Financial Highlights at a glance

Chairman Message

Dear Partners in Prosperity,

It gives me immense pleasure to present to you another exciting year in our journey. I am happy to share that despite the challenging global environment, your company achieved total revenue of Rs. 55 Crores in fiscal 2015-16 with a growth of 12%. Net Profit for the year increased to Rs. 31 Crores, up 36% over the previous year.

This performance could not have been achieved without single minded focus on Product development and marketing and Perseverance in operational efficiency. The company has taken many strategic initiatives in the last year to achieve its vision of being Green Company. Keeping this vision in view, company's name has been changed from Arrow Coated Products Ltd. to Arrow Greentech Ltd. With this, our approach of creating value for our Environment is in line.

Your company continues to tread on the path of transforming itself into a technology driven company with focus on innovative & eco-friendly products. The foundation of your company now stands firmly on the platform of Research & Development, Sustainability and Intellectual Property. We will keep on looking out for profitable growth avenues, which will create long term value for the shareholders.

The Patent business continues to be booster for the revenue of the Company. We have 31 patents granted in India and across various geographical regions in the field of health & hygiene, high strength paper, security, packaging etc. Our product development team is continuously working on development of new products and filing new patents to secure the company's IP. Also on tangible assets side, expansion in our Ankleshwar factory is going on full scale and we are expecting commercial production from new unit in early third quarter of FY16-17. I would also like to take this opportunity to mention that the business performance of the subsidiary in UK has also improved.

Our strategy has been simple. Innovate, Protect (Patents and IP), find the best in the field and make a strategic alliance to produce the patented product or outlicense our technology. The focus will always be on Environment friendly technologies and we look for like minded partners having expertise in their field and who can add value to our targets. In this line, in this year we have made alliance with Proquimia, Spain and Misapore, Switzerland.

I express my sincere gratitude to our shareholders, investors and banks who continue to support us. I wish to express my appreciation to my colleagues on the Board and our employees for continued support and confidence in your company. Let me assure you, we continue to stay focused in building a strong business at Arrow and enhance 'shareholders and other stakeholders' values in every possible ways and we solicit your unstinted support for the years to come.

Yours Sincerely,

Shilpan Patel

**Explanatory Statement as required under Section 102(1) of the Companies Act, 2013:****Item No. 4**

The Statutory Auditors, M/s J.A. Rajani & Co. have expressed their unwillingness to be re-appointed as the auditors of the Company. A special notice has been received under section 140(4)(i) of the Companies Act, 2013 from a member proposing appointment of M/s Haribhakti & Co. LLP, Chartered Accountants, as the statutory auditors.

The Audit Committee has considered the qualifications and experience of the proposed auditors and has recommended their appointment. The Board of Directors has also considered the matter and recommends the passing of the Special Resolution appointing M/s Haribhakti & Co. LLP, Chartered Accountants, as statutory auditors in place of the retiring Auditor M/s J.A. Rajani & Co.

Written consent of the proposed auditors together with a certificate that the appointment, if made, shall be in accordance with the conditions specified in Rule 4 of the Companies (Audit and Auditors) Rules, 2014 has been received.

None of the Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at item No. 4 of the Notice.

Item No. 5 & 6:

The Board of directors at their meeting held on 14.05.2016, subject to approval of members of the Company, has accorded its approval to revision in the remuneration of Mr. Shilpan Patel, Chairman & Managing Director and Mr. Neil Patel, Whole Time Director (herein after referred to 'the Executive Directors') of the Company, as above, for the remaining tenure of respective executive directors. The same was approved by the Nomination and Remuneration Committee at its meeting held earlier that day and was recommended to the Board for its approval. While approving the revised remuneration of the Executive Directors, the Nomination and Remuneration Committee considered various parameters which, inter alia, includes, the scale of operations of the Company and increased involvement of executive directors for the overall growth of the Company especially in respect of setting up of new manufacturing units, streamlining the production capacities of existing units, exploring new domestic and overseas markets, deeper penetration of existing markets and enhancing brand value through various initiatives etc. with a view to ensure objectivity in determining the remuneration package as well as maintaining a balance between interest of the company and shareholders. The revision in remuneration of executive directors was made with the view to make the same commensurate with their efforts given to and involvement in the Company by way of increasing monthly payment so as to maintain a regular distribution of cash flow.

