CHAIRMAN'S STATEMENT

Dear Shareholder,

We have a long-standing reputation for pursuing excellence which has been a tremendous strength for our Company. We put our guests first and maintain high standards in every aspect of our business - from ethics and transparency, to environmental and social sustainability, to diversity and inclusion. We believe that each interaction with our brand is designed to uniquely delight guests, create indelible memories, and build an enduring loyalty. Hence, we are proud to be voted the fifth top brand in a worldwide 2016 survey by the renowned Travel+Leisure USA and ranked above some of the most acclaimed luxury hospitality chains around the globe. It is indeed one of the most prestigious honours in the travel and hospitality industry.

With six consecutive years of downslide, the hospitality industry is finally showing some signs of recovery. In 2015, we saw a small addition to hotel inventory in prime markets where a demand-supply mismatch still exists, an upturn in average room rates, and a marginal increase of 3.3 per cent in occupancy rates. It is encouraging that domestic tourists continue to account for significant spending. Also, India witnessed a modest 4.5 per cent growth in Foreign Tourist Arrivals (FTAs), which is of course significantly lower than other countries in the region such as, Thailand at 30 million, Malaysia at 25.7 million, and Dubai at 15 million.

India's share of the total world tourist arrival is only 0.6 percent, a fraction of its true potential. It is, therefore, the goal of the Ministry of Tourism, Government of India, to increase this percentage from 0.6 per cent to

1 per cent by 2020 which is indeed a very daunting task keeping in mind that another 1,80,000 guestrooms would need to be added to the present inventory of 1,20,000 guestrooms. At an average of ₹1 crore per guestroom, this tantamounts to capital expenditures of ₹180,000 crores. This is why the Ministry of Finance, Government of India, has accorded hotels over project cost of ₹200 crores, the same benefits of infrastructure sectors such as airports, ports, etc. enabling them to raise loans for a tenure of 15 years and for projects of over ₹500 crores under the 5x25 Schemes.

The Government's decision to open up tourism by introducing e-Tourist Visa to 150 countries as against the coverage of the earlier TVoA scheme for 12 countries, and allowing multiple entries, has been a very welcome move in the right direction.

It is hoped that rationalization of taxes in the proposed Goods and Services Tax (GST) bill will further enable hotels to attract business from around the globe. Internationally the Indirect Tax levies are less than 10 per cent overall while the applicable cumulative taxes now for hotels in India amounts to 25-30 per cent. Due to these excessive taxes, Indian hotels cannot compete with international destinations. We hope that the proposal will keep the tax rate for tourism and hospitality business in the lowest GST slab of six to eight per cent, in order to enable us to compete with other destinations such as Thailand, Malaysia, Indonesia, Sri Lanka and China, whose incidence of GST averages between six and eight per cent.

The Ministry of Tourism, Government of India also launched the 'Swadesh Darshan' Scheme to develop 13 theme-based and sustainable tourist circuits to generate tourist arrivals and enhance employment opportunities. The Buddhist Circuit, expected to be in great demand among international tourists, will span all Buddhist sites around the country. The hospitality sector can be a key partner in this development story since there is a critical need for hotels in these sites from Lumbini (the birth place of Lord Buddha in Nepal), Bodhgaya, Kapilvastu, Sarnath and Varanasi. Development of this well-structured proposal will help showcase India to tourists from around the world, especially China, Sri Lanka, Thailand, Malaysia, South Korea and Japan.

In addition to the Government implementing the aforesaid measures and executing the various policy initiatives, granting of "Infrastructure Status" is important for hotels that have already availed of about

₹20,000 crores loans in the last five years to put up recently-opened projects, which have become Non-Performing Assets (NPA) or Banks have sold their liabilities to Asset Restructuring Companies. The main reason for this has been the very short tenure of term loans given to hotels of 10 years. The repayment of such loans being invariably before the Hotel is able to stabilize itself, leads it to become an NPA.

