Members may note that the Notice of Annual General Meeting and Annual Report for the financial year 2024-25 will also be available on the Company's website: <https://www.garwarefibres.com/>; websites of the Stock Exchanges i.e. the BSE Limited and National Stock Exchange of India Ltd at www.bseindia.com and www.nseindia.com respectively and on the website of National Securities Depository Ltd. ("NSDL") at www.evoting.nsdl.com. Members can attend and participate in the Annual General Meeting through VC / OAVM facility only.
8. a. SEBI vide its Master Circular No. SEBI/HO/MIRSD/POD-1/P/CIR/2024/37 dated 7th May, 2024, mandated that the security holders (holding securities in physical form), whose folio(s) do not have PAN or Choice of Nomination or Contact Details or Mobile Number or Bank Account Details or Specimen Signature updated, shall be eligible for any payment including dividend, interest or redemption in respect of such folios, only through electronic mode with effect from 1st April, 2024, upon their furnishing all the aforesaid details in entirety. Further, any service requests or complaints received from the member, are not processed by RTA till the aforesaid details / documents are provided to RTA. SEBI has introduced Form ISR - 1 along with other relevant forms to lodge any request for registering PAN, KYC details or any change / updation thereof.
Members may also note that SEBI vide its Master Circular No. SEBI/HO/MIRSD/POD-1/P/CIR/2024/37 dated 7th May, 2024 has mandated listed companies to issue securities in dematerialized form only while processing service requests viz. Issue of duplicate securities certificate; claim from unclaimed suspense account; renewal / exchange of securities certificate; endorsement; sub-division / splitting of securities certificate; consolidation of securities certificates / folios; transmission and transposition. In view of the same and to eliminate all risks associated with physical shares and avail various benefits of dematerialisation, Members are advised to dematerialise the shares held by them in physical form. Accordingly, Members are requested to make service requests by submitting a duly filled and signed Form ISR-4 along with documents specified therein, the format of which is available on the Company's website at <https://www.garwarefibres.com/>.
- b. Members who are holding shares in demat mode are requested to notify any change in their residential address, Bank A/c details and / or email address immediately to their respective Depository Participants.
9. Pursuant to Section 72 of the Companies Act, 2013 read with Rule 19(1) of the Rules made thereunder, Shareholders are entitled to make nomination in respect of shares held by them in physical form. Shareholders desirous of making nominations are requested to send their requests in Form SH-13, which is available on the website of the Company. Further, SEBI vide its Master Circular No. SEBI/HO/MIRSD/POD-1/P/CIR/2024/37 dated 7th May, 2024 has mandated to furnish Form ISR-3 for opting out of Nomination by physical shareholders in case the Shareholder do not wish to register for the Nomination.
10. Pursuant to Provisions of Sections 124 and 125 of the Companies Act, 2013 (Section 205A and 205C of erstwhile Companies Act, 1956), any money transferred to the Unpaid Dividend Account which remains unpaid or unclaimed for a period of 07 (seven) years from the date of such transfer, shall be transferred by the Company to a fund called "Investor Education and Protection Fund" (the "IEPF") established by the Central Government.

Accordingly, the unclaimed dividends up to the financial year 2016-17 have been transferred by the Company to the IEPF.

The unpaid / unclaimed dividend for the financial year 2017-18 and onwards will become transferable to the IEPF at the end of 07 (seven) years from the respective dates of transfer of such amounts to the Unclaimed Dividend Accounts of the Company. Members are, therefore requested to check and send their claims, if any, for the relevant financial year 2017-18 and onwards before the respective amounts become due for transfer to the IEPF.

The Ministry of Corporate Affairs ("MCA") notified the Investor Education and Protection Fund (Accounting, Audit, Transfer and Refund) Rules, 2016 on 5th September, 2016 ("IEPF Rules"), which is applicable to the Company. In terms of the said IEPF Rules, the Company has uploaded the information in respect of the Unclaimed Dividends in respect of the financial year 2017-2018, on the website of the Company viz. <https://www.garwarefibres.com/statement-of-unclaimed-dividend/>.

Members are also requested to note that, pursuant to the provisions of Section 124(6) of the Companies Act, 2013 and the IEPF Rules, the Company is obliged to transfer all shares, in respect of which dividend has remained unpaid or unclaimed for 07 (seven) consecutive years or more to demat account of the IEPF Authority.

In compliance with the aforesaid Rules, the Company has transferred equity shares pertaining to financial year 2016-17 to IEPF Authority after providing necessary intimation to concern Members.

The eligible Members are entitled to claim the shares or apply for refund of dividend to IEPF Authority by making an application in prescribed Form, the details of which are available at www.iepf.gov.in.

11. Non-Resident Indian Members are requested to inform the Company, immediately of change in their residential status on return to India for permanent settlement.
12. Members are also informed that pursuant to Circular No. SEBI/HO/OIAE/OIAE_IAD-1/P/CIR/2023/131 dated 31st July, 2023, read with a Corrigendum No. SEBI/HO/OIAE/OIAE_IAD-1/P/CIR/2023/135 dated 4th August, 2023, and further a Master Circular No. SEBI/HO/OIAE/OIAE_IAD-1/P/CIR/2023/145 dated 11th August, 2023, SEBI has introduced a common Online Dispute Resolution ("ODR") mechanism to facilitate online resolution of all kinds of disputes arising in the Indian securities market. Members can access the SEBI Circulars on the website of SEBI at <https://www.sebi.gov.in/> and the same are also available on the website of the Company at <https://www.garwarefibres.com/investors/shareholder-information/shareholder-form-downloads#investorsmenu>.

A LEGACY OF TRUST, INNOVATION AND VALUE CREATION

Dear Shareholders,

As we step into our golden jubilee year, it gives me great pleasure to present your Company's annual report for the financial year 2024-25. This milestone marks five decades of focused innovation, operational resilience, and enduring relationships. As a Company deeply rooted in core values, we continue to build on our strong legacy while embracing emerging opportunities.

This year has been one of significant progress, built on the foundations of our long-term strategic vision, a commitment to operational excellence, and unwavering dedication to our stakeholders. Despite challenges in the global business landscape, we strengthened our competitive position, enhanced profitability, and laid down firm markers for future growth.

Our top line registered healthy growth, and we continued on a consistent upward trajectory in our bottom line. Performance was driven by stronger

customer engagement in key international markets, operational efficiencies, and the expanding contribution of our geosynthetics business. We also maintained a robust cash flow position, which enabled us to pursue growth opportunities and reward shareholders. In line with our value-sharing philosophy, we declared a bonus issue of four shares for every one share held, and completed a share buyback in the first quarter.

Our aquaculture division continued to deliver strong growth during FY 2024-25. Strategic initiatives in Norway gained significant traction as we deepened our presence through direct supply contracts with major customers. In a historic step for the Company, on 7th July 2025, we made strategic acquisition of two Norwegian companies : Offshore & Trawl Supply (OTS) and Advanced Mooring Supply (AMS). OTS is a leading producer of synthetic fibre ropes for oil & gas, fisheries, aquaculture, and towing applications, and brings

state-of-the-art manufacturing capabilities that will help us scale our value-added ropes segment. AMS will strengthen our ability to serve the growing offshore wind-energy sector.

In Chile, another important aquaculture market, we achieved exceptional results and expanded our team to further localize operations and build a strong on-ground presence. We also extended our reach in other key regions and saw encouraging adoption of our non-salmon offerings in diverse international markets, broadening our customer base and product relevance.

Our geosynthetics business had an outstanding year, with both revenue and operating profit exceeding previous benchmarks by a wide margin. Our expertise in slope stabilization, landfill capping, and other infrastructure applications was demonstrated in major projects across India. A standout achievement was the deployment of an innovative smart net system, which monitors slope health and delivers early-warning signals. This pioneering solution attracted international attention, highlighting our capacity to deliver technology-driven solutions for critical infrastructure needs.

Looking ahead, the outlook for geosynthetics is promising, underpinned by institutional support and policies. Agencies such as the Ministry of Road Transport and Highways and the Bureau of Indian Standards (BIS) have issued guidelines to promote the use of geosynthetics in road construction, embankments, and erosion control. Large-scale public infrastructure projects are increasingly integrating these materials, offering strong growth potential for our business.

Other business segments also delivered steady contributions to the Company's overall growth, underscoring the resilience of our diversified portfolio.

For the financial year ended 31st March 2025, we earned total revenue of ₹ 15,401.13 million, an increase of 16.2% over the previous year. Our consolidated operating EBITDA increased by 17.4% to ₹ 3187.7 million, while profit before tax stood at ₹ 3084.6 million, reflecting a substantial year-on-year gain. The Board of Directors has

declared an equity dividend of 15%, amounting to ₹ 1.50 per share.

Our people remain our greatest asset. This year, we were once again ranked among the 'Top 25 India's Best Workplaces in Manufacturing - Large category' by Great Place to Work, India. We continue to build our global team and invest in future-ready capabilities.

On the manufacturing front, we are implementing structured initiatives to enhance operational excellence, productivity, and process discipline - ensuring long-term agility, innovation, and quality.

Our commitment to sustainability remains strong. Our solutions are designed to support global environmental goals, and we continuously work to reduce our ecological footprint. Sustainability is not an adjunct but a core principle that drives our innovation, operations, and growth.

Under our corporate social responsibility initiatives, the Garware Youth Development Center (GYDC) expanded outreach this year, playing a vital role in enabling sustainable livelihoods for underprivileged youth.

While we continue to advance on multiple fronts, we remain vigilant to emerging risks. Geopolitical uncertainties and potential supply chain disruptions pose challenges to global trade. The ongoing consolidation trend in the aquaculture industry also presents both opportunities and complexities. However, our solid financial base, diversified product mix, agile operating model, and global footprint position us well to navigate these dynamics.

As we reflect on our journey over the past 50 years, I extend my heartfelt gratitude to our employees, customers, and shareholders for their continued trust and support. Even as we celebrate this golden jubilee, we remain firmly focused on creating long-term value, contributing to sustainable development, and looking to the future with confidence.

Warm regards,

V. R. Garware
Chairman & Managing Director

ESTABLISHING THE VISION

1970-1980

Bhumi Poojan

Interaction with Wall Industries, USA

Pune Factory Building

Garware Technical Fibres Ltd. commenced its journey in 1976 with the establishment of its first manufacturing facility in Pune. Incorporated as Garware-Wall Ropes Ltd., the Company entered into a strategic collaboration with Wall Industries, USA, to bring global expertise and quality standards into its operations from the outset.

During this foundational decade, the Company launched its first public issue, reflecting strong early investor confidence and set industry benchmarks through the commissioning of advanced braiding equipment.

The successful dispatch of its first export consignment marked the beginning of GTFL's long-standing global orientation and laid the groundwork for its international growth strategy.

The 1980s were marked by rapid growth and the consolidation of GTFL's market leadership. The Company emerged as India's largest exporter of ropes, reinforcing its reputation for quality and reliability.

Significant investments in manufacturing capabilities and precision engineering enhanced both product performance and operational scale. During this period, GTFL also laid a strong foundation in research and development, positioning itself as a technologically driven player and pioneering solution provider in the synthetic fibres and technical textiles industry.

The 1990s marked a phase of accelerated expansion under the leadership of Mr. Ramesh Garware, following the passing of the Company's founder, the late Dr. Abasaheb Garware. GTFL scaled up its operations with the installation of advanced fishnet making machines. GTFL also started manufacturing in-house advanced rope-making machines.

The Company's R&D centre received government recognition, reaffirming its innovation capabilities. This decade also witnessed strategic diversification into geosynthetics, laying the foundation for GTFL's future role in infrastructure development and environmental protection.

The crossing of the ₹ 100 crore turnover milestone and additions to the Company's product portfolio underscored its expanding scale. It was also during this period that Mr. Vayu Garware joined the business, reinforcing continuity of leadership and strategic direction.

In the new millennium, GTFL took a strategic leap by entering the aquaculture segment, now a key driver of the Company's global business. This period was marked by a clear articulation of the Company's mission and core values, providing long-term direction and aligning the organization with stakeholder interests.

Product innovation continued to be a priority, with the introduction of specialized solutions for trawling and aquaculture. In 2004, the Government of India honoured the Company's founder with a commemorative postage stamp - a national recognition of his immense contributions to Indian industry.

On 3rd April, 2007, the Company was listed on the National Stock Exchange, signaling growing market confidence and institutional recognition.

Recognized as one of India's Best Workplaces, GTFL nurtures talent through continuous learning, empowerment and growth opportunities.

GTFL entered a high-growth trajectory during the 2010s, with revenues surpassing ₹ 500 crore and later crossing ₹ 1,500 crore. In 2018, the Company was renamed Garware Technical Fibres Limited, aligning its identity with an application-focused, diversified business model.

As part of its broader transformation, GTFL significantly expanded its global footprint, establishing a presence in over 75 countries. The Company focused on deepening its reach in key regions such as North America and Europe, while successfully building momentum in South America. To enhance customer engagement and service delivery, GTFL strengthened its regional teams across these geographies. As a result of these initiatives, international markets now contribute over 60% of consolidated revenue, underscoring the Company's position as a leading global player in the technical textiles industry.

In the most recent phase of its evolution, GTFL further strengthened its market position, achieving a market capitalization of over USD \$1 billion. The Company has been recognized among 'Top 25 India's Best Workplaces in Manufacturing – Large category', 'Top 50 India's Best Workplaces Building a Culture of Innovation by All – Large category', reflecting its commitment to a high-performance, people-centric culture.

Through its role in enabling efficient food production, infrastructure development, and environmental protection, GTFL has reinforced its relevance across core global sectors. Sustained profit growth in the range of 10-20% and strong stock market performance have attested to the Company's resilience, innovation capabilities, and long-term growth outlook.

ANNEXURE 2 TO DIRECTORS' REPORT 2024-25

The Annual Report on Corporate Social Responsibility (CSR) Activities for the Financial Year 2024-25

[Pursuant to the provision of Section 135 & Schedule VII of the Companies Act, 2013 read with Companies (Corporate Social Responsibility Policy), Rule, 2014, and forming part of the Directors Report for the year ended 31st March, 2025].

1. Brief outline of CSR Policy of the Company

The Board of Directors of the Company in compliance with the provisions of the Companies Act, 2013, and after taking into account the recommendations of the CSR Committee of the Company, has formulated the CSR policy and the same has been displayed on the Company's website: <https://www.garwarefibres.com/investors/csr-policy>.

