Performance Review

FY 2020-21 was a challenging year for the economy in general and the business. The world and India were impacted by the onslaught of Covid-19 Pandemic leading to lockdowns impacting businesses in a big way. However, despite the challenges, your Company's overall performance for the FY 2020-21 remained resilient, consistent and satisfactory. The highlight of the year for the Company was entering into a Joint Venture Agreement on 11th March, 2021 with IGL Green Chemicals Private Limited ("IGCPL"), a wholly owned subsidiary and Clariant International Limited related to the Company's BioEO (Speciality Chemicals) Business which will be beneficial for the stakeholders in the future times.

During the FY 2020-21, on a standalone basis, your Company recorded total revenue of ₹ 6,070 Crores as compared to ₹ 5,963 Crores in FY 2019-20, a marginal increase over last year's revenue. The profit after depreciation and tax for the FY 2020-21 was ₹ 84 Crores as compared to ₹ 128 Crores earned during the FY 2019-20, a decrease of about 34%. The decrease was due to low volume (due to Covid-19) and price of Bio MEG globally throughout the year. Also, during the year under review, the Company adopted the new tax regime as introduced by the Tax Laws (Amendments), Ordinance, 2019 resulting in a one-time non-cash adjustment. This, however, will ultimately be tax beneficial in future years. Also, there was an impact on the Company's operations during the initial period of Q1/FY 2020-21 due to the

lockdown. The Company, however, largely made up for the impact during the balance period.

Despite the initial business restrictions on account of lockdown due to the pandemic, the Potable Spirits business performed very well and remained a major contributor to the bottom line. The global chemicals markets also remained adversely affected due to, inter-alia, prolonged US-China trade war, continued low crude prices and, restrictive trade policies during Covid-19 Pandemic. The Ennature Biopharma (Nutraceuticals) Business faced a revenue decline of about 17% over the previous year, however, the profit margin remained healthy.

The Company steadily procured its green feedstock molasses throughout the year at competitive prices to keep its inventory under control. The Company continued to import its principal raw material, ethyl alcohol, at an attractive price resulting in cost savings.

Under the current scenario, the outlook for the near future remains positive.

During the year under review, no amount was transferred to reserves.

During the year under review, in recognition and appreciation for the Company's commitment to secure the International supply chain and ensuring compliance with the WCO's SAFE framework of standards, the Central Board of Indirect Taxes and Customs (CBIC) certified our Company and granted the prestigious Authorised Economic Operator -T2 Certificate to the Company on 2nd September, 2020, which is valid till 1st September, 2023.

Covid-19 Pandemic

The Covid-19 Pandemic changed the way world functions drastically. The economic toll from the pandemic was unprecedented. The business and economic activities remained under pressure throughout FY 2020-21 as prolonged Covid-19 Pandemic impacted supply chains across the globe.

During first few days of Q1 of FY 21, all three plants of the Company i.e. Kashipur and Dehradun in Uttarakhand and Gorakhpur in Uttar Pradesh had to be shut down due to the nationwide lockdown. The operations were resumed in a phased manner after obtaining the required approvals from the authorities.

Thereafter, the Company adhered to various guidelines and advisories issued by the authorities from time to time including maintaining social distancing at all its plants and offices.

The Company took a number of measures at its offices and manufacturing sites to ensure employee safety and support. This includes Work from Home policy for

its employees across all its office locations, regular sanitization, temperature monitoring, social distancing, online meetings through web based platforms, and restriction of visitors and several other safety protocols of employees, contractors as well as visitors. Free vaccination was arranged for employees and immediate family members. The Company also took care of the medical expenses of employees and their family members who suffered due to the Covid-19 infection. It was due to these consistent efforts and Company's adaptability to the rapidly changing requirements that the Company continued to carry out its operations smoothly and efficiently during the last year including the big resurgence in the second wave.

The Company also contributed to the State Government's relief funds and distributed Hand Sanitizers and food packets etc. as community welfare measures. Further, as a prompt measure, the Company quickly converted all its industrial grade Liquid Oxygen to medical grade during second Covid 19 wave and provided Oxygen tankers to Government of Uttarakhand as well as other neighbouring states by running the plant continuously at full capacity.

