MESSAGE FROM CHAIRPERSON AND MANAGING DIRECTOR

Dear Valued Shareholders,

It is my pleasure to present the 40th Annual Report of eYantra Ventures Limited for the Financial Year 2024-2025. I hope this report finds you well.

Reflecting on the past year, I'm proud to share that FY 2024-25 has been remarkable for us. This growth is a testament to our team's collaborative efforts and solid fundamentals.

Standalone Financial Performance

On a standalone basis, the Company reported net revenue from operations of Rs.27.59 crore for FY 2024-25, as against Rs.14.06 crore in FY 2023-24, registering a growth of nearly 96% year-on-year. Profit Before Tax (PBT) stood at Rs.2.23 crore, compared to Rs.1.04 crore in the previous year, reflecting improved scale and operational efficiency. The strong revenue growth was supported by higher client traction in merchandising and steady performance across the healthcare vertical.

Consolidated Financial Performance

On a consolidated basis, the Company achieved revenue from operations of Rs. 32.70 crore in FY 2024-25, compared to Rs.16.76 crore in FY 2023-24. Profit Before Tax stood at Rs.1.71 crore, reflecting the impact of front-loaded investments in IT Services, particularly in overseas expansion and capability building. Despite these costs, the business remained profitable at the consolidated level, underlining the strength of its diversified portfolio.

As we look to the future, we're optimistic about our growth trajectory and aspire to expand our presence while enhancing our customer base. Our primary focus in the coming years will be on:

- Significantly improving customer experience
- Building strong brand awareness
- Strengthening organizational capabilities across strategy, sales, marketing, customer service, and technology

We're excited about the unprecedented opportunities ahead, and our services are generating enthusiasm among customers. I'm confident that our strategic approach, focus on responsive execution, and committed team will drive improved performance and create greater shareholder value.

I'd like to express my heartfelt gratitude to our team for their dedication and hard work, which has been instrumental in our success. I also appreciate the support and confidence of our stakeholders, which has enabled us to overcome challenges and set new standards of excellence.

Best Regard

Vinita Raj Narayanam
Chairperson and Managing Director

The recommendations of the internal auditor on improvements required in the procedures and control systems are also presented to the Audit Committee.

Internal Audit and Control System:

Internal audit and control systems play a crucial role in ensuring the efficient and effective operation of organizations across various sectors. Internal audit refers to the independent and objective examination of an organization's activities, processes, and controls to assess their adequacy, reliability, and compliance with relevant laws, regulations, and internal policies. The primary objective of internal audit is to provide assurance to management and stakeholders that risks are identified, managed, and mitigated appropriately.

Internal audit encompasses a wide range of activities, including evaluating the effectiveness of internal controls, identifying areas of improvement, assessing operational efficiency, detecting fraud and irregularities, and ensuring compliance with legal and regulatory requirements. By conducting regular audits, internal auditors help organizations identify potential weaknesses in their systems and processes, allowing management to take proactive measures to address them.

Control systems, on the other hand, refer to the policies, procedures, and practices put in place by management to safeguard assets, ensure accurate financial reporting, and promote operational efficiency. These control systems aim to mitigate risks and provide reasonable assurance that the organization's objectives are achieved.

The internal audit function is responsible for evaluating the design and effectiveness of these control systems. Internal auditors assess whether the controls are properly designed to mitigate risks and whether they are operating effectively in practice. They conduct tests and reviews to identify control gaps, weaknesses, or deviations from established policies and procedures. Based on their findings, they provide recommendations to management for enhancing controls and improving processes, thus helping the organization operate in a more efficient and risk-aware manner.

Effective internal audit and control systems contribute to better governance, risk management, and internal controls within an organization. They provide management and stakeholders with confidence that risks are managed appropriately, financial information is reliable, and operations are conducted with integrity. By continuously monitoring and evaluating controls, internal audit helps organizations stay ahead of emerging risks, adapt to changing business environments, and enhance overall performance and accountability.

The Company has an Audit Committee consisting of Two Independent Directors and one Non-Executive Director. The Audit Committee of the Board of Directors and Statutory Auditors are periodically apprised of the internal audit findings and corrective actions taken. The Audit Committee of the Board of Directors reviews the adequacy and effectiveness of internal control system and suggests improvements if any for strengthening them.

MANAGEMENT DISCUSSION & ANALYSIS REPORT

GLOBAL ECONOMY

The global economy remained resilient through FY25, with real GDP growth estimated at 2.8%, outperforming earlier projections despite escalating global headwinds. This strength was supported by a broad-based rebound in trade during 2024, initial monetary easing in major economies, and the emergence of new investment drivers, particularly in Asia.

However, the momentum was tested in early 2025 as the global environment became more volatile. A sharp rise in trade restrictions, coupled with rising policy uncertainty, weighed on investor confidence and disrupted supply chains. The surge in tariffs-particularly between the United States and key trading partners-led to an uptick in inflation expectations and triggered turbulence in global equity and bond markets. Although partial tariff rollbacks and pauses were introduced mid-year, financial conditions remained tighter overall relative to late 2024.

Inflation trends diverged across regions. While global inflation moderated from 2023 levels, core inflation remained sticky, especially in advanced economies, due to wage pressures and resilient service-sector pricing. In EMDEs, inflation readings were more volatile but eased modestly due to softer demand for traded goods. On a GDP-weighted basis, global inflation is projected to average 2.9% in 2025, slightly above target.

Commodity prices declined sharply, driven by weak global demand and increased oil production from OPEC+. Energy prices alone are forecast to drop by 15% in 2025, while metals saw mixed trends, with aluminium prices spiking temporarily in response to trade disruptions. EMDEs faced renewed external stress during FY25, as trade uncertainty triggered capital outflows, currency pressures, and widening sovereign spreads, especially in economies with elevated external debt. Although financial markets stabilised following mid-year policy adjustments, borrowing conditions remained challenging. Many EMDE central banks adopted a cautious monetary stance, balancing inflation control with the need to preserve financial stability.

Overall, FY25 was marked by resilience amid volatility, with growth sustained despite significant disruptions in trade, inflation, and capital markets.

OUTLOOK

Global growth is projected to rise marginally to 2.3% in 2025 and 2.6% in 2026, supported by gradual normalisation in trade flows and easing policy uncertainty. However, growth is expected to remain well below pre-pandemic averages, with output materially below earlier forecasts.