Progress on our Asset-light Strategy

The Leela Palace New Delhi continues to be the market leader in the Capital city in terms of RevPAR, ranked number three in 'Top City Hotels in Asia' and is voted among 'The World's Top 100 Hotels' in USA's Travel+ Leisure 2016 World's Best Awards. The Leela Goa has been ranked among 'The World's Top 100 Hotels' in UK's Conde' Nast Traveller Readers Travel Awards 2015; and The Leela Palace Udaipur has been voted India's 'Favourite Leisure Hotel' in Conde' Nast Traveller India Readers Travel Awards 2015. These Awards are a testament to our commitment to providing the finest hospitality experience in India and overseas.

In India, we announced a new addition to the Group's luxury portfolio with the reflagging of Ambience Group's 5-star Deluxe Hotel in East Delhi. Renamed 'The Leela Ambience Convention Hotel Delhi' the 480-room property offers one of the largest MICE spaces in the country with 70,000 square feet of multi-purpose meeting and banqueting space capable of holding a reception of more than 6000 guests. With the newest addition, The Leela Group now operates three unique properties in the Delhi-NCR totaling over 1150 rooms which makes it the Brand with one of the highest number of guestrooms in the NCR Region.

Other projects are moving forward as scheduled including The Leela and The Leela Residences on a 125 acres township – Bhartiya City – near the Bangalore International Airport. The development has a Leela Hotel with 256-rooms, a Convention Centre, and 150 Leela Residences. These Leela Residences will provide all the luxury services that The Leela is acclaimed for, within the privacy of their residences. Other projects in Agra, Jaipur and Chandigarh are in different stages of planning and implementation and we expect to launch the Jaipur hotel in 2017.

We are also pursuing other international opportunities in Maldives, Abu Dhabi, Seychelles, Dubai and Fujairah Beach. To sum up, we expect a better performance this year, especially in hotels located in the business destinations. We are focused on restructuring our debt

and driving growth while maintaining our operational excellence. Whilst doing so we are aware of the pain caused by the disinvestment of stellar properties such as The Leela Goa but it is important to make the Company lean and with the least amount of debt. Thus, the emphasis is on securing new management contracts without any investment from your Company, of course in the process retaining many of the current hotels, which are the best performing in all the various markets they operate in.

For the outstanding comments received of guest experiences, I thank our extraordinary associates who make the mission of The Leela, their own. I would like to thank you, all our Shareholders, Board Members, Lenders, the Ministry of Tourism, Government of India and the Tourism Departments of the various State Governments, for their whole hearted support.

MANAGEMENT'S DISCUSSION AND ANALYSIS

1. Overview of Industry

India has emerged as one of the best performing economies, globally, with GDP growth of 7.3%.

For the hotel industry, the long term outlook, seems quite positive.

The demand for rooms is expected to increase, while the supply is likely to slow down.

There are multiple taxes levied on Hotel Industry and the rates of taxes are too high. The hotel industry is expected to benefit significantly, as and when the GST becomes a reality.

Hotel industry is capital intensive. Several hotels built during the last 8 years are finding it difficult to service their debts, as the revenues have been much lower compared to estimates, the interest rates are too high and the time allowed for repayment of debts is too low.

The year 2015 saw the smallest addition to Hotel Industry in the last seven years. During the year 2015, there was marginal increase in occupancy and Average Room Rates. The MICE (Meetings, Incentives, Conferences and Exhibitions) segment and Weddings segment contributed significantly to improved revenues in food and beverages and is expected to perform even better in the future.

6. Opportunities, Threats, Risks and Concerns

The hotel business is dependent on global and domestic economic conditions. Further, your Company has the risk of heavy dependence on a few specific locations in India. There is also the risk of dependence mainly on higher luxury segment. However, the Company's hotels enjoy premium over the other competitors and are the RevPAR leaders in many of the locations, where the Company operates indicating the high operating profitability before debt service.

The Company's gearing has reached high levels due to the investments made in the new hotels in Udaipur, Delhi and Chennai and plots of land at Agra, Hyderabad and Pune. Because of the continued recession in the Hotel Industry, the expected profitability estimates could not be achieved. Also due to the continued subdued nature of the equity market, no equity offerings of any form could be made. INDEPENDENT AUDITORS' REPORT ON THE STANDALONE FINANCIAL STATEMENTS

To the Members of Hotel Leelaventure Limited
Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of Hotel Leelaventure Limited ("the Company"), which comprise the Balance Sheet as at 31 March 2016, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that shall give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with provisions of the Act for safeguarding of the assets of the Company and preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirement and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2016 and its loss and its cash flows for the year ended on that date.

Emphasis of Matter

We draw attention to the following matters in the Notes to the financial statements:

Note 32.1 regarding the Company's liabilities, net worth and interest provision. The negative net worth as on 31st March 2016 was ` 27338 lakhs. The loss for the year would have been higher by ` 72704 lakhs (Previous year ` 78241 lakhs) and negative net worth would have been higher by another ` 150945 lakhs, if interest and other finance cost as notified by the Asset Reconstruction Companies were provided for in the books. This raises question on whether the Company can be considered as a "Going Concern". However, as the Company is hopeful of a viable restructuring package as explained by them in the note, it has prepared the financial statements on a going concern basis.

Report on Other Legal and Regulatory Requirements

- 1 As required by the Companies (Auditor's Report) Order, 2016 issued by the Central Government of India in terms of subsection (11) of Section 143 of the Act, (herein after referred to as the "Order") and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure, a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 2 As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with books of account;
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - (e) The going concern matter described under the Emphasis of Matters paragraph above, in our opinion, may have an adverse effect on the functioning of the Company.
 - (f) On the basis of the written representations received from the directors as on March 31st, 2016, taken on record by the Board of Directors, none of the directors is disqualified as on March 31st, 2016 from being appointed as a director in terms of Section 164(2) of the Act.
 - (g) With respect to the adequacy of the internal finance controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B" and
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (I) The Company has disclosed the impact of pending litigations on its financial position in its financial statements- Refer Note 32.2 to the financial statements;
 - (II) The Company has made provisions, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts. We have been informed that the Company did not have any pending derivative contracts.

Annexure - B TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Hotel Leelaventure Limited ("the Company") as of 31 March 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Note 1 Significant Accounting Policies

a) Convention

The financial statements are prepared under the historical cost convention in accordance with the applicable Accounting Standards and the provisions of the Companies Act, 2013.

b) Use of estimates

The preparation of financial statements require the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to the contingent liabilities as at the date of the financial statements and the reported amount of income and expenses during the year. Examples of such estimates include provisions for doubtful debts, employee benefits, provision for income taxes, useful life of depreciable fixed assets and provision for impairment.

c) Fixed assets

Fixed assets are stated at cost (or valuation as applicable) less depreciation. Cost includes expenses incidental to the installation of the assets and attributable borrowing costs. Cost also includes exchange differences arising on reporting of long term foreign currency monetary items at rates different from those at which they were initially recorded during the period or reported in previous financial statements, in so far as they relate to acquisition of a depreciable capital asset.

Revalued fixed assets are stated based on the revaluation and all other fixed assets are stated at cost. Additions on account of valuation are credited to Revaluation Reserve.

d) Depreciation and amortisation

Effective 1st April 2014, the Company depreciates its fixed assets over the useful life in the manner prescribed in Schedule II of the Companies Act, 2013, as against the earlier practice of depreciating at the rates prescribed in Schedule XIV of the Companies Act, 1956.

Based on technical evaluation, the useful life of continuous process plant other than windmill has been estimated as 15 years (on a single shift basis), which is different from that prescribed in Schedule II of the Act.

Depreciation on additions / deletions during the year are provided on pro-rata basis. Assets purchased / installed during the year costing less than ₹ 5,000 each are fully depreciated.

Premium and other capitalised cost relating to leasehold land is amortised over the period of lease.

Buildings constructed on leasehold land are depreciated at the applicable rate on the assumption that the lease will be renewed in the normal course.

Depreciation on computer software is provided over a period of six years. License fee and franchise fee are amortised over five years.

Depreciation on revalued portion is withdrawn from revaluation reserve till 31st March, 2014 and charged to profit and loss account for the subsequent period.

e) Investments

Current investments are carried at lower of cost and quoted / fair value. Long-term investments are carried at cost. However provision for diminution is made to recognise a decline, other than temporary, in the value of investments, such reduction being determined and made for each investment individually.

f) Inventories

Inventories are valued at lower of cost (weighted average basis) or net realisable value.

g) Employee benefit

i) Post-employment benefit plans

Contribution to defined contributory retirement benefit schemes are recognised as an expense when employees have rendered services entitling them to contributions.

For defined benefit schemes, the cost of providing benefits is determined using the Project Unit Credit Method, with actuarial valuation being carried out at each balance sheet date. Actuarial gains and losses are recognized in full in the profit and loss account for the period in which they occur. Past service cost is recognized immediately to the extent that the benefits are already vested, and otherwise amortized on straight-line basis over the average period until the benefits become eligible for being vested.

ii) Short-term employee benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees is recognised during the period when the employee renders the service. These benefits include compensated absences such as paid annual leave.

iii) Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as a liability at the present value of the defined benefit obligation at the balance sheet date.

h) Recognition of income and expenditure

Revenue/incomes and costs/expenditures are accounted on accrual.

i) Borrowing costs

Borrowing costs that are directly attributable to the acquisition and construction of qualifying assets are capitalised. A qualifying asset is an asset that necessarily takes substantial period of time to get ready for its intended use. Gains/losses (net) on settlement of derivative contracts where they relate to the acquisition or construction of fixed assets are adjusted to the carrying cost of such assets.

j) Taxation

(i) Provision for current taxation has been made in accordance with the Income Tax laws applicable to the assessment year.

(ii) Deferred tax is recognized on timing difference being the difference between taxable income and accounting income that originates in one period and is capable of reversal in one or more subsequent periods. Where there is unabsorbed depreciation, or carry forward losses, deferred tax assets are recognised only if there is virtual certainty of realisation of such assets.

(iii) Minimum Alternate Tax ("MAT") credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each balance sheet date and the carrying amount is written down to the extent there is no longer a convincing evidence that the Company will be liable to pay normal income tax during the specified period.

k) Impairment of assets

The carrying amounts of assets are reviewed at each balance sheet date, to assess any indication of impairment. If any such indication exists, the recoverable amount of such assets is estimated. An impairment loss is recognized wherever the carrying amount of the assets exceed its recoverable amount. The recoverable amount is greater of the net selling price or value in use. In assessing value in use, the estimated future cash flows are discounted to their present value, based on an appropriate discounting factor.

After impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life. A previously recognized impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

l) Foreign currency transaction

Foreign currency transactions are recorded at the rates of exchange prevailing on the date of the transactions.

32.1 Debt Restructuring

- The Corporate Debt Restructuring (CDR) Empowered Group, in their meeting held on 28th June 2014 declared that the account of the Company stands exited from CDR system on account of failure. Pursuant thereto, on 30th June 2014, 14 of the erstwhile CDR lenders with exposure of about 95.6 % of the CDR debt assigned their debt to JM Financial Asset Reconstruction Company Private Limited (JMFARC) and 1 lender with exposure of about 1% of the CDR debt, to Phoenix ARC Private Limited.
- The total amount assigned by the erstwhile CDR lenders to Asset Reconstruction Companies (ARCs) was ` 415013.77 lakhs, which included Sacrifice amount of ` 26315 lakhs. The Company has not accounted the Sacrifice amount, as it reflects the difference in the NPV between the cashflows as per the contracted terms and the cashflows agreed by the lenders as per the CDR Package, for the duration of the loan.
- The Company is pursuing with the ARC for a viable restructuring package, with certain concessions in interest and repayment terms and pending approval of the same, has classified the debt as Non-current Liability in the Balance Sheet and has not provided for the interest. The ARCs have notified the Company that the interest and penal interest are applicable as per the rates contracted prior to admission to CDR and that the debt amount is ` 460696 lakhs (previous year ` 457572 lakhs) and the impact of the non-provision is understatement of finance cost for the year to the extent of ` 72704 lakhs (previous year ` 78241 lakhs). The total finance cost not provided upto 31st March, 2016 is ` 150945 lakhs (previous year ` 78241 lakhs).
- The Company has been evaluating various options for reduction of debt, including sale / monetisation of non-core assets, sale of hotels and getting an equity partner for infusion of equity and refinancing of debt. The Company sold its Goa Hotel in December 2015, and the entire amount net of expenses was utilised for repayment of part of its debt to ARCs and other lenders.
- The net worth of the Company, after excluding revaluation reserves is negative to the extent of ` 27338 lakhs as on 31st March 2016. Even though the net worth has turned negative during the year, the same could again become positive, when the financial restructuring materialises.

INDEPENDENT AUDITORS' REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS

TO THE MEMBERS OF HOTEL LEELAVENTURE LIMITED

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Hotel Leelaventure Limited (hereinafter referred to as "the Holding Company"), and its subsidiary (the Holding Company and its subsidiary together referred to as "the Group") which comprise the consolidated Balance Sheet as at 31st March, 2016, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that shall give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the Companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the Holding Company has an adequate internal financial controls system over financial reporting in place and operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2016, and their consolidated loss and their consolidated cash flows for the year ended on that date.

Emphasis of Matter

We draw attention to the following matters in the Notes to the consolidated financial statements:

Note 32.2 regarding the Group liabilities, net worth and interest provision. The negative net worth as on 31st March 2016 was Rs 30,610.30 lakhs. The loss for the year would have been higher by ₹ 72704 lakhs (Previous year ₹ 78241 lakhs) and negative net worth would have been higher by another Rs 150945 lakhs, if interest and other finance cost as notified by the Asset Reconstruction Companies were provided for in the books. This raises question on whether the Group can be considered as a "Going Concern". However, as the Group is hopeful of a viable restructuring package as explained by them in the note it has prepared the financial statements on a going concern basis.

Other Matters

Financial statement of a subsidiary, audited by us, which has not commenced commercial operations, reflects a net worth of ₹ 5727.92 lakhs as on 31st March 2016.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- (b) In our opinion, proper books of account as required by law have been kept by the Group so far as it appears from our examination of those books;
- (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with books of account;
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- (e) The going concern matter described under the Emphasis of Matters paragraph above, in our opinion, may have an adverse effect on the functioning of the Group.
- (f) On the basis of the written representations received from the directors of the Holding Company as on March 31st, 2016, taken on record by the Board of Directors, none of the directors is disqualified as on March 31st, 2016 from being appointed as a director in terms of Section 164(2) of the Act.
- (g) With respect to the adequacy of the internal finance controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure A" and
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company has disclosed the impact of pending litigations on its financial position in its financial statements- Refer Note 32.3 to the financial statements;

- (II) The Company has made provisions, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contacts. We have been informed that the Company did not have any pending derivative contacts.

ANNEXURE - A TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Hotel Leelaventure Limited ("the Holding Company") and its subsidiary company as of 31 March 2016 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company and its subsidiary company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

d) Minority interest

The minority interest as on 31st March 2016 is not material (Previous year not material) and is not disclosed separately.

e) Use of Estimates

The preparation of financial statements require the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to the contingent liabilities as at the date of the financial statements and the reported amount of income and expenses during the year. Examples of such estimates include provisions for doubtful debts, employee benefits, provision for income taxes, useful life of depreciable fixed assets and provision for impairment.

f) Fixed Assets

Fixed assets are stated at cost (or valuation as applicable) less depreciation. Cost includes expenses incidental to the installation of the assets and attributable borrowing costs. Cost also includes exchange differences arising on reporting of long term foreign currency monetary items at rates different from those at which they were initially recorded during the period or reported in previous financial statements, in so far as they relate to acquisition of a depreciable capital asset.

Revalued fixed assets are stated based on the revaluation and all other fixed assets are stated at cost. Additions on account of valuation are credited to Revaluation Reserve.

g) Depreciation and Amortisation

Effective 1st April 2014, the Company depreciates its fixed assets over the useful life in the manner prescribed in Schedule II of the Companies Act, 2013, as against the earlier practice of depreciating at the rates prescribed in Schedule XIV of the Companies Act, 1956.

Based on technical evaluation, the useful life of continuous process plant other than windmill has been estimated as 15 years (on a single shift basis), which is different from that prescribed in Schedule II of the Act.

Depreciation on additions / deletions during the year are provided on pro-rata basis. Assets purchased / installed during the year costing less than Rs. 5,000 each are fully depreciated.

Premium and other capitalised cost relating to leasehold land is amortised over the period of lease.

Buildings constructed on leasehold land are depreciated at the applicable rate on the assumption that the lease will be renewed in the normal course.

Depreciation on computer software is provided over a period of six years. License fee and franchise fee are amortised over five years.

Depreciation on revalued portion is withdrawn from revaluation reserve till 31st March, 2014 and charged to profit and loss account for the subsequent period.

h) Investments

Current investments are carried at lower of cost and quoted / fair value. Long-term investments are carried at cost. However provision for diminution is made to recognise a decline, other than temporary, in the value of investments, such reduction being determined and made for each investment individually.

i) Inventories

Inventories are valued at lower of cost (weighted average basis) or net realisable value.

j) Employee benefit

i) Post-employment benefit plans

Contribution to defined contributory retirement benefit schemes are recognised as an expense when employees have rendered services entitling them to contributions.

For defined benefit schemes, the cost of providing benefits is determined using the Project Unit Credit Method, with actuarial valuation being carried out at each balance sheet date. Actuarial gains and losses are recognized in full in the profit and loss account for the period in which they occur. Past service cost is recognized immediately to the extent that the benefits are already vested, and otherwise amortized on straight-line basis over the average period until the benefits become eligible for being vested.

ii) Short-term employee benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees is recognised during the period when the employee renders the service. These benefits include compensated absences such as paid annual leave.

iii) Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as a liability at the present value of the defined benefit obligation at the balance sheet date.

k) Recognition of Income and Expenditure

Revenue/incomes and costs/expenditures are accounted on accrual.

l) Borrowing Costs

Borrowing costs that are directly attributable to the acquisition and construction of qualifying assets are capitalised. A qualifying asset is an asset that necessarily takes substantial period of time to get ready for its intended use. Gains/losses (net) on settlement of derivative contracts where they relate to the acquisition or construction of fixed assets are adjusted to the carrying cost of such assets.

m) Taxation

(i) Provision for current taxation has been made in accordance with the Income Tax laws applicable to the assessment year.

(ii) Deferred tax is recognized on timing difference being the difference between taxable income and accounting income that originates in one period and is capable of reversal in one or more subsequent periods. Where there is unabsorbed depreciation, or carry forward losses, deferred tax assets are recognised only if there is virtual certainty of realisation of such assets.

(iii) Minimum Alternate Tax ("MAT") credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS (Contd.)

reviewed at each balance sheet date and the carrying amount is written down to the extent there is no longer a convincing evidence that the Company will be liable to pay normal income tax during the specified period.

n) Impairment of assets

The carrying amounts of assets are reviewed at each balance sheet date, to assess any indication of impairment. If any such indication exists, the recoverable amount of such assets is estimated. An impairment loss is recognized wherever the carrying amount of the assets exceed its recoverable amount. The recoverable amount is greater of the net selling price or value in use. In assessing value in use, the estimated future cash flows are discounted to their present value, based on an appropriate discounting factor.

After impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life. A previously recognized impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

o) Foreign Currency Transaction

Foreign currency transactions are recorded at the rates of exchange prevailing on the date of the transactions.

In line with the option given by the Ministry of Corporate Affairs vide Notification No G.S.R.225 (E) dated 31st March 2009, the exchange differences arising on reporting of long term foreign currency monetary items at rates different from those at which they were initially recorded during the period, or reported in previous financial statements, in so far as they relate to acquisition of a depreciable capital asset, are added to or deducted from the cost of the asset and will be depreciated over the balance life of the asset, and in other cases are accumulated in 'Foreign Currency Monetary Item Translation Difference Account' and amortized over the balance period of such long-term asset/liability but not beyond 31st March 2020, by recognising income or expense in each of the periods except the exchange differences which are regarded as adjustment to interest costs in terms of paragraph 4(e) of Accounting Standard AS (16) Borrowing costs.

