**EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013**

**Item No. 3: Appointment of M/s. Mayank Arora & Co., Practicing Company Secretaries (having Membership No. F10378 and COP No. 13609) as Secretarial Auditors of the Company:**

As per amended Regulation 24A of SEBI (LODR) Regulations, 2015, on the basis of recommendation of Board of Directors, a listed entity shall appoint or re-appoint an individual as Secretarial Auditor for not more than one term of five consecutive years, with the approval of its shareholders at its Annual General Meeting. Accordingly, the Board of Directors at its meeting held on 14.07.2025, inter-alia, recommended the appointment of M/s. Mayank Arora & Co., Practicing Company Secretaries (having Membership No. F10378 and COP No. 13609), for carrying out Secretarial Audit as also for issuance of Annual Secretarial Compliance Report (ASCR) for a term of five consecutive years, commencing from Financial Year 2025-26 to 2029-30 at annual fees of 40,000/- (Rupees Forty thousand only) including applicable taxes.

None of the Directors, Key Managerial Personnel and their relatives are in any way, concerned or interested, financially or otherwise, in the aforesaid Ordinary Resolution.

The Board accordingly recommends the Ordinary Resolution set out at Item No. 3 of the accompanying Notice for approval of the Members.

**Item No. 4: Cancellation of Earlier Resolution for Increase of Authorized Share Capital of the Company and consequential amendment in the Memorandum of Association of the Company:**

The members of the Company, through Postal Ballot on 26th March 2025, had approved an Ordinary Resolution under Item No. 2 for:

- (i) increasing the Authorised Share Capital of the Company from ₹1,24,00,00,000/- (Rupees One Hundred Twenty-Four Crore only) divided into 12,40,00,000 equity shares of ₹10/- each to ₹1,60,00,00,000/- (Rupees One Hundred Sixty Crore only) divided into 16,00,00,000 equity shares of ₹10/- each; and
- (ii) making consequential amendments to Clause V(a) of the Memorandum of Association of the Company.

Due to changes in the Company's business requirements, funding plans, and capital structure strategy subsequent to the said approval, the Board of Directors, after careful consideration, has decided not to proceed with the implementation of the earlier resolution. The increase in authorised share capital is no longer immediately required, and retaining the higher capital headroom at this stage is not considered essential.

Accordingly, in order to maintain accurate statutory records and avoid any future ambiguity, it is proposed to cancel and treat as null and void the said resolution passed by the members on 26th March 2025. The effect of this cancellation will be that the authorised share capital of the Company shall continue to remain at ₹1,24,00,00,000/- divided into 12,40,00,000

equity shares of ₹10/- each, and Clause V(a) of the Memorandum of Association will remain unchanged as existing prior to the said resolution.

The proposed Ordinary Resolution seeks the approval of members for such cancellation.

None of the Directors, Key Managerial Personnel (KMP) of the Company, and their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution, except to the extent of their shareholding, if any, in the Company.

The Board recommends passing of the Ordinary Resolution as set out in Item No. 4 of the accompanying Notice for approval of the Members.

**Item No. 5: Appointment of Mr. Raja Kantilal Minesh (DIN: 11141383) as an Independent Director of the Company:**

Mr. Raja Kantilal Minesh (DIN: 11141383) is proposed to be appointed as an Independent Director of the Company for a term of five consecutive years with effect from June 07, 2025 till the conclusion of the Annual General Meeting for the year 2030 (both days inclusive) and not liable to retire by rotation pursuant to the provisions of Section 149, 150 and 152 of the Companies Act, 2013 and Articles of Association of the Company, subject to the approval of the Members.

Based on the skills, competence and expertise required for the Company, the Nomination & Remuneration Committee ('NRC') has recommended to the Board that his qualifications and rich experience meet the skills and capabilities required for the role of an Independent Director of the Company. Based on the recommendation of the NRC, the Board has determined that he possess the identified core skills, expertise and competencies fundamental for effective discharge of his role as an Independent Director of the Company.