While inflation is forecast to decline toward target levels by 2027, upside risks persist due to lingering supply shocks, volatile commodity markets, and potential currency depreciations. The global financial outlook remains cautious, with developing economies particularly exposed to financing risks if global capital conditions tighten further.

Strengthening global recovery will depend on multilateral cooperation to reduce trade frictions, improve debt sustainability, and support vulnerable EMDEs. For sustained progress, structural

reforms in these economies, focused on human capital, labour markets, and institutional capacity, remain essential.

OUTLOOK

India's economic outlook remains positive and well-supported by fundamentals. According to the World Bank's January 2025 Global Economic Prospects report, the economy is projected to grow at 6.7% in both FY26 and FY27, far ahead of most global and regional peers. The forecast reflects

continued expansion in services and manufacturing, stable inflation within the RBI's comfort range, and steady capital inflows. As China's growth moderates to around 4%, India's rise is not just statistical-it signals a structural shift in global economic leadership. With supportive governance, an empowered workforce, and reform continuity, India is poised to shape the next chapter of global growth.

1. INDUSTRY STRUCTURE AND DEVELOPMENTS

The business environment in which eYantra Ventures operates is undergoing rapid transformation, driven by technology adoption, evolving customer preferences, and macroeconomic trends. The Company has two diversified verticals — Merchandising and IT Services, — each of which is influenced by unique industry dynamics but also benefits from cross-sector synergies.

A. Merchandising (Corporate Gifting & Brand Stores)

The Indian corporate gifting and merchandise industry has expanded significantly, with market size estimated at over Rs.12,000 crore and growing at a CAGR of ~8–10%. Drivers include a strong corporate culture of employee engagement, rising demand for branded lifestyle products, and an increasing shift towards curated hampers and sustainable merchandise.

- **Key Trends:**
 - Companies moving from transactional gifting to curated experiences and brand-store models.
 - GST rationalization in the sector, with an emerging push for affordable merchandise categories.
 - Demand for premium global brands and digital discovery platforms is gaining traction.
- **Positioning:** eYantra, is well placed to lead this transition from on-demand fulfilment to pre-discovery, brand-store driven engagement.

B. IT Services

The global IT services industry continues to be shaped by cloud adoption, cybersecurity concerns, and AI/ML deployment. The Indian IT sector remains one of the most competitive worldwide, with an annual growth of 7–9% projected for FY 2025–26.

- **Key Trends:**
 - AI-driven security and automation as top client priorities.
 - Increasing shift towards cloud transformation and cost optimization projects due to global macroeconomic uncertainty.
 - Rising demand for digital engineering and managed services in the US and European markets.

Positioning: eYantra, through its IT subsidiary Prismberry, has been investing in AI security solutions, certifications, and IP creation. The expansion into US operations, though investment heavy, positions the company to capture higher-value, differentiated projects.

2. OPPORTUNITIES AND THREATS

Opportunity/ Threat	Our Approach
Decision-making is impacted by macroeconomic uncertainty and geopolitical volatility, which can lead to an increased mix of cost optimization and cloud transformation-led deals and less discretionary spending.	<ul style="list-style-type: none"> Proactive promotion of business operating model that increase efficiency, and enterprise agility. Proposing product-aligned operating models by utilizing deep client relationships and full services capability.
Technology Investments	<ul style="list-style-type: none"> Invest in training workforce in new age technologies like AI & ML Invest in certifications and IP
Global Expansion	<ul style="list-style-type: none"> Proactively analyse business opportunities across the global markets and expand accordingly

3. SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

a) Merchandising (Corporate Gifting & Brand Stores)

The merchandising vertical continued to be the largest contributor to revenues in FY 2024–25. Strong demand from corporate clients for curated hampers, premium merchandise, and customized gifting solutions enabled steady growth. Major enterprise accounts across technology, pharmaceuticals, and BFSI verticals contributed significantly to order inflows. The launch of the internal catalogue platform *shop.eyantra.com* was a key milestone, shifting operations from on-demand fulfilment towards a pre-discovery model. The Company executed multiple large-scale orders, consolidating its position as a leading player in the corporate merchandise space.

- **Growth Drivers:** Large corporate orders, premium product partnerships
- **Performance:** Revenue showed healthy year-on-year growth, supported by higher realization per order and improved operational efficiencies.

b) IT Services

The IT services vertical experienced a mixed year in FY 2024–25. While topline revenues grew however profitability was impacted by increased expenditure on talent acquisition, certifications, and market development. Despite short-term pressure on margins, the vertical made strategic investments in AI-driven security, cloud transformation services, and digital product engineering. These investments are expected to yield long-term benefits and strengthen competitiveness in global markets.

- **Growth Drivers:** AI-led solutions, cybersecurity demand, expansion into the US.
- **Performance:** Revenue growth remained positive, though margins contracted due to front-loaded investments in capability building and market entry.

4. OUTLOOK

The Company enters FY 2025–26 with cautious optimism, supported by India’s strong domestic demand, rising digital adoption, and sustained healthcare growth. While global macroeconomic conditions and geopolitical developments may create short-term volatility, the Company’s diversified portfolio offers resilience and long-term opportunities.

In Merchandising, the Company expects continued growth driven by large enterprise orders, deeper penetration into technology, pharma, and BFSI clients, and a sharper focus on curated corporate solutions. Alongside *Hamper Story*, the business is scaling its brand-store model, expanding the internal catalogue platform (*shop.eyantra.com*), and building partnerships with leading lifestyle and consumer brands. With over 200 products already live on the catalogue and a clear trajectory towards 1,000+, the emphasis will be on pre-discovery led engagement, improved supply chain efficiencies, and higher realization per order. On the geographic front, the Company will continue to strengthen its presence in Bangalore, Mumbai, and NCR while scaling Hyderabad to further heights, thereby deepening its reach in India’s largest corporate hubs. Merchandising will remain the largest revenue contributor and a key driver of topline momentum.

