Independent Auditor's review report on review of consolidated unaudited quarterly financial results of the Company pursuant to regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

Review report to
The Board of Directors of
L&T Technology Services Limited

1. We have reviewed the accompanying statement of consolidated unaudited financial results of L&T Technology Services Limited ('the Parent') and its subsidiaries (the Parent and its subsidiaries together referred to as 'the Group') for the quarter ended 30 June 2019 ('the Statement'), being submitted by the Parent pursuant to the requirements of regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended.
2. This Statement, which is the responsibility of the Parent's management and approved by the Parent's Board of Directors, has been prepared in accordance with recognition and measurement principles laid down in Indian Accounting Standard 34 'Interim Financial Reporting' ('Ind AS 34'), as prescribed under section 133 of Companies Act, 2013 ('the Act'), and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagement (SRE) 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the SEBI under regulation 33(8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, to the extent applicable.

4. The Statement includes the results of the following entities:

Sr. no.	Entity Name	Relationship
1	L&T Technology Services LLC ('LTTS LLC')	Wholly owned subsidiary
2	Esencia Technologies Inc. ('Esencia')	Wholly owned subsidiary of LTTS LLC
3	Esencia Technologies India Private Limited	Wholly owned subsidiary of Esencia
4	L&T Thales Technology Services Private Limited	Subsidiary
5	Graphene Semiconductor Services Private Limited ('Graphene')	Wholly owned subsidiary
6	Graphene Solutions Pte. Ltd.	Wholly owned subsidiary of Graphene

7	Graphene Solutions SDN. BHD.	Wholly owned subsidiary of Graphene
8	Graphene Solutions Taiwan Limited	Wholly owned subsidiary of Graphene
9	Seastar Labs Private Limited	Subsidiary of Graphene

5. Based on our review conducted and procedures performed as stated in paragraph 3 above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, including the manner in which it is to be disclosed, or that it contains any material misstatement.
6. The Statement includes the interim financial results of nine subsidiaries, which have not been reviewed by their auditors, whose financial results reflect total revenue of Rs. 1,390.32 million, total net profit after tax of Rs. 118.98 million and total comprehensive income Rs. 109.48 million for the quarter ended 30 June 2019, as considered in the Statement. According to information and explanation given to us by management, these interim financial results are not material to the Group.

Certain of these subsidiaries are located outside India whose financial results have been prepared in accordance with accounting principles generally accepted in their respective countries ('local GAAP'). The Parent's management has converted the financial results of such subsidiaries from local GAAP to accounting principles generally accepted in India. We have not reviewed these conversion adjustments made by the Parent's management.

Our conclusion on the Statement is not modified in respect of the above matters.

- Segments have been identified in accordance with Indian Accounting Standards ("Ind AS") 108 on Operating Segments, considering the risk/return profiles of the business, their organisational structure and internal reporting systems.
- Property, plant and equipment used and liabilities contracted for performing the Company's business have not been identified to any of the above reported segments as the property, plant and equipment and services are used interchangeably among segments.

Explanatory notes to the statement of consolidated unaudited financial results for the quarter ended June 30, 2019

1. The consolidated unaudited financial results for the quarter ended June 30, 2019 have been taken on record by the Board of Directors at its meeting held on July 19, 2019. The statutory auditors have carried out limited review of the above consolidated unaudited financial results and have issued an unqualified limited review report. The results for quarter ended June 30, 2019 are extracted from the unaudited interim consolidated financial statements. These consolidated unaudited financial statements are prepared in accordance with the Indian Accounting Standards (Ind-AS) as prescribed under section 133 of the Companies Act, 2013 and the relevant rules.
2. The consolidated unaudited financial results are available on the website of L&T Technology Services Limited (Company) viz. www.ltts.com and on the websites of BSE (www.bseindia.com) and NSE (www.nseindia.com). The specified items of the standalone unaudited financial results of the Company are given below:

Particulars	Quarter ended			(₹ million)
	30-06-2019	31-03-2019	30-06-2018	Year ended 31-03-2019
Total income	13,004	12,740	10,985	48,632
Profit before tax	2,686	2,464	1,930	9,414
Profit after tax	1,980	1,851	1,443	7,001

3. During the quarter ended June 30, 2019, the Company has allotted 8,185 equity shares of ₹ 2 each, fully paid-up, on exercise of stock options by employees, in accordance with the Company's stock option scheme.
4. The Group adopted Ind AS 116 - Leases on April 1, 2019 by using modified retrospective approach and accordingly comparatives for the year ended March 31, 2019 have not been retrospectively adjusted. Consequently, the Group has not restated comparative figures and the cumulative effect of initially applying this Standard has been recognized as an adjustment to the opening balance of retained earnings as on April 1, 2019. Adoption of Ind AS 116 on transition date resulted in creation of right of use assets by ₹ 3,333 million and an increase in lease liability by ₹ 3,674 million with corresponding charge to retained earnings of ₹ 345 million (net of taxes).

