Opportunities and Threats

Opportunities

Indian economy is fast growing and amongst top growing economies in the world. Seeing the recent trends of money inflow into various mutual funds, it is evident that there is a significant shift from physical assets to financial assets. We are seeing large number of corporates both SME's and large companies prefer raising funds from the capital markets. There has been robust retail participation in good quality IPO's. Recent SEBI order fixing deadline on dematerialisation physical shares is seen significantly as an opportunity for stock brokers. Going forward there lies a huge potential and unmatched opportunities for stock broking firms given the steady increase in institutional and public activity in the financial markets.

Threats

Industry as a whole is seeing significant shift and usage of latest and modern technology such as Artificial Intelligence (AI), Data Analytics and various other applications in broking business irrespective of their costs. Online Zero/free brokerages pose a serious threat and disruption for the industry as a whole.

Segment-wise or product-wise performance.

 Due to favorable stock broking climate and increase in the volume of business in Stock broking activities, the fee based income from stock broking operations has increased to Rs.1035.89 lakhs for FY 2017-18 from Rs.791.91 lakhs for the previous FY 2016-17 thereby an increase of 30.81%

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL STATEMENTS OF INDBANK MERCHANT BANKING SERVICES LIMITED FOR THE YEAR ENDED 31 MARCH 2018

The preparation of financial statements of Indbank Merchant Banking Services Limited for the year ended 31st March 2018 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the company. The statutory auditors appointed by the Comptroller and Auditor General of India under Section 139(5) of the Act are responsible for expressing opinion on the financial statements under Section 143 of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of Act. This is stated to have been done by them vide their Audit Report dated 04 May 2018.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit under section 143(6)(a) of the Act of the financial statements of Indbank Merchant Banking Services Limited for the year 31 March 2018. The supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records. On the basis of my audit, nothing significant has come to my knowledge which would give rise to any comment upon or supplement to statutory auditor's report.

For and on the behalf of the Comptroller & Auditor General of India

INDEPENDENT AUDITOR'S REPORT

To The Members of INDBANK MERCHANT BANKING SERVICES LIMITED

Report on the Standalone IndASFinancial Statements

We have audited the accompanying standalone financial statements of INDBANK MERCHANT BANKING SERVICES LIMITED("the Company"), which comprise the Balance Sheet as at March 31, 2018, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder and the Order issued under section 143(11) of the Act.

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone financial statements. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018, and its profit, total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

- As required by Section 143(3) of the Act, based on our audit we report that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Company as on March 31, 2018 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2018 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
- ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- 2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 3. As required by section 143(5) we have included in Annexure C, a statement on the matters specified in the directions issued by the Comptroller and Auditor General of India, and in our opinion, no action is required to be taken thereon and there is no impact on the accounts and the financials statements of the company.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of INDBANK MERCHANT BANKING SERVICES LIMITED of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies

Act. 2013 ("the Act")

We have audited the internal financial controls over financial reporting of INDBANK MERCHANT BANKING SERVICES LIMITED("the Company") as of March 31, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the

essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date:

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly and

Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below.

3.3 Revenue recognition

3.3.1 Rendering of services

Revenue primarily comprises the following incomes:

1. Issue Management Fee and other Managerial Services - Considered on the completion of assignment.

- 2. Underwriting Commission and brokerage on distribution of financial products Considered on receipt of subscription particulars
- 3. Brokerages under stock broking operations On completion of contracts
- 4. Annual Maintenance and Transaction charges under Depository Participant operations yearly and on completion of transactions respectively.
- 5. Interest on overdue lease rentals and hire purchase installments Receipt basis
- 6. Dividend Income When right to receive is established.

3.4 Employee benefits

3.4.1 Retirement benefit costs and termination benefits

Payments to defined contribution retirement benefit plans are recognized as an expense when employees have rendered service entitling them to the contributions.

The plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days' salary payable for each completed year of service. Vesting occurs upon the completion of five years of service. The Company makes an annual contribution to gratuity fund established as a Trust through a Group Gratuity Policy with Life Insurance Corporation of India. The Company's liability towards Gratuity is actuarially determined at the reporting date using the Project Unit Credit (PUC) method. Actuarial gains and losses on gratuity are recognized in Other Comprehensive Income as per Ind AS 19.

3.4.2 Short-term and other long-term employee benefits

A liability is recognized for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service. Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognized in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

3.4.3 Contribution to Provident Fund and Leave Encashment

The eligible employees of the Company are entitled to receive benefits under Provident Fund, a defined contribution plan in which both employees and the company makes monthly contributions at a specified percentage of the covered employees' salary, the contributions as specified under the Law are paid to the Provident Fund and Pension Fund to the provident fund authorities.