The executive directors are related party as per Section 2(76)(i) of the Companies Act, 2013. As per section 177(4)(iv) of the Companies Act, 2013 and amended terms of reference duly approved by the Board of the Company, the audit committee has to accord its approval to any related party transaction and accordingly the Audit Committee at its meeting held on 14th May, 2016 discussed, approved and recommended the same agenda for the approval of the Board.

Pursuant to provisions of Section 197 read with Part I and Section I of Part II of Schedule V and other applicable provisions, if any, of the Companies Act, 2013 (including any statutory modification or re-enactment thereof) and applicable clauses of the Articles of Association of the Company, the above said revision in remuneration requires approval of members of the Company in a general meeting by way of ordinary resolution. Accordingly, the resolutions set out at item nos. 5 and 6 of the notice are recommended to be passed as ordinary resolution(s).

Item No. 7:

Pursuant to the erstwhile equity listing agreements ("Listing Agreement") entered into by the Company with Bombay Stock Exchange Ltd. and the National Stock Exchange of India Ltd. and applicable circulars and regulations issued by the Securities and Exchange Board of India ("SEBI"), any material related party transaction, i.e. a transaction to be entered into which individually or together with previous transactions in a given financial year with a related party exceeds 10% of the annual consolidated turnover as per the last audited financial statements of the Company, requires the approval of the shareholders of the Company by way of a special resolution.

Considering the above required, your Company had taken the approval of some material related party transactions, as per clause 49 of the Listing Agreement in its Extra Ordinary General Meeting held on 16th July 2014 and 24th June 2016.

Subsequently Securities and Exchange Board of India (Listing Obligation and Disclosure Requirement) Regulations, 2015 ("Regulations") were notified on 2nd September, 2015, and became effective from 1st December 2015. Pursuant to Regulation 23 of the said Regulations, all existing material related party contracts or arrangements entered into prior to the date of notification of Regulations and which continue beyond such date shall be placed for approval/ratification of the shareholders in the first General Meeting subsequent to notification of these Regulations.

Your Company has some material related party transactions which are in existence and likely to continue in the financial year 2016-17 or beyond for which your approval is required as per SEBI (LODR) Regulations, 2015.

The details of said Related Party Transactions are given here in below in a tabular format for kind perusal of the members:

Dear Member,

Sub: Electronic Clearing Service (ECS)/ Bank particulars for payment of dividend

We wish to inform you that from last few years, we have extended ECS facility to our members by which they can receive their dividend directly in their bank account through electronic clearing.

The benefits of ECS are that, it provides protection against fraudulent interception and encashment of dividend warrants or damage of dividend warrants in transit or problem of revalidation/ issuance of duplicate dividend warrants and there is no extra cost.

We wish to further inform you that SEBI has also mandated the companies, the use of ECS facility for distributing the dividend and other cash benefits to the investors and only in the absence of availability of ECS facility, the Company may use warrants for disbursing dividend and other cash benefits. Further the bank particulars have to be printed on the warrants to obviate any fraudulent encashment and interception in postal transit.

You are, therefore, requested to follow the procedure given below:

i. Physical Shares

In order to avail the ECS facility, we request you to provide us the requisite details in the form given overleaf and submit the same to the Company at its Registered Office at Arrow Greentech Limited, Solitaire Corporate Park, Bldg No.3, 7th Floor, Unit No. 372, Guru Hargovindji Marg, Chakala, Andheri (East), Mumbai – 400093 before the dividend for the current financial year is paid to you. The information should be accurate and complete in all respects and in order to prevent any incorrect particulars being entered, we request you to enclose photocopy of a Cheque for verifying the accuracy of MICR Code No. and other particulars.

ii. Demat Shares

Please note that as per the Stock Exchange directions, the Company will have to take note of the ECS or Bank Account details furnished only by the Depositories, whenever such information is available. You are therefore requested to provide such information only to your Depository Participant (DP), in case the shares are held in demat form.