In the results for current period, the nature of expense in respect of operating leases has changed from lease rent in previous periods to depreciation cost for the right-of-use asset and finance cost for interest accrued on lease liability. Accordingly, the Group has recognized interest expense on lease liabilities amounting to ₹ 86 million and depreciation on right-of-use assets amounting to ₹ 179 million against the lease rent of ₹ 232 million which would have been recognised under the erstwhile Standard. Owing to adoption of Ind AS 116, profit after tax is lower by ₹ 27 million.

5. The figures for the quarter ended March 31, 2019 are the balancing figures between audited figures in respect of the full financial year ended March 31, 2019 and the limited reviewed year to date figures up to December 31, 2018.
6. Figures for earlier periods have been regrouped, wherever necessary.

Independent Auditor's review report on review of standalone unaudited quarterly and year to date financial results of the Company pursuant to regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

**Review report to,
The Board of Directors of
L&T Technology Services Limited**

1. We have reviewed the accompanying statement of standalone unaudited financial results of L&T Technology Services Limited ('the Company') for the quarter ended 30 June 2019 ('the Statement'). This statement is the responsibility of the Company's management and has been approved by the Board of Directors. Our responsibility is to issue a report on these financial statements based on our review.
2. We conducted our review of the Statement in accordance with the Standard on Review Engagement (SRE) 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of the Company personnel and analytical procedures applied to financial data and thus provide less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
3. Based on our review conducted as stated above, nothing has come to our attention that causes us to believe that the accompanying Statement of unaudited financial results prepared in accordance with applicable accounting standards and other recognised accounting practices and policies has not disclosed the information required to be disclosed in terms of regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, including the manner in which it is to be disclosed, or that it contains any material misstatement.

L&T Technology Services Q1FY20 revenue rises on large deal wins

Q1 Revenue of ₹ 1,348 crore, up 17% YoY
Q1 Net profit of ₹ 204 crore; Net profit margin at 15.1%

Mumbai, July 19, 2019: L&T Technology Services Limited (BSE: 540115, NSE: LTTS), India's leading pure-play engineering services company, announced its results for the first quarter ended June 30, 2019.

Highlights for Q1FY20 include:

- USD Revenue at \$194 million; growth of 15% YoY
- Revenue at ₹ 13,475 million; growth of 17% YoY
- EBIT margin at 17.1%; up 230bps YoY
- Net profit at ₹ 2,039 million; growth of 3% YoY

During the quarter, LTTS won 7 multi-million dollar deals across all major industry segments. On a YoY basis, LTTS has increased its USD20mn+ clients by 2 and its USD10mn+ clients by 5.

“We had a strong quarter in most of our segments – Industrial Products, Transportation, Medical and Process Industry, with sequential growth accelerating in Q1 as compared to Q4 on the back of multiple deal wins and good deal conversions. Digital & leading-edge technologies - the growth driver for ER&D, contributed to 37% of Q1 revenues and grew by 44% YoY. On the operational front we executed well with the margin trajectory continuing to inch upwards on YoY basis.

Innovation and speed-to-market are key priorities for our customers, and our end-end capabilities spanning product and process engineering are enabling us to engage with them at a more strategic level. Further, we are seeing good opportunities to leverage our platforms and solutions that have inbuilt AI & Machine Learning capabilities in the areas of predictive maintenance and energy management.

We are excited about the opportunities in our pipeline and see a clear trend of increasing deal sizes and outcomes,” said **Dr. Keshab Panda, CEO & Managing Director, L&T Technology Services Limited.**

Industry Recognitions:

- A global automotive major conferred LTTS with the '**Performance Excellence Award**' for exceeding performance standards including quality, cost and service.
- Zinnov rated LTTS in the leadership zone for its deep expertise in the Broadcasting domain and recognized the practice **as mature and established in the OTT and Content Security ratings** in its Zinnov Zones for Media & Technology Report 2019.
- LTTS was appraised with **Maturity Level 5 in the CMMI V2.0 Development** view, the highest capability maturity level in the new CMMI framework. LTTS' CMMI Maturity Level 5 certification is an indication of the company's continually improving processes and business performance.
- At the 17th Annual American Business Awards, LTTS was recognized as **the Best Human Resource Team** of the Year and conferred with the Stevie® Award

Patents

- At the end of Q1FY20, the patents portfolio of L&T Technology Services stood at **399**, out of which **288** are co-authored with its customers and **111** are filed by LTTS.

Human Resources

At the end of Q1FY20, LTTS' employee strength stood at 15,913 a net addition of 773 during the quarter.

SAFE HARBOUR STATEMENT

Certain statements in this release concerning our future growth prospects are forward-looking statements, which involve number of risks, and uncertainties that could cause our actual results to differ materially from those in such forward-looking statements. L&T Technology Services Limited (LTTS) does not undertake to update any forward-looking statement that may be made from time to time by us or on our behalf.

