ABOUT VIPPY SPINPRO LIMITED

Your Trusted Open End (OE) Cotton Yarn Spinning Partner since 1992 situated in Dewas (Madhya Pradesh), Vippy Spinpro Limited has been a prominent player in the cotton yarn spinning industry. We take immense pride in our state-of-the-art Open End Cotton yarn spinning unit, which consistently produces approximately 35 tons of high-quality yarn per day.

We don't just stop at producing conventional yarn, we specialize in the production of waxed yarn, slub yarns, low twist yarns, soft yarns, contamination free yarn & contamination controlled yarn catering to the evolving demands of the textile industry. Our commitment to innovation drives us to develop yarns that inspire creativity and meet the unique requirements of our valued customers.

With more than 3 decades of experience and a customer-centric approach, Vippy Spinpro Limited has become a trusted partner for textile manufacturers worldwide. We are dedicated to delivering consistent quality, prompt service, and technical expertise that exceed expectations.

OUR INFRASTRUCTURE

**Giving Back to Society:**

We are committed to fulfilling our social responsibilities through impactful initiatives that benefit both people and the environment. Sustainability, ethics, and community support are core to our values. Our CSR efforts focus on grassroots education for children and uplifting social norms to build a better future.

Use of Renewable Energy:

Your Company is committed to build business with save energy and save environment. In line of this we have utilized approx. 2392574 Units generated from Green energy Sources (Solar & Wind) which accounts for 13.25% of our total utilization in FY 24-25. Thereby reducing the reliance on conventional sources of energy and minimising carbon emissions.

**Rainwater Harvesting:**

Your Company is committed to the sustainable use of all natural resources and minimizes waste at source and recycles where possible. Considering the scarcity of natural resources, the Company continues to maintain "Rain Water Harvesting System" at the factory premises at Dewas. The 20628 sq. meters of roof area has been covered under the rain water harvesting and approx. 22752.50 cubic meters of water has been collected at factory premises at Dewas, resulting in saving water and recharging of ground water consequently.

Social Concern:

Every year, in memory of the late founder Shri Prakash Mutha, the company has been involved in inspiring activities to honour his legacy. The company has provided financial assistance to deserving students with exceptional academic achievements to support their education. In the current year, a total of 103 students have been selected to receive this benefit, which has helped them pursue their academic goals.

By providing such assistance, the company has demonstrated its commitment to education and its belief in the power of knowledge to transform lives. This initiative not only honours the legacy of the late founder but also serves as a testament to the company's values and its dedication to making a positive impact on society.

Strategically driving business growth:

At Vippy Spinpro Limited, we remain committed to building a sustainable growth trajectory through strategic initiatives and meaningful engagement with the wider industry ecosystem. In alignment with this vision, our Sales and Technical teams led by Managing Director proudly represented the company at the prestigious **Bharat Tex Event (India's largest textile event)** where India's rich textile heritage meets modern innovation, setting the stage for global textile leadership. As the world's youngest and largest global textile show, it's a platform for forging partnerships and driving economic growth, held at Bharat Mandapam, New Delhi in February 2025.

This high-profile event brought together leaders, innovators, and decision-makers from across the nation to discuss emerging business trends, policy frameworks, and technological advancements. Our participation was a strategic step towards expanding our professional network, exploring collaborative opportunities, and reinforcing our market presence.

The event served as a valuable platform for our team to engage with new stakeholders, discuss the future of textile manufacturing, and present our innovative solutions tailored to meet evolving market demands. It also provided us with critical insights into industry developments that will guide our approach to product innovation and customer-centric service delivery.

- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

A) Login method for e-Voting and joining virtual meeting for Individual shareholders holding securities in demat mode

In terms of SEBI circular dated 09th December, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

ITEM NO. 6

This explanatory statement is provided in accordance with Regulation 36(5) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"). In accordance with the provisions of Section 204 and other applicable provisions of the Companies Act, 2013, read with Rule 9 of the Companies (Appointment & Remuneration of Managerial Personnel) Rules, 2014 (including any statutory modification(s) or re-enactment(s) thereof, for the time being in force) ("the Act"), every listed company and certain other prescribed categories of companies are required to annex a Secretarial Audit Report, issued by a Practicing Company Secretary, to their Board's report, prepared under Section 134(3) of the Act.

Furthermore, pursuant to recent amendments to Regulation 24A of the SEBI Listing Regulations, every listed entity is required to conduct a Secretarial Audit and annex the Secretarial Audit Report to its annual report. Additionally, a listed entity must appoint a Secretarial Audit firm for a maximum of two terms of five consecutive years, with shareholder approval to be obtained at the Annual General Meeting.

