Industry Overview

Rise Of NBFCs: Transforming Retail Finance Landscape

NBFCs expect 13-14% credit growth in FY25, Lending businesses are prospering without needing large physical setups. Projections suggest NBFCs credit will grow at a rate of 13-15% from FY26 to27.

- Non-banking financial companies (NBFCs) are rapidly gaining prominence as intermediaries in the retail finance space.
- The public funds of NBFCs increased from US\$ 278.23 billion in 2016 to US\$ 470.74 billion in 2020 at a CAGR of 14.04%
- New distribution channels such as bank assurance, online distribution and Non-Banking Financial Companies (NBFCs) have widened the reach and reduced operational costs.
- Two-thirds of India's population lives in rural areas where financial services have made few inroads so far. **Rural India has seen steady rise in incomes creating an increasingly significant market for financial services.**

Navigating Growth Trajectories: Insights Into NBFC AUM Expansion

Vehicle finance anticipated to sustain 13.14% growth, supported by solid underlying-asset sales.

- Assets under management (AUM) of non-banking financial companies (NBFCs) projected to grow by 14-17% next fiscal.
- Retail credit growth driven by robust macro and micro factors, including strong private consumption.
- Home loans and vehicle finance constitute 25-27% each of NBFC AUM, with steady growth expected in both segments.
- Affordable home loans (<Rs 25 lakh) to fuel 12-14% growth in the home loan segment.
- After three years of single-digit growth, NBFCs are poised to witness an 11-12% growth in AUM by the end of FY23.
- Future growth is expected to be supported by the strong push towards digitization, better consumer non-deposit-taking NBFCs, except for changes in governance and prudential guidelines.

NBFCs Retail Credit Is Expected To Increase At 13- 15% CAGR In Next 3 Years

SWOT Analysis

Strengths

Company's promoters, comprising both young, dynamic individuals and experienced, visionary leaders, have established a robust presence in the finance sector for over 32 years.

With a strong foothold in operational areas and deep penetration in rural and CAT B/C markets, they employ a unique evaluation grid to assess client segments and credit appraisal. Offering a diversified range of products, the company meets the financial needs of its customers effectively.

Weakness

Growing competition from finance companies and banks.
Continual inflationary trends.
Increasing costs of obtaining funds.

The company sees immense opportunities for geographical expansion, aiming to create a highly diversified portfolio. It emphasizes digitalization and AI integration to alleviate manual workload, ensuring more accurate processes that enhance Turnaround Time (TAT) and customer service efficiency.

Opportunities

The company faces competition from other similar NBFCs and FIs, compounded by its limited geographical presence.
