**INDEPENDENT AUDITORS' REPORT**

**To**  
**The Members of**  
**Bhagawati Oxygen Limited**

**Report on the Audit of the Financial Statements****Opinion**

We have audited the accompanying financial statements of Bhagawati Oxygen Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and Notes to the financial statements, including a summary of Significant Accounting Policies and Other Explanatory Information for the year ended on that date (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and gives a true and fair view in conformity with the Indian Accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and it's financial performance, changes in equity and its cash flows for the year ended on that date.

**Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditors' Responsibilities for the Audit of the financial statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to be communicated in our report.

**Information Other than the Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Report of the Board of Directors, Extract of Annual Returns, Directors Responsibility Statement and other annexure to Directors Report including Shareholder's Information, but does not include the financial statements and our auditor's report there on. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

**Management Responsibility for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing (SAs) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system with reference to financial statements in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial statements made by management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report. Our conclusion is based on the audit evidence obtained up to the date of auditor's report however, future events or conditions may cause the Company to cease to continue as a going concern; and
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

- i. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "**Annexure-A**", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- ii. Further to our comments in the annexure referred to in the paragraph above, as required by Section 143(3) of the Act, we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
  - d) In our opinion, the aforesaid financial statements comply with the requirements specified under Section 133 of the Companies Act, 2013.

**"Annexure B to the Independent Auditor's Report"**

**[Referred to in Paragraph (ii) (f) under "Report on Other Legal and Regulatory Requirements" section of our Independent Auditors' Report]**

**Report on the Internal Financial Controls with reference to financial statements under Clause (l) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls with reference to financial statements of Bhagawati Oxygen Limited ("the Company") as at March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

**Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial control with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

**Meaning of Internal Financial Controls with reference to financial statements**

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles; and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls with reference to financial statements**

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**1. Company Overview**

Bhagawati Oxygen Limited ("the Company") is a public limited company incorporated in India, having its registered office situated Plot 5, Sector 25, Ballabgarh, Haryana- 121004. The Company has its shares listed on Bombay Stock Exchange (BSE). Bhagawati Oxygen Limited is a manufacturing and engineering company with core focus on industrial gas manufacturing, technology, system and equipments.

**2. Significant Accounting Policies****(a) Basis of Preparation**

These accounts have been prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act 2013 ("Act") read with relevant Rules. These financial statements are prepared in accordance with historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values.

The Company has adopted all the Ind AS and the adoption was carried out in accordance with Ind AS 101- First time adoption of Indian Accounting Standards. The transition was carried out from Indian Accounting Principles generally accepted in India as prescribed under Section 133 of the Act, read with relevant Rules which was the previous GAAP. Reconciliations and descriptions of the effect of the transition has been summarized in note 42.

**(b) Use of Accounting Estimates and Assumptions**

The preparation of the financial statements, in conformity with the recognition and measurement principles of Ind AS, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, revenue and expenses and disclosure of contingent liabilities at the date of the financial statements. Actual results could differ from those estimates. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Any revision to the accounting estimates is recognized prospectively.

Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect on the carrying amounts of assets and liabilities within the next financial year are included in the following notes :

- a) Measurement of Defined Benefit Obligations
- b) Measurement and likelihood of the occurrence of provisions and contingencies
- c) Recognition of the Deferred Tax Assets/ Liabilities
- d) Key assumptions used in Fair Valuation Methods of Financial Assets & Liabilities

**(c) Revenue Recognition**

Revenue from sale of goods in the course of ordinary activities is recognized when all significant risks and rewards of their ownership are transferred to the customer as per the terms of the contract and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of the goods and regarding its collection. Revenue is measured at the fair value of the consideration received or receivable and includes excise duty and are net of returns and allowances, trade discounts, volume rebates and sales tax.

Dividend income is recognized when the company's right to receive dividend is established. Interest income is recognized using the effective interest method. Other claims (including claims of price escalation and minimum offtake guarantee) are recognized when there is a certainty of realization and can be measured reliably.

**(d) Property, Plant & Equipment**

Property, Plant and Equipment are stated at cost, less accumulated depreciation and accumulated impairment loss, if any. The cost of Property, Plant & Equipment comprises of its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use. Interest and other financial charges on loans borrowed specifically for acquisition of capital assets are capitalized till the start of commercial production. Depreciation is provided on the straight line method over the estimated useful lives of assets and are in line with the requirements of Part C of Schedule II of the Companies Act, 2013. The estimated useful lives are as follows:

|                      |            |
|----------------------|------------|
| Building             | 30 Years   |
| Plant & Machinery    | 8-25 Years |
| Furniture & Fixtures | 10 Years   |
| Office Equipment     | 5 Years    |
| Vehicles             | 8 Years    |
| Computer             | 3 Years    |

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as Capital Advances under other Non-Current Assets and the cost of assets not put to use before such date are disclosed under 'Capital Work in Progress'. The cost and related accumulated depreciation are eliminated from the Financial Statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit & Loss. The method of depreciation, useful lives and residual values are reviewed at each financial year end.