The Company has considered the possible effects that may result from the pandemic relating to Covid-19 on the carrying amounts of receivables, inventories, property, plant and equipment and intangible assets and has also taken into account the future cash flows. On the basis of evaluation and current indicators of future economic conditions, the Company expects to recover the carrying amounts of these assets and does not anticipate any impairment to these financial and non-financial assets. However, the impact assessment of Covid-19 is a continuing process, given the uncertainties associated with its nature and duration. The Company will continue to monitor any material changes to future economic conditions.

Material Changes and Commitments Affecting the Financial Position of the Company

Management Discussion & Analysis

Management Discussion & Analysis Report

Economy and Industry Overview

The contraction of activity in FY 2020-21 resulting due to the global Covid-19 pandemic has been unprecedented in living memory in its speed and synchronized nature and continues to impact human life and economies, across the globe. The global economy recorded a de-growth of 3.3% and the growth stress was witnessed by the advanced and emerging economies too. It is estimated that the contraction could have been more severe had it not been for the swift policy support from the central banks and governments globally albeit varied across countries.

The global economy has been showing signs of recovery since the harsh lockdowns imposed across the world to curb the spread of Covid-19. As per International Monetary Fund's (IMF), World Economic Outlook Update, the growth of global economy is projected at 6% in 2021 and at 4.4% in 2022. The global trade volumes are forecasted to grow at about 8% in 2021, before moderating down to 6% in 2022.

As per the Economic Survey 20-21, India's real GDP is projected to record a growth of 11% in 2021-22 and nominal GDP by 15.4 per cent. These conservative estimates are due to the continued normalisation in economic activities as the rollout of Covid-19 vaccines gathers traction and further support from easing of regulations, push to infrastructural investments, boost to manufacturing sector through the Productivity Linked Incentive Schemes and pick up in credit given adequate liquidity and low interest rates. These projection are in line with IMF estimate of real GDP growth of 12.5% in 2021-22 for India. India is expected to emerge as the fastest growing economy in the next two years as per IMF.

Even though, the impact of the Covid-19 pandemic on the Indian economy has been severe, the Government of India's measures such as announcing economic stimulus packages, implementing a nationwide lockdown and launching the vaccination drive, resulted in the country progressing towards a V-shaped recovery. The presence of a strong domestic market coupled with a large working population, a stable political environment, positive outlook towards reducing emissions and focus on innovation make India a promising manufacturing destination.

The chemical industry is a critical and integral part of the growing Indian economy. It is also a crucial component of agricultural and industrial development in India, and provides the building blocks for various other important downstream industries. There are several opportunities to be explored within the Indian chemical industry, and its high potential is well-recognized globally. Indeed, India has emerged as one of the most preferred destinations for investment in this area and ranks 63rd in the World Bank's Ease of Doing Business Index.

As per Cefic, India has one of the largest global chemical markets and is ranked sixth in the world and fourth in Asia in terms of global sale of chemicals. India accounts for 2.5% of the world's global chemical sales. As per FICCI report, India's chemical industry is one of the fastest

growing in the world. Chemicals industry in India is highly diversified, covering more than 80,000 commercial products and providing employment to over 2 million people. Between 2006 and 2019, the compounded annual growth rate (CAGR) in total returns to shareholders (TRS) for India's chemical companies was 15 percent, much higher than the global chemical-industry return, with a CAGR of 8 percent, and the overall global equity market, with a CAGR of 6 percent. The Indian chemicals industry is projected to be worth \$304 billion by 2025 and has a huge role to play to make India a \$5 trillion economy.

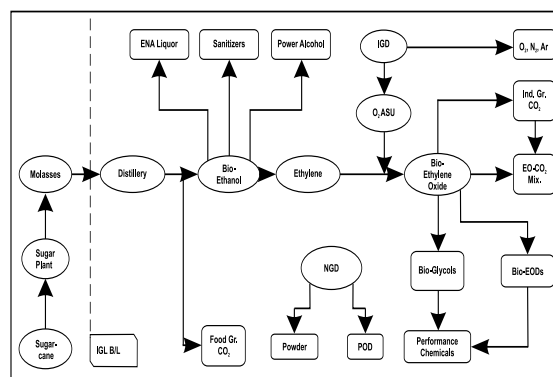

India Glycols Limited being the only Bio-based ingredients and Performance Chemicals Company of its kind, figures in the list of leading chemical manufacturers in the country.

