MESSAGE FROM MANAGING DIRECTOR

Dear Shareholders,

I, Himanshi Sharma, Managing Director of New Light Industries Limited (Formerly known as New Light Apparels Limited) bearing CIN: L27501DL1995PLC064005 and having the Registered Office at GC-29, Basement, Shivaji Enclave, Raja Garden, New Delhi, India -110027 takes great pride and pleasure to present to you the Annual Report for the financial year 2024–2025. This year has been full of challenges and achievements, marked by our continued commitment to operational excellence, innovation, and sustainable growth in the apparels and textile sector.

The global and domestic textile industry has witnessed volatility due to macroeconomic pressures, shifting consumer preferences, and rising input and logistics costs. Yet, the company has remained resilient, leveraging its core strengths in quality manufacturing, process efficiency, and a dedicated workforce. Our focus on value-added products, strategic capacity utilization, and prudent financial management enabled us to maintain a stable performance.

We continue to invest in technology upgrades, automation, and ESG initiatives to improve productivity, reduce our environmental footprint, and build a stronger, future-ready organization. Our customer-first approach, combined with strict quality controls, ensures that we remain a trusted supplier in both domestic and international markets.

Looking ahead, we are optimistic. Government initiatives in manufacturing, exports, and the 'Make in India' vision are expected to drive demand and open new opportunities in the textile and apparel space. We are strategically positioned to capitalize on these developments through capacity expansion, product innovation, and deeper market penetration.

I take this opportunity to thank our employees, customers, partners, and shareholders for their unwavering trust and support. Together, we will continue to weave a path of progress, guided by integrity, innovation, and a commitment to excellence.

Sincerely,
Himanshi Sharma
Managing Director

OUR BUSINESS

BUSINESS OVERVIEW

Our Company was originally incorporated as 'New Light Apparels Limited' a Public limited company vide a certificate of incorporation dated 3rd January, 1995 issued by the Registrar of Companies, NCT of Delhi and Haryana, as provisions of the Companies Act, 1956. Subsequently, the name of the Company was changed from "New Light Apparels Limited" to "New Light Industries Limited" pursuant to passing of a Special Resolution by the shareholders of the company dated 02nd August, 2025 through Postal Ballot Process by remote e-voting vide notice dated 03rd July, 2025 and a fresh Certificate of Incorporation pursuant to change of name of the Company was issued by Ministry of Corporate Affairs dated 19th August, 2025.

The Corporate Identification Number of our company is L27501DL1995PLC064005. Our Company is promoted by Mr. Sandeep Makkad & Mr. Gurcharan Lal Makkad.

New Light Industries Limited (formerly known as New Light Apparels Limited) is an ISO 9007:2015 certified, a BSE Listed company specialized in manufacturing garments, tailored apparel and uniforms. With an efficient production process, we deliver high-quality school uniforms, sportswear, and corporate uniform to clients worldwide, meeting industry benchmarks for excellence.

- Manufacturer and exporter of Garments, Tailored apparel/uniforms
- Diverse product portfolio
- Cost efficient and punctual Services

Our story began with a vision to pioneer trendy apparel manufacturing. Over the decades, we have evolved into a leading exporter and supplier of a diverse range for men, women, and children garments - from woolen sweaters and gloves to socks and industrial safety gears. We have diverse product range. Keeping pace with the latest fashion pulse, our designs embrace contemporary styles, vibrant colors, and soft, skin-friendly textures that offer a comfortable fit.

NEW PATHS & NEWER ASPIRATION

As we reflect on the successes and learnings of the past year, it is with great enthusiasm that we share our vision for the future—one rooted in diversification, innovation, and adaptability. While our legacy in the textile and apparel industry remains the bedrock of our operations, we recognize that sustainable growth requires bold thinking and forward movement.

The evolving economic landscape, driven by rapid technological advancement, shifting consumer behaviors, and increased emphasis on sustainability, calls for businesses to not only adapt—but to lead. In response, we are charting new paths with newer aspirations that align with the future of industry and society.

