Forward-looking statement

This document contains statements about expected future events and financial and operating results of N R Agarwal Industries Limited, which are forward looking. By their nature, forward-looking statements require the Company to make assumptions and are subject to inherent risks and uncertainties. There is a significant risk that the assumptions, predictions and other forward-looking statements will not prove to be accurate. Readers are cautioned not to place undue reliance on forward-looking statements as a number of factors could cause assumptions, actual future results and events to differ materially from those expressed in the forward-looking statements. Accordingly, this document is subject to the disclaimer and qualified in its entirety by the assumptions, qualifications and risk factors referred to in the management’s discussion and analysis of the N R Agarwal Industries Limited Annual Report 2024-25.

SEEKING OPPORTUNITY IN ADVERSITY

The global paperboard sector is passing through an extended downtrend.

During this challenging phase, our Company commissioned its largest paperboard manufacturing unit in March 2024.

The Company reported a profit in FY 2024-25 inspite of declining realizations and rising input costs; its EBITDA margin was in line with the other players in the industry.

The Company is exploring the possibility of investing in a second large paperboard manufacturing unit.

This is expected to deepen the Company's competitive advantage and translate into higher revenues and surplus when the paperboard sector recovers.

This validates the Company's commitment to seek opportunities in adversity and enhance stakeholder value across market cycles.

N R Agarwal Industries Limited

The Company is a responsive player in India’s paper sector.

The Company increased its focus on the paperboard segment over the conventional writing & printing paper segment.

The Company commissioned India’s largest single-location paperboard facility in 2024.

The Company invested in advanced manufacturing technologies, optimizing efficiency.

The Company evolved from a regional to a national paperboard presence.

The result: N R Agarwal is among India’s largest paper companies and among the largest recycled paper & paper board mills in the country.

Revenues by geography, FY 2024-25

Revenues by product segments (as a % of overall revenues, FY 2024-25)

Our vision

To be globally recognized as a leading manufacturer of innovative paper products for our valued customers.

Honouring our core values.

Generating sustainable returns for our stakeholders.

Our mission

N R Agarwal Industries Limited is committed to delivering the highest stakeholder satisfaction through innovation, cost-effectiveness and an excellent work culture.

Our background

N R Agarwal Industries Limited was incorporated in 1993. The Company specializes in the manufacture of multi-layer paper boards as well as writing and printing paper. With more than 30 years of experience, the Company has emerged as one of India's leading producers of recycled paper. The Company is the largest manufacturer of grey and white back duplex boards and a leading name in India's wastepaper-based paper production. The Company is among leading Indian paper companies by size. As of March 31, 2025, the promoters held 73.96% of the Company's issued, subscribed and paid-up capital.

Our footprint

The Company's corporate office is in Mumbai, while its production operations are located in Vapi and Sarigam, Gujarat.

Our Listing

The Company is listed on Bombay Stock Exchange and National Stock Exchange.

Our credit rating

The Company maintained its rating of A Stable for fund-based limits and term loans by ICRA, as of March 31, 2025.

Our products portfolio

Coated Duplex Board, FBB, and SBS

The Company specializes in the production of quality coated duplex boards, FBB (Folding Box Board) and SBS (Solid Bleached Sulphate) designed for offset printing, foil stamping and embossing. These boards are ideal for post-print applications and have been certified by India's Central Food Technological Research Institute (CFTRI).

Writing, Printing and Copier Paper

The Company manufactures writing, printing, and copier paper renowned for exceptional brightness, smoothness and dimensional stability across a range of GSM specifications. With high tensile strength and superior surface characteristics, these papers are perfectly suited for high-speed, multi-colour printing jobs.

Our confidence-enhancing features

Environmental integrity

The Company moderated the use of finite resources by enhancing operational efficiency, resulting in lower water consumption and reduced electricity use per ton of paper produced. It strengthened its water recycling by implementing a reverse osmosis system.

Infrastructure

The Company operates a 100-acre industrial facility in Sarigam. Adequate space is available to accommodate increased manufacturing capacity.

Proximity

The Company's production facility is located 165 km from Mumbai Port, 18 km from Tumb Port, and 150 km from Hazira Port. This strategic location helps optimize logistics costs for wastepaper imports while facilitating exports to over 33 countries.

How we have grown over the years

Revenues

(₹ in cr)

Meaning

Revenue is the total income generated from the sale of goods related to the Company's operations.

Importance

Revenue is the total value of goods and services sold by the Company during a financial year, an index of the Company's viability and customer focus.

Performance

The Company reported ₹1659.03 cr revenue in FY 2024-25, which was 28.27% higher than the previous year.

EBITDA

(₹ in cr)

Meaning

EBITDA is an acronym that refers to the earnings of a Company before interest, tax, depreciation and amortization are deducted or provided for.

Importance

Investors use EBITDA to assess a Company's profitability and efficiency and compare it with similar businesses.

Performance

The Company reported ₹142.44 cr EBITDA in FY 2024-25, 23.25% lower than the previous year.

Profit after tax

(₹ in cr)

Meaning

The amount left after a Company has paid all its operating and non-operating expenditures, other liabilities and taxes is known as profit after tax. This profit is either given to the entity's shareholders as dividend or held in reserve as retained profit.

Importance

Profit after tax represents the actual profit a Company earns in a financial year. It reflects the cost structure, business model and overall competitiveness.

Performance

The Company reported a ₹17.65 cr PAT in FY 2024-25, which was 85.93% lower than the previous year.

Net profit margin

(%)

Meaning

Net profit margin (also known as 'profit margin' or 'net profit margin ratio') is a financial measure to calculate the percentage of profit a Company produces from its total revenue.

Importance

It represents the net profit a Company earns for each rupee of revenue, expressed as a percentage.

Performance

The Company reported 1.08% net profit margin in FY 2024-25, which was 870 bps lower than the previous year.

Debt-to-equity ratio (x)

Meaning

The debt-to-equity ratio (also called the 'debt-equity ratio', 'risk ratio', or 'gearing') is a leverage ratio that calculates the weight of total debt and financial liabilities against shareholders' equity.

Importance

This ratio indicates whether a Company's capital structure leans more towards debt or equity financing.

Performance

The Company reported a 0.70 debt-to-equity ratio at the close of FY 2024-25 remaining attractively under borrowed even after undertaking the largest expansion in its existence.

Interest coverage ratio (x)

Meaning

The interest coverage ratio (ICR) is a financial ratio used to determine how well a Company can pay interest on outstanding debt.

Importance

Lenders, creditors and investors commonly use the interest coverage ratio to assess the risk of lending to the Company.

Performance

The Company reported a safe and attractive interest coverage ratio of 2.34 for FY 2024-25, lower than the previous year.

RoCE (%)

Meaning

Return on capital employed (ROCE), a profitability ratio that measures how efficiently a Company is using its capital to generate profits.

Importance

The return on capital employed (ROCE) is one of the most important profitability ratios, commonly used by investors to assess whether a Company is a good investment.

Performance

The Company reported 5.55% return on capital employed for FY 2024-25, which was lower than the previous year on account of depressed operating conditions.

Earnings per share (₹ in)

Meaning

Earnings per share (EPS) is a financial metric, which divides net earnings available to common shareholders by the average outstanding shares for a certain period.

Importance

Earnings per share reflect a Company's ability to generate net profits for common shareholders.

Performance

The Company reported a ₹10.37 earnings per share for FY 2024-25, which was 85.93% lower than the previous year on account of depressed operating conditions.

THE BIG PICTURE

**The capacity
to seek an
opportunity in
every adversity
translated into
a relatively
creditable
performance
in FY 2024-25**

We were aware of the threats of commissioning a large capacity in the midst of a sectoral slowdown. We remained cognizant of the need to remain liquid and viable following the expansion even when paperboard realizations remained flat.

Overview

I am pleased to present a performance review of your Company for the last financial year coupled with how we see the sector and Company evolve going ahead.

In our last Annual Report, I had indicated that the Company had commissioned a ₹850 cr investment programme to increase paperboard manufacturing capacity to 900 tons per day. The investment was the largest in the Company's existence; the investment also helped create the largest single paperboard manufacturing machine at a single location in India.

This investment was made with the objective to graduate the Company into the next league and build a sustainable growth platform for the future.

Achievement

I am pleased to communicate that the decisive game-changing manufacturing capacity was commissioned during the last financial year. By the close of the last financial year, the new capacity had touched an average capacity utilization of 95%. In a chemical-intensive, capital-heavy and process-driven sector like paperboard, we believe that this average capacity utilization represents a manifestation of our capabilities – the ability to select the right technology cum scale and the talent to sweat this large asset around the highest utilization levels. This single achievement validated that the Company has done all it could to minimize the effect of operating variables under its

control and maximize performance consistency.

I am pleased to communicate that this operating competence extended to the ability to market and distribute paperboard across the country. By the close of the year under review, the Company had sold virtually all that it could produce; our closing inventory of finished paperboard was equivalent to 12 days of production and our paperboard output was marketed pan-India. This indicates that our expansion was not a flash in the pan; it was prudently conceived and executed; it validated our conviction in the Indian growth story.

Low risk expansion

At N R Agarwal, we recognized the need to maximize manufacturing capacity without compromising our desired risk appetite. We were aware of the threats of commissioning a large capacity in the midst of a sectoral slowdown. We remained cognizant of the need to remain liquid and viable following the expansion even when paperboard realizations remained flat.

I am pleased to communicate that we achieved all these imperatives during a challenging FY 2024-25. This is evident in our financials: the Company reported a net profit; in a capital-intensive business we maintained our EBITDA margin in line with the industry average.

Besides, the Company reported a 28.27% increase in revenues to ₹1659.03 cr; EBITDA declined 8.59% to ₹142.44 cr; profit after tax decreased to ₹15.96 cr. Even as EBITDA margin declined 578 bps to 8.59%, the margin

was in line with the industry average and validates the viability of the Company even during the bottom of the industry downtrend. Around 30% of the output was exported and 60% sold in western India, where the plant is located. The new plant helped widen the product basket to value-added board varieties that are either being imported or being under-supplied.

These financials indicate that the expansion proved value-accretive within a single quarter. This enhanced value is the result of the Company selecting to invest in the largest single manufacturing unit in India, translating into superior economies of scale and locational port cum domestic market proximity. The result is that we are probably the lowest cost paperboard manufacturer in India (from an interest outflow per ton of paper manufactured perspective) due to our scale and technology benefit. This relatively low risk perspective should enhance significant value for the Company when realizations improve.