Products

INDIA GLYCOLS LIMITED is one of the leading manufacturers with its presence in Glycols (Bio-Based Specialities and Performance Chemicals), Ethyl Alcohol (Potable Spirits), Plant based APIs and Nutraceuticals, Natural Gums (Bio Polymers) and Derivatives and Industrial Gases. The Bio-based Ethylene Oxide Derivatives business is being transferred to a JV company, details whereof are given under the heading Ethylene Oxide Derivatives (EODs) in this report. Our state-of-the-art manufacturing facilities are working to provide sustainable value added products using the best technologies.

The manufacturing building blocks are as presented below:

Manufacturing Building Blocks

The Company has organised its business into:

- A. Chemicals having following segments:-
 - Bio-based Glycols (MEG, DEG, TEG and Heavy Glycols), Glycol Ethers, Glycol Ether Acetates.
 - Ethylene Oxide Derivatives (EODs) (this business is being transferred to a JV company, details whereof are given under the heading Ethylene Oxide Derivatives (EODs) in this report).
 - Power Alcohol (Bio Fuel), Industrial Gases, Natural Gum (Bio Polymers) etc.
- B. Ethyl Alcohol (Potable Spirits) and Extra Neutral Alcohol (ENA).
- C. Ennature Biopharma (Nutraceuticals)

The segment wise business share is indicated as below:-

Segment	Gross Revenue 2020-21 (₹ In Crores) (Domestic + Exports)	% Share
A. Chemicals	2,162	35.69
B. Ethyl Alcohol (Potable)	3,745	61.82
C. Nutraceuticals	151	2.49
TOTAL	6,058	100.00

Chemical Segment

Gross revenue in chemical segment has decreased from ₹ 2,727 Crores in FY 2019-20 to ₹ 2,162 Crores in FY 2020-21. This segment has contributed about 35.69% of the gross revenue of the Company.

FY	2018-19	2019-20	2020-21
Chemical Gross Revenue (₹ in Crores)	2,797	2,727	2,162

Glycols (Bio-Based)

Sales of Glycols [Monoethylene Glycol (MEG), Diethylene Glycol (DEG), Triethylene Glycol (TEG), Heavy Glycols and Glycols Ether] has decreased from 1,04,779 MT in FY 19-20 to 75,767 MT in FY 20-21 and resultantly, the sales value also decreased from ₹ 1,114 Crores to ₹ 1,024 Crores, respectively. In domestic market, the sales of MEG was restricted due to low prevailing MEG prices and realization. Also, some large key clients decided on reduced offtake of Bio-MEG and showed inclination to shift to recycled PET for their PET bottles. The Company is keeping a close watch on such developments and efforts are being made to develop new markets for growth of volumes in this segment. The sales was affected primarily in Glycol Ethers & Acetates segment due to surplus availability of low priced Butyl Glycol & PMA, in the International market.

Innovation is crucial at IGL and the Company introduced a range of disinfectants/ hygiene products under the Brand HandSantol® towards end of the last financial year. Not only did the Company offer sanitizers in multiple pack sizes for the Indian market under its brand but also manufactured premium quality sanitizers for major Indian brands such as HUL Lifebuoy, Diversey, Berger and Reliance Retail. The Company also started exporting Hand Sanitizers to the USA. It was also doing our bit as a socially responsible corporate in helping to deal with the global pandemic.

Ethylene Oxide Derivatives (EODs)

Sales under Ethylene Oxide Derivatives (EOD/Speciality Chemicals & Ethoxylate) business was decreased from 74,037 MT in FY 19-20 to 65,682 MT during FY 20-21 and whereas the sales value was registered as ₹ 756 Crores and ₹ 668 Crores, respectively.

Ethylene Oxide Derivatives produced by the Company are used by diverse industries like Textile, Agrochemicals, Detergents, Pharmaceuticals & Personal Care, Oil Field and Automotive industry, paint & coating industry etc.

In order to consolidate its position as one of the leading manufacturers and distributors of EOD products, the Company during the year under review, entered into a JV agreement with Clariant International Limited (“Clariant”) and IGL Green Chemicals Private Limited (“IGCPL”), a wholly owned subsidiary, for forming a 49:51 JV, wherein 49% shall be held by the Company and 51% shall be held by Clariant. The Company through JV intends to further increase its EOD business by developing new products and applications combining its synergies with Clariant in technology. For further details of the transaction, Board Report be referred.

Surfactants and Speciality Chemicals

In order to meet the requirements of various industry sectors, India Glycols has been developing specialty surfactants as well as specialty chemicals for niche applications. These products are sold based mainly on their performance.

Bio-Ethoxylates

The large MNCs in the Surfactants and Ethoxylates business are becoming more and more focused on products with bio/green origin. The international market of Bio-Ethoxylates is growing fast and offers a great opportunity for IGL to build new markets for its Bio-ethoxylates made from green EO. This market not only will be able to absorb larger volumes but also offer better realization.

Opportunities & Challenges

MEG consumption for the Polyester Industry for 2020-21 has been around 3.1 million tonne. The limiting factor in the growth was the lower demand in the market due to Covid, resulting in an overall growth of about 4-5 % in the Polyester Industry. There was addition of new capacities and expansion in the Polyester Film & POY segment leading to increased price competition in India. Globally, the continued trade restrictions imposed by China & US on each other and addition of around 2 Million capacity of MEG has further led to intense competition in price and easy availability of MEG stocks world over.

Domestic production of MEG was around 1.80 million tonne primarily from Reliance & IOC and the balance demand has been met through imports. Overall demand supply balance has not been favourable for MEG producers in the world market in 2020-21 with prices averaging around US\$ 550 during the financial year ended 31st March, 2021.

In order to ensure that the new products are delivered in time as per the needs of the customers, in the Pandemic times, the Company identified new growth areas and introduced new Disinfectants and Hygiene products. Several improvements in cost of many of our large-volume

products were done through process validation to improve yield, production efficiency and usage of alternative Raw Materials. In addition, multiple initiatives have been taken to develop more Green products to meet the rising demand of environment-friendly surfactants and specialty chemicals based on renewable resources.

We are promoting our Bio-based Glycols to potential customers who are keen on producing sustainable products from renewable resources and improve their carbon foot print in line with the Global UNSDGs (United Nations Sustainable Development Goals). We have converted this concept into a good business opportunity which will enable higher capacity utilisation with better realisation. The Company is also embarking upon manufacturing Amine based EO derivatives in the near future. This will further add to the diversified portfolio of the Company and will give a competitive edge.

Ethyl Alcohol (Potable Spirits) and Extra Neutral Alcohol (ENA)

During the year, your Company registered total sales value of ₹ 3,718 Crores as compared to ₹ 3,014 Crores last year in the Ethyl Alcohol (Potable) division. The Company has three state-of-the-art distilleries (Kashipur-Uttarakhand, Gorakhpur-Uttar Pradesh, and Saharanpur-Uttar Pradesh (through its subsidiary)) with a total distillery capacity of 280,000 KLPA for the production of ethyl alcohol, out of which, 80,000 KLPA is for potable alcohol. The Kashipur facility is considered one of the most efficient distilleries in the country. Apart from producing industrial alcohol for its captive consumption, IGL is also one of the biggest exporters of international quality ENA (Extra Neutral Alcohol). Due to the persistent efforts for export of high quality ENA, the Company has gained the position of a premium supplier of quality ENA in the international markets. The Company has been certified by CONTROLUNION, an International certifying agency, for “Bonsucro MB ‘Chain of Custody’ Standard” for ENA- Special Sprit. The year 2020-21 witnessed the spread of Covid-19 pandemic leading to higher demand for ENA for manufacture of sanitizers. The Company is proud to have supplied ENA to various well known hand sanitizer manufacturers and met the market requirement in the hour of crisis. This increased the price gap between green "petrochemicals" and conventional crude based petrochemicals and had a direct adverse impact on the business volume of Bio-MEG. Also there was some reduction in exports sales volume, due to low offtake by our Bio-MEG customers.

