VERSATILE PRODUCT MIX

Gloster manufactures hessian, double warp cloth, sacking cloth, tarpauline cloth, canvas cloth, scrim cloth, Hessian bags, sacking bags, double warp bags, lifestyle products, yarn, geo textiles, soil savers, non woven, jute tape, nursery liners and sheets and other specialty downstream products. Our consolidated jute production capacity is 78,000 MTPA. Therefore, we're a self-sustained and scalable business model that can manufacture in tandem with your specific requirements.

Standard Products

Standard jute offerings encompass yarn, as well as woven jute fabrics and sacks.

Agro-textiles

Our agricultural textiles, accompanied by professional installation guidance, protect plant stems from scaling, conserve soil moisture, suppress weed proliferation, safeguard seeds, and serve as transport bags for saplings.

Geo-textiles

Jute geo-textiles help to avert soil erosion, ensure slope integrity, and enhance load dispersal. They are employed in various civil engineering endeavours such as the building of roads, dams, levees, ports, landfills, drainage networks, and more.

Promotional consumer products

Luxury goods and specialized products are marketed with the aim of fostering recognition of our offerings and cultivating brand loyalty among our clientele.

Waxed tent fabrics

Our waxed tent materials are utilized in campsites, agricultural settings, and shelter homes to provide protection from heat, UV radiation, and rainwater.

Specialty Yarn

Twisted strands of jute and jute mixtures, available as yarns and twines, either dyed or in their natural un-dyed state.

Rot-proof fabrics

Jute materials that are durable and resistant to natural wear and deterioration.

Filter Pads

Jute pads are used for purification of air and water.

Acoustics and thermal insulations

Made of multi-density needle punched jute fibers. Designed for acoustic and thermal insulation, which have been evaluated for compliance with ASTM E1050-10 and ASTM E253-2:1998 standards and specifications, are suitable for use in automobile dashboards and car headliners.

Floor covering and home furnishing

Our jute and jute blend fabrics are used in the creation of upholstery and home decoration items.

Shopping Bag

To meet the growing international need for sustainable shopping carriers, we create jute shopping bags that are practical, eco-conscious, and trendy, catering to consumers across the globe.

Fitness accessories

Include products like yoga mats and fitness ropes.

Thermal insulation products

Encasements with multi-layered thermal insulation sheets designed to enhance the thermal insulation capacity. Manufactured and tested to meet the ASTM C1015-17 specification standards.

We also produce decorative and processed jute materials, blending aesthetics with durability. Furthermore, the Company offers a stylish collection of shopping and fancy bags made from jute / natural fiber blends.

SERVED MARKETS

Companies in the US, Australia, New Zealand, Japan, Canada and major European nations including UK, Netherlands and Germany. Domestic customers also include the Indian government as well as brand-enhancing private downstream companies.

RESEARCH AND DEVELOPMENT

The Company has signed MoU with IJIRA, ICAR-CRIJAF & NINFET for exploring new horizons in environmentally sustainable new product categories and applications.

VISION

Promote the principles of sustainability in our operations and activities

Be committed to our workforce, consumers, suppliers, shareholders and other stakeholders at large

Make our business a part of the society and contribute to the welfare of the larger community

MISSION

Cater to the needs of customers all over the world

Win recognition as a producer of quality jute and allied products

Provide products at a competitive price

With a capable senior management team, a highly experienced Board of Directors and the support of dynamic professionals and a strong mid-level leadership, Gloster's corporate ethos is deeply embedded across all levels — right down to the shopfloor.

Gloster is poised to achieve remarkable milestones, carrying the legacy of the Golden Fibre across the globe through superior products, value-driven innovation, and unwavering service commitment.

Gloster's growth story has been defined by sharp strategic focus, uncompromising quality, enduring core values, and a steadfast commitment to ethics and operational excellence — forming the bedrock of the Company's continued success.

GLOSTER IS COMMITTED TO CREATING SUSTAINABLE VALUE.

These are some of our immediate priority focus areas:

Investing in the long-term growth and development of our business.

Minimising our contribution to climate change with the philosophy of investing for a better tomorrow.

Finding inventive, innovative and advanced solutions that meet our customers' needs.

Focusing on delivering cutting-edge products that deliver exceptional value.

Creating and sustaining meaningful employment, recognising diversity and creating a working environment where opportunities unfold for our people.

Working diligently to ensure the safety and well-being of our employees and contractors.

Engaging in active stewardship of our raw material and other utility ecosystems to maintain biodiversity.

Enhancing the eco-efficiency of our products through resource efficiency and responsible use of materials throughout their life-cycle.

Contributing to the development of people and communities around our operations.

MESSAGE FROM THE CHAIRMAN

Shri Hemant Bangur,
Executive Chairman,
Gloster Limited

Dear fellow shareholders,

It is with great pride and optimism that I address you today, at a pivotal time in our company's journey. Gloster stands at the confluence of rich legacy and exciting transformation — and I'm honoured to share this moment of reflection and forward momentum with all of you.

Over the decades, we have stood as a beacon in the jute industry, earning the trust of global markets by staying true to our core values — quality, sustainability, and innovation. Our success, however, has never been by chance. It has been shaped by generations of commitment, the hard work of our people, and a deep-rooted belief in the future of the Golden Fibre.

Fresh Leadership

With the induction of fresh management talent, we are infusing new energy, contemporary thinking and a renewed sense of purpose into our operations. These young and dynamic leaders join a legacy of strong governance and experienced oversight — a balance that will be key as we script the next phase of growth. It's a step forward, driven by purpose, powered by people, and committed to building a better, more sustainable tomorrow.

The mandate is clear: to uphold our legacy while driving us toward modernization, efficiency, and global competitiveness. With digital tools, data-driven strategies, and a sharp customer focus, I believe we will navigate the evolving market dynamics with agility and purpose.

A Sustainable Vision

We operate in a world that is increasingly demanding environmentally responsible practices — and rightly so. Jute, by its very nature, offers sustainable alternatives to synthetic materials. It is our responsibility, and indeed our opportunity, to champion this fibre as a future-ready solution for global environmental challenges.

From eco-smart packaging to advanced geo-textiles, we are pushing the boundaries. Our R&D and innovation teams continue to explore new applications that add value — both economically and ecologically — to our offerings.

People First, Always

At the heart of everything we do are our people. From the boardroom to the shopfloor, every individual is part of the Gloster story. Our focus remains on creating a safe, inclusive and empowering workplace that nurtures talent and rewards commitment.

We are also expanding our CSR efforts to ensure that our growth is matched by our contribution to the communities around us. Education, health, and livelihood enhancement — especially in rural areas — remain our priorities.

Looking Ahead

As we step into the future, we do so with humility for how far we've come and ambition for what lies ahead. The jute industry is poised for resurgence, and Gloster is ready to lead from the front. By combining tradition with transformation, purpose with profit, and innovation with integrity, we will continue to elevate the Golden Fibre to new heights on the global stage.

In closing, I extend my deepest gratitude to our shareholders, partners, employees, and customers. Your trust, support, and belief in our vision are the pillars on which our future will be built.

Let us move forward — in the renewed era of purpose-driven growth, embracing change, and creating value for all stakeholders.

Thank you.

A NEW DAWN IN EVOLUTION

At Gloster, we believe in seizing every golden opportunity.

Long before the world fully awakened to its potential, Gloster recognised the promise of the Golden Fibre — jute — and the vast possibilities it holds. With foresight and conviction, we committed ourselves to harnessing its full value, ensuring that the benefits of this remarkable natural resource are shared by everyone associated with us.

Strategically located on the banks of the holy Ganges in West Bengal, and spread across a sprawling 175-acre campus, Gloster is engaged in the production of woven and non-woven textiles that meet stringent international standards. Over the years, our deep experience and technical expertise have guided our evolution — from a commodity-focused manufacturing company to a diversified, innovation-driven enterprise producing high-value-added products.

Today, Gloster stands among the leading manufacturers and exporters of value-added, eco-conscious products made from natural and allied fibres. Our reach spans across global markets, with a strong presence in developed nations including the USA, UK, Netherlands, Germany, Australia, Japan, and Spain, among others.

To meet growing global demand and industry shifts, Gloster has modernised and expanded its production facilities. These forward-looking investments reflect our commitment to not just product excellence, but also to improving employee health and safety, conserving energy and enhancing our environmental footprint.

PRODUCTION

49,104 metric tonnes

TOTAL INCOME

₹62,668.27 lakhs

PROFIT FOR THE YEAR

₹43,73.17 lakhs

With a current production capacity of approximately 50,000 metric tons of jute textiles and products annually, Gloster offers an extensive portfolio — from traditional to contemporary — all distinguished by superior quality and finish.

Gloster Nuvo Limited, a Wholly Owned Subsidiary of the Company has set up an integrated state-of-the-art Jute Mill spread over more than 30 acres of land at Bauria, Howrah in West Bengal, at a Capital outlay of about Rs. 300 crores in Phase-I to manufacture Jute and its allied products aggregating to 92 MT per day and has started Commercial Production from 30th March 2024.

Gloster Nuvo has already achieved 65% of its capacity and full capacity utilisation is expected by December 2025.

The Unit is designed incorporating the most environment and worker friendly technology with sustainability at its core. The Unit will produce diverse goods for both domestic and export markets, which is seeing revival in demand of the eco-friendly jute goods.

Guided by vision, rooted in values and driven by innovation, Gloster continues to lead the journey of jute into the future.

A NEW DAWN IN SUSTAINABILITY

**At Gloster, sustainability isn't just a commitment
— it's a core business principle and a way of life.**

We believe sustainable development makes sound business sense and is deeply integrated into our everyday operations. From enhancing resource and process efficiency to developing eco-smart product solutions, we strive to create enduring value — not just for our stakeholders, but for the communities and environment around us.

Since its inception, Gloster has upheld a strong commitment to sustainability. Our business model is built around jute — one of the cleanest, most renewable natural fibres available. Recognising its immense ecological value, we have invested in sustainable farming practices, energy-efficient technologies, and biodegradable product development to minimise our environmental impact.

We also take pride in giving back to the communities that support us. Through our corporate social responsibility programs, we've contributed meaningfully to education, healthcare, and social welfare in the regions where we operate. We believe our growth is inseparable from the well-being of the communities that surround us.

Looking ahead, Gloster remains unwavering in its pursuit of sustainable excellence. We understand that our long-term success is intrinsically linked to the health of the planet and the well-being of our people. With this belief, we continue to move forward — reducing our environmental footprint, strengthening our communities and shaping a greener, more responsible future.

A NEW DAWN IN COMMITMENT

At Gloster, commitment is our philosophy.

As Gloster marks more than 150 years of excellence in the jute industry, we stand proud of our legacy — built on the pillars of quality, sustainability and innovation. This milestone is not just a celebration of the past, but a reaffirmation of our enduring commitment to lead with purpose in an ever-evolving world.

The jute industry is transforming, and so are we. At Gloster, we are steadfast in our resolve to stay ahead of change. Our investments in research and development continue to unlock new applications for jute and expand our product portfolio to meet the changing needs of customers around the globe. We remain deeply committed to environmental stewardship and social responsibility — constantly working to reduce our ecological footprint and uplift the communities where we operate.

Looking to the future, we see opportunity — not just to grow, but to lead. The next 150 years hold immense promise. As we embrace new technologies, explore sustainable materials, and diversify our offerings, our unwavering commitment to excellence will remain our North Star.

We are deeply grateful to our customers, employees, partners, and all our stakeholders for their continued trust and support. You have been integral to our journey, and together, we will continue to push boundaries and pioneer a greener, brighter future.

While we are proud of our accomplishments, we believe our greatest achievements lie ahead.

THE INSTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2: Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins on Tuesday, 5th August 2025 at 9:00 a.m. and ends on Thursday, 7th August 2025 at 5:00 p.m. During this period, the shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date, i.e., 1st August 2025 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Explanatory Statement pursuant to Section 102(1) of the Companies Act, 2013

Item No. 5 : Appointment of Secretarial Auditors

In terms of Regulation 24A of SEBI Listing Regulations, the Company is required to appoint a Secretarial Auditor for a term of 5 (five) consecutive years with the approval of its shareholders in the AGM.

Taking into account eligibility, independence, experience, competency of the audit team, efficiency in conduct of audit, etc., the Board of Directors of the Company has, based on the recommendation of the Audit Committee, at its meeting held on 29th May 2025, appointed M/s. MKB & Associates, a firm of Practising Company Secretaries as the Secretarial Auditor of the Company for conducting Secretarial Audit for a term of 5 (five) years from Financial Year 2025-26 to 2029-30.

M/s. MKB & Associates, Practising Company Secretaries, is one of the reputed and leading firms of Company Secretaries, based out of Kolkata, and having its presence all over India. Within a very short span of time, the firm has transcended higher realms of success and is today, one of the leading firms of Company Secretaries in the country. As per CimplifyFive's Third Secretarial Auditor Report, 2017 M/s. MKB & Associates is rated as the top Secretarial Audit firm of Eastern Region. The firm currently has three partners and several associates, and is spearheaded by Mr. Manoj Kumar Banthia, the Managing Partner. He has experience of practising in the field of corporate laws and allied laws for over 27 years.

The Company has received consent cum eligibility certificate from M/s. MKB & Associates, confirming that the appointment, if made, would be within the limits prescribed by Institute of Company Secretaries of India (ICSI) for maximum number of Secretarial Audits and that they are not disqualified to be appointed as the Secretarial Auditor in terms of the provisions of Regulation 24A of SEBI Listing Regulations. M/s. MKB & Associates has also provided confirmation that they have subjected themselves to the peer review process of the ICSI and hold a valid certificate issued by the 'Peer Review Board' of the ICSI.

Besides the above services, the Company would also avail various other eligible services from the auditor as are approved by the Board from time to time.

Exports of the Company for the year under review stood at Rs. 184.60 crores as against Rs. 155.90 crores in the year previous year.

B. Raw Jute crop in the current year was adequate resulting in availability of fibre at reasonable price. In the ensuing season, Raw Jute crop is estimated to be significantly lower due to lower area under cultivation as prices in the last season were not remunerative for farmers. Significant areas of farmland have switched to cultivation of maize which is used for production of ethanol. The carry-over of the stock in the upcoming season is low. Hence, the prices of raw jute will remain strong with prices touching uncharted territory.

During the current year, exports have seen further de-growth largely due to continued impact of Russia-Ukraine war and thereafter Israel-Palestine war affecting the entire European market and also other export markets. The demand from Government during the financial year has been lower. The Company is continuously exploring newer export market for its products.

d) Outlook

In the current financial year, prices of Raw Jute were stable with upward bias in comparison to the year 2023-24. Estimate for Raw Jute crop for the upcoming season is not very encouraging as area under cultivation has gone down significantly. The carry over crop in the ensuing season is low. The price of Raw Jute in the ensuing season should be significantly higher with further upward bias.

Demands from Government have been lower during the current financial year. Further, due to sluggishness in the export market, export demand was also down. The domestic demand was with The domestic demand, however, was strong during the second half of the year. The company is continuously exploring for new market for traditional and diversified jute products.

Further, the management is focused to improve its footprint in newer export market and proactively trying to strengthen its presence.

Your management is continuously putting efforts to improve efficiency and productivity for achieving better performance.

Risk & Concern/ Threat

- Restricting raw jute stock to be maintained by the Jute Mills may adversely affect the production, production mix and cost.
- Lower incentives on exports impacts competitive pricing in export market
- Any further dilution of compulsory Jute Packing Order can adversely affect the market of jute products;
- Stiff competition from Bangladesh jute goods and synthetic packaging materials;
- Unstable global economic outlook due to the wars.
- Ever increasing employee cost may overall result into higher conversion cost
- Sluggish export demand

e) Internal control systems and their adequacy

The Company has adequate internal control system commensurate with the size, scale and complexity of its operations which provides reasonable assurance with regard to safeguarding the Company's assets, promoting operational efficiency by cost control, preventing revenue leakages and ensuring adequate financial and accounting controls and compliance with various statutory provisions. An independent Audit Committee of the Board of Directors actively reviews the adequacy and effectiveness of internal control systems and suggests improvements for strengthening them.

A summary of Internal Audit observations and Action Taken Reports are placed before the Audit Committee on a periodical basis, for review

f) Discussion on financial performance with respect to operational performance

ANNEXURE-II TO THE DIRECTORS REPORT

NOMINATION & REMUNERATION POLICY

1. Preamble

1.1 The remuneration policy provides a framework for remuneration paid to the members of the Board of Directors ("Board") Key Managerial Personnel ("KMP") and Senior Managerial Personnel ("SMP"). The expression 'Senior Management Personnel' means personnel of the company who are members of its core management team excluding Board of Directors comprising all members of management one level below the executive Directors, including the functional heads. In terms of Section 178 of the Companies Act, 2013 this Policy is being framed and formulated for laying down criteria for determining qualifications, positive attributes and independence of a Director and recommend to the Board a policy, relating to the remuneration of Executives.

2. Aims & Objectives

The aims and objectives of this nomination & remuneration policy ("Policy") may be summarized as follows:

- 2.1 The Policy aims to enable the company to attract, retain and motivate highly qualified members for the Board, KMP and SMP.
- 2.2 The Policy aims to enable the Company to provide a well-balanced and performance-related compensation package, taking into account shareholder interests, industry standards and relevant Indian corporate regulations.
- 2.3 The Policy seeks to ensure that the interests of Board members, KMP and SMP are aligned with the business strategy and risk tolerance, objectives, values and long-term interests of the company and will be consistent with the "pay-for-performance" principle.
- 2.4 The policy will ensure that remuneration to Directors involves a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the company and its goals.

3. Principles of remuneration

- 3.1 Support for Strategic Objectives: Remuneration and decisions shall be developed in a manner that is consistent with, supports and reinforces the achievement of the Company's vision and strategy.
- 3.2 Transparency: The process of remuneration management shall be transparent, conducted in good faith and in accordance with appropriate levels of confidentiality.
- 3.3 Internal equity: The Company shall remunerate the Board members, KMP and SMP in terms of their roles within the organisation.
- 3.4 External equity: The Company shall strive to pay an equitable remuneration, capable of attracting and retaining high quality personnel. Reference to external market norms

will be made using appropriate market sources, including relevant and comparative survey data, as determined to have meaning to the Company's remuneration practices at that time.

3.5 Flexibility: Remuneration shall be sufficiently flexible to meet both the needs of individuals and those of the Company whilst complying with relevant tax and other legislation.

3.6 Performance-Driven Remuneration: The Company shall entrench a culture of performance driven remuneration.

3.7 Affordability and Sustainability: The Company shall ensure that remuneration is affordable on a sustainable basis.

4 Policy for selection and appointment of the Board Members and determining Directors' independence

4.1 Board membership criteria

4.1.1 The Nomination & Remuneration Committee, along with the Board shall review on an annual basis, appropriate skills, characteristics and experience required of the Board Members for the better management of the Company. The objective is to have a Board with diverse background and experience in business, government, academics, technology and in areas that are relevant for the Company's global operations.

