**Subject: Submission of Presentation – Business Overview of Alan Scott Enterprises Ltd and its Subsidiaries.**

Dear Sir/Madam,

We are pleased to submit herewith a presentation providing a comprehensive overview of Alan Scott Enterprises Ltd and its subsidiaries.

The enclosed document captures our business model, operating structure, and strategic direction, highlighting how each subsidiary contributes to the group's long-term growth vision. We believe this will enable investors to:

- Gain deeper insight into our diversified portfolio.
- Understand the synergies and value drivers across the group.
- Appreciate the strategic initiatives that position us for sustainable expansion.

Our objective is to maintain clarity and transparency, empowering the investor community to evaluate the Company's potential with greater confidence.

We request you to kindly take this on record and make the enclosed presentation available to the public through the BSE portal.

Thanking you,

Yours faithfully,

**For Alan Scott Enterprises Limited**  
(Formerly known as Alan Scott Industries Limited)

**Suresh Kumar Jain**

**Designation : Managing Director & CEO**  
**DIN : 00048463**  
**Place : Mumbai**  
**Date : 11/08/2025**

# INDIA NEEDS THIS NOW

**The Demand is REAL. The Gaps are Huge. The Moment is Now.**

- 5 CR+ students underserved

Urgent need for AI-native education & behaviour led learning

- 58% CAGR in Automation

Massive opportunity for industrial transformation through Robotics

- 70 of the Worlds Most polluted cities in India

Clear demand for indoor air quality and clean tech innovation

- 93% informal workers unverified

Critical need for Trust, Identity & Inclusion Platforms

- 80% of Himalayan farmers lack direct market access, and 30% of India's agri output is lost to inefficiencies

Smarter supply chains, clean tech, and farmer-led innovation are essential

## ***ENTER ALAN SCOTT ENTERPRISES LIMITED***

- Alan Scott is not just a holding company.

It's a launchpad for solving Bharat's structural challenges—through innovation, structure, and scale.

- Purpose-led innovation. IP ownership. Distributed execution. Listed governance.

## ***MEET OUR FOUNDER***

***We don't chase trends. We build what India needs.***

Suresh Jain

Founder, Alan Scott Enterprises Ltd.

Chartered Accountant | Founder of Networth Stock Broking Ltd (now Monarch Networth)

Conviction Investor | Visionary behind Sunicon Ventures

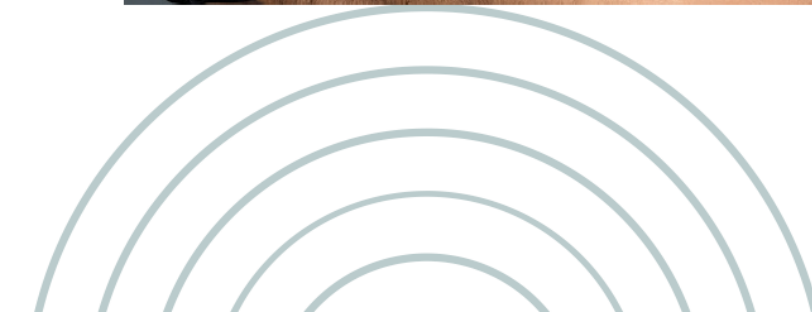

**“True wealth lies in health, harmony, and purpose.”**

A WealthEnergizer by nature, Suresh Jain believes wealth is not just about assets—but how we energize people, ideas, and outcomes.

