DIRECTORS' REPORT AND MANAGEMENT DISCUSSION & ANALYSIS

TO THE MEMBERS

Your Directors have pleasure in presenting the Annual Report together with the Audited Financial Statements of the Company for the Financial Year ended 31st March 2025.

FINANCIAL RESULTS

(₹ in Crore)

Sales & Other Income	166.89
Profit before Finance Cost & Depreciation (PBITD)	(5.02)
Profit after Tax	(2.50)
Surplus brought forward	16.64
Surplus carried to Balance Sheet	14.14

DIVIDEND

Considering the financials of the Company, no dividend has been recommended by the Board for the Financial Year 2024-25 ended 31st March 2025.

OPERATIONS

The year 2024-25 proved to be a mixed one for the seed industry, characterised by contrasting trends across major crops. Your company's domestic trade and institutional businesses grew by 9% and 14% respectively supported by growth in crops such as Jowar, Bajra, Maize, Wheat, Mustard, Paddy, SSG and Vegetables. During the Kharif 2024 season, the industry faced shortage of hybrid Paddy seeds, along with limited availability of Cotton seeds at the season's onset. Cotton has also seen shrinkage of acreages for last two years leading to reduction in seed sale for industry. In northern regions, the delayed monsoons negatively impacted the demand for long-duration Bajra hybrids.

On positive side, the Maize segment showed encouraging growth. Acreage expanded significantly, driven by favourable price trends and strong market demand.

However, the mustard segment experienced a downturn in packed seed sales. Many farmers opted to use saved seeds to reduce costs, a trend observed across

several regions. This behaviour impacted all mustard seed companies, including JK Agri and this led to a noticeable dip in sales performance for the segment. Mustard for last two years has seen a significant shift to self-grown seed rather than hybrids by farmers in India.

There were several challenges posed by regional political unrest and non-availability of seeds for the export market. In Egypt, the Company has successfully expanded sales of sorghum and introduced SSG product, which is expected to drive growth in the coming years. In West Africa, the company has made significant strides in the markets of Burkina Faso, Senegal, Togo, and Ghana, with successful trials and registration of ECOWAS for sorghum and pearl millet. In Bangladesh, JK Agri has successfully registered its X-gene cotton after extensive trials. Commercial sales is expected to grow from next season onwards. In Sri Lanka, JK Agri has introduced two new tomato hybrids and two okra hybrids, resulting in increased sales over the previous year. Despite facing challenges such as short supply of maize and okra, political unrest in Sudan and Bangladesh and a stronger dollar, the Company has achieved growth in okra, tomato, and sorghum crops. JK Agri stays committed to grow its exports in the coming years. However, overall exports reduced by 3%.

During the year your Company monetised surplus land asset, strengthening its financial position and providing strategic flexibility for future growth. This allowed the Company to fully repay its Working Capital Term Loan, Working Capital Demand Loan and Cash Credit Limits. The surplus will augment the Company's cash position adding to its liquidity and support future growth initiatives.

INDUSTRY OVERVIEW AND OUTLOOK

India's Monsoon forecast is optimistic for 2025, on time and normal monsoon, which is vital for the Kharif season. The Indian seed market size reached USD 7.8 Billion in 2024 and is expected to grow at a CAGR of 8% to reach USD 15.0 Billion by 2033.

The agribusiness sector continues to play a pivotal

role in supporting food security and rural livelihoods. The rapid development of the economy with the proliferation of industrial and service sectors, has led to significant decline in the share of agriculture in India's GDP. But even with a lower share of around 15 percent, the agriculture sector still remains the leader in employment, with a share of over 46%. In fact, the dependence on agriculture for employment has increased by two per cent in post-pandemic period and during that time average agricultural growth remained robust at 4.6 percent, demonstrating remarkable resilience.

A key part of that strength emanates from Government's mission mode focus to transform the agricultural sector through various initiatives to enhance productivity and infrastructure. The aim is to create a sustainable and resilient agricultural ecosystem through investments in irrigation systems, storage solutions, modernising post-harvest management, expanding cold chain facilities, technological advancements and improving market access. The Pradhan Mantri Kisan Sampada Yojana (PMKSY) not only enables reduction in post-harvest losses but also ensure better prices for farmers' products. In addition, Government policies such as National Food Security Mission (NFSM) and the Rashtriya Krishi Vikas Yojana are the key drivers for growth of Indian Seed industry.

RESEARCH AND DEVELOPMENT

Your Company has been constantly contributing to the Agri sector by conducting intensified research activities focused on developing new suitable hybrids across various crops. The company is developing new products by fortifying crops via deployment of marker assisted backcross breeding program in varied crops- viz., Paddy crop improvement against the diseases- bacterial blight, neck blast, brown plant hopper and yield traits. In cotton – major traits are pink boll worm & tobacco streak virus. In Maize - major focusing traits are drought, wilt and fall army worm; in Mustard - downy mildew and white rust; in Tomato – tomato leaf curl virus, bacterial wilt, late blight; chilli- chilli leaf curl virus, CVMV, CMV, anthracnose and bacterial wilt; in Okra- ELCV and YVMV.

Advancements in molecular approaches are being utilised to breed crops with a wide range of economically valuable traits to develop superior products. Also, it is utilising the immense potential of biotechnological tools in fostering and fortifying traditional breeding. An integrated molecular breeding approach has been deployed by blending traditional breeding with advanced biotechnology. This enables develop superior products that are high-yielding coupled with targeted traits under stress environments to accelerate the new product development. Strategic field trials coupled with stringent product advancement procedure led to identify best performing products for wider adaptability.

The teams at JK Agri are focused on improvement of quality of seed production by various technological interventions, like genetic male sterility, cytoplasmic male sterility, etc. to purify the CMS lines during foundation and is using markers for identification/ differentiating A-line from B&R lines, reducing the time for selection process in field. Seed production research is being enhanced through technological interventions to achieve cost-effectiveness and improve seed quality, focusing on areas like accelerated breeding, data driven decision making which ultimately leads to better seeds and increase in crop yield. To stay competitive, productive and sustainable, your Company is emphasising on use of digital platforms, artificial intelligence and mechanisation of R&D.

OPPORTUNITIES, THREATS, RISK AND CONCERNS

Opportunities

Technological advancements, especially through AI and machine learning is transforming Indian agriculture, where a phygital (physical + digital) ecosystem is empowering farmers to adopt the vast array of tools like advisory on crop cycles, crop monitoring, nutrition management, soil testing, weather forecast etc. as well as financial services and market access. This not only enables optimum resource utilization amidst rising clamour for sustainable farm practices, but also leads to lower costs, enhanced yields, and thus high incomes.

The Indian horticulture presents huge untapped potential as despite being the second largest producer of fruits and vegetables globally, it accounts for only about two percent of global horticulture trade. India's comparative advantage in this segment presents scalable export potential, especially with the likely shift in global trade patterns. Exports opportunities are increasing from India, as India is the largest source for almost all seed portfolio like Sorghum, Maize, Cotton, and vegetables. The Cluster Development Program (CDP) for horticulture enables private enterprises to leverage their operational excellence to create specialised clusters focused on horticultural crops with export potential while the Government plays the role of facilitator. The tech-platforms are playing a major role in improved market linkages, with farm-gate pickup of the produce. Govt.'s Agricultural Marketing Infrastructure sub-scheme can also be leveraged.

The 'One Nation, One License' project for seeds and agri inputs is to simplify and standardize licensing requirements across states that would reduce time to reach the market from the current 5-8 years to 3-5 years. Last year the Government has launched 109 new high-yielding and climate-resilient varieties of 32 field and horticulture crops for farmers.

Threats, Risk and Concerns

Agriculture in India faces numerous threats that impact productivity, sustainability and the livelihoods of farmers.

Despite the progress made on irrigation front, a significant part of India's crop area remains reliant on the vagaries of unpredictable monsoon rainfall. This along with droughts and temperature anomalies threaten crop cycles and yields. Fragmented landholdings, with 9 out of 10 agricultural households owning less than two hectares of land, presents a major challenge as they struggle to access affordable credit and crop insurance. It also makes it difficult for farmers to adopt modern agricultural practices and technologies, resulting in lower productivity and income. While the role of middlemen has been significantly reduced, yet they are not completely eliminated, and thus Indian farmers remain vulnerable to exploitation and often

face price volatility and lack of transparent market information.

HUMAN RESOURCE DEVELOPMENT

With a vision to transform the organisation into an agile, innovative and customer-centric entity, organisational transformation has been the key agenda for the year enabling opportunities in - enhanced market competitiveness and operational efficiency, increased employee engagement and alignment with long-term goals and superior stakeholder value creation through innovation and sustainability.

