In FY 2020-21, the Gross and Net NPAs stood at 3.51% and 1.61% as compared to 3.44% and 1.94%%, in FY 2019-20, respectively.

The Company continued to prudently manage its Asset Liability Management (ALM) with a strategy of raising long-term borrowings from Banks, Financial Institutions and NBFC's.

Given the COVID-19 situation, the outlook for the coming year is expected to be extremely demanding. In the current situation, lending businesses face four daunting challenges of:

- (i) disruption in business acquisition,
- (ii) providing customers adequate relief on their debt servicing obligations,
- (iii) dealing with incapacitated customer services and debt recovery infrastructure, and
- (iv) continuing to service their own debt.

To overcome the COVID-19 crisis, Governments across the world will look to the financial sector to help revive their economies, the Government and the Regulator have announced a number of measures to support these vulnerable segments as well as facilitate availability of funds at favourable rates for the financiers. With this much needed support, coupled with a relentless execution, it is possible that the economy may be able to maintain an overall positive growth rate with an earlier-than-expected recovery during the next financial year.

Your Board of Directors is pleased to recommend final dividend to reward its shareholders with 5% i.e. Rs. 0.50 per equity share on face value of Rupee 10/- each for the Financial Year 2020-21 subject to the approval of the members in the 30th Annual General Meeting (AGM). 4. MATERIAL CHANGES AND COMMITMENT AFFECTING FINANCIAL POSITION OF THE COMPANY/CHANGE IN THE NATURE OF THE BUSINESS

The ongoing COVID-19 pandemic has increased the estimation uncertainty in the preparation of the Financial Statements for the year ended 31st March, 2021. The Company has developed various accounting estimates in these Financial Statements based on forecasts of economic conditions which reflect expectations and assumptions as at 31st March, 2021 about future events that the Management believe are reasonable in the circumstances. There is a considerable degree of judgment involved in preparing forecasts. The underlying assumptions are also subject to uncertainties which are often outside the control of the Company. Accordingly, actual economic conditions are likely to be different from those forecast since anticipated events frequently do not occur as expected, and the effect of those differences may significantly impact accounting estimates included in these financial statements.

The significant accounting estimates impacted by these forecasts and associated uncertainties are predominantly related to expected credit losses, fair value measurement and recoverable amount assessments of non-financial assets.

However in order to address this risk and to seamlessly carry out normal operations, the Company immediately activated its Business Continuity Plan (“BCP”). The Company has honoured all its debt obligations on time.

The Company is continuously endeavoring to deal with the situation and boost collections by means of incentivizing customers to make regular payments. However, the extent of impact is difficult to crystallize.

The COVID-19 pandemic which is a once in a lifetime occurrence has brought with it an unimaginable suffering to people and to almost all sections of the economy. The nationwide lockdowns to curtail the transmission of disease, had put the global economy in extreme stress of the level not seen since the Great Depression and would have a long-lasting economic impact.

The dynamic and evolving nature of the pandemic with its resurgence (second wave) at the close of the year once again creates uncertainty, including economic impact. Hopefully, the outreach of vaccination drives across the country, additional efforts to set up medical infrastructure and obtain required medical supplies, in addition to continued adherence to COVID-19 specific protocols will help in overcoming this testing situation.

Like the greater economy, the pandemic coupled with the lockdown and relief measures provided by RBI had a bearing on the performance of the Company.

Save and except the affect of the above, there have been no material changes and commitment that have occurred after the closure of the Financial Year 2020-21 till the date of this Report, which would affect the financial position of your Company.

MANAGEMENT DISCUSSION & ANALYSIS REPORT

INDUSTRY STRUCTURE AND DEVELOPMENTS

Non-Banking Financial Companies (“NBFCs”), along with banks, have been the main stay for the financial services ecosystem in India. They have served as an alternative channel of credit flow to both retail as well as commercial sectors in a bank-dominated financial system like India, bringing in efficiency and diversity into financial intermediation. NBFCs play an important role in the Indian financial system by complementing and competing with banks, specializing in credit delivery to a wide variety of segments. They play a critical role in participating in the development of the economy by providing an impetus to employment generation, wealth creation, credit in rural segments and much needed credit support to new customer segments.

Over the past few years, NBFCs have contributed significantly in expanding as well as deepening the formal financial services sector, providing credit to market segments usually neglected by banks or when banks were unable to provide credit, given their own constraints.

