SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2025

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To
The Members of
Virat Leasing Ltd
1, Crooked Lane, 3rd Floor, Room No-324
Kolkata – 700 069

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **M/s. Virat Leasing Ltd** (hereinafter called “the Company”). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also based on the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2025 (“Audit Period”) generally complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2025 to the extent of Acts/provisions of the Acts applicable, according to the provisions of:

- (i) The Companies Act, 2013 (“the Act”) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 (“SCRA”) and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (“SEBI Act”):
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;

- d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 *(Not Applicable to the Company during the period under review)*;
 - e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 and The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021 *(Not Applicable to the Company during the period under review)*;
 - f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client *(Not Applicable to the Company during the period under review)*;
 - g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021 *(Not Applicable to the Company during the period under review)*; and
 - h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; *(Not Applicable to the Company during the period under review)*.
- (vi) Other applicable laws generally applicable to the Industry/Company.
- a) Reserve Bank of India Directions, Guidelines and Circulars applicable to the Non-Banking Financial Companies (NBFC);

I have also examined compliance with the applicable clauses of the following:

- a) Secretarial Standard-I and II issued by the Institute of Company Secretaries of India; and
- b) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards etc. except:

- ***There was change in the Chairperson of the Stakeholder Relationship Committee during the quarter ended 30th September, 2024. The Company inadvertently reported an incorrect reporting in the Corporate Governance Report for the quarter ended 30th September, 2024 resulting in imposition of fine of Rs.1,41,600/- by the BSE Limited. The Company has applied for waiver off the fine and the case is under process with the Exchange.***

In respect of other laws specifically applicable to the Company, I have relied on the information/records produced by the Company during the course of my audit and the reporting is limited to that extent.

I further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Mr. Pradeep Kumar Agarwal who was appointed as Non-Executive Independent Director of the

Company tendered his resignation on 30th August, 2024 since his second tenure of five consecutive years has expired on such date and in order to fill such vacancy, Mr. Vidhu Bhushan Verma was appointed as Additional Non-Executive Independent Director of the Company w.e.f. 30th August, 2024 and his appointment was duly regularized at the Annual General Meeting held on 27th September, 2024.

Adequate notice is given to all directors to schedule the Board Meetings/Committee Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting. Majority decisions is carried through while dissenting members' views, if any, are captured and recorded as part of the minutes.

I further report that based on review of compliance mechanism established by the Company and on the basis of the Compliance Certificate(s) issued by the Company Secretary and taken on record by the Board of Directors at their meeting(s), I am of the opinion there are adequate systems and processes in place in the Company which is commensurate with its size and operations, to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period, no events occurred which had bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards etc. except:

The Board at their meeting held on 25th March, 2025, had considered the proposal for sub-division of 1 equity share of the Company having face value of Rs. 10/- each into 2 (two) equity shares having face value of Rs. 5/- each, subject to the approval of the Shareholders of the Company and other Statutory Authorities.

The shareholders of the Company at the Extra-Ordinary General Meeting held on 25th April, 2025, had approved the sub-division of 1 Equity Share of Rs. 10/- each into 2 Equity Shares of Rs. 5/- each. Accordingly, the Company had created Corporate Action for the said matter and 16th May, 2025 was fixed as the Record Date for the "Split of Shares."

The BSE Limited, had issued a Circular dated 14th May, 2025, wherein it was intimated that the face value and paid-up value of the equity shares will be changed from Rs. 10/- to Rs. 5/- w.e.f. 16th May, 2025.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INTRODUCTION

Management Discussion and Analysis mainly comprises of the statements which, inter-alia, involve predictions based on perceptions and may, therefore, be prone to uncertainties. It is the sum total of the Company's expectations, beliefs, estimates and projections which are forward looking within the meaning of applicable laws and regulations. The actual results could differ materially from those expressed herein specifically or impliedly.

MACRO-ECONOMIC ENVIRONMENT

In 2024, the global economy achieved a growth rate of 3.2%, reflecting a measured pace of expansion. Nonetheless, this figure fell short of the historical average of 3.7% recorded from 2000 to 2019. The deceleration was attributed to a confluence of both structural and cyclical factors, including policy tightening in major economies, geopolitical instability, and sector-specific challenges. Together, these elements exerted a profound impact on both advanced and emerging markets, leading to a more subdued global economic environment.

The economic performance of both advanced and emerging economies followed distinctly different trajectories throughout the year. Advanced economies struggled with weak manufacturing activity, faltering consumer confidence, and persistent inflationary pressures, all of which impeded broader economic growth. Rising energy costs, disruptions in global trade flows, and the continued impact of prior monetary tightening further constrained demand. In contrast, emerging markets and developing economies encountered their own set of challenges, including subdued external demand, capital outflows driven by rising interest rates in developed nations, and considerable policy uncertainties. Additionally, trade disruptions and geopolitical tensions significantly contributed to the moderation of growth, particularly in economies heavily reliant on exports. Despite these challenges, certain emerging markets showed strength, supported by strong domestic consumption and targeted fiscal stimuli.

While inflationary trends varied across different economies, global headline inflation showed a significant decrease in 2024, falling from 5.7% in 2023 to 4.2%. This drop was primarily driven by the stabilisation of energy prices and the gradual resolution of ongoing supply chain challenges. Throughout the year, central banks maintained a cautious approach, carefully balancing monetary policy to support economic recovery while ensuring inflation remained on a downward trajectory. Looking ahead, inflation is expected to continue its moderation, potentially reaching 3.5% by 2026, provided geopolitical risks and supply-side shocks remain under control.

The global trade environment in 2024 remained precarious, marred by rising protectionism, geopolitical strife, and shifting trade alliances. Disputes between the United States and China, coupled with tariffs and export restrictions, severely disrupted global supply chains. Meanwhile, nearshoring and friend-shoring initiatives introduced new complexities and logistical challenges. Geopolitical tensions, including the ongoing war in Ukraine and regional instability, further fuelled economic uncertainty and market volatility. Oil prices were projected to dip by 2.6% in 2025, driven by weakening demand in China and an increase in non-OPEC+ supply, although geopolitical risks could upend this outlook. Commodity-exporting nations, in particular, faced increased vulnerability as shifts in trade patterns and disruptions to supply chains undermined economic stability.

In 2024, financial markets displayed a range of mixed trajectories, with advanced economies experiencing rallies in equity markets, while emerging markets contended with heightened volatility, primarily due to capital outflows and the upward trajectory of the US dollar. Persistent inflationary trends and shifting expectations regarding interest rates remained central to investor sentiment, with protracted policy tightening posing significant risks to both economic expansion and capital investment. Nations that embraced sound economic policies and fostered strong global collaboration appeared better positioned to weather the prevailing uncertainties and maintain economic vitality.

INDIAN ECONOMY

India's economic performance in FY 2024-25 reflects a consistent and robust growth trajectory, with the nation's Gross Domestic Product (GDP) growing by 6.5%, thereby solidifying its status as the fastest-growing major economy. This growth is primarily driven by substantial government investment in infrastructure, a resurgence in rural demand driven by a thriving Kharif crop, and the sustained expansion of the services sector, notably in finance and real estate. The Reserve Bank of India's prudent, accommodative monetary policy, which includes an interest rate reduction, has further spurred both investment and consumption. In addition, a marked improvement in manufacturing output and resilient urban consumption have further invigorated the economic momentum. While global trade uncertainties remain an external risk, India's intrinsic economic strength, coupled with policy interventions and robust private sector investments, is set to underpin continued growth.