Sectoral transition

At N R Agarwal, we remained profitable during the last financial year when paperboard realizations trended lower. At peak, paperboard realized ₹41 per kg; by the close of the last financial year, realizations had declined to ₹37 per kg. This decline was precipitated by a global paperboard oversupply and cheaper imports.

During this sectoral downtrend, we are seeing the beginning of an industry consolidation at two levels.

At one level, small paperboard manufacturing units are exiting the business, unable to match declining realizations, improve end product quality or address debt repayment obligations. At the other level, some of the larger paperboard companies are acquiring large capacities. The result is that the manufacturing capacities are moving into stronger hands; besides, the exit of smaller players is leaving unaddressed demand in the regional markets.

At N R Agarwal, we perceive an opportunity in adversity. The longer the downtrend persists in the paperboard sector, there is a possibility of more sub-optimal mills going out of production, creating a growing opportunity for larger organized paperboard manufacturers. In view of this, we perceive the downtrend to be an attractive opportunity to grow our business: capital equipment manufacturers deliver faster around affordable costs; most manufacturers freeze their capital spending; the country's paperboard consumption continues to grow.

Seeing the opportunity

At N R Agarwal, we foresee India sustaining its place as the world's fastest growing economy. This growth is likely to be sustained by a robust consumption engine. The foundation of this robust engine was reinforced in the Union Budget 2025-26 when the government introduced personal income tax exemptions up to ₹12,00,000. This is likely to catalyze the consumption of a range of products where packaging is used.

At our Company, we perceive a distinctive opportunity to graduate to the next orbit. The viability of our greenfield 900 TPD paper board manufacturing unit was validated during the downtrend of the last financial year. This indicates that when realizations revive, the plant may generate a sizable surplus that

could make it possible to recover our entire investment within a few years even as the productive life of the unit would be considerably longer.

Rather than wait for the industry downtrend to reverse for the better, the Company is exploring the possibility of commissioning a second large greenfield paperboard manufacturing unit, possibly of a higher configuration. The Company expects to replicate its established and validated approach: order the equipment during the sectoral downtrend at a competitive capital cost, fund the proposed investment through a combination of financial structures that moderates the load on the Company's Balance Sheet and provide the Company with a growth pathway for the next few years. By the virtue of being proximate to a port, the Company is optimistic of deepening its presence as a global paperboard Company with a sizable proportion of its output being sold in India.

By the virtue of commissioning the 900 TPD paper board manufacturing unit in the last financial year, the Company has graduated to become one of the top mills of the paper sector in India. Besides, the Company is the largest paperboard manufacturer in India (greyback and white back paperboard varieties) and the largest recycled paper manufacturer. The Company is equipped to produce half a million tons of paperboard starting the current financial year; we are optimistic that this scale – achieved at around the lowest capital cost per ton when compared to peers with similar capacities – should enhance our brand, visibility, and stakeholder traction.

Besides, the Company is utilizing its vast capacity to graduate from commodity products to value-added variants. In a post-Balance Sheet data development, the Company launched a value-added folding box board (FBB)

to address customers in India and abroad. This strategic product launch marks a milestone in the Company's commitment to portfolio innovation and diversification in the packaging board segment.

Outlook

The Company remains optimistic of prospects during the current financial year. The challenges of timely commissioning appear to be over; the priority will now lie in sweating the new unit at a consistently high utilisation, sustaining the highest quality standard for the highest realization and marketing the production around the lowest average logistical cost per km.

The Company expects to achieve ₹2200 cr in revenues during the current financial year, factoring the decline in realizations. When achieved, this would be an impressive 36% higher than the ₹1617 cr achieved by the Company in FY 2023-24. This validates the ability of the Company to change orbits without impairing the Balance Sheet and create a robust growth platform.

At N R Agarwal, we are optimistic that the India growth story will have a clear linkage with paperboard consumption. The faster India grows, the more paperboard will be consumed. Besides, the more the world seeks environment-friendly alternatives, the greater will be the demand for recycled paper-based paperboard of the kind manufactured by our Company.

In view of these realities and possibilities, we are optimistic of enhancing value in the hands of our stakeholders in a sustainable way across the foreseeable future.

R N Agarwal
Chairman & Managing Director

What has helped deepen competitiveness of our new 900 TPD paperboard manufacturing unit

- The capital cost per ton of expanded capacity was possibly the lowest in India's paper boards sector - ₹40,000 compared with the greenfield cost of ₹1,00,000
- The Company increased the capacity of its initial configuration of 500 TPD to 900 TPD at an incremental cost of only ₹350 cr (including a power generation capacity for ₹50 cr), enhancing competitiveness. The increase in more than 50% in manufacturing capacity at only 15% additional cost is expected to create a long-term competitive advantage, translating into enhanced business sustainability.
- The ₹1000 cr invested in the new manufacturing capacity was funded by ₹665 cr of debt and the rest through earnings. The debt repayment has been structured across seven years.
- A 7.5 MW power plant will utilize extracted plastic from wastepaper used in the raw material mix (apart from outside sourcing), reducing the environment load; it will address 36% of the power needs of the new manufacturing facility; it will pare power generation cost to ₹4 per unit, half the cost at which power is available through the state electricity grid.

Management discussion and analysis

Global economic review

Overview

Global economic growth declined marginally from 3.3% in 2023 to an estimated 3.2% in 2024. This was marked by a slowdown in global manufacturing, particularly in Europe and parts of Asia coupled with supply chain disruption and weak consumer sentiment. In contrast, the services sector performed more creditably.

The growth in advanced economies remained steady at 1.7% from 2023 to 2024 as the emerging cum developing economies witnessed a growth decline at 4.2% in 2024 (4.4% in 2023).

On the positive side, global inflation was expected to decline from 6.1% in 2023 to 4.5% in 2024 (projected at 3.5% and 3.2% in 2025 and 2026 respectively). This decline was attributed to the declining impact of erstwhile economic shocks, and labour supply improvements. The monetary policies announced by governments the world over helped keep inflation in check as well.

The end of the calendar year was marked by the return of Donald Trump as the new US President. The new US government threatened to impose tariffs on countries exporting to the US unless those countries lowered tariffs for the US to export to their countries. This enhanced global trade and markets uncertainty and emerged as the largest singular uncertainty in 2025.

Outlook

The global economy has entered a period of uncertainty following the imposition of tariffs of products imported into the USA and some countries announcing reciprocal tariffs on US exports to their

countries. This is likely to stagger global economic growth, the full outcome of which cannot be currently estimated. This risk is supplemented by risks related to conflicts, geopolitical tensions, trade restrictions and climate risks. In view

of this, World Bank projected global economic growth at 2.7% for 2025 and 2026, factoring the various economic uncertainties.

Indian economic review

Overview

The Indian economy was projected to grow at 6.5% in FY 2024-25, compared to a revised 9.2% in FY 2023-24. This represented a four-year low due to a moderate slowdown within the Indian economy (marked

by slower manufacturing growth and a decline in net investments). Despite the slowdown, India retained its position as the world's fifth-largest economy.

India's nominal GDP (at current prices) was ₹331 trillion in FY 2024-25 (₹301.23 trillion in FY 2023-24). The

nominal GDP per capita increased from ₹2,15,936 in FY 2023-24 to ₹2,35,108 in FY 2024-25, reflecting the impact of an economic expansion.

The Indian rupee weakened 2.12% against the US dollar in FY 2024-25, closing at ₹85.47 on the last trading day of FY 2024-25. In March 2025, the

rupee recorded the highest monthly appreciation since November 2018, rising 2.39% (arising out a weakening US dollar).

Inflationary pressures eased, with CPI inflation averaging 4.63% in FY 2024-25, driven by moderating food inflation and stable global commodity prices. Retail inflation at 4.6% in FY 2024-25, was the lowest since the pandemic, catalyzing savings creation.

India's foreign exchange reserves stood at a high of US\$ 676 billion as of April 4, 2025. This was the fourth consecutive year when rating upgrades outpaced downgrades on account of strong domestic growth, rural consumption, increased infrastructure investments and low corporate leverage (annualized

rating upgrade rate 14.5% exceeded the decade-long average of 11%; downgrade rate was 5.3%, lower than the 10-year average of 6.5%).

Gross inward foreign direct investment revived in FY 2024-25, rising 20.6% YoY from US\$ 51.8 billion in the first eight months of FY 2023-24 to US\$ 62.5 billion

during the same period in FY 2024-25. However, the net foreign direct investment in India declined from US\$ 7.84 billion in the first nine months of FY 2023-24 to US\$ 1.18 billion in the corresponding period in FY 2024-25, followed increased repatriation and investments by Indian firms across international geographies.

The banking sector continued its improvement, with gross non-performing assets (NPA) for scheduled commercial banks (SCBs) declining to 2.6% as of September 2024, down from 2.7% in March 2024. The capital-to-risk-weighted assets ratio for SCBs stood at 16.7% as of September 2024, reflecting a strong capital position.

India's exports of goods and services are projected to reach US\$ 800 billion in FY 2024-25, up from US\$ 778 billion in the previous fiscal year. The Red Sea crisis impacted shipping costs, affecting price-sensitive exports. Merchandise exports were expected to grow 2.2% YoY, reaching US\$ 446.5 billion.

India's net GST collections increased 8.6%, totalling ₹19.56 lakh cr in FY 2024-25. Gross GST collections in FY 2024-25 stood at ₹22.08 lakh cr, a 9.4% increase YoY.

On the supply side, real gross value added (GVA) was estimated to expand 6.4% in FY 2024-25. The industrial sector was expected to grow 6.2%, supported by growth in construction

activities, electricity, gas, water supply and other utility services.

India's services sector grew an estimated 7.3% in FY 2024-25 (9.0% in FY 2023-24), driven by public administration, defence and other services (expanded at 8.8% as in the previous year). In the infrastructure and utilities sector, electricity, gas, water supply and other utility services grew a projected 6.0% in FY 2024-25, compared to 8.6% in FY 2023-24. Meanwhile, the construction sector expanded at ~8.6% in FY 2024-25, slowing from 10.4% in the previous year.

