MANAGEMENT DISCUSSION AND ANALYSIS

Management Discussion and Analysis Report for the year under review was stipulated under Regulation 34(2)(e) of SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015, is presented as under.

a) Acrylic Fibre Industry – Global and Indian Perspective

Your Company is producing and selling Acrylic Fibre & Acrylic Yarn and cater to Textile Industry. The textile industry plays a vital role in the Indian economy. It is one of the largest employers, providing employment to over 45 million people. The sector contributes around 14% to the country's GDP and is also a major source of foreign exchange earnings.

The textile industry is an important part of the Make in India initiative as it has a huge potential for growth and job creation. The government has taken several steps to promote the sector, including providing financial assistance and subsidies, setting up special economic zones, and simplifying regulations.

It is critical for India's development as it generates vast amounts of revenue and provides employment to millions of people. The sector holds great potential for further growth and can play a significant role in achieving the government's development goals.

Current outlook of the global and Indian textile & apparel industry

As per the market estimates, overall demand in India of Acrylic fibre has decreased this year also approx. 10% over previous year. Textile Industry in the year has been hit badly by continuous dumping by foreign suppliers.

The import of Acrylic Fibre into India have increased during the year and local Industry has faced challenge of sale and margins due to increased imports. The surplus capacity in China, Thailand and Peru due to their lower sales prompted them to push their surplus materials into Indian Market this year.

The export of Acrylic fibre from India has decreased this year. Company exported 1918 MT of acrylic fibre and 1400 MT of Acrylic yarns as against export of 4173 MT fibre and 2182 MT yarn during last year. The overall exports from India has decreased during this year.

Production & Sales of Acrylic Yarn have gone down during the year as huge imports of knitted goods and hair yarn have landed this year at undervalued prices affecting local producers in India adversely. This material is coming at undervalued rates and substituting demand of domestic industry of Acrylic yarn. The erosion of demand and margins is being suffered across yarn spinning & knitted goods industry also. Government has taken steps of fixing minimum import price and testing of imported materials to stop undervalued imports. This is positive step for improving demand of domestic yarn spinners. This was valid upto 30.09.2024. Government has further extended validity of minimum import price notification of Knitted Fabrics upto 31.12.2024.

In the Union Budget announced on 01.02.2025, the tariff rate has been revised from 10%/ 20% to 20% or Rs.115 per kg, whichever is higher" on knitted fabrics. The revised duty rate will help in reduction of huge quantity of Import of Fabrics coming from China at undervalued prices and increase of local demand Acrylic Yarn by Indian knitted fabric producers.

The Forum of Acrylic Fibre (FAFM) has taken up with the Govt. for levy of anti dumping duty against import of Fibre from Thailand, China and Peru. The Government (DGTR, Commerce Ministry) has initiated investigation and issued notification on 30.06.2024. DGTR has completed ORAL HEARING on 21.01.2025 and 23.05.2025 giving opportunity to all stakeholders. This application is under process with DGTR for final findings and relief dumped imports by imposing anti-dumping duty.

Business Outlook

Indian GDP growing strongly and domestic demand likely to increase in the range of 3-5% in the current year. The focus of the Company is to increase sale of fibre as well as yarn in export markets of African region and South American markets and service domestic customers with vast range of products mix. The recently started trade war by USA and increase tariff may cause temporary trade disruptions and increased risk of dumping from foreign suppliers.

Internal Control Systems and Their Adequacy:

Your Company has a well-designed Internal Audit programme and dedicated team for independent review of all systems, procedures and financial controls of the Company to bring in the best industry practices, compliance with internal systems & procedures and statutory laws. The Company's overall internal control system is adequate given size and nature of operations. All important issues are regularly presented to the Audit committee of the Company. Senior management of your Company places emphasis on taking proper actions on the significant issues, findings and recommendations of internal audit, and systems are strengthened appropriately.

Internal Financial Controls: The Company has in place adequate internal financial controls with reference to financial statements. During the year, such controls were tested and no reportable material weaknesses in the design or operation were observed.

a) Management Perception Of Risk & Concerns:

Risk Management

The Risk Management Committee ensures compliance of all the fiscal, industrial, labour and environments laws by using adequate internal control measures and through regular monitoring by the respective departmental heads in the company.

The following table gives the key risks faced by the Company, and the steps taken to mitigate the same:

Key Risks	Impact on IAL	Mitigation
Global Economic Scenario	Spending on clothing have shown strong correlations with GDP Growth. The ongoing Trade War between USA and China alongwith high tariff and Uncertain economic outlook in major world economies can impact the consumer spending on clothing and thereby constrain the demand growth of acrylic fibre.	-Well diversified customer base across different geographical locations and across different end uses of fibre -Target newer markets which might provide counter-cyclical support
Adverse change in Govt. Policy	Any sudden action by the Government to allow duty free imports of acrylic fibre in India under free trade agreements without corresponding reduction in the duties on raw materials can impact the company as there are no local producers and company is dependent on imports for its main raw materials	-Increasing exports share in the turnover of the company by investing in newer markets development

Currency Volatility	Volatility in currency exchange movements resulting in sudden transaction and translation exposure	-Currency hedging policy and practices in place -Hedging strategy monitored by risk management committee through regular reviews.
Crude Oil volatility	Volatility in crude oil prices resulting in sudden spurt or plunge of raw materials prices	-Increasing value added products in the product mix. -Inventory exposure monitored by risk management committee through regular reviews
Dumping of fibre	Large scale dumping by certain countries in India can impact the domestic sales	-Investing in the new products by in-house R & D for new yarn varieties. -Increasing exports sales by developing the new export markets

As such, the Company is monitoring and taking steps to mitigate the risks, if any, which may threaten the existence of the Company.