NBFCs provide an alternative to bank financing, and thus, bridge the credit gap emanating from traditional banks’ limitations to reach out to the financially active but under banked segments of the economy. The Indian NBFC sector has grown significantly ahead of aggregate credit over the last decade, delivering credit to customers not served by banks, developing niche credit segments and pricing risks appropriately.

The NBFC segment has witnessed considerable growth in the last few years and is now being recognized as complementary to the banking sector due to implementation of innovative marketing strategies, introduction of tailor-made products, customer-oriented services, and attractive rates of return on deposits and simplified procedures, etc.

NBFCs have been at the forefront of catering to the financial needs and creating livelihood sources of the so-called un-bankable masses in the rural and semi-urban areas. Through strong linkage at the grassroots level, they have created a medium of reach and communication and are very effectively serving this segment. Thus, NBFCs have all the key characteristics to enable the government and regulator to achieve the mission of financial inclusion in the given time. Your Company is a Non-Banking Financial Company engaged in the business of vehicle financing and loan against property.

The growth trajectory of auto industry is expected to be robust in the coming years due to improvement in infrastructure, mining and agriculture activities. The construction of new highways and expansion of existing roads will increase the requirements of cement, steel, road building materials, tippers and construction equipment etc., which will improve demand of vehicles across product categories.

Loan against property is a flourishing segment with increased demand, simultaneously complimented with huge supply chain. However, this segment still remains untapped and with good scope for growth.

The Indian economy faced several domestic and external headwinds for most part of the year under review due to geopolitical uncertainties, weakness in the finance sector, lingering issues in the NBFC sector, country’s economic growth was slowing down. Thereafter, the outbreak of the coronavirus

pandemic has clouded the growth outlook. COVID-19 further accentuated ALM challenges of the NBFC sector. The RBI's moratorium measures for customers is likely to put additional stress on many NBFCs. There is an asymmetry. On one hand, NBFCs have to offer such moratoriums to their customers; while on the other, their market borrowings must be repaid on due dates.

The COVID-19 pandemic is also expected to result in a deterioration in the asset quality of the financial sector. NBFCs too will face similar pressures. Early indicators of non-delinquent customers opting for moratoriums reflect a considerable level of anxiety from customers. It remains to be seen how this anxiety eases when economic activities resume.

The NBFC sector, had also been going through a period of stress particularly in its access to finances both from banks and the market.

However to arrest this situation, the Government and the Regulator have announced a number of measures to support these vulnerable segments as well as facilitate availability of funds at favorable rates for the financiers. With this much needed support, coupled with a relentless execution, it is possible that the economy may be able to maintain an overall positive growth rate with an earlier-than-expected recovery during the next financial year.

Overall, we expect the growth to remain subdued in the first half of FY 2021-22, with growth contracting in the first and second quarters and a gradual recovery in the second half supported by fiscal and monetary policy stimulus.

BUSINESS

The Company deals with financing of vehicles and loan against property. The pre-owned Commercial Vehicles segment has always been unorganized. However the Company has been engaged in the initiative to corporatize the untapped segment. The pre-owned commercial vehicle and loan against property segment is the key segment. There pre-owned trucks being affordable for small, aspiring owner-cum-drivers are preferred to held them initiate their entrepreneurial journey as a small road transport operator. The Company empowers such new drivers with affordable financing and advice regarding commercial vehicles. The Company continued to prudently manage its Asset Liability Management (ALM) with a strategy of raising long-term borrowings.

OUTLOOK ON OPPORTUNITIES

The Outlook of the Company for the year ahead is to drive profitable growth across all the segments. Independent Auditor's Report

To the Members of
Baid Leasing and Finance Co.Ltd.
"Baid House", IInd Floor, 1, Tara Nagar, Ajmer Road,
Jaipur – 302006.
Report on the Ind AS Financial Statements

Opinion:

We have audited the accompanying standalone Ind AS Financial Statements of **Baid Leasing and Finance Company Limited (CIN:L65910RJ1991PLC006391)** which comprise the Balance Sheet as at **31 March 2021**, and the Statement of Profit and Loss (including the Statement of Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash flow for the year then ended, and notes to the Standalone Ind-AS Financial Statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind-AS Financial Statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with Companies(Indian Accounting Standards)Rules, 2015, as amended, ("Ind-AS") and other accounting standards generally accepted in India, of the state of affairs of the Company as at 31 March 2021, its Profit (or Loss)* and Cash flow for the year ended on that date.