In IT Services, the Company will focus on converting its significant upfront investments into sustainable growth. Prismberry will continue to scale its US operations, which remain central to its long-term strategy, while reinforcing delivery capabilities in NCR and Hyderabad to serve both domestic and international clients more effectively. These hubs will play a critical role in providing round-the-clock support, specialized domain expertise, and operational resilience. Expansion into select international hubs, such as Europe and the Middle East, is also being evaluated to diversify risk and broaden the client base. With increasing demand for AI-led solutions, cybersecurity, and cloud transformation services, the business is positioned to capture higher-value contracts. Margins, which were under pressure due to investment-led expenses in FY 2024–25, are expected to gradually improve as new client engagements mature and operating leverage is realized.

In Healthcare, Neuro & Spine Associates currently operates with a capacity of 300 beds across three centres in Hyderabad, Vijayawada, and Bangalore. The business has established itself as a trusted provider of specialty care in neurology and spine treatments. Looking ahead, the Company plans to expand capacity by launching a fourth centre with 60–100 beds, further strengthening its presence in Southern India. Alongside organic growth, the Company continues to evaluate strategic acquisitions to accelerate scale and broaden its service portfolio. Quality patient care, clinical excellence, and operational efficiency will remain the cornerstones of growth.

Overall, the Company remains confident of delivering consistent performance by investing in technology, talent, and global expansion, while maintaining strong governance and prudent risk management.

5. RISKS AND CONCERNS:

Competition risks	In this highly competitive environment, there may be a severe impact on margins due to pricing pressures.	<ul style="list-style-type: none"> There is a focus on providing higher value and differentiated services and venturing into new business models.

6. INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

The Company has appointed M/s S K S M & Associates as internal auditors for the financial year 2024-2025. They have carried out the internal audit based on an internal audit plan, which is reviewed every quarter and approved by the Audit Committee. The internal audit process is designed to review the adequacy of internal control checks and covers all significant areas of the Company's global operations. The Company has an Audit Committee of the Board of Directors, the details of which have been provided in the corporate governance report. The Audit Committee reviews audit reports submitted by the internal auditors. Suggestions for improvement are considered, and the audit committee follows up on the implementation of corrective actions. The committee also meets the Company's statutory auditors to ascertain, inter alia, their views on the adequacy of internal control systems in the Company and keeps the board of directors informed of its key observations from time to time.

The statutory auditors have also independently audited the internal financial controls over financial reporting as of March 31, 2025. They have opined that adequate internal controls over financial reporting exist and that such controls were operating effectively

7. DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

During FY 2024–25, the Company delivered a resilient performance despite global uncertainties and sectoral challenges. The diversified business model across Merchandising, IT Services, and Healthcare provided stability and enabled continued investment in future growth.

Standalone Financial Performance

On a standalone basis, the Company reported net revenue from operations of Rs.27.59 crore for FY 2024–25, as against Rs.14.06 crore in FY 2023–24, registering a growth of nearly 96% year-on-year.

Profit Before Tax (PBT) stood at Rs.2.23 crore, compared to Rs.1.04 crore in the previous year, reflecting improved scale and operational efficiency. The strong revenue growth was supported by higher client traction in merchandising and steady performance across the healthcare vertical.

The Company maintained a healthy financial structure with no outstanding debt and a debt-to-equity ratio of 0.00. Liquidity remained robust, as reflected in a current ratio of 10.49x, ensuring ample headroom for working capital requirements and growth investments.

Consolidated Financial Performance

On a consolidated basis, the Company achieved revenue from operations of Rs. 32.70 crore in FY 2024–25, compared to Rs.16.76 crore in FY 2023–24. Profit Before Tax stood at Rs.1.71 crore, reflecting the impact of front-loaded investments in IT Services, particularly in overseas expansion and capability building. Despite these costs, the business remained profitable at the consolidated level, underlining the strength of its diversified portfolio.

Total equity rose sharply to Rs.28.53 crore as of March 31, 2025, up from Rs.11.91 crore in the previous year, supported by internal accruals and overall balance sheet expansion.

Operational Performance Linkage

- Merchandising:** Drove topline growth through large enterprise orders, catalogue expansion, and the launch of *shop.eyantra.com*. However, margin pressures persisted due to pricing competitiveness.
- IT Services:** Recorded revenue growth through US expansion and capability building in AI-led solutions and cybersecurity. Investments increased operating costs, temporarily reducing segment profitability, but positioned the business for long-term growth.

Overall Assessment

FY 2024–25 demonstrated the strength of the Company's diversified business model. Revenue nearly doubled year-on-year, supported by growth in all three verticals. Profitability was moderated by strategic investments in IT Services and competitive pricing dynamics in merchandising, but the Company retained strong liquidity and a debt-free balance sheet. With a robust equity base, scalable platforms, and expansion in healthcare capacity, the Company is well-positioned to sustain momentum in FY 2025–26 and beyond.

8. MATERIAL DEVELOPMENTS IN HUMAN RESOURCES/ INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED.

A Company's success depends largely upon our highly-skilled technology professionals and our ability to hire, attract, motivate, retain and train these personnel. To help them unleash their full potential and bring their whole selves to work every single day, we constantly expose them to new learning experiences and programs that can help them learn, unlearn, and relearn.

As of March 31, 2025, the total workforce at the Company was 49. We are growing as a family and taking pride in our cultural and ethnic diversity. Gender parity and women's participation across departments are at the forefront of our growth approach. Equal growth and role opportunities for all while letting go of the prejudices of age, gender, or favoritism is the principle we work on.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Annual Report but does not include the standalone financial statements and our auditor's report thereon. The other information is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to communicate the matter to those charged with governance under SA720 "The Auditor's responsibilities relating to Other Information".

Responsibility of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the 'Annexure A' a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

- iv. a) the management has represented that, to the best of their knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b) the management has represented that, to the best of their knowledge and belief, no funds have been received by the Company to or in any other person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly lend or invest in other person or entity identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - c) based on our audit procedures that were considered reasonable and appropriate in the circumstances, nothing has come to our notice that that has caused us to believe that the representations under above sub-clause (a) and (b) contain any material misstatement.
- v. The Company has not declared or paid any dividend during the year.
 - vi. Based on our examination which included test checks the Company has used accounting software for maintaining its books of account, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.
3. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the Company did not pay remuneration to its directors during the current year.

