SEBI/HO/CFD/CMD2/CIR/P/ 2021/11 dated 15th January, 2021 ("SEBI Circulars"), has given relaxation from sending hard copy of Annual Report containing salient features of all the documents prescribed in Section 136 of the Act and proxy forms as required under Regulation 44(4) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("the SEBI Listing Regulations") to the members who have not registered their email addresses in case of general meetings held through electronic mode.
4. In accordance with the Secretarial Standard -2 on General Meetings issued by the Institute of Company Secretaries of India ("ICSI") read with Guidance/Clarification dated 15th April, 2020 issued by the ICSI, the proceedings of the 58th AGM shall be deemed to be conducted at the Registered Office of the Company situated at Peninsula Business Park, 'A' Tower, 8th Floor, Senapati Bapat Marg, Lower Parel, Mumbai 400013. Keeping in view the guidelines to fight Covid-19 pandemic, the Members are requested to attend the 58th AGM from their respective locations through VC / OAVM and do not visit the Registered Office to attend the AGM.
5. Pursuant to the provisions of the Act, a member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a Member of the Company. However, since this 58th AGM is being conducted pursuant to the MCA and SEBI Circulars through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the members will not be available for this 58th AGM and hence the Proxy Form, Attendance Slip and Route Map are not annexed to this Notice.
6. In pursuance of Sections 112 and 113 of the Act, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the 58th AGM through VC/OAVM and cast their votes through e-voting.
7. Institutional/Corporate members intending to represent through their authorised representatives in the AGM through VC/OAVM and to vote through remote e-voting or vote at the AGM are requested to send to the Company certified copy of the Board Resolution passed pursuant to the provisions of Section 113 of the Act authorising their representative to the Company at its registered office by post/hand delivery or through email at designated e-mail address of the Company i.e. investor@hindcompo.com or at the Scrutinizer's email address i.e. manish@csmanishb.in.
8. In case of joint holders attending the Meeting, only such joint holder who is higher in order of names will be entitled to vote.
9. The Register of Directors and Key Managerial Personnel and their shareholding, maintained under Section 170 of the Act, and the Register of Contracts or Arrangements in which the directors are interested, maintained under Section 189 of the Act and all documents referred to in the notice of 58th AGM will be available for inspection by the Members on request by sending an e-mail to investor@hindcompo.com.
10. Pursuant to the provisions of Section 91 of the Act and Regulation 42 of the SEBI Listing Regulations, the Register of Members and the Share Transfer Books of the Company will remain closed from Friday, 23rd September, 2022 to Thursday, 29th September, 2022 (both days inclusive).

11. The dividend on Equity shares as recommended by the Board of Directors for the financial year ended 31st March, 2022, if approved by the members at the ensuing 58th AGM, will be paid to those members whose names stand registered in the Register of Members as on Thursday, 22nd September, 2022 and in respect of the shares held in dematerialized form, the dividend will be paid to members whose names are furnished by National Securities Depository Limited / Central Depository Services (India) Limited as beneficial owners as on that date. In case, the Company is unable to pay the dividend to any member by the electronic mode due to non-availability of the details of the bank account the Company shall dispatch the dividend warrant/demand draft by post. However, in case of any disruption the postal services due to pandemic or any other reasons the same will be sent upon restoration of normalcy of postal services.
12. Members may note that the Income Tax Act, 1961 ("IT Act"), as amended by the Finance Act, 2020, mandates that dividend paid or distributed by a Company after 1st April, 2020 shall be taxable in the hands of members. The Company shall therefore be required to deduct tax at source ("TDS") at the time of making the payment of final dividend. In order to enable us to determine the appropriate TDS rate as applicable, the members are requested to submit Form 15G/Form 15H or any other documents as applicable, if any, in accordance with the provisions of the IT Act.

For resident shareholders, taxes shall be deducted at source under Section 194 of the IT Act as follows-

Members having valid PAN	10% or as notified by the Government of India
Members not having PAN / Invalid PAN	20% or as notified by the Government of India

However, no tax shall be deducted on the dividend payable to a resident individual if the total dividend to be received by him during Financial Year 2022-23 does not exceed ₹ 5,000 and also in cases where members have provided Form 15G / Form 15H (applicable to individuals aged 60 years or more), subject to conditions specified in the IT Act. Resident shareholders may also submit any other document as prescribed under the IT Act to claim a lower / Nil withholding tax. Registered members may also submit any other document as prescribed under the IT Act to claim a lower / Nil withholding tax. PAN is mandatory for members providing Form 15G / 15H or any other document as applicable, if any, in accordance with the provisions of the IT Act.

For non-resident shareholders, taxes are required to be withheld in accordance with the provisions of Section 195 and other applicable sections of the IT Act, at the rates in

force. The withholding tax shall be at the rate of 20% (plus applicable surcharge and cess) or as notified by the Government of India on the amount of dividend payable. However, as per Section 90 of the IT Act, non-resident shareholders have the option to be governed by the provisions of the Double Tax Avoidance Agreement (DTAA) read with Multilateral Instrument ("MLI") between India and the country of tax residence of the member, if they are more beneficial to them. For this purpose, i.e. to avail the benefits under the DTAA read with MLI, nonresident shareholders will have to provide the following:

- Copy of the PAN card allotted by the Indian Income Tax authorities duly attested by the member or details as prescribed under rule 37BC of Income-tax Rules, 1962
- Copy of Tax Residency Certificate (TRC) for the FY 2022-23 obtained from the revenue authorities of the country of tax residence, duly attested by member
- Self-declaration in Form 10F
- Self-declaration by the shareholder of having no permanent establishment in India in accordance with the applicable tax treaty
- Self-declaration of beneficial ownership by the non-resident shareholder
- Any other documents as prescribed under the IT Act for lower withholding of taxes if applicable, duly attested by member

In case of Foreign Institutional Investors / Foreign Portfolio Investors, tax will be deducted under Section 196D of the IT Act @ 20% (plus applicable surcharge and cess) or the rate provided in relevant DTAA, read with MLI, whichever is more beneficial, subject to the submission of the above documents.

The aforementioned documents are required to be submitted by sending email at investor@hindcompo.com during the period commencing before 23.59 hrs IST on 22nd September, 2022.

13. As per Regulation 40 of the SEBI Listing Regulations, as amended, the request for transfer of securities shall not be processed unless the securities are held in the dematerialised form with the depositories. Further the request for transmission or transposition of securities held in physical or dematerialised form shall be effected only in dematerialised form. Hence members, who hold shares in physical form are requested to dematerialize their shares, so they can transfer their shares in future, if so desire. However, members can continue to hold shares in physical form.

14. The Schedule I of the SEBI Listing Regulations mandates to all listed companies to use the Reserve Bank of India's approved electronic mode of payment such as National Automated Clearing House ("NACH"), National Electronic Fund Transfer (NEFT), Real Time Gross Settlement (RTGS) for making payments like dividend to the shareholders. Accordingly, members who have not updated their bank account details and wish to avail such facility in future are requested to update their bank account details by submitting Form ISR-1 and ISR-2, available on Company's website viz. www.hindcompo.com, with the Registrar and Share Transfer Agent ("RTA") of the Company.
15. The cut-off date for the purpose of determining eligibility of members for attending and voting in connection with the 58th AGM and payment of final dividend for the financial year 2021-22 has been fixed as Thursday, 22nd September, 2022 ("Cut-off date").
16. Members holding shares in physical form are requested to notify immediately any change in their address or bank details to the Company / RTA quoting their Folio Number. Members holding shares in the demat form are requested to update such details with their respective Depository Participants.
17. The Company has transferred the unpaid or unclaimed dividend declared upto financial years 2013-14, from time to time, to the Investor Education and Protection Fund ("IEPF") established by the Central Government. The unclaimed dividend in respect of the financial year ended 31st March, 2015 is due for transfer to the IEPF Authority in month of October, 2022. The shareholders whose dividend remained unclaimed for the financial year 2014-15 and for subsequent financial years are requested to claim it immediately from the Company. The Company has uploaded the details of unpaid and unclaimed dividend amounts lying with the Company as on 31st March, 2022 under "Investor Relations" section on the website of the Company viz. www.hindcompo.com. The details of unpaid and unclaimed dividend amounts lying with the Company can be also accessed through on the website of Ministry of Corporate Affairs viz. www.mca.gov.in and on the website of IEPF viz. www.iepf.gov.in. Attention of the members is drawn to the provisions of Section 124(6) of the Act, which requires a company to transfer in the name of the IEPF Authority all shares in respect of which dividend has not been paid or claimed for 7 (seven) consecutive years or more.

In accordance with the aforesaid provisions of Section 124(6) of the Act read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, as amended, the Company has

transferred 91,703 equity shares in respect of which dividend declared for the financial year 2013-14 or earlier financial years remained unpaid or unclaimed by the members for 7 (seven) consecutive years or more to the demat account of Investor Education and Protection Fund authority via. corporate actions through Depositories.

A member desirous to claim back his shares from the IEPF Authority can do so by following prescribed procedure under the said Rules. The aforesaid details are available on the website of the Company viz. www.hindcompo.com and have also been uploaded on the website of the Ministry of Corporate Affairs and the same can be accessed through the link: www.mca.gov.in and on the website of IEPF viz. www.iepf.gov.in.

Further, the Company has initiated necessary action for transfer of all shares in respect of which dividend declared for the financial year 2014-15 has remained unpaid or unclaimed by the members for 7 (seven) consecutive years or more.

18. Members can join the 58th AGM through VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the 58th AGM through VC/OAVM will be made available to atleast 1000 members on first come first serve basis; however this limit does not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first serve basis.
19. The attendance of the Members attending the 58th AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Act.
20. The SEBI has mandated the submission of Permanent Account Number ('PAN') by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit their PAN details to their respective Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN to the Company/RTA.
21. To comply with the provision of Section 88 of the Act, read with Rule 3 of the Companies (Management and Administration) Rule 2014, the Company is required to update its database by incorporating some additional details of its members.

Members are requested to submit their e-mail ID and other details vide the e-mail updation form available on Company's website viz. www.hindcompo.com. The same could be done by filling up and signing at the appropriate place in the said form and by sending the same to the RTA.

The e-mail ID provided shall be updated subject to successful verification of your signatures as per record available with the RTA of the Company.

