## SIGNIFICANT ACCOUNTING POLICIES

### (a) Basis of Preparation of Financial Statements

The financial statements are prepared in accordance with India Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values. GAAP comprises mandatory accounting standards as prescribed under section 133 of the Companies Act, 2013 ('Act') read with Rule 7 of the Companies (Accounts) Rules, 2014, the provisions of the Act (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing standard requires a change in the accounting policy hitherto in use.

### (b) Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent liabilities as at the date of the financial statements and reported amounts of income and expenses during the period. Examples of such estimates include computation of percentage of completion which requires the Company to estimate the efforts or costs expended to date as a proportion of the total efforts or costs to be expended, provisions for doubtful debts, future obligations under employee retirement benefit plans, income taxes, post-sales customer support and the useful lives of fixed tangible assets and intangible assets.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

### (c) Revenue Recognition

Revenue on sale of products is recognised when the products are delivered to customers, all significant contractual obligations have been satisfied and the collection of the resulting receivable is reasonably expected. Sales & Purchases are stated net of trade discount, returns and taxes collected.

### (d) Provisions and contingent liabilities

A provision is recognized, if, as a result of a past event, the Company has a present legal obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by the best estimate of the outflow of economic benefits required to settle the obligation at the reporting date.

Contingent Liabilities represents claims against the company not acknowledged as debts includes, a) the appeal lying with DCCT (A), Commercial Tax Department, Gujarat for demand of ₹2.28 lacs of FY 2010-11 (tax paid of ₹0.57 lacs), b) the appeal lying with DCCT (A), VAT Department, Gujarat for demand of ₹10.26 lacs of FY 2011-12 (tax paid of ₹2.28 lacs) & c) the Appeal lying with The CESTAT, Ahmedabad for demand of ₹2.16 lacs (tax paid of ₹0.25 lacs).