The major thrust areas of CSR policy are promoting education & health care, promoting research and development in agriculture / horticulture / aquaculture / fisheries etc., empowering women, undertaking environmental friendly measures like tree plantation, and rural / agricultural extension / development projects, mainly in and around the geographical areas where the Company's plant / businesses are located.

A brief overview of your Company's CSR Projects / Programme is given below:

Project Sarva Shiksha:

Partnering in the national goal of education for all, the Company has continued its efforts for improvements in school infrastructure which caters largely to the marginalised sections of society. Along with improving the quality of education in the schools in the vicinity of the Company's Wai plant, the Company has extended this initiative to some schools in the coastal belt of eastern India and other part of the country by providing a computer lab and e-learning materials, RO water purifier, developed Mid-Day meal shade and wooden bench at School premises and classes and Cycle to girl students to address the problem of inadequate facilities and infrastructure. During the year under review, the Company has also contributed to provide sport facilities and training to the youth of Wai Dist.: Satara and nearby area in order to overall development and physical fitness of the youth.

Project Swasthaya Seva:

Good health is a vital asset for full individual development and sustainable progress of a society. Recognising the importance of this asset and the critical gaps that exist between demand and supply of health services in India, the Company is undertaking various projects to strengthen health infrastructure and facilities. In FY 2024-25 the Company has donated an Ambulance to the Trust in Junagadh with the aim to provide essential medical facilities and support to Fishermen Community and other needy people in this area.

Project Vikas:

The Company contributes to the overall development of rural areas, keeping in focus disadvantage communities like fisher folk and small farmers, by initiating development projects like infrastructural support, ensuring basic amenities for safe drinking water, and disaster management etc. In FY 2024-2025, as part of its ongoing efforts, the Company has donated Garbage Collection Vans to Bavdhan and Bopardi Grampanchayat in Dist. Satara in order to resolve the problem of collection of garbage and ensuring cleanliness in the village.

Project Atmanirbhar:

To ensure sustainable and remunerative livelihoods, the Company focuses on empowering youth with adequate skill sets for securing employment in relevant sectors. The Company's key initiative - Garware Youth Development Centre in Wai has taken significant steps by offering various vocational courses and enhancing employment capacities of youth. More information on this project is provided elsewhere in this annual report.

AUDITORS CERTIFICATE ON CORPORATE GOVERNANCE

To

The Members of,

GARWARE TECHNICAL FIBRES LIMITED

We, Mehta Chokshi & Shah LLP, Chartered Accountants, the Statutory Auditors of **GARWARE TECHNICAL FIBRES LIMITED** ("the Company"), have examined the compliance of conditions of Corporate Governance by the Company, for the year ended March 31, 2025, as stipulated in Regulations 17 to 27 and clauses (b) to (i) of Regulation 46(2) and para C and D of Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the Listing Regulations).

Managements' Responsibility

The compliance of conditions of Corporate Governance is the responsibility of the Management. This responsibility includes the design, implementation and maintenance of internal control and procedures to ensure the compliance with the conditions of the Corporate Governance stipulated in Listing Regulations.

Auditor's Responsibility

Our examination is limited to examining the procedures and implementation thereof, adopted by the Company for ensuring compliance with the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the Financial Statements of the Company.

We have examined the books of account and other relevant records and documents maintained by the Company for the purposes of providing reasonable assurance on the compliance with Corporate Governance requirements by the Company.

We have carried out an examination of the relevant records of the Company in accordance with the Guidance Note on Certification of Corporate Governance issued by the Institute of the Chartered Accountants of India (the ICAI), the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013, in so far as applicable for the purpose of this certificate and as per the Guidance Note on Reports or Certificates for Special Purposes issued by the ICAI which requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.

We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information and other Assurance and Related Service Engagements.

Opinion

Based on our examination of the relevant records and according to the information and explanations provided to us and the representations provided by the Management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in regulations 17 to 27 and clauses (b) to (i) of regulation 46(2) and para C and D of Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, during the year ended March 31, 2025.

We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

5.	Specific commitments, goals, and targets set by the entity with defined timelines, if any.	At GTFL, we are committed to upholding sustainable business practices that are environmentally, socially, and economically responsible. We strive to minimize any adverse impacts arising from our operations while actively contributing to the well-being of society and the planet. Our approach is guided by strong Environmental, Social, and Governance (ESG) principles, which are embedded across our business functions and decision-making processes. The following ESG related actions demonstrate our ongoing commitment to sustainability: <ul style="list-style-type: none"> • Achieve Net-Zero greenhouse gas emissions by 2050. • 1500 numbers of tree plantations in the year 2025-26. • Recycle and Reuse 100% HDPE • Replace diesel forklifts with electric forklift • Replace high torque motors to reduce energy consumption & increase efficiency • Reduction in domestic & industrial water use by 2026 (Target 10000 KL) 								
6.	Performance of the entity against the specific commitments, goals, and targets along with reasons in cases the same are not met.	During FY 2024-25 the Company has avoided emission of 12991 MT GHG by using 54% renewable energy consumption in the form of electricity, Carbon Neutrality 43.6, &. Additionally, we are substituting coal fuel with bio-mass briquettes to reduce emissions. We have also been successful in replacing 15 diesel forklifts with electric forklifts.								

Governance, leadership, and oversight:

7. Statement by the director responsible for the business responsibility report, highlighting ESG related challenges, targets, and achievements (listed entity has flexibility regarding the placement of this disclosure)

At GTFL, we acknowledge the meaningful progress made in our ESG journey during FY 2024–25, even as we recognize that our commitment to sustainability is a long-term endeavor. We remain steadfast in our pursuit of responsible growth, with a strong focus on continuous improvement, innovation, and stakeholder engagement across Environmental, Social, and Governance dimensions.

A key recognition of our efforts this year has been GTFL's continued inclusion among India's top manufacturing companies as a certified Great Place to Work. This milestone reflects our commitment to fostering a safe, inclusive, and empowering work environment for our employees.

From an environmental standpoint, our focus on decarbonization and energy transition has led to a remarkable achievement — a reduction of approximately 36% in Scope 2 greenhouse gas (GHG) emissions during the year, primarily driven by increased renewable electricity consumption across our Wai and Pune plants. Additionally, we successfully replaced 15 diesel forklifts with electric models, and adopted circularity-driven practices that led to the reduction of 1,993 metric tonnes of waste through recycling, reuse, and responsible disposal.

Our sustainability-driven product innovations, such as geosynthetics and advanced aquaculture solutions, are designed to offer lower environmental impact and cost-efficient outcomes for end users, contributing to both economic and ecological value creation.

Looking ahead, we continue to align with our long-term goal of achieving Net Zero GHG emissions by 2050. Our ESG roadmap is centered on the following ongoing priorities:

- Accelerating the transition to renewable energy and energy-efficient technologies
- Scaling the use of electric equipment and sustainable alternatives
- Enhancing resource efficiency through 3R (Reduce, Reuse, Recycle) principles
- Strengthening stakeholder engagement and disclosure transparency

We remain fully committed to integrating ESG principles across our operations, responding to emerging challenges with agility, and delivering sustained value to our stakeholders and the environment.

Our comprehensive safety program includes periodic plant safety inspections, safety audits (both internal and external), and regular hazard identification and risk assessment (HIRA). We also conduct Job Safety Analysis (JSA), Toolbox Talks, and monitor work zone air quality and noise levels.

In addition, we provide annual medical check-ups and conduct safety trainings according to our training calendar. Our health and safety policy are well-established, and we ensure compliance with regulatory standards. Corrective actions are taken based on audit findings to continuously improve our safety performance. We also engage in safety promotional activities to foster a culture of safety within the organization.

b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis of the entity?

Hazard Identification and Risk Assessment (HIRA) are conducted as per Standard Operating Procedures (SOPs), and Corrective and Preventive Actions (CAPA) are taken for significant risks identified. The process involves participation from the safety committee, safety champions, and workers, especially during periodic reviews for new processes, modifications, changes in existing processes, procurement of new machinery, and both routine and non-routine activities.

Various methods are used to identify work-related hazards and mitigate risks, including:

- Hazard Identification and Risk Analysis (HIRA)
- Near Miss Reporting
- Safety Passport System
- Daily Toolbox Talk Meetings
- Safety Walkdowns
- Safety Committee Meetings
- Monthly Internal Audits
- Safety Champion Initiatives
- Safety Rolling Trophy
- Safety Promotion and Motivation Activities
- Safety Suggestions

Workers can report work-related safety hazards through internal platforms and safety meetings, ensuring a proactive approach to workplace safety.

c. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks? (Yes/No)

Yes, we have a procedure in place for reporting work-related hazards to take corrective actions and prevent incidents. Leadership Indicators
1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board:

Directors and Senior Management Personnel maintain regular and planned engagements with stakeholders, including investors, shareholders, employees, customers, channel partners, government departments and analysts. These interactions serve as an opportunity to gather feedback, suggestions, complaints, and grievances and the responsible individual relays this feedback to the Board during specific occasions throughout the year. The feedback and key issues brought to the attention of the respective committees of the Board for further consideration and action, as deemed appropriate. This ensures that defined processes followed and that material topics are appropriately addressed across the company in a stakeholder inclusive manner.

2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topic? (Yes/No)

If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity:

Yes, stakeholder consultations play a vital role in identifying and managing material environmental and social topics. The Company engages with key stakeholders such as employees, customers, analysts, and investors through structured mechanisms to gather insights that inform our ESG priorities. These inputs are analyzed and incorporated into a materiality matrix, which forms the foundation of our sustainability strategy.

In addition, through on-ground initiatives like the Garware Youth Development Center (GYDC) at Wai, the Company interacts with community members to understand local skilling and livelihood needs. The feedback received through such community engagement directly influences the design of vocational programs and supports the alignment of our CSR efforts with actual stakeholder expectations.

3. Provide detail of instances of engagement with, and actions taken to, address the concerns of vulnerable / marginalized stakeholder groups:

The Company has identified communities around its manufacturing locations including women, youth, fishermen, and smallholder farmers as vulnerable or marginalized stakeholder groups. Engagement with these communities is conducted regularly to understand their needs and challenges, which in turn helps shape relevant CSR initiatives.

One key initiative is the Garware Youth Development Center (GYDC), located in Wai, which offers free vocational and soft skills training to underprivileged youth and women. Before launching new courses, the GYDC team consults with local residents to understand the type of training required, ensuring that the offerings are demand-driven. Over 300–400 beneficiaries are served annually through programs such as digital literacy, fashion design, CNC operation, and accounting, helping them pursue employment or entrepreneurship. These efforts reflect the Company's commitment to inclusive development and equitable growth.

Principle 5: Businesses should respect and promote human rights

Essential Indicators

1. Employees and workers who have been provided training on human rights issues and policy(ies) of the entity, in the following format:

Note:

* All Directors other than CMD who is covered under Key managerial Personnel are paid only sitting fees. The median sitting fees paid to male Board of Directors is 1,50,000 and to female Board of Directors is 60,000.

b. Gross wages paid to females as % of total wages paid by the entity, in the following format:

	Current Financial Year 2024-25	Previous Financial Year 2023-24
Gross wages paid to females as % of total wages	1.39%	1.67%

4. Do you have a focal point (Individual / Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)

Yes, the Company has designated the Head of Human Capital (Human Resources) as the focal point responsible for overseeing and addressing any human rights-related concerns across its operations. The Head of Human Capital, in consultation with the Senior Management, ensures that any reported issue is addressed in a timely, effective, and transparent manner, in line with applicable laws and the Company's Human Rights Policy. The Company promotes a workplace culture rooted in respect, dignity, and non-discrimination and ensures that all relevant stakeholders are aware of their rights and avenues for redressal.

5. Describe the internal mechanisms in place to redress grievances related to human rights issues.

The Company has established multiple internal mechanisms to uphold and safeguard human rights across its workforce and value chain. All employees, workers, contractors, and third-party associates are covered under the Human Rights Policy, which prohibits any form of discrimination, abuse, forced labour, child labour, or harassment in the workplace. Grievances related to human rights can be reported through the Company's Vigil Mechanism, which provides a safe and confidential channel for raising concerns related to misconduct, unethical behaviour, or any violation of policy. For concerns related to workplace harassment, the Company has also constituted an Internal Complaints Committee (ICC) under the provisions of the Prevention of Sexual Harassment (PoSH) Act. All reported issues are addressed with due sensitivity, and necessary actions are taken in accordance with applicable laws and internal procedures, ensuring non-retaliation and fair resolution.

6. Number of complaints on the following made by employees and workers:

Category	Current Financial Year 2024-25			Previous Financial Year 2023-24		
	Filed during the year	Pending resolution at end of year	Remark	Filed during the year	Pending resolution at end of year	Remark
Sexual Harassment	0	0	NA	1	0	The complaint was investigated and resolved
Discrimination at workplace	0	0	NA	0	0	NA
Child Labour	0	0	NA	0	0	NA
Forced Labour / Involuntary Labour	0	0	NA	0	0	NA
Wages	0	0	NA	0	0	NA
Other human rights related issues	0	0	NA	0	0	NA

7. Complaints filed under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 in the following format:

Category	Current Financial Year 2024-25	Previous Financial Year 2023-24
Total Complaints reported under Sexual Harassment on of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (POSH)	0	1
Complaints on POSH as a % of female employees / workers	0	3.03%
Complaints on POSH upheld	NA	NA

8. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

The Vigil Mechanism Policy provides for adequate safeguards against victimization for the persons (“the informer / whistleblower”) who avail this mechanism and provides for direct access to the Chairman of the Audit Committee of the Company in exceptional cases. The Company ensures that no unfair treatment meted out to the informer / whistleblower by virtue of having reported the information under this Policy.

9. Do human rights requirements form part of your business agreements and contracts? (Yes/No)

At GTFL, business contracts integrate human rights compliance as terms and conditions i.e., clauses on prevention of child labour, forced labour, discrimination, harassment, minimum wages, and other topics, to ensure compliance with social and governance norms and ethical business conduct by all vendors and suppliers.

10. Assessment for the FY 2024- 25:

	% Of plants and offices that were assessed (by entity or statutory authorities or third parties)
Child Labour	100%
Forced / Involuntary Labour	100%
Sexual harassment	100%
Discrimination at workplace	100%
Wages	100%

11. Provide details of any corrective actions taken or underway to address significant risks/ concerns arising from the assessments at Qs. 9, above.

No significant concerns were identified during the latest assessments; therefore, no corrective actions were required to be undertaken during the reporting period. However, the Company periodically reviews its human rights processes and procedures to be compliant with regulatory norms and standards.