The adopted synergy of talent and teamwork has helped us towards a meaningful organisational change and improved standards of value creation for our stakeholders. This harmonious combination has been the cornerstone of our resilience in the competitive industry since the very beginning.

JK Agri fosters an environment where teams thrive by promoting a culture of continuous learning and professional growth. The Company has been working with internal and external faculty of elite institutions like IIMs towards leveraging and develop skills of high performers across all segments. Ensuring competitive advantage, we have accelerated adoption of technology via Super Sales App enabling the field force with advanced robust market coverage by post season & pre-season activities with distributors, farmers participation in the focused products for the identified geographies.

JK Agri for the 6th consecutive year has been certified as a Great Place to Work-recognized by the Great Place to Work Institute & JK Agri -Employee Engagement Survey showed a positive increase in the Employee Engagement levels over last year. The achieved milestones will sharpen our objectives further in the journey to build a High-Trust, High-Performance Culture.

CORPORATE SOCIAL RESPONSIBILITIES

Despite there being no obligation to spend any amount on CSR activities during the Financial Year, as a good practice, the Board of Directors unanimously approved to make voluntary contribution of ₹ 5.00 Lakh towards CSR related activities.

Our Corporate Social Responsibility (CSR) initiatives are integral to our business strategy and reflect your Company's dedication to making a positive impact on society and the environment. The main objective is to train farmers on latest management and agricultural practices to control pests & diseases along with mitigating abiotic stress factors. The training covers various farm management practices, importance of Seed Selection, Improving yields, Improved Seed quality in terms of germination and genetics purity with reference to new and improved practices, technology in alliance with specific agro-climatic regions enabling better Livelihood.

The Company has a Corporate Social Responsibility (CSR) Policy in accordance with the provisions of the Act and rules made thereunder. The CSR Policy along with the CSR projects approved by the Board, the composition of the Committee and other relevant details are disclosed on the website of the Company at <https://jkagri.com/wp-content/uploads/2024/05/CSR-Policy-Projects-Committee-1.pdf>

The Annual Report on the CSR activities undertaken by the Company during the Financial Year under review, in the prescribed format, is annexed to this Report as **Annexure – CSR**.

KEY CHANGES IN FINANCIAL INDICATORS

Key Changes in financial indicators, are given in the Notes to Financial Statements.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Internal Control Systems includes policies, processes, tasks, behaviours and other aspects of the Company, which when combined, facilitate effective and efficient operation, quality of internal and external reporting and compliance with applicable laws & regulations.

The Company has a well-defined Internal Control System commensurate with the size, scale and complexities of the operations to support the Business Operations and also to ensure Statutory

Compliances. These systems are regularly tested for their effectiveness by Statutory as well as Internal Auditor and were found to be operating effectively during the year. Based on the Internal Audit Programme approved by the Audit Committee of the Board, the Internal Auditor carries out regular internal audits covering all offices, factory and key areas of business. Reports of the Internal Auditor are placed before the Audit Committee on quarterly basis for review. The Audit Committee undertakes a total review of the audit observations and the actions taken by the Management on all the findings of the Internal Auditors. The implementation of the recommendations of the Internal Auditors is regularly reviewed and monitored by the Senior Management and the Action Taken Report is placed periodically before the Audit Committee. FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2025

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
 The Members,
JK Agri Genetics Limited,
 7, Council House Street,
 Kolkata - 700 001

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **JK Agri Genetics Limited** (CIN: L01400WB2000PLC091286) (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the Financial Year ended **31st March 2025** (Audit Period), complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the Financial Year ended on 31st March 2025 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;

 - (e) Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021 (Not applicable to the Company during the Audit Period);
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021: (Not applicable to the Company during the Audit Period)
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018: (Not applicable to the Company during the Audit Period)
 - (i) The Securities and Exchange Board of India (Listing Obligations and Disclosures Requirements) Regulations, 2015.
- (vi) Management has identified and confirmed the following laws as being specifically applicable to the company and complied with:-
 - (a) Telangana (Agricultural Produce and Livestock) Markets Act, 1966
 - (b) Seed Act, 1966, Seed Rules, 1968 & Seed (Control) Order, 1983
 - (c) The Protection of Plant Varieties & Farmers' Rights Act, 2001

I have also examined compliance with the Secretarial Standard 1 and Secretarial Standard 2 issued by the Institute of Company Secretaries of India.

During the period under review, the Company has complied with the provisions of the acts, rules, regulations, guidelines, standards, etc. as mentioned above.

I further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors.

The changes that took place in the composition of the Board of Directors during the period under review were in accordance with provisions of the Act and SEBI regulations.

Adequate Notice is given to all directors to schedule the Board Meetings. Agenda and detailed notes on agenda are sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the Meeting.

All decisions at Board Meetings and Committee Meetings are carried out unanimously as recorded in the Minutes of the Meetings of the Board of Directors or Committees of the Board, including a circular resolution of the Audit Committee, as the case may be.

I further report that, based on review of compliance mechanism established by the Company and on the basis of compliance certificates issued by the Company Executives and taken on record by the Board of Directors and Audit Committee at their meetings, there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that, during the audit period, the Company had the following specific events:-

1. Shri Bharat Hari Singhania stepped down as Chairman and Director of the Company w.e.f 20th May 2024 and Dr. Raghupati Singhania became Chairman of the Board of Directors of the Company w.e.f. 21st May 2024.
2. Company has subscribed 4900 Equity Shares of face value of ₹ 10/- each i.e., 49% shareholding

of JK Agri Research Services Limited (JKARSL), a newly incorporated Company Consequently, JKARSL becomes an associate Company.

This report is to be read along with the following-

1. Maintenance of secretarial record is the responsibility of the management of the Company. My responsibility is to express an opinion on these secretarial records based on my audit.

2. I have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records.

The verification was done on test basis to ensure that correct facts are reflected in secretarial records. I believe that the processes and practices, I followed provide a reasonable basis for my opinion.

3. I have not verified the correctness and appropriateness of financial records and Books of Accounts of the Company.
4. Wherever required, I have obtained the Management representation about the compliance of laws, rules and regulations and happening of events etc.
5. The compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of management. My examination was limited to the verification of procedures on test basis.
6. The Secretarial Audit report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

The Company's application u/s 34 of the Arbitration and Conciliation Act before the Learned Commercial Court, Jaipur has been accepted and proceedings are going on. During the previous year RSSC had filed Special Leave Petition (SLP) before the Hon'ble Supreme Court against the orders of High Court of Rajasthan in miscellaneous application which was dismissed in Company's favour.

As per the legal opinion obtained by the Company, in the opinion of the management the Company has creditable case in its favour. Hence, the stated outstanding amount have considered good and recoverable and no provision there against is considered by the management.

Our opinion is not modified in respect to above matter.

Other Matter

The comparative financial statements of the Company for the year ended 31st March, 2024 included in these standalone financial statements, are based on the previously issued financial statements which were audited by the predecessor auditor whose report for the year ended 31st March, 2024 dated 20th May, 2024 expressed an unmodified opinion on those financial statements.

Our opinion is not modified in respect of above matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended 31st March 2025. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In addition to the matter described in the “Emphasis of Matter” section we have determined the matters described below to be the key audit matters to be communicated in our report:-

Description of Key Audit Matters	How our audit addressed the key audit matters
<p>Revenue From Operations</p> <p>As disclosed in Note 1.3 (x) to the standalone financial statements, revenue is measured based on transaction price, which is the consideration, after deduction of estimated sales returns, discounts and indirect taxes. Estimation of sales returns involves significant judgement and estimates. The estimation is dependent on various internal and external factors. These factors include, for example, the length of time when a sale is made and when the sales return takes place, some of which are beyond the control of the Company. We identified the evaluation of accrual for sales returns and discounts as a key audit matter because:</p> <p>The recognition and measurement of discounts involves significant judgement and estimates, particularly the expected level of claims of each of the customers. Assumption of level of customer wise claims for discounts relates to estimating which of the Company’s customers will ultimately be subject to a related discount. Evaluating the assumption of expected returns based on experience and level of customer wise claims for discounts underlying the estimate of accrual involves challenging auditor judgment.</p>	<p>Our audit procedures included following:</p> <ul style="list-style-type: none"> • Understanding the process followed by the Company to determine the amount of accrual of sales returns and discounts; • Evaluating the accounting policies of the Company regarding accounting for sales returns and discounts and its compliance with the applicable financial reporting framework; • Performing substantive testing by checking underlying inputs used for estimating sales return accruals. Performing substantive testing by selecting samples of discounts recorded during the year as well as period end discounts and matching the parameters used in the computation with the relevant source documents; • Comparing actual returns and discounts post year-end to the estimated accruals to assess the historical accuracy of management’s estimates. • Assessing the adequacy of the related disclosures in the financial statements.
<p>Inventories</p> <p>Various procedures are involved in validating inventory quantities across locations. The provisions are made as per policy which requires significant judgement. Given the level of judgement involved and the potential financial impact, we identified this area as a key audit matter.</p>	<p>Our audit approach was a combination of test of internal controls and substantive procedures which included the following:</p> <ul style="list-style-type: none"> • Assessed and tested the design and operating effectiveness of key controls over inventory management and valuation. • Identified and assessed slow moving material for valuation and the process of revalidation to identify obsolescence. • Item wise Inventory reconciliation considering opening & closing stock, purchases, sales, revalidation losses and provisions. • Reviewed the policy of physical verification of inventory by the management and its operational implementation. • Independent and signed confirmations from Carrying & Forwarding agents, other third parties for confirmation of inventory in their possession. • Assessed the appropriateness and completeness of the related disclosure.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including annexures to Board's Report, Report on Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statement does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive loss, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standards (Ind AS) and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the

Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of

accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone

financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except for the matters stated in paragraph 2(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended) ("the Rules").
 - c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive loss, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - e) On the basis of the written representations received from the directors as on 31st March, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.