The Company has in terms of Section 160(1) of the Act, received notice from a Member proposing his candidature for the office of an Independent Director. The Company has received declarations from Mr. Raja Kantilal Minesh to the effect that he meets the criteria of independence as provided in Section 149(6) of the Act and Rules framed thereunder and Regulation 16(1) (b) of the SEBI LODR Regulations. He has also confirmed that he is not disqualified from being appointed as Director, in terms of the provisions of Section 164 (2) of the Act and is not debarred to hold the office of a Director by virtue of any order passed by SEBI or any other authority and has given his consent to act as Director of the Company. In the opinion of the Board, he fulfils the criteria specified in the Act and SEBI Listing Regulations for appointment as an Independent Director and he is independent of the management.

The Independent Director shall be paid remuneration by way of fee for attending meetings of the Board or Committee thereof or for any other purpose as may be decided by the Board & reimbursement of expenses for participating in the Board and other meetings.

None of the Directors, Key Managerial Personnel and their relatives are in any way, concerned or interested, financially or otherwise, in the aforesaid Special Resolution.

The Board accordingly recommends the Special Resolution set out at Item No. 5 of the accompanying Notice for approval of the Members.

**ANNEXURE-I TO DIRECTORS REPORT****MANAGEMENT DISCUSSION & ANALYSIS REPORT**

Investors are cautioned that this discussion contains forward-looking statements that involve risks and uncertainties including, but not limited to, risks inherent in the Company's growth strategy, acquisition plans, dependence on certain businesses and other factors. The following discussion with the Company's financial statements included herein and the notes thereto:

**1) STONE MINING:**

**Market Overview & Growth Forecast** The India Stone Mining & Quarrying market is projected at USD 5 billion in 2025, with an extraction capacity of approximately 2–2.6 billion tons annually. It accounts for nearly 20% of global natural stone production research.

The India Ornamental Stone segment—spanning marble, granite, sandstone, and limestone—is estimated at USD 18.8 billion in 2025, expected to reach USD 24.19 billion by 2030, growing at a CAGR of ~5.17% Mordor Intelligence.

**Segment Insights & Export Dynamics** Natural Stone Exports in 2022–23 stood at over USD 2.08 billion:

Granite exports: ~USD 1.56 billion

Marble: ~USD 27.6 million

Other stones: ~USD 0.46 billion CAPEXIL.

Export of granite and products declined ~12% compared to the prior year—and was down 8% between April–October 2023 vs. same period in 2022 CAPEXIL.

**Regulatory Environment & Sustainability Push** Natural stone mining is regulated by state governments under the Minor Minerals Concession Rules. The Granite Conservation and Development Rules (1999) promote responsible extraction with environmental safeguards. BIS standards cover quality specifics like permeability, abrasion, and finish of stone products research CAPEXIL.

Government policy supports M-Sand (manufactured sand)—a construction alternative to river sand—with lower royalties and mandates for its use in public projects, reducing environmental strain Source- The Times of India.

**Challenges & Social Impact** in Rajasthan's sandstone sector, serious concerns persist about child labor, poor working conditions, and uncontrolled, unregulated mining—raising major ethical and legal red flags The Guardian.

In Andhra Pradesh's Chimakurthy, ~200 small granite polishing units risk closure due to scale advantages held by large corporates, threatening livelihoods of ~200,000 workers. Source - The Times of India

Technological Advancements & Industry Trends Marble mining and processing in India now leverage modern equipment—like diamond wire saws and automated polishers—for enhanced efficiency and reduced waste, alongside eco-friendly methods like water recycling Research and Markets.

The growing demand for sustainable construction materials, along with infrastructure growth and rising disposable incomes, is fueling demand for custom-cut and certified natural stones—especially granite and marble research Mordor Intelligence.

Regional Highlights Makrana (Rajasthan), the historic source of world-renowned marble—such as that used in the Taj Mahal—produces ~19.2 million tons annually, valued around INR 20,036 crore, and supports employment for over 100,000 people across ~200 villages source - Wikipedia +1 .