Basis for opinion

We conducted our audit of the standalone Ind-AS financial statements in accordance with the standards on auditing specified under Section 143 (10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Ind-AS Financial Statements* section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's code of ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on standalone Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind-AS financial statements of the current period. These matters were addressed in the context of our audit of the Ind-AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Description of Key Audit Matters

Key audit matters

How our audit addressed the key audit matter

(a) Impairment of financial assets (expected credit losses)

Recognition and measurement of impairment of loans and advances involve significant management judgments.

With the applicability of Ind AS 109 credit loss assessment is now based on expected credit loss ('ECL') model. The Company's impairment allowance is derived from estimates including the historical default and loss ratios. Management exercises judgment in determining the quantum of loss based on a range of factors.

The most significant areas are:

- Segmentation of loan book
- Loan staging criteria
- Calculation of probability of default / Loss given default
- Consideration of probability weighted scenarios and forward looking macro-economic factors

There is a large increase in the data inputs required by the ECL model. This increases the risk of completeness and accuracy of the data that has been used to create assumptions in the model. In some cases, data is unavailable and reasonable alternatives have been applied to allow calculations to be performed.

- We read and assessed the Company's accounting policies for impairment of financial assets and their compliance with Ind-AS 109.
- We tested the criteria for staging of loans based on their past-due status to check compliance with requirement of Ind-AS 109.
- We evaluated the reasonableness of the Management estimates by understanding the process of ECL estimation and tested the controls around data extraction and validation.
- Tested the ECL model, including assumptions and underlying computation.
- Assessed the floor/minimum rates of provisioning applied by the Company for loan products with inadequate historical defaults.
- Audited disclosures included in the Ind-AS financial statements in respect of expected credit losses.

Other Information

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, but does not include the standalone Ind-AS financial statements and our auditor's report thereon.

Our opinion on the standalone Ind-AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind-AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Ind-AS Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Ind-AS Financial Statements

The Company's board of directors are responsible for the matters stated in Section 134 (5) of the Act with respect to the preparation of these Ind-AS Financial Statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind-AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the Ind AS Financial Statements

Our objective is to obtain reasonable assurance about whether the Ind AS Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standard of Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS Financial Statements.

As part of an audit in accordance with Standard of Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS Financial Statements, including the disclosures, and whether the Ind AS Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Materiality is the magnitude of misstatements in the standalone Ind AS Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the

standalone Ind AS Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Ind AS Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Internal Financial Controls over Financial Reporting

Report on the Internal Financial Controls under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with respect to Ind AS financial statements of **Baid Leasing and Finance Co. Ltd.**(the "Company") as of 31 March 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021 based on the Internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Standalone Financial Statements for the year ended 31 March, 2021

1) Corporate Information

Baid Leasing and Finance Co. Ltd. ('the Company', 'BALFC') is a company limited by shares, incorporated on December 20, 1991 and domiciled in India. The Company has its Registered Office at "Baid House", IIInd Floor, 1, Tara Nagar, Ajmer Road, Jaipur-302006 (Rajasthan). The Company is dealing in vehicle financing (used vehicle), SME, Mortgage loans and all types of asset backed financing. The Company is deeply penetrated in the semi urban and rural areas in Rajasthan. The Company is successfully carrying-out the business of loan against used commercial vehicles (mainly loading vehicles for taking agro produce to market), tractors and Mortgage Loans in semi-urban & rural areas. It has targeted market of loans against used vehicles and SME Loans in semi-urban areas because of the unorganized markets and lack of banks and other financing avenues.

The Company is a Non-deposit taking Non Systemically Important Non-Banking Finance Company (NBFC) registered with the Reserve Bank of India (RBI) with effect from March 11, 1998 with Registration No. B-10.00036. RBI, vide the circular - 'Harmonization of different categories of NBFCs' issued on 22 February, 2019, with a view to provide NBFCs with greater operational flexibility and harmonization of different categories of NBFCs into fewer categories based on the principle of regulation by activity, merged the three categories of NBFCs viz. Asset Finance Companies (AFC), Loan Companies (LCs) and Investment Companies (ICs) into a new category called NBFC - Investment and Credit Company (NBFC-ICC). Accordingly, the Company has been reclassified as NBFC-Investment and Credit Company (NBFC-ICC).

The audited financial statements were subject to review and recommendation of Audit Committee and approval of Board of Directors. On June 22, 2021, Board of Directors of the Company approved and recommended the audited financial statements for consideration and adoption by the shareholders in its Annual General Meeting.

2) Basis of Preparation

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and notified under Section 133 of the Companies Act, 2013 (the Act) along with other relevant provisions of the Act and the Master Direction – Non-Banking Financial Company – Non- Systemically Important Non-Deposit taking Company (Reserve Bank Directions, 2016). The Company uses accrual basis of accounting except in case of significant uncertainties.