- f) With respect to the adequacy of the internal financial controls with respect to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure B”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls over financial Reporting.
 - g) With respect to the maintenance of accounts and other matters connected therewith, reference is made to our remarks in paragraph 2(h)(vi) below on reporting under Rule 11(g) of the Rules.
 - h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note No 34 to the standalone financial statements;
 - ii. The Company has made provision, as required under the applicable law or Indian accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended 31st March, 2025.
 - iv. (a) The management has represented that (as stated in note 56(e)(ii) of the standalone financial statement), to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries (read with note no. 56(e)(i) of the standalone financial statements for the funds advanced or loaned invested in one of the subsidiary company which is registered as NBFC with RBI and whose business is to provide and service loans and provide ancillary services).
 - (b) The management has represented that (as stated in note no. 56(e)(ii) of the standalone financial statement), no funds have been received by the company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on such audit procedures that we have considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material mis-statement.
 - v. The Company has not declared or proposed any dividend during the year and until the date of this report.
 - vi. Based on our examination, the Company has used accounting software for maintaining its books of account, which includes a feature for recording an audit trail (edit log). However, this feature did not operate throughout the year at the database level and the application level, where not all relevant data tables were enabled to track changes.
- For the periods wherever audit trail (edit log) facility was enabled and operated throughout the period for the respective accounting software, we did not come

across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

3. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- i. (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of right of use assets.
(B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) As explained to us, the Property, Plant & Equipment have been physically verified by the management in accordance in a phased manner over a period of three years, which in our opinion is reasonable considering the size of the company and the nature of its property, plant and equipment. The frequency of physical verification is reasonable and no material discrepancies were noticed on such verification.
- (c) As per the records and information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of all the immovable

properties (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) disclosed in the financial statements included in property, plant and equipment, investment property and assets held for sale are held in the name of the company as at the balance sheet date.

- (d) The Company has not revalued any of its property, plant and equipment and intangible assets during the year. Hence, reporting under clause 3(i)(d) of the order is not applicable on the company.
- (e) According to the information and explanations given to us and records provided, no proceedings have been initiated during the year or are pending against the Company as at 31st March, 2025 for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (Formerly known as Benami Transactions (Prohibition) Act, 1988) and rules made thereunder.
- ii. (a) As per the physical verification programme, the inventory were physically verified during the year by the management at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the management is appropriate having regard to the size of the company and nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventory were noticed on such physical verification when compared with books of accounts.
(b) According to the information and explanations given to us and as per the records verified, the Company has a working capital limit in excess of ₹ 5 crore sanctioned by banks based on the security of current assets during the year. The quarterly statements, in respect of the working capital limits have been filed by the Company with such banks and such statements are in agreement with the books of account of the Company for the respective periods.
- iii. According to the information and explanations given to us, the Company has made investment in but has not granted loans to any Companies, firms, limited liability partnerships during the year. Further the Company has not provided any guarantee, security or advances in the nature of loan to the Companies, firms, limited liability partnerships and any other parties during the year.

- (a) During the year, the Company has not provided any loans or advances in the nature of loans, or guarantee or security to any other entity. Accordingly, reporting under clause iii(a) of the Order is not applicable to the Company.
 - (b) According to the information and explanations given to us and based on the records as made available to us, in our opinion the investments made, during the year in our opinion, prima facie, not prejudicial to the Company's interest. However, the Company has not provided any loan, guarantee and security during the year.
 - (c) According to the information and explanations given to us and based on the audit procedures performed, the Company does not have any loans or advances in the nature of loans at the beginning of the current year nor has granted any loans or advances in the nature of loans during the year.
 - (d) According to the information and explanations given to us and based on the audit procedures performed, there is no overdue amount in respect of loans granted to the employees.
 - (e) No loan or advance in the nature of loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of extinguish loans given to the same party.
 - (f) According to the information and explanations given to us and based on the audit procedures performed, the Company has not granted any loan or advances in the nature of loans, which are repayable on demand or without specifying any terms or period of repayment.
 - iv. According to the information, explanations and representations provided by the management and based upon audit procedures performed, we are of the opinion that in respect of loans granted, investments made and guarantees and securities provided, as applicable the Company has complied with the provisions of the Section 185 and 186 of the Companies Act, 2013.
 - v. In our opinion and according to the information and explanations given to us, the Company has not accepted deposits from public within the provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the Companies (Acceptance of Deposits) Rules, 2014, as amended. Accordingly, provisions of clause 3(v) of the Order are not applicable.
- According to the information and explanations given to us, no order has been passed by the Company Law Board or the National Company Law Tribunal or the Reserve Bank of India or any Court or any other Tribunal against the Company in this regard.
- vi. The maintenance of cost records has not been specified by the Central Government under sub section (1) of Section 148 of the Act and the rules framed there under, for the business activities carried out by the company. Hence reporting under this clause of the order is not applicable.
 - vii. According to the records of the Company and information and explanations made available to us, in respect of statutory dues
 - (a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employee's State Insurance, Income Tax, Goods and Service Tax, Custom Duty, Cess and other material statutory dues with the appropriate authorities, to the extent applicable. There were no undisputed statutory dues payable as at 31st March, 2025 which were outstanding for a period of more than six months from the date they become payable.
 - (b) According to the information and explanations given to us, there are no disputed dues which have remained unpaid as on 31st March, 2025 on account of statutory dues referred to in sub-clause (a) above.
 - viii. There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.
 - ix. (a) According to the information and explanations given to us, the Company has not defaulted in repayment of its loans or borrowings or in the payment of interest thereon to any lender during the year.
 - (b) According to the information and explanations given to us, the Company has not been declared willful defaulter by any bank or financial institution or any government authority.
 - (c) According to the information and explanations given to us and on examination of the books of the company, the company has not raised any money by way of term loans during the year.
 - (d) On an overall examination of the financial statements of the Company, funds raised

on short-term basis have, prima facie, not been utilised during the year for long-term purposes by the Company.

- (e) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its associate as defined under the Act. The Company does not hold any investment in any subsidiary and joint venture (as defined under the Act) during the year ended 31st March 2025.
- (f) The company has not raised loans during the year on the pledge of securities held in its associate and hence reporting under clause 3(ix)(f) of the Order is not applicable.
- x. (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- (b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- xi. (a) Based on the audit procedures performed and on the basis of information and explanations provided by the management, no fraud by the Company and no fraud on the Company has been noticed or reported during the year.
- (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year which remained unattended by the competent authorities.
- xii. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company and hence reporting under clause 3(xii) of the Order is not applicable.
- xiii. According to the information and explanations given to us, all transactions with the related parties are in compliance with sections 177 and 188 of the Act, where applicable, and the requisite

details have been disclosed in the financial statements etc., as required by the applicable accounting standards.