22. In compliance with the aforesaid MCA and SEBI Circulars, Notice of the 58th AGM along with the Annual Report 2021-22 is being sent only through electronic mode to those Members whose email addresses are registered with the Company/ Depository Participants. Members may note that the Notice and Annual Report 2021-22 will also be available on the Company's website viz. www.hindcompo.com, websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited viz. www.bseindia.com and www.nseindia.com respectively and on the website of CDSL viz. www.evotingindia.com.
 23. Non-Resident Indian members are requested to inform to the Company's Registrar & Share Transfer Agents, immediately of any change in their residential status on return to India for permanent settlement, their bank account maintained in India with complete name, branch, account type, account number and address of the bank with pin code, if the details are not furnished earlier.
 24. Members holding shares in identical order of names in more than one folio are requested to write to the Company / RTA enclosing their Share Certificates to enable the Company to consolidate their holdings in one folio for better services.
 25. Members are requested to forward their all communications to the RTA of the Company and are further requested to always quote their Folio Number / DPID-Client ID in all correspondences with the Company.
 26. Members holding shares in single name and physical form are advised to make nomination in respect of their shareholding in the Company.

 28. The shares of the Company are listed on BSE Limited and National Stock Exchange of India Limited. Listing fees for the financial year 2022-23 has been paid to both the stock exchanges.
 29. Members may also note that 58th Annual Report for the year 2021-22 is also available on the website of the company at viz. www.hindcompo.com.
 30. To support the Green Initiative, members who have not registered their email addresses are requested to register the same with the Company's RTA/their Depository Participants, in respect of shares held in physical/ electronic mode, respectively.
 31. The SEBI vide its Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2021/655 dated 3rd November, 2021 read with Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2021/687 dated 14th December, 2021 has specified the common and simplified norms for processing certain prescribed service request(s) of shareholders by RTAs and norms for holders of share(s) in physical form for raising the requests with regard to registration or changes / updation of PAN, KYC, nomination and also for banker's attestation of the signature of the shareholder in the event of major mismatch in the signature of the shareholder. All holders of shares in physical form are requested to furnish / update the PAN, Nomination, Contact details, Bank account details and specimen signature to the RTA in Form ISR-1 and ISR-2 respectively. The respective Forms are available on the website of the Company and RTA.
- The SEBI has further clarified that physical folios wherein the PAN, KYC and Nomination details are not available on or after 1st April, 2023, shall be frozen by the RTA and will be eligible for lodging any service request or receiving payment including dividend only after registering the required details. The said physical folios shall be referred by the Company or RTA to the administering authority under the Benami Transactions (Prohibitions) Act, 1988 and/or Prevention of Money Laundering Act, 2002, if they continue to remain frozen as on 31st December, 2025. Members are advised to register their said details with the RTA, in compliance with the said Circular for smooth processing of their service request(s).
- As per the provisions of Section 72 of the Act and aforesaid SEBI Circulars, the facility for making nomination is available for the members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. If a member desires to opt out or cancel the earlier nomination and record a fresh nomination, he / she may submit the same in Form ISR-3 or Form SH-14 as the case may be. The said forms can be downloaded from the Company's website. Members are requested to submit these details to their DP, in case the shares are held by them in electronic form, and to the RTA, in case the shares are held in physical form.

32. The SEBI vide Gazette Notification no. SEBI/LAD-NRO/GN/2022/66 dated 24th January, 2022 read with SEBI Circular No. SEBI/HO/MIRSD/ MIRSD_RTAMB/ P/ CIR/2022/8 dated 25th January, 2022 has made mandatory for listed companies to issue securities in dematerialized form only; henceforth while processing certain prescribed service request(s) such as issue of duplicate share certificate, claim from Unclaimed Suspense Account, renewal/exchange of share certificate, endorsement, sub-division/splitting of share certificate, consolidation of share certificate(s)/folio(s), transmission, and/or transposition received from the shareholder/claimant. Upon receipt of service request(s) from shareholder/claimant, the RTA of the Company shall verify and process the said request. After removing objections, if any, intimate the shareholder/claimant about its execution/issuance of new certificate as may be applicable. The RTA shall retain the physical Share Certificate with them and shall issue 'Letter of Confirmation' to the shareholder/claimant in lieu of physical share certificate(s). The shareholder/claimant shall lodge a request for dematerialization of shares along with the original Letter of Confirmation received from the RTA within 120 days (One Hundred and Twenty days) of issue of the Letter of Confirmation to his Depository Participant (DP). In case the shareholder/claimant fails to submit the demat request within the aforesaid period, the Company shall credit shares to Suspense Escrow Demat Account of the Company opened for the said purpose.
33. In view of the COVID-19 pandemic and resultant lockdown, all the request(s) received from the shareholders by the Company or its RTA were addressed in accordance with the timelines/ relaxations as provided by the Statutory Authorities, from time to time.
34. In compliance with provisions of Section 108 of the Act, read with Rule 20 of the Companies (Management and Administration) Rules, 2014, Regulation 44 of the SEBI Listing Regulations and Secretarial Standards on General Meetings (SS-2) issued by the ICSI, the Company is pleased to provide e-voting facility to its members to exercise their right to vote electronically on the resolutions mentioned in the notice of 58th AGM dated 26th May, 2022. The members may cast their votes using electronic voting system from a place other than the venue of the meeting ("remote e-voting").
- (a) The facility of casting the votes by the members/ shareholders using electronic voting system from a place other than venue of the AGM ("remote e-voting") and e-voting during the meeting will be provided by Central Depository Services (India) Limited (CDSL evoting System).
- (b) A person, whose name is recorded in the Register of Members or in the list of Beneficial Owners maintained by the depositories as on the cut-off date only shall be entitled to avail the facility of "remote evoting" or e-voting during the AGM.
- (c) The "remote e-voting" period commences on Monday, 26th September, 2022 (9:00 hrs) and ends on Wednesday, 28th September, 2022 (17:00 hrs). During this period, members / shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date, may cast their vote by "remote e-voting". - (f) The result declared along with the report of the Scrutinizer shall be placed on the website of the Company viz, www.hindcompo.com and on the website of CDSL viz. www.evotingindia.com immediately after the declaration of result by the Chairman or a person authorized by him in writing. The results shall simultaneously be communicated to the stock exchanges.

- (g) Subject to receipt of requisite number of votes in favour, the resolutions shall be deemed to be passed on the date of the Meeting i.e. Thursday, 29th September, 2022.

THE PROCEDURE / INSTRUCTIONS TO SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING 58TH AGM AND JOINING MEETING THROUGH VC / OAVM ARE AS UNDER:

- (i) The voting period begins on Monday, 26th September, 2022 (9:00 hrs.) and ends on Wednesday, 28th September, 2022 (17:00 hrs.). During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date may cast their vote electronically. The e-voting module shall be disabled by the CDSL for voting thereafter.
- (ii) Pursuant to **SEBI Circular No. SEBI/ HO/CFD/CMD/CIR/P/2020/242 dated 9th December, 2020**, under Regulation 44 of the SEBI Listing Regulations, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders / retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories / Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iii) In terms of **SEBI circular no. SEBI/ HO/CFD/CMD/CIR/P/2020/242 dated 9th December, 2020** on e-voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-voting facility.

Pursuant to the said SEBI Circular, Login method for e-voting and joining virtual meetings **for Individual shareholders holding securities in demat mode is given below:**

Important note: Members who are unable to retrieve User ID/ Password are advised to use Forget User ID and Forget Password option available at abovementioned website.

2. OPERATIONAL PERFORMANCE

On standalone basis, the Company achieved a total revenue of ₹ 23,263.96 Lakhs during the financial year under review compared to ₹ 18,458.75 Lakhs in the previous financial year. The net manufacturing revenue was higher by 23.90% from ₹ 15,006.48 Lakhs to ₹ 18,592.29 Lakhs.

Investment income during the financial year was also higher at ₹ 4,671.67 Lakhs compared to ₹ 3,452.27 Lakhs in the previous financial year. This was achieved with judicious deployment of funds in various asset classes, despite volatile market conditions and falling interest rates.

The gross profit of the Company was marginally lower at ₹ 3,335.59 Lakhs as against ₹ 3,385.63 Lakhs in the previous financial year. After considering interest of ₹ 7.80 Lakhs and depreciation of ₹ 856.36 Lakhs, Profit before tax was ₹ 2,471.43 Lakhs. With a tax provision of ₹ 311.27 Lakhs, profit after tax stood at ₹ 2,160.16 Lakhs as against ₹ 2,099.16 Lakhs in the previous financial year. Other comprehensive income, net of tax during the financial year was ₹ 8,161.68 Lakhs (previous financial year ₹ 2,938.68 Lakhs) and the total comprehensive income was ₹ 10,321.84 Lakh (previous financial year ₹ 5,037.84 Lakhs).

During the financial year, the Company continued its growth momentum as it scaled new benchmarks in Revenue. Growth which was led by strong traction in Commercial

vehicle friction material business. This performance was achieved with a backdrop of a challenging operating environment characterized by stop-start economic activity due to persistent waves of Covid-19, high inflation and an all-round rise in operating cost. This was accelerated by disruption in the supply chain which constrained availability of inputs, most notably causing shortage of semi-conductors for the auto industry worldwide.

Encouragingly, most countries and regions witnessed a rapid recovery in economic activity despite frequent waves of Covid 19. Further the scale-up and success of the vaccination program reduced the severity of subsequent waves. The auto industry responded to the constrained availability of semi- conductors by prioritizing production of high value vehicles and those with newer technologies.

While multiple factors, such as subsequent waves of the pandemic, disruption in the supply chain, constraints to timely availability of raw materials and the compounding effect on vendors, suppliers and contractors intensified the challenges, our Company largely ensured timely supply to its customers. However, profitability was impacted with high escalation in commodity prices which could not be fully passed on to the customers because of competitive market conditions and fixed rate contract terms with the Railways and other Government customers.

The Company undertook active measures to promote health and safety measures and social distancing efforts and enforced all guidelines and protocols. Another significant area of focus was to develop High Performance Products to meet enhanced customer demand with in-house R & D efforts. The Company will continue to emphasis on improvement in operational efficiencies, higher productivity with prudent cost control measures.

The investment segment also faced challenges relating to fluctuations in interest rates, a volatile stock market, currency depreciation and global uncertainties. However, performance of investment operations remains robust with a conservative approach towards deployment of funds, keeping capital protection in focus.

The Company entered into a long-term settlement with workmen at its Paithan plant for a period of 3 years effectively from December 2021.