Summary Table Aspect Insight Market Size (2025) USD 5B stone mining; USD 18.8B ornamental segment Exports USD 2.08B in 2022–23; declining trend in recent quarters Regulation State-controlled; BIS standards; eco-focused rules Technological Adoption Diamond cutters, automation, water recycling Social Issues Child labor, consolidation pressures, ethical concerns Regional Focus Makrana marble's heritage and economic impact

This industry is shaped by strong demand across infrastructure and construction, yet faces growing pressure to improve sustainability, governance, and social responsibility. Future growth will likely hinge on transparent supply chains, technological adoption, and inclusive policies.

To be a part of this growth story Royal India Corporation Limited decided to venture into developing our business interests in Mining material that will have a wide range of applications from interiors to hardscapes, exteriors, cladding, and landscaping as well as value add in design such as monuments, sculptures and home décor. Our 100% investment into Suryam India Minecorp Limited is a part of our strategic focus into entering and growing in this sector. We believe that these assets will also comply with environmental needs with zero wastage as even the overburden and waste can be crushed and used as aggregates for roads and other building materials. Our focus was on mines with high silica content as the applications through processing can also mean export supply for uses in glassmaking, ceramics, refractories, cosmetics, abrasives and electronics.

## 2) **DEFENCE:**

During the last 9 months when the management of RICL realized that the defence sector was poised to grow rapidly especially due to the unpredictably changing Geo Political issues, realignment of allies and increasing regional conflicts, the foray into this sector was inevitable and backed by strong market forces. The interesting areas were electronic warfare, drone technology (UAVs), Robotics & ML besides innovation in conventional warfare weaponry.

The global defense industry is experiencing significant growth, driven by rising geopolitical tensions, regional conflicts and technological advancements. Global defense spending is projected to reach \$2.3 trillion in 2024, with a continued upward trend predicted for the coming years. This growth is fueled by increased military expenditure, particularly in regions facing heightened security concerns and a push for modernization of defense systems. The Indian defense market is estimated to touch USD 30.52 billion in 2025 and projected to reach USD 37.57 billion by 2030 crossing USD 55 Billion in 2033, with a compound annual growth rate (CAGR) of 4.24%, according to Mordor Intelligence. This growth is fueled by modernization and indigenization programs (Make in India/ Atma Nirbhar Bharat ensuring India is self-reliant), increasing defense budgets, and government support for domestic manufacturing. Defense production has seen a substantial rise, reaching ₹1.27 lakh crore in FY 2023-24, a 174% increase since 2014-15. Amidst a push for 'Atmanirbhar Bharat', India's defence exports reached a record high of Rs 23,622 crore (approximately \$2.76 billion) in the last financial year 2024-25. Compared to the previous fiscal year's figure of Rs 21,083 crore, this represents an increase of Rs 2,539 crore, equivalent to a 12.04% growth. This growth is fueled by a combination of factors including increased government spending, a large domestic market, and a push for self-reliance in defense manufacturing.

India's alliances with key and old-time allies like Israel, Russia, Europe etc. will mean more joint ventures, technology transfers and collaborations which post Operation Sindoor has reinforced that Bharat needs to be a global force to reckon with & self-sufficient in weaponry, related consumables and technology. We believe with the global defense industry is expected to continue its growth trajectory, driven by ongoing geopolitical instability, technological advancements & regional ambitions. Companies are adapting to these changes by diversifying their supply chains, investing in digital technologies, and modernizing their operating models. The industry is also facing challenges such as navigating complex procurement processes, adapting to evolving requirements, and addressing the talent gap in specialized fields according to PwC. Between 2020 and 2024, India remained the world's second-largest arms importer, just behind Ukraine, accounting for 8.3 per cent of global imports. Operation Sindoor has underscored the urgent need to boost India's defence spending from the current 1.9 per cent of gross domestic product to at least 2.5 per cent. Post Operation Sindoor the Government of India is pivoting towards a leaner equipment procurement model that involves leveraging the private sector to a much greater extent, giving key players visibility in terms of future orders and taking recourse to provisions such as deemed licensing to tide over procedural hurdles. Further specific measures on the anvil include plans to compress procurement schedules to around two years (from the average of about 6 years currently) for big orders. In pursuit of self-reliance, the government's policies and initiatives have proved to be enablers, cutting red-tapes and attracting Foreign Direct Investment (FDI). Key ingenuities like the Defence Acquisition Procedure (DAP) 2020, Defence Production and Export Promotion Policy 2020, and increased FDI limits have stimulated domestic manufacturing. The collaborative approach of the DGQA in assisting vendors to meet specifications from the earlier days of being an impediment has accelerated the interest of the private sector in Defense production.