Leadership Indicators

1. Details of a business process being modified / introduced as a result of addressing human rights grievances / complaints:

The Company has been compliant with human rights issues and reviews its policies and processes on a regular basis.

2. Details of the scope and coverage of any Human Rights due diligence conducted:

The Company undertakes self-assessment at all plants and offices for all the indicators covered in Q9 above.

3. Is the premise / office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?

4. At present, GTFL's premises and offices do not have infrastructure that is accessible to differently abled employees and workers. However, The Company is planning to enhance its premises to ensure universal accessibility through appropriate infrastructure improvements and upgrades.

5. Details on assessment of Value Chain Partners:

	% Of value chain partners (by value of business done with such partners) that were assessed:
Child Labour	The Company undertakes internal assessments of value chain partners for child labour, forced labour, fair wages and other human rights issues periodically.
Forced / Involuntary Labour	
Sexual harassment	
Discrimination at workplace	
Wages	

6. Provide details of any corrective actions taken or underway to address significant risks/ concerns arising from the assessment at Qs. 4 above.

No corrective actions were required to be taken due to significant risks or concerns arising from the assessment on value chain partners.

Principle 6: Businesses should respect and make efforts to protect and restore the environment
Essential Indicators
1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format:

Parameter	Current Financial Year 2024-25	Previous Financial Year 2023-24
From 'Renewable Sources' (in Gigajoules)		
Total Electricity Consumption (A)	64,258	58,980

5. Has the entity implemented a mechanism for Zero Liquid Discharge (ZLD)? If "Yes", provide details of its coverage and implementation.

The Company has implemented a Zero Liquid Discharge (ZLD) mechanism. A combined Effluent Treatment Plant and Sewage Treatment Plant (ETP+STP) with a design capacity of 320 KLD has been installed, featuring primary, secondary, and tertiary treatment processes for treating both trade and domestic effluent. Treated water is recycled and reused in various processes such as cooling tower makeup, toilet flushing, filter press, vessel cleaning at the ETP, and for gardening purposes. All treated water is entirely consumed within our premises, with no discharge outside the factory premises.

6. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Parameter	Please specify unit	Current Financial Year 2024-25	Previous Financial Year 2023-24
Nox	Tonnes / year	2.74	7.79
SOx	Tonnes / year	7.11	27.55

Total Scope 1 and Scope 2 emission intensity in terms of physical output (tCO₂e/MT)		0.955	0.852

@ - The implied PPP conversion rate published by International Monetary Fund (IMF) 22.4 has been used for Purchasing Power Parity calculation. For FY 2024-25 values for calendar year 2025 have been considered. For FY 2023-24, values for calendar year 2024 have been considered.

Note:

Indicate if any independent assessment / evaluation / assurance has been carried out by an external agency? (Yes / No).

If "Yes", name the external agency.: NO

8. Does the entity have any project related to reducing Greenhouse gas emissions?

If "Yes", then provide details.

The Company has undertaken various initiatives to reduce greenhouse gas emissions and improve operational efficiency. These measures include replacing low-efficient devices with higher energy-efficient ones, such as installing energy-efficient motors for doublers and using variable frequency drives (VFDs) and AC motors for rope-making machines. Harmonic filters have been installed for specific sheds, and the transition from fossil fuels is underway, including replacing diesel-operated forklifts with electric ones, using higher efficiency boilers, and utilizing 54% solar power. Additionally, coal has been partially replaced by biomass briquettes, self-captive solar open access 8.5 MW and roof top solar installations. Energy conservation is achieved through the installation of direct drive high torque low speed permanent magnet synchronous motors with 96% efficiency. Old AC units with R-22 gas are being replaced by new split AC units with greener gases like R-32 or R-134A, and green energy is being plan to purchase from state electricity board to further reduce greenhouse gas emissions.

9. Provide details related to waste management by the entity, in the following format:

Parameter	Current Financial Year 2024-25	Previous Financial Year 2023-24
Total Waste Generated (in metric tonnes)		
Plastic Waste (A)	1,674.85	1155
E-Waste (B)	1.12	0.44

(ii). Landfilling	0	0
(iii). Other disposal operations	0	0
Total	28.54	37

Note:

Indicate if any independent assessment / evaluation / assurance has been carried out by an external agency? (Yes / No).

If "Yes", name the external agency.: NO

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

The Company uses water-based chemicals in its manufacturing process and avoid hazardous or toxic chemicals to prevent adverse impacts on the environment, including air, water, and land pollution. The focus is on eco-friendly product development, which requires less antifouling treatment, leading to reduced copper sedimentation and deposition in seawater. Additionally, it adheres to 3R (Reduce, Reuse, Recycle) practices to minimize waste generation. The generated waste is disposed of through MPCB-authorized parties MEPL & GGEIPL and Co-processor.

11. If the entity has operations / offices in & around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones, etc.) where environmental approvals / clearances are required, please specify details in the following format:

Location of operations / offices	Type of operations	Whether the conditions of environmental approval / clearance are being complied with? (Yes / No) If "No", the reasons thereof and corrective action taken, if any.
----------------------------------	--------------------	---

None of the Company's operations / offices are in ecologically sensitive area.

12. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year 2024- 25:

Name and brief of the project	EIA Notification No.	Date	Whether conducted by independent agency (Yes / No)	Results communicated in public domain (Yes / No)	Relevant Web-link
-------------------------------	----------------------	------	--	--	-------------------

During FY 2024-25, the Company was not required to conduct any environmental impact assessments as per applicable laws.

13. Is the entity compliant with the applicable environmental law / regulations / guidelines in India, such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment Protection Act and Rules thereunder (Yes/No):

If "Not", provide details of all such non-compliances, in the following format:

S. No.	Specify the law / regulation / guidelines which is not compliant	Provide details of the non-compliance	Any fines / penalties / action taken by regulatory agencies such as pollution control board or by courts	Corrective action taken, if any
--------	--	---------------------------------------	--	---------------------------------

The Company have been compliant with all applicable environmental laws, regulations, and acts of Government of India and Government of Maharashtra, thereby ensuring no case of non-compliance during the reporting period.

Leadership Indicators

1. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

S. No.	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along with summary)	Outcome of the Initiative
1.	The company has taken initiative to use biomass briquettes instead of coal in the boiler operation.	Previously, Coal was used for boiler operations which impacting on Greenhouse emission. The initiative involves using 270 metric tons (MT) of biomass briquettes annually in the boiler operations.	Reduction in Greenhouse Gas Emissions: This switch leads to a reduction of 647 MT in greenhouse gas (GHG) emissions, contributing to a lower carbon footprint and positive environmental impact and alternate fuel for coal.
2.	The company has undertaken an initiative to purchase electrical forklifts instead of diesel forklifts.	The initiative involves purchasing 14 electrical forklifts to replace the existing diesel-powered forklifts.	Reduction in Greenhouse Gas Emissions: The transition to electrical forklifts results in a reduction of 75 metric tons (MT) of greenhouse gas (GHG) emissions, helping to lower the company's carbon footprint and positively impact on environment.
3.	The company has initiated the installation of high torque low speed motors for Extrusion operation.	The initiative involves installing direct drive high torque low speed permanent magnet synchronous motors with 96% efficiency.	Reduction in Greenhouse Gas Emissions: The installation of these efficient motors leads to a reduction of 63.19 metric tons (MT) in greenhouse gas (GHG) emissions, contributing to a lower carbon footprint and energy Conservation Benefits..
4.	The company has utilized 8.5 MW Self-Captive solar open access.	The company has been granted solar open access from TP Bhaskar Renewables Limited for its Wai and Pune.	Reduction in Greenhouse Gas Emissions: Through this initiative, the company has achieved an avoided emission of 12991 metric tons (MT) of greenhouse gas (GHG) emissions this year, significantly lowering its carbon footprint and use of 54% renewable energy entire group.
5.	Greenbelt Enhancement within Plant premises	Planted 1031 nos trees	Help to reduce GHG emissions.

2. Does the entity have a business continuity and disaster management plan? Give details in 100 words / web-link. The Emergency Control Plan implemented across all plants, outlining measures to manage emergency situations effectively. The plan includes:

1. Emergency Control Centre (ECC): Equipped with communication facilities, PPE, breathing equipment, and contact information for key personnel, outside agencies, and government authorities. It also contains the Company's plant layout and nearby area maps.
2. Assembly Points: In the event of an emergency siren, premises evacuation is mandatory. The layout indicates the exit paths and nearest assembly points.
3. Contact Details: Contact information for members of the emergency evacuation team, firefighters, and first aiders prominently displayed at the main gate and various locations within the premises. Security at the main gate also has essential contact details for emergency services and local authorities.
4. Controlling Team: A designated controlling team is responsible for managing emergency situations and coordinating necessary actions.
5. Mock Drill: The Team Leader conducts half-yearly mock drills to assess employee awareness and implement corrective actions as and when needed.
6. Firefighters and First Aid: Specific firefighting and first aid teams identified and trained to provide support in controlling fires and administering initial medical treatment.

The plan ensures preparedness and efficient response to emergencies in all plants, with clear guidelines and designated teams for various responsibilities.

3. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard.

No, there was no any significant adverse impact reported. The Company strategically organizes its logistics to transport large quantities of multiple products in a single dispatch, effectively reducing carbon emissions from transportation. Additionally, we have raised awareness among our value chain partners about using vehicles powered by green fuel to further minimize air pollution. If any Sustainability improvement done in GTFL then it shares to suppliers for Horizontal deployment in Supply chain.

Management Discussion and Analysis

Overview of Company

Established in 1976, Garware Technical Fibres Limited (GTFL) is a leading manufacturer of technical textiles and a pioneer in the industry, holding ISO 14001:2015 certification. The Company delivers innovative, value-added solutions across diverse sectors – from food production to infrastructure development – with a strong presence in domestic and international markets. Its products are manufactured at state-of-the-art facilities in Wai and Pune, Maharashtra, and marketed in over 75 countries worldwide. GTFL commands significant market share and brand visibility in diverse segments such as domestic fisheries, shipping, international aquaculture, geosynthetic solutions, and sports products.

GTFL's sustained focus on innovation, backed by robust research capabilities and process excellence, has enabled it to address evolving market demands while consistently enhancing customer value. With 28 patents and a dedicated R&D team of 22 scientists, the Company offers a portfolio of over 20,000 SKUs. Its operations are guided by a culture that embraces bold ideas and rapid execution – driving operational efficiency, consistent profitability, and high levels of customer satisfaction.

Business Environment in FY 2024-25

In the financial year 2024-25, the global economy navigated a phase of cautious optimism amid lingering uncertainties. Growth remained modest yet stable, supported by easing inflation. Across advanced economies, consumer spending supported moderate GDP growth, though central banks remained cautious, prioritising inflation containment through tight monetary policies. In Europe, the geopolitical tensions continued to cast a shadow over recovery efforts. Investment activity remained subdued in several regions, and despite signs of stabilisation, overall growth prospects were tempered by monetary tightening and ongoing external uncertainties.

The Indian economy maintained its steady growth trajectory. A favourable monsoon, a continued emphasis on infrastructure development, and robust domestic consumption contributed to economic resilience. Increased public investment further bolstered growth, even as global uncertainties and supply chain disruptions posed external challenges.

As a company focused on the food sector, GTFL continued to experience strong demand for its technology solutions. Customers showed growing interest in its value-added offerings, particularly in

segments promoting efficiency and sustainability. The aquaculture industry saw sustained global demand, along with a shift towards more sustainable practices and technological advancements aimed at enhancing productivity.

Demand for geosynthetics also grew, driven by their increasing use in civil engineering, construction, and environmental protection. Major infrastructure projects – such as railways, and landfills – served as key growth drivers for this segment. The geosynthetics business is also growing its presence in the international market with higher penetration in niche applications.

The global shipping industry faced ongoing logistical challenges, including supply chain disruptions, vessel availability issues, freight cost fluctuations, and geopolitical tensions all of which affected shipping schedules and delivery costs.

Opportunities and Threats

Deepening customer engagements and expanding globally remains a strategic priority for the Company. Strengthening market presence through digital initiatives, enhanced service offerings, and region-specific solutions provide opportunities for building stronger relationships with customers and tapping into emerging international markets. In aquaculture, a clear shift is emerging as the industry diversifies beyond salmon. This offers the Company new avenues for customised, species-specific solutions aligned with sustainability and productivity goals.

The Indian government's strategic push for infrastructure development through programmes such as PM Gati Shakti, Bharatmala, and the upgradation of border infrastructure has created strong momentum for the geosynthetics industry. With increased attention to railways, coastal protection, and riverbank stabilization, there is growing demand for sustainable and durable construction materials. The Company's geosynthetics division, which play a key role in soil reinforcement, drainage, and erosion control, is positioned to benefit significantly from this trend.

Tariff disruptions and shifting trade policies pose uncertainty around pricing and cross-border operations. Geopolitical instability has impacted the availability of materials, raised freight costs, and disrupted shipping schedules. In the aquaculture sector, rising consolidation and acquisitions are reshaping the competitive landscapes. Domestically, there is increased competition from local players. The Company's strategy is to stay focused on value addition, innovation and differentiation.

A Legacy of Trust, Innovation and Value Creation

Company's Consolidated Financial Performance in FY 2024-25

The Company registered total consolidated revenue of ₹ 1540.11 crores for the year ended 31st March 2025, an increase of 16.20% over the previous year's consolidated revenue of ₹ 1325.61 crores. Consolidated operating EBITDA was ₹ 318.8 crores, increasing by 17.36% compared to the previous financial year. Consolidated profit before tax in the year under review was ₹ 308.45 crores, an increase of 13.52% over the previous year.

Key Consolidated Financial Indicators

- Earning Before Interest, Taxes, Depreciations and Amortization (EBITDA) – 23.2%
- Net Profit Margin – 15.0%
- *Earnings per share – ₹ 23.32 (previous year ₹ 21.07)

Risks and Concerns

In the near term, the global environment presents a complex landscape, shaped by ongoing geopolitical tensions, volatile commodity and energy prices, and evolving trade dynamics. The resurgence of trade tariffs and protectionist policies in key markets threatens to disrupt global supply chains and increase operational costs. These pressures are compounded by logistical bottlenecks, regulatory uncertainty, and the impacts of climate change. Navigating this environment will demand heightened agility, strong risk mitigation frameworks, and a sustained focus on operational resilience.

Internal Control Systems

GTFL continues to operate within a robust internal control framework designed to support operational effectiveness, compliance obligations, and financial reporting accuracy. These controls are aligned with GTFL's strategic growth plans and are reviewed periodically to ensure they remain effective, relevant, and responsive to evolving business needs.