Accordingly, based on the recommendation of the Audit Committee, the Board of Directors has approved the appointment of M/s. Shilpesh Dalal & Company, Company Secretaries, as the Secretarial Auditors of the Company for a period of five years, commencing from April 1st, 2025, to March 31st, 2030. The appointment is subject to shareholders' approval at the Annual General Meeting

While recommending Shilpesh Dalal & Company for appointment, the Board and the Audit Committee evaluated various factors, including the firm's capability to handle a diverse and complex business environment, its existing experience in the Company's business segments, its industry standing, the clientele it serves, and its technical expertise. Shilpesh Dalal & Company was found to be well-equipped to manage the scale, diversity, and complexity associated with the Secretarial Audit of the Company.

Shilpesh Dalal & Company have given their consent to act as a secretarial Auditor of the company and confirmed that their aforesaid appointment would be within the limits specified by Institute of company Secretaries of India.

Shilpesh Dalal & Company is a peer reviewed firm bearing certificate Number (1833/2022) registered with the Institute of Company Secretaries of India having Firm Registration Number: (F-5316) firm of Practicing Company Secretaries, Indore Madhya Pradesh.

The terms and conditions of Shilpesh Dalal & Company's appointment include a tenure of five years, from April 1st 2025, to March 31st, 2030. The fixed remuneration for the Secretarial Audit for the year 2025 is set at ₹75,000/- (Rupees Seventy Five Thousand only), plus applicable taxes and other out-of-pocket costs incurred in connection with the audit. The proposed fees are determined based on the scope of work, team size, industry experience, and the time and expertise required by Shilpesh Dalal & Company to conduct the audit effectively.

The Board of Directors recommends the resolution for approval by the Members, as set out at Item No. 6 of the Notice. None of the Directors, Key Managerial Personnel (KMP), or their relatives have any financial or other interest in the proposed resolution.

In term of the provision of Section 135 of the Companies Act, 2013 and the Companies (Corporate Social Responsibility Policy) Rules, 2014 ('CSR Rule'), the Company has formulated and adopted this Corporate Social Responsibility ('CSR') Policy.

The CSR Policy shall be guided by The Company's corporate philosophy of respect for the individual and the society at large.

Section 135 of the Companies Act, 2013 read with Companies (Corporate Social Responsibility Policy) Rules, 2014, requires the Company to constitute a CSR Committee of Directors, adopt a CSR Policy, spend at least 2% of its average net profit made during the immediately preceding three financial years towards CSR activities as set out in Schedule VII to the Companies Act, 2013 and confirm compliance thereof in the Annual Report.

Accordingly, the Board of Directors at its Meeting held on 14th May, 2021 review approved and update the Company's CSR Policy.

2. CSR OVERVIEW

"Corporate Social Responsibility" (CSR) is a way of conducting business, by which corporate entities visibly contribute to the social good. The essence of CSR is to integrate economic, environmental and social objectives with the company's operations and growth. CSR is the process by which an organization thinks about and evolves its relationships with society for the common good and demonstrates its commitment by giving back to the society for the resources it used to flourish by adoption of appropriate business processes and strategies.

The main objective of CSR policy is to make CSR a key business process for sustainable development of society. In its endeavors to mutually achieve the said objective, the Act stipulates the provisions regarding mandatory adherence to the Corporate Social Responsibility practices by the prescribed classes of companies.

3. OBJECTIVE

Corporate Social Responsibility is a form of corporate self-regulation integrated into a business model. Therefore, the Policy will function as a built-in, self-regulating mechanism whereby the business will monitor and ensure its active compliance with the spirit of law, ethical standards and national norms.

**MANAGEMENT DISCUSSION AND ANALYSIS REPORT****ECONOMY-OVERVIEW**

IMF January 2025 World Economic Outlook Update projects that global growth is projected at 3.3 percent in 2025 and 3.3 percent in 2026, with the 2024 forecast remain unchanged than that predicted in October 2024 World Economic Outlook but below the historical average of 3.7 percent, with elevated central bank policy rates to fight inflation, a withdrawal of fiscal support amid high debt weighing on economic activity, and low underlying productivity growth. Inflation is falling faster than expected in most regions, in the midst of unwinding supply-side issues and restrictive monetary policy. Global headline inflation is expected to fall to 4.2 percent in 2025 and to 3.5 percent in 2026, with the 2026 forecast revised down.

INDUSTRY STRUCTURE AND DEVELOPMENT

The global textile market grew from \$640.43 billion in 2024 to \$ 696.16 billion in 2025 at a compound annual growth rate (CAGR) of 8.7%. The textile market size is expected to see strong growth in the next few years. It will grow to \$915.96 billion in 2029 at a compound annual growth rate (CAGR) of 7.1%.