With this vision in mind, we have broadened our horizons through the inclusion of new business objects that reflect our intent to enter high-potential sectors:

Consumer Electronics & Appliances: We aim to tap into the growing demand for smart, efficient, and modern electrical and electronic products. Our focus will be on quality, utility, and accessibility, serving both domestic and global markets.

Electric Vehicles (EVs) & Infrastructure: In line with global transitions to clean energy and sustainable transportation, we plan to explore the electric vehicle ecosystem—manufacturing EVs, components, and setting up support infrastructure like charging stations and service centers.

Expanded Textile & Apparel Value Chain: We continue to deepen our core competencies in textiles by integrating advanced processes, broader product categories, and fashion-forward innovations that cater to a global audience.

Digital, E-commerce & Omnichannel Ventures: With retail and consumer behavior increasingly shifting to digital platforms, we are gearing up to embrace online, quick commerce, and omnichannel strategies—making our products more accessible, responsive, and customer-centric.

These new areas are not a departure from who we are—but a natural extension of our values: quality, trust, and customer satisfaction. Our intent is to build a diversified, agile, and future-ready organization that creates long-term value for all stakeholders.

We believe these steps will not only strengthen our competitive edge but also contribute to national priorities such as Make in India, green energy adoption, and digital transformation.

We invite you—our valued shareholders, partners, and employees—to join us on this exciting journey. With your continued trust and support, we are confident in our ability to seize new opportunities, overcome challenges, and shape a brighter, more dynamic future. Together, let's walk these new paths with newer aspirations.

MANAGEMENT DISCUSSION & ANALYSIS

In compliance of Regulation 34(3) and 54(f) read with Schedule V of Securities Exchange Board of India (Listing Obligation and Disclosure Requirements) Regulations, 2015, please find Management Discussion and Analysis Report forming part of Annual Report.

OVERVIEW OF THE BUSINESS:

New Light Industries Limited (formerly known as New Light Apparels Limited) is an **ISO 9007:2015** certified, a **BSE Listed company** specialized in manufacturing garments, tailored apparel and uniforms. With an efficient production process, we deliver high-quality school uniforms, sportswear, and corporate uniform to clients worldwide, meeting industry benchmarks for excellence.

Our story began with a vision to pioneer trendy apparel manufacturing. Over the decades, we have evolved into a leading exporter and supplier of a diverse range for men, women, and children garments - from woolen sweaters and gloves to socks and industrial safety gears. We have diverse product range. Keeping pace with the latest fashion pulse, our designs embrace contemporary styles, vibrant colors, and soft, skin-friendly textures that offer a comfortable fit.

OVERVIEW OF GLOBAL ECONOMY:

The apparel and textile industry are a cornerstone of the global economy and a significant contributor to India's GDP. During 2024, the global economy showed stability despite navigating economic, international relations, and governmental challenges. The World Economic Outlook report by the International Monetary Fund (IMF) indicated global GDP growth at 3.3%. While expansion slowed in more established nations, developing economies, particularly in Asia, generally sustained stable growth. The global economic landscape in 2024 was characterized by persistent difficulties. Key among these were ongoing geopolitical tensions, including the conflict in Ukraine and disruptions impacting shipping in the Red Sea. Additionally, complications in international supply chains and trade disputes between major economies presented continued challenges.

INDIAN TEXTILE INDUSTRY:

The fundamental strength of Indian textile industry is its strong production base with wide range of fibers/yarns. These are natural fibers such as cotton, jute, silk and wool and synthetic/man-made fibers like transnational, manufacturers play the central roles in coordinating production networks. Textile industry is capital- and technology-intensive comparable with automobiles, aircraft, computers, semiconductors and heavy machinery industry. Buyer-driven value chains are those in which large retailers, marketers and branded manufacturers play the pivotal roles in setting up decentralized production networks in a variety of exporting countries, typically located in developing countries.

Technological advancements are also driving opportunities in the industry. The adoption of automation, artificial intelligence, and sustainable practices can enhance production efficiency, reduce costs, and improve product quality. Investment in modern machinery and infrastructure, such as the development of textile parks and clusters, promises to attract investment and streamline supply chains. Additionally, the rise of e-commerce platforms offers new avenues for reaching broader audiences and tapping into emerging consumer segments, while digital marketing strategies can enhance brand visibility and drive sales.