The Company utilizes a global-standard SAP ERP system to manage its day-to-day operations, enabling seamless integration with financial records. Ongoing

investments in IT infrastructure have enhanced process automation and strengthened embedded controls across key functions. Additionally, GTFL has implemented a dedicated tool to monitor critical regulatory requirements. The Company remains proactive in aligning with changing policy landscapes, reinforcing its commitment to sound governance and risk management.

Human Resources Management

At GTFL, people are central to our purpose and performance – they are our most valuable asset and the foundation of our continued success. The Company remains deeply committed to the health, well-being, and holistic development of employees and their families. Grounded in the belief that every individual has untapped potential, GTFL invests significantly in capability-building initiatives that enhance current performance while equipping talent for future leadership.

Our organisational culture is built on trust, transparency, and empowerment. Open communication channels encourage employees to share ideas, voice concerns, and actively participate in collaborative problem-solving. Human resource practices are thoughtfully crafted to foster a high-performance environment that nurtures innovation and recognises excellence.

GTFL's sustained focus on building a people-first, values-driven culture was reaffirmed in the 2025 Great Place to Work® Survey, where the Company achieved an exceptional trust index score. Reinforcing this achievement, GTFL is proudly ranked 'Top 25 India's Best Workplaces in Manufacturing – Large category', 'Top 50 India's Best Workplaces Building a Culture of Innovation by All – Large category' and 'India's Best Workplaces in Textile and Textile products'. These accolades reflect the strong alignment between leadership and employees in cultivating a workplace where talent thrives and innovation is a shared pursuit.

INDEPENDENT AUDITORS' REPORT

To,
 The Members,
 GARWARE TECHNICAL FIBRES LIMITED

1. Opinion

We have audited the accompanying Standalone Financial Statements of **GARWARE TECHNICAL FIBRES LIMITED** (hereinafter referred to as "the Company"), which comprise the Standalone Balance Sheet as at 31st March, 2025, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), Standalone Statement of Changes in Equity and Standalone Statement of Cash Flows for the year then ended, and notes to Standalone Financial Statements, including a summary of the material accounting policies and other explanatory information (hereinafter referred to as "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2025, and profit and other comprehensive income, its changes in equity and its cash flows for the year ended on that date.

2. Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

3. Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How our audit addressed the key audit matter
<p>Inventory Existence:</p> <p>The Inventory's carrying value in the Balance Sheet as at 31st March, 2025 is ₹ 24,388 lakh.</p> <p>The inventory of the Company is held across various locations including its Plants, Sales Depots, Warehouses and Contract Manufacturers' locations.</p> <p>We focused on this matter because of the:</p> <ul style="list-style-type: none"> • Significance of the inventory balance to the profit and statement of financial position <p>Complexity involved in determining inventory quantities on hand due to the number and diversity of inventory storage locations.</p>	<p>Our procedures included, but were not limited to the following:</p> <p>We attended inventory counts at locations, selected based on financial significance and risk. Where locations were not attended we tested certain controls over inventory existence across the Company.</p> <p>For locations attended we performed the following procedures at each site:</p> <ul style="list-style-type: none"> • Selected a sample of inventory items and compared the quantities we counted to the quantities recorded • Observed a sample of management's inventory count procedures to assess compliance with the Company policy • Made enquiries regarding obsolete inventory items and looked at the condition of items counted including condition of location • Observed the present location and condition of Inventory held <p>There were no significant exceptions noted from these procedures. We tested a sample of inventory items to assess whether they were recorded at a value higher than that for which they could be sold. We did not identify any exceptions</p>

Key Audit Matter	How our audit addressed the key audit matter
<p>Carrying value of Trade Receivables The recoverability of Trade Receivables and the level of provisions for doubtful debts are considered to be a significant risk due to the pervasive nature of these balances to the Financial Statements and the importance of cash collection with reference to the working capital management of the business. As at 31st March, 2025, Trade receivables constitutes approximately 17.47% of total assets of the Company i.e. ₹ 30,009.05 Lakhs. Expected credit loss involves judgement as it must reflect information about past events, current conditions and forecasts of future conditions, as well as the time value of money. Management has made provision for expected credit loss of ₹ 285.83 lakhs. The Company is required to regularly assess the recoverability of its Trade Receivables, hence it is a key audit matter in our audit of standalone Ind AS Financial Statements</p> <p>Property, Plant & Equipment and Intangible Assets There are areas where management judgement impacts the carrying value of property, plant and equipment (PPE), intangible assets and their respective depreciation/amortisation rates. These include the decision to capitalise or expense costs; the annual asset life review; the timeliness of the capitalisation of assets and the use of management assumptions and estimates for the determination or the measurement and recognition criteria for assets retired from active use. Due to the materiality in the context of the Balance Sheet of the Company and the level of judgement and estimates required, we consider this to be an area of significance.</p>	<p>Our procedures included, but were not limited to the following: Obtained a reliable assurance pertaining to transactions with confirming parties, in sense for accurate and complete process of routine and significant classes of transactions such as revenue, purchases, etc.; Selected samples and tested the effectiveness of controls related to accuracy and completeness of transactions in totality considering the frequency and regularity of transactions; Performed alternative audit procedures like - scrutiny of ledger accounts and verification of subsequent receipts;</p> <p>Our procedures included, but were not limited to the following: We assessed the controls in place over the PPE/ Intangible Assets cycle, evaluated the appropriateness of capitalisation process, performed tests of details on costs capitalised, the point of capitalisation of the assets and the de-recognition criteria for assets retired from active use. In performing these procedures, we reviewed the judgements made by management including the nature of underlying costs capitalised; determination of realizable value of the assets retired from active use. We also analysed the appropriateness of assets useful lives applied in the calculation of depreciation vis à vis the useful lives of assets prescribed in Schedule II to the Act. We observed that the management has regularly reviewed the aforesaid judgements and there are no material changes.</p>

4. Information other than the Financial Statements and Auditor's Report thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the Financial Statements and our auditors' report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

5. Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

6. Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the Standalone Financial Statements made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management's and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

7. Report on Other Legal and Regulatory Requirements

I. As required by Section 143(3) of the Act, we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c. The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including other comprehensive income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
- d. In our opinion, the aforesaid Standalone Financial Statements comply with the Accounting Standards (Ind AS) specified under Section 133 of the Act.
- e. On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.

A Legacy of Trust, Innovation and Value Creation

- f. With respect to the adequacy of the internal financial controls with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure A”.
- g. With respect to other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- (i) The Company has disclosed the impact of pending litigations on its financial position- Refer Note No. 44 to the Standalone Financial Statement.
 - (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended 31st March, 2025.
 - (iv) (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - (v) With respect to dividends
 - a. The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable.
 - b. There was no interim dividend declared by the Company.
 - c. The Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with Section 123 of the Act, as applicable.
 - (vi) Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail has been preserved by the Company as per the statutory requirements for record retention.
- II. As required by the Companies (Auditor's Report) Order, 2020 (the “Order”) issued by the Central Government in terms of Section 143(11) of the Act, we give in “Annexure B” a statement on the matters specified in paragraphs 3 and 4 of the Order.
- III. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended: In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its Director during the year is in accordance with the provisions of Section 197 of the Act.

ANNEXURE "A" TO THE INDEPENDENT AUDITORS' REPORT ON THE STANDALONE FINANCIAL STATEMENTS OF GARWARE TECHNICAL FIBRES LIMITED FOR THE YEAR ENDED 31ST MARCH, 2025

Report on the internal financial controls with reference to the Aforesaid Standalone Financial Statements under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013.

Opinion

We have audited the internal financial controls with reference to Standalone Financial Statements of Garware Technical Fibres Limited (hereinafter referred to as "the Company") as of 31st March, 2025 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to Standalone Financial Statements and such internal financial controls were operating effectively as at 31st March, 2025, based on the internal financial controls with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to Standalone Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial controls with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to Standalone Financial Statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting with Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial controls with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

ANNEXURE “B” TO THE INDEPENDENT AUDITORS' REPORT ON THE STANDALONE FINANCIAL STATEMENTS OF GARWARE TECHNICAL FIBRES LIMITED FOR THE YEAR ENDED 31ST MARCH, 2025

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- (i) In respect of the Company's Property, Plant and Equipment and Intangible Assets:
- (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
 - (B) The Company has maintained proper records showing full particulars of intangible assets.
 - The Company has a regular programme of physical verification of its property plant and equipment by which all material items of property plant and equipment are periodically verified by the management according to phased programme. In our opinion, the periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
 - The title deeds of immovable properties are held in the name of the Company.
 - During the year, the Company has not made any revaluation of its property plant and equipment or its intangible assets. Accordingly, paragraph 3(i)(d) of the Order is not applicable.
 - No proceedings have been initiated during the year or are pending against the Company as at 31st March, 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year. No material discrepancies were noticed on the aforesaid verification.
- (b) The Company has been sanctioned working capital limits in excess of ₹ 5 crores during the year, from banks on the basis of security of current assets. The quarterly statements filed by the Company with the banks are in agreement with the books of account of the Company.
- (iii) The Company has not provided security or granted any advances in the nature of loans during the year. The Company has provided unsecured loan to a subsidiary during the year, in respect of which:
- Aggregate amount provided during the year – ₹ 15.00 Lakh
Balance Outstanding as at balance sheet date – ₹ 40.00 Lakh
 - The above mentioned loan provided during the year is, in our opinion, prima facie, not prejudicial to the Company's interest.
 - In respect of loan granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated and the repayments of principal amounts and receipts of interest are regular as per stipulation.
 - According to information and explanations given to us and based on the audit procedures performed, in respect of loan provided by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.
 - No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the over dues of existing loans given to the same parties.
 - According to information and explanations given to us and based on the audit procedures performed, the Company has not granted any loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause (iii)(f) is not applicable.
- (iv) The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees and securities provided, as applicable.
- (v) The Company has not accepted deposits as per the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, paragraph 3 (v) of the Order is not applicable to the Company.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules prescribed by the Central Government for the maintenance of cost records under Section 148(1) of the Act with respect to the Company's products, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) In respect of statutory dues:
- The Company has been regular in depositing undisputed statutory dues, including Provident Fund (except for some employees' non submission of Aadhar Card on account of which UAN is not generated, due to which their contribution cannot be deposited), Employees' State Insurance, Income Tax, Goods and Service Tax, Customs Duty, Cess and other material statutory dues applicable to it with the appropriate authorities. Except for the dues stated in table below, there were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Goods and Service Tax, Customs Duty, Cess and other material statutory dues in arrears as at March 31, 2025 for a period of more than six months from the date they became payable.
- | Name of the Statute | Nature of Dues | Period to which the Amount relates | Amount (₹ in lakhs) |
|-------------------------|----------------|------------------------------------|---------------------|
| The Provident Funds Act | Provident Fund | April 24 to March 25 | 38.40 |
- According to the information and explanation given to us, there are no dues outstanding with respect to income tax, goods and service tax which have not been deposited with the appropriate authorities on account of any dispute.
- (viii) There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

- (ix) (a) The Company has not defaulted in the repayment of dues to banks. The Company does not have any outstanding dues to financial institutions, debenture holders and Government.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not taken any term loan during the year and there are no outstanding term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.
- (d) On an overall examination of the financial statements of the Company, funds raised on short term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.
- (f) The Company has not raised any loans on security of assets of its subsidiaries/associates/joint ventures.
- (x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) and has not obtained any term loans during the year. Accordingly, paragraph 3 (x) (a) of the Order is not applicable.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under paragraph 3(x)(b) of the Order is not applicable.
- (xi) (a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) No whistle-blower complaints received during the year by the Company.
- (xii) The Company is not a Nidhi Company and hence reporting under paragraph 3(xii) of the Order is not applicable.
- (xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- (xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- (xv) In our opinion, during the year the Company has not entered into non-cash transactions with Directors or persons connected with the Directors. Accordingly, paragraph 3(xv) of the Order is not applicable.
- (xvi) (a) In our opinion, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, paragraph 3 (xvi) (a) and (b) of the Order are not applicable.
- (b) In our opinion, the Company is not a Core Investment Company (CIC) (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and the group does not have any CIC as part of the Group. Accordingly, reporting under paragraph 3(xvi)(c) and (d) of the Order are not applicable.
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) (a) There are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act. Accordingly, reporting under paragraph 3(xx)(a) of the Order is not applicable for the year.
- (b) In respect of ongoing projects, the Company has transferred unspent Corporate Social Responsibility (CSR) amount as at the end of the previous financial year, to a Special account within a period of 30 days from the end of the said financial year in compliance with the provision of section 135(6) of the Act.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

1 COMPANY INFORMATION

Garware Technical Fibres Limited (the "Company") is incorporated under the Provision of Companies Act, 1956 (As amended by Companies Act 2013) and domiciled in India. Company is listed with BSE & NSE. The Company has its Registered Office and principal place of business at Plot No. 11, Block D-1, MIDC, Pune - 411019, Maharashtra. The Company is engaged in manufacturing and selling various products such as Ropes, Twine, Yarn, Fishnet, Other Nets and Technical Textiles. The Company is providing solution to the infrastructure industries which include coastal protection, land filling etc. The Company caters to both domestic and international markets.

The Company's financial statements were authorised for issue in accordance with a resolution of the Board of Directors on May 15, 2025 in accordance with the provisions of the Companies Act, 2013 and are subject to the approval of the shareholders at the Annual General Meeting.

The Company's financial statements are reported in Indian Rupees, which is also the Company's functional currency.

2 Material Accounting Policies Accounting Judgements, Estimates and Assumptions and Recent accounting Pronouncements:

(A) Material Accounting Policies:

2.1 Statement of compliance and basis of preparation of Financial Statements:

The Financial Statements of the company have been prepared in accordance with the relevant provisions of the Companies Act, 2013, the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 read with the Companies (Indian Accounting Standards) Amendment Rules and the Guidance Notes and other authoritative pronouncements issued by the Institute of Chartered Accountants of India (ICAI).

The Financial Statements have been prepared on a historical cost basis, except for certain financial assets and financial liabilities and defined benefit plans measured at fair value (refer accounting policy no. 2.10 and 2.11 regarding financial instruments and employee benefits respectively). Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

2.2 Current and Non-Current Classification of Assets and Liabilities and Operating Cycle:

An asset is considered as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle,
- Held primarily for the purpose of trading,
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is considered as current when:

- It is expected to be settled in normal operating cycle,
- It is held primarily for the purpose of trading,
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The Operating Cycle is the time between the acquisition of assets for business purposes and their realisation into cash and cash equivalents. The Company has considered an operating cycle of 12 months.

