IMPACT POSITIVE INITIATIVES

At GRP, Corporate Social Responsibility (CSR) contributes in shaping the 'How' and the 'Why' of almost every activity we undertake. Over the years, we are happy to have played a role in giving back to the community through our products as well as our CSR activities. We are grateful to have witnessed the positive impact of our efforts; in making a long-lasting difference to the people of India and the world at large.

APPLICATIONS

TYRES

Tyres are the largest consumers of rubber in the globe and use both natural and synthetic rubber. GRP's reclaim rubber is a cost effective alternative used successfully by the World's Leading Tyre Manufacturers in several of their plants around the world.

APPLICATIONS NON-TYRE

Moulded and extruded rubber goods consume large quantities of various types of rubbers. GRP's reclaim rubber is used as a processing aid as well as a cost effective alternative in several of these industries.

Roofing
(EPDM Reclaim, Butyl Reclaim)

Matting
(Natural Rubber Reclaim, EPDM Reclaim)

Footwear
(Natural Rubber Reclaim, EPDM Reclaim)

Adhesive
(Butyl Reclaim, Chlorobutyl Reclaim)

Profiles
(EPDM Reclaim)

Moulded Goods
**(Natural Rubber Reclaim, EPDM Reclaim
Butyl Reclaim, Chlorobutyl Reclaim,
Nitrile Polycoat, Natural Polycoat)**

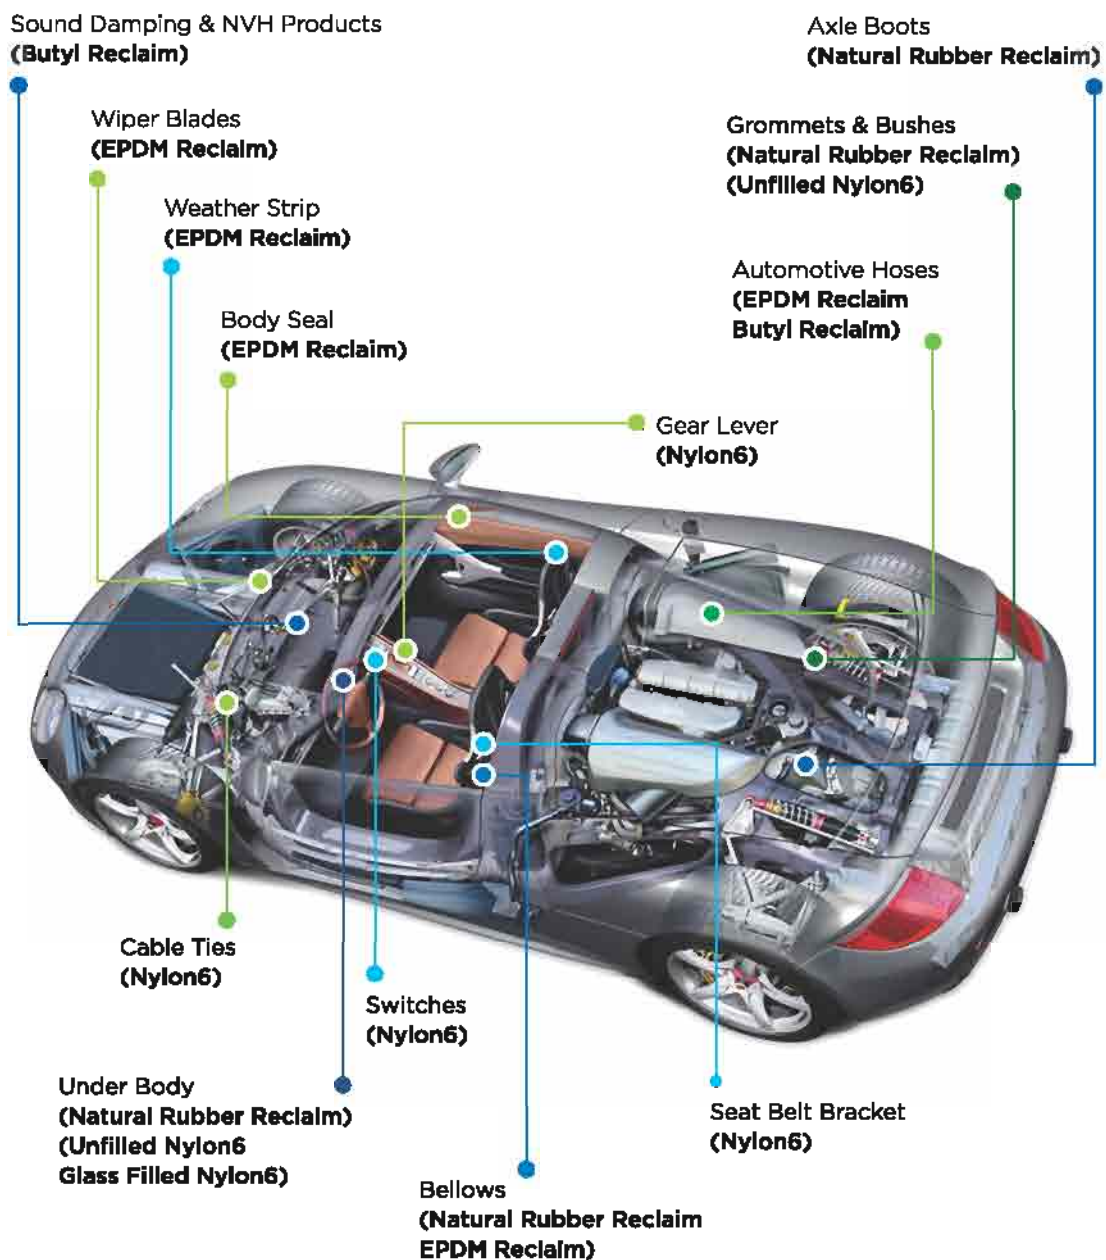

Conveyor Belt
(Natural Rubber Reclaim, EPDM Reclaim)

APPLICATIONS

AUTOMOTIVE

An automobile uses a variety of rubber in its various components. GRP supplies alternate sustainable solutions for a large number of these components - both reclaim rubber and engineering plastics - supplied to several Indian and Global rubber product manufacturers.

SPLICELESS IS BETTER

RINGREAD is the only retreading system that uses splice-less precured rings that adhere perfectly to the casing without a splice, tension or deformation. This means lower fuel consumption and less emissions. The perfect geometry and the use of latest-generation compounds assure higher mileage and better grip under any road condition.

**It's time to be strong.

Annexure to the Notice

Explanatory Statements pursuant to Section 102 of the Companies Act, 2013 relating to the business set out in the accompanying Notice.

Item No.6 & 7 :

As per Notification dated 14th July, 2016 issued by the Ministry of Corporate Affairs regarding the Companies (Cost Records and Audit) Rules, 2014, provisions relating to auditing of cost accounting records are applicable to the Company with effect from 1st April, 2016. Accordingly, the audit of cost accounting records of the Company is mandatory from the financial year 2016-17.

M/s Jitendrakumar & Associates, Cost Accountants (Firm Registration No.101561), has, as required under Section 141 of the Companies Act, 2013, confirmed its eligibility to conduct the audit of the cost accounting records of the Company for the financial year 2016-17 and 2017-18 and has consented to act as the Cost Auditor of the Company.

At the recommendation of the Audit Committee, the Board of Directors has approved the appointment of M/s Jitendrakumar & Associates, Cost Accountants, as the Cost Auditors to conduct the audit of the cost records of the Company for the financial year 2016-17 and 2017-18 at a remuneration of ₹1.45 lakhs p.a. plus out of pocket expenses and taxes.

Section 148 (3) of the Companies Act, 2013 read with Rule 14 of the Companies (Audit and Auditor) Rules, 2014, requires the remuneration payable to the Cost Auditors to be ratified by the Members of the Company. Accordingly, the approval of the Members is sought for passing an Ordinary Resolution for ratification of the remuneration payable to the Cost Auditors for the financial year 2016-17 and financial year 2017-18.

Ratification of remuneration payable to cost auditors for the financial year 2016-17 could not be completed at the 42nd Annual General meeting of the company held on 21st September, 2016, because the aforesaid notification regarding applicability of cost audit was issued after 20th May, 2016 (this notification was issued on 14th July, 2016), being the date of the notice convening the aforesaid annual general meeting.

The Directors recommend the Resolutions for the approval of the Members.

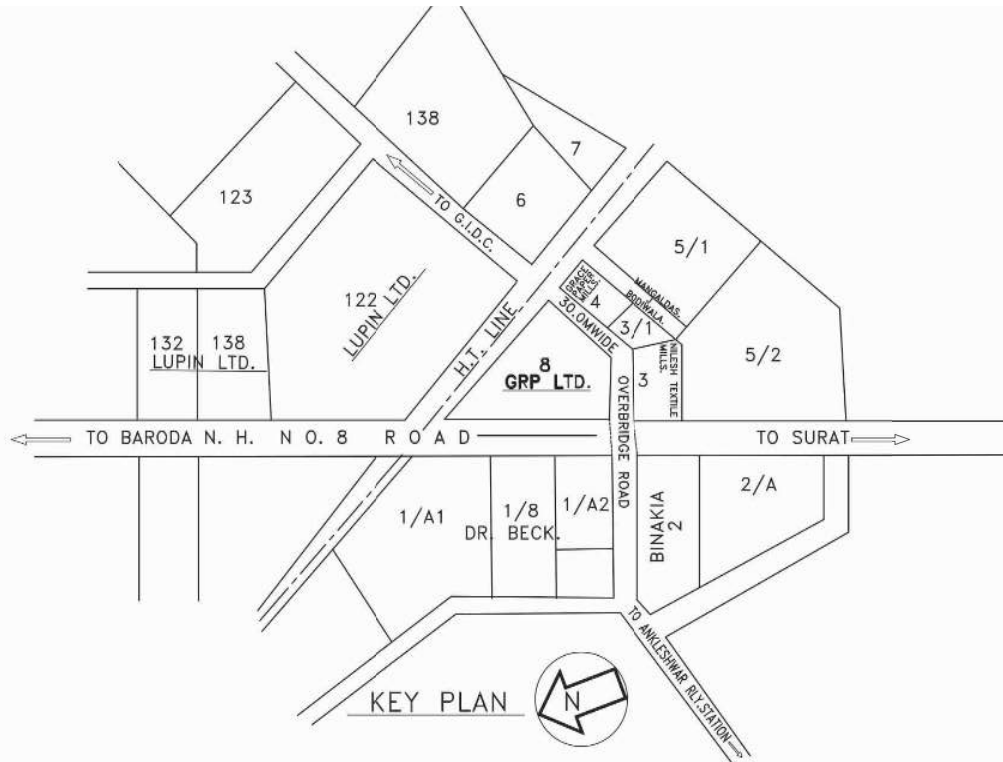

None of the Directors, Key Managerial Personnel of the Company and their relatives, is in any way concerned or interested in the Resolutions.