We recommend and request you to avail of the ECS facility and in the alternative provide complete bank particulars for printing on the dividend warrant.

Assuring you of our best services.

Thanking you.

Yours faithfully,

For **Arrow Greentech Limited**

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

1. Industry Structure and Development

A. Water Soluble Film (Watersol™):

Arrow Greentech Ltd., an ISO 9001:2008 certified company, is one of the leading manufacturers of cast water soluble film in the world, having world class manufacturing facilities in Ankleshwar, Gujarat & has one of the best in class, totally automated machine, functioning presently. Expansion plans to increase manufacturing capacity have already been finalized and going forward. This expansion will almost triple the capacity of the **Watersol™** production, in coming years. This Wonder Product has got varied applications in industries ranging from Agrochemicals, Construction, Chemical, Embroidery, Health & hygiene to Water transfer printing (3D printing). **Watersol™** provides an instant solution to the various problems faced in handling of hazardous material by industries today. Film Quality in production is divided into different classes for different applications in their field. This new production process will help us achieve a greater market share in the top two main markets of water soluble film namely the agrochemical sector and the health/hygiene sector which adds up to be around 72% of the water soluble film market.

According to certain research reports the PVA film market is approximately worth 550 million dollars for all water soluble film applications and is growing at approximately 5.2% CAGR.

Agrochemical sector:

World health organization recently in their article to all the agrochemical companies advised as below to ensure safe usage of pesticides using water soluble films:

“Water soluble packaging is for pesticides that are diluted with water before application. The soluble sacks are put directly into the spray tank where they dissolve and release their contents. There are two main advantages: ■there is no operator exposure to the contents, as the packs do not require opening; and ■there is no contaminated container to be recycled or disposed of.

Water soluble packs should be considered an integral component of the formulation. Pesticide regulations should encourage innovation in package design that improves public safety and reduces the burden on the environment.”

Our Company has developed a wide range of water soluble films especially for the agrochemical industry which dissolves completely in water & meets WHO standards (solubility standards) as per CIPAC method without damaging the environment or causing any harm to humans and has no health hazards. Environmental agencies around the world has mandated that many Vector Control actives (like DDT, Lambda, Pyrethrins etc), weedicides, herbicides, insecticides etc must be packed in **water soluble films**. This increases the scope of **Watersol™** film market in India and neighboring countries. India has just scratched the surface of this end use. Internationally many agrochemicals are banned unless primarily packed in **Watersol™** film, thereby forcing Indian manufacturers supplying agrochemical in finished form to those companies to pack their product in **Watersol™** film. As Indian companies focus on exports of their agrochemicals, the demand for **Watersol™** film as compulsory packaging, mandated by environmental agencies such as United States environmental protection agency, will come to fore, and applications to CIB will increase and thereby increasing the demand for Indian **Watersol™** film.

Health hygiene sector:

The potential of **Watersol™** film in the **health and hygiene industry** cannot be overstated. In a field where hygiene, safe disposal and proper use are non-negotiable, **Watersol™** film can be used as disinfectant laundry bags and as capsule packs.

The **Watersol™** laundry bags is an optimum precautionary product that enables those who handle soiled linen to isolate, store, transport and clean washable dirty items. The bags can be used as integral liners in collection containers or as independent storage bags for soiled or contaminated items in medical care, such as used continence pads or bed linen, prior to laundering, thus minimizing the risk of cross contamination or direct exposure to waste materials or body fluids mainly in hospitals.

These laundry bags ensure complete protection to patients as well as hospital staff as they need not be opened again and be directly put in the wash, thus preventing exposure of contaminant to the environment.

In the hygiene division Arrow Greentech limited has developed a new cast Water Soluble film which is used for manufacturing water soluble detergent filled capsules. These capsules can be either be incorporated within the WSF laundry bags as precise portion packs (Solopacs™), or the same Solopacs™ can be used in any household applications such as washing machines, dishwashers, glass cleaners etc.