- xiv. (a) Based on information and explanation provided to us and audit procedures performed, in our opinion, the company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered the internal audit reports of the company issued till date for the period under audit.
- xv. On the basis of records made available to us and according to information and explanations given to us, the Company has not entered into non-cash transactions with the directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi. As per the information and explanation provided to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934 and hence reporting under clause (xvi) (a), (b) and (c) of the Order is not applicable.
- (d) Based on the information and explanations provided by the management of the Company. There are two CIC within the group (as defined in Core Investment Companies (Reserve Bank) Directions, 2016). However, we have not separately evaluated whether the information provided by the management is accurate and complete.
- xvii. The Company has not incurred any cash losses during the current financial year. However, it incurred cash losses amounting to ₹ 2,658.78 lakh in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors of the Company during the year.
- xix. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities (as per the payment schedule/ re-scheduled), other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance

as to the future viability of the Company and/or certificate with respect to meeting financial obligations by the Company as and when they fall due. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- xx. The Company was not having net worth of rupees five hundred crore or more, or turnover of rupees one thousand crore or more or a net profit of rupees five crore or more during the immediately preceding financial year and hence provisions of Section 135 of the Act are not applicable on the Company during the year. Accordingly, reporting under clause (xx) of the Order is not applicable for the year.
- xxi. The reporting under clause 3(xxi) of the order is not applicable in respect of standalone financial statements. Accordingly, no comment in respect of the said clause has been included in this report.

Annexure 'B' to the Independent Auditor's Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 2(f) of 'Report on Other Legal and Regulatory Requirements' section

We have audited the internal financial controls with respect to standalone financial statements of **JK AGRI GENETICS LIMITED** ("the Company") as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the "Guidance Note on Audit of Internal Financial Controls

over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with respect to standalone financial statements based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with respect to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the financial controls system with respect to standalone financial statements and their operating effectiveness.

Our audit of internal financial controls with respect to standalone financial statements included obtaining an understanding of internal financial controls with respect to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with respect to standalone financial statements.

Meaning of Internal Financial Controls with respect to standalone financial statements

A company's internal financial control with respect to standalone financial statements is a process

designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with respect to standalone financial statements includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

(3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with respect to standalone financial statements

Because of the inherent limitations of internal financial controls with respect to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the

internal financial controls with respect to standalone financial statements to future periods are subject to the risk that the internal financial control with respect to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, we report that the Company has, in all material respects, an adequate internal financial controls system with respect to standalone financial statements and such internal financial controls with respect to standalone financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note No.1**1.1 The Company overview:**

JK Agri Genetics Limited (JKAGL) is a public limited company incorporated and domiciled in India and its shares are publicly traded on the Bombay Stock Exchange ('BSE'), in India. The Registered office of the company is situated at 7, Council House Street, Kolkata-700 001, West Bengal (India).

JKAGL is engaged in research and development, production, processing and marketing of Cotton, Maize, Paddy, Pearl Millet, Sorghum, Mustard, Wheat, Sorghum Sudan grass, Tomato, Okra, Chillies and other vegetable seeds. The company's manufacturing facilities are located at Survey no. 509/2, Village: Gundlapochampally, District: Medchal - 501401 Telangana and at Ranpur, Kota, Rajasthan.

These financial statements were approved and adopted by board of directors of the Company in their meeting held on 16th May, 2025.

1.2 Basis of preparation of financial statements:**(i) Statement of compliance:**

These financial statements have been prepared in accordance with Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

(ii) Basis of preparation:

The financial statements have been prepared under historical cost convention on accrual basis, except for the items that have been measured at fair value as required by relevant Ind AS. The financial statements correspond to the classification provisions contained in Ind AS-1 (Presentation of Financial Statements)

(iii) Basis of measurement:

The financial statements have been prepared under historical cost convention on accrual basis, except for the items that have been measured at fair value as required by relevant Ind AS.

(iv) Current & Non-Current Classifications.

All Assets and Liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of product & activities of the Company and their realisation in cash and cash equivalent, the Company has determined its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

1.3 Material accounting policies:

The accounting policies set out below have been applied consistently throughout the periods presented in these financial statements.

(i) Property, plant and equipment:

Property, Plant and Equipment are stated at cost, less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Expenditure directly attributable in bringing the asset to the location during construction / erection period is included under 'Capital Work-in-Progress' and is allocated to the respective property, plant and equipment on completion of construction / erection.

The cost and related accumulated depreciation are eliminated from the financial statements, upon sale and disposition of the assets and the resultant gains or losses are recognised in the statement of profit and loss.

Assets subjected to operating leases are included in Property, Plant and Equipment.

Depreciation is calculated on straight line method and as per the useful life as prescribed in Schedule II of The Companies Act 2013. Buildings on lease hold Land are charged over the lease period or as per the useful life as prescribed in Schedule II of the Companies Act, 2013, whichever period is lower. Leasehold Land considered as operating lease is being amortized over the lease period.

The residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

The cost and related accumulated depreciation are eliminated from the financial statements, upon sale and disposition of the assets and the resultant gains or losses are recognised in the statement of profit and loss.

(ii) Intangible assets:

Intangible assets are recognised, if the future economic benefits attributable to the assets are expected to flow to the Company and cost of the asset can be measured reliably. The same are amortised over the expected duration of benefits. Such intangible assets are measured at cost less any accumulated amortisation and impairment losses, if any.

(iii) Research and Development Costs

Expenditure on Research activities is recognised as an expense in the period in which it is incurred except internally generated intangible asset arising from development (or from the development phase of an internal project) is recognised if, and only if, it demonstrates the technical feasibility of completing the intangible asset so that it will be available for use or sale, the intangible asset will generate probable future economic benefits, availability of adequate technical, financials and other resources to complete the development and to use or sell the intangible asset and the ability to measure reliably the expenditure attributable to the intangible asset during its development.

(iv) Lease:

The Company, as a lessee, at the inception of contract, assesses whether the contract is a lease or not. If yes, the contract conveys in favour of the Company, the right to control the use of an identified asset for a period of time in exchange for consideration.

Right of Use Assets

The Company recognises a right-of-use asset, on a lease-by-lease basis, to measure that right-of-use asset an amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the balance sheet immediately before the date of initial application.

The cost of right-of-use assets includes the amount of lease liabilities recognised. Initial direct costs incurred and lease payments made at or before the commencement date less any lease incentives received, the recognised right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term. Right-of-use assets are subject to impairment test.

Lease Liabilities

The Company recognise a lease liability at the present value of the remaining lease payments, discounted using the lessee's incremental borrowing rate.

The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on a lease by lease basis.

Short-term Leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Significant judgment in determining the lease term of contracts with renewal options

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

(v) Inventories:

Inventories are valued at lower of cost and net realisable value. The cost is computed on weighted average basis. Finished Goods and Process Stock include cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

(vi) Borrowing cost:

Borrowing Cost is charged to Statement of Profit and Loss statement except meant for acquisition of qualifying assets, which is capitalised, using the effective interest method till the date of commercial use.

(vii) Employee benefit:

a. Defined Contribution Plan

Employee benefits in the form of Provident Fund (PF) and Employee state Insurance (ESI) considered as defined contribution plan and the contributions are charged to the Statement of Profit and Loss of the year when the contribution to the respective funds are due.

b. Defined Benefit Plan

Retirement benefits in the form of Gratuity (funded) and Leave Encashment are considered as defined benefit obligations and are provided for on the basis of an Actuarial Valuation, using the projected unit credit method, as at the date of the Balance Sheet. Actuarial Gains or Losses through re-measurement of the net obligation of a defined benefit liability or asset is recognised in Other Comprehensive Income. Such re-measurements are not reclassified to Statement of Profit and Loss in subsequent periods.

c. Short-term Employee Benefits.

Short term benefits are charged off at the undiscounted amount in the year in which the related service is rendered.

d. Long-term Employee Benefit.

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as a liability at the present value of the defined benefit obligation at the balance sheet date.

Annual leaves can either be availed or encashed subject to restriction on the maximum accumulation of leaves.

(viii) Taxes on Income

a. Current tax:

Tax on income for the current period is determined on the basis of estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals.

Current income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

b. Deferred tax:

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are applicable at the reporting date.

Deferred tax relating to items recognized outside the Statement of Profit and Loss is recognized under Other Comprehensive Income (OCI).

Deferred tax items are recognized in correlation to the underlying transaction either in other comprehensive income or directly in equity.

The break-up of the major components of the deferred tax assets and liabilities as at balance sheet date has been arrived at after setting off deferred tax assets and liabilities.

(ix) Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a. Financial assets

Financial assets include cash and cash equivalents, trade and other receivables.

Financial Assets are measured at amortised cost or fair value through Other Comprehensive Income or fair value through Statement of Profit or Loss, depending on its business model for managing those financial assets and the assets contractual cash flow characteristics.

Subsequent measurements of financial assets are dependent on initial classification. For impairment purposes significant financial assets are tested on an individual basis, other financial assets are assessed collectively in groups that share similar credit risk characteristics.

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial assets expire or it transfers the financial assets and the transfer qualifies for the derecognition under Ind AS 109.