The growth in the forecast period can be attributed to global population growth and urbanization, a rapid growth in ecommerce, rising spend on leisure, increasing retail penetration, increasing internet penetration and smartphone usage and growing preference for contactless delivery solutions.

Major trends in the forecast period include focus on adopting digital textile printing inks, focus on use of non-woven fabrics, focus on using organic fibers, focus on sustainable fibers, focus on using block chain in the manufacturing processes, focus on implementing digital platforms in textile supply chain management, focus on collaborating with technology companies to design and develop smart fabrics, focus on adopting robotics and automation, focus on investing in artificial intelligence and focus on partnerships and collaborations to develop innovative products.

OPPORTUNITY AND THREATS**Opportunity**

The 'Make In India' campaign, attracting investment and new manufacturing opportunities, also ensures constructive government provisions for the development of textile trade and manufacturing.

The Union Ministry of Textiles is more active in developing the textile industry, by constant coordination with business owners of this sector. For textile sector the annual budget has been kept at Rs. 5272 cr. in 2025-26, which was Rs. 4417.03 cr. in 2024-25 marking a 19% increase from the previous year. This funding aims to address longstanding challenges and unlock new growth opportunities within the industry.

Government has approved setting up of Seven Pradhan Mantri Mega Integrated Textile Region and Apparel (PM MITRA) Parks in Greenfield/Brownfield sites with an outlay of Rs 4,445 crore for a period of seven years up to 2027-28. Additionally, INR 1,148 Cr has been allocated for the PLI Scheme to boost domestic manufacturing and exports, while INR 635 Cr for the Amended Technology Up gradation Fund Scheme (ATUFS) supports modernization and efficiency in textile machinery.

Also, the E-commerce market, increasing demand for online shopping is expected to drive the textile manufacturing market. Manufacturers can now sell their products on a larger platform than before, which will increase their customer base geographically, driving the growth of the textile manufacturing market.

"This is a watershed moment, when India is aspiring to capture a higher share in global imports of apparels owing to the enhanced trust that global brands are placing on India. This is the opportune time for the country to leverage it in terms of export growth, as reputed global buyers or retailers or chain stores are looking for alternatives because of China plus one factor and the Bangladesh crisis," says Sudhir Sekhri, Chairman, Apparel Export Promotion Council (AEPCC). The AEPCC budget demands are also driven by the ongoing political crisis in Bangladesh, which has prompted global retailers to diversify their supply chains and seek alternative suppliers, presenting an opportunity for India's textile industry to fill the gap.

**Threats**

Global cotton prices face growing pressure as synthetic fibers, led by polyester, dominate the global textile industry. Cotton consumption is forecast at 115.2 million bales for 2024-25, significantly below previous highs, as synthetic and cellulosic fibers outpace cotton in both production and affordability. China leads in synthetic fiber exports, accounting for nearly 70% of global supply, which highlights its dominance in textile manufacturing. While the U.S. and Brazil remain key exporters, cotton production struggles to grow due to competition from other crops and price constraints. Market forecasts predict stagnating demand and flat prices, leaving the industry to navigate challenges from its synthetic counterparts.

Key Highlights

- # Cotton consumption expected to be stable at 115.2 million bales in 2024-25.
- # Synthetic fibers continue to outpace cotton in production and affordability.
- # China dominates global synthetic fiber exports, pressuring cotton's market share.
- # U.S. cotton prices remain stable at approximately 66 cents per pound.
- # Competition from synthetic fibers limits potential growth in cotton demand.

Global cotton prices remain under significant pressure in 2024 as the growth of synthetic fibers—especially polyester—continues to reshape the textile landscape. Cotton consumption for the 2024-25 marketing year is expected to be around 115.2 million bales, which hovers near the ten-year average but falls short of previous record levels. The market share for cotton has been constrained by rapid advancements in synthetic and cellulosic fiber production, which benefit from lower costs and greater versatility. China plays a pivotal role in this shift, producing close to 70% of the world's synthetic fibers due to its substantial manufacturing capacity and competitive pricing.

Finally the cotton industry faces a challenging outlook, with synthetic fibers outpacing cotton in growth and affordability, leaving the industry to navigate sustained competition in the coming years.

OUTLOOK

World cotton production in 2024-25 is forecast at 120.9 million bales, slightly below last month's estimate but still 7.9 million bales (7 percent) above last year. An 8-percent increase in the global yield is expected to negate the small decrease (1 percent) in harvested area this season. World cotton area is forecast at 30.8 million hectares (76.1 million acres) in 2024/25. The world cotton yield is projected at a record 854 kilograms (kg) per hectare (762 pounds per acre), an increase of 65 kg per hectare from last season's 789 kg per hectare (704 pounds per acre).