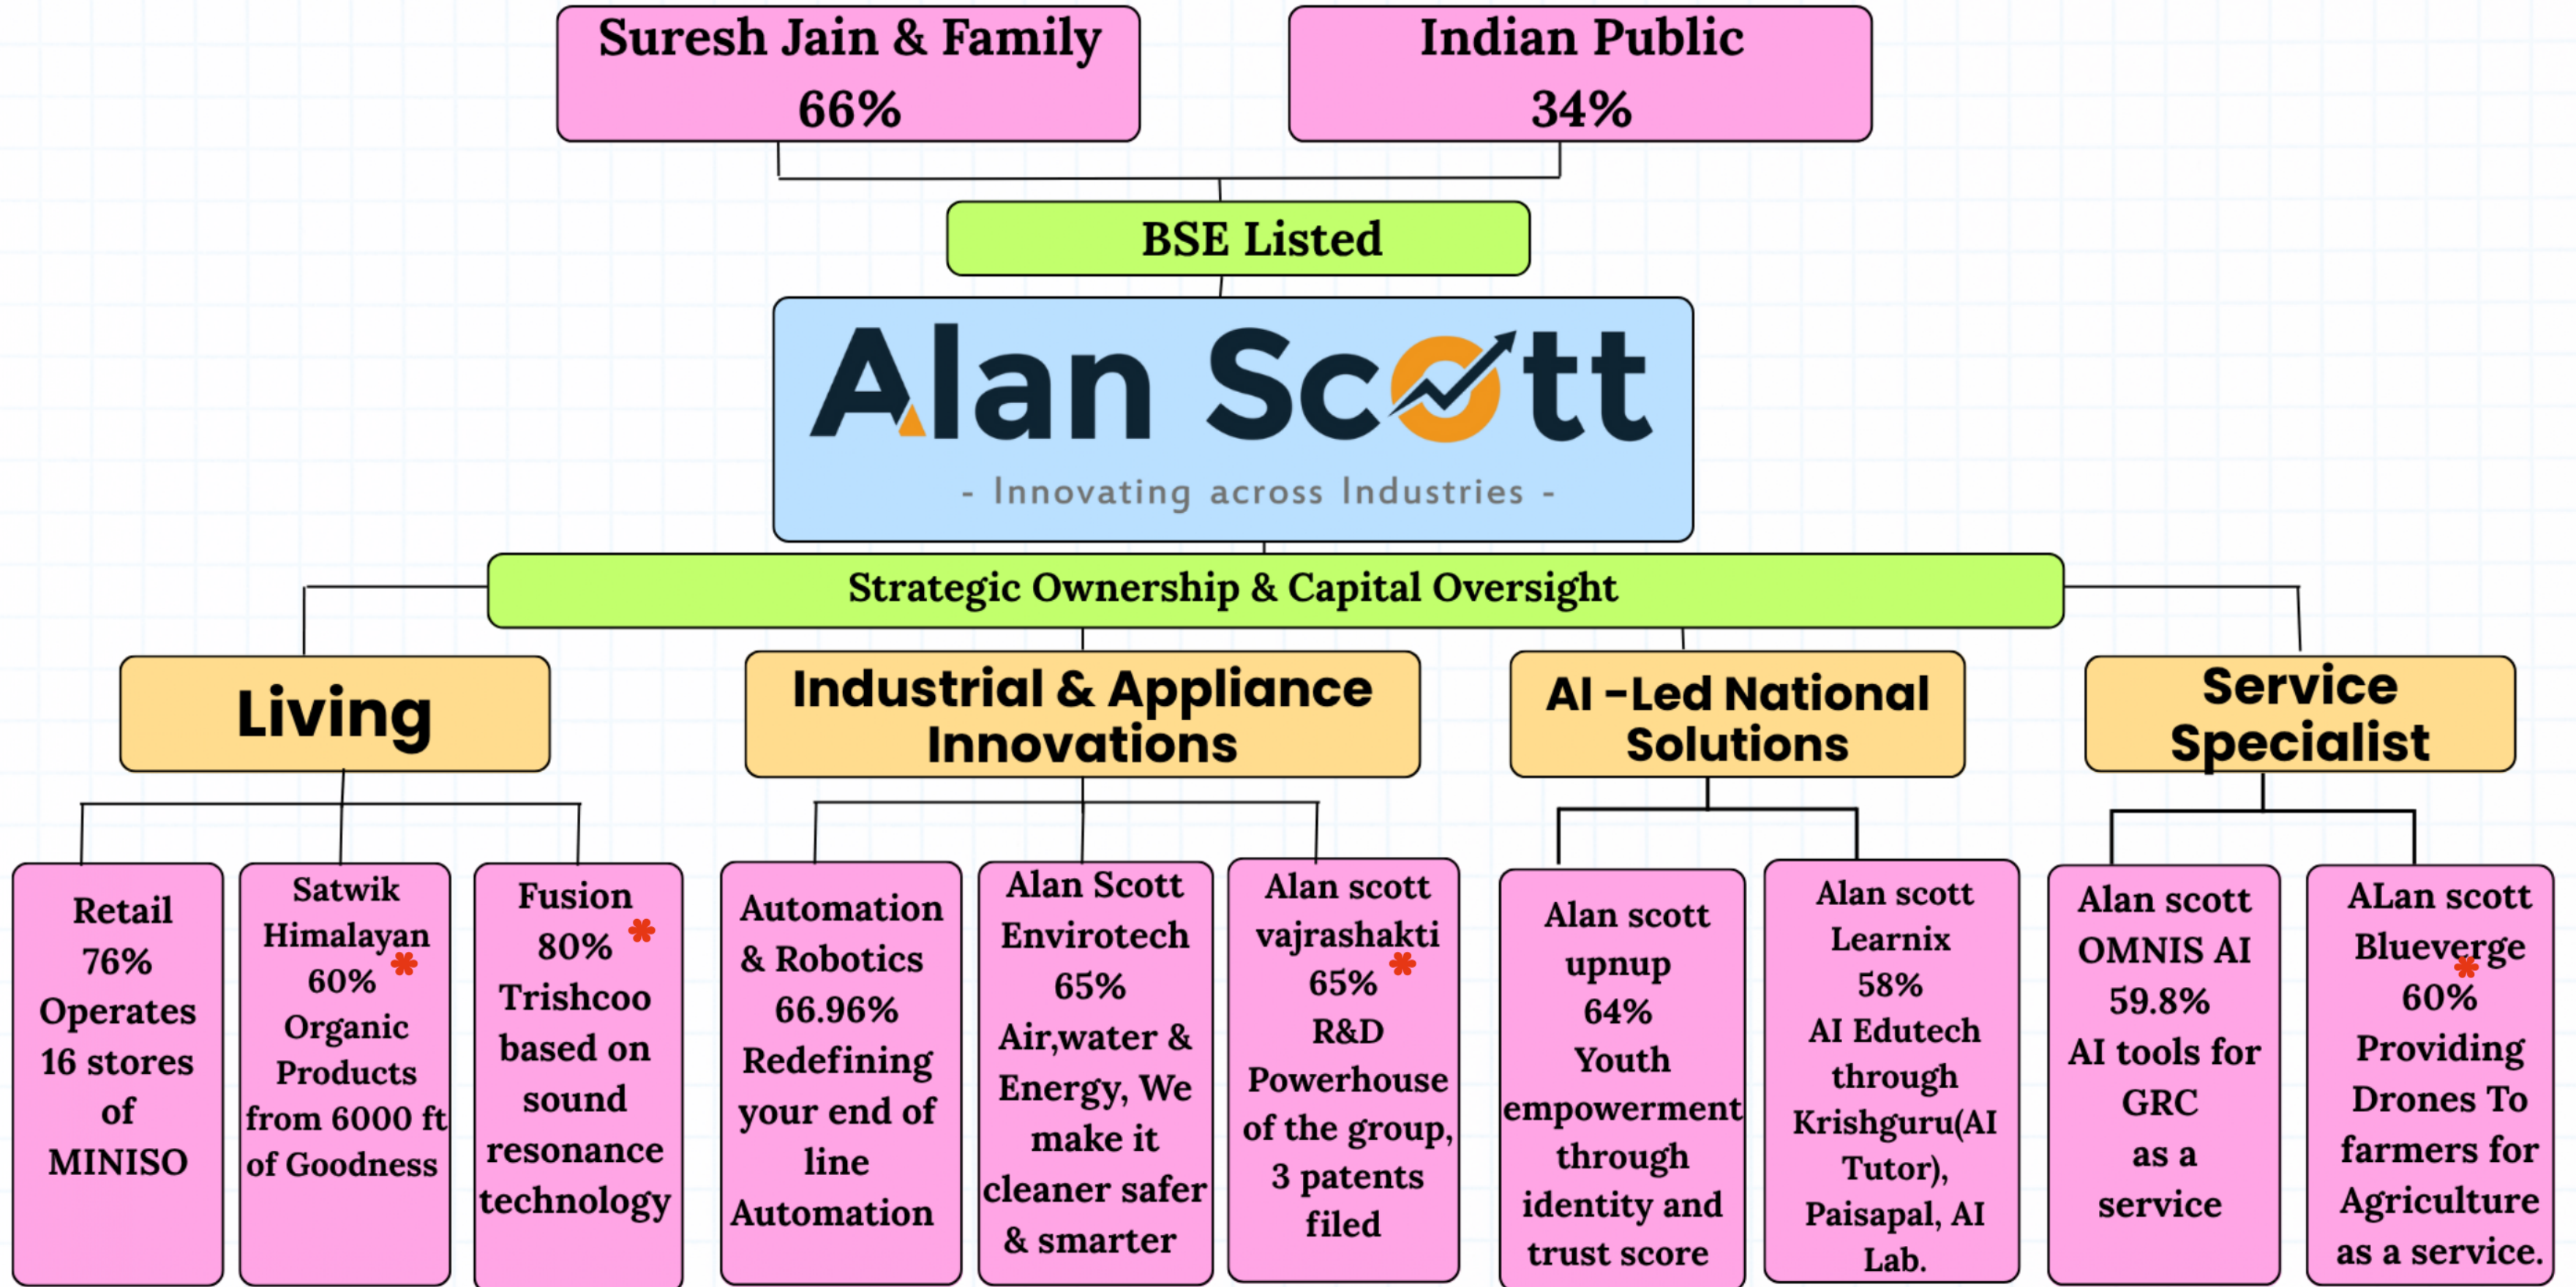

With 25+ years of entrepreneurial depth across financial markets, tech investments, and governance, he has built and backed high-conviction ventures that are solving real problems for India.

From running a broking firm in the 90s to now leading Sunicon Ventures, a future-focused investment platform, he brings deep insight into how capital, purpose, and technology can together shape Bharat's next leap.

**“In a noisy world, we choose to build with clarity, conviction, and calm.”**

# Structure

✳ Upon Completion of the required transactions, the company shall hold the above mentioned percentages.