DIVIDEND

Based on performance of the Company for the year under the report and keeping in line with its dividend pay-out policy, the Board recommends a dividend of ₹10/-per share (100%) for the year ended 31st March, 2017, resulting in total outflow of ₹160.48 lakhs, including the dividend distribution tax. [Previous year total dividend was ₹10/- per share (100%)]. This amount will be appropriated from the profits in the month in which the said dividend is approved at the forthcoming Annual General meeting.

FINANCIAL RESULTS, PERFORMANCE AND FUTURE OUTLOOK

The sales of the company have fallen marginally by 3.54%, mainly due to fall in volume. The fall in the sales is due to a generally sluggish environment both domestic and international. In spite of the fall in sales revenue, the company was able to increase its profit before tax because of lower input prices. Input prices are linked closely to crude oil prices and the price of crude oil has remained subdued throughout the year under review.

The Company continues to strengthen its process capabilities and is well poised to take advantage of a revival in demand. The volatility of prices of crude oil means that input prices are a matter of concern. The continuous rise in employee costs is also a matter of concern, and the company is taking steps to increase the level of automation and increase productivity.

Your Company has realised tax benefits u/s 35(2AB) of Income Tax Act on account of approval received from Department of Scientific & Industrial Research, Ministry of Science & Technology (DSIR) Government of India, New Delhi.

CAPITAL STRUCTURE

In view of the decline in sales revenue, the company has maintained prudent control on capital spending while continuing to invest in items which increase productivity. With profits continuing to accrue, the company was able to meet all its repayment obligations and maintain its liquidity position. The debt equity ratio of 0.52 is low by standards prevailing in the industry. Considering the consistency in operating parameters, the company's ratings were revised to A negative with stable outlook (revised from negative outlook) for long term debt and rating of A2 plus for its short term working capital debt was reaffirmed by CRISIL.

AWARDS & ACCOLADES:

The year under review saw GRP win accolades among its peers. GRP was again the recipient of the CAPEXIL award for Top Export in rubber product panel, the AIRIA award for Top Export in raw material sector, for its export performance. These awards were in the entire raw material category signifying GRP's standing among peers in Carbon Black, Synthetic Rubber, Rubber Process Oil industries too, while your company continues to be in a commanding position in the reclaim rubber industry.

SUBSIDIARIES

Salient features of the financial statements of its Wholly-owned Subsidiary company viz. Grip Polymers Limited, subsidiary body corporate of Grip Polymers Ltd., viz. Gripsurya Recycling LLP and joint venture company viz. Marangoni GRP Pvt. Ltd., in form AOC-1 are attached herewith. (Annexure 1).

All the Independent Directors have submitted their declarations to the Board to the effect that they meet the required criteria of independence as mentioned in the provisions of Section 149(6) of the Companies Act, 2013.

DIRECTORS' RESPONSIBILITY STATEMENT

In accordance with the provisions of Section 134(5) of the Companies Act, 2013 the Board of Directors confirm that :

- (a) in the preparation of the annual accounts for the year ended 31st March, 2017, the applicable accounting standards have been followed and there had been no material departure;
- (b) the Directors have selected such accounting policies and applied them consistently and made judgements and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the company as at 31st March, 2017 and of the profit and loss account of the company for the year ended on that date;
- (c) the Directors had taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013, for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- (d) the Directors had prepared the annual accounts on a going concern basis;
- (e) the Directors, had laid down internal financial controls to be followed by the Company and that such internal financial controls are adequate and were operating effectively; and
- (f) the Directors had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

MANAGEMENT DISCUSSION AND ANALYSIS AND CORPORATE GOVERNANCE

Report on Management Discussion and Analysis and Corporate Governance attached herewith (Annexure 2) form an integral part of this report. The certificate from Auditors of the Company, certifying compliance of the conditions of corporate governance as stipulated in schedule V to SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, is annexed to the report on corporate governance (Annexure 3).

STATUTORY AUDITORS

In accordance with the provisions of Section 139 of the Companies Act, 2013 read with Rule 6 of The Companies (Audit and Auditors) Rules, 2014, every Company shall appoint Statutory Auditors to hold office for one term of 5 years and such appointment is subject to ratification by the Members every year in the annual general meeting. The Act further makes it mandatory to rotate the statutory auditors after two terms of 5 years, in case of a firm of auditors. Further, Companies have been given time till the year 2017 to effect rotation of Auditors, wherever necessary.

As you are aware, M/s. A.B. Modi & Associates, Chartered Accountants, Mumbai, have been the statutory auditors of the company for more than 10 years. In order to comply with the requirements mentioned above, it is proposed to go in for rotation of the aforesaid Statutory Auditors at the ensuing 43rd Annual General Meeting by appointing a new firm of Chartered Accountants to act as the Statutory Auditors of the Company.

M/s. A.B.Modi & Associates, Chartered Accountants, Mumbai, have accordingly informed the Company that they will not be seeking re-appointment as Statutory Auditors at the forthcoming 43rd Annual General Meeting.

M/s.DKP & Associates (Firm Regn. No.126305W), Chartered Accountants, Mumbai, a firm of long standing have been identified for appointment as the Statutory Auditors of the Company.

Being eligible for appointment under the provisions of the Companies Act, 2013, they have furnished their consent to act as the Statutory Auditors, in terms of the second proviso to Section 139 of the Act and also provided a certificate to the effect that their appointment, if made, shall be in accordance with the conditions laid down and that they satisfy the criteria provided under Section 141 of the Act. The Board of Directors, on the recommendations of the Audit Committee, at the meeting held on 30th May, 2017, has proposed the appointment of M/s.D K P & Associates.

COST AUDITORS

As per the Notification dated 14th July, 2016 issued by the Ministry of Corporate Affairs regarding the Companies (Cost Records and Audit) Rules, 2014, provisions relating to auditing of cost accounting records are applicable to the Company with effect from 1st April, 2016. Accordingly, the audit of cost accounting records of the Company is mandatory from the financial year 2016-17.

M/s Jitendrakumar & Associates, Cost Accountants (Firm Registration No.101561), has, as required under Section 141 of the Companies Act, 2013, confirmed its eligibility to conduct the audit of the cost accounting records of the Company for the financial year 2016-17 and 2017-18 and has consented to act as the Cost Auditor of the Company.

At the recommendation of the Audit Committee, the Board of Directors has approved the appointment of M/s Jitendrakumar & Associates, Cost Accountants, as the Cost Auditors to conduct the audit of the cost records of the Company for the financial year 2016-17 and 2017-18 at a remuneration of ₹1.45 lakhs p.a. plus out of pocket expenses and taxes.

Section 148 (3) of the Companies Act, 2013 read with Rule 14 of the Companies (Audit and Auditor) Rules, 2014, requires the remuneration payable to the Cost Auditors to be ratified by the Members of the Company.

Ratification of remuneration payable to cost auditors for the financial year 2016-17 could not be completed at the 42nd Annual General meeting of the company held on 21st September, 2016, because the aforesaid notification regarding applicability of cost audit was issued after 20th May, 2016 (this notification was issued on 14th July, 2016), being the date of the notice convening the aforesaid annual general meeting.

SECRETARIAL AUDIT REPORT

Chetan R. Shah, Practicing Company Secretary has conducted secretarial audit pursuant to the provisions of Section 204 of the Companies Act, 2013 and the Rules made thereunder. His secretarial audit report is attached herewith. (Annexure 4)

VIGIL MECHANISM

The Company has established a vigil mechanism and oversees the genuine concerns expressed by the employees and other Directors. The Company has also provided adequate safeguards against victimization of employees and Directors who express their concerns. The Company has also provided direct access to the Chairperson of the Audit Committee in exceptional cases. Vigil Mechanism (Whistle Blower) Policy has been hosted by the company on its website. The web link to access the above policy hosted by the company on its website www.grpweb.com is as follows:

DEVELOPMENT AND IMPLEMENTATION OF RISK MANAGEMENT

Periodic assessments by functional heads to identify the risk areas are carried out and Management is briefed on the risks to enable the Company to control risks through a properly defined plan. The risks are classified as financial risks, operational risks and market risks. The risks are taken into account while preparing the annual business plan for the year. The Board is also periodically informed of the business risks and the actions taken to manage them.