The working of Company's Joint venture viz. Compo Advics Private Limited, though improved, remained under pressure with high raw material cost escalation as mentioned above and low-price realization. Several measures have been taken towards change in product mix and cost reduction program.

The outlook for the financial year 2022-23 appears positive with continued recovery of the industry in terms of underlying demand. This is expected to support higher schedules from OEM's as supply chain issues ease. However, current geopolitical issues may dent the recovery, if crisis is not resolved soon.

There was no change in the nature of the business of the Company during the financial year under review.

3. MATERIAL CHANGES AND COMMITMENTS AFFECTING FINANCIAL POSITION BETWEEN THE END OF THE FINANCIAL YEAR AND DATE OF THE REPORT

FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2022

[Pursuant to the provisions of Section 204(1) of the Companies Act, 2013 and
 Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
 The Members,
Hindustan Composites Limited

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Hindustan Composites Limited** (hereinafter called 'the Company'). The Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluation of the corporate conducts / statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minutes books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended **31st March, 2022** ('Audit Period') generally complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minutes books, forms and returns filed and other records maintained by the Company for the financial year ended 31st March, 2022 according to the provisions of:

- (i) The Companies Act, 2013 ('the Act') and the rules made thereunder;

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

1. Industry Structure and Development

For the past three years the entire world has been grappling to reduce the impact of Covid-19 pandemic. Massive vaccination drives, supportive macroeconomic policies and favorable financial conditions all over the globe proved to be catalyst for global resumption of work and the economy. The global economy was on the verge of recovery post severe two years of the Covid 19 pandemic but sudden escalation of Russia – Ukraine war has given birth to geopolitical instability and has set back the growth of the global economy. The war has disrupted the already strained global supply chain and has increased inflationary pressures as both these countries account for large share of global energy exports as well as exports of a range of metals, food staples and agricultural inputs.

The World Bank has slashed the global economy growth to 3.20% from its earlier estimate of 4.10% on account of the ongoing war, peaked inflation and nagging effects of the pandemic. (Source: World Bank Economic Outlook). The International Monetary Fund (IMF) stated in its latest report that Global growth is projected to be slow from an estimated 6.10% in 2021 to 3.60% in 2022 and 2023. (Source: IMF World Economic Outlook)

The Indian economy is on the recovery path despite global headwinds. The country experienced third wave of pandemic owing to the Omicron virus starting from December, 2021 but it was less severe as compared to earlier two waves and this indicates that we are entering the endemic stage. The possibility of fourth wave hitting India remains low due to improved immunity and high vaccine coverage.

In the first three quarters of FY 22, Indian economy had grown 20.10%, 8.40% and 5.40% respectively. However, growth came down to 4.10% in January-March 2022, the slowest in four quarters, hit by the third wave of pandemic, supply disruptions and high commodity and crude prices due the Russia- Ukraine war. Despite this, in the full fiscal year, GDP rose to 8.70%, making India the fastest growing major economy. The GST collections are at all-time high at ₹ 1.68 Lakhs Crore in April, 2022 indicating strong economic activities. The country's merchandise exports spurt to a record high of US\$ 418 billion in the financial year 2021-22.

International Monetary Fund (IMF) in its latest report has downgraded India's growth to 8.20% for FY23 from 9.00% estimated in January, 2022 due to Russia Ukraine war which would result in weaker domestic demand as higher oil prices are expected to weigh on private consumption and investment - and a drag from lower net exports.

The global automotive industry continued to face challenges due to shortage of semiconductors and restrictions imposed due to emergence of new COVID-19 variants which further aggravated due to the supply chain issues. Amid the

ongoing uncertainty of input shortages, carmakers have been moving to set up partnerships with various suppliers. Also, with electrification trend continuing to gain momentum, the automakers have started to set up joint ventures with battery manufacturers to secure future supplies. Tightening emissions regulations and government incentives are likely to boost global EV sales. The global auto industry is likely to witness positive momentum in Calendar Year 2022 with further recovery in demand and gradual easing of supply chain challenges. Moreover, the mobility landscape continues to transform rapidly with new business models and autonomous, connected, electric, and shared mobility trends which will provide next leg of growth for the industry.

Indian automobile industry which had been witnessing strong recovery on account of low interest rate regime coupled with pent up demand, faced temporary headwinds during the start of the fiscal year due to second wave of pandemic which dented consumer sentiment and resulted in temporary shutdown of dealerships. Disruption in supply chain due to localized restrictions and shortage of semiconductors had an adverse impact on production. However, the industry witnessed sharp recovery once the impact of the pandemic subsided, and lockdown restrictions were eased. The supply side issues pertaining to chips' shortage hampered production during the second half of the fiscal year.

The domestic sale of Automobiles during the financial year 2021-22 vis-a-vis 2020-21 experienced a strong recovery across segments except two wheelers as under:

Segment	2021-22	2020-21	Variance
	Nos.	Nos.	
Passenger Vehicle	30,69,499	27,11,457	13.20 %
M & H Commercial vehicle	2,40,577	1,60,688	49.72%
Light Commercial vehicle	4,75,989	4,07,871	16.70%
3 wheelers	2,60,995	2,16,197	20.72%
2 Wheelers	1,34,66,412	1,51,19,387	-10.93%

(Source – SIAM data)

Passenger vehicle segment grew by 13.20% with strong underlying demand fuelled by new launches and need for personal mobility post second COVID wave. There was a remarkable growth in Medium & Heavy Commercial vehicle segment by 50.00% with revival in demand in the infrastructure and construction sectors, improving fleet utilisation, freight availability / rates and better financing along with increasing demand for e-commerce & last-mile delivery. Light Commercial Vehicles (LCV) segment reported volume increase of 16.70% supported by e-commerce, agriculture, and FMCG segment. Two-wheelers witnessed decline of 10.93 % on account of continued weak demand due to higher impact of COVID second wave in the rural market coupled with higher fuel prices.

2. Opportunities and threat

The Government of India approved the Production Linked Incentive (PLI) Schemes for Automobiles and Auto Component industry for enhancing India's manufacturing capabilities for Advances Automotive Products (AAP) with a budgetary outlay of ₹ 25,938 crores. It will attract investments in the automotive manufacturing value chain. The Govt. of India also launched vehicle scrappage policy on August, 13, 2021. The policy mandates commercial vehicle > 15 years and passenger cars > 20 years to be mandatorily scrapped if they do not pass the fitness and emission tests. Strong policy support initiatives and Govt focus on infra spending is creating good opportunities in demand revival and growth of automotive industry. We see significant opportunities for our products to leverage the mega trend shaping the Indian automobile industry.

The spread of Omicron Virus and the war between Russia and Ukraine has led to disturbances in the supply chain, resulting in delay / roll over of shipments, further leading to pricing pressure on all kind of petroleum products. Due to non-availability of raw materials, entities have started taking shelter of 'Force Majeure' clause. Heavy rains and flood in coal belts around the Globe resulted in disorganization of mining activity, leading to shortage of Coal. The auction done by Western Coal Field Limited fetched huge premiums and priority was given to Power Sector companies. As the required Coal being procured from other mines, coupled with fluctuation in diesel price had resulted in augmenting of fuel and logistic cost. Consequent to all these factors, there was a sharp rise in the cost of metals, petroleum based products, rubber and many other items. The Indian Rupee also weakened in the recent time. This resulted into a huge increase in the cost of major raw materials. In view of intense competition, it is difficult to seek major price increases to compensate the effects of inflation thus bringing margins under severe pressure.

At HCL we have felt the impact of this situation with coverage of major raw materials and maintaining higher inventory. We have chosen to focus on areas of opportunity within the larger framework of the current challenges. The Company was able to improve its position both in its OEM and aftermarket businesses and reported a sales growth of 23 % over the last year.

In the investment segment, the Company's fund is invested in various asset classes including debt and equity. The volatility in the market may adversely affect returns due to Mark to Market losses. To overcome this risk, the Investment Committee reviews the investments on a regular basis and takes appropriate decisions. The portfolio is managed with the advice of professional fund managers.

3. Segment - wise or product-wise performance

The Company operates in two segments viz. composite products and investment. During the year under review, the revenue from composite products stood at ₹18,592 Lakhs

(previous F.Y. ₹ 15,007 Lakhs) and from the investments segment this stood at ₹ 4,672 Lakhs (previous F.Y. ₹ 3,452 Lakhs).

The segment result before unallocable expenses, interest and tax from Composite products was ₹ 291 Lakhs (previous F.Y. ₹ 619 Lakhs) and Investments was ₹ 3,496 Lakhs (previous F.Y. ₹ 2,533 Lakhs)

4. Outlook

Despite concerns of third wave of the pandemic, we are cautiously optimistic about the prospects of Indian economy and the automotive segment. Auto component industry has now recovered and investment cycle has commenced. The Indian auto component industry is expected to become the third largest in the world by 2025 and component exports are expected to grow by five times in 10 years. Keeping pace with the automotive industry, India's auto component industry has been flourishing and some favorable trends are as under:

Growing working population and expanding middle class are expected to remain key driver.

100% FDI allowed under automatic route for auto components sector, PLI scheme in Automotive and Auto components with a financial outlay over five years of ₹ 57,042 Crores

Announcement of incentive based vehicle scrappage policy

Shift from BS-IV to BS- VI norms have placed the industry on par with international regulations on safety and emissions in the long term

a cost effective manufacturing base keeps cost lower relative to developed countries

The above factors will spur the demand for the Company's product used in segments like Heavy Vehicles, tractor, railroad and industry. Our company will remain a part of this change with appropriate products and solutions for customers. The Company will continue to put a thrust on new product development to meet the changed requirement of customers, provide better customer service and continue to work towards up-gradation of technology, improvement in quality, cost rationalization, cash preservation and digitalization. Besides, the Company will aggressively pursue opportunities for new OEM approvals, improve market share in OE and Aftermarket, export opportunities and additional business from the Rail and Industrial segment.

5. Risks and concerns

The Company has laid down a well-defined Risk Management Policy covering risk mapping, trend analysis, risk exposure, potential impact and risk mitigation process. A detailed exercise is carried out from time to time to identify, evaluate both business and non-business risk. The Board

periodically reviews the risks and suggests steps to be taken to control and mitigate the same through a properly defined framework.

The current geopolitical tension, continued supply chain issues, fear of next wave of Coronavirus infection and the consequent restrictive measures may derail growth prospects of the industry.

