CHAIRMAN'S MESSAGE

Dear Partners in Prosperity,

It gives me immense pleasure to write to you at the end of another exciting year in our journey. The year 2014-15, saw Arrow surpassing many new landmarks along the way.

Our approach to creating value and achieving profitable growth has clearly delivered results. Your Company achieved Net Sales of Rs. 48.53 Crores in fiscal 2014-15 with a growth of 135.78%. Net Profit for the year increased to Rs. 22.91 Crores, up 144.72% over the previous year.

In such a challenging environment, your Company was not only able to post strong growth in sales but also improve upon profitability.

What was most encouraging was that this growth was achieved despite difficult external environment across many of our markets, with unprecedented geopolitical challenges, currency volatility and sluggish demand. While the headwinds somewhat abated in India and the domestic market started showing signs of stability, the ground revival in businesses was slow as consumer demand did not show signs of any significant revival.

Despite the turbulent external environment, Arrow's sound strategy and motivated employees helped us report good growth momentum across our key categories and geographies. Both our Domestic Consumer Goods Business and International Consumer Goods Business reported a steady volume driven growth during the year as our brands reinforced their strong position across categories and markets.

Our investments in brands, distribution network, new products and consumer connect activities continued building momentum for future growth. In this letter, I will briefly describe what we have done, and will continue to do, to not just take on the increased competition in the marketplace but also position ourselves for leadership and growth in the months and years ahead. Innovation is a core philosophy at Arrow. This year, your Company embarked on a new journey to make itself future ready, both with its products and its communication.

Our commitment to preserve the environment for our future generation stabilizes our focus on building lasting and trusting relationships with our partners, employees and consumers, along with a passion for setting standards in the development and implementation of cutting edge eco-friendly solutions. Our strategy has been simple. Innovate, Protect (Patents and IP), find the best in the field and make a strategic alliance to produce the patented product or outlicense our technology. The focus will always be on Environment friendly technologies and we look for like minded partners having expertise in their field and who can add value to our targets.

We see a large canvas of opportunities in front of us and we are fully prepared to leverage them with the cooperation of our people, partners and associates. I would like to take this opportunity to thank all of them, as also the Board of Directors for their invaluable guidance through this journey. Thank you again for the trust that you have placed in our Company. We shall continue to strive to deliver excellence and superior value to all our stakeholders.

Yours Sincerely,

Shilpan Patel

Dear Member,

Sub: Electronic Clearing Service (ECS)/ Bank particulars for payment of dividend

We wish to inform you that from last few years, we have extended ECS facility to our members by which they can receive their dividend directly in their bank account through electronic clearing.

The benefits of ECS are that, it provides protection against fraudulent interception and encashment of dividend warrants or damage of dividend warrants in transit or problem of revalidation/ issuance of duplicate dividend warrants and there is no extra cost.

We wish to further inform you that SEBI has also mandated the companies, the use of ECS facility for distributing the dividend and other cash benefits to the investors and only in the absence of availability of ECS facility, the Company may use warrants for disbursing dividend and other cash benefits. Further the bank particulars have to be printed on the warrants to obviate any fraudulent encashment and interception in postal transit.

You are, therefore, requested to follow the procedure given below:

i. Physical Shares

In order to avail the ECS facility, we request you to provide us the requisite details in the form given overleaf and submit the same to the Company at its Registered Office at Arrow Coated Products Limited, 5-D, Laxmi Industrial Estate, New Link Road, Andheri (West), Mumbai - 400053 before the dividend for the current financial year is paid to you. The information should be accurate and complete in all respects and in order to prevent any incorrect particulars being entered, we request you to enclose photocopy of a Cheque for verifying the accuracy of MICR Code No. and other particulars.

ii. Demat Shares

Please note that as per the Stock Exchange directions, the Company will have to take note of the ECS or Bank Account details furnished only by the Depositories, whenever such information is available. You are therefore requested to provide such information only to your Depository Participant (DP), in case the shares are held in demat form.