**(e) Intangible Assets**

Intangible Assets acquired separately are measured on initial recognition at cost. Intangible Assets acquired in a business combination is valued at their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

The useful lives of Intangible Assets are assessed as either finite or indefinite.

Intangible Assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an Intangible Asset with a finite useful life are reviewed at the end of each reporting period. The amortization expense on Intangible Assets with finite lives is recognized in the Statement of Profit & Loss. The Company amortizes intangible assets over their estimated useful lives using the straight line method.

Intangible Assets with indefinite useful lives are not amortized, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit & Loss when the asset is derecognized.

## **(F) Financial Instruments**

### **Initial Recognition and Measurement**

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

### **Subsequent Measurement**

#### **a. Non Derivative Financial Instruments**

##### **(i) Financial Assets carried at amortized cost**

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

##### **(ii) Financial Assets at fair value through other comprehensive income**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

##### **(iii) Financial Assets at fair value through profit or loss**

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

##### **(iv) Financial Liabilities**

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

##### **(v) Investment in subsidiaries**

Investment in subsidiaries is carried at cost in the separate financial statements.

#### **b. Derivative Financial Instruments**

The Company holds derivative financial instruments such as foreign exchange forward and option contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value through profit or loss and the resulting exchange gains or losses are included in other income.

### **Derecognition of Financial Instruments**

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

##### **(g) Fair Value of Financial Instruments**

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

**(h) Impairment**

Impairment is recognized based on the following principles:

**(i) Financial Assets:** The Company recognizes loss allowances using the Expected Credit Loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to life time ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at life time ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in profit or loss.

**(ii) Non-Financial Assets:** Goodwill and intangible assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the assets carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an assets fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest level for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating unit). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of reporting period.

**(i) Provisions, Contingent Liabilities and Contingent Assets**

Provisions are recognized when the Company has a present obligation as a result of a past event, for which it is probable that a cash outflow will be required and a reliable estimate can be made of the amount of the obligation. Contingent liabilities are disclosed when the Company has a possible obligation or a present obligation and it is probable that a cash outflow will not be required to settle the obligation. Provisions & Contingent Liabilities are revalued at each Balance Sheet date. Contingent Assets are not recognized in the financial statements. However, when the realization of income is virtually certain, then the related asset is not a contingent asset and it is appropriately recognized.

**(j) Inventory**

The inventories are valued at cost or net realisable value whichever is lower except for work in progress and advertising material which are valued at cost. The Cost is calculated on weighted average method. Cost comprises expenditure incurred in the normal course of business in bringing such inventories to its location and includes, where applicable, appropriate overheads based on normal level of activity.

**(k) Foreign Currency Transactions & Translations**

The functional currency of the Company is Indian Rupee. These Financial Statements are presented in Indian Rupee. Transactions in foreign currencies entered into by the company are accounted at the exchange rates prevailing on the date of the transaction. Gains & losses arising on account of realization are accounted for in the Statement of Profit & Loss. Monetary Assets & Liabilities in foreign currency that are outstanding at the year end are translated at the year end exchange rates and the resultant gain/loss is accounted for in the Statement of Profit & Loss.

**(l) Employee Benefits****Defined Contribution Plan**

The Company makes contributions towards provident fund to the regulatory authorities to a defined contribution retirement benefit plan for qualifying employees, where the Company has no further obligations. Both the employees and the Company make monthly contributions to the Provident Fund Plan equal to a specified percentage of the covered employee's salary.

**Defined Benefit Plan**

The Company operates a defined benefit gratuity plan in India, comprising of Gratuity fund with Life Insurance Corporation of India. The Company's liability is actuarially determined using the Projected Unit Credit method at the end of the year in accordance with the provision of IndAS 19 - Employee Benefits.

The Company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability/(asset) are recognized in other comprehensive income and are not reclassified to profit or loss in subsequent periods. The actual return of the portfolio of plan assets, in excess of the yields computed by applying the discount rate used to measure the defined benefit obligation is recognized in other comprehensive income. The effects of any plan amendments are recognized in the Statement of Profit & Loss.