6. Internal control systems and their adequacy

The Company has in place proper and adequate internal control systems commensurate with the nature of its business, size and complexity of its business operations. Internal control systems comprising of policies and procedures are designed to ensure reliability of financial reporting, compliance with policies, procedures, applicable laws and regulations and that all assets and resources are acquired economically, used efficiently and are adequately protected.

7. Discussion on financial performance with respect to operational performance

The Company's financial performance with respect to Operational performance is already discussed in the Directors' Report which forms part of the Annual Report.

8. Material developments in Human Resources / Industrial Relations front, including number of people employed

The thrust of the Company's human resource development is to create a responsive and market-driven organization with emphasis on performance. Continuous appraisal of personnel competence in line with job requirements, are carried out to provide for necessary training to personnel thereby facilitating higher levels of output and productivity. The industrial relations at Paithan and Bhandara plants remain satisfactory.

The Company entered into a Long-term settlement with its workmen at its Paithan Plant for a period of 3 years effective from December, 2021. As on 31st March, 2022, 576 employees were employed in the Company.

9. Details of significant changes in key financial ratios / Return on net worth

We have examined the compliance of conditions of corporate governance by **HINDUSTAN COMPOSITES LIMITED** ('the Company') for the year ended March 31, 2022 as stipulated in Regulations 17-27, clauses (b) to (i) of sub regulation (2) of Regulation 46 and paragraphs C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations').

Management's Responsibility for compliance with the conditions of Listing Regulations

The compliance of the conditions contained in the corporate governance is the responsibility of the Management. This responsibility includes the designing, implementing and maintaining operating effectiveness of internal control to ensure compliance with the conditions of corporate governance as stipulated in the Listing Regulations of the Company including the preparation and maintenance of all relevant supporting records and documents.

Auditor's Responsibility

Our examination was limited to procedures and implementation thereof adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

We have examined the books of account and other relevant records and documents maintained by the Company for the purposes of providing reasonable assurance on the compliance with Corporate Governance requirements by the Company in accordance with the Guidance Note on Certification of Corporate Governance issued by the Institute of Chartered Accountants of India ('ICAI'), Standards on auditing specified under section 143(10) of the Companies Act, 2013 and Guidance Note on Reports or Certificates for Special Purposes issued by the ICAI which requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.

We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

Opinion

Based on the procedures performed by us and to the best of our information and according to explanations given to us and representation made by the Management, in our opinion, we certify that the Company has complied, in all material respects, with the conditions of Corporate Governance as stipulated in the above-mentioned Listing Regulations during the year ended March 31, 2022.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Restriction on Use

The certificate is addressed to and provided to the Members of the Company solely for the purpose to enable the Company to comply with requirement of aforesaid Regulations and should not be used by any other person or for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this certificate is shown or into whose hands it may come without our prior consent in writing.

Report on the Audit of Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Hindustan Composites Limited** ("the Company"), which comprises of Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flow for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence obtained by in terms of their report referred to in the other matters section below, is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current year. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Sr. No.	Key Audit Matters	Auditor's response
1	<p>Valuation and Impairment of unquoted equity instruments /Debt Investments:</p> <p>We focused on the valuation of unquoted Equity/Debt Instruments due to the materiality of the investments and the nature of their valuation which involve the use of judgmental assumptions. As disclosed in Note no. 40 and 41, as at March 31, 2022 the Company has unquoted equity /debt Investments of Rs. 33,914.04 Lakhs. These Investments are classified and measured at fair value through other comprehensive income.</p>	<p>Principal Audit Procedures</p> <p>We assessed and tested the design and the operating effectiveness of the key controls that management has established to support the review and approval of the model design, key model inputs and valuation.</p> <p>We assessed the appropriateness of the valuation method used by management by verifying the key inputs used in determining the assumptions as also corroborating the information.</p>

Information Other than the Standalone Financial Statements and Auditor's report thereon

The Company's Board of Directors is responsible for the preparation of other information. The Other information comprises the information included in the Board's Report including Annexures to the Board report, Business responsibility report, Corporate Governance report and Management Discussion and Analysis, but does not include the standalone financial statement and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(l) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that individually or in aggregate makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Our opinion on the standalone financial statement and our report on the other legal and regulatory requirements below is not modified in respect of this matter.

Other matter:

We draw your attention to the Note 45(d) of the standalone financial statements regarding the assessment made by Management relating to impact of COVID-19 pandemic on the operations of the Company.

Our opinion on the standalone financial statements is not modified in respect of the above matter.

Report on Other Legal and Regulatory Requirements

Annexure “A” referred to in “Report on Other Legal and Regulatory Requirements” section of our report to the Members of Hindustan Composites Limited for the year ended March 31, 2022 :

On the basis of such checks as we considered appropriate and according to the information and explanations given to us during the course of our audit, we state that:

- i. a. In respect of Company’s Property, Plant and Equipment (PPE) and Intangible Assets:
 - A. The Company has maintained proper records, showing full particulars, including quantitative details and situation of PPE and relevant details of right-to-use assets.
 - B. The Company has maintained proper records showing full particulars of intangible assets.
- b. As explained to us, the Company has a phased program for physical verification of the PPE for all locations. In our opinion, the frequency of verification is reasonable considering the size of the Company and nature of its PPE. Physical verification of the certain assets has been carried out during the year pursuant to the programme in that respect. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- c. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties disclosed in the financial statements included under property, plant and equipment (other than properties where the company is lessee and lease agreements are duly executed in favour of the Company), are held in the name of the Company.
- d. The Company has not revalued any of its PPE (including right- of-use assets) and intangible assets during the year and hence reporting under clause 3(i)(d) of the Order is not applicable to the Company.
- e. According to the information and explanations given to us and on the basis of our examination of the books and records of the Company, neither any proceedings have been initiated during the year nor are pending as at March 31, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988, as amended, and rules made thereunder and hence reporting under clause 3(i)(e) of the Order is not applicable to the Company. [Refer note no 53 (a) to standalone financial statements]
- ii. a. The inventories have been physically verified by the management at reasonable intervals during the year, except for goods in transit and those lying with third parties which have been verified with subsequent receipts. The procedures of physical verification of the inventories followed by the management and its coverage is reasonable and adequate in relation to the size of the Company and nature of its business. As per the information and explanations given to us, no discrepancies of 10% or more in the aggregate for each class of inventory were noticed on physical verification of inventories as compared to book records.
- b. According to the information and explanations given to us, the Company has not been sanctioned working capital limit in excess of ₹ 5 crores on the basis of security of current assets, in aggregate, at any point of time during the year from banks and financial institutions and hence reporting under clause 3(ii)(b) of the Order is not applicable to the Company.
- iii. In respect of Investment made, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties:
 - (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, following loans have been given:

₹ in lakhs

	Particulars	Aggregate amount during the year	Balance Outstanding as at March 31, 2022
A	Subsidiaries, joint ventures and associates	Nil	Nil
B	Other than subsidiaries, joint ventures and associates	3480.00	2,225.00

Further, the Company has not given any advances in the nature of loans or stood guarantee or provided security to any other entity during the year.

- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the investment made are in the ordinary course of business and accordingly in our opinion, prima facie, not prejudicial to the Company’s interest.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in the case of loans given, in our opinion the repayment of principal and payment of interest has been stipulated and the

repayments or receipts have been regular. Further, the Company has not given any advance in the nature of loan to any party during the year.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no overdue amount for more than ninety days in respect of loans given. Further, the Company has not given any advances in loans to any party during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has renewed the loan repayment period which has fallen due during the year as detailed below:

(a) Based on our audit procedures and on the basis of information and explanations given to us, we are of the opinion that the Company has not defaulted in the repayment of loans or other borrowings or in the repayment of interest thereon to the lenders and hence reporting under clause 3(ix) of the Order is not applicable to the Company.

(b) On the basis of information and explanations given to us, the Company has not been declared as willful defaulter by any bank or financial institution or other lender. [Refer note no 53 (g) to standalone financial statements]

(c) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not taken any term loan during the year and hence reporting under clause 3(ix)(c) of the Order is not applicable to the Company.

(d) According to the information and explanations given to us and based on our examination of the records of the Company, during the year, funds raised on short term basis have not been utilized for long term purposes.

(e) Based on our audit procedures and on the basis of information and explanations given to us, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its joint venture and hence reporting under clause 3(ix)(e) of the Order is not applicable to the Company. The Company does not have associate and subsidiary.

- (f) Based on our audit procedures and on the basis of information and explanations given to us, during the year the Company has not raised any funds on the pledge of securities held in its joint venture and hence reporting under clause 3(ix)(f) of the Order is not applicable to the Company. The Company does not have associate and subsidiary.
- x. (a) The Company has not raised any money by way of Initial public offer or further public offer (including debt instrument) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable to the Company.
- (b) The Company has not made any preferential allotment, private placement of shares or fully or partly convertible debentures during the year or in the recent past and hence reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- xi. (a) During the course of our examination of the books and records of the Company carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of fraud by or on the Company, noticed or reported during the year, nor have we been informed of such case by the management.
- (b) During the year, no report under sub section 12 of Section 143 of the Act has been filed in Form ADT-4 as prescribed in Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) Based on our audit procedure performed and according to the information and explanations given to us, no whistle blower complaints were received by the Company during the year and hence reporting under clause 3(xi) (c) of the Order is not applicable to the Company.
- xii. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable to the Company.
- xiii. According to the information and explanations given to us and based on our examination of the records of the Company, all the transactions with related parties are in compliance with Section 177 and 188 of the Act and all the details have been disclosed in the standalone financial statements as required by the applicable Accounting Standard. (Refer note no. 47 to the standalone financial statements)
- xiv. (a) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has an adequate internal audit system commensurate with the size and nature of its business.
- (b) We have considered the internal audit reports for the year under audit issued to the Company during the year and till date, in determining nature, timing and extent of our audit procedure.
- xv. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into any non-cash transactions prescribed under Section 192 of the Act with directors or persons connected with them during the year.
- xvi. (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 and hence reporting under clause 3(xvi) (a), (b) and (c) of the Order is not applicable to the Company.
- (b) In our opinion, there is no core investment company within the "Companies in the Group" as defined in the Core Investment Companies (Reserve Bank) Directions, 2016 and hence reporting under clause 3(xvi)(d) of the Order is not applicable to the Company.
- xvii. The Company has not incurred any cash losses during the financial year covered by our audit and in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors of the Company during the year and hence reporting under clause 3(xviii) of the Order is not applicable to the Company.
- xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

xx. According to the information and explanations given to us and based on our examination of the records of the Company, there are no amounts unspent in respect of corporate social responsibility towards ongoing or other than ongoing projects and hence reporting under clause 3(xx) (a) and (b) of the Order is not applicable to the Company. (Refer note no. 54 to the standalone financial statements)

Annexure “B” referred to in “Report on Other Legal and Regulatory Requirements” section of our report to the Members of Hindustan Composites Limited for the year ended March 31,2022:

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of Hindustan Composites Limited (“the Company”) as of March 31, 2022, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential component of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the entity are being made only in accordance with authorisations of management;(3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the entity’s assets that could have a material effect on the standalone financial statements; and (4) also provide reasonable assurance by the internal auditors through their internal audit reports given to the organisation from time to time.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, broadly, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential Component of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES OF THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

CORPORATE OVERVIEW:

Hindustan Composites Limited ("the Company") is a public limited company domiciled in India and is incorporated under the provision of the Companies Act applicable in India. Its shares are listed on Bombay Stock Exchange (BSE) and National Stock Exchange (NSE) of India.