In a significant development, India's inflation slowed to its lowest level in nearly six years, with retail inflation eased to 3.16% in April 2025, remaining below the RBI's 4% target for the third consecutive month, as food prices rose at a slower pace. The easing inflation also signals improving supply-side dynamics, particularly across food and core components, further reinforcing the outlook for sustained economic momentum.

The Union Budget FY 2025–26 reinforced the government's commitment to sustainable growth while maintaining fiscal discipline. Capital expenditure was raised to an unprecedented INR 11.21 Lakh Crores (~3.1% of GDP), underscoring a strategic focus on infrastructure, rural upliftment, and catalyzing private sector investment. The fiscal deficit target was further trimmed to 4.9%, demonstrating prudent budget management. A major boost came from the RBI's record dividend transfer of INR 2.69 Lakh Crores, substantially above the budgeted INR 2.56 Lakh Crores, which creates roughly INR 70,000 Crores of extra fiscal room. This contribution alone could lower the deficit by 20–30 bps, potentially bringing it near 4.2% of GDP, or alternatively, enabling enhanced capital spending on key priorities, all while preserving fiscal prudence.

Consumption revival remained a key policy focus, with higher allocations to rural flagship schemes, enhanced Direct Benefit Transfers (DBTs), and tax relief under the new income tax regime effected to achieve intended outcome. These steps are expected to strengthen disposable income and boost consumption recovery, particularly among rural and middle-income households.

NBFC

The Non-Banking Financial Companies (NBFC) sector continues to serve as an indispensable pillar in India's financial framework, playing a pivotal role in enhancing financial inclusion and broadening access to credit. As of FY 2024-25, the sector has expanded to approximately USD 350 Billion, marking a consistent increase from the previous year's USD 326 Billion. However, the growth of the sector's Assets Under Management (AUM) is forecasted to moderate, with year-on-year growth projections for FY 2024-25 and FY 2025-26 ranging between 15-17%, a decline from the robust 23% recorded in FY 2023-24. This deceleration is attributed to mounting challenges such as rising delinquencies, intensified regulatory frameworks, and tighter funding conditions.

OUTLOOK

The Company's present business operations are preponderantly that of an investment company, future of which largely depends upon financial and capital markets. Your Company has investments in equity/debt instruments (including through mutual funds), financially sound companies and immovable properties. The income from interest and dividends will continue to contribute to the income of the Company. The management is optimistic about the future outlook of the Company. The Company will expand its activities, consistent with its status as a NBFC.

COMPANY'S OVERVIEW

Virat Leasing Limited was founded in 1984 and is a registered Non-Banking Finance Company (NBFC) regulated by the Reserve Bank of India (RBI). The Company operates in the state of West Bengal and specialises in providing financial services. The mainstay of your Company's operations continued to be investments in various companies, under which steady interest income flows into the Company coupled with sustained appreciation in capital. During the year under review, your Company has earned income in the form of interest.

OPPORTUNITIES & THREATS

VLL constantly monitors the external environments and internal situation so that it is aware of the opportunities and threats that emerge. This enables the Company to tap into the positive prospects that come its way while overcoming or bypassing the challenge of threats.

Opportunities

- Efficient Business Model helps to minimise risk and operating cost
- Adequate capitalisation to support medium-term growth plans
- Operates in “B2B” business segment with huge growth potential
- Expanding revenue streams through strategic partnerships in non-lending financial services and co-lending arrangements
- A strengthening economy, increasing levels of formalisation, and rapid digital adoption, opening new avenues for innovation and scale
- A growing middle class with evolving and diverse financial needs, creating demand for customised solutions
- Growing investor activity is driving demand for loans against securities, creating a strong lending opportunity

Threats

- Global political uncertainties that may impact capital flows and investor sentiment
- Heightened competition from banks, which are expanding into traditional NBFC segments.
- A potential slowdown in the automotive sector, affecting vehicle financing demand.

SEGMENT WISE PERFORMANCE REVIEW

The Company has only one line of business, i.e., Financing and Investment Activities during the year under review, hence no segment wise information is required. The Company has no activity outside India. Therefore, there is no geographical segment.

REGULATORY

The Reserve Bank of India (RBI) has been continually strengthening the supervisory framework from NBFC's in order to ensure sound and healthy functioning and avoid excessive risk taking. In furtherance of these objectives, RBI issued new guidelines during past years.

1. Know your customer guidance – Anti money laundering Standards
2. Guidance on classification, monitoring and reporting of frauds
3. Guidance on Securitisation of Standards Assets

HUMAN RESOURCE MANAGEMENT

Human resources remain central to achieving the Company's goals. Guided by the active involvement of the promoters and supported by the strategic insights of a diverse and capable Board, the Company continues to build a strong foundation for sustainable growth.

We also remain committed to the health, safety, and well-being of all employees and business associates, ensuring a secure and healthy work environment that supports productivity and engagement.

INTERNAL CONTROL SYSTEMS & ITS ADEQUACY

The Company has a strong and well-defined internal control framework, built on structured policies and procedures that are periodically reviewed and tested across all key processes and functions. Oversight is further strengthened by dedicated committees such as the Risk Management Committee and the Asset and Liability Committee, which monitor and evaluate critical aspects of operations. Moreover, the Company has appointed M/s Srimal Jain & Co., Chartered Accountants, an outside agency as its Internal Auditors, who conduct internal audit for various activities

Robust systems and processes ensure effective control mechanisms are in place. The Internal Audit and Compliance teams regularly assess adherence to internal policies, regulatory requirements, and legal obligations, providing timely feedback to the management for necessary corrective actions, including minimising any design risks.

The Audit Committee of the Board oversees the functioning of the audit and compliance processes, reviews the adequacy of controls, and ensures alignment with regulatory guidelines.

CAUTIONARY NOTE

Statements in this Management Discussion and Analysis describing the Company's objectives, projections, estimates and expectations may be 'forward looking' within the meaning of applicable laws and regulations. Actual results may differ from those expressed or implied. Important factors that could make a difference to the Company's operations include changes in Government regulations and tax regime, economic developments within India and abroad, financial markets, etc.

The Company assumes no responsibility in respect of forward-looking statements that may be revised or modified in future on the basis of subsequent developments, information or events. The financial statements are prepared in accordance with the Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 read with Companies (Accounts) Rules, 2014. The Management of the Company has used estimates and judgments relating to the financial statements on a prudent and reasonable basis, in order that the financial statements reflect in a true and fair manner, the state of affairs and profit/loss for the year. The narrative on our financial condition and result of operations should be read together with our audited consolidated financial statements and the notes to these statements included in the Annual Report.