4.1.2 In evaluating the suitability of individual Board members, the Committee will take into account many factors, including general understanding of the Company's business dynamics, global business and social perspective, educational and professional background and personal achievements.

4.1.3 The policy seeks to ensure that Directors should possess the highest personal and professional ethics, integrity and values. They should be able to balance the legitimate interest and concerns of all the Company's stakeholders in arriving at decisions, rather than advancing the interests of a particular constituency. The Board members are expected to have adequate time and expertise and experience to contribute to effective Board performance.

4.1.4 The Directors must devote sufficient time and energy in carrying out their duties and responsibilities effectively. They must have the aptitude to critically evaluate management's working as part of a team in an environment of collegiality and trust.

4.1.5 The proposed appointee shall also fulfill the following requirements:

4.1.5.1 Shall not be disqualified under the Companies Act, 2013;

- 4.1.5.2 Shall give his written consent to act as a Director;
- 4.1.5.3 Shall endeavour to attend all Board Meetings and wherever he is appointed as a Committee Member, the Committee Meetings;
- 4.1.5.4 Shall abide by the Code of Conduct established by the Company for Directors, KMP and SMP;
- 4.1.5.5 Shall disclose his concern or interest in any company or companies or bodies corporate, firms, or other association of individuals.
- 4.1.6 The Nomination and Remuneration Committee shall evaluate each individual with the objective of having a group that best enables the success of the Company's business.
- 4.1.7 The Nomination and Remuneration Committee shall assess the independence of Directors at the time of appointment / re-appointment and the Board shall assess the same annually. The Board shall re-assess determinations of independence when any new interests or relationships are disclosed by a Director.

4.2 Selection of Board Members/ extending invitation to a potential director to join the Board

The Nomination & Remuneration Committee will periodically identify competency gaps in the Board, evaluate potential candidates as per the criteria laid above, ascertain their availability and make suitable recommendations to the Board. The objective is to ensure that the Company's Board is appropriate at all points of time to be able to take decisions commensurate with the size and scale of operations of the Company. The Nomination & Remuneration Committee shall also identify suitable candidates in the event of a vacancy being created on the Board on account of retirement, resignation or demise of an existing Board member. Based on the recommendations of the Committee, the Board will evaluate the candidate(s) and decide on the selection of the appropriate member.

5 Compensation Structure

5.1 Remuneration to Non-Executive Directors:

The Non-executive Directors of the Company will be paid remuneration by way of sitting fees for attending the meetings of the Board of Directors and its Committees. The said sitting fees paid to the Non-executive Directors for the Board Meetings and Committee meetings will be fixed by the Board and reviewed from time to time in accordance with applicable law. The Non-executive Directors may be paid such commission as the Board may approve from time to time subject to limits prescribed from time to time in the Act or Rules made thereunder.

5.2 Remuneration to Executive Directors, KMPs & SMP:

The Company has a credible and transparent framework in determining and accounting for the remuneration of the Managing Director / Whole Time Directors (MD/WTDs), KMP and SMP. Their remuneration are governed by the external competitive environment, track record, potential, individual performance and performance of the company as well as industry standards.

The remuneration for Managing Director / Whole Time Directors (MD/WTDs), is determined by the Board of Directors based on the appointment agreement approved, by the members in the general meeting of the Company and by the Central Government if required.

6 Supplementary provisions

6.1 Any matters not provided for in this Policy shall be handled in accordance with relevant State laws and regulations and the Company's Articles of Association. If this Policy conflict with any laws or regulations subsequently promulgated by the state or with the Company's Articles of Association as amended pursuant to lawful procedure, the relevant State laws and regulations and the Company's Articles of Association shall prevail, and this Policy shall be amended in a timely manner and submitted to the Board of Directors for review and adoption.

6.2 The right to interpret this Policy vests in the Board of Directors of the Company.

ANNEXURE-V TO THE DIRECTORS REPORT

Information under Section 134(3)(m) of the Companies Act, 2013 read with rule 8 of the Companies (Accounts) Rules, 2014

A. Conservation of Energy

The steps taken towards Conservation of Energy are enumerated below:

- i) Replaced 6 old cooler machines with 1 new energy efficient water chiller machine
- ii) Replaced direct drives with PLC controlled AC variable drive
- iii) Installed energy efficient machines, looms, lights and fans

The steps taken by the Company for utilizing alternate sources of energy:

- i) Using 100% Jute Waste in Boiler as a Fuel.
- ii) Day to day cleaning of the sky light glasses for maximum using of day light.
- iii) Installed overhead conveyor system inside the Process House for utilize the ambient temperature (Hank drying purpose).

The capital investment on energy conservation equipment

Rs. 415.07 lakhs

B. Technology Absorption

Efforts made towards technology absorption

- i) Installation of magnetic breaking system instead of DC injection breaking at S4 loom. as a result, fabric fault (weft missing, GAW) reduced and quality of materials improved and production increased.
- ii) Ran Boiler at high pressure
- iii) Load sharing in transformers for increasing Load Factor
- iv) Fire redundant & heat insulating Rockwool panel sandwich roof sheeting installed at various places

Benefits derived

- i) Fabric Fault (weft missing, GAW) was reduced, quality of materials was improved, and production was increased.
- ii) Reduced power consumption
- iii) Increase in productions
- iv) Consistency in product quality.
- v) Reduced cost of production.
- vi) Increased rate of production.
- vii) Minimized energy wastage.

The Company has not imported any technology during the last three years reckoned from the beginning of the Financial Year 2024-25.

C. Expenditure incurred on Research and Development –Rs.3.81 lakhs

D. Foreign exchange earnings and outgo :

- (i) Foreign exchange earned in terms of actual inflow : Rs.17,701.99 lakhs
- (ii) Foreign exchange outgo in terms of actual outflow: Rs. 5,548.48 lakhs

b. What is the contribution of exports as a percentage of the total turnover of the entity?

The revenue from international business accounts for 29.46% of the company's overall turnover.

c. A brief on types of customers

Gloster Limited is a leading manufacturer and exporter of jute and jute-based products, including industrial and agricultural packaging, as well as woven and non-woven jute geotextiles. The growing global popularity of reusable jute bags, embraced by governments, retailers, and consumers alike, highlights their environmental benefits. Jute has also gained recognition as a fashionable fabric, championed by designers. Our customer base can be broadly categorized as follows:

Government Entities: Government agencies purchase jute products for various initiatives, including public distribution and disaster relief efforts, as well as for environmental conservation purposes.

Suppliers: This group includes exporters, retailers, and manufacturers who buy jute products in bulk for resale or integration into their production processes.

Industrial Consumers: Businesses that use jute as a primary material for manufacturing goods, such as paper, textiles, or construction products.

Export Clients: Global brands like MUJI (via Marubeni), Coop (via Synoking), Siplec, and Lottemart (via J.S. Company) source Indian jute for distribution in international markets.

Non-Profit Organizations: : Charitable and non-governmental organizations acquire jute products for their initiatives aimed at poverty alleviation, environmental protection, and supporting communities in need.

26. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format:

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1.	Climate change and energy management	Risk	The jute manufacturing industry is inherently energy-intensive, with significant consumption of electricity and fossil fuels during fibre processing, spinning, and weaving operations. Climate change has led to erratic rainfall patterns and increased temperature variability, which directly affect jute cultivation and raw material availability. Simultaneously, the industry faces increasing regulatory and market pressure to decarbonize operations and reduce its carbon footprint. These dynamics present both a risk to operational continuity and a strategic opportunity to invest in cleaner technologies and renewable energy sources.	Gloster Limited has implemented several key initiatives to mitigate climate-related risks and improve energy efficiency. These include transitioning to safer, hydrocarbon-free materials in production, ensuring product compliance with international safety standards, upgrading to energy-efficient equipment, and integrating renewable energy sources by replacing coal with solar power. Additionally, Gloster plans to conduct a comprehensive climate risk assessment to further strengthen its resilience and sustainability efforts.	Negative

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
2.	Emission management	Risk	<p>The jute manufacturing process, particularly during fibre softening, drying, and boiler operations, contributes to air emissions, including particulate matter (PM), carbon dioxide (CO₂), and other greenhouse gases. Traditionally, the industry has relied heavily on coal and other fossil fuels, which are significant contributors to atmospheric pollution and climate change. With increasing regulatory scrutiny under national and international climate frameworks, as well as growing stakeholder demand for low-emission products, emissions management has become a critical focus area for us. Effective control of emissions is essential not only for regulatory compliance but also for ensuring a safe workplace and a cleaner local environment.</p>	<p>Gloster Limited is currently evaluating the feasibility of conducting an in-house emission baseline assessment to establish a comprehensive understanding of our current emissions profile. As part of this initiative, we are also in the process of identifying designated management personnel responsible for overseeing the reporting of emission-related parameters to the Board, ensuring accountability and governance. In alignment with our commitment to sustainable operations, we are actively working towards the implementation of targeted emission reduction projects, supported by the establishment of performance benchmarks at various operational levels. These benchmarks will enable us to monitor progress, identify opportunities for improvement, and assess training needs for employees engaged in emission management activities.</p> <p>Additionally, Gloster Limited is exploring the integration of an electric vehicle (EV) fleet to reduce transport-related emissions and further enhance our decarbonization strategy.</p>	Positive

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
3.	Waste management and circular economy	Opportunity	The jute manufacturing process generates substantial quantities of process waste, such as fibre dust, jute caddies, and sludge from effluent treatment. Gloster Limited has eliminated dependence on coal by recycling jute process waste (jute caddies) as a renewable fuel source. This transition significantly reduces greenhouse gas emissions, lowers air pollution, and addresses long-standing waste management challenges. By replacing coal with jute-based biomass, the company minimizes the carbon footprint associated with coal mining and transportation, supports a circular economy, reduces operational costs, and enhances overall energy efficiency.	-	Positive

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
4.	Water and effluent management	Risk	Water is a critical input in the jute manufacturing process, particularly for fibre softening, batching, and humidification. The industry also generates wastewater containing organic matter, oil residues, and suspended solids, which, if left untreated, can contaminate local water bodies and pose regulatory and reputational risks. With increasing water scarcity, tightening discharge regulations, and growing expectations from stakeholders for responsible water use, efficient water and effluent management is a material environmental priority for the business.	Gloster Limited is currently assessing the scope of water-related risks through a structured evaluation process and the establishment of a dedicated governance mechanism to monitor water performance regularly. This initiative is aimed at optimizing water usage, promoting conservation practices, enhancing rainwater harvesting systems, and transitioning all manufacturing units towards achieving Zero Liquid Discharge (ZLD) status . Additionally, treated effluent is being effectively utilized for combustion purposes in boilers , thereby reducing freshwater dependency and contributing to circular water usage within operations.	Positive
5.	Biodiversity	Risk	Industrial operations, including jute manufacturing, can directly or indirectly impact local biodiversity through land use changes, emissions, wastewater discharge, and waste disposal. As jute cultivation is dependent on healthy agro-ecosystems, maintaining biodiversity around operational sites is essential for long-term ecological balance and resource security. With increasing focus from regulatory bodies and stakeholders on nature-positive practices, biodiversity conservation has emerged as a material issue for sustainable operations.	Gloster Limited recognizes the importance of preserving biodiversity and minimizing the ecological footprint of its manufacturing activities. The company has adopted the following measures to support biodiversity protection by conducting plantation drives	Negative

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
6.	Occupational health and safety	Risk	The jute manufacturing process involves the use of heavy machinery, exposure to dust, oils, and elevated noise levels, all of which pose health and safety risks to workers. Ensuring a safe and healthy work environment, including managing noise exposure, is critical to protecting employee wellbeing, reducing accident rates, and maintaining operational continuity. Compliance with regulatory OHS standards and growing stakeholder expectations further underline the importance of robust health and safety management as a material business concern.	Gloster Limited conducts thorough investigations of all safety incidents to identify root causes and implement corrective actions, with regular reviews by the Risk Management Committee and Board. The company has introduced multiple safety measures such as machine guards, proximity switches, safety bars, valves, and enclosures to protect workers. An on-site medical unit provides immediate care, with serious cases referred to specialized hospitals. Additionally, injured employees are supported through job transfers or reassignment to suitable roles, reflecting Gloster's commitment to maintaining a safe, healthy, and supportive work environment.	Negative
7.	Human rights	Risk	The absence of proper checks and balances on human rights issues, such as workplace harassment, child and forced labor, and poor working conditions, can lead to non-compliance, regulatory violations, and breaches of international standards. This poses significant reputational risks for the organization.	Gloster Limited assesses human rights requirements in alignment with the GOTS and SA 8000 frameworks. The company conducts regular training sessions for both internal employees and external stakeholders to ensure comprehensive awareness and understanding of human rights principles. To monitor the effectiveness of these trainings, a dedicated supervisor is appointed, who regularly evaluates progress and reports findings to management.	Positive
8.	Diversity and inclusion	Risk	The absence of adequate diversity and inclusion (D&I) targets, coupled with low female representation in the workforce, can adversely impact the organization's brand reputation.	To promote diversity and inclusion, Gloster Limited will: <ul style="list-style-type: none"> • Increase female and disabled person representation in the workforce • Build awareness on inclusivity and establish reporting mechanisms for any forms of discrimination or bias • Appoint a supervisor to monitor the acceptance of these initiatives and report the progress to management. • Install ramps, elevators, and specialized restrooms to ensure ease of movement and access for individuals with disabilities. 	Positive financial implications <ul style="list-style-type: none"> • Lower employee turnover rate • Improved competitive edge to attract skilled talent • Lower reputational risk

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
9.	Community impact	Opportunity	As a responsible corporate citizen, Gloster Limited recognizes the importance of contributing to the social and economic development of the communities surrounding its operations. Engaging with and supporting local communities helps build trust, improves livelihoods, and fosters long-term sustainable development, while also mitigating social risks.	-	Positive
10.	Supply chain management	Risk	Potential disruptions in the supply chain due to shortages of sustainable raw materials and pandemic-related challenges pose significant risks to Gloster Limited. These include regulatory risks within the value chain, financial risks affecting operational stability, and reputational risks that may lead to customer dissatisfaction. Such challenges emphasize the critical need for Gloster Limited to enhance the resilience of its supply chain through strategic planning, diversification of suppliers, and robust risk mitigation measures to ensure continuity and uphold stakeholder trust.	Gloster Limited is in the process of identifying critical suppliers based on the value and nature of business relationships. As part of this initiative, a structured ESG assessment checklist is being developed, covering key parameters such as health and safety practices, working conditions, and regulatory compliance. This checklist will form an integral part of the supplier due diligence process, applied during onboarding of new suppliers and periodic reviews of existing ones. By integrating a Supplier Code of Conduct based on Environmental, Social, and Governance (ESG) considerations and conducting regular audits to assess supplier performance, supply chain transparency and responsible sourcing are enhanced. Additionally, assessment studies are being undertaken to determine crop suitability to mitigate risks of raw material shortages. Farmers may be engaged through plantation management programs focused on raising awareness of soil fertility and reducing chemical dependency, thereby supporting the production of sustainable finished products. These combined efforts strengthen supply chain resilience, align sourcing with sustainability principles, and ensure the long-term availability of sustainable raw materials.	Positive

Governance, leadership and oversight

7. Statement by director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements	<p>I am pleased to present the Business Responsibility and Sustainability Report (BRSR) of Gloster Limited as part of our Annual Report for FY 2024-25. This report reflects our commitment to responsible business practices, sustainable development, and value creation for all our stakeholders in the global jute industry.</p> <p>The jute industry stands at a critical juncture, undergoing significant transformation driven by the global shift toward sustainability. With consumers and businesses increasingly favouring biodegradable and eco-friendly alternatives over synthetic materials, the demand for jute products has seen robust growth. This evolving market landscape presents both immense opportunities and challenges, requiring strategic foresight and responsible stewardship.</p> <p>As one of India's leading jute manufacturers with a legacy spanning several decades, Gloster Limited is committed to being a catalyst for positive change. Our export-oriented operations cater to discerning international markets where compliance with Environmental, Social, and Governance (ESG) standards is not only an expectation but a prerequisite for sustained market access. Initiatives such as the European Union's Green Deal and stringent sustainability requirements from buyers have heightened the strategic importance of our ESG performance. We have made notable strides in reducing our environmental impact through sustainable manufacturing practices. By replacing coal with jute waste as an alternative fuel and commissioning a 1.4 MW rooftop solar power system at our Ananya unit, we have significantly lowered our greenhouse gas emissions. These initiatives not only support our shift toward renewable energy but also reinforce our commitment to circular economy principles, environmental responsibility, and continuous innovation.</p> <p>Our dedication extends beyond environmental management to the welfare of our workforce and the communities we serve. We maintain rigorous health and safety standards, offer comprehensive employee benefits, and invest in continuous skill development. Through targeted community engagement initiatives focused on education, healthcare, and infrastructure development, we strive to foster inclusive growth and shared prosperity.</p> <p>I take this opportunity to express my deepest appreciation to our employees, whose dedication and innovation drive our sustainability agenda forward. I also extend gratitude to our customers, who recognize and support the value of sustainable products, our suppliers who uphold responsible practices, and the local communities who partner with us in our social initiatives. Lastly, I thank our investors for their unwavering support of our long-term value creation strategy.</p> <p>Looking ahead, the leadership team and I remain committed to positioning Gloster Limited as a benchmark for sustainability in the global jute industry. We regard our ESG journey as a core business strategy—one that not only fulfils compliance requirements but also creates enduring value for all stakeholders while contributing meaningfully to global sustainability goals.</p> <p>Together, we will continue to weave sustainability into every fiber of our operations, ensuring that Gloster Limited remains a responsible corporate citizen and a preferred partner for conscious consumers worldwide.</p> <p>Hemant Bangur Executive Chairman Gloster Limited</p>

Leadership indicators

1. Awareness programmes conducted for value chain partners on any of the principles during the financial year:

At Gloster Limited, we have established a comprehensive Supplier Code of Conduct that includes key policies such as the Holistic Environmental Policy, Responsible Purchasing Policy, Social Justice and Workplace Standards Policy, and Ethics Compliance Policy. We require our suppliers to formally commit to these standards by acknowledging and aligning their practices with our policies through a documented commitment process. This ensures that our suppliers fully understand and adhere to our sustainability and ethical objectives.

To promote awareness, we conduct orientation and engagement programs for our value chain partners, where we clearly communicate and explain the principles and expectations outlined in the Supplier Code of Conduct. These sessions help ensure that our suppliers are well-informed and committed to effectively implementing these policies.

Currently, we are systematically capturing and consolidating data on the awareness programs conducted for our value chain partners during the financial year. This effort will enable us to provide more comprehensive reporting on supplier engagement and training related to Gloster's sustainability and ethical standards.