Participation of Indian corporates in manufacturing advance platforms, artillery guns, drones, calibers and aerospace components has been facilitated by the 'Positive indigenization list', which mandates procurement of specific equipment only from domestic sources. The ecosystem has also grown substantially because of the enhanced role of start-ups in defence (artificial intelligence [AI], drones, robotics) supported by incubators and innovations for defence excellence. The government has now earmarked 25 per cent of the defence R&D budget for collaboration with private industry, academia, and start-ups, aiming to foster innovation and reduce reliance on foreign technology. Despite these progressions, India continues to face critical gaps in high-end defence technologies such as jet engine development, submarine propulsion, active electronically scanned array radars, electronic warfare systems, long-range missile tech, and advanced UAVs.

The Company is exploring not just the electronic warfare space, but also is in discussions with UAV, Robotics and new age technology global entities to find out what would be the best possible configuration for its entry and growth into the defense sector with the aim to cater to the domestic as well as export market.

### 3) GOLD MARKET & SEGMENT INFORMATION:

#### Global Gold Bullion Market Overview

- **Market Size & Growth Projections:**  
The global gold bullion market is estimated at **USD 86.8 billion in 2025**, up from USD 76.6 billion in 2024, exhibiting a strong **13.3% CAGR**. It's forecasted to reach **USD 142.1 billion by 2029**. Source-Research and Markets, The Business Research Company.
- **Emerging Trends**  
Growth drivers include:
  - A surge in gold's appeal as a safe-haven asset during economic uncertainty.
  - Technological innovations such as blockchain-based tokenized gold trading.
  - Rising ESG awareness, with increasing emphasis on responsible sourcing.Source -Research and Markets, The Business Research Company.

#### India's Bullion Market Dynamics

Indian gold bullion market demand has remained robust in 2024 and 2025, driven primarily by cultural traditions, investment needs, and rising geopolitical and economic uncertainties, but jewellery demand has recently softened due to high prices and muted rural incomes.

- In 2024, overall gold demand in India was approximately 747.5-800 metric tons, maintaining the country's status as the largest gold jewellery consumer globally, with jewellery demand alone exceeding 563 tonnes.

- Physical investment demand (coins & bars) reached 239 tonnes in 2024, marking a 60% increase year-on-year. This increase positions India as the world's second-largest market for gold coins and bars after China.
- The share of investment demand has been increasing: in earlier years, 16% of gold demand was for investment, but recently investment accounts for 37%, signaling that Indians are using gold more as a financial hedge.
- High and rising gold prices (record highs in 2025 at over Rs 90,000/10g) have dampened jewellery purchases, especially in rural areas affected by income slowdowns and extreme weather conditions.
- Imports, which satisfy most of India's gold demand due to limited domestic supply, declined in early 2025, reflecting weak consumer sentiment, but a recent import duty cut may support a revival in the coming months.
- Demand is expected to pick up during the festive and wedding seasons starting mid-August, which traditionally boost gold sales substantially.

Key drivers for strong investment demand include:

- Gold as a safe haven during volatility and inflation.
- Cultural significance of gold in weddings, festivals, and family savings.
- The need to hedge against rupee depreciation and uncertain equity markets.

Royal India Corporation Limited has performed significantly well in this segment having a turnover of Rs. 2,20,02,12,704 in the financial year 2024-2025 and shall continue to grow in this financial year as well.

#### 4) REAL ESTATE MARKET & SEGMENT INFORMATION

##### **Kalyan Market outlook**

##### **Royal India Corporation Limited intends and plans for a real-estate project in Kalyan:**

Kalyan has been emerging as an attractive residential destination in the Mumbai Metropolitan Region (MMR). In a recent study of the real estate market in Kalyan, Anarock highlighted some crucial factors that are behind this transformation. Its strategic location, robust infrastructure, and accessibility with numerous upcoming projects are some aspects shaping the real estate landscape of Kalyan. Here is a look at the reasons behind Kalyan's metamorphosis into a sought-after destination in luxury real estate.

##### **Key factors making Kalyan an attractive residential destination:**

\*Established connectivity: Kalyan has excellent connectivity with Mumbai and Thane. With a vast network of trains and highways, Kalyan enjoys seamless travel to neighboring regions.

\*Improving connectivity: Kalyan is in a phase of transformation with many infrastructure projects being planned to boost connectivity with Mumbai, Thane, and Navi Mumbai. These include metro rail development, expressways, elevated roads, and connectivity corridors.

\*Social infrastructure: Kalyan has a range of amenities including modern malls for shopping, well-equipped hospitals for healthcare needs, reputable schools for education, and retail spaces catering to diverse preferences. These ensure a good quality of life and convenience for residents.

\*Proximity to industrial areas: Kalyan is situated close to major industrial areas attracting various skilled and unskilled professionals. This is a major catalyst in boosting the demand for housing in the region. Being a hub for job opportunities, Kalyan's real estate market has been growing turning it into an economic hub.

#### **Residential demand-supply dynamics in Kalyan:**

Kalyan has been witnessing a harmonious intersection between demand and supply of real estate properties. This stands as a testament to its ability to meet the diverse housing needs of homebuyers. Here are some interesting observations:

\*Around 29,500 new residential units were added from 2017 to Q1 2023 with sales of approximately 27,600 units, resulting in a sales-to-supply ratio of around 1.

\*Shift towards larger unit configurations (2 BHK and above) with over 40% of launches in this segment.

#### **Residential market configuration-wise supply segmentation:**

\*Maximum units launched in 1 BHK configuration, followed by 2 BHK and 3 BHK. Upcoming developments in the Virar-Alibaug Multimodal Corridor and Western Dedicated Freight Corridor are also expected to have a significant impact on the real estate market in Kalyan. Overall, Kalyan's strategic urban development is turning it into a preferred destination for luxury living. The trajectory of its growth, pivoting around excellent connectivity and a range of other factors is in the direction of becoming a highly sought-after luxury living destination in the MMR.

#### **RICL intends to purchase development rights for Kalyan Marina Project: Redefining Modern Living in Kalyan:**

RICL's latest project, the Kalyan Marina, is a monumental endeavor that promises to redefine modern living in Kalyan. This development spans across a vast 2.2-acre plot, offering 5 lakh square feet of luxurious accommodation and world-class amenities.

The Kalyan Marina promises to set new benchmarks of comfort and convenience in Kalyan. This visionary project signifies commitment to elevating living standards and catalyzing regional growth.

RICL believes that the Kalyan Marina project shall be a testament to their unwavering commitment to crafting luxurious living spaces while catalyzing regional growth and development. As RICL continues to pioneer transformative projects, they remain poised to shape the landscape of real estate and infrastructure development, enriching communities and delivering value to all.

## INDEPENDENT AUDITOR'S REPORT

To

The Members of,

**ROYAL INDIA CORPORATION LIMITED**

### Report on the Audit of the Financial Statements

#### Opinion

We have audited the accompanying financial statements of Royal India Corporation Limited (the "Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Cash Flows and the Statement of Changes in Equity ended on that date, with Notes to the Financial Statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, the loss and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SA's") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

### **Management's Responsibilities for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence,

## **ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT**

(Referred to in paragraph 1 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Royal India Corporation Limited of even date)

### **Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of Royal India Corporation Limited (the “Company”) as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### **Management’s Responsibility for Internal Financial Controls**