The registered office of the Company is located at Peninsula Business Park, A Tower, 8th Floor, Senapati Bapat Marg, Lower Parel, Mumbai 400 013 (Maharashtra).

The Company is engaged in the business of manufacturing and marketing of fibre based friction material, consisting of Brake Liners, Roll Lining, Brake Block, Clutch Facing etc and investment of its fund.

A. SIGNIFICANT ACCOUNTING POLICIES AND NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

a) Basis Of Preparation of Financial Statements:

These standalone financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 ('the Act') read with rule 3 of the Companies (Indian Accounting standards) Rules, 2015 and amendment rules issued there after.

The financial statements of the Company are prepared on the accrual basis of accounting and historical cost convention except for the following material items that have been measured at fair value as required by the relevant Ind AS:

- i) Certain financial assets and liabilities are measured at Fair value (refer note no. 43 financial instruments)
- ii) Defined benefit employee plan (refer note no. 42)

All assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

b) Use of estimates and judgments:

The preparation of the financial statements requires the Management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. The recognition, measurement, classification or disclosure of an item or information in the financial statements is made relying on these estimates.

The estimates and judgements used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Actual results may differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

Critical accounting judgements and key source of estimation uncertainty

The Company is required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future period, if the revision affects current and future periods.

(a) Depreciation / amortisation and useful lives of property plant and equipment and intangible assets

Property, plant and equipment and intangible assets are depreciated / amortised over their estimated useful lives, after taking into account its estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortisation for future periods is revised if there are significant changes from previous estimates. Depreciation on the fixed assets added / disposed off/ discarded during the year is provided on pro-rata basis with reference to the month of addition / disposal / discarding.

(b) Provisions and liabilities

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events that can reasonably be estimated. The timing of recognition requires application of judgement to existing facts and circumstances which may be subject to change. The amounts are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time

value of money and the risks specific to the liability.

(c) Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that are possible but not probable of crystallising or are very difficult to quantify reliably are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not recognized in the financial statements.

(d) Measurement of defined benefit obligations

The present value of the defined benefit obligations depends on a number of factors that are determined on an actuarial basis. The assumptions used in determining the net interest cost/(income) for defined benefit plans include the discount rate. Any changes in these assumptions will impact the carrying amount of defined benefit obligations.

c) Property, plant and equipment and Intangible assets

Property, plant and equipment

Freehold land is carried at cost. All other items of property, plant and equipment are measured at historical cost less accumulated depreciation and impairment losses, if any. Costs include freight, import duties, non-refundable GST and other expenses directly attributable to the acquisition of the asset.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance expenses are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

The cost of property, plant and equipment which are not ready for their intended use before such date, are disclosed as capital work-in-progress.

The Company assesses at each Balance Sheet date whether there is any indication that any asset may be impaired. If any, such indication exists, the carrying value of such asset is reduced to its recoverable amount and the impairment loss is charged to profit and loss account. If at the balance Sheet date there is any deduction that a previously assessed impairment loss no longer exists, then such loss is reversed and the asset is restated to that effect.

Intangible assets:

Technical Know How and Computer software are stated at cost, less accumulated amortisation and impairments, if any.

Depreciation/ amortisation methods, estimated useful lives and residual value

Depreciation is provided on a Straight Line Method, over the estimated useful lives of assets. Leasehold land is amortised over period of lease. Leasehold improvements are amortised over the period of lease or estimated useful lives which ever is lower.

The company depreciates its property, plant and equipment over the useful life in the manner prescribed in Schedule II of the Companies Act, 2013 and management believe that useful lives of assets are same as those prescribed in Schedule II of the Companies Act, 2013.

The Company amortizes computer software with a useful life using the straight-line method over the period of 6 years from the date of acquisition.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

Assets held for sale

Non-current assets or disposal groups comprising of assets and liabilities are classified as 'held for sale' when all of the following criteria's are met:

- (i) decision has been made to sell.
- (ii) the assets are available for immediate sale in its present condition.
- (iii) the assets are being actively marketed and
- (iv) sale has been agreed or is expected to be concluded within 12 months of the Balance Sheet date.

Subsequently, such non-current assets and disposal groups classified as 'held for sale' are measured at the lower of its carrying value and fair value less costs to sell. Non-current assets held for sale are not depreciated or amortised.

d) As a lessee

Operating Lease

The Company, as a lessee, recognises a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset. The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made on or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-

of-use asset. The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term.

e) Cash and Cash Equivalents:

Cash and cash equivalents comprise cash in hand and deposits which are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value and have an original maturity of three months or less, including money market deposits, commercial paper and investments. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

f) Inventories:

Inventories of Raw Materials, Work-in-Progress, Stores and Spares and Finished Goods are stated 'at cost or net realisable value, whichever is lower'. Cost comprise all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost formula used is 'Weighted Average cost'. Due allowance is estimated and made for defective and obsolete items, wherever necessary, based on the past experience of the Company."

g) Financial Instruments

Financial assets - Initial recognition

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are expensed in the statement of profit and loss.

Subsequent measurement

Financial assets are subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of both (a) the entity's business model for managing the financial assets and (b) the contractual cash flow characteristics of the financial asset.

(i) Measured at amortised cost:

Financial assets are subsequently measured at amortised cost, if these financial assets are held within a business module whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified date to cash flows that

are solely payments of principal and interest on the principal amount outstanding.

(ii) Measured at fair value through other comprehensive income (FVTOCI):

Financial assets are measured at FVTOCI, if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets.

(iii) Measured at fair value through profit or loss (FVTPL):

Financial assets other than equity instrument are measured at FVTPL unless it is measured at amortised cost or at FVTOCI on initial recognition. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised in the Statement of Profit and Loss.

Equity instruments:

The company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to the Statement of Profit and Loss. Dividends from such investments are recognised in the Statement of Profit and Loss as other income when the Company's right to receive payments is established.

Impairment The Company assesses on a forward looking basis the expected credit losses associated with its financial assets carried at amortised cost and FVTOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables. The impairment losses and reversals are recognised in Statement of Profit and Loss.

De-recognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset

and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

On de-recognition of equity instruments measured at FVTOCI, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from other equity to retained earnings as a reclassification adjustment.

Financial Liabilities

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

Financial liabilities measured at amortised cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss."

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Derivative financial instruments:

Derivative financial instruments such as future contracts are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value with changes in fair value recognised in the Statement of Profit and Loss in the period when they arise.

h) Fair Value Measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- ✓ In the principal market for the asset or liability, or

- ✓ In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- ✓ Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ✓ Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- ✓ Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

i) Borrowings:

Borrowings are initially recognised at net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the effective interest method.

j) Borrowing costs:

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of

time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are expensed in the period in which they are incurred.

k) Provisions and contingent liabilities:

Provisions for legal claims, volume discounts and returns are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses. The carrying amounts of provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources or an obligation for which the future outcome cannot be ascertained with reasonable certainty. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

l) Revenue recognition:

The Company recognizes revenue, whenever control over distinct goods or services is transferred to the customer i.e. when the customer is able to direct the use of the transferred goods or services and obtains substantially all of the remaining benefits, provided a contract with enforceable rights and obligations exists and amongst others collectability of consideration is probable taking into account customer's creditworthiness.

Revenue is the transaction price the Company expects to be entitled to. In determining the transaction price, the Company considers effects of variable consideration, the existence of significant financing contracts, noncash consideration and consideration payable to the customer, if any. The Company considers whether there are other promises in the contract that are separate

performance obligations to which the transaction price needs to be allocated (e.g. warranties etc.).

i) Variable Consideration:

If the consideration in a contract includes a variable amount, the company estimates the amount of consideration to which it will be entitled to in exchange for transferring goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant reversal of revenue will not occur once associated uncertainties are resolved. Some contracts with the customers provide them with a right to return and volume rebates. The right to return and volume rebates gives rise to variable consideration.

The amount of variable consideration is calculated by either using the expected value or the most likely amount depending on which is expected to better predict the amount of variable consideration. Consideration is also adjusted for the time value of money if the period between the transfer of goods or services and the receipt of payment exceeds twelve months and there is a significant financing benefit either to the customer or the Company. If a contract contains more than one distinct good or service, the transaction price is allocated to each performance obligation based on relative stand-alone selling prices. If stand-alone selling prices are not observable, the Company reasonably estimates those revenue is recognized for each performance obligation either at a point in time or over time.

ii) Sale of goods:

Revenue from the sale of goods is recognised when the control of the goods passes to the buyer either at the time of dispatch or delivery or when the risk of loss transfers. Export sales are recognized based on the shipped on board date as per bill of lading, which is when substantial risks and rewards of ownership are passed to the customers.

Revenue from sale of goods is net of taxes and recovery of charges collected from customers like transport, packing etc. Provision is made for returns when appropriate. Revenue is measured at the fair value of consideration received or receivable and is net of price discounts, allowance for volume rebates and similar items.

Claims / Refunds not ascertainable with reasonable certainty are accounted for, on final settlement and are recognized as revenue.

iii) Rendering of services:

Revenue from sale of services are recognized when the services are rendered.

iv) Other Income:

Dividend income on investments is recognised when the right to receive dividend is

established. Interest income is recognized on a time proportionate basis taking into account the amounts invested and the rate of interest. For all financial instruments measured at amortised cost, interest income is recorded using the Effective interest rate method to the net carrying amount of the financial assets.

m) Employee Benefits:

The Company provides following post-employment plans:

- (i) Defined benefit plans such as gratuity
- (ii) Defined contribution plans such as Provident fund

a) Defined-benefit plan:

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of defined benefit obligations at the end of the reporting period less fair value of the plan assets. The defined benefit obligations is calculated annually by actuaries using the projected unit credit method.