2. Does the entity have processes in place to avoid/ manage conflict of interests involving members of the Board? (Yes/No) If yes, provide details of the same.

Yes, We have a robust process in place to manage conflicts of interest, as detailed in our Code of Conduct for Board Members and Senior Management Personnel. Every Director and Senior Management Personnel is expected to avoid situations where personal or financial interests' conflict, or appear to conflict, with the interests of the Company. Such situations must be promptly disclosed to the Managing Director or the Chairperson of the Audit Committee.

Directors are also required to inform the Company of their committee positions in other listed entities and update any changes as they occur. Senior Management must disclose to the Board any material, financial, or commercial transactions in which they have a personal interest that may conflict with the Company's interests.

Additionally, our Whistle Blower Policy provides a secure and confidential mechanism for reporting any unethical behaviour, including concerns related to conflict of interest, ensuring integrity and accountability in governance.

PRINCIPLE 2 Businesses should provide goods and services in a manner that is sustainable and safe.

Essential indicators

1. Percentage of R&D and capital expenditure investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.

	FY 2024-25	FY 2023-24	Details of improvements in environmental and social impacts
R&D	7.7%	0.01%	Investment in R&D results in the production of sustainable products that adhere to high-quality standards
Capex	1.28%	1.3%	Savings of purchased electricity, thereby reducing tCo2

2.a. Does the entity have procedures in place for sustainable sourcing? (Yes/No)

Yes, Gloster Limited has comprehensive procedures in place for sustainable sourcing, guided by a formally established Sustainable Procurement Policy. This policy integrates environmental, social, economic, and technological criteria into procurement practices specific to the jute industry. It aims to ensure that the Company's sourcing processes align with its broader sustainability goals, focusing on minimizing environmental impact, promoting fair labour, supporting local communities, and encouraging innovation.

At the core of this approach is the Company's long-term commitment to responsible material management and the growing global demand for environmentally sustainable and organic products. In line with this, Gloster has adopted structured practices across its value chain to ensure traceability and sustainability of sourced materials.

Since 2013, Gloster has partnered with the Central Research Institute for Jute and Allied Fibres (CRIJAF) and the Institute of Marketecology (IMO) to achieve certification for organic jute under the National Programme for Organic Production (NPOP). In collaboration with the Society for Equitable Voluntary Actions (SEVA), the Company supports on-ground management of organic cultivation, extending technical and logistical assistance to farmers. This integrated sourcing model includes field inspections, land selection, capacity building for farmers, and rigorous certification processes. As of the reporting period, Gloster has a network of organically certified farmers under IMO's supervision.

The Company also holds globally recognized certifications such as NPOP (ORG/SC/1112/002572), Oeko-Tex Standard 100, and Global Organic Textile Standard (GOTS), affirming that its procurement and production processes meet international organic and safety standards.

In addition to agricultural sustainability, Gloster has taken a proactive step in material innovation by replacing Jute Batching Oil (JBO), which contains harmful poly-aromatic hydrocarbons, with Rice Bran Oil (RBO) in the emulsion process. This substitution not only eliminates the use of hazardous substances but also supports the production of hydrocarbon-free jute products, further reinforcing its commitment to clean and safe material use. These initiatives demonstrate that we have established and are continually strengthening procedures for sustainable sourcing across our operations.

b. If yes, what percentage of inputs were sourced sustainably?

100%

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

The company prioritizes increasing its utilization of recycled materials year by year to reduce waste sent to landfills. We strictly adhere to ensuring that 100% of the raw materials procured as input are utilized either in the same process or alternative processes, minimizing resource wastage. Furthermore, fibres, yarns, fabrics obtained from our product waste undergo reutilization and reprocessing for production purposes. Jute caddies are utilized as boiler feed materials in place of fossil fuels.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

The company is currently evaluating the amount of plastic in its value chain. Based on this analysis, we intend to integrate an Extended Producer Responsibility (EPR) strategy into our waste collection and disposal approach going forward.

10. Health & safety management system

a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/ No). If yes, the coverage such system?

At Gloster Limited, we have implemented a comprehensive Occupational Health and Safety (OHS) management system to proactively minimize workplace risks and safeguard the well-being of our employees and workers. Through regular safety reviews and performance evaluations conducted by our management, we strive to identify and address potential hazards before they escalate.

Our OHS framework covers all employees and workers, ensuring they receive regular training on safety protocols, task-specific procedures, and hazard identification. We reinforce safety awareness through routine emergency drills, the mandatory use of personal protective equipment (PPE), and ongoing education on best practices in workplace safety.

Reaffirming our commitment to global safety standards, our DTA and Ananya units have been certified under ISO 45001:2018. This achievement reflects our continuous efforts to cultivate a safe, secure, and health-conscious work environment for everyone at Gloster.

b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?

We identify work-related hazards and assess risks through a structured process led by our dedicated on-site safety teams. These teams continuously monitor the workplace and record near-miss incidents, first-aid cases, and medical events to proactively flag potential hazards. We also recognize and assess situations that may lead to accidents and implement preventive measures to reduce their likelihood and severity.

Our management team reviews safety performance at intervals and engages in strategic discussions to enhance risk mitigation measures. Workers are actively involved in the evaluation and implementation of safety practices. Through regular training sessions, they are empowered to identify high-risk situations and near-miss events and are encouraged to

contribute ideas for improving operational safety. All reported incidents undergo detailed root cause analysis, with findings shared monthly with the Risk Management Committee and quarterly with the Board to ensure continuous improvement in our health and safety standards.

c. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks. (Y/N)

Yes. Gloster Limited has instituted clear and accessible mechanisms for workers to report work-related hazards. Workers are encouraged to report any observed hazards or unsafe conditions directly to the HRD cell, which is responsible for evaluating and investigating such reports. These complaints are addressed through appropriate mitigation measures to ensure a safe and healthy workplace. In parallel, on-site safety teams continuously monitor and document near-miss incidents and injuries, strengthening the preventive framework.

Moreover, the company promotes a culture of active worker participation in the occupational health and safety management system. Employees are involved in safety evaluations and are encouraged to propose practical suggestions to improve workplace safety. Although the report does not explicitly state whether workers can formally remove themselves from dangerous situations, the structure of hazard reporting, regular training, and corrective measures imply that workers' concerns are taken seriously, and appropriate actions are undertaken to eliminate risk exposures proactively.

d. Do the employees have access to non-occupational medical and healthcare services? (Yes/ No)

Yes, We ensure that our employees and workers have access to essential non-occupational healthcare services as part of our commitment to their overall well-being. On-site medical units across our locations are equipped with a doctor, nurse, and ambulance to address health concerns promptly. Minor medical cases are treated within our facilities, while more serious conditions are referred to nearby government hospitals under the ESIC framework.

We also conduct regular health camps and awareness programs to promote preventive care, including routine check-ups covering vision, respiratory health, dermatology, and audiometry. Financial assistance is extended in the event of medical emergencies.

Our workforce is covered through multiple layers of health protection: workers and their families benefit from the Employee State Insurance Scheme (ESIC), while permanent

and administrative staff are supported by company-sponsored health and accident insurance policies. In the event of a fatality, the Employees' Deposit Linked Insurance (EDLI) scheme ensures financial support to the worker's family. These measures reflect our commitment to providing comprehensive medical care and security beyond workplace requirements.

* Data for FY 2023–24 has been restated to reflect improved categorization and reporting accuracy.

12. Describe the measures taken by the entity to ensure a safe and healthy workplace.

We have established a structured health and safety management framework aimed at safeguarding the well-being of our employees and workers. Our approach is guided by a formal health and safety policy and implemented through dedicated on-site safety teams, routine training, and active worker engagement.

To ensure workplace safety, we conduct regular training sessions on occupational health and safety standards, environmental management systems, fire safety, and the proper use of personal protective equipment (PPE). Mock evacuation drills are also carried out to strengthen emergency preparedness. Workers operating high-risk machinery receive specialized training to mitigate associated risks.

Our safety teams are responsible for monitoring daily operations, identifying potential hazards, and documenting any incidents, including near-misses and first-aid cases. Medical bays are maintained on-site to provide immediate assistance, reinforcing our readiness to manage health emergencies.

A key part of our strategy involves fostering a safety-conscious culture. We actively engage workers in the evaluation and continuous improvement of our occupational health and safety system. Their feedback is integral to developing practical solutions and action plans to enhance workplace safety across our operations.

Through consistent training, preventive measures, and a collaborative safety framework, we remain committed to maintaining a safe, healthy, and responsive work environment for all.

Working Conditions	100
Health and safety	100

15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks / concerns arising from assessments of health & safety practices and working conditions.

We undertake detailed investigations of all safety-related incidents within our operational premises to identify root causes and implement targeted corrective actions. The outcomes of these investigations are regularly reviewed by our Risk Management Committee and the Board to ensure accountability and drive continuous improvement.

As part of our commitment to preventing the recurrence of such incidents, we have introduced a range of technical and procedural safety interventions, including:

- Installation of guards on moving machine parts to prevent direct contact and accidental injuries.
- Deployment of proximity switches during machine cleaning to enhance operator safety.
- Integration of safety bars on sizing machines to maintain a safe distance between the operator and moving beams.
- Installation of safety valves on sizing machines to automatically release steam pressure during abnormal conditions.
- Enclosure of rotating blades on root cutting machines to eliminate exposure risks.
- Locking of drive-side doors on spinning machines to prevent unauthorized access during operation.

In addition to these engineering controls, we operate an on-site medical unit staffed with a dedicated medical officer to respond promptly to health emergencies. While minor injuries are treated in-house, more serious cases are referred to nearby ESIC-registered hospitals for specialized care.

These ongoing corrective measures and investments in our workplace safety infrastructure underscore our proactive approach to minimizing occupational risks and fostering a safe, healthy, and secure environment for all our employees.

Leadership indicators

1. Does the entity extend any life insurance or any compensatory package in the event of death of (A) Employees (Y/N) (B) Workers (Y/N).

Yes

We engage with our value chain partners through periodic review meetings to monitor their compliance with applicable statutory obligations. These interactions provide an opportunity to discuss performance, clarify expectations, and encourage adherence to legal and regulatory requirements, including the deduction and deposit of statutory dues.

During these engagements, we offer guidance where necessary and promote responsible business conduct within the supply chain. Our approach focuses on building awareness and strengthening accountability, enabling partners to align more closely with compliance standards.

Through ongoing communication and performance evaluations, we aim to support our partners in maintaining transparency and contributing to a responsible and compliant value chain.

2. 5. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from assessments of health and safety practices and working conditions of value chain partners.

Gloster Limited onboards vendors by mandating them to sign a Supplier Code of Conduct. This code outlines the minimum standards and requirements that vendors must adhere to, including:

- Certifications related to responsible business conduct, such as compliance with applicable laws and regulations
- Adherence to human rights principles and policies
- Implementation of a robust health and safety management system to protect the well-being of employees
- Ensuring employee welfare and well-being through appropriate policies and practices

By mandating the signing of this Supplier Code of Conduct, Gloster Limited ensures that its vendors and suppliers operate in alignment with the company's principles of ethical, responsible, and sustainable business practices. This collaborative approach helps to integrate sustainability and social responsibility across Gloster Limited's value chain.

PRINCIPLE 4 Businesses should respect the interests of and be responsive to all its stakeholders.

Essential Indicators
1. Describe the processes for identifying key stakeholder groups of the entity.

At Gloster Limited, we follow a structured and inclusive approach to identifying our key stakeholder groups. Our process is guided by a thorough assessment of factors such as dependency, spontaneity, responsibility, vulnerability, and influence.

We recognize both external and internal stakeholders who have a direct or indirect impact on our business operations. Our key external stakeholders include investors, customers, regulatory bodies, suppliers, communities, and employees—each playing a critical role in shaping our business environment. In addition, we consider our internal stakeholders, such as senior leadership, who are deeply involved in and affected by our strategic decisions and day-to-day operations.

By continuously engaging with these stakeholders, we ensure that our actions are aligned with their expectations and that we remain accountable, transparent, and responsive in all aspects of our business.

2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.

GLOSTER LIMITED

1. Provide the process for consultation between stakeholders and the Board on environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.

At Gloster Limited, senior management actively interacts with stakeholders to gather and integrate their feedback and concerns to enhance our business performance. To facilitate this engagement, we have established a structured stakeholder engagement mechanism, comprising the following elements:

- Identification and analysis of stakeholders
- Management oversight
- Reporting processes
- Grievance handling
- Stakeholder consultations on business, community, regulatory, and ESG matters
- Transparency through information disclosure

This comprehensive approach to stakeholder engagement underscores our commitment to incorporating diverse perspectives and fostering meaningful dialogue to drive continuous improvement and sustainable business practices at Gloster Limited.

2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

Yes, the management representatives at Gloster Limited analyze the impact of the identified material topics and how they affect the company's day-to-day business and operations. Considering Gloster Limited's sustainability objectives, business strategies, company policies, and global market trends, the responses and feedback gathered during stakeholder consultations are thoroughly reviewed by the top management team. This enables them to understand the external stakeholders' perspectives.

After the review and assessment of the material topics, the management team validates the prioritized material topics. Strategies are then formulated to effectively incorporate these material topics within the company's operations. This collaborative approach ensures that Gloster Limited's business decisions and practices are aligned with the needs and concerns of its diverse stakeholder groups.

3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalized stakeholder groups.

At Gloster Limited, we are deeply committed to supporting the development of local communities as an integral part of our corporate strategy. Our social development initiatives are designed to create meaningful and lasting impact, both for our stakeholders and for the broader economic development of the regions in which we operate.

Our Corporate Social Responsibility (CSR) efforts are firmly rooted in our vision and mission, which guide our approach to improving the quality of life for communities within our sphere of influence. These guiding principles form the foundation of all our CSR interventions, helping us to understand, prioritize, and respond effectively to the evolving social needs of our surrounding communities.

Our CSR Committee has carefully designed programs based on thorough assessments and identification of priority intervention areas. These programs are centered around three key focus areas:

- Education (Vidya Prachar): We promote inclusive education by supporting general and special education initiatives, as well as vocational training programs that enhance employment opportunities.
- Healthcare (Aarogya Jeevan): We strengthen healthcare access by promoting preventive healthcare, improving sanitation facilities, and supporting health awareness initiatives.
- Biodiversity (SwacchaVatavaran): We are committed to preserving the environment through activities that promote ecological balance, protect local flora and fauna, and conserve natural resources.

By aligning our CSR initiatives with the real needs of our local communities, we reaffirm our dedication to driving positive social impact and contributing to the sustainable development of the areas where we live and work.

PRINCIPLE 5 Businesses should respect and promote human rights.

Gross wages paid to females as % of total wage	0.65	0.71

4. Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)

Yes. At Gloster Limited, our commitment to upholding human rights is guided by our Business Responsibility and Sustainability Policy, which ensures fair, inclusive, and ethical practices across our operations. Oversight for addressing human rights concerns rests with our Human Resources Department, supported by senior management, which monitors compliance, handles grievances, and promotes awareness among employees.

We strictly prohibit discrimination, forced labour, and child labour, and extend these standards to our suppliers and partners through binding contractual obligations. We only engage with those who align with our values and regulatory expectations.

To support employee rights and representation, all workers are part of recognized workers' unions, which operate as voluntary bodies to safeguard their interests. A Tripartite agreement involving union representatives, company management, and relevant authorities strengthens collective bargaining and provides a structured mechanism for resolving grievances. The HR team works closely with union bodies to address concerns, with regular reporting to higher management to ensure accountability.

Through this integrated approach—combining policy, oversight, and dialogue—we aim to embed human rights into our everyday business practices and create a safe, respectful, and responsible workplace.

5. Describe the internal mechanisms in place to redress grievances related to human rights issues.

Gloster Limited has established an open platform for employees and workers to express their concerns and complaints. Employees are encouraged to report any Code of Conduct or human rights violations without hesitation through email or a complaint box. Workers have the freedom to associate with trade unions, which submit deputations regarding labour grievances to senior management. The complaints are documented in a formal register for future reference.

In recent years, Gloster Limited has transitioned to a digital platform, utilizing software named 'Soft Web', to manage grievance-related case details. The HRD department reviews all complaints and provides counselling to concerned members, aiming to resolve issues in real-time.

The workers' union plays a crucial role in protecting workers' rights and promoting their interests. The union representative collects grievances from individual workers and discusses them with the HRD manager and senior officials to find a solution that satisfies the needs and requirements of the affected workers. This collaborative approach ensures that workers' concerns are addressed in a timely and effective manner.

6. Number of Complaints on the following made by employees and workers:

Complaints on POSH as a % of female employees / workers	0	0
Complaints on POSH upheld	0	0

8. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

The Company is deeply committed to fostering and nurturing an inclusive workplace culture. In pursuit of this objective, the Company has developed robust BRSR and Equal Employment Opportunity policies, which delineate guidelines for cultivating an inclusive work environment free from discrimination based on race, colour, religion, sex, sexual orientation, gender identity or expression, age, disability, marital status, citizenship, national origin, genetic information, or any other characteristic protected by law.

Furthermore, the Company has implemented a comprehensive grievance mechanism designed to collect, organize, and address cases related to discrimination and harassment effectively. Regular internal sessions are conducted to educate and raise awareness among employees regarding the importance of upholding these policies and fostering an environment of respect and inclusivity.

9. Do human rights requirements form part of your business agreements and contracts?

We are evaluating the scope of including human rights assessment requirement to be a part of the Company's business agreements and contracts.

Leadership Indicators

1. Details of a business process being modified / introduced as a result of addressing human rights grievances/complaints.

As human rights complaint was not reported in FY 2024-25, hence not applicable.

2. Details of the scope and coverage of any Human rights due diligence conducted.

Gloster Limited's Ananya Unit has been awarded the SA 8000:2014 certification by Social Accountability International (SAI) for its efforts in advancing human rights in the workplace.

The SA 8000 standard is a leading social certification program that provides a framework for organizations to develop, maintain, and apply socially acceptable practices in the workplace. By achieving this certification, Gloster Limited's Ananya Unit has demonstrated its commitment to upholding the highest standards of human rights, labour practices, and social responsibility.

This recognition from Social Accountability International underscores Gloster Limited's dedication to creating a work environment that respects the dignity and well-being of its employees, and its ongoing efforts to integrate ethical and socially responsible practices throughout its operations.

3. Is the premise/office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?

Yes, Gloster Limited has ensured that most of its key establishments, including offices and plant sites, are accessible to people with disabilities. The company has taken several measures to create an inclusive environment:

- Installation of ramps and elevators to facilitate easy movement for individuals with locomotive disabilities
- Ensuring that doorways and corridors are wide enough to accommodate wheelchair users
- Making restrooms, workstations, and common areas accessible and equipped with necessary accommodations

These initiatives demonstrate Gloster Limited's commitment to providing an inclusive and barrier-free work environment for its differently abled employees and visitors. By prioritizing accessibility, the company is fostering a culture of diversity, equity, and equal opportunities for all.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency

Yes, we have carried out independent assessment by TUV SUD.

8. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.

At Gloster Limited, managing greenhouse gas (GHG) emissions is a key priority, supported by an effective environmental management system and the adoption of innovative technologies. Our goal is to reduce our carbon footprint and progress toward carbon neutrality by consistently monitoring significant GHG emissions and exceeding regulatory requirements.

As part of our efforts, we have transitioned to LPG-fired boilers, successfully installing them at the Ananya unit to lower emissions and improve energy efficiency. Additionally, we have eliminated our dependence on coal by recycling jute process waste (jute caddies) as a renewable energy source. This not only reduces greenhouse gas emissions and air pollution but also addresses waste management challenges. By replacing coal with jute waste fuel, we minimize the carbon footprint associated with coal mining and transportation, support a circular economy, reduce operational costs, and enhance energy efficiency.

Further reinforcing our commitment to sustainability, we have installed a 1.4 MW rooftop solar power system at the Ananya unit. Together, these initiatives underscore our dedication to environmental stewardship and sustainable development.

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

At Gloster Limited, we have implemented comprehensive waste management practices focused on minimizing environmental impact and ensuring safety. A key aspect of our strategy to reduce the use of hazardous and toxic chemicals involves substituting harmful substances with environmentally friendly alternatives. For instance, we have replaced Jute Batching Oil (JBO), which contained harmful poly-aromatic hydrocarbons (PAHs), with Rice Bran Oil (RBO) in the jute emulsion process. This transition enables us to produce "hydrocarbon-free" jute products, including food-grade jute bags used for packaging commodities such as cocoa, coffee, tea, and rice.

Our food-grade packaging products comply with the IJO Standard 98-01 (2005) and the German Regulation on AZO dyes, ensuring they are free from harmful substances and carcinogenic chemicals. Additionally, we ensure the proper disposal of any hazardous waste generated during our operations by engaging authorized recyclers, thereby maintaining adherence to environmental and safety standards. Through these measures, we demonstrate our commitment to sustainable production and responsible waste management.

11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:

None of our operations are located in/around ecologically sensitive areas.

12. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:

Not applicable

13. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format:

Gloster Limited adheres to all relevant environmental laws, regulations, and guidelines in India.

Leadership Indicators

1. Water withdrawal, consumption and discharge in areas of water stress (in kilolitres):
We do not operate in areas of water stress.
2. Please provide details of total Scope 3 emissions & its intensity, in the following format:

Parameter	Unit	FY 2024-25	FY 2023-24
Total Scope 3 emissions	Metric tonnes of CO2 equivalent	20,086.63	18,101.59
Total Scope 3 emissions per rupee of turnover	(tCO2/INR)	0.0000031	0.000028*
Total Scope 3 intensity per unit of production (optional)	(tCO2/MT)	0.34	0.31
Note: The above figure includes emissions from Category 1, 2, 3, 5, 9			

*Data for FY 2023-24 has been restated

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency

3. With respect to the ecologically sensitive areas reported at Question 11 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.

Gloster Limited does not operate in ecologically sensitive areas; therefore, there are no significant direct or indirect impacts on biodiversity in such regions. However, we are actively engaged in plantation programmes aimed at enhancing biodiversity within and around our operational premises. These initiatives contribute to the preservation and enrichment of the local ecosystem, reflecting our commitment to environmental protection and sustainable development.

4. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

Sr. No	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative
1	Installation of energy-efficient water chiller	Installed 1 no. 2000 liters/hour energy-efficient water chiller, replacing 6 nos. 380 liters/hour old cooler machines for providing cold drinking water to workmen.	Improved energy efficiency and reduced electricity consumption for drinking water cooling. Enhanced worker comfort.
2	Upgradation of drive system in Jigger machine	Replaced old driving system with PLC-controlled AC variable drive in 1 no. Jigger machine.	Improved energy efficiency, smoother operations, and enhanced process control.
3	LED tube light installation	Installed 200 nos. LED tube lights at Spinning & Drawing departments.	Reduced lighting energy consumption and improved illumination quality.
4	LED High Bay light installation	Installed 20 nos. 140-watt LED High Bay lights at Bale Godown, Process House, S4, Finishing, and Boiler departments.	Enhanced lighting efficiency and reduced power usage in high-ceiling areas.
5	Replacement of flat belt drives	Replaced 6 nos. flat belt drives with direct drive systems equipped with electronic (AC variable) controllers on spinning machines.	Reduced energy losses, improved transmission efficiency, and better speed control.
6	Installation of energy-efficient spinning machines	Installed 16 nos. energy-efficient spinning machines equipped with IE4 motors.	Achieved higher productivity with lower energy consumption.
7	HVLS fans installation	Installed 2 nos. High Volume Low Speed (HVLS) fans at Finishing department.	Improved air circulation and workplace comfort with minimal energy usage.
8	Installation of Eco-air exhaust fans	Installed 7 nos. Eco-air exhaust fans at Ring Spinning & Sale Yarn departments to facilitate cross ventilation.	Maintained healthy working environment with reduced dependency on energy-intensive ventilation systems.
9	Installation of high-efficiency NSC Drawing machines	Installed 15 nos. high-efficiency, high-speed NSC Drawing machines at Ring Spinning department.	Enhanced productivity and reduced energy consumption per unit of output.
10	Energy-efficient sewing machines	Installed 200 nos. energy-efficient JUKI sewing machines at Ananya.	Improved energy savings and machine reliability with consistent performance.
11	Variable frequency drives (VFDs) installation	Installed 21 nos. Variable Frequency Drives (VFDs) across various machines.	Achieved optimized motor speed control, leading to energy savings and reduced mechanical stress.
12	Installation of rooftop solar panels at Ananya unit	The company has installed 1.4 MW rooftop solar panels at its Ananya manufacturing unit to support its shift toward renewable energy and reduce dependency on fossil fuels.	The initiative has helped lower carbon emissions, improved energy efficiency, and contributed to cost savings at the unit.

5. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.

Gloster Limited is currently improving its existing Emergency Action Plan to addresses potential risks unique to the jute industry, such as supply chain interruptions, machinery breakdowns, or natural calamities that could impact crop production. We are in the process of developing a comprehensive strategy that includes data backup systems, alternative sourcing options, and emergency response protocols to maintain production and delivery schedules. By prioritizing employee safety, safeguarding assets, and establishing clear communication channels, we aim to minimize downtime and financial losses, thereby maintaining customer trust and long-term sustainability even in the face of adversity.

6. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard.

Gloster Limited does not engage in any activities that could potentially harm the environment through its supply chain.

7. Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts.

We are in the process of identifying critical suppliers based on the value and nature of our business relationships. As part of this initiative, we are developing a comprehensive ESG assessment checklist. This checklist will be integrated into our supplier due diligence process and applied during both the onboarding of new suppliers and the periodic review of existing partners. Additionally, all our suppliers are required to comply with the company's Supplier Code of Conduct, which mandates adherence to applicable socio-environmental regulations. These steps reflect our commitment to improving transparency, responsible sourcing, and sustainable practices throughout our value chain.

PRINCIPLE 7 Businesses, when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent.

1.a. Number of affiliations with trade and industry chambers/ associations.

PRINCIPLE 8 Businesses should promote inclusive growth and equitable development.

Essential Indicators

- Details of Social Impact Assessments (SIA) of projects undertaken by the entity based on applicable laws, in the current financial year.**

The CSR Committee regularly undertakes internal evaluations to assess the impact and effectiveness of ongoing CSR initiatives.

- Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by your entity.**
Not applicable, as Gloster Limited has not undertaken any recent land acquisitions. All ongoing expansion projects at the main unit in Bauria are being carried out exclusively on land that is already owned or previously acquired by the company.
- Describe the mechanisms to receive and redress grievances of the community.**

At Gloster Limited, our Corporate Social Responsibility (CSR) initiatives are closely aligned with our vision and mission to improve the quality of life for communities around our operational areas. We are committed to building transparent and reliable relationships with local communities, placing their well-being at the core of our efforts.

Our CSR programmes focus on key areas such as education, healthcare, and social welfare. We actively engage with community members to understand their needs and incorporate their feedback into our initiatives, aiming to uplift living standards in the surrounding regions.

The CSR Committee plays a central role in ensuring that all projects are implemented effectively and deliver tangible benefits to society. As part of our community-centric approach, we have established a grievance redressal mechanism. Through this system, CSR committee representatives interact directly with local residents to identify and address any concerns. Based on these discussions, appropriate solutions and support measures are provided to resolve issues and promote sustainable community development.

- Percentage of input material (inputs to total inputs by value) sourced from suppliers:**

Parameter	FY 2024-25	FY 2023-24
Directly sourced from MSMEs/ small producers	14.48%	4.06%
Sourced directly from within India	92.15%	88.23%

- Job creation in smaller towns – Disclose wages paid to persons employed (including employees or workers employed on a permanent or non-permanent / on contract basis) in the following locations, as % of total wage cost.**

Location	FY 2024-25	FY 2023-24

PRINCIPLE 9 Businesses should engage with and provide value to their consumers in a responsible manner.

Essential Indicators

1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.

We at Gloster Limited follow a structured approach to manage consumer complaints and feedback. Consumers can share their concerns via email with the respective department. Upon receiving a complaint, our department heads from Procurement, Production, and Sales & Marketing evaluate its validity and initiate an investigation if necessary. Any issues that remain unresolved are escalated to our leadership team for further review and resolution.

2. Turnover of products and/ services as a percentage of turnover from all products/service that carry information about:

	As a percentage to total turnover
Environmental and social parameters relevant to the product	100%
Safe and responsible usage	100%
Recycling and/or safe disposal	100%

3. Number of consumer complaints in respect of the following:

	Number	Reasons for recall
Voluntary recalls	Nil	-
Forced recalls	Nil	-

5. Does the entity have a framework/ policy on cyber security and risks related to data privacy?

(Yes/No) If available, provide a web-link of the policy.

As part of our ongoing efforts to enhance operational efficiency, we at Gloster Limited are evaluating the digitalization of our customer and back-office processes. To address previous data integrity issues, we have upgraded our ERP system from Software Technologies Ltd. to SAP B1. All internal documents are now securely managed and limited to internal circulation. Guided by the results of our risk assessment, we are also developing a comprehensive framework to address cybersecurity and data privacy risks.

6. Provide details of any corrective actions taken or underway on issues relating to advertising, and delivery of essential services; cyber security and data privacy of customers; re-occurrence of instances of product recalls; penalty / action taken by regulatory authorities on safety of products / services.

Not applicable

7. Provide the following information relating to data breaches:

- Number of instances of data breaches - 0
- Percentage of data breaches involving personally identifiable information of customers – Nil
- Impact, if any, of the data breaches – Not applicable

Leadership indicators

1. Channels / platforms where information on products and services of the entity can be accessed (provide web link, if available).

Information about company products can be found on the company websites and in the Sustainability Report. Gloster Limited actively participates in exhibitions and international trade shows to present its products on B2B platforms and promote awareness about the use of jute products, emphasizing their biodegradable nature and minimal environmental impact.

2. Steps taken to inform and educate consumers about safe and responsible usage of products and/or services.

Our finished products are crafted from jute, a natural and biodegradable material. As such, we advocate for establishing an environmentally sustainable end-to-end value chain for our stakeholders. Additionally, we educate consumers about the eco-friendly advantages of jute bags, including their biodegradability, durability, affordability, and strength, through connections with wholesalers and trade partners.

3. Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services.

Gloster Limited operates as a vertically integrated company, experiencing infrequent disruptions in its manufacturing process. Export orders are accepted only after thorough capacity evaluations, mitigating risks associated with low production levels. Given that the company's operations and products/services do not meet the criteria for essential services, this aspect is not applicable to Gloster Limited.

4. Does the entity display product information on the product over and above what is mandated as per local laws? (Yes/No/Not Applicable) If yes, provide details in brief. Did your entity carry out any survey with regard to consumer satisfaction relating to the major products / services of the entity, significant locations of operation of the entity or the entity as a whole? (Yes/No)

Marks are usually made as per requirement of the buyer and/or as per importing country's requirement. Basic details displayed such as - product name, weight, country of origin, bale no. etc. We take annual feedback from some of our customers regarding their satisfaction, as a part of our activity of QMS as per ISO 9001:2015.

Jute, being a natural fiber, doesn't necessitate product labelling. However, products exported to developed countries adhere to geographically mandated quality standards. Our R&D team consistently updates our food-grade jute bags to comply with evolving requirements outlined in the IJO 98/01 standard, the primary standard for food-grade packaging in India. There have been no instances of non-compliance with product and service information labelling during the reporting period, reflecting our commitment to product responsibility.

Gloster Limited places a high priority on carefully evaluating customer feedback to gain valuable insights into customer preferences and perceptions. Prompt improvement initiatives are implemented throughout the value chain based on customer reviews collected from online and offline channels annually, illustrating our proactive approach to assessing customer feedback.

NOMINATION

Individual shareholders holding shares singly or jointly in physical form can nominate a person in whose name the shares shall be transferable in case of death of the registered shareholder(s). Nomination facility in respect of shares held in electronic form is also available with the depository participants as per the byelaws and business rules applicable to NSDL and CDSL. Nomination forms can be obtained from the Company's Registrar and Share Transfer Agents.

ELECTRONIC CLEARING SERVICE

The Securities and Exchange Board of India (SEBI) has made it mandatory for all companies to use the bank account details furnished by the depositories for crediting dividends through National Automated Clearing House (NACH) to the investors wherever NACH and bank details are available. In the absence of NACH facility, the Company is required to print the bank account details on the dividend warrants. This ensures that the dividend warrants, even if lost or stolen, cannot be used for any purpose other than for depositing the money in the accounts specified on the dividend warrants and ensures safety for the investors. However, members who wish to receive dividend in an account other than the one specified while opening the Depository Account, may notify their DPs about any change in the Bank Account details.

COMMODITY PRICE RISK OR FOREIGN EXCHANGE RISK AND HEDGING ACTIVITIES

The Company is exposed to the foreign exchange risk for import of raw material, stores & Capital Goods and export of finished goods and engages in foreign currency hedging with Banks / Stock Exchanges by way of currency forward contracts and currency futures in order to protect its foreign currency exposure from exchange fluctuations.

FINANCIAL STATEMENTS

INDEPENDENT AUDITOR'S REPORT

To the Members of Gloster Limited

Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of Gloster Limited ("the Company"), which comprise the Standalone Balance Sheet as at March 31, 2025, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including material accounting policy information and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and total comprehensive income (comprising of profit and other comprehensive income), changes in equity and its cash flows for the year then ended.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Standalone Financial Statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

4. Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the key audit matter
<p>Assessment of the carrying value of investments carried at fair value</p> <p>Refer to Note 2.7 – "Financial Assets" Note 2A – "Critical estimates and judgements" Note 5(b) – "Other Investments" and Note 9(a) – "Investments" and Note 33 – "Fair value measurements"</p> <p>As at March 31, 2025, the Company has investments aggregating to Rs. 8,543.28 lakhs in various securities comprising of equity shares in unlisted companies and investments in certain funds. These investments are carried at their fair values determined by the Company as per Ind AS 113 'Fair Value Measurement' and have been categorized as Level 2 and Level 3 in the fair value hierarchy, which is inherently subjective, and their valuation involves using inputs other than quoted prices in an active market in certain cases. For the purpose of valuation of investments in unlisted Companies, the Company's management has engaged independent valuation experts and for the funds, obtained valuation reports from the respective fund houses.</p> <p>We have determined this to be a key audit matter because of the inherently subjective nature of valuation and involvement of significant judgements by the management in assessing the carrying value thereof.</p>	<p>Our procedures included the following:</p> <ul style="list-style-type: none"> • We understood, assessed and tested the design and operating effectiveness of key controls over fair valuation of investments. • We perused the report issued by the external valuation experts engaged by the management and conducted enquiries with them to understand the assumptions considered by them. • We evaluated the competence, capability and objectivity of the valuation experts of the management. • We tested the reasonableness of management's fair value estimates, on a test check basis, by obtaining corroborative pricing from independent sources, where available. • We obtained direct confirmations from the respective fund houses for the valuation of investments and on a sample basis obtained the underlying valuation reports to corroborate the details in the confirmation. • With the involvement of auditor's experts, we assessed the methodology and the appropriateness of the valuation models and inputs used by management's valuation experts. • We validated the source data on a sample basis and tested the arithmetical accuracy of the calculations of valuation of investments. • We assessed the adequacy of the Company's disclosures in standalone financial statement.

Other Information

5. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's Report along with its Annexures and Report on Corporate Governance included in the Company's Annual Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the Standalone Financial Statements

6. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act read with National Company Law Tribunal (NCLT), Kolkata, order as stated in Note 2.4 to the standalone financial statements. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
7. In preparing the standalone financial statements, Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
8. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the Standalone Financial Statements

9. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.
10. As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

11. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
 12. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
 13. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
- Report on other legal and regulatory requirements**
14. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
 15. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except for the matters stated in paragraph 15(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended).
 - (c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including other comprehensive income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with the National Company Law Tribunal (NCLT), Kolkata, order as stated in Note 2.4 to the standalone financial statements.
 - (e) On the basis of the written representations received from the directors as on April 01, 2025, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025, from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the maintenance of accounts and other matters connected therewith, reference is made to our remarks in paragraph 15(b) above on reporting under Section 143(3)(b) and paragraph 15(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended).
 - (g) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 39 to the standalone financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year.
 - iv.(a) The management has represented that, to the best of its knowledge and belief, as disclosed in Note 47(vii)(I) to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 47(vii)(II) to the standalone financial statements, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - (c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

GLOSTER LIMITED

- v. The dividend declared and paid by the Company during the year is in compliance with Section 123 of the Act.
- vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility (other than for property, plant and equipment and intangible assets) and that has operated throughout the year for all relevant transactions recorded in the software, except that at database level for one accounting software, the audit log of modification does not contain the pre-modified

values. During the course of performing our procedures except the aforesaid instances, we did not notice any instance of audit trail feature being tampered with. Further, the audit trail, to the extent maintained in the prior year, has been preserved by the Company as per the statutory requirements for record retention.

- 16. The Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

Annexure A to Independent Auditor's Report

Referred to in paragraph 15(g) of the Independent Auditor's Report of even date to the members of Gloster Limited on the standalone financial statements as of and for the year ended March 31, 2025

Report on the Internal Financial Controls with reference to Standalone Financial Statements under clause (i) of sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls with reference to standalone financial statements of Gloster Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under Section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement,

including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to financial statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls system with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI.