These capsules are soluble sachets that can provide capsule packaging for a wide range of applications. The Cast Water Soluble Capsules can store medical or household powder or liquid products safely thus ensuring convenient storage, high accountability, safe transportation, while also maintaining environmental standards, as these biodegradable products dissolve completely without leaving behind any residue and consequent environmental risk.

We at Arrow Greentech limited are aiming to be the biggest supplier of Watersol™ Film in the coming years with expanding our production needs to meet the worlds requirement.

B. Arrow Care Division:

After last year tie-up with Careli, Spain and successful result in test marketing Arrow was quick to tie up with Proquimia, Spain. Proquimia is the mother company of Careli with over 50 years of experience in cleaning and hygiene chemicals. Arrow's Klenz Pro is a dedicated brand that provides Eco labeled Cleaning and Hygiene Chemicals for the institutional market. We cater to Hotels, Pharmaceutical plants, Manufacturing industry, Auto Mobile Industry, Corporate offices, facility management companies etc. We provide a customized mix of Eco friendly chemicals that helps our client attain top quality results at affordable price points.

Klenz Pro has a total of 19 products already introduced in the market and plan to expand the range to about 70 products before the end of 2016-17. Upon show casing the Arrow's Klenz pro range of product at the Clean India exhibition held in the month of January, we gathered a huge response from the market due to the innovation employed in the product as compared to the conventional cleaning technology.

Our Marketing and launch Strategy along with quality built products made us win the "Best Innovative Chemical Product in India" Which is a great start. Not to forget, India is a very different Market compared to Europe and the facts like uneducated and unskilled staff along with costly logistic support makes Pre Dosed Capsules a game changer in the industry. Benefits like Time management, Waste management, Space saving, low logistic cost and Supreme European Standard Quality makes us stand out when compared to our competition.

The past few months have been clearly designated to build a strong Distribution and Sales team which will help our long-term vision. We have now a very strong and rapidly growing network and cover regions like Maharashtra, Gujarat, Delhi, Rajasthan, Goa, Karnataka & Kerala. The sales team began to target potential clients from the Hospitality, Corporate & Industrial sectors, giving them demonstrations of our product & explaining the application & quality of the product. We managed to find success in providing these potential clients with solutions to their numerous problems with concern to cleaning & hygiene.

C. Security Products:

Arrow has been granted many patents in security field. This relates to patents used for brand protection and goes well up to high end security products like Passports, Bank Notes and security paper. Presently, Arrow is in the process of forming strategic alliances with some of the world's best in the field. Building strategic alliances and going to market, which is well protected by cluster of IP, is the strategy that Arrow has successfully executed in the past and intends to continue doing the same in the future. The security division of Arrow has been bifurcated into medium end products and higher end products catered to Government business division with their cutting-edge technology. There will also be cross selling between two divisions. E.g. WSF Division can add value to customer's brand, by convincing them to pay little extra and protect their brand. Another example is known as "protecting and control of grey marketing". This is done by adding track and trace elements within the WSF and tracking FMCG products like Detergent capsules, Dishwasher tablets etc.

As IPR becomes important to Indian FMCG products and grey market diversion may become rampant, brand protection will gain importance and Arrow will be in the forefront to offer sharp solutions. Arrow has several patents in this security cluster and intends to create revenues in the coming years. Many of the European and Australian FMCG companies have been approached for propagating this technology. Track and trace solutions embedded in Printed WSF for detergent pods or Dishwasher Tablets are some of the products which Arrow will be looking at for commercializing via this patent. This year we hope to add more companies to ensure that their brands are protected while using our patented product as an exclusive supply chain vigilance system.

