CHAIRMAN & MANAGING DIRECTOR'S STATEMENT

Dear Shareholders,

I am delighted to share with you the events and developments of your Company during the course of the Financial Year 2024-25. The year gone by is representative of the value Godrej Industries continues to create for all its stakeholders.

As a conglomerate with diverse business interest, growth at consolidated level is pursued through competitively growing your Company's core businesses, building an environment to achieve transformation while also nurturing and investing in emergent businesses of the future. This approach of your Company's business strategy is captured in the approach called CREATE which stands for:

Nadir Godrej

I would like to summarize the performance for each dimension of your Company's CREATE strategy:

C – Consumer and Chemicals

Consumer (GCPL)

In FY 25, GCPL saw strong momentum in innovation and working media investment. Brands like Godrej Aer & FAB continued to grow well. Goodnight incense sticks have also been a big success.

Godrej Ninja, GCPL's new entry into pet food, is a launch which it did in a record time with the partnership of our Group company Godrej Agrovet.

GCPL also invested ₹500 crore each in new Greenfield facilities at Chengalpattu in Tamil Nadu and at Malanpur in Madhya Pradesh. The Chengalpattu site is especially energising its new 'lighthouse' factory: digital-first, highly efficient, and a model for inclusive hiring across gender, LGBTQIA+, and PWD communities.

I am happy to share that GCPL was recognised on the Dow Jones Sustainability Index 2024 Emerging Markets and we also ranked #2 among global consumer goods companies on the DJSI World Index 2024.

GCPL is focussed and committed to delivering a strong FY 26 performance, while continuing to shape our future ambitiously.

Chemicals

Our Chemicals business, which is focused on bringing green chemistry to the world, delivered a strong performance in fiscal year 2025, recording total revenue of ₹3,393 crore, a 26% increase over the previous year. This growth reflects the successful execution of our strategy, with a key focus on driving volumes. The business achieved an impressive 13% volume growth, with total sales volumes reaching 226K MT, the highest-ever volume sales in the history of the business. This volume growth spanned all key product categories: Oleochemicals grew by 14%, Surfactants by 11% and Specialty Chemicals by 13%.

The business has invested and is investing well in building manufacturing capacities and scale capabilities across the Commercial, R&D and Supply Chain teams.

During the year, our Chemicals Business signed a Business Transfer Agreement for acquisition of a Food Additives business having a manufacturing facility at Goa. This business acquisition was completed in April 2025 and is in line with our long-term strategy to grow and strengthen our specialty chemicals portfolio.

Our Chemicals Business also acquired an Ethoxylation manufacturing facility at Kheda Gujarat, which will support the expansion of our specialty portfolio.

We continue to ensure that our chemicals business is both sustainable as well as profitable. We continue to accord the highest importance to safety. Several initiatives taken by the Business resulted in supply chain efficiencies. I am happy to share that the Chemicals Business received several awards and recognition. Our Valia Factory received the prestigious GreenCo star performer award by CII. I am also pleased to inform you that we have successfully been rated as a **RESILIENT COMPANY** in the **Climate Action Program 2.0** by CII.

R E – Real Estate (GPL)

Godrej Properties delivered a record-breaking Financial Year 2025 with its highest ever bookings, collections, operating cashflows, earnings and deliveries as well as a strong year for business development. FY25 booking value grew 31% Y-o-Y to ₹29,444 crore through sale of 15,302 homes with a total area of 25.73 million sq. ft., a Y-o-Y volume growth of 29%.

I am happy to share that GPL is the only leading real estate developer that has delivered 8 consecutive Financial Years of booking value growth.

GPL's business development additions with a future booking value of ₹26,450 crore in FY25 will ensure that we continue to have a strong launch pipeline in the years ahead.

Godrej Properties has deeply focused on sustainable development. GPL has been included in the 2025 Sustainability Yearbook by S&P Global, recognized among the top 10% in the Real Estate Management and Development Sector globally and honored as an Industry Mover. GPL is also included in the Emerging Markets index of the Dow Jones Best in class indices for the second consecutive year.

In FY 25, GPL received 117 awards.

A – Agri Business (GAVL)

At the consolidated level, GAVL's profitability improved across all business verticals except Astec Life Sciences and Poultry & Processed Foods. The Profit before tax (excluding non-recurring & exceptional items) grew by 12%. This growth in profitability was primarily driven by exceptional performance of the domestic Crop Protection business, Vegetable Oil business and margin expansion in Animal Feed business.

The domestic Crop Protection business delivered stellar performance primarily driven by higher volumes of in-house products. The performance of the Vegetable Oil business improved significantly on the back of improved end-product prices. Animal Feed business recorded a significant increase in segment margins led by favorable commodity positions and cost optimization. GAVL's Dairy business continued to build on the remarkable turnaround and profitability improved year-on-year due to focused efforts on improving operational efficiencies and improved milk spread. The Poultry business recorded a decline in topline and profitability. Decline in topline was on account of lower volumes in live bird category.

Godrej Agroveter continues to focus on achieving the long-term sustainability targets guided by the Godrej Industries Group's Good & Green vision. For second year in a row, we have been included in "A" list – leadership band of Climate Disclosure Project's (CDP) climate disclosures & also for Water & Forests (Palm Oil) disclosure. GAVL's CDP scores are ahead of the global averages. GAVL has also been conferred with CII's coveted & prestigious Climate Action Programme 'CAP 2.0 Award' in "Oriented" category.

T – Transformation

As a Group, your Company believes in inclusive growth that aims at enhancing the competitiveness of the businesses while simultaneously advancing the economic and social conditions of the communities in which it operates. This focus is implemented Group wide through the 'Godrej Good and Green' initiative.

Our companies have a high focus on environmental performance that's now backed with strong risk management processes and governance that we've built over a decade. We are working to get into the leadership position. All our companies have committed towards Science Based Targets to further strengthen our climate action response.

E – Emergent Businesses

Over the many years, your company has incubated new businesses and grown them successfully. Our Financial Services Business has done well and has a good growth potential. Godrej Capital Limited (GCL), a subsidiary of your company, is a Non-Banking Finance Company - Core Investment Company (NBFC-CIC) (exempt from registration). GCL is the holding company of Godrej Housing Finance Limited (GHFL), a Non-Banking Finance Company - Housing Finance Company and Godrej Finance Limited (GFL), a Non-Banking Finance Company.

During the year, GHFL sanctioned loans amounting ~ ₹3,465 crore and had an Asset Under Management (AUM) as on March 31, 2025 at ~ ₹6,812 crore as compared to ~ ₹5,463 crore as on March 31, 2024.

During the year GFL sanctioned loans amounting ~ ₹6,547 crore and had an Asset Under Management (AUM) as on March 31, 2025 at ~ ₹9,205 crore as compared to ~ ₹4,842 crore as on March 31, 2024.

We believe that these emergent businesses will create overall value to the Stakeholders.

To conclude, we had a good year. We remain encouraged and confident of achieving our long term objectives of inclusive, sustainable and profitable growth. As we look ahead, I feel confident of strong growth in the medium to long term.

I am confident that our disciplined strategy, prudent approach, focus on agile execution and our committed team will enable us to improve performance further and create greater shareholder value.

I would like to take this opportunity to thank all our employees for their contribution in the continued success of Godrej Industries. I would also like to extend my gratitude towards our business partners, associates, vendors and also the Central, State governments and government agencies for their sustained support. I would also like to express my sincere appreciation to all of our shareholders for your continued faith, trust, encouragement and support.

Yours sincerely,

Nadir Godrej

NOTES:

1. An Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 ("the Act") and Secretarial Standard – 2 on General Meetings (SS-2) issued by the Institute of Company Secretaries of India for special businesses under Item Nos. 3 to 9 of the Notice is annexed hereto.
2. The Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of the Act, the Register of Contracts or Arrangements in which Directors are interested under Section 189 of the Act and the Certificate from Secretarial Auditors of the Company certifying that the ESOP Schemes of the Company are being implemented in accordance with, the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 and any other relevant documents referred to in the accompanying Notice and Explanatory Statements, shall be made available for inspection electronically only during the AGM in accordance with the applicable statutory requirements based on the requests received by the Company on investor@godrejinds.com.
3. The Company's Statutory Auditors, M/s. Kalyaniwalla & Mistry LLP, Chartered Accountants (Firm Registration No. 104607W/W100166), were appointed for a period of 5 (Five) consecutive years at the 34th (Thirty Fourth) Annual General Meeting ("AGM") of the Members held on August 12, 2022, at a remuneration as decided by the Board of Directors of the Company.
4. In compliance with latest General Circular No. 09/2024 dated September 19, 2024, issued by the Ministry of Corporate Affairs ("MCA Circular") read with SEBI Circular No. SEBI/HO/CFD/CFD-PoD-2/P/CIR/2024/133 dated October 3, 2024, and SEBI/HO/DDHS/DDHS-PoD-1/P/CIR/2025/83 dated June 5, 2025, issued by the Securities and Exchange Board of India ("SEBI Circulars") and in compliance with the provisions of the Companies Act, 2013, the Rules framed thereunder and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"), the 37th (Thirty Seventh) AGM of the Company is being conducted through Video Conference (VC) / Other Audio Visual Means (OAVM), which does not require physical presence of Members at a common venue, in compliance with the aforesaid MCA Circulars and SEBI Circulars.

In terms with the Secretarial Standards on General Meetings (SS-2) issued by the Institute of Company Secretaries of India, the venue of the 37th (Thirty Seventh) AGM shall be deemed to be the Registered Office of the Company situated at "Godrej One", Pirojshanagar, Eastern Express Highway, Vikhroli (East), Mumbai-400 079, Maharashtra.

5. Since this AGM is being held in accordance with the MCA and SEBI circulars through VC/OAVM, physical attendance of Members has been dispensed with and there is no provision for the appointment of proxies. Accordingly, the facility for appointment of proxies by the Members under Section 105 of the Act will not be available for the 37th (Thirty Seventh) AGM and hence the Proxy Form, Attendance Slip, and route map are not annexed to this Notice.

However, in terms of the provisions of Section 112 and Section 113 of the Companies Act, 2013, representatives of the Members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.

Participation of Members through VC /OAVM will be reckoned for the purpose of quorum for the AGM as per Section 103 of the Act.

6. Members of the Company under the category of Institutional Investors are encouraged to attend and vote at the AGM through VC / OAVM. Institutional / Corporate Shareholders (i.e. other than individuals / HUF, NRI, etc.) are required to send a scanned copy (PDF/JPG Format) of its Board or Governing Body Resolution / Authorization etc., authorizing its representative to attend the AGM through VC / OAVM and vote on its behalf. The said Resolution / Authorization can be sent to the Company on investor@godrejinds.com with a copy marked to helpdesk.evoting@cdslindia.com.

7. In case of joint holders attending the Meeting, only such joint holder who is higher in the order of the names, as of the cut-off date, will be entitled to vote at the Meeting.
8. The Register of Members and Share Transfer Books will remain closed from **Wednesday, August 6, 2025, to Wednesday, August 13, 2025** (both days inclusive) for the purpose of the Annual General Meeting.
9. The details required under Regulation 36(3) of the Listing Regulations and Secretarial Standards on General Meetings (SS-2) issued by the Institute of Company Secretaries of India, in respect of the Directors proposed to be appointed / re-appointed at this AGM forms a part of this Notice.
10. The Company's Registrar and Share Transfer Agents for its Share Registry Work are Computech Sharecap Limited, having their office at 147, Mahatma Gandhi Road, Opp. Jehangir Art Gallery, Fort, Mumbai – 400 001, Maharashtra.

Members holding shares in physical form are requested to notify / send any change in their address / bank mandate to the Company's Registrar and Share Transfer Agent at the abovementioned address. Members may also address all other correspondences to the Registrar and Share Transfer Agent at the address mentioned above.

DISPATCH OF ANNUAL REPORT THROUGH EMAIL, REGISTRATION OF EMAIL IDs AND KYC UPDATION:

11. Pursuant to Sections 101 and 136 of the Act read with the relevant Rules framed thereunder and Regulation 36 of the SEBI Listing Regulations, companies can send Annual Reports and other communications through electronic mode to those Members who have registered their e-mail addresses either with the Company or with the Depository Participant(s).

In compliance with General Circular No. 09/2024 dated September 19, 2024, issued by the Ministry of Corporate Affairs ("MCA Circular") read with SEBI Circular No. SEBI/HO/CFD/CFD-PoD-2/P/CIR/2024/133 dated October 3, 2024, and SEBI/HO/DDHS/DDHS-PoD-1/P/CIR/2025/83 dated June 5, 2025 issued by the Securities and Exchange Board of India ("SEBI Circulars"), the Annual Report for Financial Year 2024-25 (comprising of the Financial Statements including Boards' Report, Auditor's report or other documents required to be attached therewith (together referred to as "Annual Report") including Notice of AGM are being sent in electronic mode to Equity Shareholders and Debenture holders, whose e-mail address(es) are registered with the Company or the Depository Participant(s).

of Godrej Industries Limited**

Anupama Kamble
Company Secretary & Compliance Officer
(FCS 12730)

EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013.

The following Explanatory Statement sets out all the material facts relating to the Special businesses mentioned under Item Nos. 3 to 9 of the accompanying Notice dated May 15, 2025.

ITEM NO. 3

The Members had re-appointed Mr. Nadir Godrej as “Chairman & Managing Director” at their 34th Annual General Meeting held on August 12, 2022, for a period of 3 (Three) years commencing from April 1, 2023, to March 31, 2026. The tenure of Mr. Nadir Godrej, Chairman & Managing Director will end on March 31, 2026. It is proposed to re-appoint Mr. Nadir Godrej as “Managing Director” of the Company, to be designated as the “Chairman & Managing Director” and approve his remuneration as the “Managing Director” of the Company who would hold the office for a period from April 1, 2026, to August 25, 2026, subject to approval of the Shareholders.

The Nomination and Remuneration Committee and the Board of Directors of the Company had, vide resolutions passed at their respective meetings held on May 15, 2025, recommended and approved re-appointment of Mr. Nadir Godrej.

In terms of the provisions of Section 196 read with Schedule V to the Companies Act, 2013 and other applicable provisions, if any, Mr. Nadir Godrej has already crossed the age of 70 (Seventy) years old and shall continue to hold office of the “Managing Director” of the Company.

The Company has received the consent from Mr. Nadir Godrej to act as “Director” along with his declaration confirming that he is not disqualified from being appointed as a Director in terms of Section 164 of the Companies Act, 2013. He has also confirmed that he is not debarred from holding office of Director by virtue of any SEBI order or any other such authority.

This Explanatory Statement may also be regarded as a disclosure under Regulation 36(3) of the Listing Regulations.

A brief profile of Mr. Nadir Godrej along with detailed disclosure in terms of Regulation 36(3) of the Listing Regulations and Secretarial Standard - 2 on General Meetings (SS-2) issued by the Institute of Company Secretaries of India, is given elsewhere in this Notice.

The proposed remuneration and terms and conditions of re-appointment of Mr. Nadir Godrej (hereinafter referred to as the Managing Director) are as given below:

- a. The Managing Director shall perform his duties subject to the superintendence, control and direction of the Board of Directors of the Company.
- b. In consideration of the performance of his duties, the Managing Director shall be entitled to receive remuneration as stated herein below:

This Resolution does not constitute Related Party Transaction under the provisions of Section 188 of the Act read with the Companies (Meetings of Board and its Powers) Rules, 2014. This Resolution, though Related Party Transaction under Listing Regulations, applicable accounting standards, is not a material Related Party Transaction. The remuneration payable to Mr. Nadir Godrej is given below.

i. Fixed Compensation:

Fixed Compensation shall include Basic Salary and the Company's Contribution to Provident Fund and Gratuity Fund. The Basic Salary shall be in the range of ₹2,50,00,000/- p.a. to ₹3,75,00,000/- p.a., payable monthly. The Annual Basic Salary and increments will be decided by the Nomination and Remuneration Committee / Board of Directors depending on the performance of the Managing Director, the profitability of the Company and other relevant factors.

ii. Performance Linked Variable Remuneration (PLVR):

Performance Linked Variable Remuneration according to the Scheme of the Company for each of the financial years as may be decided by the Nomination and Remuneration Committee / Board of Directors of the Company based on Profits or other parameters and other relevant factors and having regard to the performance of the Managing Director for each year, which shall not exceed ₹8,00,00,000/- p.a.

iii. Flexible Compensation:

In addition to the Fixed Compensation and PLVR, the Managing Director shall be entitled to the following allowances, perquisites, benefits, facilities and amenities as per the Policy / Rules of the Company and subject to the relevant provisions of the Companies Act, 2013 (collectively called "perquisites and allowances").

These perquisites and allowances may be granted to the Managing Director in the manner as the Board may decide as per the Policy/Rules of the Company.

- Furnishing at residence;
- Supplementary Allowance;
- Leave Travel Assistance;
- Payment/reimbursement of domiciliary medical expenses for self and family;
- Payment/reimbursement of food vouchers, fuel reimbursement;
- Company cars with drivers for official use, provision of telephone(s) at residence; payment/reimbursement of expenses thereof;
- Housing Loan and contingency loan as per rules of the Company. These loans shall be subject to necessary approval(s), if any;
- Earned/privilege leave, on full pay and allowance, not exceeding 30 days in a financial year. Encashment/ accumulation of leave will be permissible in accordance with the Rules specified by the Company. Casual/Sick leave as per the rules of the Company;
- Such other perquisites and allowances as per the policy/rules of the Company in force and/or as may be approved by the Board from time to time.

The maximum cost to the Company for the aggregate of the allowances for the Managing Director shall be ₹5,50,00,000/- p.a., payable monthly; plus cars (including driver's salary, fuel, maintenance and other incidental expenses); plus housing (i.e. unfurnished residential accommodation OR House Rent Allowance at 85% of Basic Salary). In addition to the above, the Managing Director shall be eligible for club facilities, group insurance cover, group hospitalization cover, and/or any other allowances, perquisites and facilities as per the Rules of the Company.

Explanation:

- a. For Leave Travel Assistance and reimbursement of medical and hospitalization expenses, 'family' means spouse, dependent children and dependent parents;
- b. Perquisites shall be evaluated at actual cost or if the cost is not ascertainable the same shall be valued as per Income Tax Rules.

iv. Overall Remuneration:

The aggregate of salary and perquisites as specified above or paid additionally to the Managing Director in accordance with the rules, which the Board may in its absolute discretion pay to the Managing Director from time to time, shall be in compliance with the provisions of Section 197 read with Schedule V and all other applicable provisions, if any of the Companies Act, 2013, (including any statutory modification(s) or re-enactment thereof, for the time being in force). Further, the remuneration payable to Mr. Nadir Godrej, may exceed the limits prescribed under Regulation 17(6)(e) of the Listing Regulations, in any year during the tenure of his appointment as the Managing Director of the Company.

v. Loans:

- a. Granting of loans according to Company's Scheme subject to necessary approval(s), if applicable.
- b. Continuation of Loans, if already availed.

Notes:

- I. Unless otherwise stipulated, for the purpose of the above, the perquisites shall be evaluated as per Income Tax Rules wherever actual cost cannot be determined.
- II. Notwithstanding the foregoing, where in any Financial Year during the currency of the tenure of the Managing Director, the Company has no profits or its profits are inadequate, the remuneration by way of salary, commission and perquisites shall be paid in compliance with the provisions of the Companies Act, 2013.
- III. The limits specified above are the maximum limits and the Nomination and Remuneration Committee / Board may in its absolute discretion pay to the Managing Director, a lower remuneration and revise the same from time to time within the maximum limits stipulated above.
- IV. In the event of any re-enactment or re-codification of the Companies Act, 2013 or the Income Tax Act, 1961 or amendments thereto, the foregoing shall continue to remain in force and the reference to various provisions of the Companies Act, 2013 or the Income Tax Act, 1961 shall be deemed to be substituted by the corresponding provisions of the new Act or the amendments thereto or the Rules and notifications issued there under.
- V. If at any time the Managing Director ceases to be in the employment of the Company for any cause whatsoever, she shall cease to be the Managing Director of the Company.
- VI. The Managing Director is appointed by virtue of his employment in the Company and his appointment is subject to the provisions of Section 167 of the Companies Act, 2013 while at the same time the Managing Director is not liable to retire by rotation. The appointment is terminable by giving three months' notice in writing on either side.

The Board of Directors are of the view that the re-appointment of Mr. Nadir Godrej as the Managing Director of the Company will be beneficial to the operations of the Company and the remuneration payable to him is commensurate with his abilities and experience and accordingly the Board

recommends the **SPECIAL RESOLUTION** at **ITEM NO. 3** of the accompanying Notice for approval by the Members of the Company.

In compliance with the provisions of Sections 196, 197 and other applicable provisions of the Companies Act, 2013, read with Schedule V to the Act, the terms of remuneration specified above are now being placed before the Members for their approval.

III. Other Information:

Reasons of loss or inadequate profits:	Godrej Industries Limited (GIL) has interest in various businesses directly and through its subsidiaries and associates. GIL including its subsidiaries and associates has presence in oleochemicals, property development, oil palm plantation, animal feeds and agro-products, poultry, personal care and household care, etc. While GIL's investments in Group Companies are strategic investments, GIL does encash some of the value created from time to time by sale of such investments resulting in profits on sale of investments. This profit is to be necessarily excluded from the calculations for determining the Net Profits under Section 198 of the Companies Act, 2013 in order to ascertain the limit for overall maximum managerial remuneration. If GIL was allowed to consider such profits (e.g. profit on sale of investments), the Company may be well within its limit.
Steps taken or proposed to be taken for improvement:	
Expected increase in productivity and profits in measurable terms:	

Other than Mr. Nadir Godrej, none of the Directors, Key Managerial Personnel of the Company or their relatives are in any way, concerned or interested, financially or otherwise, in the aforementioned **ITEM NO. 3** of this Notice.

The Board of Directors is of the opinion that the aforesaid proposal is in the best interest of the Company and hence, the Board recommends passing of the **SPECIAL RESOLUTION** set forth in **ITEM NO. 3** for the approval of the Members.

Other than Ms. Shweta Bhatia, none of the Directors, Key Managerial Personnel of the Company or their relatives are in any way, concerned or interested, financially or otherwise, in the aforementioned **ITEM NO. 4** of this Notice.

The Board recommends the **SPECIAL RESOLUTION** as set out at **ITEM NO. 4** of the accompanying Notice for approval by the Members.

ITEM NO. 5

Mr. Sandeep Murthy was appointed as a “Non-Executive Independent Director” of the Company for a term of 5 (Five) consecutive years, i.e., from March 1, 2021, to February 28, 2026. It is proposed to re-appoint him for a second term with effect from March 1, 2026, up to February 28, 2031.

The Nomination and Remuneration Committee and the Board of Directors of the Company have, vide resolutions passed at their respective Meetings on May 15, 2025, recommended and approved, the re-appointment of Mr. Sandeep Murthy as the “Non-Executive Independent Director” of the Company in terms of applicable provisions of the SEBI (Listing Obligations and Disclosure Requirements), Regulations, 2015 (“Listing Regulations”), Sections 149, 150 and 152, Schedule IV and other applicable provisions, if any, of the Act read with the Companies (Appointment and Qualification of Directors) Rules, 2014 (including any statutory amendment(s) or modification(s) thereto or enactment(s) or re-enactment(s) thereof for the time being in force), to hold office for the second consecutive term commencing from March 1, 2026, up to February 28, 2031, not liable to retire by rotation, subject to the approval of the Members.

The Company has received the consent from Mr. Sandeep Murthy and also his declaration confirming that he is not disqualified from being re-appointed as a Director in terms of Section 164 of the Act and that he meets the criteria of independence as provided under Section 149(6) of the Act as well as Regulation 16(1)(b) of the SEBI Listing Regulations.

He has also confirmed that he is not debarred from holding office of Director by virtue of any SEBI order or any such authority.

A copy of draft letter of appointment of Independent Director setting out the terms and conditions would be available electronically for inspection by the Members on the website of the Company at www.godrejindustries.com.

This Explanatory Statement may also be regarded as a disclosure under Regulation 36(3) of the Listing Regulations. A brief profile of Mr. Sandeep Murthy along with detailed disclosure in terms of Regulation 36(3) of the Listing Regulations and Secretarial Standard - 2 on General Meetings (SS-2) issued by the Institute of Company Secretaries of India, is given elsewhere in this Notice.

Mr. Sandeep Murthy is independent of the Management of the Company and in the opinion of the Board of Directors of the Company, he fulfils the conditions specified in the Companies Act, 2013 and the Rules framed thereunder and the SEBI Listing Regulations for re-appointment as an Independent Director of the Company.

Other than Mr. Sandeep Murthy, none of the Directors, Key Managerial Personnel of the Company or their relatives are in any way, concerned or interested, financially or otherwise, in the aforementioned **ITEM NO. 5** of this Notice.

The Board recommends the **SPECIAL RESOLUTION** as set out at **ITEM NO. 5** of the accompanying Notice for approval by the Members.

ITEM NO. 6

The Members vide Special Resolution passed through Postal Ballot on December 20, 2023, had enhanced the borrowing power of the Company under Section 180(1)(c) of the Companies Act, 2013 up to ₹9,500 crore (Rupees Nine Thousand Five Hundred Crore Only), over and above the paid-up capital and free reserves (apart from temporary loans obtained or to be obtained from the Company's bankers in the ordinary course of business) of the Company.

Considering the business requirements of the Company, it is proposed to increase the borrowing limits from ₹9,500 crore (Rupees Nine Thousand Five Hundred Crore Only) to ₹11,500 crore (Rupees Eleven Thousand Five Hundred Crore Only) over and above the paid-up capital, free reserves and securities premium of the Company in terms of provisions of Section 180(1)(c) of the Companies Act, 2013.

None of the Directors, Key Managerial Personnel of the Company or their relatives are interested or concerned financially or otherwise in this Resolution except to the extent of their respective shareholding in the Company, if any.

The Board of Directors is of the opinion that the aforesaid proposal is in the best interest of the Company and hence, the Board recommends passing of the **SPECIAL RESOLUTION** set out at **ITEM NO. 6** for approval of the Members.

ITEM NO. 7

The Board of Directors had at its Meeting held on May 15, 2025, proposed to seek approval of the Members to raise or borrow funds by way of issuance of Unsecured Non-Convertible Debentures (NCDs) / Bonds / Other Instruments, listed and / or unlisted, on private placement basis for an amount not exceeding ₹2,000 crore (Rupees Two Thousand Crore) during 1 (One) year from the date of passing of the Special Resolution set out at Item No. 7 at an interest rate that will be determined by the prevailing money market conditions at the time of the borrowing. The issue of these securities like NCDs / Bonds / Other Instruments work as a cost-effective source of borrowings. Your Company for its business purposes, investments in body corporate(s), repayment / pre-payment of certain loans and for general corporate purposes, proposes to borrow or raise funds by issue of NCDs/ Bonds / Other Instruments on a private placement basis.

In terms of the requirements of Section 42 of the Companies Act, 2013 read with the Companies (Prospectus and Allotment of Securities) Rules, 2014 ("the Rules") as amended from time to time, a company that offers to make an invitation to subscribe to NCDs / Bonds / Other Instruments on a private placement basis, will be required to seek prior approval of its Members by way of a Special Resolution. The approval of the Members is being sought by way of a Special Resolution under Sections 42 and 71 of the Companies Act, 2013 read with the Rules framed thereunder, to enable the Company to offer or invite subscriptions for unsecured NCDs / Bonds / Other Instruments, listed and / or unlisted, on a private placement basis, in one or more tranches, for an amount not exceeding ₹2,000 crore (Rupees Two Thousand Crore Only), during the period of 1(One) year from the date of passing of the Resolution within the overall borrowing limits of the Company, as approved by the Members from time to time. It is sought to also grant authority to the Board of Directors to determine the terms and conditions of the issue, including the issue price of the NCDs / Bonds / Other Instruments.

None of the Directors, Key Managerial Personnel of the Company or their relatives are interested or concerned financially or otherwise in the proposed Resolution No.7 except to the extent of their respective shareholding in the Company, if any.

The Board of Directors is of the opinion that the aforesaid proposal is in the best interest of the Company and hence, the Board recommends passing of the **SPECIAL RESOLUTION** set out at **ITEM NO. 7** for approval of the Members.