For India, 2024/25 cotton production is projected at 25.0 million bales, 1.6 percent below last season's crop. A year over year decrease in harvested area was slightly offset by an increase in yield, resulting in a 400,000-bale decrease this season. Harvested area in India is estimated to decline to 11.8 million hectares in 2024/25, while yield is forecast 25 kg per hectare (5.7 percent) higher at 461 kg per hectare. India is projected to have its highest yield since 2019/20 and the lowest harvested area since 2016/17. Nevertheless, India is forecast to account for 21 percent of world cotton production in 2024/25, a little more than a percent drop from last year.

**INDEPENDENT AUDITOR'S REPORT**

To,

The Members of

M/s Vippy Spinpro Limited

Report on the Audit of the Financial Statements**Opinion**

We have audited the accompanying Ind AS Financial Statements of **Vippy Spinpro Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2025 and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Cash Flow Statement for the year then ended, and notes to the financial statements, including the material accounting policy information and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ("Ind AS") prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025 and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the aforesaid financial statements in accordance with the Standards on Auditing ("SAs") specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics issued by ICAI. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key Audit Matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the following matters to be the 'Key Audit Matters' to be communicated in our report.

Key Audit Matter	Auditor's Response
Contingent liabilities in respect of litigations not acknowledged as Liabilities (Note No. 33). The Company has materially uncertain labour and taxes litigation under dispute which involves significant judgment to determine the possible outcome of these disputes. The Company's assessment is supported by the facts of matter, their own judgment, past experience, and advices from legal consultants wherever considered necessary. Accordingly, unexpected adverse outcomes may significantly impact the Company's reported profit and the Balance Sheet. We determined the above area as a Key Audit Matter in view of associated uncertainty relating to the outcome of these matters.	Our audit approach involved: - - Understanding the current status of the litigations of labour disputes; - Examining communication received from various Authorities/ Judicial forums and follow up action thereon; - Evaluating the merit of the subject matter under consideration with reference to available independent legal advice; and - Review and analysis of evaluation of the contentions of the Company through discussions, collection of details of the subject matter under consideration and the likely outcome.

**Information Other than the Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Company's Annual Report such as Directors' Report, Management Discussion & Analysis Report, etc., but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the company in accordance with the accounting principles generally accepted in India and Ind AS specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting, unless the management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so. The Board of Directors is also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system with reference to financial statement in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's Report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in-

- (i) planning the scope of our audit work and in evaluating the results of our work; and
- (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters.

We describe these matters in our Auditor's Report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- 1) As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2) As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the accompanying financial statements.
- b) In our opinion, proper books of account as required by law have been kept by the company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this report are in agreement with the books of account.
- d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company as on March 31, 2025 and the operating effectiveness of such controls, refer to our separate report in "**Annexure B**". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the company to its directors during the year is in accordance with the provisions of Section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company has disclosed the impact of pending litigations as at March 31, 2025 on its financial position in its financial statements - Refer Note 33 to the financial statements;
 - (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at March 31, 2025.
 - (iii) There was no amount required to be transferred to the Investor Education and Protection Fund by the company.
 - (iv) Reporting on loans, advances and investment-
 - a. The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person (s) or entity (ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- b. The management has represented that, to the best of its knowledge and belief, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- c. Based on such audit procedures performed that were considered reasonable and appropriate in the circumstances, nothing has come to our attention that has caused us to believe that the management representations under sub-clause (a) and (b) above contain any material misstatement.
- (v) The company has neither paid nor declared any dividend during the year. Therefore, compliance of Section 123 of the Act is not required.
- (vi) Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with and the audit trail has been preserved by the company as per the statutory requirements for record retention.

**Annexure - B to the Independent Auditor's Report****Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **Vippy Spinpro Limited**, ("the Company"), as of 31st March, 2025 in conjunction with our audit of the Ind AS financial statements of the company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by The Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act,

Auditors' Responsibility

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting of the company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI prescribed under section 143 (10) of the Act to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Statements

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that-

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company;

- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information, and according to the explanations given to us, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2025, based on the criteria for internal financial control over financial reporting established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by The Institute of Chartered Accountants of India.

**Notes forming part of the Financial Statements****Note 1: Company Overview, Basis of preparation and Material Accounting Policies****(A) Company Overview**

"Vippy Spinpro Limited ("Vippy" or "the Company") was incorporated in 1992, as a public limited company under the provisions of the erstwhile Companies Act, 1956. The Company is domiciled in India having registered office at 414, City Centre, 570, M.G. Road, Indore, Madhya Pradesh - 452001 and listed on the Bombay Stock Exchange (BSE).