D. Patents and IPR SBU:

IPR is an important revenue stream for any Company. Arrow has spent reasonably heavy amounts of money in R&D and filing of patents in the last couple of years. This year, Arrow has been granted a patent in Australia, for **Method of Manufacturing Embedded Water Soluble film Carrier** which has been successfully prosecuted and a grant has been secured. Arrow till now has received 3 patent grants in Australia. In all we now have 31 granted patents nationally and internationally. Some of these patents have changed the way and many Detergents, Pharma and Agro chemical products are being packaged and delivered. For example the Self Destructive Irreversible Security Packaging Water Soluble Film launched earlier has captured the interest of the Agrochemical Industry. This patent is now being showcased to major laundry detergent pods manufacturers to protect their brands. Arrow UK has hired the services of human assets, in commercializing WSF with this enhanced feature and AIPT has taken one more firm on consultancy basis to find more opportunities in marketing our Health and Hygiene patent portfolio. We are in continuous discussions with Companies on various patent revenue models.

Your company has a clear chart and a clear mandate to focus on two revenue streams—viz, Tangible assets (manufactured goods, with touch and feel and which can make a difference to lives of millions of people) and Intangible assets (Patents which can be out licensed (Arrow owned Patents) or inlicensed (e.g. Misapor) and using our years of experience, commercialize these assets, to generate revenues). Intellectual property is one of the most important intangible assets that differentiate your Company from other smaller competition; with protected core technology in the form of patents one has nuggets of wealth at the centre of the business. The patents are value creators for the Companies as they can be licensed, sold, assigned or cross licensed, so having a strong patent portfolio enables a Company to be royalty earner than royalty payer.

Patents protect company's own product lines against infringers and sometimes create a windfall profit, when the law suits are successfully prosecuted. This then result in continuous royalty income, besides one time fees as granted by the Courts. Your company has proposed to DSIR (Department of Sciences and Research), department of TDB (Technical Development Board), for assisting us in creating pilot production for these families of patents. This patent incubation centre, will be mainly focusing in creating proof of concept and pilot production centre. Scale up of these pilot projects will then allow your company to compete in the International arena, as our management is convinced that IP is the only way to leap forward in this globally interconnected world. Products produced by these patented processes are protected against infringements/duplication for 15 to 20 years.

In future, Arrow proposes to enter crop protection using a different version of this patented process and patented product. As India starts it's vision into providing food grains for the world population, the need for low pesticides residue will be very important.

E. Arrow UK Activities:

Arrow UK operation (which includes three companies i.e. Arrow Green Technologies (UK) Limited, Advance IP Technologies Limited and Arrow Realty Limited) is continuously major contributor to our topline and bottomline. Revenue is primarily contributed by royalties from patents. UK laws allow all IP related income to be taxed at a lower rate bracket, so Arrow UK will gain monetary advantage in this process. Recently we have made investment in manufacturing facility in UK and we are expecting to expand our foot print in European water soluble film market.

F. Export Division SBU:

Arrow's quality of **Watersol™** film has opened various export markets, including Brazil, Latin America, Europe, and Asian markets. We expect better revenues from Export of Agrochemical and detergent based **Watersol™** film to add to top line and bottom line, going forward with our new expansion in the production line.

Exports of our products have increased but there is a potentially unlimited and untapped market worldwide. Arrow is one of the major players in cast water soluble films and each manufacturer of cast water soluble film have unique methods of production of these films and have earned patent protection. The solubility of the film is related to the product being packed, so custom based **Watersol™** film and ageing period is needed to fully certify the package. Arrow's experience in coatings chemistry, earned them a patent for a unique multilayered barrier coated **Watersol™** film. This invention helps in proposing the right product to the clients and entering their permanent supply chain. This year should give a positive impetus to our export sales. With new investments in automated technology, Arrow is now geared to produce International quality of films as well as increase the quantum to satisfy the ever increasing hunger for **Watersol™** film (water soluble films).

G. Water soluble edible film:

This technology is a relatively new development, but broadly based on water soluble film technology, which also allows small quantities of active ingredients to be delivered in a user-friendly format. Adapting existing products such as oral sprays, liquids or tablets, or exploiting entirely new opportunities, Edible film division will work closely with clients to create the most effective thin film product and process solutions. As you may be aware, that this patent has now been granted in several countries, including Australia, South Africa, Europe and India. This patent is still being prosecuted in the USA.

Taking advantage of the patented technology, our Company is in the process of securing partner(s) in the field of Pharmaceuticals and Nutraceuticals for entering into this highly lucrative and IPR sensitive field of saving human and animal lives. These are long term revenue generating fields that your Company is targeting using our Patents and knowledge acquired over the years. Both these ventures will mean additional Capital expenditures and your Company is planning this ahead of time. Arrow's water soluble edible film foray will be limited to the use of its patented drug (Active) delivery system, using edible Water Soluble Film.

2. Opportunities:

Going green is becoming increasingly attractive as a business strategy. Scientists and politicians today debate on the effects global warming and dwindling natural resources, green industry practices income of a lower carbon footprint, but increased cost savings, supportive government policies, and ever-increasing profitability as well. Trends in consumption, government policy, and costs all point towards even more green industry business opportunities in the years ahead.

Within the this sector there are a number of ways to take advantage of the green business movement, from green technology, to green packaging, to cleaning material and services that use eco-friendly products, and dozens of concepts in between.

Green industry methods are on the rise because they're increasingly demanded by consumers, sought after by shareholders, and required by governments. Sustainable business practices acknowledge the finite resources available and reduce costs through renewable and reusable inputs; they attract niche customers early and have enormous potential to grow into the mainstream.

Need for non-soluble Bio Compostable Plastics is gaining attention now. The threat of flooding has resulted in the realization that Bio-Compostable Films as preferred material to save the cities from flooding. The need for Bio-Compostable film and Bio-Degradable film to save the environment is now present universally and environmentally conscious people of planet earth are looking at various ways to improve the quality of life. We expect to cash in on this opportunity by promoting and leveraging our venture with Sphere, France.

Bio Compostable Products:

With increasing concerns over the use of plastics, sustainable alternatives to plastics are increasingly in demand. Plastics made from petrochemicals are not a product of nature and cannot be broken down by natural processes. Arrow Greentech's foray into biocompostable film will be a game changer in terms of the ways packaging is being done conventionally. It would eliminate the waste woes and package the product securely without causing any alteration w.r.t. the changes in external environment. We have in-licensed the technology for biodegradable bioplastics from Sphere, France that is compliant with the European standards. It is 100% bio-compostable, made from renewable plant resources (potato starch, polylactic acid etc) and has a diverse range of applications such as garbage bags, disposable dishes and carrier bags. Sphere's expertise in bioplastics and Arrow's water soluble film technology together would revamp the packaging with sustainable solutions.

Some of the proposed products such as Arrow Tea-Coffee portion packs, aluminum foil when laminated inside with bio compostable film will provide dual advantages of heat blockage inside the packaged material and sustainability. Similarly, it has applications in jute hessian bags.

Conventional Tetra Packs packaging is composed of the layers of PE, aluminum, PE and paperboard. Arrow Pack is conceived on Arrow's ingenious hot water soluble film technology that would deftly replaces all layers of PE providing heat preservation inside. Hot water soluble packaging is recyclable in hot water centrifuges and is food grade product. There is reduced risk of transfer of Bisphenol-A, a toxic chemical into food products and their subsequent consumption by humans.

With new restrictions of maximum ceiling on exports of garments on China being imposed by EU and USA, along with anti-dumping duties this business is bound to come to India and neighboring countries. With recent shutdowns in Bangladesh and cost revisions in China, the demand for garments will go up. India meanwhile has built huge capacities in composite garment manufacturing units and the demand for our **Embroidery film (Watersol™ film)** will show an uptrend in the future. Distribution channels for exports have been further widened by appointment of agents in Sri Lanka, Bangladesh, Thailand, Malaysia, Indonesia, Cambodia, Vietnam and Myanmar. These are the emerging garment business hubs along with traditional markets like Africa, UAE and Turkey.

Arrow's embroidery specific Water Soluble Films save time, money and environment.

Introduction of Schiffli embroidery film will replace the chemical lace fabrics (which are environmentally harmful) and will result in more demand for our Watersol™ film.

3. Threats:

Threats include non-specified materials (like blown films) from China, compelling us to keep our prices low and resulting in inability to make higher margins. Illegal Imports of our patented products like Soap Film, edible film etc., from China and other countries, and the inaction or delayed action by various government, judicial and non-judicial departments in our country, to stop these imports.