The company assesses impairment based on the expected credit losses (ECL) model to all its financial assets measured at amortised cost.

b. Financial Assets at Fair value through Profit or Loss (FVTPL)

At the date of initial recognition, Financial assets are held for trading, or which are measured neither at Amortized Cost nor at Fair Value through OCI. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognized in the Statement of Profit and Loss.

c. Financial liabilities

Financial liabilities include loans and borrowings, trade and other payables and other eligible liabilities.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and other payables, net of directly attributable transaction costs. After initial recognition, financial liabilities are classified under one of the following two categories:

Financial liabilities at amortised cost: After initial recognition, such financial liabilities are subsequently measured at amortised cost by applying the Effective Interest Rate (EIR) method to the gross carrying amount of the financial liability. The EIR amortisation is included in finance expense in the Statement of Profit and Loss.

Financial liabilities at fair value through profit or loss: Financial liabilities which are designated as such on initial recognition, or which are held for trading. Fair value gains / losses attributable to changes in own credit risk is recognised in OCI. These gains / losses are not subsequently transferred to Statement of Profit and Loss. All other changes in fair value of such liabilities are recognised in the Statement of Profit and Loss.

The Company derecognises a financial liability when the obligation specified in the contract is discharged, cancelled or expires.

(x) Revenue:

The Company's revenue is derived from the single performance obligation. Revenue is recognized based on the nature of activity when, the promised goods or services are transferred to the customer and consideration can be reasonable measured or there exists reasonable certainty of its recovery. Revenues from sale of goods are recognized at a point when the control of goods is transferred to the customer.

Revenue is measured based on transaction price, which is the consideration received or receivable, stated net of discounts, sales returns and indirect taxes. Transaction price is recognised based on the price specified in the contract / Invoice, net of the estimated sales incentives/ discounts.

Interest income is recognized on time proportion basis using the effective interest method.

(xi) Grants:

Grants and subsidies from the Government are recognised when there is reasonable assurance that the grant / subsidy will be received and all attaching conditions will be complied with. Revenue Grants are recognised in the Statement of Profit and Loss. Capital Grants relating to specific assets are recognised in the balance sheet as deferred income and credited in statement of profit and loss on a systematic basis over the useful life of the related asset.

(xii) Impairment:

The carrying amount of Property, Plant and Equipments and Intangible assets are reviewed at each Balance Sheet date to assess impairment if any, based on internal / external factors. An asset is treated

as impaired, when the carrying cost of asset exceeds its recoverable value, being higher of value in use and net selling price. An impairment loss is recognised as an expense in the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognised in prior accounting period is reversed, if there has been an improvement in recoverable amount.

(xiii) Earnings per share (EPS):

Basic earnings per share is calculated by dividing the profit or loss for the period attributable to the equity holders of the company by the weighted average number of ordinary shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(xiv) Cash and cash equivalents:

Cash and cash equivalents include cash on hand and at bank, Cheques on hand and Remittances in transit for the purpose of meeting short-term cash commitments.

(xv) Foreign currency transactions and translation

Financial statements have been presented in Indian Rupees(₹), which is the Company's functional and presentation currency. A company's functional currency is that of the primary economic environment in which the company operates.

Foreign currency transactions are translated into the functional currency using the exchange rate at the date of the transaction. Foreign exchange gains/ losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognised in the Statement of Profit and Loss.

1.4 Significant accounting judgements, estimates and assumptions:

The Preparation of these financial statements requires managements judgements, estimates and assumptions that affect the application of accounting policies, the accounting disclosures made and the reported amounts of assets, liabilities, income and expenses.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are made in the period, in which, the estimates are revised and in any future periods, effected pursuant to such revisions.

Financial Risk Management Objectives and Policies.

The Company's Financial Risk Management is an integral part of how to plan and execute its Business Strategies. The Company's Financial Risk Management Policy is set by the Board. The Company's activities are exposed to a variety of financial risks from its operations. The key financial risks include market risk (including foreign currency risk, interest rate risk and commodity risk etc.), credit risk and liquidity risk.

47.1 Market Risk: Market risk is the risk of loss of future earnings, fair values or future cash flows that may results from change in the price of a financial instrument. The value of a financial instrument may change as result of change in the interest rates, foreign currency exchange rates, equity prices and other market changes may affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments and deposits, foreign currency receivables, payables and loans and borrowings. Market risk comprises mainly three types of risk:

Interest rate risk, currency risk and other price risk such as equity price risk and commodity risk.

The Company has an elaborate risk management system to inform Board Members about risk management and minimization procedures.

a) Foreign Currency Risk :

Foreign Currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company makes certain imports and exports in foreign currency & therefore is exposed to Foreign Exchange Risk. The Company evaluates exchange rate exposure arising from foreign currency transactions. The Company has not undertaken any hedging activities for foreign exchange.

Particulars	As at 31.03.2025	As at 31.03.2024
Change in USD	2%	2%
Effect on profit / (loss)before tax	0.00	0.00
Change in USD	-2%	-2%
Effect on profit / (loss)before tax	0.00	0.00

b) Interest Rate Risk :-

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Any changes in the interest rates environment may impact future rates of borrowing. The Company mitigates this risk by maintaining a proper blend of Fixed & Floating Rate Borrowings. The following Table shows the blend of Company's Fixed & Floating Rate Borrowings in Indian Rupee:

(₹ In Lacs)

Particulars	As at 31.03.2025	As at 31.03.2024
Loans in Rupees		
- Fixed Rate	-	63.20
- Floating Rate	199.63	2,695.73
Total	199.63	2,758.94

The Company regularly scans the Market & Interest Rate Scenario to find appropriate Financial Instruments & negotiates with the Lenders in order to reduce the effect Cost of Funding.

Interest Rate Sensitivity: The following table demonstrates the sensitivity to a reasonably possible change in interest rates on financial assets affected. With all other variables held constant, the Company's profit / (Loss) before tax is affected through the impact on finance cost with respect to our borrowing, as follows:

Particulars	(₹ In Lacs)	
	As at 31.03.2025	As at 31.03.2024
Change in Basis Points	25	25
Effect on profit before tax	(0.50)	(6.74)
Change in Basis Points	-25	-25
Effect on profit before tax	0.50	6.74

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment.

(c) Commodity Price Risk and Sensitivity:

Commodity price fluctuations can have an impact on the demand of seeds for particular crop. Therefore, we track the commodity price movements very closely and take advance production decisions accordingly.

In addition to the above, Company also maintains a strategic buffer inventory to ensure that such disruptions do not impact the business significantly.

47.2 Credit Risk:

Credit risk is the risk that counterparty might not honor its obligations under a financial instrument or customer contract, leading to a financial loss. The company is exposed to credit risk from its operating activities (primarily trade receivables).

47.2a Trade Receivables: Customer credit risk is managed based on company's established policy, procedures and controls. The company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

Credit risk is reduced by receiving pre-payments and export letter of credit to the extent possible. The Company has a well defined sales policy to minimize its risk of credit defaults. Outstanding customer receivables are regularly monitored and assessed. Impairment analysis is performed based on historical data at each reporting date on an individual basis. However a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively.

47.2b. Advance to suppliers are net of provision/loss allowances made for Doubtful advances of ₹ 39.91 lacs (Previous year ₹ 39.91 lacs). (Refer note 15)

47.2c. ECL impairment loss allowance (or reversal) recognized during the period as income/ expense in the Statement of Profit and Loss under the head 'Other expenses'. The balance sheet presentation for financial instruments is described below:

- Financial assets measured as at amortised cost: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the company does not reduce impairment allowance from the gross carrying amount.

ii) Financial Assets includes ₹ 1823.61 lacs towards Trade Receivables and Security Deposit of ₹ 121.68 lacs shown under the heading “Deposit with Government Authorities and others” from Rajasthan State Seed Corporation (RSSC). In earlier years, the company has filed claim before the arbitral tribunal against RSSC which was not allowed on technical grounds of limitation without examining the matter on merits. The company has filed an application under sec 34 of the Arbitration and Conciliation Act 1996 challenging the said order of the arbitral tribunal before the commercial court Jaipur which have been accepted and proceedings are going on. During previous year RSSC filed Special Leave Petition (SLP) in the Hon’ble Supreme Court against the orders of High Court of Rajasthan in miscellaneous application which was dismissed in our favour. Based on the legal opinion, the company has good case for realisation of the recovery of above amount. Hence, the stated outstanding amount have considered good and recoverable by the management.

iii) The Company has initiated legal proceedings against Uttar Pradesh Seed Development Corporation (UPSDC) and the Department Of Agriculture, Government of UP for recovery of the overdue outstanding of ₹ 952.00 lacs out of which ₹ 258.66 lacs was received (includes ₹ 54.87 Lacs received during current year). The current outstanding is ₹ 693.34 lacs (Previous year ₹ 748.21 lacs) for which necessary provision were made under expected credit loss allowance in the books of accounts.