Short term employee benefits are charged off at the undiscounted amount in the year in which the related services are rendered.

**(m) Borrowing Costs**

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

**(n) Leases**

Leases under which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease, whichever is lower. Lease payments under operating leases are recognized as an expense on a straight line basis in net profit in the Statement of Profit & Loss over the lease term.

**(o) Government Grants**

The Company recognizes government grants only when there is reasonable assurance that the conditions attached to them shall be complied with and the grants will be received. Grants related to assets are treated as deferred income and are recognized as other income in the Statement of profit & loss on a systematic and rational basis over the useful life of the asset. Grants related to income are recognized on a systematic basis over the periods necessary to match them with the related costs which they are intended to compensate and are deducted from the expense in the statement of profit & loss.

**(p) Income Taxes**

Income Tax expense represents the sum of the tax currently payable and deferred tax.

Current tax is the amount of income taxes payable (recoverable) in respect of the taxable profit (tax loss) for a period. Taxable profit differs from "profit before income tax" as reported in the statement of profit and loss and other comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary difference to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Unrecognised deferred tax assets are reassessed at the end of each reporting year and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

**(q) Cash and Cash Equivalents**

Cash and Cash Equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

**(r) Earning per Share**

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

**(s) Current and Non-Current classification**

The Company presents assets and liabilities in the Balance Sheet based on current/non-current classification.

An asset is classified as current when it is:

- i) Expected to be realised or intended to be sold or consumed in the normal operating cycle,
- ii) Held primarily for the purpose of trading,
- iii) Expected to be realised within twelve months after the reporting period, or
- iv) Cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

A liability is classified as current when it is:

- i) It is expected to be settled in the normal operating cycle,
- ii) It is due to be settled within twelve months after the reporting period, or
- iii) There is no unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as noncurrent.

**(t) Dividend**

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

**(u) Segment Reporting**

Revenue & expenses, assets & liabilities are identified to segments on the basis of their relationship to the operating activities of the company.

The contract for supply of gas between Hindustan Copper Ltd (HCL) and the Company expired and not renewed. Thus the gas plant of the Company was closed. The minimum offtake guarantee amount receivable from HCL became subjudiced and the Company preferred arbitration. An award dated 1-6-22 was passed in favour of the Company for its dues upto February 2020 and pursuant to an order of the Hon'ble High Court dated 22-9-22 HCL has secured the award amount of Rs. 7.42 crores to the Registrar, Calcutta High Court. The Company has participated and availed of the Vivad se Vishwas II (Contractual Disputes) Scheme dated 29th May 2023 of the Government of India for settlement of disputes related to the arbitration award dated 1-6-22. Further, the Hon'ble High Court has appointed a sole arbitrator to adjudicate further disputes from March 2020 and onwards between HCL and the Company.

## (iv) Financial risk management objectives and policies

## Financial risk factors

The Company's activities expose it to a variety of financial risks: market risk, liquidity risk & credit risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Company uses derivative financial instruments to mitigate foreign exchange related risk exposures.

## (A) Market risk

Market risk comprises interest rate risk & foreign currency risk. Financial instruments affected by market risk include loans and borrowings in foreign currencies.

## (i) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company constantly monitors the credit markets and rebalances its financing strategies to achieve an optimal maturity profile and financing cost.

## (ii) Foreign Currency Risks

The fluctuation in foreign currency exchange rates may have a potential impact on the Statement of Profit and Loss and Equity, where any transactions are denominated in a currency other than the functional currency of the Company.

The Company's Exchange Rate Risk exposure is primarily due to Trade Payables, Trade Receivables and Borrowings in the form of Buyers' Credit denominated in foreign currencies. The Company uses foreign exchange and forward contracts primarily to hedge foreign exchange exposure.

An appreciation/depreciation of the foreign currencies with respect to functional currency of the Company by 1% would result in an decrease/increase in the Company's Net Profit before Tax by approximately Rs Nil for the year ended March 31, 2025 (March 31, 2024 : Rs Nil)

**Notes to the Financial Statements for the year ended 31 March 2025****(B) Liquidity Risk**

Ultimate responsibility for liquidity risk management rests with the Board of Directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-term, medium-term and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

**(C) Credit Risk**

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Majority of the Company's transactions are earned in cash or cash equivalents. The trade receivables comprise mainly of receivables from Corporate customers and Government Undertakings. The Corporate Customers are enterprises with moderate to good credit ratings. Accordingly, the Company's exposure to credit risk in relation to trade receivables is considered low. Credit risk has always been managed by the company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the company grants credit terms in the normal course of business.