The financial statements are prepared on a going concern basis, as the Management is satisfied that the Group shall be able to continue its business for the foreseeable future and no material uncertainty exists that may cast significant doubt on the going concern assumption. In making this assessment, the Management has considered a wide range of information relating to present and future conditions, including future projections

of profitability, cash flows and capital resources. The outbreak of COVID-19 has not affected the going concern assumption of the Group.

Impact of COVID-19

COVID-19, a global pandemic has spread across our Country and created an unprecedented level of disruption.

The impact of the COVID-19 on the Company's business disbursements and the asset quality depends on the time taken for economic activities to resume to normal levels, which remains uncertain.

Presently the situation is quite fluid. All future projections will depend on how pandemic pans out in rural landscape of Rajasthan which is the major operational area for the company. Most of its borrowers are in rural and semi-urban areas and primarily directly/indirectly connected with agricultural activities. This sector is least impacted in present carnage. There is bumper rabi crop and with expected good monsoon, kharif crop is also expected to be good. So except for pandemic dislocation, we expect to be back to normal operations as Covid impact retraces.

RBI announced the COVID-19 Regulatory Package following which the Company has extended the option of moratorium for installments falling due between March 01, 2020 to August 31st, 2020 to all eligible customers. Further, in line with RBI Notification dated 17th April 2020, the Company has made COVID-19 provision of Rs. 28,82,900/- during the year in respect of moratorium accounts, where asset classification benefit was extended and the same has been adjusted in the last quarter ended 31st March 2021 as per RBI notification dated 17th April,2020.

3) Summary of significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

3.1) INCOME

(i) Interest income

The Company recognizes interest income using Effective Interest Rate (EIR) on all financial assets subsequently measured at amortized cost or fair value through other comprehensive income (FVOCI). EIR is calculated by considering all costs and incomes attributable to acquisition of a financial asset or an assumption of a financial liability and it represents a rate that exactly discounts estimated future cash payments/receipts through the expected life of the financial asset/financial liability to the gross carrying amount of a financial asset or to the amortized cost of a financial liability.

(ii) Dividend income

Dividend income on equity shares is recognized when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

(iii) Other revenue from operations

Revenue (other than for those items to which Ind AS 109 - Financial Instruments are applicable) is measured at fair value of the consideration received or receivable.

(iv) Recoveries of financial assets written-off

The Company recognizes income on recoveries of financial assets written off on realization or when the right to receive the same without any uncertainties of recovery is established.

(v) Taxes

Incomes are recognized net of the Goods and Services Tax/Service Tax, wherever applicable.

3.2) Expenditures

(i) Finance Costs

Borrowing costs on financial liabilities are recognized using the EIR.

(ii) Fees and Commission Expenses

Fees and commission expenses which are not directly linked to the sourcing of financial assets, such as commission/incentive incurred on value added services and products distribution, recovery charges, etc., are recognized in the statement of profit and loss on an accrual basis.

(iii) Taxes

Expenses are recognized net of the Goods and Services Tax/Service Tax, except where credit for the input tax is not statutorily permitted.

3.3) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

3.4) Financial Instruments

A financial instrument is defined as any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Trade receivables and payables, loan receivables, investments in securities and subsidiaries, debt securities and other borrowings, preferential and equity capital etc. are some examples of financial instruments.

All the financial instruments are recognized on the date when the Company becomes party to the contractual provisions of the financial instruments. For tradable securities, the Company recognizes the financial instruments on settlement date.

(i) Financial Assets

Financial assets include cash, or an equity instrument of another entity, or a contractual right to receive cash or another financial asset from another entity. Few examples of financial assets are loan receivables, investment inequity and debt instruments, and cash and cash equivalents.

a. Initial Measurement

All financial assets are recognized initially at fair value including transaction costs that are attributable to the acquisition of financial assets. Generally, the transaction price is treated as fair value unless proved to the contrary.

b. Subsequent Measurement

Equity investments designated under FVOCI

All equity investments in scope of Ind AS 109 'Financial instruments' are measured at fair value. The Company has strategic investments in equity for which it has elected to present subsequent changes in the fair value in OCI. The classification is made on initial recognition and is irrevocable.

All fair value changes of the equity instruments, excluding dividends, are recognized in OCI and not available for reclassification to profit or loss, even on sale of investments. Equity instruments at FVOCI are not subject to an impairment assessment.