In rural and semi-rural areas, opportunities lie in promoting traditional handloom and handicraft textiles, which can attract niche markets both domestically and internationally. This not only supports local economies but also preserves traditional practices. Government initiatives, including subsidies, tax benefits, and export incentives, further bolster the industry's growth potential. Embracing sustainability through ecofriendly textiles and circular economy practices can appeal to environmentally conscious consumers and open new market segments.

With the global apparel market expected to reach USD 2.37 trillion by 2030, a CAGR of 8% and the global textile and apparel trade projected to grow to USD 1.2 trillion, opportunities for international expansion are set to increase. Domestically, the Indian textile and apparel market is anticipated to grow at a strong CAGR of 10%, reaching USD 350 billion by 2030, with exports contributing USD 100 billion – offering a significant boost to companies with global ambitions. Additionally, the technical textiles sector is poised for substantial expansion, with the global market projected to hit USD 309 billion by 2047. Specifically, the Indian medical textiles segment, expected to grow at 15% annually, signals rising demand in high-value, specialized applications. For companies in the textile industry, this growth trajectory highlights an ideal environment for scaling operations, diversifying product lines, and tapping into both traditional and emerging high-margin markets.

INDIAN TEXTILE INDUSTRY GROWTH OPPORTUNITIES:

- India's expanding domestic market, fueled by a growing middle class, e-commerce growth, and Gen Z consumption trends, is driving strong demand.
- Government initiatives like PM MITRA Parks, the PLI Scheme, and RoSCTL are boosting investment and expansion in the textile sector.
- India's textile exports could grow from USD 45 billion to USD 100 billion, creating up to one million jobs annually through 2030.
- Recent state policies in the Uttar Pradesh, Bihar, Odisha & Madhya Pradesh offer substantial incentives, including capital subsidies, employment support, and tax exemptions, in order to encourage the establishment of textile units lead to job creation.
- India's growing emphasis on textile recycling and the circular economy offers a chance to promote sustainable manufacturing and generate green jobs.
- The UK imports USD 20 billion in textiles, with India holding a 5% share. The FTA strengthens India's position against Bangladesh and Vietnam.

INDIAN TEXTILE INDUSTRY THREATS:

- India's export competitiveness remains low, trailing China, Vietnam, and Bangladesh due to high production costs, lower labour efficiency, fragmented supply chains, and weak vertical integration.
 - India faces supply chain and cost challenges, with a fragmented cotton supply raising logistics costs and high raw material prices making man-made fibres like polyester and viscose costlier than in China.
 - Complex regulations and trade barriers, including burdensome export procedures and limited FTAs, disadvantage India against competitors like Vietnam in major markets.
- Rising sustainability norms, led by global brands and strict EU regulations, challenge Indian MSMEs, especially in meeting demands for green sourcing, renewable energy, and recycling.
- Fast fashion and rising textile waste pose growing concerns, with India's recycling market still small despite expected growth amid global waste projections for 2030.
 - Labour issues like increasing minimum wages, high attrition and migrant worker challenges cause workforce instability, with shortages in textile hubs and under utilised surplus in other states.

- Sustainability compliance costs are rising as global regulations demand stricter environmental and labour standards, increasing production expenses.

MARKET DYNAMICS:

The Indian apparel market is one of the largest in the world, valued at over \$100 billion. It has been experiencing steady growth and is expected to continue expanding at a compound annual growth rate (CAGR) of around 7-8% over the next few years.

➤ Key Drivers of Growth-

Urbanization and Lifestyle Changes: Rapid urbanization and changing lifestyles are driving demand for fashionable and trendy clothing.

Growing E-Commerce: The rise of online shopping platforms has revolutionized the apparel industry, providing a wide reach and convenience to consumers. E-commerce is expected to continue growing, with online sales contributing significantly to overall revenue.

Youth Demographics: India has a large young population that is highly fashion-conscious and increasingly influences apparel trends.