4. Internal control system and their adequacy:

Our Company has a proper and adequate system of internal controls to ensure that all assets are safeguarded and protected against loss from misuse or disposition and that transaction are authorized, recorded and reported correctly.

Audit Committee continuously reviews the adequacy and efficacy of the internal controls. The internal control is designed to ensure that the financial and other records are reliable for preparing financial statements and other data, and for maintaining accountability of assets.

5. Material developments in human resources/industrial relations front, including number of people employed:

It is envisioned that human resources will play a very important part in the growth of the Company as all the products, patents and product application are Niche in themselves. Therefore the quest for building a dedicated team is on which will foster the growth of the Company at an exponential rate. The human resources required are not readily available for the basket of niche products of the Company and hence they need to be moulded overtime so that not only the individuals grow but it is profitable to the business. The Company is now in the process of positioning Business Managers who will grow individual product lines while growing themselves.

6. Cautionary statement:

This analytical report contains forward-looking statements. Arrow may also make forward-looking statements in our periodic reports to the Stock Exchanges as per prevalent rules and in its annual report to shareholders, in its proxy statements, in its offering circulars and prospectuses, in press releases and other written materials and in oral statements made by its officers, directors or employees to third parties. Arrow assumes no obligation to update the forward-looking statements in this release and elsewhere. Statements that are not historical facts, including statements about our beliefs and expectations, are forward-looking statements. Forward-looking statements involve inherent risks and uncertainties. A number of important factors could cause actual results to differ materially from those contained in any forward-looking statement.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Basis of Qualified Opinion

The Company has not complied with Accounting Standard 24 Discontinuing operations as more fully explained in note 35 to the financial statements.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in Basis of Qualified Opinion paragraph and other, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2016 and its profits and its cash flows for the year ended on that date.

“Annexure B” to the Independent Auditor’s Report of even date on the Financial Statements of Arrow Greentech Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Arrow Greentech Limited (“the Company”) as of 31st March, 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal financial control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Qualified Opinion**

According to information and explanation given to us and based on our audit, a *material weakness has been identified as at 31st March, 2016 in the Company relating to inadequate internal financial control over financial reporting in respect of compliance with accounting standard in relation to discontinuing operation.*

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, to the best of our information and according to the explanation given to us, except for possible effects of the material weakness described above on the achievement of the objectives of the control criteria, the company has maintained, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as of 31st March, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the material weakness identified and reported above in determining the nature, timing and extent of audit tests applied in our audit of the financial statements of the Company for the year ended 31st March, 2016, and the material weakness affects our opinion on the said financial statements of the Company.

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirement of the Companies Act, 2013 ("the Act") that give a true and fair view of the Consolidated financial position, Consolidated financial performance and Consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the preparation of the consolidated financial statements by the directors of the Holding company, as aforesaid.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Holding Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Basis of Qualified Opinion

“Annexure A” to the Independent Auditor's Report of even date on the Consolidated Financial Statements of Arrow Greentech Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Arrow Greentech Limited (“the Holding Company”) and its Subsidiary Company as of 31st March, 2016 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary company which are incorporated in India are responsible for establishing and maintaining internal financial controls based on the internal financial control over financial reporting criteria established by the respective Companies considering the essential components of internal controls stated in the Guidance note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the holding company and its subsidiary incorporated in India based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the aforesaid entities.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper

management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to information and explanation given to us and based on our audit, a *material weakness has been identified as at 31st March, 2016 in the Holding Company relating to inadequate internal financial control over financial reporting in respect of compliance with accounting standard in relation to discontinuing operation.*

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, to the best of our information and according to the explanation given to us, except for possible effects of the material weakness described above on the achievement of the objectives of the control criteria, the Holding company and subsidiary company incorporated in India, has maintained, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as of 31st March, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the material weakness identified and reported above in determining the nature, timing and extent of audit tests applied in our audit of the consolidated financial statements of the Holding Company for the year ended 31st March, 2016, and the material weakness affects our opinion on the said financial statements of the Company.