The Company is mainly engaged in the manufacturing of cotton yarn. The Company specializes in slub yarns, fancy yarns, multi count yarns and multi twist yarns, waxed yarn plied yarn etc. The factory is situated at Dewas, with close proximity to Indore, a main commercial city of Madhya Pradesh. The company has an ISO Certification, certified by Bureau Veritas ISO 9001:2008 since 2004.

(B) Basis of Preparation of Financial Statements**(i) Statement of Compliance:**

The financial statements comply in all material aspects with the Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") read with [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act. and rules made thereunder.

(ii) Basis of Preparation:**a) Compliance with Ind AS**

These financial statements comprising of Balance Sheet, Statement of Profit and Loss including other comprehensive income, Statement of Changes in Equity and Statement of Cash Flows as at March 31, 2025 have been prepared in accordance with Ind AS as prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and companies (Indian Accounting Standards) Amendment Rules, 2016.

These financial statements have been approved for issue by the Company's Board of Directors at their meeting held on May 05, 2025. These financial statements are presented in Indian Rupees (INR), which is also the functional and presentation currency.

b) Historical cost convention

The Company follows the mercantile system of accounting and recognizes income and expenditure on an accrual basis. The financial statements are prepared under the historical cost convention, except in case of significant uncertainties and except for the following:

- Certain financial assets and liabilities that are measured at fair value;
- Defined benefit plans where plan assets are measured at fair value;

Operating cycle is the time between the acquisition of assets for processing and their realisation in Cash and Cash equivalents. The Company has identified twelve months as its operating cycle.

- c) The financial are presented in Indian Rupee ("INR") and all value are rounded off to the nearest lakh as per the requirement of Schedule III, except when otherwise indicated.

**(C) Material Accounting Policies****(i) Fair value measurement**

Certain accounting policies and disclosures of the Company require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Company has an established control frame work with respect to the measurement of fair values.

The valuation team regularly reviews significant unobservable inputs and valuation adjustments.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. The assumptions made in the measuring fair values is included in the following:

- investment property
- financial instruments

(ii) Revenue Recognition

Sales of products are recognised when control of the products has transferred based on the agreed terms. Sales are net of returns, trade discounts, rebates and goods and service tax (GST) as applicable.

Export incentives are recognised when the right to receive the credit is established in respect of the exports made and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

Interest income is recognised using the effective interest rate method.

Insurance claims are accounted for on the basis of claim admitted/expected to be admitted to the extent that there is no uncertainty in receiving the claim.

Dividend income is recorded when the right to receive payment is established.

(iii) Government Grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the company will comply with all attached conditions.

Government grants relating to the purchase of property, plant and equipment are included in liabilities as deferred income (classified as non-current and current accordingly) and are credited to the profit or loss over the expected lives of the related assets in ratio of cost of consumption of the said assets and presented within "other income".

**(iv) Property, plant and equipment (PPE)**

PPE is recognised when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. PPE is stated at original cost net of tax/duty credits availed, if any, less accumulated depreciation and cumulative impairment, if any. Cost includes professional fees related to the acquisition of PPE and for qualifying assets, borrowing costs capitalised in accordance with the company's accounting policy.

Own manufactured PPE is capitalised at cost including an appropriate share of overheads. Administrative and other general overhead expenses that are specifically attributable to construction or acquisition of PPE or bringing the PPE to working condition are allocated and capitalised as a part of the cost of the PPE.

PPE not ready for the intended use on the date of the Balance Sheet are disclosed as "capital work-in-progress".

When the use of a property changes from owner-occupied to investment property, the property is reclassified as investment property at its carrying amount on the date of classification.

Depreciation is recognised using straight line method and WDV method so as to write off the cost of the assets (other than freehold land and properties under construction) less their residual values over their useful lives specified in Schedule II to the Companies Act, 2013, or in the case of assets where the useful life was determined by technical evaluation, over the useful life so determined. Depreciation method is reviewed at each financial year end to reflect the expected pattern of consumption of the future economic benefits embodied in the asset. The estimated useful life and residual values are also reviewed at each financial year end and the effect of any change in the estimate of so useful life/residual value is accounted on prospective basis.

Where cost of a part of the asset ("asset component") is significant to total cost of the asset and useful life of that part is different from the useful life of the remaining asset, useful life of that significant part is determined separately and such asset component is depreciated over its separate useful life.

Depreciation on additions to/deductions from, owned assets is calculated pro rata to the period of use.

Freehold land is not depreciated.