Leave Encashment - The eligible Leave encashment liability to the employees other than those deputed by Indian Bank has been provided for on the basis of actuarial valuation based on number of days unutilised leave at each reporting date. The actuarial gain or loss is recognized in the Statement of Profit and Loss as per Ind AS 19.

3.5 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

3.5.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit before tax as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

3.5.2 Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary

differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

3.5.3 Current and deferred tax for the year

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

3.6 Property, plant and equipment

Fixtures, plant and medical equipment are stated at cost less accumulated depreciation and accumulated impairment losses. All repairs and maintenance costs are charged to the income statement during the financial period in which they are incurred.

Depreciation is recognized so as to write off the cost of assets less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis."

Estimated useful lives of the assets are as follows:

	No. of Years
Plant & Machinery	3
Office Equipment	5
Furniture & Fixtures	10
Vehicles	8

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in profit or loss.

For transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as of April 1, 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

3.7 Investment Property

Investment Properties are properties held to earn rentals and / or for capital appreciation. These are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with Ind AS 16's requirements for cost model.

An investment property is derecognised upon disposal or when it is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

For transition to Ind AS, the Company has elected to continue with the carrying value of all of its investment property recognised as of April 1, 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

3.8 Intangible assets

3.8.1 Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

3.8.2 Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

3.8.3 Useful lives of intangible assets

Estimated useful lives of the intangible assets are as follows: - (No. of Years) 3

Computer Software

3.8.4 Deemed cost on transition to Ind AS

"For transition to Ind AS, the Company has elected to continue with the carrying value of all of its intangible assets recognised as of April 1, 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

3.9 Impairment of tangible and intangible assets other than goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

3.10 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured

using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably."

3.11 Financial instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

3.11.1 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

3.11.2 Classification of financial assets

Bought out deals that meet the following conditions are subsequently measured at amortised cost:

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest
 on the principal amount outstanding.
 - Bought out deals that meet the following conditions are subsequently measured at fair value through other comprehensive income:
- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest
 on the principal amount outstanding.
 - Interest income is recognised in profit or loss for FVTOCI instruments. Other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of 'Reserve for financial instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss.

All other financial assets are subsequently measured at fair value at Profit or Loss.

3.11.3 Effective interest method

The effective interest method is a method of calculating the amortized cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognized on an effective interest basis for instruments other than those financial assets classified as at FVTPL. Interest income is recognized in profit or loss and is included in the Other income line item.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent
 actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

The Company has equity investments in entities which not held for trading. The Company has accounted the investments at FVTPL. Dividends on these investments in equity instruments are recognized in profit or loss when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably. Dividends recognized in profit or loss are included in the "Other income" line item.

3.11.4 Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the "Other income" line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably."

3.11.5 Impairment of financial assets

Depository Participant Receivables

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial

instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

Stock Broking Receivables

The Company has obtained power of attorney from the clients to block or debit the securities available in their demat account, when there is delay in payment of dues from them. Hence, the Management has a policy to make provision for the difference between the value of security (Marked to Market as on the reporting date) and the amount receivable as at the end of the reporting date.

3.11.6 Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

3.11.7 Financial liabilities

All financial liabilities are initially recognized at fair value and subsequently measured at amortized cost using the effective interest method.

3.11.7.1 Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or it is designated as at FVTPL. A financial liability is classified as held for trading if:

- · it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability and is included in the "Other income" line item.

3.11.7.2 Derecognition of financial liabilities

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

3.12 First-time adoption - mandatory exceptions, optional exemptions

3.12.1 Overall principle

The Company has prepared the opening balance sheet as per Ind AS as of April 1, 2016 (the transition date) by recognising all assets and liabilities whose recognition is required by Ind AS, not recognising items of assets or liabilities which are not permitted by Ind AS, by reclassifying items from previous GAAP to Ind AS as required under Ind AS, and applying Ind AS in measurement of recognised assets and liabilities. However, this principle is subject to the certain exception and certain optional exemptions availed by the Company as detailed below.

3.12.2 Derecognition of financial assets and financial liabilities

The Company has applied the derecognition requirements of financial assets and financial liabilities prospectively for transactions occurring on or after April 1, 2016 (the transition date).

3.12.3 Classification of debt instruments

The Company has determined the classification of debt instruments in terms of whether they meet the amortised cost criteria or the FVTOCI criteria based on the facts and circumstances that existed as of the transition date.

3.12.4 Impairment of financial assets

The Company has applied the impairment requirements of Ind AS 109 retrospectively; however, as permitted by Ind AS 101, it has used reasonable and supportable information that is available without undue cost or effort to determine the credit risk at the date that financial instruments were initially recognised in order to compare it with the credit risk at the transition date. Further, the Company has not undertaken an exhaustive search for information when determining, at the date of transition to Ind ASs, whether there have been significant increases in credit risk since initial recognition, as permitted by Ind AS 101.