Responsibilities of Management and Board of Directors for the Standalone Financial Statements

Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, including other comprehensive income/loss, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to

the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". to its directors during the year is in accordance with the provisions of section 197 of the Act.

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The Company has not declared/paid any dividend during the year.

vi. Based on our examination, which included test checks, the Company has used accounting software systems for maintaining its books of account for the financial year ended March 31, 2025 which have the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to be communicated in our report.

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements, Standalone Financial Statements and our auditor's report thereon.
- Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated

in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, including other comprehensive income/loss, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Stan-

Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

1. CORPORATION INFORMATION

Indian Acrylics Limited (the Company) is a public limited Company registered in India under the Companies Act 2013 (erstwhile Companies Act 1956). Its Shares are listed on Bombay stock Exchange. The Company is a leading manufacturer of Acrylic Fiber, Acrylic Tow and wide range of Acrylic yarn.

2. SIGNIFICANT ACCOUNTING POLICIES

i) Basis of Preparation

The financial statements have been prepared in accordance with Indian Accounting Standards ('IND AS') notified under section 133 of the Companies Act 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015.

For all the periods up to and including the year ended 31 March, 2025, the Company prepared its financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013, read together with Rule 7 of the Companies (Accounts) Rules, 2014 ('Previous GAAP').

The Standalone financial statements have been prepared under the historical convention, on the accrual basis of accounting except for certain financial assets and financial liabilities that are measured at fair value at the end of each reporting period, as stated in the accounting policies below. The accounting policies have been applied consistently over all the periods presented in the Standalone financial statements.

The accounting policies have been consistently applied by the Company and except for the changes in accounting policy discussed more fully below, are consistent with those used in the previous year.

ii) The preparation of the financial statements in conformity with IND AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made. Differences between actual results and estimates are recognized in the period in which the results are known/materialized.

iii) REVENUE RECOGNITION

Revenue is recognized to the extent that it is probable that economic benefits will flow to the Company and the revenue can be reliably measured.

INDIAN ACRYLICS LIMITED

A. SALE OF GOODS

Revenue from sale of goods is recognized when the significant risks and rewards of ownership in the goods are transferred to the buyer of goods as per the terms of contracts, the Company retains no effective control of the goods transferred to a degree usually associated with the ownership and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods. The Company collects GST on the behalf of the Government and therefore these are not economic benefits flowing to the company. Hence they are excluded from Revenue.

B INTEREST:

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

C Duty drawback and export incentives

Income from duty drawback and export incentives is recognized on an accrual basis.

iv) PROPERTY PLANT AND EQUIPMENT:

Fixed Assets are stated at cost less depreciation. Cost of acquisition or construction is inclusive of duties, taxes and other incidental expenses. Cenvat credit available is deducted from cost of fixed assets.

Capital work-in-progress includes advances paid for purchase of Fixed Assets, preoperative expenses pending capitalization, and capital work in progress. As per practice, expenses incurred on modernization / debottlenecking of plant are capitalised.

v) DEPRECIATION:

Depreciation is provided as per rates specified in Schedule II of the Companies Act, 2013 as per details given below:

S.No.	Name of Asset	
1.	Building & Tube well	SLM Basis
2.	Plant & Machinery (Modified Cotton)	SLM Basis
3.	Plant & Machinery	WDV Basis
4.	Other Assets (Vehicles, Furniture & Fixture)	WDV Basis
5.	Intangible Assets	SLM Basis

The plant being a continuous process plant, so rates of depreciation as applicable to continuous process Industry have been applied.

vi) INVENTORIES:

- The cost in respect of various items of inventories are computed as under: -
- In case of raw materials stores and spares at weighted average cost plus direct expenses.
- In case of work in process at raw material cost plus conversion expenses depending upon stage of completion.
- In case of finished goods at raw materials cost plus conversion cost, packing cost and other overheads to bring the goods to present condition and location.
- Raw material and other stocks lying at port pending clearance at cost inclusive of custom duty actually paid. The custom duty payable on material lying into bond is accounted on clearance for home consumption.

vii) BORROWING COST

Borrowing costs that are directly attributable to acquisition, construction or production of a qualifying asset are capitalized/inventoried as part of cost of such assets till such time the asset is ready for its intended use/or sale. Qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are expensed in the period in which they are incurred.