Nature of expertise in specific functional area	Funding Strategy and Investment	Investment Banking and Venture Capital Segment
Relationship with other Directors, Manager and other Key Managerial Personnel of the Company inter-se	None	None
Brief Profile / Resume of the Director	Shweta is a Senior Partner at Eight Roads Ventures, a global venture capital firm backed by Fidelity and leads the technology, consumer and financial services (TCF) investments team of the firm in India. She has over 20 years of experience in private investing and finance, including as Head of Asia Investments for the Venture Capital & Growth Equity team at Goldman Sachs Investment Partners. Shweta began her career in the investment banking division of Goldman Sachs based in New York and worked in a growth equity investing role at Warburg Pincus in Mumbai before re-joining Goldman Sachs in 2010. Her key focus sectors include enterprise SaaS, consumer and fintech including experience with investments such as Whatfix, MoEngage, Fibe, Shadowfax, Quizizz, Fareye, Chaipoint and BlissClub. Shweta received an MBA from Harvard Business School and holds an AB, magna cum laude, in Computer Science and Economics from Smith College.	Sandeep Murthy is the Founder and Managing Director of Lightbox, a Mumbai based venture capital firm that invests in early-stage technology-led consumer focused ventures. Founded in 2014, Lightbox has raised \$400 million across three funds and has backed leading consumer brands such as Nua, Furlenco, Zeno Health, Rebel Foods, Waycool, Bombay Shirt Company and Amaha. Sandeep is a builder of India's flourishing consumer internet economy. In a career spanning more than two decades, he has changed lanes from investment banking to entrepreneurship to eventually, venture capital. His venture capital journey started in 2005 with leading investments for Silicon Valley based Sherpalo Ventures in iconic consumer internet companies such as Info Edge and InMobi. He also played a central role in scaling online travel platform Cleartrip, a Sherpalo portfolio company, as its CEO for three years. In 2014, when new-age consumer brands started to emerge as challengers to incumbent players, Sandeep decided to build a differentiated venture capital firm to address that opportunity and Lightbox was born. His early experiences, which included founding and selling a US-based digital music management startup to Sony Music, became the foundation for Lightbox's hands-on, deep engagement investment philosophy. The firm's willingness to apply a private equity style engagement model to venture capital differentiates it from peers and drives value for investors. "We are betting on our ability to not just pick companies but work with them to create value," he says.

Business Structure

Industry Structure and Development

The World Economic Outlook (WEO) projected a growth of 3.3% both in 2025 and 2026. The near-term outlook is characterized by divergent paths, while medium-term risks to growth are tilted to the downside. Renewed inflationary pressures could interrupt the monetary policy pivot, with implications for fiscal sustainability and financial stability. Policies that promote healthy aging, bridge gender disparities, and enhance the alignment of migrants' skills with local labour market demands can play a crucial role in countering slow economic growth and fiscal pressures, especially when coupled with infrastructure investment.

As per recent Monetary Policy Committee's report domestic economic activity remains strong supported by revival in consumption as well as government's capex push. Pick up in private consumption, upturn in agricultural activity, continuing resilience of the services sector, high-capacity utilisation, healthy balance sheets of banks and corporates, and government's continued thrust on capital expenditure augur well for the growth outlook. Uncertainty about global trade owing to rising protectionist measures, persistent geopolitical tensions, rising supply chain pressures, and volatile global financial conditions, however, render the outlook uncertain.

The measures announced in the Union Budget 2025-26 augur well for improving domestic consumption. Well-coordinated fiscal and monetary policy working in tandem could undoubtedly generate improved outcomes in terms of better growth inflation balance. The recent tariff announcements by US administration have heightened policy uncertainty posing new headwinds for global growth and inflation.

Indian Metrological Department's prediction of slightly above-than-normal monsoon in 2025 would push farm sector growth which along with monetary easing will help India withstand the adverse impact of reciprocal tariffs.

REAL ESTATE SECTOR

Real estate sector in India is expected to reach US\$ 1 trillion in market size by 2030, up from US\$ 200 billion in 2021 and contribute 13% to the country's GDP by 2025. Retail, hospitality, and commercial real estate are also growing significantly, providing the much-needed infrastructure for India's growing needs.

The Indian real estate market is projected to experience a substantial increase, potentially reaching a value of US\$ 5-7 trillion by the year 2047, with the possibility of surpassing US\$ 10 trillion. Key growth drivers include rising urbanisation, increasing disposable incomes, and heightened demand for residential, commercial, and logistics spaces, besides a growing need for data centres fuelled by advances in the space.

The Key growth drivers for Real Estate Sector would be:

Urbanization: By 2030, 38% of India's population will reside in urban areas, fostering increased demand for residential and commercial spaces.

Policy Push: Indian real estate sector has seen significant policy interventions aimed at fostering growth and sustainable development. Policies such as Real Estate Regulation and Development Act (RERA), Pradhan Mantri Awas Yojana (PMAY), and Smart Cities Mission along with various initiatives to drive sustainable development is providing the necessary impetus to the sector.

Foreign Direct Investment (FDI) & REITs: Increasing capital inflows and retail investments are fuelling growth of organized real estate in India.

Technology & Innovation: The rise of property-tech platforms and smart home solutions is enhancing efficiency and consumer experience. Advancements in building technology is revolutionizing built spaces by increasing efficiency, lowering costs, and enhancing occupant experiences. Innovations such as smart building systems, IoT-enabled sensors, AI-driven analytics, and automation are at the forefront of this transformation. The adoption of cloud-based building management systems (BMS) and the use of sustainable materials are key trends shaping the future of real estate and building management in India.

AGRI SECTOR

Agriculture and allied activities' sector have long been the backbone of the Indian economy, playing a vital role in national income and employment. In recent years, the agriculture sector in India has shown robust growth, averaging 5% annually from Financial Year 2017 to Financial Year 2023, demonstrating resilience despite challenges.

The government is implementing a range of initiatives aimed at enhancing agricultural productivity and increasing farmers' incomes, in alignment with the recommendations put forth in the Doubling Farmers' Income (DFI) Report 2016.

The increasing significance of allied sectors, such as animal husbandry, dairy, and fisheries, underscores the importance of diversification in activities and sources of income for boosting their income levels and

building resilience. By tapping into these complementary sectors, farmers can create additional streams of revenue that can buffer them against the inherent volatility of traditional crop production.

The Agri-sector is not without its challenges. Issues like climate change and water scarcity present significant obstacles that require focused and targeted interventions. Promoting agricultural production patterns and practices that align with the specific agro-climatic conditions and natural resource availabilities of different regions across the country is vital. Investment in research and development, especially on climate-resistant varieties, improved agriculture practices, diversification to high-yield and climate-resilient crops, and micro-irrigation, can yield sustainable long-term benefits.

Management Discussion and Analysis Report

The Management Discussion and Analysis Report on the operations of the Company and Chemical Business, as required under the SEBI Listing Regulations, 2015 is appended as '**Annexure A**' to this Report.

Subsidiary and Associate Companies:

GODREJ AGROVET LIMITED (GAVL)

Godrej Agrovet Limited is a diversified, research and development-oriented agri-business Company with operations across business verticals like animal feed, crop protection, oil palm, dairy and poultry and processed foods. GAVL focuses on improving the productivity of farmers by innovating products and services that sustainably increase crop and livestock yields. Detailed information on the current performance and future outlook of these business segments is as below:

ANIMAL FEED BUSINESS

The Animal Feed business segment saw a significant improvement in profitability benefiting from favourable commodity positions & cost optimization measures. The volume growth was flat on a year-on-year basis primarily due to lower end-product prices in the first half of the fiscal year. However, the Animal feed business registered a notable 26% y-o-y growth in segment margins during the fiscal year.

Looking ahead, the Animal Feed business remains well poised towards expanding its market presence, both by capturing further share within established geographies and by strategically entering new regions. This expansion will be supported by the robust Research and Development (R&D) efforts, driving the introduction of innovative new products. Furthermore, GAVL is committed to strengthening brand visibility and fostering deeper customer loyalty within this largely unorganized market through the comprehensive integration of digital initiatives, aiming to establish a more structured and engaged customer base.

CROP PROTECTION BUSINESS

The domestic agrochemicals sector experienced a challenging FY 2024-25, primarily due to subdued farmer demand. This was largely influenced by erratic weather patterns, including the impact of extreme weather events, and a decline in the prices of key agricultural crops, which collectively influenced overall market activity.

Despite a challenging environment for the broader agrochemicals sector in FY2024-25, GAVL's Standalone Crop Protection business (CPB) demonstrated exceptional resilience and delivered a stellar performance. The segment margins at 40% achieved a robust expansion of 9% y-o-y. This strong performance was primarily driven by the in-house portfolio, particularly the HITWEED range of

herbicides, which recorded substantial volume growth during the year. While the in-license category faced headwinds due to declining prices of key agricultural crops, the overall spectacular results were underpinned by a singular focus on achieving 'Customer Delight' through end-to-end integration of on-field demand generation, supply chain efficiencies, and a deep understanding of end-consumer needs. With that in mind, during the current financial year, lot of innovative digital initiatives were successfully launched to enable the teams to better serve the customers. The team continued to focus on diligent credit management practices thereby significantly reducing delinquencies. GAVL's in-house herbicide and in-licensed products have established a strong niche within the highly competitive Indian Agrochemical sector.

Moving forward, GAVL's strategy includes continued focus on expanding the reach of the existing successful product portfolio, complemented by new product development through in-house R&D initiatives and strategic in-licensing collaborations with leading global innovators.

OIL PALM BUSINESS

GAVL is the largest oil palm processor in India and works directly with more than 11,000 farmers for the entire lifecycle of the crop.

During the financial year 2024-25, GAVL continued to work on the roadmap formulated to achieve forward integration and margin expansion in Palm Oil value chain. Towards achieving this end, work has commenced in respect of a Palm Kernel Oil Refinery with a capacity of 100 metric ton per day.

This segment reported strong growth in revenue as well as margins year-on year on account of significant increase in realisation of end-product prices of Crude Palm Oil (CPO) and Palm Kernel Oil (PKO). The average realisation of CPO and PKO improved by 32% & 43% year-on-year.

GAVL continued to work aggressively on area expansion in all the newly allocated areas in states of Assam, Tripura, Nagaland, Orissa, Gujarat and Telangana. GAVL also signed multiple Memorandum of Understanding (MOUs) and received allocations from various state Governments – namely Telangana, Gujarat, Andhra Pradesh and Odisha during the year. With these newer opportunities, GAVL is working towards the goal to add 60,000 hectares of additional oil palm plantations over the course of the next five years to support the long-term sustainable development of oil palm in India. To achieve this goal, GAVL launched a unique initiative called “Samadhan” centres, a one stop solution centre which would provide a comprehensive package of knowledge, tools, services and solutions to oil palm farmers. GAVL aims to establish Samadhan centre as a critical enabler in Indian Palm Oil industry and assist oil palm farmers in optimising their yields by adopting latest agricultural techniques and boosting their productivity. As a part of the Samadhan initiative, GAVL plans to establish 50 Samadhan centers across India by 2027 with each center supporting ~2,000 hectares of area under oil palm cultivation. It will also help to support farmers to avail developmental finance, government subsidies/schemes and other benefits. GAVL has operationalised 4 new centres in Andhra Pradesh, Telangana & Tamil Nadu in the Financial Year 2024-25. With this, the total count of Samadhan centres is 14 across all the states where we operate.

GAVL continued to make significant progress in several digital initiatives as well as ESG targets. To ensure traceability and transparency, GAVL has developed a web-based portal & an app ‘Farmer Management System’ for farmers and agents which was further enhanced in FY25. GAVL have also made satisfactory progress on their ESG goals for Oil Palm business and it continues to generate entire energy requirements inhouse, achieving net zero carbon emissions.

Review of Operations / State of Affairs of the Subsidiaries of GAVL:

GAVL has interests in several businesses including dairy products, poultry, value-added vegetarian and non-vegetarian products, cattle breeding and dairy farming, through its Subsidiaries, Joint Ventures and other Associates.

ASTEC LIFESCIENCES LIMITED

GAVL's subsidiary, Astec LifeSciences Limited, faced volume headwinds and price corrections in both enterprise and contract manufacturing portfolios. This was on account of several factors such as high inventories, de-stocking strategies and demand-supply imbalance. As a result, Astec reported decline in revenues and losses in Financial Year 2024-25 as compared to the previous year.

Moving forward, Astec LifeSciences Limited will continue to execute this strategy by prioritizing R&D scale-up through its state-of-the-art "Adi Godrej Centre for Chemical Research and Development", diversification across molecules and chemistries, and targeted growth in contract manufacturing. The Company has taken several steps to focus on business development to ensure appropriate capacity utilisation of its infrastructure.

CREAMLINE DAIRY PRODUCTS LIMITED

Financial Year 2024-25 was a year of improved profitability for our dairy business. GAVL's dairy subsidiary, Creamline Dairy Products Limited ("CDPL"), reported an increase of 160% in profit year-on-year and has charted a path to sustained margin expansion. This was possible due to continued improvement in operational efficiencies across all key areas of business i.e. milk procurement, supply chain & logistics etc. and improved milk spread. However, segment revenue was flat year-on-year as volumes remained at similar levels.

Growth in Value-Added Products (VAP) portfolio was led by market share gains in some of the key markets, primarily in curd, buttermilk and milk-based flavoured drinks. Share of VAP in total sales increased to 37% in FY 2024-25 from 36% in FY 2023-24.

In the medium term, CDPL will be focusing on the following key levers for achieving a sustainable growth in profitability – (1) Volume growth led by VAP portfolio, (2) Margin expansion through Procurement & Supply Chain Efficiencies and (3) Investment in celebrity endorsement and advertisement to enhance visibility and credibility. While liquid milk volumes will continue to grow at a steady pace, rapid expansion of VAP portfolio would be a key priority in the coming years. CDPL has also unveiled a 3 X 3 strategy to target ₹1,000 crore value added portfolio in the states of Andhra Pradesh and Telangana. To achieve this, GAVL is investing in new product innovations, strengthening presence across multiple channels and expanding distribution network.

GODREJ FOODS LIMITED

During the current financial year, GAVL acquired the balance 49 percent stake in Godrej Foods Limited ("GFL") (formerly known as Godrej Tyson Foods Limited) thereby making it a wholly owned subsidiary. The profitability for this segment declined year-on-year due to subdued performance across all categories.

Profitability of Live bird category was lower due to lower volumes. While volumes in the branded categories, Real Good Chicken (RGC) and Yummiez improved, overall profitability was impacted on account of elevated inputs costs and unfavourable channel and product mix.

GFL would continue to focus on rapidly increasing the proportion of branded categories in the overall revenue mix to improve margin stability in the long term. In Real Good Chicken (RGC), the emphasis would be on brand building and accelerating presence in multiple channels for enhancing retail presence. In Yummiez category, GFL's aim is to scale up volume growth through expanding product portfolio and by adding new sales channels for increasing the distribution reach.

GODREJ CATTLE GENETICS PRIVATE LIMITED

GAVL's Cattle feed segment consolidated its leading position in the Western region, driven by strong demand of 'Samruddhi'. During the fiscal year, GAVL strategically expanded its Animal Feed portfolio with the introduction of 'Godrej Pride Hog,' a scientifically formulated pig feed range. By ensuring balanced nutrition, Pride Hog aims to enhance livestock health, bolster immunity, and promote robust growth. This launch underscores GAVL's unwavering commitment to empowering farmers with sustainable and science-driven solutions, ultimately contributing to improved livestock well-being and enhanced farmer productivity.

GODVET AGROCHEM LIMITED

Godvet Agrochem Limited ("Godvet") is a wholly owned subsidiary of GAVL. During the Financial Year 2024-25, Godvet recorded Profit Before Tax of ₹1.49 crore.

Joint Venture of GAVL:

ACI GODREJ AGROVET PRIVATE LIMITED, BANGLADESH

The performance of ACI Godrej Agrovvet Private Limited, GAVL's 50:50 joint venture in Bangladesh with Advanced Chemical Industries Limited (ACI), was impacted during the fiscal year. This was primarily attributable to the ongoing political unrest and severe flooding in Bangladesh, which created significant operational and logistical challenges for the business unit. Consequently, the sales and profitability of the business was impacted.

GODREJ PROPERTIES LIMITED (GPL)

OVERVIEW OF OPERATIONS

Godrej Properties delivered another record-breaking year in FY 2024-25 by achieving the highest booking value, booking volume, collection, operating cash flow, deliveries and earnings in its history. This was driven by continued focus across bringing better products with consumer centric approach, delivering best in class quality consistently and enhancing customer's trust on the brand.

Godrej Properties achieved a booking value of ₹29,444 crore in FY 2024-25, a Y-o-Y growth of 31% through sale of 15,302 homes with a total area of 25.73 million sq. ft., a YoY volume growth of 29%. This is the highest ever booking value and area sold by any Indian real estate developer in a financial year till date. The booking value was also broadly distributed. NCR, MMR & Bengaluru contributed ₹10,523 crore, ₹8,034 crore and ₹5,089 crore respectively to the booking value in FY25. 34 new projects and phases were launched during the financial year across 7 cities. 12 projects across 6 cities achieved booking value of more than ₹1,000 crore in FY25. Among these, Godrej Woodscapes in Bengaluru was a standout, achieving over ₹3,700 crore in booking value, reflecting the sustained demand for high-quality developments. Godrej Jardinia and Godrej Riverine, both in Noida, also achieved booking value over ₹2,000 crore each.

The collections and operating cash flow also grew significantly. Collections in FY2024-25 stood at ₹17,047 crore representing a YoY growth of 49%. Operating cash flow in FY2024-25 stood at ₹7,484 crore representing a YoY growth of 73%. Both collections and operating cash flow were highest ever announced by any real estate developer in India to date.

Godrej Properties added 14 new projects with saleable potential of around 19 million sq. ft. and expected booking value of ₹26,450 crore to its portfolio during the year, 5 in NCR, 2 each in MMR, Bengaluru and Indore, and 1 each in Pune, Ahmedabad and Kolkata. This was the 3rd consecutive year in which Godrej Properties has added projects with expected booking value of over ₹20,000 crore and have added cumulatively projects with expected booking value of ₹80,000 crore in last 3 years.

On the operational front, Godrej Properties successfully delivered ~18.4 million sq.ft across projects. With this, Godrej Properties has now successfully delivered ~66 million sq. ft. since FY 2018. GPL's delivery record demonstrates its ability to operate at a large scale and keep pace with accelerating sales. Separately, Godrej Properties focused on exploring advanced construction technologies, improving Net Promoter Score (NPS) and design standardization.

Godrej Properties, among the most respected real estate developers in India, received 117 awards in FY 2024-25. Accolades include GRI Awards India 2024 (Winner – Developer of the year), Construction Times –

PROSPECTS AND OUTLOOK

Indian residential real estate sector has been witnessing a strong turn-around of the sectoral landscape post pandemic. Increased savings during lockdowns, minimal income disruptions in mid and high-income brackets, household wealth creation and robust economic growth have fuelled demand in the residential real estate market in India.

FY 2025 was a year driven by a clear shift toward premiumization, with buyer preferences' evolving, driven by aspirations for an enhanced lifestyle. While number of units and area sold in the sector indicate a minor uptick trend, the sales value indicates a continued strong uptick. The changing preferences of the homebuyer looking for products that enable an upgraded lifestyle with more space is visibly reflected in increasing contribution of inventory and sale in the ticket sizes above ₹1 crore.

Home buying is long-term asset where a strong affordability and financial strength shall supersede the natural rate-cycle, especially if demand is driven by self-consumptions. The government remains steadfast in its commitment to the agenda of 'housing for all' and is taking steps to spur private sector participation and enable easier access to financing for homebuyers in this segment.

Consolidation in the residential real estate sector had become dormant in the last year but may again pickup pace as consumers want better predictability in their investment. Given the pace of urbanization, rising per capita disposable incomes, and income distribution shifting from pyramid to diamond shape, Godrej Properties remains optimistic about the long-term prospects in real estate. Godrej Properties is poised to continue to grow from the sectoral tail winds, a strong brand, pan-India presence, demonstrated track record and robust marketing capabilities.

Godrej Properties aims to drive profitability, enhance customer experience, and embrace digital technologies. Moreover, operational momentum for Godrej Properties is likely to be sustained by its healthy Balance Sheet and robust project pipeline.

OTHER SUBSIDIARIES

Godrej International Trading & Investments Pte Ltd (GITI) is registered and located in Singapore and trades palm and soya oil and other products. Godrej International Limited (GINL) is incorporated in the Isle of Man and is also a wholly owned subsidiary of the Company.

FY 2024-25 was dominated by the US Presidential election and the possibility of Donald Trump being elected on an Agenda of America First and Tariffs. Another important development was the relative rise in the price of palm oil compared to the prices of sunflower oil and soyabean oil. Palm oil became the most expensive vegetable oil for a brief period of time and trading in palm oil became difficult. On the contrary, GINL and GITI did very well in reading the trend in soya oil and traded actively and profitably. President Trump continues to cast a big effect on commodity prices and his stand on biodiesel remains an enigma at the time of writing. The recent weakness of the US Dollar is another factor which has surprised markets and is linked to the pronouncements of the US President. The market environment remains volatile and challenging, but GINL and GITI continue to be active and profitable. They also help our Indian operating companies GCPL and GIL to better understand markets and take effective steps to navigate these choppy markets.

Financial Position

The Net Debt Position at the end of the Financial Year stands at ₹9,033 crore as compared to ₹7,241 crore in the previous year. Your Company continues to hold the topmost short term rating for its commercial paper program (₹3,500 crore) (previous year ₹3,500 crore) from ICRA & CRISIL, [ICRA] A1+ & "CRISIL A1+" respectively. Instruments with these ratings are considered to have very strong degree of safety regarding timely payment of financial obligations. Such securities carry lowest credit risk.

During the year, there has also been long term rating upgrade by both CRISIL Ratings Limited & ICRA Limited from "CRISIL AA" to "CRISIL AA+" with stable outlook and "ICRA AA" to "ICRA AA+" with stable outlook respectively.

For the Non-Convertible Debentures (NCD) programme of ₹7,000 crore (previous year ₹4,750 crore), CRISIL has assigned "CRISIL AA+" and ICRA has assigned "ICRA AA+" with stable outlook. This rating is considered to have high degree of safety regarding timely servicing of financial obligations. Such securities carry very low credit risk.

ICRA has also reaffirmed an [ICRA] A1+ / AA+(Stable) rating for our short term/Long term banking facilities of ₹2,140 crore, (previous year ₹2,140 crore).

Manufacturing Facilities

Your Company has manufacturing units at Ambernath, Valia, Kheda and Goa.

Our Sustainability goals are guided by the vision and purpose of the organization. Our Purpose is to become the most trusted global partner for green chemistries, creating value for our stakeholders and accelerating towards a sustainable future.

We have a vision to evolve as a leading global oleochemicals and surfactants player, with a rapidly building specialty and biotech portfolio, driven by best-in-class manufacturing and sustainable practices across the value chain. Delight customers with world class innovation and deep application expertise, delivering industry leading green solutions, taken to market personally and digitally. All this executed by a highly engaged and expert team.

We maintain an unwavering commitment to enhance productivity, energy efficiency, and sustainability at our facilities through the implementation of cutting-edge technologies and practices. Our systems enable us to continuously monitor and assess our environmental impact across all manufacturing sites

In our ongoing efforts to enhance sustainability across our operations, we successfully implemented energy efficiency project which helped to increase our Renewable energy share from 56 % in FY 2023-24 to 64% in FY 2024-25.

Also, with a focused and systematic approach, we have reduced our absolute GHG emissions by 2400 Tco2e from FY 2023-24 and Specific energy by 37% and reduced specific water by 41% from baseline FY 2012.

GIL chemicals is registered under EPR as Brand owners and importers. In the reporting year, we processed 100% of the plastic waste we put out as per EPR (Extended producer responsibility) compliance as per Plastic Waste management rules 2016 and all our non-hazardous waste generated in operations is 100 % recycled/ Reused or Repurpose.

Research and Development (R&D)

The focus areas for R&D were:

- (i) Developing innovative products that are sustainable and through greener processes and
- (ii) Establish deep application expertise.

The application segments were widened beyond Home and Personal care by adding capabilities in Food & Beverages, Agro-science, Metal working fluids & Lubricants, Paints & Coatings. Specialists in these segments were added to the R&D team and dedicated application laboratories for these segments were built in Financial Year 2025. The biotech research made strong focus in upgrading the fermentation capabilities and biosurfactants facilities. Further, research on probiotics was also initiated and made good progress. Focus on continuous (flow) processes to replace classical batch chemistry is progressing well.

Efforts were also made to optimize processes for existing products from sustainability and green chemistry perspective. Research studies using enzymes for chemical conversion instead of acid or metal catalysts yielded good results. Research programs to make products via Green Chemistry will be an ongoing effort.

External collaborations with academia and industry continue to help accelerate research and venture into research programs for developing novel research products.

Throughout the review period, positive industrial relations prevailed across all our manufacturing locations. Our ongoing commitment to workers' welfare was evident through the creation of a supportive work environment using various approaches. Proactive measures, including the Grievance Handling Mechanism, were implemented to address workers' diverse needs effectively. We accord the highest importance to Safety. Safety awareness sessions are organized throughout the year across all our locations. We have an 'AIM FOR ZERO' focused program which aims to holistically achieve zero threat towards Environment, Health & Safety at our manufacturing locations.

In terms of Human Resource Development, initiatives were undertaken to engage employees and enhance their performance. We provided innovative learning platforms, utilizing both digital and classroom methods, to facilitate continuous growth and development. Concurrently, we prioritized the health and wellbeing of our workforce, organizing sessions and webinars focusing on mental and physical wellness. Efforts to strengthen our organizational culture were underscored by amplifying the voices of employees and stakeholders and undertaking necessary actions based on feedback.

Consistent and transparent leadership communication played a pivotal role in cultivating a high-performance culture throughout the year. Additionally, employee contributions were duly acknowledged and celebrated in various internal and external forums. These collective endeavors aimed to bolster employee motivation, enrich their experience, and ultimately drive exceptional business outcomes.

As of March 31, 2025, the total number of permanent employees in our company was 1,148.

(h) Performance Evaluation of the Board of Directors, its individual members, and its Committees

In terms with the Policy for Evaluation of the Performance of the Board of Directors of the Company, we conducted a formal Board Effectiveness Review, as part of our efforts to evaluate the performance of our Board and identify areas that need improvement, in order to enhance the effectiveness of the Board, its Committees, and Individual Directors. This was in line with the requirements of the Companies Act, 2013 and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

The Corporate HR team of Godrej Industries Limited worked directly with the Chairperson and the Nomination and Remuneration Committee of the Board to design and execute this process. It was later adopted by the Board. Each Board Member completed a confidential online questionnaire, sharing vital feedback on how the Board currently operates and how its effectiveness could be improved. The survey comprised of below sections and compiled feedback and suggestions on:

- Board Processes (including Board composition, strategic orientation and team dynamics);
- Individual Committees;
- Individual Board Members;
- the Chairperson; and
- Declaration of independence from Independent Directors

The criteria for Board processes included Board composition, strategic orientation and team dynamics.

Evaluation of each of the Board Committees covered whether they have well-defined objectives, the correct composition, and whether they achieved their objectives. The criteria for Individual Board Members included skills, experience, level of preparedness, attendance, extent of contribution to Board debates and discussion, and how each Director leveraged their expertise and networks to meaningfully contribute to the Company. The criteria for the Chairperson's evaluation included leadership style and conduct of Board Meetings.

The following reports were created as part of the evaluation:

- Board Feedback Report;
- Individual Board Member Feedback Report;
- Chairman's Feedback Report;

Further, the performance evaluation criteria for Independent Directors included a check on their fulfilment of the independence criteria and their independence from the management.

The overall Board and Committee Feedback Report was tabled in NRC meeting and insights were noted to further improve board effectiveness. Individual Board Member feedback was shared separately with respective directors.

(i) Nomination and Remuneration Policy

The Company's Nomination and Remuneration Policy for Directors, Key Managerial Personnel, and other employees can be accessed on the Company's website at <https://www.godrejindustries.com/investors/listing-compliance>. The Non-Executive Directors receive sitting fees in accordance with the provisions of the Companies Act, 2013.

On the recommendation of the Nomination and Remuneration Committee, the Board had framed a policy for selection and appointment of Directors, Senior Management and their remuneration. The details of the Board Appointment Policy are stated below:

Board Appointment Policy - Godrej Industries Limited (the "Company")

The Company is committed to equality of opportunity in all aspects of its business and does not discriminate on the grounds of nationality, race, colour, religion, caste, gender, gender identity or expression, sexual orientation, disability, age or marital status.

The Company recognises merit and continuously seeks to enhance the effectiveness of its Board. The Company believes that for effective corporate governance, it is important that the Board has the appropriate balance of skills, experience and diversity of perspectives.

Board appointments will be made on merit basis and candidates will be considered against objective criteria with due regard for the benefits of diversity on the Board. The Board believes that such merit-based appointments will best enable the Company to serve its stakeholders.

The Board will review this Policy on a regular basis to ensure its effectiveness.

Talent Management and Succession Planning

Our Company has a talent management process in place with an objective of developing a robust talent pipeline for the organization which includes the senior leadership team.

As part of our Talent Management Process called Total Talent Management, we identify critical positions and assess the succession coverage for them annually. During this process, we also review the supply of talent, identify high potential employees and plan talent actions to meet the organization's talent objectives. We continue to deploy leadership development initiatives to build succession for key roles.

Total Rewards Philosophy

The policy of your Company on director's appointment and remuneration of the Directors, Key Managerial Personnel and other employees including criteria for determining qualifications, positive attributes is stated below:

TOTAL REWARDS PHILOSOPHY GODREJ INDUSTRIES LIMITED (the "Company")

Our Total Rewards Framework aims at holistically utilizing elements such as fixed and variable compensation, long-term incentives, benefits and perquisites and non-compensation elements (career development, work life balance and recognition).

