PATIENCE. PLANNING. PROFITABILITY.

At N R Agarwal, we patiently saw through the last two pandemic-affected years.

During this challenging phase, we planned our next decisive expansion.

This expansion will be profitable, capitalising on a number of existing fundamentals.

We believe that the combination of the three P's will enhance value for all those associated with our Company.

WHAT ARE WE

N R Agarwal Industries Limited.

One of the most attractive proxies of the paper industry in India.

The Company has been a prominent paper manufacturer for nearly three decades.

The Company is now making a decisive investment to deepen its presence in the packaging board segment.

This is expected to transform the personality of the Company.

This will validate the attributes of patience and planning leading to profitability.

Product-wise revenue

(as % of overall revenues, FY 2021-22)

Ethos

Our vision

To be recognised as a global manufacturer of innovative paper products to our valued customers

Living our core values

Providing a fair return to our stakeholders.

Our mission

N R Agarwal Industries Limited is committed to achieve highest stakeholder satisfaction by way of technological innovation, cost effectiveness and excellent work culture.

Background

Incorporated in 1993, N R Agarwal Industries Ltd manufactures several types of duplex paper boards, as well as writing and printing paper. With nearly three decades of experience, the Company has been one of India's earliest and leading producers of recycled paper, as well as the largest manufacturer of grey and white back duplex board. The Company is one of India's major producers of waste-paper-based paper and one of the top seven paper companies in terms of size.

Promoters

As of March 31, 2022, the promoters held 1,25,16,998 equity shares, representing 73.55 per cent of the issued, subscribed and paid-up capital.

Product offerings

Duplex board: Quality duplex boards are manufactured by the Company and are suitable for offset printing, embossing and foil stamping. The products are manufactured with a moderated use of heavy metals, ideal for post-print applications and certified by India's Central Food Technology Research Institute.

Writing and printing paper: The Company manufactures writing and printing paper that is respected for brightness, shade stability and smoothness across GSM thicknesses. The products possess high tensile strength and surface qualities suited for multi-colour gravure printing at high speeds.

Competitive advantage

Environment integrity: The Company reduced the use of scarce resources by improving operational efficiency, reducing electricity and water use per ton of manufactured paper. The Company increased water recycling through the installation of a reverse osmosis system.

Infrastructure: The Company operates in a 100 acre industrial plant in Sarigam. By the end of FY 2021-22, 40 acres had been utilised, leaving the Company with large land available for prospective expansion programmes.

Proximity: The Company's production facility is located 165 km from the Mumbai Port, moderating logistics cost related to the import of waste paper and enhancing flexibility in exports to 18 countries.

Products

Portfolio: In the duplex board category, the Company manufactured white back and grey back variations in a wide variety of GSMs to address customer needs. Due to the steady demand for FMCG and medicinal goods, the Company operated its plant at 100% capacity utilisation through the last couple of years. The Company manufactured Surface Size SS and Non-SS maplitho varieties for textbook and publishing applications in the writing and printing market.

Manufacturing

Capacity expansion: The Company steadily increased its paper/board production capacity, addressing the growing needs of customers and strengthening its brand.

Productivity: The Company concentrated on enhancing output from equipment following a series of equipment modernisation programmes. As a result, the Company's equipment has been validated as efficient and competitive.

Location

The Company's headquarters are located in Mumbai. The entire production takes place in Vapi and Sarigam, Gujarat.

Responsibility

The Company is respected for environmental standards, governance, stability and community involvement. The Group's strategic plan includes a consistent focus on responsibility and sustainability.

Listing

The Company is listed on the Bombay Stock Exchange and National Stock Exchange where it enjoyed a market capitalisation of ₹453.22 cr as on March 31, 2022.

Credit rating

As of March 31, 2022, the Company had been rated A stable by ICRA.

Performance

The Company reported ₹35.85 earnings per share for FY 2021-22, which was higher by 6.63% over the previous year.

Patience, Planning and Profitability translated into a credible performance for our Company in FY 2021-22

The Company remained profitable during each quarter, raising prospects of attractive growth from this point onwards. The performance also validated the competitive business model of the Company across market cycles, enhancing optimism of how we perform when the market recovers completely.

Overview

In my communication in the last annual report, I wrote about the two R's of our business – Resilience and Refresh – that was relevant for the time when paper demand and realisations were depressed.

Times have changed since. The educational institutions that were closed for long have reopened, strengthening the demand for writing & printing paper. More importantly, the one consistent feature of the last couple of years has been the performance of the packaging board segment, underlining the fact that irrespective of broad economic cycles, India's growing population will consume more products, strengthening demand for this segment.

In view of this, the focus of this annual report is the three P's that are intrinsic to our business – Patience, Planning and Profitability.

Business review

The big message that one needs to communicate to the shareholders of our Company is that despite one of our businesses under-performing across three quarters of the year under review, the Company emerged from FY 22 without Balance Sheet impairment and is poised to grow from this point onwards.

The Company reported record revenues of ₹1,616.51 cr; the Company's revenues of ₹446.11 cr during the fourth quarter were the highest reported by the Company during any single quarter in its existence. Realisations, however, were muted; this growth could not be faithfully reflected in the Company's profit figures and yet, the Company reported a positive bottom line each quarter, with the bottom line in the last quarter of FY 22 being nearly twice that of the third quarter. This indicates that our business has rebounded.

There was a clear message that the Company had succeeded in selling more, protecting our enhancing market share and this represents a favorable foundation on which to grow the business into the next orbit.

Revenues increased 41.10% and profit after tax strengthened 6.63%. Despite one segment of the business under-performing, the Company reported a cash profit of ₹112.43 cr, which is a credit to the Company's resilience. It is only during the last quarter that the Company capitalised on the reopening of educational institutions, which strengthened the offtake of writing & printing paper. This increased revenues 12.85 per cent over the immediately preceding quarter and 30.05 per cent over the corresponding quarter of the previous year.

The Company remained profitable during each quarter, raising prospects of attractive growth from this point onwards. The performance also validated the competitive business model of the Company across market cycles, enhancing optimism of how we perform when the market recovers completely.

This performance was the result of a number of fundamental strengths that we exercised during one of the most challenging periods in our existence. During the last few years, the Company had selected to fund growth through accruals, exited the newsprint business, moderated debt and initiated kaizens to strengthen operational performance. The complement of these realities paid off during FY 22 in the form of relatively low costs, enhanced productivity and an attractive debt-equity ratio of 0.13.

Business restructuring

A part of the improvement in our performance was the result of timely decisions taken to re-size and re-navigate the business. At the start of the financial year, the Company comprised two (Unit II & Unit V) machines dedicated to writing & printing paper. The Company selected to divest one writing & printing machine (Unit II) during the year for an aggregate value of ₹99 cr, leaving the Company with one machine (Unit V) with an estimated installed capacity of 1,08,000 TPA or a revenue generation potential of ₹500 cr.

This divestment was prompted by increasing digitalisation. As this

trend accelerates, we foresee growth tapering in the writing & printing paper segment with a corresponding moderation in realisations. Our unit sale is in line with this trend; we intend to utilise the proceeds to invest in a new packaging board capacity where we foresee growing demand. This reallocation of resources is in line with the Company's commitment to maximise returns from existing resources and enhance shareholder value.

The immediate and long-term impact of this divestment are likely to enhance liquidity, enhance the role of accruals in our expansion programme, create a competitive foundation for our sustainable growth and strengthen our product mix. Besides, the proactive speed with which we re-aligned our product mix will enhance the confidence of our stakeholders that the management is headed in the right direction.

Our fresh capital expenditure

We had themed the last annual report around 'Resilience and Recovery'. We believe that in the last couple of years, we have demonstrated adequate resilience in being able to protect our bottomline in the face of a revenue decline. The time has come for the Company to focus on recovery and graduate to the next orbit.

The one initiative that is expected to enhance our preparedness for an exciting future is our decision to invest ₹655 cr in a new packaging

board plant at our existing unit. This 500 tons per day facility is expected to emerge as a game-changer for various reasons.

One, the plant will be developed with cutting-edge technology that translates into a higher material efficiency and lower production cost by nearly 5 per cent, the basis of our sustainability.

Two, the new unit will be funded with nearly 35 per cent drawn from internal accruals, resulting in a lower debt load on the project and Company.

Three, the plant will be the biggest duplex board paper machine in India, strengthening economies of scale. The commissioning of this plant will enhance the Company's installed production capacity to 4,38,000 TPA.

Four, the plant's location in western India will service the growing demand for packaging board in the region, a decisive advantage over competing plants located in other parts of the country.

Five, the new unit will manufacture board varieties addressing the growing needs of food, hygiene and liquid applications. The machine will be equipped to manufacture FBB (Folding Box Board), SBS (Solid Bleached Sulphate) and recycled Duplex Board (grey back and white back). Even as this expansion positions the Company as a leader in the recycled packaging board segment, it plans to enter virgin grade qualities as well.