The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- (a) Service costs comprising current service costs, past-service costs, gains and losses on curtailment and non-routine settlements; and

(b) Net interest expense or income

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and fair value of the plan assets. This cost is included in employee benefit expenses in the statement of the profit & loss.

Re-measurement comprising of actuarial gains and losses arising from experience adjustment and changes in actuarial assumptions, the effect of asset excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability) ceiling are recognised in the period in which they occur directly in Other comprehensive income. Re-measurement are not reclassified to profit or loss in subsequent periods.

b) Defined-contribution plan:

Under defined contribution plans, provident fund, the Company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. These comprise of contributions to the employees' provident fund with the government, superannuation fund and certain state plans like Employees' State Insurance and Employees' Pension Scheme. The Company's payments to the

defined contribution plans are recognised as expenses during the period in which the employees perform the services that the payment covers.

c) Other employee benefit

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the obligation as at the Balance sheet date based on an actuarial valuation.

n) Foreign Currency Transaction:

The financial statements are presented in Indian rupee (INR), which is company's functional and presentation currency. Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit and loss, within finance costs. All other foreign exchange gains and losses are presented in the statement of profit and loss as other income / miscellaneous expenses.

At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined.

o) Income tax

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognised in Statement of Profit and Loss except when they relate to items that are recognised in other comprehensive income or directly in equity, in such case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred income tax is recognised using the Balance Sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax assets are recognised only to the extent that it is probable that either future taxable profits or reversal of deferred tax liabilities will be available, against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of a deferred tax asset shall be reviewed at the end of each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled. Deferred tax assets and liabilities are off set when there is a legally enforceable right to off set current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Minimum Alternative Tax ('MAT') credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income-tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised as an asset, the said asset is created by way of a credit to the statement of profit and loss. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income-tax during the specified period.

p) Segment Reporting:

The Company has identified its Managing Director as the Chief Operating Decision Maker. Operating segments are reported in a manner consistent with the internal reporting provided to managing director of the Company. The Managing Director evaluates the Company's performance and allocates resources as a whole

q) Research and Development:

Research costs are expensed as incurred. Product development costs are expensed as incurred unless technical and commercial feasibility of the project is demonstrated, further economic benefits are probable, the Company has an intention and ability to complete and use or sell the product and the costs can be measured reliably.

r) Earnings Per Share:

Basic EPS is arrived at based on net profit or (loss) after taxation available to equity shareholders to the weighted average number of equity shares outstanding during the year. The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity shares unless impact is anti-dilutive.

s) Contract balances:

i) Trade Receivables:

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e. only a passage of time is required to before payment of the consideration is due).

ii) Contract liabilities:

A contract liability is the obligation to transfer goods or services to a customer for which the company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the company transfer goods and services to the customer, a contract liability is recognised when the payment is made or the payment is due, whichever is earlier. Contract liabilities are recognised as revenue when the company performs under the contract.

t) Recent Accounting Pronouncements :

The Ministry of Corporate Affairs ("MCA") notifies new standards / amendments under Companies (Indian Accounting Standards) Rules as issued from time to time. On 23rd March, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below :

- (a) Ind AS 16 – Property, plant and equipment – The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after 1st April, 2022.
- (b) Ind AS 37 - Provisions, contingent liabilities and contingent assets – The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after 1st April, 2022, although early adoption is permitted.
- (c) Ind AS 103 – Business combinations – The amendment adds a new exception in Ind AS 103 for liabilities and contingent liabilities.
- (d) Ind AS 109 – Financial instruments – The amendment clarifies which fees an entity includes when it applies the '10%' test in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.

The Company is in the process of evaluating the impact of these amendments.

B. Nature and purpose of reserves

- (a) **Capital Redemption Reserve:** The Company has recognised Capital Redemption Reserve on buyback of equity shares from its General Reserve. The Capital Redemption Reserve can be utilised for issue of bonus shares
- (b) **General Reserve:** The Company has transferred a portion of the net profit before declaring dividend to general reserve.
- (c) **Retained Earnings:** Retained earnings are the profits that the Company has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders.
- (d) **Debt Instruments through Other Comprehensive Income:** The fair value change of the debt instruments measured at fair value through other comprehensive income is recognised in Debt instruments through Other Comprehensive Income. Upon derecognition, the cumulative fair value changes on the said instruments are reclassified to the Statement of Profit and Loss.
- (e) **Equity Instruments through Other Comprehensive Income:** This represents the cumulative gains and losses arising on fair valuation of equity instruments measured at fair value through other comprehensive income and subsequently not reclassified to the Statement of Profit and Loss.
- (f) **Re-measurements of Net Defined Benefit Plans:** Differences between the interest income on plan assets and the return actually achieved, and any changes in the liabilities over the year due to changes in actuarial assumptions or experience adjustments within the plans, are recognised in 'Other comprehensive income' and subsequently not reclassified to the Statement of Profit and Loss.

Sensitivity analysis

The sensitivity of the overall plan liabilities to changes in the weighted key assumptions are:

Discount rate

a) Discount rate - 100 basis points	57.49	54.70
b) Discount rate + 100 basis points	(51.61)	(48.86)

Salary escalation rate

a) Rate - 100 basis points	(52.61)	(49.68)
a) Rate + 100 basis points	57.58	54.62

The sensitivity analysis above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. When calculating the sensitivity to the assumption, the same method used to calculate the liability recognised in the balance sheet has been applied. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared with the previous period.

Years 11 and above	575.77	542.97

The weighted average duration of the defined benefit obligation is 7 years (Previous Year 2021: 8 years).

Risk exposure:

Through its defined benefit plans, Company is exposed to a number of risks, the most significant of which are detailed below:

Investment risk: The present value of the defined benefit plan liability is calculated using discount rate determined by reference to market yields at the end of reporting period on government bond yields.

Interest risk: - A decrease in the bond interest will increase in plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.

Longevity risk: The present value of the defined benefit plan liability is calculated by reference to best estimate of the mortality of plan participants both during and at the end of employment. An increase in the life expectancy of the plan participants will increase the plan liability.

Salary risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such an increase in salary of the plan participants will increase the plan liability.

The Code on Social Security :

The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified. The Company will assess the impact of the Code and recognise the same when the Code becomes effective.

c. Fair value hierarchy

The Company uses the following hierarchy for determining and/or disclosing the fair value of financial instruments by valuation techniques:

The categories used are as follows:

- Level 1: quoted prices for identical instruments in active market.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

45 **Risk Management**

Financial risk management objective and policies

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Managing Board. The risk management policies aims to mitigate the following risk arising from the financial instruments: (a) Market risk; (b) Liquidity risk and (c) Credit risk.

Financial risk factors

The Company's principal financial liabilities comprise borrowings, deposits from dealers and trade and other payables. The purpose of these financial liabilities is to finance the Company's operations and to provide to support its operations. The Company's principal financial assets include investments, loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations.

The Company is exposed to the following risk arising from the financial instruments: (a) Market risk; (b) Liquidity risk and (c) Credit risk (d) COVID 19.

NOTES OF THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

Risk	Exposure arising from	Measurement	Management

(a) Liquidity risk

The risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk management implies maintain sufficient cash including availability of funding through an adequate amount of committed credit facilities to meet the obligations as and when due.

The Company manages its liquidity risk by ensuring as far as possible that it will have sufficient liquidity to meet its short term and long term liabilities as and when due. Anticipated future cash flows, undrawn committed credit facilities are expected to be sufficient to meet the liquidity requirements of the Company.

(i) Financing arrangements

The Company has access to the following undrawn borrowing facilities as at the end of the reporting period:

Particulars	(₹ in Lakhs)

Other financial liabilities	65.44	65.44	23.87	41.57	-	-

NOTES OF THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

(b) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk includes investment, deposits, foreign currency receivables and payables. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. The Company's treasury team manages the Market risk, which evaluates and exercises independent control over the entire process of market risk management.

(i) Foreign currency risk

Foreign currency risk can only arise on financial instruments that are denominated in a currency other than the functional currency in which they are measured. The Company's functional and presentation currency is INR. The Company does have transactions in currency other than functional currency i.e. in US Dollar (USD) for purchase of raw material from overseas supplier. However, those are not very significant considering the nature and size of the operations of the Company.

Foreign Currency Exposure

(₹ in Lakhs)

Particulars	As at March 31, 2022	As at March 31, 2021
	USD	USD
Trade payable	0.12	2.18
Trade receivables	2.43	3.75
Net Exposure - [Receivable/(Payable)]	2.31	1.57

The company's exposure to the foreign currency risk is not significant considering the nature and size of the operations.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. The Company's Long term borrowings have fixed rate of interest and carried at amortized costs and short term borrowings have variable rate of interest. The Company also has significant investments in Bonds i.e. Government securities; Debentures; Preference shares and Debt funds. These investments are subject to the Market risk - Interest rate risk.

Exposure to Interest rate risk - Financial liabilities

Particulars	As at March 31, 2022	As at March 31, 2021
Total borrowings	30.34	42.09
% of borrowings out of above bearing variable rate of interest and short term in nature	100.00%	100.00%

Hence, the Company is not significantly exposed to the interest rate risk as working capital facility are, as per contractual terms, primarily of short term in nature.

Exposure to Interest rate risk - Financial assets - Investments in Government Bonds, Bonds, Debentures, Debt funds and Preference Shares

Market price risk for government bonds, debentures, Preference shares and other bonds is movement in the interest rate and impact thereof on the yield. The Company's major part of investments is in Bonds/Debentures, which exposes Company to a price risk and consequently impact on the profitability and value of instruments

Sensitivity

The table below summarises the impact of increase/decrease in the interest rate over the value of bonds/debentures. The analysis is based on the assumption that the Interest rate has increased by 100 bps or decrease by 100bps with all other variables held constant.

BSE Sensex - Decrease 5% -Gain/(loss)	(2,015.88)	(1,380.38)

(c) Credit risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assess financial reliability of counter party, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. The Company considers the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risks on an on-going basis throughout each reporting period.