The estimated useful life of Property, Plant and Equipment is mentioned below:

Asset Class	Estimated Useful Life (Years)
Building	30
Plant & Machinery	15
Furniture and Fixtures	10
Computers	03
Office equipment	05
Vehicles	08
Wind Mill	22
Solar	15
Leasehold Land	Lease period

**(v) Investment property**

Investment property is property held either to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes. Upon initial recognition, an investment property is measured at cost. Subsequent to initial recognition, investment property is measured at cost less accumulated depreciation and accumulated impairment losses, if any.

The Company depreciates investment properties on a straight-line basis over the useful life of the asset as specified in the table above.

Any gain or loss on disposal of an investment property is recognised in the statement of profit and loss.

The fair values of investment property is disclosed in the notes accompanying these financial statements. Fair values are determined by an independent valuer who holds recognised and relevant professional qualification.

(vi) Leases

The company recognises right of use assets under lease arrangements in which it is the lessee. Rights to use assets owned by third parties under lease agreements are capitalised at the inception of the lease and recognised on the balance sheet. The corresponding liability to the lessor is recognised as a lease obligation. The carrying amount is subsequently increased to reflect interest on the lease liability and reduced by lease payments made. For calculating the discounted lease liability, the lessee's incremental borrowing rate is used. The incremental borrowing rate is calculated at the rate of interest at which the company would have been able to borrow for a similar term and with a similar security the funds necessary to obtain a similar asset in a similar market.

Finance costs are charged to the income statement so as to produce a constant periodic rate of charge on the remaining balance of the obligations for each accounting period.

Variable rents are not part of the lease liability and the right of use asset. These payments are charged to the income statement as incurred. If modifications or reassessments occur, the lease liability and right of use asset are re-measured. Right of use assets are depreciated over the shorter of the useful life of the asset or the lease term.

(vii) Inventories

Raw materials, work in progress, stores and spares and finished goods are valued at the lower of cost or net realizable value.

Cost of raw materials and stores and spares comprises cost of purchases. Cost is determined on weighted average basis.

Cost of work in progress and finished goods comprises direct materials, direct labour and an appropriate share of manufacturing overheads.

Cost of Inventories comprises of costs of purchase, cost of conversion, duties and taxes (other than those refundable), inward freight and all other costs incurred in bringing them to their respective present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

**(viii) Statement of Cash Flows****A) Cash and Cash equivalents**

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

B) Statement of Cash Flows is prepared in accordance with the Indirect Method prescribed in the relevant accounting standards.

(ix) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss as other gains/(losses).

Borrowings are classified as current financial liabilities unless the company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

(x) Finance Cost

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing cost eligible for capitalization.

Other borrowing costs are expensed in the period in which they are incurred.

(xi) Foreign Currency Translation**(1) Functional and presentation currency:**

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is company's functional and presentation currency.

**(2) Transactions and balances:**

Foreign currency transactions are translated in to the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss.

(xii) Employee Benefits**a) Short term obligations:**

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits and they are recognized in the period in which the employee renders the related service. The company recognizes the undiscounted amount of short-term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

b) Post-employment obligations:

The company operates the following post-employment schemes.

1. Defined benefit plans (gratuity)

The company has unfunded defined benefit gratuity plan for employees. Recognition and measurement of defined benefit plans:

The cost of providing defined benefits is determined using the projected unit credit method with actuarial valuations being carried out at each reporting date. The defined benefit obligations recognized in the balance sheet represent the present value of the defined benefit obligations.

All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefit liability/ (asset) are recognized in the statement of profit and loss. Re-measurements of the net defined benefit liability/ (asset) comprising actuarial gains and losses are recognized in other comprehensive income. Such re-measurements are not reclassified to the statement of profit and loss in the subsequent periods.

The company presents the above liability/(asset) as current and non - current in the balance sheet as per actuarial valuation by the independent actuary.

2. Defined contribution plans such as provident fund

The company pays provident fund contributions to publicly administered provident funds as per local regulations. The company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expenses when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

(xiii) Dividend Distribution

Dividend distribution to the company's shareholders is recognised as a liability in the company's financial statements in the period in which the dividends are approved by the company's shareholders.

(xiv) Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share, is the net profit for the period. The weighted average number equity shares outstanding during the period and all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of

equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of share outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

(xv) Tax Expenses

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for the jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, to unused tax losses and unabsorbed depreciation.

Current and deferred tax is recognized in the statement of profit and loss except to the extent it relates to items recognized directly in equity or other comprehensive income, in which case it is recognized in equity or other comprehensive income.