viii) LEASES

Leases under which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease, whichever is lower. Lease under which the risks and rewards incidental to ownership are not transferred to lessee is classified as operating lease. Lease payments under operating leases are recognized as an expense on a straight line basis in net profit in the statement of profit and loss over the lease term.

ix) RETIREMENT BENEFITS:

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The gratuity plan in Company is funded through annual contributions to Life Insurance Corporation of India (LIC) under its Company's Gratuity Scheme whereas others are not funded. The liability or asset recognized in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of government bonds. Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to equity in other comprehensive income in the period in which they arise. They are included in retained earnings in the statement of changes in equity and in the balance sheet. Past-service costs are recognized immediately in profit or loss. Gratuity and earned leave encashment has been provided for in the books of accounts on actuarial valuation basis as at the end of the year.

The foreign currency transactions are recorded, on initial recognition in the functional currency, by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction. The foreign currency monetary items are translated using the closing rate at the end of each reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency shall be translated using the exchange rate at the date of the transaction. Exchange differences arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition during the period or in previous financial statements shall be recognized in profit or loss in the period in which they arise.

INDIAN ACRYLICS LIMITED

xi) Sensitivity Analysis:

Gratuity is a lump sum plan and the cost of providing these benefits is typically less sensitive to small changes in demographic. The key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate and (DBO) at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 100 basis points.

Particulars	As at March 2025 Rs in Lakhs		As at March 2024 Rs in Lakhs	
	Discount Rate	Salary Escalation Rate	Discount Rate	Salary Escalation Rate
Impact of Increase in 100 bps on DBO	(65.01)	67.48	(61.24)	71.23
Impact of Decrease in 100 bps on DBO	75.43	(65.13)	71.04	(62.61)

These sensitivities have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the accounting date. There have been no changes from the previous periods in the methods and assumptions used in preparing the sensitivity analysis.

The average duration of the benefit obligation at 31st March 2025 is 7.14 years, (as at 31st March 2024: 6.94 years)

12. LEASES:

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the Consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is

sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the Consolidated financial statements, including the disclosures, and whether the Consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- f) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the Consolidated financial statements of which we are the independent auditors. For the other entities included in the Consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding

independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

To Independent Auditor's Report- 31st March 2025 on the Consolidated Financial Statements

(Referred to in Paragraph 9 of our Report of even date)

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("The Act")

1. In conjunction with our audit of the consolidated financial statements of Indian Acrylics Limited ("the Holding Company") as of and for the year ended 31st March 2025, we have audited the internal financial controls over financial reporting of the Holding Company and its subsidiary company incorporated outside India as of that date.

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Holding Company and its subsidiary company, are responsible for establishing and main-

taining internal financial controls based on the internal controls over financial reporting criteria established by the Holding Company and its subsidiary company incorporated outside India considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Holding Compa-

ny's and its subsidiary company's incorporated outside India, internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Notes require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial control over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risks that material weakness exists, and testing and evaluating the design and operating effectiveness of the internal control based on the assessed risk. The procedure selected depend on the auditor's judgement, including the assessment of the risks of material misstatements of the Consolidated Financial Statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained in our audits is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's and its subsidiary company's incorporated outside India, internal financial controls system over financial reporting.

Meaning of Internal financial controls over financial reporting

6. A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting includes those policies and procedures that (1.) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company (2.) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated Financial Statements in accordance

with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorization of management and directors of the company ; and (3.) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Consolidated Financial Statements.

Inherent Limitation of Internal financial controls over financial reporting

7. Because of the Inherent limitation of internal financial controls over financial reporting, including the possibility of collusion or improper management over-ride of controls, material misstatements due to error or fraud may occur and not be detected. Also, projection of any evaluations of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Holding Company and its subsidiary company incorporated outside India, have, in all material respects, an adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31st, 2025 based on the internal financial controls over financial reporting criteria established by the Holding Company and its subsidiary company incorporated outside India, considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

viii) The retirement age has been uniformly taken as 58 years.

ix) The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

x) The discount rates have been determined by reference to market yields as on 31st march 2025 on CG Secs of currency and term consistent with those of liability obligations.

xi) Sensitivity Analysis:

Gratuity is a lump sum plan and the cost of providing these benefits is typically less sensitive to small changes in demographic. The key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate and (DBO) at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 100 basis points.

Particulars	As at March 2025 Rs in Lakhs		As at March 2024 Rs in Lakhs	
	Discount Rate	Salary Escalation Rate	Discount Rate	Salary Escalation Rate
Impact of Increase in 100 bps on DBO	(65.01)	67.48	(61.24)	71.23
Impact of Decrease in 100 bps on DBO	75.43	(65.13)	71.04	(62.61)

These sensitivities have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the accounting date. There have been no changes from the previous periods in the methods and assumptions used in preparing the sensitivity analysis.

The average duration of the benefit obligation at 31st March 2025 is 7.14 years, (as at 31st March 2024: 6.94 years)

12. LEASES:
