Gurugram, July 26, 2025

Whirlpool of India Limited, today announced operating results for the first quarter of FY 2025-26. Consolidated Revenue from Operations was at **Rs. 2,432 Cr, lower by 2.6% vs LY**. Despite a very significant decline in industry of air conditioners and refrigerators in Q1 2025-26 versus year ago due to a poor summer and onset of early monsoon that affected all players, Whirlpool was able to actually grow profits by keeping its volume decline minimal via continuing to gain market shares in the refrigerator and washer category in April-May and through outstanding cost control behind its P4G program. Whirlpool's April-May market share gain was driven by continued focus on executional excellence, new product innovations and ROI based investments which strategy has been working for the past several quarters. Consolidated EBITDA was at **Rs. 211.1 Cr, up by 0.1% vs LY** (operational EBITDA +11.2% vs LY before the additional provision of Rs 23.3 Cr vs LY on account of new E-Waste regulations). Our productivity actions driven by the P4G program led to improvement in material cost by ~+130 bps. The improvement in gross contribution was partially offset by E-Waste additional price upcharge provision. Our consolidated EBITDA % improved by 30 basis points vs LY. Consolidated PBT was at **Rs. 196.4 Cr, up by 0.3% vs LY and Consolidated PAT at Rs. 146.1 Cr up by 0.6% vs LY**.

For Q1 ended 30th Jun 2025, Standalone Revenue from operations was at **Rs 2,317.5 Cr, lower by 2.8% vs. LY**, Standalone EBITDA was at **Rs. 194.7 Cr, up by 0.7% vs LY** (operational EBITDA +12.6% vs LY before the additional provision of Rs 23 Cr vs LY on account of new E-Waste regulations), Standalone PBT was at **Rs. 181.6 Cr, up by 0.4% vs LY** (PBT up by +13.1% vs LY before the impact of new E-waste regulations) and Standalone PAT was at **Rs. 135.1 Cr, up by 0.8% vs LY**.