# Why This Model Works

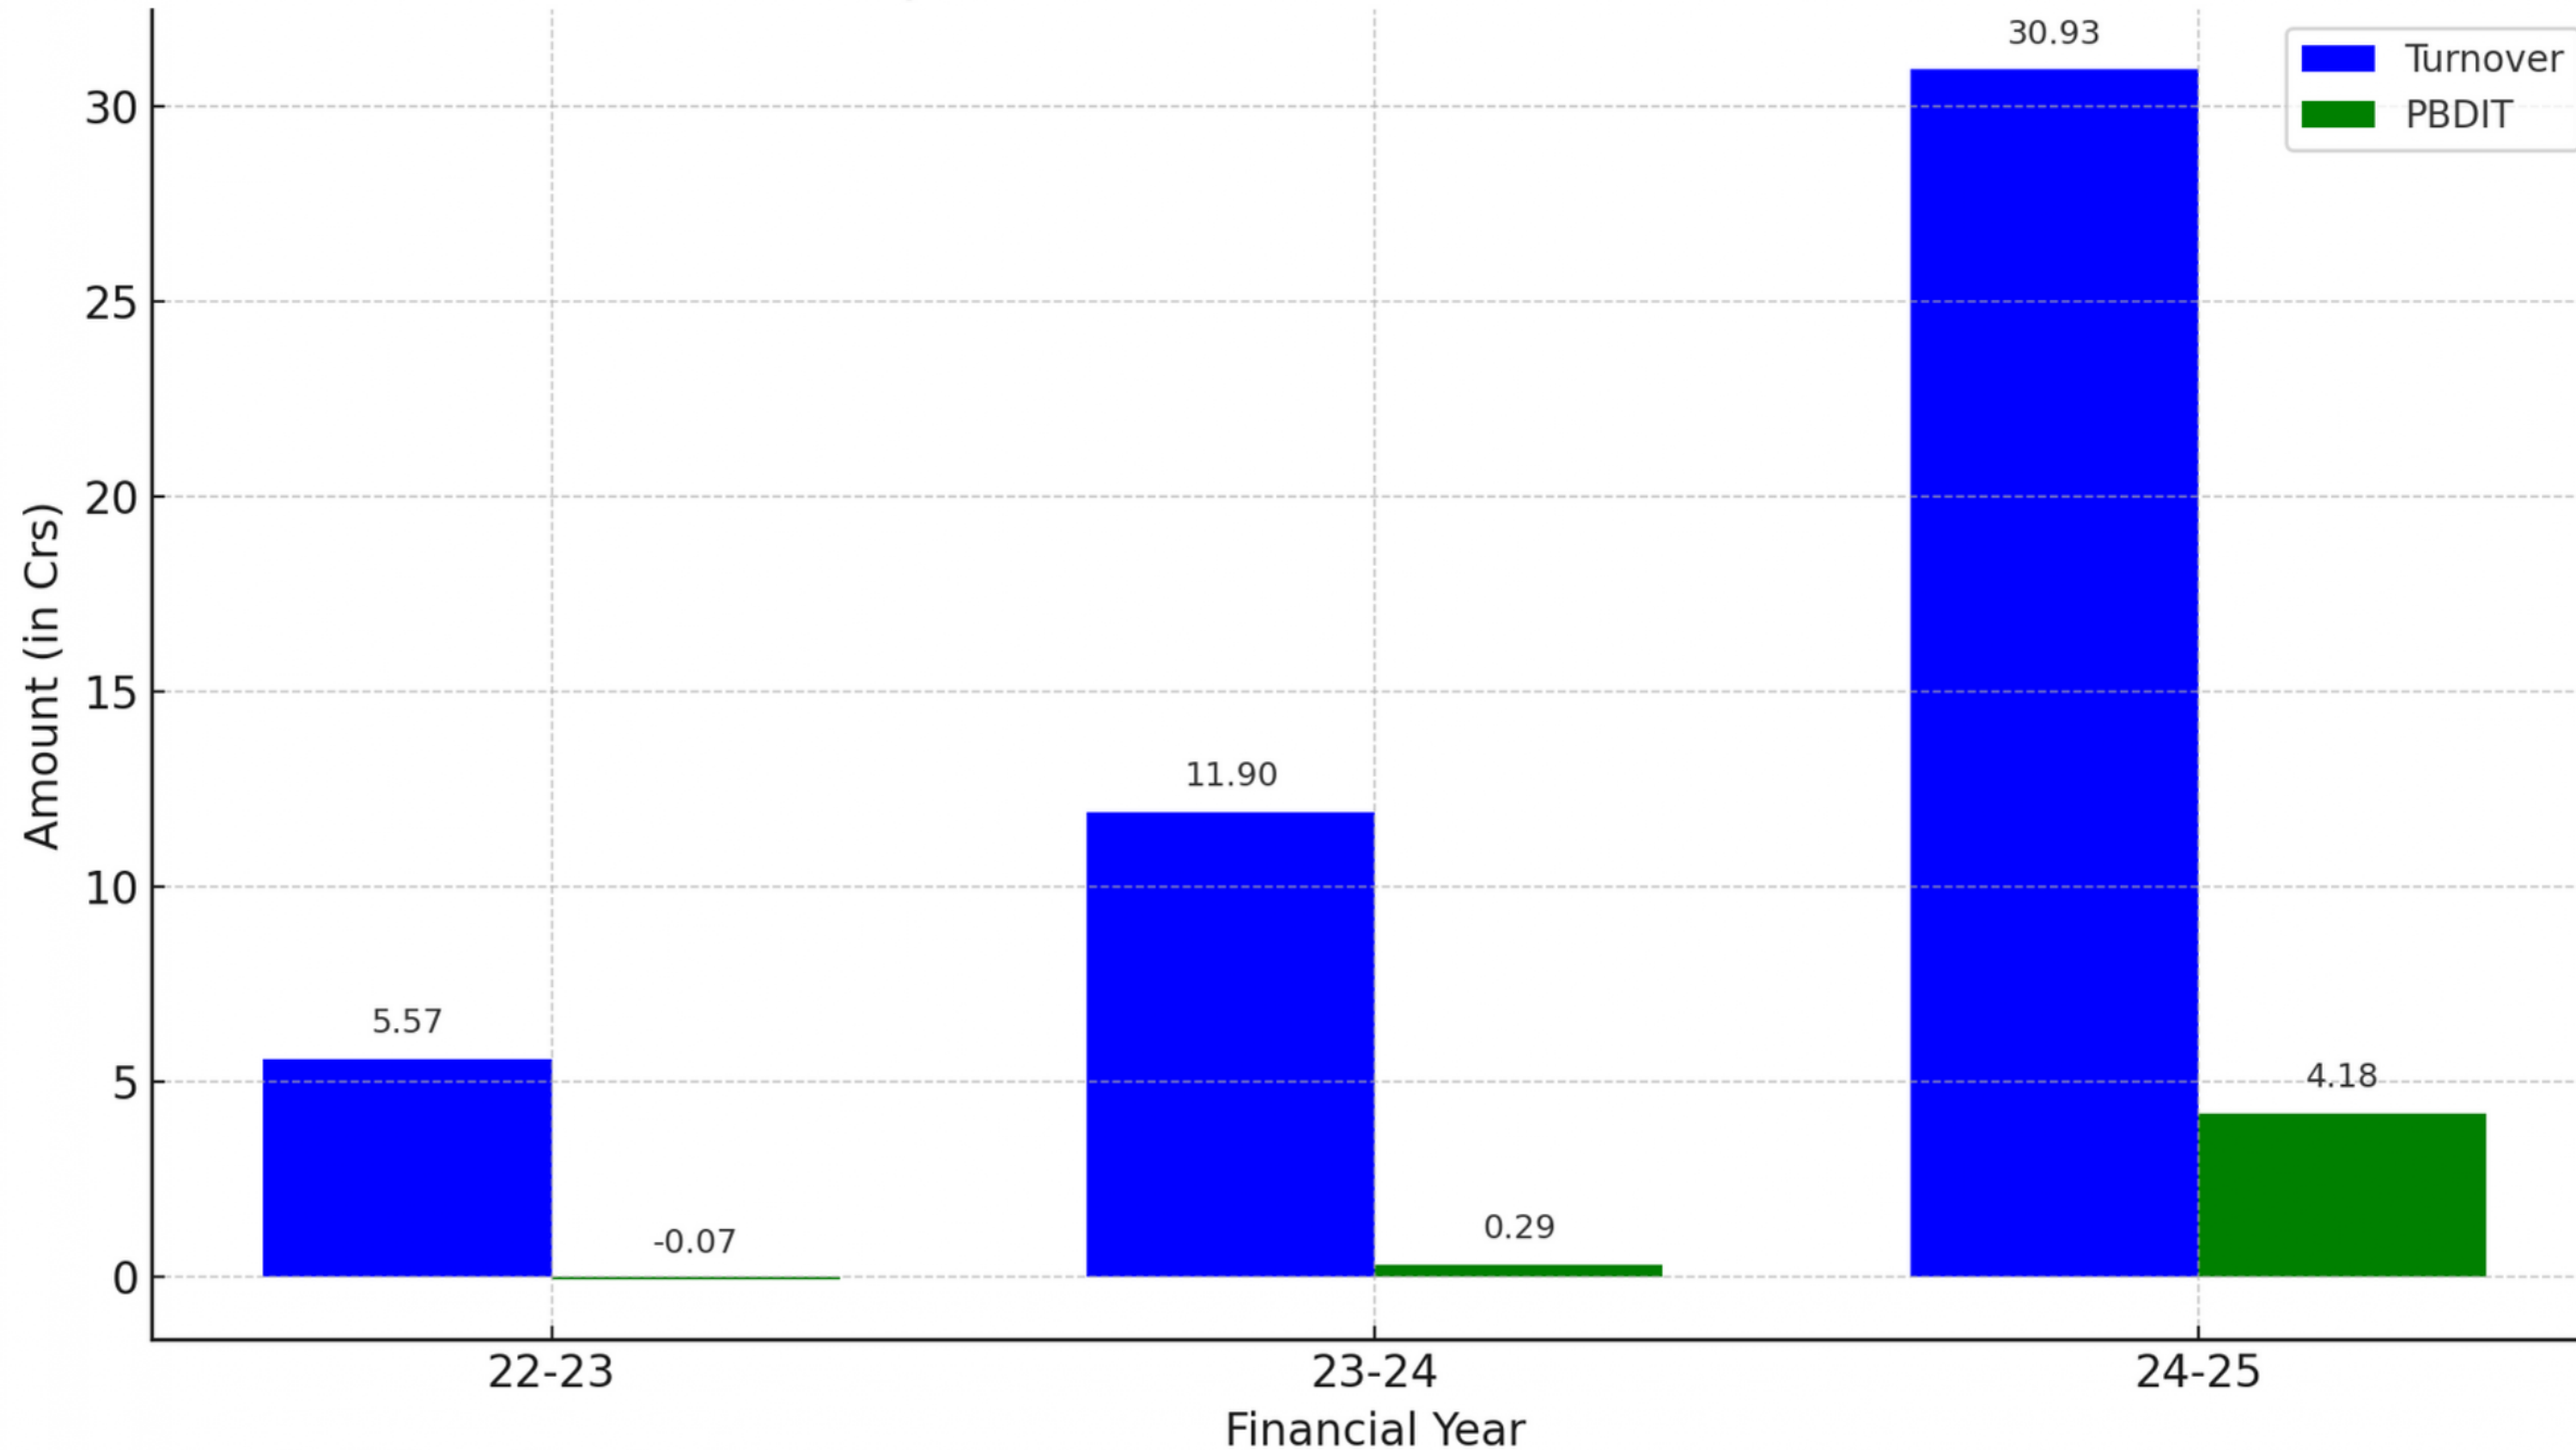

At Alan Scott, we blend startup agility with listed company discipline - a rare combination built for India's next wave of growth.