ANNEXURE – B TO THE INDEPENDENT AUDITORS' REPORT (Referred to in our Report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Eyantra Ventures Limited (formerly known as Punit Commercials Limited)** ("the Company") as of 31 March 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate

EYANTRA VENTURES LIMITED (formerly known as Punit Commercial Limited)
Notes to the financial statements for the year ended 31 March 2025

1 Corporate information

EYANTRA VENTURES LIMITED (formerly known as Punit Commercial Limited) was incorporated on 22 December 1984. The Company is engaged in the business of B2B Corporate Gifting and Custom Merchandise solutions and IT (Information Technology) software solutions. The registered office of the Company is located at 301, 3rd Floor, CSR Estate, Plot No. 8, Sector - 1, HUDA Techno Enclave, Madhapur Main Road, Madhapur, Hyderabad, Shaikpet, Telangana, India, 500081.

2 Material accounting policies

The Material accounting policies applied by the Company in the preparation of its financial statements are listed below.

2.1 Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis and on accrual basis, except for the following items

- i) Certain financial assets and liabilities : Measured at fair value
- ii) employee defined benefit assets/(liability): Present value of defined benefit obligations less fair value of plan assets

The financial statements have been prepared and presented in accordance with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter and presentation requirements of Division II of Schedule III to the Companies Act, 2013.

Company's financial statements are presented in Indian Rupees, which is also its functional currency.

The material accounting policy information related to preparation of the standalone financial statements have been discussed in the respective notes.

2.2 Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

2.3 Measurement of fair values

Accounting policies and disclosures require measurement of fair value for financial assets and financial liabilities.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

EYANTRA VENTURES LIMITED (formerly known as Punit Commercial Limited)
Notes to the financial statements for the year ended 31 March 2025

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

2.4 Current and non-current classification:

The Schedule III to the Act requires assets and liabilities to be classified as either current or non-current. The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

Assets

An asset is classified as a current when it is:

- it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- it is expected to be realised within twelve months from the reporting date;
- it is held primarily for the purposes of being traded; or
- is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date. All other assets are classified as non-current.

Liabilities

A liability is classified as a current when:

- it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- it is due to be settled within twelve months from the reporting date;
- it is held primarily for the purposes of being traded;
- the Company does not have an unconditional right to defer settlement of liability for at least twelve months from the reporting date. All other liabilities are classified as non-current.

Deferred tax assets/liabilities are classified as non-current.

Operating Cycle

Operating cycle is the time between the acquisition of assets for processing and realisation in cash or cash equivalents. The Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

2.5 Property, plant and equipment

Property, plant and equipment are stated at cost, net off recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price and any cost directly attributable to bringing the assets to its working conditions for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Gains and losses upon disposal of an item of property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of property, plant and equipment and are recognised in the statement of profit and loss.

Depreciation on property, plant and equipment is provided using straight line method. Depreciation is provided based on useful life of the assets as prescribed in schedule II to the companies Act, 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

EYANTRA VENTURES LIMITED (formerly known as Punit Commercial Limited)
Notes to the financial statements for the year ended 31 March 2025

2.6 Intangible assets

Intangible assets that are acquired by the company are stated at cost of acquisition net of recoverable taxes, trade discount and rebates less accumulated amortization/depletion and impairment loss, if any. Such cost includes purchase price, and any cost directly attributable to bringing the asset to its working condition for the intended use.

Subsequent expenditures are capitalised only when they increase the future economic benefits embodied in the specific asset to which they relate.

Gains and Losses arising from de-recognition of an intangible assets are recorded in the statement of profit and loss, and are measured as the difference between the net disposal proceeds, if any, and the carrying amount of respective intangible assets as on the date of de-recognition.

2.7 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchase and sale of financial assets are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

i. Financial assets carried at amortised cost (AC)

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii. Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iii. Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL.

Investment in subsidiaries

The Company has accounted for its investment in subsidiary at cost.

Impairment of financial assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

For trade receivables, Company applies 'simplified approach' for recognition of impairment loss allowance on the trade receivable balances. The application of simplified approach require the Company to recognise impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

Financial Liabilities

Initial recognition and measurement

All financial liabilities are recognised at fair value and in case of loans, net of directly attributable transaction costs. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

Subsequent measurement

Financial liabilities are carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

EYANTRA VENTURES LIMITED (formerly known as Punit Commercial Limited)
Notes to the financial statements for the year ended 31 March 2025

Derecognition of financial instruments

A financial asset (or a part of the financial asset) is derecognized from the Company's balance sheet when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of the financial liability) is derecognized from the Company's balance sheet when the obligation under the liability is discharged or cancelled or expires.

2.8 Cash and cash equivalents

Cash and cash equivalents consist of cash at banks and on hand, demand deposits and other short term deposits that are readily convertible into known amounts of cash, are subject to insignificant risk of changes in value and have a maturity of three months or less.

2.9 Inventories

Inventories consist of merchandise measured at the lower of cost and net realisable value after providing for obsolescence if any. The cost of inventory is determined on FIFO basis. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

2.10 Impairment of non-financial assets

The carrying amounts of the Company's non-financial assets, other than inventories and deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated to determine the extent of impairment if any.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or the cash-generating unit. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

An impairment loss is recognised in the statement of profit and loss to the extent, the carrying amount of an asset or its cash-generating unit exceeds its estimated recoverable amount.

The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

2.11 Provisions, contingent liabilities and contingent assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities

A contingent liability is disclosed when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets

Contingent assets are not recognised in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

EYANTRA VENTURES LIMITED (formerly known as Punit Commercial Limited)
Notes to the financial statements for the year ended 31 March 2025

2.12 Revenue recognition

i. Revenue from contracts

Revenue from contracts priced on a time and material basis are recognised as the related services are rendered and the related costs are incurred. Revenue from the end of the last invoicing to the reporting date is recognized as unbilled revenue.

Revenue from fixed price contracts is recognised as per the 'percentage of completion' method, where the performance obligations are satisfied over time and when there is no uncertainty as to measurement or collectability of consideration.

ii. Revenue from services

Service income is recognised as per the terms of contracts with the customer, when the related services are performed.

iii. Sale of goods

Revenue from sale of goods is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs can be estimated reliably, there is no continuing effective control or management involvement with the goods, and the amount of revenue can be measured reliably.