INDEPENDENT AUDITOR'S REPORT**TO THE MEMBERS OF VIRAT LEASING LIMITED****Report on the Audit of the Financial Statements****Opinion**

We have audited the financial statements of Virat Leasing Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and total comprehensive income /(loss) (comprising of Net Loss and other comprehensive income), changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

These internal guidelines address procedures and controls for assessing and measuring the credit risk on its loan portfolio. 3) We evaluated the operating effectiveness of controls across the process relevant to ECL including the judgments and estimates. 4) We evaluated the nature of loan assets of the company and held discussions with the management and assessed that the company has only one class of loan i.e. unsecured loans repayable on demand and 12 month ECL is just the same as lifetime ECL, because the all the loans are repayable on demand, which is shorter than 12 months as a result life time of a loan is that short period required to transfer cash when demanded by the company. 5) We tested the completeness of loans and advances included in the Expected Credit Loss calculations as of March 31, 2025 by reconciling it with the balances as per loan balance register as on date. 6) We tested assets on sample basis to verify that they were allocated to the appropriate stage. 7) For samples of exposure, we tested the appropriateness of determining EAD, PD and LGD. 8) For forward looking assumptions used in ECL calculations, we held discussions with management, assessed the assumptions used to determine the probability weights assigned to the possible outcomes. During our examination we assessed that company estimates the PD based on historical observed default rates adjusted for forward looking estimates, based upon macro-economic developments occurring in the economy and market it operates in. 9) We performed an overall assessment of the ECL provision considering the Company's portfolio, risk profile, credit risk management practices and the macro-economic environment. Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management's Discussion and Analysis, Board's Report including Annexure to Board's Report, Corporate Governance Report included in the Company's annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If based on the work we have performed; we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

When we read the other information included in the above reports, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance and determine the actions under the applicable laws and regulations.

Management's Responsibility and those charged with governance for the Financial Statements

The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safe guarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- *Identify and assess the risks of material misstatement of the financial statements*, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- *Obtain an understanding of internal control relevant to the audit* in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control system in place and the operating effectiveness of such controls.
- *Evaluate the appropriateness of accounting policies used* and the reasonableness of accounting estimates and related disclosures made by management.
- *Conclude on the appropriateness of management's use of the going concern basis* of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- *Evaluate the overall presentation, structure and content of the financial statements*, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in

- (i) planning the scope of our audit work and in evaluating the results of our work; and
- (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes

public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- 1) As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, applicable from 01st April, 2021, we give in the **"Annexure B"** a statement on the matters specified in paragraph 3 and 4 of the order, to the extent applicable.
- 2) As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of profit and loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of cash flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on March 31, 2025 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in **"Annexure A"**.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Amendment Rules, 2021, effective from 01st April 2021, in our opinion and to best of our information and according to the explanations given to us:
 - a) The Company did not have any significant pending litigations as at March 31, 2025, which may effect on its financial position in a substantial way.
 - b) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses, during the year ended March 31, 2025.
 - c) During the year no amounts were required to be transferred, to the Investor Education and Protection Fund by the Company, so the question of delay in transferring such sums does not arise.
 - d) **Omitted by the Companies (Audit and Auditors) Amendment Rules 2021, effective from 01st April, 2021**
 - e) (i) The Management has represented that, to the best of its knowledge and belief, as disclosed in Note 37(1)(15)(A) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or

otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The Management has represented, that, to the best of its knowledge and belief, as disclosed in Note 37(1)(15)(B) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) **Unmodified Opinion:** Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material mis-statement.

- f) No dividends were declared or paid during the year by the Company, hence compliance with Section 123 of the Companies Act, 2013 is not applicable.
- g) With respect to the matters to be included in the Auditors Report in accordance with Rule 11(g) of Companies (Audit and Auditors) Rules 2014 effective from 1st April 2023, in our opinion and to the best of our information and according to the explanations given to us and based on our examination which included test checks, the Company have used an accounting software for maintaining its books of accounts which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software in compliance to the Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 (or maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility as applicable to the company with effect from April, 2023). Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

Further pursuant to Proviso to Rule 3(1) of the Companies (Accounts) Rules 2014 for reporting requirement for preservice of Audit trail by the company, the company has preserved/retained the audit trail and the same has not been tampered with.

- 3) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act: In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act read with Schedule V to the Act.

Annexure - A to the Independent Auditors' Report

With reference to the Annexure A referred to *paragraph 2 (f) under* Report on Other Legal and Regulatory Requirements of the Independent Audit Report of even date to the members of **VIRAT LEASING LIMITED ("the Company")** on the financial statements as on and for the year ended March 31, 2025, we report the following:

Report on the Internal Financial Controls with reference to Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls with reference to financial statements of **VIRAT LEASING LIMITED ("the Company")** as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management and the Board of Directors of the Company are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential component of stated in the Guidance Note issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effective internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statement.

Meaning of Internal Financial Controls with reference to Financial Statements.

A company's internal financial control with reference to financial statement is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's

internal financial control with reference to financial statement includes those policies and procedures that:-

- (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the 'Guidance Note').

Note No. : 2 Basis of preparation

The accompanying financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time). For all periods up to and including the year ended 31 March 2025, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP or previous GAAP).

Historical Cost Convection

The financial statements have been prepared on a historical cost basis, except for derivative financial instruments and other financial assets held for trading all of which have been measured at fair value.

Use of Estimates and Judgement

The preparation of financial statements requires the management to make judgements, accounting estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosure of contingent liabilities, at the end of the reporting period.

Although these estimates are based on the management’s best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods. Areas involving a higher degree of judgement or complexity, or areas where assumptions are significant to the Company are discussed in **Note 7 - Significant accounting judgements, estimates and assumptions.**

The financial statements including notes thereon are presented in Indian Rupees (“Rupees” or “Rs.”), which is the Company’s functional and presentation currency. All amounts disclosed in the financial statements including notes thereon have been rounded off to the nearest thousands as per the requirement of Schedule III to the Act, unless stated otherwise.

Note No. : 3 Presentation of Financial Statement

These financial statements have been prepared in accordance with Ind AS 1- Presentation of Financial Statements as notified under the Companies (Indian Accounting Standards) Rules, 2015 read with Section 133 of the Companies Act, 2013.

The financial statements of the Company are presented in order of liquidity and in accordance with Schedule III (Division III) of the Companies Act, 2013 applicable to NBFCs, as notified by the Ministry of Corporate Affairs (MCA). An analysis regarding recovery or settlement within 12 months after the reporting date (current) and more than 12 months after the reporting date (non-current) is presented in **Note 35(1)**

Financial assets and financial liabilities are generally reported on a gross basis except when, there is an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event and the parties intend to settle on a net basis in the following circumstances:

- i) The normal course of business
- ii) The event of default
- iii) The event of insolvency or bankruptcy of the company and/or its counterparties

Note No. : 4 Statement of Compliance With Ind AS

These financial statements of the Company have been prepared in accordance with Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 ("Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other relevant provisions of the Act to the extent applicable and applicable guidelines issued by the Securities and Exchange Board of India ('SEBI')

Note No. : 5 Significant Accounting Policies

5.1 Revenue recognition

Revenue (other than for those items to which Ind AS 109 Financial Instruments are applicable) is measured at fair value of the consideration received or receivable.

The Company recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract:

A performance obligation is a promise in a contract with a customer to transfer a good or a service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation.