Provision for Income tax is made on the basis of the estimated taxable income for the current accounting period in accordance with the Income- tax Act, 1961 and revised Income Computation and Disclosure Standards (ICDS) of the Income-tax Act, 1961.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax is provided using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. The carrying amount of deferred tax assets is reviewed at each reporting date and adjusted to reflect changes in probability that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

(xvi) Impairment of Assets

The company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the assets belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed, and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

(xvii) Provisions, Contingent liabilities and Contingent assets

Provisions are recognised when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that an out flow of resources embodying economic benefits will be required

to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

Contingent liability is disclosed in the case of:

- a present obligation arising from past events, when it is not probable that an out flow of resources will be required to settle the obligation;
- a present obligation arising from past events, when no reliable estimate is possible;
- a possible obligation arising from past events, unless the probability of outflow of resources is remote.

Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

(xviii) Financial Instruments

A Financial Instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Initial Recognition and Measurement

At initial recognition, all financial assets are measured at fair value. Such financial assets are subsequently classified under following three categories according to the purpose for which they are held. The classification is reviewed at the end of each reporting period.

(a) Financial Assets at Amortised Cost

At the date of initial recognition, are held to collect contractual cash flows of principal and interest on principal amount outstanding on specified dates. These financial assets are intended to be held until maturity. Therefore, they are subsequently measured at amortised cost by applying the Effective Interest Rate (EIR) method to the gross carrying amount of the financial asset. The EIR amortisation is included as interest income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

(b) Financial Assets at Fair value through Other Comprehensive Income

At the date of initial recognition, are held to collect contractual cash flows of principal and interest on principal amount outstanding on specified dates, as well as held for selling. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognised in Other Comprehensive Income (OCI). Interest income calculated using the effective interest rate (EIR) method, impairment gain or loss and foreign exchange gain or loss, if any, are recognised in the statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in other comprehensive Income is reclassified from the OCI to statement of profit and loss.

(c) Financial Assets at Fair value through Profit or Loss

At the date of initial recognition, financial assets are held for trading, or which are measured neither at amortised cost nor at fair value through OCI. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognised in the statement of profit and loss.

Investment in Equity Shares

Investments in equity securities are initially measured at cost. Any subsequent fair value gain or loss is recognized through other comprehensive income.

Investments in Mutual Funds

Investments in mutual funds are accounted for at cost. Any subsequent fair value gain or loss is recognized through profit and loss account.

**Impairment of Financial Assets**

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- (a) The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- (b) Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For trade receivables, company applies 'simplified approach' which requires expected life time losses to be recognised from initial recognition of the receivables. The company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date, these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full life time ECL is used.

Financial Liabilities**Initial Recognition and Measurement**

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, and derivative financial instruments.

Subsequent Measurement

Financial liabilities are classified as either financial liabilities at FVTPL or 'other financial liabilities':

(a) Financial Liabilities at FVTPL:

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL:

Gains or Losses on liabilities held for trading are recognised in the statement of profit and loss.

(b) Other Financial Liabilities:

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

De-recognition of Financial Instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

Derivative Financial Instruments

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period.

- a. The company uses various derivative financial instruments such as forwards contracts to mitigate the risk of changes in exchange rates. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are also subsequently measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.
- b. At the inception of the hedging relationship there is a formal designation and documentation of the hedging relationship in accordance with the risk management objective and strategy for undertaking the hedge.
- c. Any gains or losses arising from changes in the fair value of derivatives are taken directly to statement of profit and loss, except for the effective portion of cash flow hedges which is recognised in other comprehensive income and later to statement of profit and loss when the hedged item affects profit or loss or treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial assets or non-financial liability.

Hedge Accounting**Cash Flow Hedge**

The Company designates derivative contracts or non derivative financial assets / liabilities as hedging instruments to mitigate the risk of movement in foreign exchange rates for foreign exchange exposure on highly probable future cash flows attributable to a recognised asset or liability or forecast cash transactions. When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in the cash flow hedging reserve being part of other comprehensive income. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the statement of profit and loss. If the hedging relationship no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in cash flow hedging reserve till the period the hedge was effective remains in cash flow hedging reserve until the underlying transaction occurs. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the statement of profit and loss upon the occurrence of the underlying transaction. If the forecasted transaction is no longer expected to occur, then the amount accumulated in cash flow hedging reserve is reclassified in the statement of profit and loss.

(xix) Significant Accounting Judgments, Estimates and Assumptions

In the process of applying the Company's accounting policies, management has made the following estimates, assumptions and judgements which have significant effect on the amounts recognized in the financial statement:

a. Income taxes

Judgment of the management is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The company reviews at each balance sheet date the carrying amount of deferred tax assets and liabilities. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the financial statements.

b. Contingencies

Judgment of the management is required for estimating the possible out flow of resources, if any, in respect of contingencies/claim/litigations against the company as it is not possible to predict the outcome of pending matters with accuracy.

c. Allowance for uncollected accounts receivable and advances

Trade receivables are stated at their normal value as reduced by appropriate allowances for estimated irrecoverable amounts. Individual trade receivables are written off when management seems them not collectible. Impairment is made on ECL, which are the present value of the cash shortfall over the expected life of the financial assets.