Highlights

The rewards framework offers flexibility to customize different elements, on the basis of need. It is also integrated with our performance and talent management processes and is designed to ensure sharply differentiated rewards for our best performers.

The total compensation for a given position is influenced by three factors: position, performance and potential. As a broad principle, for our high performers and potential employees, we strive to deliver total compensation between 66th to 75th percentile of the market for senior leadership.

Total Compensation

The total compensation has three components:

1. 'Fixed Compensation' comprises of basic salary and retirement benefits, like provident fund and gratuity.
2. 'Flexible Compensation' is a fixed pre-determined component of the compensation.
3. Variable Compensation consists of
 - Performance Linked Variable Remuneration - Rewards one for delivering superior business results and individual performance in the year. It is designed to provide significant upside earning potential without cap for over-achieving business results. It has a 'Collective' component, which is linked to the achievement of specified business results, measured by relevant metrics, relative to the target set for the given financial year and an 'Individual' component, based on the performance, as measured by the performance management process.
 - Long Term Incentives - These rewards select employees for their continued contribution to long term success of the company. These are granted in the form of ESGS (Employee Stock Grant Scheme) and other business performance linked long term incentives. ESGS grants are awarded to select senior employees basis criticality and performance.

The Sexual Harassment of Women at Workplace (Prevention, Prohibition, and Redressal) Act, 2013

We are dedicated to fostering an environment where employees can collaborate without facing any form of sexual harassment, exploitation, or intimidation. Our commitment to preventing sexual harassment at the workplace is reflected in the reinforcement of our existing policy. Each employee is briefed on the company's staunch stance against sexual harassment, emphasizing that such behaviour is not only unlawful but also contrary to the principles of our Godrej Industries Group.

To enhance awareness regarding workplace harassment, we have implemented an online training module accessible to all employees, along with in-person sessions conducted across our various facilities. These training sessions cover legislative updates, details regarding the Internal Complaints Committee, and procedures for addressing grievances. Further, we have amplified communication around anti-sexual harassment through other means like posters, emailers to drive awareness on a continued basis.

In line with legal requirements, we have 2 (Two) distinct committees—one overseeing the Head Office, Maharashtra factories, and branches across India, and the other specifically for the Valia factory in Gujarat. Ms. Divya Murthy presides over both committees. While the law applies primarily to female employees, our company policy extends protection to all employees and premises nationwide.

Our online platform 'Conduct' and our telephonic hotline run by Deloitte facilitate the reporting and tracking of complaints related to sexual harassment. There was 1(one) complaint filed during the review period. Further, we remain vigilant in our compliance efforts. As per Section 22 of the Sexual Harassment of Women at Workplace (Prevention, Prohibition, and Redressal) Act, 2013, the committee has prepared a report indicating one complaint received.

Directors' Responsibility Statement

The Board of Directors have laid down Internal Financial Controls within the meaning of the explanation to Section 134(5)(e) ("IFC") of the Companies Act, 2013. Operating Margin: The improvement in the Operating Margin for the Company was largely driven by the performance of the Chemicals Business. The Chemicals Business recorded a healthy volume growth of 13%, improved sales realization and added new customers and also delivered on supply chain efficiencies. All these factors led to the improved operating margin for the Chemicals Business and helped in the overall improvement in operating margins for the Company.

Net Profit Margin: Net profit margin of the Company improved significantly. This is mainly due to the strong business performance of the Chemicals Business and also due to the increase in Dividend income from Group Companies.

Return on Equity / Networth: The significant increase in operating margin and Net Profit Margin on account of the strong Chemicals Business performance and increased Dividend Income from Group Companies, has helped in improve the Return on Equity / Networth. Additionally, the market value of quoted investment stands at a very healthy ₹66,293 crore at the end of the fiscal year.

Return on capital employed: Significant increased Operating profit of Chemicals Division and dividend from group companies has increased the profitability of the Company. The capital employed of the Company has increased due to capital expense in Chemicals Division and strategic investment in subsidiary. Return on Capital employed has increased from 3.8% to 8.02%.

CHEMICALS DIVISION

We are a leading Chemical player, focused on green chemistry, with business operating in Oleo-Chemicals, Surfactants, Specialty Chemicals and Biotech products.

The Chemicals Business has invested significantly in enhancing its R&D and Innovation capabilities by hiring many experts across HPC, paints and coatings, Agrochemicals, Lubricants and Metal Working, and Food and Beverages space. The Chemicals Business has also significantly strengthened its commercial team to be able to build best in class relationships with its customers and provide unique solutions to their specific product and technical challenges.

The Chemicals Business has state-of-the-art manufacturing facilities at Ambernath (near Mumbai, Maharashtra) and Valia (Near Ankleshwar, Gujarat). Both our Manufacturing facilities at Valia and Ambernath are “**Responsible Care**” certified factories and are also recognized by the Union of Japanese Scientists & Engineers (JUSE) for 5S Workplace Management system. Additionally, our Valia Factory is a “**GreenCo Platinum**” certified factory. Both these manufacturing facilities have several certifications including **Kosher**.

During the year, our Chemicals Business acquired an Ethoxylation manufacturing facility at Kheda Gujarat, which will support the expansion of our portfolio for our focus segments. During the year, our Chemicals Business signed a Business Transfer Agreement for acquisition of a Food Additives business having a manufacturing facility at Goa. This business acquisition was completed in April 2025 and will help our Chemicals Business to expand our product offering to the Food and Beverages Segment. Both these business acquisitions are in line with our strategy and our commitment to grow in a profitable and sustainable manner. It will help us increase our basket of Specialty products and grow our specialty chemicals business.

Our Chemicals Business recorded a 13% increase in Sales Volume, recorded a Total Income of ₹3,392 crore, a growth of 26% and an Operating Profit (PBIT) of ₹361 crore, a growth of 42%. The Chemicals Business has a good global presence and exports to over 65 countries. In Fiscal Year 2024-25, the Chemicals Business recorded export sales of ₹ 960 crore, a growth of 24%. Our Exports now account for nearly a third of our overall sales.

The Chemicals Business is one of the largest consumers of Rapeseed oil and Palm based feedstocks. The Business has a robust procurement and risk mitigation framework to protect itself against market volatility in terms of price and availability.

PURPOSE

The most trusted global partner for green chemistries, creating value for our stakeholders and accelerating towards a sustainable future.

VISION

Evolve as a leading global oleochemicals and surfactants player, with a rapidly building specialty and biotech portfolio, driven by best-in-class manufacturing and sustainable practices across the value chain.

Delight customers with world class innovation and deep application expertise, delivering industry leading green solutions, taken to market personally and digitally.

All this executed by a highly engaged and expert team.

Let's review product category wise performance.

Oleochemicals

Our Oleochemicals products consist of Fatty Alcohol, Fatty Acids and Glycerin which has application in several end user industries like Home care, Personal care, Paints and Coatings, Oil and Gas, Food & Beverages, Pharma, Textiles, Industrial applications, etc.

Fatty Alcohol

Fatty Alcohol portfolio has a mix of mid chain and long chain Alcohols. It uses feedstock based on Palm oil and Rapeseed oil. Our Fatty Alcohols are used in Personal care products, Home and Industrial cleaning products, Pharmaceuticals, Textile Auxiliaries and several Industrial applications. Fatty alcohol contributes to 23% of the turnover of the division and a good share of it is from exports. The Fatty Alcohol portfolio did well despite supply chain challenges faced for imports and exports. Operating profit has significantly increased due to increased sales Volume, higher sales value realisation, strong demand and supply chain efficiencies.

Fatty Acids

Fatty Acid portfolio has Palm fatty acid-based products and Rapeseed oil based products. Our Fatty Acids are used in Home and Personal Care products, Food products, Rubber and Tyre Industry, Pharmaceuticals, Oil and Gas Industry, Textile Auxiliaries and several Industrial applications. Fatty acids contributes to 42% of the turnover of the division. Operating profit has significantly increased due to increased sales Volume, higher sales value realisation, strong domestic demand and supply chain efficiencies.

Glycerine

Glycerine is used in Pharmaceutical, Food products, Home and Personal Care products and other applications. Glycerine accounted for 5% of the turnover of this division. Demand for Glycerine in the country is higher than the domestic manufacturing capacities. This gap is filled up by import of Refined Glycerine. During the year, Glycerine had strong demand from across end user industry which led to better sales value realisation, resulting in healthy operating margins.

Surfactants

Surfactants portfolio has products based on Lauryl Alcohol like Sodium Lauryl Ether Sulphate (SLES), Sodium Lauryl Sulphate (SLS) and Alpha Olefin Sulfonate (AOS). Our Products find several applications across Industries ranging from Home and Personal Care to Polymers, Oilfields and Construction Chemicals. Our Surfactants portfolio contributes to 21% of the turnover of the Chemicals division. Demand from home and personal care industry remained stable in the current fiscal year. We enjoy product approvals from several multinational companies which helps us in participating in their Global Sourcing Programmes. Though the surfactants industry operates in a highly competitive space, our Surfactants Business did well and we recorded a 11% growth in volume.

Specialty Chemicals

Our range of Specialty Chemicals and Oleo Derivatives products include Emulsifying Waxes, Esters, Biocides, Secondary surfactants, other Specialty chemicals and ready blends. These products are crafted with a deep understanding of the varied needs of our customers and the latest consumer trends. We focus on delivering value by offering a broader range of alternatives and a bigger basket of product offerings. This portfolio accounted for 9% of the turnover of this division.

We are investing well by building manufacturing capacities, by business acquisitions and investing in people with focus on Applications and research. This portfolio has done well in the current fiscal year and recorded a volume growth of 13%.

Biotech

Our Biotech Product portfolio includes Bio-Surfactants made from renewable feedstocks. It is one of the most promising Glycolipids available. It combines green chemistry with customer needs and is produced biologically through fermentation using renewable vegetable oil feedstocks. Our Biotech products have application in Skin care, hair care, colour cosmetics, home care and agriculture. The Biotech portfolio is in early stages of growth, and we believe that this portfolio will grow exponentially in the future, forming an important part of this division.

Other Initiatives

For achieving the ambition of growing at a faster pace, your Company understands the importance of investing in Research and Innovation. Your Company has expanded the infrastructure at Nadir Godrej Centre for Science, Technology and Applications Research (NGSTAR), an 8,000 sq. ft. state-of-the-art center located at Ambernath, Maharashtra. The facility is well equipped with advanced analytical instruments, best-in-class safety features and an applications and microbiology lab, which will serve us well as we innovate and develop new and improved products and applications. It will also help us strengthen our green and sustainable product range, in line with our Green, Efficient and Milder (GEM) strategy. The facility has been built considering the end use industry in which our division will be catering to as a major supplier.

Your Company accords very high importance to safety and ensures that people and business processes are safe. Your Company has launched “**Aim for Zero**” a safety initiative to drive a safety-first environment at the factory. Our Valia and Ambernath Factory installed a fixed fall protection system that is helpful during tanker loading and unloading operations. Additionally, women employees at all our factories underwent a special firefighting training.

Your Company is committed to building a working environment which encourages Diversity and Inclusion. As part of our commitment to fostering diversity across all levels, Ambernath Factory has onboarded women employees in production operations. All necessary statutory and regulatory approvals have been granted and we have successfully integrated women into second and third shift operations as well. We will continue to onboard more women in different areas of our business and especially in manufacturing operations.

Your Company continues to focus on the use of renewable energy. We achieve this by use of biomass briquettes, Solar roof top, wind energy, and other initiatives. We also have a cogeneration plant which runs on biomass briquette & contributes to increase in our renewable energy as well as in GHG reduction.

Outlook

The outlook for our Chemicals Business looks very good. With the Business investing well in building manufacturing capacities, investing in people capabilities and technology and the Business strategy of driving volume growth playing out well, the growth potential of the business looks promising. The Business and the Company is placed well to benefit from the India growth story.

However, the Israel-Iran conflict (with US support to Israel), Russia-Ukraine war and the Israel-Gaza situation has created an environment of uncertainty in the global trade and business. The Trump-initiated US tariffs and certain policies which lead to non-tariff barriers will also impact international trade and relations. The India-Pakistan tensions continue and will have to be watched.

Finance and Investments

During the fiscal year, your Company continued to earn return from its investments in the form of Dividend of ₹732 crore (previous year ₹240 crore).

Godrej Capital Limited, a subsidiary of your Company, which operates in the housing finance and non-banking finance (NBFC) space through its subsidiaries is growing well and we see a strong potential for continued growth and profitability. Your Company has further invested ₹772 crore in Godrej Capital Limited during the fiscal year. Godrej Capital Limited is the Holding Company of Godrej Housing Finance Limited & Godrej Finance Limited.

Human Resource Development and Industrial Relations

Throughout the review period, positive industrial relations prevailed across all our manufacturing locations. Our ongoing commitment to workers' welfare was evident through the creation of a supportive work environment using various approaches. Proactive measures, including the Grievance Handling Mechanism, were implemented to address workers' diverse needs effectively. We accord the highest importance to safety and several awareness sessions are organised throughout the year.

In terms of Human Resource Development, initiatives were undertaken to engage employees and enhance their performance. We provided innovative learning platforms, utilizing both digital and classroom methods, to facilitate continuous growth and development. Concurrently, we prioritized the health and wellbeing of our workforce, organizing sessions and webinars focusing on mental and physical wellness. Efforts to strengthen our organizational culture were underscored by amplifying the voices of employees and stakeholders and undertaking necessary actions based on feedback.

Consistent and transparent leadership communication played a pivotal role in cultivating a high-performance culture throughout the year. Additionally, employee contributions were duly acknowledged and celebrated in various internal and external forums. These collective endeavors aimed to bolster employee motivation, enrich their experience, and ultimately drive exceptional business outcomes.

As of March 31, 2025, the total number of permanent employees in our Company was 1,148.

Policy to Prevent Sexual Harassment at the Work Place

We are dedicated to fostering an environment where employees can collaborate without facing any form of sexual harassment, exploitation, or intimidation. Our commitment to preventing sexual harassment at the workplace is reflected in the reinforcement of our existing policy. Each employee is briefed on the Company's staunch stance against sexual harassment, emphasizing that such behavior is not only unlawful but also contrary to the principles of our Godrej Industries Group.

To enhance awareness regarding workplace harassment, we have implemented an online training module accessible to all employees, along with in-person sessions conducted across our various locations. These training sessions cover legislative updates, details regarding the Internal Complaints Committee, and procedures for addressing grievances. Further, we have amplified communication around anti-sexual harassment through other means like posters, emailers to drive awareness on a continued basis.

In line with legal requirements, we have established two distinct committees—one overseeing the Corporate Office, Manufacturing locations in Maharashtra and branches across India, and the other specifically for the Valia factory in Gujarat. Ms. Divya Murthy presides over both committees. While the law applies primarily to female employees, our company policy extends protection to all employees and premises nationwide.

Our online platform 'Conduct' and our telephonic hotline run by Deloitte facilitate the reporting and tracking of complaints related to sexual harassment. There was one complaint filed during the review period. Further we remain vigilant in our compliance efforts. As per Section 22 of the Sexual Harassment of Women at Workplace (Prevention, Prohibition, and Redressal) Act, 2013, the committee has prepared a report indicating one complaint received.

Internal Control Systems and their Adequacy

Your Company has a proper and adequate system of Internal Controls, to ensure that all assets are safeguarded and protected against loss from unauthorized use or disposal and that transactions are authorized, recorded and reported correctly. Your Company's Corporate Audit and Assurance Department, issues well documented operating procedures and authorities with adequate built-in controls at the beginning of any activity and revised procedures, if there is any major change. The internal control is supplemented by an extensive programme of internal, external audits and periodic review by the management. The system is designed to adequately ensure that financial and other records are reliable for preparing financial information and other data and for maintaining accountability of assets. Corporate Audit & Assurance Department during the year, facilitated a review of your Company's risk management programme. The risks and mitigation measures were reviewed by your Company's Risk Committee and corrective measures initiated. During the year the Corporate Audit & Assurance Department carried out various reviews and provided assurance on compliances to lay down policies, processes and internal controls.

Information Security

In FY25, your Company continued to strengthen its Information Security framework by building upon the initiatives and progress made in previous years. The organization maintained its focus on key pillars such as employee awareness, digital risk management, and overall cybersecurity posture improvement. Regular awareness programs were conducted to ensure employees remain vigilant and informed about emerging threats, reinforcing a culture of security across the organization.

A key area of focus during the year was the enhancement of Data Leak Prevention (DLP) capabilities. Company invested in expanding and fine-tuning its DLP controls to prevent unauthorized sharing of sensitive information and to safeguard critical data assets more effectively. The organization also successfully completed the ISO 27001 audit to ensure continued certification, reaffirming its commitment to globally recognized information security standards and best practices.

To proactively assess and strengthen its security readiness, Company undertook a comprehensive red teaming activity. This simulated real-world cyberattack scenario helped identify potential vulnerabilities and provided actionable insights for strengthening defences. The findings were used to further mature the organization's incident response and threat mitigation strategies.

Company also continued to monitor and enhance its digital risk posture, with targeted initiatives aimed at improving the maturity of security processes, aligned with frameworks such as NIST. Consistent efforts were made to maintain a BitSight score of 800, reinforcing the organization's commitment to strong external risk ratings and third-party assurance.

These sustained and focused efforts reflect Company's unwavering dedication to cybersecurity excellence, ensuring that its security posture evolves in step with an increasingly complex and dynamic threat landscape.

Opportunities and Threats

With the India growth story playing out well and the Indian Chemicals sector being one of the sectors which can contribute to the India growth story, we see a good potential and opportunity of growth for your Company. Your Company which is a leading player in the oleochemicals and surfactants space and is rapidly building the specialty and biotech portfolio driven by best-in-class manufacturing and sustainable practices is well positioned in creating value for our stakeholders. With heightened awareness about the Planet and sustainable practices amongst the public and customers, your Company which focuses on delivering green solutions, building application expertise and having sustainable practices, could be in a position to positively impact the planet and grow in a profitable and sustainable manner.

The geo-political tensions due to the India-Pakistan situation, Russia-Ukraine war, Israel-Iran war (with US backing of Israel), Israel-Gaza situation and other tensions have created an environment of uncertainty in global trade and business. The Trump driven US tariffs and non-tariff barriers add to the global uncertainty. Due to the above, your company may face challenges in terms of exports, shipping and logistics.

Risks and Concerns

Your Company had put a risk management framework in place post a comprehensive review of its risk management process. The review involved understanding the existing risk management initiatives, zero-based identification and assessment of risks in our business as also the relative control measures and arriving at the desired counter measures keeping in mind the risk appetite of the organization. The Risk Committee has periodically reviewed the risks in the business and recommended appropriate risk mitigating actions.

The Commodity based businesses are likely to be affected by vagaries of the weather, demand for edible oil, oilseed production, etc. The business is exposed to commodity price risks relating to raw materials which account for the largest portion of the costs of Chemicals businesses.

The Chemicals business growth will also depend on the growth of end user industries like polymer, detergent, cosmetic and personal care. As a significant employer and chemicals producer, to ensure occupational safety, employment standards, production safety, and environmental protection, your Company maintains strict safety, health, environmental protection and quality control programs to monitor and control these operational risks.

Macro-economic factors including economic and political developments, natural calamities which affect the industrial sector generally would also affect the businesses of your Company. Legislative changes resulting in a change in the taxes, duties and levies, whether local or central, also impact business performance and relative competitiveness of the businesses.

Cautionary Statement

Some of the statements in this Management Discussion and Analysis Report describing the Company's objectives, projections, estimates and expectations may be 'forward looking statements' within the meaning of applicable laws and regulations. Actual results might differ substantially or materially from those expressed or implied. Important developments that could affect the Company's operations include a downtrend in industry, significant changes in political and economic environment in India and abroad, tax laws, import duties, litigation and labour relations.

Annexure D

Information pursuant to Section 134(3)(m) of the Companies Act, 2013, read with Rule 8 of the Companies (Accounts) Rules, 2014 in respect of Conservation of Energy, Technology Absorption and Foreign Exchange Earnings and Outgo for the Financial Year 2024-25

A. Conservation of Energy and Water

I. Steps taken or impact on conservation of energy and water:

Key initiatives undertaken at our Valia and Ambernath manufacturing sites:

1. We have optimized our water usage by recovering condensate from the Waste Heat Boiler (WHB) and utilizing it in the caustic scrubber for neutralizing SO_2/SO_3 gases. This initiative has replaced the previous requirement of 250 kg/hr of DM water, resulting in an annual saving of 1,468 m³ of DM water and reinforcing our commitment to water stewardship.
2. To meet additional steam demand, we installed a Waste Heat Boiler (WHB) that captures heat from the SO_2 to SO_3 conversion process. This generates 14 TPD of steam (3,606 MT annually), fully supporting the sulphur melter and hot water system. The initiative meets energy needs without burdening our main boilers.
3. To address the rising cost and reduced feasibility of green power generation using biomass briquettes, we replaced a 65 bar, 40 TPH backpressure condensing turbine. It meets the plant's 17 bar, 25 TPH steam requirement while generating 1 MW of power, contributing to a total of 3,790,444 kWh of green power and enhancing overall energy efficiency.
4. We commissioned a 120 KWp solar power project, reducing our reliance on traditional energy sources and enhancing our sustainability efforts. This initiative supports our goal of cleaner, more efficient energy use.
5. Optimization of the Regeneration Air Blower in the Air Dryer system—by reducing blower speed and regeneration temperature—led to a drop in power consumption from 110 to 94 amps. This adjustment-maintained process efficiency while saving 48,375 kWh of energy annually.
6. We optimized the Air Dryer cooling process by reducing the blower's cooling time by 10 minutes per cycle, saving 60 minutes daily. This adjustment resulted in an annual energy saving of 3,627 kWh.
7. To improve energy efficiency and reduce equipment stress, we trimmed a pump impeller by 5%, reducing current from 38 to 32-33 amps without affecting process needs. This led to annual energy savings of 4,837 kWh.
8. We replaced conventional stretch film packaging with reusable lashing belts for securing materials. This sustainable shift has resulted in a reduction of 3.23 MT of plastic stretch film usage annually.

II. Steps taken by the company to utilize alternate sources of energy:

Our efforts to increase our renewable energy portfolio include utilization of manufacturing by-products in energy production, use of biomass briquettes instead of Natural gas and Solar energy. In 2024-25, close to 64% of energy we consumed has been derived from renewable sources. Use of Solar energy in the form of solar roof top and use of pitch as fuel in place of furnace oil continues.

We also have our windmills in the State of Maharashtra, and we are wheeling our wind energy for our Ambernath plant.

Material Conservation

We reduced our dependence on imported catalysts by adopting Indigenous Copper Chromite Catalyst in the Crude Alcohol Synthesis plant, achieving substantial material conservation.

We also efficiently decreased the specific consumption of Nickel Catalyst in fatty acid hydrogenation and Copper Chromite Catalyst in Crude Alcohol Plant, optimizing resource usage.

III. Capital Investment on Energy Conservation Equipments:

Your Company made capital investments amounting to ₹5.14 crore during the Financial Year 2024-25 on energy conservation equipments.

B. Technology Absorption

I. Efforts made towards Technology absorption / Specific areas in which R&D is carried out by the Company:

During the year under review, Research & Development efforts in the following areas strengthened our Company's operations through technology absorption, adaptation and innovation:

- Biosurfactants & Other Surfactants (e.g. ALS).
- Enzymatic processes.
- Probiotics.
- Glycerin & its ester derivatives for various applications.
- Applications development and Performance Evaluation: Benchmarking for new products marketed and performance evaluation support for the existing product range.
- Derivatives of Fatty acids and Fatty alcohols, designed for Personal and Home care industries.
- Derivatives of Fatty acids and Glycerine for Metal working Fluids, Refining and Lube industry.
- Derivatives of Fatty acids, Ethoxylates and phosphate-based application in Industrial applications.
- Customer Centric support for Home, Personal and Oral Care Products, as well as Metal working fluid and lubricant applications.

II. Benefits derived like product improvement, cost reduction, product development or import substitution

Benefits derived as a result of the above R&D:

- Manufacture of high value, fractionated fatty acids and fatty alcohols, specifically for the Metal working fluids, Lubricant, Home & Personal care applications.
- Value added fatty alcohol and fatty acid derivatives commensurate the newer market trends, so as to enter niche markets and wider applications.
- Understanding the impact of raw material quality and manufacturing process on the quality of the finished goods.

III. In the case of imported technology (imported during the last three years reckoned from the beginning of the financial year):

The Company has not imported any technology during the last 3 (three) years.

IV. Future Plan of Action:

- Value-added chemicals, derived from Glycerin, Fatty Acids and Fatty Alcohols that would cater to Industries Manufacturing, Food & Beverage, Agrochemicals, Oil & Gas, Metal Working Fluids and Lubricants, Paints & Coatings and other industrial applications.
- Alternate, Sustainable and Differentiated Feedstocks.
- Continuous optimization of processes for existing products following Principles of Green Chemistry.
- Develop new products through Enzymatic or Fermentation Process.
- Exploring greener ingredients for thermal energy management and its applications.
- New Technology platforms to be developed with advanced technologies like Ozonolysis, Flow Chemistry, etc.
- Establishing deep application expertise in Food & Beverages, Agrosience, Metal working fluids and Lubricants, Paints & Coatings, Oil and Gas.

V. Expenditure on R&D:

CONSOLIDATED FINANCIAL STATEMENTS

Independent Auditor's Report

To the Members of
Godrej Industries Limited

Report on the Audit of the Consolidated Ind-AS Financial Statements

Opinion

We have audited the accompanying Consolidated Ind-AS Financial Statements of **GODREJ INDUSTRIES LIMITED** (hereinafter referred to as 'the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), its associates and its joint ventures, which comprise the Consolidated Balance Sheet as at March 31, 2025 and the Consolidated Statement of Profit and Loss (including other Othe Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and Notes to the Consolidated Ind-AS Financial Statements including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind-AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of the other auditors referred to in the Other Matters paragraph below, the aforesaid consolidated Ind-AS financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind-AS") and with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its associates and its joint ventures as at March 31, 2025, and of its consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143 (10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Ind-AS Financial Statements* section of our report. We are independent of the Group, its associates and its joint ventures in accordance with the ethical requirements that are relevant to our audit of the consolidated Ind-AS financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained along with the consideration of audit reports of the other auditors referred to in paragraphs in the 'Other Matters' section below, is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment were of most significance in our audit of the consolidated Ind-AS financial statements of the current period. These matters were addressed in the context of our audit of the consolidated Ind-AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Description of Key Audit Matters

Revenue recognition from sale of goods

(refer note 2.18 and 29 to the consolidated Ind-AS financial statements)

Key Audit Matter	How the matter was addressed in our audit
In case of the Holding Company, as per IND AS 115 - 'Revenue from Contracts with Customers' revenue is recognized on transfer of control of goods or services to a customer, which is on dispatch / delivery as per the terms of contracts, at an amount that reflects the consideration to which the Company is expected to be entitled to in exchange for those goods or services. Revenue recognition includes determination of pricing, effect of discounts, sales returns and adjustments for freight reimbursements.	Our audit procedures to assess revenue recognition from sale of goods included the following: - Assessed the compliance of the revenue recognition accounting policies by comparing with Ind AS 115 - "Revenue from Contracts with Customers". - Understood and evaluated the design implementation and tested the operating effectiveness of key controls relating to revenue recognition.

Independent Auditor's Report

Description of Key Audit Matters (Continued)

Key Audit Matter	How the matter was addressed in our audit
Due to the significance of the area and the risk of revenue being fraudulently overstated through manipulation on the timing of transfer of control, revenue recognition is considered as a key audit matter.	- Tested the design, implementation and operating effectiveness of the Company's key General Information Technology (IT) controls and key IT application controls over the Company's systems for revenue recognition, by involving our IT specialists. - Tested sales transactions on a sample basis by comparing the underlying sales invoices, sales orders, dispatch and delivery documents to assess whether revenue was recognized appropriately. - Tested the timing of recognition of revenue including performing cut-off procedures, to determine whether the same is in line with the terms of contracts. - Examined manual journal entries posted to revenue to identify any unusual or irregular items.

Revenue recognition from agri-business

(refer note 2.18 and 29 to the consolidated Ind-AS financial statements)

Key Audit Matter	How the matter was addressed in our audit
Certain of the Holding Company's subsidiaries recognises revenue from sale of goods when control of the goods has been transferred and when there are no longer any unfulfilled obligations to the customer. Depending on the contractual terms with the customers, this can be either at the time of dispatch or delivery of goods. The subsidiaries have large number of customers and the sales contracts with customers have different terms relating to transfer of control of underlying goods and the right of return. Recognition of revenue from sale of products is identified as a key audit matter because: The subsidiaries and its external stakeholders focus on revenue as a key performance indicator. This could create an incentive for higher revenue to be recognised throughout the period (including period end), i.e. before the control of underlying goods have been transferred to the customer; and Estimation of accrual for sales returns, particularly in the crop protection segment involves significant judgement.	Audit procedures performed by the auditors of the subsidiaries included following: - Assessing the subsidiaries' accounting policies in respect of revenue recognition by comparing with applicable accounting standards; - Evaluating the design and implementation, testing the operating effectiveness of the subsidiaries' internal controls over recognition of revenue on selected samples of transactions; - Perform substantive testing and cut-off testing throughout the period (including period end), by selecting samples using statistical sampling of revenue transactions recorded during the year and verifying the underlying documents, which included sales invoices, dispatch documents and proof of delivery, depending on the terms of contracts with customer; - Examining journal entries posted to revenue to identify unusual or irregular items; - Evaluating the design and testing the implementation and operating effectiveness of the internal controls over accrual for sales returns, in crop protection segment; - Checking completeness and accuracy of the data used for accrual of sales returns, in crop protection segment by verifying the historical data with underlying books of accounts. - Examining historical trend of sales return claims to assess the assumptions and judgements used in accrual of sales returns adjusted to market conditions in crop protection segment. Comparing historically recorded accruals to the actual amount of sales returns. - Performing overall reconciliation of cash and debtors to sales recognized during the year for one of the subsidiary. - Evaluating adequacy of disclosures given in the consolidated financial statements.

Description of Key Audit Matters (Continued)

Revenue recognition from sale of residential and commercial units

(refer notes 2.19, 29 and 57 to the consolidated Ind-AS financial statements)

Key Audit Matter	How the matter was addressed in our audit
Certain of the Holding Company's subsidiaries' revenue streams involve sale of residential, commercial units and plots and other lands representing substantial portion of the total revenue from operations of the Group. Revenue is recognised post transfer of control to customers for the consideration (transaction price) which the subsidiaries expects to receive in exchange for those units. The trigger for revenue recognition is normally completion of the project or receipt of approvals on completion from relevant authorities post which the contract becomes non-cancellable in accordance with the requirements of Ind AS 115 using percentage of completion method. The subsidiaries record revenue, over time till the actual possession to the customers, or on actual possession to the customers, as determined by the terms of contract with customers. Measurement of revenue recorded over time which is dependent on the estimates of the costs to complete. Revenue recognition involves significant estimates related to measurement of costs to complete for the projects. Revenue from projects is recorded based on the subsidiaries' assessment of the work completed, costs incurred and accrued and the estimate of the balance costs to complete. Considering the significant estimate involved in measurement of revenue and risk of revenue being recognised in an incorrect period, revenue recognition is considered as a key audit matter.	Audit procedures performed by the auditors of the subsidiaries included following: - Obtaining and understanding revenue recognition process including identification of performance obligations and determination of transfer of control of the asset underlying the performance obligation to the customer. - Evaluating the design and implementation and testing operating effectiveness of key internal controls around approvals of contracts, milestone billing, intimation of receipt of occupation certificate, recording of project cost and controls over collection from customers. - Evaluating the accounting policies adopted by the subsidiaries for revenue recognition to check those are in line with the applicable accounting standards and their consistent application to the significant sales contracts. - Testing timeliness of revenue recognition by comparing individual sample sales transactions to underlying contracts. - Conducting site visits during the year for selected projects to understand the scope, nature and progress of the projects. - Evaluating revenue overstatement by assessing Group's key judgments in interpreting contractual terms. Determining the point in time at which the control is transferred by evaluating subsidiaries' in-house legal interpretations of the underlying agreements i.e. when contract becomes non- cancellable. - Requesting confirmations, on a sample basis for trade receivables and advances from customer. In case of non-receipt of confirmations, alternative procedures have been performed by comparing details with contracts, collection details and other underlying project related documentation. - Assessing the costs incurred and accrued to date on the balance sheet by examining underlying invoices and signed agreements on a sample basis. Assessing contract costs to check no costs of revenue nature are incorrectly recorded in the balance sheet. - Comparing, on a sample basis, revenue transactions recorded during the year with the underlying contracts, progress reports, invoices raised on customers and collections in bank accounts. Also, checked the related revenue had been recognised in accordance with the subsidiaries' revenue recognition policies.

Revenue recognition from sale of residential and commercial units (Continued)

Key Audit Matter	How the matter was addressed in our audit
	- Comparing the costs to complete workings with the budgeted costs and inquiring for variance. - Sighting internal approvals, on sample basis, for changes in budgeted costs along with the rationale for the changes. - Scrutinising the revenue journal entries raised throughout the reporting period and comparing details of a sample of these journals, which met certain risk-based criteria, with relevant underlying documentation. - Considering the adequacy of the disclosures in the consolidated financial statements in respect of the judgments taken in recognising revenue for residential, commercial units and plotted and other lands in accordance with Ind AS 115.

Investments in joint ventures and an associate and loans to joint ventures

(refer note 2.11, 4a, 4b and 14 to the consolidated Ind-AS financial statements)

Key Audit Matter	How the matter was addressed in our audit
Recoverability of investments in joint ventures and an associate The Group's investments in joint ventures and an associate are either carried at fair value or cost less any diminution in value. The investments are assessed for impairment at each reporting date. The impairment assessment involves the use of estimates and judgements. The identification of impairment event and the determination of an impairment charge also require the application of significant judgement by the Group. The judgement, in particular, is with respect to the timing, quantity and estimation of projected cash flows of the real estate projects in these underlying entities. In view of the significance of these investments, valuation / impairment of investments in joint ventures and an associate has been considered as a key audit matter. Recoverability of Loans to Joint Ventures The Group has extended loans to joint ventures. These are assessed for recoverability at each period end. Due to the nature of the business in the real estate industry, the Group is exposed to heightened risk in respect of the recoverability of the loans granted to its joint ventures. In addition to nature of business, there is also significant judgment involved as to the recoverability of the working capital and project specific loans. This depends on property developments projects being completed over the time period specified in agreements. In view of the significance of these loans, valuation / impairment of loans given to joint ventures is considered to be a key audit matter.	Audit procedures performed by the auditors of the subsidiaries included following: Recoverability of investments in joint ventures and an associate - Evaluating design and implementation and testing operating effectiveness of controls over the subsidiaries' process of impairment assessment and approval of forecasts. - Assessing the valuation methods used, financial position of the joint ventures and an associate to identify excess of their net assets over their carrying amount of investment by the subsidiaries and assessing profit history of those joint ventures and an associate. - For the investments where the carrying amount exceeded the net asset value, understanding from the subsidiaries regarding the basis and assumptions used for the projected profitability. - Verifying the inputs used in the projected profitability. - Testing the assumptions and understanding the forecasted cash flows of joint ventures and an associate based on our knowledge of the subsidiaries and the markets in which they operate. - Assessing the comparability of the forecasts with historical information. - Analysing the possible indications of impairment and understanding subsidiaries' assessment of those indications. - Considering the adequacy of disclosures in respect of the investments in joint ventures and an associate.

Independent Auditor's Report

Description of Key Audit Matters (Continued)

Investments in joint ventures and an associate and loans to joint ventures (Continued)

Key Audit Matter	How the matter was addressed in our audit
	Recoverability of Loans to Joint Ventures - Evaluating the design and implementation and testing operating effectiveness of key internal controls placed around the impairment assessment process of the recoverability of the loans. - Assessing the net worth of joint ventures on the basis of latest available financial statements. - Assessing the controls for grant of new loans and sighting the Board approvals obtained. Testing of subsidiaries' assessment of the recoverability of the loans, which includes cash flow projections over the duration of the loans. These projections are based on underlying property development appraisals. - Tracing loans advanced / repaid during the year to bank statement. - Obtaining independent confirmations to assess completeness and existence of loans given to joint ventures as on March 31, 2025.

Assessment of impairment of Goodwill and intangible assets

(refer note 2.3, 3c and 42 to the consolidated Ind-AS financial statements)

Key Audit Matter	How the matter was addressed in our audit
In case of certain of the Holding Company's subsidiaries, the Goodwill and intangible assets with indefinite useful lives is recognised pursuant to business acquisitions. Management performs an annual impairment testing for Goodwill and intangible assets having indefinite useful lives or more frequently, if events or changes in circumstances indicate that they might be impaired. The goodwill and intangible assets are attributable to cash generating units and is tested for impairment using a value in use model. Impairment evaluation of Goodwill and intangible assets having indefinite useful lives by management involves significant estimates and judgement, due to the inherent uncertainty involved in forecasting and discounting future cash flows. Accordingly, this is considered as a key audit matter.	Audit procedures performed by the auditors of the subsidiaries included following: - Assessing the subsidiaries' accounting policy for impairment of goodwill and intangible assets with indefinite useful lives with applicable accounting standards; - Testing the design, implementation and operating effectiveness of key controls placed around the impairment assessment process of goodwill and intangible assets; - Obtaining and assessing the valuation working prepared by the management for its impairment assessment; - Involving valuation specialists to assist in the evaluation of assumptions such as discount rate, growth rate etc. in estimating projections, cash flows and methodologies used by the subsidiaries; - Comparing the current year's performance with the projections used in previous year; - Assessing the sensitivity of the outcome of impairment assessment to changes in key assumptions; and - Assessing the adequacy of disclosures in respect of such goodwill and intangible assets in accordance with the accounting standards.

Assessment of impairment of Goodwill - Investment Company

(refer note 42 to the consolidated Ind-AS financial statements)

Key Audit Matter	How the matter was addressed in our audit
One of the Holding Company's subsidiary auditor has goodwill of ₹ 294.50 crore as at March 31, 2025 which represents goodwill acquired through business combination and allocated to cash generating unit of the subsidiary. A cash generating unit to which goodwill has been allocated and to which intangible assets belong to is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. Impairment of goodwill is determined by assessing the recoverable amount of each cash generating unit to which these assets relate. Due to the significance of the carrying value of goodwill and judgment involved in performing impairment test, this matter was considered significant to our audit.	Our audit procedures included the following: - Obtained an understanding of the process followed by the management to determine the recoverable amounts of cash generating units to which the goodwill and intangible assets pertain to; - We compared the future operating cash flow forecasts with the approved business plan and budgets; - Evaluated the objectivity and independence of the specialists engaged by the Subsidiary and reviewed the valuation reports issued by such specialists; - Evaluated the model used in determining the value in use of the cash generating units; - Tested the arithmetical accuracy of the computation of recoverable amounts of cash generating units; - We also assessed the disclosures provided by the Group in relation to its annual impairment test in note 42 to the financial statements.

Impairment of financial assets as at the balance sheet date (Expected Credit Loss) – Housing Finance business

(refer note 2.11, 6 and 14 to the consolidated Ind-AS financial statements)

Key Audit Matter	How the matter was addressed in our audit
One of the Holding Company's subsidiary auditor has determined that the allowance for Expected Credit Loss (ECL) on loan and advances assets has a high degree of estimation uncertainty, with a potential range of reasonable outcomes for the financial statements. Ind AS 109 requires the Company to provide for impairment of its loans and advances (designated at amortised cost and fair value through other comprehensive income) using the expected credit loss (ECL) approach. ECL involves an estimation of probability-weighted loss on financial instruments over their life, considering reasonable and supportable information about past events, current conditions, and forecasts of future economic conditions which could impact the credit quality of the Company's loans and advances. In the process, significant degree of judgement has been applied by the management which are : - Grouping of borrowers based on homogeneity by using appropriate statistical techniques; - Staging of Loans - In absence of sufficiently long history and adequate number of defaults in company's own data, estimation of Probability of default (PD) is carried out using Logistic Regression model using a Bureau data obtained from Experian on a lookalike portfolio considering various factors like Ticket Size, Location, Age, Peer Institution. - Determination of Loss Given Default (LGD) and Exposure at Default (EAD). In view of requirement of several data inputs and high management judgements in estimation of ECL, it is a key audit matter.	Audit procedures performed by the auditors of the subsidiary included following: - Understood and assessed the Company's accounting policies for impairment of financial assets and their compliance with Ind AS 109 and the governance framework approved by the Board of Directors pursuant to Reserve Bank of India guidelines. - Discussed with the management and evaluated the reasonableness of the management estimates by understanding the process of ECL estimation and related assumptions including factors that affect the PD, LGD and EAD and tested the controls around data extraction and validation. - Reconciled the total loans considered for ECL assessment with the books of accounts to ensure the completeness. - Tested categorization of loan portfolio into different segments. - Tested the arithmetical accuracy of computation of ECL provision. - Assessed disclosures included in the financial statements in respect of expected credit losses.

Impairment of financial assets as at the balance sheet date (Expected Credit Loss) – business in respect of loan against property

(refer note 2.11, 6 and 14 to the consolidated Ind-AS financial statements)

Key Audit Matter	How the matter was addressed in our audit
One of the Holding Company's subsidiary auditor has determined that the allowance for Expected Credit Loss (ECL) on loan and advances assets has a high degree of estimation uncertainty. As per Ind AS 109, "Financial Instruments", allowance for loan losses are computed using expected credit loss ('ECL') estimation model. The estimation of ECL on financial instruments involves significant judgement and estimates. The key areas where we identified greater levels of management judgement and therefore increased levels of audit focus are: - The application of ECL model requires several data inputs. This increases the risk of completeness and accuracy of the data that has been used to create assumptions in the model. - Judgmental models are used to estimate ECL which involves determining Probabilities of Default ("PD"), Loss Given Default ("LGD"), and Exposures at Default ("EAD"). The PD and the LGD are the key drivers of estimation complexity in the ECL and as a result are considered significant judgmental aspect of the Company's modelling approach. - Ind AS 109 requires the Company to measure ECL on an unbiased forward - looking basis reflecting a range of future economic conditions. Significant management judgement is applied in determining the economic scenarios used and the probability weights applied to them. As a part of risk assessment, subsidiary auditor determined risk assessment, we determined that the impairment of loans and advances to customers, has a high degree of estimation uncertainty, with a potential range of reasonable outcomes greater than our materiality for the Financial Statements as a whole and hence they have identified this as a Key Audit Matter.	Audit procedures performed by the auditor of the subsidiary included following: - Reviewed the Board approved ECL Policy concerning the assessment of credit and other risks. - Obtained an understanding of the modelling techniques adopted by the Company including the key inputs and assumptions. - Tested controls placed for key inputs, data and assumptions impacting ECL calculations to assess the completeness, accuracy and relevance of data and reasonableness of economic forecasts, weights, and model assumptions applied. - Performed the following substantive procedures on sample of loan assets: - tested appropriateness of staging of borrowers based on DPD and other loss indicators. - tested the arithmetical accuracy of the ECL computation by using the same input data as used by the Company. - verified the completeness and adequacy of the disclosures made in the financial statements and ensured compliance with Ind AS. Obtained written representations from management on whether they believe significant assumptions used in calculation of expected credit losses are reasonable.

Information Technology ("IT") Systems and Controls – Housing Finance & Loan against property business

Key Audit Matter	How the matter was addressed in our audit
In case of two of the Holding Company's subsidiaries, financial accounting and reporting processes are fundamentally reliant on IT systems and IT controls to process significant voluminous transactions. IT environment controls, which include IT governance, general IT controls over program development and changes, access to programs and data and IT operations, are required to be designed and to operate effectively to ensure reliable financial reporting. Hence, IT systems and IT general controls (ITGC) are identified as a key audit matter for the Company.	Audit procedures performed by the auditors of those subsidiaries included following: - Tested the design and operating effectiveness of the Company's IT access controls over the IT applications that are important to financial reporting and other identified application controls. - Obtained an understanding of subsidiary's Key IT applications, databases and operating systems. - Tested IT general controls (logical access, changes management and aspects of IT operational controls). This included testing requests for access to systems were reviewed and authorized. - Tested the company's periodic review of access roles, user id deactivation.

Information Technology ("IT") Systems and Controls – Housing Finance & Loan against property business (Continued)

Key Audit Matter	How the matter was addressed in our audit
	- Reviewed the IS policy. - Tested compensating controls and performed alternate procedures, whenever necessary. - Review of reports of information security audits conducted by the subsidiary company either internally or through external experts. - Tested the accuracy of the information produced by the Company's key IT systems/applications. - Tested compliance with the requirements relating to 'Audit Trail' under 'the Companies Act, 2013'. - Performed various techniques such as inquiry, review of documentation/ record/ reports and observation, for the purpose of IT review.

Information Other than the Consolidated Ind-AS Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Business Responsibility and Sustainability Report, Report on Corporate Governance and shareholders' information, but does not include the consolidated Ind-AS financial statements and our auditors' report thereon.

Our opinion on the consolidated Ind-AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated Ind-AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated Ind-AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Ind-AS Financial Statements

The Holding Company's Board of Directors are responsible for the preparation and presentation of these consolidated Ind-AS financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group, its associates and joint ventures, in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act. The respective Board of Directors of the companies/Designated Partners of limited liability partnerships(LLP) included in the Group and its associates and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company/LLP and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind-AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind-AS financial statements by the Board of Directors of the Holding Company, as aforesaid.

In preparing the consolidated Ind-AS financial statements, the respective Board of Directors of the companies / Designated Partners of the LLPs included in the Group, its associates and joint ventures are responsible for assessing the ability of each company / LLPs to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors / Designated Partners either intends to liquidate the company/ limited liability partnerships or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies/Designated Partners of the LLPs included in the Group, its associates and joint ventures are responsible for overseeing the financial reporting process of the Group, its associates and joint ventures.

Independent Auditor's Report

Auditor's Responsibilities for the Audit of the Consolidated Ind-AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated Ind-AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind-AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company, its subsidiaries, its associate and its joint ventures which are incorporated in India, has adequate internal financial controls with reference to the consolidated Ind-AS financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group, its associates and its joint ventures to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Ind-AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group, its associates and its joint ventures to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated Ind-AS financial statements, including the disclosures, and whether the consolidated Ind-AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group, its associates and joint ventures to express an opinion on the consolidated Ind-AS financial statements. We are responsible for the direction, supervision and performance of the audit of the consolidated Ind-AS financial information/statements of such entities included in the consolidated Ind-AS financial statements of which we are the independent auditors. For the other entities included in the consolidated Ind-AS financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in paragraphs (a) and (b) of the 'Other Matters' section below in this audit report.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of the users of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated Ind-AS financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Independent Auditor's Report

Auditor's Responsibilities for the Audit of the Ind-AS Consolidated Financial Statements (Continued)

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated Ind-AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- a. The consolidated Ind-AS financial statements includes the audited financial statements of one branch in United Kingdom, whose financial statements reflect total assets of ₹ 0.16 crore as at March 31, 2025, total revenue of ₹ Nil and total net (loss) after tax ₹ (1.56) crore for the year ended March 31, 2025, before giving effect to consolidation adjustments as considered in the consolidated Ind-AS financial statements, which has been audited by its branch auditor. The branch auditor's report on the financial statements of this branch has been furnished to us by the Management. Our opinion on the Consolidated Financial Results, in so far as it relates to the amounts and disclosures included in respect of this branch, is based solely on the report of such auditor.
- b. The consolidated Ind-AS financial statements include the audited financial statements of fifty subsidiaries, whose financial statements reflect Group's share of total assets (before consolidation adjustments) of ₹ 78,759.22 crore as at March 31, 2025, total revenues (before consolidation adjustments) of ₹ 15,787.16 crore, total net profit after tax (before consolidation adjustments) of ₹ 2,023.44 crore and net cash inflows (before consolidation adjustments) of ₹ 734.86 crore for the year ended March 31, 2025, respectively, as considered in the consolidated Ind-AS financial statements, which have been audited by their respective independent auditors. associates and joint ventures incorporated in India to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiaries, associates and joint ventures incorporated in India ("Ultimate Beneficiaries") or provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

- b) to the best of their knowledge and belief, no funds have been received by the Holding Company or any such subsidiaries, associates and joint ventures incorporated in India from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any such subsidiaries, associates and joint ventures incorporated in India shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) of the Rules as provided under (iv)(a) and (iv)(b) above, contain any material misstatement.

- j) The dividend paid during the year by one subsidiary of the Group and one associate is in accordance with section 123 of the Act, as applicable.

The Board of Directors of one subsidiary company have proposed final dividend for the year which is subject to the approval of the members at respective ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.

The Holding Company and its other subsidiary companies, associate companies and joint venture companies incorporated in India neither declared nor paid any dividend during the year.

- k) Based on our examination which included test checks and that performed by the respective auditors of the subsidiary, associate and joint venture companies, incorporated in India whose financial statements have been audited under the Act, except for instances mentioned below, the Holding Company, its subsidiaries, associate and joint venture companies incorporated in India whose financial statements have been audited under the Act, have used an accounting software for maintaining its books of account, which along with access management tool, as applicable, have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in respective softwares.
 - i. In respect of twenty two subsidiary companies and eleven joint venture companies, the feature of recording audit trail (edit log) facility was not enabled at the database level to log any direct data changes for accounting software used for maintaining general ledger from April 01, 2024 to March 12, 2025.
 - ii. In respect of eight subsidiary companies and six joint venture companies, in the absence of reporting on the audit trail feature in the independent auditor's report for the database level of a third party accounting software used for maintaining the books of accounts relating to revenue, trade receivables, and other related accounts, the respective auditors of that those subsidiaries are unable to comment on whether the feature of recording audit trail (edit log) facility was enabled at the database level for the period from April 01, 2024 to March 31, 2025.
 - iii. In respect of one subsidiary, an accounting software used for maintaining the books of accounts relating to revenue and trade receivables, given that the access management tool was implemented from September 06, 2024, the details of audit trail (edit log) was not enabled at the database level for the period from April 01, 2024 to September 05, 2024.
 - iv. In respect of one subsidiary, in the absence of reporting on the audit trail feature in the independent auditor's report of a service organization for accounting software used for maintaining the books of account relating to revenue, trade receivables, and other related accounts, which is operated by a third party software service provider, the auditor of that subsidiary is unable to comment whether audit trail feature of the said softwares was enabled and operated throughout the year for all relevant transactions recorded in the software.

Independent Auditor's Report

Report on Other Legal and Regulatory Requirements (Continued)

- v. In respect of one subsidiary, the feature of recording audit trail (edit log) facility was not enabled at the database level to log any direct data changes for the accounting software used for maintaining the books of account relating to general ledger till March 12, 2025.
- vi. In respect of one subsidiary in the absence of reporting on the audit trail feature in the Independent Auditor's Report for the database level of a third party accounting software used for maintaining general ledger, the respective auditor of that subsidiary was unable to comment on whether the feature of recording audit trail (edit log) facility was enabled at the database level to log any direct data changes and whether there were any instances of the audit trail feature being tampered with for the period from August 03, 2024 to March 31, 2025.
- vii. In respect of one subsidiary company, the feature of recording audit trail was not enabled for changes performed by privileged users at the application level for certain records.
- viii. In respect of two subsidiary companies, in case of one software where the feature of recording audit trail was not enabled for changes performed by privileged users at the application level for certain records.

Further, where audit trail (edit log) facility was enabled and operated for the period / throughout the year for the respective accounting softwares, we and respective auditors of the above referred subsidiary companies, associate companies and joint venture companies did not come across any instance of audit trail feature being tampered with.

Additionally, where audit trail (edit log) facility was enabled and operated for the year, the audit trail has been preserved by the Holding Company, subsidiary companies, associate companies and joint venture companies as per the statutory requirements for record retention except for the logs generated within access management tool for eleven subsidiary companies and six joint venture companies, as reported by those respective auditors in their audit reports.

- I) With respect to the matter to be included in the Auditor's Report under Section 197 (16) of the Act, as amended, in our opinion and according to the information and explanations given to us and based on the reports of the statutory auditors of such subsidiary companies, associate companies and joint venture companies incorporated in India which were not audited by us, the remuneration paid during the current year by the Holding Company and its subsidiary companies, associate companies and joint venture companies incorporated in India, to its directors is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Holding Company and its subsidiary companies, associate companies and joint venture companies incorporated in India is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Independent Auditor's Report

Annexure B to the Independent Auditors' Report

The Annexure referred to in Paragraph 2 (h) under 'Report on Other Legal and Regulatory Requirements' of our Independent Auditor's Report to the members of the Holding Company on the consolidated Ind-AS financial statements for the year ended March 31, 2025:

Report on the Internal Financial Controls with reference to the aforesaid consolidated Ind-AS financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind-AS financial statements of **GODREJ INDUSTRIES LIMITED** ("the Holding Company") and its subsidiaries, its associates and its joint ventures as of and for the year ended March 31, 2025, we have audited the internal financial controls with reference to consolidated Ind-AS financial statements of the Holding Company and have consolidated the reporting on internal financial controls with reference to financial statements of its subsidiaries, associates and joint venture companies incorporated in India, which have been furnished to us by the Management for our reporting on consolidated Ind-AS financial statements as of that date.

Management's Responsibility for Internal Financial Controls

The respective company's Board of Directors are responsible for establishing and maintaining internal financial controls with reference to consolidated Ind-AS financial statements based on the criteria established by the respective company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated Ind-AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated Ind-AS financial statements, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated Ind-AS financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated Ind-AS financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated Ind-AS financial statements included obtaining an understanding of internal financial controls with reference to consolidated Ind-AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated Ind-AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the relevant subsidiary companies, associate companies and joint venture companies in terms of their audit reports referred to in Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated Ind-AS financial statements.

Meaning of Internal Financial Controls with reference to consolidated Ind-AS financial statements

A company's internal financial control with reference to consolidated Ind-AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated Ind-AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated Ind-AS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated Ind-AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures

Independent Auditor's Report

Annexure B to the Independent Auditors' Report (Continued)

of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with reference to consolidated Ind-AS financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated Ind-AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated Ind-AS financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated Ind-AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and based on the consideration of the audit reports of the other auditors on internal financial controls with reference to Standalone/Consolidated Financial Statements of its subsidiary companies, its associate companies and its joint venture companies, the Holding Company and such companies incorporated in India which are its subsidiary companies, its associate companies and its joint venture companies, have, in all material respects, adequate internal financial controls with reference to consolidated Ind-AS financial statements and such internal financial controls were operating effectively as at March 31, 2025, based on the internal financial controls with reference to consolidated Ind-AS financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated Ind-AS financial statements in so far as it relates to twenty nine subsidiary companies, one associate company and twelve joint venture companies, which are companies incorporated in India, is based on the corresponding audit reports of the auditors of such companies incorporated in India.

Our opinion is not modified in respect of the above matter.

Notes to the Consolidated Financial Statements

Note 1

1.1 Group Overview

Godrej Industries Limited ("the Company") including its Subsidiaries, and interests in Joint Ventures, Associates and Limited Liability Partnerships (collectively referred to as "the Group"), is engaged in the business of Chemicals, Agri Inputs, Estate and Property Development, Hospitality, Vegetable Oil, Finance and Investments, Dairy, Animal Feeds, and other related activities. The Company is domiciled and incorporated in the Republic of India with its registered address situated at Godrej One, Pirojshanagar, Vikhroli (East), Mumbai - 400079 and is listed on BSE Limited and The National Stock Exchange of India Limited (NSE).

1.2 Basis of preparation

The Consolidated Ind-AS Financial Statements of the Group have been prepared on an accrual basis to comply in all material aspects with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other provisions of the Act. The Consolidated Ind-AS Financial Statements have been prepared on a historical cost basis except for the following :

- certain financial assets and liabilities (including derivative instruments) that are measured at fair value (refer accounting policy regarding financial instruments).
- asset held for sale and biological assets – measured at fair value less cost to sell;
- defined benefit plans- plan assets measured at fair value less present value of defined benefit obligation; and
- share based payments measured at fair value.

The Consolidated Ind-AS Financial Statements have been prepared on a going concern basis. The accounting policies are applied consistently to all the periods presented in the Consolidated Ind-AS Financial Statements.

All assets and liabilities have been classified as current or non-current as per the normal operating cycle of each entity in the Group and other criteria as set out in Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities except for under construction real estate projects.

The normal operating cycle in respect of operations relating to under construction real estate projects depends on signing of agreement, size of the project, phasing of the project, type of development, project complexities, approvals needed & realization of project into cash & cash equivalents and range from 3 to 7 years. Accordingly, project related assets & liabilities have been classified into current & non-current based on operating cycle of respective projects.

The Consolidated Ind-AS Financial Statements of the Group for the year ended March 31, 2025 were approved for issue in accordance with the resolution of the Board of Directors on May 15, 2025.

1.3 Functional and presentation currency

The Consolidated Ind-AS Financial Statements are presented in Indian rupees, which is the Group's functional currency. All financial information presented in Indian rupees have been rounded to the nearest crore, unless otherwise indicated.

1.4 Key estimates and assumptions

The preparation of Consolidated Ind-AS Financial Statements requires Management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable.