2.3 Property, Plant and Equipment:

Property, Plant and Equipment are recorded at their cost of acquisition, net of refundable taxes or levies, less accumulated depreciation and impairment losses, if any. The cost thereof comprises of its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost for bringing the asset to its working condition for its intended use.

Subsequent Expenditure

Subsequent costs are included in the asset's carrying amount, only when it is probable that future economic benefits associated with the cost incurred will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced.

Major inspection / repairs / overhauling expenses are recognised in the carrying amount of the item of property, plant and equipment as a replacement if the recognition criteria are satisfied.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit or Loss when the asset is derecognised.

For transition to Ind AS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as on 1st April, 2016 (date of transition) measured as per previous GAAP as its deemed cost on the date of transition.

2.4 Depreciation:

Depreciation on Property, Plant and Equipment is provided on different class of assets on the following basis:

Type of Asset	Method	Useful Life
Freehold Buildings	Written down value	60 years
Factory Buildings	Written down value	30 years
Plant and Machinery	Straight-Line	25 years
Electrical Installations	Straight-Line	10 years
Furniture & Fixtures	Straight-Line	10 years
Office Equipments	Straight-Line	3 / 5 years
Vehicles	Straight-Line	8 years
Helicopter	Straight-Line	20 years

Depreciation on additions to Property, Plant and Equipment is provided on pro-rata basis from the date of acquisition or installation, and in case of new project from the date of commencement of commercial production.

Depreciation on Assets sold, discarded, demolished or scrapped, is provided upto the date on which the said Asset is sold, discarded, demolished or scrapped.

Cost of Leasehold Land and Improvement is written off over the period of Lease.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.5 Capital Work in Progress and Capital Advances:

Expenses incurred for acquisition of capital assets outstanding at each balance sheet date are disclosed under capital work-in-progress. Advances given towards the acquisition of fixed assets are shown separately as capital advances under the head Other Non-Current Assets. Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use.

2.6 Intangible Assets and Amortisation thereof:

2.6.1 Internally generated Intangible Assets (Research and Development):

- Research costs are expensed as incurred. Development expenditure incurred on an individual project is recognized as an intangible asset when the Company can demonstrate all the following:
 - The technical feasibility of completing the intangible asset so that it will be available for use or sale.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

- b) Its intention to complete the asset.
- c) Its ability to use or sell the asset.
- d) How the asset will generate future economic benefits.
- e) The availability of adequate resources to complete the development and to use or sell the asset.
- f) The ability to measure reliably the expenditure attributable to the intangible asset during development.

2.6.2 Other Intangible Assets:

An intangible asset is recognised if

- a) it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity; and
- b) the cost of the asset can be measured reliably.

An item of Intangible Asset is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit or Loss when the asset is derecognised.

The residual values, useful lives and methods of amortisation of Intangible Assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.6.3 Amortisation of intangible Assets:

Amortization of the asset begins on a straight line basis over the period of expected future benefit from the related project, i.e., the estimated useful life of ten years. Amortization is recognized in the Statement of Profit and Loss. During the period of development, the asset is tested for impairment annually.

The residual values, useful lives and methods of amortisation of Intangible Assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

For transition to Ind AS, the Company has elected to continue with the carrying value of all its Intangible Assets recognised as on 1st April, 2016 (date of transition) measured as per previous GAAP as its deemed cost on the date of transition.

Intangible Assets with finite useful lives are amortised on a straight line basis over the following period:

Type of asset	Useful Life
Technical Know How	10 Years
Product Development	10 Years
Computer Software	10 Years
Patent	5 Years

2.7 Impairment of Property Plant & Equipment and Intangible Assets

Carrying amount of tangible and intangible assets are reviewed at each Balance Sheet date. These are treated as impaired when the carrying cost thereof exceeds its recoverable value. Recoverable value is higher of the asset's net selling price or value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Net selling price is the amount receivable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the cost of disposal. An impairment loss is charged for when an asset is identified as impaired. The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

2.8 Inventories:

Inventories are stated at lower of cost or net realisable value. The costs of various categories of inventories are arrived at as follows:

- a) Stores, spares, fuel & packing materials and raw materials - at costs determined on moving weighted average method.
- b) Cost of finished goods and work-in-progress includes the cost of raw materials, packing materials, an appropriate share of fixed and variable production overheads, excise duty as applicable and other costs incurred in bringing the inventories to their present location and condition. Fixed production overheads are allocated on the basis of normal capacity of production facilities.

Net realisable value is the estimated selling price in the ordinary course of business.

2.9 Revenue Recognition

The Company derives revenues primarily from sale of manufactured goods, traded goods and related services.

Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised products or

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

services to customers in an amount that reflects the consideration the Company expect to receive in exchange for those products or services.

The Company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, it does not adjust any of the transaction prices for the time value of money.

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

1. The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs; or
2. The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
3. The Company's performance does not create an asset with an alternative use to the Company and an entity has an enforceable right to payment for performance completed to date.

For performance obligations where one of the above conditions are not met, revenue is recognised at the point in time at which the performance obligation is satisfied.

Revenue from sale of products and services are recognised at a time on which the performance obligation is satisfied except Revenue from Project Contracts where in revenue is recognised over the time from the financial year in which the Contract is commenced for execution. The period over which revenue is recognised is based on Company's right to payment for performance completed. In determining whether the Company has right to payment, the Company considers whether it would have an enforceable right to demand or retain payment for performance completed to date if the contract were to be terminated before completion for reasons other than Company's failure to perform as per the terms of the contract.

Revenue in excess of invoicing are classified as contract asset while invoicing in excess of revenues are classified as contract liabilities.

Interest Income:

For all financial instruments measured at amortised cost, interest income is measured using the Effective Interest Rate (EIR), which is the rate that exactly discounts the estimated future cash flows through the contracted or expected life of the financial instrument, as appropriate, to the net carrying amount of the financial asset.

Other Operating Revenue

Export incentives and subsidies are recognised when there is reasonable assurance that the Company will comply with the conditions attached to them and the incentive will be received. Insurance claims are accounted to the extent the Company is reasonably certain of their ultimate collection

Dividend Income:

Dividend income is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

2.10 Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial Assets:

Initial Recognition and Measurement:

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent Measurement:

For purposes of subsequent measurement, financial assets are classified in three categories:

- Financial assets at Amortised Cost
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)
- Investments measured at fair value through Profit & Loss (FVTPL)

Financial Assets at Amortised Cost:

A financial asset is measured at the Amortised Cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and any fees or costs that are an integral part of the EIR.

The Company intends to hold its investment in Market Linked Debentures (i.e. MLD) till maturity. It may be noted that these funds have a pre-determined maturity date. These funds follow a passive buy and hold strategy; in which the existing underlying investment are expected to be held till maturity unless sold for meeting redemptions or rebalancing requirements as stated in the scheme document. In our view, such strategy mitigates intermittent price volatility in open ended target maturity funds' underlying investments; and investors who remain invested until maturity are expected to mitigate the market/volatility risk to a large extent. Based on this, the Company believes that the investments in market linked debentures meet the requirements of SPPI test as per the requirements of Ind AS 109.

In case of fixed maturity plans (FMP), they are measured at amortised cost, if the Company intends to hold the FMPs to maturity. Further, the Company applies amortised cost for those FMPs where the Company is able to demonstrate that the underlying instruments in the portfolio would fulfill the SPPI test and the churn in the underlying portfolio is negligible. These conditions are assessed at each Balance Sheet date. If these conditions are not fulfilled, then FMPs are valued at FVTPL.

Equity Instruments at FVTOCI:

For equity instruments not held for trading, an irrevocable choice is made on initial recognition to measure it at FVTOCI. All fair value changes on such investments, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit or loss, even on sale or disposal of the investment. However, on sale or disposal the company may transfer the cumulative gain or loss within equity.

Financial Assets at FVTPL

Even if an instrument meets the two requirements to be measured at amortised cost or fair value through other comprehensive income, a financial asset is measured at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency (sometimes referred to as "accounting mismatch") that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. All other financial assets are measured at fair value through profit or loss.

Derecognition:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's statement of financial position) when:

- i) The rights to receive cash flows from the asset have expired, or
- ii) The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement and either:
 - a. The Company has transferred substantially all the risks and rewards of the asset, or
 - b. The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of Financial Assets:

The Company applies the expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposures:

- Financial assets at amortised cost.
- Trade Receivables

The company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. Under this approach the company does not track changes in credit risk but recognises impairment loss allowance based on lifetime ECLs at each reporting date. For this purpose the company uses a provision matrix to determine the impairment loss allowance on the portfolio of trade receivables. The said matrix is based on historically observed default rates over the expected life of the trade receivables duly adjusted for forward looking estimates.

For recognition of impairment loss on other financial assets and risk exposures, the company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the company reverts to recognising impairment loss allowance based on 12-month ECL.

For assessing increase in credit risk and impairment loss, the company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events on a financial instrument that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. The ECL impairment loss allowance (or reversal) recognized during the period in the statement of profit and loss and the cumulative loss is reduced from the carrying amount of the asset until it meets the write off criteria, which is generally when no cash flows are expected to be realised from the asset.

ii) Financial Liabilities:

Initial Recognition and Measurement:

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts.

Subsequent Measurement:

This is dependent upon the classification thereof as under:

Loans and Borrowings:

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

(iii) Offsetting of Financial Instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise an asset and settle the liabilities simultaneously.

(iv) Equity Instruments:

An equity instrument is any contract that evidences a residual interest in the assets of an entity in accordance with the substance of the contractual arrangements. These are recognised at the amount of the proceeds received, net of direct issue costs.

2.11 Employee Benefits

i) Defined Contribution Plan:

The Company's contribution paid / payable during the year to Provident Fund, ESIC, Superannuation Fund etc., are recognised as expenses in the Statement of Profit and Loss. These are approved / recognised schemes of the Company.

ii) Defined Benefit Plan:

The Company's annual liability towards Gratuity is funded on the basis of actuarial valuation furnished by the Life Insurance Corporation of India under Group Gratuity Scheme.

iii) The undiscounted amount of short-term employee benefit expected to be paid in exchange for the service rendered by employees is recognised during the period when the employee renders the service. These benefits include compensated absences such as paid annual leave and performance incentives and are determined using the Projected Unit Credit Method. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the Balance sheet date. Actuarial gains and losses are recognised immediately in the Balance Sheet with a corresponding effect in the Statement of Other Comprehensive Income. Past service cost is recognised immediately in the Statement of Profit or Loss.

2.12 Borrowing Costs:

Borrowing costs comprising of interest and other costs that are incurred in connection with the borrowing of funds,

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

that are attributable to the acquisition or construction of qualifying assets are considered as a part of cost of such assets less interest earned on the temporary investment. A qualifying asset is one that necessarily takes substantial period of time to get ready for the intended use. All other borrowing costs are charged to Statement of Profit & Loss in the year in which they are incurred.

2.13 Leases:

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified assets, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

As a lessee, The Company recognises a right of use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right of use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right of use asset or the end of the lease term. The estimated useful lives of right of use assets are determined on the same basis as those of property and equipment. In addition, the right of use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole.

Lease payments included in the measurement of the lease liability comprise the fixed payments, including in-substance fixed payments and lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option;

The lease liability is measured at amortised cost using the effective interest method. The Company has elected not to recognise right of use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term. The Company applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.

2.14 Foreign Currency Transactions:

Transactions in foreign currencies are initially recorded at their respective functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Differences arising on settlement or translation of monetary items are recognised as income or expenses in the period in which they arise.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

2.15 Taxes on Income:

Current Income Taxes:

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

Current income tax relating to items recognised directly in equity is recognised in other comprehensive income / equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred Taxes:

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, when the deferred tax liability arises from an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except, when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities.

2.16 Provisions and Contingent Liabilities:

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources.

When the Company expects some or all of a provision to be reimbursed, the same is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

A Contingent Liability is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of enterprise or a present obligation that arises from past events that may, but probably will not, require an outflow of resources.

Both provisions and contingent liabilities are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent Liabilities are not recognized but are disclosed in the notes.

2.17 Government Grants and Subsidy:

Grants and Subsidies from the government are recognized when there is a reasonable assurance that

- (i) the Company will comply with the conditions attached to them, and
- (ii) the grant / subsidy will be received.

Government grants of the nature of promoters' contribution are credited to capital reserve and treated as a part of the shareholders' funds.

2.18 Earnings Per Share:

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year are adjusted for events including a bonus issue, bonus element in right issue to existing shareholders, share split, and reverse share split (consolidation of shares).

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

2.19 Cash and Cash Equivalent:

Cash and cash equivalent for the purpose of Cash Flow Statement comprise cash at bank and in hand and short term highly liquid investments which are subject to insignificant risk of changes in value.

2.20 Cash Flow Statement:

The statement of cash flows have been prepared under indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents."

2.21 Commitments:

Commitments are future liabilities for contractual expenditure. The commitments are classified and disclosed as follows:

- (a) The estimated amount of contracts remaining to be executed on capital accounts and not provided for; and
- (b) Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of the Management.

2.22 Segment Reporting:

(A) Operating Segments:

- i) Synthetic Cordage
- ii) Fibre and Industrial Products and Projects

Identification of Segments

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating decision maker.

The Management monitor the operating result of its business units separately for the purpose of making decision about resource allocation and performance assessment. For management purposes, operating segments have been identified on the basis of nature of products and other quantitative criteria specified in the Ind AS 108. The company's financing and Income Taxes are not allocated to operating segments.

The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted for the company.

Segments Revenue and Results:

Revenue and expenses have been identified to segments on the basis of their relationship to the operating activities of the segment. Income / Costs which relate to the Company as a whole and are not allocable to segments on a reasonable basis have been included under Unallocated income / costs. Interest income and expense are not allocated to respective segments.

Segments Assets and Liabilities:

Segment Assets / Liabilities include all operating assets / liabilities used by the operating segments. Common assets and liabilities which cannot be allocated to any of the business segment are shown as unallocable assets / liabilities.

Inter Segment Transfer:

Inter segment revenues are recognised at sale price. The same is based on market price and business risks. Profit or loss on inter Segment transfer are eliminated at the Company level.