Revenue includes the following:

I) Interest Income

Interest income on a financial asset at amortised cost is recognised on a time proportion basis taking into account the amount outstanding and the effective interest rate ('EIR').

The EIR in case of a financial asset is computed

- a. As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- b. By considering all the contractual terms of the financial instrument in estimating the cash flows
- c. Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in the statement of profit and loss with the corresponding adjustment to the carrying amount of the assets. Interest income on credit impaired assets is recognised by applying the effective interest rate to the net amortized cost (net of provision) of the financial asset.

II) Dividend Income

Dividend income is recognised on the date when the Company's right to receive the dividend is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be reliably measured. In case of interim dividend, on the date of declaration by the Board of Directors; whereas in case of final dividend, on the date of approval by the shareholders.

III) Net Gain/(Loss) on Fair Value Changes

Any differences between the fair values of financial assets (including investments, derivatives and stock in trade) classified as fair value through the profit or loss ("FVTPL") held by the Company on the balance sheet date is recognised as an unrealised gain / loss. In cases where there is a net gain in the aggregate, the same is recognised in "Net gains on fair value changes" under Revenue from operations and if there is a net loss the same is disclosed under "Expenses" in the statement of profit and loss.

Similarly, any realised gain or loss on sale of financial instruments measured at FVTPL is recognised in net gain / loss on fair value changes.

However, net gain / loss on derecognition of financial instruments classified as amortized cost is presented separately under the respective head in the statement of profit and loss. Income from investments in Equity / Preference which are included within FVTOCI Category (Fair value through Other Comprehensive income) are recognised in OCI (Other comprehensive income) except the dividend on such investments which are recognised in Statement of Profit and Loss

IV) Other Income

In respect of the other heads of income it is accounted to the extent it is probable that the economic benefits will flow and the revenue can be reliably measured, regardless of when payment is made

5.2 Property plant and equipment

An item of property, plant and equipment is recognised as an asset if it is probable that the future economic benefits associated with the item will flow to the company and its cost can be measured reliably.

This recognition principle is applied to the costs incurred initially to acquire an item of PPE, and also costs incurred subsequently to add to, replace part of, or service it and subsequently carried at cost less accumulated depreciation and accumulated impairment losses, if any.

The cost of an asset includes the purchase cost of materials, including import duties and non-refundable taxes, and any directly attributable costs of bringing an asset to the location and condition of its intended use. The carrying amount of the replaced part is derecognised. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred.

The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision is met. When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss.

During the year, in terms of Ind AS 36 Impairment of Assets, the company is not required to determine impairment loss the impairment loss in respect of its assets.

Depreciation methods, estimated useful lives and residual value

Freehold land is not depreciated (Company does not own freehold land at the reporting date) Lease-hold land are amortised over the lease term (Company does not hold lease-hold land at the reporting date) Depreciation on other items of PPE is provided on a straight-line basis to allocate their cost, net of their residual value over the estimated useful life of the respective asset as specified in Schedule II to the Companies Act, 2013. The estimated useful lives are determined based on assessment, in order to reflect the actual usage of the assets. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

The estimated useful lives considered are as follows:

Category	Useful life
Office Building	30 years
Furniture & Fixtures	10 years
Office Equipments including Air Conditioners	5 years

There exists no restrictions or any encumbrances on title by way of any security/ pledge of any property or plant & Equipment against any liability of the company. The estimated useful lives, residual values and depreciation method are reviewed at-least at the end of each financial year and are adjusted, wherever appropriate and required.

Capital work in progress ('CWIP')

Projects under commissioning and other CWIP are carried at cost, comprising direct cost, related incidental expenses and attributable borrowing cost, if any. Subsequent expenditures relating to property, plant and equipment are capitalised only when it is probable that future economic benefit associated with these will flow to the company and the cost of the item can be measured reliably. Advances given to acquire property, plant and equipment are recorded as non-current assets and subsequently transferred to Capital work in progress on acquisition of related assets.

Further, when work on capital work in progress is completed and it meet the criteria of the asset, then it is transferred to Property plant and equipment. Further the company does not have any capital work in progress

5.3 Impairment of non-financial assets

Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that the carrying amounts may not be recoverable.

An impairment loss is recognized for the amount by which the carrying amount of the asset exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the impairment loss previously recognized is reversed such that the asset is recognized at its recoverable amount but not exceeding written down value which would have been reported if the impairment loss had not been recognized.

5.4 Financial Instruments**(I) Initial measurement of financial instruments**

The classification of financial instruments at initial recognition depends on their contractual terms and the business model for managing the instruments, as described in subsequent notes. Financial instruments are initially measured at their fair value, except in the case of financial assets and financial liabilities recorded at FVTPL, transaction costs are added to, or subtracted from, this amount. Trade receivables are measured at the transaction price. When the fair value of financial instruments at initial recognition differs from the transaction price, the company accounts for the Day 1 profit or loss, as described below.

When the transaction price of the instrument differs from the fair value at origination and the fair value is based on a valuation technique using only inputs observable in market transactions, the company recognizes the difference between the transaction price and fair value in net gain/(loss) on fair value changes.

(ii) Classification of financial instruments

The Company classifies its financial assets into the following measurement categories:

1. Financial assets to be measured at amortised cost
2. Financial assets to be measured at fair value through other comprehensive income
3. Financial assets to be measured at fair value through profit or loss account

The classification depends on the contractual terms of the financial assets, cash flows and the Company's business model for managing financial assets.

The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective. The business model is assessed on the basis of aggregated portfolios based on observable factors.

The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account.

The Company also assesses the contractual terms of financial assets on the basis of its contractual cash flow characteristics that are solely for the payments of principal and interest on the principal amount outstanding. 'Principal' is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/discount).

In making this assessment, the Company considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

iii) Financial Assets and Liabilities**(a) Financial assets measured at amortized cost**

These financial assets comprise bank balances, loans, trade receivables and other financial assets. Financial Assets with contractual terms that give rise to cash flows on specified dates and represent solely payments of principal and interest (SPPI) on the principal amount outstanding and are held within a business model whose objective is achieved by holding to collect contractual cash flows are measured at amortized cost.

These financial assets are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at amortized cost. Transaction costs are incremental costs that are directly attributable to the acquisition, issue or disposal of a financial asset or a financial liability.

(b) Financial assets measured at fair value through other comprehensive income**Debt instruments**

Investments in debt instruments are measured at fair value through other comprehensive income where they have:

a) contractual terms that give rise to cash flows on specified dates, that represent solely payments of principal and interest on the principal amount outstanding; and

b) are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.

These debt instruments are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at fair value. Gains and losses arising from changes in fair value are included in other comprehensive income (a separate component of equity).

Impairment losses or reversals, interest revenue are recognised in statement of profit and loss. Upon disposal, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to the statement of profit and loss.

Equity instruments

Investment in equity instruments are generally accounted for as at fair value through the statement of profit and loss account unless an irrevocable election has been made by management to account for at fair value through other comprehensive income such classification is determined on an instrument-by-instrument basis.

Amounts presented in other comprehensive income for equity instruments are not subsequently transferred to statement of profit and loss. Dividends on such investments are recognised in statement of profit and loss.