During the year under review, your Company has recorded export sales value of ₹ 645 Crores as compared to ₹ 747 Crores during last year. The Company continues to hold the 'Three Star Export House' status as granted by Government of India.

Independent Auditor's Report

TO THE MEMBERS OF INDIA GLYCOLS LIMITED

I. Report on the Audit of Standalone Financial Statements for the year ended 31st March, 2021

1. Opinion

A. We have audited the Standalone Financial Statements of **India Glycols Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to financial statements including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements").

B. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and its Profit, other comprehensive income, changes in equity and its cash flows for the year ended on that date.

2. Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

3. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to be communicated in our report.

4. Information Other than the Standalone Financial Statements and Auditor's Report thereon

A. The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information

included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Standalone Financial Statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

B. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

5. Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

A. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India including Indian Accounting Standards (Ind AS) specified under section 133 of company Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

B. In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are responsible for overseeing the Company's financial reporting process.

6. Auditor's Responsibilities for the Audit of the Standalone Financial Statements

- A. Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.
- B. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and

content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

- C. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- D. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- E. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

II. Report on Other Legal and Regulatory Requirements

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph II point 2 A (f) under “Report on Other Legal and Regulatory Requirements” section of our report to the members of India Glycols Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

Opinion

We have audited the internal financial controls over financial reporting of India Glycols Limited (“the Company”) as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, to the best of our information and according to the explanations given to us the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the “Guidance Note”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit

evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the standalone financial statements.

b) Contingencies

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

c) Allowance for uncollected accounts receivable and advances

Trade receivables and advances are stated at their transaction value as reduced by appropriate allowances for estimated irrecoverable amounts. Trade receivables and advances are written off on case to case basis when management deems them not to be collectible. Impairment is made on the expected credit losses, which are the present value of the cash shortfall over the expected life of the financial assets.

d) Insurance claims

Insurance claims are recognised when the Company have reasonable certainty of recovery. Subsequently any change in recoverability is appropriately adjusted for and give effect in the statement of profit and loss.

e) Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

f) Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

- 1) Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

Notes to Standalone Financial Statements

- 2) Fair value of borrowings from banks and other non-current financial liabilities, are estimated by discounting future cash flows using rates currently available for debt on similar terms and remaining maturities.
- 3) Other non-current receivables are evaluated by the Company, based on parameters such as interest rates, individual creditworthiness of the counterparty etc. Based on this evaluation, allowances are taken to account for the expected losses of these receivables.
- 4) The fair values of derivatives are calculated using the RBI reference rate as on the reporting date as well as other variable parameters.

Fair Value hierarchy

All financial assets and liabilities for which fair value is measured in the financial statements are categorised within the fair value hierarchy, described as follows:

Level 1 - Quoted prices in active markets.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF INDIA GLYCOLS LIMITED

I. Report on the Audit of Consolidated Financial Statements for the year ended 31st March, 2021

1. Opinion

A. We have audited the accompanying Consolidated Financial Statements of INDIA GLYCOLS LIMITED (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), its Joint venture, which comprise the Consolidated Balance Sheet as at March 31, 2021, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

B. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its Joint venture as at March 31, 2021, of its consolidated Profit and other comprehensive income, consolidated changes in equity and its consolidated cash flows for the year then ended.

2. Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the group and its joint venture in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Companies Act 2013, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

Emphasis of Matter

We draw attention to Note 48 of the Consolidated financial statements in respect of its one of the subsidiary namely Shakumbari Sugar And Allied Industries Ltd (SSAIL) continue to evaluate and explore options in consultation with expert(s) and stakeholders for restructuring/revival/disinvestments, hence the management of SSAIL consider it appropriate to

prepare Financial Statements on going concern basis despite negative net worth on the balance sheet date and we have relied upon the management representation in this regard.

Our opinion is not modified in respect of this matter on the consolidated financial statements for the year ended 31st March, 2021.

3. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to be communicated in our report.