Manufacturing activity was subdued in FY 2024-25, with growth projected at 4.3%, which was lower than 12.3% in FY 2023-24. Moreover, due to lower public spending in the early part of the year, government final consumption expenditure (GFCE) is anticipated to have slowed to 3.8% in FY 2024-25, compared to 8.1% in FY 2023-24.

The agriculture sector growth was estimated at 3.8% in FY 2024-25 (1.4% in FY 2023-24). Trade, hotel, transport, communication and

services related to broadcasting segment were estimated to grow at 6.4% in FY 2024-25 (6.3% in FY 2023-24).

From a demand perspective, private final consumption expenditure at constant prices was forecast to grow 7.3%, indicating a rebound in rural demand and stronger consumer confidence.

The Nifty 50 and SENSEX recorded their weakest annual performances in FY 2024-25 in two years, rising 5.3% and 7.5% during the year under review respectively. Gold rose 37.7% to a peak of US\$ 3,070 per ounce, the highest increase since FY 2007-08, indicating global uncertainties.

Total assets managed by the mutual fund (MF) industry jumped 23% or ₹12.3 lakh cr in fiscal 2025 to settle at ₹65.7 lakh cr. At close of FY 2024-25, the total number of folios had jumped to nearly 23.5 cr, an all-time peak. During last fiscal, average monthly systematic investment plan (SIP) contribution jumped 45% to ₹24,113 cr.

Foreign portfolio investments (FPIs) in India experienced high volatility throughout 2024, with total inflows into capital markets reaching approximately US\$ 20 billion by year-end. However, there was significant selling pressure in the last quarter, influenced by new tariffs announced by the new US government on most countries (including India).

Outlook

India is expected to remain the fastest-growing major economy. Initial Reserve Bank of India estimates have forecast India's GDP growth downwards from 6.7% to 6.5% based on risks arising from US tariff levies on India and other countries. The following are some key growth catalysts for India in FY 2025-26.

Tariff-based competitiveness: India identified at least 10 sectors such as apparel and clothing accessories, chemicals, plastics and rubber where the US' high tariffs give New Delhi a competitive advantage in the American market over other suppliers. While India faced a 10% tariff after the US suspended the 26% additional duties for 90 days, the levy remained at 145% on China, the biggest exporter to the US. China's share of apparel imports into the US was 25%, compared with India's 3.8%, a large opportunity to address differential.

Union Budget FY 2025-26: The Union Budget 2025-26 laid a strong foundation for India's economic trajectory, emphasizing agriculture, MSMEs, investment, and exports as the four primary growth engines.

With a fiscal deficit target of 4.4% of GDP, the government reinforced fiscal prudence while allocating ₹11.21 lakh cr for capital expenditure (3.1% of GDP) to drive infrastructure development. The February 2025 Budget marked a shift in approach, with the government proposing substantial personal tax cuts. Effective April 1, 2025, individuals earning up to ₹12 lakh annually will be fully exempt from income tax. Economists estimate that the resulting ₹1 lakh cr in tax savings could boost consumption by ₹3-3.5 lakh cr, potentially increasing the nominal private final consumption Expenditure (PFCE) by 1.5-2% of its current ₹200 lakh cr.

Free trade agreement: In a post-Balance Sheet development, India and the United Kingdom announced a free trade agreement to boost strategic and economic ties. This could lead to a significant increase in the export competitiveness of Indian shipments in the UK across the textiles, toys, leather, marine products, footwear, and gems & jewellery sectors. About 99% of Indian exports to UK will enjoy zero-duty access tariff cuts; India will cut tariffs on 90% of tariff lines and 85% could become fully duty-free within 10 years.

Pay Commission impact: The 8th Pay Commission's awards could lead to a significant salary revision for nearly ten million central government employees. Historically, Pay Commissions have granted substantial pay hikes along with generous arrears. For instance, the 7th Pay Commission more than tripled

its monthly salaries, raising the range from ₹7,000 to ₹90,000 to ₹18,000 to ₹12.5 lakh, triggering a widespread ripple effect.

Monsoons: The India Meteorological Department predicted an 'above normal' monsoon in 2025. This augurs well for the country's farm sector and a moderated food inflation outlook.

Easing inflation: India's consumer price index-based retail inflation in March 2025 eased to 3.34%, the lowest since August 2019, raising hopes of further repo rate cuts by the Reserve Bank of India.

Deeper rate cuts: On June 6, 2025, the Monetary Policy Committee (MPC) delivered a "jumbo" 50 bps cut, lowering the repo rate further from 6.00% to 5.50% marking the third consecutive cut this year while shifting the policy from "accommodative" to "neutral".

Lifting credit restrictions: In November 2023, the RBI increased risk weights on bank loans to retail borrowers and NBFCs, significantly tightening credit availability. This led to a sharp slowdown in retail credit growth from 20-30% to 9-13% between September 2023 and 2024. However, under its new leadership, the RBI has prioritized restoring credit flow. Recent policy shifts have removed restrictions on consumer credit, postponed higher liquidity requirements for banks, and are expected to rejuvenate retail lending.

Global paperboard packaging industry overview

Paperboard packaging consists of materials derived from paper pulp, designed for various packaging solutions. It serves to enclose, protect, and display products for

storage, transportation and sale. The growth in the past period can be attributed to the demand for traditional packaging, cost-effectiveness, regulatory compliance, brand image and marketing, as well as product protection and preservation.

The growing adoption of paperboard packaging represents a remarkable

step towards a greener future, as businesses and consumers increasingly recognize the importance of reducing plastic waste, lowering carbon footprints, and embracing eco-friendly alternatives that promote long-term environmental sustainability. Seeking alternatives that minimize waste while aligning

with the growing emphasis on environmental consciousness, paperboard packaging has emerged as a widely adopted solution. The most significant advantage of paperboard packaging over plastic is its sustainability where the paperboard is 100% recyclable and also generates less carbon emission, where plastic packaging is

contributing higher carbon emissions, which could hinder growth. The shift away from plastic packaging also ties into a broader trend of transparency in business practices. Consumers want to know where products come from and how they are packaged. Brands using paperboard can highlight their commitment to sustainability and responsible sourcing.

The paperboard packaging market size has expanded significantly, increasing from US\$ 422.32 billion in 2024 to US\$ 447.11 billion in 2025, with a CAGR of 5.9%. The global consumption of paper and paperboard is expected to reach 519 MT by 2035.

Indian paperboard packaging industry overview

Packaging is the fifth-largest sector of the Indian economy and one of the fastest-growing industries, expanding at an annual rate of 22-25% and positioning India as a growing centre in the global packaging industry. Paperboard packaging has emerged as a crucial component in various sectors of the food industry in India, including bakeries and snacks. Paperboard tubes offer several advantages, particularly in packaging dry goods such as spices, tea, and

snacks. However, the growing use of non-recyclable flexible packaging is becoming a concern as the Indian packaged food market expands, which is projected to reach US\$ 3.4 billion by 2027. With ongoing technological advancements and a shift toward sustainable solutions, the packaging industry is set to play a vital role in India's economic growth. The Indian paperboard packaging market is valued at US\$ 13.72 billion in 2025 and is projected to grow at a CAGR of 6.63%, reaching US\$ 18.92 billion by 2030.

In 2024, India's packaging paperboard consumption reached 15 million tons, comprising nearly 65% of the nation's total paper, paperboard and newsprint market of 23 million tons. The Indian e-commerce packaging market is projected to generate US\$ 15.8 billion in revenue by 2030, up from US\$ 3.0 billion in 2023, growing at a CAGR of 26.7%. Paper packaging plays a crucial role in this sector for shipping goods, and with India's exports rising in this segment; the country is poised to become a major supplier of paper packaging varieties.

Government policies

The Indian government has launched several initiatives to promote sustainable and standardized packaging practices across various industries. Key policies include:

National Packaging Initiative: This initiative sets guidelines for packaging design, promotes bulk transport, and supports centralized industrial

hubs with advanced infrastructure like logistics parks and packaging labs. It aims to cut packaging waste by establishing material recovery facilities and boosting domestic production of quality packaging materials. Additionally, it focuses on top-tier training and certifications to ensure a skilled workforce.

Extended Producer Responsibility (EPR): In 2024, the Ministry of

Environment, Forest, and Climate Change introduced this policy to improve waste management for materials like paper, glass, metal, and sanitary products. This marks a significant step toward sustainable packaging waste management in India, specifically requiring compliance from producers, importers, and brand owners (PIBOs).

Growth drivers of India's paperboard industry

Economic growth: Growing environmental concerns are driving a shift toward sustainable packaging solutions. India's GDP, which is now at US\$ 3.94 trillion, is projected to increase to US\$ 4.3 trillion by the end of 2025 and expected to reach US\$ 5.7 trillion by 2028.

Rising sustainable packaging demand: Paper-based packaging, known for being recyclable, biodegradable, and renewable is increasingly replacing plastic. The food, retail, and e-commerce sectors are rapidly adopting paper-based materials to comply with sustainability regulations and meet rising consumer demand for eco-friendly products. The sustainable

packaging market size was valued at US\$ 11.93 million in 2024 and expected to reach US\$ 21.06 million by 2033, reflecting a CAGR of 6.19% from 2025-2033.

Income growth: Rise in income is fueling the demand for paperboard products, as increased consumer spending drives the packaged goods and e-commerce sectors. As consumers become more eco-

conscious, companies are shifting from plastic to high-quality recycled and biodegradable packaging boards. India's middle class is projected to comprise 40% of the population by 2031 and 63% by 2047. Rising income levels are fueling consumer spending, driving demand for high-quality packaging. In response, India is expanding its production of premium paperboard, packaging paper, and related materials to capitalize on this opportunity.

Cost-effectiveness and versatility: Paperboard is cost-efficient, easy to print on, and customizable, making it ideal for branding and marketing. It is used in industries like pharmaceuticals, cosmetics and consumer goods, all of which are expanding in India.

Food packaging and beverages: India's food packaging industry is set for significant expansion, with the market projected to be valued at US\$ 38.27 billion in 2025, growing at a

CAGR of 6.52%, and expected to reach US\$ 52.49 billion by 2030. Paperboard is widely use in food packaging, as it is safe, recyclable and can be treated to resist moisture and grease. FMCG companies are turning to sustainable packaging materials and practices. While these regulatory changes pose difficulties, they also create opportunities for growth.

