MANAGEMENT DISCUSSION AND ANALYSIS REPORT

1. Industry Structure and Development

The Company is engaged in manufacturing and marketing of welded and seamless steel tubes of different sizes and specifications and Cold Formed Coupling Nuts. These products are mainly supplied to the Original Equipment Manufacturers (OEMs) of the Automotive sector, Farm Equipment manufacturers, Construction equipment manufacturers, Refrigerator manufacturers and other Engineering Industries. Market conditions continued to be challenging on account of deficient monsoon resulting in depressed rural economy which particularly severely affected sectors like Farm Equipments, 2 wheelers etc. Some revival was noticed in commercial vehicles segment.

The Company is also operating in Power Sector through Windmills installed in Maharashtra and Gujarat in a modest way.

2. Opportunities & Threats

Opportunities:

Forecast of favourable monsoon has definitely given hope of growth in some major sectors. Construction equipment sector is also expected to grow after a long lull on account of several infrastructure projects going on stream and Government's focus on investments in infrastructure. Lowering of interest rates also will increase demand and your Company expects healthy growth in near future

Threats:

Growth in economy has invariably lead to increase in inflation and consequential increase in interest rates. High inflation is a major threat to continuous period of growth.

Tightening of emission norms could see change in technology and could impact demand for Company's products.

3. Product wise Performance

Product wise classification and their contribution to total sales are as under:

Sr. No.	Product	2015-16	2014-15
1.	Welded Tubes	20.63%	21.29%
2.	Seamless Tubes	71.80%	71.29%
3.	Cold Formed Nuts	6.27%	5.80%
4.	Wind Power	1.30%	1.62%
	Total	100.00%	100.00%

4. Outlook

Improvement in global economy, hopefully a good monsoon and stable political environment in the country should improve investment climate in India which is likely to improve demand for our products in near future.

5. Risk and Concerns

Government of India is considering imposing of an Anti-dumping duty on imports of Seamless Steel Pipes imported from China. This may lead to increase in cost of raw materials. Increase in labour cost and possible increase in fuel cost may result in increased manufacturing cost. Competition from country like China particularly in Refrigerator segment could result in lower margins.

The Company evaluates and monitors all risks associated with various areas of operations such as production, sales, inventory management, debtors management, insurance, legal and other issues like safety and environment with a view to mitigate the adverse impact of the risk factors.

6. Internal Control Systems

The Company has an internal control system in place which is commensurate with the size and nature of its business. The internal control system ensures that all the assets of the Company are safeguarded from loss, damage or disposition. Checks and controls are in place to ensure that transactions are adequately authorized and recorded and that they are reported correctly. The internal control system is supplemented by an extensive programme of internal audit by a firm of independent Chartered Accountants and external statutory audit which is periodically reviewed by the management and Audit Committee.

The Audit Committee of the Board regularly reviews compliance with the Company's policies, procedures and statutory requirements in consultation with the Statutory Auditors and the Internal Auditors, who also attend the Audit Committee meetings.

7. Financial Performance with respect to Operational Performance

Sales and Profit:

During the year, Net Sales has marginally increased by approximately 0.50% and increase of 20.90% was seen in the Operating Profit.

Capital Investment:

Capital Investment of ₹. 118.80 lacs were made during the year. The entire capital investment has been made out of the Company's internal cash accruals. The capacity expansion and modernization of existing plant for manufacture of Cold Drawn Seamless Steel Tubes which commenced in the year 2013-14 is now complete and the company is now ready to cater to increased demand expected in near future.

8. Human Resources and Industrial Relations

Industrial relations were harmonious throughout the year. The Company also provides suitable environment for development of leadership skills which enables it to recruit and retain quality professionals in all the fields.

Safety, Health and Environment (SHE) Management

Safety: Your Company continues to adopt best safety practices which has resulted into a reduced accident and severity rate. The initiation of new personnel in SHE practices before their deployment to the shop floor contributed to a significant reduction in unsafe practices. This is progressively taking the Company towards achieving the target of Zero Accidents. Regular safety inspection of plant and machinery is carried out to mitigate hazards by terminating the hazard at source by technology up gradation and treating the hazards against exposure to personnel by implementing engineering controls.

Cautionary Statement

Statements in this Management Discussion and Analysis describing the Company's objectives, projections, estimates and expectations are "forward looking statement" within the meaning of applicable laws and regulations. Actual results might differ materially from those either expressed or implied.

Annexure “B” to The Independent Auditor’s Report

(Referred to in Paragraph 2(f) under the heading of "Report on Other Legal and Regulatory Requirements" of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”).

We have audited the internal financial controls over financial reporting of Gandhi Special Tubes Limited (“the Company”) as of March 31, 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized

acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