Information about critical judgments in applying accounting policies that have the most significant effect on the carrying amounts of assets and liabilities, are as follows:

- a. Evaluation of satisfaction of performance obligation at a point in time for the purpose of revenue recognition

Determination of revenue under the satisfaction of performance obligations at a point in time necessarily involves making estimates, some of which are of a technical nature, concerning, where relevant, the percentages of completion,

Notes to the Consolidated Financial Statements

Note 1

costs to completion, the expected revenues from the project or activity and the foreseeable losses to completion. Estimates of project income, as well as project costs, are reviewed periodically. The effect of changes, if any, to estimates is recognised in the Consolidated Ind-AS Financial Statements for the period in which such changes are determined.

- b. Determination of the estimated useful lives of property plant and equipments and intangible assets and the assessment as to which components of the cost may be capitalized (Refer note 2.1).
- c. Impairment of Property, Plant and Equipment, Financial assets (Refer note 2.6) and Other Non-Financial Assets (Refer note 9 and 16)
- d. Recognition and measurement of defined benefit obligations (Refer note 46)
- e. Recognition of deferred tax assets (Refer note 2.26, 44 IV)
- f. Fair valuation of employee share options (Refer note 46)
- g. Recognition and measurement of other provisions (Refer note 21 and 28)
- h. Rebate and Sales Incentives (Refer note 2.18)
- i. Fair value of financial instruments (Refer note 49)
- j. Provisions and Contingent Liabilities (Refer note 2.17 and 37)
- k. Evaluation of Control (Refer note 40)
- l. Leases (Refer note 45)

1.5 Standards issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS - 117 Insurance Contracts and amendments to Ind AS 116 - Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f. April 1, 2024. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements.

1.6 Material accounting policy information

The Group adopted Disclosure of Accounting Policies (Amendments to Ind AS 1) from 1 April 2023. Although the amendments did not result in any changes in the accounting policies themselves, they impacted the accounting policy information disclosed in the Consolidated Ind-AS Financial Statements. The amendments require the disclosure of 'material' rather than 'significant' accounting policies. The amendments also provide guidance on the application of materiality to disclosure of accounting policies, assisting entities to provide useful, entity-specific accounting policy information that users need to understand other information in the Consolidated Ind-AS Financial Statements.

1.7 Measurement of fair values

The Group's accounting policies and disclosures require the measurement of fair values for financial instruments.

The Group has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the Group uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Notes to the Consolidated Financial Statements

Note 1

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

1.8 Basis of Consolidation

(i) Subsidiaries

Subsidiaries are all entities (including special purpose entities) that are controlled by the Company. Control exists when the Group is exposed to, or has the ability to affect those returns through power over the entity. In assessing control, potential voting rights are considered only if the rights are substantive. The financial statements of subsidiaries are included in these Consolidated Ind-AS Financial Statements from the date that control commences until the date that control ceases.

The Consolidated Ind-AS Financial Statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances. The accounting policies adopted in the preparation of the Consolidated Ind-AS Financial Statements are consistent with those of previous year. The financial statements of the Company and its subsidiaries have been combined on a line-by-line basis by adding together the values of like items of assets, liabilities, income and expenses, after eliminating intra-group balances, intra-group transactions and the unrealised profits/ losses, unless cost/revenue cannot be recovered.

The excess of cost to the Group of its investment in subsidiaries, on the acquisition dates over and above the Group's share of equity in the subsidiaries, is recognised as 'Goodwill on Consolidation' being an asset in the Consolidated Ind-AS Financial Statements. The said Goodwill is not amortised, however, it is tested for impairment at each Balance Sheet date and the impairment loss, if any, is provided for. Where the share of equity in subsidiaries as on the date of investment is in excess of cost of investments of the Group, it is recognised as 'Capital Reserve' and shown under the head 'Reserves and Surplus' in the Consolidated Ind-AS Financial Statements.

Non-controlling interests in the net assets of consolidated subsidiaries is identified and presented in the consolidated Balance Sheet separately within equity.

Non-controlling interests in the net assets of consolidated subsidiaries consists of:

- (a) The amount of equity attributable to non-controlling interests at the date on which investment in a subsidiary is made; and
- (b) The non-controlling interests share of movements in equity since the date parent subsidiary relationship came into existence.

The profit and other comprehensive income attributable to non-controlling interests of subsidiaries are shown separately in the Statement of Profit and Loss and Statement of Changes in Equity.

Upon loss of control, the Group derecognises the assets and liabilities of the subsidiary, any non-controlling interests and the other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognised in the consolidated statement of Profit & Loss. If the Group retains any interest in the previous subsidiary, then such interest is measured at fair value at the date that control is lost and the differential is recognised in Statement of Profit or Loss. Subsequently, it is accounted for as an equity-accounted investee depending on the level of influence retained.

(ii) Associates and joint ventures (equity accounted investees)

Associates are those entities over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the entities but is not control or joint control of those policies.

Joint arrangements are those arrangements over which the Group has joint control, established by contractual agreement and requiring unanimous consent for strategic financial and operating decisions. Investments in associates and joint ventures entities are accounted for using the equity method (equity accounted investees) and are initially

Notes to the Consolidated Financial Statements

Note 1

recognised at cost. The carrying value of the Group's investment includes goodwill identified on acquisition, net of any accumulated impairment losses. The Group does not consolidate entities where the non-controlling interest ("NCI") holders have certain significant participating rights that provide for effective involvement in significant decisions in the ordinary course of business of such entities. Investments in such entities are accounted by the equity method of accounting. When the Group's share of losses exceeds its interest in an equity accounted investee, the carrying amount of that interest (including any long-term investments) is reduced to zero and the recognition of further losses is discontinued except to the extent that the Group has an obligation or has made payments on behalf of the investee. If the associate or joint venture subsequently reports profits, the entity resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its associate or joint venture. At each reporting date, the Group determines whether there is objective evidence that the investment in the associate or joint venture is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate or joint venture and its carrying value, and then recognises the loss as part of 'Share of profit of an associate and a joint venture' in the statement of profit or loss.

(iii) Acquisition of non-controlling interests

Acquisition of some or all of the non-controlling interest ("NCI") is accounted for as a transaction with equity holders in their capacity as equity holders. Consequently, the difference arising between the fair value of the purchase consideration paid and the carrying value of the NCI is recorded as an adjustment to Statement of changes in equity that is attributable to the parent company. The associated cash flows are classified as financing activities. No goodwill is recognised as a result of such transactions.

(iv) Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated in full while preparing these Consolidated Ind-AS Financial Statements. Unrealised gains or losses arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Group's interest in the investee.

1.9 Business Combinations

Business combinations are accounted for using the acquisition accounting method as at the date of the acquisition, which is the date at which control is transferred to the Group. The consideration transferred in the acquisition and the identifiable assets acquired and liabilities assumed are recognised at fair values on their acquisition date. Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. The Group recognises any non-controlling interest in the acquired entity on an acquisition-by-acquisition basis either at fair value or at the non-controlling interest's proportionate share of the acquired entity's net identifiable assets. Consideration transferred does not include amounts related to settlement of pre-existing relationships. Such amounts are recognised in the Statement of Profit and Loss.

Transaction costs are expensed as incurred, other than those incurred in relation to the issue of debt or equity securities. Any contingent consideration payable is measured at fair value at the acquisition date. Subsequent changes in the fair value of contingent consideration are recognised in the Statement of Profit and Loss.

Business combinations arising from transfer of interests in entities that are under common control are accounted for based on pooling of interests method where the assets and liabilities of the acquiree are recorded at their existing carrying values. The identity of reserves of the acquiree is preserved and the difference between consideration and the face value of the share capital of the acquiree is transferred to capital reserve, which is shown separately from other capital reserves.

Notes to the Consolidated Financial Statements

Note 2: Material Accounting policies

2.1 Property, Plant and Equipment (PPE)

(i) Recognition and measurement

Property, plant and equipment are measured at Original cost net of tax / duty credit availed less accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Advances paid towards the acquisition of PPE outstanding at each reporting date are classified as capital advances under Other Non-Current Assets and Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress".

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Property, Plant and Equipment are de-recognised from Consolidated Ind-AS Financial Statements on disposal and gains or losses arising from disposal are recognised in the consolidated Statement of Profit and Loss in the year of occurrence.

(ii) Subsequent expenditure

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Consolidated Statement of Profit and Loss during the period in which they are incurred.

When significant parts of Property, Plant and equipments are required to be replaced, the Group derecognises the replaced part and recognises the new part with its own associated useful life and it is depreciated accordingly.

(iii) Depreciation

Depreciation is provided, under the Straight Line Method, pro rata to the period of use, based on useful lives specified in Schedule II to the Companies Act, 2013 except where the Group, based on technical evaluation, the condition of the plants, regular maintenance schedule, material of construction and past experience, has considered useful life of the following items of PPE different from that prescribed in Schedule II to the Act.

Category	: Useful life
Plant and Equipments	: 7.5 to 30 years
Vehicles	: 3 to 13 years
Computer Hardware	: Depreciated over the estimated useful life of 4 years
Leasehold improvements	: Lower of the useful life or Lease period

Depreciation on Property, Plant and Equipment of Subsidiaries engaged in the business of Property development has been provided as per the written down value method based on the useful lives specified in Schedule II to the Companies Act, 2013.

Assets costing less than INR 5,000 are depreciated at 100% in the year of acquisition.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

2.2 Investment Property

(i) Recognition and measurement

Investment Property comprise of Freehold Land and Building.

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Notes to the Consolidated Financial Statements

Note 2: Material Accounting policies (Continued)

Though the Group measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer.

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in the Consolidated Statement of Profit and Loss in the period of derecognition.

(ii) Depreciation

Depreciation on Buildings classified as Investment Property is provided, under the Straight Line Method, pro rata to the period of use, based on useful lives specified in Schedule II to the Companies Act, 2013.

2.3. Intangible Assets

(i) Recognition and measurement

Intangible assets are recognised when it is probable that future economic benefits that are attributable to assets will flow to the Group and the cost of the assets can be measured reliably.

Intangible assets are initially measured at cost and are subsequently measured at cost less accumulated amortization (other than goodwill and indefinite life intangibles) and any accumulated impairment losses.

Gain or loss arising from derecognition of an intangible asset is recognised in the Consolidated Statement of Profit and Loss.

(ii) Amortisation

Intangible assets are amortised over their estimated useful life on Straight Line Method. The useful life of intangible assets are assessed as either finite or indefinite. The amortisation period and the amortisation method for an intangible asset with finite useful life are reviewed at the end of each reporting period. Changes in the expected useful life or expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. Indefinite life intangibles are not amortised but are tested for impairment annually and whenever there is an indication that the intangible asset may be impaired.

Intangible assets are amortised as follows:

Category	: Useful life
Trademark	: 10 to 20 years
Product Registration	: 6 years
Non Compete Right	: Amortised over the period of the agreement
Computer Software	: 3 to 10 years
Brands	: 20 years

Intangible assets with indefinite useful life are not amortised but are tested for impairment annually and whenever there is an indication that the intangible asset may be impaired. An intangible asset that is not being amortised shall be reviewed each period to determine whether events and circumstances continue to support an indefinite useful life assessment for that asset.

2.4 Research and Development Expenditure

Revenue expenditure on Research & Development is charged to the Consolidated Statement of Profit and Loss of the year in which it is incurred. Capital expenditure incurred during the year on Research & Development is included under additions to Property, Plant and Equipment and is depreciated on the same basis as other Property, Plant and Equipment.

2.5 Biological Assets

Biological assets are measured at fair value less costs to sell, with any change therein recognised in the Consolidated Statement of Profit or Loss.

Notes to the Consolidated Financial Statements

Note 2: Material Accounting policies (Continued)

2.6 Impairment of non-financial assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists.

If the carrying amount of the assets exceed the estimated recoverable amount, impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Consolidated Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

Goodwill on business combinations and indefinite life intangibles are included in intangible assets. These are not amortised but are tested for impairment annually or more frequently if events or changes in circumstances indicate that they might be impaired. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods which no longer exists or may have decreased, such reversal of impairment loss is recognised in the Consolidated Statement of Profit and Loss only, to the extent the amount was previously charged to the Consolidated Statement of Profit and Loss. In case of revalued assets, such reversal is not recognised. An impairment loss recognised for goodwill shall not be reversed in a subsequent period.

2.7 Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of inventories is determined using the weighted average method. In the case of manufactured inventories and work in progress, cost includes an appropriate share of production overheads based on normal operating capacity.

Slow and non-moving material, obsolescence, defective inventories are duly provided for and valued at lower of cost and net realizable value. Goods and materials in transit are valued at actual cost incurred upto the date of balance sheet. Materials and supplies held for use in the production of inventories are not written down if the finished products in which they will be used are expected to be sold at or above cost.

Land development project in progress includes cost of land, development management fees, construction cost, allocated interest and expenses attributable to the construction of the project undertaken by the Group.

If payment for inventory is deferred beyond normal credit terms, then cost is determined by discounting the future cash flows at an interest rate determined with reference to market rates. The difference between the total cost and the deemed cost is recognised as interest expense over the period of financing under the effective interest method.

Inventories comprising of completed flats and construction Work-in-Progress are valued at lower of cost or net realizable value.

Construction Work in Progress includes cost of land, premium for development rights, construction costs, allocated interest and expenses incidental to the projects undertaken by the Group.

2.8 Cash and Cash equivalents

Cash and cash equivalents in the balance sheet comprise cash on hand, bank balances and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the Consolidated Statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

2.9 Grants and Subsidies

Grants are recognised when there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

When the grant relates to an asset, the cost of the asset is shown at gross value and grant thereon is treated as a deferred grant which is recognised as income in the Consolidated Statement of Profit and Loss over the period and in proportion in which depreciation is charged.

Notes to the Consolidated Financial Statements

Note 2: Material Accounting policies (Continued)

Revenue grants are recognised in the Consolidated Statement of Profit and Loss in the same period as the related cost which they are intended to compensate are accounted for.

2.10 Non-Current Assets held for Sale

Non-current assets or disposal groups comprising of assets and liabilities are classified as 'held for sale' when all of the following criteria's are met: (i) decision has been made to sell. (ii) the assets are available for immediate sale in its present condition. (iii) the assets are being actively marketed and (iv) sale has been agreed or is expected to be concluded within 12 months of the Balance Sheet date.

Subsequently, such non-current assets and disposal groups classified as held for sale are measured at the lower of its carrying value and fair value less costs to sell. Non-current assets held for sale are not depreciated or amortised.

2.11 Financial Assets

(i) Initial recognition and measurement

Financial assets are recognised when the Group becomes a party to the contractual provisions of the instrument.

On initial recognition, a financial asset is recognised at fair value, in case of financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost are recognised in the consolidated Statement of Profit and Loss. In other cases, the transaction cost are attributed to the acquisition value of the financial asset.

(ii) Classification and subsequent measurement

Financial assets are subsequently classified as measured at

- amortised cost
- fair value through profit and loss (FVTPL)
- fair value through other comprehensive income (FVOCI).

Financial assets are not reclassified subsequent to their recognition, except if and in the period the Group changes its business model for managing financial assets.

(iii) Trade Receivables and Loans:

Trade receivables are initially recognised at transaction price (as defined in Ind AS 115). Subsequently, these assets are held at amortised cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

(iv) Debt Instruments

Debt instruments are initially measured at amortised cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of (i) the entity's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

- (a) Measured at amortised cost: Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate ('EIR') method less impairment, if any. The amortisation of EIR and loss arising from impairment, if any is recognised in the Consolidated Statement of Profit and Loss.
- (b) Measured at fair value through other comprehensive income: Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Consolidated Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Consolidated Statement of Profit and Loss.

Notes to the Consolidated Financial Statements

Note 2: Material Accounting policies (Continued)

- (c) Measured at fair value through profit or loss: A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as 'other income' in the Consolidated Statement of Profit and Loss.

(v) Equity Instruments

All investments in equity instruments classified under financial assets are initially measured at fair value, the Group may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL.

The Group makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised as other income in the Consolidated Statement of Profit and Loss unless the Group has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognized in OCI. Amounts recognised in OCI are not subsequently reclassified to the Consolidated Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Consolidated Statement of Profit and Loss.

(vi) Derecognition

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

(vii) Impairment of Financial Assets for other than Property Development Business

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financial assets in FVTPL category.

For financial assets other than trade receivables, as per Ind AS 109, the Group recognises 12 month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. The Groups trade receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall.

The impairment losses and reversals are recognised in Consolidated Statement of Profit and Loss.

Impairment of financial assets for Property Development business

The Group applies 'simplified approach' measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, and bank balance.
- Trade receivables.

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime expected credit loss at each reporting date, right from its initial recognition.

Measurement of impairment of Financial assets for Financing business

i) Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit and loss, transaction costs that are attributable to the acquisition of the financial asset.

The financial assets include investments in mutual funds, trade and other receivables, loans and advances and cash and bank balances.

ii) Subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in the following categories:

- At amortised cost, and
- At fair value through other comprehensive income (FVOCI), and
- At fair value through profit and loss (FVTPL).

Notes to the Consolidated Financial Statements

Note 2: Material Accounting policies (Continued)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold the asset for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial Assets at Amortised Cost

Financial assets at amortised cost include loans receivable, and other financial assets that are held with the objective of collecting contractual cash flows. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate (EIR). The effective interest rate (EIR) amortisation is included in interest income in the statement of profit and loss.

Fair value through other comprehensive income (FVOCI)

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through other comprehensive income ("OCI"), except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in the statement of profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to the Statement of profit and loss and recognised in other gains/(losses) (net). Interest income from these financial assets is included in other income using the effective interest rate (EIR) method.

Fair value through Profit and Loss (FVTPL)

Financial assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit and loss ('FVTPL').

iii) Reclassifications

Financial assets are not reclassified subsequent to their initial recognition, except in the period in which the group changes its business model for managing financial assets.

iv) Impairment

The provision for credit risks, which is recognized in accordance with the expected credit loss method specified by Ind AS 109 and in accordance with uniform standards applied, encompasses all financial assets measured at amortised cost. The calculation of the provision for credit risks generally takes into account the exposure at default, the probability of default and the loss given default.

Financial assets are subject to credit risks, which are taken into account by recognising the amount of the expected loss; such allowances are recognised for both financial assets with objective evidence of impairment and non-impaired financial assets.

The general approach is used for financial assets measured at amortised cost on initial recognition. Financial assets are broken down into three stages in the general approach.

Stage 1 consists of financial assets that are being recognised for the first time or that have not demonstrated any significant increase in probability of default since initial recognition. In this stage, the model requires the calculation of an expected credit loss for the next twelve months.

Stage 2 consists of financial assets for which there is a significant increase in credit risk. The group assumes that the credit risk on a financial asset has increased significantly if it is more than 30 days past due.

Stage 3 Financial assets demonstrating objective indications of impairment are allocated to stage 3. The Group assumes that the financial asset is credit impaired if it is more than 90 days past due.

In stage 2 and 3, an expected credit loss is calculated for the entire remaining maturity of the asset.

Notes to the Consolidated Financial Statements

Note 2: Material Accounting policies (Continued)

The group considers a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the group in full or in part, without recourse by the group to actions such as realizing security (if any is held); or
- the financial asset is more than 90 days past due.

Both historical information, such as average historical default probabilities for each portfolio, and forward-looking information is used to determine the measurement parameters for calculating the provision for credit risks.

Impairment arises in a number of situations, such as delayed payment over a certain period, the initiation of enforcement measures, the threat of insolvency or over indebtedness, application for or the initiation of insolvency proceedings, or the failure of restructuring measures.

Reviews are regularly carried out to ensure that the allowances are appropriate. Uncollectible loans or receivables that are already subject to a workout process and for which all collateral has been recovered and all further options for recovering the loan or receivable have been exhausted are written off directly. Any valuation allowances previously recognised are utilised. Income subsequently collected in connection with loans or receivables already written off is recognised in the statement of profit and loss.

Loans are reported in the balance sheet at the net off Expected Credit Loss (ECL) provision.

Measurement of ECL

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

The Probability of Default (PD) is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed period, if the facility has not been previously derecognised and is still in the portfolio.

The Exposure at Default (EAD) is an estimate of the exposure at a future default date, taking into account expected changes in the exposure after the reporting date of repayments of principal and interest.

The Loss Given Default (LGD) is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral. It is usually expressed as a percentage of the EAD.

When estimating the ECL, the group adds a management override to account for stressed scenarios which are then reviewed on a periodic basis. This takes into account the expected inherent risk for different segments in the portfolio and the macro economic environment. The assumptions are periodically validated and modified as appropriate.

Impairment losses and releases are accounted for and disclosed separately from modification losses or gains that are accounted for as an adjustment of the financial asset's gross carrying value.

v) Write - offs

Financial assets are written off either partially or in their entirety when the group has no reasonable expectations of recovery. This is generally the case when the group determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts. If the amount to be written off is greater than the accumulated loss allowance, the difference is first treated as an addition to the allowance that is then applied against the gross carrying amount. Any subsequent recoveries are credited to impairment of financial instruments in the statement of profit and loss. However, financial assets that are written off may be subject to enforcement activities to comply with the group's procedures for recovery of amounts due.

Judgement is required by management in the estimation of the amount and timing of future cash flows when determining an impairment loss for loans and advances in new businesses. In estimating these cash flows, the group makes judgements about the borrower's financial situation compare the borrower's profile with customers having similar profile to estimate probability of default and the net realisable value of collateral, if any. These estimates are based on assumptions about a number of factors including forward looking information, and actual results may differ, resulting in future changes to the impairment allowance.

Notes to the Consolidated Financial Statements

Note 2: Material Accounting policies (Continued)

2.12 Financial Liabilities

(i) Initial recognition and measurement

Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial liabilities are recognised initially at fair value, in the case of Loans and Borrowings and payables, net of directly attributable transaction costs.

(ii) Classification and subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the EIR (Effective Interest Rate) method or are measured at fair value through profit and loss with changes in fair value being recognised in the Statement of Profit and Loss.

(iii) Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and recognition of a new liability. The difference in the respective carrying amounts is recognised in the Consolidated Statement of Profit and Loss.

2.13 Financial guarantee contracts

Financial guarantee contracts issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognised less cumulative amortisation.

2.14 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

2.15 Derivative financial instruments

The Group uses derivative financial instruments, such as forward currency contracts and interest rate swaps, to hedge its foreign currency risks and interest rate risks respectively. The Group also uses commodity futures contracts to hedge the exposure to oil price risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of item being hedged and the type of hedge relationship designated.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Cash flow hedges that qualify for hedge accounting

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognized in the other comprehensive income in cash flow hedging reserve within equity, limited to the cumulative change in fair value of hedged item on a present value basis from the inception of hedge. The gain or loss relating to the effective portion is recognized immediately in the Consolidated Statement of Profit and Loss.

Amounts accumulated in equity are reclassified to the Consolidated Statement of Profit and Loss in the periods when the hedged item affects profit or loss.

2.16 Share Capital

(i) Ordinary equity shares

Incremental costs directly attributable to the issue of ordinary equity shares, are recognized as a deduction from equity.

Notes to the Consolidated Financial Statements

Note 2: Material Accounting policies (Continued)

2.17 Provisions and Contingent Liabilities

Provisions are recognized when the Group has a present obligation as a result of a past event; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate of the amount of the obligation can be made. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. The expenses relating to a provision is presented in the Consolidated Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows specific to the liability. The unwinding of the discount is recognised as finance cost.

A provision for onerous contracts is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Group recognises any impairment loss on the assets associated with that contract.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is not recognised but disclosed in the Consolidated Ind-AS Financial Statements where an inflow of economic benefit is probable.

Capital Commitments includes the amount of purchase order (net of advance) issued to parties for completion of assets. Provisions, contingent assets, contingent liabilities and commitments are reviewed at each balance sheet date.

2.18 Revenue Recognition

Revenue from contracts with customers

Revenue from operations comprise sales of goods after the deduction of discounts, goods and service tax and estimated returns. Discounts given by the Group includes trade discounts, volume rebates and other incentives given to the customers. Accumulated experience is used to estimate the provision for discounts. Revenue is only recognized to the extent that it is highly probable a significant reversal will not occur.

As per provision of IND AS 115- 'Revenue from Contracts with Customer, revenue is recognised on transfer of control of goods or services to a customer at an amount that reflects the consideration to which the Company is expected to be entitled to in exchange for those goods or services. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold, and services rendered is net of variable consideration on account of discounts offered by the Company as part of the contractual obligation. Revenue (net of variable consideration) is recognised only to the extent that it is highly probable that the amount will not be subject to significant uncertainty regarding the amount of consideration that will be derived from the sale of goods. The performance obligation in case of sale of goods is satisfied at a point in time i.e., when the material is shipped to the customer or on delivery to the customer, as may be specified in the contract.

Sales are recognised when goods are supplied and control over the goods sold is transferred to the buyer which is on dispatch / delivery as per the terms of contracts. Sales are net of returns, trade discounts, rebates and sales taxes / Goods and Service Tax (GST).

Income from processing operations is recognised on completion of production / dispatch of the goods, as per the terms of contract.

Other Operating revenues

Rental Income arising from operating leases on investment properties is accounted for on a straight line basis over the lease term and is included in revenue in the Consolidated Statement of Profit and Loss due to its operating nature.

Dividend income, including share of profit in LLP, is recognised when the right to receive the same is established, it is probable that the economic benefits associated with the dividend will flow to the Group, and the amount of dividend can be measured reliably.

Export Incentives are accrued when there is reasonable assurance that they will be received and the Group will comply with the conditions associated with such incentives.

Notes to the Consolidated Financial Statements

Note 2: Material Accounting policies (Continued)

Other Income

Income on assets given on operating lease is recognised on a straight line basis over the lease term in the Consolidated Statement of Profit and Loss.

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that discounts the estimated future cash payments or receipts through the expected life of the financial instruments or a shorter period, where appropriate, to the net carrying amount of the financial assets. Interest income is included in other income in the Consolidated Statement of Profit and Loss.

2.19 Revenue Recognition for Property Development and Hospitality

The Group also derives revenues from sale of properties comprising of both commercial and residential units, sale of plotted and other lands and Sale of development management services and hospitality services.

The Group recognises revenue when it determines the satisfaction of performance obligations at a point in time. Revenue is recognised upon transfer of control of promised products to customer in an amount that reflects the consideration which the Group expects to receive in exchange for those products.

In arrangements for sale of units the Group has applied the guidance in IND AS 115, on “Revenue from contract with customer”, by applying the revenue recognition criteria for each distinct performance obligation. The arrangements with customers generally meet the criteria for considering sale of units as distinct performance obligations. For allocating the transaction price, the Group has measured the revenue in respect of each performance obligation of a contract at its relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Contract Liability is recognised when there is billing in excess of revenue and advance received from customers.

The Group enters into Development and Project Management agreements with land-owners. Accounting for income from such projects, measured at transaction price, is done on an accrual basis as per the terms of the agreement.

The Group receives maintenance amount from the customers and utilises the same towards the maintenance of the respective projects. Revenue is recognised to the extent of standard maintenance expenses incurred by the Group towards maintenance of respective projects. Balance amount of maintenance expenses to be incurred is reflected as liability under the head other current non-financial liabilities.

Income From Operations Rooms, Food and Beverage & Banquets: Revenue is recognised at the transaction price that is allocated to the performance obligation. Revenue includes room revenue, food and beverage sale and banquet services which is recognised once the rooms are occupied, food and beverages are sold and banquet services have been provided as per the contract with the customer.

Other Allied Services: In relation to laundry income, communication income, health club income, airport transfers income and other allied services, the revenue has been recognised by reference to the time of service rendered.

2.20 Revenue recognition of Housing Finance Business

Interest income is presented in the statement of profit and loss includes interest on financial assets measured at amortised cost calculated on an effective interest basis. Fee income and expense that are integral to the effective interest rate on a financial asset are included in the effective interest rate computation. The amortization of income and expenses for financial assets under EIR approach is done on a systematic basis that exactly discounts estimated future cash flows of the financial assets through the expected life of the assets.

The interest income is calculated by applying the EIR to the gross carrying amount of non-credit impaired financial assets. (i.e. at the amortised cost of the financial asset before adjusting for any expected credit loss allowance). For credit-impaired

Notes to the Consolidated Financial Statements

Note 2: Material Accounting policies (Continued)

financial assets the interest income is calculated applying the EIR to the amortised cost of the credit-impaired financial asset (i.e. the gross carrying amount less the allowances for ECLs).

Commissions earned by the group which are not directly attributable to disbursement of loans are recognised in the statement of profit and loss as and when incurred.

Fee and commission income include fees other than those that are an integral part of EIR. The group recognises the fee and commission income in accordance with the terms of the relevant contracts / agreement and when it is probable that the group will collect the consideration.

2.21 Employee Benefits

(i) Short-Term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. Short Term benefits such as salaries, performance incentives, etc., are recognized as an expense at the undiscounted amount in the Consolidated Statement of Profit and Loss of the year in which the employee renders the related service.

The Group has a scheme of Performance Linked Variable Remuneration (PLVR) which rewards its employees based on Economic Value Added (EVA) or Profit Before Tax (PBT). The PLVR amount is related to actual improvement made in EVA or PBT over the previous year when compared with expected improvements.