(c) Items at fair value through profit or loss

The financial assets are classified as FVTPL if these do not meet the criteria for classifying at amortized cost or FVOCI. Items at fair value through profit or loss comprise:

- Investments (including equity shares) and stock in trade held for trading;
- Items specifically designated as fair value through profit or loss on initial recognition; and
- Debt instruments with contractual terms that do not represent solely payments of principal and interest.
- Derivative transactions

Financial instruments held at fair value through profit or loss are initially recognised at fair value, with transaction costs recognised in the statement of profit and loss as incurred. Subsequently, they are measured at fair value and any gains or losses are recognised in the statement of profit and loss as they arise.

Financial instruments held for trading

A financial instrument is classified as held for trading if it is acquired or incurred principally for selling or repurchasing in the near term, or forms part of a portfolio of financial instruments that are managed together and for which there is evidence of short-term profit taking, or it is a derivative not designated in a qualifying hedge relationship. Trading derivatives and trading securities are classified as held for trading and recognised at fair value.

d) The Company classifies its financial liabilities at amortized costs unless it has designated liabilities at fair value through the statement of profit and loss account or is required to measure liabilities at fair value through profit or loss such as derivative liabilities.

(e) Derivatives

The Company enters into derivative transactions being equity derivative transactions in the nature of Futures and Options in Equity Stock/ Index for trading purposes.

Derivatives are recorded at fair value and carried as assets when their fair value is positive and as liabilities when their fair value is negative. The notional amount and fair value of such derivatives are disclosed separately. Changes in the fair value of derivatives are included in net gain on fair value changes.

(f) Impairment of financial assets

Overview of the ECL principles

The Company recognises loss allowances (provisions) for expected credit losses on its financial assets that are measured at amortised costs or at transaction cost which may approximate fair value. However at the reporting date, the company does not have any exposure to non-fund exposures. The Company applies a three-stage approach to measuring expected credit losses (ECLs) for the following categories of financial assets that are not measured at fair value through profit or loss:

- debt instruments measured at amortised cost
- loan commitments; and
- financial guarantee contracts

However at the reporting date, the company does not have any loan commitments and financial guarantee contracts.

Equity instruments are not subject to impairment under Ind AS 109. The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is the portion of Lifetime ECL that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

Both Lifetime ECLs and 12-month ECLs are calculated on either an individual basis or a collective basis, depending on the nature of the underlying portfolio of financial instruments. The Company's loan portfolio comprises of only class, i.e Unsecured loans repayable on demand both to corporates and Individuals

Stage 1

All exposures where there has not been a significant increase in credit risk since initial recognition or that has low credit risk at the reporting date and that are not credit impaired upon origination are classified under this stage. The Company classifies all standard advances and advances upto 30 days default from the date of demand of loan under this category. Stage 1 loans also include facilities where the credit risk has improved and the loan has been reclassified from Stage 2.

The company has only one class of loan portfolio i.e. unsecured loans repayable on demand

Stage 2

All exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired are classified under this stage. 31 days to 90 days past due from the date of demand is considered as significant increase in credit risk.

Stage 3

All exposures assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred are classified in this stage. For exposures that have become credit impaired, a lifetime ECL is recognised and interest revenue is calculated by applying the effective interest rate to the amortised cost (net of provision) rather than the gross carrying amount. 90 days past due from the date of demand is considered as default for classifying a financial instrument as credit impaired.

Since the company has only one class of loan i.e unsecured loans repayable on demand, 12 month expected credit loss will be just the same as lifetime expected credit loss, because the loan is repayable on demand which is shorter than 12 months as a result lifetime of a loan is that short period required to transfer cash when demanded by the company.

Credit-impaired financial assets

At each reporting date, the Company assesses whether financial assets carried at amortised cost and debt financial assets carried at FVOCI are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

The mechanics of ECL

Ind AS requires the company to calculate ECL based on probability-weighted scenarios to measure the expected cash shortfalls, discounted at an approximation to the EIR. A cash shortfall is the difference between the cash flows that are due to the Company in accordance with the contract and the cashflows that the company expects to receive.

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

Probability of default (PD) - The probability of default is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed period, if the facility has not been previously derecognised and is still in the portfolio.

Exposure at default (EAD) - The exposure at default is an estimate of the exposure at a future default date.

Loss given default (LGD) - The loss given default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the Company would expect to receive, including from the realisation of any collateral. It is usually expressed as a percentage of the EAD.

Since all the loans given by the company are repayable on demand, in this specific of on-demand repayable loan there are two options

- 1) The borrower is able to pay immediately (if demanded) or
- 2) The borrower is not able to pay immediately

Hence the company examines whether the borrower has sufficient liquid assets to repay the loan immediately. If the borrower has sufficient liquid assets (cash and cash equivalents) to repay the outstanding loan including interest accrued therein, then ECL is close to zero, because probability of default is zero. However, the probability of loss (PD) is not zero, if the company assess that the borrower has no sufficient liquid assets to repay the loan when demanded and accordingly the Company estimates the PD based on historical observed default rates adjusted for forward looking estimates, based upon macro-economic developments occurring in the economy and market it operates in and the relationship between key economic trends like GDP, benchmark rates set by the Reserve Bank of India, inflation and most importantly the competitive advantage and disadvantage the company has in comparison to its peer group(s).

Since the company's loan portfolio mainly comprises of unsecured loans (repayable on demand), Loss given default (LGD) is always close to 100%.

While the internal estimates of PD, LGD rates by the Company may not be always reflective of such relationships as temporary overlays (as mentioned in above para(s)), if any, are embedded in the methodology to reflect such macro economic trends reasonably.

Trade Receivables

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. An impairment analysis is performed at each balance sheet date on an individual basis for major clients.

In addition, number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. Based on Company's past history and the model under which it works, where it obtains most of the revenues on cut off dates or on settlement date, the Company does not provide for loss allowances during the reporting period.

(I) Write-offs

The Company reduces the gross carrying amount of a financial asset when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. This is generally the case when the Company determines that the client or borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the statement of profit and loss. However the Company continues to monitor such bad loans and takes every possible effort towards its recovery.

(ii) Fair value measurements

Fair value is a market-based measurement, not an entity-specific measurement. Under Ind AS, fair valuation of financial instruments is guided by Ind AS 113 "Fair Value Measurement."

For some assets and liabilities, observable market transactions or market information might be available. For other assets and liabilities, observable market transactions and market information might not be available. However, the objective of a fair value measurement in both cases is the same to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions (i.e. an exit price at the measurement date from the perspective of a market participant that holds the asset or owes the liability).

Three widely used valuation techniques specified in the said Ind AS are the market approach, the cost approach and the income approach which have been dealt with separately in the said Ind AS.

Each of the valuation techniques stated as above proceeds on different fundamental assumptions, which have greater or lesser relevance, and at times there is no relevance of a particular methodology to a given situation. Thus, the methods to be adopted for a particular purpose must be judiciously chosen. The application of any particular method of valuation depends on the company being evaluated, the nature of industry in which it operates, the company's intrinsic strengths and the purpose for which the valuation is made.