DETAILS OF POLICY DEVELOPED AND IMPLEMENTED BY THE COMPANY ON ITS CORPORATE SOCIAL RESPONSIBILITY (CSR) ACTIVITIES

CSR Committee has been constituted by the Board of Directors. The Committee has adopted CSR policy to contribute towards social and economic development of the communities where the Company operates in, and while doing the same, to build a sustainable way of life for all sections of society, with emphasis and focus on education, health care, sustainable livelihood and empowerment of women. The CSR Policy has also been uploaded on the website of the Company. The web link to access the above policy hosted by the company on its website www.grpweb.com is as follows:

Management Discussion and Analysis Report 2016-17

During the year under review, the global polymer consumption had been lower than the industry expectations on account of weak macro-economic factors and a slowdown in major rubber producing countries. A significant reduction in virgin rubber prices on back of low oil prices resulted in rendering reclaim rubber less attractive for use. However despite this, your company has been able to sustain its share in the Indian market to around 18% and maintain share of 50% of India's exports of this product. Overall volume sales for GRP have been at 56605 MT compared with previous year at 55861 MT.

Key Parameters	2016-17	2015-16
Turnover (₹lakhs)	30,029	31,132
Profit after Tax (₹lakhs)	837	802

Business overview :

GRP believes its efforts to save valuable resources aligns with its ability to supply quality sustainable materials to the global automotive, engineering and infrastructure sectors. The company's products help reduce carbon foot print, aid processing, enhance properties in the customer formulations. A brief on each of the business units follows.

Reclaim Rubber (RR) – This business continues to constitute more than 90% of the company's revenues and continues to provide the resources to support growth in the other business units. Considering RR is used as a partial substitute to virgin rubbers, its demand, pricing has a strong correlation with the pricing of and demand-supply of the virgin rubbers. RR has been used in Automotive Tyres, tubes, non-tyre automotive, conveyor belts and other construction related products. Your company maintains a leadership position in this business within India and a global footprint with reputed tyre & non-tyre companies as its customers.

Industrial Polymers (IP) – The IP business has been through a major transition during the year under review. While your company's unique process for upcycling waste Polyamide (PA) has been established, the low prices of virgin PA has led to delay in complete commissioning of the manufacturing plant. This in turn has helped the R&D efforts at altering the process for reducing process costs and improve product purity. The plant is expected to be commissioned during the current fiscal. Your company continues to produce PA compounds for sale to the industrial & engineering applications.

Custom Die-forms (CDF) – On account of low rubber prices, the market for die-cut products has maintained demand status quo. Your company continues its efforts at exploring alternate product types to grow this business. However, this business uses certain portion of end of lie tyre materials that would otherwise not produce enhanced quality of RR. The presence of this business in the portfolio helps your company with increased control over the supply chain.

Profit after tax for the year 2016-17 as against 2015-16 has increased by 4.36% to ₹837 lakhs. While revenues have declined by 3.54%, profit for the year under review has been marginally higher on account of the savings in raw material & energy.

Segment wise or product wise performance :

In accordance with the Accounting Standard - 17 notified by the Companies (Accounting Standards) Rules, 2006, the company has classified its business into three reportable business segments based on nature of business.

a) **Reclaim Rubber :**

This segment comprises of reclaim rubber sheets for tyre and non- tyre rubber goods industries. The company continues to be a leader in reclaim rubber segment. Revenue of ₹29,341 lakhs was generated from this segment.

b) **Windmill :**

The Company has invested in Windmill at Kuchhadi in Gujarat in the financial year 2009-10. For the power units generated by the Windmill, the Company gets credit in its electricity bill of its Panoli plant in Gujarat. Revenue of ₹76 lakhs was contributed from the captive power generated by the windmill.

c) **Industrial Polymers :**

This segment comprises of Thermoplastic Elastomer compounded products and revenue contribution during the year was ₹193 lakhs.

Capital Expenditure :

A fair share of the capital expenditure in the year under review was towards upgrading the technology to be able to process radial tyres and help reduce manpower deployment. This is in line with the long term plan to increase automated processes in the plant. Since reclaim rubber business does not have a standard organized equipment manufacturing, your company continues to identify the combination of technologies best suited to upgrade technology, yet be able to process the different end-of-life raw materials available for use. Apart from the core equipment for production, your company aims to switchover a large part of its energy needs to cleaner fuels and to this effect, investment in a 0.4MW solar power generation has been made at Chincholi (Solapur) plant of the company. Over the coming years, additional such investments can be expected to replace current sources of power. The capex towards the above initiatives has been ₹196.53 lakhs. Continuous investments over the next 3 years are planned to achieve lower operating costs and improved quality across all locations for the reclaim rubber business.

Joint Venture & Subsidiary :

Post the signing of the Joint Venture (JV) Agreement in November 2015 resulting in the establishment of Marangoni GRP Private Ltd (MGPL), the focus has been on the following activities:

1. Prospecting for and appointing Franchisees in Key Trucking Markets in India
2. Preparing an Equipment Sourcing and Supply Chain for Franchisees
3. Finalising the Product Range to offer maximum coverage of the Indian market
4. Tracking Product Performance in select markets amongst medium and large fleets
5. Recruiting and training MGPL Executives to prepare them to execute the Strategic Plan

By the end of 2016-17, MGPL had signed up one Franchisee in the state of Karnataka and signed MOUs with two more in Tamil Nadu and Maharashtra. An 'active' list of potential Franchisees in target markets is updated on a regular basis to ensure a healthy pipeline.

A key strategy for success of the venture is the availability of cost effective equipment package for Franchisees. Accordingly, vendors have been identified jointly with Marangoni Executives to ensure timely supply of high quality equipment to Franchisees.

Success of the venture is highly dependent upon the product range – quality and market coverage – since this is being imported from Marangoni's plants outside India. The range has been finalized keeping a 2 year horizon and market coverage in excess of 90%. Selective tracking of product performance is being actively done in Indore as well.

MGPL's team was expanded during the year to bring on board sales, service and digital marketing executives with good experience in their domain from leading companies.

GRP has through its wholly owned subsidiary GRIP Polymers Ltd., invested in a franchise in Indore with an objective of offering retreading solution in the region, to serve as a pilot shop for the Marangoni GRP JV. This unit continues to support the GRP Ankleshwar and Panoli plants with material supply for reclaim rubber production needs.

Industry Structure & Development :

The year under review has been historic for a number of events that have shaken the world we live in. From BREXIT in the UK that has the potential to derail the concept of Eurozone as we know today, to demonetization in India that while meant short term pain, is poised to bring in the much needed consumption boom to spur economic growth in the days to come and then the historic elections in USA, which again has the potential to disrupt geopolitics, not just in the American continent, but shift the balance of power across the world. While each of these events will change the course of the future, its impact on the short term have been that of volatility and hence a sense of uncertainty.

The automotive industry in India recovered marginally from its previous year lows and posted a reasonable overall growth. While the passenger vehicle market & two wheeler segments lifted the growth in the industry, the commercial vehicle segment (which consumes bulk of the polymers) witnessed a negative growth and pulled down the overall growth for the automotive sector. This lower sale in the commercial vehicle OE in turn an indicator for the transport & logistics sector in India, suggests a turnaround in the economy has not gained the momentum as expected. The industrial, infrastructure, engineering sectors which account for the other half of polymers consumed returned almost stagnant performance in India on account of no significant capital outlay and led to muted performance in the other major reclaim rubber consuming sectors (conveyor belts, matting & sheeting, tyre retreading, etc). The global scenario is not vastly different than India. While North America saw a spur in manufacturing activity, it seemed constrained to the high tech manufacturing industry, not a large consumer of commodity polymers. Other major economies of the world either faced negative or marginal growth in manufacturing activity. The resultant demand for polymers remained in a low single digit growth range.

Correspondingly, natural rubber consumption witnessed muted growth and resulted in low pricing for major part of the year. The price rise in the latter months of the fiscal seemed a result of global supply glut and was not a sustained rally to lift up the demand for reclaim rubber in the country. The global synthetic rubber industry has also been sieged with overcapacity and low oil prices and most commodity polymers have maintained low prices and witnessed multiple plant closures. With the continued low prices of virgin rubbers, global tyre and non-tyre companies continue to seek lower cost alternative recycled materials to meet their producer responsibility and at the same time, leverage the low virgin rubber prices to their advantage. The resultant impact was a sluggish performance by the reclaim rubber industry in India and globally. Basis available estimates, reclaim rubber consumption grew marginally by 0.5%, but its consumption as a percentage to total polymers marginally dipped. On the other hand, there continues to be excess supply of reclaim rubber globally and has consequently led to margin erosion for majority of the manufacturers. This has been a troubling indicator for future demand and your company is therefore taking active steps in bringing down operating costs to maintain attractiveness of its products.

The Industrial Polymers business witnessed a wildly swinging price structure of Polyamide 6 (PA) and that forced your company to reinvent the process for producing PA from end of life tyre cord waste. While the consuming sectors have seen flat volumes, the competition in the recycled PA space was fairly intense and put the pressure on your company's margins. In line with the stated objective to move up the value chain across all

businesses, your company has commenced producing reinforcing PA compounds. While this sector is closer to the end markets, product development would be a key differentiator in the marketplace. Your company with its research and development capability and a team of qualified technologists is confident of creating an impact by moving up the value chain. We continue to develop alternate products to compete with the established multinational companies and local engineering plastic compounders.

Custom Die Forms business is a niche business in which products made out of end of life tyres are used to cater to global agricultural equipment manufacturers, dock bumper pad suppliers, industrial flooring mats etc. mainly in North America. The good availability of truck bias tyres in India has ensured that this remains a viable business. However, with growing radialisation in the CV segment, future growth opportunities could be limited.

Opportunities, Risks and Concerns :

In major segments that we operate, while the pressure on the core business is likely to continue for several more quarters, your company continues to actively pursue its value chain strategy of product manufacturing using recycled materials at its core. To this effect, the tyre retreading business in joint venture with Marangoni S.p.A has gained the necessary traction to expand the franchisee network and localize the product specifically for India. Another diversification, your company is pursuing is manufacture of products based on recycled rubbers and other polymers. The products intended to be produced shall initially be for captive consumption of your company's technology partner, but open opportunities in the Indian transportation, construction, military, housing sectors in the future. This will help your company build a portfolio of businesses around end of life materials which provide a natural hedge in the volatile.

Exports continue to contribute around 60% of your company's revenue. The geo political events from the last fiscal year have made pricing decisions increasingly difficult given the wild currency fluctuations. While volumes in the international markets remain consistent compared to previous years, the year under review witnessed some large customers shifting away from use of reclaim rubber in formulations, given the lower synthetic rubber prices. While this may be an isolated incident for the short term, the risks of multiple customers following a similar strategy cannot be ruled if polymer prices remain low for extended periods of time. Your company is actively pursuing initiatives to lower manufacturing costs in light of above development.

Mitigating risks is a key part of ensuring business sustainability. Risk Management continues to play an important role in the key result areas of the company and specific actions are being taken in the areas of energy cost control, pollution control, supply chain empowerment, manpower deployment among others.

Outlook :

GRP's strong distribution network in several countries continues to help us acquire more customers and maintain our leadership position. The company has instituted several steps including a Global Business Partners Meet every two years to build closer relations with our International and Indian Distributors and have better market intelligence. While International markets will continue to receive significant attention, focus will be increased on India to grow penetration into more rubber industry sectors. The GST regime which is likely to be effective in the second half of current fiscal year, is likely to have a significant impact on the sales and also on the prices of major inputs.

Internal Control Framework :

Your Company conducts its business with integrity and high standards of ethical behaviour, and in compliance with the laws and regulations that govern its business. Your Company has a well-established framework of internal controls in operation, supported by standard operating procedures, policies and guidelines, including suitable monitoring procedures and self-assessment exercises. There are Internal Audit and Compliance functions in place which are responsible for independently evaluating the adequacy of all internal controls and ensuring operating and business units adhere to internal processes and procedures as well as to regulatory and legal requirements. The audit function also proactively recommends improvements in operational processes.

In addition to external audit, the financial and operational controls of your Company at various locations are reviewed by the Internal Auditors, to report significant findings to the Audit Committee of the Board. The Audit Committee reviews the adequacy and effectiveness of the implementation of audit recommendations including those relating to strengthening the Company's risk management policies and systems. Compliance with laws and regulations is also monitored through a matrix of a well laid down framework which requires individual functions to confirm and report statutory compliances on all laws and regulations concerning their respective functions and which gets integrated with the overall compliance reporting on all laws and regulations for the purposes of review and monitoring by the Audit Committee.

People and Practices :

Human capital is the most valued resources of any Company, and at GRP it is no different. There is always a zest for updating your Company with the best HR practices followed by industries world-wide. The Human Resources Department has always been an enabler to other departments in fulfilling their duties. From supporting over 1300 employees and their families to negotiate life challenges, to help and assist the Company in negotiating more complex corporate challenges has been the hallmark of HR department. Our valuable asset our employees are supported in driving key business objectives of the Company. Our Performance Management System provides the structure for the department to measure its progress on meeting its goals, in alignment with the strategic themes of the Company. Over the past year, the department has focused on continuous improvement to increase efficiency and accountability through a variety of training programs. The department also continues to provide support to Corporate projects such as High 5 and effective utilisation of workforce. At GRP, HR department plays a critical role in ensuring that your Company has high-performing and engaged employees equipped to deliver results.

The GRP board comprises individuals distinguished in their field of experience & expertise and alumni of some of the world's most renowned educational institutions. The board continues to provide strategic direction to the company and engages actively towards inputs on the company's long-term vision. Under the guidance of the board, and inputs from key customer stakeholders of the company, a strategy exercise was undertaken with a 3-year objective. The initiative titled "High-5" has been divided across 31 initiatives, spanning 16 projects rolled out across the organization. Employees across the organization, spanning different functions are engaged in projects with a common agenda, towards a common purpose.

Manufacturing operations :

Your Company's core activities include manufacturing multiple grades of reclaim rubber, Customs Die Forms, Industrial Polymers. The Company has manufacturing operations in states of Gujarat, Maharashtra and Tamil Nadu. All of Company's sites are re-certified for ISO 9001:2008, ISO 14001:2004 & BS OHSAS 18001:2007.

Health Safety and Environment :

Your Company targets zero injuries and incidents via an active EHS program deployed across all its plant locations and HO. As a part of this program various systems like Air Pollution Control System, Fume Extraction System and Eco Ventilators are in place at all its manufacturing sites. Required safety systems are in place at all sites to maintain high standard of safety and health of employees as well as plant machinery, building and material. Safety Council, comprising of a cross-functional plant teams, has been instituted last year to identify, assess and mitigate the risks in the EHS area.

Raw Materials :

Due to bulk imports of radial tyres for competitive applications, the availability of bias end of life tyres has improved in this year in local market. It is foreseen that a similar trend will continue in the next financial year. Drop in crude oil prices resulted in less demand from pyrolysis, and alternative use for end of life tyres. Your company is investing in technological up-gradation of its existing manufacturing processes to cater to alternate materials.

Risk Management :

Last year, your Company has instituted an Enterprise Risk Management (ERM) framework, a formal process at enterprise level to routinely identify, assess and mitigate various types of risks that company is exposed to due to internal as well as external economic environment. The Risk Management framework is a three- pronged defined model sitting atop the functional processes and internal audit mechanism already in place to protect customers, employees, shareholders and other stakeholders to achieve desired business objectives and sustainable growth. ERM framework promotes a risk aware culture with a monthly risk review mechanism in place by individual and cross-functional teams with quarterly reporting of the Risk Register to the Board. Key risks identified by your Company are listed below.

Market Risk

Your Company is exposed to multiple risks from external market environment including, inadequate demand in key geographies, dependence on a few large volume global customers, volatility in foreign currency rates and loss of sale due to increased price competition or inadequate availability of raw material (end of life tyres and tubes) due to growing alternate uses.

Your Company mitigates the Market Risk via market expansion into new geographies, industries, customer segments, establishment of strong Key Account Management process which creates visibility of key global accounts across the organization for superior customer service, establishment of currency bands with key overseas customers to hedge against currency fluctuations and improved demand forecasting process.

Operational Risk

Your Company's core activity includes manufacturing multiple grades of reclaim rubber, Custom Die Forms and Industrial Polymers. The Company has manufacturing operations in states of Gujarat, Maharashtra and Tamil Nadu. The Company is exposed to risks of process failures, substandard quality products resulting in customer complaints, environmental pollution, inefficient operations, risking manufacturing costs, technological obsolescence, project failures, IT system failures, gaps in meeting vendor SLAs (Service Level Agreements), safety incidents etc.

Your Company mitigates these risks via deployment of best in class People, Processes, Systems, Technology, Quality Assurance / Risk Management Framework and Project Management Methodologies. The Company routinely evaluates its performance in each of these areas to ensure a minimum level of cost efficiency, quality and customer satisfaction. The Company has evaluated best available technologies across the world and made significant investments in the past year to upgrade its technology to reduce the over dependence on manual labour as well as to process alternate raw material types increasingly available in the market, such as radial tyres. Company also routinely manages supply chain risks related to timely raw material availability and pricing, vendor dependency and logistics.

Last year, the Company successfully implemented a world-class reverse auction system to get superior pricing of input raw materials and services. The Project Management methodology put in place over a year ago has yielded good results in terms of timely completion of the capital projects for process and technology upgrade at desired ROI. Company also successfully reduced power and fuel costs last year by putting in systems that allow flexibility of using alternate sources of fuel and power, such as gas, furnace oil, wind and solar power, to avail benefit of varying market pricing of each. All of Company's sites are certified for ISO 9001:2008, ISO 14001:2004 & BS OHSAS 18001:2007. Company's Strategic Program launched last year to improve its capability and market positioning has yielded good initial results.

IT Risk

With growing need for data storage and use of IT software applications, your Company faces the usual risk of potential data loss related to hardware failure. Company also faces risk of cyber crime related to hacking and theft.

To mitigate this risk, the Company has adopted industry standard operating procedures for data consolidation and automated backup procedures to mitigate risk of data loss and cyber crime risk. The Company is also in the process of implementing an enterprise wide IT policy in line with industry standards.

People Risk

In line with Company's original philosophy of providing livelihood in smaller cities, majority of Company's processes were labour intensive. This increased Company's exposure to various labour related risks, including unionization, labour shortages during summer months, human error in its processes and higher manpower costs.

Your Company has introduced technological led automation in all of its operations to reduce the contract workforce and its over dependency on manpower. Company uses Industrial Relations best practices to promote cordial working relations with local and national labour unions to mitigate risks of potential disruptions. Company is also planning to deploy best in class HR methodologies to improve employee engagement, branding, talent management and competency development.

Financial Risk

Your Company is exposed to various types of financial risks in its normal course of operation, including interest rate and foreign exchange rate movements, frauds and errors in at all levels.

Company maintains sufficient liquidity, so that it is able to meet its financial commitments on due dates and is not forced to obtain funds at higher interest rates. It also does foreign exchange hedging at regular intervals in line with guidance from leading banks and financial advisors. The foreign exchange market is highly regulated and GRP ensures compliance with all regulations.

Risk due to frauds and errors :

Any organization is exposed to risks due to frauds and errors in all functions and at all levels. There are adequate internal controls in place including internal financial controls. Periodic internal audits act as a preventive measure. There is adequate insurance cover to mitigate risks where feasible.

Sustainability practices :

While GRP plays an important role in cleaning of end of life rubber waste, the company has maintained a conscious principle of ensuring its operations and practices are also clean. Towards this agenda, the company has invested significant resources to become 'zero discharge' at three of its manufacturing facilities with the plan to implement at its other location too.

Cautionary Statement :

Statement in the Management Discussion and Analysis describing the company's objectives, projections, estimates and expectation may be forward looking within the meaning of applicable laws and regulations. Actual results might differ materially from those either expressed or implied. The company assumes no responsibility to publicly amend, modify or reverse any forward looking statements, on the basis of any subsequent developments, information or events.

REPORT ON CORPORATE GOVERNANCE

Corporate Governance may be described as a set of systems, processes and principles which ensure that a company is governed in the best interest of all stakeholders. It ensures commitment to values and ethical conduct of business, transparency in business transactions, Statutory and legal compliances, adequate disclosures and effective decision-making to achieve corporate objectives. In other words, Corporate Governance is about promoting corporate fairness, transparency and accountability. Good Corporate Governance is simply Good Business.

1. Company's Philosophy on Corporate Governance

Corporate Governance ensures fairness, transparency and integrity of the management. Corporate Governance is a way of life, rather than a mere legal compulsion. It further inspires and strengthens investor's confidence and commitment to the Company. Any good Corporate Governance provides an appropriate framework for the Board, its committees and senior management, to carry out the objectives that are in the interest of the Company and the stakeholders.

The Company maintains highest levels of transparency, accountability and good management practices through the adoption and monitoring of corporate strategies, goals and procedures to comply with its legal and ethical responsibilities.

We believe that sound Corporate Governance is critical to enhancing retaining investor trust. Accordingly, we always seek to ensure that we attain our performance goals with integrity. Our Board exercises its fiduciary responsibilities in the widest sense of the term.

NOMINATION AND REMUNERATION POLICY

This Nomination and Remuneration Policy is being formulated in compliance with Section 178 of the Companies Act, 2013 read along with the applicable rules thereto and Clause 49 of the Listing Agreement, as amended from time to time. This policy on nomination and remuneration of Directors, Key Managerial Personnel (KMP) and Senior Management has been formulated by the Nomination and Remuneration Committee (NRC or the Committee) and has been approved by the Board of Directors at its meeting held on 30th May, 2015, and amended as per the approval of the Board of Directors at its meeting held on 10th November, 2016.

Definitions:

- 1) “Remuneration” means any money or its equivalent given or passed to any person for services rendered by him and includes perquisites as defined under the Income-tax Act, 1961;
- 2) “Key Managerial Personnel” means:
 - i) Managing Director or Chief Executive Officer or Manager and in their absence, a Whole-time Director;
 - ii) Chief Financial Officer;
 - iii) Company Secretary; and
 - iv) such other officer as may be prescribed.
- 3) “Senior Managerial Personnel / Senior Management” mean and comprise all members of management of rank equivalent to Senior General Manager and above.

* This amendment is as per the approval of the Board of Directors at its meeting held on 10th November, 2016.

Unless the context otherwise requires, words and expressions used in this policy and not defined herein but defined in the Companies Act, 2013 as may be amended from time to time shall have the meaning respectively assigned to them therein.

Objective:

The objective of the policy is to ensure that,

- The level and composition of remuneration is reasonable and sufficient to attract, retain and motivate directors, KMP and senior managerial personnel of the quality required to run the company successfully;
- Relationship of remuneration to performance is clear and meets appropriate performance benchmarks;
- Remuneration to directors, key managerial personnel and senior management involves a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the company and its goals;
- To carry out evaluation of the performance of Directors, as well as Key Managerial and Senior Management Personnel and to provide for reward(s) linked directly to their effort, performance, dedication and achievement relating to the Company's operations;
- To retain, motivate and promote talent and to ensure long term sustainability of talented managerial persons and create competitive advantage;
- To lay down criteria for appointment, removal of directors, Key Managerial Personnel and Senior Management Personnel and evaluation of their performance.

Role of the Committee:

The role of the NRC will be the following:

- To formulate criteria for determining qualifications, positive attributes and independence of a Director.
- To formulate criteria for evaluation of Independent Directors and the Board.
- To identify persons who are qualified to become Directors and to identify persons who may be appointed in Senior Management in accordance with the criteria laid down in this policy.
- To carry out evaluation of Director's performance.
- To recommend to the Board the appointment and removal of Directors and Senior Management.
- To recommend to the Board policy relating to remuneration for Directors, Key Managerial Personnel and Senior Management.
- To devise a policy on Board diversity, composition and size.
- To carry out any other function as is mandated by the Board from time to time and / or enforced by any statutory notification, amendment or modification, as may be applicable.
- To perform such other functions as may be necessary or appropriate for the performance of its duties.

Appointment of Director, Key Managerial Personnel and Senior Management

- a) The Committee shall identify and ascertain the integrity, qualification, expertise and experience of the person for appointment as Director, KMP or at Senior Management level and recommend his / her appointment, as per Company's Policy.
- b) A person should possess adequate qualification, expertise and experience for the position he / she is considered for appointment. The Committee has authority to decide whether qualification, expertise and experience possessed by a person is sufficient / satisfactory for the position.
- c) The Company shall not appoint or continue the employment of any person as Whole-time Director who has attained the age of seventy years. Provided that the term of the person holding this position may be extended beyond the age of seventy years with the approval of shareholders by passing a special resolution.

Term / Tenure:

- a) Managing Director/Whole-time Director :

The Company shall appoint or re-appoint any person as its Executive Chairman, Managing Director or Executive Director for a term not exceeding five years at a time. No re-appointment shall be made earlier than one year before the expiry of term.

- b) Independent Director :

An Independent Director shall hold office for a term up to five consecutive years on the Board of the Company and will be eligible for re-appointment on passing of a special resolution by the Company and disclosure of such appointment in the Board's report.

No Independent Director shall hold office for more than two consecutive terms of maximum of 5 years each, but such Independent Director shall be eligible for appointment after expiry of three years of ceasing to become an Independent Director. Provided that an Independent Director shall not, during the said period of three years, be appointed in or be associated with the Company in any other capacity, either directly or indirectly.

At the time of appointment of Independent Director it should be ensured that number of Boards on which such Independent Director serves is restricted to seven listed companies as an Independent Director and three listed companies as an Independent Director in case such person is serving as a Whole-time Director of a listed company or such other number as may be prescribed under the Act.

Training of Independent directors :

- The company shall provide suitable training to Independent Directors to familiarize them with the company, their roles, rights, responsibilities in the company, nature of the industry in which the company operates, business model of the company, etc. as per Annexure - A to this Policy.
- The details of such training imparted shall be disclosed in the Annual Report

Evaluation :

- a. The Committee shall identify evaluation criteria which will evaluate Directors based on knowledge to perform the role, time and level of participation, performance of duties, level of oversight, professional conduct and independence. The appointment / re-appointment / continuation of Directors on the Board shall be subject to the outcome of the yearly evaluation process.
- b. Framework for performance evaluation of Independent Directors and the Board is as per Annexure - B to this Policy.

Retirement :

The Director, KMP and Senior Management Personnel shall retire as per the applicable provisions of the Act and the prevailing policy of the Company. The Board will have the discretion to retain the Director, KMP, Senior Management Personnel in the same position/ remuneration or otherwise even after attaining the retirement age, for the benefit of the Company.

Remuneration to Directors / KMP / Senior Management Personnel

1) Remuneration to Managing Director / Whole-time Directors:

- a) The Remuneration/ Commission etc. to be paid to Managing Director / Whole-time Directors etc. shall be governed as per provisions of the Companies Act, 2013 and rules made there under or any other enactment for the time being in force and the approvals obtained from the Members of the Company.
- b) The Nomination and Remuneration Committee shall make such recommendations to the Board of Directors, as it may consider appropriate with regard to remuneration to Managing Director / Whole-time Directors.

2) Remuneration to Non- Executive / Independent Directors:

2. The Company will impart Familiarization Programme for new Independent Directors inducted on the Board of the Company.
3. The Familiarization Programme of the Company will provide information relating to the Company, the type of market and geographies in which the Company operates, business model of the Company etc.
4. The programme also intends to improve awareness of the Independent Directors on their roles, rights, responsibilities towards the Company. Further, the Familiarization Programme should also provide information relating to the financial performance of the Company and budget and control process of the Company. The Managing Director or such other authorized officer(s) of the Company shall lead the Familiarization Programme on aspects relating to business / industry. The Chief Financial Officer or such other authorized officer(s) of the Company may participate in the programme for providing inputs on financial performance of the Company and budget, control process etc.

Framework for performance evaluation of Independent Directors and the Board

As per the provisions of Clause 49, the Nomination and Remuneration Committee (the "Committee") shall lay down the evaluation criteria for performance evaluation of Independent Directors and the Board. Further, in terms of Clause 49, the Board is required to monitor and review Board Evaluation Framework. This Framework shall contain the details of Board's self-evaluation framework (including all Committees of the Board and individual directors).

The Board is committed to assessing its own performance as a Board in order to identify its strengths and areas in which it may improve its functioning. To that end, the Committee shall establish the following processes for evaluation of performance of Independent Directors and the Board:

1. Once a year, the Board will conduct a self-evaluation. It is the responsibility of the Chairman of the Board, supported by the Company Secretary of the Company, to organize the evaluation process and act on its outcome;
2. The Committee shall formulate evaluation criteria for the Board and the Independent Directors which shall be broadly based on:
 - 2.1 Knowledge to perform the role;
 - 2.2 Time and level of participation;
 - 2.3 Performance of duties and level of oversight; and
 - 2.4 Professional conduct and independence.
3. The Board / Independent Directors shall be asked to complete the evaluation forms and submit the same to the Chairman.
4. In terms of Section 134 of the Act, the Directors' Report should include a statement indicating a manner in which the Board has done formal annual evaluation of its own performance, performance of Committees and individual Directors of the Company.

Annexure 10

Information pursuant to Section 134 (3)(m) & (q) of the Companies Act, 2013

A) Conservation of energy, Technology absorption, Foreign exchange earnings and outgo :

1. Conservation of energy :

Measures taken:

- Installation of capacitors and continuous monitoring of power factor and maintenance of capacitor, resulting in maintaining the power factor at each location above 0.95 and improving the power utilisation in the plant.
- Provision of automatic power factor panel to maintain the same at desired levels of above 0.95
- Savings in water consumption by using sewage treatment plant at Ankleshwar, Panoli and Chincholi (Solapur) plants.
- Regular maintenance of steam condensate traps and safety valves to avoid leakages.
- Use of variable frequency drive for fume extraction system at Panoli and Solapur plants to reduce the electrical consumption by about 4% use of variable frequency drive for cooling towers at Panoli for power saving of about 5%.
- Scheduling of annual inspection of boilers on weekly off days to reduce the consumption of furnace oil.
- Installation of turbo ventilators in the factory roofings.
- Installation of energy meters on the high voltage motors in the plants and close monitoring of the motor load resulted in considerable reduction of losses due to inefficiencies.
- Use of Air Preheater Units in the heating units and boilers has resulted in savings in fuel by 2%.
- Tree plantation : planting of 60 big trees and 45 small trees at Chincholi (Solapur) plant, 3,985 plants along with saplings at Ankleshwar plant and 545 plants along with saplings at Panoli plant.
- Installation of lighting transformer at Ankleshwar plant has not only enhanced the life of the light fittings but also helped plant save 80 units of energy every day.
- Sourcing of wind energy for Tamilnadu plant. In year 2016-17 95% energy was sourced through wind turbines leading to considerable reduction in greenhouse emissions.
- 400KWp Solar rooftop power plant installed in SL02 will help save 6 Lac energy units annually.

Impact of above measures :

Optimisation of energy consumption

Savings in energy consumption

Received power factor incentive from State Electricity Board

Savings in energy and fuel cost.

2. Technology Absorption:

Company does not use any imported technology for manufacture of reclaimed rubber.

a. Research & Development (R&D)

Company has set up a full-fledged R&D centre at its Panoli plant. The same has been approved during the financial year 2014-15, and further renewed upto financial year 2019-20 by Department of Scientific and Industrial Research (DSIR), Government of India, New Delhi. DSIR has also approved the pilot plant (located at Panoli) for recovery of nylon from ground rubber.

Your Company continues its endeavour towards the following:

- i. Development of new reclaiming process for different elastomers.
- ii. Improvements in existing process and product quality.
- iii. Development of poly-blends and thermoplastic elastomers.
- iv. Laboratory scale development for making anti tack solution for use in reclaim rubber sheets.
- v. Continual improvement of products, processes and production process through innovation using in-house technology.
- vi. Laboratory scale development of value added products using waste and scrap of various elastomers.

Benefits derived as a result of above R&D :

There are encouraging results for anti tack solution for use in reclaimed rubber sheets.

Trials of two additives conducted at Panoli and Solapur have resulted in significant reduction of odour in the product and production area.

Laboratory scale recipe were successfully developed for 50:50 and 30:70, NBR : PVC polyblends

b. Expenditure on R&D

During the financial year 2016-17 your company has spent ₹209.00 lakhs on revenue items debited to respective accounts in the Profit & Loss account and ₹31.12 lakhs on Capital WIP & Plant & Machinery.

3. Foreign Exchange Earnings & Outgo

	₹ in Lakhs

 - b) In respect of the aforesaid loan, there was no amount due during the year.
 - c) In respect of the aforesaid loan, there was no overdue amount during the year.
- (iv) In our opinion and according to the information and explanation given to us, the Company has complied with the provisions of S.185 and S.186 of the Companies Act 2013 in respect of the loan and investments made. We are informed that the Company has not provided any guarantee or securities during the year.
- (v) The Company has not accepted any deposits from the public within the meaning of sections 73 to 76 of the Companies Act and rules framed there under to the extent notified. We are informed that no order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other tribunal.
- (vi) Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under Section 148 (1) of the Act. in respect of its products. We have broadly reviewed the same and are of the opinion that, prima facie, the prescribed accounts and record have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are adequate or complete.
- (vii) (a) According to the information and explanations given to us and the records of the company examined by us, in our opinion, the Company is generally regular in depositing the undisputed statutory dues, including provident fund, employees’ state insurance, income tax, sales tax, wealth tax, service tax, duty of customs, duty of excise, value added tax and other material statutory dues, as applicable, with the appropriate authorities.
- (b) According to the information and explanations given to us and the records of the Company examined by us, the particulars of dues of income tax, sales- tax, including value added tax, duty of customs and duty of excise as at 31st March 2017 which have not been deposited on account of a dispute, are as follows :

Annexure – “B” to the Auditors’ Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of GRP Limited (“the Company”) as of 31st March 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1 Significant Accounting Policies:

(A) Basis of accounting :

The financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis. GAAP comprises mandatory Accounting Standards as prescribed under Section 133 of the Companies Act, 2013 ('Act') read with Rule 7 of the Companies (Accounts) Rules, 2014 and the provisions of the Act (to the extent notified). Accounting policies have been consistently applied by the company and are consistent with those used in the previous year except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard required a change in the accounting policy hitherto in use.

All the assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set-out in Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and the realisation in cash and cash equivalent, the company has ascertained its operating cycle less than 12 months.

(B) Dividend on investment in subsidiary company :

The company recognizes dividend as income only when the right to receive the same is established by the reporting date.

(C) Accounting Estimates :

The preparation of financial statements in conformity with the generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from those estimates. Any difference between the actual result and estimates are recognized in the period in which the results are known / materialised. Any revision to accounting estimates is recognized prospectively in current and future periods.

(D) Fixed assets & Depreciation :

(i) Tangible fixed assets

Fixed assets are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs, if capitalization criteria are met and directly attributable to cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Exchange variation arising from repayment / restatement of the long term debts / borrowings in foreign currencies for acquisition of fixed assets is capitalised in terms of the option exercised by the company as per the MCA circular Notification no. G.S.R.378 (E) dated 11th May, 2011 and further amended by pursuant to circular no. 25 / 2012 dated 9th August, 2012 issued by Ministry of Corporate Affairs.

Gains or losses arising from derecognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

(ii) Depreciation and Amortisation

Depreciation on fixed assets is provided on straight line method for the period for which the assets have been used as under:

- (a) Depreciation on assets is provided over the useful life of assets as prescribed under schedule II of Companies Act, 2013.
- (b) Plant & machinery which have worked for more than single shift, depreciation is provided for accordingly as per rate prescribed in schedule II of the Companies Act, 2013.
- (c) Leasehold land is amortised over the period of lease.

(iii) Intangible Assets and Amortisation

Intangible Assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortised on a straight line basis over their estimated useful lives. The amortisation period and the amortisation method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation period is changed accordingly. Gain or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognized as income or expense in the

(₹ in lakh)

Statement of Profit and Loss. The period of amortisation is as under :

Asset	Period of amortisation
Computer Software	6 years
Copyrights	10 years

(E) Impairment of Assets :

An asset including capital work in progress is treated as impaired when the carrying cost of asset exceeds its recoverable value. An impairment loss is charged to the Profit and Loss Account in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

(F) Borrowing Costs :

Borrowing costs directly attributable to the acquisition, construction or production of qualified assets are capitalized as part of the cost of the respective asset. The borrowing cost eligible for capitalization is being netted off against any income arising on temporary investment of those borrowings. All other borrowing costs are recognized as an expense in the period in which they are incurred.

(G) Government Grants and Subsidy :

Special capital incentive and subsidy received from the government for setting up or expansion of an industrial undertaking in undeveloped area of state, is credited to Special capital incentive and subsidy account under Capital Reserve Account.

(H) Investments :

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

Long term investments are carried at cost. However provision for diminution is made to recognize a decline, other than temporary, in the value of the investments, such reduction being determined and made for each investment individually. Current investments are valued at cost or market value whichever is lower.

(I) Taxes :

Provision for tax is made for both current and deferred taxes. Provisions for current income tax is determined at the amount of tax payable at the applicable rates in respect of estimated taxable income for the year. The Company provides for deferred tax based on the tax effect of timing difference resulting from the recognition of items in the financial statement and in estimating its current tax provision. Deferred tax assets are recognized if there is a reasonable certainty of realisation. The effect on deferred taxes of a change in tax rates is recognized in the Profit & Loss Account in the period in which it has been enacted or substantively enacted as on the balance sheet date.

Minimum Alternative Tax(MAT) credit entitlement is recognised in accordance with the Guidance Note on "Accounting for credit available in respect of Minimum Alternative Tax under the Income-tax Act, 1961" issued by ICAI. MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. At each balance sheet date the company re-assesses MAT credit assets to the extent they become reasonably certain or virtually certain of realisation, as the case may be and adjusts the same accordingly.

(J) Inventories :

Items of inventories are measured at lower of cost or net realisable value after providing for obsolescence , if any. Cost of Inventories comprises of cost of purchase, cost of conversion and other costs incurred in bringing them to their respective present location and condition. Cost of raw materials, stores & spares, packing materials are determined on weighted average basis. However raw materials are written down to realisable value only if the cost of the related finished goods is not expected to recover the cost of raw materials.

Work in - progress and finished goods are valued at lower of cost and net realisable value. Cost of work in progress and finished goods is determined on absorption costing method which include cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Excise duty is included in the value of finished goods.

(K) Income / Expenses Recognition :

- (i) Domestic Sales are recognized on dispatch of goods from factory and Export Sales on transfer of significant risk & rewards of ownership of such goods. Sales are disclosed net of sales tax / Value added tax, discounts and sales return as applicable.
- (ii) Income from Power generation is accounted on the basis of certification of Gujarat Electricity Development Authority.
- (iii) Commission on consignment sales is accounted on receipt of statement of consignment sale.
- (iv) Rentals and all other expenses in respect of leased assets are treated as revenue expenditure.
- (v) Credits on account of Duty drawback and other benefits, which are due to be received with reasonable certainty, are accrued upon completion of exports.
- (vi) Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.
- (vii) Dividend income is recognized when the right to receive dividend is established.