The Company has filed an application under the Arbitration and Conciliation Act 1996 for appointment of Arbitrator for recovery of the aforesaid overdue amount from UPSDC. Hon’ble High court did not allow the application and held that the dispute is not covered by the arbitration. As such the Company had filed a separate writ petition in 2019 before the Hon’ble High court Lucknow against Uttar Pradesh Seed Development Corporation (UPSDC) and the Department Of Agriculture, Government of UP for recovery of the overdue outstanding of ₹ 952 lacs basing on the facts of the case and other circumstances took place after filing the writ petition, the company has good chance of recovery.

47.2d. Some of the balances of debtors, loans & advances and current liabilities are in the process of confirmation/ reconciliation.

47.3 Liquidity Risk:

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company’s approach is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when due. when both normal and stressed conditions, without incurring unacceptable losses or risking damages to the company’s reputation.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF JK AGRICULTURAL GENETICS LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **JK Agri Genetics Limited** (hereinafter referred to as "the Company") and its associate, comprising the Consolidated Balance Sheet as at March 31, 2025, the Consolidated Statement of Profit and Loss (including Other Comprehensive Loss), the Consolidated Cash Flow Statement, the Consolidated Statement of Changes in Equity, for the year then ended, and notes to the consolidated financial statements including a material accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act 2013 ("the Act") in the manner so required and give a true and fair view in conformity with other accounting principles generally accepted in India, of the consolidated state of affairs of the Company and its Associate as at March 31, 2025, and their consolidated Loss (including Other Comprehensive Loss), their consolidated cash flows and consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143 (10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements

under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Emphasis of Matter

Attention is invited to note no 47.2 c (ii) of the audited consolidated financial statements at year ended 31st March, 2025 regarding overdue trade receivables of ₹ 1,823.61 lakhs and security deposit of ₹ 121.68 lakhs from Rajasthan State Seeds Corporation (RSSC), where legal action have been initiated by the Company in earlier year. The petition filed by the Company in earlier year for arbitration proceedings was adjudged against the Company on grounds of limitation. The Company's application u/s 34 of the Arbitration and Conciliation Act before the Learned Commercial Court, Jaipur has been accepted and proceedings are going on. During the previous year RSSC had filed Special Leave Petition (SLP) before the Hon'ble Supreme Court against the orders of High Court of Rajasthan in miscellaneous application which was dismissed in Company's favour.

As per the legal opinion obtained by the Company, in the opinion of the management the Company has creditable case in its favour. Hence, the stated outstanding amount have considered good and recoverable and no provision there against is considered by the management.

Our opinion is not modified in respect to above matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended 31st March 2025. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In addition to the matter described in the “Emphasis of Matter” section we have determined the matters in regards to holding company described below to be the key audit matters to be communicated in our report:-

Description of Key Audit Matters	How our audit addressed the key audit matters
<p>Revenue From Operations</p> <p>As disclosed in Note 1.3 (x) to the consolidated financial statements, revenue is measured based on transaction price, which is the consideration, after deduction of estimated sales returns, discounts and indirect taxes. Estimation of sales returns involves significant judgement and estimates. The estimation is dependent on various internal and external factors. These factors include, for example, the length of time when a sale is made and when the sales return takes place, some of which are beyond the control of the Company. We identified the evaluation of accrual for sales returns and discounts as a key audit matter because: The recognition and measurement of discounts involves significant judgement and estimates, particularly the expected level of claims of each of the customers. Assumption of level of customer wise claims for discounts relates to estimating which of the Company’s customers will ultimately be subject to a related discount. Evaluating the assumption of expected returns based on experience and level of customer wise claims for discounts underlying the estimate of accrual involves challenging auditor judgment.</p>	<p>Our audit procedures included following:</p> <ul style="list-style-type: none"> • Understanding the process followed by the Company to determine the amount of accrual of sales returns and discounts; • Evaluating the accounting policies of the Company regarding accounting for sales returns and discounts and its compliance with the applicable financial reporting framework; • Performing substantive testing by checking underlying inputs used for estimating sales return accruals. Performing substantive testing by selecting samples of discounts recorded during the year as well as period end discounts and matching the parameters used in the computation with the relevant source documents; • Comparing actual returns and discounts post year-end to the estimated accruals to assess the historical accuracy of management’s estimates. • Assessing the adequacy of the related disclosures in the financial statements.
<p>Inventory</p> <p>Various procedures are involved in validating inventory quantities across locations. The provisions are made as per policy which requires significant judgement. Given the level of judgement involved and the potential financial impact, we identified this area as a key audit matter.</p>	<p>Our audit approach was a combination of test of internal controls and substantive procedures which included the following:</p> <ul style="list-style-type: none"> • Assessed and tested the design and operating effectiveness of key controls over inventory management and valuation. • Identified and assessed slow moving material for valuation and the process of revalidation to identify obsolescence. • Item wise Inventory reconciliation considering opening & closing stock, purchases, sales, revalidation losses and provisions. • Reviewed the policy of physical verification of inventory by the management and its operational implementation. • Independent and signed confirmations from Carrying & Forwarding agents, other third parties for confirmation of inventory in their possession. • Assessed the appropriateness and completeness of the related disclosure.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Report on Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statement does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive loss, consolidated cash flows and consolidated changes in equity of the Company and Associate in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the company and Associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act; for safeguarding the assets of the Company and Associate; for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which

have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the company and Associate are responsible for assessing the ability of the Company and Associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company and Associate or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Company and Associate are also responsible for overseeing the financial reporting process of the Company and Associate.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion

on whether the Company has adequate internal financial controls with reference to consolidated financial Statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and Associate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company and its associate to express an opinion on the consolidated financial statements.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Company and Associate included in the consolidated financial statements, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit of the company and associate incorporated in India, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books except for the matter stated in paragraph 2(h)(vi) below on reporting under Rule 11 (g) of the Companies (Audit and Auditors) Rules, 2014, as amended ("the Rules").
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Loss, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

- e) On the basis of the written representations received from the directors of the Company as on March 31, 2025 taken on record by the Board of Directors of the Company and its associate company incorporated in India, none of the directors of the Company, and associate company incorporated in India is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls with respect to consolidated financial statements and the operating effectiveness of such controls, refer to our separate Report in “Annexure A” which is based on the auditor’s report of Company and associate company incorporated in India.
- g) With respect to the maintenance of accounts and other matters connected therewith, reference is made to our remarks in paragraph 2 (h)(vi) below on reporting under Rule 11(g) of the Rules
- h) With respect to the other matters to be included in the Auditor’s Report in accordance with the Rule 11 of the Companies (Audit and Auditors) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us:-
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Company & its Associate. Refer Note No. 34 to the consolidated financial statements.
 - ii. The Company and its Associate did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company and its Associate incorporated in India.
 - iv. (a) The respective Managements of the Company and its associate which are companies incorporated in India whose financial statements have been audited under the Act have represented to us, to the best of their knowledge and belief, as disclosed in the notes to the accounts, no funds have been advanced or loaned or

invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company or its associate company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or its associate company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (b) The respective Managements of the Company and its associate company which are companies incorporated in India whose financial statements have been audited under the Act have represented to us, to the best of their knowledge and belief, as disclosed in the notes to accounts, no funds have been received by the Company or its associate company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company or associate company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the members

of JK Agri Genetics Limited on the Consolidated Financial Statements for the year ended March 31, 2025)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2025, we have audited the internal financial controls with respect to consolidated financial statements of JK Agri Genetics Limited ("the Company") and its associate, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Company and its associate are responsible for establishing and maintaining internal financial controls with respect to respective financial statements of the Company and Associate based on the internal control criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company and its associate, which are companies incorporated in India, internal financial controls with respect to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to

obtain reasonable assurance about whether adequate internal financial controls with respect to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with respect to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with respect to consolidated financial Statements, included obtaining an understanding of internal financial controls with respect to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with respect to consolidated financial statements.

Meaning of Internal Financial Controls with respect to consolidated financial Statements

A company's internal financial control with respect to consolidated financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with respect to consolidated financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable

assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with respect to consolidated financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statement, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statement to future periods are subject to the risk that the internal financial control with reference to consolidated financial statement may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Company and its associate, which are the companies incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to consolidated financial Statement and such internal financial controls with reference to consolidated financial Statement were operating effectively as at March 31, 2025, based on the criteria for internal financial control with reference to consolidated financial Statement established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over financial reporting issued by the Institute of Chartered Accountants of India.