In determining the fair value of financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each balance sheet date.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1 financial instruments - Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2 financial instruments - Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads. In addition, adjustments may be required for the condition or location of the asset or the extent to which it relates to items that are comparable to the valued instrument. However, if such adjustments are based on unobservable inputs which are significant to the entire measurement, the Company will classify the instruments as Level 3.

Level 3 financial instruments - Those that include one or more unobservable input that is significant to the measurement as whole.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred. No such instances of transfers between levels of the fair value hierarchy were recorded during the reported period.

Further In those cases where fair value is based on models for which some of the inputs are not observable,

the difference between the transaction price and the fair value is deferred and is only recognised in statement of profit and loss when the inputs become observable, or when the instrument is derecognised.

5.5 Expenses

(I) Finance costs

Finance costs represents Interest expense recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial liabilities other than financial liabilities classified as FVTPL.

Since the borrowings are for short duration and repayable on demand, hence EIR approximates the contractual interest cost. All other expenses are recognised as incurred

(ii) Employee Benefits

a) Short-term employee benefits

Short-term employee benefits in respect of salaries and wages, including non-monetary benefits if any are recognised as expense at the undiscounted amount in the Statement of Profit and Loss for the year in which the related service is rendered.

b) Defined contribution plans

The Company does not have any obligation towards defined contribution plans

c) Defined benefit plans

The Company does not have any obligation towards defined benefit plans

(iii) Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. Current and deferred tax is recognized in Statement of profit and loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity respectively.

a) Current tax

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities using the tax rates and tax laws that are enacted or substantively enacted by the reporting date and applicable for the period.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set

off the recognized amounts and where it intends either to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

b) Deferred tax

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred tax assets are recognized for deductible temporary differences, the carry forward of unused tax credits and any unused tax losses to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised.

Unrecognised deferred tax assets are re-assessed at each balance sheet date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities are realised simultaneously.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

Goods and services tax / value added taxes paid on incurring expenses

Since the Company is not required to get registered under Goods and Services Tax Act, (GST ACT), GST paid on expenses incurred are charged to statement of profit and loss.

5.6 Cash and Cash Equivalents

Cash and cash equivalents in the Balance sheet comprise cash on hand, balance with banks on current accounts and short term, highly liquid investments (if any) with an original maturity of three months or less and which carry insignificant risk of changes in value.

5.7 Leases

At the inception of the contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The Company assesses whether:

- A)** The contract involves the use of an identified asset, this may be specified explicitly or implicitly.
- B)** The Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use, and
- C)** The Company has right to direct the use of the asset.

With effect from April 1, 2019, new Ind AS 116 -Leases has come into effect replacing Ind AS 17. Ind AS 116 - Leases introduces a single, on- balance sheet lease accounting model for lessees.

A lessee recognises a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments.

Lessor accounting remains similar to the current standard - i.e. lessors continue to classify leases as finance or operating leases

However the company does not have any lease contracts as a lessee, hence there is no impact in the financial statements of the Company

5.8 Provisions, contingent liabilities and contingent assets

a) A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are not recognised for future operating losses.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at current pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the passage of time is recognized as finance costs.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation as at the balance sheet date, taking into account the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset, if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably. The expense relating to provision is presented in the Statement of Profit and Loss net of any reimbursement.

b) A contingent liability is not recognised in the financial statements, however, is disclosed, unless the possibility of an outflow of resources embodying economic benefits is remote.

If it becomes probable that an outflow of future economic benefits will be required for an item dealt with as a contingent liability, a provision is recognized in the financial statements of the period (except in the extremely rare circumstances where no reliable estimate can be made).

c) A contingent asset is not recognised in the financial statements, however, is disclosed, where an inflow of economic benefits is probable.

When the realisation of income is virtually certain, then the related asset is no longer a contingent asset, and is recognised as an asset.

d) Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

5.9 Earnings per Share

a) Basic earnings per share are computed by dividing the net profit/(loss) after tax by the weighted average number of equity shares outstanding during the year (excluding other comprehensive income)

b) Diluted earnings per share are computed by dividing the net profit/(loss) after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares which could be issued on the conversion of all dilutive potential equity shares. (excluding other comprehensive income).

5.10 Exceptional Items

The term exceptional items is neither defined in Ind AS nor in Schedule III. However, Ind AS 1 has reference to such items in paras 85,86,97 & 98. Accordingly when the items of income or expenses are material, the Company discloses its nature and amount separately. Following circumstances (as per para 98) gives circumstances that would give rise to the separate disclosure of items of income and expenses and includes:

- 1) Written down of inventories to net reliable value or of PPE to recoverable amount, as well as reversals of such write-downs
- 2) restructuring of the activities of an entity and reversals of any provisions for the costs of restructuring;
- 3) disposals of items of PPE
- 4) disposals of investments
- 5) discontinued operations
- 6) litigations settlements; and
- 7) other reversals of provisions

In case the company has more than one such item of income/expense of the above nature which is exceptional, then such items are disclosed on the face of the Statement of Profit and Loss. Details of the all individual items are disclosed in the notes. However, the Company does not have any exceptional items to report during the current reporting period.

5.11 Contingencies and events occurring after the Balance Sheet date

Events occurring after the date of the Balance Sheet, which provide further evidence of conditions that existed

at the Balance Sheet date or that arose subsequently, are considered upto the date of approval of accounts by the Board of Directors, where material.

5.12 Dividends on Ordinary Shares

The Company recognises a liability to make cash distributions to equity holders of the parent when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

5.13 Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest thousands as per the requirements.

5.14 Recent Accounting Developments

The Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified any new standards or amendments to the existing standards applicable to the Company.

6. Segement Information

Primary Segment

The Company's primary business segments are reflected based on the principal business carried out i.e. Investments & Financing. All other activities of the Company revolve around the main business. The risk and returns of the business of the Company is not associated with geographical segmentation, hence there is no secondary segment reporting based on geographical segment.

As such, there are no separate reportable segments as per the Indian Accounting Standard 108

7. Significant Accounting Judgements, Estimates and Assumptions

The preparation of the Company's financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

7.1 Business Model Assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance is measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

7.2 Fair Value Measurement

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using different valuation techniques.

The inputs to these models are taken from observable markets where possible, but where this is not feasible a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility.

Changes in assumptions about these factors could affect the reported fair value of financial instruments.

7.3 Impairment of financial asset

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows when determining impairment losses and the assessment of a significant increase in credit risk.

These estimates are driven by a number of factors, changes in which can result in different levels of allowances. It has been the Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary. The impairment loss on loans and advances is disclosed in more detail in Note 5.2 (iii)(f) Overview of ECL principles.

7.4 Contingent liabilities and Provisions other than Impairment on Loan Portfolio

The Company operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in various litigation, arbitration in the ordinary course of the Company's business.

When the Company can reliably measure the outflow of economic benefits in relation to a specific case

and considers such outflows to be probable, the Company records a provision against the case. Where the probability of outflow is considered to be remote, or probable, but a reliable estimate cannot be made, a contingent liability is disclosed.

Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

7.5 Effective Interest Rate (EIR)

The Company's EIR methodology, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well expected changes to India's base rate and other fee income/expense that are integral parts of the instrument

Nature and purpose of Reserves

1) General Reserve

Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations.