To assess whether there is a significant change increase in credit risk the Company compares the risks of default occurring on the assets as at the reporting date with the risk of default as at the date of initial recognition. It considers the reasonable and supportive forward looking information such as:

- (i) Actual or expected significant adverse changes in business.
- (ii) Actual or expected significant changes in the operating results of the counterparty.
- (iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations
- (iv) Significant increase in credit risk on other financial instruments of same counterparty
 - (i) Expected credit loss for trade receivables under simplified approach (Refer Note 9 for ageing of Trade Receivable)

Commodity Risk

The Company is exposed to the risk of price fluctuation of raw materials proactively managed through forward booking, inventory management and proactive vendor development practices.

(d) Covid - 19 Risk

The Company presently working at its normal capacity similar to the pre COVID levels with adequate precautions for safety and wellbeing of its employees. The management apart from considering the internal and external information upto the date of approval of these financial results expects to recover the carrying amount of the assets including financial investments. The Company will continue to closely monitor any material changes to future economic conditions.

INDEPENDENT AUDITOR'S REPORT

To The Members of Hindustan Composites Limited

Opinion

Report on the Audit of Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of **Hindustan Composites Limited and its Joint Venture** (the Holding Company and its Joint Venture together referred to as "the Group"), which comprises of Consolidated Balance Sheet as at March 31, 2022, the Consolidated Statement of Profit and Loss, Other Comprehensive Income, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow for the year then ended (Refer "Other Matters" section below) , and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Group as at March 31, 2022, its consolidated profits, consolidated other comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matters	Auditor's response
<p>Valuation and Impairment of unquoted equity Instruments /Debt Investments:</p> <p>We focused on the valuation of unquoted Equity/Debt Instruments due to the materiality of the investments and the nature of their valuation which involve the use of judgmental assumptions. As disclosed in Note no 3 and 8, as at 31 March 2022 the Group has unquoted equity /debt Investments of ₹ 33,914.04 Lakhs. These Investments are classified and measured at fair value through other comprehensive income.</p>	<p>Principal Audit Procedures</p> <p>We assessed and tested the design and the operating effectiveness of the key controls that management has established to support the review and approval of the model design, key model inputs and valuation.</p> <p>We assessed the appropriateness of the valuation method used by management by verifying the key inputs used in determining the assumptions as also corroborating the information.</p>

Information Other than the Consolidated Financial Statements and Auditor's report thereon

The Company's Board of Directors is responsible for the preparation of other information. The Other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to the Board report, Corporate Governance report and Shareholder's information, but does not include the consolidated financial statement and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with Governance for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance (including consolidated other comprehensive income), consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Account) Rules, 2014.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the Companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies included in the Group are also responsible for overseeing the reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(l) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated financial statements that individually or in aggregate makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- (a) We draw your attention to the Note 38 to the consolidated financial statements regarding the assessment made by Management relating to impact of COVID-19 pandemic on the operations of the Group
- (b) We did not audit the financial statements of a joint venture in India included in the consolidated financial statements, whose financial statements reflect Group's share of loss of ₹ 138.15 Lakhs for the year ended March 31, 2022, whose losses have exceeded the Group's investments and therefore, have not been considered in the consolidated financial statements in compliance with IND AS 28. Refer note no 39 to the consolidated financial statements. These financial statements have been audited by other auditor, whose report has been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this joint venture and our report in terms of sub-sections (3) and (11) of Section 143 of the Act in so far as it relates to the aforesaid joint venture, is based solely on the report of the other auditor.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditor.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Group so far as it appears from our examination of those books and records.
- (c) The Consolidated Balance sheet, the Consolidated Statement of Profit & Loss (including consolidated other comprehensive income), Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Account) Rules, 2014.
- (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2022, taken on record by the Board of Directors of the Holding Company and its Joint Venture incorporated in India, none of the directors of the Group companies is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in **Annexure "A"**.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of Section 197 of the Act.

- (h) With respect to the matters to be included in the Auditor's report in accordance with the rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Group has disclosed the impact of pending litigations on its consolidated financial position in its consolidated financial statements. [Refer Note No.33 to the Consolidated financial statements]
 - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Group.
 - iv. a) The Managements of the Holding Company and its Joint Venture incorporated in India have represented that, to the best of their knowledge and belief, no funds other than disclosed in the consolidated financial statements (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company and its Joint Venture incorporated in India to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company and its Joint Venture

incorporated in India (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. [Refer note no 53 (e) to standalone financial statements].

- b) The Managements of the Holding Company and its Joint Venture incorporated in India have represented, that, to the best of their knowledge and belief, no funds other than disclosed in the consolidated financial statements (which are material either individually or in the aggregate) have been received by the Holding Company and its Joint Venture incorporated in India from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Holding Company and its Joint Venture incorporated in India shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. [Refer note no 53 (f) to standalone financial statements].
- c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representation under sub clause (i) and (ii) of Rule 11(e) of The Companies (Audit and Auditors) Rules, 2014, as provided under (a) and (b) above, contains any material misstatement.
- v. a) The final dividend paid by the Holding Company during the year declared for the previous year is in accordance with Section 123 of the Act to the extent it applies to payment of dividend.
- b) The Board of Directors of the Holding Company has proposed final dividend for the year which is subject to the approval of the Members at the ensuing annual general meeting. The dividend recommended by the Board is in accordance with Section 123 of the Act to the extent it applies to the recommendation of dividend [Refer note no 46 (b) to standalone financial statements].
- vi With respect to the matters specified in paragraph 3(xxi) and 4 of the Companies (Auditor’s Report) Order 2020 (the “Order”/ “CARO”), issued by the Central Government in terms of Section 143(11) of the Act, based on the CARO reports issued of Holding Company and its Joint Venture incorporated in India, included in the consolidated financial statements to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in the respective CARO reports of the Holding Company and its Joint Venture.

ANNEXURE TO THE INDEPENDENT AUDITOR’S REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS OF HINDUSTAN COMPOSITES LIMITED FOR THE YEAR ENDED MARCH 31, 2022

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the Consolidated Financial Statements of the Group for the year ended March 31, 2022, we have audited the internal financial controls over financial reporting of Hindustan Composites Limited (“the Holding Company”) and its Joint Venture.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and a joint venture incorporated in India are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company and a joint venture incorporated in India considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Group’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Group’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and,

both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting includes obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements and (4) also provide us reasonable assurance by the internal auditors through their internal audit reports given to the Group from time to time.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us the Group has broadly, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

CORPORATE OVERVIEW:

The consolidated financial statements comprise financial statements of Hindustan Composites Limited is a public limited company and its joint venture, namely Compo Advics (India) Pvt. Ltd., (collectively referred to as "the Group") for the year ended 31st March 2022. The Group's share in the Joint Venture is 49%.

Hindustan Composites Limited ("the Group") is a public limited Group domiciled in India and is incorporated under the provision of the Companies Act applicable in India. Its shares are listed on Bombay Stock Exchange (BSE) and National Stock Exchange (NSE) of India.

The registered office of the Holding Company is located at Peninsula Business Park, A Tower, 8th Floor, Senapati Bapat Marg, Lower Parel, Mumbai 400 013.

The Group is engaged in the business of manufacturing and marketing of fibre based friction material, consisting of Brake Liners, Roll Lining, Brake Block, Clutch Facing, Disc Brakes Pads etc and investment of its funds.

A. SIGNIFICANT ACCOUNTING POLICIES:

a) Basis Of Preparation of Financial Statements:

These consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 ('the Act') read with rule 3 of the Companies (Indian Accounting standards) Rules, 2015 and amendment rules issued there after.

The consolidated financial statements of the Group are prepared on the accrual basis of accounting and Historical cost convention except for the following material items that have been measured at fair value as required by the relevant Ind AS:

- i) Certain financial assets and liabilities are measured at Fair value
- ii) Defined benefit employee plan

All assets and liabilities have been classified as current or non current as per the Group's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

b) Uses of estimates and judgments:

The preparation of the financial statements requires the Management to make, judgments, estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. The recognition, measurement, classification or disclosure of an item or information in the financial statements is made relying on these estimates.

The estimates and judgements used in the preparation of the consolidated financial statements are continuously evaluated by the Group and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Group believes to be reasonable under the existing circumstances. Actual results may differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

Critical accounting judgements and key source of estimation uncertainty

The Group is required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future period, if the revision affects current and future periods.

(a) Depreciation / amortisation and useful lives of property plant and equipment and intangible assets

Property, plant and equipment and intangible assets are depreciated / amortised over their estimated useful lives, after taking into account its estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The useful lives and residual values are based on the Group's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortisation for future periods is revised if there are significant changes from previous estimates. Depreciation on the fixed assets added / disposed off/ discarded during the year is provided on pro-rata basis with reference to the month of addition / disposal / discarding.

(b) Provisions and liabilities

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events that can reasonably be estimated. The timing of recognition requires application of judgement to existing facts and circumstances which may be subject to change. The amounts are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

(c) Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Group. Potential liabilities that are possible but not probable of crystallising or are very

difficult to quantify reliably are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not recognized in the financial statements.

(d) Measurement of defined benefit obligations

The present value of the defined benefit obligations depends on a number of factors that are determined on an actuarial basis. The assumptions used in determining the net interest cost/(income) for defined benefit plans include the discount rate. Any changes in these assumptions will impact the carrying amount of defined benefit obligations.

c) Basis of Consolidation

The consolidated financial statements comprise the financial statements of the Group as at 31st March 2022.

Investment in joint venture:

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The results and assets and liabilities of associates or joint ventures are incorporated in these consolidated financial statements using the equity method of accounting.

Under the equity method, an investment in an associate or a joint venture is initially recognised in the consolidated balance sheet at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associate or joint venture. When the Group's share of losses of an associate or a joint venture exceeds the Group's interest in that associate or joint venture (which includes any long-term interests that, in substance, form part of the Group's net investment in the associate or joint venture), the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture.

An investment in an associate or a joint venture is accounted for using the equity method from the date on which the investee becomes an associate or a joint venture. On acquisition of the investment in an associate or a joint venture, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised directly in equity as capital reserve in the period in which the investment is acquired.

After application of the equity method of accounting, the Group determines whether there is any objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment in an associate or a joint venture and that

event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated. If there exists such an objective evidence of impairment, then it is necessary to recognise impairment loss with respect to the Group's investment in an associate or a joint venture.

