered through a partnership model, enabling capital-light expansion while maintaining a diversified retail presence.

Retail Product Economics	Avg. Ticket Size (INR)	Avg. Tenure	Avg. Product ROI	FLDG
Gold Loans	1,31,034	10 Months	19%	NA
Personal Loans	9,248	31 days	45%	5%

- **Focus on transparency, securities & customer convenience**
- **Proprietary support system**
 - Real–time tracking**
 - Portfolio monitoring**
 - Scalability without proportional cost escalation**

Finkurve's Gold Loan Process & KPIs

Sourcing: Customers are attracted through various channels, including cold calls, BTL (Below The Line) activities, referrals, and digital campaigns. This multi-channel strategy enhances reach and helps in effectively connecting with potential borrowers.

Approvals: Once a customer expresses interest, the sales team collects key details like mobile number, name, city, and state to create a customer ID. After that, the customer undergoes a KYC process, where Aadhaar, PAN/Form 60, and address proof are submitted and verified by the Head Office Operations team.

Gold Appraisal: Before moving forward with the loan, the appraiser evaluates the customer's gold and provides a tentative loan amount based on the selected scheme. After confirming the customer's agreement, the loan application is initiated, relevant documents are signed, and the gold is packed securely in a tamper-evident packet. All details are then uploaded into the LMS.

Disbursal Process: Once the loan application passes internal checks and verifications by both the head office and the lender, it is quickly approved and disbursed. This ensures that all necessary evaluations, including creditworthiness and compliance, are thoroughly completed before the funds are released to the borrower.

Efficiency and Turnaround Time (TAT): Arvog maintains a fast turnaround time, averaging 25 minutes for loan disbursal, regardless of whether the process occurs at the branch or through doorstep service. This ensures quick access to funds while maintaining a high level of service efficiency.

Minimum Ticket Size:

INR 5,000

Maximum Ticket

INR 25,00,000

Tenure Up to:
12 Months

Finkurve's Gold Loan Process

Customer Onboarding (Maker — Chief Valuer or Branch Staff):

- Source the customer and collect essential details
- Gather KYC documents and necessary paperwork
- Appraise the gold and provide a tentative loan amount
- Enter all details in the system and submit the loan application for Branch Manager review

Branch Manager (Reviewer):

- Reviews the loan application and verifies initial entries
- Once satisfied, sends the application to the head office operations team

Head Office Operations Team (Checker — Executive Level):

- Cross-checks system entries, documents, and gold appraisal
- Validates:
 - KYC documents
 - Photographs of gold ornaments
 - Appraisal reports
 - Compliance with RBI & internal policy (e.g., no coins permitted, purity must meet guidelines)
- Verifies weight, value, and max eligible loan amount
- Flags discrepancies, if any, before submitting for final approval

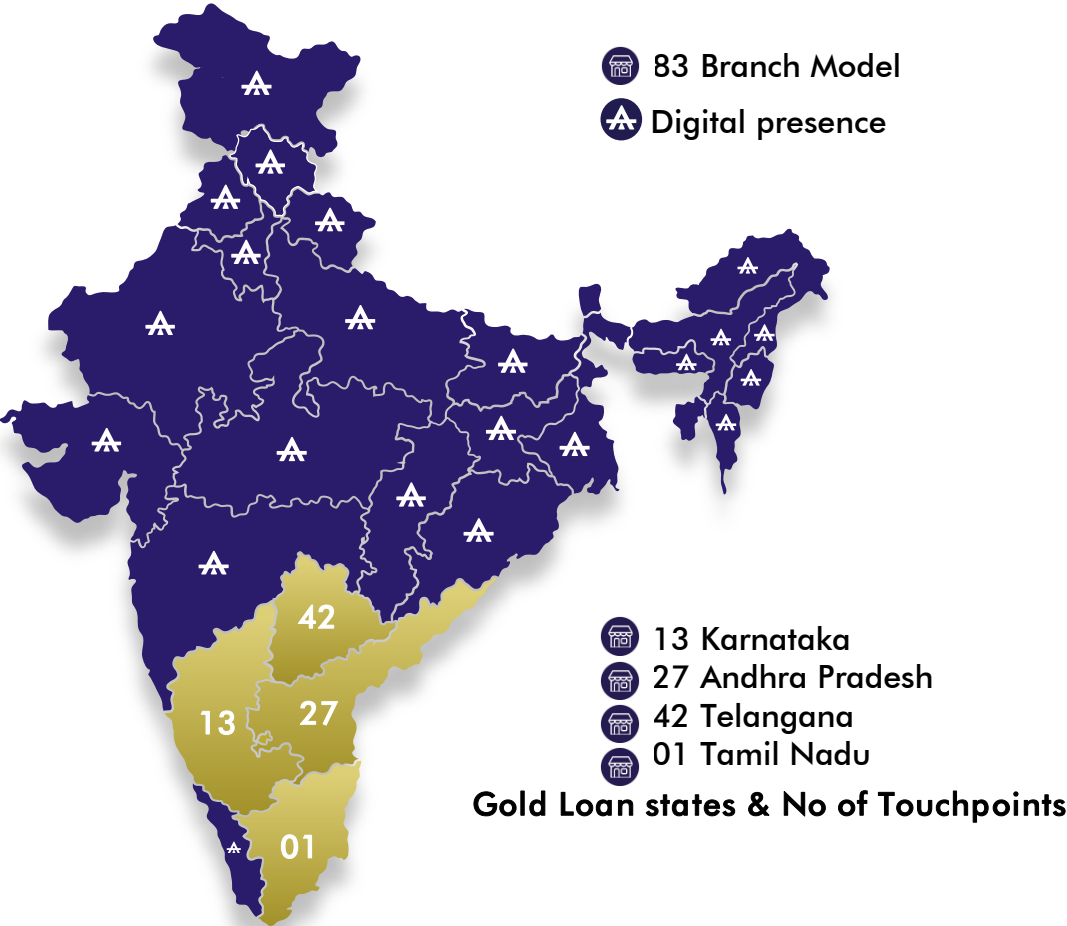

Operations Manager (Approver):

- Performs a final check of the loan application
- Approves the loan disbursement, ensuring all compliance measures are met

This **Maker → Checker → Approver** structure enforces a layered approach to risk mitigation, compliance, and data integrity.

How Technology benefits Arvog?

01

Secure Vault Access Control

Arvog's centralized system requires dual OTP authentication from both, the branch and head office. This ensures that vaults cannot be accessed by branches without the head office's approval, providing an additional layer of oversight and security.

02

Real-Time Surveillance and Vault Monitoring

Continuous video monitoring and in-person checks ensure that every entry into the vault is securely monitored for asset protection

- AI tool face detection
- Crowd monitoring
- Object detection

How Technology benefits Arvog?

03

Instant Loan Processing

Integration of the Loan Origination System and Loan Management System with advanced digital tools enables loan disbursement within just 25 minutes for enhanced customer service.

04

AI and ML for Enhanced Gold Assessment

Arvog is developing AI-driven image processing technology to assess and screen gold, enhancing precision and security in the gold loan process while revolutionizing the evaluation for both customers and the business.