➤ Industry Structure and Developments-

The Indian apparel industry is one of the largest in the world, with a rich history of textile production and a diverse consumer base. However, the industry has faced several headwinds:

Shift in Consumer Preferences: There has been a noticeable shift towards casual wear, athleisure, and sustainable fashion. Consumers are increasingly valuing quality and ethical production practices over price.

E-commerce Penetration: The rise of e-commerce has transformed the retail landscape, with online sales becoming a significant portion of overall apparel sales. The COVID-19 pandemic accelerated this trend, with many consumers opting for online shopping over traditional brick-and-mortar stores.

Raw Material Prices: Fluctuations in the prices of raw materials such as cotton and synthetic fibres have impacted production costs, putting pressure on margins.

Government Policies: The Indian government's policies on labour, trade, and taxation have also influenced the operational environment. Initiatives like the Production-Linked Incentive (PLI) scheme are expected to boost the textile sector, though the full benefits are yet to be realized.

The Indian apparel market, while holding strong potential, has also been impacted by these global trends. It is anticipated to grow annually by 3.81% for next two years. The Company, engaged in the business of apparels, has navigated through a challenging fiscal year marked by competitive pressures, supply chain disruptions, and the broader economic slowdown. In light of the projected 6.7% volume growth in 2025, the Company remains dedicated to fortifying its market position. We are committed to optimizing our operations and aligning our strategies with emerging industry trends to capitalize on market opportunities and achieve sustained growth.

The global economy is predicted to maintain a steady expansion path, with anticipated growth rates of 2.8% for 2025 and 3.0% for 2026. However, recent extensive United States tariffs have driven global rates to historic highs, creating significant uncertainty and risking a near-term slowdown in global growth.

United States growth is forecast at 1.8% in 2025 and 1.7% in 2026, influenced by expected labour market changes and potential lower consumer spending. The Eurozone predicts a recovery, with growth reaching 0.8% in 2025 and improving to 1.2% in 2026, linked to increased consumer spending and reduced inflation.

While global price increases are generally slowing, some regions face stagnant conditions. Global inflation is projected to decline to 4.3% in 2025 and 3.6% in 2026. Developed economies should hit inflation targets sooner. Monetary policies will vary regionally, reflecting diverse economic situations.

COMPANY'S OPERATIONAL PERFORMANCE:

Despite the challenging conditions, the Company has taken several steps to streamline its operations and mitigate losses:

- **Product Portfolio:** The Company has focused on diversifying its product portfolio to include a mix of traditional wear, casual wear, and sustainable clothing lines. Efforts are being made to innovate in design and fabric to cater to evolving consumer demands.
- **Supply Chain Management:** In response to supply chain disruptions, the Company has worked towards strengthening relationships with suppliers and optimizing its inventory management. However, challenges persist in ensuring timely procurement of raw materials at favorable prices.
- **Cost Management:** The Company has undertaken rigorous cost management initiatives, including reducing overheads, optimizing workforce deployment, and renegotiating vendor contracts. These measures have been crucial in limiting the impact of reduced sales on the bottom line.

RISK MANAGEMENT:

The Company has a robust risk management framework in place to identify, assess, and mitigate key risks. Regular reviews are conducted to ensure alignment with the changing business environment. The focus is on financial prudence, operational efficiency, and strategic agility.

HUMAN RESOURCES:

The Company believes that its employees are its greatest assets. Initiatives have been undertaken to enhance employee engagement, training, and development. However, the need for cost management has also led to a rationalization of the workforce, with efforts made to minimize the impact on morale and productivity.

INTERNAL CONTROL SYSTEMS AND ADEQUACY:

The Company has implemented adequate internal control systems commensurate with the size and nature of its business. These systems are designed to ensure operational efficiency, compliance with laws and regulations, and the safeguarding of assets. Regular audits are conducted to assess the effectiveness of these controls, and necessary improvements are made as required.