However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013

2) Statutory Reserve

Statutory reserve (Statutory Reserve pursuant to Section 45-IC of The RBI Act, 1934): defines that every non

banking finance institution which is a Company shall create a reserve fund and transfer therein a sum not less than twenty percent of its net profit every year as disclosed in the statement of profit and loss before any dividend is declared.

Since the company has reported net loss hence no amount were transferred to Statutory reserve for the F.Y 2024-2025

3) Retained Earnings

Retained earnings are the profits that the Company has earned till date, less any transfers to/from other comprehensive income income, or other distributions paid to shareholders if any and less any transfers to Statutory reserve out of current year's profit pursuant to Section 45-IC of the RBI Act, 1934

4) Other Comprehensive Income

Items of Other Comprehensive income represents the fair value changes (both realised/unrealised and net of income tax) in equity instruments irrevocably designated at FVTOCI as per the business model assessment of the Company and are not recycled to profit and loss. However the same can be transferred within equity as permitted by the Ind AS .

Note No. : 35 Other disclosures (Continued)**B. Fair value hierarchy**

(1) The fair value of the financial assets and financial liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale

(2) The Company uses the following fair value hierarchy for determining and disclosing the fair value of financial instrument:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities. This category consists of investment in quoted equity shares.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data. This level of hierarchy includes Company's investment in equity shares which are unquoted or for which quoted prices are not available at the reporting dates

Carrying value of investments in unquoted shares approximates cost at which they are purchased

Above investments excludes subsidiaries, since they are carried at cost

There have been no transfer between Level 1 and Level 3 for the years ended 31st March 2025 and 31st March 2024

The following methods and assumptions were used to estimate the fair values

Financial instruments measured at fair value

(i) Investments carried at fair value are generally based on market price quotations. However in cases where quoted prices are not available than different valuation technique are used by the management for different investments.

Certain investments in equity instruments are not held for trading. Instead, they are held for long term strategic purposes, hence. The Company has chosen to designate these investments in equity instruments at FVOCI since, it provides a more meaningful presentation. Further investments which are held for trading and company considers them as stock in trade are designated through FVTPL . Level 1 investments are valued at the quoted closing price on stock exchange. Investments included in Level 3 of the fair value hierarchy have been valued using the cost approach to arrive at their fair value.

Cost of unquoted equity instruments have been considered as an appropriate estimate of fair value because of wide range of possible fair value measurements and cost represents the best estimate of fair value within that range.

Financial instruments not measured at fair value

(ii) Financial assets not measured at fair value include cash and cash equivalents, trade receivables, loans and other financial assets. These are financial assets whose carrying amounts approximate fair value, due to their short term nature. Additionally, financial liabilities such as trade payables and other financial liabilities are not measured at FVTPL whose carrying amounts approximate fair value, because of their short-term nature.

(iii) Management uses its best judgement in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of the amounts that the Company could have realised or paid in sale transactions as of respective dates. As such, fair value of financial instruments subsequent to the reporting dates may be different from the amounts reported at each reporting date.

Note No. : 35 Risk Management

2) Financial risk management

Risk is an integral part of the Company's business and sound risk management is critical to success. The Company's primary business are reflected based on the principal business carried out i.e. loans and investments (and all other activities of the company revolve around the main business), hence the company is exposed to risks that are particular to its lending and the environment within which it operates and primarily includes credit risk, liquidity risk and market risk.

Since the company is Systematically non-important and non-deposit taking NBFC, and also in terms of Sub - Regulation (5) of Regulation 21 of SEBI (Listing Obligation and Disclosure Requirement), Regulations 2015 as amended, the Company is not required to have Risk Management Committee, but as a prudence the Board of Directors of the Company oversees the overall risk management approach, risk management strategies, procedures and principles.

The senior management provides assurance that the Company's financial risks are identified, measured and managed in accordance with the Company's internal guidelines and risk objectives .

a) Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer

contract, leading to a financial loss to the Company. The Company's main income generating activity inter-alia is lending to customers and therefore credit risk is a principal risk. Credit risk mainly arises from loans and advances which are in entirety payable on demand.

The credit risk management guideline of the company seeks to have following controls and key metrics that allows credit risks to be identified, assessed, monitored and reported in a timely and efficient manner in compliance with regulatory requirements.

- > Standardise the process of identifying new risks and having in place appropriate controls for these risks
- > Maintain an appropriate credit administration and loan review system
- > Establish metrics for portfolio monitoring
- > Minimize losses due to defaults or untimely payments by borrowers and implementing appropriate risk mitigation techniques.

In order to mitigate the impact of credit risk in the future profitability, the company makes reserves basis the Expected Credit Loss (ECL) Model for the outstanding loans including interest accrued but not due and interest overdue therein at balance sheet date. Asset classification is as per Reserve Bank of India guidelines and provisions is as per Expected Credit Loss Methodology as per Ind AS, which ever is higher than the minimum required as per prudential norms.

The below discussion describes the Company's approach for assessing impairment as stated in the significant accounting policies.

The mechanics of ECL

Ind AS requires the company to calculate ECL based on probability-weighted scenarios to measure the expected cash shortfalls, discounted at an approximation to the EIR. A cash shortfall is the difference between the cash flows that are due to the Company in accordance with the contract and the cashflows that the company expects to receive. The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

Probability of default (PD) - The probability of default is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed period, if the facility has not been previously derecognised and is still in the portfolio.

Exposure at default (EAD) - The exposure at default is an estimate of the exposure at a future default date. The outstanding balance (including the interest accrued but not due and interest overdue) at the reporting date is considered EAD by the Company.

Since all the loans given by the company are repayable on demand, in this specific of on-demand repayable loan there are two options.

- 1) The borrower is able to pay immediately (if demanded) or
- 2) The borrower is not able to pay immediately

Hence the company examines whether the borrower has sufficient liquid assets to repay the loan immediately. If the borrower has sufficient liquid assets (cash and cash equivalents) to repay the outstanding loan including interest accrued therein, then ECL is close to zero, because probability of default is zero. The Company considers a financial instrument defaulted and therefore Stage 3 (credit impaired) for ECL Calculations in all cases when the borrower becomes 90 days past due on its contractual payments.

As a part of the qualitative assessment of whether a customer is in default, the company also considers a variety of instances that may indicate unlikeness to pay. When such events occur, the Company carefully considers whether the event should result in treating the customer as defaulted and therefore assessed as Stage 3 for ECL calculations or whether Stage 2 is appropriate.

Considering that the PD determined above factors in amount at default, there is no separate requirement to estimate EAD. However, the probability of loss (PD) is not zero, if the company assess that the borrower has no sufficient liquid assets to repay the loan when demanded and accordingly the Company estimates the PD based on historical observed default rates adjusted for forward looking estimates, based upon macro-economic developments occurring in the economy and market it operates in and the relationship between key economic trends like GDP, benchmark rates set by the Reserve Bank of India, inflation and most importantly the competitive advantage and disadvantage the company has in comparison to its peer group(s).