(L) Foreign currency & derivative transactions :

- (i) Transactions denominated in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction. Foreign currency monetary items are restated at the rate as of the date of Balance Sheet.
- (ii) The company enters into forward contract on the basis of past performance or highly probable transactions of export of goods. In case of forward contracts with underlying assets or liabilities, the difference between the forward rate and the exchange rate on the date of inception of a forward contract is recognised as income or expense and is amortised over the life of the contract. Exchange differences on such contracts are recognised in the statement of Profit and Loss in the year in which they arise. Any profit or loss arising on cancellation or renewal of forward exchange contracts are recognised as income or expense for the period. The objective of these derivative instruments is to reduce the risk or cost to the company and is not intended for trading or speculation purposes.
- (iii) Any income or expense on account of exchange difference either on settlement or on translation is recognized in the profit and loss account except in case of long term liabilities, where they relate to acquisition of fixed assets, in which case they are adjusted to the carrying cost of such assets.
- (iv) Exposure on account of Cross Currency swaps entered into by the company is accounted on basis of mark to market losses, if any.

(M) Employees Benefits :**Long Term Employee Benefits :****(i) Defined Contribution Plans :****Provident Fund**

The company makes contribution to statutory provident fund in accordance with the Employees Provident Fund & Miscellaneous Provisions Act, 1952, which is a defined contribution plan and contribution paid or payable is recognized as an expense in the period in which services are rendered by the employee.

(ii) Defined Benefit Plans :**(a) Gratuity**

The company has a defined benefit employee retirement scheme in the form of gratuity trust. The Trustees of the scheme have entrusted the administration of the related fund to the Life Insurance Corporation of India (LIC). Charge for the year is determined on the basis of actuarial valuation using the projected unit credit method, as at the date of the balance sheet. Actuarial Gains / Losses, if any are recognised in the statement of profit & loss. Contributions were deposited with the LIC based on intimation received by the company.

(b) Leave Encashment

Provision for leave encashment, which is a defined benefit, is made based on actuarial valuation done by an independent agency of notified actuaries by using the projected unit credit method. Actuarial Gains / Losses, if any are recognised in the statement of profit & loss.

(c) Superannuation

The Company has Superannuation Plan for its executives - a defined contribution plan. The Company makes annual contribution of the covered employees' salary, subject to maximum of ₹ 1 lakh per employee, for the executive opting for the benefit. The plan is managed by a Trust and the funds are invested with Life Insurance Corporation of India under its Group Superannuation Scheme. Annual contributions as specified under the Trust deed are paid to the Life Insurance Corporation of India and recognised as an expense of the year in which the liability is incurred.

Short Term Employee Benefits :

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. Expense in respect of other short term benefits is recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee.

(N) Lease:**As a lessee:**

Lease agreements where the risk & rewards, incidents to ownership of an asset substantially vest with the lessor are recognised as operating lease. Lease rent under operating lease are recognised in the profit & loss statement on straight line basis.

As a lessor:

The company has leased premises where the company has substantially retained all the risks & rewards of ownership are classified as operating leases. Lease income on such operating leases are recognised in the statement of profit & loss on a straight line basis over the lease term or other systematic basis which is representative of the time pattern in which benefit derived from the use of the leased asset is diminished. Initial direct costs are recognised as an expense in the statement of profit & loss in the period in which they are incurred.

(O) Research & Development:

Capital Expenditure for Research & Development is capitalised when commissioned and included in the fixed assets. Revenue expenditure on Research & Development is charged in the period in which it is incurred.

(P) Provisions, Contingent Liabilities and Contingent Assets :

Provisions: Provisions are recognised when there is a present obligation as a result of a past event. It is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date and are not discounted to its present value.

Contingent Liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Contingent Assets: Contingent Assets are neither recognised or disclosed in the financial statements.

(Q) Earning per Share

The company reports basic and diluted earning per share (EPS) in accordance with the Accounting Standard specified under Section 133 of the Companies Act read with Rule 7 of the Companies (Accounts) Rules, 2014. The Basic EPS has been computed by dividing the income available to equity shareholders by the weighted average number of equity shares outstanding during the accounting year. Earnings considered in ascertaining the company's earnings per share is the net profit for the period. For the purpose of calculating the diluted Earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

(R) Segment reporting :

Identification of segments

INDEPENDENT AUDITORS' REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

To the Members of GRP Limited

Report on the Consolidated Financial Statements

1. We have audited the accompanying consolidated financial statements of GRP Limited ("the Holding Company") and its subsidiary (Including a LLP in which it is a partner and hold majority share) and jointly controlled entity (collectively referred to as "the Company" or "the Group"), comprising of the consolidated balance sheet as at March 31, 2017, the consolidated statement of profit and loss, the consolidated cash flow statement for the year then ended, and a summary of the significant accounting policies and other explanatory information prepared based on the relevant records (hereinafter referred to as "the consolidated financial statements").

Management's Responsibility for the Consolidated Financial Statements

2. The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014. The Board of Directors of the Company are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditors' Responsibility

3. Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act and the rules made thereunder including the accounting and auditing standards and matters which are required to be included in the audit report.
4. We conducted our audit of the consolidated financial statement in accordance with the Standards on Auditing specified under section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.
5. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.
6. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in sub paragraph 8 of the Other Matters paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

7. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2017, and their consolidated profit and their consolidated cash flows for the year ended on that date.

Other Matter

8. We did not audit the financial statement of (i) jointly controlled entity whose financial statements reflect total assets of Rs.107.89 lakhs and net assets of Rs.82.36 lakhs as at 31st March, 2017, total revenues of Rs.0.33 lakhs and net loss of Rs.7.21 lakhs for the year ended on that date, (ii) a LLP in which wholly owned subsidiary company is having majority share, whose financial statements reflect total assets of Rs.518.60 lakhs and net assets of Rs.239.08 lakhs as at 31st March, 2017, total revenues of Rs.667.54 lakhs and net loss Rs.110.98 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statement has been audited by other auditors whose report have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this jointly controlled entity and our report in terms of Section 143(11)(3) of the Act, in so far as it relates to the aforesaid jointly controlled entity and an LLP in which Subsidiary of the Company is holding majority share is based solely on the reports of the other auditors.

Our Opinion is not qualified in respect of this matter.

Report on Other Legal and Regulatory Requirements

9. As required by sub-section 3 of Section 143 of the Act, we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- (b) In our opinion, proper books of account as required by law maintained by the Company, its subsidiary included in the group and joint venture incorporated in India including relevant records relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and records of the Company.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained by the Company, its subsidiary and joint venture company including relevant records relating to the preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2017 taken on record by the Board of Directors of the Holding Company and the report of the statutory auditors of its subsidiary company and joint venture company incorporated in India, none of the directors of the Group companies is disqualified as on March 31, 2017 from being appointed as a director in terms of sub-section 2 of Section 164 of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company and its subsidiary and joint venture company, which are companies incorporated in India and the operating effectiveness of such controls, refer to our separate report in "Annexure A"; and
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations as on March 31, 2017 on the consolidated financial position of the Group. Refer Note 30 to the consolidated financial statements.
 - ii. Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts including derivatives contracts as at March 31, 2017.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary and joint venture company incorporated in India during the year ended March 31, 2017.
 - iv. ANNEXURE - A TO THE AUDITORS' REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31st March 2017, we have audited the internal financial controls over financial reporting of GRP Limited ("the Holding Company") and its subsidiary and jointly venture company, which are companies incorporated in India.

Management's Responsibility for Internal Financial Controls

2. The Respective Board of Directors of the Holding Company, its subsidiary company and jointly venture company, which are company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Holding Company, its subsidiary and joint venture company, which are companies have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2017

Amounts in the financial statements are presented in ₹ Lakhs, except for per share data and as otherwise stated. Certain amounts that are required to be disclosed and do not appear due to rounding off, are detailed in note .

1 (I) Basis of Consolidation

A The consolidated financial statements present the consolidated accounts of GRP Limited with its following Subsidiary and Jointly controlled entity. Companies considered in the consolidated financial statements are :

Name of the Company / Entity	Country of Incorporation	Proportion of Ownership Interest	
		FY 2016-17	FY 2015-16
Subsidiary			
Grip Polymers Limited	India	100.00%	100.00%
Gripsurya Recycling LLP (Subsidiary LLP of Grip Polymers Limited (w.e.f. 06-Jul-2016).	India	99.97%	-
Joint Venture			
Gripsurya Recycling LLP (Jointly controlled entity of Grip Polymers Limited upto 05-Jul-2016)	India	-	50.00%
Marangooni GRP Private Limited	India	50.00%	-

B Principles of consolidation :

The consolidated Financial statements (CFS) are prepared on the following basis in accordance with Accounting standard on "Consolidated Financial Statements" (AS-21), and "Financial Reporting of Interest in Joint Ventures" (AS-27), notified under Section 133 of the Companies Act, 2013.

- The financial statements of the parent company and its subsidiary have been consolidated on a line - by - line basis by adding together, the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances, intra-group transactions and resulting unrealised profits or losses on intra-group transactions.
- The difference between the cost of investment in the subsidiaries and the Company's share of net assets at the time of acquisition of the share in the subsidiaries is recognised in the financial statements as Goodwill or Capital Reserve as the case may be.
- The Company's interest in Jointly Controlled Entities (JV's) is consolidated on a proportionate consolidation basis by adding together the proportionate book values of assets, liabilities, income and expenses and eliminating material intra-group balances and intra-group transactions and resulting unrealised profits or losses on intra-group transactions.
- As far as possible, the consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and appropriate adjustments are made to the financial statements of subsidiaries when they are used in preparing the consolidated financial statements that are presented in the same manner as the Company's standalone financial statements.