Distributions received from an associate or a joint venture reduce the carrying amount of the investment. Unrealised gains on transactions between the group and its associates and joint ventures are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless the transactions provides evidence of an impairment of the assets transferred.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements in preparing the consolidated financial statements to ensure conformity with the group's accounting policies.

d) Property, plant and equipment and Intangible assets

Property, plant and equipment

Freehold land is carried at cost. All other items of property, plant and equipment are measured at historical cost less accumulated depreciation and impairment losses, if any. Costs include freight, import duties, non-refundable purchase taxes and other expenses directly attributable to the acquisition of the asset.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

The cost of property, plant and equipment which are not ready for their intended use before such date, are disclosed as capital work-in-progress.

The Group assesses at each Balance Sheet date whether there is any indication that any asset may be impaired. If any, such indication exists, the carrying value of such asset is reduced to its recoverable amount and the impairment loss is charged to profit and loss account. If at the balance Sheet date there is any deduction that a previously assessed impairment loss no longer exists, then such loss is reversed and the asset is restated to that effect.

Intangible assets:

Technical Know How and Computer software are stated at cost, less accumulated amortisation and impairments, if any.

Depreciation/ amortisation methods, estimated useful lives and residual value

Depreciation is provided on a Straight Line Method, over the estimated useful lives of assets. Leasehold land is amortised over period of lease. Leasehold improvements are amortised over the period of lease or estimated useful lives which ever is lower.

The Group depreciates its property, plant and equipment over the useful life in the manner prescribed in Schedule II of the Companies Act, 2013 and management believe that useful lives of assets are same as those prescribed in Schedule II of the Companies Act, 2013.

The Group amortizes computer software with a useful life using the straight-line method over the period of 6 years from the date of acquisition.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

Assets held for sale

Non-current assets or disposal groups comprising of assets and liabilities are classified as 'held for sale' when all of the following criteria's are met:

- (i) decision has been made to sell.
- (ii) the assets are available for immediate sale in its present condition.
- (iii) the assets are being actively marketed and
- (iv) sale has been agreed or is expected to be concluded within 12 months of the Balance Sheet date.

Subsequently, such non-current assets and disposal groups classified as 'held for sale' are measured at the lower of its carrying value and fair value less costs to sell. Non-current assets held for sale are not depreciated or amortised.

e) As a lessee

Operating Lease

The Group, as a lessee, recognises a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset. The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Group has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made on or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The Group measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease

payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses incremental borrowing rate. For short-term and low value leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the lease term.

f) Cash and Cash Equivalents:

Cash and cash equivalents comprise cash in hand and deposits which are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value and have an original maturity of three months or less, including money market deposits, commercial paper and investments. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

g) Inventories:

Inventories of Raw Materials, Work-in-Progress, Stores and spares and Finished Goods are stated 'at cost or net realisable value, whichever is lower'. Cost comprise all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. The Goods and Service Tax (GST) in respect of closing inventory of finished goods is included as part of finished goods. Cost formula used is 'Weighted Average cost'. Due allowance is estimated and made for defective and obsolete items, wherever necessary, based on the past experience of the Group.

h) Financial Instruments

Financial assets - Initial recognition

Financial assets are recognised when the Group becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are expensed in the statement of profit and loss.

Subsequent measurement

Financial assets are subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of both (a) the entity's business model for managing the financial assets and (b) the contractual cash flow characteristics of the financial asset."

(i) Measured at amortised cost:

Financial assets are subsequently measured at amortised cost, if these financial assets are held within a business module whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified date to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Measured at fair value through other comprehensive income (FVTOCI):

Financial assets are measured at FVTOCI, if these financial assets are held within a business model

whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets.

(iii) Measured at fair value through profit or loss (FVTPL):

Financial assets other than equity instrument are measured at FVTPL unless it is measured at amortised cost or at FVTOCI on initial recognition. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised in the Statement of Profit and Loss.

Equity instruments:

The Group subsequently measures all equity investments at fair value. Where the Group's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to the Statement of Profit and Loss. Dividends from such investments are recognised in the Statement of Profit and Loss as other income when the Group's right to receive payments is established.

Impairment

The Group assesses on a forward looking basis the expected credit losses associated with its financial assets carried at amortised cost and FVTOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Group applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables. The impairment losses and reversals are recognised in Statement of Profit and Loss.

De-recognition

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Financial Liabilities

Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

Financial liabilities measured at amortised cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

De-recognition A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Derivative financial instruments:

Derivative financial instruments such as future contracts are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value with changes in fair value recognised in the Statement of Profit and Loss in the period when they arise.

i) Fair Value Measurement

The Group measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either: In the principal market for the asset or liability, or In the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest."

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:"

- ✓ Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ✓ Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

- ✓ Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above."

j) Borrowings:

Borrowings are initially recognised at net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Consolidated Statement of Profit and Loss over the period of the borrowings using the effective interest method.

k) Borrowing costs:

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are expensed in the period in which they are incurred.

l) Provisions and contingent liabilities:

Provisions for legal claims, volume discounts and returns are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses. The carrying amounts of provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources or an obligation for which the future outcome cannot be ascertained with reasonable certainty. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

m) Revenue recognition:

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances, rebates, value added taxes and amounts collected on behalf of third parties. The Group recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity.

Sale of goods -

Timing of recognition: Sales are recognised when substantial risk and rewards of ownership are transferred to customer. In case of domestic sales take place when goods are dispatched or delivery is handed over to customer's logistics. In case of export sales take place when goods are shipped on-board, based on bill of lading.

Interest income:

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably.

Dividend income:

Dividend income is recognised when the Group's right to receive the payment has been established.

n) Employee Benefits:

The Group provides following post-employment plans:(i) Defined benefit plans such as gratuity and pension &(ii) Defined contribution plans such as Provident fund"

a) Defined-benefit plan:

The liability or asset recognised in the balance sheet in respect of defined benefit pension and gratuity plan is the present value of defined benefit obligations at the end of the reporting period less fair value of the plan assets. The defined benefit obligations is calculated annually by actuaries using the projected unit credit method.

The Group recognises the following changes in the net defined benefit obligation as an expense in the consolidated statement of profit and loss:

- (a) Service costs comprising current service costs, past-service costs, gains and losses on curtailment and non-routine settlements; and
- (b) Net interest expense or income

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and fair value of the plan assets.

This cost is included in employee benefit expenses in the consolidated statement of the profit & loss.

Re-measurement comprising of actuarial gains and losses arising from experience adjustment and changes in actuarial assumptions, the effect of asset excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability) ceiling are recognised in the period in which they occur directly in Other comprehensive income. Re-measurement are not reclassified to profit or loss in subsequent periods.

b) Defined-contribution plan:

Under defined contribution plans, provident fund, the Group pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. These comprise of contributions to the employees' provident fund with the government, superannuation fund and certain state plans like Employees' State Insurance and Employees' Pension Scheme. The Group's payments to the defined contribution plans are recognised as expenses during the period in which the employees perform the services that the payment covers.

c) Other employee benefit

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the obligation as at the Balance sheet date based on an actuarial valuation.

o) Foreign Currency Transaction:

The consolidated financial statements are presented in Indian rupee (INR), which is Group's functional and presentation currency. Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit and loss, within finance costs. All other foreign exchange gains and losses are presented.

At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined.

p) Income tax

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognised in Statement of Profit and Loss except when they relate to items that are recognised in other comprehensive income or directly in equity, in such case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as

determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred income tax is recognised using the Balance Sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax assets are recognised only to the extent that it is probable that either future taxable profits or reversal of deferred tax liabilities will be available, against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of a deferred tax asset shall be reviewed at the end of each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax assets and liabilities are off set when there is a legally enforceable right to off set current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Minimum Alternative Tax ('MAT') credit is recognised as an asset only when and to the extent there is convincing evidence that the Group will pay normal income-tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised as an asset, the said asset is created by way of a credit to the statement of profit and loss. The Group reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Group will pay normal income-tax during the specified period.

q) Segment Reporting:

The Group has identified its Managing Director as the Chief Operating Decision Maker. Operating segments are reported in a manner consistent with the internal reporting provided to managing director of the Group. The Managing Director evaluates the Group's performance and allocates resources as a whole.

r) Research and Development:

Research costs are expensed as incurred. Product development costs are expensed as incurred unless technical and commercial feasibility of the project is demonstrated, further economic benefits are probable, the Group has an intention and ability to complete and use or sell the product and the costs can be measured reliably.

s) Earnings Per Share:

Basic EPS is arrived at based on net profit or (loss) after taxation available to equity shareholders to the weighted average number of equity shares outstanding during the year. The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity shares unless impact is anti-dilutive."

t) Recent Accounting Pronouncements:

The Ministry of Corporate Affairs ("MCA") notifies new standards / amendments under Companies (Indian Accounting Standards) Rules as issued from time to time. On 23rd March, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below :

(a) Ind AS 16 – Property, plant and equipment – The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after 1st April, 2022.

(b) Ind AS 37 - Provisions, contingent liabilities and contingent assets – The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after 1st April, 2022, although early adoption is permitted.

(c) Ind AS 103 – Business combinations – The amendment adds a new exception in Ind AS 103 for liabilities and contingent liabilities.

(d) Ind AS 109 – Financial instruments – The amendment clarifies which fees an entity includes when it applies the '10%' test in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.

The Company is in the process of evaluating the impact of these amendments.

B. Nature and purpose of reserves

- (a) **Capital Redemption Reserve:** The Group has recognised Capital Redemption Reserve on buyback of equity shares from its General Reserve. The Capital Redemption Reserve can be utilised for issue of bonus shares
- (b) **General Reserve:** The Group has transferred a portion of the net profit of the Company before declaring dividend to general reserve.
- (c) **Retained Earnings:** Retained earnings are the profits that the Group has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders.
- (d) **Debt Instruments through Other Comprehensive Income:** The fair value change of the debt instruments measured at fair value through other comprehensive income is recognised in Debt instruments through Other Comprehensive Income. Upon derecognition, the cumulative fair value changes on the said instruments are reclassified to the Statement of Profit and Loss.
- (e) **Equity Instruments through Other Comprehensive Income:** This represents the cumulative gains and losses arising on fair valuation of equity instruments measured at fair value through other comprehensive income and subsequently not reclassified to the Statement of Profit and Loss.
- (f) **Re-measurements of Net Defined Benefit Plans:** Differences between the interest income on plan assets and the return actually achieved, and any changes in the liabilities over the year due to changes in actuarial assumptions or experience adjustments within the plans, are recognised in 'Other comprehensive income' and subsequently not reclassified to the Statement of Profit and Loss.