The Management of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditor’s Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether

adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorization of management and directors of the company; and provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal financial control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

**NOTE 23: GENERAL INFORMATION**

Royal India Corporation Limited formerly known as Natraj Finance was incorporated in 1984 in the name and style of Natraj Commercial Enterprises Ltd. In October, 2006 Company changed its name to Natraj Financial & Services Limited. In September, 2008 the company was taken over by existing promoters as per the rules & regulation of the Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) regulations, 1997 and later on was named as Royal India Corporation Limited. The Company is a public limited company incorporated and domiciled in India and has its registered office at Nariman Point, Mumbai, India. The Company has its listings on the Bombay Stock Exchange.

Royal India Corporation Limited is engaged in the wholesale trading of Gold Bullion, plain gold jewellery, gold coins, and medallions. The Company has business operations mainly in India.

The principal accounting policies applied in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

**NOTE 24: BASIS FOR PREPARATION AND PRESENTATION OF FINANCIAL STATEMENTS****1) Accounting convention**

The Financial Statements are prepared in accordance with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Amendment Rules, 2016.

**2) Basis of measurement**

The Company Follow mercantile system of accounting and recognizes significant items of income and expenditure on accrual basis. These financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act. All assets and liabilities are classified into current and non-current based on the operating cycle of less than twelve months or based on the criteria of realization/settlement within twelve months period from the balance sheet date.

**3) Key accounting judgment, estimates and assumptions**

The preparation of the financial statements required the management to exercise judgment and to make estimates and assumptions. These estimates and associated assumptions are based on historical experiences and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an on-going basis.

Revision to accounting estimates are recognized in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future period.

The areas involving critical estimates or judgments are:

**i) Depreciation and amortization**

Depreciation and amortization are based on management estimates of the future useful lives of certain class of property, plant and equipment and intangible assets. Estimates may change due to technological developments, competition, changes in market conditions and other factors and may result in changes in the estimated useful life and in the depreciation and amortization charges.

**ii) Provision and contingencies**

Provisions and contingencies are based on the Management's best estimate of the liabilities based on the facts known at the balance sheet date.

**iii) Fair valuation**

Fair value is the market-based measurement of observable market transaction or available market information. Fair valuation of Gold Bar and Gold Jewellery are based on the market rates published by the **Indian Bullion Association** for various grades from which the fair value of the Gold Bar and Gold Jewellery are derived.

**NOTE 25: SIGNIFICANT ACCOUNTING POLICIES****1) Property, Plant and Equipment**

**i) Recognition and measurement:** Property, plant and equipment are carried at cost of acquisition less accumulated depreciation and accumulated impairment loss, if any. Subsequent expenditure related to an item of fixed asset are added to its book value only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognized. All repairs and maintenance are charged to the Statement of Profit and Loss during the financial year in which they are incurred.

**ii) Depreciation:** Depreciation of other items of Property, Plant and Equipment are provided on a Written down Value Method over the estimated useful life of the asset or as prescribed in Part C of Schedule II to the Companies Act, 2013.

# ROYAL INDIA CORPORATION LIMITED

(Formerly known as NATRAJ FINANCIAL & SERVICES LIMITED)

CIN: L45400MH1984PLC032274

FINANCIAL YEAR

2024-25

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

The Company assesses at each balance sheet date whether there is objective evidence that an asset or a group of assets is impaired. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing the sale proceeds with the carrying amount and are recognized within operating profit in the Income statement.

## 2) Investment Property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not used in the production of goods and services or for the administrative purposes, is classified as Investment Property. Investment property is measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

## 3) Intangible Assets

### Computer software

Acquired computer software licenses are capitalized on the basis of the costs incurred to acquire and bring to use the specific software. Computer software development costs recognized as assets are amortized over their estimated useful life of 5 years.

## 4) Financial Instruments

### i) Financial assets

The Company classifies its financial assets in the following categories:

- a) **Financial assets at amortized cost** - Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost.