Annexure B to Independent Auditor's Report

Referred to in paragraph 14 of the Independent Auditors' Report of even date to the members of Gloster Limited on the standalone financial statements as of and for the year ended March 31, 2025

In terms of the information and explanations sought by us and furnished by the Company, and the books of account and records examined by us during the course of our audit, and to the best of our knowledge and belief, we report that:

i.(a)(A) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of Property, Plant and Equipment.

(B) The Company is maintaining proper records showing full particulars of Intangible Assets.

(b) The Property, Plant and Equipment are physically verified by the Management according to a phased programme designed to cover all the items over a period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the Property, Plant and Equipment has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification.

(c) As indicated in Note 3 of the standalone financial statements and based on our verification of original conveyance deeds (in the name of Fort Gloster Jute Manufacturing Company Limited) and Orders of Hon'ble High Court dated May 31, 1993 and Hon'ble NCLT Kolkata Bench dated January 19, 2018 sanctioning scheme of demerger and scheme of amalgamation respectively, immovable property (other than self-constructed buildings, roads and properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) being the freehold land amounting to Rs. 21,015.05 lakhs are vested with the Company since April 1, 1992 (being the effective date of demerger).

(d) The Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or Intangible Assets or both during the year. Consequently, the question of our commenting on whether the revaluation is based on the valuation by a Registered Valuer, or specifying the amount of change, if the change is 10% or more in the aggregate of the net carrying value of each class of

Property, Plant and Equipment (including Right of Use assets) or Intangible Assets does not arise.

(e) No proceedings have been initiated on or are pending against the Company for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made thereunder, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in the standalone financial statements does not arise.

ii.(a) The physical verification of inventory has been conducted at reasonable intervals by the Management during the year and, in our opinion, the coverage and procedure of such verification by Management is appropriate. The discrepancies noticed on physical verification of inventory as compared to book records were not 10% or more in aggregate for each class of inventory.

(b) During the year, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, from banks on the basis of security of current assets. The Company has filed quarterly returns or statements with such banks, which are in agreement with the unaudited books of account. Further, the Company is yet to submit the quarterly returns for March 31, 2025 to the banks and hence reporting to this extent under clause 3(ii)(b) of the Order is not applicable to the Company. (Refer Note 47(ii) to the standalone financial statements).

iii.(a) The Company has, during the year, made investments in four portfolio management schemes, one alternate investment fund and equity shares of two subsidiary companies, granted unsecured loans to two subsidiary companies, four other companies, three Limited Liability Partnerships and 2,715 employees and given guarantees for two subsidiary companies. The aggregate amount during the year, and balance outstanding at the balance sheet date with respect to such loans and guarantees to subsidiaries and to parties other than subsidiaries are as per the table given below:

Particulars	Guarantees (Principal Amount) (Rs. in lakhs)	Loans (Rs. in lakhs)
Aggregate amount granted/ provided during the year		
- Subsidiaries	47,600.00	15,905.00*
- Others	-	5,099.74
Balance outstanding as at balance sheet date in respect of the above case		
- Subsidiaries	47,600.00	-
- Others	-	4,964.52

The above amounts are included in Note 5(c), Note 9(e), Note 37 and Note 39 to the standalone financial statements.

* Loans given to Fort Gloster Industries Limited amounting to Rs. 7,850 lakhs and Gloster Nuvo Limited amounting to Rs. 8,055 lakhs have been converted into investment in equity shares of the respective companies on March 31, 2025.

- (b) In respect of the aforesaid investments, guarantees, loans, the terms and conditions under which such loans were granted, investments were made and guarantees provided are not prejudicial to the Company's interest.
- (c) In respect of the loans to employees, the schedule of repayment of principal and payment of interest (as applicable) has been stipulated, and the employees are repaying the principal amounts, as stipulated, and are also regular in payment of interest as applicable. In respect of loans to two subsidiary companies, four other companies and three Limited Liability Partnerships [refer Note 5(c), Note 9(e) and Note 37 to the standalone financial statements], the principal amount is repayable on demand, the loans which have been demanded by the Company for repayment during the year have been repaid. Further, the terms and conditions for payment of interest thereon have been stipulated and are also regular in payment of interest.
- (d) In respect of the loans {refer (iii)(c) above}, there is no amount which is overdue for more than ninety days.
- (e) There were no loans which have fallen due during the year and were renewed/extended. Further, no fresh loans were granted to same parties to settle the existing overdue loans..
- (f) Following loans were granted during the year, including to related parties under Section 2(76), which are repayable on demand or where no schedule for repayment of principal has been stipulated by the Company.

Particulars	Related Parties (Rs. in lakhs)
Aggregate of loans - Repayable on demand	15,905.00
Percentage of loans to the total loans	75.72%

No loans were granted during the year to promoters.

(Also, refer Note 5(c), Note 9(e) and Note 37 to the standalone financial statements.)

- iv. In our opinion, the Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of the loans and investments made, and guarantees and security provided by it, as applicable.
- v. The Company has not accepted any deposits or amounts which are deemed to be deposits referred in Sections 73, 74, 75 and 76 of the Act and the Rules framed there under.
- vi. Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under Section 148(1) of the Act in respect of its products. We have broadly reviewed the same and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii. (a) In our opinion, the Company is generally regular in depositing undisputed statutory dues in respect of income tax, though there has been a slight delay in a few cases, and is regular in depositing undisputed statutory dues, including provident fund, employees' state insurance, sales tax, service tax, duty of customs, duty of excise, value added tax, cess, goods and services tax and other statutory dues, as applicable, with the appropriate authorities. However, there are no arrears of statutory dues outstanding as at March 31, 2025, for a period of more than six months from the date they became payable.
- (b) The particulars of statutory dues referred to in sub-clause (a) as at March 31, 2025 which have not been deposited on account of a dispute, are as follows:

Name of the statute	Nature of dues	Amount (Net of Payment) (Rs.in Lakhs)	Amount Paid (Rs. in Lakhs)	Period to which the amount relates	Forum where the dispute is pending
Central Sales Tax Act, 1956	Central Sales Tax	15.42	31.33	2015-16	West Bengal Sales Tax Appellate and revisional Board
Central Sales Tax Act, 1956	Central Sales Tax	23.12	20.10	2016-17	Calcutta High Court
West Bengal Value Added Tax Act, 2003	Value Added Tax	45.71	-	2008-09	Calcutta High Court
Income Tax Act, 1961	Income Tax	40.18	-	Assessment Year 2011-12, 2018-19, 2019-20, 2022-23, 2023-24	CIT (Appeal)
Employees' State Insurance Act, 1948	Employees State Insurance	45.57	4.74	1990-91 to 1996-97	E.I Court, Calcutta
Entry Tax	Entry Tax	70.07	0.26	2013-14 to 2017-18	Appeal filed with the Supreme Court on April 21, 2025

viii. There are no transactions previously unrecorded in the books of account that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.

ix. (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest to any lender during the year.

(b) On the basis of our audit procedures, we report that the Company has not been declared Wilful Defaulter by any bank or financial institution or government or any government authority.

(c) In our opinion, the term loans have been applied for the purposes for which they were obtained. (Also, refer Note 14 and 19 to the standalone financial statements)

(d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the standalone financial statements of the Company, we report that no funds raised on short-term basis have been utilised for long-term purposes by the Company.

(e) On an overall examination of the standalone financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries. During the year, the Company did not have any joint venture and associate companies.

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries. During the year,

the Company did not have any joint venture and associate companies.

x. (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under clause 3(x)(a) of the Order is not applicable to the Company.

(b) The Company has not made any preferential allotment or private placement of shares or fully or partially or optionally convertible debentures during the year. Accordingly, the reporting under clause 3(x)(b) of the Order is not applicable to the Company.

xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, we have neither come across any instance of material fraud by the Company or on the Company, noticed or reported during the year, nor have we been informed of any such case by the Management.

(b) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, a report under Section 143(12) of the Act, in Form ADT-4, as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 was not required to be filed with the Central Government. Accordingly, the reporting under clause 3(xi)(b) of the Order is not applicable to the Company

(c) During the course of our examination of the books and records of the Company carried out in accordance with the generally accepted auditing practices in India, and as

represented to us by the management, no whistle-blower complaints have been received during the year by the Company. Accordingly, the reporting under clause 3(xi)(c) of the Order is not applicable to the Company.

- xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the reporting under clause 3(xii) of the Order is not applicable to the Company.
- xiii. The Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of related party transactions have been disclosed in the standalone financial statements as required under Indian Accounting Standard 24 "Related Party Disclosures" specified under Section 133 of the Act.
- xiv. (a) In our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
(b) The reports of the Internal Auditor for the period under audit have been considered by us.
- xv. In our opinion, the Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the reporting on compliance with the provisions of Section 192 of the Act under clause 3(xv) of the Order is not applicable to the Company.
- xvi. (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under clause 3(xvi)(a) of the Order is not applicable to the Company.
(b) The Company has not conducted non-banking financial / housing finance activities during the year. Accordingly, the reporting under clause 3(xvi)(b) of the Order is not applicable to the Company.
(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under clause 3(xvi)(c) of the Order is not applicable to the Company.
(d) In our opinion, the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) does not

have any CICs, which are part of the Group. Accordingly, the reporting under clause 3(xvi)(d) of the Order is not applicable to the Company.

- xvii. The Company has not incurred any cash losses in the financial year or in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors during the year and accordingly the reporting under clause 3(xviii) of the Order is not applicable.
- xix. On the basis of the financial ratios (Also refer Note 46 to the standalone financial statement), ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date will get discharged by the Company as and when they fall due.
- xx. As at balance sheet date, the Company does not have any amount remaining unspent under Section 135(5) of the Act. Accordingly, reporting under clause 3(xx) of the Order is not applicable.
- xxi. The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of Standalone Financial Statements. Accordingly, no comment in respect of the said clause has been included in this report.

The financial statements for the year ended 31 March 2025 were approved and authorised for issue with the resolution of the Board of Directors on May 29, 2025.

Note: 2 Material Accounting Policies

This note provides a list of the Material accounting policies adopted in the preparation of these standalone financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Basis of Preparation

(i) Compliance with Ind AS

These standalone financial statements have been prepared to comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] read with the National Company Law Tribunal (NCLT), Kolkata order dated 19th January 2018 as stated in note 2.4 below and other relevant provisions of the Act.

(ii) Classification of current and non-current

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Ind AS 1 - "Presentation of Financial Statements" and Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current/ non current classification of assets and liabilities.

(iii) Historical cost convention

These financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention, except for the following:

- certain financial assets and liabilities (including derivative instruments) those are measured at fair value.

- defined benefit plans - plan assets measured at fair value.

2.2 Use of estimates

The preparation of financial statements in conformity with the Ind AS specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period.

Although these estimates are based on management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in outcomes requiring a material adjustment to the carrying amounts of assets and liabilities in future periods.

2.3 Property, Plant and Equipment and Depreciation

- a) Freehold land is carried at historical cost. All other items of Property, Plant and Equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.
- b) Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the reporting period in which they are incurred.
- c) On transition to Ind AS, the Company has elected to continue with the carrying value of its Property, Plant and Equipment measured at the previous GAAP and use that carrying value as the deemed cost of Property, Plant and Equipment.
- d) Depreciation is provided on straight line method to allocate the cost of assets, net of their residual values, over the estimated useful lives of the assets. Pursuant to Notification of Schedule II of the Companies Act, 2013 becoming effective, the Company has adopted the useful lives as per the lives specified for the respective Property, Plant & Equipment in the Schedule II of the Companies Act, 2013. No depreciation is provided on freehold land.
- e) Gains and losses on disposal of Property, Plant and Equipment is recognized in the Statement of Profit and Loss.
- f) An impairment loss is recognized where applicable when the carrying amount of Property, Plant and Equipment exceeds its recoverable amount.

Notes to the Standalone Financial Statements

2.4 Goodwill, Other Intangible assets and amortization

- a) Intangible assets are stated at cost of acquisition including duties, taxes and expenses incidental to acquisition and installation, net of accumulated depreciation. Recognition of costs as an asset is ceased when the asset is complete and available for its intended use.
- b) On transition to Ind AS, the Company has elected to continue with the carrying value of its intangible assets measured at the previous GAAP and use that carrying value as the deemed cost of intangible assets.
- c) Intangible assets comprising of Trademark and computer software are amortized on straight line method over a period of twenty years and five years respectively.
- d) Goodwill acquired on account of amalgamation is being amortized in the Statement of Profit and Loss in line with National Company Law Tribunal, Kolkata ("NCLT") order dated 19 January 2018 on the basis of management's estimate useful life of 20 years.
- e) Gains and Losses on disposal of Intangible assets is recognized in the Statement of Profit and Loss.

2.5 Impairment of assets

Assessment is done at each balance sheet date as to whether there is any indication that an asset (Property, Plant and Equipment and other assets) may be impaired. If any such indication exists, an estimate of the recoverable amount of the asset/ cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to their recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Assessment is also done at each balance sheet date as to whether there is any indication that an impairment loss recognized for an asset in prior accounting periods may no longer exist or may have decreased/ increased. An impairment loss is recognised in the Statement of Profit and Loss as and when the carrying value of an asset exceeds its recoverable amount. Where an impairment loss subsequently reverses, the carrying value of the asset is increased to the revised estimate of its recoverable amount so that the increased carrying value does not exceed the carrying value that would have been determined had no impairment loss been recognised for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognised in the Statement of Profit and Loss immediately.

2.6 Investments in subsidiaries

Investments in subsidiaries are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, the difference

between net disposal proceeds and the carrying amounts are recognised in the Statement of Profit and Loss.

The Company considered potential indicators of impairment for its investment in subsidiaries. The recoverable value of the investments is higher of the value in use (VIU) of the underlying business or fair value less cost to sell. The Company has used the fair value method for computing the recoverable value. The outcome of the assessment as on March 31, 2025 did not results in recognition of any impairment for investment held in subsidiaries

2.7 Financial assets

The financial assets are classified in the following categories:

- a) financial assets measured at amortised cost,
- b) financial assets measured at fair value through Profit and Loss (FVTPL), and
- c) financial assets measured at fair value through other comprehensive income (FVOCI).

The classification of financial assets depends on the Company's business model for managing financial assets and the contractual terms of the cash flow. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in equity instruments that are not held for trading, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at FVOCI. The Company reclassifies debt investments when and only when its business model for managing those assets changes.

Regular purchases and sales of financial assets are recognised on trade-date, being the date on which the Company commits to purchase or sale the financial asset.

At initial recognition, the financial assets (excluding trade receivables which do not contain a significant financing component) are measured at its fair value plus transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVTPL are expensed in the profit or loss. Financial assets are not reclassified subsequent to their recognition except if and in the period the Company changes its business model for arranging financial assets.

Financial assets measured at amortised cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate method. Interest income from these financial assets is included in Other Income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in

Notes to the Standalone Financial Statements

profit or loss and presented in other gains/ (losses). The losses arising from impairment are recognised in the Statement of Profit and Loss.

Financial instruments measured at FVTPL

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through Profit and Loss. Financial instruments included within FVTPL category are measured initially as well as at each reporting period at fair value plus transaction costs as applicable. Fair value movements are recorded in Statement of Profit and Loss. Investments in units of mutual funds, alternate investment funds (AIF) other than equity (not held for trading) and debentures are accounted for at fair value and the changes in fair value are recognised in the Statement of Profit and Loss.

Financial assets at FVOCI

Financial assets are measured at FVOCI if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to retained earnings. Interest income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gains and losses are presented in other gains/ (losses) and impairment expenses are presented as separate line item in Statement of Profit and Loss.

Equity instruments

The Company measures all equity investments at fair value. The Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, and accordingly there is no subsequent reclassification of fair value gains and losses to profit or loss on de-recognition. Dividends from such investments are recognised in profit or loss as other income when the Company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through OCI are recognised in changes in fair value of FVOCI equity instrument. [Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.]

De-recognition of financial asset

The Company de-recognises a financial asset when the contractual rights to the cash flows from the financial assets expire or it transfers the financial assets and such transfer

qualifies for derecognition under Ind AS 109: "Financial Instruments".

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Except for Trade Receivables, where in the simplified approach of lifetime expected credit losses is recognised from initial recognition of the receivables as required by Ind AS 109: "Financial Instruments". Impairment loss allowance recognised /reversed during the year is charged/written back to Statement of Profit and Loss.

2.8 Financial Liabilities

Borrowings

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognized as transaction cost of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates. Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gains/(losses).

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of

Notes to the Standalone Financial Statements

the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach. A financial liability (or a part of -financial liability) is de-recognised from Company's balance sheet when obligation specified in the contract is discharged or cancelled or expired.

2.9 Inventories

Raw materials, Stores and Spares parts and components are valued at cost (cost being determined on weighted average basis) or at net realizable value, whichever is lower. Semi-finished goods and work-in-progress are valued at raw materials cost plus labour and overheads apportioned on an estimated basis depending upon the stages of completion or at net realizable value, whichever is lower. Finished goods are valued at cost or at net realizable value, whichever is lower. Cost includes all direct cost and applicable manufacturing and administrative overheads. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated cost necessary to make the sale.

2.10 Employee Benefit

a) Defined Contribution Plans

Payments to defined contribution plans are charged as an expense as they fall due. Payments made to state managed retirement benefit schemes are dealt with as payments to defined contribution schemes where the Company's obligations under the schemes are equivalent to those arising in a defined contribution benefit scheme.

b) Defined Benefit Plans

For defined benefit retirement schemes the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuation being carried out at each balance sheet date. Re-measurement gains and losses of the net defined benefit liability/ (asset) are recognised immediately in other comprehensive income. The service cost and net interest on the net defined benefit liability/ (asset) is treated as a net expense within employment costs. Past service cost is recognised as an expense when the plan amendment or curtailment occurs or when any related restructuring costs or termination benefits are recognised, whichever is earlier. The retirement benefit obligation recognised in the balance sheet represents the present value of the defined-benefit obligation as reduced by the fair value plan assets.

c) Compensated Absences

Accrued liability in respect of leave encashment benefit on retirement is accounted for on the basis of actuarial valuation as at the year end and charged in the Statement

of Profit and Loss every year. Compensated absences benefits comprising of entitlement to accumulation of Sick Leave is provided for based on actuarial valuation at the end of the year. Actuarial gains and losses are recognized immediately in the Statement of Profit and Loss. Accumulated Compensated Absences, which are expected to be availed or encashed or contributed within the 12 months from the end of the year are treated as short term employee benefits and the balance/ expected to availed or encashed or contributed beyond 12 months from the year end are treated as long term liability.

d) Other Short Term Employee Benefits

Short Term Employee Benefits are recognized as an expense as per the Company's schemes based on expected obligation on an undiscounted basis.

2.11 Revenue Recognition

Revenue from contracts with customers are recognised when the control over the goods or services promised in the contract are transferred to the customer. The amount of revenue recognised depicts the transfer of promised goods and services to customers for an amount that reflects the consideration to which the Company is entitled to in exchange for the goods and services. Revenue from sale of products is recognised when the control over such goods have been transferred, being when the goods are delivered to the customers. Delivery occurs when the products have been shipped or delivered to the specific location as the case may be, risks of loss have been transferred to the customers, and either the customer has accepted the goods in accordance with the sales contract or the acceptance provisions have lapsed or the Company has objective evidence that all criteria for acceptance have been satisfied. Revenue from these sales are recognized based on the price specified in the contract, which is fixed. No element of Significant financing is deemed present as the sales are made against the receipt of advance or with an agreed credit period (in a very few cases) of upto 90 days, which is consistent with the market practices. A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only passage of time is required before payment is done.

2.12 Other Income

Interest income from financial assets at fair value through profit or loss is disclosed as interest income within other income. Interest income on financial assets at amortised cost and financial assets at FVOCI is calculated using the effective interest method and is recognised in the Statement of Profit and Loss as part of other income.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit impaired financial assets, the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance). Dividends are received from

Notes to the Standalone Financial Statements

financial assets at fair value through profit or loss and at FVOCI. Dividend income is recognised when the right to receive dividend is established.

Export incentives are accounted as income in the Statement of Profit and Loss when no Significant uncertainty exists regarding the collectability.

2.13 Derivative Instruments

The Company uses derivative financial instruments such as foreign exchange contracts to hedge its exposure to movements in foreign exchange rates relating to the underlying transactions. Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value and resulting gain or loss is recognized in the Statement of Profit and Loss at the end of each reporting period. Any profit or loss arising on cancellation of derivative instruments is recognized as income or expense for the period.

2.14 Taxation

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences.

Current tax is determined as the amount of tax payable in respect of taxable income for the year based on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Company measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty. Deferred income tax is provided in full using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously. Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the

tax is also recognised in other comprehensive income or directly in equity, respectively.

2.15 Borrowing Cost

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred.

2.16 Provisions

Provisions are recognized when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the balance sheet date and are not discounted to its present value, except where the effect of the time value of money is material.

Contingent Liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

2.17 Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in event of default, insolvency or bankruptcy of the Company or the counterparty.

2.18 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Board of Directors of the Company has been identified as being the chief operating decision maker. Refer note 36 for segment information presented.

2.19 Leases

As a lessee Leases are recognised as right of use assets and a correspondence liability at the date at which the leased asset is available for use by the Company. Contract may contain both lease and non-lease components. The Company allocates the consideration in the contract to the lease and non-lease components based on their relative standalone

Notes to the Standalone Financial Statements

prices. Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payment:-

- Fixed payments (including in substance fixed payments) less any lease incentive receivable.
- Variable lease payment that are based on an index or a rate, initially measured using the index or a rate at the commencement date.
- Amount expected to be paid by the Company as under residual value guarantees.
- Exercise price of a purchase option if the Company is reasonably certain to exercise that option.
- Payment of penalties for terminating the lease, if the lease term reflects the Company exercising that option. Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Company, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

To determine the incremental borrowing rate, the Company:

- Where possible, use recent third party financing received by the individual lessee as a starting point, adjusted to reflect changes in the financing conditions since third party-financing was received.
- Use a built up approach that starts with risk free interest rate adjusted for credit risk of leases held by Gloster Limited, which does not have recent third party financing.

If a readily observable amortising loan rate is available to the individual lessee (through recent financing or market data) which has a similar payment profile to the lease, then the company uses that rate as a starting point to determine the incremental borrowing rate. Lease payments are allocated between principal and finance cost. The finance cost is charged to Statement of Profit and Loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period. Right-of use assets are measured at cost comprising the following:-

- the amount of the initial measurement of lease liability
- any lease payment made at or before the commencement date less any lease incentive received
- any initial direct cost and
- restoration costs.

Right of use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight line basis. Payment associated with short-term leases of equipment and all the leases of low value assets are recognised on a straight line basis as an expense in the Statement of Profit and Loss. Short term leases are leases with a lease term of 12 months or less.

2.20 Trade Receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business and reflects Company's unconditional right to consideration (that is, payment is due only on the passage of time). Trade receivables are recognised initially at the transaction price as they do not contain Significant financing components. The Company holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance.

2.21 Rounding of Amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest Lakhs (with two place of decimal) as per the requirement of schedule 111, unless otherwise stated.

2A Critical Estimates and Judgements

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed.

- Estimation of defined benefit obligation- Refer note 28 of the financial statements.
- Estimated fair value of unlisted securities -Refer notes 5 (b), 9 (a), and 33 of the -financial statements.
- Useful life of Property, Plant and Equipment, Goodwill and Other Intangible assets - Refer note 2.3 & 2.4 above and notes 3, 4(c) & 4(d) of the financial statements.
- Net realizable value of inventory.
- Recoverable amount of investment in Subsidiaries (for investment held at cost).

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

(A) Post-employment benefits

(i) Defined contribution plans

The total expenses recognised in the standalone statement of profit and loss during the year on account of defined contribution plans amounts to:

Particulars	31 March 2025	31 March 2024
Employer's contribution to pension fund	472.67	467.02
Employer's contribution to superannuation fund	3.00	1.55
Total	475.67	468.57

The Company makes Pension Fund and Superannuation Fund contributions to defined contribution plans for qualifying employees. Under the Schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions payable to these plans by the Company are at rates specified in the rules of the schemes.

(ii) Defined benefit plan

(a) Gratuity:

The employees' gratuity fund scheme is managed by a Trust and is a defined benefit plan. The funds of the trust are managed by approved insurance companies. Every employee is entitled to a benefit equivalent to fifteen day's salary last drawn for each completed year of service in line with Payment of Gratuity Act, 1972. The same is payable at the time of separation from the Company or retirement, whichever is earlier. Gratuity benefit vests after five year of continuous service. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The amounts recognised in the balance sheet and the movements in the net defined benefit obligation (Gratuity) over the year are as follows:

Particulars	Present value of obligation	Fair value of plan assets	Net amount
01 April 2024	8,533.88	(8,966.28)	(432.40)

Significant estimates: actuarial assumptions

The significant actuarial assumptions were as follows:

Particulars	31 March 2025	31 March 2024
Discount rate	6.50%	7.00%
Rate of salary increase	9.00%	9.00%
Mortality rate	Indian assured lives mortality (2006-08) (modified)	Indian assured lives mortality (2006-08) (modified)

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors.

The expected return on plan assets is determined after taking into consideration composition of the plan assets held, assessed risks of assets management, historical results of the return on plan assets, and other relevant factors.

Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Assumptions	Change in assumption	Impact on scheme liabilities
31 March 2025		
Discount rate	Increase by 1.00%, Decrease by 1.00%	Decrease by ₹ 695.74 Lakhs, Increase by ₹ 819.35 Lakhs.
Rate of salary increase	Increase by 1.00%, Decrease by 1.00%	Increase by ₹ 791.23 Lakhs, Decrease by ₹ 686.91 Lakhs.
31 March 2024		
Discount rate	Increase by 1.00%, Decrease by 1.00%	Decrease by ₹ 675.02 Lakhs, Increase by ₹ 791.88 Lakhs.
Rate of salary increase	Increase by 1.00%, Decrease by 1.00%	Increase by ₹ 768.64 Lakhs, Decrease by ₹ 669.34 Lakhs.

Notes to the Standalone Financial Statements

(All amounts in ₹ Lakhs, unless otherwise stated)

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied while calculating the defined benefit liability recognised in the balance sheet. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

Defined benefit liabilities:

The expected maturity analysis of undiscounted gratuity is as follows:

Particulars	Less than 1 year	1 - 2 years	2 - 5 years	more than 5 years	Total
As at 31 March 2025					
Defined benefit obligation (gratuity)	1,564.27	334.73	1,784.69	4,688.77	8,372.46
Total	1,564.27	334.73	1,784.69	4,688.77	8,372.46
As at 31 March 2024					
Defined benefit obligation (gratuity)	1,417.91	371.87	1,428.15	3,686.93	6,904.86
Total	1,417.91	371.87	1,428.15	3,686.93	6,904.86

Major categories of plan assets

The defined benefit plan is funded with insurance companies of India. The Company does not have any liberty to manage the funds provided to insurance companies. Thus the composition of each major category of plan assets has not been disclosed.

Risk exposure

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Investment risk:

The defined benefit plans are funded with insurance company of India. The Company does not have any liberty to manage the funds provided to insurance company. The fund is managed by the insurance company and the assets are invested in their conventional group gratuity product. The fund is subject to market risk as the price of units may go up or down. The present value of the defined benefit obligation is calculated using a discount rate determined by reference to the Government of India bonds. If the return on plan asset is below this rate, it will create a plan deficit.

Interest rate risk:

The defined benefit obligation is calculated using a discount rate based on government bonds. If the bond yields fall, the defined benefit obligation will tend to increase.

Demographic risk:

This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement.

The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the

retirement benefit of a short career employee typically costs less per year as compared to a long service employee.

Salary growth risk

The present value of the defined benefit obligation is calculated by reference to the future salaries of plan participants. Higher than expected increases in salary will increase the defined benefit obligation.

Defined benefit liability and employer contributions

Expected contributions to post-employment benefits plans for the year ending 31 March 2026 ₹ Nil.

The weighted average duration of the defined benefit obligation is 9 years (31 March 2024 - 8 years).

(b) Provident fund

The Provident fund is managed by the Company in the line with the Employees Provident Fund and Miscellaneous Provision Act, 1952. The Fund is exempted under section 17 of Employees' Provident Fund and Miscellaneous Provision Act, 1952. Condition for grant of exemption stipulate that the employer shall make good deficiency, if any, in the interest declared by the trust vis-a-vis statutory rate. The contribution by the employer and employees together with the interest accumulated there on are payable to the employees at the time of their separation from the company or retirement, whichever is earlier. In view of the Company's obligation to meet the interest shortfall, this is a defined benefit plan. The Contribution made by the Company and the shortfall of the interest, if any, are recognised as an expense in the statement of profit & loss under employee benefit expense in accordance with an actuarial valuation of provident fund liabilities based on guidance issued by Actuarial Society of India and based on assumptions as mentioned below. Also refer note 21.

Particulars	31 March 2025	31 March 2024
Discount rate	6.50%	7.00%
Expected Rate of return on Investment	8.20%	8.20%
Guaranteed rate of return	8.25%	8.15%

(B) Other long term employee benefit plan

The Company provides benefits in the nature of compensated absences which can be accumulated. The compensated absences are other long term employee benefits plan. Accumulated Compensated Absences which are expected to be availed or encashed within the 12 months from the end of the year are treated as short term employee benefits and the balance expected to be availed or encashed beyond 12 months from the year end are treated as long term liability. Expenses recognised in the Statement of Profit and loss towards compensated absences includes re-measurement gains and losses.

The investments in equity instruments are not held for trading. Instead, they are held for medium or long term investment. Upon the application of Ind AS 109, the Company has chosen to designate these investments in equity instruments at FVOCI as the management believe that this provides a more meaningful presentation for medium or long-term investments, than reflecting changes in fair value immediately in profit or loss.

(i) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Level 1 [Quoted prices in an active market]

Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments and debentures that have quoted price available. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2 [Fair values determined using valuation techniques with observable inputs]

The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives), Portfolio Management Scheme (PMS) and Alternate Investment Fund (AIF), is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3 [Fair values determined using valuation techniques with significant unobservable inputs]

If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is generally the case for unlisted equity securities and certain Alternative Investment Funds (Equity & Debt), wherein underlying investments are mainly real estate / investment in equity shares of unlisted entities.

There are no transfers between Level 1, Level 2 and Level 3 during the year.

(ii) Valuation techniques used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices for quoted equity shares and debentures.
- the fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date.
- Investments in PMS and AIF carried at fair value, are generally based on available NAVs. The fair value of the unquoted equity shares is determined using valuation technique that maximises the use of relevant observable inputs and minimises the use of unobservable inputs.
- The carrying amounts of trade receivables, loans, cash and cash equivalents, other bank balances, other financial assets, security deposits, trade payables and other financial liabilities are approximate to their fair values.
- Management uses its best judgement in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of the amounts that the Company could have realised or paid in sale transactions as of respective dates. As such, fair value of financial instruments subsequent to the reporting dates may be different from the amounts reported at each reporting date.
- For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to their fair values.

b) Description of significant unobservable inputs to valuation

Particulars	Fair Value as at 31 March 2025	Fair Value as at 31 March 2024	Significant unobservable inputs	Assumptions / Valuation Methodology
Unquoted equity shares & Alternative Investment Funds (Equity & Debt)	6,967.98	7,724.77	Fair value of immovable assets like land, NAV of AIF (Equity & Debt)	Cost or asset method / determination of NAV based on the underlying investments of AIF.

No reasonable change in assumptions would result in significant changes in the fair value.

c) **Valuation processes**

The finance department of the Company includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. This team reports directly to the Chief Financial Officer (CFO). The company also involves external valuation expert, who presents a report that explains the reasons for the fair value movements. Discussions of valuation processes and results are held between the CFO, external valuation expert and the valuation team at least once every year, in line with the company's reporting periods.

The main level 3 inputs for unlisted equity securities and certain Alternative Investment Funds used by the company are derived and evaluated as follows:

- 1) Cost or assets approach is used to derive the adjusted Net Asset Value which involves determining the value per share based on the respective assets and liabilities.

- 2) Determination of NAV based on the underlying investments of Alternative Investment Fund.

iv) **Fair value of financial assets and liabilities measured at amortised cost;** the carrying amounts of financial assets and financial liabilities recognised in the financial statements approximates their fair values.

v) **Derecognition of Investment in equity instrument designated at FVOCI :**

The Company has derecognised the Investment in equity instrument designated at FVOCI amounting to ₹ 3,111.96 Lakhs (31 March 2024 : ₹ 2,679.96 Lakhs) and the gain/(loss) on such disposal (net of tax) amounting to ₹ 1,415 Lakhs (31 March 2024 : ₹ 891.97 Lakhs) has been transferred to Retained Earnings.

The company has disposed certain investments designated as OCI since management does not see any significant appreciation in investments in medium / long-term.

Note: 34 Financial Risk Management

The Company's activities expose it to credit risk, liquidity risk and market risk (i.e. foreign currency risk, interest rate risk and security price risk). This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact of it in the financial statements.

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, other bank balances, deposits with bank, trade receivables, derivative financial instruments, financial assets measured at amortised cost and fair value through profit & loss.	Ageing analysis Credit analysis	Diversification of customer base and diversification of bank deposits/investments. Entering into transaction with customer having sound financial position
Liquidity risk	Borrowings and other liabilities	Cash flow forecast	Availability of committed credit lines and borrowing facilities
Market risk – foreign exchange	Recognised financial assets and liabilities not denominated in Indian rupee (₹)	Cash flow forecast Sensitivity analysis	Entering into forward exchange contract
Market risk – interest rate	Short-term borrowings at variable rates	Sensitivity analysis	Diversified debt portfolio Regular monitoring of borrowings
Market risk – security prices	Investments in securities	Sensitivity analysis	Portfolio diversification

(A) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments carried at amortised cost and fair value through Profit & Loss.

i) Trade receivables

Customer credit risk is managed by the Company through established policy and procedures and control relating to customer credit risk management. Trade receivables are non-interest bearing and are generally carrying 30 to 90 days credit terms. The Company has a detailed review mechanism of overdue customer receivables at various levels within organisation to ensure proper attention and focus for realisation. Trade receivables are consisting of a large number of customers. Where credit risk is high, domestic trade receivables are backed by security deposits. Export receivables are backed by letters of credit. Financial assets are considered to be of good quality and there is no significant increase in credit risk.

Provision for expected credit loss

The requirement for impairment is analysed at each reporting date. For impairment, individual debtors are identified and assessed specifically. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets. There has been no material default history in the past and accordingly no provision is considered necessary. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables.

ii) Financial instruments and cash deposits

Credit risk from balances with banks and investments is managed by the Company's finance department in accordance with the Company's policy. Investments of surplus fund in portfolio

management services, alternative investment funds, direct equity, debentures and in private companies are made only with approved counterparties and within credit limits assigned to each counterparty, if any. Counterparty credit limits are reviewed by the Company's Board of Directors on an annual basis, and may be updated throughout the year subject to approval of the Company's Board of Directors. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

Balances with banks and deposits are placed only with highly rated banks.

The Company's maximum exposure to credit risk for the components of the balance sheet is the carrying amounts as disclosed.

(B) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Management monitors rolling forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities) and cash and cash equivalents on the basis of expected cash flows.

(i) Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity group based on their contractual maturities.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

(C) Market risk

(i) Foreign currency risk

The Company undertakes transactions (e.g. sale of goods and purchases of raw materials or capital goods) denominated in foreign currencies and thus is exposed to exchange rate fluctuations. The Company evaluates its exchange rate exposure arising from foreign currency transactions and

manages the same based upon approved risk management policies which inter-alia includes entering into forward foreign exchange contracts.

Foreign currency risk exposure

The Company's exposure to foreign currency risk at the end of the reporting period expressed in ₹ Lakhs (foreign currency amount multiplied by closing rate), are as follows:

Particulars	31 March 2025		31 March 2024	
	USD	EUR	USD	EUR
Financial assets				
Trade receivables	1,700.32	70.59	801.83	70.01
Derivative assets				
Foreign exchange forward contracts - Sell foreign currency	(1,700.32)	(70.59)	(801.83)	(70.01)
Net exposure to foreign currency risk (assets)	-	-	-	-

The Company also has exposures in below currencies:

Particulars	31 March 2025		31 March 2024	
	GBP	JPY	GBP	JPY
Financial assets				
Trade receivables	33.14	26.01	-	-
Derivative assets				
Foreign exchange forward contracts - Sell foreign currency	(33.14)	(26.01)	-	-
Net exposure to foreign currency risk (assets)	-	-	-	-

Sensitivity has not been disclosed as all exposures are largely hedged.

Notes to the Standalone Financial Statements

(ii) Interest rate risk

(All amounts in ₹ Lakhs, unless otherwise stated)

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates.

The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

(iii) Security price risk

The Company's expense to equity securities price risk arises from instruments held by the Company and classified in the Balance Sheet either as fair value through Other Comprehensive Income (OCI) or at fair value through Profit or Loss (Refer Note 33).

To manage its price risk arising from investments in equity securities the Company diversifies its portfolio.

(a) Interest rate risk exposure on financial liabilities

The exposure of the Company's financial liabilities to interest rate risk is as follows:

Particulars	31 March 2025	31 March 2024
Variable rate borrowings	13,429.41	6,452.79
Total borrowings	13,429.41	6,452.79

(b) Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates as below:

Particulars	Impact on profit before tax		Impact on equity	
	31 March 2025	31 March 2024	31 March 2025	31 March 2024
Interest expense rates – increase by 70 basis points (70 bps)*	(94.01)	(45.17)	(70.35)	(33.80)
Interest expense rates – decrease by 70 basis points (70 bps)*	94.01	45.17	70.35	33.80

* holding all other variables constant

Note: 35 Capital Management

(a) Risk management

The Company's objectives when managing capital are to:

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and
- benefits for other stakeholders, and maintain an optimal capital structure to reduce the cost of capital.