Note No.1

1.1 The Company overview:

JK Agri Genetics Limited (JKAGL) is a public limited company incorporated and domiciled in India and its shares are publicly traded on the Bombay Stock Exchange ('BSE'), in India. The Registered office of the company is situated at 7, Council House Street, Kolkata-700 001, West Bengal (India).

JKAGL is engaged in research and development, production, processing and marketing of Cotton, Maize, Paddy, Pearl Millet, Sorghum , Mustard, Wheat, Sorghum Sudan grass, Tomato, Okra, Chillies and other vegetable seeds. The company's manufacturing facilities are located at Survey no. 509/2, Village: Gundlapochampally, District: Medchal - 501401 Telangana and at Ranpur, Kota, Rajasthan. During the quarter an associate company JK Agri Research Services Limited was incorporated w.e.f 03rd January, 2025. The following company is considered for preparation of Consolidated financial statements.

Name	Country	Type of Ownership	Ownership %	Period	Audited/ Board Approved
JK Agri Research Services Limited	India	Associate	49%	03.01.2025 to 31.03.2025	Audited

The associate JK Agri Research Services Limited (JKARSL) is engaged in research and development, production, processing and marketing of Seeds.

These consolidated financial statements were approved and adopted by board of directors of the Company in their meeting held on 16th May, 2025.

1.2 Basis of preparation of financial statements:

(i) Statement of compliance:

These consolidated financial statements have been prepared in accordance with Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

(ii) Basis of preparation:

The consolidated financial statements have been prepared under historical cost convention on accrual basis, except for the items that have been measured at fair value as required by relevant Ind AS. The financial statements correspond to the classification provisions contained in Ind AS-1 (Presentation of Financial Statements)

(iii) Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its associate company.

An associate is an entity over which the Company has significant influence or holding substantial number of shares with voting rights. Significant influence is the power to participate in the financial and operating decisions of the investee. In case of associate, the Company has as such, no control over their policies.

Investments in Associates are accounted for, using equity method of accounting: Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognize the company's share of the post-acquisition profits or losses of the investee in profit and loss, and the company's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates are recognised as a reduction in the carrying amount of the investment. When the company's share of losses in an equity-accounted investment equals or exceeds its interest in

the entity, including any other unsecured long-term receivables, the company does not recognize further losses, unless it has incurred obligations or made payments on behalf of the other entity. Unrealized gains on transactions between the company and its associates are eliminated to the extent of the company's interest in these entities. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the company. The carrying amount of equity accounted investments is tested for impairment in accordance with the policy.

(iv) Basis of measurement:

The financial statements have been prepared under historical cost convention on accrual basis, except for the items that have been measured at fair value as required by relevant Ind AS.

(v) Current & Non-Current Classifications.

All Assets and Liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of product & activities of the Company and their realisation in cash and cash equivalent, the Company has determined its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

1.3 Material accounting policies:

The accounting policies set out below have been applied consistently throughout the periods presented in these financial statements.

(i) Property, plant and equipment:

Property, Plant and Equipment are stated at cost, less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Expenditure directly attributable in bringing the asset to the location during construction / erection period is included under 'Capital Work-in-Progress' and is allocated to the respective property, plant and equipment on completion of construction / erection.

The cost and related accumulated depreciation are eliminated from the financial statements, upon sale and disposition of the assets and the resultant gains or losses are recognised in the statement of profit and loss.

Assets subjected to operating leases are included in Property, Plant and Equipment.

Depreciation is calculated on straight line method and as per the useful life as prescribed in Schedule II of The Companies Act 2013. Buildings on lease hold Land are charged over the lease period or as per the useful life as prescribed in Schedule II of the Companies Act, 2013, whichever period is lower. Leasehold Land considered as operating lease is being amortized over the lease period.

The residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

The cost and related accumulated depreciation are eliminated from the financial statements, upon sale and disposition of the assets and the resultant gains or losses are recognised in the statement of profit and loss.

(ii) Intangible assets:

Intangible assets are recognised, if the future economic benefits attributable to the assets are expected to flow to the Company and cost of the asset can be measured reliably. The same are amortised over the expected duration of benefits. Such intangible assets are measured at cost less any accumulated amortisation and impairment losses, if any.

(iii) Research and Development Costs

Expenditure on Research activities is recognised as an expense in the period in which it is incurred except internally generated intangible asset arising from development (or from the development phase of an internal project) is recognised if, and only if, it demonstrates the technical feasibility of completing the intangible asset so that it will be available for use or sale, the intangible asset will generate probable future economic benefits, availability of adequate technical, financials and other resources to complete the development and to use or sell the intangible asset and the ability to measure reliably the expenditure attributable to the intangible asset during its development.

(iv) Lease:

The Company, as a lessee, at the inception of contract, assesses whether the contract is a lease or not. If yes, the contract conveys in favour of the Company, the right to control the use of an identified asset for a period of time in exchange for consideration.

Right of Use Assets

The Company recognises a right-of-use asset, on a lease-by-lease basis, to measure that right-of-use asset an amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the balance sheet immediately before the date of initial application.

The cost of right-of-use assets includes the amount of lease liabilities recognised. Initial direct costs incurred and lease payments made at or before the commencement date less any lease incentives received, the recognised right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term. Right-of-use assets are subject to impairment test.

Lease Liabilities

The Company recognise a lease liability at the present value of the remaining lease payments, discounted using the lessee's incremental borrowing rate.

The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on a lease by lease basis.

Short-term Leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Significant judgment in determining the lease term of contracts with renewal options

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

(v) Inventories:

Inventories are valued at lower of cost and net realisable value. The cost is computed on weighted average basis. Finished Goods and Process Stock include cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

(vi) Borrowing cost:

Borrowing Cost is charged to Statement of Profit and Loss statement except meant for acquisition of qualifying assets, which is capitalised, using the effective interest method till the date of commercial use.

(vii) Employee benefit:**a. Defined Contribution Plan**

Employee benefits in the form of Provident Fund (PF) and Employee state Insurance (ESI) considered as defined contribution plan and the contributions are charged to the Statement of Profit and Loss of the year when the contribution to the respective funds are due.

b. Defined Benefit Plan

Retirement benefits in the form of Gratuity (funded) and Leave Encashment are considered as defined benefit obligations and are provided for on the basis of an Actuarial Valuation, using the projected unit credit method, as at the date of the Balance Sheet. Actuarial Gains or Losses through re-measurement of the net obligation of a defined benefit liability or asset is recognised in Other Comprehensive Income. Such re-measurements are not reclassified to Statement of Profit and Loss in subsequent periods.

c. Short-term Employee Benefits.

Short term benefits are charged off at the undiscounted amount in the year in which the related service is rendered.

d. Long-term Employee Benefit.

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as a liability at the present value of the defined benefit obligation at the balance sheet date.

Annual leaves can either be availed or encashed subject to restriction on the maximum accumulation of leaves.

(viii) Taxes on Income**a. Current tax:**

Tax on income for the current period is determined on the basis of estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals.

Current income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

b. Deferred tax:

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are applicable at the reporting date.

Deferred tax relating to items recognized outside the Statement of Profit and Loss is recognized under Other Comprehensive Income (OCI).

Deferred tax items are recognized in correlation to the underlying transaction either in other comprehensive income or directly in equity.

The break-up of the major components of the deferred tax assets and liabilities as at balance sheet date has been arrived at after setting off deferred tax assets and liabilities.

(ix) Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a. Financial assets

Financial assets include cash and cash equivalents, trade and other receivables.

Financial Assets are measured at amortised cost or fair value through Other Comprehensive Income or fair value through Statement of Profit or Loss, depending on its business model for managing those financial assets and the assets contractual cash flow characteristics.

Subsequent measurements of financial assets are dependent on initial classification. For impairment purposes significant financial assets are tested on an individual basis, other financial assets are assessed collectively in groups that share similar credit risk characteristics.

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial assets expire or it transfers the financial assets and the transfer qualifies for the derecognition under Ind AS 109.

The company assesses impairment based on the expected credit losses (ECL) model to all its financial assets measured at amortised cost.

b. Financial Assets at Fair value through Profit or Loss (FVTPL)

At the date of initial recognition, Financial assets are held for trading, or which are measured neither at Amortized Cost nor at Fair Value through OCI. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognized in the Statement of Profit and Loss.

c. Financial liabilities

Financial liabilities include loans and borrowings, trade and other payables and other eligible liabilities.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and other payables, net of directly attributable transaction costs. After initial recognition, financial liabilities are classified under one of the following two categories:

Financial liabilities at amortised cost: After initial recognition, such financial liabilities are subsequently measured at amortised cost by applying the Effective Interest Rate (EIR) method to the gross carrying amount of the financial liability. The EIR amortisation is included in finance expense in the Statement of Profit and Loss.