1 (II) Significant Accounting Policies:

(A) Basis of accounting :

The financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis. GAAP comprises mandatory Accounting Standards as prescribed under Section 133 of the Companies Act, 2013 ('Act') read with Rule 7 of the Companies (Accounts) Rules, 2014 and the provisions of the Act (to the extent notified). Accounting policies have been consistently applied by the company and are consistent with those used in the previous year except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard required a change in the accounting policy hitherto in use.

All the assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set-out in Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and the realisation in cash and cash equivalent, the company has ascertained its operating cycle less than 12 months.

(B) Accounting Estimates :

The preparation of financial statements in conformity with the generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from those estimates. Any difference between the actual result and estimates are recognized in the period in which the results are known / materialised. Any revision to accounting estimates is recognized prospectively in current and future periods.

(C) Fixed assets & Depreciation :

(i) Tangible fixed assets

Fixed assets are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs, if capitalization criteria are met and directly attributable to cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Exchange variation arising from repayment / restatement of the long term debts / borrowings in foreign currencies for acquisition of fixed assets is capitalised in terms of the option exercised by the company as per the MCA circular Notification no. G.S.R.378 (E) dated 11th May, 2011 and further amended by pursuant to circular no. 25 / 2012 dated 9th August, 2012 issued by Ministry of Corporate Affairs.

Gains or losses arising from derecognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

(ii) Depreciation and Amortisation

Depreciation on fixed assets is provided on straight line method for the period for which the assets have been used as under:

- (a) Depreciation on assets is provided over the useful life of assets as prescribed under schedule II of the Companies Act, 2013.
- (b) Plant & machinery which have worked for more than single shift, depreciation is provided for accordingly as per rate prescribed in schedule II of the Companies Act, 2013.
- (c) Leasehold land is amortised over the period of lease.
- (d) The Subsidiary LLP (previously jointly controlled entity) accounts depreciation on fixed assets on written down value method using the rates specified under the Income Tax Act, 1961.

(iii) Intangible Assets and Amortisation

Intangible Assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortised on a straight line basis over their estimated useful lives. The amortisation period and the amortisation method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation period is changed accordingly. Gain or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognized as income or expense in the Statement of Profit and Loss. The period of amortisation is as under :

Asset	Period of amortisation
Computer Software	6 years
Copyrights	10 years

(D) Impairment of Assets :

An asset including capital work in progress is treated as impaired when the carrying cost of asset exceeds its recoverable value. An impairment loss is charged to the Profit and Loss account in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

(E) Borrowing Costs :

Borrowing costs directly attributable to the acquisition, construction or production of qualified assets are capitalized as part of the cost of the respective asset. The borrowing cost eligible for capitalization is being netted off against any income arising on temporary investment of those borrowings. All other borrowing costs are recognized as an expense in the period in which they are incurred.

(F) Government Grants and Subsidy :

Special capital incentive and subsidy received from the government for setting up or expansion of an industrial undertaking in undeveloped area of state, is credited to Special capital incentive and subsidy account under Capital Reserve Account.

(G) Investments :

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

Long term investments are carried at cost. However provision for diminution is made to recognize a decline, other than temporary, in the value of the investments, such reduction being determined and made for each investment individually. Current investments are valued at cost or market value whichever is lower.

(H) Taxes :

Provision for tax is made for both current and deferred taxes. Provisions for current income tax is made at current tax rates based on assessable income. The Company provides for deferred tax based on the tax effect of timing difference resulting from the recognition of items in the financial statement and in estimating its current tax provision. Deferred tax assets are recognized if there is a reasonable certainty of realisation. The effect on deferred taxes of a change in tax rates is recognized in the Profit & Loss Account in the period in which it has been enacted.

Minimum Alternative Tax (MAT) credit entitlement is recognised in accordance with the Guidance Note on "Accounting for credit available in respect of Minimum Alternative Tax under the Income-tax Act, 1961" issued by ICAI. MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. At each balance sheet date the company re-assesses MAT credit assets to the extent they become reasonably certain or virtually certain of realisation, as the case may be and adjusts the same accordingly.

(I) Inventories :

Items of inventories are measured at lower of cost or net realisable value after providing for obsolescence, if any. Cost of Inventories comprises of cost of purchase, cost of conversion and other costs incurred in bringing them to their respective present location and condition . Cost of raw materials, stores & spares, packing materials are determined on weighted average basis. However raw materials are written down to realisable value only if the cost of the related finished goods is not expected to recover the cost of raw materials.

Work in progress and finished goods are valued at lower of cost and net realisable value. Cost of work in progress and finished goods is determined on absorption costing method which include cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Excise duty is included in the value of finished goods.

(J) Income / Expenses Recognition :

- (i) Domestic Sales are recognized on dispatch of goods from factory and Export Sales on transfer of significant risk & rewards of ownership of such goods. Sales are disclosed net of sales tax / Value added tax, discounts and sales return as applicable.
- (ii) Income from Power generation is accounted on the basis of certification of Gujarat Electricity Development Authority.
- (iii) Commission on consignment sales is accounted on receipt of statement of consignment sale.
- (iv) Rentals and all other expenses in respect of leased assets are treated as revenue expenditure.
- (v) Credits on account of Duty drawback and other benefits, which are due to be received with reasonable certainty, are accrued upon completion of exports.
- (vi) Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.
- (vii) Dividend income is recognized when the right to receive dividend is established.

(K) Foreign currency & derivative transactions :

- (i) Transactions denominated in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction. Foreign currency monetary items are restated at the rate as of the date of Balance Sheet.
- (ii) The company enters into forward contract on the basis of past performance or highly probable transactions of export of goods. In case of forward contracts with underlying assets or liabilities, the difference between the forward rate and the exchange rate on the date of inception of a forward contract is recognised as income or expense and is amortised over the life of the contract. Exchange differences on such contracts are recognised in the statement of Profit and Loss in the year in which they arise. Any profit or loss arising on cancellation or renewal of forward exchange contracts are recognised as income or expense for the period. The objective of these derivative instruments is to reduce the risk or cost to the company and is not intended for trading or speculation purposes.
- (iii) Any income or expense on account of exchange difference either on settlement or on translation is recognized in the profit and loss account except in case of long term liabilities, where they relate to acquisition of fixed assets, in which case they are adjusted to the carrying cost of such assets.
- (iv) Exposure on account of Cross Currency swaps entered into by the company is accounted on basis of mark to market losses, if any.

(L) Employees Benefits :

Long Term Employee Benefits :

(i) Defined Contribution Plans :

Provident Fund

The company makes contribution to statutory provident fund in accordance with the Employees Provident Fund & Miscellaneous Provisions Act, 1952, which is a defined contribution plan and contribution paid or payable is recognized as an expense in the period in which services are rendered by the employee.

(ii) Defined Benefit Plans :

(a) Gratuity

The company has a defined benefit employee retirement scheme in the form of gratuity trust. The Trustees of the scheme have entrusted the administration of the related fund to the Life Insurance Corporation of India (LIC). Charge for the year is determined on the basis of actuarial valuation using the projected unit credit method, as at the date of the balance sheet. Actuarial Gains / Losses, if any are recognised in the statement of profit & loss. Contributions were deposited with the LIC based on intimation received by the company.

(b) Leave Encashment

Provision for leave encashment, which is a defined benefit, is made based on actuarial valuation done by an independent agency of notified actuaries by using the projected unit credit method. Actuarial Gains / Losses, if any are recognised in the statement of profit & loss.

(c) Superannuation

The Company has Superannuation Plan for its executives - a defined contribution plan. The Company makes annual contribution of the covered employees' salary, subject to maximum of ₹ 1 lakh per employee, for the executive opting for the benefit. The plan is managed by a Trust and the funds are invested with Life Insurance Corporation of India under its Group Superannuation Scheme. Annual contributions as specified under the Trust deed are paid to the Life Insurance Corporation of India and recognised as an expense of the year in which the liability is incurred.

Short Term Employee Benefits :

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. Expense in respect of other short term benefits is recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee.

(M) Lease:

As a lessee:

Lease agreements where the risk & rewards, incidents to ownership of an asset substantially vest with the lessor are recognised as operating lease. Lease rent under operating lease are recognised in the profit & loss statement on straight line basis.

As a lessor:

The company has leased premises where the company has substantially retained all the risks & rewards of ownership are classified as operating leases. Lease income on such operating leases are recognised in the statement of profit & loss on a straight line basis over the lease term or other systematic basis which is representative of the time pattern in which benefit derived from the use of the leased asset is diminished. Initial direct costs are recognised as an expense in the statement of profit & loss in the period in which they are incurred.

(N) Research & Development:

Capital Expenditure for Research & Development is capitalised when commissioned and included in the fixed assets. Revenue expenditure on Research & Development is charged in the period in which it is incurred.

(O) Provisions, Contingent Liabilities and Contingent Assets :

Provisions: Provisions are recognised when there is a present obligation as a result of a past event. It is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date and are not discounted to its present value.

Contingent Liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Contingent Assets: Contingent Assets are neither recognised or disclosed in the financial statements.

(P) Earning per Share :

The company reports basic and diluted earning per share (EPS) in accordance with the Accounting Standard specified under Section 133 of the Companies Act read with Rule 7 of the Companies (Accounts) Rules, 2014. The Basic EPS has been computed by dividing the income available to equity shareholders by the weighted average number of equity shares outstanding during the accounting year. Earnings considered in ascertaining the company's earnings per share is the net profit for the period. For the purpose of calculating the diluted Earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

(Q) Segment reporting :

Identification of segments

The company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the company operate.

Allocation of common costs

Common allocable costs are allocated to each segment according to the relative contribution of each segment to the total common costs.

Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

Segment accounting policies

The company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the company as a whole.

(R) Cash and cash equivalents :

Cash and cash equivalents for the purposes of cash-flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.