- **Dual Strategy:** Entrepreneurial execution at the subsidiary level & Centralized governance, capital planning & IP control
- **Built-in Synergy:** Shared knowledge, R&D, brand equity & Franchisable models, recurring revenue streams
- **Investor Confidence:** Transparent financials, Board oversight and regulatory compliance
- This model ensures each venture is nimble yet accountable — designed to scale fast, pivot smart, and compound value across the group.

***Rabale factory machine in action***

***TRUSTED BY INDUSTRY  
LEADERS***

**Breathe Better. Drink Pure. Save Energy.**

Alan Scott Envirotech Pvt Ltd is committed to enhancing environmental awareness and reducing pollution through innovative solutions. We specialise in creating products that improve indoor air quality and support sustainable practices.

Our mission is to foster a cleaner, healthier environment by collaborating with Hospitals, Education Institutes, industries, regulatory bodies, and government initiatives to promote eco-friendly technologies.

This subsidiary has its facility situated in Baner, Pune, and is led by a dynamic team of people constantly working towards the development of technologies that make our environment a better place to live by providing us with cleaner air to breathe, water with the right mineral balance, and conserving energy at all times.

## ***“The Mind Behind the Machines.”***

Vajrashakti is the deep-tech R&D hub of the Alan Scott Group — quietly building India’s next generation of industrial, energy, and environmental technologies.

We solve complex problems through patentable, purpose-led innovation, engineered for scale and affordability.

### **Key Innovation Tracks:**

- ZestWatt Appliances – Ultra-low energy geysers, dryers, and heaters with up to 70% power savings
- Clairon Smog Tower – Outdoor air purification for cities and industries
- Smoke Capture System – Disaster-response innovation for fire-prone zones
- Weather Stations – Accurate, affordable micro-climate monitoring
- NovaQ (Silent Power) – Portable, noiseless energy source for emergencies and rural applications
- Industrial IoT Systems – Smart monitoring and compliance tech for HVAC and plant environments

### **Why Vajrashakti Matters:**

- Acts as the central IP and technology backbone for the entire Alan Scott ecosystem
- Builds products that address real Bharat needs — energy, safety, air, and climate
- Strategic fit for government grants, defense use cases, and Make in India mandates
- Proves that innovation doesn’t need noise to create impact

# ***ALAN SCOTT NEXT***

## ***AI-Led National Solutions***

ALAN SCOTT NEXT IS DESIGNED FOR NATION-SCALE IMPACT, USING AI AND BLOCKCHAIN TO SOLVE INDIA'S DEEPEST PEOPLE-CENTRIC CHALLENGES — FROM EMPLOYMENT VERIFICATION TO FINANCIAL LITERACY, EDUCATION, AND SELF-LEADERSHIP.

THESE VENTURES BUILD DIGITAL PUBLIC GOODS WITH PRIVATE SECTOR AGILITY — DESIGNED TO UPLIFT CRORES, NOT THOUSANDS.

### SUBSIDIARIES IN THIS CATEGORY:

1. ALAN SCOTT UPNUP LIFE PVT. LTD. – TRUST + IDENTITY + EMPLOYMENT
2. ALAN SCOTT LEARNIX PVT. LTD. – AI-POWERED LEARNING AND ASSESSMENT

## 1. Positioning: India's First Mission-Led Identity & Trust Platform

UpnUp Life aims to become the definitive digital trust backbone for India's informal and semi-formal workforce—starting with security guards and expanding across 107 identified roles.

- Clear Market Gap
- Platform Model
- First-Mover Advantage

## 2. Initial Focus: Security Guard Industry (August 2025 Launch)

Targeting the security guard industry (5M+ workers in India) creates an ideal wedge for market entry. The app has been developed with the help of insights from within the security industry solving basic problems like attendance, alertness, and also complex problems like identity, trust, background verification which makes it easier to adopt for the security industry. the security industry in itself is:

- High Friction Use Case
- Trust Protocol in Action
- Immediate Demand

## 3. Technology Stack: Blockchain + AI-Backed

- Blockchain
- AI Layer