(ii) Post-Employment Benefits

(a) Defined Contribution Plans

Payments made to a defined contribution plan such as Provident Fund and Family Pension maintained with Regional Provident Fund Office are charged as an expense in the Consolidated Statement of Profit and Loss as they fall due.

(b) Defined Benefit Plans

Gratuity Fund

The Group's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, after discounting the same. The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. Re-measurement of the net defined benefit liability, which comprise actuarial gains and losses are recognized immediately in Other Comprehensive Income (OCI). Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset). Net interest expense and other expenses related to defined benefit plans are recognized in Consolidated Statement of Profit and Loss. When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognized immediately in Consolidated Statement of Profit and Loss. The Group recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Provident Fund

Provident Fund Contributions other than those made to the Regional Provident Fund Office of the Government which are made to the Trust administered by the Group are considered as Defined Benefit Plans. The interest rate payable to the members of the Trust shall not be lower than the statutory rate of interest declared by the Central Government under the Employees Provident Funds and Miscellaneous Provisions Act, 1952 and shortfall, if any, shall be made good by the Group.

The calculation of defined benefit obligations is performed at each reporting period by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Group, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Notes to the Consolidated Financial Statements

Note 2: Material Accounting policies (Continued)

Pension

Pension plan for eligible employees are considered as defined benefit obligations and are provided for on the basis of an actuarial valuation, using the Projected Unit Credit Method, as at the date of the Balance Sheet.

(iii) Other Long-Term Employee Benefits

The Group's net obligation in respect of other long-term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods are provided on the basis of an actuarial valuation, using the Projected Unit Credit Method, as at the date of the Balance Sheet. Re-measurement is recognized in Consolidated Statement of Profit and Loss in the period in which they arise.

(iv) Termination Benefits

All terminal benefits are recognized as an expense in the period in which they are incurred.

2.22 Share-Based Payments

Employees of the Group receive remuneration in the form of share based payments in consideration of the services rendered.

Under the equity settled share based payment, the fair value on the grant date of the awards given to employees is recognised as 'employee benefit expenses' with a corresponding increase in equity over the vesting period. The fair value of the options at the grant date is calculated basis Black Scholes model. At the end of each reporting period, apart from the non-market vesting condition, the expense is reviewed and adjusted to reflect changes to the level of options expected to vest. When the options are exercised, the Group issues fresh equity shares.

When the terms of an equity-settled award are modified, an additional expense is recognised for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification.

2.23 Leases

At the inception it is assessed, whether a contract is a lease or contains a lease. A contract is a lease or contains a lease if it conveys the right to control the use of an identified asset, for a period of time, in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, Group assesses whether the contract involves the use of an identified asset. Use may be specified explicitly or implicitly..

- (i) Use should be physically distinct or represent substantially all of the capacity of a physically distinct asset.
- (ii) If the supplier has a substantive substitution right, then the asset is not identified.
- (iii) Group has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use.
- (iv) Group has the right to direct the use of the asset.
- (v) In cases where the usage of the asset is predetermined the right to direct the use of the asset is determined when the Group has the right to use the asset or the Group designed the asset in a way that predetermines how and for what purpose it will be used.

At the commencement or modification of a contract, that contains a lease component, Group allocates the consideration in the contract, to each lease component, on the basis of its relative standalone prices. For leases of property, it is elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

As a Lessee:

The Group recognizes a right-of-use asset and a lease liability at the lease commencement date.

Right-of-use asset (ROU):

The right-of-use asset is initially measured at cost. Cost comprises of the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, any initial direct costs incurred by the lessee, an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located less any lease incentives received.

Notes to the Consolidated Financial Statements

Note 2: Material Accounting policies (Continued)

After the commencement date, a lessee shall measure the right-of-use asset applying cost model, which is Cost less any accumulated depreciation and any accumulated impairment losses and also adjusted for certain re-measurements of the lease liability.

Right-of-use asset is depreciated using straight-line method from the commencement date to the end of the useful life of the ROU asset or the end of the lease term. If the lessor transfers the ownership of the underlying asset to the Group at the end of the lease term or if the cost of the right-of-use asset reflects Group will exercise the purchase option, ROU will be depreciated from the commencement date to the end of the useful life of the underlying asset.

Lease liability:

Lease liability is initially measured at the present value of lease payments that are not paid at the commencement date. Discounting is done using the implicit interest rate in the lease, if that rate cannot be readily determined, then using Group's incremental borrowing rate. Incremental borrowing rate is determined based on entity's borrowing rate adjusted for terms of the lease and type of the asset leased.

Lease payments included in the measurement of the lease liability comprises of fixed payments (including in substance fixed payments), variable lease payments that depends on an index or a rate, initially measured using the index or rate at the commencement date, amount expected to be payable under a residual value guarantee, the exercise price under a purchase option that the Group is reasonably certain to exercise, lease payments in an optional renewal period if the Group is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Group is reasonably certain not to terminate early.

Lease liability is measured at amortised cost using the effective interest method. Lease liability is re-measured when there is a change in the lease term, a change in its assessment of whether it will exercise a purchase, extension or termination option or a revised in-substance fixed lease payment, a change in the amounts expected to be payable under a residual value guarantee and a change in future lease payments arising from change in an index or rate.

When the lease liability is re-measured corresponding adjustment is made to the carrying amount of the right-of-use asset. If the carrying amount of the right-of-use asset has been reduced to zero it will be recorded in statement of profit and loss.

Right-of-use asset is presented as a separate category under "Non-current assets" and lease liabilities are presented under "Financial liabilities" in the balance sheet.

Group has elected not to recognise right-of-use assets and lease liabilities for short term leases. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

Lessor: -

At the commencement or modification of a contract, that contains a lease component, Group allocates the consideration in the contract, to each lease component, on the basis of its relative standalone prices.

At the inception of the lease, it is determined whether it is a finance lease or an operating lease. If the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset, then it is a financial lease, otherwise it is an operating lease.

If the lease arrangement contains lease and non-lease components, then the consideration in the contract is allocated using the principles of IND AS 115. The Group tests for the impairment losses at the year end. Payment received under operating lease is recognised as income on straight line basis, over the lease term.

2.24 Borrowing Costs

Borrowing costs are interest and other costs that the Group incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate applicable to the respective borrowing. Borrowing costs that are directly attributable to the acquisition of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of that asset till the date it is put to use.

Borrowing costs, pertaining to development of long term projects, are transferred to Construction work in progress, as part of the cost of the projects upto the time all the activities necessary to prepare these projects for its intended use or sale are complete.

All other borrowing costs are recognized as an expense in the period in which they are incurred.

Notes to the Consolidated Financial Statements

Note 2: Material Accounting policies (Continued)

2.25 Foreign Exchange Transactions

- (i) Items included in the Consolidated Ind-AS Financial Statements of the Group are measured using the currency of the primary economic environment in which the entity operates ('the functional currency').
- (ii) Transactions in foreign currency are recorded at exchange rates prevailing on the date of the transaction. Monetary assets and liabilities denominated in foreign currency, remaining unsettled at the period end are translated at closing rates. The difference in translation of monetary assets and liabilities and realised gains and losses on foreign currency transactions are recognised in the Consolidated Statement of Profit and Loss. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction.
- (iii) Realised gains or losses on cancellation of forward exchange contracts are recognised in the Consolidated Statement of Profit and Loss of the period in which they are cancelled.
- (iv) In case of foreign operations whose functional currency is different from the parent company's functional currency, the assets and liabilities of such foreign operations, including goodwill and fair value adjustments arising upon acquisition, are translated to the reporting currency at exchange rates at the reporting date. The income and expenses of such foreign operations are translated to the reporting currency at the average exchange rates prevailing during the year. Resulting foreign currency differences are recognized in other comprehensive income/ (loss) and presented within equity as part of 'Exchange differences on translation of financial statements of foreign operations'(FCTR). When a foreign operation is disposed of, in part or in full, the relevant amount in the FCTR is transferred to the Consolidated Statement of Profit and Loss.

2.26 Taxes on Income

Income tax expense comprises current and deferred tax. It is recognized in Consolidated Statement of Profit and Loss except to the extent that it relates to items recognized directly in equity or in OCI.

(i) Current Tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current Tax assets and Liabilities are offset only if, the Group:

- a) has a legally enforceable right to set off the recognized amounts; and
- b) intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

(ii) Minimum Alternate Tax (MAT)

MAT credit is recognised as a deferred tax asset only when and to the extent there is convincing evidence that respective entity in the Group will pay normal tax during specified period. MAT credit is reviewed at each Balance Sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

(iii) Deferred Tax

Deferred income tax is recognised using the balance sheet approach. Deferred tax liability is recognized in respect of temporary differences arising between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes (including those arising from consolidation adjustments such as unrealized profit on inventory etc.).

Deferred tax assets are recognized for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves.

Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

Notes to the Consolidated Financial Statements

Note 2: Material Accounting policies (Continued)

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred Tax assets and liabilities are offset only if:

- a) the entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

2.27 Earnings Per Share

Basic Earnings per share is calculated by dividing the profit for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the profit for the period attributable to the equity shareholders and the weighted average number of equity shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

2.28 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

2.29 Exceptional Items

In certain cases, when, the size, type or incidence of an item of income or expenses, pertaining to the ordinary activities of the Group is such that its disclosure improves the understanding of the performance of the Group, such income or expense is classified as an exceptional item in the consolidated statement of profit and loss and disclosed in the notes accompanying the Consolidated Ind-AS Financial Statements.

2.30 Events after reporting date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted with the Consolidated Ind-AS Financial Statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

Notes to the Consolidated Financial Statements

Note 3e: Biological Assets other than bearer plants (Continued)

The Group has trading operations in oil palm business whereby the Group purchases the saplings and sells the saplings once it has achieved the desired growth. During the year ended March 31, 2025, the Group purchased 22,39,381 (Previous year: 29,31,037) number of saplings, out of which 22,39,381 (Previous year: 29,31,037) were still under cultivation.

B. Measurement of Fair value

i. Fair Value hierarchy

The fair value measurements for oil palm saplings, cattles and PS Birds /Hatching eggs /Broilers have been categorised as Level 3 fair values based on the inputs to valuation technique used.

ii. Level 3 Fair values

The following table shows a break down of the total gains (losses) recognised in respect of Level 3 fair values-

Amount ₹ in Crore

Particulars	March 31, 2025	March 31, 2024
	Oil palm saplings / Cattles / PS Birds / Hatching eggs / Broilers	Oil palm saplings / Cattles / PS Birds / Hatching eggs / Broilers
Gain/(loss) included in 'other operating revenue'	(2.58)	7.06
Change in fair value (realised)	(34.43)	(23.62)
Change in fair value (unrealised)	31.85	30.68

iii. Valuation techniques and significant unobservable inputs

Type	Valuation technique	Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value measurement
Oil Palm Saplings - it comprises the stock under cultivation	Cost approach and percentage completion method	Estimated cost of completing the stock under cultivation ₹ 114.06 to 144.46 per sapling (Previous year ₹ 106.9 to 137.19).	The estimated fair valuation would increase/(decrease) if - Estimated cost to complete was lower (higher)
Biological assets - it comprises of: PS Bird; Hatching eggs; and Contract farm- Broilers	As per relevant market price prevailing at the year end	Estimated price of each component - PS birds - ₹ 35.29 (Previous year: ₹ 28.58) per Hatching eggs, - Hatching eggs - ₹ 41.18 (Previous year: ₹ 40.20) per Day Old Chicks, - Contract farms- Broilers (average rate) - ₹ 102.50 (Previous year: ₹ 115.00) per kg for live bird	The estimated fair valuation would increase/(decrease) if - Estimated price of each component of poultry stock was higher/(lower)
Cattles	Market approach with the help of Valuation certificate	Estimated price impact on age, breed and yield of the Cattle	The estimated fair valuation would increase/(decrease) if - Estimated yield of the cattle is increased or decreased

C. Risk Management strategies related to agricultural activities

The group is exposed to the following risks relating to its plantations, Cattles and PS Bird /Hatching egg /Broiler

i. Regulatory and environmental risks

The group is subject to laws and regulations in the country in which it operates. It has established various environmental policies and procedures aimed at compliance with the local environmental and other laws.

Notes to the Consolidated Financial Statements

Note 3e: Biological Assets other than bearer plants (Continued)

ii. Supply and demand risks

The Group is exposed to risks arising from fluctuations in the price and sales volume of plants and milk. For oil palm plants, when possible, the group manages this risk by aligning its harvest volume to market supply and demand. Management performs regular industry trend analyses for projected harvest volumes and pricing. For milk, the Group manage this risk by effective marketing tie up for sale of milk.

The Group is exposed to the risk arising from the fluctuations in the price of Hatching eggs, commercial day old chicks and live birds. when the price goes down the management possibly manage this risk by diverting more live birds for processing and when prices goes up the management sells more Hatching eggs, Day old Chicks and Live Birds.

iii. Climate and other risks

The Group's oil palm plantations are exposed to the risk of damage from climatic changes, diseases, forest fires and other natural forces. The group has extensive processes in place aimed at monitoring and mitigating those risks, including regular plantation health surveys and industry pest and disease surveys.

The Group is exposed to risks arising from fluctuations in yield and health of the Cattle. Group manages this risk by effective sourcing and maintenance of cattle.

The Group's Live stock are exposed to the extreme climatic changes in summer and winter season. However, the Group has extensive processes in place aimed at monitoring and mitigating those risks, including regular health inspections of Live Stock and adopting Industry best practices by professional qualified veterinarian doctors.

A reasonably possible change of 10% in Estimated cost of completing the stock under cultivation and cattles at the reporting date would have increased (decreased) profit or loss by the amounts shown below.

Notes

- The Company had advanced an amount of ₹ 10.33 crore under diverse loan-cum-pledge agreements to certain individuals who had pledged certain equity shares as security. The Company enforced its security and lodged the shares for transfer in its name. The said transfer application of the Company was rejected, and the Company had preferred an application to the Company Law Board (CLB) against rejection of the said transfer application. The CLB rejected the application of the Company and advised the parties to approach the High Court. The Company filed an appeal before the Hon'ble Bombay High Court against the order of the Company Law Board under section 10F of the Companies Act, which was disposed with the direction that the transfer of shares be kept in abeyance till the pendency of the arbitration proceedings between the parties. The Hon'ble Bombay High Court had by its order dated September 18, 2012, restrained the Company from *inter alia*, dealing, selling or creating third party rights, etc. in the pledged shares and referred the matter to arbitration. The Company filed a Special Leave Petition (SLP) before the Supreme Court against this interim order of the Hon'ble Bombay High Court which was dismissed by the Hon'ble Supreme Court. The Ld. Sole Arbitrator, Justice (Retired), A.P. Shah on June 29, 2019 passed an Award ruling that the Company shall return all the pledged shares along with the original loan-cum-pledge agreements and the power of attorneys executed by the said individuals in favour of the Company to the said individuals upon the said individuals repaying an amount of ₹ 10.33 crores to the Company.

Notes to the Consolidated Financial Statements

Note 6 : Non Current Financial Assets - Loans (Continued)

The Company has challenged this Award before the Hon'ble High Court of Bombay by way of Section 34 petition under the Arbitration & Conciliation Act 1996. The Hon'ble Bombay High Court by its Order dated September 13, 2019 has stayed the operation and execution of the said Award dated June 29, 2019 till the final disposal of the said Section 34 Petition. The matter is pending for final hearing before the Hon'ble Bombay High Court.

The management is confident of recovery of this amount as the underlying value of the said shares is substantially greater than the amount of loan advanced. However, on a conservative basis, the Company has provided for the entire amount of ₹ 10.33 crore in the books of account.

II Nature and purpose of reserve

- a Capital Reserve on Account of Amalgamation : During amalgamation, the excess of net assets taken over the cost of consideration paid is treated as Capital Reserve on account of Amalgamation.
- b Capital Redemption Reserve : The Company has recognised Capital Redemption Reserve on buyback of equity shares from its retained earnings.
- c Securities Premium : The amount received in excess of face value of the equity shares is recognised in Securities Premium. In case of equity-settled share based payment transactions, the difference between fair value on grant date and nominal value of share is accounted as securities premium. It is utilised in accordance with the provisions of section 52 of the Companies Act, 2013.
- d Capital Reserve : During amalgamation, the excess of net assets taken, over the cost of consideration paid is treated as capital reserve and also created on Sale of treasury Shares, also profit on sale of treasury shares held by the ESOP Trust is recognised in Capital Reserve. The utilisation will be as per the requirements of the Companies Act, 2013.
- e Special Reserve : Reserve created under section 45IC of RBI Act, 1934 & 29C of NHB Act, 1987.
- f Foreign Currency Translation Reserve : The translation reserve comprises all foreign currency differences arising from the translation of the financial statements of foreign operations.
- g Employee Stock Grants Outstanding : The fair value of the equity-settled share based payment transactions with employees is recognised in Statement of Profit and Loss with corresponding credit to Employee Stock Grants Outstanding Account.
- h General Reserve : The Company has transferred a portion of the net profit of the Company before declaring dividend to general reserve pursuant to the earlier provisions of Companies Act, 1956. Mandatory transfer to general reserve is not required under the Companies Act, 2013.
- i Debenture Redemption Reserve : The Company is required to create a debenture redemption reserve out of the profits which is available for payment of dividend for the purpose of redemption of debentures.
- j Gain on sale of subsidiary without losing control : The Company participated in the IPO of Godrej Agrovet Limited (GAVL) as a promoter shareholder and sold part of its stake and realised a gain in the Standalone financial statements. Since the Company continues to hold controlling stake in GAVL, the resultant gain is not considered as a part of Consolidated net profits, but is included in Reserves as per the accounting treatment prescribed under IND AS 110 (Consolidated Financial Statements).
- k Non- controlling Interest Reserve : It represents the difference between the consideration paid and the carrying value of non- controlling interest acquired in subsidiaries.

Notes to the Consolidated Financial Statements

Note 18 : Other Equity (Continued)

- l The Group uses hedging instruments as part of its management of foreign currency risk associated with foreign currency borrowings. For hedging foreign currency risk, the Group used foreign currency forward contracts which are designated as cash flow hedges. To the extent these hedges are effective, the change in fair value of the hedging instrument is recognised in the cash flow hedge reserve. Amounts recognised in the cash flow hedge reserve is reclassified to statement of profit & loss when the hedged item affects the profit & loss.
- m Retained Earnings : Retained earnings are the profits that the Group has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders.

Notes

- The Corporate surety bond of ₹ 31.65 crore (previous year ₹ 31.65 crore) is in respect of refund received from excise authority for exempted units (North East) of Godrej Consumer Products Limited, an associate company.
- The Group has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed as contingent liabilities where applicable, in its financial statements. The Group does not expect the outcome of these proceedings to have a materially adverse effect on its financial results.
It is not practicable to estimate the timings of cash outflows, if any, in respect of the above pending resolution of the respective proceedings as it is determinable only on receipt of judgements/decisions pending with various forums/authorities.
- The Hon'ble Supreme Court of India ("SC") by its judgement dated February 28, 2019, in the case of RPFC, West Bengal v/s Vivekananda Vidyamandir and others, clarified the principles based on which allowances paid to the employees should be identified for inclusion in basic wages for the purposes of computation of Provident Fund contribution. Subsequently, a review petition against this decision was filed and the SC reiterated its decision given in the above referred judgment. In view of the management, the liability pertaining to Godrej Properties Limited and its subsidiaries for the period from date of the SC judgement to 31 March 2019 is not significant and has been provided in the consolidated financial statements. Further, the impact for the past period, if any, is not ascertainable and consequently no effect has not been given in the accounts.
- The National Green Tribunal, Principal Bench, New Delhi ("the NGT") has on July 30, 2021 pronounced an order ("Order") against, inter alia, Godrej Properties Limited (a subsidiary Company) and its joint venture company viz Wonder Projects Development Private Limited ("WPDPL") in respect of matter challenging the environmental clearance granted in relation to project being developed by WPDPL in Bengaluru. WPDPL has challenged the said order before the Hon'ble Supreme Court. The Supreme Court has on August 26, 2021 directed the parties to maintain status quo. The subsidiary company is confident of the merits and compliances in the said case.
- On 24 July 2024, the Estate Officer, Union Territory of Chandigarh, issued an order revoking the building plan (issued on 31 August 2009) and occupancy certificate (issued on 9 June 2015) for commercial building project Godrej Eternia at Chandigarh. The principal reason for revocation is attributable to the fact that the Godrej Properties Limited (subsidiary Company) (as developer) failed to obtain clearance from

Notes to the Consolidated Financial Statements

Note 37 : Contingent Liabilities (Continued)

the Standing Committee of National Board for Wildlife (SCNBW). Godrej Properties Limited (subsidiary Company) strongly believes that the order was passed based on a wrong premise and a misunderstanding of the facts. The Godrej Properties Limited (subsidiary Company) has filed a Writ Petition with the High Court of Punjab & Haryana requesting for an interim stay and quashing of the order dated 24.07.2024.

- (6) Greater Noida Industrial Development Authority (GNOWDA) raised a demand on AR Landcraft LLP (developer of the project, in which subsidiary company Godrej Properties Limited & step down subsidiary company Godrej Properties Development Limited is a partner) vide letter dated 20 March 2024 to pay a sum of ₹ 102.34 crores.

This amount is towards:

₹ 77.64 crores for excess zero period benefit extended to by the authorities to the JV in 2015;

₹ 14.27 crores for recovery of land rate differential;

₹ 10.43 crores towards the pending lease premium as per the original repayment schedule.

The Subsidiary Company and step down Subsidiary Company strongly believe that the LLP continues to be in compliance with the payment of land premium and this additional demand is only on account of the internal CAG reviews which the GNOWDA authorities are undergoing.

The Subsidiary Company and step down Subsidiary Company represent that they have deposited this amount with the GNOWDA authorities as balance paid to the government authorities under protest in two separate tranches in the month of April 2024 and May 2024.

Basis the evaluation of the legal team, it is believed to have a good case on merits and have presently classified this balance as a current financial asset in the books of the JV.

Correspondingly, no provision has been made against this balance in the books of account for the quarter and year ended 31 March 2025.

The Group offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

Notes to the Consolidated Financial Statements

Note 44 : Movement in deferred tax balances : (Continued)

Significant management judgment is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income in which the relevant entity operates and the period over which deferred income tax assets will be recovered.

Deferred tax assets are recognized for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Details of unused tax losses and unused tax credit is given in note V below.

As the Group does not have any intention to dispose off investments in unlisted subsidiaries and associates in the foreseeable future, deferred tax asset on indexation benefit in relation to such investments has not been recognised.

Note 46 : Employee Benefits

I DEFINED CONTRIBUTION PLAN

Provident Fund :

The contributions to the Provident Fund and Family Pension Fund of certain employees are made to a Government administered Provident Fund and there are no further obligations beyond making such contributions.

II DEFINED BENEFIT PLAN

Gratuity :

The Group participates in the Employees' Group Gratuity-cum-Life Assurance Scheme of ICICI Prudential Life Insurance Co. Ltd, HDFC Standard Life Insurance Co. Ltd. and SBI Life Insurance Co. Ltd, a funded defined benefit plan for qualifying employees. Gratuity is payable to all eligible employees on death or on separation / termination in terms of the provisions of the Payment of Gratuity (Amendment) Act, 1997, or as per the Group's scheme whichever is more beneficial to the employees.

The liability for the Defined Benefit Plan is provided on the basis of a valuation, using the Projected Unit Credit Method, as at the Balance Sheet date, carried out by an independent actuary.

Provident Fund :

The Group manages the Provident Fund plan through a Provident Fund Trust for a majority of its employees which is permitted under The Employees' Provident Fund and Miscellaneous Provisions Act, 1952. The plan envisages contribution by the employer and employees and guarantees interest at the rate notified by the Provident Fund authority. The contribution by employer and employee, together with interest, are payable at the time of separation from service or retirement, whichever is earlier.

The Group has an obligation to fund any shortfall on the yield of the trust's investments over the administered interest rates on an annual basis. These administered rates are determined annually predominantly considering the social rather than economic factors and the actual return earned by the Group has been higher in the past years. The actuary has provided a valuation for provident fund liabilities on the basis of guidance issued by Actuarial Society of India and based on the below provided assumptions there is no shortfall as at March 31, 2025.

1 Employee Stock Grant Scheme of Godrej Industries Limited

- The Company had set up the Employees Stock Grant Scheme 2011 (ESGS) pursuant to the approval by the Shareholders at their Meeting held on January 17, 2011.
- The ESGS Scheme is effective from April 1, 2011, (the "Effective Date") and shall continue to be in force until (i) its termination by the Board or (ii) the date on which all of the shares to be vested under Employee Stock Grant Scheme 2011 have been vested in the Eligible Employees and all restrictions on such Stock Grants awarded under the terms of ESGS Scheme, if any, have lapsed, whichever is earlier.
- The Scheme applies to the Eligible Employees who are in whole time employment of the Company or its Subsidiary Companies. The entitlement of each employee would be decided by the Compensation Committee of the respective Company based on the employee's performance, level, grade, etc.
- The total number of Stock Grants to be awarded under the ESGS Scheme are restricted to 25,00,000 (Twenty Five Lac) fully paid up equity shares of the Company. Not more than 5,00,000 (Five Lac) fully paid up equity shares or 1% of the issued equity share capital at the time of awarding the Stock Grant, whichever is lower, can be awarded to any one employee in any one year.
- The Stock Grants shall vest in the Eligible Employees pursuant to the ESGS Scheme in the proportion of 1/3rd at the end of each year from the date on which the Stock Grants are awarded for a period of three consecutive years, or as may be determined by Compensation Committee, subject to the condition that the Eligible Employee continues to be in employment of the Company or the Subsidiary company as the case may be.
- The Eligible Employee shall exercise her / his right to acquire the shares vested in her / him all at one time within 1 month from the date on which the shares vested in her / him or such other period as may be determined by the Compensation Committee.
- The Exercise Price of the shares has been fixed at Re. 1 per share. The fair value of the employee share options has been measured using the Black-Scholes Option Pricing Model and charged to the Statement of Profit and Loss. The value of the options is treated as a part of employee compensation in the financial statements and is amortised over the vesting period.

5 Godrej Capital Employee Stock Option Scheme 2021 ("ESOP Scheme 2021")

The Godrej Capital Employee Stock Option Scheme 2021 ("ESOP Scheme 2021") of the Company was approved and adopted by its members at an Extraordinary General Meeting held on January 5, 2021. The Scheme is administered by Company's Board of Directors. The Scheme applies to all the Eligible Employees, who are the permanent employees of the Company or any Subsidiary of the Company, on the date of Grant of Options. The Compensation Committee of the Company would decide the entitlement of each employee based on his/her performance, level, grade, seniority and such other parameters as may be decided by the Compensation Committee. The Exercise Price for each Option will be the face value of the Equity Share of the Company. The Options granted would vest after twenty one months but not later than fifty seven months from the date of Grant of Options. Exercise period is 7 (seven) years from the date of Vesting of Options or such other period as may be decided by the Compensation Committee, within which the Employee should exercise his right to apply for transfer of Equity Shares of the Company to him pursuant to the Option Vested in him in accordance with the ESOP Scheme 2021.

The Fair value of cash and cash equivalents, other bank balances, trade receivables, deposits, trade payables approximated their carrying value largely due to short term maturities of these instruments.

Financial instruments with fixed and variable interest rates are evaluated by the Group based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

II Measurement of fair values

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

Notes to the Consolidated Financial Statements

Note 49 Fair Value Measurement (continued)

The following tables show the valuation techniques used in measuring Level 2 and Level 3 fair values, as well as the significant unobservable inputs used.

Type	Valuation technique
Fixed rates long term borrowings	The valuation model considers present value of expected payments discounted using an appropriate discounting rate. The fair value of non-convertible debentures is valued using FIMMDA guidelines.
Forward contracts	The fair value is determined using forward exchange rates at the reporting date.
Lease Liability	Lease liabilities are valued using Level 3 techniques. A change in one or more of the inputs to reasonably possible alternative assumptions would not change the value significantly.
Investments in Mutual Fund	The fair values of investments in mutual fund units is based on the net asset value ('NAV') as stated by the issuers of these mutual fund units in the published statements as at Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuers will redeem such units from the investors.
Unquoted shares	The Group uses the Discounted Cash Flow valuation technique (in relation to financial assets measured at amortised cost and fair value through profit or loss) which involves determination of present value of expected receipt/ payment discounted using appropriate discounting rates. The fair value so determined for financial asset measured at fair value through profit and loss.

Note 50 : Financial Risk Management

I Financial Risk Management objectives and policies

The Group's business activities are exposed to a variety of financial risks, namely Credit risk, Liquidity risk, Currency risk, Interest risks and Commodity price risk. The respective company's senior management has the overall responsibility for establishing and governing respective company's risk management framework. Each company in the group has constituted a Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the board of directors on its activities.

Respective company's risk management policies are established to identify and analyse the risks faced by each company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the company's activities.

The audit committee oversees how management monitors compliance with the respective company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the respective company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

II a Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers and loans and advances and Bank balances and derivative transactions.