(B) Significant Accounting Judgements, Estimates and Assumptions:

The preparation of Financial Statements is in conformity with the recognition and measurement principles of Ind AS which requires the management to make judgements for estimates and assumptions that affect the amounts of assets, liabilities and the disclosure of contingent liabilities on the reporting date and the amounts of revenues and expenses during the reporting period and the disclosure of contingent liabilities. Differences between actual results and estimates are recognized in the period in which the results are known / materialize.

2.23 Estimates Assumptions and Judgements:

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

a) Estimation of current tax expense and deferred tax:

The calculation of the Company's tax charge necessarily involves a degree of estimation and judgement in respect of certain items whose tax treatment cannot be finally determined until resolution has been reached with the relevant tax authority or, as appropriate, through a formal legal process. The final resolution of some of these items may give rise to material profits/losses and/or cash flows. Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions.

b) Recognition of deferred tax assets / liabilities:

The recognition of deferred tax assets/ liabilities is based upon whether it is more likely than not that sufficient and suitable taxable profits will be available in the future against which the reversal of temporary differences can be deducted. To determine the future taxable profits, reference is made to the latest available profit forecasts.

c) Estimation of Provisions & Contingent Liabilities:

The Company exercises judgement in measuring and recognising provisions and the exposures to contingent liabilities which is related to pending litigation or other outstanding claims. Judgement is necessary in assessing the likelihood that a pending claim will succeed, or a liability will arise, and to quantify the possible range of the financial settlement. Because of the inherent uncertainty in this evaluation process, actual liability may be different from the originally estimated as provision.

d) Estimated useful life of Property, Plant and Equipment:

Property, Plant and Equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life, its expected usage pattern and the expected residual value at the end of its life. The useful lives, usage pattern and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology etc.

e) Estimation of Provision for Inventory:

The Company writes down inventories to net realisable value based on an estimate of the realisability of inventories. Write downs on inventories are recorded where events or changes in circumstances indicate that the balances may not be realised. The identification of write-downs requires the use of estimates of net selling prices of the down-graded inventories. Where the expectation is different from the original estimate, such difference will impact the carrying value of inventories and write-downs of inventories in the periods in which such estimate has been changed.

f) Estimation of Defined Benefit Obligation:

The present value of the defined benefit obligations depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the net cost (income) for post employment plans include the discount rate. Any changes in these assumptions will impact the carrying amount of such obligations.

g) The Company determines the appropriate discount rate at the end of each year. This is the interest rate that should be used to determine the present value of estimated future cash outflows expected to be required to settle the defined benefit obligations. In determining the appropriate discount rate, the Company considers the interest rates of government bonds of maturity approximating the terms of the related plan liability.

h) Estimated fair value of Financial Instruments:

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Management uses its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period.

(C) Recent accounting pronouncements

2.24 Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the company.

Appeals filed by the Company against income tax assessment orders for Assessment Years 2013-14 to 2020-21 have been adjudicated during the year by the appellate authority, which has granted substantial relief in favour of the Company. Based on the relief granted, no material financial impact is expected. However, the communication from the Assessing Officer giving effect to the appellate orders is awaited as of the reporting date.

40 Gratuity

The Company operates a defined benefit plan viz. gratuity for its employees. Under the gratuity plan, every employee who has completed at least specified years of service gets a gratuity on departure @ 15 days (minimum) of the last drawn salary for each completed year of service. The scheme is funded with an insurance Company in the form of qualifying insurance policy. The fund has formed a trust and it is governed by the Board of Trustees.

The fund is subject to risks such as asset volatility, changes in bond yields and asset liability mismatch risk. In managing the plan assets, Board of Trustees reviews and manages these risks associated with the funded plan. Each year, the Board of Trustees reviews the level of funding in the gratuity plan. Such a review includes asset-liability matching strategy and investment risk management policy (which includes contributing to plans that invest in risk-averse markets). The Board of Trustees aim to keep annual contributions relatively stable at a level such that no plan deficit (based on valuation performed) will arise.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

The above sensitivity analysis is based on a change in assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of defined benefit obligation calculated with the Projected Unit Credit Method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The method and types of assumptions used in preparing the sensitivity analysis did not change compared to the previous periods.

The following are the expected cash flows to the defined benefit plan in future years:

(₹ in lakhs)

Particulars	31st March, 2025	31st March, 2024

c. Valuation technique to determine fair value

The following methods and assumptions were used to estimate the fair values of financial instruments.

- The management assesses that fair value of cash and cash equivalents, trade receivables, trade payables, bank overdrafts and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

- (ii) The fair values of the equity investment which are quoted, are derived from quoted market prices in active markets. The Investments measured at fair value and falling under fair value hierarchy Level 3 are valued on the basis of valuation reports provided by external valuers with the exception of certain investments, where cost has been considered as an appropriate estimate of fair value because of a wide range of possible fair value measurements and cost represents the best estimate of fair values within that range. The carrying value of those investments are individually immaterial.

d Financial risk management objectives

The Company is exposed to market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk. The Company's risk management strategies focus on the un-predictability of these elements and seek to minimise the potential adverse effects on its financial performance. The Company's senior management which is supported by a Treasury Management Group ('TMG') manages these risks.

All hedging activities are carried out by specialist teams that have the appropriate skills, experience and supervision.

Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprises of risks relating to interest rate risk and other price risks such as equity price risk and commodity price risk. Financial instruments affected by market risks mainly include borrowings, deposits and investments.

Foreign currency risk management

Foreign exchange risk arises on future commercial transactions and on all recognised monetary assets and liabilities, which are denominated in a currency other than the functional currency of the Company. The Company's management has set policy wherein exposure is identified, benchmark is set and monitored closely, and accordingly suitable hedges are undertaken.

The Company's foreign currency exposure arises mainly from foreign exchange imports, exports and other income/expenses in foreign currency, primarily with respect to USD.

As at the end of the reporting period, the carrying amounts of the company's foreign currency denominated monetary assets and liabilities in respect of the primary foreign currency i.e. USD and derivative to hedge the exposure, are as follows:

Particulars of unhedged foreign currency exposure and Derivatives (Outstanding) as at Balance Sheet date:

(₹ in lakhs)

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025
Interest rate risk management

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations and investments in debt instruments including debt mutual fund.

Interest rate sensitivity

The below table demonstrate the sensitivity of the company's profit before tax to a reasonable possible change in interest rate with all other variables being constant.

(₹ in lakhs)

Particulars		Change in interest rate	For the year ended 31st March, 2025	For the year ended 31st March, 2024

Interest income/Fair Value gain	Increase	100 basis point	660.41	685.02
	Decrease	100 basis point	(660.41)	(685.02)

e Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and other financial instruments.

f Trade Receivable

Customer credit risk is managed by SCM team subject to the company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored and followed up.

g Financial instruments and cash deposits

Credit risk from balances with banks is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

h Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. The Company's objective is to at all times maintain optimum levels of liquidity to meet its cash and liquidity requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate source of financing through the use of bank deposits and cash credit facilities. Processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows. The Company assessed the concentration of risk with respect to its debt and concluded it to be low.

The table below summarises the maturity profile of the company's financial liabilities based on contractual undiscounted payments.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

i Excessive risk concentration

Concentrations arise when a number of counter parties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Company's performance to developments affecting a particular industry. Company believes that there is no such excessive risk concentration.

CONSOLIDATED FINANCIAL STATEMENTS

INDEPENDENT AUDITORS' REPORT

To,
 The Members of,
GARWARE TECHNICAL FIBRES LIMITED
Report on the Audit of Consolidated Financial Statements

1. Opinion

We have audited the accompanying Consolidated Financial Statements of **GARWARE TECHNICAL FIBRES LIMITED** and its Subsidiaries (Holding Company and its subsidiaries together referred to as "the Group") and its Associates, which comprise the Consolidated Balance Sheet as at 31st March, 2025, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the Consolidated Financial Statements, including a summary of Material Accounting Policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditor on separate Financial Statements and on the other financial information of the subsidiaries and associates, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the Consolidated state of affairs of the Group and its associates as at 31st March, 2025, of its Consolidated Profit, its Consolidated total comprehensive income, their Consolidated changes in equity and their Consolidated cash flows for the year ended on that date.

2. Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence obtained by us along with the consideration of audit report of the other auditor referred in sub paragraph (a) of the 'Other Matters' paragraph below, is sufficient and appropriate to provide a basis for our opinion on the Consolidated Financial Statements.

3. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matter described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How our audit addressed the key audit matter
Inventory Existence: The Inventory's carrying value in the Balance Sheet as at 31st March, 2025 is ₹ 26,962.08 lakhs. The inventory of the Company is held across various locations including its Plants, Sales Depots, Warehouses and Contract Manufacturers' locations. We focused on this matter because of the: <ul style="list-style-type: none"> • Significance of the inventory balance to the profit and statement of financial position Complexity involved in determining inventory quantities on hand due to the number and diversity of inventory storage locations.	Our procedures included, but were not limited to the following: We attended inventory counts at locations, selected based on financial significance and risk. Where locations were not attended we tested certain controls over inventory existence across the Company. For locations attended we performed the following procedures at each site: <ul style="list-style-type: none"> • Selected a sample of inventory items and compared the quantities we counted to the quantities recorded • Observed a sample of management's inventory count procedures to assess compliance with the Company policy • Made enquiries regarding obsolete inventory items and looked at the condition of items counted including condition of location • Observed the present location and condition of Inventory held There were no significant exceptions noted from these procedures. We tested a sample of inventory items to assess whether they were recorded at a value higher than that for which they could be sold. We did not identify any exceptions

Key Audit Matter	How our audit addressed the key audit matter
<p>Carrying value of Trade Receivables</p> <p>The recoverability of Trade Receivables and the level of provisions for doubtful debts are considered to be a significant risk due to the pervasive nature of these balances to the Financial Statements and the importance of cash collection with reference to the working capital management of the business.</p> <p>As at March 31, 2025, Trade receivables constitutes approximately 18.04% of total assets of the Company i.e. ₹ 31,685.58 Lakhs.</p> <p>Expected credit loss involves judgement as it must reflect information about past events, current conditions and forecasts of future conditions, as well as the time value of money. Management has made provision for expected credit loss of ₹ 285.83 lakhs.</p> <p>The Company is required to regularly assess the recoverability of its Trade Receivables, hence it is a key audit matter in our audit of standalone Ind AS Financial Statements</p>	<p>Our procedures included, but were not limited to the following:</p> <p>Obtained a reliable assurance pertaining to transactions with confirming parties, in sense for accurate and complete process of routine and significant classes of transactions such as revenue, purchases, etc.;</p> <p>Selected samples and tested the effectiveness of controls related to accuracy and completeness of transactions in totality considering the frequency and regularity of transactions;</p> <p>Performed alternative audit procedures like - scrutiny of ledger accounts and verification of subsequent receipts;</p>
<p>Property, Plant & Equipment and Intangible Assets</p> <p>There are areas where management judgement impacts the carrying value of property, plant and equipment (PPE), intangible assets and their respective depreciation/amortisation rates.</p> <p>These include the decision to capitalise or expense costs; the annual asset life review; the timeliness of the capitalisation of assets and the use of management assumptions and estimates for the determination or the measurement and recognition criteria for assets retired from active use.</p> <p>Due to the materiality in the context of the Balance Sheet of the Company and the level of judgement and estimates required, we consider this to be an area of significance.</p>	<p>Our procedures included, but were not limited to the following:</p> <p>We assessed the controls in place over the PPE/ Intangible Assets cycle, evaluated the appropriateness of capitalisation process, performed tests of details on costs capitalised, the point of capitalisation of the assets and the de-recognition criteria for assets retired from active use.</p> <p>In performing these procedures, we reviewed the judgements made by management including the nature of underlying costs capitalised; determination of realizable value of the assets retired from active use. We also analysed the appropriateness of assets useful lives applied in the calculation of depreciation vis à vis the useful lives of assets prescribed in Schedule II to the Act. We observed that the management has regularly reviewed the aforesaid judgements and there are no material changes.</p>

4. Information other than the Financial Statements and Auditor's Report thereon

The Holding Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's Annual Report, but does not include the Consolidated Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

5. Management's and Board of Directors' Responsibilities for the Consolidated Financial Statements.

The Holding Company's Management and Board of Directors are responsible for the preparation and presentation of these Consolidated Financial Statements in term of the requirements of the Act that give a true and fair view of the Consolidated state of affairs, consolidated profit and other comprehensive income, Consolidated changes in equity and Consolidated cash flow of the Group including its associates in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act, read with relevant rules issued thereunder. The respective Management and Board of Directors of the companies included in the Group and its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and its associates and for preventing and detecting frauds and other irregularities; the selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation

and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Management and Directors of the Holding Company, as aforesaid.

In preparing the Consolidated Financial Statements, the respective management and Board of Directors of the companies included in the Group and its associates is responsible for assessing the ability of each Company to continue as a going concern and using the going concern basis of accounting unless the respective Board of Directors and management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the group and its associates are also responsible for overseeing the financial reporting process of each Company.

6. Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(g) of the Act, We are also responsible for expressing our opinion on whether the Holding Company, subsidiaries and its Associates incorporated in India has adequate internal financial controls with reference to the Consolidated Financial Statements and the operating effectiveness of such controls based on our audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management and Board of Directors' use of the going concern basis of accounting in preparation of Consolidated Financial Statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast doubt on the ability of the Group and its Associates to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its Associates to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group and its Associates to express an opinion on the consolidated financial statements, of which we are the independent auditors. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which has been audited by other auditor, such other auditor remains responsible for the direction, supervision and performance of the audit carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in the section titled 'Other Matters' in this audit report.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We believe that the audit evidence obtained by us along with the consideration of audit report of the other auditor referred to in subparagraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

7. Other Matters

The accompanying consolidated financial statements includes the audited financial statements and other financial information, in respect of:

- One Subsidiary, whose financial statements include total assets of ₹182.22 lakhs as at March 31, 2025, total revenues of ₹11.43 lakhs, total net profit after tax ₹8.01 lakhs and net cash inflow of ₹8.59 lakhs for the year ended on that date. ANNEXURE “A” TO THE INDEPENDENT AUDITORS' REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS OF GARWARE TECHNICAL FIBRES LIMITED FOR THE YEAR ENDED 31ST MARCH, 2025

Report on the internal financial controls with reference to the aforesaid Consolidated Financial Statements under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013.