All other monetary assets and liabilities in foreign currency as at balance sheet date are translated at rates prevailing at the year-end and the resultant net gains or losses are recognized as income or expense in the year in which they arise.

p) Assets taken on lease

In respect of operating lease transactions, the assets are not capitalised in the books of the Company and the lease payments are charged to the profit and loss account.

q) Accounting for Provisions, Contingent Liabilities and Contingent Assets

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to present value and are determined as best estimates required to settle the obligation at the balance sheet date.

Contingent Liability is disclosed in case of

- a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle that obligation;
- a present obligation when no reliable estimate is possible; and
- a possible obligation arising from past events where the probability of outflow of resources is remote.

Contingent Assets are not recognized in the financial statements.

r) Government Grants

Revenue Grants are recognized in the profit and loss account in accordance with the related scheme and in the period in which these are accrued.

The Company has made a provision for impairment of goodwill amounting to ` Nil (previous year ` 1254 lakhs) based on the estimated value of assets of the subsidiary as the Company intends to sell the same.

32.2 Debt Restructuring

- (a) The Corporate Debt Restructuring (CDR) Empowered Group, in their meeting held on 28th June 2014 declared that the account of the Company stands exited from CDR system on account of failure. Pursuant thereto, on 30th June 2014, 14 of the erstwhile CDR lenders with exposure of about 95.6 % of the CDR debt assigned their debt to JM Financial Asset Reconstruction Company Private Limited (JMFARC) and 1 lender with exposure of about 1% of the CDR debt, to Phoenix ARC Private Limited.
- (b) The total amount assigned by the erstwhile CDR lenders to Asset

Reconstruction Companies (ARCs) was ` 415013.77 lakhs, which included Sacrifice amount of ` 26315 lakhs. The Company has not accounted the Sacrifice amount, as it reflects the difference in the NPV between the cashflows as per the contracted terms and the cashflows agreed by the lenders as per the CDR Package, for the duration of the loan.

- (c) The Company is pursuing with the ARC for a viable restructuring package, with certain concessions in interest and repayment terms and pending approval of the same, has classified the debt as Non-current Liability in the Balance Sheet and has not provided for the interest. The ARCs have notified the Company that the interest and penal interest are applicable as per the rates contracted prior to admission to CDR and that the debt amount is ` 460696 lakhs (previous year ` 457572 lakhs) and the impact of the non-provision is understatement of finance cost for the year to the extent of ` 72704 lakhs (previous year ` 78241 lakhs). The total finance cost not provided upto 31st March, 2016 is ` 150945 lakhs (previous year ` 78241 lakhs).
- (d) The Company has been evaluating various options for reduction of debt, including sale / monetisation of non-core assets, sale of hotels and getting an equity partner for infusion of equity and refinancing of debt. The Company sold its Goa Hotel in December 2015, and the entire amount net of expenses was utilised for repayment of part of its debt to ARCs and other lenders.
- (e) The consolidated net worth of the Company and its subsidiary, after excluding revaluation reserves is negative to the extent of ` 30610 lakhs as on 31st March 2016. Even though the net worth has turned negative during the year, the same could again become positive, when the financial restructuring materialises.
- (f) For reasons explained in note (a) to (e) above, the financial statements of the Company have been prepared on a going concern basis.

However the lease agreement is yet to be signed. Pending execution of the lease agreement, AAI has been provisionally extending the lease for 3 to 6 months at a time and the latest extension was till 11th January, 2016. Depreciation on building constructed thereon is provided at the applicable rate on the assumption that the lease will be renewed.
- (g) AAI has arbitrarily increased the lease rental payable for the Mumbai hotel and for the adjacent land, effective from 1st October 2014 which

- (h) The Company invoked arbitration with respect to the Agreement for 11,000 sq. mts of land in Mumbai on the ground that the Supplementary Agreement setting out the Royalty amounts payable to AAI became impossible of performance. The Sole Arbitrator by his award dated 29th August, 2012 has declared that the Minimum Guaranteed Royalty stipulated in the Supplemental Agreement became impossible of performance with effect from 1st June, 2008.