COMPETITION:

The apparel and textile industry continues to be highly competitive, driven by rapid changes in fashion trends, consumer preferences, and pricing pressures. The Company operates in a dynamic market landscape, facing competition from both domestic manufacturers and international brands. Key competitive factors include product quality, design innovation, cost efficiency, speed to market, and brand recognition. In recent years, the entry of global players and the growth of e-commerce have intensified competition, requiring continuous investment in product development, supply chain optimization, and customer engagement. Despite these challenges, the Company remains well-positioned through its diversified product portfolio, strong distribution network, and focus on sustainable and value-added offerings that cater to evolving market demands.

PROSPECT & OUTLOOK:

The management is of the view that the future prospects of your Company are bright and the performance in the current year is expected to be very well. The committed customers of the Company are expected to place more orders, which ultimately affect the top line of the Company, positively.

NEW PATHS & NEWER ASPIRATION:

As we reflect on the successes and learnings of the past year, it is with great enthusiasm that we share our vision for the future—one rooted in diversification, innovation, and adaptability. While our legacy in the textile and apparel industry remains the bedrock of our operations, we recognize that sustainable growth requires bold thinking and forward movement.

The evolving economic landscape, driven by rapid technological advancement, shifting consumer behaviors, and increased emphasis on sustainability, calls for businesses to not only adapt—but to lead. In response, we are charting new paths with newer aspirations that align with the future of industry and society.

With this vision in mind, we have broadened our horizons through the inclusion of new business objects that reflect our intent to enter high-potential sectors:

Consumer Electronics & Appliances: We aim to tap into the growing demand for smart, efficient, and modern electrical and electronic products. Our focus will be on quality, utility, and accessibility, serving both domestic and global markets.

Electric Vehicles (EVs) & Infrastructure: In line with global transitions to clean energy and sustainable transportation, we plan to explore the electric vehicle ecosystem—manufacturing EVs, components, and setting up support infrastructure like charging stations and service centers.

Expanded Textile & Apparel Value Chain: We continue to deepen our core competencies in textiles by integrating advanced processes, broader product categories, and fashion-forward innovations that cater to a global audience.

Digital, E-commerce & Omnichannel Ventures: With retail and consumer behavior increasingly shifting to digital platforms, we are gearing up to embrace online, quick commerce, and omnichannel strategies—making our products more accessible, responsive, and customer-centric.

These new areas are not a departure from who we are—but a natural extension of our values: quality, trust, and customer satisfaction. Our intent is to build a diversified, agile, and future-ready organization that creates long-term value for all stakeholders.

We believe these steps will not only strengthen our competitive edge but also contribute to national priorities such as Make in India, green energy adoption, and digital transformation.

We invite you—our valued shareholders, partners, and employees—to join us on this exciting journey. With your continued trust and support, we are confident in our ability to seize new opportunities, overcome challenges, and shape a brighter, more dynamic future.

Together, let's walk these new paths with newer aspirations.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act, of the statement of affairs of the Company as at March 31, 2025, and its profit (Including other comprehensive income), its cash flows and changes in Equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of standalone Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter/Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matter to be communicate in our report. We do not express a separate opinion on this matter.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the company's annual report, but does not include the standalone Ind AS financial statements and our auditor's report thereon. The aforesaid report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including Other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the

preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements .

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

Referred to in our report of even date to the members of Newlight Apparels Limited on the financial statements for the year ended 31st March, 2025

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Newlight Apparels Limited ("the Company") as of 31st March, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls with reference to financial statements

The Company's management is responsible for establishing and maintaining internal financial controls with reference to financial statements based on the internal control with respect to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by The Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with respect to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system with respect to financial statements and their operating effectiveness. Our audit of internal financial control with respect to financial statements included obtaining an understanding of internal financial control with respect to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with respect to financial statements.

Meaning of Internal Financial Controls with respect to financial statements

A Company's internal financial control with respect to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with respect to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with respect to financial statements

Because of the inherent limitations of internal financial controls with respect to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with respect to financial statements to future periods are subject to the risk that the internal financial controls with respect to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with respect to financial statements and such internal financial controls with respect to financial statements were operating effectively as at 31st March, 2025, based on the internal controls with respect to financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.