Foundation

This new initiative will capitalise on an existing foundation that the Company has patiently built over the years. The unit will be located within the existing 100-acre factory area where only 40 per cent of the space has been utilised. This advantage will make it possible for the Company to capitalise on existing infrastructure, saving commissioning time and capital costs. By the virtue of this location being 120 km from the port, the plant will be empowered to import wastepaper, moderate pulp quantity on the one hand and export the end product on the other. This flexibility will make it possible for the Company to moderate resource costs, enhance offtake, increase capacity utilisation and strengthen average realisations.

The other foundation that the expansion programme will capitalise on will be the Balance Sheet. As of March 31, 2022, the Company was under-borrowed. The Company had ₹70.30 cr of long-term debt on its books and ₹6.16 cr of cash/cash equivalents. A positive net cash position represents a decisive advantage that could empower the Company to enhance the use of accruals, moderate debt and strengthen viability from day one.

Responsibility

The Company recognises the critical role of environmentally-compliant standards in the manufacturing process. The Company is engaged in the installation of a 15 MW

cogeneration plant coupled with the necessary effluent treatment plant for the new packaging board plant.

The Company is installing a waste-to-energy high-pressure boiler (220 TPD) with a 7 MW turbine; this will be the largest waste heat recovery boiler in the Indian paper industry. The Company is also engaged in upgrading its existing turbine from 15 MW to 18 MW, installing a sludge drying plant (to dry deinking sludge) and a biomass effluent treatment plant that will be used as supplementary fuel in the boiler, resulting in zero solid waste generated from the plant.

Optimism

At N R Agarwal, we are optimistic of the prospects of our packaging board investment. India is passing through a retail consumption growth phase. This phase has extended across virtually every phase of the country's economic growth story. This growth comes with an inflection point in consumption patterns: with the Government coming down heavily on the use of plastic packaging, a stronger demand is forecast for packaging board.

Even as this demand is expected to increase consistently, a proxy of the country's retail boom (offline and online), we do not foresee a substantial increase in packaging board manufacturing capacity. Besides, anyone intending to commission a new packaging board plant will need extensive land, the

aggregation of which could prove time and cash consuming.

Our Company will be better placed in this regard, considering that the commissioning will be located within its existing manufacturing facility, will draw on existing technical strengths and will leverage existing infrastructure. As a result, our commissioning cost of ₹655 cr for a plant likely to generate 1,50,000 TPA is below what would have been warranted for an equivalent greenfield facility. This favourable structure is expected to strengthen our profitability and reduce our break-even point, which should translate into attractive profitability even at a relatively low capacity utilisation.

Outlook

The Company intends to spread its manufacturing capacities during the current financial year coupled with initiatives related to the commissioning of its packaging board plant.

The new plant is expected to be commissioned during the second half of FY 2023-24. At its peak, the packaging board unit is expected to generate ₹1,000 cr of turnover. When combined with our existing business, the Company is expected to generate an aggregate turnover of over ₹2,500 cr at full capacity utilisation.

R N Agarwal
Managing Director

Our robust business model

N R Agarwal reported growth and profits during the most challenging days of the pandemic-induced slowdown. The superior performance was derived from a business model that focused on being present in the right products niche, manufacture of the right quality and growing engagements with downstream users.

Macro realities influencing our performance

Pulp influence: The Company's writing & printing segment is influenced by pulp costs. When pulp costs increase, the end product segment realisations increase (and vice versa).

Digitalisation: The paper industry has been threatened by the growing use of virtual technologies, cannibalising paper consumption.

Cost moderation: In a business where it is difficult to pass cost increases to customers, there is a premium on the need to reduce costs by addressing systemic wastages.

Competition: There is intense competition from wood-based paper manufacturers (larger), who generate superior economies and procure wood resources from proximate plantations

Environment: In a business that generates a large volume of effluents and consumes wood (for wood-based paper manufacturers), there is a premium on the need to moderate resource consumption and effluents generation.

Increasing literacy: India's growing literacy rate of 77.7% is expected to strengthen the demand for writing & printing paper.

Income growth: India's disposable income has been rising year-on-year (except during the pandemic year of 2020), strengthening paper offtake .

Capital-intensive business: The paper industry is capital-intensive with a large moat that makes it expensive for intending entrants, protecting the interests of existing players.

Under-penetration: India's paper sector is vastly under-penetrated. Per-capita consumption was estimated at 13 kg compared to a global average of 57 kg, indicating a large headroom.

Population growth: India adds approximately 14 million to its population each year, widening the market for various paper varieties.

Urbanisation: India is the second largest urban community in the world and this trend is likely to increase from 35% in 2022 to 40% by 2030, catalysing paper offtake.

The passion we bring to our business

Long experience: The Company possesses more than a quarter of a century's experience in the business, translating into a deep understanding of markets, products and machines.

Differentiated mindset: The Company is driven by the need to leverage knowledge to make continuous shopfloor improvements with the objective to moderate costs and enhance profitability.

Knowledge sharing: The Company is driven by a culture of cross-functional knowledge sharing and team working, making it possible to address organisational challenges related to uptime, asset utilisation and cost moderation.

Corporate governance: The Company is process-driven, focused on workplace safety, environment integrity (progressively zero liquid discharge), robust risk management and complete alignment with certification and compliance needs.

Environment integrity: The Company has selected to consume waste paper as its principal resource, addressing a growing global challenge in the responsible allocation of consumed paper (in addition to other initiatives to minimise carbon footprint).

Capex: The Company plans to commission a new packaging board unit during the second half of FY 2023-24; the new unit is expected to generate ₹1,000 cr of turnover at peak leading to an aggregate turnover of over ₹2,500 cr at full capacity utilisation.

The relevant details as required under Regulation 36(3) and (5) of the SEBI (Listing Obligations & Disclosures Requirements) Regulations, 2015 ("Listing Regulations") and the Secretarial Standards on General Meetings in respect of the persons seeking appointment / re-appointment as Directors and Auditors are also annexed.
6. In terms of the provisions of Section 124 and other applicable provisions of the Companies Act, 2013 (erstwhile Section 205A, 205C of the Companies Act 1956), the amount of dividend not encashed or claimed within 7 (seven) years from the date of its transfer to the unpaid dividend account, will be transferred to the Investor Education and Protection Fund established by the Central Government. Members who have not yet encashed their dividend warrant(s) pertaining to the dividend are requested to lodge their claims with the RTA for the same.
7. Pursuant to the provision of Section 124(6) of the Act, read with Rule 6 of the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("the IEPF Rules") and amendments thereto, shares on which dividend has not been paid or claimed for seven consecutive years or more shall be transferred to the demat account of the IEPF Authority except for shares in respect of which there is a specific order of Court, Tribunal or Statutory Authority restraining any transfer of the shares.
8. In accordance with Regulation 40 of the SEBI Listing Regulations, as amended, the Company has stopped accepting any fresh transfer requests for securities held in physical form. Members holding shares of the Company in physical form are requested to kindly get their shares converted into demat/electronic form to get inherent benefits of dematerialisation. Further, Members may please note that SEBI vide its Circular dated January 25, 2022 mandated listed companies to issue securities in demat form only while processing any service

requests viz. issue of duplicate securities certificate; claim from Unclaimed Suspense Account; renewal/exchange of securities certificate; endorsement; sub-division/splitting of securities certificate; consolidation of securities certificates/folios; transmission and transposition. Accordingly, Members are requested to make service requests by submitting a duly filled and signed Form ISR – 4, the format of which is available on the website of the Company at https://www.nrail.com/shareholders_information.html.

9. Updation of PAN and other details - SEBI vide its Circulars dated November 3, 2021 and December 14, 2021 mandated furnishing of PAN, KYC details (i.e. postal address with pin code, email address, mobile number, bank account details) and Nomination details by holders of physical securities through Form ISR-1. It may be noted that any service request or complaint can be processed only after the folio is KYC compliant. Accordingly, the Company has sent individual letters to all the Members holding shares of the Company in physical form for furnishing their PAN, KYC and Nomination details. Members holding shares of the Company in physical form are requested to go through the requirements hosted on the website of the Company at https://www.nrail.com/shareholders_information.html and furnish the requisite details.

Members holding shares in electronic form are advised to send their request for the change of address, bank particulars, residential status or request for transmission of shares etc. to their Depository Participant. The Company or its Registrar and Share Transfer Agent cannot act on any such requests received directly from the members holding shares in electronic form.

ANNEXURE TO NOTICE

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

ITEM NO. 3

This Explanatory Statement is provided pursuant to Regulation 36(5) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations').