Risk management

Economic risk

An economic slowdown may curb consumer spending, potentially leading to a decline in demand for paper products.

Mitigation: India's GDP was estimated to grow at 6.5% in FY 2024-25, showing the country's consumption potential and economic resilience. This creates wider opportunities for the market and the Company.

Digitalization risk

Digitalization may lead to a decline in paper consumption.

Mitigation: The Company provides a diverse range of high-quality products

to meet the increasing demand from the e-commerce industry. With a unique ability to fulfill consumer needs across varying order sizes, it strengthened its focus on paper packaging to leverage emerging market trends.

Raw material risk

A shortage of raw materials may impact operations.

Mitigation: The Company primarily relies on locally sourced waste paper, minimizing its dependency on external raw material procurement.

Financial risk

A significant increase in input costs may impact profitability.

Mitigation: The Company's efficient input cost management and timely debt repayment increased/decreased profitability, leading to significant improvements in profit after tax (PAT) and EBITDA.

Product dumping risk

It occurs when companies sell paperboard products abroad at unfairly low prices, harming local industries through unfair competition, business closures, and job losses.

Mitigation: Government can impose anti-dumping duties and tariffs to protect local industries.

The Notice of the 32nd AGM and the Annual Report for financial year 2024-25 will be also available on the Company's website at www.nrail.com and website of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively and on the website of National Securities Depository Limited (NSDL) at www.evoting.nsdl.com.

Detailed procedure for attending the AGM and voting through remote e-voting and e-voting at the AGM is provided at item no. 15 and 16 of notes of this Notice.

3. Pursuant to the MCA Circulars, since the physical attendance of members has been dispensed with, there is no requirement of appointment of proxies. Accordingly, the Proxy Form and Attendance Slip are not annexed to this Notice.

4. Institutional shareholders/ Corporate members intending to appoint their authorized representatives to

participate in the AGM are requested to send a certified copy of the Board Resolution at investors@nrail.com.

5. The Statement pursuant to Section 102 of the Companies Act, 2013, setting out material facts concerning the business under item nos. 4 to 12 of the accompanying Notice are annexed hereto. The relevant details as required under Regulation 36(3) of the SEBI (Listing Obligations & Disclosures Requirements) Regulations, 2015 (Listing Regulations) and the Secretarial Standards on General Meetings in respect of the persons seeking appointment / re-appointment as Directors are also annexed.

6. In terms of the provisions of Section 124 and other applicable provisions of the Companies Act, 2013 (the Act) (erstwhile Section 205A, 205C of the Companies Act 1956), the amount of dividend not encashed or claimed within 7 (seven) years from the date of its transfer to the unpaid dividend account, will be transferred to the Investor Education and Protection Fund established by the Central Government. Members who have not yet encashed their dividend warrant(s) pertaining to the dividend are requested to lodge their claims with the RTA for the same.

7. Pursuant to the provision of Section 124(6) of the Act, read with Rule 6 of the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) rules, 2016 ("the IEPF rules") and amendments thereto, shares on which dividend has not been paid or claimed for seven consecutive years or more shall be transferred to the demat account of the IEPF Authority except for shares in respect of which there is a specific order of Court, Tribunal or Statutory Authority restraining any transfer of the shares. The Company would intimate individually to all such shareholders, dividend on whose shares has remained unpaid for a continuous period of seven years and a notice in this regard shall also be published in the newspapers. The Statement of Unclaimed Dividend amount for 7 consecutive years and shares due for transfer to IEPF is placed on the website of the Company at https://www.nrail.com/shareholders_information.html. Members are therefore requested to approach the Registrar and Share Transfer Agent of the Company to claim their unpaid dividend, if any within the stipulated timeline.

8. In accordance with Regulation 40 of the SEBI Listing Regulations, as amended, transfers shall be effected only in dematerialized form. Further, members may please note that SEBI vide its Circular dated January 25, 2022 mandated listed companies to issue securities in demat form only while processing any investor service requests viz. issue of duplicate securities certificate, claim from Unclaimed Suspense Account, renewal/ exchange of securities certificate, endorsement, sub-division/splitting of securities certificate, consolidation of securities certificates/folios, transmission and transposition. Accordingly, members are requested to make service requests by submitting a duly filled and signed Form ISR – 4, the format of which is available on the website of the Company at <https://www.nrail.com/shareholders-information.html>. Members holding shares of the Company in physical form are requested to kindly get their shares converted into demat/electronic form to get inherent benefits of dematerialisation.
9. **Updation of PAN and other details** – SEBI vide its Circulars dated November 3, 2021 and December 14, 2021 mandated furnishing of PAN, KYC details (i.e. postal address with pin code, email address, mobile number, bank account details) and nomination details by holders of physical securities through Form ISR-1. It may be noted that any service request or complaint can be processed only after the folio is KYC compliant. Accordingly, the Company has sent individual letters to all the members holding shares of the Company in physical form for furnishing their PAN, KYC and Nomination details. Members holding shares of the Company in physical form are requested to go through the requirements hosted on the website of the Company at <https://www.nrail.com/shareholders-information.html> and furnish the requisite details.

Members holding shares in electronic form are advised to send their request for the change of address, bank particulars, residential status or request for transmission of shares etc. to their Depository Participant.
10. The members holding shares in physical form who have not registered their email addresses with the Company/ RTA may register their email addresses at https://web.in.mpms.mufg.com/helpdesk/Service_Request.html by providing details such as Select Company Name from drop box, Folio Number, Certificate Number, shareholder Name, PAN, Mobile Number, Email Id and also upload the image of share certificate and PAN card in PDF or JPEG format (up to 1MB). The facility for registration of bank details for the members holding shares in physical form are also available at https://web.in.mpms.mufg.com/helpdesk/Service_Request.html by providing details such as bank account no, bank name, IFSC code and also upload self-attested cancelled cheque leaf along with request letter duly signed in PDF or JPEG format (Up to 1MB).
11. The Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of the Act and the Register of Contracts and Arrangements, in which Directors are interested maintained under Section 189 of the Act, the Register of Charges and relevant documents referred to in the Notice of this AGM and explanatory statement will be available for inspection by the members upto and during the AGM. Members seeking to inspect such documents can send their requests to the Company at investors@nrail.com.
12. As the AGM will be held through VC/OAVM, the requirement of providing the Route Map and Landmark for the AGM venue does not apply.
13. **Dividend and Record Date:**
 - a) The Board of Directors at its meeting held on May 28, 2025 has recommended a final dividend of ₹2/- per share (i.e. 20%) on the equity shares of the Company of ₹10/- each.
 - b) The **Record Date** fixed for determining entitlement of members to final dividend for the financial year ended March 31, 2025, if approved at the AGM, is **Wednesday, September 17, 2025**. The dividend, if declared by the members at the AGM, will be paid, subject to deduction of income tax at source ('TDS'), as under:
 - (i) **Shares held in electronic form:** To all the Beneficial Owners as at the end of the day on Wednesday, September 17, 2025 in the list of beneficial owners to be furnished by NSDL and replace with CDSL; and
 - (ii) **Shares held in physical form:** To all members in respect of shares held in physical form after giving effect to valid transfers, transmission and transposition requests lodged with the Company as of the close of business hours on Wednesday, September 17, 2025.
 - c) Pursuant to the Finance Act, 2020, dividend income is taxable in the hands of the members

and the Company is required to deduct TDS from dividend paid to the members at prescribed rates in the Income Tax Act, 1961 ('IT Act'). In general, to enable compliance with TDS requirements, members are requested to complete and/or update their Residential Status, Permanent Account Number ('PAN'), category as per the IT Act with their Depository Participants ('DPs') or in case shares are held in physical form, with the Company/ Registrar and Transfer Agent, MUFG Intime India Private Limited (Formerly Link Intime India Private Limited). For details, members may refer to the "Communication on TDS on Dividend" uploaded on the Company's website at www.nrail.com under Investor Relations.

- d) Updation of mandate for receiving dividends directly in bank account through Electronic Clearing System or any other means in a timely manner:

Shares held in physical form: Members are requested to send the following documents in original to the RTA latest by Friday, September 12, 2025.

- i. A signed request letter mentioning your name, folio number, complete address and following details relating to bank account in which the dividend is to be received:
 - Name and Branch of Bank and Bank Account type;
 - Bank Account Number and type allotted by your bank after implementation of Core Banking Solutions;
 - 11 digit IFSC Code
- ii. original cancelled cheque bearing the name of the member or first holder, in case shares are held jointly;
- iii. self-attested photocopy of the PAN Card; and
- iv. self-attested photocopy of any document (such as Aadhaar Card, Driving License, Election Identity Card, Passport) in support of the address of the member as registered with the Company.

To mitigate unintended challenges on account of freezing of folios, SEBI vide its Circular dated November 17, 2023, has done away with the

provision regarding freezing of folios not having PAN, KYC, and Nomination details. Members may also refer to Frequently Asked Questions ("FAQs") on Company's website https://www.nrail.com/shareholders_information.html.

Members holding shares in physical form who are non KYC compliant may please note that the payment of dividend will be done upon submission of the required information in prescribed forms along with the supporting documents.

Shares held in electronic form: Members may please note that their bank details as furnished by the respective Depositories to the Company will be considered for remittance of dividend as per the applicable regulations of the Depositories and the Company will not be able to accede to any direct request from such members for change/addition/ deletion in such bank details. Accordingly, the members holding shares in demat form are requested to update their Electronic Bank Mandate with their respective DPs. Further, please note that instructions, if any, already given by the members in respect of shares held in physical form, will not be automatically applicable to the dividend paid on shares held in electronic form.

The members who are unable to receive the dividend directly in their bank accounts through Electronic Clearing Service or any other means, due to non-registration of the Electronic Bank Mandate, the Company shall dispatch the dividend warrant/ bankers' cheque/demand draft to such members at the earliest.

14. SEBI vide circular nos. SEBI/HO/OIAE/OIAE_IAD-1/P/ CIR/2023/131 dated July 31, 2023, and SEBI/HO/OIAE/ OIAE_IAD-1/P/CIR/2023/135 dated August 4, 2023, read with master circular no. State of Company's Affairs

The Company reported a revenue of ₹1659.03 cr for the financial year, as against ₹1293.38 cr in the previous year, reflecting a growth of 28.27%, primarily driven by production from the new Duplex Board Plant.

However, an increase in the cost of production, along with a reduction in the selling prices of both paper and paperboard, led to a decline in EBITDA, from ₹185.59 cr to ₹142.44 cr. Additionally, Net Profit After Tax decreased significantly from ₹125.46 cr to ₹17.65 cr, primarily due to higher interest expenses on project-related loans.

The total production during the year was 384880 MT, compared to 248694 MT in the previous year, despite the stoppage of production at Unit-4 from June 28, 2024. As a result, production from Unit-4 declined to 12027 MT, from 47778 MT in the previous year. On the other hand, production from the new Duplex Board Plant increased significantly to 149885 MT, as against 93 MT in the previous year.

Project

The Company commissioned a 240000 TPA Duplex Board Plant on March 14, 2024. The plant has since been fully stabilized, and the quality of the board has been well received in the market. Additionally, the Company has undertaken a balancing program aimed at increasing the capacity of the Pulp Mill and upgrading converting sections, with a planned investment of ₹150 cr. This project is expected to be completed by September 2025.

Transfer to reserves

There was no transfer made to the General Reserve.

Report on the Audit of the Ind AS Financial Statements Opinion

We have audited the accompanying Ind AS financial statements of N R AGARWAL INDUSTRIES LIMITED (“the Company”) which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and notes to financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements Section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Sr. No.	Key Audit Matter	How was the matter addressed in our audit
1	<p>Revenue recognition [refer note no. 1.2.13 and 30 to the Ind AS financial statements]</p> <p>Revenue is one of the key profit drivers and is therefore susceptible to misstatement. Cut-off is the key assertion in so far as revenue recognition is concerned, since an inappropriate cut-off can result in material misstatement of results for the year.</p>	<p>Audit procedures with regard to revenue recognition included testing controls, automated and manual, around dispatches/deliveries, inventory reconciliations and circularization of receivable balances, substantive testing for cut-offs and analytical review procedures.</p>

Sr. No.	Key Audit Matter	How was the matter addressed in our audit
2	<p>Capital work-in-progress/Property Plant and Equipment (PPE) [refer note no. 1.2.05, 1.2.07 and 2 to the Ind AS financial statements]</p> <p>The Company has made additions to the Capital work-in-progress/Property, Plant and Equipment of the ongoing units. Also, the Company has capitalized a portion of its capital work-in-progress considering them as ready to use. The assets need to be capitalized and depreciated once the assets are ready for use as intended by the management. Inappropriate timing of capitalization of the asset and/or inappropriate classification of categories of items of PPE could result in material misstatement of Capital work-in-progress/ PPE with a consequent impact on depreciation charge and results for the year.</p>	<p>Testing the design, implementation and operating effectiveness of controls in respect of review of capital work in progress, particularly in respect of timing of the capitalization and recording of additions to items of various categories of PPE with source documentation, substantive testing of appropriateness of the cut-off date considered for project capitalization.</p> <p>We tested the source documentation to determine whether the expenditure is of capital nature and has been appropriately approved and segregated into appropriate categories. Further, through sites visits, we have physically verified the existence of capital work in progress/PPE as at the reporting period.</p>
3	<p>Provisions and Contingent Liabilities (including direct and indirect taxes) [refer note no. 1.2.20 and 38 to the Ind AS financial statements]</p> <p>The Company is involved in direct and indirect tax litigations that are pending with various tax authorities. Whether a liability is recognised or disclosed as a contingent liability in the financial statements is inherently judgmental and dependent on a number of significant assumptions and assessments. These include assumptions relating to the likelihood and/or timing of the cash outflows from the business and the interpretation of local laws and pending assessments at various levels of the statute.</p>	<p>Obtained an understanding from the management with respect to process and controls followed by the Company for identification and monitoring of developments in relation to the litigations, including completeness thereof.</p> <p>Obtained the list of litigations from the management and reviewed their assessment of the likelihood of outflow of economic resources being probable, possible or remote in respect of the litigations. This involved assessing the probability of an unfavorable outcome of a given proceeding and the reliability of estimates of related amounts.</p> <p>Performed substantive procedures including tracing from underlying documents / communications from the tax authorities and re-computation of the amounts involved.</p> <p>Assessed management's conclusions and understanding precedents in similar cases.</p>

Other information

The Company's Board of Directors is responsible for the other information. The other information comprises the Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report and Corporate Governance, but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134 (5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS financial statements that, individually or in aggregate, make it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS financial statements may

be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of Sub-Section (11) of Section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Ind AS financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Ind AS financial statements have been kept by the Company so far as it appears from our examination of those books.
 - c) The Company does not have any branches. Hence, the provisions of Section 143(3)(c) is not applicable.
 - d) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - e) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - f) In our opinion, there are no financial transactions or matters which have any adverse effect on the functioning of the Company.
 - g) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.
 - h) There is no adverse remark relating to the maintenance of accounts and other matters connected therewith.
 - i) With respect to adequacy of internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B."
 - j) In our opinion and to the best of our information and according to the explanations given to us, we report as under with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company has disclosed the impact of pending litigations on its financial position as referred to Note 38 to the Ind AS financial statement.
 - (ii) The Company did not have any long-term contracts including derivative contracts; as such the question of commenting on any material foreseeable losses thereon does not arise.

- (iii) There has been no delay in transferring amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- (iv) (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- (v) As stated in Note 16(i) to the Ind AS financial statements, The Company has proposed, declared or paid final dividend during the year and hence compliance with Section 123 of the Act is applicable for the year.
- (vi) Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company with effect from April 1, 2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rule, 2014 is applicable for the financial year ended March 31, 2025.
- Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail has been preserved by the Company as per the statutory requirements for record retention.
3. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended:
- In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act.

Annexure 'A' to the Independent Auditors' Report

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' Section of our report of even date on the Financial Statements of N R Agarwal Industries Limited for the year ended March 31, 2025.)

- i. (a) A. The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets.
B. The Company has maintained proper records showing full particulars of intangible assets.
- (b) Property, Plant and Equipment have been physically verified by the management at regular intervals. No material discrepancies were noticed on such physical verification.
- (c) According to the information and explanation given to us and on the basis of our verification, title deeds of all immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) are held in the name of the Company.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2025 for holding any benami property under the Benami transactions (Prohibition) act, 1988 (45 of 1988 as amended in 2016) and rules made thereunder.
- ii. (a) The inventory, except goods-in-transit, has been physically verified by the management during the year. For goods-in-transit subsequent evidence of receipts has been linked with inventory records. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the books of account that were more than 10% in the aggregate of each class of inventory.
- (b) During the year, The Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets during the year. We have examined the statements filed by the Company with banks or financial institutions and reconciled the same with books of accounts. We didn't find any material discrepancies and are in agreement with the book of account of the Company.
- iii. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnership or any other parties during the year. The Company has made investments in companies and other parties. The Company has not made any investments in firms and limited liability partnership.
- (a) Based on the audit procedures carried on by us and as per the information and explanations given to us, the Company has not provided any loans and advances in the nature of loans, any guarantee and security to any other entity. Therefore, clause 3 (iii) (a) (A) & 3 (iii) (a) (B) are not applicable to the Company.
- (b) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion the Company has made new investments during the year and the investments made earlier, are prima facie not prejudicial to the interest of the Company. The Company has not provided any guarantee or security or granted any loans or advances in the nature of loans during the year.

- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans during the year. Therefore, clause 3 (iii) (c) is not applicable to the Company.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans during the year. Therefore, clause 3 (iii) (d) is not applicable to the Company.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans during the year. Therefore, clause 3 (iii) (e) is not applicable to the Company.
- (f) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans during the year. Therefore, clause 3 (iii) (f) is not applicable to the Company.
- iv. According to the information and explanation given to us, during the year, the Company has not granted any loans or provided any guarantees or security to the parties covered under Section 185 of the Companies Act, 2013. The Company has complied with the provisions of Section 185 and 186 of the Act to the extent applicable.
- v. According to the information and explanations given to us, the Company has not accepted any deposits or there is no amount which has been considered as deemed deposit within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, reporting under clause 3 (v) of the Order is not applicable to the Company.
- vi. We have broadly reviewed the books of account maintained by the Company in the respect of the products where, pursuant to the Rules made by the Central Government, the maintenance of Cost Records have been prescribed under Section 148(1) of the Act, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to whether they are accurate or complete.
- vii. (a) According to the information and explanation given to us and on the basis of our examination of the records of the Company, in respect of undisputed statutory dues including Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues have generally been regularly deposited with the appropriate authorities.
- According to the information and explanations given to us, no undisputed amounts payable in respect of the aforesaid dues were in arrears as at March 31, 2025 for a period of more than six months from the date they became payable.

- (b) According to the books of accounts and records as produced and examined by us in accordance with the generally accepted auditing practices in India, as at March 31, 2025, the following are the particulars of the dues that have not been deposited on the account of dispute:

Name of the Statute	Nature of the Dues	Amount (₹ in lakhs)	Forum where dispute is pending	Financial year to which the amount relates
Central Excise Act, 1944 & Service Tax (Finance Act, 1994)	Excise Duty, Service Tax and GST (including interest and penalty, if applicable)	292.05	Appellate Authority – CESTAT and others	2012-13 to 2018-19
Customs Act, 1962	Custom Duty	30.49	Appellate Authority – CESTAT and others	2013-14 to 2014-15
Income Tax Act, 1961	Interest and Income Tax Demand	2,167.71	CIT(A)	2019-20
Income Tax Act, 1961	Income Tax Demand	645.63	CIT(A)	2020-21
Income Tax Act, 1961	Interest and Income Tax Demand	128.88	CIT(A)	2021-22

- viii. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.
- ix. (a) According to the records of the Company examined by us and the information and explanations given to us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest to any lender during the year.
- (b) According to the information and explanations given to us and on the basis of our audit procedures, the Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
- (c) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the Company, the term loans have been applied, on an overall basis, for the purposes for which they were obtained.
- (d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.
- (e) The Company does not have any subsidiary, associate or joint venture (as defined under the Act) during the year ended March 31, 2025. Therefore, the provisions of clause 3 (ix)(e) of the Order is not applicable to the Company.
- (f) The Company does not have any subsidiary, associate or joint venture (as defined under the Act) during the year ended March 31, 2025. Therefore, the provisions of clause 3 (ix)(f) of the Order is not applicable to the Company.
- x. (a) According to the information and explanations given to us and based on the records and documents produced before us, during the year the Company has not raised money by way of initial public offer or further public offer (including debt instruments), therefore, the provisions of clause 3 (x) (a) of the Order are not applicable to the Company.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, clause 3 (x)(b) of the Order is not applicable to the Company.
- xi. (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, considering the principles of materiality as outlined in the Standards on Auditing, we report that no fraud by the Company or on the Company has been noticed or reported during the course of the audit.
- (b) According to the information and explanations given to us, no report under Section 143 (12) of the Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) We have taken into consideration the whistle blower complaints received by the Company during the year while determining the nature, timing and extent of audit Procedures.
- xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, therefore the provisions of clause 3 (xii) of the Order is not applicable to the Company.
- xiii. According to the information and explanation given to us, all transactions with the related parties are in compliance with Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.
- xiv. (a) In our opinion and according to the information and explanation given to us, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered the internal audit reports of the Company issued till date, for the period under audit.
- xv. According to the information and explanations given to us, in our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and

hence provisions of Section 192 of the Companies Act, 2013 are not applicable to the Company.