Opinion

In conjunction with our audit of the consolidated financial statements of Garware Technical Fibres Limited (hereinafter referred to as “the Holding Company”) as of and for the year ended 31st March, 2025, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company and such companies incorporated in India under the Companies Act, 2013 which are its Subsidiary Companies and Associate Companies, as of that date. In our opinion, the Holding Company and such Companies incorporated in India which are its Subsidiary Companies and its Associate Companies have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at 31st March, 2025, based on the internal financial controls with reference to consolidated financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “Guidance Note”)

Management's Responsibility for Internal Financial Controls

The Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by respective Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('the Guidance Note'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. The Guidance Note and those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are

recorded as necessary to permit preparation of Consolidated Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorization of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Consolidated Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

1 COMPANY INFORMATION

Garware Technical Fibres Limited ("the Holding Company") is incorporated under the Provision of Companies Act, 1956 (as amended by Companies Act 2013) and domiciled in India. The Holding Company is listed with BSE & NSE. The Holding Company has its Registered Office and principal place of business at Plot No.11, Block D-1, MIDC, Pune - 411019, Maharashtra. The Holding Company and its subsidiaries (collectively referred to as "the Group") is engaged in manufacturing and selling various products such as Ropes, Twine, Yarn, Fishnet, Other Nets and Technical Textiles. The Group is providing solution to the infrastructure industries which include coastal protection, land filling etc. The Group caters to both domestic and international markets.

The Company's financial statements were authorised for issue in accordance with a resolution of the Board of Directors on May 15, 2025 in accordance with the provisions of the Companies Act, 2013 and are subject to the approval of the shareholders at the Annual General Meeting.

The Group's Consolidated Financial Statements are reported in Indian Rupees, which is also the Group's functional currency.

2 Material Accounting Policies Accounting Judgements, Estimates and Assumptions:

(A) Material Accounting Policies:

2.1 Basis of preparation of Consolidated Financial Statements:

The Financial Statements of the company have been prepared in accordance with the relevant provisions of the Companies Act, 2013, the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 read with the Companies (Indian Accounting Standards) Amendment Rules and the Guidance Notes and other authoritative pronouncements issued by the Institute of Chartered Accountants of India (ICAI).

The Consolidated Financial Statements have been prepared on a historical cost basis, except for certain financial assets and financial liabilities measured at fair value (refer accounting policy no. 2.10 regarding financial instruments). Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the Consolidated Financial Statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

Basis of Consolidation:

The Consolidated Ind-AS Financial Statements comprise the Financial Statements of the Holding Company, its subsidiaries and the Associate as at the reporting date.

(i) Subsidiaries:

Subsidiaries include all the entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns through its involvement in the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are consolidated from the date control commences until the date control ceases.

The acquisition method of accounting is used to account for business combinations by the Group. The Group combines the financial statements of the Holding Company and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group. Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and consolidated balance sheet respectively.

(ii) Associate:

Associates are all entities over which the Group has significant influence but not control or joint control. This is generally the case where the Group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost.

2.2 Current and Non-Current Classification of Assets and Liabilities and Operating Cycle:

An asset is considered as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle,
- Held primarily for the purpose of trading,
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is considered as current when:

- It is expected to be settled in normal operating cycle,
- It is held primarily for the purpose of trading,
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The Operating Cycle is the time between the acquisition of assets for business purposes and their realisation into cash and cash equivalents.

2.3 Property, plant and equipment:

Property, Plant and Equipment are recorded at their cost of acquisition, net of refundable taxes or levies, less accumulated depreciation and impairment losses, if any. The cost thereof comprises of its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost for bringing the asset to its working condition for its intended use.

Subsequent Expenditure

- Subsequent costs are included in the asset's carrying amount, only when it is probable that future economic benefits associated with the cost incurred will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced.
- Major inspection/ repairs/ overhauling expenses are recognised in the carrying amount of the item of property, plant and equipment as a replacement if the recognition criteria are satisfied.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit or Loss when the asset is derecognised.

For transition to Ind AS, the Group has elected to continue with the carrying value of all its property, plant and equipment recognised as on 1st April, 2016 (date of transition) measured as per previous GAAP as its deemed cost on the date of transition.

2.4 Depreciation:

Depreciation on property, plant and equipment is provided on different class of assets on the following basis:

Type of Asset	Method	Useful Life
Freehold Buildings	Written Down Value	60 Years
Factory Buildings	Written Down Value	30 Years
Plant and Machinery	Straight-Line	25 Years
Electrical Installations	Straight-Line	10 Years
Furniture & Fixtures	Straight-Line	10 Years
Office Equipments	Straight-Line	3 / 5 Years
Vehicles	Straight-Line	8 Years
Helicopter	Straight-Line	20 Years

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

Depreciation on additions to Property Plant and Equipment is provided on pro-rata basis from the date of acquisition or installation, and in case of new project from the date of commencement of commercial production.

Depreciation on Assets sold, discarded, demolished or scrapped, is provided upto the date on which the said Asset is sold, discarded, demolished or scrapped.

Cost of Leasehold Land and Improvement is written off over the period of Lease.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.5 Capital Work in Progress and Capital Advances:

Expenses incurred for acquisition of capital assets outstanding at each balance sheet date are disclosed under capital work-in-progress. Advances given towards the acquisition of fixed assets are shown separately as capital advances under the head Other Non-Current Assets.

2.6 Intangible Assets and amortisation thereof:

2.6.1 Internally generated Intangible Assets (Research and Development):

- i) Research costs are expensed as incurred. Development expenditure incurred on an individual project is recognised as an intangible asset when the Group can demonstrate all the following:
 - a) The technical feasibility of completing the Intangible Asset so that it will be available for use or sale.
 - b) Its intention to complete the asset.
 - c) Its ability to use or sell the asset.
 - d) How the asset will generate future economic benefits.
 - e) The availability of adequate resources to complete the development and to use or sell the asset.
 - f) The ability to measure reliably the expenditure attributable to the intangible asset during development.

2.6.2 Other Intangible Assets:

An Intangible Asset is recognised if:

- a) it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity; and
- b) the cost of the asset can be measured reliably.

An item of Intangible Asset is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit or Loss when the asset is derecognised.

The residual values, useful lives and methods of amortisation of Intangible Assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.6.3 Amortisation of Intangible Assets:

Amortization of the asset begins on a straight line basis over the period of expected future benefit from the related project, i.e., the estimated useful life of ten years. Amortisation is recognised in the Statement of Profit and Loss. During the period of development, the asset is tested for impairment annually.

The residual values, useful lives and methods of amortisation of Intangible Assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

For transition to Ind AS, the Group has elected to continue with the carrying value of all its Intangible Assets recognised as on 1st April, 2016 (date of transition) measured as per previous GAAP as its deemed cost on the date of transition.

Intangible Assets with finite useful lives are amortised on a straight line basis over the following period:

Type of asset	Useful Life
Technical Know How	10 Years
Product Development	10 Years
Computer Software	10 Years
Patent	5 Years

2.7 Impairment of Property Plant & Equipment and Intangible Assets

Carrying amount of Tangible and Intangible assets are reviewed at each Balance Sheet date. These are treated as impaired when the carrying cost thereof exceeds its recoverable value. Recoverable value is higher of the asset's net selling price or value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Net selling price is the amount receivable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the cost of disposal. An impairment loss is charged for when an asset is identified as impaired. The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

2.8 Inventories

Inventories are stated at lower of cost or net realisable value. The costs of various categories of inventories are arrived at as follows:

- a) Stores, spares, fuel & packing materials and raw materials - at costs determined on moving weighted average method.
- b) Cost of finished goods and work-in-progress includes the cost of raw materials, packing materials, an appropriate share of fixed and variable production overheads, excise duty as applicable and other costs incurred in bringing the inventories to their present location and condition. Fixed production overheads are allocated on the basis of normal capacity of production facilities.

Net realisable value is the estimated selling price in the ordinary course of business.

2.9 Revenue Recognition

The Group derives revenues primarily from sale of manufactured goods, traded goods and related services.

Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expect to receive in exchange for those products or services.

The Group does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, it does not adjust any of the transaction prices for the time value of money.

The Group satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

1. The customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs;
or
2. The Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
3. The Group's performance does not create an asset with an alternative use to the Group and an entity has an enforceable right to payment for performance completed to date.

For performance obligations where one of the above conditions are not met, revenue is recognised at the point in time at which the performance obligation is satisfied.

Revenue from sale of products and services are recognised at a time on which the performance obligation is satisfied except Revenue from Project Contracts where revenue is recognised over the time from the financial year in which the Contract is commenced for execution. The period over which revenue is recognised is based on Group's right to payment for performance completed. In determining whether the Group has right to payment, the Group considers whether it would have an enforceable right to demand or retain payment for performance completed to date if the contract were to be terminated before completion for reasons other than Group's failure to perform as per the terms of the contract.

Revenue in excess of invoicing are classified as contract asset while invoicing in excess of revenues are classified as contract liabilities.

Interest Income:

For all financial instruments measured at amortised cost, interest income is measured using the Effective Interest Rate (EIR), which is the rate that exactly discounts the estimated future cash flows through the contracted or expected life of the financial instrument, as appropriate, to the net carrying amount of the financial asset.

Other Operating Revenue

Export incentives and subsidies are recognised when there is reasonable assurance that the Company will comply with the conditions attached to them and the incentive will be received. Insurance claims are accounted to the extent the Company is reasonably certain of their ultimate collection

Dividend Income:

Dividend income is recognised when the Group's right to receive the payment is established, which is generally when shareholders approve the dividend.

2.10 Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial Assets:

Initial Recognition and Measurement:

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

Subsequent Measurement:

For purposes of subsequent measurement, financial assets are classified in three categories:

- Financial assets at amortised cost
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)
- Investments measured at fair value through Profit & Loss (FVTPL)

Financial Assets at Amortised Cost:

A financial asset is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and any fees or costs that are an integral part of the EIR.

The Company intends to hold its investment in Market Linked Debentures (i.e. MLD) till maturity. It may be noted that these funds have a pre-determined maturity date. These funds follow a passive buy and hold strategy; in which the existing underlying investment are expected to be held till maturity unless sold for meeting redemptions or rebalancing requirements as stated in the scheme document. In our view, such strategy mitigates intermittent price volatility in open ended target maturity funds' underlying investments; and investors who remain invested until maturity are expected to mitigate the market/volatility risk to a large extent. Based on this, the Company believes that the investments in market linked debentures meet the requirements of SPPI test as per the requirements of Ind AS 109.

In case of fixed maturity plans (FMP), they are measured at amortised cost, if the Company intends to hold the FMPs to maturity. Further, the Company applies amortised cost for those FMPs where the Company is able to demonstrate that the underlying instruments in the portfolio would fulfill the SPPI test and the churn in the underlying portfolio is negligible. These conditions are assessed at each Balance Sheet date. If these conditions are not fulfilled, then FMPs are valued at FVTPL.

Equity Instruments at FVTOCI:

For equity instruments not held for trading, an irrevocable choice is made on initial recognition to measure it at FVTOCI. All fair value changes on such investments, excluding dividends, are recognised in the OCI. There is no recycling of the amounts from OCI to profit or loss, even on sale or disposal of the investment. However, on sale or disposal the Group may transfer the cumulative gain or loss within equity.

Financial Assets at FVTPL:

Even if an instrument meets the two requirements to be measured at amortised cost or fair value through other comprehensive income, a financial asset is measured at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency (sometimes referred to as "accounting mismatch") that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. All other financial assets are measured at fair value through profit or loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Group's statement of financial position) when:

- i) The rights to receive cash flows from the asset have expired, or
- ii) The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement and either;
 - a. The Group has transferred substantially all the risks and rewards of the asset, or
 - b. The Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of Financial Assets

The Group applies the expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposures:

- Financial assets at amortised cost.
- Trade Receivables

The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. Under this approach the Group does not track changes in credit risk but recognises impairment loss allowance based on lifetime ECLs at each reporting date. For this purpose the Group uses a provision matrix to determine the impairment loss allowance on the portfolio of trade receivables. The said matrix is based on historically observed default rates over the expected life of the trade receivables duly adjusted for forward looking estimates.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

For recognition of impairment loss on other financial assets and risk exposures, the Group determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Group reverts to recognising impairment loss allowance based on 12-month ECL.

For assessing increase in credit risk and impairment loss, the Group combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events on a financial instrument that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. The ECL impairment loss allowance (or reversal) recognized during the period in the statement of profit and loss and the cumulative loss is reduced from the carrying amount of the asset until it meets the write off criteria, which is generally when no cash flows are expected to be realised from the asset.

ii) Financial Liabilities:

Initial Recognition and Measurement:

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts.

Subsequent Measurement:

This is dependent upon the classification thereof as under:

Loans and Borrowings:

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

(iii) Offsetting of Financial Instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise an asset and settle the liabilities simultaneously.

(iv) Equity Instruments:

An equity instrument is any contract that evidences a residual interest in the assets of an entity in accordance with the substance of the contractual arrangements. These are recognised at the amount of the proceeds received, net of direct issue costs.

2.11 Employee Benefits

i) Defined Contribution Plan:

The Group's contribution paid / payable during the year to Provident Fund, ESIC, Superannuation Fund etc., are recognised as expenses in the Statement of Profit and Loss. These are approved / recognised schemes of the Group.

ii) Defined Benefit Plan:

The Group's annual liability towards Gratuity is funded on the basis of actuarial valuation furnished by the Life Insurance Corporation of India under Group Gratuity Scheme.

iii) The undiscounted amount of short-term employee benefit expected to be paid in exchange for the service rendered by employees is recognised during the period when the employee renders the service. These benefits include compensated absences such as paid annual leave and performance incentives and are determined using the Projected Unit Credit Method. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the Balance Sheet date. Actuarial

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

gains and losses are recognised immediately in the Balance Sheet with a corresponding effect in the Statement of Other Comprehensive Income. Past service cost is recognised immediately in the Statement of Profit or Loss.

2.12 Borrowing Costs

Borrowing costs comprising of interest and other costs that are incurred in connection with the borrowing of funds, that are attributable to the acquisition or construction of qualifying assets are considered as a part of cost of such assets less interest earned on the temporary investment. A qualifying asset is one that necessarily takes substantial period of time to get ready for the intended use. All other borrowing costs are charged to Statement of Profit & Loss in the year in which they are incurred.

2.13 Leases:

The Group has adopted Ind AS 116 effective from April 1, 2019 using modified retrospective approach. For the purpose of preparation of Standalone Financial Information, management has evaluated the impact of change in accounting policies required due to adoption of Ind AS 116 for year ended 31st March, 2020. As per the modified retrospective approach, the Group is not required to restate comparative information, instead, the cumulative effect of initially applying this standard can be recognised as an adjustment to the opening balance of retained earnings as on 1st April, 2019.