In accordance with Sections 139 and 142 of the Act read with the Companies (Audit and Auditors) Rules, 2014, as amended from time to time, the Members of the Company had, at the 24th Annual General Meeting held on September 20, 2017 appointed M/s. GMJ & Co., Chartered Accountants, Mumbai (Firm Registration No. 103429W) as the Statutory Auditors of the Company for a period of five (5) consecutive years from the conclusion of the 24th AGM till the conclusion of the 29th AGM of the Company.

Pursuant to the provisions of Section 139 of the Act, no listed company can appoint/re-appoint an audit firm as a Statutory Auditor for more than two terms of five (5) consecutive years and accordingly, M/s. GMJ & Co. is eligible to be re-appointed as the Statutory Auditors of the Company for another term of five (5) consecutive years.

The Board of Directors of the Company, at its meeting held on May 19, 2022, on the recommendation of the Audit Committee has, after considering and evaluating various factors such as independence, industry experience, technical skills, etc. recommended the re-appointment of M/s. GMJ & Co. as the Statutory Auditors of the Company, to the Members at the ensuing AGM for a second term of five (5) consecutive years from the conclusion of this AGM till the conclusion of the 34th AGM of the Company to be held in the year 2027, to examine and audit the accounts of the Company at a remuneration of ₹17,00,000/- per annum for the financial year ending March 31, 2023, plus out-of-pocket expenses and applicable taxes. The remuneration for the remaining term till the conclusion of the 34th AGM of the Company shall be determined based on the recommendation of the Audit Committee and as mutually agreed between the Board of Directors of the Company and the Statutory Auditors from time to time.

M/s. GMJ & Co, Chartered Accountants established in 1986, is one of the leading mid-sized firms in Mumbai, India. The firm caters to diverse industries and supports them in their growth. The Firm's clientele range from Small and Medium Enterprises (SMEs) to Listed Companies. GMJ has an

experienced team handling independent verticals catering to requirements of diverse segments of industry, including Corporates, PSU's, MNC's, Banks and others. The Firm is empanelled with Comptroller & Auditor General (CAG), Securities & Exchange Board of India (SEBI), Reserve Bank of India (RBI), Forward Market Commission (FMC), Serious Fraud Investigation (SFI) and Indian Bank Association (IBA).

As required under Regulation 33(1)(d) of the SEBI Listing Regulations, the Statutory Auditors have confirmed that they have subjected themselves to the peer review process of the Institute of Chartered Accountants of India ("ICAI") and that they hold a valid certificate issued by the Peer Review Board of ICAI

M/s. GMJ & Co. has consented to its re-appointment as Statutory Auditors and has confirmed that their re-appointment, if made, shall be in accordance with Sections 139, 141 and other applicable provisions of the Act and rules framed thereunder. Based on the recommendation of the Audit Committee, the Board commends the Ordinary Resolution set out at Item No. 3 of the accompanying Notice for approval of the Members of the Company.

None of the Directors or Key Managerial Personnel ('KMP') of the Company and their respective relatives are concerned or interested, financially or otherwise, in the Resolution set out at Item No. 3 of the accompanying Notice.

ITEM NO. 4

Economic Scenario and State of Company's Affairs

The last two years 2021 and 2022 was marked by successive Covid-19 waves, leading to an overall contraction of the global economy. The world economy began returning to normalcy from early 2021, after a prolonged battle with the Covid-19 pandemic and related concerns. The second half of the financial year 2022, however, marked a setback in the recovery process in the global economy. This period was backed by rising inflationary pressures, rising commodity prices, supply chain disruptions, and a surge in fuel prices.

The Indian Paper industry in general and the writing & printing paper segment, in particular, was adversely affected because of shutdown of educational establishments for major part of the year and continuing work from home practices. We are glad to inform you that despite all these headwinds, the Company reported record revenues of ₹1616.51 cr; as against revenue of ₹1145.64 cr in previous financial year, showing a growth of 41.10%. Realisations, however, were muted; on account of increase in input cost, not only raw material but logistic cost and energy

cost despite some pass on by way of increase in selling price of its product. The EBIDTA was ₹154.24 cr as against ₹140.94 cr in previous financial year whereas the the profit after tax strengthened to ₹61.02 cr as against ₹57.23 cr in previous year. Despite one segment of the business-Writing & Printing under-performing, the Company reported a cash profit of ₹95.42 cr.

While the pandemic had several odds, there was one good thing for our business. It increased the demand of coated duplex board which goes into packaging. During the year under review, we produced 1,90,884 MT of coated duplex board as against 1,67,692 MT during previous financial year, showing a growth of 14%. It led to capacity utilization of 106% which was highest in last 11 years. The capacity utilization was only 68% in writing and printing paper segment due to closure/ partial operation of educational institutions, courts and offices.

We would like to inform the shareholders that the Company remained profitable during each quarter, raising prospects of attractive growth from this point onwards.

Material Changes and Commitments affecting financial position of the Company occurred between March 31, 2022 and date of this report

The Company has sold the assets of Unit II (Writing & Printing) situated at Plot No. 1 and 1/B, Phase I, GIDC, Vapi-396195, Dist. Valsad, Gujarat State to Shree Ajit Pulp and Paper Limited w.e.f. April 12, 2022.

Number of Meetings of the Board of Directors

There were five meetings of the Company's Board of Directors during the financial year 2021-22.

Transfer to reserves

There was no transfer made to the General Reserve.

Credit Rating

The current credit rating of the Company has been upgraded to a Long Term Rating of (ICRA) A and Short Term Rating of (ICRA) A1 for bank loan facilities aggregating to ₹350 cr.

Directors and Key Managerial Personnel

Shri Raunak Agarwal, Whole Time Director, retires by rotation at the forthcoming Annual General Meeting and, being eligible, offers himself for re-appointment in terms of the provisions of Section 152 of the Companies Act, 2013.

Shri Raunak Agarwal & Smt. Reena Agarwal, Whole Time Directors shall be re-appointed for a further period of 3 years at the forthcoming Annual General Meeting.

Shri Praveen Bhandari resigned as the Chief Financial Officer w.e.f. July 20, 2021 and Shri Dipankar Rai was appointed as the new Chief Financial Officer w.e.f. December 27, 2021.*

There has been no other change with respect to the Directors and Key Managerial Personnel during the year FY 2021-22.

* Shri Dipankar Rai has resigned as the Chief Financial Officer w.e.f. May 31, 2022.

Independent Directors Declaration

The Company has received declarations from all Independent Directors that they meet the criteria of independence as laid out in sub-section (6) of Section 149 of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") as amended from time to time and there has been no change in the circumstances which may affect their status as Independent Director during the year. In the opinion of the Board, the Independent Directors possess appropriate balance of skills, experience and knowledge,

as required. Further, in terms of Section 150 read with Rule 6 of the Companies (Appointment and Qualification of Directors) Rules, 2014, as amended, Independent Directors of the Company have included their names in the data bank of Independent Directors maintained with the Indian Institute of Corporate Affairs.

Audit Committee

The primary objective of the Committee is to monitor and provide effective supervision of the Management's financial reporting process, to ensure accurate and timely disclosures with the highest levels of transparency, integrity and quality of financial reporting. There have been no instances of non-acceptance of any recommendation of the Audit Committee.

The Committee members met five times during the year under review. Details of the meetings are given in the Corporate Governance Report including the Committee's composition.

Vigil Mechanism

[Pursuant to Section 134(3)(m) of the Companies Act, 2013 read with Rule 8(3)
of the Companies (Accounts) Rules, 2014]

A. Conservation of Energy

(i) Steps taken or impact on conservation of energy:

All the manufacturing facilities continued their efforts to reduce the specific energy consumption. Specific and total energy consumption is tracked on daily basis at individual factory level and also at consolidated manufacturing level. Energy audits are conducted at all the manufacturing units at regular intervals and findings of the audit are implemented. Apart from regular practices and measures for energy conservation, many new initiatives were driven across the units. The measures taken at all your Company's manufacturing units are briefly enumerated as below:

Process optimization and automation:

Efforts have been put consistently to optimize the use of energy consumption in production processes and operation of utilities. A few notable measures are:

- Installation of Screw Press for removing moisture from plastic waste resulting in increased consumption in boiler and enhanced production of steam and reducing the supporting fuel consumption.
- Optimization of steam and condensate recovery system in house to increase the condensate recovery and to reduce steam consumption per ton of paper.
- Modifying the Bush bearing to Spherical roller bearing of MG Cylinder, installation of new Mould Blower / Vacuum Pumps to increase the Machine Production of Unit III.
- Installation of Sectional Drives in Coating Section of Unit I to increase machine speed which thereby increases production.

- Optimization of RO Plant to reduce the operation cost as well as increases the RO water consumption and reduce the fresh water consumption.
- Improvement in power factors by installing APFC panels.

ii) Steps taken by the Company for utilizing alternate sources of energy:

All the manufacturing units will continue to put in effort to reduce specific energy consumption. Some major initiatives include:

- Replacement of conventional light fittings with LED fittings across the manufacturing units.
- Monitoring and analysis of energy consumption on daily basis with respect to energy model.
- Implementing best practices across all plants.
- Making guidelines for purchase of energy efficient equipment's like chillers, air compressors, motors, air conditioners, cooling tower, pumps, transformers etc.

iii) Capital investment on energy conservation equipments:

The Company selects equipments and electrical motors based on their higher energy efficiency. Old equipments and motors are being phased out with new energy efficient equipments for conservation of energy resources. Thermal insulations of equipments and boilers are regularly monitored and replaced to conserve heat energy and reduce heat loss to atmosphere. The Company is reviewing various proposals for reduction in consumption of energy, mainly by way of replacement of existing equipments by modern and energy efficient equipments. Some notable capital investments made:

- Installation of VFD in RO Plants to operate the pumps in auto mode as per process requirements and saving of power.
- Installation of VFD Trim Blowers in Unit III and IV for power saving purpose.
- Installation of VFD in Vacuum Pumps in all units.
- Installation of Screw Press for removing moisture from plastic waste resulting in increased consumption in boiler and enhanced production of steam.
- Replacement of non-efficient motors with energy efficient motors.
- Replacement of low-efficiency pumps with energy efficient pumps.

B. Technology Absorption:

(i) Benefits derived like product improvement, cost reduction, product development or import substitution:

- Reduction of power consumption per ton of paper
- Control over the grammage variation of paper.
- Fresh water consumption reduced and ETP load minimized.
- Reduction in the SS load in primary clarifier.

- Reduction in the COD & BOD load.
- Emission in the air is negligible and maintains all emission parameters.

(ii) In case of imported technology (imported during the last three years reckoned from the beginning of the financial year):

- Details of technology imported: The Company has not imported any technology during the last three financial years.
- Year of import: Not Applicable
- Whether the technology has been fully absorbed: Not Applicable
- If not fully absorbed, areas where absorption has not taken place, and the reasons thereof: Not Applicable

(iii) Expenditure incurred on Research and Development: Nil

SECTION E: PRINCIPLE-WISE PERFORMANCE

Principle 1: Businesses should conduct and govern themselves with Ethics, Transparency and Accountability

1. Does the policy relating to ethics, bribery and corruption cover only the Company? Does it extend to the Group/Joint Ventures/ Suppliers/Contractors/ NGOs /Others?

The Company is committed to highest standards of corporate governance practices. It forms an integral part of our values, ethics and business practices which is aimed at creating and enhancing long-term value of stakeholders. We practice and promote corporate

ethics to enhance transparency in our operations and accountability amongst the stakeholders. Code of Conduct of the Company, reflects strong alignment to core values and commitment to maintain the highest standards of said practices in its interface with all stakeholders, society at large and the environment. There lies an element of fiduciary responsibility with the Directors and Senior Management of the Company to maximise the value of shareholders via good business practices and controls. Currently, the policy covers the Company only.

2. How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management?

No significant stakeholder complaints were received from investors, depositors, vendors, dealers etc.

Principle 2: Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle.

1. List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.

All the products manufactured by the Company viz. paper and board, are manufactured taking into account social and environmental concerns. The Company continues to remain focused on delivering stakeholder value while maintaining ecological balance. Rooted in the concept of sustainable development, the Company aims to deliver products that satisfy customer needs while being durable, resource-efficient as well as economically feasible. Sustainability is embedded into various stages of our

product life-cycle, including procurement, manufacturing, transportation, distribution and, finally, the disposal of product by the customer.

We, at N R Agarwal Industries, are also working hard in order to reduce water consumption in our all units, and adopting the latest technologies for the treatment of waste water to achieve the goal and we are successful in reducing a substantial amount of water consumption.

At the the writing & printing unit, we have a buffer tank cum equalisation tank followed by a screening system/ flash mixer and flocculator before treating the rich wastewater in the primary clarifier wherein suspended solids are removed and the clear water is treated for the secondary stage, that is, a biological treatment followed by secondary clarifier.

We also have tertiary treatment in the form of RO and recover almost 2300 m³ of water per day, which is a direct saving of freshwater. Running RO is a complicated process, as we initially installed a 1000 m³ per day capacity RO and faced a lot of problems including very high treatment costs. Later on, we rectified all the issues with huge investment and also installed an additional RO line of 1300 m³ per day capacity. Today, we can proudly say that our both RO systems are running continuously and are giving the desired output of 2300 m³ per day.

For board units, we have a full-fledged treatment system and use the maximum possible treated water in the system and thereby controlling freshwater consumption.

In the last three years, we have invested more than ₹37 cr in increasing the capacity of secondary treatment and installing a new tertiary treatment system in the form of RO.

2. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product:

(a) Reduction during sourcing/production/distribution achieved since the previous year throughout the value chain?

Raw material: The raw material (waste paper based) intensity of the Company was 1.19 MT/MT in FY 2020-21 and 1.09 MT/MT in FY 2021-22.

Energy: The energy efficiency is on top priority by implementation of advanced technologies

available and the energy consumption i.e. 617 KWH/MT in FY 2020-21 & 605 KWH/MT in FY 2021-22, one of the best in the industry.

Steam: Steam consumption per ton of product has reduced from 3.51 MT/MT in FY 2020-21 to 3.40 MT/MT in FY 2021-22.

The Company is committed towards minimizing the consumption of resources and has implemented a series of measures to ensure optimal utilization of raw materials, energy and water. However, attributing the reduction to per unit of product is not feasible.

(b) Reduction during usage by consumers (energy, water) has been achieved since the previous year?

Owing to the nature of the product, it is not feasible to identify the reduction during usage by consumers.

3. Does the Company have procedures in place for sustainable sourcing (including) transportation?

If yes, what percentage of your inputs was sourced sustainably?

The Company acknowledges that its supply chain can significantly impact the environment and society at large. In order to ensure sustainability across the entire value chain, the Company has made responsible sourcing an integral part of its sustainability strategy.

4. Has the Company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work?

(a) If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

The Company is engaged in extensive research and development to ensure long-term sustainability of raw materials for operations via responsible sourcing and promoting local procurement. Apart from the procurement of raw materials, the Company has established number of projects like wastewater RO treatment plant, purchased hardwood pulp processing plant, sludge drying plant etc. and during execution we facilitated supplies from local vendors as and where applicable. These vendors who are small and local were developed over time by educating them about our systems & processes in place.

5. Does the Company have a mechanism to recycle products and waste? If yes what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%).

At N R Agarwal Industries Ltd., we use 100% recycled waste paper as our primary raw material and not forest wood. We are mindful of the huge losses suffered by the environment through deforestation. Waste generated in operations is considered as a potential resource for various other activities by making its best use within the operations through optimisation of existing processes. This has led to increased commitment towards reducing environmental impact of business activities via waste minimisation and re-use. Non-hazardous solid wastes such DIP and effluent sludge are re-used in various processes. We are also incinerating the waste plastic coming out of the system to generate the process steam. Thus, we have adopted the technologies wherein solid waste is being used as a source of energy thereby reducing the use of steam coal and saving the environment.

Principle 3: Businesses should promote the well-being of all employees

1. Please indicate the total number of employees - 1404

3. Are there any special initiatives taken by the Company to engage with the disadvantaged, vulnerable and marginalized stakeholders?

The Company values the support of its stakeholders and respects the interest and concerns they have towards the Company. The Company proactively engages with and responds to those sections in the society that are disadvantaged, vulnerable and marginalized. The Company has a structured CSR program through which it assesses the needs of local stakeholders and carries out initiatives to address societal needs.

Principle 5: Businesses should respect and promote human rights.

1. Does the policy of the Company on human rights cover only the Company or extend to the Group/Joint Ventures/ Suppliers/ Contractors/NGOs/Others?

The Company is committed to protect the human rights of its stakeholders. Human resource is considered as a valuable resource in the organization. Human resource practices of the Company aim at ensuring not only protection but also respect for human rights. Various policies viz. Safety of Women & Prevention of Sexual Harassment at Workplace Code of Conduct, etc. are

in place to ensure protection of human rights of the employees and other stakeholders. The Company, within its sphere of influence, promotes the awareness and realization of human rights across its value chain. To this extent, the Company extends its initiatives to promote human rights to external stakeholders including suppliers and contractors. It is a constant endeavour to ensure that none of the suppliers engage in employment of child, forced or compulsory labour. The Company strongly prohibits the employment of child, forced or compulsory labour in all its operations.

2. How many stakeholder complaints have been received in the past financial year and what percent was satisfactorily resolved by the management?

In the reporting period, no violations or complaints surfaced and no areas were discovered where any of our operations or suppliers might be found to have significant risk of child labour or forced or compulsory labour or infringed human rights of other stakeholders.

Principle 6- Business should respect, protect, and make efforts to restore the environment.

Management discussion and analysis

Global economic overview

The global economy grew an estimated 6.1% in 2021 compared to a de-growth of 3.3% in 2020. This improvement was largely due to increased vaccination rollout the world over and a revival in economic activity based on catch-up consumption.

The spot price of Brent crude oil increased 53.34% from USD 50.37 per barrel at the beginning of 2021 to USD 77.24 per barrel at the end of the calendar year, strengthening the performance of oil-exporting countries and moderating growth in importing nations.

The global economy was affected by prohibitive shipping freight rates, and a shortage of shipping containers and semiconductor chips in 2021, affecting global economic recovery. Inflation was at its highest since 2011, especially in the advanced economies, catalyzed run-up in commodity prices.

The global economy is projected to grow at a modest 2.6% in 2022 following the Russia-Ukraine crisis. A higher interest rate environment could affect emerging markets and developing economies with large foreign currency borrowings and external financing needs in 2022.

Regional growth (%)	FY 2022	FY 2021
World output	6.1	(3.3)
Advanced economies	5.0	(4.9)

Indian economic overview

The Indian economy reported an attractive recovery in FY 2021-22, its GDP rebounding from a de-growth of 7.3 per cent in FY 2020-21 to a growth of 8.7 per cent in FY 2021-22.

Y-o-Y growth of the Indian economy

Regional growth (%)	FY19	FY20	FY21	FY22
Real GDP growth (%)	6.1	4.2	(7.3)	8.7

Growth of the Indian economy, FY 2021-22

Regional growth (%)	Q1, FY22	Q2, FY22	Q3, FY22	Q4, FY22
Real GDP growth (%)	20.1	8.4	5.4	4.1

The Indian economy was affected by the second wave of the pandemic that affected economic growth towards the fag end of the previous financial year and across the first quarter of the financial year under review. The result is that after a growth of 1.6 per cent in the last quarter of FY 2020-21, the Indian economy grew 20.1 per cent in the first quarter of FY 2021-22 due to the relatively small economic base during the corresponding period of the previous year.

India's monsoon was abundant in 2021 as the country received 99.32% of a normal monsoon, lower though than in the previous year. Moreover, based on the spatial and temporal distribution of the 2021 monsoon rainfall, the agricultural gross value added (GVA) growth in FY22 is anticipated to be 3-3.5%. The country's manufacturing sector grew an estimated 12.5 per cent, the agriculture sector by 3.9 per cent, mining, and quarrying by 14.3%, construction by 10.7%, and electricity, gas, and water supply by 8.5% in FY 2021-22.

There were positive features of the Indian economy during the year under review. Foreign direct investments (FDI) in India increased by 15 per cent to US\$74.01 billion in 2021 from US\$87 billion in 2020, a validation of global investing confidence in India's growth story.

India surpassed the ₹88,000 cr target set for asset monetization in FY 2021-22, raising over ₹97,000 cr with roads, power, coal, mining and minerals account for a large chunk of the transactions.

India's currency weakened 3.59% from ₹73.28 to ₹75.91 to a US dollar through FY 22. The consumer price index (CPI) of India stood at an estimated 5.3% in FY 2021-22. India reported improving Goods and Services Tax (GST) collections month-on-month in the second half of FY 2021-22 following the relaxation of the lockdown, validating the consumption-driven improvement in the economy. The country recorded its all-time highest GST collections in March 2022 standing at ₹1.42 lakh cr, which is 15% higher than the corresponding period in 2021.

The fiscal deficit was estimated at ~₹15.91 trillion for the year ending March 31, 2022, on account of higher government expenditure during the year under review.

India's per capita income was estimated to have increased 16.28% from ₹1.29 lakh in FY 2020-21 to ₹1.50 lakh in FY 2021-22 following a relaxation in lockdowns and increased vaccine rollout.

Retail inflation in March at 6.95 per cent was above the RBI's tolerance level of 6 per cent but fuel prices played no part in this surge. Retail inflation spiked to a 17-month high in March 2022, above the upper limit of the RBI's tolerance band for the third straight month.

Outlook

India's medium-term optimism is derived from the fact that three-down cycles – long-term, medium-term, and short-term – could well be reversing at the same time. The long-term downtrend, as a result of nonperforming assets, scams, and overcapacity could be over; the medium-term downtrend that was caused by the ILFS crisis, select banks collapse, and weakening NBFCs could well be over; the short-term downtrend on account of the pandemic has weakened following the acceleration of the vaccine rollout.

The Indian economy is projected to grow by 8% in FY23 (World Bank estimate), buoyed by tailwinds of consistent agricultural performance, flattening of the COVID-19 infection curve, increase in government spending, favourable reforms, and an efficient roll-out of the vaccine leading to a revival in economic activity.

Global paper & packaging industry

Even in this digital age, the importance and the need of paper still exists on the back of e-commerce boom and being utilised as packing material. In 2022, worldwide paper and cardboard output is expected to reach approximately 416 million metric tons. Packing paper manufacture increased owing to an increase in online shopping and work from home, however writing and printing demand was low.

The largest paper-consuming country worldwide was China, which consumed more than 100 million metric tons of paper and paperboard in 2021, followed by the United States and Japan, which in the same year consumed over 70.6 million metric tons and 25.5 million metric tons, respectively. The most in-demand type of paper worldwide was containerboard, which was used in making corrugated boxes (or cardboard) and other packaging solutions. *(Source: statista.com)*

Indian paper & packaging industry

The packaging sector is the fifth largest sector in the Indian economy and is expected to reach \$204.81 bn by 2025. During the COVID-19 pandemic, the Indian e-commerce industry witnessed significant growth due to restrictions imposed on people's movement and the shutdown of physical stores. People across the country increasingly purchased online groceries, food items and daily essentials while also purchasing merchandise online.

The packaging industry in India is growing rapidly, spanning various end-user segments like food and beverages, healthcare, hygiene and home care, among others. Strong favourable demographics aside, disposable income levels, increasing consumer awareness, and demand for processed food, and multinational giants entering the food, beverages, e-commerce and pharmaceuticals spaces are key drivers of the growth of the paper and paperboard packaging industry.

Due to the lockdown, all paper manufacturing companies found it difficult to obtain pulp, despite the fact that the demand for packaging materials had increased significantly. However, the majority of the companies found alternatives and continued to meet market demands globally. Now that things are returning to normal, pulp production and procurement have resumed and it is expected to grow at a CAGR of 2.7% between 2022 and 2027. *(Source: mordorintelligence.com, globenewswire.com)*

Growth drivers of paper industry

Rising literacy levels: The literacy rate in India is increasing, with the current figure being 77.7%. Literacy is expected to increase demand for higher education, catalysing the growth of paper sector.

E-commerce growth: E-commerce has transformed business operations in India. From US\$ 46.2 billion in 2020, the Indian e-commerce market is projected to rise to US\$ 188 billion by 2025. India's e-commerce sector is expected to grow to US\$111 billion and US\$200 billion by 2024 and 2026, respectively.

Health and hygiene: As a result of the COVID-19 outbreak, the demand for medical quality tissue paper also increased, helped boost demand for pharmaceutical grade paper.

Food packaging: Packaging materials are evolving to eliminate fluorochemicals and replace them with a more natural chemical-free alternative. India's food packaging market size is expected to reach nearly US\$ 17.88 Bn by 2026 with a CAGR of 6.22%.

Anti-plastic sentiments: Because of the challenges linked with plastic, the pulp and paper business has a plethora of options. Paper bags and packaging have gained popularity as a result of plastic bans in several nations. The paper business benefits from this anti-plastic attitude since it stimulates (the adoption of) biodegradable alternatives.

Risk management

Economic risk: The pandemic was unexpected and it had a significant impact across every industry globally.

Mitigation: India's GDP rebounded from a negative 7.3% in FY21 to 8.7% this fiscal year, indicating that the country offers resistance and recovering capability which will lead to ample opportunities for the market as well as the Company.

Digitization risk: The rising digitization of the country, owing mostly to the COVID-19, may result in a decrease in the use of paper.

Mitigation: Customers may choose from a variety of quality, customized and distinctive items offered by the Company. To capitalize on the expanding demand the e-commerce business, the Company has also increased its focus on the paper packaging area.

Raw material risk: The unavailability of raw materials could disrupt the flow of business.

Mitigation: The Company uses waste paper as raw material, minimizing its reliance on outside sources.

Financial risk: High input costs can accept the profitability of the business.

Mitigation: The Company was able to obtain more debt cost-effectively due to prompt debt repayment and minimal gearing. In addition, the Company's effective input cost management has resulted in a considerable shift in profit after tax (PAT) and EBITDA.

The Members of
N R AGARWAL INDUSTRIES LIMITED

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of N R AGARWAL INDUSTRIES LIMITED ("the Company") which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and notes to financial statements, including a summary of significant accounting policies.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Sr.No.	Key Audit Matter	How was the matter addressed in our audit
1	<p>Revenue recognition [refer note no.1.2.10 and 28 to the Ind AS financial statements]</p> <p>Revenue is one of the key profit drivers and is therefore susceptible to misstatement. Cut-off is the key assertion in so far as revenue recognition is concerned, since an inappropriate cut-off can result in material misstatement of results for the year.</p>	<p>Audit procedures with regard to revenue recognition included testing controls, automated and manual, around dispatches/deliveries, inventory reconciliations and circularization of receivable balances, substantive testing for cut-offs and analytical review procedures.</p>

Sr.No.	Key Audit Matter	How was the matter addressed in our audit
2	<p>Capital work-in-progress/Property Plant and Equipment (PPE) [refer note no. 1.2.03 and 2 to the Ind AS financial statements]</p> <p>The Company has made additions to the Capital work-in-progress/Property, Plant and Equipment of the ongoing units. Also, the Company has capitalized a portion of its capital work-in-progress considering them as ready to use. The assets need to be capitalized and depreciated once the assets are ready for use as intended by the management. Inappropriate timing of capitalization of the asset and/or inappropriate classification of categories of items of PPE could result in material misstatement of Capital work-in-progress/ PPE with a consequent impact on depreciation charge and results for the year.</p>	<p>Testing the design, implementation and operating effectiveness of controls in respect of review of capital work in progress, particularly in respect of timing of the capitalization and recording of additions to items of various categories of PPE with source documentation, substantive testing of appropriateness of the cut-off date considered for project capitalization.</p> <p>We tested the source documentation to determine whether the expenditure is of capital nature and has been appropriately approved and segregated into appropriate categories. Further, through sites visits, we have physically verified the existence of capital work in progress/PPE as at the reporting period.</p>
3	<p>Provisions and Contingent Liabilities (including direct and indirect taxes) [refer note no. 1.2.15 and 35 to the Ind AS financial statements]</p> <p>The Company is involved in direct and indirect tax litigations that are pending with various tax authorities. Whether a liability is recognised or disclosed as a contingent liability in the financial statements is inherently judgmental and dependent on a number of significant assumptions and assessments. These include assumptions relating to the likelihood and/or timing of the cash outflows from the business and the interpretation of local laws and pending assessments at various levels of the statute.</p>	<p>Obtained an understanding from the management with respect to process and controls followed by the Company for identification and monitoring of developments in relation to the litigations, including completeness thereof.</p> <p>Obtained the list of litigations from the management and reviewed their assessment of the likelihood of outflow of economic resources being probable, possible or remote in respect of the litigations. This involved assessing the probability of an unfavorable outcome of a given proceeding and the reliability of estimates of related amounts.</p> <p>Performed substantive procedures including tracing from underlying documents / communications from the tax authorities and re-computation of the amounts involved.</p> <p>Assessed management's conclusions and understanding precedents in similar cases.</p>

Other information

The Company's Board of Directors is responsible for the other information. The other information comprises the Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report and Corporate Governance, but does not include the Ind AS financial statements and our auditor's report thereon. The above stated reports are expected to be made available to us after the date of this auditor's report.

Our opinion on the Ind AS financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements

or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic

decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Ind AS financial statements.

- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Ind AS financial statements have been kept by the Company so far as it appears from our examination of those books.
- c) The company does not have any branches. Hence, the provisions of Section 143(3)(c) is not applicable.
- d) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
- e) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- f) In our opinion, there are no financial transactions or matters which have any adverse effect on the functioning of the company.
- g) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- h) There is no adverse remark relating to the maintenance of accounts and other matters connected therewith.
- i) With respect to adequacy of internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B"
- j) In our opinion and to the best of our information and according to the explanations given to us, we report as under with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company has disclosed the impact of pending litigations on its financial position

as referred to Note 35 to the Ind AS financial statement.

- (ii) The Company did not have any long-term contracts including derivative contracts; as such the question of commenting on any material foreseeable losses thereon does not arise.
- (iii) There has been no delay in transferring amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- (iv) (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that

the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - (v) As stated in Note 15(H) to the Ind AS financial statements, the dividend declared and paid during the year by the Company is in compliance with Section 123 of the Act.
3. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the company to its directors during the year is in accordance with the provisions of Section 197 of the Act.

Q2 - 21-22			29,617.95	29,013.81	604.15	
Q3 - 21-22			27,018.47	26,148.00	870.47	
Q4 - 21-22			31,582.66	31,242.37	340.30	

- iii. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnership or any other parties during the year. The Company has made investments in companies and other parties. The Company has not made any investments in firms and limited liability partnership.
- (a) Based on the audit procedures carried on by us and as per the information and explanations given to us, the Company has not provided any loans and advances in the nature of loans, any guarantee and security to any other entity. Therefore, clause 3(iii)(a)(A) & 3(iii)(a)(B) are not applicable to the Company.
- (b) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion the company has not made any new investment during the year and the investments made earlier, are prima facie not prejudicial to the interest of the Company. The Company has not provided any guarantee or security or granted any loans or advances in the nature of loans during the year.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans during the year. Therefore, clause 3 (iii)(c) is not applicable to the Company.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans during the year. Therefore, clause 3 (iii)(d) is not applicable to the Company .
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans during the year. Therefore, clause 3 (iii)(e) is not applicable to the Company .
- (f) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans during the year. Therefore, clause 3 (iii)(f) is not applicable to the Company .
- iv. According to the information and explanation given to us, during the year, the company has not granted any loans or provided any guarantees or security to the parties covered under Section 185 of the Companies Act, 2013. The Company has complied with the provisions of Section 185 and 186 of the Act to the extent applicable.
- v. According to the information and explanations given to us, the Company has not accepted any deposits or there is no amount which has been considered as deemed deposit within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). - (b) According to the books of accounts and records as produced and examined by us in accordance with the generally accepted auditing practices in India, as at March 31,2022, the following are the particulars of the dues that have not been deposited on the account of dispute:

Name of the Statute	Nature of the Dues	Amount (₹ in lakhs)	Forum where dispute is pending	Financial year to which the amount relates
Central Excise Act, 1944 & Service Tax (Finance Act, 1994)	Excise Duty & Service Tax (including interest and penalty, if applicable)	485.61	Appellate Authority – CESTAT	2003-04 to 2017-18
Customs Act, 1962	Custom Duty	30.49	Appellate Authority – CESTAT	2013-14 to 2014-15
Income Tax Act, 1961	Penalty Demand Income Tax	132.08	CIT(A)	2006-07, 2008-09, 2009-10
Income Tax Act, 1961	Penalty Demand Income Tax	123.69	CIT(A)	2010-11 to 2011-12

- viii. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.
- ix. (a) According to the records of the Company examined by us and the information and explanations given to us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest to any lender during the year.
- (b) According to the information and explanations given to us and on the basis of our audit procedures, the Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the Company, the term loans have been applied, on an overall basis, for the purposes for which they were obtained.
- (d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the company.
- (e) The Company does not have any subsidiary, associate or joint venture (as defined under the Act) during the year ended March 31, 2022. Therefore, the provisions of Clause 3(ix)(e) of the Order is not applicable to the Company
- (f) The Company does not have any subsidiary, associate or joint venture (as defined under the Act) during the year ended March 31, 2022. Therefore, the provisions of Clause 3(ix)(f) of the Order is not applicable to the Company.
- x. (a) According to the information and explanations given to us and based on the records and documents produced before us, during the year the company has not raised money by way of initial public offer or further public offer (including debt instruments), therefore, the provisions of Clause 3(ix) of the Order are not applicable to the Company.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, clause 3(x)(b) of the Order is not applicable to the Company.
- xi. (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, considering the principles of materiality as outlined in the Standards on Auditing, we report that no fraud by the Company or on the Company has been noticed or reported during the course of the audit.
- (b) According to the information and explanations given to us, no report under Section 143(12) of the Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) We have taken into consideration the whistle blower complaints received by the Company during

the year while determining the nature, timing and extent of audit Procedures.

- xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, therefore the provisions of clause 3(xii) of the Order is not applicable to the company.
- xiii. According to the information and explanation given to us, all transactions with the related parties are in compliance with Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.
- xiv. (a) In our opinion and according to the information and explanation given to us, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered the internal audit reports of the company issued till date, for the period under audit.
- xv. According to the information and explanations given to us, in our opinion during the year the company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of Section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi. (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable to the Company.

- xvii. The Company has not incurred any cash losses in the financial year or in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the order is not applicable to the Company.
- xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the Ind AS financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. (a) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Act pursuant to any project other than ongoing projects. Accordingly, clause 3(xx)(a) of the Order is not applicable.
- (b) In respect of ongoing projects, in our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Act. Accordingly, clause 3(xx)(b) of the Order is not applicable.
- xxi. The reporting under Clause 3(xxi) of the Order is not applicable in respect of audit of standalone financial statements. Accordingly, no comment in respect of the said clause has been included in this report.

Annexure – ‘B’ to the Auditors’ Report

(Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013)

We have audited the internal financial controls over financial reporting of “N R Agarwal Industries Limited” (“the Company”) as of March 31, 2022 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022,

based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to financial statements for the year ended March 31, 2022

NOTE 1: CORPORATE INFORMATION AND SIGNIFICANT ACCOUNTING POLICIES

1. CORPORATE INFORMATION

N R Agarwal Industries Limited ('the Company') is a public limited Company incorporated in India with its registered office at 502-A/501-B, Fortune Terraces, 5th Floor, Opposite Citi Mall, New Link Road, Andheri (West), Mumbai- 400053 Maharashtra. The Equity shares of the Company are listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). The Company is among the first and leading manufacturers of recycled paper in India and the largest manufacturer of grey back and white back Duplex Boards for over 29 years now and forayed into Writing & Printing (W&P) paper in July 2014. The financial statements for the year ended March 31, 2022 were approved by the Board of Directors and authorized for issue on May 19, 2022.

2. SIGNIFICANT ACCOUNTING POLICIES

2.01 Basis of preparation

(i) Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

The accounting policies are applied consistently to all the periods presented in the financial statements.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- 1) Certain financial assets and liabilities that are measured at fair value;
- 2) Defined benefit plans - Plan assets measured at fair value;

(iii) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

2.02 Use of estimates and judgments: The estimates and judgements used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

2.03 Property, plant and equipment

The Company had applied for the one time transition exemption of considering the carrying cost on the transition date i.e. April 01, 2016 as the deemed cost under IND AS. Hence regarded thereafter as historical cost.

Freehold land is carried at cost. All other items of property, plant and equipment are stated at historical cost, less accumulated depreciation and impairment, if any. Historical cost includes taxes, duties, freight and other incidental expenses related to acquisition and installation. Borrowing cost attributable to acquisition, construction of qualifying assets are capitalized until such time as the assets are substantially ready for their intended use.

Notes to financial statements for the year ended March 31, 2022

Indirect expenses during construction period, which are required to bring the asset in the condition for its intended use by the management and are directly attributable to bringing the asset to its position, are also capitalized.

Subsequent expenditure on property, plant and equipment after its purchase/completion is capitalized only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance. Property, plant and equipment acquired and put to use for the project are capitalized and depreciation thereon is included in the project cost till the project is ready for its intended use. All other expenses on existing property, plant and equipment, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

An item of property, plant and equipment and any significant part initially recognized is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal, any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the property, plant and equipment is de-recognized.

Capital work-in-progress comprises cost of fixed assets that are not yet ready for their intended use at the year end.

The Company depreciates its property, plant and equipment (PPE) over the useful life in the manner prescribed in Schedule II to the Act. Management believes that useful life of assets are same as those prescribed in Schedule II to the Act, except for plant and equipment's wherein based on technical evaluation, useful life has been estimated to be different from that prescribed in Schedule II of the Act.

Useful life considered for calculation of depreciation for various assets class are as follows-

Building	30-60 Years
Plant & Machinery	15-40 Years
Furniture & Fixture	10 Years
Office Equipment	3-5 Years
Computers & Server	3-6 Years
Vehicles	8 Years

Freehold land is not depreciated. Lease hold land is amortized over the period of lease.

Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as Capital Advances under other Non-Current Assets and the cost of assets not put to use before such date are disclosed under 'Capital Work-in-Progress'. The cost and related accumulated depreciation are eliminated from the Financial Statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss. The method of depreciation, useful lives and residual values are reviewed at each financial year end.

Depreciation on additions / deletions is calculated pro-rata from the month of such addition / deletion, as the case may be.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

Notes to financial statements for the year ended March 31, 2022

2.04 Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

ii) Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments.

iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Notes to financial statements for the year ended March 31, 2022

2.05 Impairment of Non-Financials assets

The Company assesses at each reporting date whether there is any objective evidence that a non-financial asset or group of non-financial assets are impaired. If any such indication exists, the Company estimates the amount of impairment loss. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the individual asset/cash generating unit is made.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognized in profit and loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, then the previously recognized impairment loss is reversed through profit or loss.

2.06 Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, bank overdraft, other short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

2.07 Intangible assets

Intangible assets acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. The Company amortizes computer software using the straight-line method over the period of 3 years. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

2.08 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets - Initial recognition

Financial assets are recognized when the Company becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognized at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognized at fair value, and transaction costs are expensed in the Statement of Profit and Loss.

Subsequent measurement

Financial assets, other than equity instruments, are subsequently measured at amortized cost, fair value through other comprehensive income ("FVOCI") or fair value through profit or loss (FVTPL) on the basis of following:

(i) Measured at amortized cost:

A financial asset is measured at amortized cost, if it is held under the hold to collect business model i.e. held with an objective of holding the assets to collect contractual cash flows and the contractual cash flows are solely payments of principal and interest on the principal outstanding. Amortized cost is calculated using the effective interest rate ("EIR") method by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in interest income in the Statement of Profit and Loss. The losses arising from impairment are recognized in the Statement of Profit and Loss. On de-recognition, gain or loss, if any, is recognized to Statement of Profit and Loss.

Notes to financial statements for the year ended March 31, 2022

(ii) Measured at fair value through other comprehensive income (FVOCI):

A financial asset is measured at FVOCI, if it is held under the hold to collect and sell business model i.e. held with an objective to collect contractual cash flows and selling such financial asset and the contractual cash flows are solely payments of principal and interest on the principal outstanding. It is subsequently measured at fair value with fair value movements recognized in the OCI, except for interest income which recognized using EIR method. The losses arising from impairment are recognized in the Statement of Profit and Loss. On de-recognition, cumulative gain or loss previously recognized in the OCI is reclassified from the equity to Statement of Profit and Loss.

(iii) Measured at fair value through profit or loss (FVTPL):

Investment in financial asset other than equity instrument, not measured at either amortized cost or FVOCI is measured at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognized in the Statement of Profit and Loss.

Impairment

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. The Company recognizes a loss allowance for expected credit losses on financial asset. In case of trade receivables, the Company follows the simplified approach permitted by Ind AS 109 – Financial Instruments for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risk. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

De-recognition

The Company de-recognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognize the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Financial Liabilities

Initial Recognition and measurement

Financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities measured at amortized cost are subsequently measure at using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognized in the Statement of Profit and Loss. For trade and other payables, loans and borrowings maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

De-recognition

A financial liability is de-recognized when the obligations under the liability is discharged or cancelled or expires.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

Notes to financial statements for the year ended March 31, 2022

Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity Instruments:

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Classification of Assets and Liabilities as Current and Non-Current

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

2.09 Inventories

Inventories includes raw material, Work-in-Progress, finished goods, Coal, stores & spares, Consumables and packing materials. Inventories are measured at lower of cost and net realizable value after providing for obsolescence, wherever considered necessary. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads incurred in bringing them to their respective present location and condition. Cost of raw material, stores and spares, packing materials, and other materials are determined on moving average basis.

Finished / Semi-Finished Goods: cost includes cost of direct material, labour, other direct cost and a proportion of fixed manufacturing overheads allocated based on the normal operating capacity, but excluding borrowing costs. Cost is determined on weighted average basis. Stock of scrap is valued at realizable value.

Notes to financial statements for the year ended March 31, 2022

2.10 Revenue from contracts with customers

The Company recognizes revenue, whenever control over distinct goods or services is transferred to the customer; i.e. when the customer is able to direct the use of the transferred goods or services and obtains substantially all of the remaining benefits, provided a contract with enforceable rights and obligations exists and amongst others collectability of consideration is probable taking into account customer's creditworthiness.

Revenue is the transaction price the Company expects to be entitled to. In determining the transaction price, the Company considers effects of variable consideration such as the amount of discounts, incentives, volume rebates, outgoing taxes on sales etc., and the existence of significant financing contracts, non-cash consideration and consideration payable to the customer, if any.

Variable Consideration

If the consideration in a contract includes a variable amount, the company estimates the amount of consideration to which it will be entitled to in exchange for transferring goods or services to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant reversal of revenue will not occur once associated uncertainties are resolved. Some contracts with the customers provide them with a right to return and volume rebates. The right to return and volume rebates gives rise to variable consideration.

The amount of variable consideration is calculated by either using the expected value or the most likely amount depending on which is expected to better predict the amount of variable consideration. Consideration is also adjusted for the time value of money if the period between the transfer of goods or services and the receipt of payment exceeds twelve months and there is a significant financing benefit either to the customer or the Company. If a contract contains more than one distinct good or service, the transaction price is allocated to each performance obligation based on relative stand-alone selling prices. If stand-alone selling prices are not observable, the Company reasonably estimates those.

Revenue is recognized for each performance obligation either at a point in time or over time.

Sale of goods

Revenues are recognized at a point in time when control of the goods passes to the buyer, usually upon either at the time of dispatch or delivery. In case of export sale, it is usually recognised based on the shipped-on board date as per bill of lading. Revenue from sale of goods is net of taxes and recovery of charges collected from customers like transport, packing etc.

Interest income

Interest income is recognized on a time proportionate basis taking into account the amounts invested and the rate of interest. Interest income is recorded using the Effective interest rate method to the net carrying amount of the financial assets.

Dividend income

Dividend income on investment is recognized when the right to receive dividend is established.

Other operating revenue - Export incentives

Export Incentives under various schemes are accounted in the year of export.

Notes to financial statements for the year ended March 31, 2022

2.11 Foreign currency transactions and translations

The functional currency of the Company is Indian Rupees (₹ or INR) which is also the presentation currency for the financial statements.

a) Initial Recognition

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss of the year.

b) Measurement of Foreign Currency Items at the Balance Sheet Date

Foreign currency monetary items of the Company are restated at the closing exchange rates. Non monetary items are recorded at the exchange rate prevailing on the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. The gain or loss arising on translation of non- monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in the fair value of the item. Exchange differences arising out of these transactions are charged to the Statement of Profit and Loss.

2.12 Employee Benefit Plan

Defined contribution plan

The Company makes Provident Fund contributions to regulatory authorities for eligible employees. Under the schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions as specified under the law are paid to the provident fund authorities. The Company does not expect any shortfall in the foreseeable future.

Defined benefit plans

The Company has a defined benefit gratuity plan. The gratuity plan is primarily governed by the Payment of Gratuity Act, 1972 and is provided on the basis of its actuarial valuation based on the projected unit credit method at each Balance Sheet date and funded through contributions to a Scheme administered by the Life Insurance Corporation of India ('LIC'). Employees who are in continuous service for a period of five years are eligible for gratuity. The level of benefits provided depends on the member's length of service and salary at the retirement date. Changes in actuarial gains or losses are charged or credited to other comprehensive income in the period in which they arise.

Other long-term employee benefit obligations

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the obligation as at the Balance sheet date determined based on an actuarial valuation. Changes in actuarial gains or losses are charged or credited to profit or loss in the period in which they arise.

2.13 Borrowing Cost:

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as a part of Cost of that assets, during the period till all the activities necessary to prepare the Qualifying assets for its intended use or sale are complete during the period of time that is required to complete and prepare the assets for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are recognized as an expense in the period in which they are incurred.

Notes to financial statements for the year ended March 31, 2022

2.14 Income Tax

Current income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred tax

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses, only if, it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are off set where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively

Minimum Alternate Tax

Minimum Alternate Tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

2.15 Provisions, Contingent liabilities and Contingent assets

A provision is recognised when there is a present legal or constructive obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, and in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

A disclosure for a contingent liability is made where there is a possible obligation arising out of past event, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation arising out of past event where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Notes to financial statements for the year ended March 31, 2022

2.16 Segment Reporting - Identification of Segments

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the company's chief operating decision maker to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the chief operating decision maker evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

2.17 Earnings per Share (EPS)

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the financial year.

Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

		38,572.42	38,572.42	39,723.22	39,723.22

*The carrying amounts of trade receivables, cash and cash equivalents, current loans, other current financial assets, current borrowings, trade payables and other financial liabilities are considered to be approximately equal to the fair value.

The fair values of non current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs.

Fair value hierarchy

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Level 1: Hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

During the years mentioned above, there have been no transfers amongst the levels of hierarchy. The fair values of unquoted equity instruments are not significantly different from their carrying value and hence the management has considered their carrying amount as fair value.

Valuation processes

The finance department of the Company includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. This team reports directly to the chief financial officer (CFO) and the audit committee (AC). Discussions of valuation processes and results are held between the CFO, AC and the valuation team at least once every three months, in line with the Company's quarterly reporting periods.

Notes to financial statements for the year ended March 31, 2022

Note 42: Financial risk management objectives and policies

The Company's principal financial liabilities, comprise of borrowings, security deposits, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include investments, loans, trade and other receivables, cash and cash equivalents and other bank balances that are derived directly from its operations.

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company is exposed to market risk, credit risk and liquidity risk.

The Company's senior management oversees the management of these risks. The senior professionals working to manage the financial risks and the appropriate financial risk governance framework for the Company are accountable to the Board of Directors and Audit Committee.

This process provides assurance to Company's senior management that the Company's financial risk-taking activities are governed by appropriate policies and procedures and that financial risk are identified, measured and managed in accordance with Company policies and Company risk objective.

The management reviews and agrees policies for managing each of these risks which are summarized as below:

(a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices.

Market prices comprises three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity price risk. Financial instruments affected by market risks include borrowings, security deposits, investments and foreign currency receivables and payables.

(i) Foreign Currency Risk

The Company operates internationally and portion of the business is transacted in several currencies. Consequently the Company is exposed to foreign exchange risk through its sales and services in overseas and purchases from overseas suppliers in various foreign currencies. Exports of the Company are significantly lower in comparison to its imports. Foreign currency exchange rate exposure is party balanced by exports of goods and prudent hedging policy.

Notes to financial statements for the year ended March 31, 2022

Note 42: Financial risk management objectives and policies (contd.)

Foreign Currency Risk Sensitivity

A change of 1% in foreign currency would have following Impact on profit before tax:

Particulars	2021-22		2020-21	
	1% appreciation in Foreign Currency	1% depreciation in Foreign Currency	1% appreciation in Foreign Currency	1% depreciation in Foreign Currency
Increase / (decrease) in profit or loss for \$	6.67	(6.67)	21.00	(21.00)
Increase / (decrease) in profit or loss for €	(0.12)	0.12	(0.13)	0.13
Net Increase/(decrease) in profit or loss	6.55	(6.55)	20.87	(20.87)

(ii) Interest rate risk:

Interest rate is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Company's financial liabilities comprises of interest bearing loans, vehicle loans and advances and security deposits; however these are not exposed to risk of fluctuation in market interest rate as the rates are fixed at the time of contract/agreement and do not change for any market fluctuation.

(iii) Commodity price risk

The Company is affected by the price volatility of certain commodities. Its operating activities require the ongoing manufacture of paper and paper boards and therefore require a continuous supply of raw materials i.e. waste paper, chemicals, coal etc. being the major input used in the manufacturing. Due to the significantly increased volatility of the price of waste paper and coal the Company had entered into various purchase contracts for these material for which there is an active market. The Company's management has developed and enacted a risk management strategy regarding commodity price risk and its mitigation. The Company partly mitigated the risk of price volatility by entering into the contract for the purchase of these material and further the Company increases prices of its products as and when appropriate to minimize the impact of increase in raw material prices.

(b) Credit Risk

Credit Risk is the risk that the counter party will not meet its obligation under a financial instrument, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

i) Trade receivables

The Company has established a credit policy under which each new customer is analysed individually for creditworthiness before orders are accepted and the payment and delivery terms and conditions are offered. The Company's review includes external ratings, if they are available, financial statements, credit agency information, industry information and business intelligence. Sales limits are established for each customer and reviewed annually. Any sales exceeding those limits require approval from the appropriate authority as per policy.

Expected credit loss for trade receivables:

The Company estimates its allowance for trade receivable using lifetime expected credit loss. The Company has also taken advances and trade deposits from its customers which mitigate the credit risk to an extent. The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of a default occurring on the asset as at the

Notes to financial statements for the year ended March 31, 2022

Note 42: Financial risk management objectives and policies (contd.)

reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forwarding-looking information.

In general, it is presumed that credit risk has significantly increased since initial recognition if the payments are more than 360 days past due.

ii) Financial Instruments and cash deposits

The Company considers factors such as track record, size of the institution, market reputation, financial strength/ rating and service standards to select the banks with which balances and deposits are maintained. Generally the balances are maintained with the institutions with which the Company has also availed borrowings.

iii) The ageing analysis if the receivables (gross of provision) has been considered from the date of invoice falls due.

(c) Liquidity Risk

The Company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. The Company believes that the working capital is sufficient to meet its current requirements. Further, the Company's approach is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when due and Company monitors rolling forecasts of its liquidity requirements.