- xvi. (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3 (xvi) (a) of the Order is not applicable to the Company.
- (b) The Company has not conducted non-banking financial / housing finance activities during the year. Accordingly, the reporting under clause 3 (xvi) (b) of the Order is not applicable to the Company.
- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under clause 3 (xvi) (c) of the Order is not applicable to the Company.
- (d) Based on the information and explanations provided by the management of the Company, during the course of audit, the Company (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) does not have any CIC.
- xvii. The Company has not incurred any cash losses in the financial year or in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors during the year. Accordingly, clause 3 (xviii) of the order is not applicable to the Company.
- xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the Ind AS financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence

supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- xx. (a) In our opinion and according to the information and explanations given to us, there is no unspent amount under Sub-Section (5) of Section 135 of the Act pursuant to any project other than ongoing projects. Accordingly, clause 3 (xx) (a) of the Order is not applicable.
- (b) In respect of ongoing projects, in our opinion and according to the information and explanations given to us, there is no unspent amount under Sub-Section (5) of Section 135 of the Act. Accordingly, clause 3 (xx) (b) of the Order is not applicable.

Annexure – ‘B’ to the Auditors’ Report

(Report on the Internal Financial Controls under clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 (“the Act”))

We have audited the internal financial controls over financial reporting of “NR Agarwal Industries Limited” (“the Company”) as of March 31, 2025 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that

1. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
2. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial

reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Financial Statements for the year ended March 31, 2025

NOTE 1: CORPORATE INFORMATION AND MATERIAL ACCOUNTING POLICIES

1. Corporate Information

N R Agarwal Industries Limited ('the Company') having CIN L22210MH1993PLC133365 is a public limited Company incorporated on December 08, 1993 in India with its registered office at 502-A/501-B, Fortune Terraces, 5th Floor, Opposite Citi Mall, New Link Road, Andheri (West), Mumbai -400053 Maharashtra. The equity shares of the Company are listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). The Company is among the leading manufacturers of paper & paper board in India from recycled waste paper.

2. Summary of Statement of Compliance, Basis of Preparation and Presentation, Critical Accounting Estimates, Assumptions and Judgements and Material Accounting Policies

2.1 Statement of compliance

The Financial Statements comply, in all material aspects, with Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 ('the Act') read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

The financial statements for the year ended March 31, 2025 were approved by the Board of Directors and authorized for issue on May 28, 2025.

2.2 Basis of preparation and presentation

The Financial Statements have been prepared on the historical cost basis, except for certain financial instruments and defined benefit plans which are measured at fair value at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Company adopted Disclosure of Accounting Policies (Amendments to Ind AS 1) from April 1, 2023. Although the amendments did not result in any changes in the accounting policies themselves, they impacted the accounting policy information disclosed in the financial statements.

The amendments require the disclosure of 'material' rather than 'significant' accounting policies. The amendments also provide guidance on the application of materiality to disclosure of accounting policies, assisting entities to provide useful, entity specific accounting policy information that users need to understand other information in the financial statements.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act.

Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

2.3 Use of accounting estimates, assumptions and judgements

The preparation of the Financial Statements requires management to make estimates, assumptions and judgments that affect the reported balances of assets and liabilities and disclosures as at the date of the Financial Statements and the reported amounts of income and expense for the periods presented.

The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates considering different assumptions and conditions.

Notes to Financial Statements for the year ended March 31, 2025

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

2.3.1 Judgements

Information about judgements made in applying accounting policies that have the most material effects on the amounts recognised in the financial statements is included in the following notes:

Revenue recognition:

Revenue is measured based on the consideration specified in a contract with a customer. The Company recognises revenue when it transfers control over a good or service to a customer based on lead time assessment for transfer of goods from one location to other location.

2.3.2 Accounting estimates and assumptions

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying values of assets and liabilities within the next financial year are discussed below.

a) Deferred income tax assets and liabilities

Significant management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits.

The amount of total deferred tax assets could change if management estimates of projected future taxable income or if tax regulations undergo a change.

b) Useful lives of property, plant and equipment ('PPE') and intangible assets

Management reviews the estimated useful lives and residual value of PPE and Intangibles at the end of each reporting period. Factors such as changes in the expected level of usage, technological developments and product life-cycle, could significantly impact the economic useful lives and the residual values of these assets. Consequently, the future depreciation charge could be revised and may have an impact on the profit of the future years.

c) Employee benefit obligations

Employee benefit obligations are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments. These include the estimation of the appropriate discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, the employee benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

d) Provisions and contingencies

From time to time, the Company is subject to legal proceedings, the ultimate outcome of each being subject to uncertainties inherent in litigation. A provision for litigation is made when it is considered probable that a payment will be made and the amount can be reasonably estimated. Material judgement is required when evaluating the provision including, the probability of an unfavourable outcome and the ability to make a reasonable estimate of the amount of potential loss. Litigation provisions are reviewed at each accounting period and revisions made for the changes in facts and circumstances. Contingent liabilities are disclosed in the notes forming part of the Financial statements. Contingent assets are not disclosed in the Financial Statements unless an inflow of economic benefits is probable.

Notes to Financial Statements for the year ended March 31, 2025

2.4 Foreign currency translation

The functional currency of the Company (i.e. the currency of the primary economic environment in which the Company operates) is the Indian Rupee (₹).

On initial recognition, all foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Monetary assets and liabilities, denominated in a foreign currency, are translated at the exchange rate prevailing on the balance sheet date and the resultant exchange gains or losses are recognised in the Statement of Profit and Loss.

2.5 Property, plant and equipment

The Company had applied for the one time transition exemption of considering the carrying cost on the transition date i.e. April 01, 2016 as the deemed cost under IND AS. Hence regarded thereafter as historical cost.

An item of property, plant and equipment ('PPE') is recognised as an asset if it is probable that the future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. These recognition principles are applied to the costs incurred initially to acquire an item of PPE, to the preoperative and trial run costs incurred (net of sales), if any and also to the costs incurred subsequently to add to, replace part of, or service it and subsequently carried at cost less accumulated depreciation and accumulated impairment losses, if any.

The cost of PPE includes interest on borrowings directly attributable to the acquisition, construction or production of a qualifying asset. A qualifying asset is an asset that necessarily takes a substantial period of time to be made ready for its intended use or sale. Borrowing costs and other directly attributable cost are added to the cost of those assets until such time as the assets are substantially ready for their intended use, which generally coincides with the commissioning date of those assets.

The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision is met.

Machinery spares that meet the definition of PPE are capitalised and depreciated over the useful life of the principal item of an asset.

All other repair and maintenance costs, including regular servicing, are recognised in the Statement of Profit and Loss as incurred. When a replacement occurs, the carrying value of the replaced part is de-recognised. Where an item of property, plant and equipment comprises major components having different useful lives, these components are accounted for as separate items.

2.6 Depreciation methods, estimated useful lives and residual value

Depreciation on PPE (except leasehold improvements) is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives. However, leasehold improvements are depreciated on a straight-line method over the shorter of their respective useful lives or the tenure of the lease arrangement. Freehold land and Capital work-in-progress are not depreciated.

Schedule II to the Act prescribes the useful lives for various class of assets. For certain class of assets, based on technical evaluation and assessment, Management believes that the useful lives adopted by it reflect the periods over which these assets are expected to be used. Accordingly for those assets, the useful lives estimated by the management are different from those prescribed in the Schedule II. Management's estimates of the useful lives for various class of PPE are as given below:

Computers & Server	3-6 Years
Vehicles	8 Years

Useful lives and residual values of assets are reviewed at the end of each reporting period.

Losses arising from the retirement of, and gains or losses arising from disposal/adjustments of PPE are recognised in the Statement of Profit and Loss.

2.7 Capital work-in-progress ('CWIP') and intangible assets under development

Capital work-in-progress comprises cost of PPE that are not yet ready for their intended use at the year end. Such cost includes indirect expenses incurred during construction period if the recognition criteria are met.

Projects under commissioning and other CWIP/ intangible assets under development are carried at cost, comprising direct cost, related incidental expenses and attributable borrowing cost.

Subsequent expenditures relating to property, plant and equipment are capitalised only when it is probable that future economic benefit associated with these will flow to the Company and the cost of the item can be measured reliably.

Advances given to acquire property, plant and equipment are recorded as non-current assets and subsequently transferred to CWIP on acquisition of related assets.

2.8 Intangible assets

Intangible assets comprise software licenses.

Intangible assets are measured on initial recognition at cost and subsequently are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

The intangible assets with a finite useful life are amortised using straight line method over their estimated useful lives. The management's estimates of the useful lives for various class of intangibles are as given below:

Asset Useful life: Computer software - 3 years

The estimated useful life is reviewed annually by the management.

2.9 Non-current assets held for sale and discontinued operations

Non-current assets (including disposal groups) are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable.

Non-current assets classified as held for sale are measured at lower of their carrying amount and fair value less cost to sell.

Non-current assets classified as held for sale are not depreciated or amortised from the date when they are classified as held for sale.

Non-current assets classified as held for sale and the assets and liabilities of a disposal group classified as held for sale are presented separately from the other assets and liabilities in the Balance Sheet.