Financial liabilities at fair value through profit or loss: Financial liabilities which are designated as such on initial recognition, or which are held for trading. Fair value gains / losses attributable to changes in own credit risk is recognised in OCI. These gains / losses are not subsequently transferred to Statement of Profit and Loss. All other changes in fair value of such liabilities are recognised in the Statement of Profit and Loss.

The Company derecognises a financial liability when the obligation specified in the contract is discharged, cancelled or expires.

(x) Revenue:

The Company's revenue is derived from the single performance obligation. Revenue is recognized based on the nature of activity when, the promised goods or services are transferred to the customer and consideration can be reasonable measured or there exists reasonable certainty of its recovery. Revenues from sale of goods are recognized at a point when the control of goods is transferred to the customer.

Revenue is measured based on transaction price, which is the consideration received or receivable, stated net of discounts, sales returns and indirect taxes. Transaction price is recognised based on the price specified in the contract / Invoice, net of the estimated sales incentives/ discounts.

Interest income is recognized on time proportion basis using the effective interest method.

(xi) Grants:

Grants and subsidies from the Government are recognised when there is reasonable assurance that the grant / subsidy will be received and all attaching conditions will be complied with. Revenue Grants are recognised in the Statement of Profit and Loss. Capital Grants relating to specific assets are recognised in the balance sheet as deferred income and credited in statement of profit and loss on a systematic basis over the useful life of the related asset.

(xii) Impairment:

The carrying amount of Property, Plant and Equipments and Intangible assets are reviewed at each Balance Sheet date to assess impairment if any, based on internal / external factors. An asset is treated as impaired, when the carrying cost of asset exceeds its recoverable value, being higher of value in use and net selling price. An impairment loss is recognised as an expense in the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognised in prior accounting period is reversed, if there has been an improvement in recoverable amount.

(xiii) Earnings per share (EPS):

Basic earnings per share is calculated by dividing the profit or loss for the period attributable to the equity holders of the company by the weighted average number of ordinary shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(xiv) Cash and cash equivalents:

Cash and cash equivalents include cash on hand and at bank, Cheques on hand and Remittances in transit for the purpose of meeting short-term cash commitments.

(xv) Foreign currency transactions and translation

Financial statements have been presented in Indian Rupees(₹), which is the Company's functional and presentation currency. A company's functional currency is that of the primary economic environment in which the company operates.

Foreign currency transactions are translated into the functional currency using the exchange rate at the date of the transaction. Foreign exchange gains/ losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognised in the Statement of Profit and Loss.

1.4 Significant accounting judgements, estimates and assumptions:

The Preparation of these financial statements requires managements judgements, estimates and assumptions that affect the application of accounting policies, the accounting disclosures made and the reported amounts of assets, liabilities, income and expenses.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are made in the period, in which, the estimates are revised and in any future periods, effected pursuant to such revisions.

Financial Risk Management Objectives and Policies.

The Company's Financial Risk Management is an integral part of how to plan and execute its Business Strategies. The Company's Financial Risk Management Policy is set by the Board. The Company's activities are exposed to a variety of financial risks from its operations. The key financial risks include market risk (including foreign currency risk, interest rate risk and commodity risk etc.), credit risk and liquidity risk.

47.1 Market Risk: Market risk is the risk of loss of future earnings, fair values or future cash flows that may results from change in the price of a financial instrument. The value of a financial instrument may change as result of change in the interest rates, foreign currency exchange rates, equity prices and other market changes may affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments and deposits, foreign currency receivables, payables and loans and borrowings. Market risk comprises mainly three types of risk:

Interest rate risk, currency risk and other price risk such as equity price risk and commodity risk.

The Company has an elaborate risk management system to inform Board Members about risk management and minimization procedures.

a) Foreign Currency Risk :

Foreign Currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company makes certain imports and exports in foreign currency & therefore is exposed to Foreign Exchange Risk. The Company evaluates exchange rate exposure arising from foreign currency transactions. The Company has not undertaken any hedging activities for foreign exchange.

Change in USD	2%
Effect on profit / (loss)before tax	0.00
Change in USD	-2%
Effect on profit / (loss)before tax	0.00

b) Interest Rate Risk :-

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Any changes in the interest rates environment may impact future rates of borrowing. The Company mitigates this risk by maintaining a proper blend of Fixed & Floating Rate Borrowings. The following Table shows the blend of Company's Fixed & Floating Rate Borrowings in Indian Rupee:

(₹ In Lacs)

Particulars	As at 31.03.2025
Loans in Rupees	
- Fixed Rate	-
- Floating Rate	199.63
Total	199.63

The Company regularly scans the Market & Interest Rate Scenario to find appropriate Financial Instruments & negotiates with the Lenders in order to reduce the effect Cost of Funding.

Interest Rate Sensitivity: The following table demonstrates the sensitivity to a reasonably possible change in interest rates on financial assets affected. With all other variables held constant, the Company's profit / (Loss) before tax is affected through the impact on finance cost with respect to our borrowing, as follows:

(₹ In Lacs)	
Particulars	As at 31.03.2025
Change in Basis Points	25
Effect on profit before tax	(0.50)
Change in Basis Points	-25
Effect on profit before tax	0.50

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment.

(c) Commodity Price Risk and Sensitivity:

Commodity price fluctuations can have an impact on the demand of seeds for particular crop. Therefore, we track the commodity price movements very closely and take advance production decisions accordingly.

In addition to the above, Company also maintains a strategic buffer inventory to ensure that such disruptions do not impact the business significantly.

47.2 Credit Risk:

Credit risk is the risk that counterparty might not honor its obligations under a financial instrument or customer contract, leading to a financial loss. The company is exposed to credit risk from its operating activities (primarily trade receivables).

47.2a Trade Receivables: Customer credit risk is managed based on company's established policy, procedures and controls. The company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

Credit risk is reduced by receiving pre-payments and export letter of credit to the extent possible. The Company has a well defined sales policy to minimize its risk of credit defaults. Outstanding customer receivables are regularly monitored and assessed. Impairment analysis is performed based on historical data at each reporting date on an individual basis. However a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively.

47.2b. Advance to suppliers are net of provision/loss allowances made for Doubtful advances of ₹ 39.91 lacs. (Refer Note 15)

47.2c. ECL impairment loss allowance (or reversal) recognized during the period as income/ expense in the Statement of Profit and Loss under the head 'Other expenses'. The balance sheet presentation for financial instruments is described below:

- i) Financial assets measured as at amortised cost: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the company does not reduce impairment allowance from the gross carrying amount.
- ii) Financial Assets includes ₹ 1823.61 lacs towards Trade Receivables and Security Deposit of ₹ 121.68 lacs shown under the heading "Deposit with Government Authorities and others" from Rajasthan State Seed Corporation (RSSC). In earlier years, the company has filed claim before the arbitral tribunal against RSSC which was not allowed on technical grounds of limitation without examining the matter on merits. The company has filed an application under sec 34 of the Arbitration and Conciliation Act 1996 challenging the said order of the arbitral tribunal before the commercial court Jaipur which have been accepted and proceedings are going on. During previous year RSSC filed Special Leave Petition (SLP) in the Hon'ble Supreme Court against the orders of High Court of Rajasthan in miscellaneous application which was dismissed in our favour. Based on

the legal opinion, the company has good case for realisation of the recovery of above amount. Hence, the stated outstanding amount have considered good and recoverable by the management.

- iii) The Company has initiated legal proceedings against Uttar Pradesh Seed Development Corporation (UPSDC) and the Department Of Agriculture, Government of UP for recovery of the overdue outstanding of ₹ 952.00 lacs out of which ₹ 258.66 lacs was received (includes ₹ 54.87 Lacs received during current year). The current outstanding is ₹ 693.34 lacs for which necessary provision were made under expected credit loss allowance in the books of accounts.

The Company has filed an application under the Arbitration and Conciliation Act 1996 for appointment of Arbitrator for recovery of the aforesaid overdue amount from UPSDC. Hon'ble High court did not allow the application and held that the dispute is not covered by the arbitration. As such the Company had filed a separate writ petition in 2019 before the Hon'ble High court Lucknow against Uttar Pradesh Seed Development Corporation (UPSDC) and the Department Of Agriculture, Government of UP for recovery of the overdue outstanding of ₹ 952 lacs basing on the facts of the case and other circumstances took place after filing the writ petition, the company has good chance of recovery.

47.2d. Some of the balances of debtors, loans & advances and current liabilities are in the process of confirmation/reconciliation.

47.3 Liquidity Risk:

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when due. when both normal and stressed conditions, without incurring unacceptable losses or risking damages to the company's reputation.