The capital structure of the Company is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The funding requirement is met through a mixture of equity, long term borrowings and short term borrowings.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Company monitors capital on the basis of the following gearing ratio:

- net debt (total borrowings and lease liabilities net of cash and cash equivalents)
- divided by total equity

Loan covenants

Under the terms of the major borrowing facilities, the Company is required to comply with certain financial covenants. The Company has complied with the debt covenants throughout the reporting period.

INDEPENDENT AUDITOR'S REPORT

To the Members of Gloster Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of Gloster Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group") (refer Note 1 to the attached consolidated financial statements), which comprise the Consolidated Balance Sheet as at March 31, 2025, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information (hereinafter referred to as "the consolidated financial statements").
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, as at March 31, 2025, and consolidated total comprehensive income (comprising of loss and other comprehensive income), consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of

the Consolidated Financial Statements" section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence, we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph 15 of the Other Matters section below, is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

4. We draw attention to Note 38(iii) to the accompanying Consolidated Financial Statements, which describes the pending litigation of the Holding and a Subsidiary Company in respect of the matter related to legal ownership of a Trademark which is treated as an asset of the Subsidiary Company pursuant to NCLT order of September 2019. Pending settlement of this sub-judice matter, no adjustments to the consolidated financial statements have been considered necessary.

Our opinion is not modified in respect of this matter.

Key Audit Matters

5. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the key audit matter
<p>Assessment of the carrying value of investments carried at fair value</p> <p>Refer to Note 2.7 – "Financial Assets" Note 2A "Critical estimates and judgements" Note 5(a) and Note 9(a) "Investments" and Note 32 – "Fair value measurements".</p> <p>As at March 31, 2025, the Holding Company has investments aggregating to Rs. 8,543.28 lakhs in various securities comprising of equity shares in unlisted companies and investments in certain funds. These investments are carried at their fair values determined by the Holding Company as per Ind AS 113 'Fair Value Measurement' and have been categorized as Level 2 and Level 3 in the fair value hierarchy, which is inherently subjective, and their valuation involves using inputs other than quoted prices in an active market in certain cases. For the purpose of valuation of investments in unlisted Companies, the Holding Company's management has engaged independent valuation experts and for the funds, obtained valuation reports from the respective fund houses.</p> <p>We have determined this to be a key audit matter because of the inherently subjective nature of valuation and involvement of significant judgements by the management in assessing the carrying value thereof.</p>	<p>Our procedures included the following:</p> <p>We understood, assessed and tested the design and operating effectiveness of key controls over fair valuation of investments.</p> <p>We perused the report issued by the external valuation experts engaged by the management and conducted enquiries with them to understand the assumptions considered by them.</p> <p>We evaluated the competence, capability and objectivity of the valuation experts of the management.</p> <p>We tested the reasonableness of management's fair value estimates, on a test check basis, by obtaining corroborative pricing from independent sources, where available.</p> <p>We obtained direct confirmations from the respective fund houses for the valuation of investments and on a sample basis obtained the underlying valuation reports to corroborate the details in the confirmation.</p> <p>With the involvement of auditor's experts, we assessed the methodology and the appropriateness of the valuation models and inputs used by management's valuation experts.</p> <p>We validated the source data on a sample basis and tested the arithmetical accuracy of the calculations of valuation of investments.</p> <p>We assessed the adequacy of the Holding Company's disclosures in consolidated financial statements.</p>

Other Information

6. The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's Report along with its Annexures included in the Company's Annual Report but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and the reports of the other auditors as furnished to us (Refer paragraph 15 below), we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

7. The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated cash flows, and changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act read with National Company Law Tribunal (NCLT), Kolkata, order as stated in Note 2.5 to the consolidated financial statements. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.
8. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis

of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

9. The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
11. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
12. We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
 13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
 14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances,

we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

15. The standalone financial statements of four subsidiaries reflect total assets of Rs. 44,035.04 lakhs and net assets of Rs. 19,809.26 lakhs as at March 31, 2025, total revenue of Rs. 5,217.35 lakhs, total net loss after tax of Rs. (1,290.23) lakhs, total comprehensive income (comprising of loss and other comprehensive income) of Rs. (1,251.91) lakhs and net cash flows amounting to Rs. 1,728.37 lakhs for the year ended on that date, as considered in the consolidated financial statements. The financial statements of these subsidiaries have been audited by other auditors whose reports have been furnished to us by the Holding Company's management and other auditors, and our opinion on the consolidated financial statements insofar as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-section (3) of Section 143 of the Act including report on Other Information insofar as it relates to the aforesaid subsidiaries is based on the reports of the other auditors and the procedures performed by us.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and reports of the other auditors.

Report on Other Legal and Regulatory Requirements

16. As required by paragraph 3(xxi) of the Companies (Auditor's Report) Order, 2020 ("CARO 2020"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we report that the auditors of the following companies have given certain remarks in their CARO 2020 report on the standalone financial statements of the respective companies included in the Consolidated Financial Statements of the Holding Company:

17. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors (refer paragraph 15 above) except that, in case of a subsidiary, the back-up of the books of account and other books and papers maintained in electronic mode has not been maintained on a daily basis on servers physically located in India and the matters stated in paragraph 17(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended) ("the Rules").
 - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account and records maintained for the purpose of preparation of the consolidated financial statements.
 - (d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with National Company Law Tribunal (NCLT), Kolkata, order as stated in Note 2.5 to the Consolidated Financial Statements.
 - (e) On the basis of the written representations received from the directors of the Holding Company as on April 1, 2025 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiaries incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the maintenance of accounts and other matters connected therewith, reference is made to our remarks in paragraph 17(b) above on reporting under Section 143(3)(b) and paragraph 17(h)(vi) below on reporting under Rule 11(g) of the Rules.
 - (g) With respect to the adequacy of internal financial controls with reference to consolidated financial statements of the Group and the operating effectiveness of such controls, refer to our separate report in Annexure A.
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact, if any, of pending litigations on the consolidated financial position of the Group – Refer Note 38 to the consolidated financial statements.
 - ii. The Group did not have any long-term contracts including derivative contracts as at March 31, 2025 for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts required to be transferred to the Investor Education and Protection Fund by the Holding Company during the year.

During the year ended March 31, 2025, there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the subsidiary companies incorporated in India.
 - iv.(a) The respective managements of the Holding Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, as disclosed in Note 47(vii)(I) to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The respective managements of the Holding Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, as disclosed in the Note 47(vii)(II) to the financial statements, no funds have been received by the Company or any of such subsidiaries from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on the audit procedures, that has been considered reasonable and appropriate in the circumstances, performed by us and those performed by the auditors of the subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditors' notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material misstatement.
 - v. The dividend declared and paid by the Holding Company during the year is in compliance with Section 123 of the Act. The subsidiaries have not declared or paid any dividend during the year.

GLOSTER LIMITED

vi. Based on our examination, which included test checks and that performed by the respective auditors of the subsidiaries, which are companies incorporated in India whose financial statements have been audited under the Act, the Group, have used accounting software for maintaining their books of account which have a feature of recording audit trail (edit log) facility (other than for property, plant and equipment and intangible assets) in case of the Holding Company and a subsidiary and that has operated throughout the year for all relevant transactions recorded in the software, except that at database level for one accounting software, the audit log of modification does not contain the pre-modified values in case

of the Holding Company. During the course of performing our procedures except the aforesaid instances, we did not notice any instance of audit trail feature being tampered with. Further, the audit trail, to the extent maintained in the prior year, has been preserved by the Group as per the statutory requirements for record retention, except for the period April 1, 2023 till May 16, 2023 in case of a subsidiary.

18. The Group have paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

Annexure A to Independent Auditor's Report

Referred to in paragraph 17(g) of the Independent Auditor's Report of even date to the members of Gloster Limited on the consolidated financial statements as of and for the year ended March 31, 2025

Report on the Internal Financial Controls with reference to Consolidated Financial Statements under clause (i) of sub-section 3 of Section 143 of the Act

1. In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2025, we have audited the internal financial controls with reference to consolidated financial statements of Gloster Limited (hereinafter referred to as "the Holding Company") and its subsidiaries, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Holding Company and its subsidiaries, to whom reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls with reference to consolidated financial statements is applicable, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports

referred to in the Other Matters paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial controls system with reference to consolidated financial statements.

Meaning of Internal Financial Controls with reference to financial statements

6. A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Holding Company and its subsidiaries, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Holding Company and its subsidiaries considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matter

9. Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to four subsidiaries, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies. Our opinion is not modified in respect of this matter.

Note: 2 Material Accounting Policies

This note provides a list of the material accounting policies adopted in the preparation of these consolidated financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Basis of Preparation

(i) Compliance with Ind AS

These Consolidated Financial Statements have been prepared to comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] read with National Company Law Tribunal (NCLT), Kolkata order dated 19th January 2018 as stated in Note 2.5 below and other relevant provisions of the Act.

(ii) Classification of current and non-current

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and other criteria set out in the Ind AS 1 – "Presentation of Financial Statements" and Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of current / non-current classification of assets and liabilities.

(iii) Historical cost convention

These Consolidated Financial Statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention, except for the following:

- certain financial assets and liabilities (including derivative instruments) those are measured at fair value;
- defined benefit plans - plan assets measured at fair value.

2.2 Basis of Consolidation

Subsidiaries are all entities over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases. The acquisition method of accounting is used to account for business combinations by the group. The group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealized gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group. Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

2.3 Use of estimates

The preparation of Consolidated Financial Statements in conformity with the Ind AS specified under Section 133 of

Notes to the Consolidated Financial Statements

the Act, read with Companies (Indian Accounting Standards) Rules, 2015 as amended requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in outcomes requiring a material adjustment to the carrying amounts of assets and liabilities in future periods.

2.4 Property, Plant and Equipment and Depreciation

- a) Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.
- b) Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to statement of profit and loss during the reporting period in which they are incurred.
- c) On transition to Ind AS, the Group has elected to continue with the carrying value of its property, plant and equipment measured at the previous GAAP and use that carrying value as the deemed cost of property, plant and equipment.
- d) Depreciation is provided on straight line method to allocate the cost of assets, net of their residual values, over the estimated useful lives of the assets. Pursuant to Notification of Schedule II of the Companies Act, 2013 becoming effective, the Group has adopted the useful lives as per the lives specified for the respective Property, Plant & Equipment in the Schedule II of the Companies Act, 2013. No depreciation is provided on freehold land. For certain assets, the useful lives have been determined based on technical evaluation done by the management's expert which are higher than those specified by Schedule II to the Companies Act, 2013, in order to reflect the actual usage of the assets.
- e) Gains and losses on disposal of Property, Plant and Equipment is recognized in the statement of profit and loss.
- f) An impairment loss is recognized where applicable when the carrying amount of Property, Plant and Equipment exceeds its recoverable amount.

2.5 Goodwill, Other Intangible assets and amortization

- a) Intangible assets are stated at cost of acquisition including duties, taxes and expenses incidental to acquisition and installation, net of accumulated depreciation. Recognition of costs as an asset is ceased when the asset is complete and available for its intended use.

- b) On transition to Ind AS, the Group has elected to continue with the carrying value of its intangible assets measured at the previous GAAP and use that carrying value as the deemed cost of intangible assets.
- c) Intangible assets comprising of Trademarks and Computer Software are amortized on straight line method over a period of ranges from twenty years to twenty three years and five years respectively.
- d) Goodwill acquired on account of amalgamation is being amortized in the statement of profit and loss in line with National Company Law Tribunal, Kolkata ("NCLT") order dated 19 January 2018 on the basis of management's estimated useful life of 20 years.
- e) Gains and Losses on disposal of Intangible assets is recognized in the statement of profit and loss.

2.6 Impairment of assets

Assessment is done at each balance sheet date as to whether there is any indication that an asset (Property, Plant and Equipment and other assets) may be impaired. If any such indication exists, an estimate of the recoverable amount of the asset/ cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to their recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Assessment is also done at each balance sheet date as to whether there is any indication that an impairment loss recognized for an asset in prior accounting periods may no longer exist or may have decreased /increased. An impairment loss is recognised in the statement of profit and loss as and when the carrying value of an asset exceeds its recoverable amount. Where an impairment loss subsequently reverses, the carrying value of the asset is increased to the revised estimate of its recoverable amount so that the increased carrying value does not exceed the carrying value that would have been determined had no impairment loss been recognised for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognised in the statement of profit and loss immediately.

During the year ended March 31, 2025, the Group considered indicators of impairment such as outlook of future profitability and other potential indicators for assets held by the Group. The Group has carried out impairment assessment of assets as at March 31, 2025. The outcome of the assessment as on March 31, 2025, did not result in recognition of any impairment.

2.7 Financial assets

The financial assets are classified in the following categories:

- a) financial assets measured at amortised cost,
- b) financial assets measured at fair value through profit and loss (FVTPL), and

Notes to the Consolidated Financial Statements

- c) financial assets measured at fair value through other comprehensive income (FVOCI).

The classification of financial assets depends on the Group's business model for managing financial assets and the contractual terms of the cash flow. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in equity instruments that are not held for trading, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at FVOCI. The Group reclassifies debt investments when and only when its business model for managing those assets changes.

Regular purchases and sales of financial assets are recognised on trade-date, being the date on which the Group commits to purchase or sale the financial asset.

At initial recognition, the financial assets (excluding trade receivables which do not contain a significant financing component) are measured at its fair value plus transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVTPL are expensed in the Profit or Loss. Financial assets are not reclassified subsequent to their recognition except if and in the period the Group changes its business model for arranging financial assets.

Financial assets measured at amortised cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate method. Interest income from these financial assets is included in Other Income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other gains/(losses). The losses arising from impairment are recognised in the statement of profit and loss.

Financial instruments measured at FVTPL

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit and loss. Financial instruments included within FVTPL category are measured initially as well as at each reporting period at fair value plus transaction costs as applicable. Fair value movements are recorded in statement of profit and loss. Investments in units of mutual funds, alternate investment funds (AIF's) other than equity (not held for trading) and debentures are accounted for at fair value and the changes in fair value are recognised in the statement of profit and loss.

Financial assets at FVOCI

Financial assets are measured at FVOCI if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to retained earnings. Interest income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gains and losses are presented in other gains/(losses) and impairment expenses are presented as separate line item in statement of profit and loss.

Equity instruments

The Group measures all equity investments at fair value. The management has elected to present fair value gains and losses on equity investments in other comprehensive income, and accordingly there is no subsequent reclassification of fair value gains and losses to profit or loss on de-recognition. Dividends from such investments are recognised in profit or loss as other income when the right to receive payments is established.

Changes in the fair value of financial assets at fair value through OCI are recognised in changes in fair value of FVOCI equity instruments. [Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value].

De-recognition of financial asset

The Group de-recognises a financial asset when the contractual rights to the cash flows from the financial assets expires or it transfers the financial assets and such transfer qualifies for derecognition under Ind AS 109: "Financial Instruments".

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Notes to the Consolidated Financial Statements

Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Except for Trade Receivables, where in the simplified approach of lifetime expected credit losses is recognised from initial recognition of the receivables as required by Ind AS 109: "Financial Instruments". Impairment loss allowance recognised /reversed during the year is charged/written back to statement of profit and loss.

2.8 Financial Liabilities

Borrowings

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction cost of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gains/(losses).

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the Consolidated Financial Statements for issue, not to demand payment as a consequence of the breach. A financial liability (or a part of financial liability) is de-recognised from Group's balance sheet when obligation specified in the contract is discharged or cancelled or expired.

2.9 Inventories

Raw materials, Stock-in-trade, Stores and Spares parts and components are valued at cost (cost being determined on weighted average basis) or at net realizable value, whichever is

lower. Semi-finished goods and work-in-process are valued at raw materials cost-plus labour and overheads apportioned on an estimated basis depending upon the stages of completion or at net realizable value, whichever is lower. Finished goods are valued at cost or at net realizable value, whichever is lower. Cost includes all direct cost and applicable manufacturing and administrative overheads. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated cost necessary to make the sale.

2.10 Employee Benefit

a) Defined Contribution Plans

Payments to defined contribution plans are charged as an expense as they fall due. Payments made to state managed retirement benefit schemes are dealt with as payments to defined contribution schemes where the Group's obligations under the schemes are equivalent to those arising in a defined contribution benefit scheme.

b) Defined Benefits Plans

For defined benefit retirement schemes the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuation being carried out at each balance sheet date. Re-measurement gains and losses of the net defined benefit liability/ (asset) are recognised immediately in other comprehensive income. The service cost and net interest on the net defined benefit liability/ (asset) is treated as a net expense within employment costs. Past service cost is recognised as an expense when the plan amendment or curtailment occurs or when any related restructuring costs or termination benefits are recognised, whichever is earlier. The retirement benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as reduced by the fair value plan assets.

c) Compensated Absences

Accrued liability in respect of leave encashment benefit on retirement is accounted for on the basis of actuarial valuation as at the year end and charged in the statement of profit and loss every year. Compensated absences benefits comprising of entitlement to accumulation of Sick Leave is provided for based on actuarial valuation at the end of the year. Actuarial gains and losses are recognized immediately in the statement of profit and loss. Accumulated Compensated Absences, which are expected to be availed or encashed or contributed within the 12 months from the end of the year are treated as short term employee benefits and the balance expected to availed or encashed or contributed beyond 12 months from the year end are treated as long term liability.

d) Other Short Term Employee Benefits

Short Term Employee Benefits are recognized as an expense as per the schemes based on expected obligation on an undiscounted basis.

Notes to the Consolidated Financial Statements

2.11 Revenue Recognition

Revenue from contracts with customers are recognised when the control over the goods or services promised in the contract are transferred to the customer. The amount of revenue recognized depicts the transfer of promised goods and services to customers for an amount that reflects the consideration to which the Group is entitled to in exchange for the goods and services. Revenue from sale of products is recognised when the control over such goods have been transferred, being when the goods are delivered to the customers. Delivery occurs when the products have been shipped or delivered to the specific location as the case may be, risks of loss have been transferred to the customers, and either the customer has accepted the goods in accordance with the sales contract or the acceptance provisions have lapsed or the Group has objective evidence that all criteria for acceptance have been satisfied. Revenue from these sales are recognized based on the price specified in the contract, which is fixed. No element of significant financing is deemed present as the sales are made against the receipt of advance or with an agreed credit period (in a very few cases) of upto 90 days, which is consistent with the market practices. A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only passage of time is required before payment is done.