De-recognition of financial assets

The Company derecognizes a financial asset (or, where applicable, a part of a financial asset) when

: The right to receive cash flows from the asset has expired; or

: The Company has transferred its right to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under an assignment arrangement and the Company has transferred substantially all the risks and rewards of the asset. Once the asset is derecognized, the Company does not have any continuing involvement in the same.

Impairment of Financial Assets

The Company records allowance for expected credit losses for all loans, other debt financial assets not held at FVTPL, together with financial guarantee contracts, in this section all referred to as 'financial instruments'. Equity instruments are not subject to impairment under Ind AS 109.

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is the portion of Lifetime ECL that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

Both Lifetime ECLs and 12-month ECLs are calculated on either an individual basis or a collective basis, depending on the nature of the underlying portfolio of financial instruments.

The Company has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument. The Company does the assessment of significant increase in credit risk at a borrower level. If a borrower has various facilities having different past due status, then the highest days past due (DPD) is considered to be applicable for all the facilities of that borrower.

Based on the above, the Company categorizes its loans into Stage 1, Stage 2 and Stage 3 as described below:

Stage 1

All exposures where there has not been a significant increase in credit risk since initial recognition or that has low credit risk at the reporting date and that are not credit impaired upon origination are classified under this stage. The Company classifies all standard advances and advances up to 30 days default under this category. Stage 1 loans also include facilities where the credit risk has improved and the loan has been reclassified from Stage 2.

Stage 2

All exposures where there has been a significant increase in credit risk since initial recognition but is not credit impaired are classified under this stage. 30 Days Past Due is considered as significant increase in credit risk.

Stage 3

All exposures assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred are classified in this stage. For exposures that have

become credit impaired, a lifetime ECL is recognized and interest revenue is calculated by applying the effective interest rate to the amortized cost (net of provision) rather than the gross carrying amount. 90 Days Past Due is considered as default for classifying a financial instrument as credit impaired. If an event (for e.g. any natural calamity) warrants a provision higher than as mandated under ECL methodology, the Company may classify the financial asset in Stage 3 accordingly.

(ii) Financial Liabilities

A financial liability includes liabilities that represent a contractual obligation to deliver cash or another financial assets to another entity, or a contract that may or will be settled in the entities own equity instruments. Few examples of financial liabilities are trade payables, debt securities and other borrowings and subordinated debts.

a. Initial Measurement

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade payables, other payables, debt securities and other borrowings.

b. Subsequent Measurement

After initial recognition, all financial liabilities are subsequently measured at amortized cost using the EIR. Any gains or losses arising on de-recognition of liabilities are recognized in the Statement of Profit and Loss.

3.5)Taxes

(i) Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, in accordance with the Income Tax Act, 1961 and the Income Computation and Disclosure Standards (ICDS) prescribed therein. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current tax relating to items recognized outside profit or loss is recognized in correlation to the underlying transaction either in OCI or directly in other equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

(ii) Deferred tax

Deferred tax is provided using the Balance Sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences and deferred tax assets are recognized for deductible temporary differences to the extent that it is probable that taxable profits will be available against which the deductible temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets, if any, are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside profit or loss is recognized either in OCI or in other equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

3.6) Property, Plant and Equipment

Property, plant and equipment are carried at historical cost of acquisition less accumulated depreciation and impairment losses, consistent with the criteria specified in Ind AS 16 'Property, plant and equipment'.

Depreciation on property, plant and equipment

- (a) Depreciation is provided on a pro rata basis for all tangible assets on straight line method over the useful life of assets.
- (b) Useful lives of assets are determined as prescribed by Schedule II – Part C of the Companies Act, 2013.
- (c) Depreciation on addition to assets and assets sold during the year is being provided for on a pro rata basis with reference to the month in which such asset is added or sold as the case may be.
- (d) An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and

the carrying amount of the asset) is included under other income in the Statement of Profit and Loss when the asset is derecognized.

(e) The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

3.7) Impairment on Non-financial Assets

An assessment is done at each Balance Sheet date to ascertain whether there is any indication that an asset may be impaired. If any such indication exists, an estimate of the recoverable amount of asset is determined. If the carrying value of relevant asset is higher than the recoverable amount, the carrying value is written down accordingly.

3.8) Provisions and Contingent Liabilities

The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. The Company also discloses present obligations for which a reliable estimate cannot be made. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

3.9) Foreign Currency Transaction

No Foreign currency transaction during the relevant financial year.

3.10) Disclosure of transactions with related parties as required by Ind AS 24