The carrying amount of following financial assets represents the maximum credit exposure:

Trade receivables and loans and advances.

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer and the geography in which it operates. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the respective company grants credit terms in the normal course of business.

The Group has a policy under which each new customer is analysed individually for creditworthiness before offering credit period and delivery terms and conditions. The Group's export sales are backed by letters of credit and insured through Export Credit Guarantee Corporation and accordingly no provision has been made on the same. The Group bifurcates the Domestic Customers into Large Corporates, Distributors and others for Credit monitoring.

Notes to the Consolidated Financial Statements

Note 50 : Financial Risk Management (Continued)

The Group maintains adequate security deposits for sales made to its distributors. For other trade receivables, the Group individually monitors the sanctioned credit limits as against the outstanding balances. Cash terms and advance payments are required for customers of lower credit standing. Accordingly, the Group makes specific provisions against such trade receivables wherever required and monitors the same at periodic intervals.

Customer credit risk of Property development business is managed by requiring customers to pay advances through progress billings before transfer of ownership and also establishes specific payment period for its customers, therefore substantially eliminating the Group's credit risk in this respect.

The Group's credit risk of Property Development business with regard to trade receivable has a high degree of risk diversification, due to the large number of projects of varying sizes and types with numerous different customer categories in a large number of geographical markets.

The Group monitors each loans and advances given and makes any specific provision wherever required.

Credit Risk of Financing Business

The credit risk is governed by defined credit policies and Board approved DOA which undergo periodic review. The credit policies outline the type of products that can be offered, customer categories, targeted customer profile, credit approval process, DOA and limits etc. Each business unit is required to implement Group's credit policies and procedures and maintain the quality of its credit portfolio.

Credit Risk assessment methodology

The Group has a structured credit approval process, which includes a well-established procedure of comprehensive credit appraisal. The credit appraisal process involves critical assessment of quantitative and qualitative parameters subject to review and approval as per defined DOA. The credit assessment involves detailed analysis of industry, business, management, financials, end use etc. An internal rating is also assigned to the borrower based on defined parameters. For retail customers, the credit assessment is based on a parameterised approach. Credit risk monitoring and portfolio review. The group measures, monitors and manages credit risk at an individual borrower level. The credit risk for retail borrowers is being managed at portfolio level.

The credit assessment is carried out based on an internal risk assessment framework which rates the customers accordingly to various parameters. Data analytics is extensively used for effective risk monitoring.

Credit risk for loan & advances of Financing business is managed by the Group through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Group grants credit terms in the normal course of business. Further, a major portion of exposure is secured by way of property and fixed deposits. Group also maintains an allowance for impairment that represent its estimate of expected losses in respect of loans & advances.

The Group establishes an allowance for impairment that represents its estimate of expected losses in respect of trade receivables and loans and advances.

The ageing analysis of trade receivables is disclosed in Note 5 and 12.

The movement in Provision for Loss Allowance is as follows:

Investment in Securities, Loans to Related Parties, Project Deposits and Other Financial Assets by Godrej Properties Limited

The Group has investments in equity instruments, compulsorily convertible debentures / optionally convertible debentures, preference shares, loans to related parties and project deposits. The settlement of such instruments is linked to the completion of the respective underlying projects. The movement in the provision for expected credit loss due to lifetime expected credit loss during the year are as follows:

As at March 31, 2025, the Group had secured project deposits of ₹ 5.63 Crore (Previous Year: ₹ 6.11 Crore) and unsecured loans given to related parties of ₹ 14.47 Crore (Previous Year: ₹ 14.47 Crore), which have been considered as doubtful by the Group. The Group has fully provided such doubtful project deposits and unsecured loans in the previous year. The Group does not have any Loans for which credit risk has increased significantly in the current and previous year.

II b Commodity Price risk

The Group is exposed to commodity risks mainly due to price volatility in agricultural commodities due to unpredictable factors such as weather, government policies, changes in global demand resulting from population growth and changes in standards of living and global production of similar and competitive crops. We enter into fixed price contracts with suppliers and in certain cases, enter into back to back sale contract with customers. We periodically review the open exposure of Raw material regularly. We also hedge the risk on commodities exchange.

III Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

Management monitors rolling forecasts of the Group's liquidity position on the basis of expected cash flows. This monitoring includes financial ratios and takes into account the accessibility of cash and cash equivalents.

The Group has access to funds from debt markets through loan from banks, commercial papers, fixed deposits from public and other Debt instrument. The Group invests its surplus funds in bank fixed deposits and debt based mutual funds.

Liquidity Risk in relation to Financing Business

A risk that the Group will encounter difficulty in meeting its day to day financial obligations is known as liquidity risk. Management of liquidity risk is done as follows:

- (i) ALCO sets the strategy for managing liquidity risk commensurate with the business objectives.
- (ii) ALCO has delegated the responsibility of managing overall liquidity risk and interest rate risk to Treasury. ALCO has set various gap limits for tracking liquidity risk. The CFO and head of treasury monitor the gap limits with actuals and present the same to the MD & CEO.
- (iii) Treasury department manages the liquidity position on a day-to-day basis and reviews daily reports covering the liquidity position of the Group. Treasury team ensures the regulatory compliance to the liquidity risk related limits approved in the ALM policy by ALCO.
- (iv) The Group's approach to managing liquidity is to ensure sufficient liquidity to meet its liabilities when they are due without incurring unacceptable losses or risking damage to the group's reputation.

The key elements of the Group's liquidity risk management strategy are as follows:

Notes to the Consolidated Financial Statements

Note 50 : Financial Risk Management (Continued)

- (i) Maintaining a diversified funding through market and bank borrowings resources such as debentures, commercial papers, subordinated debt, perpetual debt, Inter-corporate deposits (ICD's), overdraft and bank term loans. Unused bank lines constitute the main liquidity back up to meet the contingency funding plan. Additionally, based on Market scenario, the group also maintains a portfolio of highly liquid mutual fund units.
- (ii) Under the ALM guidelines, the dynamic liquidity statement and structural liquidity statement are being prepared periodically to monitor the maturity gaps in the Assets and Liabilities cash flows.
- (iii) The Group carries out stress testing of cash flows on periodic basis and shares the results with ALCO to gauge the adequacy of liquidity.

IV Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates – will affect the Group's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including investments in Mutual funds, Debentures and Fixed deposits, foreign currency receivables and payables and long term debt. The Group's exposure to market risk primarily related to foreign exchange rate risk, interest rate risk and the market value of investments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

IV a Currency risk

The Group is exposed to currency risk on account of its borrowings, Receivable for Export and Payables for Import in foreign currency. The functional currency of the Group is Indian Rupee. The Group manages currency exposures within prescribed limits, through use of forward exchange contracts. Foreign exchange transactions are covered with strict limits placed on the amount of uncovered exposure, if any, at any point in time.

IV b Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates.

The management is responsible for the monitoring of the Company's interest rate position. Various variables are considered by the management in structuring the Group's borrowings to achieve a reasonable, competitive, cost of funding.

Exposure to interest rate risk

Group's interest rate risk arises from borrowings. The interest rate profile of the Group's interest-bearing financial instruments as reported to the management of the respective Company is as follows.

Fair value sensitivity analysis for fixed-rate instruments

The Group does not account for any fixed-rate financial assets or financial liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

Cash flow sensitivity analysis for variable-rate instruments

A reasonably possible change of 100 basis points in interest rate would have resulted in variation in the interest expense for the Group by the amounts indicated in the table below. Given that one of the subsidiary companies' capitalises interest to the cost of inventory to the extent permissible, the amounts indicated below may have an impact on reported profits over the lifecycle of projects to which such interest is capitalised. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The year end balances are not necessarily representative of the average debt outstanding during the period.

Note 51 : Capital Management

For the purpose of the Group's capital management, capital includes issued capital and other equity reserves (other than Cash Flow Hedge Reserve). The primary objective of the Group's Capital Management is to maximise shareholders value. The Group manages its capital structure and makes adjustments in the light of changes in economic environment and the requirements of the financial covenants.

The Group monitors capital using Adjusted net debt to equity ratio. For this purpose, adjusted net debt is defined as total debt less cash and bank balances and Current investments.

Note 57 : IND AS 115 - Revenue from Contracts with Customers for Property Development

(a) The amount of ₹ 1,649.41 Crore (Previous Year: ₹ 1220.84 Crore) recognised in contract liabilities at the beginning of the year has been recognised as revenue during the year ended March 31, 2025.

(b) Significant changes in contract asset and contract liabilities balances are as follows:

Particulars	Amount ₹ in Crore	
	March 31, 2025	March 31, 2024
Contract asset (refer note 16)		
At the beginning of the reporting period	484.63	186.82
Change due to revenue recorded based on measure of progress during the year	62.22	274.78
Significant change due to business combination	22.79	23.03
At the end of the reporting period	569.64	484.63
Contract liability (refer note 27)		
At the beginning of the reporting period	8,811.74	2,261.87
Change due to collection and revenue recorded based on measure of progress during the year	9,278.50	5,402.15
Significant financing component (Net of transfer to Statement of Profit and Loss)	855.82	475.77
Significant change due to business combination	583.80	671.95
At the end of the reporting period	19,529.86	8,811.74

(c) Performance obligation for Property Development

The Group is also engaged in the business of real estate construction, development and other related activities.

All the Contracts entered with the customers consists of a single performance obligation thereby the consideration allocated to the performance obligation is based on standalone selling prices.

Revenue is recognised upon transfer of control of residential and commercial units to customers for an amount that reflects the consideration which the Group expects to receive in exchange for those units. The trigger for revenue recognition is normally completion of the project or receipt of approvals on completion from relevant authorities or intimation to the customer of completion, post which the contract becomes non-cancellable by the parties.

The revenue is measured at the transaction price agreed under the contract. In certain cases, the Group has contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Group adjusts the transaction price for the effects of a significant financing component.

Notes to the Consolidated Financial Statements

Note 57 : IND AS 115 - Revenue from Contracts with Customers for Property Development (Continued)

Any costs incurred that do not contribute to satisfying performance obligations are excluded from the Group's input methods of revenue recognition as the amounts are not reflective of our transferring control of the system to the customer. Significant judgment is required to evaluate assumptions related to the amount of net contract revenues, including the impact of any performance incentives, liquidated damages, and other forms of variable consideration.

If estimated incremental costs on any contract, are greater than the net contract revenues, the Group recognises the entire estimated loss in the period the loss becomes known.

The aggregate amount of the transaction price allocated to the performance obligations that are unsatisfied (or partially unsatisfied) as at March 31, 2025 is ₹ 48,564.42 Crore (Previous Year: ₹ 14,057.88 Crore), of which ₹ 10,953.75 Crore (Previous Year: ₹ 9,511.07 Crore), which will be recognised as revenue over a period of 1-2 years and ₹ 36,012.20 Crore (Previous Year: ₹ 4,201.83 Crore) which will be recognised over a period of 3-5 years.

STANDALONE FINANCIAL STATEMENTS

Independent Auditor's Report

To the Members of
Godrej Industries Limited

Report on the Audit of the Standalone Ind-AS Financial Statements

Opinion

We have audited the accompanying standalone Ind-AS financial statements of **GODREJ INDUSTRIES LIMITED** (the "Company"), which comprise the Balance Sheet as at March 31, 2025 and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and Notes to the standalone Ind-AS financial statements, including a summary of material accounting policies and other explanatory information, (hereinafter referred to as "standalone Ind-AS financial statements") in which are included Returns for the year ended on that date audited by the branch auditor of the Company's branch incorporated in United Kingdom.

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of audit report of the branch auditor on the financial statements of a branch as was audited by the branch auditor, the aforesaid standalone Ind-AS financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standard) Rules, 2015, as amended, ("Ind AS") and with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025 and its profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone Ind-AS financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Ind-AS Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone Ind-AS financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind-AS financial statements of the current period. These matters were addressed in the context of our audit of the standalone Ind-AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matter to be communicated in our report.

Description of Key Audit Matter

Revenue recognition

(Refer note 2.13 and note 27 to the standalone Ind-AS financial statements)

Key Audit Matter	How the matter was addressed in our audit
As per Ind AS 115 - Revenue from Contracts with Customers' revenue is recognized on transfer of control of goods or services to a customer, which is on dispatch / delivery as per the terms of contracts, at an amount that reflects the consideration to which the Company is expected to be entitled to in exchange for those goods or services. Revenue recognition includes determination of pricing, effect of discounts, sales returns and adjustments for freight reimbursements. Due to the significance of the area and the risk of revenue being fraudulently overstated through manipulation on the timing of transfer of control, revenue recognition is considered as a key audit matter.	Our audit procedures to assess revenue recognition from sale of goods included the following: - Assessed the revenue recognition accounting policies by comparing with Ind AS 115 - "Revenue from Contracts with Customers". - Understood and evaluated the design and implementation and tested the operating effectiveness of key controls relating to revenue recognition. - Tested the design, implementation and operating effectiveness of the Company's key general Information Technology (IT) controls and key IT application controls over the Company's systems for revenue recognition, by involving our IT specialists.

Independent Auditor's Report

Description of Key Audit Matter (Continued)

Key Audit Matter	How the matter was addressed in our audit
	- Tested sales transactions on a sample basis by comparing the underlying sales invoices, sales orders, dispatch and delivery documents to assess whether revenue was recognized appropriately. - Tested the timing of recognition of revenue including performing cut-off procedures, to determine whether the same is in line with the terms of contracts. - Examined manual journal entries posted to revenue to identify any unusual or irregular items.

Information Other than the Standalone Ind-AS Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Board's Report including Annexures to Board's Report, and Report on Corporate Governance, but does not include the standalone Ind-AS financial statements and our auditor's report thereon which we obtained prior to the date of this auditor's report.

Our opinion on the standalone Ind-AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind-AS financial statements, our responsibility is to read the other information, and, in doing so, consider whether the other information is materially inconsistent with the standalone Ind-AS financial statements, or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Ind-AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134 (5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind-AS financial statements that give a true and fair view of the financial position, financial performance, changes in equity and the cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind-AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind-AS financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind-AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind-AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind-AS financial statements.

Independent Auditor's Report

Auditor's Responsibilities for the Audit of the Standalone Ind-AS Financial Statements (Continued)

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of the users of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone Ind-AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind-AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

The standalone Ind-AS financial statements include the audited financial statements of one branch in United Kingdom, whose financial statements reflect total assets of ₹ 0.16 crore as at March 31, 2025, total revenue of ₹ Nil and total net (loss) after tax ₹ (1.56) crore for the year ended March 31, 2025, before giving effect to consolidation adjustments as considered in the standalone Ind-AS financial statements, which has been audited by its branch auditor. The branch auditor's report on the financial statements of this branch has been furnished to us by the Management. Our opinion on the standalone Ind-AS financial statements, in so far as it relates to the amounts and disclosures included in respect of this branch, is based solely on the report of such auditor and the procedures performed by us are as stated above.

Our opinion is not modified in respect of this matter.

Independent Auditor's Report

Annexure 'A' to the Independent Auditor's Report

Referred to in Paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our Independent Auditor's Report to the members of the Company on the standalone Ind-AS financial statements for the year ended March 31, 2025:

Statement on Matters Specified in paragraphs 3 and 4 of the Companies (Auditors Report) Order, 2020:

- i)
 - (a)
 - (A) The Company has maintained proper records showing full particulars, including quantitative details and the situation of Property, Plant and Equipment (including Right of Use Assets and Investment Properties).
 - (B) The Company has maintained proper records showing full particulars of intangible assets.
 - (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment (including Right of Use Assets and Investment Properties) by which all Property, Plant and Equipment (including Right of Use Assets and Investment Properties) are verified in a phased manner over a period of three years. In accordance with this programme, certain Property, Plant and Equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
 - (c) According to the information and explanations given to us, and based on the audit procedures performed by us, the title deeds of immovable properties including Investment Properties (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee) disclosed in the standalone Ind-AS financial statements are held in the name of the Company.
 - (d) According to the information and explanations given to us, and based on the audit procedures performed by us, the Company has not revalued its Property, Plant and Equipment (including Right of Use Assets) or intangible assets or both during the year.
 - (e) Based on the information and explanations provided to us and our verification of the books and records of the Company, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2025, for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 and rules made thereunder.
- ii)
 - (a) The inventories, except for goods-in-transit and stocks lying with third parties, have been physically verified by the management during the year. For stocks lying with third parties at the year-end, written confirmations have been obtained and for goods-in-transit subsequent evidence of receipts has been linked with inventory records. In our opinion, the frequency of such verification is reasonable, and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were 10% or more in the aggregate of each class of inventory.
 - (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from a bank on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such a bank are in agreement with the books of account of the Company.
- iii)
 - (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured to companies, firms, limited liability partnership or any other parties during the year. The Company has made investments in companies during the year but has not made any investments in firms and limited liability partnerships during the year.
 - (b) According to the information and explanations given to us and based on the audit procedures performed by us, we are of the opinion that the investments made during the year are prima facie, not prejudicial to the interest of the Company.
 - (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not given any loans and advances in the nature of loans to any party during the year. Accordingly, reporting under the provisions of paragraph 3(iii) (c) to (f) of the Order is not applicable to the Company.

Independent Auditor's Report

Statement on Matters Specified in paragraphs 3 and 4 of the Companies (Auditors Report) Order, 2020: (Continued)

- iv) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not given any loans or security as specified under sections 185 and 186 of the Companies Act, 2013 ("the Act") In respect of the investments made and guarantees provided by the Company, in our opinion the provisions of section 186 of the Act have been complied with. The Company has not provided any security to the parties covered under Section 186 of the Act.
- v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, reporting under the provisions of paragraph 3(v) of the Order is not applicable to the Company.
- vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for maintenance of cost records under Section 148 of the Companies Act, 2013, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained.
- vii) (a) According to the information and explanations given to us, and based on the audit procedures performed by us, in our opinion, amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax ('GST'), Provident fund, Employees' State Insurance, Income-Tax, Duty of Customs, Profession Tax, Cess and other statutory dues have been regularly deposited by the Company with the appropriate authorities wherever applicable, and there are no such outstanding dues as at March 31, 2025, for a period of more than six months from the date they became payable.

Independent Auditor's Report

Annexure B to the Independent Auditor's report

The Annexure referred to in Paragraph 2 (g) under 'Report on Other Legal and Regulatory Requirements' of our Independent Auditor's Report to the members of the Company on the standalone Ind-AS financial statements for the year ended March 31, 2025:

Report on the Internal Financial Controls with reference to standalone Ind-AS financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone Ind-AS financial statements of **GODREJ INDUSTRIES LIMITED** ("the Company") as at March 31, 2025, in conjunction with our audit of the standalone Ind-AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to standalone Ind-AS financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (issued by the Institute of Chartered Accountants of India (ICAI) (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone Ind-AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to standalone Ind-AS financial statements, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone Ind-AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to standalone Ind-AS financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone Ind-AS financial statements included obtaining an understanding of internal financial controls with reference to standalone Ind-AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind-AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to standalone Ind-AS financial statements.

Meaning of Internal Financial Controls with Reference to Standalone Ind-AS Financial Statements

A company's internal financial controls with reference to standalone Ind-AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone Ind-AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone Ind-AS financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone Ind-AS financial statements.

Independent Auditor's Report

Annexure B to the Independent Auditor's report (Continued)

Inherent Limitations of Internal Financial Controls with Reference to Standalone Ind-AS Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone Ind-AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone Ind-AS financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to standalone Ind-AS financial statements and such internal financial controls with reference to standalone Ind-AS financial statements were operating effectively as at March 31, 2025, based on the internal control with reference to the standalone Ind-AS financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes to the Standalone Financial Statements

Note 1

1.1 Corporate Information

Godrej Industries Limited ("the Company") was incorporated under the Companies Act, 1956 on March 7, 1988 under the name of Gujarat-Godrej Innovative Chemicals Limited. The business and undertaking of the erstwhile Godrej Soaps Limited was transferred to the Company under a Scheme of Amalgamation with effect from April 1, 1994 and the Company's name was changed to Godrej Soaps Limited. Subsequently, under a Scheme of Arrangement the Consumer Products division of the Company was demerged with effect from April 1, 2001 into a separate company, Godrej Consumer Products Limited (GCPL).

The Company's name was changed to Godrej Industries Limited on April 2, 2001. The Vegetable Oils and Processed Foods Manufacturing business of Godrej Foods Limited was transferred to the Company with effect from June 30, 2001. The Foods division (except Wadala factory) was then sold to Godrej Hershey Limited, on March 31, 2006. Swadeshi Detergents Limited, 100% subsidiary of the Company, was amalgamated with the Company effective from April 01, 2013. Wadala Commodities Limited was amalgamated with the Company effective from April 01, 2014. Vora Soaps Limited was amalgamated with the Company effective from December 14, 2017.

The Company is domiciled in India and is listed on BSE Limited (BSE) and The National Stock Exchange of India Limited (NSE). The Company's registered office is at Godrej One, Pirojshanagar, Eastern Express Highway, Vikhroli (east), Mumbai – 400 079. The Company is engaged in the businesses of manufacture and marketing of oleo-chemicals, their precursors and derivatives, bulk edible oils & seeds, estate management and investment activities.

1.2 (a) Basis of preparation

These standalone Ind AS financial statements (herein after referred to as Standalone financial statements) have been prepared on accrual basis to comply in all material aspects with the Indian Accounting Standards (hereinafter referred to as the "Ind AS") as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other provisions of the Act.

These standalone Ind AS financial statements have been prepared on a going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements. All assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and services and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

The standalone financial statements of the Company for the year ended March 31, 2025 were approved for issue in accordance with the resolution of the Board of Directors on May 15, 2025.

(b) Basis of measurement

These financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:-

- Certain financial assets and liabilities (including derivative instruments) measured at fair value (refer accounting policy 2.8 regarding financial assets and 2.9 regarding financial liabilities)
- Defined benefit plans – plan assets/(liability) and share-based payments measured at fair value (Refer Note 39 and 40)

1.3 Functional and presentation currency

These standalone financial statements are presented in Indian rupees, which is the Company's functional currency. All amounts have been rounded to the nearest crore, unless otherwise indicated.

Notes to the Standalone Financial Statements

Note 1

1.4 Key estimates, Judgements and assumptions

The preparation of financial statements requires Management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable.

Information about critical judgments in applying accounting policies that have the most significant effect on the carrying amounts of assets and liabilities and in respect of assumptions and estimates on uncertainties are as follows:-

- Determination of the estimated useful lives of tangible assets and the assessment as to which components of the cost may be capitalized. (refer accounting policy I regarding Property, plant and equipment)
- Impairment of Property, Plant and Equipments, Investments and Investment Property (Refer Note 3 and 4)
- Recognition and measurement of defined benefit obligations (Refer Note 19, 24 and 39)
- Recognition of deferred tax assets (Refer Note 7 and 37)
- Fair value of financial instruments (Refer Note 42)
- Provisions and Contingent Liabilities (Refer Note 19, 24 and 25)
- Leases (Refer Note 38)

1.5 Standards issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS – 117 Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f. April 1, 2024. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements.

1.6 Measurement of fair values

The Company's accounting policies and disclosures require the measurement of fair values for financial instruments.

The Company has an established control framework with respect to the measurement of fair values. The Management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the Management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Notes to the Standalone Financial Statements

Note 2 : Material Accounting Policies

2.1 Property, Plant and Equipment

(i) Recognition and measurement

Property, plant and equipment (PPE) are measured at Original cost net of tax / duty credit availed less accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Advances paid towards the acquisition of PPE outstanding at each reporting date are classified as capital advances under Other Non-Current Assets and Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress".

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Capital expenditure on tangible assets for Research and Development is classified under Property, Plant and Equipment and is depreciated on the same basis as other property, plant and equipment.

Property, Plant and equipment are derecognised from financial statement on disposal and gains or losses arising from disposal are recognised in the Statement of Profit and Loss in the year of occurrence.

(ii) Subsequent expenditure

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred.

When significant parts of Property, Plant and Equipments are required to be replaced, the Company derecognises the replaced part and recognises the new part with its own associated useful life and it is depreciated accordingly.

(iii) Depreciation

Depreciation is provided, under the Straight Line Method, pro rata to the period of use, based on useful lives specified in Schedule II to the Companies Act, 2013 except where the Company, based on technical evaluation, the condition of the plants, regular maintenance schedule, material of construction and past experience, has considered useful life of the following items of PPE different from that prescribed in Schedule II to the Act.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

The range of useful lives of the Property, Plant and Equipment are as follows:

- a) Plant and Machinery - 7 - 30 years
- b) Furniture and fixtures - 7- 10 years
- c) Office Equipments - 2 - 5 years
- d) Factory Building - 10- 30 years
- e) Non Factory Building - 10- 60 years
- f) Vehicles - 3- 8 years
- g) Computer Hardware - 3 - 5 years
- h) Assets costing less than INR 5,000 are depreciated at 100% in the year of acquisition.

Notes to the Standalone Financial Statements

Note 2 : Material Accounting Policies (Continued)

2.2 Investment Property

(i) Recognition and measurement

Investment Property comprises of Freehold Land and Buildings.

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer.

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in the Statement of Profit and Loss in the period of derecognition.

(ii) Depreciation

Depreciation on Building classified as Investment Property is provided, under the Straight Line Method, pro rata to the period of use, based on useful lives specified in Schedule II to the Companies Act, 2013.

2.3 Intangible Assets

(i) Recognition and measurement

Intangible assets are recognised when it is probable that future economic benefits that are attributable to concerned assets will flow to the Company and the cost of the assets can be measured reliably.

Intangible assets are initially measured at cost and are subsequently measured at cost less accumulated amortization (other than goodwill and indefinite life intangibles) and any accumulated impairment losses.

Gain or loss arising from derecognition of an intangible asset is recognised in the Statement of Profit and Loss.

(ii) Amortisation

Intangible Assets are amortised over the estimated useful life on Straight Line Method (SLM).

The useful lives of Intangible assets are assessed as either finite or indefinite. The amortisation period and the amortisation method for an intangible asset with finite useful life are reviewed at the end of each reporting period. Changes in the expected useful life or expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. Indefinite life intangibles are not amortised but are tested for impairment annually and whenever there is an indication that the intangible asset may be impaired.

Computer Software is amortised in a Straight Line basis over a period of 3 years.

2.4 Impairment of non-financial assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists.

If the carrying amount of the assets exceed the estimated recoverable amount, impairment is recognized for such excess amount. The impairment loss is recognized as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

When there is indication that an impairment loss recognised for an asset in earlier accounting periods which no longer exists or may have decreased, such impairment loss is reversed in the Statement of Profit and Loss only, to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation, if no impairment loss had been recognised.

Notes to the Standalone Financial Statements

Note 2 : Material Accounting Policies (Continued)

2.5 Investments in Subsidiaries and Associates

Investments in subsidiaries and associates are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, associate and jointly controlled entities, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

2.6 Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of inventories is determined using the weighted average method. In the case of manufactured inventories and work in progress, cost includes an appropriate share of production overheads based on normal operating capacity. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

If payment for inventory is deferred beyond normal credit terms then cost is determined by discounting the future cash flows at an interest rate determined with reference to market rates. The difference between the total cost and the deemed cost is recognised as interest expense over the period of financing under the effective interest method.

Slow and non-moving material, obsolescence, defective inventories are duly provided for and valued at lower of cost and net realizable value. Goods and materials in transit are valued at actual cost incurred upto the date of balance sheet. Materials and supplies held for use in the production of inventories are not written down if the finished products in which they will be used are expected to be sold at or above cost.

2.7 Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash on hand, bank balances and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the Statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

2.8 Financial Assets

(i) Initial recognition and measurement

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument.

On initial recognition, a financial asset is recognised at fair value, in case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost is recognised in the Statement of Profit and Loss. In other cases, the transaction cost is attributed to the acquisition value of the financial asset.

(ii) Classification and Subsequent measurement

Financial assets are subsequently classified and measured at

- amortised cost
- fair value through profit and loss (FVTPL)
- fair value through other comprehensive income (FVOCI).

Financial assets are not reclassified subsequent to their recognition, except if and in the period the Company changes its business model for managing financial assets.

(iii) Trade Receivables:

Trade receivables are initially recognised at their transaction price (as defined in Ind AS 115) unless those contain significant financing component determined in accordance with Ind AS 115 (or when the entity applies the practical expedient in accordance with para 63 of Ind AS 115). As a practical expedient, the Company uses a provision matrix to measure lifetime ECL on its portfolio of trade receivables. The provision matrix is prepared based on historically observed default rates over the expected life of trade receivables and is adjusted for forward looking estimates. At each reporting date, the historically observed default rates and changes in the forward-looking estimates are updated.

Notes to the Standalone Financial Statements

Note 2 : Material Accounting Policies (Continued)

(iv) Debt Instruments

Debt instruments are initially measured at amortised cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of (i) the Company's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

- (a) Measured at amortised cost: Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate ('EIR') method less impairment, if any. The amortisation of EIR and loss arising from impairment, if any is recognised in the Statement of Profit and Loss.
- (b) Measured at fair value through other comprehensive income: Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'Other Income' in the Statement of Profit and Loss.
- (c) Measured at fair value through profit or loss: A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as 'Other Income' in the Statement of Profit and Loss.