3.12.5 Deemed cost for property, plant and equipment, investment property, and intangible assets

For transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as of April 1, 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

3.13 Key sources of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

3.13.1 Useful lives of property, plant and equipment

As described above, the Company reviews the estimated useful lives of property, plant and equipment at the end of each reporting neriod.

3.13.2 Fair value measurements and valuation processes

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes.

In estimating the fair value of an asset or a liability, the Company uses market-observable data to the extent it is available. Where Level 1 inputs are not available, the Company engages third party qualified valuers to perform the valuation. The management works closely with the qualified external valuers to establish the appropriate valuation techniques and inputs to the model.

Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in 'Financial Instruments' note.

3.13.3 Employee Benefits

The cost of defined benefit plans are determined using actuarial valuations. The actuarial valuation involves making assumptions about discount rates, expected rates of return on assets, future salary increases, mortality rates and future pension increases. Due to the long-term nature of these plans, such estimates are subject to significant uncertainty.

3.13.4 Litigations

- 1. Income tax demands for various assessment years is contested by the company and are pending before various forums including Hon'ble High Court, Madras.
- The Company has filed cases before various Courts for recovery of dues under discontinued fund based operations and are being pursued.

Stock Broking Client Receivables

Note Ge: Other Financial assets . Current

The Company has obtained power of attorney from the clients to block or debit the securities available in their demat account, when there is delay in payment of dues from them. Hence, the Management has a policy to make provision for the difference between the value of security (Marked to Market as on the reporting date) and the amount receivable. This method of provisioning is more representative of the business activities than the Expected Credit Loss Model as prescribed under Ind AS 109.

Depository Participants

The dues from Depository Participant operations are mainly the Annual charges collected from clients for maintaining and transacting on their demat accounts. The dues over 90 days have already been provided 100% and the 90 days is the normal collection period. The dues less than 90 days are very less and amount to Rs. 3,45,020. The Management has taken a call not to provide on these balances using the Expected Credit Loss Model as the impact will be immaterial.

Note 27: Employee benefit plans

Defined contribution plans

The eligible employees of the Company are entitled to receive benefits under Provident Fund, a defined contribution plan in which both employees and the company makes monthly contributions at a specified percentage of the covered employees' salary, the contributions as specified under the Law are paid to the Provident Fund and Pension Fund to the provident fund authorities.

Leave Encashment - The eligible Leave encashment liability to the employees other than those deputed by Indian Bank has been provided for on the basis of actuarial valuation based on number of days unutilized leave at each reporting date. The actuarial gain or loss is recognised in the Statement of Profit and Loss as per Ind AS 19.

The total expense recognized in profit or loss of Rs. 29,39,999 (for the year ended March 31, 2017 Rs.31,06,303) represents contributions payable to these plans by the Company at rates specified in the rules of the plans.

Defined benefit plans

Payments to defined contribution retirement benefit plans are recognized as an expense when employees have rendered service entitling them to the contributions.

The plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days' salary payable for each completed year of service. Vesting occurs upon the completion of five years of service.

The Company makes an annual contribution to gratuity fund established as a Trust through a Group Gratuity Policy with Life Insurance Corporation of India. The Company's liability towards Gratuity is actuarially determined at the reporting date using the Project Unit Credit (PUC) method. Actuarial gains and losses on gratuity are recognised in Other Comprehensive Income as per Ind AS 19.

These plans typically expose the Company to actuarial risks such as: investment risk, interest rate risk, longevity risk and salary risk Since the company contributes to an approved Gratutiy Fund, it is not exposed to any risk.

Financial risk management objectives

The Company has fixed prudential limits for giving exposure to its clients and also has a elaborate collection process for mitigating the risks. The exposure norms prescribed by various statutory authorities (SEBI, NSDL and RBI) are being adhered to. The risk management policy shall be reviewed every two years.

The risks include market risk, credit risk and liquidity risk.

Market Risk

The Company is not exposed to market risks due to foreign currency exchange rates and interest rates as there are no borrowings and no transactions in foreign currency.

Credit risk management

The credit risk associated with broking comprises failure of the client, intermediary, clearing agents and the exchanges in meeting their respective payment obligations. The Company has a power of attorney to sell the underlying securities when there is delay in receipts from the customers at its discretion. The Company also has fixed margin requirements which have to be adhered to by the customers in order to transact with the Company. Hence, the Company's exposure to credit risk is minimal.

Interest Rate Risk Management

The Company has not obtained any borrowings. Hence, it has no exposure due to interest rate fluctuations.

Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk

management framework for the management of the Company's short-term funding and liquidity management requirements. The liquidity management requirements for the Company are minimal as there are no operations.

Fair value measurements

This note provides information about how the Company determines fair values of various financial assets and financial liabilities.