They are presented as current assets, except for those maturing later than 12 months after the reporting date which are presented as non-current assets. Financial assets are measured initially at fair value which usually represents cost plus transaction costs and subsequently carried at amortized cost using the effective interest method, less any impairment loss if any. Financial assets at amortized cost are represented by trade receivables, security and other deposits, cash and cash equivalent, employee and other advances.

- b) **Equity investments** - Investment in subsidiaries are stated at cost. All other equity investments are measured at fair value, except for certain unquoted equity investments which are carried at cost where the fair value of these investments cannot be reliably measured.

- c) **Financial Assets at Fair Value through Other Comprehensive Income (FVTOCI)** - For investments which are not held for trading purposes and where the company has exercised the option to classify the investment as at FVTOCI, all fair value changes on the investment are recognized in OCI. The accumulated gains or losses on such investments are not recycled to the Statement of Profit and Loss even on sale of such investment.

- d) **Financial assets at Fair Value through Profit and loss (FVTPL)** - Financial assets other than the equity investments and investment classified as FVTOCI are measured at FVTPL. These include surplus funds invested in mutual funds etc.

- e) **Impairment of financial assets** - The Company assesses at each balance sheet date whether there is objective evidence that a financial asset or a group of financial assets is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

### ii) Financial liabilities

#### Initial recognition and measurement

Financial liabilities are measured at amortized cost using effective interest method. For trade and other payable maturing within one year from the Balance Sheet date, the carrying value approximates fair value due to short maturity.

### iii) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the Balance Sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the company or the counterparty.

### iv) Fair value measurement

The Company classifies the fair value of its financial instruments in the following hierarchy, based on the inputs used in their valuation:

- a) The fair value of financial instruments quoted in active markets is based on their quoted closing price at the balance sheet date.
- b) The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques using observable market data. Such valuation techniques include discounted cash flows, standard valuation models based on market parameters for interest rates, yield curves or foreign exchange rates, dealer quotes for similar instruments and use of comparable arm's length transactions.

- c) The fair value of financial instruments that are measured on the basis of entity specific valuations using inputs that are not based on observable market data (unobservable inputs). When the fair value of unquoted instruments cannot be measured with sufficient reliability, the Company carries such instruments at cost less impairment, if applicable.

**5) Inventories**

Inventories are valued at cost or net realizable value whichever is lower, cost being determined on weighted average method. Raw Materials and Stores are valued at weighted average cost.

**6) Functional and presentation currency**

The functional and presentation currency of the Company is the Indian Rupee (INR).

**7) Foreign currency transaction**

Foreign currency transactions are translated at the exchange rate that approximates the prevalent exchange rate on the transaction date. Monetary assets and liabilities in foreign currencies are translated at the year-end rate. Any resultant exchange differences are taken to the Statement of Profit and Loss, except:

- i) When deferred, in Other Comprehensive Income as qualifying cash flow hedges; and
- ii) Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

The company is not being carrying on any business outside India since past five years and has been engaged in local business activities only.

**8) Provisions**

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. If the effect of the time value of money is material, provisions are discounted. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as interest expense.

**9) Contingent Liabilities**

Contingent liabilities exist when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or nonoccurrence of one or more uncertain future events not wholly within the control of the Company, or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required or the amount cannot be reliably estimated. Contingent liabilities are appropriately disclosed unless the possibility of an outflow of resources embodying economic benefits is remote.

**10) Contingent Assets**

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. The Company does not recognize a contingent asset.

**11) Revenue recognition**

Revenue is measured at the fair value of the consideration received or receivable, and represents amounts receivable for goods supplied, stated net of goods & service tax, discounts and returns. The Company recognizes revenue when the amount of revenue can be reliably measured; when it is probable that future economic benefits will flow to the entity; and when specific criteria have been met for each of the Company's activities, as described below.

**i) Sale of goods and services**

Sales are recognized when the significant risks and rewards of ownership of the goods are transferred to the buyer as per terms of contract. Income and fees from services are accounted as per terms of relevant contractual agreements/arrangements.