(v) Equity Instruments

All investments in equity instruments classified under financial assets are initially measured at fair value and the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL.

The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised as other income in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognized in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as Income in the Statement of Profit and Loss.

(vi) Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

(vii) Impairment of Financial Asset

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financial assets in FVTPL category.

For financial assets other than trade receivables, as per Ind AS 109, the Company recognises 12 month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. The Company's trade receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall.

The impairment losses and reversals are recognised in Statement of Profit and Loss.

Notes to the Standalone Financial Statements

Note 2 : Material Accounting Policies (Continued)

2.9 Financial Liabilities

(i) Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

(ii) Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the EIR (Effective Interest Rate) method or are measured at fair value through profit and loss with changes in fair value being recognised in the Statement of Profit and Loss.

(iii) Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires. Financial Liability is also derecognised on modification of terms of contract and when cashflows under modified terms are substantially different.

2.10 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

2.11 Derivative financial instruments

The Company uses derivative financial instruments, such as forward currency contracts and interest rate swaps, to hedge its foreign currency risks and interest rate risks respectively. The Company also uses commodity futures contracts to hedge the exposure to oil price risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value at the end of each reporting period. The subsequent changes in fair value are recorded in Statement of Profit and Loss.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. The Company does not follow hedge accounting.

2.12 Provisions and Contingent Liabilities

Provisions are recognized when the Company has a present obligation as a result of a past event; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate of the amount of the obligation can be made. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. The expenses relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows specific to the liability. The unwinding of the discount is recognised as finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is not recognised but disclosed in the financial statements where an inflow of economic benefit is probable.

Capital Commitments includes the amount of purchase orders (net of advance) issued to parties for acquisition of assets.

Provisions, contingent assets, contingent liabilities and commitments are reviewed at each balance sheet date.

2.13 Revenue Recognition

Revenue from contracts with customers

As per provision of IND AS 115- 'Revenue from Contracts with Customer-', revenue is recognised on transfer of control of goods or services to a customer at an amount that reflects the consideration to which the Company is expected to be entitled to in exchange for those goods or services. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold, and services rendered is net of variable consideration on account of discounts offered by the Company as part of the contractual obligation. Revenue (net of variable consideration) is recognised only to the extent that it is highly probable that the amount will not be subject to significant uncertainty regarding the amount of consideration that will be derived from the sale of goods. The performance obligation in case of sale of goods is satisfied at a point in time i.e., when the material is shipped to the customer or on delivery to the customer, as may be specified in the contract.

Sales are recognised when goods are supplied and control over the goods sold is transferred to the buyer which is on dispatch / delivery as per the terms of contracts. Sales are net of returns, trade discounts, rebates and sales taxes / Goods and Service Tax (GST)."

Income from processing operations is recognised on completion of production / dispatch of the goods, as per the terms of contract.

Other Operating Revenue

Dividend income is recognised when the right to receive the same is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of dividend can be measured reliably.

Export Incentives are accrued when there is reasonable assurance that they will be received and the Company will comply with the conditions associated with such incentives.

Income on assets given on operating lease is recognised on a straight line basis over the lease term in the Statement of Profit and Loss.

Other Income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that discounts the estimated future cash payments or receipts through the expected life of the financial instruments or a shorter period, where appropriate, to the net carrying amount of the financial assets. Interest income is included in other income in the Statement of Profit and Loss.

2.14 Employee Benefits

(i) Short-Term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, performance incentives, etc., are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss of the year in which the employee renders the related service.

The Company has a scheme of Performance Linked Variable Remuneration (PLVR) which rewards its employees based on Economic Value Added (EVA) or Profit Before Tax (PBT) and Cashflow. The PLVR amount is related to actual improvement made in EVA or PBT and Cashflow over the previous year when compared with expected improvements.

(ii) Post Employment Benefits

(a) Defined Contribution Plans

Payments made to a defined contribution plan such as Provident Fund and Family Pension maintained with Regional Provident Fund Office are charged as an expense in the Statement of Profit and Loss as they fall due.

Notes to the Standalone Financial Statements

Note 2 : Material Accounting Policies (Continued)

(b) Defined Benefit Plans

Gratuity Fund

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, after discounting the same. The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. Re-measurement of the net defined benefit liability, which comprise actuarial gains and losses are recognized immediately in Other Comprehensive Income (OCI). Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset). Net interest expense and other expenses related to defined benefit plans are recognized in Statement of Profit and Loss. When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognized immediately in Statement of Profit and Loss. The Company recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Provident Fund

Provident Fund Contributions other than those made to the Regional Provident Fund Office of the Government which are made to the Trust administered by the Company are considered as Defined Benefit Plans. The interest rate payable to the members of the Trust shall not be lower than the statutory rate of interest declared by the Central Government under the Employees Provident Funds and Miscellaneous Provisions Act, 1952 and shortfall, if any which is determined on the basis of an actuarial valuation, shall be made good by the Company. The calculation of defined benefit obligations is performed at each reporting period by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Pension

Pension plan for eligible employees are considered as defined benefit obligations and are provided for on the basis of an actuarial valuation, using the Projected Unit Credit Method, as at the date of the Balance Sheet.

(iii) Other Long-Term Employee Benefits

The Company's net obligation in respect of other long-term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods and are provided for on the basis of an actuarial valuation, using the Projected Unit Credit Method, as at the date of the Balance Sheet. Remeasurement of net obligation are recognised immediately in the Statement of Profit and Loss.

(iv) Termination Benefits

All terminal benefits are recognized as an expense in the period in which they are incurred.

2.15 Share-Based Payments

Employees of the Company also receive remuneration in the form of share based payments in consideration of the services rendered.

Under the equity settled share based payment, the fair value on the grant date of the awards given to employees is recognised as 'employee benefit expenses' with a corresponding increase in equity over the vesting period. The fair value of the options at the grant date is calculated on the basis of the Black Scholes model. At the end of each reporting period, apart from the non market vesting condition, the expense is reviewed and adjusted to reflect changes to the level of options expected to vest. When the options are exercised, the Company issues fresh equity shares.

When the terms of an equity-settled award are modified, an additional expense is recognised for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification.

2.16 Leases

Effective 1st April, 2019, the company adopted IND AS 116 - Leases.

At the inception it is assessed, whether a contract is a lease or contains a lease. A contract is a lease or contains a lease if it conveys the right to control the use of an identified asset, for a period of time, in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, company assesses whether the contract involves the use of an identified asset. Use may be specified explicitly or implicitly.

- (i) Use should be physically distinct or represent substantially all of the capacity of a physically distinct asset.
- (ii) If the supplier has a substantive substitution right, then the asset is not identified.
- (iii) Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use.
- (iv) Company has the right to direct the use of the asset.
- (v) In cases where the usage of the asset is predetermined the right to direct the use of the asset is determined when the company has the right to use the asset or the company designed the asset in a way that predetermines how and for what purpose it will be used.

At the commencement or modification of a contract, that contains a lease component, company allocates the consideration in the contract, to each lease component, on the basis of its relative standalone prices. For leases of property, it is elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

As a Lessee:

Company recognizes a right-of-use asset and a lease liability at the lease commencement date. Right-of-use asset (ROU):

The right-of-use asset is initially measured at cost. Cost comprises of the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, any initial direct costs incurred by the lessee, an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located less any lease incentives received.

After the commencement date, a lessee shall measure the right-of-use asset applying cost model, which is Cost less any accumulated depreciation and any accumulated impairment losses and also adjusted for certain re-measurements of the lease liability.

Right-of-use asset is depreciated using straight-line method from the commencement date to the earlier of end of the useful life of the ROU asset or the end of the lease term. If the lease transfers the ownership of the underlying asset to the Company at the earlier of the useful life of the ROU asset or the end of the lease term or/if the cost of the right-of-use asset reflects that the Company will exercise the purchase option, ROU will be depreciated from the commencement date to the end of the useful life of the underlying asset.

Lease liability:

Lease liability is initially measured at the present value of lease payments that are not paid at the commencement date. Discounting is done using the implicit interest rate in the lease, if that rate cannot be readily determined, then using company's incremental borrowing rate. Incremental borrowing rate is determined based on entity's borrowing rate adjusted for terms of the lease and type of the asset leased.

Lease payments included in the measurement of the lease liability comprises of fixed payments (including in substance fixed payments), variable lease payments that depends on an index or a rate, initially measured using the index or rate at the commencement date, amount expected to be payable under a residual value guarantee, the exercise price under a purchase option that the company is reasonably certain to exercise, lease payments in an optional renewal period if the company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the company is reasonably certain not to terminate early.

Lease liability is measured at amortised cost using the effective interest method. Lease liability is re-measured when there is a change in the lease term, a change in its assessment of whether it will exercise a purchase, extension or termination option

Notes to the Standalone Financial Statements

Note 2 : Material Accounting Policies (Continued)

or a revised in-substance fixed lease payment, a change in the amounts expected to be payable under a residual value guarantee and a change in future lease payments arising from change in an index or rate.

When the lease liability is re-measured corresponding adjustment is made to the carrying amount of the right-of-use asset. If the carrying amount of the right-of-use asset has been reduced to zero it will be recorded in statement of profit and loss.

Right-of-use asset is presented as a separate category under "Non-current assets" and lease liabilities are presented under "Financial liabilities" in the balance sheet.

Company has elected not to recognise right-of-use assets and lease liabilities for short term leases. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

Lessor:-

At the commencement or modification of a contract, that contains a lease component, the Company allocates the consideration in the contract, to each lease component, on the basis of its relative standalone prices.

At the inception of the lease, it is determined whether it is a finance lease or an operating lease. If the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset, then it is a financial lease, otherwise it is an operating lease.

If the lease arrangement contains lease and non-lease components, then the consideration in the contract is allocated using the principles of IND AS 115. The company tests for the impairment losses at the year end. Payment received under operating lease is recognised as income on straight line basis, over the lease term.

2.17 Research and Development Expenditure

Revenue expenditure on Research & Development is charged to the Statement of Profit and Loss of the year in which it is incurred. Capital expenditure incurred during the year on Research & Development is included under additions to Property, Plant and Equipment (PPE).

2.18 Borrowing Costs

Borrowing costs are interest and other costs that the Company incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate applicable to the respective borrowing. Borrowing costs that are directly attributable to the acquisition of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of that asset till the date it is put to use. Other borrowing costs are recognised as an expense in the period in which they are incurred.

2.19 Foreign Exchange Transactions

- (i) The standalone financial statements of the Company are presented in Indian Rupee (INR), which is the Company's functional and presentation currency.
- (ii) Transactions in foreign currency are recorded at exchange rates prevailing on the date of the transaction. Monetary assets and liabilities denominated in foreign currency, remaining unsettled at the period end are translated at closing rates. The difference in translation of monetary assets and liabilities and realised gains and losses on foreign currency transactions are recognised in the Statement of Profit and Loss. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction.
- (iii) Realised gains or losses on cancellation of forward exchange contracts are recognised in the Standalone Statement of Profit and Loss of the period in which they are cancelled.

Notes to the Standalone Financial Statements

Note 2 : Material Accounting Policies (Continued)

2.20 Taxes on Income

Income tax expense comprises current and deferred tax and is recognized in the Statement of Profit and Loss except to the extent that it relates to items recognized directly in equity or in OCI.

(i) Current Tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

(ii) Deferred Tax

Deferred income tax is recognised using the balance sheet approach in respect of temporary differences arising between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax assets are recognized for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves.

Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred Tax assets and liabilities are offset only if:

- a) the entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

2.21 Earnings Per Share

Basic Earnings per share is calculated by dividing the profit / (loss) for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the profit / (loss) for the period attributable to the equity shareholders and the weighted average number of equity shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

2.22 Business Combinations

Business combinations are accounted for using the acquisition accounting method as at the date of the acquisition, which is the date at which control is transferred to the Company. The consideration transferred in the acquisition and the identifiable assets acquired and liabilities assumed are recognised at fair values on their acquisition date. Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed.

of the Company was rejected, and the Company had preferred an application to the Company Law Board (CLB) against rejection of the said transfer application. The CLB rejected the application of the Company and advised the parties to approach the High Court. The Company filed an appeal before the Hon'ble Bombay High Court against the order of the Company Law Board under section 10F of the Companies Act, which was disposed with the direction that the transfer of shares be kept in abeyance till the pendency of the arbitration proceedings between the parties. The Hon'ble Bombay High Court had by its order dated September 18, 2012, restrained the Company from *inter alia*, dealing, selling or creating third party rights, etc. in the pledged shares and referred the matter to arbitration. The Company filed a Special Leave Petition (SLP) before the Supreme Court against this interim order of the Hon'ble Bombay High Court which was dismissed by the Hon'ble Supreme Court. The Ld. Sole Arbitrator, Justice (Retired), A.P. Shah on June 29, 2019 passed an Award ruling that the Company shall return all the pledged shares along with the original loan-cum-pledge agreements and the power of attorneys executed by the said individuals in favour of the Company to the said individuals upon the said individuals repaying an amount of ₹10.33 crores to the Company.

The Company has challenged this Award before the Hon'ble High Court of Bombay by way of Section 34 petition under the Arbitration & Conciliation Act, 1996. The Hon'ble Bombay High Court by its Order dated September 13, 2019 has stayed the operation and execution of the said Award dated June 29, 2019 till the final disposal of the said Section 34 Petition. The matter is pending for final hearing before the Hon'ble Bombay High Court.

The management is confident of recovery of this amount as the underlying value of the said shares is substantially greater than the amount of loan advanced. However, on a conservative basis, the Company has provided for the entire amount of ₹10.33 crore in the books of account.

B Nature and purpose of reserve

- Capital Redemption Reserve : The Company recognised Capital Redemption Reserve on buyback of equity shares from its retained earnings.
- Securities Premium Account : The amount received in excess of face value of the equity shares is recognised in Securities Premium Account. In case of equity-settled share based payment transactions, the difference between fair value on grant date and nominal value of share is accounted as securities premium reserve. This Reserve can be used only for the purposes specified in the Companies Act, 2013.
- Capital Reserve : During amalgamation, the excess of net assets taken, over the cost of consideration paid is treated as capital reserve.
- Employee Stock Grants Outstanding : The fair value of the equity-settled share based payment transactions with employees is recognised in Statement of Profit and Loss with corresponding credit to Employee Stock Options Outstanding Account.
- General Reserve : The Company has transferred a portion of the net profit of the Company before declaring dividend to general reserve pursuant to the earlier provisions of Companies Act, 1956. Mandatory transfer to general reserve is not required under the Companies Act, 2013.
- Retained Earnings : Retained earnings are the profits that the Company has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders. These are stated net of amount relating to Remeasurement of defined benefit plans.

Notes:

- The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed as contingent liabilities where applicable, in its financial statements. The Company does not expect the outcome of these proceedings to have a materially adverse effect on its financial statements.
- It is not practical for the Company to estimate the timings of cash outflows, if any, in respect of the above pending resolution of the respective proceedings as it is determinable only on receipt of judgements/decisions pending with various forums/authorities.
- The Company had received a notice from a Lessor demanding differential rent amounting to ₹ 175.07 crore upto March 31, 2025, for certain plots of land situated at Wadala. The Company had filed detailed replies denying any liability to pay such differential lease rental. Management had obtained legal advice, basis which, the Company believes that it has a very strong case and accordingly, no provision for the same has been made in the financial statements but has been considered as a contingent liability.
- Detail of Guarantee given covered under section 186 (4) of the Companies Act, 2013 :
The Corporate surety bond of ₹ 31.65 crore (previous year ₹ 31.65 crore) is in respect of refund received from excise authority for exempted units (North East) of Godrej Consumer Products Limited, an Associate company.

Notes to the Standalone Financial Statements

Note 37 : Movement in deferred tax balances and Tax losses carried forward (Contd.)

The Company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

Significant Management judgment is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income in which the entity operates and the period over which deferred income tax assets will be recovered.

Deferred tax assets are recognized for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Details of unused tax losses is given in note 2 below.

As the Company does not have any intention to dispose off investments in subsidiaries and associates in the foreseeable future, deferred tax asset on indexation benefit in relation to such investments has not been recognised.

Note 39 : Employee Benefits

1 DEFINED CONTRIBUTION PLAN

Provident Fund :

The contributions to the Provident Fund and Family Pension Fund of certain employees are made to a Government administered Provident Fund and there are no further obligations beyond making such contribution.

2 DEFINED BENEFIT PLAN

Gratuity :

The Company participates in the Employees' Group Gratuity-cum-Life Assurance Scheme of ICICI Prudential Life Insurance Co. Ltd, HDFC Standard Life Insurance Co. Ltd. and SBI Life Insurance Co. Ltd, a funded defined benefit plan for qualifying employees. Gratuity is payable to all eligible employees on death or on separation / termination in terms of the provisions of the Payment of Gratuity (Amendment) Act, 1997, or as per the Company's scheme whichever is more beneficial to the employees.

The liability for the Defined Benefit Plan is provided on the basis of a valuation, using the Projected Unit Credit Method, as at the Balance Sheet date, carried out by an independent actuary.

Provident Fund :

The Company manages the Provident Fund plan through a Provident Fund Trust for a majority of its employees which is permitted under The Employees' Provident Fund and Miscellaneous Provisions Act, 1952. The plan envisages contribution by the employer and employees and guarantees interest at the rate notified by the Provident Fund authority. The contribution by employer and employee, together with interest, are payable at the time of separation from service or retirement, whichever is earlier.

The Company has an obligation to fund any shortfall on the yield of the trust's investments over the administered interest rates on an annual basis. These administered rates are determined annually predominantly considering the social rather than economic factors and the actual return earned by the Company has been higher in the past years. The actuary has provided a valuation for provident fund liabilities on the basis of guidance issued by Actuarial Society of India and based on the below provided assumptions there is no shortfall as at March 31, 2025.

6 Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

Amount ₹ in Crore

Particulars	Year Ended March 31, 2025		Year Ended March 31, 2024	
	Increase	Decrease	Increase	Decrease
Discount rate (1% movement)	(1.14)	1.26	(0.90)	0.98

Note 40 : Employee Stock Benefit Plans

1 Employee Stock Grant Scheme

- The Company had set up the Employees Stock Grant Scheme 2011 (ESGS) pursuant to the approval by the Shareholders at their Meeting held on January 17, 2011.
- The ESGS Scheme is effective from April 1, 2011, (the "Effective Date") and shall continue to be in force until (i) its termination by the Board or (ii) the date on which all of the shares to be vested under Employee Stock Grant Scheme 2011 have been vested in the Eligible Employees and all restrictions on such Stock Grants awarded under the terms of ESGS Scheme, if any, have lapsed, whichever is earlier.
- The Scheme applies to the Eligible Employees who are in whole time employment of the Company or its Subsidiary Companies. The entitlement of each employee would be decided by the Compensation Committee of the respective Company based on the employee's performance, level, grade, etc.
- The total number of Stock Grants to be awarded under the ESGS Scheme are restricted to 25,00,000 (Twenty Five Lac) fully paid up equity shares of the Company. Not more than 5,00,000 (Five Lac) fully paid up equity shares or 1% of the issued equity share capital at the time of awarding the Stock Grant, whichever is lower, can be awarded to any one employee in any one year.
- The Stock Grants shall vest in the Eligible Employees pursuant to the ESGS Scheme in the proportion of $1/3^{\text{rd}}$ at the end of each year from the date on which the Stock Grants are awarded for a period of three consecutive years, or as may be determined by Compensation

Committee, subject to the condition that the Eligible Employee continues to be in employment of the Company or the Subsidiary company as the case may be.

- (f) The Eligible Employee shall exercise her / his right to acquire the shares vested in her / him all at one time within 1 month from the date on which the shares vested in her / him or such other period as may be determined by the Compensation Committee.
- (g) The Exercise Price of the shares has been fixed at Re 1 per share. The fair value of the employee share options has been measured using the Black-Scholes Option Pricing Model and charged to the Statement of Profit and Loss. The value of the options is treated as a part of employee compensation in the financial statements and is amortised over the vesting period.

Following table lists the average inputs to the model used for the plan:

Particulars	Year Ended March 31, 2025	Year Ended March 31, 2024	Description of the Inputs used
Dividend yield %	0.00%	0.00%	Dividend yield of the options is based on recent dividend activity.
Expected volatility %	10.15%-12.43%	8.12%-11.8%	Expected volatility of the option is based on historical volatility, during a period equivalent to the option life, of the observed market prices of the Company's publicly traded equity shares.
Risk free Interest rate %	7.07% to 7.08%	6.82% to 6.87%	Risk-free interest rates are based on the government securities yield in effect at the time of the grant.
Expected life of share options	1 to 3 years	1 to 3 years	
Weighted Average Market price on date of granting the options (₹)	797.20	459.70	

- (h) The Status of the above plan is as under:

Particulars	Numbers of Options		Weighted average Exercise Price (₹)	Weighted average Share Price (₹)
	Year Ended March 31, 2025	Year Ended March 31, 2024		
Options Outstanding at the Beginning of the Year	121,962	109,430

* The fair value in respect of the unquoted equity investments cannot be reliably estimated. The Company has currently measured them at net book value as per the latest audited financial statements available.

The Fair value of cash and cash equivalents, other bank balances, trade receivables, trade payables approximated their carrying value largely due to short term maturities of these instruments.

Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

2 Measurement of fair values

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

Notes to the Standalone Financial Statements

Note 42 : Fair Value Measurement (Continued)

- a. The fair values of investments in mutual fund units is based on the net asset value ('NAV') as stated by the issuers of these mutual fund units in the published statements as at Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuers will redeem such units from the investors.
- b. The Company uses the Discounted Cash Flow valuation technique (in relation to financial assets measured at amortised cost and fair value through profit or loss) which involves determination of present value of expected receipt/ payment discounted using appropriate discounting rates. The fair value so determined for financial asset measured at fair value through profit and loss are classified as Level 2.
- c. The Company uses the discounted cash flow valuation technique (in relation to financial liabilities measured at amortised cost) which involves determination of the present value of expected payments, discounted using bank rate. The fair value of non-convertible debentures is valued using FIMMDA guidelines.

The following tables show the valuation techniques used in measuring Level 2 and Level 3 fair values, as well as the significant unobservable inputs used.

Type	Valuation technique
Forward contracts	The fair value is determined using forward exchange rates at the reporting date.

Note 43 : Financial Risk Management

1 Financial Risk Management objectives and policies

The Company's business activities are exposed to a variety of financial risks, namely Credit risk, Liquidity risk, Currency risk, Interest risks and Commodity price risk. The Company's Senior Management has the overall responsibility for establishing and governing the Company's risk management framework. The Company has constituted a Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the Board of Directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The audit committee oversees how Management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

2 Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and loans and advances and Bank balances and derivative transactions.

The carrying amount of following financial assets represents the maximum credit exposure:

Trade receivables and loans and advances

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer and the geography in which it operates. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

The Company has a policy under which each new customer is analysed individually for creditworthiness before offering credit period and delivery terms and conditions. The Company's export sales are backed by letters of credit and insured through Export Credit Guarantee Corporation. The Company bifurcates the Domestic Customers into Large Corporates, Distributors and others for Credit monitoring.

The Company maintains adequate security deposits for sales made to its distributors. For other trade receivables, the Company individually monitors the sanctioned credit limits as against the outstanding balances. Accordingly, the Company makes specific loss allowance against such trade receivables wherever required and monitors the same at periodic intervals.

The Company monitors individual loans and advances given and makes any specific loss allowance wherever required.

Based on prior experience and an assessment of the current economic environment, Management believes there is no credit risk provision required. Also Company does not have any significant concentration of credit risk.

The ageing analysis of trade receivables is disclosed in Note 11

Loss Allowance recognised	(0.10)	0.76
Amounts written off	(0.88)	(0.66)
Closing Loss Allowance	2.45	3.43

Bank Balances and derivative transactions

Bank Accounts / derivative transactions are maintained / carried out with Banks having high credit ratings.

3 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Management monitors rolling forecasts of the Company's liquidity position on the basis of expected cash flows. This monitoring includes financial ratios and takes into account the accessibility of cash and cash equivalents.

The Company has access to funds from debt markets through loan from banks, commercial papers, fixed deposits from public and other Debt instruments. The Company invests its surplus funds in bank fixed deposits and debt based mutual funds.

Note 43 : Financial Risk Management (continued)

4 Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates – will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables and long term debt. The Company's exposure to market risk primarily related to foreign exchange rate risk, interest rate risk and the market value of investments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

4(i) Currency risk

The Company is exposed to currency risk on account of its Receivables for Exports and Payables for Imports in foreign currency. The functional currency of the Company is Indian Rupee. The Company manages currency exposures within prescribed limits, through use of forward exchange contracts. Foreign exchange transactions are covered with strict limits placed on the amount of uncovered exposure, if any, at any point in time.

Sensitivity analysis

A reasonably possible strengthening / (weakening) of the Indian Rupee against the foreign currencies at March 31 would have affected the measurement of financial instruments denominated in foreign currencies and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

4(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates.

The Management is responsible for the monitoring of the Company's interest rate position. Various variables are considered by the Management in structuring the Company's borrowings to achieve a reasonable, competitive, cost of funding.

Exposure to interest rate risk

Company's interest rate risk arises from borrowings. The interest rate profile of the Company's interest-bearing financial instruments as reported to the Management of the Company is as follows:

Amount ₹ in Crore

Particulars	As at	As at
	March 31, 2025	March 31, 2024
Fixed rate borrowings	9,649.06	8,323.60
Variable rate borrowings	407.80	203.85
	10,056.86	8,527.45

Fair value sensitivity analysis for fixed-rate instruments

The Company does not account for any fixed-rate financial assets or financial liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

Cash flow sensitivity analysis for variable-rate instruments

A reasonably possible change of 100 basis points in interest rate would have resulted in variation in the interest expense for the Company by the amounts indicated in the table below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The year end balances are not necessarily representative of the average debt outstanding during the period.

4(iii) Commodity Price risk

The Company is exposed to commodity risks mainly due to price volatility in Palm oil derivatives and Rapeseed Oil. We enter into fixed price contracts with suppliers and in certain cases, enter into back to back sale contract with customers. We periodically review the open exposure of Raw material regularly.

Forward Contracts

The Company uses forward exchange contracts to hedge its foreign exchange exposure relating to the underlying transactions and firm commitment in accordance with its forex policy as determined by its Forex Committee. The Company does not use foreign exchange forward contracts for trading or speculation purposes.

Note 44 : Capital Management

For the purpose of the Company's capital management, capital includes issued capital and other equity reserves. The primary objective of the Company's Capital Management is to maximise shareholders value. The Company manages its capital structure and makes adjustments in the light of changes in economic environment and the requirements of the financial covenants.

The Company monitors capital using Adjusted net debt to equity ratio. For this purpose, adjusted net debt is defined as total debt less cash and bank balances and current investments.

Formulae used for Calculation of Key Ratios and Financial indicators:

Debt Equity Ratio (Gross) = Total Debt / Equity

(Net) Debt - Equity Ratio = DEBT [Borrowings (excluding Lease Liabilities accounted as per Ind AS 116) - Cash and Bank Balance (includes FD) - Liquid Investments] / Equity

Debt Service Coverage Ratio = EBIDA / [Interest Expense + Repayment of Long Term Borrowings during the period (netted off to the extent of Long term Loans availed during the same period for the repayments)]

Interest Service Coverage Ratio = EBIDA / Interest Expense

EBIDA = Net Profit/(Loss) After Tax + Interest Expense + Depreciation and Amortisation Expenses+Loss/(Profit) (net) on sale of Property, Plant and Equipment

Current Ratio = Current Assets/Current Liabilities

Long term Debt to Working Capital = Non Current Borrowing / (Current assets-Current Liabilities)

Bad Debts to Accounts Receivable Ratio = Bad Debts/Accounts Receivable

Current Liability Ratio = Current Liabilities /Total Liabilities

Total Debt to Total Assets = (Non Current Borrowing+Current Borrowing)/Total Assets

Debtors Turnover = Revenue from Operations / Average Trade Receivable

Inventory Turnover = (Cost of Materials Consumed + Purchases of Stock in Trade + Changes in Inventories of Finished Goods, Stock in Trade and Work in Progress) / Average Inventory

Operating profit ratio = (Earnings before exceptional item, interest, taxes, depreciation, amortization expenses less Other Income) / Revenue from operations

Net Profit Margin = Profit/(Loss) for the period/ Revenue from Operations

Return on Equity Ratio= Net Profits after taxes /Average Shareholder's Equity

Trade payables turnover ratio = Net Credit Purchases / Average Trade Payables

Net capital turnover ratio = Net Sales/Working Capital

Return on capital employed (ROCE) =Earning before interest and taxes/Capital Employed

Capital Employed = Tangible Net worth +Total Debt+Deferred Tax Liabilities

Return on investment= Income generated from invested funds / Average value of investments

* as working capital is negative Net Capital Turnover ratio has not been provided.