Based upon the above facts, the Company has assessed the following PD Percentage as at 31st March, 2025, while PD percentages for 31st March 2024 and on the date of transition remain same at 5%

Category

Loans: Unsecured and repayable on demand

Stage 1: All Standard loans in the above category upto 30 days past due (DPD) are considered as Stage 1 assets for computation of ECL.

Stage 2: Exposure under Stage 2 include under-performing loans having 31 to 90 days past due (DPD) for computation of ECL.

Stage 3: Exposure under Stage 2 include non-performing loans with overdue more than 90 days past due (DPD).

Based upon historical data the Company assigns PD to Stage 1 and Stage 2 and applies it to the EAD to compute the ECL. For Stage 3 assets PD is considered as 100%

31st March, 2025			
Pools	Stage1	Stage 2	Stage 3
Unsecured loans, repayable on demand	5%	5%	100%
31st March, 2024			
Pools	Stage1	Stage 2	Stage 3
Unsecured loans, repayable on demand	5%	5%	100%

Loss given default (LGD) - The loss given default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the

Company would expect to receive, including from the realisation of any collateral. It is usually expressed as a percentage of the EAD.

Since the company's loan portfolio mainly comprises of unsecured loans (repayable on demand), Loss given default (LGD) is always close to 100%.

Pools	31-03-25	31-03-24
Unsecured loans, repayable on demand	100%	100%

Probability of default is consistent as mentioned above and LGD are always near to 100% since the loans are unsecured. Further the company is assessing on the continuous basis the likelihood of increased credit risk and reasonable hair cuts in view of the Covid-19 pandemic.

Further refer note no 10 which provides information about exposure to credit risk and ECL on loan

Trade receivables

Trade receivables are non-interest bearing and do not involve significant financing cost, further all the receivables are of short term in nature, hence transaction value approximates fair value for trade receivables.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk.

An impairment analysis is performed at each balance sheet date on an individual basis for major clients. In addition, number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. Based on Company's past history and the model under which it works, where it obtains most of the revenues on cut off dates or on settlement date, the Company does not provide for loss allowances during the reporting period.

b) Liquidity Risk

Liquidity risk is the risk that the entity will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The entity's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to entity's reputation.

Prudent liquidity risk management requires sufficient cash and marketable securities and availability of funds through adequate committed credit facilities to meet obligations when due and close out market positions.

The Company has a view of maintaining liquidity with minimal risks while making investments. The Company invests its surplus funds in short term liquid assets. The Company monitors its cash and bank balances periodically in view of its short term obligations associated with its financial liabilities.

Refer note 36 for analysis of maturities of financial assets and financial liabilities.

c) Market Risk

Market risk arises when movements in market factors (interest rates, credit spreads, equity prices etc.) impact the Company's income or market value of its portfolios. The Company, in its course of business, is exposed to market risk due to change in equity prices and interest rates. The objective of market risk management is to maintain an acceptable level of market risk exposure while aiming to maximizing returns.

(i) Equity price

The Company's exposure to equity price risk arises primarily on account of investments in equity instruments (both short term and long term). The Company designates its investments in equity instruments based upon its business model. Investments which are held for trading are fair valued through profit and loss, whereas investments which are held for long term and strategic purpose are fair valued through Other comprehensive income. The Company's equity price risk is managed in accordance with the objective of the Company and as approved by the senior management of the Company.

(ii) Interest Rate Risk

The Company is exposed to Interest rate risk if the fair value or future cash flows of its financial instruments will fluctuate as a result of changes in market interest rates. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates.

The Company's interest rate risk arises from interest bearing deposits with bank and loan given to customers. Such instrument exposes the Company to fair value interest rate risk. Management believes that the interest rate risk attached to these financial assets is not significant due to the nature of these financial assets.

d) Operational And Business Risk

Operational risk is the risk of loss arising from systems failure, human error, fraud or external events. when controls fails to operate effectively, operational risks can cause damage to reputation, have legal or regulatory implications, or lead to financial loss. The Company cannot expect to eliminate all operational risks, but it endeavours to manage these risks through a control framework and by monitoring and responding to potential risks. Controls include effective segregation of duties, access, authorisation and reconciliation procedures, staff education and assessment processes, such as the use of internal audit.

Note No. : 35 Risk Management**3) Capital Management**

The Company's capital management is intended to create value for shareholders by facilitating the meeting of long term and short term goals of the Company. The Company determines the amount of capital required on the basis of recurring business plan coupled with long term and short term Strategic investments and expansion plans.

The funding needs are met through equity, cash generated from operations, short term borrowings and through use of bank overdrafts if required. For the purpose of the Company's capital management, capital includes issued equity capital, and all other equity reserves attributable to the equity shareholders of the Company. The Company's objective when managing capital is to safeguard its ability to continue as a going concern so that it can continue to provide returns to shareholders and other stake holders.

The Company manages its capital structure and makes adjustments in light of changes in the financial condition and the requirement of the financial covenants if any. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders (buy back its shares) or issue new shares.

Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 ("The Act")

Item No. 3

M/s Ghosh & Basu LLP, Chartered Accountants have tendered their resignation as Statutory Auditors w.e.f. 30th August, 2024 citing reasons that due to the developments in the Audit Firm ("M/s Ghosh & Basu LLP, Chartered Accountants") they will not be able to

continue as Statutory Auditors of the Company. This has resulted into a casual vacancy in the office of Statutory Auditors of the Company as envisaged by Section 139(8) of the Companies Act, 2013. Appointment of Auditor in casual vacancy caused by the resignation of Statutory Auditors shall be approved by the Shareholders at the General Meeting within three months from the date of recommendation of the Audit Committee/Board of Directors of the Company.

The Audit Committee and the Board of Directors of the Company at their respective meetings held on 30th August, 2024 recommended the appointment of M/s. Surajit Roy and Associates, Chartered Accountants (Firm Registration No. 326099E) as the Statutory Auditors of the Company in order to fill the casual vacancy caused by the resignation of the previous M/s Ghosh & Basu LLP, Chartered Accountants and accordingly, members approved the same by way of passing Ordinary Resolution.

Further, the current auditors namely M/s. Surajit Roy and Associates, Chartered Accountants were appointed for a period of one financial year as per provisions relating to casual vacancy of Statutory Auditors under Companies Act, 2013 and they shall be eligible to hold office till the conclusion of ensuing Annual General Meeting.

However, since the term of Statutory Auditors are expiring at the ensuing Annual General Meeting, on recommendation of Audit Committee at their meeting held on 1st September, 2025 and further the same was also discussed at the Board Meeting on same date, your Board is proposing to appoint M/s. Surajit Roy and Associates, Chartered Accountants, for a period of five consecutive years and shall hold office from the conclusion of ensuing Annual General Meeting till the conclusion of 46th Annual General Meeting to be held in the year 2030.

M/s. Surajit Roy and Associates, Chartered Accountants (Firm Registration No. 326099E), have conveyed their consent for being appointed as the Statutory Auditors of the Company along with a confirmation that, their appointment, if made by the Shareholders, would be within the limits prescribed under the Companies Act, 2013 and shall satisfy the criteria as provided under section 141 of the Companies Act, 2013.

Your Board of Directors considered the same and recommends passing of the resolution contained in Item No. 3 of the accompanying Notice as an Ordinary Resolution.