Some of the Company's financial assets and financial liabilities are measured at fair value at the end of each reporting period. The following table gives information about how the fair values of these financial assets and financial liabilities are determined (in particular, the valuation technique(s) and inputs used).

Note 33: First-time adoption of Ind AS

These financial statements, for the year ended 31 March 2018, are the first the Company has prepared in accordance with Ind AS. For periods up to and including the year ended 31 March 2017, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for periods ending on 31 March 2018, together with the comparative period data as at end for the year ended 31 March 2017, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at 1 April 2016, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at 1 April 2016 and the financial statements as at and for the year ended 31 March 2017.

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has applied the following exemptions:

Since there is no change in the functional currency, the Company has elected to continue with the carrying value as at 1st April, 2016 for all of its investment property and property plant & equipment as recognised in its Previous GAAP financial as deemed cost at the transition date.

- 2 Under previous GAAP, long term investments were measured at cost less diminution in value which is other than temporary. Under Ind AS, the investments in Bought Out Deals have been classified as at FVTOCI and that in equity instruments have been classified as at FVTPL.
- 3 Under previous GAAP, current investments were measured at lower of cost or fair value. Under Ind AS, the investments in equity instruments have been classified as FVTPL on the date of transition. The fair value changes are recognised in profit or loss.
- 4 Under previous GAAP, there was no concept of other comprehensive income. Under Ind AS, specified items of income, expense, gains, or losses are required to be presented in other comprehensive income.
- 5 Under previous GAAP, actuarial gains and losses were recognised in profit or loss. Under Ind AS, the actuarial gains and losses form part of remeasurement of the net defined benefit liability / asset which is recognised in other comprehensive income. The actuarial gains for the year ended March 31, 2018 were Rs.6.98 lakhs and for March 31, 2017 were Rs.2.72 lakhs.

Effect of the Transition to Ind AS

Reconciliations of the Company's balance sheets prepared under Indian GAAP and Ind AS as of April 1, 2016 and March 31, 2017 are also presented in Note 34 & 35. Reconciliations of the Company's income statements for the year ended March 31, 2017 prepared in accordance with Indian GAAP and Ind AS in Note 36.

KIND ATTENTION SHARE HOLDERS Reminder II to Shareholders Holding Shares in Physical Forms

This has reference further to the letter dated 13.07.2018 sent to the shareholders, holding shares in physical forms. We draw your attention to the circular issued by Securities and Exchange Board of India (SEBI) No. SEBI/HO/MIRSD/DOP1/CIR/P/2018/73 dated 20.04.2018. SEBI, in point no. 12 (ii) of the Annexure to its circular has directed all the listed companies to send a communication to all its shareholders through their Registrar and Transfer Agents (RTA), who are holding shares in physical form and obtain copy of the PAN of all the holders and Bank account details of the first / sole shareholder of the company.

These guidelines are issued by SEBI to streamline and strengthen the procedures and processes with regard to handing and maintenance of records, transfer of securities and payment of dividend/interest/redemotion by the RTA's Issuer Companies and Bankers to Issue.

To enable us to update the PAN and Bank account details, we request you to kindly submit the following documents within twenty one days:

- Copy of self-attested PAN card of the shareholders including joint holders, if any in the format available on our website.
- Bank a/c details of the first/sole shareholder, as per the Bank Mandate format available on our website www.indbankonline.com.
- Original cancelled cheque leaf with the name of the first/sole shareholder printed on it or copy of bank passbook showing name &
 account details of the account holder attested by the bank

On receipt of the above documents, we will update the same in our records.

In case of dividend declaration by the company, all dividends including past unpaid dividends, if any, will be directly credited to the bank account furnished by you. It is not out of place to mention here that under section 124 (6) of the Company's Act, 2013, that if dividends remain unpaid / unclaimed for a period of 7 consecutive years, then the underlying shares are also liable to be transferred to the a/c of IEPF authority. Hence, we request you to kindly submit the documents sought immediately to our RTA at their address mentioned in this Annual Report.

Further, we draw your attention to the notification issued by SEBI dated 08.06.2018 amending Regulation 40 of the Listing Regulations. Pursuant to this, request for effecting transfer of securities shall not be processed except in case of transmission or transposition of securities unless the securities are held in demat form. Hence, we would not be in a position to accept / process the requests for transfer of shares held in physical form with effect from 04.12.2018. We therefore advise you to take immediate steps for dematerializing your shareholding in the company. As you may be aware holding shares in dematerialized form offers host of benefits like enhanced security, ease of handling, faster transfers, exemption from stamp duty, eliminating bad deliveries. In view of the above, in order to ensure that you are able to deal in the securities hassle-free, kindly take steps for dematerializing the shares at an early date.

We also request you to kindly arrange to send us the first/sole shareholders email ld for sending future communications in the specified format available on our website www.indbankonline.com