MESSAGE FROM THE CEO & MANAGING DIRECTOR

We had a strong quarter in four of our five segments – Industrial Products, Transportation, Medical and Process Industry, with sequential growth accelerating in Q1 as compared to Q4 on the back of multiple deal wins, good deal conversions and investments in labs. Digital & leading-edge technologies - the growth driver for ER&D, contributed to 37% of Q1 revenues and grew by 44% YoY. Customers are leveraging our capabilities in smart buildings and energy management for Industrial Products, IoT & telematics in Transportation, asset digitization in Plant Engineering, and connected healthcare in Medical.

The overall growth in Q1 was restricted to 1.4% on sequential basis, on account of some challenges that we faced in Telecom & Hitech. Our performance in Telecom & Hitech was impacted by re-prioritization of spends in the Semiconductor sub-segment, which along with the headwinds at one of our customers that we reported in Q4FY19, further constrained our efforts to drive growth in this segment. We are however confident about our capabilities and competitive position, which is reflected in the large deals that we won in Q1 in the areas of physical design and next generation video equipment, and the strong deal pipeline.

Innovation and speed-to-market are key priorities for our customers, and our end-end capabilities spanning product and process engineering is enabling us to engage with them at a more strategic level. We have been consistently winning large deals across segments every quarter and the increasing deal sizes in our pipeline reflect this trend. In Q1 we won 7 multi-million dollar deals across all major industry segments. Our client penetration metrics have seen improvement and on a YoY basis, LTTS has increased its USD20mn+ clients by 2 and its USD10mn+ clients by 5.

We remain optimistic on growth, although the loss of momentum in the Telecom and Hitech Vertical in Q1 leads us to revise our USD revenue growth guidance to 12-14% for FY20.

I would like to highlight two achievements during the quarter - Honda conferred LTTS with the 'Performance Excellence Award' for exceeding performance standards including quality, cost and service, and secondly LTTS was appraised with Maturity Level 5 in CMMI V2.0.

Thanking all our stakeholders for the continued support and encouragement.

Dr. Keshab Panda
CEO & Managing Director
L&T Technology Services Limited

KEY DEAL WINS

LTTS closed several multi-million dollar projects from global customers across various verticals. The major wins are listed below:

- LTTS has been selected by a global semiconductor OEM to set up a center of excellence as part of a two-year embedded systems program with a value of USD 15 million in the first phase of the project.
- A European media and communications conglomerate has awarded a Digital Rights Management (DRM) contract to LTTS. Under the engagement, LTTS will develop next-generation Hybrid Boxes that support 4K used Widewine as the DRM solution for linear and OTT STB's.
- A global automotive manufacturer has chosen LTTS for the development of AUTOSAR platform and integration of 5G telematics modules for the customer. Under the engagement, LTTS has also been selected by their after-market group for cloud migration and maintenance support.
- For a leading medical device manufacturer, LTTS is executing a complete DHF and EU Medical Device Regulation & Remediation project in the Newborn Care and Neurology markets. As part of the project, the team will be conducting gap analysis & complete DHF and MDR remediation and certifications for 50+ accessories covering class 1 products.
- A European components supplier for autonomous vehicles has selected LTTS as its engineering partner for key programs in Advanced Driving Assistance Systems (ADAS) and Automated Driving (AD) domains.
- LTTS is setting up a greenfield food manufacturing plant for a global consumer goods firm. The project is expected to be completed over a period of two years.
- For an industrial automation company, LTTS won a deal to develop IoT firmware for next generation motor drives and controllers.

NOTES

1. LTTS has adopted Ind AS 116 "Leases" on April 1, 2019 by using modified retrospective approach and accordingly comparatives for the year ended March 31, 2019 have not been retrospectively adjusted. As on April 1, 2019, the cumulative effect of initially applying this Standard has resulted in creation of right of use assets by ₹ 3,333 million (grouped under Property and equipment) and an increase in lease liability by ₹ 3,674 million (grouped under current liabilities and non-current liabilities) with corresponding charge to retained earnings of ₹ 345 million (net of taxes).
2. In Q1FY20 results, the nature of expense in respect of operating leases has changed from lease rent in previous periods to depreciation cost for the right-of-use asset and finance cost for interest accrued on lease liability. Accordingly, instead of lease rent of ₹ 232 million which would have been recognised under the erstwhile Standard, interest expense on lease liabilities amounting to ₹ 86 million and depreciation on right-of- use assets amounting to ₹ 179 million has been recorded in the Income statement, and the lease rent of ₹ 232 million has been classified as financing cash flow in the Cash flow statement.
3. The changes to the Income Statement due to the adoption of Ind AS 116 is as below:

Income Statement item	Q1 FY20 (reported)	Change due to Ind AS 116	Q1 FY20 (proforma w/o Ind AS 116)