**d. Provisions**

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgment to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

e. Defined Benefit Plans

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in future. These includes the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(xx) Recent accounting pronouncements

The Ministry of Corporate Affairs vide notification dated 9th September 2024 and 28th September 2024 notified the Companies (Indian Accounting Standards) Second Amendment Rules, 2024 and Companies (Indian Accounting Standards) Third Amendment Rules, 2024, respectively, which amended/ notified certain accounting standards (see below), and are effective for annual reporting periods beginning on or after 1st April 2024:

1. Insurance Contracts – Ind AS 117; and
2. Lease Liability in Sale and Leaseback transactions – Amendments to Ind AS 116

These amendments did not have any impact on the amounts recognised in prior periods and are not expected to affect the current or future periods.

Note 4.1

The fair value of investment property is ₹ 90.65 Lakh and the same has been determined by an external independent property valuer having appropriate recognised professional qualification. The fair value measurement for investment property has been categorised as Level 2 fair value based on the inputs to the valuation technique used for determining the fair value of the property was based on the prevailing market price of similar property in the same locality.

Expected credit loss (ECL):

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the company grants credit terms in the normal course of business. The average credit period is between 60- 90 days. Before accepting any new customer, the company uses an internal credit scoring system to assess the potential customer's credit quality and defines credit limits for each customer. Limits and scoring attributed to customers are reviewed once a year.

As a practical expedient, the company uses a provision matrix to determine impairment loss of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. The ECL allowance (or reversal), if any during the year is recognised in the statement of profit and loss.

Note 39 FINANCIAL RISK MANAGEMENT

The company's activities expose it to credit risk, liquidity risk, market risk and price risk.

(A) Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Credit risk encompasses the direct risk of default, risk of deterioration of creditworthiness as well as concentration risks. The company is exposed to credit risk from its operating activities (primarily trade receivables), deposits with banks and loans given.

Credit Risk Management

For financial assets the company has an investment policy which allows the company to invest only with counterparties having high credit ratings or with higher credentials. The company reviews the creditworthiness of these counterparties on an ongoing basis. Another source of credit risk at the reporting date is from trade receivables as these are typically unsecured. This credit risk has always been managed through credit approvals, establishing credit limits and continuous monitoring the creditworthiness of customers to whom credit is extended in the normal course of business. The company estimates the expected credit loss based on past data, available information on public domain and experience. Expected credit losses of financial assets receivable are estimated based on historical data of the company. The company has provisioning policy for expected credit losses. There is no credit risk in bank deposits which are demand deposits.

(B) Liquidity Risk

The company manages liquidity risk by maintaining adequate surplus, banking facilities and reserve borrowings facilities by continuously monitoring forecasts and actual cash flows. The company has a system of forecasting next twelve months cash inflow and outflow and all liquidity requirements are planned. Trade and other payables are plugged as per credit terms and paid accordingly. All payments are made along due dates and requests for early payments are entertained after due approval and availing early payment discounts.

(C) Market risk

Interest Rate Risk Exposure

The company is exposed to various types of borrowings as stated in note nos. 16 and 19 respectively.

The company's exposure to interest rate risks at the end of the reporting period is as follows:

The Company's Segregate to Interest Rate Risk as at the end of the reporting period in ₹ Lakhs				
Particulars	As at 31st March, 2025		As at 31st March, 2024	
	Amount in ₹	% of Total	Amount in ₹	% of Total
Fixed rate borrowings	2,010.00	60.88%	2,680.00	43.18%
Variable rate borrowings	1,291.31	39.12%	3,526.94	56.82%
Total borrowings	3,301.31	100.00%	6,206.94	100.00%

Sensitivity Analysis on Rate Borrowings

The company is exposed to various types of borrowings as stated in note nos. 16 and 19, respectively. The sensitivity analysis demonstrates a reasonably possible change in the interest rates, with all other variables held constant for the year ended 31st March, 2025 and 31st March, 2024, every 0.25% increase in the interest would decrease the company's profit approximately by ₹ 12.79 Lakh and ₹ 9.88 Lakh respectively. A 0.25% decrease in the interest rate would lead to an equal but opposite effect.

(D) Price risk

The company is exposed to price risk in basic ingredients of company's raw material and is procuring finished components and bought out materials from vendors directly. The Company monitors its price risk and factors the price increase in pricing of the products.