Revenue from sale of goods is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms and excluding taxes or duties collected on behalf of the government.

iv. Interest Income

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and effective interest rate applicable.

2.13 Employee Benefits Expense

i. Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

ii. Post-Employment Benefits

Defined Contribution Plans

A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions to a separate entity. The Company's contributions to defined contribution plans are recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined Benefit Plans

The liability in respect of gratuity benefit is determined using the Projected Unit Credit Method based on actuarial valuation, performed by an independent qualified actuary.

Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income.

2.14 Foreign currencies transactions and translation

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets, are capitalized as cost of assets.

Non-Monetary items that are measured in terms of historical cost in a foreign currency are recorded using the exchange rates at the date of transaction.

EYANTRA VENTURES LIMITED (formerly known as Punit Commercial Limited)
Notes to the financial statements for the year ended 31 March 2025

2.15 Tax Expenses

The tax expense for the period comprises current and deferred tax. Tax expense is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the comprehensive income or in equity. In which case, the tax is also recognised in other comprehensive income or equity.

Current tax

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax

Deferred tax is recognised using the balance sheet method on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding amounts used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply to the temporary differences in the period in which the liability is settled or the asset realised, based on tax laws that have been enacted or substantively enacted by the end of the reporting period.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Credit Risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Financial instruments that are subject to credit risk principally consist of trade receivables, investments, cash and cash equivalents, bank deposits and other financial assets. None of the financial instruments of the Company result in material concentration of credit risk, except for trade receivables. Credit risk is managed through continuously monitoring the credit limits and creditworthiness of customers to whom the credit has been granted after obtaining necessary approvals for credit.

The carrying amounts of financial assets represent the maximum credit risk exposure. The maximum exposure to credit risk was INR 153.09 lakhs (31 March 2024: INR 139.38 lakhs), being the total of the carrying amount of balances with trade receivables and advances.

The Company makes an allowance for credit loss that represents its estimate of expected losses in respect of trade and other receivables based on the past and the recent collection trend. The Company did not any allowance for credit loss in respect of trade receivables taking into account the past and the recent collection trend.

Other than trade receivables, the Company has no significant class of financial assets that is past due but not impaired.

b. Liquidity risk

Liquidity Risk refers to the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation.

The table below provides details regarding the contractual maturities of significant financial liabilities.

Particulars	Up to 1 Year	2 to 3 years	3 to 5 years

Trade payables	59.10		
Other payables	127.41		
	186.51	-	-
31-Mar-24			
Trade payables	19.15		-
Other payables	67.32		
	86.47	-	-

c. Exchange rate risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency).

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss and other comprehensive income and equity, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the respective entities.

The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the volatility of the Company's net financial assets which includes trade receivables and advances which are denominated in various foreign currencies viz. USD and AED.

Financial liabilities					
At Amortised Cost					
Trade payables	Level 2	59.10	59.10	19.15	19.15
Other financial liabilities	Level 3	-	-	-	-

* excludes Financial assets measured at cost

The management assessed that cash and cash equivalents, trade receivables, trade payables and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The financial instruments are categorized into three levels based on the inputs used to arrive at fair value measurements as described below:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable Inputs for the asset or liability.

INDEPENDENT AUDITOR'S REPORT

To the Members of
EYANTRA VENTURES LIMITED (formerly known as Punit Commercials Limited)

Report on the audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **EYANTRA VENTURES LIMITED (formerly known as Punit Commercials Limited)** (hereinafter referred to as the "Holding Company") and its subsidiary (Holding Company and its subsidiary together referred to as "the Group") which comprise the consolidated balance sheet as at 31st March 2025 and the consolidated statement of profit and loss including other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policies and other explanatory information (hereinafter referred to as "the Consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements of subsidiary and associates referred to in the other matters section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March 2025, of its consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cashflows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group and its associate in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Consolidated financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	Auditor's Response
<p>eYantra Ventures Limited has invested in the equity capital of Prismberry Technologies Private Limited, a wholly owned subsidiary (WOS) amounting to INR 420.00 Lakhs in the financial year 2022-23. On the date of acquisition, the Company has recognized INR 266.45 as goodwill in the consolidated financial statements (To the extent of investment in excess of net assets acquired)</p> <p>The net assets of Prismberry Technologies Private Limited as on 31 March 2025 stood at INR 184.65 Lakhs which falls short of the investment value to an extent of INR 235.35 Lakhs. In the light of the above there is a requirement to ascertain whether the said goodwill in the consolidated financials is to be impaired in terms of Ind AS 36 - 'Impairment of Assets.'</p> <p>As per Ind AS 36 - 'Impairment of Assets' Irrespective of whether there is any indication of impairment, an entity shall also test goodwill acquired in a business combination for impairment annually. Accordingly, in assessing whether there is any indication that an asset may be impaired, an entity shall consider as a minimum, the external and internal sources of information, any other indications or evidences from internal reporting that indicates that the assets may be impaired.</p> <p>This assessment involves significant judgment especially in relation to determination of expected future economic benefits in WOS which is a going concern.</p> <p>Accordingly, the evaluation of impairment of goodwill was determined to be a key audit matter.</p>	<p>In respect of the impairment indicator assessment for the investments our audit procedures included and were not limited to the following: -</p> <p>We have obtained the management's understanding and opinion in estimating the realizable value of the amount invested in the WOS with regard to impairment.</p> <p>The Company has obtained equity share valuation report of WOS from Rashmi Shah FCA, Registered Valuer (Securities or Financial Assets) dated 19 May 2025. The equity value of Prismberry Technologies Ltd as on 31 March 2025 as per the valuation report is INR 62.06 Mn and based on the valuation report no impairment loss is provided in the financials as on 31 March 2025.</p>

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Holding Company's Annual report but does not include the financial statements and auditor's reports thereon. The Holding Company's Annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the Consolidated Ind financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to communicate the matter to those charged with governance under SA720 "The Auditor's responsibilities relating to Other Information".

Responsibility of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Consolidated financial statements that give a true and fair view of the consolidated state of affairs, consolidated profit/loss and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group including its associates in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of their respective companies and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associate are responsible for assessing the ability of their respective companies to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies are also responsible for overseeing the financial reporting process of their respective companies.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Group has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

1. We did not audit the financial statements of one wholly owned subsidiary (WOS) incorporated outside India, whose financial statements include total assets of Rs. Nil Lakhs as at 31 March 2025, total revenue of Rs. Nil and net cash flows of Rs. Nil Lakhs for the year ended on that date, as considered in the financial Statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary, and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary is based solely on the reports of the other auditors.
2. The consolidated financial statements also include the Group's share of net profit/(loss) of Rs. (38.84) Lakhs for the year ended 31st March, 2025, as considered in the consolidated financial statements, in respect of an associate. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the associate, and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid associate is based solely on the reports of the other auditors.
3. Holding Company has made equity investment by purchasing 31,500 equity shares of Neuro and Spine Associates Private Limited with a shareholding of 38.63% as on 31 March 2025. In terms of shareholders agreement dated 04th October 2025, on and from the first closing date i.e. 12th October, 2024., the board shall consist of not more than 3 directors out of which 2 directors shall be nominated by the Inventor but the Company has not nominated any director though the Company has a right to nominate w.e.f 04th October 2025. The investee is involved in a highly specialized area of health care and the management is ramping up its team to take over the control of the Investee effectively. Pending the appointment of the directors in terms of the shareholders agreement between the Investee and the Company, the consolidation of the accounts of the Investee under INDAS110 has not been carried out for the year under review. Instead, the investee Company has been treated as an associate Company for the purpose of consolidation and accounted its investment using equity method under INDAS 28 Investments in Associates and Joint Ventures.

In conjunction with our audit of the consolidated financial statements of EYANTRA VENTURES LIMITED (formerly known as Punit Commercials Limited) ("the Company") (hereinafter referred to as "the Holding Company") as of and for the year ended 31 March 2025, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), its associate, which are companies incorporated in India, as of that date.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the Holding Company and its subsidiary company which are companies incorporated in India, have, in all material respects, an adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at 31 March 2025, based on the criteria for internal financial control with reference to consolidated financial statements established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The respective Company's management and Board of Directors of the Holding company, its subsidiary company and its associate company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the internal control with reference to consolidated financial statements criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Holding Company, its subsidiary companies and its associate company which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies, associate company in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements of the Holding Company, its subsidiary companies and its associate company which are companies incorporated in India.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial controls with reference to Consolidated Financial Statement is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Consolidated financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to a subsidiary and associate company which are companies incorporated in India is based solely on the corresponding report of the auditor of such companies incorporated in India.

EYANTRA VENTURES LIMITED (formerly known as Punit Commercials Limited)

Notes to consolidated financial statements for the year ended 31 March 2025

1 Corporate information

The consolidated financial statements comprise financial statements of eYantra Ventures Limited (formerly known as Punit Commercials Limited) (the 'Company') and its subsidiaries (collectively, the 'Group') for the year ended March 31, 2025. The Company is a public Company domiciled in India and was incorporated on 22 December 1984. The registered office of the Company is located at 301, 3rd Floor, CSR Estate, Plot No. 8, Sector - 1, HUDA Techno Enclave, Madhapur Main Road, Madhapur, Hyderabad, Shaikpet, Telangana, India, 500081. The group is engaged in the business of B2B Corporate Gifting and Custom Merchandise solutions and IT (Information Technology) software solutions.

2 Material accounting policies

The Material accounting policies applied by the Company in the preparation of its consolidated financial statements are listed below.

2.1 Basis of Preparation and Presentation

The financial statements of the Group have been prepared on the historical cost basis and on accrual basis, except for the following items

- i) Certain financial assets and liabilities : Measured at fair value
- ii) employee defined benefit assets/(liability): Present value of defined benefit obligations less fair value of plan assets

These consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) notified under section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the consolidated financial statements.

The consolidated financial statements have been prepared on a going concern basis. The accounting policies are applied consistently to all the periods presented in the consolidated financial statements.

Company's financial statements are presented in Indian Rupees, which is also its functional currency.

The material accounting policy information related to preparation of the consolidated financial statements have been discussed in the respective note

2.2 Use of estimates and judgments

In preparing these Consolidated financial statements, management has made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Accounting estimates could change from period to period. Actual results may differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis and appropriate changes are made as management becomes aware of changes in circumstances surrounding the estimates. Revisions to accounting estimates are reflected in the period in which such changes are made and if material, their effects are disclosed in the financial statements.

2.3 Current and non-current classification:

The Schedule III to the Act requires assets and liabilities to be classified as either current or non-current. The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

Assets

An asset is classified as a current when it is:

- it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- it is expected to be realised within twelve months from the reporting date;
- it is held primarily for the purposes of being traded; or
- is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date. All other assets are classified as non-current.

EYANTRA VENTURES LIMITED (formerly known as Punit Commercials Limited)

Notes to consolidated financial statements for the year ended 31 March 2025

Liabilities

A liability is classified as a current when:

- it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- it is due to be settled within twelve months from the reporting date;
- it is held primarily for the purposes of being traded;
- the Company does not have an unconditional right to defer settlement of liability for at least twelve months from the reporting date. All other liabilities are classified as non-current.

Deferred tax assets/liabilities are classified as non-current.

Operating Cycle

The Group has identified 12 months as its operating cycle for the classification of assets and liabilities into current and non-current.

Current assets and liabilities include the current portion of non-current financial assets and liabilities

2.4 Measurement of fair values

Accounting policies and disclosures require measurement of fair value for financial assets and financial liabilities. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

2.5 Principles of Consolidation

The consolidated financial statements relate to eYantra Ventures Limited (formerly known as Punit Commercials Limited) and its subsidiary companies Prismberry Technologies Private Limited (Incorporated under the Companies Act, 2013) and eYantra Ventures FZE (the Company was incorporated on 8th July, 2024 with license no. 34632 as per applicable law of Dubai-United Arab Emirates). The consolidated financial statements have been prepared on the following basis:

EYANTRA VENTURES LIMITED (formerly known as Punit Commercial Limited)

Notes to consolidated financial statements for the year ended 31 March 2025

The Financial Statements of the subsidiaries and associates used in consolidation are drawn up to the same reporting date as that of the Parent Company i.e. year ended 31 March 2025 and are audited. Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements in preparing the consolidated financial statements to ensure conformity with the group's accounting policies.

Subsidiaries

Subsidiaries are all entities (including special purpose entities) that are controlled by the Company. Control exists when the Company is exposed to, or has rights to variable returns from its involvement with the entity and has the ability to affect those returns through power over the entity. In assessing control, potential voting rights are considered only if the rights are substantive. The financial statements of subsidiaries are included in these consolidated financial statements from the date that control commences until the date that control ceases.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. When the Group loses control over a subsidiary, it derecognises the assets and liabilities (including goodwill) of the subsidiary, and any related Non-controlling interest and other components of equity. Any interest retained in the former subsidiary is measured at fair value at the date the control is lost. Any resulting gain or loss is recognised in consolidated statement of profit and loss.

Changes in the Group's equity interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

Assets, liabilities, income and expenses of a subsidiary acquired are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Non-controlling interest ("NCI")

NCI are measured at their proportionate share of the acquiree's net identifiable assets at the reporting date and are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

Goodwill

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for noncontrolling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all the assets acquired and all the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in Other Comprehensive Income (OCI) and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

Consolidation procedure:

a. The financial statements of the Company and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows after fully eliminating intra-group balances and intra-group transactions.

EYANTRA VENTURES LIMITED (formerly known as Punit Commercial Limited)

Notes to consolidated financial statements for the year ended 31 March 2025

b. Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group. Profits or losses resulting from intra-group transactions that are recognised in assets, such as inventory and property, plant & equipment are eliminated in full. Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

c. Offset (eliminate) the carrying amount of the parent's investment in subsidiary and the parent's portion of equity of subsidiary.

d. Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, statement of comprehensive income, statement of changes in equity and balance sheet respectively.

e. For the purpose of preparing these consolidated financial statements, the accounting policies of subsidiaries have been changed where necessary to align them with the policies adopted by the Company.

2.6 Foreign currencies transactions and translation

The Group's consolidated financial statements are presented in Indian rupees, which is also the parent company's functional currency. For each entity the Group determines the functional currency and items included in the financial statements of each entity are measured using that functional currency. The Group uses the direct method of consolidation and on disposal of a foreign operation the gain or loss that is reclassified to profit or loss reflects the amount that arises from using this method.

Transactions and balances

Transactions in foreign currencies are initially recorded by the Group's entities at their respective functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in consolidated statement of profit and loss with the exception of the following:

Exchange differences arising on monetary items that forms part of a reporting entity's net investment in a foreign operation are recognised in statement of profit and loss in the separate financial statements of the reporting entity or the individual financial statements of the foreign operation, as appropriate. In the financial statements that include the foreign operation and the reporting entity (e.g., consolidated financial statements when the foreign operation is a subsidiary), such exchange differences are recognised initially in OCI. These exchange differences are reclassified from equity to consolidated statement of profit and loss on disposal of the net investment or disposal of operations.

Tax charges and credits attributable to exchange differences on those monetary items are also recorded in OCI.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

Foreign operations

On consolidation, the assets and liabilities of foreign operations are translated into INR at the rate of exchange prevailing at the reporting date and their statements of profit and loss are translated at exchange rates prevailing at the dates of the transactions. For practical reasons, the group uses an average rate to translate income and expense items, if the average rate approximates the exchange rates at the dates of the transactions. The exchange differences arising on translation for consolidation are recognised in OCI. On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is recognised in consolidated statement of profit and loss.

EYANTRA VENTURES LIMITED (formerly known as Punit Commercials Limited)

Notes to consolidated financial statements for the year ended 31 March 2025

When a foreign operation is disposed of in its entirety or partially such that control, significant influence is lost, the cumulative amount of exchange differences related to that foreign operation recognised in OCI is reclassified to consolidated statement of profit and loss as part of the gain or loss on disposal. If the Group disposes of part of its interest in a subsidiary but retains control, then the relevant proportion of the cumulative amount is re-allocated to NCI. When the Group disposes of only a part of its interest in an associate while retaining significant influence, the relevant proportion of the cumulative amount is reclassified to consolidated statement of profit and loss.

2.7 Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. The Group has generally concluded that it is the principal in its revenue arrangements, because it typically controls the goods or services before transferring them to the customer.

Revenue from sale of goods

Revenue from sale of goods is recognised at the point in time when a promise in a customer contract (performance obligation) has been satisfied by transferring control over the promised goods to the customer. Control is usually transferred upon shipment, delivery to, upon receipt of goods by the customer, in accordance with the delivery and acceptance terms agreed with the customers. The revenue is measured on the basis of the consideration defined in the contract with a customer, including variable consideration, such as discounts, volume rebates, or other contractual reduction.

Revenue from sale of goods is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms and excluding taxes or duties collected on behalf of the government.

Revenue from services

Revenue from services rendered is recognised when the related services are performed in accordance with contract terms.

Revenue from contracts priced on a time and material basis are recognised as the related services are rendered and the related costs are incurred. Revenue from the end of the last invoicing to the reporting date is recognized as unbilled revenue.

Revenue from fixed price contracts is recognised as per the 'percentage of completion' method, where the performance obligations are satisfied over time and when there is no uncertainty as to measurement or collectability of consideration.

Interest Income

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and effective interest rate applicable.

If a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognized when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognized as revenue when the Group performs under the contract.

2.8 Property, plant and equipment

Property, plant and equipment are stated at cost, net off recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price and any cost directly attributable to bringing the assets to its working conditions for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

EYANTRA VENTURES LIMITED (formerly known as Punit Commercials Limited)

Notes to consolidated financial statements for the year ended 31 March 2025

Gains and losses upon disposal of an item of property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of property, plant and equipment and are recognised in the statement of profit and loss.

Depreciation on property, plant and equipment is provided using written down value method. Depreciation is provided based on useful life of the assets as prescribed in schedule II to the companies Act, 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.9 Intangible assets

Intangible assets that are acquired by the company are stated at cost of acquisition net of recoverable taxes, trade discount and rebates less accumulated amortization/depletion and impairment loss, if any. Such cost includes purchase price, and any cost directly attributable to bringing the asset to its working condition for the intended use.

Subsequent expenditures are capitalised only when they increase the future economic benefits embodied in the specific asset to which they relate.

Gains and Losses arising from de-recognition of an intangible assets are recorded in the statement of profit and loss, and are measured as the difference between the net disposal proceeds, if any, and the carrying amount of respective intangible assets as on the date of de-recognition.

2.10 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchase and sale of financial assets are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

i. Financial assets carried at amortised cost (AC)

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii. Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iii. Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL.

The Company has accounted for its investment in subsidiary at cost.

Impairment of financial assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

For trade receivables, Company applies 'simplified approach' for recognition of impairment loss allowance on the trade receivable balances. The application of simplified approach require the Company to recognise impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

EYANTRA VENTURES LIMITED (formerly known as Punit Commercials Limited)
Notes to consolidated financial statements for the year ended 31 March 2025

Financial Liabilities

Initial recognition and measurement

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable transaction costs. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition of financial instruments

A financial asset (or a part of the financial asset) is derecognized from the Company's balance sheet when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of the financial liability) is derecognized from the Company's balance sheet when the obligation under the liability is discharged or cancelled or expires.

2.11 Cash and cash equivalents

Cash and cash equivalents consist of cash at banks and on hand, demand deposits and other short term deposits that are readily convertible into known amounts of cash, are subject to insignificant risk of changes in value and have a maturity of three months or less.

2.12 Inventories

Inventories consist of merchandise measured at the lower of cost and net realisable value after providing for obsolescence if any. The cost of inventory is determined on FIFO basis. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

2.13 Impairment of non-financial assets

The carrying amounts of the Company's non-financial assets, other than inventories and deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated to determine the extent of impairment if any.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or the cash-generating unit. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

An impairment loss is recognised in the statement of profit and loss to the extent, the carrying amount of an asset or its cash-generating unit exceeds its estimated recoverable amount.

The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

2.14 Provisions, contingent liabilities and contingent assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities

A contingent liability is disclosed when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

EYANTRA VENTURES LIMITED (formerly known as Punit Commercials Limited)
Notes to consolidated financial statements for the year ended 31 March 2025

Contingent assets

Contingent assets are not recognised in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

2.15 Employee Benefits Expense

i. Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

ii. Post-Employment Benefits

Defined Contribution Plans

A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions to a separate entity. The Company's contributions to defined contribution plans are recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined Benefit Plans

The liability in respect of gratuity benefit is determined using the Projected Unit Credit Method based on actuarial valuation, performed by an independent qualified actuary.

Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income.

2.16 Tax Expenses

The tax expense for the period comprises current and deferred tax. Tax expense is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the comprehensive income or in equity. In which case, the tax is also recognised in other comprehensive income or equity.

Current tax

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax

Deferred tax is recognised using the balance sheet method on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding amounts used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply to the temporary differences in the period in which the liability is settled or the asset realised, based on tax laws that have been enacted or substantively enacted by the end of the reporting period.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

40 Financial Risk Management

In course of its business, the group is exposed to certain financial risk such as market risk, credit risk and liquidity risk that could have significant influence on the group's business and operational/financial performance. The Board of directors and the Audit Committee reviews and approves risk management framework and policies for managing these risks and monitor suitable mitigating actions taken by the management to minimize potential adverse effects and achieve greater predictability to earnings.

EYANTRA VENTURES LIMITED (formerly known as Punit Commercial Limited)

Notes to consolidated financial statements for the year ended 31 March 2025

(All amounts in Indian rupees, except share data and where otherwise stated)

a. Credit risk

Credit Risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the group. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Financial instruments that are subject to credit risk principally consist of trade receivables, investments, cash and cash equivalents, bank deposits and other financial assets. None of the financial instruments of the group result in material concentration of credit risk, except for trade receivables. Credit risk is managed through continuously monitoring the credit limits and creditworthiness of customers to whom the credit has been granted after obtaining necessary approvals for credit.

The carrying amounts of financial assets represent the maximum credit risk exposure. The maximum exposure to credit risk was INR 589.99 lakhs (31 March 2024: INR 444.06 lakhs), being the total of the carrying amount of balances with trade receivables and advances.

The group makes an allowance for credit loss that represents its estimate of expected losses in respect of trade and other receivables based on the past and the recent collection trend. The group did not make any allowance for credit loss in respect of trade receivables taking into account the past and the recent collection trend.

Other than trade receivables, the group has no significant class of financial assets that is past due but not impaired.

b. Liquidity risk

Liquidity Risk refers to the risk that the group will not be able to meet its financial obligations as they become due. The group manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the group's reputation.

The Indian subsidiary has obtained fund based working capital loans from bank. The borrowed funds are generally applied for group's own operational activities.

The table below provides details regarding the contractual maturities of significant financial liabilities.

c. Exchange rate risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The group's exposure to the risk of changes in foreign exchange rates relates primarily to the group's operating activities (when revenue or expense is denominated in a foreign currency).

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss and other comprehensive income and equity, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the respective entities.

The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the volatility of the group's net financial assets which includes trade receivables and advances which are denominated in various foreign currency viz. USD.

d. Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. The group's exposure to the risk of changes in the market interest rate relates primarily to the group's long term debt obligations with floating interest rates. the group's interest rate exposure is mainly related to variable interest rates debt obligations. the group manages the liquidity and fund requirements for its day to day operations like working capital, suppliers / buyers credit.

The Interest rate profile of the group's interest-bearing financial instruments as reported to the management of the group is as follows:

Particulars	31-Mar-25	31-Mar-24
Floating rate instruments		
Financial liabilities		
Working capital facilities from bank (OD)	9.04	-
Total	9.04	-

Cash flow sensitivity analysis for variable -rate instruments

The risk estimates provided assume a change of 25 basis points interest rate for the interest rate benchmark as applicable to the borrowing summarised above. This calculation assumes that the change occurs at the balance sheet date and has been calculated on risk exposures outstanding as at that date assuming that all other variables, in particular foreign currency exchange rates, remain constant. The period end balances are not necessarily representative of the average debt outstanding during the period.

Trade payables	Level 2	64.35	64.35	25.00	25.00
Other financial liabilities	Level 3	18.44	18.44	41.25	41.25

* excludes Financial assets measured at cost

The management assessed that cash and cash equivalents, trade receivables, trade payables and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The financial instruments are categorized into three levels based on the inputs used to arrive at fair value measurements as described below:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable Inputs for the asset or liability.