The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a define period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified assets, the Group assesses whether:

- (i) the contact involves the use of an identified asset
- (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease, and
- (iii) the Group has the right to direct the use of the asset.

As a lessee, The Group recognises a right of use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right of use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right of use asset or the end of the lease term. The estimated useful lives of right of use assets are determined on the same basis as those of property and equipment. In addition, the right of use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. For leases with reasonably similar characteristics, the Group, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole.

Lease payments included in the measurement of the lease liability comprise the fixed payments, including in-substance fixed payments and lease payments in an optional renewal period if the Group is reasonably certain to exercise an extension option;

The lease liability is measured at amortised cost using the effective interest method. The Group has elected not to recognise right of use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term. The Group applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.

2.14 Foreign Currency Transactions:

Transactions in foreign currencies are initially recorded at their respective functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Differences arising on settlement or translation of monetary items are recognised as income or expenses in the period in which they arise.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

2.15 Taxes on Income:

Current Income Taxes:

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised directly in equity is recognised in other comprehensive income / equity and not in the Statement of Profit and Loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred Taxes:

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, when the deferred tax liability arises from an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except, when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities.

Minimum Alternate Tax (MAT):

MAT paid in accordance with the tax laws in India, which give rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the Group will pay normal income tax after the specified years. Accordingly, MAT is recognised as an asset in the Balance Sheet when the asset can be measured reliably and it is probable that the future economic benefits associated with it will flow to the Group.

2.16 Provisions and Contingent Liabilities:

Provisions involving substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources.

When the Group expects some or all of a provision to be reimbursed, the same is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

A Contingent Liability is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of enterprise or a present obligation that arises from past events that may, but probably will not, require an outflow of resources.

Both provisions and contingent liabilities are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent Liabilities are not recognised but are disclosed in the notes.

2.17 Government Grants and Subsidy

Grants and Subsidies from the government are recognised when there is a reasonable assurance that

- (i) the Group will comply with the conditions attached to them, and
- (ii) the grant / subsidy will be received.

Government grants of the nature of promoters' contribution are credited to capital reserve and treated as a part of the shareholders' funds.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

2.18 Earnings Per Share:

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year are adjusted for events including a bonus issue, bonus element in right issue to existing shareholders, share split, and reverse share split (consolidation of shares).

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

2.19 Cash and Cash Equivalent:

Cash and cash equivalent for the purpose of Cash Flow Statement comprise cash at bank and in hand and short term highly liquid investments which are subject to insignificant risk of changes in value.

2.20 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Group are segregated based on the available information.

2.21 Commitments

Commitments are future liabilities for contractual expenditure. The commitments are classified and disclosed as follows:

- a) The estimated amount of contracts remaining to be executed on capital accounts and not provided for; and
- b) Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of the Management.

2.22 Segment Reporting

(A) Operating Segments

- i) Synthetic Cordage
- ii) Fibre and Industrial Products and Projects

Identification of Segments

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating decision maker.

The Management monitor the operating result of its business units separately for the purpose of making decision about resource allocation and performance assessment. For management purposes, operating segments have been identified on the basis of nature of products and other quantitative criteria specified in the Ind AS 108. The Group's financing and Income Taxes are not allocated to operating segments.

The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted for the Company.

Segments Revenue and Results

Revenue and expenses have been identified to segments on the basis of their relationship to the operating activities of the segment. Income / Costs which relate to the Group as a whole and are not allocable to segments on a reasonable basis have been included under Unallocated income / costs. Interest income and expense are not allocated to respective segments.

Segments Assets and Liabilities

Segment Assets / Liabilities include all operating assets / liabilities used by the operating segments. Common assets and liabilities which cannot be allocated to any of the business segment are shown as unallocable assets / liabilities.

Inter Segment Transfer

Inter segment revenues are recognised at sale price. The same is based on market price and business risks. Profit or loss on Inter Segment transfer are eliminated at the Group level.

(B) Significant Accounting Judgements, Estimates and Assumptions:

The preparation of Financial Statements is in conformity with the recognition and measurement principles of Ind AS which requires the management to make judgements for estimates and assumptions that affect the amounts of assets, liabilities and the disclosure of contingent liabilities on the reporting date and the amounts of revenues and expenses during the reporting period and the disclosure of contingent liabilities. Differences between actual results and estimates are recognised in the period in which the results are known / materialize.

2.23 Estimates Assumptions and Judgements:

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

In the process of applying the Group's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

a) Estimation of Current Tax Expense and Deferred Tax:

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

The calculation of the Company's tax charge necessarily involves a degree of estimation and judgement in respect of certain items whose tax treatment cannot be finally determined until resolution has been reached with the relevant tax authority or, as appropriate, through a formal legal process. The final resolution of some of these items may give rise to material profits/losses and/or cash flows. Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions.

b) Recognition of Deferred Tax Assets / Liabilities:

The recognition of deferred tax assets / liabilities is based upon whether it is more likely than not that sufficient and suitable taxable profits will be available in the future against which the reversal of temporary differences can be deducted. To determine the future taxable profits, reference is made to the latest available profit forecasts.

c) Estimation of Provisions & Contingent Liabilities:

The Group exercises judgement in measuring and recognising provisions and the exposures to contingent liabilities which is related to pending litigation or other outstanding claims. Judgement is necessary in assessing the likelihood that a pending claim will succeed, or a liability will arise, and to quantify the possible range of the financial settlement. Because of the inherent uncertainty in this evaluation process, actual liability may be different from the originally estimated as provision

d) Estimated useful life of Property, Plant and Equipment:

Property, Plant and Equipment represent a significant proportion of the asset base of the Group. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life, its expected usage pattern and the expected residual value at the end of its life. The useful lives, usage pattern and residual values of Group's assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology etc.

e) Estimation of Provision for Inventory:

The Group writes down inventories to net realisable value based on an estimate of the realisability of inventories. Write downs on inventories are recorded where events or changes in circumstances indicate that the balances may not be realised. The identification of write-downs requires the use of estimates of net selling prices of the down-graded inventories. Where the expectation is different from the original estimate, such difference will impact the carrying value of inventories and write-downs of inventories in the periods in which such estimate has been changed.

f) Estimation of Defined Benefit Obligation:

The present value of the defined benefit obligations depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the net cost (income) for post employment plans include the discount rate. Any changes in these assumptions will impact the carrying amount of such obligations.

g) The Group determines the appropriate discount rate at the end of each year. This is the interest rate that should be used to determine the present value of estimated future cash outflows expected to be required to settle the defined benefit obligations. In determining the appropriate discount rate, the Group considers the interest rates of government bonds of maturity approximating the terms of the related plan liability.

h) Estimated fair value of Financial Instruments:

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Management uses its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period.

(C) Recent accounting pronouncements

2.24 Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

Appeals filed by the Company against income tax assessment orders for Assessment Years 2013-14 to 2020-21 have been adjudicated during the year by the appellate authority, which has granted substantial relief in favour of the Company. Based on the relief granted, no material financial impact is expected. However, the communication from the Assessing Officer giving effect to the appellate orders is awaited as of the reporting date.

41 Gratuity

The Company operates a defined benefit plan viz. gratuity for its employees. Under the gratuity plan, every employee who has completed at least specified years of service gets a gratuity on departure @ 15 days (minimum) of the last drawn salary for each completed year of service. The scheme is funded with an insurance Company in the form of qualifying insurance policy. The fund has formed a trust and it is governed by the Board of Trustees.

The fund is subject to risks such as asset volatility, changes in bond yields and asset liability mismatch risk. In managing the plan assets, Board of Trustees reviews and manages these risks associated with the funded plan. Each year, the Board of Trustees reviews the level of funding in the gratuity plan. Such a review includes asset-liability matching strategy and investment risk management policy (which includes contributing to plans that invest in risk-averse markets). The Board of Trustees aim to keep annual contributions relatively stable at a level such that no plan deficit (based on valuation performed) will arise.

III Significant estimates

The principal actuarial assumptions were as follows :

Particulars	31st March, 2025	31st March, 2024	31st March, 2023
Discount rate	6.79%	7.23%	7.50%
Salary growth rate	5.00%	5.00%	5.00%

Employee turnover	2.00%	2.00%	2.00%

IV Sensitivity analysis

The sensitivity of defined obligation to changes in the weighted principal assumptions is:

Assumption	Impact on defined benefit obligation	
	31st March, 2025	31st March, 2024
Discount rate		
1.00% increase	Decrease by 278.69	Decrease by 267.27
1.00% decrease	Increase by 313.29	Increase by 301.18
Future salary increase		
1.00% increase	Increase by 315.77	Increase by 304.89
1.00% decrease	Decrease by 285.73	Decrease by 275.09
Attrition Rate		
1.00% increase	Increase by 31.39	Increase by 41.13
1.00% decrease	Decrease by 34.63	Decrease by 45.29

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

The above sensitivity analysis is based on a change in assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of defined benefit obligation calculated with the Projected Unit Credit Method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The method and types of assumptions used in preparing the sensitivity analysis did not change compared to the previous periods.

The following are the expected cash flows to the defined benefit plan in future years: (₹ in lakhs)

Particulars	31st March, 2025	31st March, 2024
Within next 12 months	505.16	302.52
Between 1-10 years	3640.55	3,339.70
11 years & above	3451.38	3,738.13

V The major categories of plan assets are as follows:

(₹ in lakhs)

Particulars	31st March, 2025	31st March, 2024
Investments with Insurer (LIC of India)	0.01%	0.01%
HDFC Standard Life Insurance	99.99%	99.99%

42 Segment Reporting

- The Company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. These business segments are : 1. Synthetic Cordage 2. Fibre and Industrial Products & Projects. Segments based on the location of the customers are identified as Secondary Segments.
- Segment Accounting Policies are the same as those used in the preparation of the Financial Statements. The company generally accounts for inter-segment sales and transfers at cost plus appropriate margins.
- The segment revenues and segment expenses are directly attributable to the segments, except certain expenses which are not allocated to any segments by using appropriate basis. All other expenses which are not attributable or allocable to the segments have been disclosed as unallocable expenses.
- The segment assets and liabilities are directly attributable to the segments, except certain assets and liabilities which are allocated to the segments using appropriate basis. All other assets and liabilities are disclosed as unallocable.

b. Fair value hierarchy

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The following table provides the fair value measurement hierarchy of the Company's financial assets and liabilities that are measured at fair value or where fair value disclosure is required:

c. Valuation technique to determine fair value

The following methods and assumptions were used to estimate the fair values of financial instruments.

- The management assesses that fair value of cash and cash equivalents, trade receivables, trade payables, bank overdrafts and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- The fair values of the equity investment which are quoted, are derived from quoted market prices in active markets. The Investments measured at fair value and falling under fair value hierarchy Level 3 are valued on the basis of valuation reports provided by external valuers with the exception of certain investments, where cost has been considered as an appropriate estimate of fair value because of a wide range of possible fair value measurements

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

and cost represents the best estimate of fair values within that range. The carrying value of those investments are individually immaterial.

d Financial risk management objectives

The Company is exposed to market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk. The Company's risk management strategies focus on the un-predictability of these elements and seek to minimise the potential adverse effects on its financial performance. The Company's senior management which is supported by a Treasury Management Group ('TMG') manages these risks.

All hedging activities are carried out by specialist teams that have the appropriate skills, experience and supervision.

Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprises of risks relating to interest rate risk and other price risks such as equity price risk and commodity price risk. Financial instruments affected by market risks mainly include borrowings, deposits and investments.

Foreign currency risk management

Foreign exchange risk arises on future commercial transactions and on all recognised monetary assets and liabilities, which are denominated in a currency other than the functional currency of the Company. The Company's management has set policy wherein exposure is identified, benchmark is set and monitored closely, and accordingly suitable hedges are undertaken.

The Company's foreign currency exposure arises mainly from foreign exchange imports, exports and other income/expenses in foreign currency, primarily with respect to USD.

As at the end of the reporting period, the carrying amounts of the company's foreign currency denominated monetary assets and liabilities in respect of the primary foreign currency i.e. USD and derivative to hedge the exposure, are as follows:

Particulars of unhedged foreign currency exposure and Derivatives (Outstanding) as at Balance Sheet date:

(₹ in lakhs)

Particulars	Currency	As at 31st March, 2025	As at 31st March, 2024
Trade Receivable	USD	20,038.31	15,130.56
Trade Payable	USD	(561.99)	(80.61)
Net		19,476.32	15,049.95
Forward Contracts to Sell (Hedge of Receivables)	USD	(37,051.04)	(30,669.76)
Net Exposure		(17,574.72)	(15,619.81)

The Company's exposure to foreign currency changes for all other currencies is not material.

Foreign currency sensitivity analysis

The following table demonstrate the sensitivity to a reasonable possible change in USD exchange rate, with all other variables held constant.

(₹ in lakhs)

Particulars	Currency	As at 31st March, 2025	As at 31st March, 2024
Impact on profit before tax			
INR/USD - Increase by 1%	USD	477.85	344.00
INR/USD - Decrease by 1%	USD	(477.85)	(344.00)

Interest rate risk management

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations and investments in debt instruments including debt mutual fund.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2025

Interest rate sensitivity

The below table demonstrate the sensitivity of the company's profit before tax to a reasonable possible change in interest rate with all other variables being constant.

(₹ in lakhs)

Particulars		Change in interest rate	For the year ended 31st March, 2025	For the year ended 31st March, 2024
Interest expense	Increase	100 basis point	(166.84)	(148.75)
	Decrease	100 basis point	166.84	148.75
Interest income/Fair Value gain	Increase	100 basis point	694.01	720.27
	Decrease	100 basis point	(694.01)	(720.27)

e Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and other financial instruments.

f Trade Receivable

Customer credit risk is managed by SCM team subject to the company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored and followed up.

g Financial instruments and cash deposits

Credit risk from balances with banks is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

h Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. The Company's objective is to at all times maintain optimum levels of liquidity to meet its cash and liquidity requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate source of financing through the use of bank deposits and cash credit facilities. Processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows. The Company assessed the concentration of risk with respect to its debt and concluded it to be low.

The table below summarises the maturity profile of the company's financial liabilities based on contractual undiscounted payments.

(₹ in lakhs)

Financial Liabilities	Year	Total	More than 1 year	Less than 1 year

	31st March, 2024	3,259.97	402.90	2,857.08

i Excessive risk concentration

Concentrations arise when a number of counter parties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Company's performance to developments affecting a particular industry. Company believes that there is no such excessive risk concentration.