2.12 Other Income

Interest income from financial assets at fair value through profit or loss is disclosed as interest income within other income. Interest income on financial assets at amortised cost and financial assets at FVOCI is calculated using the effective interest method and is recognised in the statement of profit and loss as part of other income.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance). Dividends are received from financial assets at fair value through profit or loss and at FVOCI. Dividend income is recognized when the right to receive dividend is established. Export incentive are accounted as income in the statement of profit and loss when no significant uncertainty exists regarding the collectability.

2.13 Derivative Instruments

The Group uses derivative financial instruments such as foreign exchange contracts to hedge its exposure to movements in foreign exchange rates relating to the underlying transactions. Derivatives are initially recognised at fair value on the date a derivative contract is entered into

and are subsequently remeasured to their fair value and resulting gain or loss is recognized in the statement of profit and loss at the end of each reporting period. Any profit or loss arising on cancellation of derivative instruments is recognized as income or expense for the period.

2.14 Taxation

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences.

Current tax is determined as the amount of tax payable in respect of taxable income for the year based on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Group measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty. Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously. Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

2.15 Borrowing Cost

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for

Notes to the Consolidated Financial Statements

its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred.

2.16 Provisions

Provisions are recognized when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the balance sheet date and are not discounted to its present value, except where the effect of the time value of money is material.

Contingent Liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

2.17 Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in event of default, insolvency or bankruptcy of the Group or the Counter party.

2.18 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Board of Directors of the Parent Company has been identified as being the chief operating decision maker. Refer note 35 for segment information presented.

2.19 Leases

As a lessee

Leases are recognised as right of use assets and a correspondence liability at the date at which the leased asset is available for use by the Group. Contract may contain both lease and non lease components. The Group allocates

the consideration in the contract to the lease and non lease components based on their relative standalone prices. Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payment:-

- Fixed payments (including in substance fixed payments) less any lease incentive receivable.
- Variable lease payment that are based on an index or a rate, initially measured using the index or a rate at the commencement date.
- Amount expected to be paid by the Group as under residual value guarantees.
- Exercise price of a purchase option if the Group is reasonably certain to exercise that option.
- Payment of penalties for terminating the lease, if the lease term reflects the Group exercising that option.

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Group, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

To determine the incremental borrowing rate, the Group:

- Where possible, use recent third party financing received by the individual lessee as a starting point, adjusted to reflect changes in the financing conditions since third party financing was received.
- Use a built up approach that starts with risk free interest rate adjusted for credit risk of leases held by the Group, which does not have recent third party financing. If a readily observable amortising loan rate is available to the individual lessee (through recent financing or market data) which has a similar payment profile to the lease, then the Group uses that rate as a starting point to determine the incremental borrowing rate. Lease payments are allocated between principal and finance cost. The finance cost is charged to statement of profit and loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right-of-use assets are measured at cost comprising the following:-

- the amount of the initial measurement of lease liability
- any lease payment made at or before the commencement date less any lease incentive received

Notes to the Consolidated Financial Statements

- iii) any initial direct cost and
- iv) restoration costs.

Right of use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight line basis. Payment associated with short-term leases of equipment and all the leases of low value assets are recognised on a straight line basis as an expenses in the statement of profit and loss. Short term leases are leases with a lease term of 12 months or less.

As a lessor

Lease income from operating leases where the Group is a lessor is recognised in income on a straight-line basis over the lease term. Initial direct costs incurred in obtaining an operating lease are added to the carrying amount of the underlying asset and recognised as expense over the lease term on the same basis as lease income. The respective leased assets are included in the balance sheet based on their nature.

2.20 Trade Receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business and reflects Group's unconditional right to consideration (that is, payment is due only on the passage of time). Trade receivables are recognised initially at the transaction price as they do not contain significant financing components. The Group holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance.

2.21 Rounding of Amounts

All amounts disclosed in the Financial Statements and notes have been rounded off to the nearest lakhs (with two place of decimal) as per the requirement of schedule III, unless otherwise stated.

2A Critical estimates and judgements

The preparation of consolidated financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Group's accounting policies. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed.

- (i) Estimation of defined benefit obligation- Refer note 27 of the consolidated financial statements
- (ii) Estimated fair value of unlisted securities – Refer note 5(a), 9(a) and 32 of the consolidated financial statements
- (iii) Useful life of Property, plant and equipment, Goodwill and Other Intangible assets– Refer note 2.4 & 2.5 above and notes 3, 4(c) & 4(d) of the consolidated financial statements.
- (iv) Net realizable value of inventory.

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Group and that are believed to be reasonable under the circumstances.

(A) Post-employment benefits

(i) Defined contribution plans

The total expenses recognised in the consolidated statement of profit and loss during the year on account of defined contribution plans amounts to:

Particulars	31 March 2025	31 March 2024
Employer's contribution to pension fund	485.46	467.02
Employer's contribution to provident fund	109.24	42.72
Employer's contribution to superannuation fund	3.00	1.55
Total	597.70	511.29

The Group makes Pension Fund, provident fund and Superannuation Fund contributions to defined contribution plans for qualifying employees. Under the Schemes, the group is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions payable to these plans by the group are at rates specified in the rules of the schemes.

(ii) Defined benefit plan

(a) Gratuity:

The employees' gratuity fund scheme is managed by a Trust and is a defined benefit plan. The funds of the trust are managed by approved insurance companies. Every employee is entitled to a benefit equivalent to fifteen day's salary last drawn for each completed year of service in line with the Payment of Gratuity Act, 1972. The same is payable at the time of separation from the Group or retirement, whichever is earlier. Gratuity benefit vests after five year of continuous service. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The amounts recognised in the balance sheet and the movements in the net defined benefit obligation (Gratuity) over the year are as follows:

Particulars	Present value of obligation	Fair value of plan assets	Net amount
01 April 2024	8,559.87	(8,966.28)	(406.41)

* Includes net asset of ₹ 428.15 Lakhs (31 March 2024 - ₹ 432.40 Lakhs) in respect of the parent company.

Significant estimates: actuarial assumptions

The significant actuarial assumptions were as follows:

Particulars	31 March 2025	31 March 2024
Discount rate	6.50% to 6.63%	7.00% to 7.20%
Rate of salary increase	9% to 10%	9% to 10%
Mortality rate	Indian assured lives mortality (2006-08) &(2012-14) (modified)	Indian assured lives mortality (2006-08) &(2012-14) (modified)

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors. The expected return on plan assets is determined after taking into consideration composition of the plan assets held, assessed risks of assets management, historical results of the return on plan assets, and other relevant factors.

Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Assumptions	Change in assumption	Impact on scheme liabilities
31 March 2025		
Discount rate	Increase by 1.00%, Decrease by 1.00%	Decrease by ₹ 729.60 Lakhs, Increase by ₹ 859.39 Lakhs.
Rate of salary increase	Increase by 1.00%, Decrease by 1.00%	Increase by ₹ 830.94 Lakhs, Decrease by ₹ 720.76 Lakhs.

Assumptions	Change in assumption	Impact on scheme liabilities
31 March 2024		
Discount rate	Increase by 1.00%, Decrease by 1.00%	Decrease by ₹ 680.77 Lakhs, Increase by ₹ 798.24 Lakhs.
Rate of salary increase	Increase by 1.00%, Decrease by 1.00%	Increase by ₹ 774.91 Lakhs, Decrease by ₹ 675.09 Lakhs.

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied while calculating the defined benefit liability recognised in the balance sheet. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

Defined benefit liabilities:

The expected maturity analysis of undiscounted gratuity is as follows:

Particulars	Less than 1 year	1 - 2 years	2 - 5 years	More than 5 years	Total
As at 31 March 2025					
Defined benefit obligation (gratuity)	1,574.44	336.80	1,806.22	4,853.48	8,570.94
Total	1,574.44	336.80	1,806.22	4,853.48	8,570.94
As at 31 March 2024					
Defined benefit obligation (gratuity)	1,424.86	371.91	1,430.07	3,696.81	6,923.65
Total	1,424.86	371.91	1,430.07	3,696.81	6,923.65

Major categories of plan assets

The defined benefit plan is funded with insurance companies of India. The Group does not have any liberty to manage the funds provided to insurance companies. Thus the composition of each major category of plan assets has not been disclosed.

Risk exposure

Through its defined benefit plans the Group is exposed to a number of risks, the most significant of which are detailed below:

Investment risk

The defined benefit plans are funded with insurance company of India. The Group does not have any liberty to manage the funds provided to insurance company. The Fund is managed by the insurance company and the assets are invested in their conventional group gratuity product. The fund is subject to market risk as the price of units may go up or down. The present value of the defined benefit obligation is calculated using a discount rate determined by reference to the Government of India bonds. If the return on plan asset is below this rate, it will create a plan deficit.

Interest rate risk

The defined benefit obligation is calculated using a discount rate based on government bonds. If the bond yields fall, the defined benefit obligation will tend to increase.

Demographic risk

This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria. It

is important not to overstate withdrawals because in the financial analysis the retirement benefit of a short career employee typically costs less per year as compared to a long service employee.

Salary growth risk

The present value of the defined benefit obligation is calculated by reference to the future salaries of plan participants. Higher than expected increases in salary will increase the defined benefit obligation.

Defined benefit liability and employer contributions

The weighted average duration of the defined benefit obligation is 9 years (31 March 2024 - 8 years).

(b) Provident fund

The Provident fund is managed by the Parent Company in line with the Employees Provident Fund and Miscellaneous Provision Act, 1952. The Fund is exempted under section 17 of Employees' Provident Fund and Miscellaneous Provision Act, 1952. Condition for grant of exemption stipulate that the employer shall make good deficiency, if any, in the interest declared by the trust vis-a-vis statutory rate. The contribution by the employer and employees together with the interest accumulated there on are payable to the employees at the time of their separation from the Parent Company or retirement, whichever is earlier. In view of the Parent Company's obligation to meet the interest shortfall, this is a defined benefit plan. The Contribution made by the Parent Company and the shortfall of the interest, if any, are recognised as an expense in profit & loss under employee benefit expense in accordance with an actuarial valuation of provident fund liabilities based on guidance issued by Actuarial Society of India and based on assumptions as mentioned below. Also refer note 19.

The significant actuarial assumptions were as follows:

Particulars	31 March 2025	31 March 2024
Discount rate	6.50%	7.00%
Expected Rate of return on Investment	8.20%	8.20%
Guaranteed rate of return	8.25%	8.15%

Notes to the Consolidated Financial Statements

(All amounts in ₹ Lakhs, unless otherwise stated)

(B) Other long term employee benefit plan

The Parent Company and certain subsidiaries provides benefits in the nature of compensated absences which can be accumulated. The compensated absences are other long term employee benefits plan. Accumulated Compensated Absences which are expected to be availed or encashed within the 12 months from the end of the year are treated as short term employee benefits and the balance expected to be availed or encashed beyond 12 months from the year end are treated as long term liability. Expenses recognised in the Statement of Profit and loss towards compensated absences includes re-measurement gains and losses.

The investments in equity instruments are not held for trading. Instead, they are held for medium or long term investment. Upon the application of Ind AS 109, the group has chosen to designate these investments in equity instruments at FVOCI as the management believe that this provides a more meaningful presentation for medium or long-term investments, than reflecting changes in fair value immediately in profit or loss.

(i) Fair value hierarchy

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the group has classified its financial instruments into the three levels prescribed under the Indian accounting standard. An explanation of each level follows underneath the table.

Financial assets and liabilities measured at fair value - recurring fair value measurements - as at 31 March 2025	Level 1	Level 2	Level 3	Total

Notes to the Consolidated Financial Statements

(All amounts in ₹ Lakhs, unless otherwise stated)

Level 1 [Quoted prices in an active market]

Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments and debentures that have quoted price available. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2 [Fair values determined using valuation techniques with observable inputs]

The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives), Portfolio Management Scheme (PMS) and Alternative Investment Fund (AIF), is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3 [Fair values determined using valuation techniques with significant unobservable inputs]

If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is generally the case for unlisted equity securities and certain Alternative Investment Funds (Equity & Debt), wherein underlying investments are mainly real estate / investment in equity shares of unlisted entities.

There are no transfers between Levels 1, Level 2 and Level 3 during the year.

(ii) Valuation techniques used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices for quoted equity shares and debentures.
- the fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date
- Investments in PMS and AIF carried at fair value, are generally based on available NAVs. The fair value of the unquoted equity shares is determined using valuation technique that maximises the use of relevant observable inputs and minimises the use of unobservable inputs.
- The carrying amounts of trade receivables, loans, cash and cash equivalents, other bank balances, other financial assets, security deposits, trade payables and other financial liabilities are approximate to their fair values.
- Management uses its best judgment in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of the amounts that the Group could have realised or paid in sale transactions as of respective dates. As such, fair value of financial instruments subsequent to the reporting dates may be different from the amounts reported at each reporting date.
- For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to their fair values.

(iii) Disclosures related to unlisted equity securities and Alternative Investment Fund (Equity & Debt) categorized through level 3
a) The following table presents the changes in level 3 items for the year ended 31 March 2025 and 31 March 2024:

b) Description of significant unobservable inputs to valuation

Particulars	Fair Value as at 31 March 2025	Fair Value as at 31 March 2024	Significant unobservable inputs	Assumptions
Unquoted equity shares & Alternative Investment Funds (Equity & Debt)	7,060.08	7,833.06	Fair value of immovable assets like land, nav of AIF (Equity & Debt)	Cost or asset method / determination of NAV based on the underlying investments of AIF.

No reasonable change in assumptions would result in significant changes in the fair value.

c) Valuation processes

The finance department of the Parent Company includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. This team reports directly to the Chief Financial Officer (CFO). The Parent Company also involves external valuation expert, who presents a report that explains the reasons for the fair value movements. Discussions of valuation processes and results are held between the CFO, external valuation expert and the valuation team at least once every year, in line with the Parent Company's reporting periods.

The main level 3 inputs for unlisted equity securities and certain Alternative Investment Funds used by the company are derived and evaluated as follows:

- 1) Cost or assets approach is used to derive the adjusted Net Asset Value which involves determining the value per share based on the respective assets and liabilities.
- 2) Determination of NAV based on the underlying investments of Alternative Investment Fund.
- iv) Fair value of financial assets and liabilities measured at amortised cost; the carrying amounts of financial assets and

financial liabilities recognised in the financial statements approximates their fair values.

- v) Derecognition of Investment in equity instrument designated at FVOCI :

The Group has derecognised the Investment in equity instrument designated at FVOCI amounting to ₹ 3,382.08 Lakhs (31 March, 2024 - ₹ 2,679.96Lakhs) and the gain/(loss) on such disposal (net of tax) amounting to ₹ 1,463.3 Lakhs (31 March, 2024 - ₹ 891.97 Lakhs) has been transferred to Retained Earnings.

The group has disposed certain investments designated as OCI since management does not see any significant appreciation in investments in medium / long-term.

Note: 33 Financial Risk Management

The Group's activities expose it to credit risk, liquidity risk and market risk (i.e. foreign currency risk, interest rate risk and security price risk).

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact of it in the financial statements.

Market risk – security prices	Investments in securities	Sensitivity analysis	Portfolio diversification

Notes to the Consolidated Financial Statements

(A) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments carried at amortised cost.

i) Trade receivables

Customer credit risk is managed by the parent company through established policy and procedures and control relating to customer credit risk management. Trade receivables are non-interest bearing and are generally carrying 30 to 90 days credit terms. The parent company has a detailed review mechanism of overdue customer receivables at various levels within organisation to ensure proper attention and focus for realisation. Trade receivables are consisting of a large number of customers. Where credit risk is high, domestic trade receivables are backed by security deposits. Export receivables are backed by letters of credit. Financial assets are considered to be of good quality and there is no significant increase in credit risk.

Provision for expected credit loss

The requirement for impairment is analysed at each reporting date. For impairment, individual debtors are identified and assessed specifically. The parent company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets. There has been no material default history in the past and accordingly no provision is considered necessary. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables.

ii) Financial instruments and cash deposits

Credit risk from balances with banks and investments is managed by the respective Company's finance department in accordance with the Group's policy. Investments of

(All amounts in ₹ Lakhs, unless otherwise stated)

surplus fund in portfolio management services, alternative investment funds, direct equity and in private companies are made only with approved counterparties and within credit limits assigned to each counterparty, if any. Counterparty credit limits are reviewed by the respective Company's Board of Directors on an annual basis, and may be updated throughout the year subject to approval of the respective Company's Board of Directors. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

Balances with banks and deposits are placed only with highly rated banks/financial institution.

The Group's maximum exposure to credit risk for the components of the balance sheet is the carrying amounts as disclosed.

(B) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Management monitors rolling forecasts of the Group's liquidity position (comprising the undrawn borrowing facilities) and cash and cash equivalents on the basis of expected cash flows.

(i) Maturities of financial liabilities

The tables below analyse the Group's financial liabilities into relevant maturity group based on their contractual maturities.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

(C) Market risk

(i) Foreign currency risk

The Group undertakes transactions (e.g. sale of goods and purchases of raw materials or capital goods) denominated in foreign currencies and thus is exposed to exchange rate fluctuations. The Group evaluates its exchange rate exposure arising from foreign currency transactions and manages the

same based upon approved risk management policies which inter-alia includes entering into forward foreign exchange contracts.

Foreign currency risk exposure

The Group's exposure to foreign currency risk at the end of the reporting period expressed in ₹ Lakhs (foreign currency amount multiplied by closing rate), are as follows:

Notes to the Consolidated Financial Statements

(All amounts in ₹ Lakhs, unless otherwise stated)

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's debt obligations with floating interest rates.

The Group's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

(iii) Security price risk

The Group's exposure to equity securities price risk arises from instruments held by the Group and classified in the Balance Sheet either as fair value through Other Comprehensive Income (OCI) or at fair value through Profit or Loss (Refer Note 30).

To manage its price risk arising from investments in equity securities the Group diversifies its portfolio.

(a) Interest rate risk exposure on financial liabilities

The exposure of the Group's financial liabilities to interest rate risk is as follows:

Particulars	31 March 2025	31 March 2024
Variable rate borrowings	56,746.18	18,358.24
Total borrowings	56,746.18	18,358.24

(b) Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates as below:

Particulars	Impact on profit before tax		Impact on equity

* holding all other variables constant

Note: 34 Capital Management

(a) Risk management

The Group's objectives when managing capital are to:

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital.

The capital structure of the respective Company is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. The respective Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The funding requirement is met through a mixture of equity, long term borrowings and short term borrowings.

In order to maintain or adjust the capital structure, the respective Company may adjust the amount of dividend paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Group monitors capital on the basis of the following gearing ratio:

- net debt (total borrowings and lease liabilities net of cash and cash equivalents)
- divided by total equity

Loan covenants

Under the terms of the major borrowing facilities, the Parent Company is required to comply with certain financial covenants. The Parent Company has complied with the debt covenants throughout the reporting period.

(b) Dividends paid and proposed