We recommend and request you to avail of the ECS facility and in the alternative provide complete bank particulars for printing on the dividend warrant.

Assuring you of our best services.

Thanking you.

Yours faithfully,

For Arrow Coated Products Limited

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

1. Industry Structure and Development

A. Water Soluble Film (WSF):

Arrow Coated Products Ltd, an ISO 9001:2008 certified company, is one of the leading manufacturers of cast water soluble film in the world, having world class manufacturing facilities in Ankleshwar, Gujarat & has one of the best in class, totally automated machine, functioning presently. Expansion plans for increasing capacity exponentially are already finalized and going forward, new orders for digitally controllable casting machines for deliveries in forth coming years are being approved. This will almost triple the capacity of the WSF production, in coming years. This Wonder Product has got varied applications in industries ranging from Agrochemicals, Construction, Chemical, Embroidery, Health & hygiene to Water transfer printing (3D printing). WSF provides an instant solution to the various problems faced in handling of hazardous material by industries today. The top line and bottom line are different depending on the quality of the film produced. Film Quality in production is divided into different classes for different applications in their field. This new production process will help us achieve a greater market share.

As informed before, many high tech agrochemical industries are turning to WSF as their primary packaging product. WSF is environmentally friendly and is proven to be harmless the three basic elements of nature – *Land, Air and water*. Saving Ganga, from dirt and pollution will be a project very near to the heart of all Arrow Team Members.

Our Company has developed a wide range of water soluble films especially for the agrochemical industry which dissolves completely in water & meets WHO standards (solubility standards) as per CIPAC method without damaging the environment or causing any harm to humans and has no health hazards. WHO has mandated that all Vector Control actives (like DDT, Lambda, Pyrethrins etc), weedicides, herbicides, insecticides etc must be packed in WSF. This increases the scope of WSF market in India and neighboring countries. India has just scratched the surface of this end use. Two years ago, only one weedicide for wheat was approved by CIB for WSF packaging. Internationally many agrochemicals are banned unless packed in WSF, thereby forcing Indian manufacturers supplying agrochemical in finished form to those companies to pack their product in WSF. As Indian companies focus on exports of their chemicals, the demand for WSF as compulsory packaging, mandated by WHO, will come to fore, and applications to CIB will increase and thereby increasing the demand for Indian WSF.

Various NGOs and our own efforts are on for propagating the use of WSF in packaging of hazardous chemicals like Fungicides, Herbicides and Weedicides, which are exceptionally potent pesticides and the proper disposal of packaging materials, after the chemicals are dispensed with. The failure would result in serious health problems to flora, fauna, animals and human beings are now being acknowledged by this Industry. This has also led to the realization to follow international rules of – packing these chemicals in WSF in future. WHO standards recommends certain agrochemicals to be packed in WSF packaging only. Presently, only one of them - has been made to follow the standards in India as laid down in WHO Manual.

B. Mouth Melting Strip (MMS):

This technology and patent was monetized after strategic alliance with Tsukioka Pharma Film, Japan. First, Arrow started with market acceptability of MMS method of drug delivery, using placebo mint flavoured edible film, aptly named Meltz. Once that is accepted, Arrow Pharma, a new division will focus on paediatric and geriatric actives, alongwith some OTC drugs and nutritional actives. FSSAI license for the same has been applied by Arrow, under their newly formed division named Arrow Rx, on a separate plot in Ankleshwar.

This technology is a relatively new development, but broadly based on WSF technology, which allows small quantities of active ingredients to be delivered in a user-friendly format. Adapting existing products such as oral sprays, liquids or tablets, or exploiting entirely new opportunities, Arrow MMS Division works closely with clients to create the most effective thin film product and process solutions. Arrow has now mastered the technology of edible water soluble film, and have made agreements with at least one company for out-licensing this patent in India. Coming year shall bring good results to the revenue stream, as many active ingredients belonging to health and hygiene shall be the preferred drug delivery system via this technology. As you may be aware, that this patent has now been granted in several countries, including Australia, South Africa, Europe and India. This patent is still being prosecuted in the USA.

C. Security Products:

Amongst several granted Patents, Arrow has a cluster of patents in security field. This relates to patents used for brand protection and goes well up to high end security products like Passports, Bank Notes and security paper. Presently, Arrow is in the process of forming strategic alliances with some of the worlds best in the field. Buidling strategic alliances and going to market, which is well protected by cluster of IP, is the strategy that Arrow has successfully executed in the past and intends to continue doing the same in the future.

This SBU has been divided into two separate divisions. Brand protection division shall handle medium end security products and Govt. Business division shall handle high end security products. As IPR becomes important to Indian FMCG products and grey market diversion may become rampant, brand protection will gain importance and Arrow will have to be in the forefront to offer sharp solutions. Arrow has several patents in this security cluster and intends to create revenues in the coming years. Your company has secured at least one major order, from a leading company in India, for this technology and its related product. Track and trace solutions embedded in Printed WSF for detergent pods is a product which Arrow will be looking at for commercializing this patent. This year we hope to add more companies to ensure that their brands are protected while using our patented product as an exclusive supply chain vigilance system.

D. Arrow Care Division:

Arrow Care Division mainly comprises of products based on Health and Hygiene. This year Arrow successfully introduced at least 3 Products Via this division. Arrow Carez, a soap and shampoo strip, which totally dissolves in water, Arrow Klenz, an innovative "Sausage" shaped WSF capsule containing precise quantities of active ingredients in liquid form. Arrow made a strategic alliance with Carelli, Spain and plans to have about 99 Variants of Klenz products in the market within next 5 years. R&D results, using compatible WSF is being ongoing since the agreement with Carelli was signed. Arrow has also designed India Specific products like room freshners, water based deodorants and all-in-one capsules for washing machines and dishwashers. The container bottles (which were hitherto dispensed away, creating an environmental challenge) will be re-used about 20 times. It's a simple innovation, which brings down the prices of cleaning liquids and makes it affordable for even rural India to use and clean their table tops, glass windows, kitchens, cooking vessels, floors, toilets etc. In the near future, more products will be added on the same platform technology. Arrow has appointed at least five exclusive franchisees for promoting this technology. It is expected to cover 30% of the Indian market in the coming 2 years, using modern trade as well as e-commerce routes.

With thrust on "Swachh Bharat " , hygiene and sanitation, as per our PM's speech, these products will find their way into rural India, as we intend to make them most affordable and cost efficient products.

E. Patents and IPR SBU:

IPR is an important revenue stream for any Company. Arrow has spent reasonably heavy amounts of money in R&D and filing of patents in the last couple of years. This year, Advance IP Technologies, a subsidiary of Arrow UK, has been granted a patent in India, for a Drug Delivery Device (controlled delivery) has been successfully prosecuted and a grant has been secured. Arrow have received 3 patent grants in Australia, United States of America and Europe. In all we now have 31 granted patents nationally and internationally. Some of these patents have changed the way many Detergents, Pharma and Agro chemical products are being packaged and delivered. For example the Self Destructive Irreversible Security Packaging Water Soluble Film launched last year has captured the interest of the Agrochemical Industry. This patent is now being show cased to major laundry detergent pods manufacturers to protect their brands.

We are in continuous discussions with Companies on various patent revenue models.

Intellectual property is one of the most important intangible assets that differentiate your Company from other smaller competition; with protected core technology in the form of patents one has nuggets of wealth at the centre of the business. The patents are value creators for the Companies as they can be licensed, sold, assigned or cross licensed, so having a strong patent portfolio enables a Company to be royalty earner than royalty payer. Patents protect company's own product lines against infringers and sometimes create a windfall profit, when the law suits are successfully prosecuted. This then results in continous royalty income, besides one time fees as granted by the Courts. Your company has proposed to DSIR (Department of Sciences and Research), department of TDB (Technical Development Board), for assisting us in creating pilot production for these families of patents. This patent incubation centre, to be based in Ankleshwar, will be mainly focusing in creating proof of concept and pilot production centre. Scale up of these pilot projects will then allow your company to compete in the International arena, as our management is convinced that IP is the only way to leap forward in this globally interconnected world. Products produced by these patented processes are protected against infringements/duplication for 15 to 20 years.

The patent rights are territorial in nature, so one has to file and seek patent grant in all the countries separately where one wants to protect the invention. The filing of patent applications all over the world is an expensive task but once the patent is granted then various revenue generation streams come in to effect, which will create a WIN-WIN situation and long term incomes for your Company. Patents are granted for period of more than 15 years, but not more than 20 years, as per laws in most of the countries. Indian Patent office, since joining the TRIPS agreement and being a WTO signatory, has started granting (and protecting inventions) product and process patents, after 2005..

F. Arrow UK Activities:

Arrow UK increased further stake in Advance IP Technologies Limited (AIPT), a UK based Company. Arrow UK is a majority share holder of AIPT. This Company was formed as a jointly owned company by Arrow and Israel based promoters, being joint inventors in a Bio-digestible Drug Delivery Device (controlled delivery) Patent. This patent was being prosecuted by UK based patent attorneys and it received a grant to operate in India in this year. Advance IP specializes in generating revenues from various IPR (Patent) created by both the partners. Arrow is a Joint Patent holder of a block buster Patent in health and hygiene and the same has been assigned to Advance IP (AIPT). This Patent has been granted in UK and is being prosecuted in Europe, USA, Australia, China and India. UK laws allow all IP related income to be taxed at a lower rate bracket, so Arrow UK will gain monetary advantage in this process. Arrow UK and AIPT have made profits this year and we expect, going forward, this trend to continue in the coming years.

G. Export Division SBU:

Arrow's quality of WSF has opened various export markets, including Brazil, Latin America, Europe, and Asian markets. We expect better revenues from Export of Agrochemical and detergent based WSF to add to top line and bottom line, going forward. Exports of our products have increased but there is a potentially unlimited and untapped market worldwide. There are only 3 major players in cast water soluble films and Arrow is one of them. All of us have unique methods of production of these films and have earned patent protection. The solubility of the film is related to the product being packed, so custom based WSF and ageing period is needed to fully certify the package. Arrow's experience in coatings chemistry, earned them a patent for a unique multilayered barrier coated WSF. This invention helps in proposing the right product to the clients and entering their permanent supply chain. This year should give a positive impetus to our export sales this year. With new investments in automated technology, Arrow is now geared to produce International quality of films as well as increase the quantum to satisfy the ever increasing hunger for WSF (water soluble films). World wide WSF market is increasing by a healthy 9% YOY, and at the final count it was about \$ 505 Million

H. Arrow Pharma Foray:

Taking advantage of the patented technology, our Company is in the process of securing partner(s) in the field of Pharmaceuticals and Nutraceuticals for entering into this highly lucrative and IPR sensitive field of saving human and animal lives. In future, Arrow proposes to enter crop protection using a different version of this patented process and patented product. As India starts it's vision into providing food grains for the world population, the need for low pesticides residue will be very important. These are long term revenue generating fields that your Company is targeting using our Patents and knowledge acquired over the years. Both these ventures will mean additional Capital expenditures and your Company is planning this ahead of time. Arrow's Pharma foray will be limited to the use of its patented drug (Active) delivery system, using edible Water Soluble Film, while the crop protection technology uses non edible WSF, and may take the out licensing route to market.

2. Opportunities:

The report of Intergovernmental Panel on Climate change, released recently in Spain, said that India would become the third largest carbon emitter in the world by 2015. That would be a major slippage from its present slot of the sixth largest. One thing is clear, despite the fact that the developed world has conventionally been much more serious offender in polluting the planet, countries like China and India cannot wish away the unpleasant reality coming out of such reports.

A recent Accenture survey found that 97% of respondents in emerging countries, including in India, that Consumers are even prepared to reward the providers of green products and services by paying a higher price to benefit from products and services that help reduce the level of carbon emissions. 64% of the respondents said they would be willing to pay a higher price – a premium of 11%, on an average-for products and services that produce lower greenhouse gas emissions. This is in comparison to 73% of respondents in Europe!!.

Need for non-soluble Bio Compostable Plastics is gaining attention now. The threat of flooding has resulted in the realization that Bio-Compostable Films as preferred material to save the cities from flooding. The need for Bio-Compostable film and Bio-

Degradable film to save the environment is now present universally and environmentally conscious people of planet earth are looking at various ways to improve the quality of life. We expect to cash in on this opportunity by promoting and leveraging our venture with Sphere, France.

Bio Compostable Products:

Increase in oil prices, has naturally resulted in acceptance of our Bio compostable materials are made from renewable resources like potatoes. 100% Compostable, 100 % Degradable & 100% Eco Friendly.

Arrow has offered the environmentally responsible packaging solution to eradicate the toxic waste of plastics. Arrow products are high performance, completely degradable with unparalleled performance characteristics. Conventional plastic has brought convenience to human life for decades; however, that convenience has come at a grave cost to our environment, pollution and toxic emissions and a depletion of our natural resources. Our products are manufactured from potato starch. If our products are placed in an open or turned landfill they will decompose at the rate similar to the other biodegradable materials in the same manner. The sewages and pipelines which were clogged due to Petro Plastic films will get composted and breakdown due to action of the organisms present in the sewerages.

With new restrictions of maximum ceiling on exports of garments on China being imposed by EU and USA, along with anti-dumping duties this business is bound to come to India and neighboring countries. With recent shutdowns in Bangladesh and cost revisions in China, the demand for garments will go up. India meanwhile has built huge capacities in composite garment manufacturing units and the demand for our **Embroidery film (WSF)** will show an uptrend in the future. Distribution channels for exports have been further widened by appointment of agents in Sri Lanka, Bangladesh, Thailand, Malaysia, Indonesia, Cambodia, Vietnam and Myanmar. These are the emerging garment business hubs along with traditional markets like Africa, UAE and Turkey. Arrow's embroidery specific Water Soluble Films save time, money and environment.

Introduction of Schiffli embroidery film will replace the chemical lace fabrics (which are environmentally harmful) and will result in more demand for our WSF.

3. Threats:

Threats include non-specified materials (like blown films) from China, compelling us to keep our prices low and resulting in inability to make higher margins. Illegal Imports of our patented products, like Soap Film, MMS etc, from China, and the inaction or delayed action by various government, judicial and non-judicial departments in our country, to stop these imports.

4. Internal control system and their adequacy:

Our Company has a proper and adequate system of internal controls to ensure that all assets are safeguarded and protected against loss from misuse or disposition and that transaction are authorized, recorded and reported correctly.

Audit Committee continuously reviews the adequacy and efficacy of the internal controls. The internal control is designed to ensure that the financial and other records are reliable for preparing financial statements and other data, and for maintaining accountability of assets.

5. Material developments in human resources/industrial relations front, including number of people employed:

It is envisioned that human resources will play a very important part in the growth of the Company as all the products, patents and product application are Niche in themselves. Therefore the quest for building a dedicated team is on which will foster the growth of the Company at an exponential rate. The human resources required are not readily available for the basket of niche products of the Company and hence they need to be moulded overtime so that not only the individuals grow but it is profitable to the business. The Company is now in the process of positioning Business Managers who will grow individual product lines while growing themselves.

6. Cautionary statement:

This analytical report contains forward-looking statements. Arrow may also make forward-looking statements in our periodic reports to the Stock Exchanges as per prevalent rules and in its annual report to shareholders, in its proxy statements, in its offering circulars and prospectuses, in press releases and other written materials and in oral statements made by its officers, directors or employees to third parties. Arrow assumes no obligation to update the forward-looking statements in this release and elsewhere. Statements that are not historical facts, including statements about our beliefs and expectations, are forward-looking statements. Forward-looking statements involve inherent risks and uncertainties. A number of important factors could cause actual results to differ materially from those contained in any forward-looking statement.

CERTIFICATE OF COMPLIANCE FROM THE AUDITORS OF THE COMPANY

To
The Members of
Arrow Coated Products Ltd.

We have examined the Compliance of the conditions of Corporate Governance by Arrow Coated Products Ltd. for the year ended 31st March, 2015 as stipulated in Clause 49 of the Listing Agreement of the said Company with BSE Limited.

The compliance of conditions of Corporate Governance is the responsibility of management. Our examination was limited to the procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of the opinion on the financial statements of the Company.

In our opinion and to the best of our information and explanations given to us and the representations made by management; we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above-mentioned Listing Agreement. We state that in respect of Investor Grievances received, generally no investor grievances are pending for a period exceeding one month against the Company as per records maintained by the Investors Grievance committee.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Independent Auditor's Report

To the Members of Arrow Coated Products Limited

Report on the Financial Statements

We have audited the accompanying financial statements of Arrow Coated Products Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2015, Statement of Profit and Loss and Cash Flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Board of Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Basis of Qualified Opinion

- a) *The company has not made provisions for overdue advances aggregating to ₹ 3987.88('000).Had this observation made by us been considered Profit after Tax would have been ₹ 61516.99('000) (as against the reported figure of Profit of ₹65504.87('000)); reserves and surplus would have been surplus of ₹ 98494.42('000) (as against the reported figure of surplus of ₹ 102482.64('000)); long term loans and advances would have been ₹ 31297.04 ('000) (as against reported figure of ₹35284.92 ('000)),*
- b) *As more fully explained in note 37 to the financial statements the Company has not complied with Accounting Standard 24 Discontinuing Operations .*

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in Basis of Qualified Opinion paragraph, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2015 and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2015 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:
 - (a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) the balance sheet, the statement of profit and loss and the cash flow statement dealt with by this Report are in agreement with the books of account;
 - (d) in our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - (e) on the basis of the written representations received from the directors as on 31 March 2015 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2015 from being appointed as a director in terms of Section 164 (2) of the Act; and
 - (f) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigation on its financial position in its financial statements in accordance with the generally accepted accounting practice (refer note 27);

Independent Auditors Report on Consolidated Financial Statements

To The Board Of Directors Of Arrow Coated Products limited.

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Arrow Coated Products Limited (herein after referred to as the Holding Company), its subsidiaries and share of associates (Collectively referred to as, "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2015 and Consolidated Statement of Profit and Loss and Consolidated Cash Flow for the year then ended, and a summary of significant accounting policies and other explanatory information. (herein after referred to as "the consolidated financial statements")

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirement of the Companies Act, 2013 ("the Act") that give a true and fair view of the Consolidated financial position, Consolidated financial performance and Consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the preparation of the consolidated financial statements by the directors of the Holding company, as aforesaid.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Holding Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Notes to the Consolidated Financial Statements for the year ended March 31, 2015

1 Basis of Consolidation:

- a) The consolidated financial statement relates to the Arrow Coated Products Ltd., the holding company, its subsidiary Arrow Coated Products (UK) Ltd incorporated in UK, Step down Subsidiary Advance IP Technologies Limited and Arrow Realty Ltd (Subsidiary of Arrow Coated Products (UK) Ltd.) and Arrow Secure Technology Pvt.Ltd. and its Associate SP Arrow Bio-Polymers Pvt. Ltd and Sphere Bio-Polymers (P) Ltd.
- b) The financial statements of the Company and its subsidiary companies are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions in accordance with Accounting Standard (AS) 21 - "Consolidated Financial Statements"
- c) Goodwill represents the difference between the company's share in the net worth of subsidiaries and the cost of acquisition at time of making the investment in the subsidiaries. For this purpose the company's share of net worth is determined on the basis of latest financial statements prior to the acquisition after making necessary adjustments for material events between the date of such financial statements and the date of respective acquisition. The goodwill recorded in these consolidated financial statements has not been amortized, but instead evaluated for impairment whenever events or changes in circumstances indicate that its carrying amount may be impaired.