2.10 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

2.10.1 Investments and other financial assets:

Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through OCI, or through profit or loss), and
- those measured at amortised cost

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in the Statement of Profit and Loss or through OCI. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through OCI.

Financial assets, other than equity instruments

Measurement

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Statement of Profit and Loss.

Subsequent measurement of Financial assets, other than equity instruments, depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its:

➤ Amortised cost

Assets that are held for collection of contractual cash flows, where those cash flows represent solely payments of principal and interest, are measured at amortised cost. A gain or loss on a Financial Assets (unhedged) that is subsequently measured at amortised cost is recognised in the Statement of Profit and Loss when the asset is derecognised or impaired. Amortized cost is calculated using the effective interest rate ("EIR") method by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. Interest income from these financial assets is included in other income using the effective interest rate ('EIR') method.

➤ Fair value through other comprehensive income ('FVTOCI')

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVTOCI. Movements in the carrying amount are recorded through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains or losses which are recognised in the Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to the Statement of Profit and Loss. Interest income from these financial assets is included in other income using the EIR method.

Notes to Financial Statements for the year ended March 31, 2025

➤ Fair value through profit or loss ('FVTPL')

Assets that do not meet the criteria for amortised cost or FVTOCI are measured at FVTPL. A gain or loss on a investment in financial asset that is subsequently measured at FVTPL (unhedged) is recognised net in the Statement of Profit and Loss in the period in which it arises. Interest income and dividend income if any, from these financial assets is included in other income.

Equity instruments

The Company subsequently measures all equity investments at fair value, except investment in subsidiaries and joint ventures which are measured at cost. Where the Company's management has elected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to the Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified to equity. Dividends from such investments are recognised in the Statement of Profit and Loss within other income when the Company's right to receive payments is established. Impairment losses (and reversal of impairment losses) on equity investments measured at FVTOCI are not reported separately from other changes in fair value.

Any equity instrument in the scope of Ind AS 109 is measured at fair value, unless elected to measure at FVOCI.

Investments in Mutual Funds are accounted for at fair value through profit and loss. Any subsequent fair value gain or loss is recognized through Profit or Loss Account.

Cash and cash equivalents

The Company considers all highly liquid investments, which are readily convertible into known amounts of cash, that are subject to an insignificant risk of change in value with a maturity within three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Trade Receivables

Trade receivables that do not contain a significant financing component are measured at transaction price.

In respect of trade receivables, the Company applies the simplified approach of Ind AS 109 "Financial Instruments", which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

Derecognition of financial assets

A financial asset is derecognised only when the Company

- has transferred the rights to receive cash flows from the financial asset; or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company transfers an asset, it evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. Where the Company has transferred substantially all risks and rewards of ownership, the financial asset is derecognised. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Notes to Financial Statements for the year ended March 31, 2025

Where the Company has neither transferred a financial asset nor retained substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

2.10.2 Debt and equity instruments

Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangement.

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

2.10.3 Financial liabilities

The Company's financial liabilities comprise borrowings, lease liabilities, trade payables and other liabilities. These are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost using the EIR method. The EIR is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period at effective interest rate. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or, where appropriate, a shorter period.

Changes to the carrying amount of a financial liability as a result of renegotiation or modification of terms that do not result in derecognition of the financial liability, is recognised in the Statement of Profit and Loss.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, its obligations are discharged, cancelled or they expire.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. When a new financial liability is recognised in place of an existing one, the difference in the respective carrying amounts is recognised in the statement of profit and loss.

Presentation

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

Trade and other payables are presented as current liabilities if payment is due within 12 months after the reporting period.

Notes to Financial Statements for the year ended March 31, 2025

2.10.4 Derivatives and hedging activities

In the ordinary course of business, the Company uses certain derivative financial instruments to reduce business risks which arise from its exposure to foreign exchange and interest rate fluctuations associated with borrowings (cash flow hedges). When the Company opts to undertake hedge accounting, the Company documents, at the inception of the hedging transaction, the economic relationship between hedging instruments and hedged items including whether the hedging instrument is expected to offset changes in cash flows or fair values of hedged items. The Company documents its risk management objective and strategy for undertaking various hedge transactions at the inception of each hedge relationship.

Derivatives are initially recognised at fair value on the date the derivative contract is entered into and are subsequently remeasured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged and the type of hedge relationship designated.

Cash flow hedges that qualify for hedge accounting

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges, is recognised through OCI and as cash flow hedging reserve within equity, limited to the cumulative change in fair value of the hedged item on a present value basis from the inception of the hedge. The gain or loss relating to the ineffective portion is recognised immediately in the Statement of Profit and Loss.

Amounts accumulated in equity are reclassified to the Statement of Profit and Loss on settlement. When the hedged forecast transaction results in the recognition of a nonfinancial asset, the amounts accumulated in equity with respect to gain or loss relating to the effective portion of the spot component of forward contracts, both the deferred hedging gains and losses and the deferred aligned forward points are included within the initial cost of the asset. The deferred amounts are ultimately recognised in the Statement of Profit and Loss as the hedged item affects profit or loss.

When a hedging instrument expires, is sold or terminated, or when a hedge no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively and any cumulative deferred gain or loss and deferred costs of hedging in equity at that time remains in equity until the forecast transaction occurs. When the forecast transaction is no longer expected to occur, the cumulative gain or loss and deferred costs of hedging that were reported in equity are immediately transferred to the Statement of Profit and Loss.

Fair Value Hedges

The Company designates derivative contracts as hedging instruments to mitigate the risk of change in fair value of hedged item due to movement in interest rates, foreign exchange rates and commodity prices.

Derivatives that are not designated as hedges

When derivative contracts to hedge risks are not designated as hedges, such contracts are accounted through FVTPL.

As at the year end, there were no designated accounting hedges.

The entire fair value of a hedging derivative is classified as a Non-current asset or liability when the remaining maturity of the hedged item exceeds 12 months; it is classified as a current asset or liability when the remaining maturity of the hedged item does not exceed 12 months.

Notes to Financial Statements for the year ended March 31, 2025

2.10.5 Offsetting of financial instruments

Financial assets and financial liabilities are offset when the Company has a legally enforceable right (not contingent on future events) to offset the recognised amounts either to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

2.10.6 Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value.

2.11 Impairment

Other financial assets (other than at fair value)

The Company assesses on a forward-looking basis the expected credit losses associated with its assets carried at amortised cost and debt instruments carried at FVTOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk. In respect of trade receivables, the Company applies the simplified approach permitted by Ind AS 109 - Financial Instruments, which requires expected lifetime losses to be recognised upon initial recognition of the receivables. For all other financial assets, expected credit losses are measured at an amount equal to the 12-months expected credit losses or at an amount equal to the lifetime expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. Financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

PPE, CWIP and intangible assets

For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets is considered as a cash generating unit ("CGU"). The carrying values of assets / CGU at each balance sheet date are reviewed to determine whether there is any indication that an asset may be impaired. If any indication of such impairment exists, the recoverable amount of such assets / CGU is estimated and in case the carrying amount of these assets exceeds their recoverable amount, an impairment loss is recognised in the Statement of Profit and Loss. The recoverable amount is the higher of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. Assessment is also done at each balance sheet date as to whether there is indication that an impairment loss recognised for an asset in prior accounting periods no longer exists or may have decreased, consequent to which such reversal of impairment loss is recognised in the Statement of Profit and Loss.

If the recoverable amount is less than its carrying amount, the impairment loss is accounted for in the statement of profit and loss. An impairment loss recognised for goodwill is not reversed in a subsequent period.

Notes to Financial Statements for the year ended March 31, 2025

2.12 Inventories

Inventories includes Raw Material, Work-in-Progress, Finished goods, Coal, Stores & spares, Consumables and Packing materials. Inventories are measured at lower of cost and net realizable value after providing for obsolescence, wherever considered necessary. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads incurred in bringing them to their respective present location and condition. Cost of raw material, stores and spares, packing materials, and other materials are determined on moving average basis. Assessment of net realisable value is made at each reporting period end and when the circumstances that previously caused inventories to be written-down below cost no longer exist or when there is clear evidence of an increase in net realisable value because of changed economic circumstances, the write-down, if any, in the past period is reversed to the extent of the original amount written-down so that the resultant carrying amount is the lower of the cost and the revised net realisable value. Obsolete, slow moving and defective inventories are identified from time to time and, where necessary, a provision is made for such inventories.

Finished / Semi-Finished Goods: cost includes cost of direct material, labour, other direct cost and a proportion of fixed manufacturing overheads at plant level allocated based on the normal operating capacity, but excluding borrowing costs. Cost is determined on weighted average basis.

2.13 Revenue recognition/ Revenue from contracts with customers

2.13.1 Sale of goods

Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer which is usually on dispatch / delivery of goods, based on contracts with the customers.

Revenue towards satisfaction of performance obligation is measured based on the transaction price, which is the consideration, adjusted for volume discounts, price concessions, incentives, and returns, if any, as specified in the contracts with the customers. Revenue excludes taxes collected from customers on behalf of the government. Accruals for discounts/incentives and returns are estimated (using the most likely method) based on accumulated experience and underlying schemes and agreements with customers. Due to the short nature of credit period given to customers, there is no financing component in the contract.

Revenue is the transaction price the Company expects to be entitled to. In determining the transaction price, the Company considers effects of variable consideration such as the amount of discounts, incentives, volume rebates, outgoing taxes on sales etc., and the existence of significant financing contracts, non-cash consideration and consideration payable to the customer, if any.

Variable Consideration

If the consideration in a contract includes a variable amount, the Company estimates the amount of consideration to which it will be entitled to in exchange for transferring goods or services to the customer.

The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant reversal of revenue will not occur once associated uncertainties are resolved. Some contracts with the customers provide them with a right to return and volume rebates. The right to return and volume rebates gives rise to variable consideration.

The amount of variable consideration is calculated by either using the expected value or the most likely amount depending on which is expected to better predict the amount of variable consideration. Consideration is also adjusted for the time value of money if the period between the transfer of goods or services and the receipt

Notes to Financial Statements for the year ended March 31, 2025

of payment exceeds twelve months and there is a significant financing benefit either to the customer or the Company. If a contract contains more than one distinct good or service, the transaction price is allocated to each performance obligation based on relative stand-alone selling prices. If stand-alone selling prices are not observable, the Company reasonably estimates those.