**ii) Interest income**

Interest income is recognized on accrual basis as per the terms of relevant contracts or by using the effective interest method, where applicable.

**12) Employee Benefits**

Short Term Employee Benefits are recognized on an undiscounted basis whereas Long Term Employee Benefits are recognized on a discounted basis.

**13) Income Tax**

**i) Current Income Tax:**

Current Income Tax is measured at the amount expected to be paid to the tax authorities in accordance with local laws of various jurisdiction where the Company operates.

**ii) Deferred Tax:**

(Formerly known as NATRAJ FINANCIAL & SERVICES LIMITED)

CIN: L45400MH1984PLC032274

FINANCIAL YEAR

2024-25

Deferred tax is provided using the balance sheet approach on differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The tax rates and tax laws used to compute the tax are those that are enacted or substantively enacted at the reporting date.

Current and Deferred Tax are recognized in the Statement of Profit and Loss except to items recognized directly in Other Comprehensive income or equity, in which case the deferred tax is recognized in Other Comprehensive Income and equity respectively.

## 14) Borrowing Costs

Borrowing costs consist of interest, ancillary and other costs (i.e. Effective Interest Method) that the Company incurs in connection with the borrowing of funds and interest relating to other financial liabilities. Borrowing costs also include exchange differences to the extent regarded as an adjustment to the borrowing costs.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

## 15) Exceptional Items

Exceptional items are disclosed separately in the financial statements where it is necessary to do so to provide further understanding of the financial performance of the Company. They are material items of income or expense that have been shown separately due to the significance of their nature or amount.

## 16) Earnings per share

The company presents Basic and Diluted earnings per share data for the equity shareholders of the company. Basic and Diluted earnings per share is calculated by dividing the profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year.

## 17) Cash flow Statement:

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipt or payments and item of income or expense associated with investing or financing cash-flows. The cash flow from operating, investing and financing activities of the Company is segregated.

## 18) Events after the reporting period

Adjusting events are events that provide further evidence of conditions that existed at the end of the reporting period. The financial statements are adjusted for such events before authorization for issue. Non-adjusting events are events that are indicative of conditions that arose after the end of the reporting period. Non-adjusting events after the reporting date are not accounted, but disclosed.

## NOTE 26: FINANCIAL RISK MANAGEMENT RISK MANAGEMENT FRAMEWORK

The Board of Directors of the Company has overall responsibility for the establishment and oversight of the risk management framework. The respective Boards have established the Risk Management Committee for developing and monitoring the risk management policies.

The Committee reports regularly to the board of directors on their activities.

The Entity's risk management policies are established to identify and analyze the risks faced by the Entity, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions. The Entity, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Audit Committee oversees how management monitors compliance with the Entity's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Entity. The audit committee is assisted in its oversight role by internal audit which regularly reviews risk management controls and procedures, the results of which are reported to the audit committee.

The Entity has exposure to Credit, Liquidity and Market risks arising from financial instruments:

### 1) CREDIT RISK

Credit risk is the risk of financial loss to the Entity if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Entity's receivables from customers and investments in debt securities.

#### Trade and other receivables

The Entity's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the country in which customers operate.

The Risk Management Committee has established a credit policy under which each new customer is analyzed individually for creditworthiness before the Entity's standard payment and delivery terms and conditions are offered. Credit limits are established for each customer and reviewed periodically.

**2) LIQUIDITY RISKS**

Liquidity risk is the risk that the Entity will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Entity's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Entity's reputation.

**3) MARKET RISKS:**

Market risk is the risk that changes in market prices such as commodity prices risk, foreign exchange rates and interest rates which will affect the Entity's financial position. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables.

**i) Currency Risk:**

The Entity is exposed to currency risk on account of its borrowings and other payables in foreign currency. The functional currency of the Entity is Indian Rupee. The Entity uses forward exchange contracts to hedge its currency risk, most with a maturity of less than one year from the reporting date. The Entity does not use derivative financial instruments for trading or speculative purposes.

**ii) Interest Rate Risk:**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to optimize the Entity's position with regard to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.