4. Information Other than the Consolidated Financial Statements and Auditor's Report thereon

A. The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Consolidated Financial Statements and our auditor's report thereon. Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

B. In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

5. Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

A. The Holding Company's Board of Directors is responsible for the preparation and presentation of these Consolidated Financial Statements in term of the requirements of the Companies Act, 2013 (the Act) that give a true and fair view of the consolidated financial position, Consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group and its joint venture in accordance with the other accounting principles generally accepted in India including Indian Accounting Standards (Ind AS) specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group and its joint venture are responsible for maintenance

of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

B. In preparing the Consolidated Financial Statements, the respective Board of Directors of the companies included in the Group and its joint venture are responsible for assessing the Group's ability and its joint venture to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the group and of its Joint venture are also responsible for overseeing the financial reporting process of the Group and its Joint venture.

6. Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

A. Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

B. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

i) Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions,

misrepresentations, or the override of internal control.

ii) Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

iii) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

iv) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

v) Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

vi) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and jointly controlled entities to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

C. We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

- D. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- E. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

II. Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit we report to the extent applicable that:

- A. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- B. In our opinion, proper books of account as required by law have been kept so far as it appears from our examination of those books;

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in point F of paragraph II under "Report on Other Legal and Regulatory Requirements" section of our report to the members of INDIA GLYCOLS LIMITED of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") Opinion

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended March 31, 2021, we have audited the internal financial controls over financial reporting of INDIA GLYCOLS LIMITED (hereinafter referred to as "Holding") and its subsidiaries company, which are incorporated in India as of that date.

In our opinion to the best of our information and according to the explanations given to us, the Holding and its subsidiaries company, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the

criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control over Financial Reporting issued by the Institute of Chartered Accountants of India.

Emphasis of Matter

We draw attention to Note 48 of the Consolidated financial statements in respect of its one of the subsidiary namely Shakumbari Sugar And Allied Industries Ltd (SSAIL) continue to evaluate and explore options in consultation with expert(s) and stakeholders for restructuring/revival/disinvestments, hence the management of SSAIL consider it appropriate to prepare Financial Statements on going concern basis despite negative net worth on the balance sheet date and we have relied upon the management representation in this regard.

Our opinion is not modified in respect of this matter on the consolidated financial statements for the year ended 31st March, 2021.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding and its subsidiaries company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI) (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding and its subsidiaries company, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their

operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

- (c) **Commodity Price risk:** The Company is affected by the price volatility of certain commodities. Its operating activities require the purchase of raw material therefore, requires a continuous supply of certain raw materials. To mitigate the commodity price risk, the Company has an approved supplier base to get competitive prices for the commodities and to assess the market to manage the cost without any compromise on quality.

(ii) **Credit Risk:**

Credit risk refers to risk that a counter party will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, Inter Corporate deposit, derivative financial instruments, other balances with banks, loans and other receivables. The Company's exposure to credit risk is disclosed in Note 7, 8, 11, 14 & 15.

Credit risk arising from investment derivative financial instruments and other balances with banks is limited and there is no collateral held against these because the counter parties are banks and recognised financial institutions with high credit ratings.

The Company applies expected credit losses (ECL) model for measurement and recognition of loss allowance on the following:

i. Trade receivables

ii. Financial assets measured at amortized cost (other than trade receivables)

In case of trade receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognized as loss allowance.

Notes to Consolidated Financial Statements

Financial assets measured as at amortised cost: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the company does not reduce impairment allowance from the gross carrying amount.

- (iii) **Liquidity Risk:** Liquidity risk is the risk, where the company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The following methods and assumptions were used to estimate the fair values:

- 1) Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- 2) Fair value of borrowings from banks and other non-current financial liabilities, are estimated by discounting future cash flows using rates currently available for debt on similar terms and remaining maturities.
- 3) Other non-current receivables are evaluated by the Company, based on parameters such as interest rates, individual creditworthiness of the counterparty etc. Based on this evaluation, allowances are taken to account for the expected losses of these receivables.
- 4) The fair values of derivatives are calculated using the RBI reference rate as on the reporting date as well as other variable parameters.

Fair Value hierarchy

All financial assets and liabilities for which fair value is measured in the financial statements are categorised within the fair value hierarchy, described as follows: -

Level 1 - Quoted prices in active markets.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly.

Level 3 - Inputs that are not based on observable market data.