Revenue is recognized for each performance obligation either at a point in time or over time.

2.13.2 Interest income

Interest income is recognized on a time proportionate basis taking into account the amounts invested and the rate of interest. Interest income is recorded using the Effective interest rate method to the net carrying amount of the financial assets.

2.13.3 Dividend income

Dividend income on investment is recognized when Company's right to receive payment is established.

2.13.4 Other operating revenue – Export incentives

Export Incentives under various schemes are accounted in the year of export.

2.13.5 Insurance claims

Insurance claims are accounted for based on claims accepted or settled by insurer.

2.14 Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Assets taken on lease are accounted as right-of-use assets and the corresponding lease liability is recognised at the lease commencement date. The lease liability is initially measured at the present value of the lease payments, discounted using the Company's incremental borrowing rate. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term. Interest on lease liability is recognised using the effective interest method.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date -less any lease incentives received. Right of- use assets are depreciated on a straight-line basis over the shorter of the lease term. The right-of-use asset is measured by applying cost model i.e. right-of-use asset at cost less accumulated depreciation and cumulative impairment, if any. The right-of use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

Notes to Financial Statements for the year ended March 31, 2025

If right of use assets are measured at revalued amounts-

The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

ii) Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate.

Variable lease payments that do not depend on an index or a rate are recognized as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is re-measured if there is a modification, a change in the lease term, a change in the lease payments.

iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

2.15 Employee benefits plans

Employee benefits consist of provident fund, gratuity fund, compensated absences.

2.15.1 Short-Term Employee Benefits

Employee benefits such as salaries, wages, short-term compensated absences, bonus, ex-gratia and performance-linked rewards falling due wholly within twelve months of rendering the service are classified as short-term employee benefits and are expensed in the period in which the employee renders the service.

Notes to Financial Statements

for the year ended March 31, 2025

2.15.2 Defined contribution plan

The Company makes Provident Fund contributions to regulatory authorities for eligible employees. Under the schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions as specified under the law are paid to the provident fund authorities. The Company does not expect any shortfall in the foreseeable future.

2.15.3 Defined benefit plans

The Company has a defined benefit gratuity plan. The gratuity plan is primarily governed by the Payment of Gratuity Act, 1972 and is provided on the basis of its actuarial valuation based on the projected unit credit method at each Balance Sheet date and funded through contributions to a Scheme administered by the Life Insurance Corporation of India ('LIC'). Employees who are in continuous service for a period of five years are eligible for gratuity. The level of benefits provided depends on the member's length of service and salary at the retirement date. Changes in actuarial gains or losses are charged or credited to other comprehensive income in the period in which they arise.

2.15.4 Other long-term employee benefit obligations

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the obligation as at the Balance sheet date determined based on an actuarial valuation. Changes in actuarial gains or losses are charged or credited to profit or loss in the period in which they arise.

2.16 Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as a part of Cost of that assets, during the period till all the activities necessary to prepare the Qualifying assets for its intended use or sale are complete during the period of time that is required to complete and prepare the assets for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are recognized as an expense in the period in which they are incurred.

2.17. Government grants

Government grants and subsidies are recognised when there is reasonable assurance that the Company will comply with the conditions attached to them and the grants and subsidies will be received. Government grants whose primary condition is that the Company should purchase, construct or otherwise acquire non-current assets are recognised as deferred revenue in the Balance Sheet and transferred to the Statement of Profit and Loss on systematic and rational basis over the useful lives of the related asset.

2.18 Segment reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the Company's chief operating decision maker to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the chief operating decision maker evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

Notes to Financial Statements for the year ended March 31, 2025

2.19 Income tax

Current income tax

Tax expense for the year comprises current and deferred tax. The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the Statement of Profit and Loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to realise the asset or to settle the liability on a net basis.

Deferred tax

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying values of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the Balance Sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. In contrast, deferred tax assets are only recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised.

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on the tax rates and tax laws that have been enacted or substantially enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Deferred tax assets and liabilities are offset to the extent that they relate to taxes levied by the same tax authority and there are legally enforceable rights to set off current tax assets and current tax liabilities within that jurisdiction.

Current and deferred tax are recognised as an expense or income in the Statement of Profit and Loss, except when they relate to items credited or debited either in other comprehensive income or directly in equity, in which case the tax is also recognised in OCI or directly in equity.

2.20 Provisions and contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate of the amount can be made. Provisions are determined based on best estimate required to settle the obligation at the balance sheet date. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of the money is material).

The increase in the provisions due to passage of time is recognised as interest expense.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

Notes to Financial Statements for the year ended March 31, 2025

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Contingent assets are not disclosed in the Financial Statements unless an inflow of economic benefits is probable.

2.21 Dividend

Final dividend on shares is recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

2.22. Earnings per Share (EPS)

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares outstanding during the financial year.

Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

3. Application of new and amended standards

(A) Amendments to existing Standards (w.e.f. April 01, 2024)

The Ministry of Corporate Affairs vide notification dated September 9, 2024 and September 28, 2024 notified the Companies (Indian Accounting Standards) Second Amendment Rules, 2024 and Companies (Indian Accounting Standards) Third Amendment Rules, 2024, respectively, which amended/ notified certain accounting standards (see below), and are effective for annual reporting periods beginning on or after April 1, 2024: -

Insurance contracts - Ind AS 117 and - Lease Liability in Sale and Leaseback – Amendments to Ind AS 116 These amendments did not have any material impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

(B) Standards notified but not yet effective

On May 9, 2025, MCA notifies the amendments to Ind AS 21 - Effects of Changes in Foreign Exchange Rates. These amendments aim to provide clearer guidance on assessing currency exchangeability and estimating exchange rates when currencies are not readily exchangeable. The amendments are effective for annual periods beginning on or after April 1, 2025. The Company is currently assessing the possible impact of these amendments on its financial statements.

Note 41: Employee benefits plan

As per Ind AS 19 "Employee Benefits", the disclosures of Employee benefits as defined in the Accounting Standard are given below :

a) Other long-term benefits - Compensated absences

The Company permits encashment of compensated absence accumulated by their employees on retirement, separation and during the course of service. The liability in respect of the Company, for outstanding balance of leave at the balance sheet date is determined and provided on the basis of actuarial valuation as at the balance sheet date performed by an independent actuary.

The Company doesn't maintain any plan assets to fund its obligation towards compensated absences.

b) Defined benefits plans - Gratuity

The Company has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn salary) for each completed year of service. The plan is funded with an insurance Company in the form of a qualifying insurance policy.

The following tables summarise the components of net employee benefit expense recognised in the Statement of Profit and Loss and the funded status and amounts recognised in the balance sheet for the respective plans.

Fair value hierarchy

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Notes to Financial Statements for the year ended March 31, 2025

Note 44: Financial Instruments by category (Contd)

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

During the years mentioned above, there have been no transfers amongst the levels of hierarchy. The fair values of unquoted equity instruments are not significantly different from their carrying value and hence the management has considered their carrying amount as fair value.

Valuation processes

The finance department of the Company includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. This team reports directly to the chief financial officer (CFO) and the audit committee (AC). Discussions of valuation processes and results are held between the CFO, AC and the valuation team at least once every three months, in line with the Company's quarterly reporting periods.

Note 45: Financial risk management objectives and policies

The Company's principal financial liabilities, comprise of borrowings, security deposits, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include investments, loans, trade and other receivables, cash and cash equivalents and other bank balances that are derived directly from its operations.

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company is exposed to market risk, credit risk and liquidity risk.

The Company's senior management oversees the management of these risks. The senior professionals working to manage the financial risks and the appropriate financial risk governance framework for the Company are accountable to the Board of Directors and Audit Committee.

This process provides assurance to Company's senior management that the Company's financial risk-taking activities are governed by appropriate policies and procedures and that financial risk are identified, measured and managed in accordance with Company policies and Company risk objective.

The management reviews and agrees policies for managing each of these risks which are summarized as below:

(a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices.

Market prices comprises three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity price risk. Financial instruments affected by market risks include borrowings, security deposits, investments and foreign currency receivables and payables.

Notes to Financial Statements for the year ended March 31, 2025

Note 45: Financial risk management objectives and policies (Contd)

(i) Foreign Currency Risk

The Company operates internationally and portion of the business is transacted in several currencies. Consequently the Company is exposed to foreign exchange risk through its sales and services in overseas and purchases from overseas suppliers in various foreign currencies. Exports of the Company are significantly lower in comparison to its imports. Foreign currency exchange rate exposure is partly balanced by exports of goods and prudent hedging policy.

Interest Rate Decrease by 1%	540.85	480.27	540.85	480.27

(iii) Commodity price risk

The Company is affected by the price volatility of certain commodities. Its operating activities require the ongoing manufacture of paper and paper boards and therefore require a continuous supply of raw materials i.e. waste paper, chemicals, coal etc. being the major input used in the manufacturing. Due to the significantly increased volatility of the price of waste paper and coal the Company had entered into various purchase contracts for these material for which there is an active market. The Company's management has developed and enacted a risk management strategy regarding commodity price risk and its mitigation. The Company partly mitigated the risk of price volatility by entering into the contract for the purchase of these material and further the Company increases prices of its products as and when appropriate to minimize the impact of increase in raw material prices.

(b) Credit Risk

Credit Risk is the risk that the counter party will not meet its obligation under a financial instrument, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

i) Trade receivables

The Company has established a credit policy under which each new customer is analysed individually for creditworthiness before orders are accepted and the payment and delivery terms and conditions are offered. The Company's review includes external ratings, if they are available, financial statements, credit agency information, industry information and business intelligence. Sales limits are established for each customer and reviewed annually. Any sales exceeding those limits require approval from the appropriate authority as per policy.

Expected credit loss for trade receivables:

The Company estimates its allowance for trade receivable using lifetime expected credit loss. The Company has also taken advances and trade deposits from its customers which mitigate the credit risk to an extent. The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forwarding-looking information.

ii) Financial Instruments and cash deposits

The Company considers factors such as track record, size of the institution, market reputation, financial strength/ rating and service standards to select the banks with which balances and deposits are maintained. Generally the balances are maintained with the institutions with which the Company has also availed borrowings.
